100 TROOPS
KILLED IN AMBUSH

Nicaraguan Revolutionist Troops Dis-
covered and Defeated a Detach-
ment of President's Army

Washington, Nov. 8.—A scouting party of the Nicaraguan revolution-
ary army, under Formos Diaz, dis-
covered and ambushed 600 troops of
President Zelaya's army at Guatomo,
a point near the boundary which
divides the territory still held by the
Nicaraguan Government, and that in
possession of the revolutionists, ac-
cording to advices from Bluefields,
to the State Department to-day. The
Government losses are said to have
been 100 killed and wounded, while
the revolutionists lost 25. The Gov-
ernment troops retreated, pursued by
the revolutionists. The dispatch says
it is expected the revolutionary Gov-
ernment will soon proclaim a new
constitution.

San Francisco, Nov. 8.—Passengers
arriving from Central America on the
steamer San Juan said that they were
not allowed to land at Corinto, Nicara-
gua, where the steamer remained 24
hours. The streets of Corinto were
patrolled by troops. Fighting has
occurred in the interior although de-
tails were lacking.

Bluefields, Nicaragua, Nov. 8, via
wireless. Colon, Nov. 8.—Zelaya's
armies are occupying Costa Rican ter-
ritory and are preparing to attack
the revolutionists along the San Juan
river which divides Nicaragua and
Costa Rica. General Estrada, the
commander of the revolutionists, has
sent a telegram to the President of
Costa Rica, asking him if he is aware
of this. He has also called to the
State Department at Washington.

PACKY MCFARLAND WON.
Kansas City, Mo., Nov. 8.—Packy
McFarland, the idol of the Chicago
stock yards district, was given the
decision over Cyclone Johnny Thomp-
son, of Evanston, Ill., in a whirlwind
ten round fight here to-night. The bat-
tle was one of a scientific boxer who
was able to hit and get away against
a man whose main asset is slugging
and who could not get near enough
to his shifty opponent to land. But
one round, the second, was Thompson
able to send home enough telling
blows to make it appear that his
stevie would carry the fight home
to him. But with Packy hanging on
and making the most of his wonderful
footwork, the Cyclone could not cor-
ner him. After that round there was
little doubt as to the outcome, al-
though Thompson took a brace in the
last three rounds and did some good
work. A shout of approval went up
at the end of the 10th round when
the referee raised Packy's right hand,
signifying that he had won. The few
of Thompson's friends clamored for a
draw, but the decision was popular in
the main.

THE REVOLVER CLUB.
Now that the open air rifle and re-
volver shooting is over for the season
the members of the Revolver Club are
rubbing the rust off their revolvers and
getting ready for the annual meet-
ing, which takes place to-night at the Drill
Hall.

Great things are expected this com-
ing season as a goodly number have
been practicing on the slv. and have
been bothering the secretary, clamoring
for a meeting a month earlier than
usual, anxious to show the others
what they can do. But as the secre-
tary gets revs from time to time he
will fix their handicap O.K.

One member who visits Laval
to knock the head of pale ale bottles
is fish story, is credited with being able
to knock the heads of pale ale bottles
9 out of 10 times, but the tenth is
too much for him.

Another exhibits the punctured cover
of a jam pot, while the third tries to
make a bull shoot through the wall
of a shed endeavoring to outdo a
famous rifle shot who bagged a cow
under similar conditions. When he
shows up at the meeting to-night we
advise him to poll his vote with the
secretary so as to avoid the heavy
fine imposed on careless shooters.

CAMPAIGN IN ST. SAUVEUR

Large Meetings Held Again Last
Evening by Both
Candidates.

The electoral contest in St. Sauveur
is causing considerable interest and
the question as to who is to be elected,
Mr. Patry or Mr. Langlois, is at
present undecided, although the labor
classes still pretend that their candi-
date will head the polls with a large
majority.

Last evening two meetings were held,
one in the St. Peter's Market Hall by
Mr. Patry and one outside the market
hall by his opponents. Both were very
largely attended, but the largest crowd
was to be seen at the open air meet-
ing held by Mr. Langlois. The latter
meeting was held at the City Hall
last evening was addressed by
Hon. Messrs. Devlin, Taschereau, Ro-
bertson and Messrs. Geo. Parent,
M.P., Delage, M.P.P., Carboneau,
M.P.P.

On the other hand the labor candi-
date had the support of his colleagues
and several law students.

Ald. M. Madden presided over the
Patry meeting in the market hall,
which was crowded to the doors, and
Mr. P. Patry presided at the open air
meeting. The latter meeting was ad-
dressed by Mr. Louis Savard, N.P.,
Mr. Langlois and Messrs. Berube,
Thomson, Tourigny, Pouliot, Fontaine
and several others, all of whom ad-
dressed the large audience and were
very well received, the applause being
very enthusiastic.

The supporters of Mr. Patry met in
the Market Hall, each speaker being
introduced by Ald. Madden. The Gov-
ernment candidate was the first to ad-
dress the meeting, being followed by
Hon. Chas. Devlin, Hon. L. A. Tasche-
reau, Hon. L. P. Roy, Geo. Parent,
M.P., Hon. E. Caron, Mr. Delage,
M.P.P., Mr. Carboneau, M.P.P., and
others.

The latter meeting, while largely at-
tended, was not very enthusiastic in
favor of the ministerial candidate al-
though at times the remarks of the
local Ministers were received with con-
siderable applause.

Hon. Mr. Devlin was one of the principal
speakers on this occasion and
received the plaudits of those present.
He was followed by Hon. L. A. Tasche-
reau, who reminded the working classes
of all that had been done for them by
the present Government. He referred
to the technical school erected in this
city and thanked the Premier for hav-
ing granted such a building to the
electors of that division. He spoke
at length on the different bills brought
before the House last session to show
that the Government had the inter-
ests of the labor element at heart.
The Government had established tech-
nical schools in this district and all
were working as much as could be ex-
pected.

In regard to the selection of candi-
dates it should be understood that a
Liberal should be elected. Hon. Mr.
Taschereau paid particular attention
to some of the works performed with
in the last few years by the present
Government, drawing special attention
to the system of technical schools es-
tablished in this Province by the
Gouin Government, and compared the
work performed by the latter Govern-
ment to that of their predecessors.
Last session the Government, remark-
ed Hon. Mr. Taschereau, had suc-
ceeded in passing a number of bills fac-
ing the working classes notwithstanding
that they were opposed by the
Opposition members. In this respect
he spoke at length on the bill adopted
in favor of accidents caused to work-
men by owners of factories.

Hon. Mr. Taschereau quoted the
minutes of the meeting of last session,
to show that Mr. Lavigne and his
friends voted against any measure
concerning labor, and brought up by
the Government. The Government had
at present under study the important
question of reducing the hours of labor
and also the question of hygiene in fac-
tories. In regard to the selection of
Mr. Patry, as the Government candi-
date, he explained that four candidates
were in the field, Messrs. Patry,
Paquet, Brunet and Dr. Gosselin and
all agreed that if the Government
selected one the others would retire
from the field. Mr. Brunet, the labor
candidate, would not at first give an
definite answer before consulting the
laboring classes but on the following
day he returned to the Parliament
building and signed the document
consenting to withdraw in favor and
to support the candidate selected by
the Government. The latter after con-
sulting with the prominent Liberals of
the unions had selected Mr. Patry and
he hoped that the electors would elect
him on Friday next, as either
wise other Provinces would say
that there were dissensions
in Sir Wilfrid Laurier's constituency.

At the conclusion of the meetings
both candidates were escorted to their
central committee rooms where more
speeches were delivered. The central
committee of Mr. Langlois being so
crowded that it was impossible to get
even standing room.

FIRE THIS MORNING

At 2.30 this morning as Constable
James Scallen was proceeding along
St. Ann street he noticed smoke issu-
ing from the cellar of Mr. Walter E.
Scott's residence, Morrin College Court.
He immediately sounded the alarm
from box 2 and in a few minutes the
men from No. 1 Fire Station were on
the scene and had a length of hose
extended from St. Stanislas and St.
Ann streets. In the meantime Mr. and
Mrs. Scott had smelt the smoke and
had difficulty in reaching the adjoin-
ing dwelling of Mr. Arch. Laurs. Con-
siderable damage has been caused by
water and smoke to Mr. Scott's resi-
dence while the residences of Messrs.
Laurie and Wolf are also damaged by
smoke.

INVESTIGATION UNDER OATH

Sub-Committee Will Recommend to
Council Holding of a Thorough
Enquiry Into Fire.

Ald. Dinan, Chairman of the Fire
Committee, will to-day consult with
Mayor Garneau in regard to recom-
mending to the City Council the hold-
ing of an investigation under oath be-
fore the Recorder of the facts in con-
nection with the recent fire at the
Basin. So divergent was the evidence
given at the second meeting of the
special committee appointed to en-
quire into the matter held at the City
Hall last evening that this course was
thought to be the only way to arrive
at a full and authoritative settlement.
In this course the chairman was fully
supported by Ald. Cummings, the only
other member of the committee pre-
sent.

Among those present at last even-
ing's meeting were Messrs. A. E. Scott
and John O'Brien, both of whom stated
that they would have been present
at the first meeting of the committee,
the former having been out of town
and the latter having had other busi-
ness to attend to. Both those gentle-
men had written letters to the press
criticizing the manner in which the fire
had been handled.

The first witnesses to be examined
were a number of firemen, who were
called in an effort to get at the cause
of the accident to the ladder at the
Custom House in which Fireman For-
tin lost his life. Fireman Ed. Dion,
No. 7, testified that he could not
say if the ladder had been properly
locked. If it had he did not see how
the accident could have happened. He
had tried the ladder and thought it
was all right. He thought the braces
were properly placed.

Mr. O'Brien here stated that he did
not think that the ladder had collapse-
d at all, but that it had slipped to the
side from the eaves of the Custom
House.

Fireman Jos. Lachance, of No. 7
Station, knew nothing about the rais-
ing of the ladder. Fortin had taken
the hose from him saying the ladder
was all right.

Fireman Jos. Poulin, No. 4, knew
nothing about the accident to the
ladder. Fireman A. Bourassa, No. 4,
and Fireman L. Paradis, No. 9, were
also examined. The latter had given
a hand to raise the ladder, and was
not away from it when it fell. He could
not say if the ladder collapsed, but
said that if the earth on one side of
the stairs was soft, the pole might
have sunk bringing all the weight on
that side. The firemen had ladder
practices frequently.

Fireman A. Desrochers, No. 4, knew
nothing about the accident.

Mr. Scott stated that he had seen
the Chief's answer to his letter in the
press to the effect that five minutes
after the alarm the pressure was 110
pounds, and this proved that the
hose was not failed. If this was so,
how was it that the water failed to
reach a distance of 35 feet above the
ground. When he first saw the fire it
was twenty feet from the elevator,
and Mr. O'Brien had corroborated his
views in a letter in the Chronicle the
following morning.

Chief Fitzback said that what he
meant was that he had 110 pounds
pressure five minutes after the general
alarm. When the full pressure was on
he had a stream reaching 55 feet.

Ald. Dinan said three firemen from
No. 5 had already stated that they
had water playing on the fire before
the alarm was sounded and that they
had a good pressure.

Chief Fitzback stated that his men
had never had any practice with the
pump at the elevator and he had
never made any examination of the
interior of the elevator building.

Mr. Auger stated in evidence that
the conveyor was fifty feet high, and
was of opinion that once a fire took
in the elevator it would be uncontrol-
lable and would spread with great
rapidity.

A photograph of the fire was here
produced, showing two streams play-
ing upon the little shed used as a po-
lice station, when it was stated, that
there had been better results upon
the Custom House. Ald. Dinan said these
streams were so employed to save the
drawbridge and engine house.

The discussion then shifted to the
Custom House. Ald. Dinan explained
that an engine had been hauled down
by the men to the end of the wharf.
It was a difficult matter to get it
there. The ferry boat with an engine
on board had also been playing
streams from the water front.

Mr. O'Brien said there had been no
firemen visible to him on the roof
when the flagpole caught. He had
been engaged in saving boats in the
Custom House pond at the time. An-
other witness said there had been a
ladder erected and firemen were play-
ing on the roof of the building on that
side. They were playing on that
part of the roof nearest to the ele-
vator.

Mr. O'Brien produced a rough sketch
of the fire area and said that when he
first saw the fire, it was 35 to 40 feet
from the elevator, in which there was
no sign of fire at all. He thought it
was fully ten minutes before water was
playing on the fire. He had heard
two firemen on a ladder attached to
the elevator call twice for water be-
fore it came. They did not play the
water into the window, but on a per-
pendicular line and soon came down.
Two other men were playing water,
but it fell eight or ten feet below the
fire. When the fire reached the ele-
vator, the men broke in a door in the
building, which to his mind was the
first time they had entered the eleva-
tor. There was then no hope for the
building.

At this stage of the proceedings Ald.
Dinan said that so widely divergent
was the evidence offered that he was
prepared to put the firemen and other
witnesses under oath and he would
consult the Mayor in regard to hav-
ing an investigation before the Re-
corder. Some firemen had stated the
blaze started in the elevator. He was
ready to take oath that he first saw
it in the corner of the conveyor near

the elevator, while now other wit-
nesses testified it took thirty or more
feet from the elevator.

Mr. O'Brien gave some further evi-
dence in regard to the accident to the
ladder.

After a considerable amount of dis-
cussion, Alderman Cummings said he
thought it was the duty of the com-
mittee to lay the matter before the
City Council and ask for a thorough
investigation before the Recorder.

Before closing, Mr. Scott said he did
not wish to do anything detrimental
to the brigade or to the city, and if
the chief would look up his records he
was confident that the answers to the
questions which had been asked would
be sufficient.

Ald. Dinan said that an investiga-
tion before the Recorder would be a
full and sweeping one and the evidence
of many people who were on the scene,
but had not appeared before the com-
mittee, could be secured, thus making
it thorough and complete.

OPENING OF N. Y. HORSE SHOW

More Interest This Year in the Ani-
mals Than in the Brilliant
Costumes.

New York, Nov. 8.—Heavy skies and
a steady drizzling rain outside, de-
tracted nothing from the brilliancy
of the first night of the 26th national
horse show at Madison Square Gar-
den. Judging began this morning at
10 o'clock but society did not fill the
boxes until this evening. Costumes
were not startling this year and there
was more interest in the horses. At-
tention centered for the day on the
Canadian and British Army officers
when they appeared for the first time
in the history of the association. They
failed, however, to take a prize of
any sort, touched obstacles, balks
and falls being common.

The only mishap of the day occurred
late this afternoon. Judge Wm. Moore
of New York a well known exhibitor,
was pinning the blue ribbon for horses
shown in harness to his bay gelding
"Flourish," when the animal reared,
and driving his foreleg into the judges
stand, upset chairs, broke tables and
howled over a gorgeous flunkey.

Judge Moore was again a winner of
the blue ribbon to-night in the class
for novice harness horses with his
Lady Seaton. Gangett, of C. W. Wat-
son's Fairmont farms, took second,
and Quickstart, another Moore entry,
third. George Watson, with India
Flower, a magnificent chestnut mare,
won a blue in the class for novice
saddle horses; the red went to Artists
Model of the Elsinore farm, Long Is-
land.

Judge Moore was again to the front
with his winning four in hand, Phyllis,
Amavillis, Chiquette and Lonsdale. Se-
cond went to the Fairmont farms
surrette of which the famous Ringling
Bells was one. The Williston farm's
two-year-old hackney, Gatton Tinker
Bell, took first prize in the hackney
class.

AGAINST SALARY INCREASES.

Ottawa, Nov. 8.—The Auditor-Gen-
eral, in his report to the Parliament,
goes after the salary increases in the
Commons and Senate on the
ground that they are contrary to the
Civil Service Act. The Commons'
salaries have been paid, but the
Auditor has blocked the Senate salaries
until amending legislation is
passed.

The contract with the C.P.R. for a
winter freight service from St. John
and Halifax to London, at \$15,000 for
10 round trips, has been renewed by
the Government.

Emery rod
and Towel
drier—found
Only on Pandora

When a knife is dull a
Pandora owner never
wastes time hunting for
a "steel." She just
walks over to the
emery rod attachment
to Pandora, gives knife
six or eight passes over
the high-grade emery,
which puts on the
keenest kind of an
edge.

This combined emery rod
and towel drier is a patent
attachment you cannot
secure on any other range.
Just one of the many im-
provements that go to
make Pandora the handiest
range you can buy.

FOR SALE BY CHINIO HARDWARE CO.

CHEERING NEWS FOR QUEBEC LADIES' AND GENTLEMEN

At last Quebec can boast of having one of the best floral estab-
lishments that can be found in Canada. No expense was spared in
completing in every detail this splendid store.

In future we are prepared to sell fresh cut flowers every morning,
at such low prices that every one may benefit by them.

The large quantities of flowers we can now carry in stock, will
enable us to make wreaths and funeral designs at half the usual
prices.

We expect the public of this city will appreciate the enormous ex-
pense we had to go into, and we expect orders for flowers and
plants daily.

Following is a memorandum of what we carry in stock:—

**ROSES OF ALL COLORS
CHRYSTHEMUMS OF ALL COLORS
VIOLETS PALMS FERNS**

And lots of other plants, which we will be glad to show, when pay-
ing us a visit.

We will afford the public a treat in the latter end of next week,
when we shall make an exhibition of every plant and flowers pos-
sible; due notice will be given. In the meantime don't forget the
new store, No. 26 Stanislas Hill, first house around the corner from
Mr. Lavigne's Music Store.

MRS. T. LEMIEUX
TELEPHONE NO. 236.

THE WRECK OF THE ESTIA.
Montreal, Nov. 8.—The enquiry to be
made by the Government into the cir-
cumstances surrounding the wreck of
the Estia on Old Proprietor ledge in
the Bay of Fundy, and the consequent
loss of life, is being welcomed in ship-
ping circles here as it is felt that the
definite statements of the survivors
that the aide to navigation were not
in proper order must be thor-
oughly sifted. Mr. R. Wilson Reford on Sat-
urday stated that many untrue stories
had appeared in the press regarding
the wreck, and he much resented the
report published broadcast that the 17
men were buried in one common grave
with nothing to mark their last rest-
ing place. Mr. Reford said that the
Donaldson line had done everything
possible to give the officers and crew
decent Christian burial. Each body
was buried separately, the officers in
one portion of the cemetery at Yar-
mouth and the men in another plot
of the same cemetery close by. Pre-
vious to interment a service was held
in St. Ambrose Church. Over the
grave of each man a headstone will be
erected bearing his name.

Why Cough

Ask your doctor if all coughs are necessary.
If not, then why cough? Ask him about
Ayer's Cherry Pectoral.

Stop coughing! Coughing rasps and
tears. Stop it! Coughing prepares
the throat and lungs for more trouble.
Stop it! There is nothing so bad for
a cough as coughing. Stop it! Ayer's
Cherry Pectoral is a regular doctor's
medicine for coughs and colds.

The Quebec Chronicle

QUEBEC, NOVEMBER 9, 1909.

THE CIVIC TAXATION.

Our remarks yesterday on the sub-
ject of the new taxation measures
proposed by the sub-committee of the
Finance Committee were based on a
rather ambiguously worded report,
and, we have been informed, were not
justified by the facts. Taking, for
instance, the case we gave of a house
valued at ten thousand dollars, this
property would for the purpose of
civic taxation be rated at four-fifths
of its value, and the rental on it
calculated at five per cent., or four
hundred dollars. It is on this as-
sumed rental value that the civic tax-
ation of some 36 per cent. is pro-
posed to be based, and which in that
case would amount to about \$144,
which certainly looks reasonable.

PROPER CLASSIFICATION.

Our readers will remember that
some time ago Mr. Hodgins charged
against the construction of the
National Transcontinental Railway
that the contractors were not suffi-
ciently looked after, and that the
classification of the work undertaken
by them was calculated to give them
undue advantage at the expense of
the public. He asked for a public
enquiry, but was induced to withdraw
from his position by the representa-
tion that such an enquiry would be
better conducted by experts than by
a committee of the House of Com-
mons, and his acquiescence was re-
presented by the Government organs
as a proof that he did not care to
substantiate his charges. But the re-
sult of the enquiry by experts, if it
was ever made at all, was never con-
fided to the public, and all that is
definitely known on the subject is
that the authorities of the Grand
Trunk Pacific were dissatisfied with
an expenditure which they considered
excessive.

The charges originally advanced by
Mr. Hodgins have never been definite-
ly disproved. They were revived by
the resignation of Mr. Lumsden, which
has never been satisfactorily account-
ed for to this day; and they were
renewed by the undeniable fact
that the National Transcontinental
has already cost the country much
more than it was estimated would be
the cost when the road was complet-
ed. To-day, according to the rumors
which reach us, the same charges are
revived, and it is currently said that
the supervision of the work done by
the contractors is perfunctory, and
that the same classification of their
work, which is known as the "Quebec
classification" is still being pursued on
both sides of the river. If such be
really the case, we should advise the
Government to take note of it, and
to take measures to stop it. The
National Transcontinental may be,
and doubtless is, a very important
and useful work, but there is such a
thing as paying too dearly for one's
whistle, as Dr. Franklin was at some
pains to point out formerly, and
Canada bids fair to afford a shining
example in the case of the Transcon-
tinental. In fact, some people think
she has done so already. At any
rate a little economy now would be
in order.

OLD AGE ANNUITIES.

Few Government measures passed in
this country in recent years have met
with such unstinted praise as that au-
thorizing the present system of old
age annuities. Even the most cap-
tious of the critics of the Laurier
administration have nothing but
praise for this measure in which,
however, it is only fair to say the
Opposition lent a helping hand.

That the scheme has attracted much
attention abroad, is shown by the
following comment from the Youth's
Companion, a journal which has cer-
tainly no axe to grind and which said
in a recent issue: "Six hundred dol-
lars a year for the rest of his life is
offered by the Canadian Govern-
ment to every citizen who will pay to

LETTER FROM A FORTY-NINER

Here is a simple, interesting and sin-
cere letter from a rugged pioneer of
'49, who braved the dangers and hard-
ships of the overland trail to Cali-
fornia. It should appeal to all cat-
arrh victims.

Santa Rosa, Cal., May 5, 1908.
Booth's Hyomei Co., Buffalo, N.Y.
Dear Sirs:—I was afflicted with cat-
arrh and tried a number of remedies,
but received no relief. I purchased an
outfit of Hyomei and before I had
used the bottle I noted a marked re-
lief. I used it for a month or so,
and thought it was cured, and stop-
ping using it for a year or so. Thought I
was getting catarrh again, and start-
ed using it again. I use it every morn-
ing, and keep myself clear of catarrh.
I consider it the best catarrh medicine
that is used. I have often recommend-
ed it to my friends. I am 81 years
old. I came to California in 1849,
and of course am not as vigorous as
I was 58 years ago. My address is 841
4th street. Yours truly, W. Mock.

Hyomei (pronounced High-o-me) is
guaranteed by Henry Willis not only
for catarrh, but for grip, coughs,
colds, bronchitis and croup. A com-
plete outfit, including inhaler, costs
only \$1.00; extra bottle of Hyomei, if
afterwards needed cost but 50 cents.

it sixty dollars a year from the age
of twenty to the age of sixty; that
is, an investment of twenty-four hun-
dred dollars will yield five per cent.
interest on twelve thousand from the
time a man reaches sixty till he dies.
This offer, as well as many others of
smaller amounts, is made in accord-
ance with the new Government an-
nuity law passed last year. The plan
has been in force only a few months,
but the superintendent of annuities is
quoted as well pleased with the pros-
pect for business. This is a form of
Government insurance which appeals
more to the self-respecting workman
than the old-age pension plan which
the Mother Country has adopted."

That the measure was a good one
was admitted on all sides at the time
it was passed, but the fear was ex-
pressed that it would not appeal to the
Canadian public; the latest re-
port, however, of the superintendent
of annuities shows that such is not
the case, and that, on the contrary,
the scheme has caught the popular
imagination.

JUDGMENT DAY ON MARS.

A good deal of what is told about
Mars is due to fancies of romantic ob-
servers which have caught the public
imagination. The theory that the
streaks that were seen were canals dug
by a dying population in a frantic
endeavor to use for equatorial irri-
gation the waters produced by the
polar snows was so fearfully heroic
and tragic as to be irresistible. This
time, though Mars has got very near
us, the streaks can be seen—nothing
but a hazy yellow light, and forth-
with we conclude that Mars has had
its judgment day since we last saw
it. There was a rift at the pole, an
outburst of flame—to give it a mod-
ern touch some call it of electrical
energy emanating from the sun—and
suddenly the fabled Martians who
have filled so many novels during the
past ten or fifteen years or more,
forthwith a new set of romances.
Most of us remember, perhaps, fifteen
or twenty years ago, how our own
planet was enveloped all one autumn
in a yellow haze, which nobody could
explain—though many did. Yet, here
we are.

SCHOOLS AND FIRES.

Criticism was leveled by an Ameri-
can visitor last week at the construc-
tion of our public schools regarded
from the point of view of safety from
fire. It cannot be denied that fire-
proof stairways are an ideal condition
of school construction. A stone or ce-
ment or iron staircase affords the
maximum degree of safety. Only the
strictest conceptions of economy pre-
vent their adoption. Desire for econ-
omy dictates the building of two and
three storey school houses, when the
one storey school so frequently seen
in Britain and Ireland is the perfect
model.

Against the tremendous expense in-
volved in these plans of construction
may be placed the consideration that
the present conditions afford probably
as much safety as could be secured
otherwise.

It is stated that no child was ever
burned to death in a school fire in
America, but that the deaths occurred
from the result of panic, the children
being crushed and smothered. It is
panic, not fire, that kills. The schools
in Toronto are so exercised in fire-
drill that danger is eliminated. There
have been several fires, but no diffi-
culty whatever was experienced in get-
ting out the children. Nor is mere
haste aimed at in the drill. There is
always ample time, and the danger
from rush is far greater than from
fire. In order to reduce the risk from
panic, dense smoke is often generated
in the passages and stairways, so
that the children are never sure whether
it is a real or an experimental
alarm.

While general alarms are practised
about once a month, each class is fre-
quently exercised in its own room.
Each child takes its place, and the
doorkeeper flies to his duty. In a
general alarm the four boys who at-
tend to the main doors are the only
boys who run. They fasten back the
doors. By this time the lower floor
classes are marching out. By the time
they have quitted the school the classes
on the second floor are passing steadily
down the stairs. The school is cleared
in about a minute. There are always
two stairways. Part of the drill is
to close one stair. The classes fall
into the system at once and take the
other.

The drill does not depend on the
teachers, as newspaper men will re-
member who saw Inspector Hughes
without any preparation call all the
teachers of a city school to the school
office, when the fire alarm being given,
the children rooped out in the usual
quiet fashion.

After all, this is the real security
from fire. If the general public was
as thoroughly drilled theatre fires
would have no terrors. As it is and
even without a fire, the ordinary thea-
tre would have no terrors.

SCOTCH ANTHRACITE COAL

A. K. Hansen & Co. have received
by last steamer a new consignment of
this well-known coal, and are now
prepared to make prompt deliveries.

NIAGARA FALLS EXPRESS ROBBERY

Niagara Falls, Ont., Nov. 7.—There
are no new developments in the express
robbery. The impression that the con-
nection of the outrage was the hand-
work of some local crook is gaining
strength. At no time after the arrival
of the money at the express office was
the office in charge of one man, but
for five minutes when the train was
at the station. No strangers to the
workings of the office could possibly
have armed themselves with such in-
formation. The Canadian Express offi-
cials had all the drivers and clerks em-
ployed under the office between 4
and 5 o'clock during last Thursday
afternoon up before them this after-
noon, getting statements from them
what they were doing and what they
saw in and outside of the office during
that time. Cashier Dobson was at
the station for the first time since
the assault and robbery. He looked
pale and piqued. At the ex-
press office he demonstrated ex-
actly what occurred between himself
and the bandits before the express offi-
cials and detectives. Two of the de-
tectives took the part of the bandits
and the whole effect was dramatic.
Dobson repeating exactly what he did
after the robbers entered the door,
how he placed the money packages on
the back counter and stooping down
for his record book as he was knocked
unconscious. He was then taken to a
private room in the Hotel Savoy and
underwent an examination lasting
nearly one hour.

Strange as Fiction

Newspaper for Kidney and
Rheumatic Sufferers

In Germany there is a newspaper
published in the interests of all rheu-
matic sufferers, and each week sym-
ptoms and treatments are discussed by
both laity and medical men. One
scientific contributor related that a
formula originated especially to re-
lieve kidney diseases, had almost
phenomenal virtue in the treatment
of all forms of rheumatism.

No secret is made of this formula,
which is composed of one-half ounce
fluid extract Buchu, one ounce com-
pound fluid Balmwort and two ounces
compound Syrup Sarsaparilla, mixed
in a bottle, and to be taken in tea-
spoonful doses after each meal and
one at retiring.

A local druggist expressed the
opinion that every rheumatic and
kidney sufferer will be grateful for
this item.

REVOLUTIONISTS VICTORIOUS

Bluefields, Niagara, Nov. 6.—News
was received here this morning by
General Estrada that in an engagement
at Guatuno, Chontales province, on
Thursday and Friday, General Fornes
Diaz, of the revolutionary forces, won
a decisive victory against six hundred
government troops. The report state
that a hundred of the Zealany soldiers
were killed or wounded and that the
loss to the insurgents was slight.
Fornes Diaz had sharpshooters in the
fortress who picked off a large number
of the government troops as they
advanced. The insurgents still hold
the San Juan river district.
Reports from Managua yesterday
stated that the government troops had
defeated the revolutionists in the en-
gagement in Chontales province on
Thursday and Friday, with heavy
losses to the Estrada followers....

PILES
Quickly
Cured

Instant Relief, Permanent Cure—Trial
Package Mailed Free to All in
Plain Wrapper.

We want every man and woman,
suffering from the excruciating torture
of piles to just send the name and
address to us and get by return mail
a free trial package of the most ef-
fective and positive cure ever known
for this disease, Pyramid Pile Cure.

The way to prove what this great
remedy will do in your own case, is
to just fill out free coupon and send
to us and you will get by return mail
a free trial treatment of Pyramid
Pile Cure.

Then after you have proven to your-
self what it can do, you will go to
the druggist and get a 50 cent box.
Don't undergo an operation. Opera-
tions are rarely a success and often
lead to terrible consequences. Pyra-
mid Pile Cure reduces all inflamma-
tion, makes congestion, irritation,
itching, sores and ulcers disappear—
and the piles simply quit.

For sale at all drug stores at 50
cents a box.

Free Package Coupon

Fill out the blank lines below
with your name and address, cut
out coupon and mail to the
PYRAMID DRUG COMPANY,
154 Pyramid Bldg., Marshall,
Mich. A trial package of the
great Pyramid Pile Cure will
then be sent you at once by mail,
FREE, in plain wrapper.

SHIPPING NEWS

PROCEEDINGS IN A NAUTICAL COURT

Brought to a Standstill by Writs Issued by Judge Langelier of Superior Court.

On the 27th September last the steamer Georgetown while in charge of Pilot Moise Pouliot, ran ashore on Hare Island, and received considerable damage. On the 11th of last October, Captain L. A. Demers, acting Wreck Commissioner, assisted by Capt. James Bain and Pilot Raymond Bequet, as nautical assessors, held an investigation into the accident. Pilot Pouliot appeared before the court and acknowledged that he was in fault, attributing the case of the grounding of the vessel to his defective eyesight and surrendering his license as a pilot after 41 years' service. This was accepted by the court and Pouliot ceased to act as a pilot. However, it was subsequently decided to reopen the case, and yesterday was the day fixed for that purpose. The court, composed of the same parties as at the first trial, met in the Admiralty Court to reopen the case. In the meantime, Mr. Arthur Fitzpatrick, counsel for Pouliot, applied to Hon. Judge Langelier for writs to prohibit Captain Demers and the assessors from holding another investigation into the case, as he contended that the judgment of the 11th October was final, definite and conclusive. Judge Langelier ordered the writs to be issued and served on Messrs. Demers, Bain and Bequet. As these writs prevent the nautical court from proceeding until they are argued and decided on in the Superior Court, the proceedings in the case were brought to an abrupt termination for the present.

At the opening of the case in the morning, Pilot Pouliot failed to put in an appearance. He had been present in court, but upon the advice of his counsel left. He was represented by Hon. L. A. Taschereau and Mr. Arthur Fitzpatrick. Mr. Taschereau questioned the legality of reopening the trial. He held that his client had already been tried and a judgment rendered in the case and therefore protested against the present proceedings. Mr. Coriveau, who appeared for the Marine and Fisheries Department, quoted from the Code to show that the Minister of Marine and Fisheries had full authority to reopen any trial, even after a judgment had been given. The court finally ordered a warrant to be issued against Pouliot.

Mr. Pentland, K.C., who represented the captain of the Georgetown, before the court adjourned, protested against the inconvenience of having the vessel detained here through these delays. Captain Demers expressed his regret at the circumstances, but the present delay was altogether unusual and unexpected. However, he stated that the court would do their utmost to facilitate. An adjournment was made until 2 p.m.

DONALDSON LINE.
Steamer Athena, Captain McNeill, from Glasgow with passengers and general cargo, passed Cape Chatte at 1 p.m. yesterday and is due in port this morning.

MANCHESTER LINE.
Steamer Manchester Importer, Capt. Haworth, from Manchester, with a general cargo, arrived in port last night, mooring at the Breakwater.

QUEBEC STEAMSHIP CO.
Steamer Bermuda arrived at New York from Bermuda at 8:30 a.m. yesterday.

WHITE STAR-DOMINION LINE.
R.M.S. Canada, hence on the 30th ultimo, was reported 75 miles west of Brownhead yesterday afternoon and reached Liverpool this morning.

R. M. LLOYD,
Manager.

11, the lights and fog signals at the following stations in Lake Huron and Superior will be discontinued for the season:—Spectacle Reef, Granite Island, Huron Island, Stannard Rock, Manitou, Gull Rock, Outer Island, Michigan Island, Raspberry Island, Devil's Island, Sand Island, Rock of Ages, Isle Royal."

CERTIFICATE SUSPENDED.

London, Nov. 8.—The Board of Trade held an inquiry on Saturday into the loss of the Allan steamer Laurentian off Cape Race, and decided that Capt. Imrie was at fault in having altered the vessel's course landward and continued at full speed in at. The captain's certificate was ordered suspended for three months. The Laurentian was bound from Boston for Glasgow when she piled up on the rocks near Cape Race on the morning of Sept. 6. The passengers and crew escaped.

GALES IN NOVEMBER.

The Meteorological Service sends out the following:—

In November, during the 36 years, 1873 to 1908, inclusive, 227 gales have occurred on the lakes, 99 being fresh to heavy and 128 moderate. In 41 cases the winds backed, in 165 they veered, and in 18 they backed in some localities and veered in others. In the Lower St. Lawrence Valley and the Gulf 192 gales, 115 fresh to heavy and 77 moderate. In 73 cases the winds backed, in 105 they veered, and on 14 occasions they backed in some places and veered in others. In the Maritime Provinces 150 gales, 88 fresh to heavy and 62 moderate. In 33 cases, the winds backed, in 123 they veered, and in 24 cases they backed in some places and veered in others.

November is the month during the season of navigation when the largest number of heavy gales usually occur on the lakes. In these autumn storms on Lakes Erie and Ontario the wind in most cases commences at the south-east, works through south to west, and north-west, the time of the hardest blow generally being when the barometer begins to rise as the wind gets round to the west. On Lake Huron and the Georgian Bay, the wind, though for the most part changing on the Lower Lakes, not infrequently changes with great suddenness, chopping after a lull, from southeast to northwest, and blowing hardest as a rule, from northwest with snow squalls.

In November, as the record shows, many severe gales are also experienced in the St. Lawrence Valley, the Gulf and the Maritime Provinces, and, as past experience has shown that the Meteorological Service can in most cases give timely warning of the approach of these disastrous autumnal storms, whether occurring on the lakes or elsewhere, mariners will do well to be guided by the daily bulletin, as well as to watch carefully for the display of storm signals.

NOTES.

Steamer Mand, Captain Stranger, from Port Hastings with a cargo of coal, arrived in port yesterday morning and went into the Louise Dock to discharge.

Steamer Georgetown, with a barge in tow, left for the upper lakes last evening.

Steamer Felix, Capt. Berggren, from Sydney, with a cargo of coal, arrived in port yesterday and moored in the Louise Dock.

CITY OF QUEBEC.

City of Quebec,
District of Quebec.
BY-LAW NO. 435.
Concerning the Observance of
Sundays.

(Draws up in the French language.)
At a meeting of the City Council of the City of Quebec, held on the twenty-fourth day of September, one thousand, nine hundred and nine (1909), the following By-law was read for the first time:—

It is ordained and enacted by the City Council of the City of Quebec, and the said Council doth ordain and enact as follows:—

1st. All theatres, playhouses, or halls used for theatrical performances, or moving picture shows, and amusements where the public are admitted on payment of an entrance fee, in the City of Quebec, must be closed and kept closed during the whole day of Sundays, in such a manner that entrance thereto be closed to the public.

2nd. In the City of Quebec, during the whole day of Sundays, it is forbidden to give or open theatrical performances, or moving picture shows, scenic exhibitions, shows or amusements where the public is admitted on payment of an entrance fee, and it is also forbidden to take part in or to attend to such plays, shows, theatrical performances, or moving picture shows.

3rd. Whoever having possession, or shall take part therein or attend to the same, or shall infringe any of the dispositions of the present By-law shall be liable to a fine not exceeding forty dollars and costs, for each offence, and in default of payment of the same, or of the whole or part thereof, the said fine and costs thereon, shall suffer an imprisonment for a space of time not exceeding two months.

PUBLIC NOTICE

Is hereby given that, pursuant to Section 30th, of the Act 29 Vict., chap. 57, as amended by Section 11, of the Act 31 Vict., chap. 33, and Section 8, of the Act 39 Vict., chap. 51, the above By-law will be read a second time and passed on Friday, the 15th of October next (1909).

H. J. B. CROUARD,
City Clerk.

PUBLIC NOTICE.

CITY TREASURER'S OFFICE.
CITY HALL.
Quebec, October 12th, 1909.

PUBLIC NOTICE is hereby given that the Assessment Books for the following Wards of the City of Quebec, viz.: St. John, St. Lewis, St. Palco, Champlain, Montcalm, St. Peter, Jacques Cartier, St. Roch, St. Sauveur, St. Valier and St. Malo have been deposited by the Assessors of the said City, in the office of the undersigned, and that the said books will be open to all persons interested, every day from 10 a.m. to 3 o'clock p.m. (Sundays and Holidays excepted) for and during three weeks from FRIDAY, the 15th instant, to FRIDAY, the 5th of November next.

Any one who shall deem himself aggrieved by any entry made in the Assessment Roll shall make complaint to the Recorder's Court in writing, and under oath, taken before a Justice of the Peace or a member of the City Council, or before the Clerk of the said Recorder's Court. That complaint shall be lodged within the said time, at the Recorder's Court, and the said Clerk shall give notice in the newspapers as hereinbefore set forth, of the place, days and hours in which the Recorder's Court will hear the complaints and decide on the merits of their complaints.

After such date no complaint will be heard, and for no consideration will the books be changed.

C. J. L. LAFRANCE,
City Treasurer.

Recorder's Court.

Notice is hereby given to all those who have filed complaints against the Assessment Books for overcharge, that their complaints will be called before the Recorder's Court at ten o'clock in the forenoon on Wednesday, the twenty-fourth day of November instant, when it will be necessary, that each complainant do appear, either in person or by attorney, in order to have a future day fixed for the proving of such complaints, otherwise the same may be rejected.

EDWARD FOLEY,
Clerk of the Recorder's Court, of the City of Quebec.
Quebec, 6th November, 1909.

AUTO RACE FOR SCOTTISH CUP

Big Contest over the Hills for Trophy Offered for Lowest Fuel Consumption.

The handsome cup offered by the Scottish Automobile Club for the car showing the lowest fuel consumption per ton mile in the club's recent big contest goes to a car fitted with a Knight engine—a 38-horsepower Minerva. Between sixty-five and seventy contestants were entered, including the world's most famous makes, the contest being open to all cars regardless of class, size and horsepower.

The trial took place over the Scottish Hills and is generally considered to have been the most exciting and carefully observed contest of the kind held in Great Britain or elsewhere.

The record of the winning car with its Knight motor was 44.5 ton miles per gallon of fuel, or in car miles approximately 25 miles to the gallon. The remarkable result of this contest is looked upon by automobile authorities as having more than ordinary significance, as the winning motor, the Knight, is built on new principles, entirely different from those of the usual type of motor. To local motorists it will be of great interest, as this is the same motor which has been secured for Canada by the Russell car, and which will appear in the leading 1910 Russell models.

The construction of the cylinders of the Knight engine is such that the entire force of the explosion is exerted on the head of the piston, getting, in consequence, the greatest possible value from the fuel consumed. The Knight cylinders have no valve chambers or side pockets of any kind to lessen the strength of the explosions, as in the case of the poppet valve engine.

LITERARY NOTES

Le Centurion.

The name of the Hon. A. B. Routhier is of itself a guarantee that any work from his pen will be of the highest literary standard. Such works as the "Causeries du Dimanche," "A Travers l'Europe," "A Travers l'Espagne," "Conférences et Discours," and the illustrated history of Quebec City have gained for him the highest reputation in the literary world, while his name will be forever enshrined in the hearts of his countrymen as that of the author of their national song "O Canada." Judge Routhier's latest work, "Le Centurion," a romance of the Messianic times, is of so notable a character that it is entitled to more than a passing reference. In this work the author has retold the Biblical story in such a charming and interesting manner that from its perusal the reader obtains a much clearer conception of the character upon the world's stage at that momentous period of history and of the currents of thought then prevailing than could be had from a mere dry historical work. Clothed in the form of romance, it appeals to the reader from its deep human interest and sympathetic treatment.

The plot of the story is simple, but effective. Caius, the Centurion, who is in command of a small Roman garrison at Magdala, in Galilee, is deeply impressed by the novelty of the scenes of which he is a witness and by the manners of the peculiar people in whose midst he dwells. He gives his impressions in a series of striking letters, addressed to Tullius, a friend, who resides in Rome. Caius tells how he had met a beautiful Jewess, Myrion, by name, with whom he had fallen deeply in love. To his great surprise his advances were repulsed, Myrion telling him that an inexpressible love, which he could never comprehend, separated her forever from all other loves. What mysterious influence did the young Jewess obey? The mystery is explained when Caius, in a subsequent letter, proceeds to relate how by accident he one day met on the public highway a man of extraordinary appearance, attended by the respect of all, venerated by the people who followed him. Some said he was a prophet, others declared that he was the long promised Messiah, whom the Jews awaited. It was Jesus of Nazareth, whose words had penetrated to the hearts of many of his hearers. Myrion among others had come under his influence, had abandoned her worldly ways and was absorbed in love for her Master. In the second part of the story is related how Caius, a distinguished Roman senator, who had incurred the displeasure of the Emperor Tiberius, leaves Rome with his son-in-law, Pontius Pilate, to pay a visit to his son-in-law, Caius, who again meets Caius, with whom she had been acquainted in Rome. In the midst of their strange surroundings two kindred spirits are drawn together, and mutual love is the outcome. Caius plays a prominent part in the stirring

scenes attending the Saviour's career and is a participant in many of the memorable events of that momentous period, including the crucifixion. Deeply impressed with the Saviour's teachings, he becomes a believer and ardently embraces the new faith. But what of Camilla? She is true to her lover, but her father, Claudius, proud of Roman traditions and a firm believer in the ancient gods, who are fast losing their sovereignty over the hearts of men, stoutly refuses to give his consent to his daughter's union with one who has abandoned the faith of his fathers. Caius in whom faith triumphs even over love is compelled to renounce Camilla. Not long after the Saviour's death on Calvary Claudius and his two daughters, Camilla and Claudia, the wife of Pontius Pilate, accompanied by Caius, pay a visit to Galilee, where they are eyewitnesses of the appearance of the Saviour to his disciples. The Roman senator who has been so pronounced in his opposition to the teachings of Jesus, is by what he sees convinced of the Saviour's divinity, becomes a convert to the union of Caius and Camilla. Claudius and all his family are the first among the Gentiles to receive Christian baptism, and the tale ends happily with the marriage of Caius and Camilla, the ceremony being performed by the chief of the Apostles in the first Christian church.

With this simple and affecting romance as a ground work, Judge Routhier has told the history of the Messianic period in a masterly manner. The characters are strikingly drawn. While Caius the Centurion is the ostensible hero of the work, it is the divine figure of the Saviour that looms upon the reader. In the letters of Caius to his friend Tullius, which form the first portion of the work the reader is given a preliminary insight into the forces that are leading up to the great world drama. The "Journal of the second portion, carries the reader to Pompeii, Carthage, Heliopolis, Memphis and other buried cities of the past which are made to live again in all the vividness of their days of glory. Then the reader is transported to Jerusalem, and in the third part of the work he is made a witness of the memorable scenes attending the Saviour's ministry up to the last solemn scene of Calvary.

The work throughout breathes a lofty spirit befitting the subject, and strikingly displays the erudition and mastery of his subject that characterize all Judge Routhier's works. The charm of the narrative is such that the work proves of absorbing interest. It is in French what Gen. Lew Wallace's "Ben Hur" is in English, a striking picture of past times, not does Judge Routhier's work, either in style or the portraiture of character, suffer in comparison with the earlier masterpiece.

The wide circulation of such a work cannot fail to fulfil the hopes of its author and result in great good, as it will serve to bring home to even the most callous skeptic the significance of the Saviour's life and mission upon earth.

"Le Centurion" has already achieved a signal success. It has been published in Canada by L'Action Social, Quebec, a French edition has been issued in Paris by Desclée & Cie., and the work has been translated into Italian and published in Rome. It has also been translated into English, and an English edition will be issued. The work has received the highest eulogiums from leading critics and reviews. The "Osservatore Romano" and "L'Italie" have warmly commended it, and it has received the highest praise from the most distinguished of French critics. An English edition should meet with wide acceptance.—Montreal Gazette.

MISS LOUISE ORMSBY.

Phillip Hale, the music critic of the Boston Herald, gives the following opinion of Miss Louise Ormsby, the American soprano:—"Miss Ormsby's voice is sympathetic and of more than ordinary beauty. She has been carefully and admirably taught and her singing is of exquisite and haunting beauty, singing that will live in the memory, as it enchants the hearers."

This fine artist will appear as soloist at the first Symphony concert, the 17th inst., at the Auditorium. Together with the orchestra numbers and Mrs. Goodday's solo the amateurs of good music may look forward to one of the most brilliant concerts ever given by the Quebec Symphony Society.

Subscribers will receive their tickets to-day and to-morrow. The members of the committee have been asked to collect unpaid subscriptions immediately.

The plan will be opened for subscribers only, Thursday, Friday and Saturday. It will open on Monday morning, the 15th instant, for the public.

A subscription list is deposited at Lavigne & Hutchison's, St. John street.

IN AND ABOUT TOWN

BLAZE IN MONTCALMVILLE

The Large Stables of Mr. Jules Hone, Jr., Burned Last Night

There was a midnight blaze in the town of Montcalmville last night which for a time threatened to be serious in its character. The fire was discovered in the stables of the residence of Mr. Jules Hone, Jr., St. Foye Road, the alarm being given at 11.45. It was some time before the town fire brigade got to work, and it was only after a hard battle that the blaze was finally quelled. The residence of Mr. Hone was several times threatened, but was finally saved from injury.

The fire is supposed to have been caused by tramps who took refuge in the stable and who may have set fire to the building while smoking.

MISSIONARY MEETING.

Next Saturday evening at 8 o'clock in the Cathedral Church Hall the Rev. W. C. White, the first Canadian Bishop-elect for China, will deliver an address under the auspices of the L. men's Missionary Movement on the wonderful work being done in that great empire. A cordial invitation is extended to all to come and hear this inspiring address. It will doubtless be remembered that this is the revered gentleman for whose Bishopric one of our local congregations has pledged its support. We trust all our readers will keep this date clear and avail themselves of the opportunity of hearing Mr. White.

LAKE EDWARD SANITARIUM.

The Treasurer of the Ladies' Branch of the Lake Edward Sanitarium acknowledges with thanks the following contribution received towards the Furnishing Fund of the institution:

Mrs. T. McDougall	\$ 75.00
Mrs. A. J. Turner	75.00
Mr. E. H. Wade	75.00
Miss Freeman	5.00
Total	\$ 300.00

Amount previously acknowledged\$3,832.26

Total amount received to date\$3,932.26

MILITARY MEN REWARDED.

The following officers of No. 7 Military District have been awarded the Colonial Auxiliary Forces Officers' Decoration:—Lt.-Col. J. P. Landrev, 11th Infantry Brigade; Lt.-Col. E. S. Bois, 92nd Regiment; Lt.-Col. B. A. Scott, 10th Infantry Brigade.

The following well known non-commissioned officers and privates, all veterans of our local volunteer corps, have been decorated with the long service medal:—Sergeant John Murray, D. Keating and W. Casey; Corporals F. Gingras and A. Burns; Privates J. Malone, Jos. Power, Thos. Dillon, G. R. Norton, C. E. Copeman, A. Douglas, 8th Regiment; J. Plamondon and L. Lizotte, 9th Regiment.

ACTION TAKEN AGAINST A CURE

Interesting Case Arising Out of the Recent Elections to be Heard in Superior Court.

Among the numerous cases inscribed for proof and hearing in the Superior Court of this district is that of Mr. L. G. Belly, advocate, of Chicoutimi, against Rev. Mr. Labreque, cure of l'Anse St. Jean, Chicoutimi district. The action arises out of the last Provincial elections, and the plaintiff sued Rev. Mr. Labreque for \$1,000 damages for having stated that he was opposed to his bishop and to the clergy of the diocese. In his plea, Cure Labreque, who is a brother of the Bishop of the diocese, alleged the veracity of his allegations and another action was taken against Cure Labreque for \$400 damages. As Judge Gagne, Judge of that district, is related to some of the parties, the case was referred to Quebec district, where it will come up in a day or two, a large number of witnesses from the Lake St. John and Chicoutimi districts being in town to appear in the witness box. Mr. L. G. Belly represents the plaintiff and Mr. Landrev, of Chicoutimi, is looking after the defendant's interests. The case will be heard on Monday if there are a sufficient number of judges in town to enter the witness box.

At a meeting of the Mathie-Ellis Co., in liquidation, a meeting of the creditors and shareholders was held yesterday when Mr. V. E. Paradis, accountant, was appointed curator and Messrs. Lorne C. Webster, of this city, and Mr. Reford, Montreal, inspectors.

CRAIG PLAYERS AT AUDITORIUM.

The Craig Players opened a week's engagement at the Auditorium last evening, when there was a well-filled house to witness the opening bill.

"The Reporter." Specialties were introduced between the acts. The company will present a change of bill at each performance, the drama to be produced this evening being "The Convict and the Preacher."

LADIES' GLOVE SALE

At D. Morgan's will be continued for a few days longer.

WELL-KNOWN MILITARY MAN DEAD.

The 9th Regiment has suffered a severe loss in the sudden death of one of its most active and intelligent non-commissioned officers, Color-Sergeant M. Ernest Girard, who was operating on at the Hotel Dieu for appendicitis on Thursday last, but failed to recover. The deceased was only 27 years of age and leaves a wife and large number of relatives to mourn his loss.

REMOVAL OF REV. MR. KING.

At a meeting of the teachers and executive of the Quebec Branch of the Sunday School Union, held on the 7th instant, the following resolution was unanimously adopted regarding the approaching removal of the Rev. E. P. King to Winnipeg:—"That this branch of the Union in accepting the resignation of its President, the Rev. E. P. Hammond King, desires to place on record a deep sense of loss sustained. His high ideals as shown in every day life, kindly and untiring labors, and valuable counsel have contributed in no small measure to the success of this branch, and to the good of the city at large. Our best wishes follow our ex-President to his new field of work in the west."

INSTALLATION OF OFFICERS.

At the session of the "Guiding Star" Lo. Juvenile Temple, I.O.G.T., on Saturday afternoon last the following were elected and installed as officers, by the Superintendent Juvenile Temple, Mrs. J. Murphy, for the quarter ending January, 1910:—Chief Templar, Sis. G. Keough; Vice-Templar, Sis. F. McTeer; Past Chief Templar, Sis. M. Gosselin; Secretary, Sis. L. Turpin; Asst. Secretary, Sis. G. Rowbotham; Chaplain, Sis. L. Vachon; Financial Secretary, Sis. K. Good; Treasurer, Sis. I. Norton; Marshal, Bro. W. McTeer; Deputy Marshal, Sis. H. Good; Guard, Bro. D. McTeer; Sentinel, Bro. D. McMahon; Registrar, Sis. D. Lobry; Organist, Sis. F. MacTeer.

THE WAY OUT

Change of Food Brought Success and Happiness.

An ambitious but delicate girl, after failing to go through school on account of nervousness and hysteria, found in Grape-Nuts the only thing that seemed to build her up and furnish her the peace of health. "From infancy," she says, "I have not been strong. Being ambitious to learn at an early age I finally got to the High School, but soon had to abandon my studies on account of nervous prostration and hysteria. "My food did not agree with me. I grew thin and despondent. I could not enjoy the simplest social affair for I suffered constantly from nervousness in the form of all sorts of medicines. "This wretched condition continued until I was twenty-five, when I became interested in the letters of those who had cured like mine and who were being cured by eating Grape-Nuts. "I had little faith, but procured a box and after the first dish I experienced a peculiar satisfied feeling that I had never gained from any ordinary food. I slept and rested better that night and in a few days began to grow stronger. "I had a new feeling of peace and restfulness. In a few weeks, to my great joy, the headaches and nervousness left me and life became bright and hopeful. I resumed my studies and later taught ten months with ease of course using Grape-Nuts every day. It is now four years since I began to use Grape-Nuts. I am the mistress of a happy home and the old weakness has never returned."

Read the little book, "The Road to Wellville," in pligs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

FORESTERS HAD PLEASANT TIME

Euchre and Dance Given by St. Patrick's Court at Auditorium Hall.

The euchre and dance, under the auspices of St. Patrick's Court, No. 620, Catholic Order of Foresters, which was given at the Auditorium Hall last evening, was largely attended, and was a most enjoyable event in every respect. The members of the Court had made special arrangements to ensure the complete success of the opening event of their social season, and the officers and committee worked hard with this result in this view. They were completely successful in every respect for the event was very enjoyable, and the large gathering of ladies and gentlemen had an enjoyable time.

The first part of the evening was devoted to euchre, and there was a keen struggle for the handsome prizes offered, the lucky winners being as follows:—

Gents:—1st, Mr. E. Duggan; 2nd, Mr. J. O'Dowd; 3rd, Mr. W. McCann; 4th, Mr. W. Tierney; 5th, Mr. J. O'Connor; consolation, D. Bousquet.
Ladies:—1st, Miss E. Brady; 2nd, Miss D. Enright; 3rd, Miss T. Griffin; 4th, Mrs. J. Ryan; 5th, Mrs. J. Rose; consolation, Mrs. R. B. Baker.

Refreshments were served at the conclusion of the euchre, Mr. Dugal, the manager of the Auditorium Cafe, leaving nothing to be desired in this respect.

Dancing was then indulged in, an efficient orchestra supplying a fine programme of music for the devotees of the terpsichorean art. The party did not break up until an early hour this morning, when all separated well satisfied with the pleasant hospitality of the brothers of St. Patrick's Court, the members of which are to be heartily congratulated on the success of their entertainment.

POPULAR FICTION.

A good book is a good friend. This autumn appears to be specially prolific in the production of popular works of fiction, and many of the leading authors have put forth their best efforts in this regard. This can be witnessed by a visit to Mr. John E. Walsh's very large book department, where his shelves and stands are laden with hundreds of the best works of fiction, old as well as new, binding artistic as well as ordinary. In fact, good healthy books to suit the tastes and pockets of all.

LADIES' GLOVE SALE

At D. Morgan's will be continued for a few days longer.

AN IMPORTANT JUDGMENT.

Judge McCorkill rendered judgment yesterday in the Superior Court in the case of Gagnon vs. Robitaille and al. The plaintiff is the father of a young girl killed last spring by an automobile while crossing St. Valier street near the Sacred Heart Hospital. The proprietor of the automobile was Mr. Cyrille Robitaille, the well-known St. Roch's piano dealer, and at the time of the accident the automobile was in charge of his son. The action taken against the defendants was for \$10,000, but in rendering his decision, the learned Judge dismissed the action against Robitaille, senior, but condemned the son to pay \$180 damages, as it had been proved that at the time the automobile was running at slow speed, and the costs of the action were divided between the parties.

Our ladies' glove sale will be continued for a few days longer.

D. MORGAN,

Place d'Armes.

VETERANS' ASSOCIATION.

A well attended meeting of the members of the Fenian Raid Veterans' Association of No. 7 Military District, was held in the Drill Hall last evening, Chevalier Rouleau, president of the association, presided. The principal business before the meeting was the election of three delegates to proceed to Ottawa to join with representatives from other associations in urging on the Government the claims of members for services rendered during the Fenian Raids. The following members were selected:—Chevalier Rouleau and Messrs. J. Dermody and Thos. O'Neill. After a hearty vote of thanks to the press of the city for the warm and able support the association has received from it, the meeting adjourned.

Forecast of Weather.

Toronto, Nov. 8-8 p.m.—Showers have occurred to-day over the lower lake region, the Ottawa and St. Lawrence Valleys and in New Brunswick; elsewhere in Canada the weather has been fine, and in Alberta and Saskatchewan a little milder.
Minimum and Maximum Temperatures.
Dawson, 4-18; Victoria, 46-54; Vancouver, 44-50; Edmonton, 14-26; Calgary, 46-50; Battleford, 23-46; Medicine Hat, 44-54; Moose Jaw, 22-51; Qu'Appelle, 18-46; Winnipeg, 20-48; Parry Sound, 42-50; London, 49-65; Toronto, 37-53; Ottawa, 30-44; Montreal, 38-44; Quebec, 26-38; St. John, 34-48; Halifax, 22-50.
Forecasts.
Lower Lakes, Georgian Bay, Ottawa Valley, Upper and Lower St. Lawrence Valleys:—Northerly to easterly winds; fine and cool.
Gulf:—Strong northwesterly to northerly winds; fine and colder.
Maritime Provinces:—Strong northwesterly to northerly winds; clearing and cooler.
Lake Superior and Manitoba:—Fresh easterly and southeasterly winds; fine, stationary or a little higher temperature.
Saskatchewan and Alberta:—Generally fair but a few scattered showers of rain or sleet.

MARCONIGRAM.

Cape Race, Nfld., Nov. 8.—Steamer Ivernia, from Liverpool, for Boston, was in communication with the Marconi station here at 7.25 a.m. Distance not given.

PERUNA A WONDERFUL BOON IN MY OLD AGE.

MRS. MAHALA REID.

Heartily Approves of Peruna and Man-a-Lin for Kidney and Bowel Trouble

MRS. MAHALA REID, Corbyville, Ont., Canada, writes:

"Your celebrated remedies have been a wonderful boon to me in my old age."

"I have not been in so good health for several years as now. I was troubled with constipation, rheumatism and kidney trouble."

"A little over two years ago, I completely lost my health, becoming almost helpless, when a dear friend sent me your remedies, Peruna and Man-a-Lin. I began to take them, following the directions on the bottle. I very soon began to feel benefited by their use and continued to take them."

"I am now completely recovered from the above ailments, in fact, better than I have been for years past. I cannot praise the remedies too highly and will always recommend them to others."

Constipation is almost sure to set up other derangements. Retained accumulations within the bowels are partly reabsorbed into the system, producing sometimes rheumatism, sometimes kidney trouble.

Such morbid accumulations of blood throw extra work upon the kidneys. The kidneys being unable to perform the unusual labor of excreting these poisons, often give way and kidney trouble is the result.

Permanent relief cannot be reasonably expected except by correcting the constipation.

Regular bowels are a great safeguard to health. Peruna and Man-a-Lin are unexcelled the world over for chronic diseases affecting the bowels and kidneys.

Mrs. W. W. Lamaster, 3127 McAtee, Ave., Louisville, Ky., writes:

"I suffered for twenty-six years with bladder and kidney trouble, and being advised to give Peruna a trial, I did so. Eight bottles of Peruna and three bottles of Man-a-Lin entirely cured me."

employees in the factory when the fire broke out this morning, but the spread of the flames in the inflammable combi material was almost instantaneous. Many jumped from the third floor windows and were injured. Those who rushed to the rear found the windows barred and there they met their doom. Nearly all of the victims were Italians.

FATAL FIRE IN BROOKLYN.

New York, Nov. 8.—Iron barred windows prevented the escape of eight workers from death by fire in Robert Morrison & Sons' comb factory on Columbus street, in Brooklyn, to-day. These eight, while they tugged and tore at barred windows, were burned to death, and five others were probably fatally injured in the panic. Wm. Morrison, son of the owner of the plant, also lost his life in the flames while trying to reach the safe and close its doors. His father was among the injured. There were only forty

WHY NOT HAVE
CITY LEAGUE?

Proposition Which it Would Do Well
for Followers of Hockey to
Seriously Study.

A very urgent matter which presents itself and which should be given most serious consideration by the members of the Quebec Hockey Club, who are called to assemble for their annual meeting at the Chateau Frontenac this evening.

While, perhaps, not of as much moment as the question whether or not we are to have senior hockey this winter, its portent is far the greater, for upon its practical solution the perpetuation of the greatest of all winter games depends.

The creation of a City League, or a league founded on somewhat broader lines than the present Junior League, is what we refer to, and the realization of which we believe is the fillip the game requires to flourish again in the Ancient Capital.

The proposal does not by any means infer the absorption of the present junior body, far from it, for the juniors are as essential to the new league as the intermediates are to the senior.

Our idea is a league founded on the principle of the Ottawa City League, which has flooded the country with prominent players within the last few years. To accomplish this two or three of the strongest junior league clubs might be induced to join the Quebec II and St. Patrick's in the intermediate series, the four, five or six clubs forming themselves into a city section of the intermediate league, as is the case in Montreal, the winners of the series playing off with the winners of the other sections for the Dominion championship.

This affiliation with the larger body might be dispensed with after a season's trial, if found impractical or not adapted at all for that matter, but it would seem to be the most practical way that the organization could be launched; there being the home and home games, and the excursions incident thereto to stimulate the players' ardor, the expense of which would be easily defrayed by the games at the same series at home, while the less successful clubs would not be called upon to incur any travelling expenses and their ordinary expenditure for equipment, etc., would be easily met by the greater number of games at home and the consequent increased interest in them.

Report has it that the Crescents, have aspirations to start forward into the intermediate ranks, aspirations that are justified by their splendid showing ever since their re-organization and by the fact that Jimmy Gray, Jeff, Malone, and other players, who have done their full share towards upholding the honor of the Yellow, Black and Red and who were either out of town, or with other clubs last year, will again line up with their old love.

With Quebec, St. Patrick's and Crescents as a nucleus, there should be no difficulty in rounding out a four, five or six club league, with such strong clubs as St. George's, last year's champions, Lauriers, Victors and Laval to complete the number, any of which could put out teams that would more than hold their own with any of the other seven which would comprise the organization.

Admitting that the Junior League might be weakened temporarily, there is no doubt but that the game would greatly benefit by the change, and promising players would be more speedily developed into candidates for senior team, for although the present league has furnished fairly even and exciting contests in the past, players that have graduated from its ranks to those of the seniors can be easily counted on the fingers of one hand. This is not altogether to be wondered at, for every youth is not a Joe Malone or a Jack Macdonald, in whom the earmarks of a "good one" are apparent almost from the first time he first steps on the ice, and can jump from junior to senior company and make good, but require to be developed by the more gradual process.

The majority of last year's Junior League players are just at this stage, while the already organized juvenile league is proof positive, that there are plenty of young players only waiting the opportunity to succeed their older brothers, an ambition which is hard to realize while the latter persist in remaining back in the precursory class. Another argument likely to be advanced is the lack of rink accommodation and although this is a really sore drawback it is not at all an unsurmountable one, as far as providing sufficient dates to play off the extra schedule of games.

Coming down to the worst it would not be impossible to have two games in the same evening, a junior and an intermediate fixture, even though the junior game was to be a certain raiser and limited to an hour inclusive of all waits. It would then be found that the juniors would be on the scratch when the game sounded and in case of accidents would be anxious to drop a man to even up, rather than lose time, a welcome relief from the prolonged waits of the old system.

The subject is a big one, but if the representatives of the different clubs met together earnestly it could be brought to a successful issue. Messrs. Joe Power or Wm. J. Lynch, both of whom are well known for their devotedness to amateur sport in the past, might possibly take the initiative, the task would be an easy one for gentlemen of their experience and its realization would be an enduring monument to their devotion.

NEW HOCKEY CLUB.

A new hockey club has been formed to be known as the Floridians, the following officers being elected:—

President:—R. Letourneau.
Vice-President:—J. Falardeau.
Secretary:—L. Rondeau.
Treasurer:—G. Turcotte.
Manager:—A. Pelletier.
Delegates:—A. Pelletier, B. Drolet.

BASEBALL WORSE
THAN LACROSSE

Nineteen Fatalities from Baseball and
None from Canada's Na-
tional Game.

Nineteen deaths from baseball have been reported from the various parts of the country during the season just closed. The list of injuries runs into the hundreds. Each season furnishes its quota of killed and injured who have been on the triangle at the time of the accident. Once in a while one reads of some players being struck with a ball and quitting, while it is an every day occurrence to read of the many injured in various ways.

Every game or sport has its attendant disasters in some manner or another. Cricket, considered to be one of the least injurious of sports, is not without its casualty, likewise most every other kind of field sport and aquatic amusements. Over-exertion is found in these games to be quite as serious in its consequences as that of the college rush, though its list of injured is not nearly as long as that of the latter.

THE ONLY ONE.

Lacrosse, Canada's national game, is the only game played in the Dominion that has not a casualty black mark recorded against it. True, lacrosse is not without its rough play and attendant bruises and fractures, caused ninety-nine times out of every hundred through a spirit of retaliation during the rush of a moment of anger, but to have a man used in entirely for the balance of his life is a very rare occurrence in the game. Those opposed to lacrosse have frequently used the theory that the stick is used to take the place of the knuckles as a mode of setting even. There are many passages in a game that are never seen by the ordinary observer, but these are devoid of any serious results beyond those inconveniences for the time being. From the grand stand the plays seem to be a mimic warfare, looking at times as though several players would be completely annihilated.

RUGBY WORSE.

Here is where old players of the game have the laugh on the novice. The danger is not so serious as in a game of Rugby, where the whole team has been more or less seriously injured. Players have been known to play the game longer and with better results than any other kind of sport, which goes to show that things are not always what they seem. Interest in lacrosse has been somewhat lax during the last three years, more especially throughout the Western Provinces, owing, principally, to the lack of young players. This is being gradually overcome now that the West has begun producing its own stocks, and one may soon expect to see the old-time interest manifested in the great game. As this is the game of games, designed for and played almost exclusively by Canadians, it will not do to see its extinction just for the lack of a little support.

BASEBALL IN CUBA.

Havana, Nov. 8.—The Almandaras baseball team defeated the Detroit American League team to-day, 13 to 2.

50,000 PRO. PLAYERS.

More than 4,000 players in organized professional leagues. And for every reserved player drawing salary, ten independent get their daily bread out of baseball.

In other words, nearly 50,000 boys and men in America draw living salaries because they can catch, throw and hit a ball with some degree of skill. Think of it—the national "sport" of America employing such an army of men directly, to say nothing of the ticket seller and ticket takers, land-scape gardeners and policemen, ushers, programme boys and vendors of refreshments, from the thirst-inspiring peanut to the thirst-quenching pop, who draw much coin of the realm from the baseball-loving public.

Some institution that, eh? The latest reserve lists of the two big leagues show that there are 720 players tied up with these two organizations. Add to this little bunch the 2,399 players on the reserve list of the various minor league teams, and it runs the grand total of players under the national agreement up to 4,118.

It has been figured that every big league city has about ten teams on which players receive pay. Smaller cities in organized baseball will hardly average half that number. However, to make up the average, there are hundreds of cities in the country too small to support a league team of any kind, but which have independent rapid teams. These are they which keep up the average of ten teams to one in organized baseball.

Some of these 4,000 odd players in organized baseball during the winter will be dropped before the summer sets in, only to be snapped up by independent teams.

WELCH GOT DECISION

OVER SUMMERS.

London, Nov. 8.—Freddie Welch, slightly the favorite, won the decision tonight from Johnny Summers in a twenty round contest before the National Sporting Club, for the lightweight championship of England. Welch forced the fighting from the very start and was never in danger. Lord Lansdale presented the winner with a gold and diamond belt.

HOCKEY CLUB MEETING.

The annual meeting of the Quebec Hockey Club is to be held this evening at the Chateau Frontenac, and promises to be one of the most important gatherings in the history of the game in the Ancient Capital. All interested in the game are cordially invited to be present at to-night's meeting, and it is to be hoped that there will be a very large assemblage of all who have the interests of the game at heart.

MAGNATES'
HEAVY TASK

3000 Delegates for National Meeting
—Interest in Disposition of
Pitcher J. Wiggs.

Auburn, A.Y., Nov. 8.—John H. Farrell, secretary of the National Association of Professional Baseball Leagues, who left for Memphis, Tenn., for the annual meeting of the association, which convenes Tuesday, more questions will come before the meeting than ever before arose. Three hundred delegates from 257 cities in the United States, Canada and Mexico will be present.

The tentative programme calls for an all-day session over the application of the famous California "outlaw" league for membership. This organization has for a number of years successfully fought the 37 leagues of the National Association, but recently surrendered and made application to come in. Farrell thinks the application will be granted, but the facts that the status of many of the "outlaw" stars who jumped to the Pacific coast will be involved, may cause a long drawn-out discussion. Among the points to be settled is that of Sunday morning games in San Francisco, that being one of the conditions which the California State League asks.

The disposition to be made of Pitcher James Wiggs, of the Oakland team of the "outlaw" league, will be watched with interest, as Wiggs has developed into a star since jumping to the coast, and at least, six big league teams will be on hand to bid on him if his application for reinstatement is granted. A feature of the Memphis meeting will be the large number of new leagues that will be organized, all of which will probably be admitted without opposition. In Texas, the Southwestern Texas League, composed of Austin, Brownsville, Beeville, Bay City, Corpus Christi, Laredo and Victoria, and the Cactus League, made up of Douglas, Bisbee, Cananea, Albuquerque and two cities not yet selected, will apply for membership.

In Mexico a league of six cities, to be known as the Consolidated Sonora League, has applied. In West Virginia two leagues are fighting for the same territory. The Virginia Valley League applies with franchises in Charleston, Huntington and Parkersburg, in West Virginia, and Ashland, Ky. Against this, the location of the Ohio State League protests with a counter-claim for rights to clubs in Huntington and Charleston.

The national board will have to settle the many questions of valuable players, involving many thousands of dollars in draft and purchase money.

A successor to President M. H. Sexton, of Rock Island, will be chosen at the Memphis meeting.

Memphis, Tenn., Nov. 8.—Representatives of 37 baseball circuits gathered here to-day for the annual meeting of the National Association of Minor Leagues. Many major league representatives were on hand in the hope of being able to buy, sell or trade players. While the regular meeting will not be held until to-morrow, the national board of arbitration went into session to-day to decide on eighty cases growing out of contests and disputes during the last season.

EARLY LACROSSE TALK.

Ottawa, Nov. 8.—It would not be surprising if a new lacrosse club were formed in the capital next season with the great majority of the present Capital players in the line-up. It is understood that no less a personage than Mr. Dave B. Mulligan is behind the new organization backed by L. N. Bate and George Bryson of football and hockey fame. Dissatisfaction existed at the end of the season among the Capital players in the manner in which the affairs of the club were run by the executive. The night the Torontos were defeated by the Capitals here, Mr. Mulligan tendered the players a banquet, at which it was hinted that if Mr. Mulligan would identify himself with the affairs of the club again, the players would turn out early and get in shape to endeavor to land the championship.

As the present executive were compelled to face a deficit of over \$1,500 last season, they would have no objection to step down and out.

Jack Shea, the defence fighter of the Capitals, who has been seriously ill for over three weeks, is recovering slowly.

WANDERERS AT JUBILEE.

The desire to have hockey pay this winter seems to have overcome the scruples of the Arena Company to this extent, that some of its members have made the statement that if the new Jubilee rink, which is being run by Doran, the steward of the Black Diamond Line, can produce a good team, no objection will be raised to their coming into the senior unions. It is also announced that the idea of the arena arranging for a term under its patronage, to take the part of the old Wanderers, has been abandoned for the present.

OFFER OF \$80,000 PURSE.

Orden, Utah, Nov. 8.—Jimmie Dunn, on behalf of a local syndicate, has sent telegrams to Jas. J. Jeffries and Jack Johnson, offering a purse of \$80,000 for the fight in Orden during the meeting of the National Wool Growers' Association and the live stock show to be held January 4th, 5th, 6th, 7th and 8th, 1910.

CITY OF QUEBEC

City of Quebec, To wit:

By-law No. 436

Annexation of the Town of Limoulois to the City of Quebec.

(Drawn up in the French Language.)

At a meeting of the City Council, held at the City Hall of the City of Quebec on the fifth day of November, one thousand, nine hundred and nine, the following By-Law was read for the first time:—

It is ordained and enacted by the Municipal Council of the City of Quebec, and the said Council ordains and enacts as follows:—

1.—After the approval of the present By-Law by the municipal electors of the Town of Limoulois, in the manner prescribed by law, the territory now comprised within the limits of the said Town of Limoulois shall be annexed to the City of Quebec and shall form part thereof as the ward known as "Limoulois Ward."

2.—Limoulois Ward shall be represented in the Municipal Council of the City of Quebec by three aldermen; one for Seat No. 1, one for Seat No. 2, and one for Seat No. 3. The said aldermen shall be elected in the manner provided by law, by the municipal electors of the territory so annexed possessing the qualifications prescribed by the charter of this city for voting at the election of such aldermen, respectively, and a list of such electors shall be previously made out by the Secretary-Treasurer of the annexed municipality who shall forward such list to the City Clerk according to law.

3.—As soon as the said aldermen are elected, according to the law, and are in default to sit in the Council of this City, the Secretary of the Town of Limoulois shall deliver to the Treasurer of this city all minute-books, registers, assessment or valuation rolls, archives, papers and documents whatsoever belonging to the Corporation of the said Town of Limoulois, as well as all sums of money that may be in his possession in his capacity of Secretary-Treasurer and from after the date of such delivery, all sums of money due or to become due to the former Corporation of the Town of Limoulois, shall be payable only to the Treasurer of the said City.

4.—From and after the election of the said aldermen, the City of Quebec shall alone be liable for the debts contracted by the Corporation of the Town of Limoulois, and all moveable and immovable property belonging to the said Corporation shall become and be the property of the City of Quebec.

5.—Carters, hackmen, bakers, milkmen and other persons residing in the said Town who have, previous to such annexation, obtained licenses from the City for carrying on their business, trade or occupation in the said City for the current fiscal year, may obtain from the City the repayment of the amount they have paid over, and above that paid for similar licenses by persons residing in the City.

6.—From the date of the annexation to the thirtieth of April, 1910, no other taxes shall be levied upon the inhabitants of the new ward than those imposed by the Council of the Town of Limoulois for the fiscal year 1909.

7.—During the ten years from the first of May, 1910, to the thirtieth of April, 1920, the buildings now existing in the Town of Limoulois and those that will be built in the said new ward to the thirtieth of April, 1912, shall not be taxed at a higher rate than that now in force in Limoulois as regards assessment on immovables and the tax for water from the water-works.

8.—During the ten years from the first of May, 1910, to the thirtieth of April, 1920, vacant lots that are cultivated shall continue to be assessed at the same rate as at present, but only so long as they remain vacant and are cultivated.

9.—From the thirtieth of April, 1912, lots on which new buildings or structures are erected in the said Limoulois Ward, shall be liable to assessment like those in other wards of the City.

10.—From the thirtieth of April, 1920, the exceptions or differential taxes mentioned in the foregoing articles shall no longer apply.

11.—The Corporation of the City of Quebec shall introduce water from the water-works and make sewers for drainage, as well as gullies, and put up hydrants in the streets of the new ward where such improvements do not exist, provided that the estimated annual revenue from the water-rate in the said streets shall be equal to at least five per cent. of the cost of introducing the said water.

12.—The streets of the said new ward shall be macadamized and lighted as need arises.

13.—The present system of lighting the Town of Limoulois, wherever the same exists, may be continued with the same kind of lamps for a period of three years.

14.—From the first of May, 1910, to the thirtieth of April, 1920, the City of Quebec shall spend, every year, on permanent improvements in the said new ward, an amount of at least, twenty thousand dollars. And if, during any one of such ten years, the receipts collected in the said ward should exceed the ordinary expenses of administration, the said city shall spend on such permanent works, during the following year, a capital sum on which the said surplus of receipts shall be considered as interest at 5 per cent.

In keeping the accounts connected with the ordinary expenses of administration, the cost of maintenance and of the services of the fire brigade, shall not be taken into account from municipal taxes formerly granted by the Council of the Town of Limoulois or by its predecessor to Messrs. Lucien Berne, Edmond Julien, Georges Valliere, the Bernier Foundry and the Canada Cement Construction Company, respectively, on account of their manufacturing establishments in the said Town of Limoulois, shall be continued in their favor on the conditions on which such exemption was granted.

PUBLIC NOTICE

is hereby given that, in virtue of Section 36 of the Act 29 Vict., chap. 57, as amended by Section 11 of the Act 31 Vict., chap. 33, and Section 8 of the Act 30 Vict., chap. 51, the above By-Law will be read a second time and passed on Friday, the twelfth day of November (1909).

H. J. J. B. CHOUINARD,

City Clerk.

The Pleasure
a Letter Gives

is enhanced if the paper on which it is written possesses that certain air of taste and refinement that only a very high quality product can impart. The papers "Made in Berkshire" by

Eaton, Cranc & Pike

are acknowledged everywhere to be par excellence the best as to quality, style and finish. They are made of the best materials, by the best machinery, and the best workmen obtainable. The use of these papers makes letter writing a pleasure, rather than a painful duty. Ask to see our splendid line of these fine papers.

BLACK KNIGHT
STOVE POLISH

Has the "Black Knight" come to your home?

Let him show you the quick and easy way to shine the stoves.

"Black Knight" takes all the hard work and dirty work out of stove polishing.

It's a paste—so there is no watery mixture to be prepared.

Just a few rubs with cloth or brush brings a mirror-like shine that "you can see your face in". And the shine lasts!

Most dealers handle and recommend "Black Knight" Stove Polish. If your dealer cannot supply it, send for a big can—sent postpaid.

THE F. F. DALLEY CO. LIMITED, Hamilton, Ont. 18

CITY COUNCIL MEETING

Friday, November 5th, 1909.

Present: His Worship the Mayor; Aldermen Barbeau, Brunet, Campbell, Cannon, Collier, Cummings, Dinan, Fiset, Hogan, Jobin, Lantier, Letourneau, Lockwell, Meservy, Muroony, Noreau, Paquet, Picard, Pouliot, St. Pierre, Verret (2).

The minutes of the last meeting are corrected in the following manner:

The paragraph beginning by the words: "The Council authorizes and requests His Worship the Mayor," is amended by striking out all the words after "Mayor" and substituting the following: "to answer the Union of Canadian Municipalities in the sense that he will deem most opportune after conferring with the City Engineer and the Engineer of the Water Works Department."

The minutes, thus corrected, are approved.

Read a letter from Mr. F. M. Spaid, general superintendent of the Canadian Northern Railway, etc., complaining that a portion of St. Andrew Street, near the Quebec & Lake St. John Railway station, in rear of the Terreau & Racine building, is not lighted, and praying the Council to bring the matter to the attention of the Light Committee.

Ordered that the said letter be referred to the Road Committee.

Presented the 1928th report of the Finance Committee (to grant \$250 to the Market Committee for the building of a shed at the Palais).

Moved by Alderman Picard, seconded by Alderman Dinan, and resolved, That the said report be taken up as the 2d order of the day.

His Worship the Mayor lays before the Council the 3d report of the Special Committee on Annexations to the City, recommending to the Council to proceed to the annexation of the town of Limoilou to the City, and to the first reading of a By-law No. 436, embodying the conditions and stipulations agreed to between the interested parties.

Moved by Alderman Picard, seconded by Alderman Lantier, and resolved: That the said report, together with the said By-law be taken up this evening as the 1st order of the day.

Presented the report of Dr. Casteller of the seizures made of meat, pork, fish, sausage, fowl and fruit confiscated by Inspector Drolet as unfit for consumption during the last three months.

The City Clerk lays before the Council the annual reports of the City of St. John, N. B., for 1908, and it is ordered: That a letter of acknowledgment and thanks be addressed to the Mayor of the City of St. John, N. B.

Order of the Day.

First Order of the Day—Read the 3d report of the Special Committee on Annexations, which, being put to the vote, is adopted, and it is

Resolved, That the City Council of Quebec do now proceed to the annexation of the town of Limoilou to the City of Quebec, in conformity with the draft of By-law No. 436 of the City of Quebec to annex the town of Limoilou to the city, the said By-law contain-

ing all the stipulations agreed to between the representatives of the City of Quebec and those of the town of Limoilou; and that this Council also do proceed to the 1st reading of the said By-law, the second reading of which is hereby fixed for Friday next, the 12th of November instant.

And the said report being carried, His Worship the Mayor proceeds to the 1st reading of the said By-law.

And it is ordered: That the said By-law be translated into English, that it be published in the official newspapers of the City, together with a public notice, as required by law, that the second reading thereof shall take place on Friday, the 12th of November instant.

Second Order of the Day—Read the 1928th report of the Finance Committee, which being put to the vote, is adopted, and it is in consequence,

Resolved, That the sum of \$250 be taken from the contingent fund and placed to the credit of the Market Committee for the purpose of building a shed to be used as a shelter for cattle at the Palais Park.

Motions.

Alderman Picard moves seconded by Alderman Dinan, and it is

Resolved, That the Municipal Council of the City of Quebec tenders the thanks of the City to His Worship the Mayor and to the members of the Municipal Council of the town of Limoilou for the generous and efficacious help which the town of Limoilou rendered to the City of Quebec on the occasion of the fire which took place on the 16th of October last, by sending to the scene of fire, at the request of the Mayor of Quebec, a section of its fire brigade, with its apparatus.

Moved by Alderman Picard, seconded by Alderman Meservy, and Resolved, That this Council desires to place on record its appreciation of the public-spirited manner with which the Quebec & Lake St. John Ferry Company, at the request of His Worship the Mayor of Quebec, hastened to give all the assistance in its power, on the occasion of the serious fire of the 16th of October last, by taking a detachment of the Levis Fire Brigade to the scene of the fire and keeping one of its boats there for several hours, at considerable risk, and the Council hereby tenders to the said Company the hearty thanks of the City of Quebec.

Moved by Alderman Picard, seconded by Alderman Campbell, and Resolved, That this Council do now adjourn.

Adjourned.

less than the other places.

Myrand & Pouliot
215 St. Joseph Street, St. Roch.

REPAIRS TO THE DAMAGED WHARVES

To be Started Immediately by Har-
bour Commission—Notice to Cana-
dian Northern Railway.

The regular weekly meeting of the
Quebec Harbor Commission was held
yesterday afternoon. The chief busi-
ness which occupied the attention of
the Commission was the reception of
tenders for the supply of timber neces-
sary to repair the wharves recently
damaged by fire. Seven tenders were
received and after a short discussion,
were referred to Mr. St. George Bos-
well, Harbor Engineer, to select the
most advantageous. After the work of
making the necessary repairs to the
wharves will be pushed with vigor.
A letter was read from the insurance
adjusters in the case of the insurance
of the Canadian Northern Railway,
asking the Commission not to interfere
with the work of the adjusters, as they
(the adjusters) would be in Que-
bec on Wednesday next to have another
inspection of the material on the ground.
The Secretary was directed to notify
the Railway Company that if it did
not proceed with the removal of the
debris at once, the Commission would
perform the work at the Company's
expense, as too much delay had al-
ready occurred.

BRANDY.

Owing to the increase in freights on
brandy importations, we are forced to
increase the price of our brandy.
Jules Robin & Co., "3 Totes de Coq"
at \$9.75 wholesale price. The "3
Totes de Coq" Jules Robin & Co., is
the best that we can recommend.
N. RIOUX & CIE.,
Sole Importers,

THE NICKEL.

The subject of the views comprising
the programme at the Nickel are all
of a very entertaining nature and such
as to ensure the ready approval of the
patrons of the house. Some really
fine creations of the photographers
are shown at the Nickel, a fact
that is appreciated by the large and
enthusiastic audiences that attend the
different performances. It is always
the aim of the management to give
a diversified programme, and by so
doing all tastes are served. Miss Rose
Walker, the charming child soprano,
entered upon the second week of her
engagement today. This youthful vo-
calist has made herself extremely popu-
lar with her sweet singing, and there
is no doubt she will again this week
repeat her successes of the past one.
The song she is now singing is a very
pleasing one entitled, "Say, Boys, I've
Found a Girl." Mr. Woods also con-
tributes to the pleasure of the enter-
tainment with his singing of "In Wat-
ermelon Time." The titles of the
pictures shown are More Precious
Than Gold, "Tajamar Domestication,"
"A Servant's Good Joke," "The
Nightmare," and "Piccola Artistia."
This programme will be found in all
respects a meritorious one, and well
worth witnessing.

HIGH CLASS.

Go to the highest class store for
your underwear. J. H. Mullin does
not sell cheap cuts, but gives full
value for your money. He has heavy
and fine underwear for \$1, \$1.50 and
\$2. Also the very best value from the
English mills in half hose at 25c, 35c,
and 50c.

AN ITCHING PALM

No Cure for It. Other Forms of Itching
Preferable.

There is no cure for an itching palm
—the money kind. Even psalm,
the new skin discovery, cannot help it.
But when it comes to eczema, the
most annoying of itching skin trou-
bles, psalm will stop the itching at
once and cure the worst cases in a
few days. So with hives, rash, scab-
ies, split toes, piles, and scaly scalp,
all of which are different forms of
eczema accompanied by severe itching
and caused by imperfect digestion and
careless diet.

Psalm comes in two-dollar jars,
but fifty cents' worth will answer in
curing any of the diseases mentioned.
It can be had of any druggist, Henry
Willis, 4 St. John St., makes a speci-
ality of it.

That results are immediate will be
amply demonstrated overnight by the
use of the experimental sample which
the Emergency Laboratories, 32 West
Twenty-fifth Street, New York City,
will send free by mail in plain wrap-
per, to any one who will write for it.

CHRISTMAS SAILINGS.

Now is the time for those intending
to spend Christmas in the Old Coun-
try to make their arrangements for
their trip. We can state with every
assurance that bookings will be excep-
tionally heavy this season; it is there-
fore advisable to make reservations
now and secure good locations. "First
come, first served." Sailing lists
plans and expert opinion furnished
upon application.

JULES HONE, JR.,
General Railway and Steamship
Agency. Representing all steamship
lines plying between ports in Canada,
the United States, Europe, Mediter-
ranean, Bermuda, Jamaica, West In-
dies, etc., 30 St. John Street and 46
Dalhousie Street.

R. O. LINE.

Steamer Tadoussac will make its last
trip to the Saguenay on Tuesday, 16th
instant.

LEAVING FOR HALIFAX.

A popular young non-commissioned
officer of the Ordnance Store Corps,
in the person of Sub-Conductor F. Wood,
eldest son of Conductor J. H. Wood,
W.O., of this city, is under orders to
proceed at once to Halifax, N.S.,
where he is to be stationed for the fu-
ture. He expects to leave town by
the end of the week. His departure
will be regretted by his comrades on
Citadel Hill, with whom he is very
popular.

AWAY GOES ALL KIDNEY TROUBLE

A few doses and Backache and
Bladder Misery and Restore
healthy Kidney Action.

Out-of-order kidneys act fine and
backache or bladder misery is relieved
after a few doses of Pape's Diuretic.
Pains in the back, sides or loins,
rheumatic twinges, debilitating head-
ache, nervousness, dizziness, sleepless-
ness, inflamed or swollen eyelids, worn-
out feeling and many other symptoms
of clogged, inactive kidneys simply
vanish.

Frequent, painful and uncontrollable
urination due to a weak or irritable
bladder is promptly overcome.

The moment you suspect any kidney,
bladder or urinary disorder, or feel
rheumatism coming, begin taking this
harmless remedy, with the knowledge
that there is no other medicine, at any
price, made anywhere else in the
world, which will effect so thorough
and prompt a cure, as a fifty-cent
treatment of Pape's Diuretic, which
any druggist can supply.

This unusual preparation goes direct
to the out-of-order kidneys, bladder
and urinary system, cleaning, healing
and strengthening these organs and
glands, and completes the cure before
you realize it.

A few days' treatment with Pape's
Diuretic means clean, active, healthy
kidneys, bladder and urinary organs—
and you feel fine.

Your physician, pharmacist, banker
or any mercantile agency will tell you
that Pape, Thompson & Pape, of Cin-
cinnati, is a large and responsible
medicine concern, thoroughly worthy
of your confidence.

Accept only Pape's Diuretic—fifty-
cent treatment—from any drug store—
anywhere in the world.

WINE LADEN SHIP WINS TARIFF RACE.

(New York Herald, Nov. 1.)

Many importers saved a small for-
tune by the arrival last night of the
Touraine, of the French line, which
brought in thousands of dollars in
champagnes, wines and French brand-
ies, which advanced in duty more
than thirty-three per cent after last
midnight.

It was a hard race for the liner,
and her commander, Captain Maurand,
won by a close margin because he was
assisted by the customs authorities,
the Health Officer of the port and a
fast tug that met him to Quarantine
and rushed him to the Battery.

Captain Maurand reached the Custom
House at twenty-five minutes to
eleven last night, with an hour and
twenty-five minutes to spare. The
brokers applauded him and he respon-
ded by lifting his hat. Paul Faguet,
agent of the French line, met him
there. After filing his manifest he re-
turned to his ship on the tug John
Nicholas, which had brought him up
from Quarantine in less than an hour.

Capt. Maurand when 140 miles east
of Nantucket lightship received by
wireless messages from Mr. Faguet,
agent of the French line, urging him
to bring the Touraine into port with
all speed possible, as the Custom
House would receive his manifests as
of Saturday.

Seven hundred and eighty cases of
wines were in the cargo of the Tour-
aine. The St. Paul brought in 1,142
cases and 642 cases of brandy, paying
\$35,000 duty.

The Louisiana, of the French line, on
Saturday paid \$177,000 on its cargo
of wine. The Chicago paid \$229,000
on like freights. Customs receipts for
the week on wines brought in or with-
drawn from bond amounted to \$5-
098,000.

While the captain was speeding up
the bay excited brokers and importers
were filing entries as they could get
their papers ready and recorded. The
moment the arrival of the ship at
Quarantine was recorded the rush to
the Custom House began, as Collector
Loeb accepted importers' entries.

The Touraine reached Quarantine at
two minutes after seven. Health Of-
ficer Doty quickly disposed of the for-
mality of passing the captain. The
latter got on a tug and was rushed up
to the city, where he complied with
the formalities.

The duty on champagne to-day will
be raised from \$6 a case of a dozen
bottles to \$9.60 a case. This is about
thirty cents advance on a quart bot-
tle.

"I've saved nine hundred dollars!"
shouted Geo. W. Alpers, who was
among the first to file his entry last
night. "This is only small change,"
he said, "as the cargo we got on the
Louisiana Saturday represented a sav-
ing in duty of \$42,000." Other men
reported similar savings.

San Diego, Cal., Oct. 31.—By charter-
ing a fast steamer across the At-
lantic, making a hurried haul by char-
tered train across the Isthmus of Te-
hantepec and a quick trip up the
coast to San Diego, French liquor
merchants landed an immense cargo
of wines, liquors and cordials on
California soil before the new recipi-
city treaty went into effect.

The Missouri arrived yesterday
with 800 tons of French liquors.
This is believed to be the largest sin-
gle shipment of that class of foreign
goods ever received on the Pacific
coast.

RECORDER'S COURT.

Five prisoners, four of them for
drunkenness, were before the Recorder
yesterday. They were disposed of as
follows:—Two were fined \$5 and costs
or fifteen days' jail each; one \$2 and
costs or eight days; and one was dis-
missed. A charge of assault was
dismissed. Two men, out on bail, fail-
ed to appear and bench warrants were
issued for their arrest.

STOP

taking liquid physic or big or little
pills, that which makes you worse
instead of curing. Cathartics don't
cure—they irritate and weaken the
bowels. CASCARETS make the
bowels strong, tone the muscles so
they crawl and work—when they
do this they are healthy, producing
right results.

CASCARETS are a box for a week's
treatment. All druggists. Biggest seller
in the world. Millions boxes a month.

R. O. LINE.

Steamer Tadoussac will make its last
trip to the Saguenay on Tuesday, 16th
instant.

LEAVING FOR HALIFAX.

A popular young non-commissioned
officer of the Ordnance Store Corps,
in the person of Sub-Conductor F. Wood,
eldest son of Conductor J. H. Wood,
W.O., of this city, is under orders to
proceed at once to Halifax, N.S.,
where he is to be stationed for the fu-
ture. He expects to leave town by
the end of the week. His departure
will be regretted by his comrades on
Citadel Hill, with whom he is very
popular.
