Thirty-Fourth Year.

JAPAN QUITE WILLING TO AGREE TO NAVAL HOLIDAY UNTIL 1936

Also Ready to Reduce Tonnage of Battleships to 25,000 Tons and to Reduce Maximum Calibre of Guns to Fourteen Inches—Statement, Which Has Been Eagerly Awaited in View of British and United States Announcements of Naval Aims, Said that Japan Was Also Ready to Agree to Prolongation of Life of Battleships from Twenty to Twenty-Six Years.

LONDON, Feb. 13.—The Japanese delegation in a statement given out this afternoon declared that Japan was ready to accept a holiday in battleship construction until 1936, to reduce tonnage of battleships to 25,000 tons and to reduce the maximum calibre of guns to fourteen inches.

The maximum tonnage of six-inch guns cruisers should be from 7,000 to 7,500 tons, and that of flotilla leaders and destroyers should be adequately limited, the statement said.

The age limit of cruisers was suggested at twenty years, and that of destroyers at sixteen years.

The statement, which has been eagerly awaited in view of the British and United States announcements of naval aims, said that Japan also was ready to agree to the prolongation of the life of battleships from twenty years to twenty-six years. Japan attaches special importance to cruisers armed with eight inch guns, and wished to maintain "the minimum force sufficient for the needs of national defense, taking into consideration the forces possessed by other powers."

Japan is convinced, the statement said, that because of the geographical location of her country, the submarines is necessary as a means of defense. At the same time Japan will co-operate with the other powers in strictly regulating the employment of submarines against merchant marine.

Japan proposed to limit its submarine tonnage to its present force. The delegation said it felt that submarines should not be limited, but the age limit should be fixed at thirteen years.

Another suggestion was that the limitations of the Washington treaty with regard to aeroplane carriers should be extended to vessels of this class of less than 10,000 tons.

The memorandum also suggested that the age limit of aeroplane carriers of more than 10,000 tons should be prolonged to twenty-six years but should be fixed at twenty years for other types.

With regard to vessels of special class Japan proposed that they should have a force proportional to that of other powers but that she was willing to reduce it proportionately as the forces of other powers were reduced.

BRITAIN BASES HER HOPE FOR WORLD PEACE ON THE BRIAND-KELLOGG TREATY

LONDON, Feb. 13.—Great Britain bases her hope for world peace on the Briand-Kellogg pact, and "looks forward to a period in which armed conflicts need not be expected" and on these grounds can limit her cruiser fleet to fifty instead of seventy, Prime Minister MacDonald told the House of Commons today.

CHILDREN'S MALADIES CAN BE CHECKED, SAYS DOCTOR

Dr. F. W. Jackson, Director of Manitoba Communicable Disease Department, of Opinion that Seventy Per Cent. of Diseases Can Be Prevented.

WINNIPEG, Man., Feb. 13.—Seventy per cent. of the children who succumb to diseases are victims of maladies that can be prevented, according to Dr. F. W. Jackson, director of the Manitoba Communicable Disease Department. Addressing the Dental Association, Dr. Jackson declared that fifty to fifty-five thousand school children in Manitoba, outside of Winnipeg, require dental attention. Dental defects lower mental ability he said.

THE WEATHER

BECOMING MUCH COLDER

An area of low pressure centred over Northern Quebec has caused rain, with snow in northern districts, from the Great Lakes to the lower St. Lawrence Valley. High pressure and decidedly cold weather covers the Western Provinces.

Forecast: Occasional rain today, becoming much colder tonight and Friday, with local snow flurries.

Northern New England: Rain tonight; colder in Vermont, Friday; Cloudy and colder; possibly light snow in interior; fresh to strong southwest shifting to west and northwest winds.

Theirs Is Newest Royal Romance

These are busy days for Dan Cupid in Europe's royal courts, and a new royal romance looms in the reported engagement of Princess Maria Cristina, above, second daughter of King Alfonso of Spain, and Prince Nicholas, below, of Roumania. Their wedding may take place this year. Prince Nicholas and his sister, Princess Helena, whose engagement to Count Hochberg, has just been announced, accompanied Queen Marie to the United States several years ago.

MAN AND WOMAN SHOT BY POOR UNKNOWN GUNNER

Woman Was Known as Dance Hall Hostess, While Man Was Gambler—Killers Escaped in Automobile.

NEW YORK, Feb. 13.—A woman identified as a dance hall hostess and her escort were killed early today by four gunmen who alighted from an automobile, chased them when they fled in opposite directions and shot them down.

RT. REV. STEHLE DEAD

PITTSBURGH, Pa., Feb. 13.—The Right Rev. Aurelius Stehle, O.S.B., the only arch-bishop in the United States, died at St. Francis Hospital here last night after a short illness.

NO NEED TO BE ALARMED ABOUT WHEAT MARKET

E. J. Garland, M.P. for Bow River, Envisioned Day When League of Nations Will Be Called Upon to Deal With Short Selling in Food Commodities.

STRATFORD, Ont., Feb. 13.—E. J. Garland, M.P. for Bow River, Alberta, declared in an address here yesterday that the Argentine wheat crop is not the only factor contributing to the present condition of the wheat market. Speculation in grain is one of the biggest factors, he declared, and he envisioned the day when the League of Nations will be called upon to deal with short selling in food commodities.

Canada has positively no need to be alarmed at present, he said, because there is nothing to be alarmed about. The wheat crop in the west is what it is doing and every pound of Canadian wheat now in storage would be needed before this year's crop is harvested, he declared.

"If the wheat stored now were sold at the present prices, it would bring two hundred million dollars less than last year," he stated. "That would mean, in effect, two hundred million dollars less purchasing power. For every cent wheat rises in price it will mean two and a half million dollars added to the purchasing power of Canada next year."

"The transportation companies," he added "have nothing to worry about, because they will get the grain when it begins to move."

WORCESTER POLICE CALLED TO CHECK TAXICAB RIOTS

PITTSBURGH, Pa., Feb. 13.—A dozen riot calls yesterday sent police to various parts of the East-end section where taxicab companies attempted to resume service halted by a strike of drivers, in progress since January 12th.

A young woman was trampled by a horse, a mounted patrolman was disarmed by a crowd, four drivers were sent to hospital after suffering injuries and numerous stonings of cabs occurred, according to police reports.

Several arrests of men on suspicious person charges were made.

CLEMENCEAU IS GENEROUS IN HIS CRITICISM OF WAR-TIME LEADERS

Marshal Foch Accused of Insubordination and General John J. Pershing Reproached for Not Throwing American Troops into Front Lines When French Forces Were Hard Pressed—Late Woodrow Wilson Held Up for Admiration as a "Visionary," But Criticized for His Political Inexperience—Final Message of Man Who Led France to Victory Is Sad and Skeptical.

PARIS, Feb. 13.—A violent attack on Marshal Ferdinand Foch, whom he accuses of insubordination, and bitter reproaches directed at General John J. Pershing, for not throwing American troops into the front lines when the French forces were hard pressed, are features of the last book written by Georges Clemenceau, France's "father of victory," before he died.

It is a dramatic book, few war leaders are spared by the "Tiger's bitter pen." Clemenceau shows the impossibility of reconciling the late President Woodrow Wilson's idealism with the realities of wartime Europe. Wilson is held up for admiration as a "visionary," but criticized for his political inexperience.

Story is Sad and Skeptical

The final message of the man who led the French to victory is sad and skeptical, like his own closing years. He warns the world that "to the sound of the Geneva gongs new upheavals are germinating."

"The Tiger" says that sole organization of the American forces cost much French blood, but that Pershing refused to sacrifice his raw regiments and risk a repetition of early British disasters. He insists that Foch failed to make the most of his position as Generalissimo of the Allied Armies, and declares that at one time his own (Clemenceau's) protection saved the great Marshal Foch from the disgrace demanded by the French Parliament.

Pierce attacks on Raymond Poin-

care recur all through the book, the closing chapters laying bare the constant disagreements between the "Tiger" and the Lion of Lorraine, when the former was premier and the latter president of the French Republic.

Clemenceau bitterly upbraids successive French post-war governments for whitening down the conditions of the Treaty of Versailles. In his opinion Germany is now strong again and arrogant. The final chapter confesses the writer's complete disillusionment and his grief at dying with fear in his heart of a new war.

"Grandeurs et Miseres d'Une Victoire" (The Grandeur and Miseries of a Victory) is the title of the work by the War Time Premier, published here yesterday by La Nation.

"YELLOW BIRD" CREW PLAN TO MAKE ANOTHER FLIGHT

PARIS, Feb. 13.—The newspaper Excelsior said today that Rameno Lotti, Rene Lefevre and Jean Assolant, crew of the trans-Atlantic plane "Yellow Bird," were planning a flight from east to west, from Seville, Spain, to New York.

Their machine, which closely resembles the "Yellow Bird," will be ready to start by the end of March, but it is likely that the airmen will test its capabilities by a preliminary flight to Abyssinia.

Actual Figures Of Naval Limitation Discussed By Leading Delegates Of Britain, France And United States

LONDON, February 13.—(By George Hambleton, Canadian Press Staff Correspondent)—Premier Ramsay MacDonald, of Great Britain; Premier Andre Tardieu, of France, and Colonel Henry Stimson, of the United States, met in the British Prime Minister's room at Westminster this afternoon for discussion of the actual figures of naval limitation.

Beyond that and the meeting of experts to consider classification of special vessels, the Conference delegates spent a quiet day.

It is expected both the French and Japanese will issue memorandums on their policy tonight.

RADIO BROADCASTING IN CANADA SHOWS MARKED DEVELOPMENT

While Many of Original Stations in Canada Employed Transmitters Rated at from 50 to 250 Watts, There Are Now Several Stations Equipped With Transmitters Rated at 5,000 Watts—Canada Making Sound Progress in Many Fields of Radio, Such as Use of Short Wave Beam System, Installation of Radio Beacons and Direction-Finding Stations for Safety of Navigation.

OTTAWA, Ont., Feb. 13.—Canada will not be behind its neighbors to the south in the character and power of its radio broadcasting stations if the recommendations of the Royal Commission on Radio Broadcasting are carried into effect, A. N. Fraser, Chief Engineer of the Radio Branch, Department of Marine, declared today, addressing the Engineering Institute of Canada annual meeting on the "Development of Radio in Canada."

While many of the original stations in Canada employed transmitters rated at from 50 to 250 watts, there are now several stations equipped with transmitters rated at 5,000 watts, said Mr. Fraser. That these still fall short of the power employed for broadcasting in the United States was shown in the statement of American stations.

The killers escaped in their automobile. The woman was May Smith, twenty-four and the man Carmine Barilli, thirty, known as a gambler.

RT. REV. STEHLE DEAD
PITTSBURGH, Pa., Feb. 13.—The Right Rev. Aurelius Stehle, O.S.B., the only arch-bishop in the United States, died at St. Francis Hospital here last night after a short illness.

Whether the report on radio broadcasting is adopted by Parliament, in whole or in part, it is anticipated that it will eventually result in the development of some organized system of broadcasting, employing high power stations located at strategic points across Canada.

Mr. Fraser pointed out that Canada is making sound progress in many fields of radio, such as the use of the short wave beam system, installation of radio beacons and direction-finding stations for the safety of navigation.

The radio beacon, or the radio lighthouse, as it might be termed, is the latest development in direction-finding, and Canada has already established ten fully-automatic stations, Mr. Fraser stated. These are located on the Atlantic coast, in the Gulf of St. Lawrence, and on the Great Lakes, and will be followed soon with others on the Pacific Coast. These stations have a range of seventy-five miles, and automatically send out distinctive signals. These beacons enable the navigating officer aboard ship, on taking bearings instead of having to rely on an operator ashore.

Some Organized System of Broadcasting

Whether the report on radio broadcasting is adopted by Parliament, in whole or in part, it is anticipated that it will eventually result in the development of some organized system of broadcasting, employing high power stations located at strategic points across Canada.

Mr. Fraser pointed out that Canada is making sound progress in many fields of radio, such as the use of the short wave beam system, installation of radio beacons and direction-finding stations for the safety of navigation.

The radio beacon, or the radio lighthouse, as it might be termed, is the latest development in direction-finding, and Canada has already established ten fully-automatic stations, Mr. Fraser stated. These are located on the Atlantic coast, in the Gulf of St. Lawrence, and on the Great Lakes, and will be followed soon with others on the Pacific Coast. These stations have a range of seventy-five miles, and automatically send out distinctive signals. These beacons enable the navigating officer aboard ship, on taking bearings instead of having to rely on an operator ashore.

The great care exercised in the choice of material and in the workmanship of the two ships, the speaker declared, was such as to inspire confidence in the outcome of the experiment in Empire communication. "It would appear that all that is necessary is a reasonable amount of encouragement and public interest during the period that airship builders and operators are overcoming their initial difficulties," he said.

Group Captain Stedman traced the development of the rigid airship from its earliest days through the successive stages when Count Von Zeppelin was meeting with success until the present, when the two great creations of British engineering are ready for use on new Empire routes of communication. He drew the attention of those who believe airships impracticable to the reception which steamships met in the early days when the first three companies were borne down by the difficulties which attended the carrying out of a new departure.

"If we could look forward another century, or even a much shorter time," the speaker declared, "it is possible we should see just as great developments in air navigation and in the airship itself as the development that has taken place in the past century in steamships."

Group Captain Stedman traced the development of the rigid airship from its earliest days through the successive stages when Count Von Zeppelin was meeting with success until the present, when the two great creations of British engineering are ready for use on new Empire routes of communication. RURAL HOTELMEN OF QUEBEC TO ASK GOVERNMENT FOR CHANGES

Five-Year License, Midnight as Closing Hour and Selling of Beer by Bottle Are Some of Demands to Be Made—Delegation Expected to Be in Quebec on Monday—At Present Licenses May Be Cancelled on Twenty-Four Hours Notice.

QUEBEC, Feb. 13.—A delegation representing the Province of Quebec Association of Country Hotelkeepers will wait upon the Provincial Government on Monday next, when the request will be made to have certain portions of the Quebec Liquor Act changed.

The chief request to be made by the delegation will concern licenses in rural sections. At present the commission has the power to withdraw a licence at twenty-four hours' notice, with or without reason, though the licensees themselves are granted yearly. The association complains that under such a system it is impossible for the country hotelkeepers to borrow money on a mortgage or in any other way, there being the fear on the part of the would-be lender that the licence may come to an abrupt end, and has still a greater chance to end

Irish Beauty

Ireland's most noted beauty and a leader in British society is the Marchioness of Dufferin and Ava, shown above in a new portrait. She is in the public eye as the wife of the Speaker of the House of Northern Ireland.

ENCOURAGING REPORTS FROM BESIDE OF MR. TAFT

WASHINGTON, D.C., Feb. 13.—The brief but encouraging reports from the bedside of William Howard Taft continued today, attendants reporting that the former Chief Justice had spent a very restful night.

GREAT AIRSHIP DEVELOPMENTS ARE PREDICTED

Captain E. W. Stedman Draws Attention of All Who Believe Airships Impracticable to Reception Which Steamships Met in Early Days.

OTTAWA, Ont., Feb. 13.—The design of the two great British airships R-100 and R-101, rests on a better scientific foundation than has been the case in any previous lighter-than-air craft, Group Captain E. W. Stedman, chief aeronautical engineer in the Department of National Defence, told members of the Engineering Institute of Canada in annual convention here today.

The great care exercised in the choice of material and in the workmanship of the two ships, the speaker declared, was such as to inspire confidence in the outcome of the experiment in Empire communication. "It would appear that all that is necessary is a reasonable amount of encouragement and public interest during the period that airship builders and operators are overcoming their initial difficulties," he said.

Group Captain Stedman traced the development of the rigid airship from its earliest days through the successive stages when Count Von Zeppelin was meeting with success until the present, when the two great creations of British engineering are ready for use on new Empire routes of communication. He drew the attention of those who believe airships impracticable to the reception which steamships met in the early days when the first three companies were borne down by the difficulties which attended the carrying out of a new departure.

"If we could look forward another century, or even a much shorter time," the speaker declared, "it is possible we should see just as great developments in air navigation and in the airship itself as the development that has taken place in the past century in steamships."

PREMIER TASCHEREAU LIKELY TO TAKE UP BUDGET DEBATE TODAY

Jewish School Question Was Brought to Fore in Legislative Assembly Yesterday by Joseph Cohen, M.L.A. for St. Lawrence (Montreal)—Other Speakers Were J. E. Piche, Liberal Member for Temiskaming, and J. E. Charbonneau, Liberal Representative for Laprairie

INVITATIONS TO CONFERENCE AT OTTAWA ISSUED

Increasing Production of Bacon, Butter, Eggs and Cheese Will Be Main Hopic at Meeting

OTTAWA, Feb. 13.—Invitations went forward yesterday from the Dominion Department of Agriculture to each of the provincial Ministers of Agriculture, inviting them or their representatives to attend a conference in Ottawa on March 11 and 12. The object of the conference is to discuss ways and means of increasing the production of bacon, butter, eggs and cheese. Representatives of cooperative societies and various livestock organizations will also be invited.

The letter, which was sent out by J. H. Grisdale, Deputy Minister of Agriculture, points out that the volume of livestock products available for export is steadily decreasing. Ten or twelve years ago, for example, Canada exported large quantities of eggs. In those days Canadians consumed fifteen dozen eggs per head of population. Today Canada is producing twice as many eggs as she did ten years ago, and yet there are none for export, because Canadians are eating thirty-one dozen per capita each year. Canadians are said to be the greatest egg-eaters in the world.

In 1920 the per capita consumption of butter in Canada was 23.61 pounds, and in 1928 it was 29.01 pounds. In this country consumption of cheese in 1928 was 2.71 pounds, and in 1928 it was 3.54. The first year records were kept of the milk consumption was in 1922, when Canadians, on an average, consumed half a pint of milk a day. By 1928 the consumption had increased to a pint a day.

It is in order to keep pace with this increasing consumption and get hold of export trade that this get-together conference has been arranged. Dr. Grisdale will preside, since Hon. W. R. Motherwell, Minister of Agriculture, has not entirely recovered from his recent illness. However, Mr. Motherwell will sit in at many of the sessions.

It will be pointed out that the prices of livestock products under consideration are fairly good and that increased production would not seriously affect them because of the foreign demand. It is thought that the farmers, who appreciate this, would take steps which would result in increasing their revenue by increasing their production.

President Hoover Told by Women's International League for Peace and Freedom that Programme of Delegates at London Conference Clearly Violates Policy Outlined by Him

WASHINGTON, Feb. 13.—The Women's International League for Peace and Freedom yesterday telegraphed President Hoover at his Long Key, Florida, fishing base, asking him to instruct the American delegation at the London Naval Conference to change its announced cruiser and battleship construction policy.

"On Armistice Day" the telegram said, "the American people will come to your courageous pledge, 'we shall reduce our naval strength in proportion to any other. Having said that, it only remains for the others to say how low they will go. It cannot be too low for us.'"

At the London conference the American delegation's programme for cruiser and battleship construction clearly violates your stated policy of the official American policy at the Conference as expected by the millions of peace advocates who have been supporting you."

QUEBEC, Feb. 13.—It is expected that Premier Taschereau, who adjourned the debate on the budget in the Legislative Assembly, will reply to his critics today. Yesterday the chief speaker was Joseph Cohen, Liberal M.L.A. for St. Lawrence, (Montreal), who introduced the matter of the Jewish School question, but steered away from the merits of any problems which may happen to be before the Government. He took it for granted that there is to be Government legislation, a statement which strengthens the viewpoint that the Government will take hold of the bill brought in by Peter Bercovitch, Liberal M.L.A. for St. Louis, Montreal, and with such amendments as is deemed fitting, bring it before the House as its very own solution of the vexatious issue which has been perplexing the legislative mind for these past eight years.

As noted, Mr. Cohen brought in the school issue incidentally, his main contribution to the jungle of figures being to say that it was not whether the people pay the odd cent or more per capita than in other provinces, or pay the odd cent less than other provinces—which happens to be the case—which counts, but what matters is how the money is spent, and the fruits which flow from the golden output.

Other speakers yesterday were J. E. Piche, Liberal M.L.A. for Temiskaming, and J. E. Charbonneau, Liberal M.L.A. for Laprairie-Napier.

Mr. Piche referred to colonization conditions in Temiskaming, and spoke thankfully of the help which the Government is rendering, saying that the colonists are faced with many difficulties. He suggested that his county would be the better for several additional industries. There was much talk of cheaper electric rates in Ontario, but Mr. Piche did not lend much ear to that talk, since he, the people in Ontario just across the river paid fifteen cents a kilowatt hour.

J. E. Charbonneau, Liberal M.L.A. for Laprairie-Napierville, said he did not want his county divided. He said that the Opposition was too fond of depreciating agriculture in the province, and believed that the Opposition should change its attitude if it wished to create a better agricultural mentality. He saw no reason for making the people believe that the Government has been badly treating the farmers.

C. A. Paquet, Liberal M.L.A. for Montmagny, added a few words as to what the Government has done for his county, and the Premier adjourned the debate.

At the London conference the American delegation's programme for cruiser and battleship construction clearly violates your stated policy of the official American policy at the Conference as expected by the millions of peace advocates who have been supporting you."

St. Francis District News

ULVERTON

Mr. E. A. Rick returned to his home in Danville, after spending a few days with his father, Mr. W. H. Rick, who is ill and Mrs. Rick. The many friends of Mr. Rick are pleased to know he is recovering.

Miss Kathleen Cummings, of Montreal, spent the week-end here at the home of her parents, Mr. and Mrs. G. O. Cummings.

Miss Leduc spent Saturday in Sherbrooke.

Miss Doris Wadleigh, of Montreal, and Mr. Carl Wadleigh, of Drummondville, were week-end guests at their home here.

Mr. A. P. R. Kerr was unanimously re-elected president of the Richmond County Wool Growers' Association at their annual meeting held in Richmond on Saturday, February 1st.

Mr. Styles, of Montreal, was a week-end guest in the home of Mr. and Mrs. J. A. Wadleigh.

Mr. John Harriman, of Drummondville, spent the week-end at his home here.

The marriage took place in Richmond on Saturday, February 8th, of Mrs. Ember Massey, of this place, to Mr. Charles P. Demers, of L'Ange.

Miss Bertha E. Hodge, a teacher in the Consolidated School, was called to her home in Sherbrooke on Tuesday of last week by the serious illness of her father, who has been an invalid for some time. Word was received that Mr. Hodge passed away on Sunday, February 9th. The vacancy in the School staff caused by the absence of Miss Hodge is being filled this week by Miss Evelyn Gilchrist, a qualified teacher in Kirkdale.

The Valentine party, which was being planned by the members of the Edelweiss Club has been postponed to Friday evening, February 21st.

Mr. Alfred M. Weare has so far improved as to be able to go out after having two fingers taken off as result of an accident with a saw.

Mr. and Mrs. A. G. Harriman spent a day in Gore recently, guests of Mr. and Mrs. E. Stimpson.

HATLEY

A satisfactory return was received from the annual meeting of the Hatley Church, when a pleasing programme was presented, with the pastor, Rev. A. W. Seaton, presiding. Following a community chorus appropriate to the season, "Jingle Bells," a duet, "The Barefoot Trail," was sung by Mr. and Mrs. D. N. Vaughan, who responded to an instant encore, with "Juanita," with organ accompaniment by Mrs. McDougall. Mrs. Wheeler, of Massawippi, also gave two vocal solos, "Sorter, Miss You," and "Smilin' Thru," with violin and accompaniment by Mr. and Mrs. C. Sloggett, of Massawippi. Two humorous recitations were afterward given by Mrs. C. W. Moulton and Masters Stanley and Robert Whitcomb, who each contributed a selection. In the closing chorus, "Glory, Hallelujah," the accompaniment was by both organ and violin. The next in order was the banquet of sugar on snow, hot coffee and nut cakes. The proceeds amounting to nearly ten dollars, will be used by the members of the Women's Association.

Pain Around Heart Weak Spells Would Fall Over

Mrs. James Vanalstine, Pibroch, Man., writes: "I had pains around my heart, and suffered with weak, smothering spells. Sometimes I would fall over and would have to be picked up and put to bed."

"I used several bottles of

and it is now over three years since I have had a spell.

"I hope anyone who is in the same condition I was will give H. & N. Pills a fair trial."

Price, 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

McCoy's Cod Liver Extract Tablets Fine For Thin Frail Kids

Children Love Them Because They Are Sugar Coated and as Easy to Take as Candy.

It's your duty, Mother, to see that the frail, peaked, sickly youngster grows up to be strong in body, keen in mind and robust in health.

Extracted from the livers of the lowly codfish are the health, weight and strength producing vitamins that are found in McCoy's Cod Liver Extract Tablets, which are sold by pharmacists all over North and South America.

Doctors know about them and so does Chagnon's and druggists everywhere and if your children need building up ask for these tablets today if you want to give your loved ones a good appetite and put pounds of good healthy flesh on their bones. But be sure and get McCoy's.

They are not expensive—60 tablets—60 cents and if you are not pleased with the improvement after 30 days—your money back.

A very sickly child, age 9, gained 12 pounds in seven months and is strong and healthy.

One skinny woman gained nine pounds in 24 days.

KINGSBURY

The W.M.S. of the United Church held its monthly meeting at the home of Mr. and Mrs. F. Walsh, where Mr. and Mrs. Webster are spending the winter months. Mrs. Webster, whose health has been somewhat impaired for some time and in falling was badly shaken.

Mr. and Mrs. Walsh who are passing the winter in Miami, Fla., write of intense heat. Previous to this winter Daytona, Fla., has been the farthest southern point they have visited, where the climate is cooler and more salubrious.

Mr. and Mrs. McDougall, of Acton, were the week-end guests of Mr. and Mrs. Charles Stevens.

Rev. E. C. James has returned home after spending a week with his brother and other friends in Montreal.

Mr. and Mrs. Albert Dilley gave a dance and party on Wednesday evening, February 5th in honor of their daughter, Olive's thirteenth birthday. There were about forty guests, who all enjoyed a very happy evening.

Mr. and Mrs. Leonard Leach, of Acton, were the week-end guests of Mrs. Leach's parents, Mr. and Mrs. E. Solomon, Mr. and Mrs. Vernon Booth, of Sherbrooke, were Sunday guests at the same home.

Mr. and Mrs. W. B. McMorine and Masters Keith and Murry were guests Sunday at the home of Mr. and Mrs. R. A. Crockett.

Mrs. G. Malboeuf and Mr. E. Malboeuf went to South Durham on Sunday and were guests of Mrs. Malboeuf's sister, Mrs. E. Beliveau and Mr. Beliveau.

WATERVILLE

Mrs. W. Healy and Mrs. Giddings spent Friday in Sherbrooke.

Mr. Fred Blier was home from Sherbrooke to spend the week-end with his sister, Miss Delphine Blier.

Mrs. K. Spafford was in Sherbrooke on Friday.

The Misses Mildred Smith and July Swann spent Saturday in Sherbrooke with friends.

RANDBORO

Mrs. C. E. Speck, of Sawyerville, is spending a couple of weeks with her daughter, Mrs. Edward Tannahill and Mr. Tannahill.

Mr. and Mrs. J. N. Beliveau were Sunday guests at the home of Mr. and Mrs. Mederie Gaulin in Sawyerville.

Mrs. Archie Stronach, of Island Brook, spent a few days the guest of Mr. and Mrs. Albert Parker during the past week.

Mr. Valentine Swail was visiting friends in Island Brook recently.

Mrs. Wallace Boyd spent Saturday in Flanders, visiting her mother, Mrs. W. Treasler.

Mr. J. W. Hall, who met with such a painful accident some two weeks ago, having four of his fingers badly cut while removing the slabs from the slab saw in Mr. Wooten's saw mill, had to have one of his fingers amputated at the first joint. Doctor Gillander performed

the operation at Mr. Hall's home on Thursday, February 6th. He was assisted by a Margaret McCrae. Although Mr. Hall is suffering much pain, he is getting along as well as can be expected, but it will be some time before Mr. Hall will be able to do any work.

Mr. Eddie Ward, who has been quite ill and confined to his bed is better and able to sit up a while each day.

Miss Henrietta Banks, of Cookshire, and Miss Maud Banks, of Sawyerville, were recent guests at the home of Mr. and Mrs. Edward Tannahill.

Mr. and Mrs. M. A. Wheeler, of Bulwer, were week-end guests at the home of Mr. Wheeler's sister, Mrs. Wm. Parker and Mr. Parker.

Mr. A. J. Wheeler, of Massawippi, who is working for Mr. Wooten was also a guest at the same home over the week-end.

A sunshine bag was sent to Miss Della Parker for her birthday recently. Miss Parker has been very poorly for some time.

Mr. Fred Martin and Mrs. Horace Cairns were in Sherbrooke recently. Mr. Fred Martin went to consult a specialist about his eyes.

JOHNVILLE

The Ladies' Guild will meet in the Guild room for dinner on Thursday. The hostess will be Mrs. T. G. Somers.

BARNSTON

Mr. and Mrs. George Wyness and son, of Hatley, were Sunday visitors at Mr. Alex Brown's.

Mr. and Mrs. A. L. Pope and daughter, Meryl, spent Sunday in North Hatley with Mrs. Pope's sister, Mrs. Hattie Samson.

Mr. and Mrs. Freeman Sutton entertained over the week-end the Misses Alice Whitcomb and Emily O'Dell, of Sherbrooke.

Mr. Guy Bryant spent the week-end in Dixville the guest of Mr. and Mrs. Cyril Drew.

Miss Ellen Parsons spent the week-end in Sherbrooke with her friend Miss Roberta Richardson.

Mr. and Mrs. Willard Pope, accompanied by Mr. and Mrs. Allen Grady, of Coaticook, were guests of Mr. and Mrs. Gordon Bellows, of Dixville, on Sunday.

Miss Helen Davis spent the week-end in Coaticook with her sister, Miss Ruth Davis.

Mrs. Norman Morrison has been quite ill with tonsillitis.

The Misses Marion and Jessie Corey and Master Hamilton Corey, who have been confined to their house with measles, are now able to be out.

Mr. and Mrs. Fred Gilbert spent Sunday in Heathton the guest of her mother, Mrs. Beane.

Mr. John Wright, of Ayer's Cliff, was visiting at Mrs. Mina Wright's on Sunday.

Explains How Enlarged Veins Can Be Reduced

Oftentime Veins Burst and Cause Much Suffering, Expense and Loss of Employment

Many people have become dependent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first-class drug store and apply at home as directed, you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Moore's Emerald Oil, which has brought much comfort to worried people all over the country, is one of the wonderful discoveries of recent years, and anyone who is disappointed with its use can have their money refunded.

If Ruptured Try This Free

Apply It to Any Rupture, Old or Recent, Large or Small and You Are on the Road That Has Convinced Thousands.

Sent Free to Prove This

Every ruptured man or woman should write at once to W. B. Rice, 1290-N Main St., Adams, N.Y., for a free trial of his wonderful Method. Just put it on the rupture and the opening closes naturally so the need of a support or truss or appliance is then done away with. Don't neglect to send for the free trial of this amazing Application. Even if your rupture doesn't bother you, what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a small and innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running such risk just because their ruptures do not hurt nor prevent them from getting around. Write at once for this free trial, so it is certainly a wonderful thing and has aided in healing such dangerous wounds as big as a man's fist. Try and write at once, using the coupon below.

FREE FOR RUPTURE

SCOTCH CHURCH AT MELBOURNE HOLDS MEETING

Reports Presented on Various Organizations of Church Were All Very Gratifying, as Was Also Financial Statement.

MELBOURNE, Que., Feb. 13.—St. Andrew's Presbyterian Church held their annual congregational meeting on Monday, February 10th, with a good attendance. Reports were presented by Mrs. Geo. Jameson for the W.M.S.; Mrs. Fay, on behalf of the Ladies' Association; Miss J. Wood for the Sunday School and Mr. W. E. McIvor for the congregation. Mr. C. J. Hill reported to the congregation that Miss Sutherland, of Richmond, had given to the Presbyterian Church property on College Street, Richmond, to the value of about \$4,000.

Amounts raised during the year by the various organizations are as follows: W.M.S., \$159.; Ladies' Association, \$1,038.; Sunday School, \$169.; envelopes, \$2,745.; repairs to manse and church during the year cost \$1,395, while the total amount raised for all purposes was \$7,019.47. The membership of the church is now 117 and the property value \$29,500.

All outstanding obligations of the church were met, and a substantial balance left in the treasury.

The Presbyterians of Richmond will erect a new church during this year, having lost their church through union.

MARSBORO

Mr. M. D. MacDonald has gone to Sherbrooke to see his niece, Miss Maud MacDonald, formerly of Marsboro, who is seriously ill.

Mrs. D. A. MacLean was in Sherbrooke visiting friends.

Mrs. R. E. Morrison went to Hobeau, to visit her daughter, Mrs. Wilson.

Mrs. D. G. MacLeur went to Scottstown to visit friends.

Mrs. D. A. Stewart has gone to Eustis to visit her daughter, Mrs. Allan.

Miss Katie MacDonald, of Sandy Bay, is home from Scottstown, where she has been visiting friends for a few weeks past.

Mrs. M. Gasso, Shandaign, N.Y., is visiting her aunt, Mrs. M. J. MacIver, Victoria Hill.

Business is rushing now in this place, hard to get men and teams enough to supply the demand and at that account there are many from other places working in Marsboro just now.

Something very unusual is happening in Marsboro this winter. Hen houses are broken into and chickens are stolen, but the latest and most profitable to the thief, happened Monday night, when the barn of Mr. A. W. McLeod was broken into and a quarter of beef stolen.

TERRIBLE SUFFERING Day And Night With Eczema

Mrs. Marlin H. Giesbrecht, Winkler, Man., writes: "I have used

BURDOCK BLOOD BITTERS

with good results for eczema. My face and shoulders were simply covered with blotches of this terrible disease.

"Nothing did me any good until I took your medicine and it has relieved me of the terrible suffering I had to go through day and night."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Felt Tired and Miserable

"I took Lydia E. Pinkham's Vegetable Compound for miserable and tired feelings and it gave me strength to do my work. My nerves are better and I feel well and strong and have a good appetite. I sleep well and am in pretty good spirits and able to work every day now. I recommend the Vegetable Compound and you may use this letter as a testimonial."

Miss Delvena Wallace, Union Street, North Devon, New Brunswick.

Lydia E. Pinkham's Vegetable Compound

Could not Eat or Sleep after Husband's Death

Her husband's death left her very run down in health, unable to eat or sleep much. Now she is brighter in spirits and eats and sleeps well. What caused the difference? Let her answer in her own words—

"I think Kruschen Salts are a splendid medicine. After my husband's death in December last I became very run down in health. Had terrible fits of depression and was unable to sleep or eat much. I was also troubled with rheumatism. I decided to take Kruschen Salts and have now taken the little daily dose for nearly two months, during which time my health has greatly improved. The rheumatism has completely left me. I am much brighter in spirits and both eat and sleep well."

When life begins to "get you down," when you begin to feel the results of modern artificial conditions—errors of diet, worry, overwork, lack of exercise—then you should turn to Kruschen Salts. They possess a wonderful power of giving new life and vitality to the countless millions of cells of which the human body is composed. The way to keep smiling is to take Kruschen Salts every morning—just a pinch in your first morning cup of coffee or tea.

DIXVILLE

Mr. Arthur Jones, of Coaticook, was the week-end guest of his sister, Miss Doris Jones and Mr. and Mrs. A. J. Martin.

The Ladies' Guild of St. Cuthbert's Church met with Mrs. I. E. McIvor on Tuesday afternoon, February 8th, with a large attendance. The president, Mrs. Grady, opened the meeting with reading and prayer. After the business part of the meeting the remainder of the afternoon was spent in sewing. About four-thirty o'clock supper was served. Mrs. Grady presided at all present. Mrs. Frank Humphrey kindly invited the Guild to meet with her on Tuesday afternoon, February 18th and to hold a baked bean supper in the evening at the same place.

Miss Evelyn Wright, of Draper's Corner, spent the week-end at her home here.

Miss Marion Crawford and Miss Verlan Norris, of Coaticook, were visiting friends here on Friday last.

The Ladies' Mission Circle will hold their regular monthly meeting on Thursday afternoon, February 13th at the home of Mrs. John Gilson.

The conference for the pastors and laymen of the Baptist churches of the Eastern Townships will meet at the Baptist church, Waterville, on Tuesday, February 19th.

Mr. T. J. Grady has been confined to his home with a severe cold during the past week.

The members of the B.Y.P.U. will hold a social evening in the Foresters' Hall on Friday, February 14th.

SAND HILL

The Guild will meet with Mrs. Blodgett on Thursday morning, February 13th. As this is the annual business meeting, all members are asked to be present. The annual Vestry meeting of St. Luke's Church was held on Monday, January 19th. The following officers were elected for the coming year: sidesmen, Messrs. E. Hemming, H. Thompson, G. Blodgett; minister's wardens, Mr. M. Labere; people's wardens, Mr. L. Copping, Synod delegates, Mr. R. Labere, Mr. E. Hemming; auditors, Mrs. F. E. Warner, Mr. H. Thompson. Mrs. F. E. Warner read the report of the Guild for the year 1929.

Miss Gladys Boyd, of Sherbrooke, is the guest of her sister, Mrs. M. D. Labere, over the week-end.

Mrs. R. E. Labere spent a few days last week, guest of Mrs. G. Robins, Johnville.

Mrs. L. E. Copping, who has been a patient in the Sherbrooke Hospital for the past month, is at present the guest of her aunt, Mrs. J. R. Broadbelt, Sherbrooke.

BROMPTON

Miss May Wheeler, of Sherbrooke, spent the week-end with her parents, Mr. and Mrs. L. E. Wheeler.

Mr. and Mrs. H. T. Ward, Messrs. E. E. and D. M. Perkins were in Sherbrooke on Monday.

The Senior W.A. met Friday afternoon with Mrs. A. H. Knapp and Mrs. Wm. Blair, with a good attendance.

DAVIDSON HILL AND BETHEL

Mr. Wolfendale, a student of Montreal, took charge of the service here at All Saint's Church on Sunday. Service will be held here again on Sunday, February 23rd at seven a.m.

Mrs. Earl Tibbitts and two children have returned home, after spending a few weeks in South Durham.

Mr. Earl Tibbitts, who is working in South Durham, spent Sunday here with Mrs. Tibbitts and family.

Mr. Frank Davidson, who was working in the woods for Mr. Joseph Davidson, had the misfortune to jam the end of his thumb between two logs on Thursday last. He was taken to Valcourt on Saturday to Dr. P. Langlois to have the injured thumb dressed. His many friends are glad to know he is doing as well as can be expected.

Miss Relia Lay spent the week-end at her home in Melbourne.

Mrs. F. Tibbitts, of West Ely, is in the Sherbrooke Hospital. Her many friends here wish her a speedy recovery.

Mrs. Gordon Davidson and Master Elmer Davidson were here to see Mrs. Rasicot, who is quite ill, one day recently. Her many friends are sorry to hear she does not gain very quickly.

A number of the young people from here attended the dance in South Durham on Friday evening, at the home of Mr. Chas. Nixon.

RICHMOND NEWS AND PERSONALS OF INTEREST

Conductors' Brotherhood Gave Oyster Supper—Standing in Checker Tournament—Newsy Items and Personals from Richmond and Vicinity.

RICHMOND, Que., Feb. 13.—The Order of Railway Conductors, Canadian Division No. 342, of this place, provided a splendid entertainment for their friends, on Thursday evening of last week, when they gave an oyster supper in the town hall followed by bridge and 500. The guests of honor were superintendent J. E. Laporte and Mrs. Laporte, assistant superintendent J. L. Burns and Mrs. Burns. No effort was spared on the part of the committee in charge to make the annual affair the success it proved to be. The committee was ably assisted by Mrs. Richmond, Mrs. Baird, Mrs. Roy, Mrs. Hudson and Mrs. Hamilton to whose skill the attractiveness of the banquetting tables was largely due. The committee in charge was made up of Messrs. W. J. Baird, C. A. Watt, E. Richmond, W. Hudson, A. Allard and E. Thibodeau. The winners of the prizes were, bridge, Miss Rose Marie Marchand and Mrs. Rene Chaine, for the ladies, and Mr. H. E. Beiber and Mr. Sarto Galt for the gentlemen; in 500, Miss Eva Evans and Mrs. P. W. Walker for the ladies, and Mr. F. W. Walker and Mr. Paul Tremblay for the gentlemen.

The standing in the Checker Tournament here on Saturday night after the games had been finished is: Mr. R. M. Ross, 24 games, 34 points; Mr. J. J. Ewing, 20 games, 19 points; Mr. C. B. Caswell, 24 games, 25 points; Mr. J. O. Marchand, 32 games, 30 points; Mr. Ed O'dell, 5 games, 7 points; Mr. A. E. Dyson, 20 games, 9 points; Mr. M. L. Brady, 22 games, 20 points; Mr. R. M. Graham, 24 games, 30 points; Mr. F. W. Dyson, 24 games, 33 points; Mr. Robert Barr, 12 games, 7 points.

Mrs. Angus McRae and Mrs. Fred McKee together entertained a number of friends at the home of Mrs. McRae on Tuesday afternoon. Cards were played but the games were so conducted as to simulate an exciting contest. Exact table was an airport and each player received a score card purporting to be a certificate of qualification as an air-pilot of one of the air-ships in the fleet composed of such illustrious machines as Getta-Jolt, Flighy-Flap, Teetering-Jill, Leap-Lena, Dizzy-Lizzie, etc. Pilot Hibbard exhibited outstanding skill, proving to be the most successful aviator and winning by several points over the skill of Pilot Chamberlin, who was in turn followed by Pilot Belford. Trailing in the prize race was one called Pilot Dresser, who after some difficulty managed to make a safe landing.

Mrs. Rene Chaine entertained a large number of friends at bridge on Monday evening there being six tables in use. Prizes were won by Mrs. J. Marcotte, Mrs. Walsh, Miss McGovern, Mrs. Grant Campbell and Mrs. A. W. McCabe.

Mr. and Mrs. E. A. Lewis were the winners of the prizes at a bridge given by the Misses Dresser on Wednesday evening of last week.

After the games on Saturday evening, Mr. and Mrs. C. W. Armstrong entertained the Badminton Club at their home.

Mr. George Abel, of Ottawa, visited friends in town on Monday and Tuesday of this week.

On Tuesday morning Mrs. G. V. MacLay and other radio owners entertained a concert that was being given in Sydney, Australia, through a hook-up via Oakland, Cal., and Schenectady, N.Y. The time in Sydney was 11 p.m. Monday night corresponding with 8 a.m. Tuesday here. The reception is said to have been remarkably good.

Mrs. C. W. Armstrong entertained at bridge on Monday evening, when Mrs. Chamberlin and Miss Olive Smilie were the prize winners.

Miss Marian Peplar spent the week-end with her sisters in Montreal.

Were the Duke of Richmond, whose patronymic the Town of Richmond proudly wears—were the ghost of his Lordship to visit Mayor Ewing at the present time, he would not express himself in more delightful phraseology than has that talented English journalist, T. Lee Quimby described in the article prepared for the Record Annual Review edition. The issue will be on sale as usual at the C.N.R. depot, where Ernest Hungerford dispenses good cheer to the passing traveller. And Armand Marchand, your dependable little evening delivery boy, says he will supply extra copies to any one of your 2000 readers in the town limits. You had the Montreal evening papers to the town by several hours. Mrs. Ada Nixon, at your uptown agency, is also a most popular representative of your clever daily.

CHERRY RIVER

Mrs. Everett Martin and young child, from Lennoxville, are spending some time with Mrs. Martin's parents, Mr. and Mrs. Archie McKelvey.

Mrs. Harry Whittier, who has been quite ill for the past week, is not improving very fast.

Miss Helen Whittier, of Sherbrooke, was a recent guest of her parents and sisters.

Miss Hazel Bullard, from Macpoc, spent the week-end with her parents, Mr. and Mrs. F. E. Bullard. Mr. Gordon England, from Waterville, was also a guest at the same home.

Mrs. Henry Quilliams is spending a couple of weeks in Lennoxville. Falls the guest of her daughter, Mrs. Peter Hebert, and family. On Sunday afternoon about four

How Virol builds Children for LIFE

MRS. BAKER WHEN A CHILD

Two Generations of PROOF

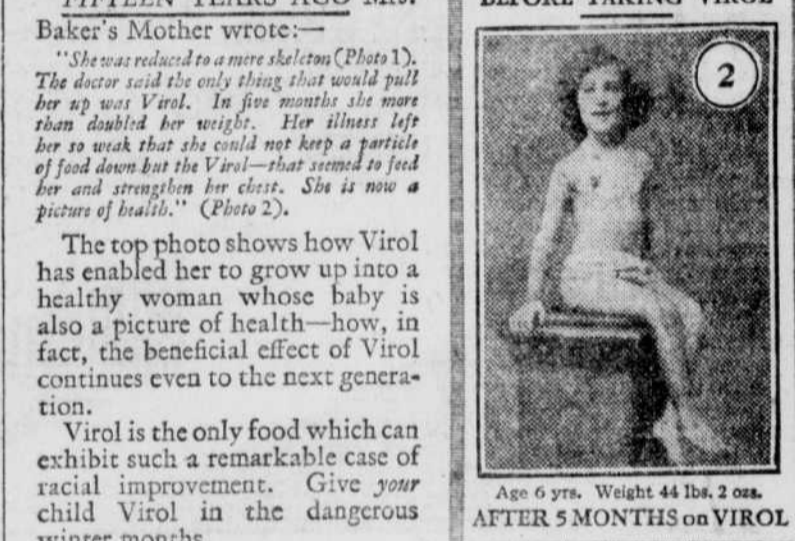

TO-DAY Mrs. Baker is a splendid healthy woman with a splendid healthy baby. Yet 15 years ago she was at death's door. Read how Virol saved her life when she was a child and laid the foundations of her own permanent good health and that of her child.

FIFTEEN YEARS AGO Mrs. Baker's Mother wrote—

"She was reduced to a mere skeleton (Photo 1). The doctor said the only thing that would pull her up was Virol. In five months she more than doubled her weight. Her illness left her so weak that she could not keep a particle of food down but the Virol—that seemed to feed her and strengthen her chest. She is now a picture of health." (Photo 2).

The top photo shows how Virol has enabled her to grow up into a healthy woman whose baby is also a picture of health—how, in fact, the beneficial effect of Virol continues even to the next generation.

Virol is the only food which can exhibit such a remarkable case of racial improvement. Give your child Virol in the dangerous winter months.

These are guaranteed to be genuine photographs and accurate particulars of Mrs. Baker. This and every other case published by Virol Ltd. are open to the strictest investigation by any Doctor interested.

Joints Once Stiff and Creaky Now Work With Smoothness

JUST LIKE A YOUTH OF TWENTY

When your joints are ailing, get stiff and creaky and sometimes are inflamed and swollen, you naturally want to get rid of the pain and agony as quickly as possible.

When such a condition exists, don't send a boy to do a man's work—get a remedy that is made for joint distress—and for that purpose only.

Have you ever heard of Joint-Ease?

Here's a soothing, pain subduing, penetrating emollient made right here in Canada and sold by druggists throughout the Dominion.

Just rub it on the troublesome joint and notice how quickly it soaks right in—is absorbed.

It penetrates and away it goes through skin and flesh right down to the hinges of the offending joint—then blessed relief comes—speedily.

Notice how quickly that stiff, croaky joint limbers up—the inflammation is conquered—the swelling goes down—your joints work again with ease and smoothness.

That's worth a lot of money to you, but Joint-Ease costs you next to nothing for you can get a generous tube at any drug store for 60 cents with the understanding that you must get quick results or money back.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seats of the trouble, and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION FOR THE COUGH OR COLD THAT HANGS ON

o'clock the house of Mr. Henry Quilliams was discovered to be on fire, it having caught first from the pipe that connects with an outside chimney in the rear of the kitchen. Plenty of help was available just at that hour, and they soon had the flames under control, but not before considerable damage had been caused.

Mrs. Basil Largy, from Macpoc, has been here caring for Mr. James Largy, who has been quite ill the last week.

Mr. Lyford George spent the week-end in Sherbrooke with friends.

Mr. and Mrs. Albert Willard, Mrs. Mackey and Mrs. B. W. Jenkerson attended the funeral of the late Mr. Sunday.

F. A. Card at Bishop's Crossing, on Thursday, February 11th.

Mr. and Mrs. Aaron Westman were calling at Mr. J. Mann's, at Lime Ridge, on Sunday, to see Mr. Freeman Westman who is ill.

Miss Cora Grey, of Brookbury, was a recent guest at Mr. Albert Willard's. Miss Muriel Willard returned home with her for a few days' stay.

Mr. and Mrs. B. A. Gilbert were calling at Mr. B. W. Jenkerson's on Sunday.

DUDSWELL JUNCTION

Mr. Lyford George spent the week-end in Sherbrooke with friends.

Mr. and Mrs. Albert Willard, Mrs. Mackey and Mrs. B. W. Jenkerson attended the funeral of the late Mr. Sunday.

Children's Colds
Checked without "dosing." Rub on VICKS VAPORUB.

Mr. and Mrs. B. A. Gilbert were calling at Mr. B. W. Jenkerson's on Sunday.

Bedford District News

TIBBITTS HILL

Mrs. Nina Robinson of Waterbury, Vt., is spending some time with her niece, Mrs. Frank Barnes. Mr. Leonard Eldridge and Miss Marjorie McGill, of Bolton Centre, are spending a few days with Mr. and Mrs. Forest Eldridge.

Mr. and Mrs. Leslie Armstrong were tea guests of Mr. and Mrs. Ernest Ladd in Bondville on Saturday.

had presented to the Bondville Guild. Mr. Harold Prouty was the holder of the lucky number, sixty-six. A very pleasant evening was drawn to a close with an appropriate speech by Mayor Tibbitts in the absence of Rev. A. Radmore. Several out of town guests were present. Proceeds of the evening were \$19.40.

FARNHAM

Mrs. Harry Campbell attended the funeral of her cousin, the late Miss Luella Harrison, at Bedford. Mr. McCorkill also attended the funeral. The friends in town deeply regret to hear of her death. The late Miss Harrison spent some time a few years ago in town on professional duties.

Mrs. E. Pollender entertained a number of her friends on Friday evening when 500 was played at three tables. Refreshments were served by the hostess at the conclusion of the game.

In Friday's issue of the Record in the account given on the Board

Mrs. Leslie Armstrong and daughter, Hilda, called on Mrs. Albert Girvan in Broms on Sunday.

Mr. and Mrs. Forest Eldridge entertained a 500 party on Friday evening, February 7th, in aid of the Bondville Guild. Cards were played at eleven tables. Ladies' first prize was won by Mrs. Leslie Armstrong, second, Mrs. Chas. McClay; consolation, Mrs. Frank Barnes; gentlemen's first prize was won by Mr. Harold Prouty; second, Mr. Henry Barnes; consolation, Mr. Maurice Tryhorn. During the evening a silk quilt was raffled, which Mrs. John Jones, Sr., of Williamstown, Mass.,

BEDFORD NEWS AND JOTTINGS OF INTEREST

News Notes and Personals of Public Interest from Bedford and Neighborhood.

BEDFORD, Que., Feb. 13.—Miss Higginson, of Calumet, was the guest over the week-end of her sister, Miss Jean Higginson.

Mrs. William Ewing who has been the guest for a time at the home of her sister-in-law, Mrs. Robert Russell and Mr. Russell has returned to her home in Montreal.

Mr. R. M. Cook held an auction sale of his household effects at his home near Stanbridge East, on Saturday afternoon. Mr. and Mrs. Cook, who have been the guests of the latter's parents, Mr. and Mrs. Matthew Ewing, for several weeks are leaving in the near future for their home at Prairie River, Alta.

Miss Margaret Cockerline, of Montreal, was the guest over the week-end of her parents, Mr. and Mrs. J. W. Cockerline.

Mr. W. C. King, manager of the local branch of the Bank of Montreal left on Saturday for his home in St. Thomas, Ont., where he will spend the coming week with his mother, Mrs. D. King.

On Sunday next at St. James' Church, there will be a celebration of the Holy Communion at eight o'clock, being the third Sunday in the month.

A successful card party under the auspices of St. James' Church was held Wednesday evening in the county building with a good attendance, cards being played at twenty tables. This is one of a series of card parties, which have been held fortnightly during the winter months. From now until the beginning of the Lenten season the card parties will be held weekly.

Mrs. Windsor Alcombrack, together with her daughter, Miss Frances Alcombrack, were recently guests of the former's sister, Mrs. C. Lagrange, at Guthrie.

Mr. Felix Pratte, of Swanton, Vt., was the guest over the past week-end of his father, Mr. Napoleon Pratte.

Mrs. George Hayes, who was the guest of her parents, Mr. and Mrs. William Thompson, for several days has returned to her home in Stanbridge River.

Miss Blanch Aubin, R.N., of New York, has returned to Bedford and is with her parents, Mr. and Mrs. Frank Aubin, caring for her mother, who is ill.

Mr. and Mrs. Frank Best with their children, returned from their trip to St. Albans, Vt., on Sunday and were the guests of relatives.

Miss Ruth Hislop, who has been with her uncle and aunt, Mr. and Mrs. H. O. Roy for a time, has returned to her home at Swanton, called by the illness of her mother.

Mrs. Vernon Connolly, who has spent the past week with her sister, Mrs. Hiram Best, has returned to her home in Boston, Mass.

The Altar Guild of St. James' Church will hold a Thursday afternoon service on Thursday afternoon, February 20th, in aid of the Guild. A programme will also be given in connection with the tea and a table of handkerchiefs will be on sale.

On Monday evening, Mrs. A. T. Gould was the hostess at an enjoyable bridge, when cards were played at four tables. The prize for the highest score went to Mrs. W. C. King, while Mrs. R. L. Craighead received the consolation prize. The hostess was assisted in serving refreshments by Mrs. Lyle Gould.

Mr. and Mrs. Wilbur Borden motored to St. Albans, Vt., on Sunday.

Mr. William Thompson sustained painful and serious injuries on Saturday afternoon. While standing on a ladder, removing the snow from the roof of his veranda, the ladder slipped and Mr. Thompson in an endeavour to avoid a fall, jumped, landing heavily on his right side, causing a compound fracture of his right leg. Dr. Goudreau, of St. Sebastian, was summoned and advised the removal of

Mr. Thompson to the hospital at St. Johns, which was at once done. Mr. Thompson has been in charge of the mail routes around Bedford for a number of years.

On Monday afternoon, a meeting of the executive of the Guild of St. James' Church was held at the home of the president, Mrs. D. J. Reid, for the purpose of discussing various plans for the season's activities. Practices will shortly be commenced upon a short farce entitled "Cabbages." Among those taking part in this will be Mrs. Ralph Van Horn, Mrs. Harry Jones and Mrs. Lyle Gould and Messrs. Ross Preston and Lyle Gould. It is hoped that this farce, together with another short farce or movie will be presented in the parochial hall on Tuesday, March 4th. It was also decided that a dance be given under the auspices of the Guild in the hall on Monday evening, Monday, April 21st, and the secretary, Mrs. Wilbur Borden was instructed to make arrangements for an orchestra for the dance. It was also decided that the annual Easter supper be held during the week following the dance and that a table of miscellaneous articles be on sale. At the conclusion of the meeting, refreshments were served by the hostess. The next meeting of the society will be held at the home of Mrs. Ralph Van Horn on Wednesday, February 19th.

Mr. Rolie McGowan, together with his mother, Mr. Rodney McGowan, of St. Albans, Vt., were the guests over the week-end of their mother, Mrs. William McGowan.

Mrs. George Richardson, of Boston, Mass., who has spent the past four weeks at the home of her sister, Mrs. Hiram Best, returned on Wednesday to her home.

Mr. Hebert Gould, of Phillipsburg, spent the past week-end with his parents, Mr. and Mrs. A. T. Gould.

Mr. T. Johnston, together with Mr. Ellison Gould, spent the week-end in Montreal.

A service of an orchestra have been secured for the calico dance, which will be held on Monday evening next in the St. James' Church hall by the members of the Junior Guild and W.A. Invitations have been issued for the dance.

Mr. W. C. King, who has been asked to have you send your correspondent in Bedford a few extra copies of the Record Annual Review, which is to appear on Saturday, the 22nd. Your fifteen hundred readers in this vicinity look upon this number as a book of ready reference, and many of them preserve it as they would the family scrap book.

SAVAGE'S MILLS

Mr. and Mrs. W. P. Cleary are in Montreal for a few days this week visiting members of their family and friends.

Mr. Edwin Dunn returned to Montreal on Monday to resume his work there.

Miss Irene Dunn left for Montreal on Monday and will enroll for a post-graduate course in nursing at the General Hospital.

WHAT ON WASH-DAY IS RIGHT IN THE MIDDLE OF SCRUBBING CLOTHES

LET'S GO SHOPPING. ELSE... THERE'S A BIG SALE AT BENTON'S

I'LL RUN ALONG WITH YOU AND GET SOME RINSO—I'M SICK OF SCRUBBING

YOU OUGHT TO USE RINSO, YOU WOULDN'T HAVE TO SCRUB—AND YOU'D GET WHITER CLOTHES, TOO

(Thousands write us letters like this)

"My wash is so snowy!" says Mrs. Arline Towne

"Rinsol is the best soap ever! It makes such thick suds—and how those suds stand up. I never have to scrub a thing now, even boiling isn't really necessary, my wash is so snowy! I just know it's safe for the clothes, too. And it's great for house-work—never scratches paint like gritty powders."

MRS. ARLINE TOWNE.

Safe suds—for tub or washer

Rinsol's creamy, lasting suds are safer for the finest cottons and linens. The makers of 37 well-known washing machines recommend it.

Cup for cup, Rinsol gives twice as much suds as puffed-up soaps—it's so compact. Soapy suds that loosen dirt. Great for dishes, too. Get the BIG package.

Guaranteed by the makers of LUX—Lever Brothers Limited.

for whiter clothes safely **Rinsol** in tub or washer

RAPID CHANGE IN TEMPERATURE.
Following a spell of sub-zero weather, with the thermometer sinking to eighteen below zero at an early hour yesterday morning, the citizens of the Eastern Townships awoke this morning to find the mercury above the freezing point and a slight drizzle in progress.

MOTORISTS ARE ASKED TO GET THEIR LICENSES

Motorists Driving Their Cars During Winter Months Requested to Obtain Permit and Plates in Order to Mitigate Spring Rush—Physical Condition of Applicants Checked.

Motorists of Sherbrooke and vicinity at present driving their cars are requested to obtain their 1930 plates and operator's licenses as soon as possible in order to mitigate the rush which will commence with the opening of the roads in the spring.

In 1929 the Provincial Government changed the date for the issuing of motor vehicle licenses and permits from March 1st to February 1st, so that the motorists in the larger centers that drive their cars throughout the winter may obtain their licenses before the opening of the roads and thus prevent the spring rush which had featured the previous years.

The Provincial authorities this year are checking up closely on the physical condition of applicants for licenses. This is shown by the fact that motorists who do not have full control of both their hands and feet, as well as those who do not have the use of both eyes, have to pass a special examination at either Montreal or Quebec before an operator's permit is granted them.

er moderated steadily through the day, reaching twenty above about six o'clock. Throughout the evening, in spite of a heavy wind, the thermometer continued to rise, until it had touched the freezing point at midnight, while at eight o'clock this morning thirty-seven above was recorded.

CANADIAN CLUB MEETING ON MARCH 3RD.
The next meeting of the Canadian Club has been called for Monday evening, March 3rd, according to an announcement made this morning by the vice-president, Mr. Charles de L. Mignault. The speaker at the meeting, which is called for 6.15 o'clock, at the New Sherbrooke House, will be Mr. John S. Ewart, K.C., prominent Ottawa attorney, who will address the gathering on "Empire or Personal Union."

JAMBOREE FILM TO BE SHOWN FRIDAY
The official film of the World Boy Scout Jamboree, which was held in Arrow Park, Birkenhead, England, last August is now in Sherbrooke and is to be shown in St. Andrew's Hall on Friday evening at 7.15.

The actual jamboree scenes are preceded by pictures of the "Acorn of Scouting," the first group of small boys on their way to the first Scout camp at Brownsea Island, the camp, and General Baden-Powell in the first Scout "uniform." Practically every feature of the jamboree is recorded, including the home departure of certain contingents, arrivals at British ports, airplane views of the camp, bits of countless camp activities, the great march-pasta, and the final dramatic episode, the singing of Auld Lang Syne with clasped hands by the thousands of Scouts in the great wheel of friendship.

New-Fashioned Cars with the old reliable name of GRAHAM

Complete Protection of Shatter-Proof Plate Glass in every model at every price

at no profit to dealer or factory
This announcement signals the appearance of a new line of motor cars, bearing alone, for the first time, the name of the three Graham brothers.

The Graham brothers endeavored faithfully to fulfill their stewardship to the Graham-Paige properties, to Graham-Paige dealers and owners, by a progressive policy which constantly produced better cars.

Now, with the obligation of a product bearing only their own name, their chief ambition is to be worthy of the public confidence of the past and a greater measure of confidence in the future.

ALFRED WOOD, President and Editor. GORDON MILLER, Managing Editor. E. G. PIERCE, Managing Director. C. P. BUCKLAND, Advertising Manager.

NOT SLOTHFUL IN OPPOSITION.

Whether the Labor party of England can carry out any constructive policy after their many years of destructive criticism is as yet unproven. The h-less Mr. Thomas, Minister of Unemployment, is still employed in the throes of thought. His visit to Canada was theoretic and rhetoric, but beyond that has accomplished naught.

Philip Snowden made a hit at the international conference on debt payment when he became firm and declamatory in his protest that Britain would not forgive any more of its debtors. Russia's debts have been written off as a total loss, for that country has gone in for public ownership and for disownment of responsibility.

Beyond that Ramsay MacDonald's Government has only gestured.

Stanley Baldwin, in opposition, has blossomed out as a man of ideas, and when he has crystallized his British Empire Union, and has worked out some principles of the details he will have accomplished much. He is not slothful as an Opposition member.

Canada is being hard pressed by the unfriendly tariff of the customer whose factories we keep busy, and would no doubt be inclined to favor the country which buys from her twice as much.

The "tread-safely-lest-ye-incur-the-wrath" of Uncle Sam is still the policy of the present Administration at Ottawa, a policy no doubt influenced by the Americanization of Saskatchewan and Alberta.

Baldwin's British Empire Trade Policy can be readily worked.

Possibly in fifty or a hundred years the Tariff Commission at Ottawa will have some figures based on their leisurely research work. The chairman is careful to bring together contending interests for a debate so that he, too, can advocate the do-nothing policy of his creators.

KEEPING SHERBROOKE HEALTHY.

Work highly worthy of the generous support of the citizens is that carried on by the Child Welfare Clinic and the Victorian Order of Nurses, two organizations at the present time appealing to the public for continued financial support.

Established in 1920 as a clinic for the children of ex-service men, the work of the Child Welfare Clinic has steadily increased since it was found necessary to admit the children of civilians, and the records show that during the ten years it has been "carrying on" free medical, surgical, dental and optical treatment has been given to 1,572 children whose parents could not afford to pay for such services. A free clinic is held every Thursday afternoon, with a doctor, a nurse and members of the committee in attendance, and last year the attendance totalled 1,376. Without the Child Welfare Clinic many children would not receive the medical attention that they require, and as a consequence would be handicapped during the remainder of their lives.

The Victorian Order of Nurses, like the Child Welfare Clinic, is endeavoring to keep Sherbrooke a healthy city. The Sherbrooke branch of the V.O.N., organized seventeen years ago, is giving a praiseworthy health service to the city, and last year, with only two nurses, no less than 4,890 visits were made, 3,251 of which were free visits and many others made to families that were able to pay only a portion of the cost per visit.

The Child Welfare Clinic and the Victorian Order of Nurses are carrying out a great humanitarian work, in which everybody may assist without hesitation, for there is no discrimination of race or creed, and the work is one of mercy and devotion. Citizens with true community spirit are behind these two organizations. They ask that they be enabled to carry on during the ensuing year.

DEBT LADEN AND GROWING WEARY.

In the Quebec Legislature the Hon. Honore Mercier pricked the bubble of the Ontario Hydro-Electric system and incidentally emphasized the position of the Quebec Government, a sane position which has gained the confidence of the financial world.

In the hectic war period many fallacies were allowed to creep into the public conduct of business. Many blunders were made in the days of easy money and war profiteering, but the staunch attitude of the province of Quebec in resisting the iconoclastic ventures gained for its people an enviable position with men of structural ability.

Honore Mercier pointed out that what the Hydro-Electric of Ontario saved to users of electricity was more than counter-balanced by the increase in the general tax.

He might have gone farther and pointed to cities and towns paying larger sums each year in upkeep whilst able bookkeepers were figuring book profits for the comfort of an over-taxed community.

Owners of property in municipalities where public ownership of utilities is being tried regretfully watch their mounting tax bills whilst they are asked to seek comfort in a few cents saved in their light bills and a few kind words from some foolish person.

Since the days of Sir Oliver Mowat, and since the late Sir Adam Beck launched the Province of Ontario into an expenditure of \$297,000,000, this huge debt has so pressed upon the people that the annual budget of taxes collected has risen from \$3,500,000 a year to over \$50,000,000.

And even you will find the man who knows little about business seeking to help manage other people's business.

THE MONTH OF REASSURANCE.

February is the month of annual meetings of the great financial organizations in Canada. It is the period when the directors and managers give an account of their stewardship, though they do not always explain how they have converted their one talent into ten golden talents.

After the recent deflation in speculative stocks and the cessation of interest in oil and mining ventures, it is reassuring to find that all the outstanding institutions have splendid reports of progress made.

This is particularly evident in the bank reports, in the thrift-making life insurance company reviews, and in the soundness of the trust companies, the directors of whom kept their sanity whilst each day some dozen stocks would be sent kicking high by eager margin buyers who knew not whether nickel was a metal or a medicine.

The sound bond and stock firms who have been long and favorably known will continue to thrive in their investment business, but the fly-by-nights will vanish, and their offices will be vacated for occupancy for legitimate purposes.

The Record has refused to publish many advertisements from the mushroom firms of finance, though apologies may be made for an occasional error in analysis, but we do delete questionable advertising at all times.

The presentation of advertising to our readers is akin to a personal introduction to our fifty thousand friends and readers, and one does not introduce untrustworthy men to ones friends.

EDITOR'S NOTE BOOK.

It's nice to be a cheerful optimist like my friend Hibbard, who, whilst the thermometer is sinking to its mercurial depths, says he believes that 1930 will set new records in the sale of cars. Mr. Hibbard says he believes in public ownership of cars, of highways, and of sewer pipes.

One manufacturer in Canada recently got well away from glittering generalities when he told his employees: "Boys, if we had the same tariff in Canada as the United States manufacturers impose against us we would be able to pay you \$200 a year more and keep the factory at full time and with a full force within a year from the acceptance of such a tariff."

The Hon. Winston Churchill, who has the ability but not the stability of which Prime Ministers are made, aptly expressed the position of Canadian industrialists in the Dominion when he asked the Hon. Philip Snowden if he intended to "persist in keeping a most important industry in a harassing state of uncertainty merely from motives of personal vanity and arrogance." The imputing of motives was unfair, but the subjective phrase describes the conditions in Canada where every little while some prominent member of the Liberal Government declares in dodo-like form that he is an advocate of free trade in a country surrounded by high tariffs.

They do not raise turkeys or poultry very much in the Prairie Provinces, so our Trade Commissioner in Canada kindly arranged a preference for the easy dumping in Canada of Australian and Asiatic poultry and eggs. Which was the cause of the big slump in the price of turkeys in Canada last fall. This was much to the townsman's delight and the farmer's disgust. Yet both believe in safeguarding their own industries—the farmer to protect his crops, the townsman to safeguard his products. And the workingman honestly believes in protection so that unemployment will be unknown.

PARAGRAPHS

Note to naggers: When a well-matched team is hatched, nothing comes between them except the tongue.

Prosperity killed family life. People were chummy even in hotels when the bedrooms weren't as warm as the office.

How a loving spouse rejoices when friend husband disapproves of everything a foot high. She knows his gripe is on the mend.

One objection to making your home a barroom is that guests behave as though they were in a barroom.

Washington accepts the theory that a change of environment gives new pep. Prohibition officers exchange places at intervals.

What's the use? If the promoters finally select a heavy-weight champion, it will just mean another syndicate feature for daily papers.

Pola Negri confesses sadly that she thought being a princess would be different. Poor girl. How she will suffer when she finds out about Santa Claus.

It is estimated that every fifth person in America can drive a car. And he could drive better if the other four would shut up.

There's one consolation. Just by being decent you can obey most of the two million laws without knowing the darned things.

You don't really catch cold. You just remain passive while an acquaintance tells about his spray accompaniment.

A free land is one in which the common people make themselves feel more important by endowing the great with secret sins.

Correct this sentence: "Jane's children were here all afternoon," said the matron, "and I never once thought what I'd do to them if they were mine."

LETTERS TO THE EDITOR

QUESTION OF REFORESTRATION

To the Editor, Daily Record, Sir—Your editorial on "Decrease Our Taxation" looked good, but the reading matter following was not in line.

"The farmers do not ask the legislators to plant either their trees or potatoes." Nor did Mr. Grepeau in his excellent address.

The farseeing statesman is continually thinking and planning for posterity. I heard a councillor say: at a council meeting, "What did posterity ever do for us? Let posterity look out for itself."

Reforestation was debated at several meetings of the E.T. Associated Boards of Trade. It was conceded that ninety percent of the farms in the Eastern Townships had two to twenty acres, once valuably clothed with pine, spruce, tamarack, and now of little or no agricultural value.

As a remedy it was suggested that farmers sign requisitions to their secretary-treasurers for 1,000 to 5,000 trees, to be supplied by the Government. The cattle to be fenced out from the reforested part for ten years. A travelling inspector visits twice annually, to

instruct and to check results, to report and certify the fulfillment of conditions, to authorize the secretary-treasurer to allow the amount on taxes, the aggregate of which is not to exceed \$100,000 the first year, not to exceed \$500,000 the fifth year, to be reimbursed by the Province. Increase the amount per acre, or per thousand live trees from year to year, enough to encourage the farmer to reforest for posterity, and it will take five to ten years to get properly started.

The law now provides that a farmer can notify the secretary-treasurer of his municipality that he is going to reforest one or more acres. His assessed value is reduced in proportion and the reforested part is free from taxes for thirty years. Five years after he has started reforesting he can notify the Government, who will send an inspector, who, after examination, and finding 300 living trees per acre, will certify and the department will pay him ten dollars an acre. I was told last year by a forestry branch, that so far no applications had been made. I was urged to apply on my lot 20 La Minerve Township, where I have been planting 2,000 to 3,000 annually for ten years, an example to the public, so I have not yet applied. If that be no inducement for farmers to plant, let us keep increasing annually until the farmers tumble over one another to get trees, which the Government alone

supply, thus can control expenditure. For economy of operation, each municipality will be considered a unit. The Government will supply requisition forms, which will be given to farmers by secretary-treasurer who applies to Government for aggregate quantity, to whom the Government will ship by freight in April or May and distribution made.

Where quantity makes it worth while the Government inspector will visit, instruct and inspect. Directions for planting and fencing will accompany trees. The farmer is loathe to deal direct with Government but he prides himself as being boss of the secretary-treasurer and would more likely deal through him. So that the Government would not be bothered with cheques to farmers, their inspector will certify that the farmer is entitled to so much bonus, and so as not to make municipality finance to pay farmer, the amount will be allowed to the municipality in one cheque. It may look complicated but it is quite simple and also guard against graft.

If you, or anyone can suggest some simpler way, or can suggest anyway whereby our stoney pastures, rocky mountains, sandy wastes, springy bogs may again be covered with trees, eventually timber, I will rejoice.

Without some inducement of this nature you and I, and the farmer will be a long time dead before you

and the farmer will plant. I have been planting two or three thousand annually for the past ten years, and I hope to keep at it the balance of my short life. I am averse to pauperizing individual effort through grants of public money, and I cry out against so much paternalism in Government. Encouraging reforestation is neither. Your truly, J. BLUCC PAYNE

DANVILLE

Mrs. A. E. Ward entertained at bridge on Saturday afternoon. Cards were played at four tables and the decorations were spring flowers. Mrs. R. H. Stevenson won the first prize, Mrs. M. Hall the second and Mrs. D. H. Parmelee the consolation.

The Ladies' Afternoon Bridge Club met at the home of Miss Charlotte Philbrick on Tuesday afternoon.

Mrs. Fred Taschereau was taken very ill Saturday evening and under direction of Dr. Letendre was removed to St. Vincent de Paul Hospital on Monday morning. Her many friends wish her a speedy recovery.

Miss Sylvia Ward went to Lennoxville Tuesday and attended the "at home" given by the professors and students of Bishop's College.

The meeting of the Ladies' Guild of the United Church was held in

the church basement on Wednesday last week. Mrs. Stevenson, Mrs. Porter and Mrs. A. Leet were hostesses. There was a very good attendance.

Mr. Fred Driver, of Montreal, was a guest of Mrs. Scott and Mrs. Velma Miller last week.

Mr. Elton Y. Webb has returned from Montreal, having spent the past week with his father, who is a patient at the Royal Victoria Hospital. Mr. Webb's many friends will be pleased to know that he is much improved in health and expects to be home the first of next week.

Mrs. I. J. Porter very pleasantly entertained the Christmas Club on Wednesday last. There were eight members and one visitor present.

Mrs. Stanley Marston, of Brownleigh, spent the week with her parents, Mr. and Mrs. O. Noble, Station Street.

Messrs. E. T. Yale and E. J. Morrill were in Montreal on a business trip recently.

Mr. Austin Morrill left for Montreal on Tuesday to see a specialist. The bridge club met at the home of Miss Charlotte Philbrick on Tuesday.

Try class of the A. C. Church are having a social evening at the home of Dr. G. W. Adams Friday evening, February 14th.

Mr. G. G. Hall is improving from a long illness. His many friends wish him a very speedy recovery.

A social evening will be held in the Town Hall on Friday evening, February 14th.

SUN LIFE ASSURANCE COMPANY OF CANADA

A TOWER OF STRENGTH

1929

Table with financial data for Sun Life Assurance Company of Canada for 1929. Includes rows for New Assurances Paid for, Assurances in force, Total Income, Surplus earned, Payments to Policyholders, Surplus and Contingency Reserve, Total Liabilities, and Assets at December 31st, 1929.

Rate of Interest earned on mean invested assets 7.02%

The high rate of dividends allotted to participating policyholders is continued and the special dividend on maturing policies extended and increased.

EXTRACTS FROM DIRECTORS' REPORT

New policies paid for numbered 161,391 for a net amount of \$654,451,143.27, an advance of \$213,206,752.36, or more than forty-eight per cent, over the previous year.

This marked increase and the fact that the average policy, for the first time, exceeded \$4,000, affords impressive evidence of the ever-growing popularity of the Company.

After deducting amounts reassured, the total assurances in force amount to \$2,401,237,036.94, an increase of \$504,321,102.37. This advance is notable not merely for its magnitude, but because when allowance is made for terminations by death and maturity, it represents a remarkably high rate of continuance and evidences great satisfaction on the part of our policyholders.

The amount paid to policyholders since organization, together with the amount at present held for their security or benefit, exceeds the total amount received from them in premiums by \$139,290,474.03.

The rate of interest earned on the mean invested assets has risen to 7.02 per cent. This figure includes a certain amount from bonuses and stock privileges accruing on many of the Company's holdings; but if these were entirely eliminated the rate would still be 6.60 per cent.

A net profit of \$13,077,284.62 was realized from the redemption or sale of securities.

The surplus earned during the year, based on the values entered in the accounts, amounted to \$42,863,578.59, but from this sum substantial appropriations have as usual been made to further strengthen the position of the Company.

An additional \$10,000,000.00 has been deducted from the market values of our securities as a provision against possible market

fluctuations, raising the amount thus set aside for this purpose in the accounts to \$30,000,000.00.

A further \$1,000,000.00 has been written off the Company's buildings.

\$931,000.00 has been appropriated to raise the annuity reserves to the Rutherford table of valuation, with interest at 3 1/2 per cent. This exacting standard requires reserves \$2,656,000.00 in excess of those of the Dominion Government standard.

\$1,200,000.00 has been set aside as additional provision for claims arising from total disability, death claims as yet unreported, and possible claims under cancelled policies on which a surrender value or reinstatement might be applied for.

\$22,606,265.67 has been paid or allotted as profits for the year to policyholders.

The special amount entered as a liability to provide for unforeseen contingencies has been maintained at \$12,500,000.00.

After making all these deductions and allocations, \$5,868,899.96 has been added to the undivided surplus, bringing the total over liabilities, contingency accounts, and capital stock to \$60,307,762.44.

In accordance with our usual conservative practice the securities owned by the Company have again been valued at figures much below the market quotations current at the close of the year. This undervaluation represents an important element of strength to the Company additional to the specific provisions in the statements.

Your Directors are pleased to announce that the high scale of profits at present allotted to participating policyholders will be continued during the ensuing year, while

the Special Dividend on maturing policies, introduced last year, has been extended to include policies maturing after having been in force five years or longer, and the scale of benefit has been increased.

The business of the Company has always been conducted under the exacting provisions of the Canadian Insurance law and the rigid supervision of the Insurance Department of the Government of Canada. Ever since we entered the United States in 1895, the Company has been under similar supervision there and is now subject to the regulations of thirty-eight States of the Union which require periodical examination of the affairs of all companies licensed in their territory. In the discharge of their regular duties a committee of twenty-two examiners, representing the States of Michigan, Massachusetts, Minnesota, Ohio, Tennessee, Washington, Virginia, West Virginia, Florida and the District of Columbia recently completed an exhaustive examination into every department of the Company's affairs. The report of this committee makes gratifying reference to the liberal treatment accorded to our policyholders, and provides authoritative testimony to the Company's strength. Even adopting the low valuations placed by us on our securities, the committee still reported a surplus at the close of last year \$1,333,921.71 in excess of the figure claimed by the Company.

SUN LIFE ASSURANCE COMPANY OF CANADA

NEWFOUNDLAND IS SEEKING A NEW AGREEMENT

Premier Squires Will Confer With Hon. Chas. Dunning and Hon. James Malcolm at Ottawa in Connection With Drawing Up of New Trade Pact.

OTTAWA, Feb. 13.—In another effort to effect a new trade pact with Canada, Sir Richard Squires, Premier of Newfoundland, will come to Ottawa in a day or two and confer with Hon. Charles A. Dunning, Minister of Finance, and Hon. James Malcolm, Minister of Trade and Commerce.

Over two years ago an agreement was in the process of negotiation, but a disagreement developed between the Dominion and the island colony as to terms. Canada, it is understood, held that certain conditions had not been complied with by Newfoundland, while the latter has been taking the ground that Canada owes the colony certain sums of money in connection with the previous steamship subsidy arrangement.

In the previous negotiations Canada expressed a willingness to enter into an agreement, and even to give recognition to Newfoundland's claim of previous financial obligations on the part of Canada.

TO MAKE OFFER TO BUY CHICAGO TAX WARRANTS

However, Mayor Thompson and Citizens' Relief Committee Are as Far as Ever from Accord on a Relief Programme.

CHICAGO, Feb. 13.—Today's Herald and Examiner said Herbert C. Heller, New York investment banker, was coming to Chicago today to purchase \$48,000,000 worth of city tax anticipation warrants.

The newspaper said Heller represented a banking syndicate, and that he had arranged a conference with George K. Schmidt, City Controller, to submit his offer.

Heretofore, city officials have estimated they could legally borrow \$27,000,000 on the 1930 levy, but the Heller syndicate is prepared to inform Schmidt that it prefers to buy \$48,000,000 worth of warrants, the newspaper said.

It has been estimated that the \$27,000,000 would operate the city government until July, but this would only leave the city facing another crisis. With the \$48,000,000, it was pointed out that the expenses could be met until next December, by which time, it is expected, the 1928 taxes will be in the treasury.

RAILWAY GIVEN PERMISSION TO ACQUIRE LINE

Baltimore and Ohio System May Purchase 600-Mile Line of Buffalo, Rochester and Pittsburgh Railway.

WASHINGTON, D.C., Feb. 13.—Permission to purchase control of the 600-mile line of the Buffalo, Rochester and Pittsburgh Railway was given the Baltimore and Ohio system yesterday by the Interstate Commerce Commission.

The Allegheny Corporation, president of the Baltimore and Ohio, will turn over to the Baltimore and Ohio 84 per cent of the outstanding stock of the Buffalo line for \$14,288,216.

As conditions to its approval, the commission ordered the Baltimore and Ohio after the purchase to keep open all traffic routes now established by the Buffalo, Rochester and Pittsburgh to agree to purchase at arbitrated prices control of any connecting short line which may be allocated to it, and to offer to minority holders in the Buffalo company the same price for their shares which the Allegheny Corporation will receive.

By the transaction, the commission said, the Baltimore and Ohio will be able to establish a new direct route over its own rails from Baltimore to Buffalo. In addition, by using the 80 miles of Buffalo, Rochester and Pittsburgh line between Butler and Dubois, Pennsylvania, the Baltimore and Ohio, with its own short line between Chicago and New York, passing north of Pittsburgh and reducing danger of congestion in the Pittsburgh area.

Objections to the Baltimore and Ohio purchase of the Buffalo, Rochester and Pittsburgh made by the Delaware and Hudson, the Walsh and the Pittsburgh and West Virginia Railroads were set aside in the decision.

AND NOT A MILLIONAIRE? Beggar—Today is my copper jubilee. "What do you mean?" "I have been begging twenty-five years today."

FREEMASONRY IN QUEBEC IS IN HEALTHY STATE

Membership in Quebec Province Shown to Be in Excess of 16,000 — Continued Growth Referred to at Annual Meeting.

MONTREAL, Que., Feb. 13.—More than 500 delegates from ninety-two lodges attended the 60th annual communication of the Grand Lodge of Quebec, A.F., and A.M., yesterday at the New Masonic Temple, corner of Sherbrooke and St. Mark streets.

Work was rushed on the new building to allow the members to make use of the new headquarters on this occasion. The M. W. Grand Master, Henry Willis, of Quebec, presided at the session which commenced at ten o'clock in the morning and continued throughout the day and evening.

Continued growth both in membership and finances featured the reports of all the lodges. Three new lodges were instituted during the year, and approximately 400 members added to the province's total. It was stated that the membership of the Grand Lodge of Quebec now numbers nearly 16,000 members.

At the morning session following the reading of the Grand Lodge regulations, confirmation of the minutes of the previous communications, and discussions on certain timely matters, the Grand Master delivered his address which dealt with the continued growth of the lodge. He was followed by the Grand Chaplain, the Grand Secretary and Grand Treasurer who presented reports. Reports of District Deputy Grand Masters from Quebec and Three Rivers, Montreal, No. 1; Montreal, No. 2; Montreal, No. 3; St. Francis, Bedford, Ottawa, Sherbrooke and Bromo, were also presented.

The afternoon session was confined to the report of the standing committees of Grand Lodge: Jurisprudence, state of Masonry, fraternal correspondence, finance, benevolence and charity; motions in their order on the agenda paper, and reports of special committees.

In the evening the various districts selected their D.D.G.M.'s and District Grand Chaplains for the ensuing year, and then reported to Grand Lodge. Report of the committee on credentials election of officers, unpublished business and the installation of officers concluded the programme for the session.

Mr. Taschereau

(Continued From Page 1.) ference, since a penalty is provided under this article providing for punishment against interference or intimidation with anyone. The objection aimed at in the measure proposed by Mr. Berovitch is that, since a remedy lies with the employer and also with the employee under the Criminal Code there is no reason to also invoke the arm of the civil law in such matters. The federal laws now deal with the matter of combines in restraint of trade, but there was no exception made many years ago to exempt the action of the trade unions in this matter.

ASK AMENDMENT IN REGARD TO RIGHTS OF USUFRUCTUARY

QUEBEC, Feb. 13.—First reading was given by the Legislative Assembly yesterday to a bill introduced by Hon. J. N. Francoeur, Liberal M.L.A. for Lotbiniere, to amend articles 455 and 949 of the Civil Code. Article 455 is in the section which deals with the rights of the usufructuary, and states: "The usufructuary cannot fell trees which grow on the land subject to the usufruct. Whatever he may require for his own use must be taken from those which have fallen accidentally."

Mr. Francoeur's bill would add to this the following: "If, however, during the life of the donor or testator the trees on the estate subject to the usufruct have been used as a source of revenue, the usufructuary may continue to cut the trees and enjoy the revenues therefrom. The felling of the trees by the usufructuary shall be continued in such manner that the regrowth of the forest shall not be stopped. The usufructuary shall have his operation plans approved by a family council, on the advice of experts, and the whole must be ratified by a judge of the Superior Court on a petition by the parties interested."

POSSIBLE PANIC PREVENTED IN MONTREAL THEATRE BY QUICK-THINKING OPERATOR

When Film Caught Fire in Projection Room, Operator Arranged for Inconspicuous Entry of Firemen—Fire Extinguished Without Much Damage.

MONTREAL, Feb. 13.—When fire broke out in the projection room of a local theatre last night during a performance the firemen removed their helmets and rubber coats so that they might enter the building without creating a panic. They made their entry and exit without the audience knowing of their danger, but the quick-witted operator who had arranged for their inconspicuous entry had already put out the flames. When a roll of film caught fire the operator sent an attendant to ring the alarm and instructed him to meet the firemen and arrange for their quiet entry, so that a panic might be avoided.

Social and Personal

Mrs. B. E. Reed, of Ulverton, is a guest of Mrs. Richard Armitage, Terrill Avenue.

The hostesses for the Sherbrooke Regiment Badminton Club tea on Saturday afternoon will be Mrs. H. L. Cleveland, Mrs. R. Hibbard, Mrs. Leslie Waite, Miss Alice Willard and Miss Grace Waite.

Mr. and Mrs. W. L. Reford Stewart, "The Bellevue" Melbourne street, are leaving this evening for New York, from where they will sail on Saturday on the "Scythian" for England, Scotland and the Continent.

The second of the series of dances arranged by the Sherbrooke Regiment Badminton Club will take place tomorrow evening in the Masonic Temple. As tomorrow will be St. Valentine's Day, the decorations and other features appropriate for the day will be an additional attraction. The third and last of the series will be held on Friday, February 28th.

The Ladies' Aid of St. Andrew's Church met in the church hall yesterday afternoon with the largest turnout of members for the year. The business meeting was presided over by the president, Mrs. J. B. Frappier, when plans were made for a St. Patrick's tea, food sale and musical to be held on Friday, March 14th. The hostesses at the tea hour were Mrs. Arthur Edwards and Mrs. Bouchard. Many friends joined the members at the tea hour and a very enjoyable social afternoon was spent. Mrs. Thos. Johnston presided at the attractively arranged tea table, centered with daffodils and marigolds. Mrs. Fowles and Mrs. Scott assisted in serving.

Members of the Young Women's Missionary Auxiliary of Trinity United Church were very pleasantly entertained last evening by the Misses Vera and Muriel Hall at their home on Bowen Avenue. During the evening, many friends joined the members at the tea hour and a very enjoyable social afternoon was spent. Mrs. Thos. Johnston presided at the attractively arranged tea table, centered with daffodils and marigolds. Mrs. Fowles and Mrs. Scott assisted in serving.

MARRIAGES

COOKSHIRE, Que., Feb. 13.—A pretty wedding was celebrated at one o'clock on Saturday, February 8th, in St. Peter's Church, when Harriet Alene, eldest daughter of Mr. and Mrs. Lloyd L. Planché, of this place, was united in marriage to William Wilson, son of Mrs. Parker, of Lennoxville. The Rev. W. Lynne, pastor of the church, officiated. The bride, who was given away by her father, was becomingly attired in a navy blue chiffon afternoon gown, with hat to match, and carried a bouquet of red roses. She was attended by Miss Florence Hurd, who was gowned in fawn georgette, with navy blue hat, and carried yellow roses. The organist, Miss Phyllis E. Planché, sister of the bride, wore a frock of blue blue chiffon. Mr. Melvin Parker, of Lennoxville, brother of the groom, acted as best man.

After the ceremony, a reception was held at the home of the bride's parents, where the table was prettily decorated with yellow candles and tulips. Mrs. Planché, the bride's mother, wore a dress of navy blue satin, while Mrs. Parker, mother of the groom, was gowned in powder blue georgette, and Miss Lois Planché wore jade green with hat to match.

Among the guests from out of town who attended the wedding were Mrs. Peter Parker, Mrs. F. Taylor, Miss C. Taylor, Mrs. Jones, Miss Jones and Mr. Bell, all of Lennoxville.

Mr. and Mrs. Parker left on the afternoon train for McIndoes, Vt., where they will reside. Going aside, the bride wore a green frock, with tweed coat and brown close-fitting hat.

HOUSEHOLD SCIENCE PLANS ARE RATIFIED BY MCGILL

Corporation Also Authorized Summer Course in Medical Museum Technique—Proposed Science Course Will Be Taken at Macdonald College.

MONTREAL, Feb. 13.—Ratification of the plans for a new course leading to the degree of Bachelor of Household Science and authorization of a summer course in medical museum technique were given by the corporation of McGill University at a regular meeting yesterday. The proposed course for the Household Science degree will be so arranged that the whole four years will be taken entirely at Macdonald College, St. Anne de Bellevue.

Mr. and Mrs. G. M. Stearns, of Lake Muganick, are spending a few weeks at Daytona Beach, Florida.

At the 54th Regim't Badminton Club tea on February 16th, the hostesses will be the Misses Therese St. Pierre, Marguerite Pelletier, Cecile Codere and Rose Codere.

Friends of Mrs. Percy L. Knight (nee Miss Rose Cotton) will be sorry to learn that she has entered the Hamot Hospital at Erie, Pa., to undergo an operation.

Mrs. George Archibson, of Westmount, is the guest of Mr. and Mrs. Clifford C. Goodhue, Quebec street. Mr. Archibson is expected tomorrow, and will also be a guest at the same home for the week-end.

Mrs. Z. W. Griffith entertained the X Bridge Club last evening at her home on Vimy Street, when an extra table was arranged in honor of Mrs. Griffith's house guests. The club prizes were won by Mrs. A. E. Berwick and Mrs. N. D. Castadden and the special guest prize was won by Mrs. J. B. Frappier.

St. Peter's A. Y. P. A. met at the Church Hall on Tuesday evening for a sleigh drive down the Brompton Road. On returning to the hall, refreshments were served and the remainder of the evening spent in social conversation. The next meeting will be held on Friday, February 15th, when St. Andrew's Society and the nurses-in-training at the Sherbrooke Hospital will be guests at a Valentine party.

DECREASE MADE IN VALUATION OF PROPERTY

Town of Cookshire Ordered to Cut Down Valuation of J. J. E. Janelle Property from \$1,800 to \$1,200—Proof Shown that Land Values Had Not Increased.

A decrease of \$600 in the valuation on the property of J. J. E. Janelle in Cookshire was ordered in a judgment given yesterday by Judge J. H. Lemay in connection with an appeal hearing which arose from the decision of the Municipal Council of Cookshire to increase the valuation of the Janelle property from \$800 to \$1,800.

On August 7th last the valuation of the Janelle property which for several years had been \$800, was increased to \$1,800. Janelle appealed the decision and, at the hearing, expressed willingness to pay taxes on a valuation of \$1,200. Evidence was given by witnesses showing that, in their opinion, the property was not worth more than \$1,000. Proof was also made that property values in Cookshire had not increased in the past few years.

Rural Hotelmen

(Continued from Page 1) is loaned, or on the strength of which the money is loaned, as may be the case. It is pointed out that the case of the country hotel keeper is entirely different from the case of his city brother, the tavern keeper. The latter is generally a tenant and hence does not borrow on mortgage, whereas the country hotel keeper is one of the main proprietors in the village, and has property on which he can float a loan, providing there is surety for the loan to the extent that the licence will be for at least five years.

Close An Hour Later. Another demand will be in regard to hours. The hotels in Montreal and Quebec, as cities of over 50,000, are from eight o'clock to eleven o'clock. The country hotelkeepers want the closing hour to be at midnight, also for the sake of tourist traffic. They claim the hour of opening makes little difference for them, since they have no early trade and expect none, and therefore want the extra closing hour over that granted in Montreal and Quebec by way of compensation. They point out that in the cities it is possible for guests to be served in hotels for several o'clock, and want the same privilege through the legal closing hour being made midnight. The opening hour little interests them.

A third demand is that country hotelkeeper, when he happens to be in an incorporated town or less

MARRIAGES

COOKSHIRE, Que., Feb. 13.—A pretty wedding was celebrated at one o'clock on Saturday, February 8th, in St. Peter's Church, when Harriet Alene, eldest daughter of Mr. and Mrs. Lloyd L. Planché, of this place, was united in marriage to William Wilson, son of Mrs. Parker, of Lennoxville. The Rev. W. Lynne, pastor of the church, officiated. The bride, who was given away by her father, was becomingly attired in a navy blue chiffon afternoon gown, with hat to match, and carried a bouquet of red roses. She was attended by Miss Florence Hurd, who was gowned in fawn georgette, with navy blue hat, and carried yellow roses. The organist, Miss Phyllis E. Planché, sister of the bride, wore a frock of blue blue chiffon. Mr. Melvin Parker, of Lennoxville, brother of the groom, acted as best man.

After the ceremony, a reception was held at the home of the bride's parents, where the table was prettily decorated with yellow candles and tulips. Mrs. Planché, the bride's mother, wore a dress of navy blue satin, while Mrs. Parker, mother of the groom, was gowned in powder blue georgette, and Miss Lois Planché wore jade green with hat to match.

HOUSEHOLD SCIENCE PLANS ARE RATIFIED BY MCGILL

Corporation Also Authorized Summer Course in Medical Museum Technique—Proposed Science Course Will Be Taken at Macdonald College.

MONTREAL, Feb. 13.—Ratification of the plans for a new course leading to the degree of Bachelor of Household Science and authorization of a summer course in medical museum technique were given by the corporation of McGill University at a regular meeting yesterday. The proposed course for the Household Science degree will be so arranged that the whole four years will be taken entirely at Macdonald College, St. Anne de Bellevue.

NEW ONTARIO REGULATION RESTRICTS LIQUOR SALES

No Permits Shall Be Issued to Persons Between Twenty-One and Twenty-Five, If They Are Living at Home, Without Written Consent of Parents.

TORONTO, Feb. 13.—Changes in the regulations of the Ontario Liquor Control Board which will restrict the issuance of liquor permits to persons between twenty-one and twenty-five years of age, were revealed in a circular issued by Sir Henry Drayton, chief commissioner to all liquor stores yesterday.

In future "with a view to discouraging the issuance of liquor permits to young people," no permits shall be issued to persons between twenty-one and twenty-five, if they are living at home, unless a request is made by the parents in writing that the permit should be given.

than 8,000 people, shall have the same privilege as regards the sale of beer by the bottle that is now enjoyed by the hotelmen in the rural sections where there are no incorporated towns. When there is a town the commission is now permitted to grant licences to grocers for the sale of beer by the bottle, as in the big cities. In the purely rural sections this added privilege is given the hotelkeeper, and Mr. Marcell and his friends would have it that the same system should prevail in towns of less than 8,000 people. It is argued that because a village has become incorporated as a town, it is no reason to place the hotel man in a position of inferiority when it comes to the matter of allowing a tourist to buy and take away a dozen bottles of beer, something he may now do when located in a village.

The delegation will also ask for a tax reasonably high upon places which provide tourist accommodation, on the ground that they are boarding houses and thereby operate in unfair competition with licensed establishments, which are subject to various taxes.

It is also asked that hotelmen be permitted to be mayors, councillors, and aldermen, the reason given being that licences are now granted by the Liquor Commission and not by municipal councils.

There are minor suggestions made as to inspection with a view to co-ordination, and also as regards the system of double taxation.

Don't Worry About Vitamins

Of course, you need vitamins—and you can get them all in this breakfast: A glass of orange juice for Vitamin C—then a bowl of Shredded Wheat with whole milk for Vitamins A, B, D and E. A delicious breakfast, easily and quickly prepared and costs but a few cents. If you like a hot dish, pour hot milk over the biscuits.

Our Second Milestone Marked By Two Big Days Of Celebration — Friday and Saturday

In passing our second milestone as a unit of the T. EATON CO., LTD., we offer our warmest thanks to the citizens of Sherbrooke and vicinity for the patronage accorded us during the past year. Within that time we have aimed to make the store surroundings as attractive to you as the values offered within them. We have made many pleasant associations. We have learned many things. It is those things we have learned that shall guide our steps in the coming year to provide even better service—greater values—incomparable savings. And always we shall live up to the slogan which is so closely linked with the EATON service of goods at rock bottom prices—"Goods Satisfactory or Money Refunded." We thank you for the past and in the present express our thanks in more tangible form. For our birthday celebration we have gathered together a noteworthy collection of special values—purchased with the Anniversary in mind and marked to provide an extra measure of value-giving which the celebration of the event justifies. Come early in the morning—shop early and often—and save liberally on this happy occasion.

SHEFFORD CO. AGRICULTURAL SOCIETY MEETS

Directors and Officers Elected— Programme for Fall Fair Drawn Up — Personals and Other Notes of Interest from Waterloo and Surrounding District.

WATERLOO, Que., Feb. 13.—A meeting of the members of Shefford Agricultural Society was held in the town hall on January 20th, with the president, Mr. W. W. Phelps, presiding. The annual report was presented and showed a slight surplus.

The election of officers resulted as follows: Shefford East, Messrs. J. H. Purdy and Raoul Deragon; Shefford West, Messrs. W. A. Jolley and E. P. Corcoran; Granby, Mr. H. B. Neil; South Stukely, Mr. W. W. Phelps and Mr. Merrill C. Martin; North Stukely, Mr. S. J. Gagnon; E. L. Messrs. S. Prudentine and J. John Sanborn; St. Joachim, Messrs. Wm. P. Cleary and E. H. Ashton; Roxton, Mr. Barthelemi Lavallee; Waterloo, Messrs. J. J. Irwin and Alfred Choinier.

On Thursday afternoon, February 6th, the directors for 1930 held a meeting to elect the officers for the current year, which resulted as follows: Hon. president, Mr. James Davidson; hon. vice-president, Mr. W. H. Miner; hon. secretary-treasurer, Mr. N. O. Rochon; hon. secretary, Mr. P. Murphy; hon. treasurer, Mr. J. P. Murphy; hon. secretary-treasurer, Mr. R. Deragon; secretary-treasurer, Notary L. C. Godbout; auditor, Messrs. Oscar Decoste, agronomist, E. Hurst Ashton.

A spirit of enthusiasm was manifested throughout the meeting. The programme, which is outlined for 1930, is most interesting. The Shefford Fair will be held on August 12th, 13th and 14th, and this year it will join the National Trotting Association, this being made possible by the larger race track which has been laid out at the new exhibition grounds. There will be a twenty-five per cent. raise in prizes on registered cattle, a one hundred per cent. raise in the classes for horses, and a slight increase in several other classes. There will be a competition on Banner Oats, on Farm and on Standing crops.

It was decided to resume the work on the new grounds and buildings as soon as possible in the spring. Satisfaction was expressed for the sum of nearly \$10,000 voluntarily subscribed by well wishers of the association. Among the larger subscriptions are those of: Mr. James Davidson, \$1,000; Waterloo Town Council, \$1,000; Shefford Town Council, \$500; Mr. Alfred Choinier, \$500; Mr. E. P. Bolvin, M.P., \$300; and Shefford Township Council, \$300. In addition to the foregoing there were several who subscribed sums of \$250 and \$200 dollars each.

Among those who attended the meeting was Mr. E. Caldwell, of Knowlton, Provincial Director. Tenders will be asked for the sale of the old fair grounds which will be disposed of as soon as possible.

General Notes
Mr. E. A. Thomas, C. S., of Ottawa, has been spending a few days here with his sister, Mrs. Mary Blake.

Mr. Arthur Darrach, of Sutton, was the guest on February 7th, of Mr. and Mrs. Ernest Stone, while in town on business.

Mr. Samuel R. Taylor was home for the week-end with his family. Mr. Clement Carr visited Mr. and Mrs. Horace Russell, of Warden on Sunday, February 9th.

Miss Gladys Seale, of St. Johns, was the week-end guest of Mrs. F. E. Taylor and Mr. Rupert Taylor, Court Street.

On Saturday evening last Mr. and Mrs. W. A. Parks entertained several friends at bridge. Cards were played at three tables. Mrs. Charles Slack and Mr. C. G. Hall were the prize winners.

Mrs. K. M. Wallace has received word from Winnipeg that Miss Effie Booth, who has been visiting her sister, Mrs. Willard, and family for the past month, is quite ill suffering from influenza which is prevalent in Winnipeg. Miss Booth will be obliged to defer her home coming for a few weeks until she is stronger.

Mrs. Gertrude Holden, of Freightsburg, has been spending a few days here the guest of her son, Mr. Leiland Holden, and family, at Foster Square.

Mrs. Wallace Barrie has gone to her new home in Sherbrooke where her many Waterloo friends wish her much happiness.

Mr. Dudley Hayes, of Sherbrooke, is spending a month's vacation here with his father, Mr. Roy Hayes, and family.

On Thursday afternoon, February 6th, a fire broke out on Deragon street in the home of Mr. Hamel and the house was almost completely destroyed.

Mr. Paul Jones was in Montreal Saturday on business.

A number from here attended the hockey game and dance in Cowansville on Saturday evening last.

Mrs. S. J. Irwin entertained at three tables of bridge on Saturday evening last. The prizes were won by Mrs. S. MacLoughlin and Mrs. J. L. Codd.

Mr. and Mrs. Clarence Johnson spent the week-end with Mr. and Mrs. Felton Johnson at Foster.

Miss Flora Girard's friends will be glad to learn that she is making satisfactory progress from her recent operation for appendicitis which was performed on February 6th in the St. Hyacinthe Hospital.

Mrs. D. Girard accompanied her daughter to St. Hyacinthe and is remaining there for a few days.

Mrs. John Grenier's condition has become much more encouraging to her family and friends, and her complete recovery is now confident-

BURGESS BEDTIME STORIES

A Secret Is Discovered
By Thornton W. Burgess

Some things 'tis best we should not know. You'll find that all through life 'tis so.
—Blacky the Crow.

It was still winter. The Green Forest was covered with snow. The Green Meadows were white. It was a white world everywhere. It didn't seem as if spring were one bit nearer. Sammy Jay was thankful enough that he had a good warm undercoat of feathers. There were some days when Sammy almost wished that he had gone south with Welcome Robin and Winsome Bluebird and most of the other feathered folk. Sammy only almost wished this. You see, he is a hardy fellow and he likes to be active and flying about here and there. Thus he keeps warm. Still, winter does get a little tiresome, and Sammy was beginning to look ahead and dream of nesting time.

"It will be good to see some sign that spring is on the way," said Sammy when he saw Jumper the Hare in the Green Forest. "I don't suppose we shall see one, however, for a long time yet."

"No," said Jumper the Hare. "I don't suppose we shall. I have looked for snail cabbage around the open springs, but I haven't found one yet. That usually is the first sign."

"Well," replied Sammy. "I must be on my way. I suppose it is foolish to even think of spring in such cold weather as this. What's the news?"

"None," replied Jumper the Hare. "Unless it is news that Hooty the Owl and Mrs. Hooty seem to be living over where Blacky the Crow lived last spring. I'm keeping away from that part of the Green Forest myself."

This reminded Sammy that it was under that very tree that Chatterer the Red Squirrel had found the black feathers which every one had supposed were the feathers of Blacky the Crow. "I believe I'll have a look at that nest," thought Sammy, as he spread his wings. "Chatterer may have hidden some nuts there. Nothing would please me better than to find some nuts or acorns hidden by Chatterer."

So Sammy flew straight for the tree that Blacky the Crow and Mrs. Blacky had built their nest in the year before and had raised a family of young Crows. Sammy remembered what Jumper had said about Hooty and Mrs. Hooty, so he kept a sharp watch for them. He didn't see them. So at last he came to the tree in which was Blacky's old nest. Sammy alighted in the top of the nest tree. He could look over to that nest. Somehow the nest didn't look just familiar. Sammy looked long and hard.

"It seems to me that that nest is bigger than it used to be," thought Sammy. "It was a good nest, but I don't remember that it was as big as that nest looks to be now. I do believe Chatterer has been using it for a storehouse and has made it bigger for this purpose. We'll soon find out about that."

Once more Sammy spread his wings and this time he flew right straight across alighted in the tree where the nest was. He was silent. He turned his head this way and that and turned his head that way to make sure that nobody was watching him. Then he flew up to the edge of the nest and looked in. What Sammy saw made him almost lose his balance. Yes, sir, he almost lost his balance! He just saved himself from falling backward off the edge of that nest. What he saw was a egg! It was a big egg. It was a dull white. At the very first glance Sammy couldn't believe that it really was an egg. He thought it must be a little ball of snow. But after the first good look there was no

doubt in Sammy's mind. He knew that he had discovered a secret and he knew that that was no place for him to be. You should have seen how hastily he looked around and in what a hurry he flew away from there. He felt that he couldn't get away from there too quickly. You see, that was a dangerous secret. (Copyright, 1930, T. W. Burgess)

Blacky the Crow. "I believe I'll have a look at that nest," thought Sammy, as he spread his wings. "Chatterer may have hidden some nuts there. Nothing would please me better than to find some nuts or acorns hidden by Chatterer."

So Sammy flew straight for the tree that Blacky the Crow and Mrs. Blacky had built their nest in the year before and had raised a family of young Crows. Sammy remembered what Jumper had said about Hooty and Mrs. Hooty, so he kept a sharp watch for them. He didn't see them. So at last he came to the tree in which was Blacky's old nest. Sammy alighted in the top of the nest tree. He could look over to that nest. Somehow the nest didn't look just familiar. Sammy looked long and hard.

"It seems to me that that nest is bigger than it used to be," thought Sammy. "It was a good nest, but I don't remember that it was as big as that nest looks to be now. I do believe Chatterer has been using it for a storehouse and has made it bigger for this purpose. We'll soon find out about that."

Once more Sammy spread his wings and this time he flew right straight across alighted in the tree where the nest was. He was silent. He turned his head this way and that and turned his head that way to make sure that nobody was watching him. Then he flew up to the edge of the nest and looked in. What Sammy saw made him almost lose his balance. Yes, sir, he almost lost his balance! He just saved himself from falling backward off the edge of that nest. What he saw was a egg! It was a big egg. It was a dull white. At the very first glance Sammy couldn't believe that it really was an egg. He thought it must be a little ball of snow. But after the first good look there was no

doubt in Sammy's mind. He knew that he had discovered a secret and he knew that that was no place for him to be. You should have seen how hastily he looked around and in what a hurry he flew away from there. He felt that he couldn't get away from there too quickly. You see, that was a dangerous secret. HEALTH & DIET ADVICE

By Dr. Frank McCoy

"The Fast Way to Health"

Questions in regard to Health and Diet will be Answered by Dr. McCoy, who can be addressed in care of this paper. Enclose Stamped Addressed Envelope For Reply. 1212 McCoy Health Service, Los Angeles, Cal.

USE HEAT FOR PLEURISY. A sharp stifle in the side which hurts when you take a deep breath, or cough, is usually first indication of pleurisy. Since pain is a warning, one might say that in this case "a stitch in time saves nine," for the patient who has pursued the right treatment and recovered from it under capable direction is less likely to develop chronic pleurisy than one who does not have correct treatment during an acute attack.

Pleurisy is a serious disorder although the majority of cases recover, due to the fever of the body to absorb the exudation which is thrown out during the disease. To understand what is meant by this exudation, it is well to remember that the lungs are enclosed in a lubricating casing called the pleura. This membrane is made up of two layers. One is next to the outer walls of the chest and one next to the lungs. In this way the lungs are free to move about in breathing instead of being attached to the rib walls. Between the two layers is the lubricating secretion. When the pleura becomes inflamed, an unusual amount of secretion is thrown out containing irritating fluids and the pleura membrane becomes toughened or attached together or to its surrounding tissues.

The pain comes when the two inflamed layers rub against each other causing a sharp stabbing sensation as though a knife were cutting through the tissue. At this time the patient tries to keep the affected side as still as possible, doing most of his breathing with the other lung.

There are two forms of pleurisy. The first, called dry pleurisy, has an inflammation accompanied by a thick exudation. The pain is almost constant, and when the affected area is pressed with the finger it is usually sensitive and the breathing is shallow. Many cases do not progress far, as the inflammation subsides, the tissues absorbing the exudation and the pleura returns to normal. The second form is called pleurisy with effusion. After the pleura becomes inflamed and covered with the exudation of fibrin, a collection of serum ensues. At first this fluid is clear and light contains many white and large amorphous cells. There is some pain as the two membranes rub together, but when the fluids begin to accumulate, the patient complains of weakness and indigestion which are caused by the accumulation of the fluid in the chest.

In acute pleurisy the pain is referred to the abdomen or to the shoulders.

After the absorptive period there is often the danger of adhesions forming and the two layers grow together and are held in this bond. Adhesions may be referred to the abdomen or to the shoulders.

The correct treatment for acute pleurisy is to put the patient to bed and strap up the affected side with adhesive tape which keeps it still.

Question—Mrs. C. K. asks: "Will you please tell me what causes my hands to get so dry that they crack and sometimes bleed? I have tried many things on them but nothing seems to help."

Answer—Dry hands sometimes come from certain deficiency diseases, but, of course, the cause may also come from having the hands too much in water. Try rubbing cocoa butter into the hands several times a day, and always after the hands have been in water.

Question—Mrs. M. K. asks: "What effect does an eggwhite mixed with ground coffee to make it clear, have on a person's health? My friends claim eggwhite gathers the caffeine which makes the coffee safer to drink."

Answer—The addition of the white of egg or of the eggshell is supposed to make the coffee grounds settle, at least that is the reason given by most people who use the eggshell with their coffee. This simple way to extract the white and large amount of caffeine in your coffee is to make the coffee quickly, without too much boiling. In making tea, the same rule should be used to avoid extracting the tannin from the tea.

Question—Mr. C. K. asks: "Will you please tell me what causes my hands to get so dry that they crack and sometimes bleed? I have tried many things on them but nothing seems to help."

Answer—Dry hands sometimes come from certain deficiency diseases, but, of course, the cause may also come from having the hands too much in water. Try rubbing cocoa butter into the hands several times a day, and always after the hands have been in water.

HEAVY SCORING AS POWER TEAM DOWNED KAYSER

Southern Canada Whitewashed Julius Kayser to Tie With Dion for Industrial Hockey League Leadership—Clothiers Lost to Silk Products by Lone Goal.

The Southern Canada Power squad whitewashed the Julius Kayser entry in their Industrial Hockey League fixture at the Arena last evening by the count of six to nothing.

The Kayser team's massed attacks kept the puck in the Southern Canada defence area most of the time during the first period and only the work of Nichols in the nets prevented the silk boys from scoring.

In the final stanza Harris registered the third tally for Southern Canada when he tallied from a scramble in front of LeBaron.

The line-up was as follows: Northern Hatley Goal, Capelton; LeBaron Goal, P. Beland; Lavoie defense, W. Stafford; Cote defense, E. Stafford; LeBaron forward, G. Dure; Hartley forward, L. Stafford; K. Rezar forward, F. Sawyer; W. Colombe subs, W. Harvey; H. Taylor subs, J. O'Connor; S. Stafford subs, A. Stafford; C. Roberts subs, C. Roberts.

SECOND ENCOUNTER HARD FOUGHT

Notching up a lone tally near the end of the final period, the Canadian Silk Products team scored their first goal in the second period.

The teams lined up as follows: Dion Ltd. goal, Asellin; Soles defense, Hartley; Mathieu defense, Goyette; Baillargeon forward, Perry; Desrocher forward, Vincent; Noel subs, Fish; Lanctot subs, Stafford; Gordon subs, Gordon; Clarke subs, Parizeau; Roy subs, Fournier; Trudeau subs, Fournier.

LEAGUE STANDING

Table showing league standings for Southern Canada, Dion Ltd., Canada Silk, and Julius Kayser.

GAMES AT FARNHAM

FARNHAM, Que., Feb. 13.—The Farnham Canadian Pacific hockey team journeyed to Lake Megantic on Saturday for a game with the Megantic boys, the results being four to three in favor of the Farnham team.

There was no hockey game here on Sunday, as there had been during the past months. However a double header was played on Monday night, February 10th, when the Canadian Pacific Railway Town League team met the Royal Bank team of Canada, the score being three to two in favor of the Canadian Pacific Railway's.

RICHMOND WANDERERS WON FROM KINGSBURY

RICHMOND, Que., Feb. 13.—After an absence of two years, the Kingsbury hockey team appeared in Richmond last Saturday night only to be beaten by the Richmond Wanderers, five to nothing.

BASKETBALL

MONTREAL WEST GIRLS HERE ON SATURDAY—The girls' basketball team of the Montreal West High School will meet the Sherbrooke High School girls on Saturday afternoon at 3:30 o'clock in the High School assembly hall.

CHANGE IN SCHEDULE

Owing to the visit of the Quebec Snowshoes Club over the week-end, on Friday or Tuesday at Bishop's, while the Rangers and High School will have their game at either Friday or Tuesday at Bishop's, while the Rangers and High School will have their game at eight o'clock.

ANNOUNCE DRAW FOR RAILROAD TROPHY PLAY

Sherbrooke to Play Lennoxville for Canadian National Curling Trophy—Rinks Announced by Match Committee.

The rinks of the Sherbrooke Curling Club to play Lennoxville in the Canadian National Trophy competition next week have been announced. Each skip will arrange for his players to be on hand.

NORTH HATLEY AND CAPELTON PLAYED DRAW

CAPELTON, Que., Feb. 13.—A fast and interesting draw game of hockey was played here Sunday between North Hatley and Capelton teams.

The visitors opened the scoring after five minutes of play when Cote tallied on a hard shot from the blue line which was quickly followed by another North Hatley counter by LeBaron.

The line-up was as follows: Northern Hatley Goal, Capelton; LeBaron Goal, P. Beland; Lavoie defense, W. Stafford; Cote defense, E. Stafford; LeBaron forward, G. Dure; Hartley forward, L. Stafford; K. Rezar forward, F. Sawyer; W. Colombe subs, W. Harvey; H. Taylor subs, J. O'Connor; S. Stafford subs, A. Stafford; C. Roberts subs, C. Roberts.

EASTERN TOWNSHIPS JUNIOR LEAGUE

Tonight an important game in the Eastern Townships Junior Hockey League will be played at the Arena, when Bishop's will clash with the Maroons.

COLUMBUS TEAM WILL PLAY HERE OVER WEEK-END

New Entry in Montreal Senior Loop to Cross Sticks With Sherbrooke Seniors on Sunday Afternoon at Exhibition Arena.

BOSTON NOSED OUT A VICTORY OVER PIRATES

Bruins Scored Odd Goal in Seven—Three Games Scheduled in N.H.L. Series Tonight—Ottawa Clash With Canadiens and Maroons Play at Detroit.

The Illinois State Athletic Commission has not approved the date, partly because of a protest by Leonard Sacks, business manager for Jack Dempsey, who contended that the date was too close to the former heavyweight champion's next offering at the Coliseum, set for February 21st.

BOWLING

OPENING GAMES IN DUCKPIN LEAGUE

If high scoring in the opening game is any criterion, the City Duckpin league this year is off to a successful season, the Sherbrooke Regiment team making a league record of downing 2091 pins for the team, while Jobel of the same team made a new three string record of 537 and a single string record of 292.

STANSTEAD COLLEGE NOTES

Mid-year examinations are now on the E.T.C.M. and the B.B.C.

The music department of the college had charge of the programing at the University Church on Sunday evening last, and Dr. T. B. Moody delivered the address.

There was a large and appreciative audience. Rev. Mr. Morris, who presided, expressed the hope that musical evenings would be more frequent in the future.

The moving pictures shown on Friday evening in Pierce Hall portrayed much of the beautiful scenery of various parts of Canada.

These pictures, invariably made up of three films, are put on weekly, usually on Wednesday at 6:30 p.m.

No charge is made and visitors are welcome.

The senior basketball team, accompanied by Mr. McFadyen, visited the Sherbrooke High School last Saturday. A game was played at three p.m., which was fast and interesting, although the score went against the visitors the teams were well matched.

Miss Isobel Morrill was a guest in Sherbrooke over the week-end.

Miss Elizabeth Thompson paid a short visit to her home in Ayer's Cliff recently.

Mr. George Peck, of Montreal, took up work in the Academic department recently.

The Bugbee College Literary Society, in addition to hearing an excellent number of the "One Lung" read at last Friday's meeting, enjoyed three fine short addresses, delivered by Mr. Solomon Shmoller, Mr. Ronald Reed and Miss Elizabeth Thompson.

FUNERAL HELD OF VICTIMS OF BROME TRAGEDY

Large Number from Brome Vicinity Attended Funeral of Mr. and Mrs. Henry Fraser.

BROME, QUE., Feb. 13.—The funeral of the two victims who met their death in the Brome tragedy, viz. Mr. and Mrs. Henry Fraser, whose death occurred on February 4th and 5th, took place from the residence on Main Street to St. Edward's Church, Knowlton, on Friday morning, Rev. Father Girard, of the parish conducting the service, with undertakers Roby and Boyd, of Knowlton, in charge.

The pall bearers were Messrs. William Frank, Peter and Arthur Lefebvre, R. Boucher, Potvin, Seely and Brouillette. Interment was in the new Catholic Cemetery at Knowlton, where the two men had spent their lives together for so many years in peace and harmony, were laid to rest side by side in the large twin grave, surrounded by their many friends and neighbors, who had come to pay their last farewell.

Never in the history of Brome has an event like this occurred, and the sympathy of the community is extended to the bereaved family and especially to the orphaned daughter, Ella, who will sadly miss the loving care and protection of a loving mother and father.

Mr. Fraser, who had passed his 69th year, it will be remembered, suffered a paralytic stroke, two years ago and since that time has been an invalid and perfectly helpless and during his long illness he had been tenderly cared for by his loving and devoted wife, Mary Leonard, who was a daughter of the late Mr. and Mrs. Michael Leonard, of Iron Hill, and who sacrificed her life for him. With constant care and worry of late over his condition, she became exhausted and the heart failed to do its work and she dropped dead on the floor of her home, coming from the bedside of her husband, where she had been to attend to his wants on the evening of February 4th.

Their daughter was away from home, being in the employ of Dr. and Mrs. P. J. Cowansville, and returned that evening on the train to find the house in darkness and doors locked and being unable to arouse any one from within, went to the neighbors, Messrs. Gerin and Martin, for assistance. They immediately went with her and were obliged to break in the door to gain admittance and there, upon the floor they beheld the gruesome sight with Mrs. Fraser, lying upon the floor, fully dressed, with a shawl about her shoulders and, a white cloth about her head, signifying that she had been dead for some time, and had bound the cloth about her head for relief. In the adjoining room, lay the father, speechless, and nearly dead with the cold, twenty below zero at the time, and as Mrs. Fraser's death must have occurred twenty-four hours or more previously, the finding he had been without nourishment and warmth.

Aid was immediately given the unfortunate man, and he was soon made warm and comfortable and, after nourishment had been administered he endeavored to speak, but his utterances could not be understood and after a few hours, he also passed away.

The Coroner of the district of Bedford was called and also Dr. Paintin, of Cowansville, and Dr. Guimont, of Knowlton, and their attendance and an inquest was held upon the remains of Mrs. Fraser, when it was found she died from natural causes.

Mrs. Fraser was the second wife of Mr. Fraser, and from their union only one child was born, Miss Ella Fraser, their only daughter, who by the first marriage, viz. Mrs. Roy Page, of Springfield, Mass., and Mrs. Potvin, of Cowansville. She also leaves three sisters, viz. Mrs. Seely and Mrs. Brouillette, of Newport, Vt., and Mrs. Peter Lefebvre, of Cowansville, besides several nephews and nieces and other relatives and friends. Mrs. Fraser was in her 62nd year of age.

COOKSHIRE

The annual meeting of St. Peter's Church Social Club met in the Parish Hall on Wednesday last, February 6th, and was largely attended. The following officers were elected: H. J. Potvin, the rector, Messrs. F. Halls, F. Kerridge, Henry Osgood; president, Mr. Cameron Campbell; vice-presidents, Miss George Coates and Miss Ethel Woolley; secretary-treasurer, Mr. Allen Grainger. Interesting social evenings are looked forward to in the near future as they have been in the past.

The services in St. Peter's Church next Sunday are as follows: Holy Communion at eight o'clock; rector's bible class at 9.45 a.m.; morning prayer at 11 a.m.; evening prayer, at 7 o'clock.

A very interesting service was held last Sunday evening at St. Peter's and was largely attended. In the place of the usual sermon, the rector answered a number of questions relating to the church, all of which had been placed in a box during the week. The question box will be continued from time to time during Lent.

HOPE SOON TO DISCOVER BODY OF LOST FLIER

Helmet Belonging to Pilot Eielson Discovered Near Spot Where Wreckage of Plane Was Found—Workmen Searching for Bodies.

MOTORSHIP NANUK, North Cape, Siberia, Feb. 13.—Encouraged by the finding in the wreckage of his plane, the helmet worn by Pilot Carl Ben Eielson, United States aviator, lost November 8th, workmen searching for the bodies of Eielson and the mechanic, Carl Borland, resumed their labors with renewed vigor today. The wreck was found January 25th, in an icy lagoon, ninety miles southeast of here.

Pilot Joe Crosson, who reported discovery of Eielson's helmet on his return from a flight to the lagoon yesterday, said a part of the cockpit also had been recovered from the ice and that the workmen were digging around one of the wings torn off the plane.

It is expected to have all the wreckage dug out within three days, provided favorable weather continued, and that they hoped to find the bodies soon.

DEBENTURES OFFERED BY SOUND CANADIAN COMPANY

A. E. Ames and Company, Limited are today making the official announcement regarding the issue of \$5,000,000 of the British American Oil Company, Limited five percent convertible sinking fund gold debentures to mature March 1st, 1935. The debentures are being offered at 100 and accrued interest to yield five per cent.

The British American Oil Company has had a successful record of operation extending over twenty years. In passing years the company acquired and now controls through subsidiary companies, satisfactory and potential interests in producing oil properties in the United States. It owns leases of considerable areas of oil lands in Western Canada. The primary business of the company is the transportation of petroleum products. In 1929 it operated over 500 tank cars for transporting crude oil and finished products, and two refineries are owned and operated for the production of its products. The company has tank storage and distribution facilities at 646 points throughout Ontario, Quebec, Manitoba, Saskatchewan and Alberta, and operates 385 filling stations to supply its own products under the well-known brands of Peoria, Texaco, and British American. Ethyl gasolines and Autolene motor oils. The company manufactures a wide range of petroleum products, including gasoline, benzine, kerosene, industrial lubricants, paraffine wax, motor fuel and gas oils, petroleum coke and road oil. Over 1,000 employees are in the service of the company.

According to the financial statements the net tangible assets as of December 31st, 1929, comprised \$10,915,176 of fixed assets, \$681,736 mortgage receivable, \$1,947,558 other assets (other than crude oil leases and goodwill) and \$7,868,436 of net current assets after making provision for all current liabilities. The total of these items, representing net tangible assets was \$20,658,959 equal to \$4.16 per share. The company has a convertible sinking fund gold debenture, after making adequate provision for depreciation and income taxes the net earnings of the company, as certified by the chartered accountants were \$2,782,812 for the year ended December 31st, 1929, \$3,214,705 in 1928, \$3,235,925 in 1929. The yearly average for three years was \$2,872,814 which is at the rate of 11.40 times interest requirements of this issue. The 1929 net earnings for \$3,235,925, were 12.49 times the interest requirements of this issue.

Dividends have been paid without interruption on the common stock since 1909. The common stock of the company, representing the equity junior to these shares, has outstanding of more than \$50,000,000.

HOPE OF CHURCH UNITY IS EXPRESSED IN MESSAGE OF HIS MAJESTY KING GEORGE

Gratified at Progress Being Made in Promoting Unity—Hopes Further Contribution Will Be Made by Lambeth Conference.

LONDON, Feb. 13.—A message from the King, expressing the hope that continued exercise of patience and forbearance would make it possible to find a solution of the grave and perplexing problem associated with revision of the forms of public worship, was read by the Archbishop of Canterbury at the Canterbury convocation yesterday.

"I fervently join in your prayer for the increase of the influence of religion by renewal of faith and the strengthening of the spiritual consciousness of the members of the church." His Majesty's message added. "The progress being made in promoting of church unity is very gratifying and I trust the Lambeth Conference of Bishops will contribute a further advance."

UNITED STATES PLANNING FOR GREAT LINERS

Vessels of 45,000 Tons Burden Will Cost \$30,000,000 Each and Will Be Capable of Doing Thirty-One Knots an Hour.

WASHINGTON, Feb. 13.—The two new super liners for the United States Line North Atlantic express service, plans for which will be laid before the Shipping Board at a meeting today are looked upon here as a definite challenge to Germany for the speed supremacy of the seas.

The proposed 45,000-ton vessels which will cost \$30,000,000 each, according to preliminary estimates, will be capable of speeds of 31 knots an hour, according to authoritative information received here, and will be able to outfoot the Bremen, of the North German Lloyd Line, the present queen of the seas.

P. W. Chapman, president of the United States Lines, who came to Washington to present the plans for the new vessels to the board declined to comment on the reports that the new liners his company proposes to use to big for the supremacy of the North Atlantic would be capable of outstripping any commercial merchantman afloat. He contented himself with the statement that the vessels were rated for a speed of 28 1/2 knots.

It was considered significant, however, that other estimates rate the expected speed of the super liners at that speed or "better." It also was recalled that preliminary estimates of the speed of the Bremen was 27 knots, whereas the sleek German craft reeled off 29 knots and better when once it left Bremen harbor on its maiden trip and sped westward over the Atlantic. The reports that the new liners will be capable of speeds well in excess of the rated 28 1/2 knots is also considered significant, in view of the fact that the vessels also will be forced to compete with the Europa of the North German Lloyd, and similar fast vessels understood to be planned for the British and French lines. The excess speed of the American liners, it is expected, will enable them to meet any such threat from foreign aspirants for the speed title of the Atlantic, if the new American liners are able to snatch this record from the Bremen.

The plans for the two vessels, which the United States Lines contracted to build when it purchased the Government's North Atlantic passenger fleet from the Shipping Board almost a year ago, will be submitted to the Board at its regular weekly meeting tomorrow. Approval of the plans, both by the Board and the Navy Department, will be necessary before the United States Lines may apply to the Board for construction loans running to a maximum of 75 per cent, or \$45,000,000, upon the cost of the two ships.

COUNTRY AND DAIRY PRODUCE PRICES

The local dairy and produce markets failed to produce any outstanding feature yesterday. The butter market was again a somewhat dull affair, with dealers reporting the bulk of the day's transactions taking place in broken lots. Quotations remained at Tuesday's levels, 35 1/4 to 36 1/2 being the general range. Some sales reached levels both above and below that range. To the retail trade, it was stated that butter held unchanged at 32c for solids and 40c for prints. Included in yesterday's receipts were 804 cases of New Zealand butter.

EGGS—Fresh eggs continue to meet with an exceptionally strong demand and the market was again an active affair. Advice received here from Chicago were to the effect that the day's receipts at that centre were the lightest in years and it was further stated that supplies coming into Montreal were barely adequate to meet current requirements. No price changes were effected, however, the following quotations continuing to the retail trade:

Fresh specials 56c per doz.
Fresh firsts 54c per doz.
Fresh firsts 52c per doz.
Fresh pullet extras 50c per doz.
Storage extras 48c per doz.
Storage firsts 47c per doz.
Storage seconds 45c per doz.

CHEESE—In cheese dealers reported no departure from the general quietude which has been reigning in this part of the dairy market. What trading went on yesterday was at unchanged levels, which are 12c for easterns and 19c to 19 1/2c per lb. for westerns, current receipts.

POTATOES—A distinctly weaker tone was apparent in the local potato market, in sympathy with a generally softer trend in American markets, which, local dealers stated, was the reflection of an over-supply, temporarily, at least, below the line and as a result prices on New Brunswick Green Mountains eased to \$1.70 to \$1.75, while Quebec were quoted lower at \$1.70, per 90 lbs. in bulk, in car lots here.

POULTRY—In dressed poultry an active consumption comparable with that of fresh eggs continued in evidence while prices held unchanged at the following levels:

Table with 2 columns: Poultry type and Price per lb. Standard A's. Includes items like Selected turkeys, Selected geese, Selected ducks, Domestic chickens, Green chickens, Selected chickens, Milked chickens, Selected fowls, and Selected broilers.

Arthur B. Wood, well-known in this district, who was re-elected vice-president of the Sun Life Assurance Company of Canada at the annual meeting held this week at Montreal.

Graham Cars

New Model Designations. New chassis designations, taking the place of the former numerical system, are now used. The complete line comprises the following chassis models, each with a variety of bodies:

- Standard Six, three speeds, 115-inch wheelbase.
Special Six, four speeds, 115-inch wheelbase.
Standard Eight, three speeds, 122-inch wheelbase.
Special Eight, four speeds, 122-inch wheelbase.
Custom Eight, four speeds, 127-inch wheelbase.
Custom Eight, four speeds, 137-inch wheelbase.

The new bodies, built in the Graham plants are designed on a system that departs from ordinary practice. Accessibility, long ago attained in chassis construction, has now been achieved in the body work as well. Instead of being fastened together with wood screws, which cannot be reached after the welded metal panels are applied, the heavy frame members of the Graham body structure are fastened with bolts, so located that they may be reached from the interior of the car by turning back the trim.

MELBOURNE, Australia, Feb. 13.—A compulsory referendum will be held on the question of prohibition of alcoholic liquors in the State of Victoria on March 29th. Melbourne and some of its suburbs already are dry, and an intense campaign is being made by both sides through newspapers, posters and speeches to extend or prevent extension of the prohibition area in the rest of the state.

GOSSIP IN THE WORLD OF FINANCE

Furnished by Johnston & Ward.

MONTREAL MADE GOOD SHOWING

MONTREAL, Feb. 13.—The Montreal Financial Service says today: With the New York market closed yesterday the local market was left free to shift for itself and it can be stated that it gave a fairly good account of itself. The bridge stocks were in excellent demand and recorded good gains as did National Steel, Car and McColl. Slangman's Losses were few and of little importance.

The local market is steadily climbing higher with little of the sensationalism that accompanied an advance last year and this is having the effect of gradually restoring confidence.

The move up in Dominion Bridge coincides with the announcement of several new building structures pending, which are bound to mean much additional business for the company and also that building is being done in an over-supply during 1929 had an aggregate value of \$24,994,549 a greater total than any year since this record was commenced in 1920 by the Dominion Bureau of Statistics.

The strength in Hamilton Bridge is in anticipation of an excellent statement for 1929 and the expectation that the stock will be placed on a regular dividend basis before long. Opinion differs as to what rate will be inaugurated but those close to the management believe that the initial payment will be at the rate of \$2.40 a share per annum.

The shares of Power Corporation have been entirely neglected of late, although several companies in the Power Corporation group have met with adverse conditions lately, the company as a whole is steadily strengthening their position and making favorable progress on the huge expansion programme launched some time ago. From a long pull

ADVISES HOLDING OF STOCK NEW YORK, Feb. 13.—The Wall Street Mirror says today:

The words of caution are being preached in regard to the stock market are bringing short selling into the market instead of caution. This is the very best thing that could happen to the market, because it is a potential buying power on reactions. Furthermore, as mentioned on Tuesday, the trader who is trying to be "too smart" in selling the market short is letting himself in for trouble.

Undoubtedly, there was a good deal of so-called window dressing today, in order to usher in a strong opening today. Both rail pools, it will be noted, have become quite active again in second rate stocks in order to capitalize, while they can, the flush strength in the first line issues.

Obviously, this does not make for a healthy market condition. We believe you will agree that it is better to be a day or two early, in sensing a reaction, than to encourage purchases of stocks at the tail end of an upward movement.

Fox Film situation. When last week's squeeze of "shorts" was undertaken in this stock we advised you not to follow the move. This advice was justified by the subsequent reaction. As this is a tentative plan of refinancing has been submitted.

An interesting situation is developing in Gulf States Steel. In addition to the Eaton interests being holders of the stock, American Rolling Mills also has bought a big block of stock. A fight for control may develop.

An important announcement affecting Brooklyn Union Gas is at hand. DOW JONES FINANCIAL NEWS SUMMARY

Bank of England rate unchanged at 4 1/2 per cent. German Acceptance rates reduced to 5 3/8 per cent, lowest in five years. Federal Reserve Bank of Boston rate cut to 4 per cent from 4 1/2 per cent.

Trading Forecasts and Factors. A better demand for stocks is expected today, particularly the leading utilities, and the amusement shares.

Broker's Opinion. We continue to feel that a fairly liquid position is advisable at this time in order to be in a position to take advantage of more favorable buying opportunities later.

STRONG TONE EARLY TODAY ON WALL STREET 'CHANGE

NEW YORK, Feb. 13.—The stock market continued to work higher as trading was resumed after the holiday. United States Steel, American Can, American Telephone and Pullman opened about one point higher. Studebaker, Hudson, North American, Goodyear, Consolidated Gas and Nash moved 3/4 to 1%. Radio, however, sagged a quarter.

The Savings. we may make over a period of years in the management of your estate should be far greater than the moderate fees charged for our administration. In addition to this point, one should bear in mind that, however long may be the time during which an Estate must be kept intact and administered, this Company as Trustee will be here to carry on indefinitely. Sherbrooke Trust Company Established 1874.

FOUND CHURCH HUNDRED YEARS AGO IN GRANBY

Special Services Held on Sunday and Monday—Rev. Dr. G. Ellery and Special Speaker—History of Church Reviewed by Mr. D. M. Mitchell.

GRANBY, Que., Feb. 13.—The hundredth anniversary of the first church in Granby was celebrated here on Sunday and Monday. The special speaker was the Rev. Ellery Read, D.D., of Sherbrooke, ex-president of the Montreal and Ottawa Conference.

Dr. Read spoke of the wonderful advancement of this century and how the spirit of God had moved a little pioneer lot of people to establish a small church. Their faces were turned toward the future, he said, they were also living in an age of progress as we were in the era of re-construction.

Dr. Read was attentively listened to by a large congregation both morning and evening.

The choir, under the direction of the organist and choir master, Mr. R. G. Arnott, sang several selections and a solo by Mr. Wade was much

enjoyed. The church was artistically decorated with daffodils and spring flowers. In the evening, the choir also rendered special music, Mrs. O. V. Giddings being the soloist.

Banquet Monday Evening

On Monday evening a banquet was held at six o'clock in the church parlors when between 350 and 400 hundred persons sat down to supper. At eight o'clock the auditorium of the church was well filled for a public meeting and to hear a history of the first little church established in Granby. The choir rendered anthems and Mrs. C. V. Meyer and Mr. Alfred Wade both sang solos which were a treat to the music lovers present.

On the platform were seated Rev. Thomas Scott, Venerable Archdeacon Longhurst, Rev. Dr. Burnett, of Ahuntsic, former pastor of Drummond street Methodist Church, Rev. Dr. W. Coburn, of Prescott, Ont., and Mr. W. H. Miner, who acted as chairman of the evening.

The meeting was brought to a close by the National anthem and the benediction pronounced by Ven. Archdeacon Longhurst.

History of Church

Mr. D. M. Mitchell in giving the history of the first church, said in part:

"Any birthday is important, but when that anniversary celebrates one hundred years of church life from the very inception of organized religious services of any kind in a community it surely is a cause for rejoicing. And while I rejoice and am very proud to be the mouth-piece by which is related the rather

meagre historical facts, gleaned from not very clear or continuous records, I regret that I have been given this honor, because I am one of the very few left, who have been interested in the life and activities of this church since early childhood, while others, much more capable of performing this pleasing duty, have fallen by the way side.

"I have not only seen the property of the church, but have seen and experienced some of the great discoveries of science, such as the aeroplane, the radio and the morning and talking pictures.

"In memory I seem to see clearly a Union Sunday School held in an old school-house, nearly opposite this church. I believe the superintendent of that Sunday School was a Mr. Lorrimer and, what is a remarkable coincidence, he kept a general store about where our present Sunday School superintendent, Mr. W. R. Bradford, is engaged in the same business.

"My teacher was a Mr. Herrick, afterwards a deacon in the church, whose name appears on the marble face of the clock in the auditorium, he being, with his family, the donor of this time-piece, which has served the people well for nearly fifty years and is still going strong.

"Of the early life of the Sunday School nothing is recorded and very little known, but I am told that Deacon Harlow Miner was likely the first superintendent. Later Mr. John McIntosh, principal of the academy, was superintendent for many years. He was followed by Deacon Wm. Neil. Mr. Wm. Horner also filled the

position for many years and by his interesting energy, unflinching courtesy and simple christian character, was a great inspiration and blessing to the life of the school. Mr. D. M. Mitchell also guided the affairs for many years and on Christmas Day, 1914, he was presented with a gold watch to commemorate twenty-five years of service in the school. Later Mr. Jos. Maton was elected and carried the banner under the amalgamation of the Drummond Street Sunday School with the church following church union.

Organized in 1830

"On February 9th, 1830, Rev. Ebenezer Donnan, of Swanton, Vt., assisted by Rev. Mr. Rockwell, organized a congregational church in Granby consisting of the following persons: John Houstad, John Keep, Stephen Hungerford, Wm. Woodward, Gardner Childs, Thomas Hale, Sewell Goodridge, Rhoda Hoskin, Betsy Ryder, Ellen Hale and Betsy Smith.

"Rev. Daniel Rockwell seems to have been pastor for a short time and he was followed by Rev. James Dougherty, Rev. Jas. Gleed, Rev. Thos. Miles, Rev. Lancashire, Rev. H. B. Chapin, from West Hampton, Mass., and in 1841, Rev. N. B. Fox, a graduate of Dartmouth College, and Rev. David Gibb, from the same college, and it was during the pastorate of the latter that a group of Scotch Presbyterians, who were worshipping in another building, sold and joined with the congregationalists.

"The first subscription list is one for the support of Rev. N. McLeod in 1853 and 1854 and was to be paid in cash or grain. On the following year 1855 the subscription seems to have been promised for the support of Rev. G. B. Bucher and no mention is made of grain and "cash" is heavily understood. The church evidently had given up the grain business.

Business Records

Mr. Bucher brings us to the first of the pastors whose names are more or less familiar with the older members of the church and now we have the first records of a business meeting and it was moved, seconded and carried that W. Duncan, W. Marshall, and J. Kay be appointed deacons. There was also elected at this meeting a committee of discipline, but their duties were not stated. Deacon James Kay was also present and led the singing before there was an organized choir.

"At the next church meeting another innovation was introduced when it was moved by Deacon Miner that the pews be rented to meet the expense necessary for sustaining the preaching of the gospel.

"Rev. Mr. Bucher died on August 31st, 1865. He was much beloved and was pastor for eleven years and a monument was erected to his memory by the inhabitants of the village. After his death the pulpit was supplied by Mr. Goodrich, Dr. Lillie, Dr. Wilkes, Rev. Patterson and Rev. J. McKillican. In 1867 Rev. James Howell was engaged as pastor, in May 1872, Rev. D. D. Nyhavander was pastor for four years. He died from typhoid fever which was epidemic in the village, in 1876, Rev. R. K. Black was chosen to fill the vacancy caused by the death of Mr. Nyhavander.

Church Destroyed by Fire

"On April 8th, 1879 the church was burned and an impromptu meeting was held by the Trustees and it was decided to ask the Sons of Temperance for the use of their hall for a place to worship. This was given free of charge. Steps were immediately taken to erect a new church and a building committee appointed consisting of Messrs. Wm. Neil A. Kay, S. H. C. Miner, Mr. Duncan and George Mitchell, who proceeded with the erection of the present edifice which speaks for itself.

"It was during the erection of this building that a very regrettable accident occurred. Deacon Harlow Miner, father of the late S. H. C. Miner, who was watching the building of the church he loved so well, was standing beside the building when a piece of lumber fell from the tower striking him on the head and he died a few hours later. A beautiful memorial window was erected to his memory and to his wife, by their daughter, the late Mrs. J. H. McKechnie.

"On February 9th, 1881, the new church was dedicated, Rev. Dr. Stevenson, of Montreal, preaching the dedicatory sermon.

"Rev. Mr. Black was pastor for nine years and after his retirement he was made pastor Emeritus. He died in 1913 and his family presented to the church a beautiful Brass Memorial Tablet to his memory. Mr. Black was followed by Rev. J. I. Hindly who in turn was succeeded by Rev. Rev. E. W. Day.

"In 1898 Rev. W. S. Pritchard was engaged and was an earnest worker in Sunday School and Christian Endeavor Society for young people. He resigned in 1905 and

was succeeded by the Rev. J. Lambert Alexander. It was during his pastorate that the new wing to the Sunday school was built, Mr. and Mrs. S. H. C. Miner contributing \$2,000 for this building. He was followed by Mr. Percy V. Sampson, Rev. A. F. Pollock was also pastor in 1920, he resigned to accept a call to Ottawa. The church then extended a call to Rev. I. A. Perce, who had been a Missionary in Turkish Armenia. Mr. Perce, during his ministry, received many urgent calls to return to this work and finally resigned his pastorate to enter the work of the American Relief Association of Ontario.

"After Mr. Perce, Rev. D. W. Coburn was chosen and only concluded his ministry here when the church formally united with the

Drummond Street church to form the United Church.

Several Memorial Tablets

A sketch of this church would not be complete without mentioning the several memorial tablets erected in memory of those who lived and labored here. The beautiful organ, which is an inspiring help to our worship is in reality a memorial. The first organ was installed largely through the efforts of the late S. H. C. Miner. After his death his widow, Mrs. Clara A. Miner, decided to install a new and larger one to his memory. With the permission of the Trustees an addition was built on the North end of the church and this beautiful instrument given to the church in his memory. A tablet is also erected to the memory of George Denison Miner who died

in France in the early part of the war. A tablet also in memory of those who paid the Supreme Sacrifice and those who served in the war was given by the Sunshine Club. The baptismal font was presented to the church by Mr. and Mrs. J. H. McKechnie in memory of Sadie Miner, daughter of the late Mr. and Mrs. Wm. Miner and sister of Mr. W. H. Miner.

"In concluding may I express the wish which is also the prayer of my heart that this beautiful church with its hallowed memories and associations may be the means of cementing this congregation into one powerful body, which may move forward like a mighty army to the glory of God and the advancement of his Kingdom."

Mr. C. A. Adams gave a short

but concise sketch of the Methodist Church which was very interesting. Venerable Archdeacon Longhurst also spoke a few happy words, and was congratulated by Mr. D. N. Coburn on his attainments of forty-nine years service in St. George's Church, of Granby. Rev. Mr. Burnett, former pastor of the Drummond Street Church was called upon but spoke briefly. Regrets at not being able to be present were read from I. W. Perce, Toronto; A. F. Pollock, Rev. S. W. Bay, Cowansville; Rev. Allenby, Waterloo, W. G. Gunn, Moderator of the Church of Canada; Rev. Dr. Melvin Taylor, Wellington, Ont., and Rev. D. H. McFarlane, Knowlton.
