

CAB THAT HAULED MR. SIFTON BURNED.

The Ex-Minister Was Upset and Thrown From Carriage.

AFTER SEIZING CARRIAGE McGILL STUDENTS BURNED IT ON CAMPUS.

Montreal, March 21.—Scenes of disorder which culminated in the upsetting and the burning of the carriage that held the Hon. Clifford Sifton, ex-minister of the interior, who has aroused the country by the bolt from the Liberal party on the reciprocity issue, marked last night's demonstration preceding the Windsor Hall meeting of the Anti-Reciprocity League.

A pro-reciprocity party, formed at McGill recently, ran a counter demonstration, which consisted chiefly of the senseless attack on the carriage in which the Hon. Mr. Sifton, Prof. Leacock, of McGill, and Mr. Hemming, secretary of the Anti-Reciprocity League, were proceeding from the McGill Union to the Windsor Hall to address the mass meeting of

HON. CLIFFORD SIFTON, who spoke against reciprocity, and whose cab was upset and burned by McGill students.

protest being held there. Though few in number the disorderly students succeeded, on Cathcart street, in breaking through the body guard of students who were guarding Mr. Sifton's carriage, and tumbled the occupants unceremoniously out on to the street to proceed as best they could to the Windsor Hotel.

The disorderly students then carried away the cab and organized a meeting of their own on Windsor street outside the Windsor Hotel. Some of them climbed to the seat and hanged the increasing crowd of students on a vast majority of subjects. The students then drew the cab up Windsor street and along St. Catherine, breaking windows and disorganizing the street railway system en route, and ended by taking their trophy to the McGill campus, where it was filled with wood soaked in oil, and burned. After this a wild parade through the streets with the blazing cab as the feature of the procession was indulged in, scores of students pouring out from the Union, the Y.M.C.A. and the boarding houses to join the pro-reciprocity party, when they learned that there was "something doing."

FOUGHT WITH POLICE.

The entrance of McGill students into politics, through the medium of an anti-reciprocity demonstration also resulted in guerilla warfare between the students and the police.

DISSOLUTION TALK! CREATES INTEREST.

Government May Go to Country Owing to Obstruction of Supply.

ORDER OF GOVERNMENT TO-DAY IN HOUSE OF COMMONS IS SUPPLY.

Ottawa, March 21.—(Special)—The Government order in the House of Commons to-day is to supply and in view of the talk of possible dissolution interest attaches to what will be said and done. If Government should implement supposedly inspired intimations of its organs and bring on dissolution on reciprocity issue, it would be an unwelcome thing to the Opposition in the House or to broader opposition, which on national issue now before the country goes far beyond and obliterates lines of political partisanship, but if at the same time an appeal to the country is to be contingent upon the deliberate obstruction of supply by the Opposition in the next two weeks essential condition precedent may or may not develop.

CANADA'S RECIPROCITY AND TARIFF BOARD.

Such is Programme Outlined by President Taft.

IS NOW AT WORK ON MESSAGE TO BE PRESENTED TO CONGRESS.

Washington, March 21.—President Taft on his arrival from his vacation at Augusta, Ga., yesterday began preparations for his message to Congress which he now proposes shall be confined to Canadian reciprocity and the establishment of a permanent tariff board.

The President is convinced that the country desires and ought to desire a further revision of the schedules of the Payne-Aldrich act. He feels that the woolsen schedule, schedule K, is particularly indefensible. It is said that he is anxious that it shall be revised at an early date.

The President is equally convinced, however, that the country desires that revisions of the future shall be made in the light of the expert information which it is the duty of a tariff board to collect. So at this time, it is said, he rather inclines to the idea that no schedule should be revised upon which the tariff board is not ready with its information.

The President has directed the temporary board to make a report on the woolsen schedule by Dec. 1 next. Personally he would very much like Congress to wait until that time and not make any attempt to revise any of the schedules at the extra session.

HOUSE AND CONTENTS BURNED.

MR. FORD OF CLEVELAND SUSTAINS CONSIDERABLE LOSS.

Cleveland, March 21.—(Special)—Mr. Ford of this place suffered considerable loss when his dwelling house with all its contents were destroyed by fire. The building was situated about three miles from Richmond on the Denison Road, and Mr. Ford was alone at the time of the outbreak of the fire. A strong wind was blowing at the time.

Mr. Ford carried but a small insurance.

Mrs. J. H. Roy, who has been at the St. Vincent de Paul Hospital for a couple of months, is improving and expects to leave shortly for St. Hyacinthe, and then to return to her home in Megantic.

GENERAL SLAUGHTER OF DEER NEAR SCOTSTOWN.

Animals are "Yarded" and Cannot Escape Owing to Deep Snow.

TRACES OF DEER SLAYERS FOUND ALL OVER THE DISTRICT.

Scotstown, March 21.—(Special)—There is a general slaughter of deer going on in the several districts surrounding this town. It is thought by those who are posted in regard to the matter that if the snow continues to remain much longer there will be no deer left.

At present the deer are in yards and the snow is so deep that when hunters on snowshoes with dogs get after them, they have no chance of escape, and are at the mercy of the hunter, who is illegally hunting at this time of the year.

Last week two men from this town were called on business to the town of Dutton. They ran into a party of hunters who had the "goods" right with them. There seems to be no restraint whatever in the hunting in close season in that section. Anyone who will go through the woods in the districts of the ranges of Cohoes, Little Quebec, in the town of Dutton, also in Macnamie district in the township of Hampden and on the north side of the Lingwick road in the township of Lingwick, and in fact in any section where the deer find a shelter, will see trails here and there covered with blood, which show the work of the deer-slayer.

People who are interested in the preservation of game in this section are wondering why the Government officials are doing nothing in regard to this matter.

Not so very many years ago when the farmers in this section of the country were not as well off as they are now, very little while some government officer would make trouble for those who had killed a deer for the use of the family. There is no excuse now, as no one so poor that he cannot afford to buy meat for his family.

This general slaughter of deer is carried on these days simply for sport but after a very "unsportsmanlike" manner.

It is hoped that the continuous reports from the different sections of the country which have appeared in the Record will bring to the attention of the Government this illegal killing of one of the most noble animals in the forest, and cause the proper authorities to take some action which will put a stop to such a slaughter.

PROPOSES BOYCOTT OF THE GRAND TRUNK.

One Suggestion in Connection With Bonded Baggage Matter.

REMARKABLE INDIFFERENCE OF OTTAWA CUSTOMS AUTHORITIES.—SHOULD SEND SUPERIOR OFFICER HERE.

The bonded baggage outrage continues. The Canadian Customs officials and incidentally the Canadian Government in general, is being blamed for what appears like absolute unconcern regarding the inconvenience imposed upon the travelling public by an absolutely unnecessary order.

The Grand Trunk is being blamed and the Boston and Maine are being blamed for not taking some immediate steps to protect the interests of their passengers.

The Board of Trade and other local organizations appeal to the Railway Commission, to the ministers of Customs, to Eastern Townships representatives and all the powers that be.

The reply is, the Grand Trunk, we understand has plans for a bonded baggage room and will erect one next summer.

No move to relieve the present situation by suspending the present order, which prohibits bonding in Sherbrooke.

THIS ORDER SHOULD BE SUSPENDED IMMEDIATELY PENDING THE ERECTION OF A BONDING ROOM WHICH THE G. T. R. PROMISES NEXT SUMMER.

Mr. Parmelee, the local inspector, says, "No facilities." And yet last exhibition week when there was many times the usual volume of traffic, this order was suspended and bonded baggage came into Sherbrooke.

BROME LAKE FISH AND GAME CLUB.

Wardens Will Be Put on at First Sign of Open Water in Lake.

WILL PETITION FOR OPENING OF PICKEREL SEASON ON THE 24TH OF MAY.

Knowlton, March 21.—(Special)—The regular annual meeting of the above club was held at the Lake View Hotel, Knowlton. After reading the minutes of the previous meeting, the annual financial statement and correspondence, and discussing the past season's work, the following officers were elected for the coming year:

President—Mr. R. J. M. Webb. Vice-President—Mr. J. R. Gillam. Secy.—Treas.—Lieut.-Col. J. C. Gardner. Also twelve members to act with these officers as an executive committee.

Wardens will be put on duty at the first sign of open water in the lake to prevent illicit fishing, the penalty for which is a fine of \$50, half of which is given to the person furnishing evidence to convict.

It was decided to affiliate with other fish and game clubs to endeavor to have "fish-ways" kept open from the outlet of the Yamaska River to Brome Lake, to permit fish uninterrupted access to the headwaters of that river.

A thorough canvass of all persons interested will be made so that necessary funds to continue the good work of the club may be raised. Membership costs only one dollar per annum, but many persons generously subscribe larger sums or it would be impossible to properly protect the fish and game. One result of the past few years' work is seen in the largely increased number of pickerel and bass.

It is the intention to limit the number of lines permitted to each fisherman to at most two, as the fish are being protected for the benefit of everyone, not for the few who make a traffic of the sport.

It is also proposed to petition the Lieut. Governor to allow pickerel fishing to commence on May 24th, as the late date now in force, June 16, permits the weeds to become so much grown as to spoil the best fishing.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS.

HAD RIGHT ARM BROKEN.

Adelphi, March 21.—(Special)—Miss Mary C. McKinnon, who is teaching at Black Lake, has had the misfortune to have her right arm broken.

SAP BUCKETS DAMAGED.

South Rexton, March 21.—(Special)—Those who had put out their sap buckets previous to the cold snap of last week suffered considerable loss. Mr. B. Smith had 150 and Mr. John Blampin 112 buckets rendered useless by the frost.

LEG CRUSHED BY LOGS.

South Rexton, March 21.—(Special)—Mr. Leonard Marcotte has been brought from Waterloo suffering from a severe injury to his leg. He was at work in the yard of Messrs. Robinson and Wallace when one of his legs was crushed between two logs.

OFFICERS OF CREAMERY.

West Sutton, March 21.—(Special)—The patrons of the Acorn Butter Factory held their annual meeting, when Messrs. J. Seals, B. Vincent and T. Tryhorn were appointed a committee, and Mr. E. J. Lee, salesman, for the coming year.

BRUISED BY FALL FROM SLEIGH.

Brownleigh Place, March 21.—(Special)—While Mrs. Wilkie was driving out with her son, the sleigh collided with another one. The result was that Mrs. Wilkie was dragged for some distance, and quite seriously bruised in addition to a bad shaking up.

OFF FOR ENGLAND.

Sutton, March 21.—(Special)—Mrs. Jack Sallis leaves on Tuesday evening for England for a visit to her parents. She will be away several months, possibly a year. She goes via Halifax. Mr. Sallis has arranged to board at Mr. L. W. Lafleur's boarding house during the absence of his wife.

LOAD OF CREAM TIPPED OVER.

Cowansville, March 21.—(Special)—Messrs. Dunn, of the Cowansville Creamery, had the misfortune to tip over a load of cream while drawing the same from the creamery to the C.P.R. station for shipment to Montreal. One can was pretty nearly all lost on the snow at the corner by Councillor John McCabe's, where the accident occurred. It seems too bad to lose property that is so hard to obtain.

FIRST NEW SUGAR.

Sutton, March 21.—(Special)—Mr. Edward Lassonde made on Monday and Tuesday, March 13th and 14th, 200 lbs. of syrup and Mr. Ernest Wyatt on Wednesday 15th about 100 lbs. of new maple syrup. This was about the first lots reported this season in any quantity, though several others have made smaller lots. Mr. Lassonde taps about 1,700 trees and Mr. Wyatt about 1,000. Needless to say the syrup found a ready market.

MINES OPEN APRIL 1ST.

Thetford Mines, March 21.—(Special)—To the great disappointment of the working classes of Thetford Mines the mines of the Amalgamated Asbestos Company which it was expected would have commenced operations this morning will not resume mining until April 1st. This is a great hardship to the people of Thetford and Black Lake, for it means that over one thousand hands, who have been unemployed since the beginning of December last, have to wait still longer before they commence earning to keep their wives and families.

TOO EARLY TAPPING CAUSES LOSS.

Sutton, March 21.—(Special)—Quite a number of our farmers, bound to not be too late in tapping their orchards, as was the case the past season, made the mistake of tapping too early, with the result of getting a mixture of sap and snow in their buckets which quickly froze up with a result, that nearly hundreds of buckets burst and have to be repaired. One man a few miles from Sutton, who tapped 2,500 trees, is reported to have had nearly 1,500 burst by freezing. Mr. Samuel Robinson had a large number of buckets burst by the freeze, while Mr. Henry Allen had 65 out of 100 that had to go to Jennie's can factory for repairs.

FELL DOWN CELLAR STAIRS.

Inverness, March 21.—(Special)—Mrs. Dan McCullough fell down the cellar stairs and sustained a sprained ankle in addition to other injuries.

GOOD PRICES AT AUCTION.

Brownleigh Place, March 21.—(Special)—There was a good attendance at the auction sale of the stock, etc., belonging to the late Miss Leet. Good prices were realized, cows selling as high as \$45.

DISCUSSED GOOD ROADS.

Inverness, March 21.—(Special)—At a meeting of the ratepayers in the Secretary-Treasurer's office, the question of macadamizing the roads in the village was discussed at length. It was decided to leave the matter to a vote of the people.

WORK ON NEW E.T. BANK.

Sutton, March 21.—(Special)—The mild days of late started work on the outside of the new E.T. Bank, putting on the jet and other finishings, while painters are busily at work painting the inside. The bank will be finished in the early spring and will be a credit to the town and to the enterprising E.T. Bank, which is one of the institutions that all Eastern Townships residents need feel pride in.

SISTER LOCATES BROTHER AFTER 50 YEARS.

Sutton, March 21.—(Special)—Mr. Alfred Tupper, of this village, who came from England when a young boy, has through an advertisement in a city paper heard from his sister, Margaret, whom he had not seen or heard from for over 50 years. His sister is quite advanced in years and placed an advertisement in a Canadian paper which has put him in touch with her brother here. The sister is reported to be very wealthy.

BOUGHT OUT MILLINERY BUSINESS.

Sutton, March 21.—(Special)—Mrs. M. Housen, who has for many years run a millinery store here, has sold out that business to Mrs. Ralph Carpenter, of Richmond, Vt., who is here making changes in the rooms and retelling the store into shape for occupancy. Mrs. Carpenter brings a trimmer here from Boston, a lady who wished to get into this country for a change. The new store will be ready in a few days for business. Mrs. Housen will open up in the other section of her block and will handle a line of dry goods and certain lines of fancy goods.

A GREAT SCHOOL.

One school that is making itself felt in the Eastern Townships is the Hughes Business College of Stanstead. The attendance increased 94 per cent. in one year. A postcard will bring you their pretty catalogue.

FUNERAL OF LATE JOS. SUIITOR, KINNEN'S MILLS.

Thetford Mines, March 21.—(Special)—The funeral of the late Joseph Suiitor, whose tragic death was recently reported, took place on Saturday from his father's residence to the Presbyterian cemetery, Kinnear's Mills, and was conducted by the Rev. Wm. Dickinson, of Thetford Mines. Que., Rev. Mr. Miller, of Inverness, being unable to attend, owing to sickness and the inclemency of the weather. Among those from a distance who attended the funeral were Mrs. Smith and Mrs. Geo. Gearke, of Barre, Vt.; Mrs. Frank Bascombe, of Hamilton; and Mrs. Gordon Marteney, of Port H. G. Wright, N. Y., and Mrs. Edwin Little, sisters; H. R. and Henry Suiitor, of Granville, Vt., brothers of the deceased; Mr. Hector Hill, of Thetford Mines, nephew; Messrs. Gordon Marteney and Edwin Little, brothers-in-law, besides many near friends and relatives. The funeral was largely attended, over 40 sleighs being in the procession. Rev. Mr. Dickinson spoke at the residence from the words found in Matthew, 24 and 44: "For in such an hour as ye think not the son of man cometh." and referred to the very threshold of manhood, and pointing out the solemn lessons to be learned from the sad occurrence, and conveyed to aged and sorrowing parents the heartfelt sympathy of their wide circle of friends in their very sad bereavement. The remains

Barre, Vt., March 21.—Timothy E. Byrnes, vice-president of the Boston & Maine and New Haven roads, has been elected president of the Montpelier & Wells River, the Barre branch and the Barre railroads, recently acquired by the Boston & Maine. H. E. Folsom was chosen vice-president. Other directors are C. S. Mellen, W. B. C. Stickney and J. W. Brock.

SIR A. PELLETIER HAS FULLY RECOVERED.

Atlantic City, N.J., March 21.—(Special)—Sir Alphonse Pelletier, Lieut.-Governor of Quebec, left Atlantic City Hospital yesterday, fully recovered from the operation recently performed on him.

BOOKER WASHINGTON ATTACKED.

New York, March 21.—Albert Ulrich, an employing carpenter, charged with assault on Booker T. Washington, head of the Tuskegee Institute, yesterday was held by Magistrate Cornell in the West Side police court in \$1,500 bail for examination to-day. Mr. Ulrich said that Mr. Washington had been loitering in the hallway of his home, 117 West Sixty-third street, and that he had mistaken him for an intruder. Mr. Washington said that he had gone to the house to find D. C. Smith, auditor of the Tuskegee Institute, and was looking at the names on the letter boxes when assaulted.

HOULE BROS. MAY KNOW RESULT TO-DAY.

Montreal, March 21.—The long drawn-out trial of the brothers Houle on the capital charge is drawing to a conclusion. The case will probably be given to the jury to-day.

CHINESE FAMINE RELIEF FUND.

Toronto, March 21.—(Special)—The provincial committee in charge of the Chinese Famine Relief Fund has declined to issue a special appeal for contributions, and also to send a deputation to Sir Wilfrid Laurier, asking for a Dominion Government grant to the fund. Mayor Gentry also will be approached with a view to getting a city grant. The total amount received or promised to date is \$16,000.

FARM HELP SCARCE.

Toronto, Ont., March 21.—(Special)—There's a dearth of farm help here as far distant as two hundred miles trying to get men from among the immigrants daily reaching the city. The Dominion offices are simply besieged with applications from farmers, as many as seventy-five calling upon them daily. There is also a heavy demand for laborers for railway construction, and altogether this promises to be a record year for unskilled labor.

DEMANDED ONLY \$1,000,000.

New York, March 21.—Geo. Shagor, a Syrian, who sells shoe strings in the financial district, entered the National City Bank late yesterday with the alleged purpose of demanding \$1,000,000. Instead of getting it, policemen and clerks seized him and he was driven off to Bellevue Hospital for examination as to his sanity.

NO COMPROMISE FOR SPAIN.

Madrid, March 21.—Hope of a compromise in the dispute between the Spanish Government and the Vatican was dispelled Saturday by King Alfonso's receipt of the positive refusal of the pope to renew friendly relations unless all measures affecting the Catholic Church in Spain are first submitted to the Vatican for approval. The reply was submitted to Premier Canalejas, who urged that a rigid anti-clerical campaign in defiance of the pope be begun at once. Alfonso, however, is reluctant to abandon the efforts at a compromise.

FIREMEN WERE OVERCOME.

Chicago, March 20.—Thirty firemen were overcome by the fumes of ammonia yesterday while fighting a fire which destroyed a warehouse of the Monarch Refrigerating Company and caused a \$800,000 loss. Thrilling rescues were made in carrying the unconscious firemen from the burning structure. It was necessary to take

CHINA AGREES TO RUSSIA'S DEMANDS.

Peking, March 21.—The Russian legation believes that the Chinese Government will yield on the final points in dispute after further pressure, the successive threatening notes from Russia having obtained successive yieldings. An emissary from the Chinese Foreign Board visited the Russian legation last Thursday and promised complete compliance with the Russian demands. The formal reply of China, which was delivered on Saturday to Minister Korostovetz, failed to substantiate the verbal promise. In this note China agreed to the establishment of consulates in Mongolia but still contested the right of Russian merchants to trade in Chinese as well as in foreign goods at these points.

WHAT WOULD BE THE RESULT?

The General Freight Agent, recognizing that his freight receipts were going to be immediately reduced will for his own protection, go in and see the General Baggage Master and insist upon something being done forthwith. To appeal to the General Baggage Master on the score of the inconvenience to the public would be of no avail. You can only put pressure upon him through his conferees whose business will be affected by some such action as I have indicated above.

AS THE TRAFFIC IS AT PRESENT VERY SLIGHT, a bonding room could easily be partitioned off in the present baggage room by a wooden partition, giving a space of 12 by 15 or 20 feet and the cost would not exceed \$25 or \$30, and I think that for a mere bagatelle like this the Grand Trunk should not incommode the visitors and citizens who are coming into this City.

Of course, this is only a temporary expedient, operative until they

MR. ELISEE DUPUIS

A FRANK TESTIMONIAL

Mr. Elisee Dupuis, of St. Paul de la Croix, was suffering from weakness, **ST. MICHEL'S WINE** cured him and he acknowledges its value.

Mr. Elisee Dupuis' trade is a hard one, that of sawyer; he had used his strength unsparingly and, human endurance having its limits, he began to grow weak until finally the day came when he realized that he must find a remedy for his enfeebled condition. Mr. Elisee Dupuis has the courage of his convictions. This may be seen by the following letter:

MESSRS. BOIVIN, WILSON & CO., Montreal.

Gentlemen:—Many people hesitate at the idea of seeing their photographs or testimony published in the newspapers. For my part, I am not of these. When one obtains relief from his sufferings through another's help, it seems to me only just to give credit to whom it is due and show gratitude for the good that has been done.

It is for this reason, gentlemen, that I take pleasure in thanking you for the marvelous results procured by means of your **ST. MICHEL'S WINE**, which I used for weakness, from which I suffered for many years. In my trade we are much more exposed than in many others. We over-exert ourselves, with the results you know and we often become extremely weak. I have been through the mill and if to-day I am enjoying good health, it is due in great part to the restorative properties of **ST. MICHEL'S WINE**. Since I have been taking this treatment I can attend to my work without fear of feeling weak as I used to formerly. I heartily urge my co-workers to follow my example, because I am certain that **ST. MICHEL'S WINE** will be worth its weight in gold to them. Once more, thank you a thousand times, thank you.

Very truly yours,

ELISEE DUPUIS,
St. Paul de la Croix.

P.S.—You will find enclosed my photograph which I had taken after being restored to health. One dozen and a half bottles were sufficient to make me strong again.

E. D.

Thousands of persons have thus felt the benevolent action of **ST. MICHEL'S WINE**. We are receiving new testimonials daily which we will be able to publish with the permission of our correspondents.

BURY.

(Occasional Correspondent.)

The Irish supper held in the Town Hall on Friday evening last under the auspices of the Methodist Church choir was a decided success. After the supper was served in the lower room of the hall the crowd all went to the upper room, where all kinds of progressive games were indulged in. The ladies' prize was won by Miss George Sylvester and the gentlemen's prize had to be played off by Mr. V. J. Palmer and George Hargrave, resulting in a victory for the latter.

Arrivals and departures: Mr. A. B. Hunt, M.P., the week-end at home with his family; Rev. H. O. Deese, from Richmond on Saturday last, where he attended the St. Patrick's Day festivities; Mrs. J. F. Herring, who was taken ill at the home of Carlos Stokes, has recovered sufficiently to be able to go to her home in Lennoxville; Rev. E. De Grouchy, to attend the funeral services of the late Charles Gray at Brookbury, on Sunday afternoon last; Mr. A. R. Moore, the week-end at home with his family, returning to Montreal on Monday morning; Mr. David McCubbin, of Eaton, in town calling on relatives and friends; Mr. E. Bouchard, of Sawyerville, in town on Saturday last; Mr. and Mrs. C. E. Weyland and son, of Marleton, in town, the guests of his brother, Mr. H. Weyland, at the Grand View; Mr. Maurice Stokes, visiting friends in Coaticook.

JOHNVILLE.

The worst blockade of the winter was experienced after Thursday's storm. Several from here had the unpleasant experience of responding

to the King's command to appear in court on that date.

Mrs. Louis Martin, who had been suffering from consumption all winter, died last Wednesday evening, as previously reported. Mrs. Martin was a Miss Leveigne previous to her marriage. She leaves a family of six children, three sons and three daughters, to mourn her loss. One son died about three years ago of consumption.

Mr. Roy Coates and sister, Miss L. Coates, were in Sherbrooke Sunday attending the funeral of their uncle, the late Robt. Dorman.

Mrs. John Jackson has been spending a couple of weeks with friends in Coaticook. Friends of Mr. Jackson will be pleased to know that his health has been so far restored that during the ill health of his son-in-law, Mr. W. C. Smith, this past winter, he has been able to take charge of his store and carry on trade, which has been reported as very satisfactory and encouraging.

Mr. W. G. Wayman is able to be up around.

Mr. Leon Colby, of Bulwer, took a large sleigh load of people from here to attend church service at Bulwer on Sunday.

Mrs. A. Kerr is visiting at Mr. W. Colby's.

EAST ANGUS.

YOUR SOUR, GASSY, UPSET STOMACH

WILL FEEL FINE IN FIVE MINUTES

A little Diapiesin will promptly regulate any bad Stomach.

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapiesin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Bloating, Heartburn, Watery brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour or upset the stomach.

Get a large 50-cent case of Paper's Diapiesin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong Stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

RADWAY'S READY RELIEF

CURES CROUP

In attacks of this dangerous disease prompt attention is all important. The moment signs of Croup appear, apply Radway's Ready Relief freely to the throat and chest, and give sufficient quantity of the Syrup of Ipecac to produce vomiting. If this treatment is followed, not one case in a thousand will prove fatal. AND BE SURE YOU GET WHAT YOU ASK FOR.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but with no satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this."

"At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

"Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box."

DISCOVERY OF GOLDEN TREASURE IN EGYPT.

At a lecture delivered recently at Khartoum Professor Garstang announced the discovery, inside two glazed pottery vases of Egyptian ware found in the royal palace which had been uncovered at Meroe, of a hoard of golden treasure, including the names of Ethiopian kings who were also rulers of Egypt. Beside the palace where the above find was made another great palace building had been brought to light, consisting of a central court with various halls and chambers on either side of it after the Mediterranean style. The excavations have disclosed also, the ruins of the royal throne.

One of the most interesting results of the work that has been carried on at Meroe during the past cold weather was the discovery of a head, more than life size, of remarkably fine workmanship. The face is handsome and in an almost perfect state of preservation.

Deaths Reported.

J. RAYMOND, IRON HILL.

Iron Hill, March 21.—(Special)—Mr. Jos. Raymond, a resident of this place, died at his home here on Sunday after several months of sickness. The deceased had reached the age of 91 years. The funeral took place on Monday.

JOHN ALDEN, COOKSHIRE.

Cookshire, March 21.—(Special)—The death occurred yesterday at about 11 o'clock a.m. of one of Cookshire's oldest citizens, in the person of Mr. John Alden, at the advanced age of 88 years. Mr. Alden was born in Norfolk, Eng., in April, 1823 and came to this country in 1837 settling in Cookshire, where, with the exception of one year spent in Ontario and one in California, he has resided ever since. At the age of 14 Mr. Alden learned the tailoring business, which he has followed all his life, until his advanced age and poor health obliged him to give up a few years ago. Deceased has been for many years a great sufferer from that dread malady, asthma. The late Mr. Alden was twice married, his first wife being Miss James of Bury. His second marriage took place in September, 1894, to Miss Ellen Labaree, who survives him. He is also survived by several children by his first marriage. Mr. Alden was one of Cookshire's highly respected citizens, and his many friends will hear of regret of his death. The sorrowing family has the sympathy of the entire town in their hour of sorrow. The funeral will take place tomorrow, (Wednesday) afternoon at 2.30.

MRS. S. CAIRNS, JOHNVILLE.

Johnville, March 21.—(Special)—On March 15th at noon, as the result of a stroke of paralysis, some weeks ago, Mrs. Samuel Cairns, an old resident of Ives Hill, Compton, passed into rest as already previously reported. Had she lived until the following day she would have been eighty years old. Her maiden name was Mary Jane Marlin, she being a member of an old and well-known family of Rawdon, Que., where she was born March 16th, 1831. She was twice married, first to James Cairns in 1859. Of this marriage four children were born, James G. and William J., of Ives Hill, Compton; Mrs. Edmund Stevenson, of Brain-tree, Mass., and Mrs. Hollis Cairns, of East Clifton. Her second marriage was to Mr. Samuel Cairns, of East Clifton, and of this marriage one son, Albert H. Cairns, of Ives Hill, survives. Mr. Cairns died in 1890. The funeral services were held at the home of Messrs. James and William Harkness on Friday afternoon, March 17th, and were largely attended. All her children and several grandchildren, one brother, Mr. S. Marlin, of Randolph, and two sisters, Mrs. Robinson and Mrs. Holby of Ottawa, were present, as well as numerous nieces and nephews. The services were conducted by the pastor, Rev. Mr. Charlesworth of Compton, who spoke words of assurance and comfort based on Dan. 12-13.

Messrs. William and James Marlin, of Lennoxville, and John and Reuben Copping, of Sand Hill, nephews, were bearers. Mr. A. P. Farwell acted as manager. Interment took place at the Ives Hill Cemetery.

S. H. STONE, FORMERLY OF JOHNVILLE.

Johnville, March 21.—(Special)—Friends at Johnville have received the intelligence of the death in Spokane, Washington, of Mr. S. H. Stone, who for many years resided here. Mr. Stone was born in Glover, Vt., and married Emma L. Sanborn, of Wheelock, Vt. They moved to Johnville in 1877. Mr. Stone took an active interest in the temperance society, held a leading office in the Patrons of Industry and was one of the original seven trustees of the Methodist Church built here in 1887. He was foreman of the C.P.R. section for many years. Mrs. Stone died in 1891, a victim of the dread disease consumption, leaving five children, Roy, Blanche, John, Eola and Guy. She was soon followed by her daughter Eola, and shortly afterwards Mr. Stone and family moved to Lyndonville, Vt., largely on account of securing better educational privileges for his family. Their daughter Blanche succumbed to the disease which had taken her mother and sister. Mr. Stone and sons moved to the West, where later John died. In later years Mr. Stone, with his eldest son, Roy, and youngest, Guy, have lived in Spokane, Wash. He was taken ill with cancer of the stomach in January, and March 8th, in great peace and joyful anticipation of reunion with his loved ones, he passed into rest. Funeral services were held at the home there and interment made at Greenwood Cemetery, Spokane.

FLEW THE RED FLAG.

Paris, March 20.—Inhabitants of the department of the Aube joined in a demonstration at Bar-sur-Aube yesterday. Thousands of vineyard owners and workers gathered, made a bonfire of the tax demands, which they placed in grape baskets before burning them. During the day the red flag flew from all parts of the town, even the City Hall. Senators and deputies made speeches upholding the demonstration but there was no violence at any time.

AN ELEPHANT AND A MOUSE.

Paul Thuman, head keeper of animals at the Bronx Zoo, had a narrow escape from death yesterday when he entered the pen of the elephant Gunda for the purpose of paring the corngs of that intractable beast.

This is an operation all elephants have to undergo in the spring, but Gunda objected to it. Before Thuman had made any appreciable headway the huge creature charged him into a corner from which there was no apparent possibility of escape.

Several attendants of the elephant house seized heavy forks to goad the beast, but Gunda was so far away from the bar netting that they could not reach him. Just as it seemed certain that Thuman would be caught up in the lashing trunk or trampled under the ponderous feet, he drew something from his coat pocket and threw it at Gunda. The elephant gave a trumpet of terror and, swinging around, raced to the farthest corner, standing there tremble. Thuman slipped past the big fellow, got through the gate, slammed it and said:

"That was a close call."

When asked what it was he had thrown at the elephant with such success, he replied:

"Nothing but a live mouse. I always take one with me when I tackle the fellow, but this time the scheme came near not working. Mr. Mouse had eaten a hole in the middle lining of my coat, and I came near not getting my fingers on it in time. Some of these days that same trouble may cost me my life with Gunda."

Afterward Thuman said, making his report to his superior: "I might as well confess that my sole claim to being able to do more with Gunda than any one else can do, is based on the proposition that I always carry a live mouse when I go into his enclosure."—New York American.

COWS WITH SPECTACLES.

On the Russian steppes, during the long winters, the cows at times suffer from snow-blindness. To prevent this the farmers in some districts provide special spectacles, made with green glass. To those not used to seeing them, it gives the cows a strange, uncanny appearance.

DEATH OF JAMES IRVING, SHERBROOKE.

Mr. James Irving passed away this morning at his home on Belvidere street after an illness extending over ten months. He was about forty-five years of age, and leaves a widow, three sons and two daughters.

Mr. Irving was an enthusiastic Scot and took an active part in all Scotch gatherings. He came from Langholm, Scotland, with his family about four years ago to take over the position of head of the spinning department in the Paton Mill.

The funeral will take place from his late residence on Belvidere street on Thursday afternoon at 2.30, when service will be held, and will leave house at 3 o'clock.

SHOULD MAKE GOOD CANADIAN CITIZENS.

Since Saturday night at eight o'clock until Monday noon twelve trains filled with immigrants from Berlin, St. Johns, N.B., and Halifax, N.S., have passed through Sherbrooke. No less than six of these trains were filled with passengers from the Empire of Britain.

A C. P. R. official stated to the Record this afternoon that he had never seen a finer lot of people than that which had passed through Sherbrooke this season. They seemed to be very prosperous, judging by the way they are travelling.

Another feature about these newcomers is the fact that a large number are young men ranging from eighteen to twenty-five.

LATE FRANCIS P. BUCK.
"For man goeth to his long home, and the mourners go about the streets." The words, like a strain of mournful music, never seemed more appropriate than yesterday, when the many friends of the late Francis P. Buck sadly assembled to follow his body to the grave.

In the ranks of the long procession were men of various professions and walks in life, connected with deceased by close ties of business and friendship, expressing by their presence their deep regret at his sudden taking away, and paying the last tribute in their power to him who for so many years had gone in and out amongst them.

The cortege left the Chateau Frontenac at three o'clock after prayers had been said by Rev. Canon Shreve, D.D., in the apartments occupied by Mr. and Mrs. Buck, and proceeded to St. Peter's Church, where the beautiful service was conducted by the Rector, assisted by the Rev. C. R. Eardley-Wilmot. Mr. J. W. Bearder presided at the organ, and the large choir rendered the well-known hymns, "Peace, Perfect Peace," and "A Few More Years Shall Roll," and the burial Psalm. At the close of the service the casket was borne from the church to the low notes of the solemn Dead March, and was conveyed to Elmwood Cemetery, where the mortal remains were laid away.

The principal mourners were Mr. Howard P. Buck, eldest son of deceased, and Mr. W. Buck, nephew, St. Johns, Que., who were accompanied by

Messrs. A. F. Fraser and Ralph Fletcher.

The bearers were the following: Messrs. R. N. Robins, Ronald Macdonald, K. O. G. E. H. H. Bruce Fletcher, C. G. Hobson and H. M. Tomlinson; and the pall-bearers were Messrs. Wm. Farwell, C. H. Fletcher, Col. H. R. Fraser, George Armitage, A. F. Simpson and W. S. Dresser.

Magnificent floral tributes from the immediate family and a few intimate friends were on the casket, expressive of affection and sympathy.

Mr. Clifford G. Buck is in Mexico, and was unable to reach home for the funeral of his father.

NEW OFFICES FOR QUEBEC CENTRAL.

Practically Decided to Demolish Old Building.

MESSRS. HERBERT AND FORTIER TO BUILD IN EAST SHERBROOKE.

The Quebec Central Railway Company has practically decided to erect a large and modern office building on the site of their present offices. Mr. J.H. Walsh, General Manager, informed the Record this morning that it was their intention to demolish the present building and replace it with a new office building, up-to-date in every particular. The company will excavate down to the level of Wellington street. The building which they propose to erect will be one of the finest in the city and will be a great improvement on Wellington street.

In addition to the erection of a large office building, Mr. Walsh stated that the company intended improving their yards very considerably. They have recently purchased lot No. 1231 South Ward, from the Hall estate. This lot, together with lot 1240 which they own, will give them over 20 acres of land.

They propose extending their yard room and affording better facilities for loading and unloading. When completed their terminal facilities will be all that could be desired.

THE NEW MONASTERY.

In addition to the list of new buildings to be erected this spring, as published in these columns recently, the following additional buildings will be erected.

The first, and perhaps most important, is the large monastery to be built by the Redemptorist Fathers on the property they recently acquired on Beckett road. Representatives of this order were in the city last week and left instructions with Mr. Louis Audet to prepare the plans. Mr. Audet stated to the Record this morning that the proposed buildings will cost \$25,000. The contract will be let early in the spring and the work proceeded with as early as possible.

MESSRS. HERBERT AND FORTIER TO BUILD.

Last Sherbrooke is keeping abreast of the times. Messrs. Fortier and Herbert will to-day open the tenders for the erection of a large block on the north east corner of Bridge and Down streets. This structure will be up-to-date in every particular and will consist of two stores and tenements. It is understood that the work of erecting this block will be commenced at once.

NEW PROTESTANT SCHOOL.

At a regular meeting of the Board of Protestant School Commissioners held last night, it was decided to call for tenders for the erection of a new school building on Drummond Street. The commissioners have found it necessary to build this school to relieve the congestion at the other schools in the city.

MANY PROSPECTS.

In conversation with several local architects the Record learned that plans were being made for the erection of several other large buildings. As nothing definite has been decided upon in connection with these, they refused to give any further particulars.

TWO SICKLY CHILDREN

Made Well by Vinol—Letters From Grateful Mothers.

New Haven, Conn.—"My little girl ever since her birth has had a sickly and nothing seemed to do her any good, until we tried your cod liver and iron tonic, Vinol. As soon as she commenced to take it, I noticed an improvement in her health and appearance. She has now taken three bottles of Vinol and from the word it has done her I can say it will do all you claim for it in building up and strengthening frail and delicate children." (Name furnished on request.)
Another mother of Chicago, Ill., writes: "My little girl was thin, run-down, pale and without any appetite. Vinol gave her a good appetite—she has rosy cheeks and has gained rapidly in flesh and strength."
We ask every mother of a frail, sickly or ailing child in this vicinity to try Vinol on our agreement to return the money if it does not do all we claim.

FINANCIAL AND MARKET NEWS.

COUNTRY PRODUCE.

GOOD DEMAND FOR EGGS.
Montreal, March 21.—Receipts of eggs were 1,004 cases, making the total for the week 6,183 as compared with 7,107 for the previous week and 325 for the corresponding week a year ago. The arrivals since May first to date were 225,650 cases, as against 211,547 for the same period last year, showing an increase of 14,103 cases.

There was no actual change in the condition of the market, but the feeling is easy on account of the continued liberal supplies coming forward, which are largely in excess of last year's at this period. The demand is good and an active trade continues to be done, as the consumption at present is large. We quote: Strictly new laid 23c, selected cold storage stock 22c, No. 1 stock 20c, and No. 2 stock 18c per dozen.

HONEY MARKET QUIET.
Montreal, March 20.—There was only a limited demand for honey and the market is quiet with no changes to note. We quote: Clover white honey, 11c to 12c; dark grades, 9c to 10c; white extracted, 7c to 8c; buckwheat 6c to 7c.

MAPLE PRODUCTS SLOW.
Montreal, March 20.—Business in maple product was slow owing to the fact that buyers had ample supplies on hand. We quote: Maple syrup in wood at 6c per lb. and in tins at 6 1/2c. Maple sugar 9c to 10c per lb.

BEAN MARKET GOOD.
Montreal, March 20.—A steady feeling prevails in the market for beans, but the demand is chiefly for small lots. In a jobbing way three pound pickers are selling at \$1.80 to \$1.85, and car lots at \$1.70 to \$1.75 per bushel.

POTATO PRICES ADVANCE.
Montreal, March 21.—A stronger feeling has developed in the market for potatoes owing to smaller offerings and prices have advanced 2 1/2c per bag, with sales of car lots at 85c, and jobbing lots at \$1.05 to \$1.10 per bag.

DAIRY PRODUCE.

CHEESE MARKET IS QUIET.
Montreal, March 21.—Receipts of cheese were 12 boxes, making total receipts for the week 428 boxes, as against 543 boxes for the corresponding week of last year. The local market is quiet and unchanged, with prices nominal at 12c to 12 1/2c for westerns, and 11 1/2c to 12c for easterns.

BUTTER MARKET STRONG.
Montreal, March 21.—Receipts of butter were 150 packages, making total receipts for the week 956 packages, as against 711 packages for the corresponding week of last year. The local market continues strong in tone with new milk creamery quoted at 26c to 27c and finest best creamery at 25 1/2c to 26c.

PROVISION MARKET

FEELING IN ALL LINES STEADY.
Montreal, March 21.—Receipts of provisions were 210 packages of tinned meats and 1,036 boxes of hams and bacon. The market was rather quiet but the feeling in all lines is about steady. The large stocks of hams and bacon on spot are being reduced steadily by the liberal orders coming forward from all sources for supplies for the Easter trade. The demand for dressed hogs is limited, and prices are easy at \$9.75 to \$10 for abattoir fresh-killed, and at \$8.25 to \$9.25 for country dressed per 100 lbs.

SHIPMENT FROM SUTTON.

Sutton, March 21.—(Special)—Messrs. Curley & Moffatt made a shipment from here to Montreal on Monday night, there being two full cars. The shipment embraced 35 hogs at 64c; 50 calves at from \$3 to \$6, 10 head of cattle at from \$30 to \$40, except two new milch cows which went at \$50 each.

HAD POSTAL SHOWER.

Sutton, March 21.—(Special)—Mrs. Warren W. Westover was surprised by a postal shower of upwards of 65 cards from friends on the anniversary of her 62nd birthday. Mrs. Westover was Emily Aseltine, daughter of the late Mr. William Aseltine, of Sutton. She was born in this town and has always resided here.

NEW INDUSTRY FOR WOTTON.

Danville, March 21.—(Special)—Mr. O. Vilandre, Dr. A. Thibault, Messrs. P. O'Bready, J.E. Michel, E. Cote, M. Couture, Elie O'Bready, A. Perreault and others interested in the forming of a company to carry on a manufacturing business at the village of Wotton, have applied to the Provincial Government for a charter granting them powers to begin at once the construction of a building to carry on such manufacture. The capital will be \$48,000 and the place of business Wotton. The goods to be made will be mostly hand sleighs, baby carriages and go-carts. The factory will consist of a building 300 feet by 50 feet, engine 100 h.p., boiler 150 h.p. Building operations are expected to begin at once, and plant will be started early this coming autumn. Mr. O. Vilandre, so well known here, is one of the principal promoters, and has already severed his connection with business in this village. Wotton gives no bonus to the company besides the exemption of taxation for a period of twenty years. These same gentlemen are establishing in connection with the proposed manufacturing plant a co-operative store, which is also capitalized at figure of \$48,000. The point of shipment will be Danville. Backed as it is by progressive business men and strong capital, there is every reason to look forward to a prosperous business being built up in the near future.

FAREWELL TO DR. BENNETT, INVERNESS.

Inverness, March 21.—(Special)—A farewell social was given in the I. O. O. F. Hall immediately at the close of the regular meeting, to Dr. Bennett. After a dainty lunch had been partaken of, Bro. S. W. Mooney, in a few well chosen remarks, spoke of the object of the social and added his own regrets at losing Bro. Dr. S. J. Bennett. He then called upon Bro. John McCammon, who spoke of the great loss the township sustained but also said that there was hope of Dr. Bennett returning to take up the work with renewed energy. He was followed by Bro. W. H. Lambly, who said that although only among them for about two years, the doctor had been called the Great Physician, and then in a few words presented the doctor with a purse of about two hundred dollars as a small mark of the appreciation in which he was held. Amid cheer after cheer the doctor arose to reply and said that he had ever felt himself at home in Inverness, and if he had been able to contribute in any way to the comfort of any, it had been a pleasure. He thanked the people in a very feeling manner and followed with the announcement that as soon as his affairs, which were taking him away, were settled, he was going to return to Inverness. He further thanked the Odd Fellows for their help when he was in difficulty, and said he would always have a warm feeling in his heart for them, as, indeed, he had for all Inverness. He was followed by Mayor J. W. Mooney, who said that he had maybe, the most reason to feel grateful to Dr. Bennett as he believed he owed him under God's guidance, his life. Mr. Jas. A. Devaney and Bro. Rothera also spoke with regret at the doctor's departure.

RICHMOND PEOPLE LISTENED TO FINE MUSIC.

Richmond, March 21.—(Special)—The fine audience which attended the St. Patrick's Society's concert in the Opera House, Richmond last Friday evening as already noted, were as it left the hall a satisfied air which told better than words could express the genuine pleasure it had experienced. It was a fine audience, too, not so large as on some former occasions, possibly due to the cold weather, but it comprised representatives of all classes and of the different social organizations, members of the clergy and civic dignitaries. Professor Sawdon and the Sherbrooke Symphony Orchestra had possession, and right loyally did they keep it for the whole evening. "Sounds from Ireland" there were in abundance and choice selections from the classics, some of the national airs rejoiced the Irish hearts on St. Patrick's Day, and patriotic marches mingled with the grand Canadian selections, "O Canada," etc. As number after number were presented with clock-like regularity and faultless execution, it began to dawn on those present that they were assisting at one of the finest "musicales" ever presented here. It was a genuine triumph too for Professor Sawdon, who, by untiring effort had succeeded in bringing in unison such a fine group of artists.

Then there was the singing, and the violin and piano obligatos. Mrs. E. C. Irvine and Mr. J. L. Mathews with their accompanists, Professor Bourgeois and Mrs. Codere were repeatedly encored as they rendered with telling effect their beautiful selections from Moore and other national poets. "Kathleen Mavourneen," "The Harp that once through Tara's Halls," "The Minstrel Boy," "Killarney," "Father O'Flynn." There was taste in the selections which the audience quickly appreciated by repeated encors. At half-time, little Miss Pauline Dastous gave the "Intermezzo Dance" with full orchestral accompaniment; it was graceful to a degree. Then the audience took a hand in the programme by singing in unison to the orchestra the Lavallee Schaefer, "O Canada" with its ring of true Canadian patriotism. "God Save the King" was the closing number. Dr. Hayes presided. His brief introductory remarks rang true to

the spirit of the day and the aspirations of the Irish people.

DEATH OF MRS. (REV.) STEVENS COATCOOK.

Coaticook, March 21.—(Special)—After an illness of two or three years and a brave fight with tuberculosis, Mrs. Albert Stevens, wife of the rector of St. Stephen's Church, Coaticook, passed away here yesterday afternoon in her 60th year. The end was sudden. She was down stairs and ate dinner with the family. She died at about 4 o'clock.

Although a woman of quiet disposition and necessarily kept largely in her home, she was loved and respected for her thoroughly Christian qualities by all who knew her. For the past couple of years she had lived largely out of doors, hoping to ward off the dread disease, consumption, but the fight was an unequal one, and she succumbed. She leaves her husband and five children to mourn her loss, to whom goes out the sympathy of the entire community.

The funeral will be held at St. Stephen's Church tomorrow at 1 p. m.

MR. SIFTON SPOKE ON RECIPROCITY PACT.

Contents That Question Should be Submitted to the People.

MEANS PARTING OF WAYS OF TRADE CONNECTIONS WITH EMPIRE.

Montreal, March 21.—Hon. Clifford Sifton was given a good reception when he arrived in Windsor Hall. There was a large attendance.

Hon. Mr. Sifton was in good form, quite unruffled by the exciting events of his journey to the hall. For almost two hours he dealt with the reciprocity question, and condemned it as opposed to the commercial, agricultural and national interests of the country. As to the latter point of view, he declared that it would inevitably in the long run lead to commercial union with the United States, and, this accomplished, he was indifferent how soon the final result of political union should come, since in all essential details we should already have lost our independence. Hon. Mr. Sifton declared that the present issue was of such importance that it overshadowed every other question before the Canadian people and urged that the electors insist that they be called upon to vote upon it before the destinies of the Dominion should be irrevocably fixed—and that when they came to exercise their franchise they should bury it so deep that no future government would ever dare to bring forward a similar proposal.

PARTING OF THE WAYS.

In conclusion the ex-minister said: "It had come to the parting of the ways, between trade for the benefit of Canada, east or west with Empire connections, or north or south, for the benefit of the United States. The States had asked that our policy be cast in with them, and apparently this proposition had been accepted by the Government which had asked the people to turn their paths so successfully followed during the past 25 years, and turn to paths which so far as we can see them are destructive of every national aspiration and patriotic conception."

"I take no stock in the statement that two men can go to Washington and, reversing the policy for which we voted at last election, bind the honor of Canada to a foreign country. (Cheers.)"

"If there ever was a question before the people of Canada upon which they had a right it was this, which involves their whole national future. I regard this issue of sufficient importance to obliterate all political lines. (Applause.) For myself I consider no other question of importance until this matter is settled, and settled properly. And if my voice has any weight, or if there is anybody in the Dominion of Canada who has any respect for my opinion of judgment, what I have to say is this—Let the duty of the Canadian people be considered with reference to this question, and let them insist that they have the opportunity to record their franchise upon it, and do their duty in burying this proposition so deeply that no government in Canada will ever again make the mistake which those in power have now done."

The Bald-Headed Man May Look Wise

But If He Had Been He Would Have Had Hair Now.

You do not want a scientific treatise on the hair follicle—you are not particularly interested in the name of the German scientist who isolated the bug that is said to cause baldness. What you do want to know is how to save the hair you have and make it strong and lustrous.

Nyal's Hirsutone will do it better than anything else.

It is not claimed that Hirsutone is a wonderful scientific remedy—but it is the concrete result of all that is proven in the scientific treatment of sick and diseased hair and scalp.

It is a happy combination and you will notice a prompt improvement in the feeling of the scalp and the look of the hair.

Hirsutone loosens and removes all scaly and matted deposits on the scalp—stimulates the hair bulbs and gives new life and vigor to the hair itself.

Nyal's Hirsutone gives back to the hair and scalp just what it has been robbed of by neglect and abuse.

It is time to start right. Use Hirsutone.

It is one of the Nyal remedies, and no higher recommendation can be given. They are all good. Ask your Nyal Druggist. He recommends it.

RECIPROCITY.

Will It Be a Good Thing For the Country as a Whole-- For the Farmer in Particular.

(NOTE—A group of men who believe that our commercial interests are imperilled by the recent reciprocity agreement have arranged for the publication of a series of articles expressing what in their opinion will be the actual results of reciprocity. This article is one of the series, and is received by this paper as paid matter.)

As against all the admitted disadvantages that the Canadian farmer will suffer from reciprocity one advantage is claimed for him by supporters of the arrangement.

This one advantage is that the Canadian farmer will be able to send his produce to the United States free of duty, that is to say, he will be permitted to compete with the United States farmer in his own market.

As pointed out in the previous article the ratio of competition, there as in the home market here, will be ten to one in favor of the United States farmer.

The Canadian farmer must have some odds if he is to beat the United States farmer in his own market.

The odds dangled before the Canadian farmer are higher prices.

Now it is true that for two or three years past the value of some farm products have ruled higher in the United States than similar products have ruled in Canada.

The government points to this fact and says Reciprocity will give to the Canadian farmer these same high prices.

But not so, and for several reasons. First, the prices of the past two or three years were brought about by a shortage in feed stuffs which occurs but seldom.

These prices were not normal prices. And these very high prices have stimulated production in the United States until an over production has taken place, and today there is actually a surplus there of many of these farm products the prices of which have declined to a lower basis than that which now prevails in Canada.

Just at this time the price of butter, for example, is some four or five cents higher in Canada than it is in the city of New York.

A few days ago a Canadian dealer got a telegram from Chicago offering him three hundred tubs of creamery butter in hard stages in Chicago at eighteen cents. Now under the present reciprocity agreement this butter would cost, laid down in Montreal, eighteen and a half cents. At the present time butter is selling in Montreal at twenty-five cents.

And this sort of thing applies in the United States today as to other products.

American dealers have more hog products, butter, cheese, and eggs than the American market can consume, and they are offering these to Canadian dealers at prices which will allow them to import them from the United States under the present duty and sell them to Canadians at a profit.

Therefore at the present time the Canadian farmer has need of higher protection than exists today. Reciprocity would take away even the protection that he has.

Of course it may be said that the present conditions existing in the United States are also exceptional and in fairness it must be admitted that there is some truth in the statement.

But the fact remains that because owing to special reasons prices have been higher in the United States for a couple of years it does not follow that they will continue to be high. The fact that the prices there are now lower than they are in Canada refutes such a pretension.

Then again, looking ahead, what are the prospects as regards prices in the United States? Are they likely to be higher or lower?

President Taft says they will be lower. He has told the people of his country that reciprocity will bring down the cost of living there, that the receipts of Canadian products into the United States will reduce the present prices, and that reciprocity is therefore a good thing for the United States.

Now if reciprocity will reduce the prices of all farm produce and thereby cheapen the cost of living it necessarily follows that the opening of the United States markets to Canadian produce will not result in Canadian farmers realizing the high prices which may have existed there for a couple of years.

In saying that prices will be lower, President Taft has pretty good reasons for the statement.

First, the influx of Canadian products will increase the supply. The greater the supply, the smaller the price. This is the law of supply and demand.

Second, there is going to be more farm produce raised in the United States in the future. This will still further increase the supply.

The high prices there have greatly stimulated production. Never before has so much attention been given to scientific and intensive farming as is being given now.

The supply is increasing. The price is decreasing.

The probable increase of the supply can be estimated when we remember that in the various items of farm products the per cent. of growth per acre is only one-half that of the advanced countries in Europe.

It is therefore quite probable that without the products of Canada, the United States will have a surplus from its home production.

What then will be the advantage to the Canadian farmer in being allowed to send his products into a country which already has more of these products than it needs, in fact has them to sell?

Then the question of transportation and distribution is a serious one.

The United States is a large coun-

try. Its ninety-three million people are distributed over immense spaces. Most of them live a long way from the Canadian farmer, too far for him to sell them with a profit. Only a proportion of the United States market is, after all, available to the Canadian farmer. Distance and the cost of transportation cut out the bulk of the people.

And in selling the remainder the Canadian farmer must compete with wide awake United States farmer who has the same products to sell and being right at home enjoys superior transportation facilities.

We are therefore driven to the conclusion that the Canadian farmer with all his disadvantages cannot profitably compete with the United States farmers on their own ground.

Recipe for 16 Ounces of Cough Syrup

No Better Remedy at any Price. Fully Guaranteed.

Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water and stir for two minutes. Put 2½ ounces of pure Pinex (fifty cents worth) in a 16 oz. bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in gualic acid and all the natural healing pine elements. Other preparations will not work in this recipe.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

CAMPAIGN AGAINST MORMONISM.

HOME SECRETARY WILL TAKE MATTER UP TO STOP GIRLS GOING TO UTAH.

London, March 18.—The "Daily Mail" says: Mr. Hans D. Freese, who has been sent to England by the International Council of the Women of America, to help put a stop to the luring of English girls to Utah by Mormons, is devoting most of his attention to Liverpool, the principal centre of Mormonism in England, and the port whence the deluded girls embark for the barren land of promise.

Mr. Freese has approached Mr. Winston Churchill, who amplified the statement he made in Parliament to the effect that he is making official enquiries into the matter. Mr. Churchill informed Mr. Freese that the information he had received had convinced him that the matter was exceedingly serious, and that he was most carefully considering how best to put a stop to the practice. He promised to do all he could—if possible, to take action under the existing laws—and said that he intended to make the minutest investigations throughout Great Britain. Mr. Freese has also enlisted the sympathy and help of the Archbishop of Canterbury and the Bishop of London.

Mr. Freese's inquiries since he landed in England last November have revealed the fact that there are no fewer than 322 Mormon elders in the British Isles, making converts and persuading ignorant women to go out to the bloomless desert state of Utah. These women who are "converted" in England are temporarily sheltered at a Mormon house in London.

"Politics play a large part in the propagation of the doctrine," said Mr. Freese. "Women have a vote after they have been five years in the State, and it is very much to the advantage of the Mormons to get as many as possible."

The Rev. D. H. C. Bartlett, the Liverpool Anti-Mormon leader, has just published a book dealing with the Mormons. In a preface to it the Bishop of Liverpool writes: "These self-styled Latter Day Saints are at present carrying on an active propaganda in several parts of England, and are ensnaring the young, the credulous, and the ignorant."

BEEBE CHILDREN TRAVEL 3,000 MILES.

WERE SENT IN CARE OF ALLAN LINE ACROSS OCEAN TO GLASGOW.

(Glasgow Daily Record and Mail.) Strange are the duties occasionally performed by steamship officials, but an undertaking just completed by the Allan Line will probably rank as unique. Messrs. Allan were recently asked to arrange for the conveyance of two children, Williamina and Margaret Clark, aged 4 and 1½ years respectively.

Communication was at once established with the Canadian agents, and arrangements made for the comfort of the children. They were conveyed by train from Beebe to Boston, Mass. and placed in charge of a stewardess of the Ionian, which left for home on the 23rd ultimo. During the voyage the ship's company became quite attached to their young companions.

The Ionian arrived in the Clyde on Saturday, and Messrs. Allan delivered their charges safely to the relatives who had come from Aberdeen.

\$100!
I wasted
then Zam-Buk
cured me for \$1.

If you are
suffering from any form
of skin disease or injury, read this!

Mr. Arthur Fairbank, of 547 Lansdowne Ave., Toronto, is the speaker, and he says: "A bad eruption on my forehead quickly spread until it covered my scalp with foul and painful sores. I went to a doctor who treated me for it. Still the sores spread until almost the whole of my head was affected. As the doctor's treatment did me very little good, I left it off and tried various home remedies."

"Then I tried blood mixtures, but not one of them did me any good. I was by that time in a shocking condition, and as a last resource I went to a skin specialist. He treated me for a period, and it cost me over \$50, but the sores got no better. They would itch and burn at times until I was nearly mad. I must have spent over \$100 on useless remedies, when one day a friend asked me why I had not tried Zam-Buk, and gave me a little. That little bit of Zam-Buk did me more good than all the long treatment I had had from doctors and specialists. I immediately sent for a supply of the balm. Very soon I began to see and feel a great difference in the sores, and finally Zam-Buk cured me at a trifling cost. If I had got it at first it would have saved me dollars, and hours and hours of pain."

For all forms of skin diseases, ulcers, abscesses, eczema, ring worm, blood-poisoning, etc., Zam-Buk is a sure cure. It also heals old wounds, cuts, burns, bruises, cold sores, chaps, and corns. It is sold by all druggists and stores at 50c. per box, or Zam-Buk Co., Toronto, for price. Beware of cheap imitations.

MINISTER OF CUSTOMS SHOULD INVESTIGATE.

The Minister of Customs, in the interests of the good name of its department, should investigate the Sherbrooke situation at once.

The public suffers.

Some say unnecessarily and to satisfy the spite of certain parties.

It is up to the Minister of Customs to straighten this thing out at once.

RESTORE THE BONDING PRIVILEGE TEMPORARILY.

There should be some way to force the Grand Trunk to provide such facilities as are required, other than by an order petty and unreasonable, which places untold annoyance and inconvenience for a year upon the travelling public.

CHAIN OF CANADIAN SUMMER HOTELS.

AN ENGLISH SYNDICATE IS PLANNING EXPENDITURE OF \$1,250,000.

Montreal, March 21.—An English syndicate is planning the expenditure of \$1,250,000 in the establishment of a chain of summer hotels within a short run of the principal cities of the Dominion.

The first to be built will be a handsome edifice of stone at Senneville, immediately opposite the summer residence of Sir Edward Clouston. There are two wide rights of way to the lake of Two Mountains, one on either side of Sir Edward's property.

It is proposed to build hotels near Toronto, Ottawa, Vancouver, Winnipeg, and other centres as the commercial cities progress.

CAB THAT HAULED

MR. SIFTON BURNED.

between police and students, which ended in several minor casualties. The students scored through the free use of the Strathcona Hall hose and numerous snow balls; but the police proved superior at close quarters and several broken heads were to be seen within the precincts of the Union after the final departure of the representatives of law and order.

The clash between police and students came as the climax to a wild student parade, engineered by the leaders of the pro-reciprocity movement at McGill. These had been predicting that the invitation of the Anti-Reciprocity League to McGill students to take part in the general demonstration would end in trouble, and, gathering together all the students who are supporting the reciprocity agreement, formed the nucleus of a party, which, as soon as trouble started, was joined by all the irresponsible sophomores and freshmen in the university.

The first signs that all would not proceed as quietly as had been hoped for were seen at the McGill "Union," where Hon. Mr. Sifton had been invited to speak by the anti-reciprocity element among the students.

Some five hundred students put aside their books at the busiest season of the year, and crowded to the "Union" to hear the invited guest and to join with the citizens of Montreal in registering a united protest against the Taft-Fielding agreement.

Hon. Mr. Sifton was received with tremendous applause by the main body of students present; but the pro-reciprocity leaders had stolen a march on their opponents and with some forty followers had assembled in the balcony, from whence they carried on a policy of interruption. Having carefully established themselves, with such ladies as were present, between themselves and the door leading into the balcony, they proceeded to check all efforts of Mr. Sifton to address the meeting, quite heedless of threats of expulsion. It was not until Mr. John Hackett, a former president of the Students' Council, and Dr. Leacock had appealed to their sense of fair play and consented to answer several questions, that the speaker of the evening was given a hearing.

Mr. Sifton did not advocate either side of the question in his student address, merely asking the students to give the question careful study and then to make up their minds in an unprejudiced fashion.

CARRIAGE WORTH \$900.
The carriage destroyed was owned by William Walker, of the Place Viger Cab Stand, and is valued at nine hundred dollars. It has been used on other similar occasions, being that engaged by Sir Wilfrid Laurier at the last Liberal demonstration in Montreal.

SUPPLY THERE IS NOT SUFFICIENT TO MEET THE DEMAND.

Winnipeg, March 21.—When the cattle were being shipped east in such large numbers last fall it was predicted here that some of this beef would have to be brought back again for local consumption. Between Friday and Monday five car loads of beef from Toronto have arrived in the city, and the cost laid down to abattoirs is from \$9.75 to \$10 per cwt., or one cent under the present market price of carcasses to the wholesale trade.

Other cars are under contract, and as soon as the weather is too warm for frozen meat to be sent through the live cattle will be sent back.

In addition to this there arrived from St. Paul yesterday morning 422 head of fat weathers to supply the Winnipeg trade.

STANSTEAD DEFEATED

COWANSVILLE 6-1.

REPORT FROM COWANSVILLE GIVES SCORE AS 5 TO 3.

Stanstead, March 21.—(Special)—The Cowansville hockey team was defeated by the Olympics here on Saturday evening. The game was very interesting for its good points, but the home team was in the lead at every stage of the game.

In the first half the Olympics secured the lead by scoring four to their opponents one. Unfortunately the final score was a matter of discussion, the timekeepers reporting the goals as 6-1, while some of the supporters, etc., figured it as 5-1.

Mr. E. W. Westover, Cowansville, acted as referee and Mr. B. F. Stewart, Rock Island, as judge of play. The timekeepers were Messrs. Jos. Taylor, Stanstead; C. H. Richardson, Cowansville. Following is the lineup:

Cowansville Olympics
Sayers goal Daly
Ruiter point Lang
Davidson cover Taylor
Brown centre Lacasse
W. McCabe rover Bassett
J. McCabe wing Young
Chandler wing Seguin

THE COWANSVILLE SIDE.
Cowansville, March 21.—(Special)—Fifteen of the players and supporters of the Victoria hockey team of Cowansville journeyed over to Stanstead last Saturday to play a return match of the series between Stanstead and Cowansville. The score of the game was 5 to 3 against our boys, thus making the total score of the two games, one played here and one played there, to be nine each. The score of the game played at Cowansville was 6 to 4 in favor of the Victorias. The matter of hockey and the game itself was of secondary importance as compared with the good feeling which was promoted by this pair of games. The fifteen who went to Stanstead were treated like lords. Nothing was too good for them; they were given a good, fast, clean game on the ice and a splendid banquet later at the Rock Island House. Irving McCabe was once more on the ice for the first time since he had his rib broken at the Sherbrooke match on the 11th of February.

LEGISLATURE TO PROROGUE SATURDAY.

TWO SITTINGS WILL BE HELD DAILY FROM NOW TO CLOSE.

Quebec, March 21.—Prorogation of the Legislature is confidently expected next Saturday. Yesterday Sir Lomer Gagne out that on and after today two sittings a day will be held, the first from 11 until 6, and the second from 8 p.m. until adjournment. Government measures will have precedence at the morning sessions. The Tramways Bill is the only measure of importance for consideration except the Metropolitan Parks Bill.
