## ANOTHER VITAL NAZI BASE FALLS TO RUSSIANS

### Hundreds Of Thousands Of Germans Menaced By Advancing Soviet Units

German Radio Announced Uman, Railhead Midway Between Vinnitsa and Kirovograd, Evacuated — New Ukraine Offensive Tears Big Gap in Nazi Lines.

London, March 10.—(P)—The German radio announced today that Nazi troops had abandoned Uman, one of their strong bases in the Western Ukraine.

Uman, a rail head, lies about mid-way between Vinnitsa and Kirovograd and about 25 miles East of the Bug River. It is at the hinge between the Russian drive toward Nikolaev and the other Soviet Southern Ukrainian drive into pre-war Poland on the West.

Hundreds of thousands of German troops in the Dnieper Bend were menaced by Russian advances which battered a 105-mile gap through Nazi lines in the South-eastern Ukraine, swept up the important strong point of Staro-Konstantinov and carried Soviet forces into Tranopol, junction on the Odessa-Lwow railway.

Two orders of the day from Premier Marshal Joseph Stalin and Moscow's regular communistic toll of the Russian Southern offensive. The only word from the far Northern front was a Stockholm report that the Nazi bastion of Narva, Estonia, was bombed heavily. Russian planes also bombed Tallin (Revel), Estonian capital.

It was a new Ukraine offensive that tore the gap in the German Southeastern Ukraine lines and it threatened the big Black Sea ports of Nikolaev and Kherson. This drive was forcing the Germans back toward regions of Southern Poland and Rumania already threatened by the Russians.

The communistic toll also of another drive. Southwest from Berdichev, which is about 100 miles Southwest of Kiev. In this drive the Russians captured the town of Ulanov, 26 miles Southwest of Berdichev and joined forces with the Easternmost wing of the Russian troops fighting at Tarnopol and Staro-Konstantinov.

The Russians announced yesterday's fighting liberated 340 localities, 200 of them in the four-day action in which Stalin disclosed Gen. Rodion Y. Malinovsky's 3rd Ukrainian front forces had broken through the German front Southwest of Kirovograd in the Dnieper Bend.

Stalin reported a "heavy defeat" was inflicted on nine German divisions and the Soviet line moved forward 19 to 37 miles across the Ingulets River capturing Novy Bug, 55 miles North of Nikolaev and Kazanka, 17 miles Northeast of Novy Bug.

### Activity On All Battle Fronts In Italy Dwindles To Patrol Sorties

Naples, March 10.—(P)—Activity on all battle fronts in Italy dwindled to minor patrol operations yesterday in the face of severe weather. Allied Headquarters announced today.

Allied aircraft managed to get into the air, however, for 900 sorties. Medium bombers again attacked shipping and other targets at Santo Stefano and Montalto di Castro Northwest of Rome. Light bombers hit enemy gun positions at Campoleone back of the Anzio Beachhead and the railway at Capranica.

Approximately 30 enemy aircraft were sighted over the battle area during the day, the announcement said. Two Allied planes are missing. Meanwhile renewed confidence that the British and American defenders of the Anzio Beachhead would hold their 100-square-mile stretch of flat land South of Rome has been voiced by Gen. Sir Harold Alexander after a tour of the area where activity has bogged down in mud.

"Things are very much better on the beachhead than when I was here last three weeks ago," the Allied Commander in the United Kingdom and the Mediterranean told correspondents Saturday. Details of his comment were re-

### VERDICT NEARS IN PUCHEU TRIAL

Algiers, March 10.—(P)—Chief Defence Counsel Louis Buttin accused the French Committee of National Liberation of a deliberate violation of justice in hurrying Pierre Pucheu to trial on treason charges as the case neared its conclusion today before a special military court.

Buttin was expected to conclude his final argument this afternoon and court attaches predicted a verdict would be reached late tonight or tomorrow morning by the tribunal sitting in judgment on the former Vichy Interior Minister.

### GERMAN TROOPS AT ARIELLE ARE VERY INFERIOR

Poor Substitutes for Fanatic Paratroopers Who Fought So Stubbornly in Defence of Moro Valley and Ortona.

By DOUGLAS AMARON Canadian Press War Correspondent

With the Canadian Corps in Italy, March 10.—(P)—German infantrymen facing the Canadians along the Arielle River line are poor substitutes for the fanatic paratroopers who fought so stubbornly and so well in defence of the Moro Valley and Ortona.

The paratroopers, shock troops of the German Army, were withdrawn to help strengthen the defence of the Anzio bridgehead. Their replacements were an odd assortment of German Cossacks, Poles and conscripts from Alsace-Lorraine.

"If that's the best they can put against us I won't worry any more about going out on patrol," said Lieut. Russell Ganong, St. Stephen, N.B., who led the Maritime Patrol brought in the first two prisoners captured from this new formation.

The prisoners were little men, poorly dressed, unshaven and obviously "concentrated" to be out of the war. They were found in slit trench, from which they had been on their

### COMMANDOS LAND ON DALMATIAN COAST

London, March 10.—(P)—"British and American Commandos" under Capt. Randolph Churchill have landed on Lissa Island off the Dalmatian Coast of Yugoslavia, the Berlin radio said today.

The Berlin report said Churchill, son of Prime Minister Churchill, took command of the Allied troops on the island but whether they would include the 2,000 followers of Josip Broz (Tito), Yugoslav Partisan leader, remained to be seen.

According to another answer given to Mr. Dorian," he added, "more than 45,000 immigrants have been established in Canada since 1940. It is scandalous, when one knows that foreigners have taken the place of Canadians forced to train with the armed forces."

Alexander exonerated war correspondents who landed with the beachhead forces from all blame of the charge of causing uneasiness to public opinion in the United Kingdom and the United States for which he censured them three weeks ago.

## Raids Precipitate Shake-Up In Nazi Air Force

### ROYAL ASSENT IS ACCORDED TO MONTREAL BILL

Question of Immigration Again Debated in Legislative Assembly Through Motion of Opposition Leader.

Quebec, March 10.—(P)—Sir Eugene Fiset, Quebec Lieutenant-Governor, yesterday gave Royal Assent to a Government's bill ratifying Montreal's financial reorganization.

The Montreal Act, which gives back to Canada's metropolis its autonomy, was approved by the Legislative Council earlier in the day and received third reading, by a vote of 44-13, in the Assembly Wednesday. Montreal will regain its independence when the refinancing plan, contained in the measure, is adopted officially and announced in the Official Gazette.

The Assembly resumed debate on a motion by Union Nationale Opposition Leader Maurice Duplessis asking that correspondence exchanged between the Provincial and Federal Governments and relating to immigration in the Province of Quebec be produced and tabled.

The debate was adjourned by Provincial Secretary Hector Parrier a few weeks ago and Premier Godbout explained at the beginning of the sitting that Mr. Parrier was forced to leave Quebec today and therefore the Provincial Secretary reserved the privilege to speak on the motion later.

Jacques Dumoulin (Lib., Quebec-Montmorency), speaking after Mr. Godbout's short explanation, said that he was "opposed to any project to encourage an intensive immigration" and that it was "the first duty of the Government to look after our own population before looking after immigrants when the war is over."

The Member for Montmorency said that available positions in industry, agriculture and commerce would not be sufficient to solve the "huge" problem of civilian rehabilitation and said he doubted they could take care of more than one-fifth of Canada's population.

Onesime Gagnon, (U.N., Matane), stressed "the national importance" of the question and said that patriotic associations, municipalities, professional groups "from all parts of Canada have protested against massive immigration."

"Canadians, in general, are asking that Federal authorities be prepared to look after 350,000 demobilized soldiers," he said.

He added it was being recommended that Ottawa undertake a policy of "selective immigration rather than one of intensive immigration."

The speaker also said that Provincial Legislatures, according to the British North America Act, "have the right to express their opinion on the immigration question and have a concurrent jurisdiction with the Federal Government on that point."

Mr. Gagnon said that the motion "is not attacking any race" and denoted anti-Semitism as being "contrary to the principles of the Christian religion" but said that "between anti-Semitism and massive immigration, there is a huge difference that must be accounted for."

The Matane Member then said that according to an answer given to Frederic Dornin, Independent Member of Parliament for Charlevoix-Saguenay, National Resources Minister Cresser said in the House of Commons that Odilon Cormier had been sent to Portugal with the mission to select immigrants who would be cognate to Canada.

Mr. Gagnon objected to "the arbitrary powers" given to Mr. Cormier and said that French-Canadians were not the only ones opposing intensive immigration. He quoted several newspapers which, he said, were opposing massive immigration in wartime and were asking for selective immigration in peacetime.

### British Government Believed Ready To Take Over Welsh Mines Now Idle Through Strike Of 100,000 Pit Men

London, March 10.—(P)—The War Cabinet let it be known today that firm action will be taken to halt the coal strike which has virtually paralyzed the rich South Wales mining fields unless the nearly 100,000 miners now idle return at once to the pits.

There was no official indication what the action would be, but labor leaders said the Government is prepared to take over the mines as it did during the general strike of 1926.

Arthur Horner, President of the powerful Welsh Miners Union, returned to Cardiff last night after a day-long meeting with Fuel Minister Gwyn Lloyd George and appealed to the miners to resume work pending future negotiations to settle their wage complaints.

### Commons Pays United Tribute To Men Who Go Down To Sea In Ships

By JAMES McCOOK, Canadian Press Staff Writer.

Ottawa, March 10.—(P)—The Commons yesterday bent its straight democratic bow in a respectful bow to the Navy.

What might have been a prosaic discussion of Navy Department estimates—\$410,000,000 for the fiscal year 1944-45—developed into a united tribute to the men who go down to the sea in ships.

Members thumped their desks as Flt.-Lt. James Sinclair (L., Vancouver North), wearing R.C.A.F. uniform and recently home from service in North Africa, said the Navy had a tough job and had done it superbly well.

Flt.-Lt. Sinclair said he thought he could speak for every soldier, sailor and airman overseas when he told of the admiration they had for the Royal Canadian Navy. When airmen and soldiers crossed the North Atlantic they felt it a "shaky experience" and then suddenly realized that the Navy had to make the crossing again and again.

When the story of the war in Africa and the Mediterranean was told, the greatest share of credit would go to the Royal Navy, not the 8th Army or the desert Air Force.

Every Briton had pride in the Navy and Flt.-Lt. Sinclair said he recalled in particular the night when men on landing barges about to leave Malta saw Royal Navy ships great and small put to sea to face the enemy with their decks dressed in salute and with a band playing "Hearts of Oak."

The House burst into applause as Flt.-Lt. Sinclair said the airmen at Malta said, with one voice, "Thank God we have a Navy."

Flt.-Lt. Sinclair said that men of the R.C.N., fighting in their little ships, faced conditions more exacting than the "pretty desperate conditions" faced by airmen and soldiers in Libya.

What Flt.-Lt. Sinclair said in appreciation of the Navy was echoed by other speakers after Navy Minister Macdonald reviewed the Navy's achievements during the year.

Several Members who participated in the debate noted an association between their home districts and Canadian ships of war through the system of giving corvettes the names of cities and destroyers the names of rivers.

The Navy was the House's main concern for the day. But, at the opening of the sitting, there was other business.

Prime Minister Mackenzie King

### EIRE ASKED TO END RELATIONS WITH GERMANY

New Step Being Taken to Hinder Flow of Information and Supplies to Reich Preparatory to Invasion of Europe.

By FLORA LEWIS

Associated Press Staff Writer. Washington, March 10.—(P)—Reports that the United States has requested neutral Eire to break communications with the Axis possibly indicated today a new step in Allied efforts to hinder the flow of information and supplies to Germany preparatory to the invasion of Europe.

The State Department and the Eire Legation here refused to discuss the reports.

Allied efforts to clamp down on Axis agents and strategic purchases in neutral countries have intensified lately, but this is the first time that any representative to Eire have been reported. The United States Government is taking the lead, with full British backing.

Negotiations now are being carried on with Spain and Portugal in an effort to choke off the flow of war materials to Germany. The State Department still hopes that Finland will drop out of the war and the Turkish situation has come up again for review. Britain and the United States cut shipments of top-priority military supplies to Turkey last month.

Sweden announced at the beginning of the year that shipments of iron ore to Germany would fall this year to a wartime low.

The Allied position varies with respect to each neutral, and traditional relationships such as the Anglo-Portuguese alliance and the treaty Britain has with Turkey are reflected in the respective negotiations.

Eire no longer is of such strategic importance as when the battle for the Atlantic was a touch-and-go matter and lack of long-range planes and aircraft carriers made it impossible to give air cover to merchant ships all the way across the ocean.

However, the country is to a large measure dependent on Great Britain and the United States for important supplies.

The Eire Minister to Washington, Robert Brennan, said recently that the food situation was good in Eire except for a 20 per cent wheat shortage. He asked the State Department for permission to allow an Irish shipping company to purchase two United States merchant vessels, to be used primarily to carry wheat.

The Eire merchant fleet, which piles mainly to Canada, the United States and Portugal, consists of about 12 ships. Two were sunk during the last year, one by an unidentified submarine. The cause of the other sinking was never ascertained.

### WORLD WAR ACE WHO HELPED SHOOT DOWN RICHTHOFFEN IS DEAD

Toronto, March 10.—(P)—Capt. A. Roy Brown, who came back from the First Great War a national hero after shooting down the greatest German ace of that conflict, died last night at his farm in nearby Stouffville after a short illness. He was 60.

Capt. Brown's name was linked with Air Marshal W. A. (Billy) Bishop and Col. Bill Barker for his feat of shooting down Baron Manfred von Richthofen in April, 1918, after the "Red Knight of Germany" had compiled 80 air victories.

Of the famed Bishop-Barker-Brown trio who were the toast of Canada for their sky triumphs, only Air Marshal Bishop survives. He is Director of Recruiting for the R.C.A.F.

### Radio Comment On McNaughton Case Is Probed

Ottawa, March 10.—(P)—John Diefenbaker (P.C., Lake Centre) gave notice at today's opening session of the Commons Radio Broadcasting Committee that he wanted production of all correspondence exchanged between Elmore Philpott, Vancouver radio commentator, and Ira Ilworth, CBC regional representative on Philpott's recent commentary on Lt.-Gen. A. G. L. McNaughton, former Commander of the Canadian Army Overseas.

Dr. J. J. McCann (L., Renfrew South), re-elected chairman, told Mr. Diefenbaker this information would be available together with any other information required by Committee members when CBC officials were called as witnesses or when documents were requested.

R. G. Boucher (P.C., Carleton Place) asked whether it would be possible to call an official of the Canadian Press as a witness to give advice on the preparation of news for broadcast and other kindred matters.

McCann said this could be done but he added the CBC obtained its news from both The Canadian Press and the British United Press and this was prepared for news broadcast by the CBC's own staff.

He suggested it would be a better idea if the CBC news editor was called to appear before the Committee. He said this matter would be taken up by the agenda sub-committee.

M. J. Coldwell, C.C.F. Leader, suggested that steps be taken to obtain a final report from two United States Public Relations experts—identified as Drs. Estorick and Seipmann—on their survey of Canadian broadcasting made two years ago. He said preliminary reports had been tabled but a final report had never been received.

### Burma Crisis Rapidly Approaching As Tempo Of Fighting Stepped Up

By PRESTON GROVER, Associated Press Staff Writer. New Delhi, March 10.—(P)—So fast is Lt.-Gen. Joseph W. Stilwell forcing the fighting pace in North Burma that a crisis which will make or break this year's Burma campaign is rapidly approaching.

Critics who once scoffed at the possibility of a major Burma action this year have begun to show real interest in the fact that, with limited resources, "Vinegar Joe" has forced his way approximately 100 miles into North Burma.

Stilwell is confronting the Japanese with a major decision—they must draw forces from other fronts to halt his Chinese and American columns, or permit him to accomplish his objective relatively unhindered. His aim is to clear the Japanese from North Burma so he can build a new link to the Burma Road which can carry supplies to fighting forces in China.

Stilwell's action in diverting his American infantry column into operations in direct co-operation with his Chinese troops is a drastic revision of the first plan to have the column led by Brig.-Gen. Frank Merrill merely make a long-range harassing penetration of Burma.

Instead Merrill's forces made a

### Goering Is Bewildered By Assault

Reichsmarshal May Cede His Place to Younger Men Having More Specialized Knowledge of Fighter Defence—Large Factory at Marignane Under Attack.

London, March 10.—(P)—Britain's four-engined Lancasters, striking again at Germany's aircraft production, reached far into Southern France last night and bombed the large factory at Marignane near Marseille, the Air Ministry announced today.

The R.A.F. raid kept Allied aerial blows going around the clock following yesterday's bombing of Berlin through dense clouds by the American air force.

A shakeup of the top men of the German Air Force has been precipitated by the series of heavy assaults on Berlin in which at least 324 Nazi planes were destroyed, Swedish press dispatches reported.

The Air Ministry communique telling of the night operation said the large aircraft factory at Marignane was attacked in bright moonlight and first reports indicated the bombing as accurate and concentrated.

At the same time Mosquitoes, giving Western Germany no ease, struck objectives in that area.

The Air Ministry said none of its planes was missing.

A United States communique last night said yesterday's blows against Berlin and a co-ordinated raid on unspecified objectives in Central Germany—identified by the Berlin radio as Hanover—cost seven heavy bombers and one fighter, figures that contrasted sharply with 68 bombers and 11 fighters lost Monday.

Although the bombers and their escorting fighters plunged through heavy anti-aircraft fire to reach yesterday's targets, most of the German air force apparently was grounded. Returning fliers reported only minor encounters with the enemy and made no claims of any Nazi planes destroyed.

The Swedish dispatches, published in the London Daily Mail and quoting neutral sources, said that under a reorganization of Hitler's air command now in progress Reichsmarshal Hermann Goering would take a back seat and younger men with more specialized knowledge of fighter defence would come to power.

Goering was described as "utterly bewildered by the strength of the Allied aerial blows."

GIVE GENEROUSLY TO THE RED CROSS

## Waterloo Subscriptions To Red Cross Campaign \$5,867

Waterloo, March 10.—Waterloo subscriptions to the Red Cross Campaign at present total \$5,867, against an objective of \$8,300. This however, is not a final figure and the executive of the Waterloo Branch of the Canadian Red Cross Society and the Campaign Committee are confident that the objective will be over-subscribed by at least ten per cent.

The Macdonald Companies and employees subscribed a total of \$3,539.25, which is over half of the total collected to date.

Of this amount \$993.25 was made up of the following: Employees of Macdonald Metal Co. Ltd., \$343.25; profit from Macdonald Metal Products employees canteen \$250; Macdonald Metal Products Company Limited contribution \$400.

The employees of the International Flare Signal Co. Limited subscribed \$454.25, in addition to the company's donation of \$500. A total of \$1,341.75 was received from the Macdonald Chemicals Limited (Private Company), the company subscribing \$500 and the employees \$841.75. Another subscription by J. S. Macdonald was for \$250.

The Slack Bros., and employees swelled the campaign's funds by \$873, the company giving \$300, Charles W. Slack \$300 and the em-

ployees \$273.

The Atlas Plywood Corporation of Canada Limited subscribed \$750, while sundry subscriptions totalled \$704.75.

Canvassers are meeting with a good response from all sections of the district and the Committee is confident that the objective will be reached by the close of the campaign, although there is still a lot of hard work ahead and every dollar will have to be collected.

Apart from the subscriptions recorded above, subscriptions of \$25 and over are as follows: Corporation of Waterloo \$100; Mrs. Edith M. Blake, \$100; Mr. and Mrs. Robert Millenham, \$75.

\$50 subscriptions:—Mr. and Mrs. Robert Flood, Henry H. Savage, James J. Savage, Mr. and Mrs. R. Bachand, Mr. and Mrs. F. L. Pearson and Municipality of the Township of Shefford.

## RUSSIA TO GET AMERICAN AND BRITISH SHIPS

Dozen Vessels May Be Assigned Under New Deal Now Pending for Dispersal of Italian Fleet.

By JOHN M. HIGHTOWER, Associated Press Staff Writer, Washington, March 10.—(AP)—More than a dozen British and American surface warships plus a score of other naval craft may be assigned to Russia under the deal now pending for dispersal of the Italian fleet.

The present plan, it was learned here today, is to transfer British and American naval units to Russian operation for the duration of the war and leave the Italian fleet relatively intact in the Mediterranean, where it has performed well under British direction.

Once the Russians have been instructed in the handling of vessels they get, strategic factors indicate they will be put to service on the Northern supply route to Murmansk. They may be moved to the Black Sea because of German control of the Eastern Mediterranean. Eventually, if Russia goes to war with Japan they might be employed in the Pacific.

The full story of Italian fleet disposition indicates that most of the confusion and particularly the concern expressed by Premier Badoglio in Italy over what was to happen arose from the way in which the news was first made public.

At his press conference last Friday President Roosevelt told questioners that roughly about one-third of the fleet or its equivalent was due Russia and that problems of arranging a transfer according to that formula were only about half solved.

At that time, it can now be reported, the problems had been under study by military authorities for several months. They were involved in the first place by terms of the Italian surrender last September and developed this way:

The surrender was made to Gen. Dwight D. Eisenhower, then Mediterranean Commander, who acted on behalf of the United States, Russia and Britain in the interests of the United Nations.

Some time after the surrender, the Russians made an inquiry which was, in effect, "what about our share of the fleet?"

At that time it seemed likely that Turkey would come into the war. Turkish belligerency probably would have resulted in clearing the Eastern Mediterranean. That would have permitted the Russian-Italian ships to move into the Black Sea where the Russians could have used them to great advantage. But as Turkish negotiations dragged, the fleet problem dragged with them.

As a result of continued study, the military leaders concluded that best results would be had by keeping all the fleet in the Mediterranean and transferring to Russia an equivalent amount of Anglo-American ships.

Finally, about two weeks ago, Russian Ambassador Andrei Gromyko called on the President and asked about the Russian share of the fleet. It was in comment on this diplomatic inquiry that the President last Friday broke the news that under the surrender terms Russia had a right to her share of the Italian naval tonnage.

Publicly released figures on the exact number of Italian warships surrendered are vague, but they show approximately five battleships, three old and damaged, eight cruisers, 27 destroyers and one aircraft carrier. In addition the Italians probably surrendered about 60 submarines and a number of torpedo boats. On the basis of the main fleet surrendered the Russians might get nine destroyers, two aircraft carriers, and one or two battleships. In addition they might get a share of submarines or an equivalent value of destroyers, as well as various small craft such as torpedo boats.

They could have beaten off the Canadian patrol of twelve men. Their uniforms were muddy and of poor quality. Their shoes were worn down and their puttees were ragged strips of white cloth. For gloves they were wearing socks, with a hole cut for the thumb. Instead of cigarettes they carried machines for rolling them.

"They were a very, very surprised pair," said Canong, telling of their capture. "They were scared at first too, but by the time we got them back to company headquarters they seemed quite happy."

With Canong on the patrol were Sgt. Ron Sprague, Sussex, N.B.; Cpl. Ron Smith, Peterborough, Ont.; Ptes. H. A. Deacon, Oak Bay, N.B.; Fred Law, Montreal; A. W. Carey, Millville, N.B.; J. J. Nickerson, Saint John, N.B.; B. A. Westbrook, Beachgrove, Que.; V. W. Diamond, St. Leonard, N.B.; R. Huntington, Port Arthur and Hamilton, Ont.; N. McLean, Halifax, and T. W. Goodin, Jacques River, N.B.

Gus Bodnar, Leafs' rookie ace, who drew three assists and scored the final goal of the game.

Elmer Lach, Canadiens, who drew assists on two counters when Montreal defeated Chicago 3-2.

Maurice Richard, Canadiens, who scored one counter and one assist.

## ALLIES STILL POUNDING JAP BASES IN EAST

American Troops Register Further Gains While Cleaning Out of Japs on Los Negros Island Continues.

Allied Headquarters, Southwest Pacific, March 10.—(AP)—United States Marines have cut their way three miles through the Japanese and jungle on Williams Peninsula, New Britain, and are within two miles of the enemy base at Talasea, the Allied communique said today.

The cleanup of enemy strength on Los Negros Island in the Admiralty group continues, and Allied warships and supply vessels have entered Sessler Harbor, formerly fringed by Japanese coastal guns, without interference.

Rabaul, the Japanese base in New Britain, is virtually useless after the recent aerial attack on American aircraft and warships.

A headquarters spokesman said photographs showed that not one undamaged ship remained in Rabaul Harbor, and less than 50 planes on its six airfields.

The drive across their drive across Williams Peninsula from the West shore have cut off groups of enemy troops on the North tip of the peninsula.

American troops advancing West of Saldor on the Northeastern New Guinea coast have reached Cape Rigny at the lower tip of Astrolabe Bay. A Madang, enemy base on the bay and objective of the drive, is 20 airline miles away.

Japanese stranded on Bougainville Island in the Solomons were believed by American officers to be massing for a last suicidal attack on American forces. The Japanese had been shelling the two Allied airfields there.

Despite a heavy overcast yesterday the American raiders bombed industrial targets "by means of scientific instruments," the communique said.

No accurate assessment of the new punishment inflicted upon scattered Berlin this week has yet become available, but a Stockholm dispatch quoted a traveller as declaring "it has ceased to be a capital or even a town." The Cairo radio, quoting an enemy Swedish report, said the city had been without electricity, gas and water all this week.

The growth of American air strength was reflected in the United States Army headquarters announcement last night that the British-based 8th Air Force and Italian-based 15th Air Force dropped 24,000 tons of bombs on Germany in February, aircraft factories being the chief targets.

Escorting fighters knocked down 90 enemy planes during the month, the announcement said, declaring this total was "considerably more than the monthly fighter production capacity left in Germany at the end of February."

He said that opportunities must be provided for men leaving the service after the war. He had no fear they would back "wild-eyed revolutionaries" and he believed they would play a role in peace as fine as they had played in war.

Gordon Graydon, Progressive Conservative House Leader, said there had been significant changes in the top-ranking Navy officers, with Vice-Admiral Percy Welles sent to the United Kingdom, and there should be an explanation.

Mr. Macdonald replied that the number of Canadians serving in waters near the United Kingdom and the importance of impending events in that area made it desirable that an officer of senior rank be sent there. Changes in officers "are taking place all the time."

## REV. MR. ASCAH GIVES SERMON AT SCOUT MEET

Life and Work of Lord Baden Powell, Subject of Interesting Sermon at Celebration of Boy Scouts' Week at Farnham.

Farnham, March 10.—The first Farnham Troop and Wolf Cub Pack celebrated "Boy Scout Week" by holding a Scout Church service and a parents' meeting. The sermon by the Scoutmaster, the Rev. Mr. Asch, was about the life and work of the late Chief Scout, Lord Baden Powell. The lesson was read by Dennis Booth, the Assistant Scoutmaster.

The parents' meeting had an attendance of about twenty-five parents and friends. After the flag raising the Cub Pack under the supervision of Emile Hanna, the instructor, gave a demonstration of their Tenderpad Work. This covered the composition and flying of the Union Jack. Knotting was shown with the results being inspected by the audience. Elementary First Aid and bandaging followed. The Scouts then gave a demonstration of "Save the King" combined with "O'Grady Says." The winners were Norman Courcy and Jack Kugler. Next came a knotting competition under the direction of John Green the A.C.M. The Fox Patrol defeated the Beavers in this as in the game, "Push the Bottle," which followed. This event proved to be very exciting especially in the final round in which Russell Coulton, after several accidents, edged out Jack Kugler for the win.

The Cubs then had "Grab the Ring." The ring in this case being a rubber shoe. This game appeared to be more enjoyed by the audience than the participants. The final exhibition was one of boxing, the fighters were Jack Kugler vs. Norman Courcy, Ronald Hanna vs. Leonard Adler, Ian Ingram vs. Don Seale and the feature attraction, Scout vs. Cub or Raymond Courcy vs. Ronald MacPhail. The results are as yet unannounced.

A Cub investiture was then held in which Albert Hanna, Achim Rahill, Donald Stuart, became members of the first Farnham Wolf Cub Pack. When this ceremony was completed, Mr. Asch presented Dennis Booth with his Assistant Scoutmaster warrant.

Then Leonard Adler, Raymond Courcy and Ronald Hanna were invested into the first Farnham Scout Tro

## Over 200 Names Received To Date To Be Inscribed On Honor Roll

In view of the fact that only two tenders for the construction of the Sherbrooke Honor Roll were received, the opening of these bids was delayed until next week by the Citizens' Committee at a meeting held yesterday afternoon at the Recruiting Centre, 51 King Street West.

Col. F. H. Bradley, President of the Executive Committee, said that since tenders were called for only last week, more would be sent in until the next meeting on Wednesday.

According to present plans, the Honor Roll which will list the names of Sherbrooke men and women volunteers serving in the armed forces of the country, is to be completed by April 15th at the latest.

It was announced that more than two hundred names, with about twenty women's names, have been received at headquarters for listing.

Col. B. Lyon suggested that in order to expedite the listing of names there should be no "rank" included on the Honor Roll. However, names with ranks will be contained in the Golden Book to be retained by the City for safe-keeping.

Owing to this widespread publicity

given the project, a letter has been received by the Committee from Emile St. Pierre, of Verdun, Publicity Director of Federation des Amicales Canadiennes des Freres du Sacre Coeur, asking for complete data on the Honor Roll. This organization apparently is interested in erecting a similar Honor Roll in Verdun, and information has been sent to Mr. St. Pierre on the progress made here to date.

Various details of the blue drawing were explained to those at the meeting by Jean Paul Audet, local architect. The City of Sherbrooke donated a grant of \$1,000 for the erection of the Honor Roll at the intersection of King and Wellington Streets.

Attending the meeting were Col. Bradley, Col. Lyon, O.C. Sherbrooke Fusiliers Regiment, Second Battalion (R); Major L. W. Greenland, O.C. 35th Battery (R); J. A. Bourgeois, representing the Sherbrooke Branch of the Canadian Legion, Mr. Audet, the architect, and Private C. Taylor. The last named, who is attached to the local Canadian Army Recruiting Staff, acted as Secretary.

## Maple Sugar Producers Ready For Early Run, Keep Eye On Weatherman

Prospects for a flow of sap this year were extremely poor until the recent rather heavy snowfalls and thaws, farmers on the Lansdowne Market told a Record reporter this morning.

They said moisture was needed and unless the soil received a thorough soaking, there would be comparatively little sap from the trees. Producers are more hopeful now, and are ready for an early start. Cold nights and warm days are ideal for sap gathering and the final results depend upon the weather man's offering later in the season.

Questioned on the direct sale of maple syrup from the primary producer, approved in an order of the Wartime Prices and Trade Board earlier this week, many farmers said as a result of this order the product will be eliminated from the

retail stores for a time.

Producers said that they expected to sell almost exclusively to consumers, since W.P.T.B. has ruled that they may charge the full retail price. The direct sales will yield much higher profits and are likely to be high under the increased coupon value for the product. It is not expected that there will be any difficulty in disposing of their output.

Four "D" coupons will buy a gallon of syrup under the more generous allowance recently announced and the new prices released were the same figures as last season. The maximum charge of a retailer or a primary producer selling direct to consumer, is \$2.40 per imperial gallon for ungraded syrup; \$2.65 for Canada dark grade; \$2.90 for Canada Medium grade and \$3.15 for Canada light grade.

A premium of twenty-five cents per gallon above the price of Canada light may be charged for syrup marketed as Canada fancy grade. For syrup sold in bulk, the ceiling is twenty-five cents per gallon less than the same product sold in gallon screw-top metal containers.

The "D" coupons can be surrendered to any local ration board and in return a certificate will be issued authorizing the producer to sell a stated amount of syrup to the customer. The ration board holder can take the coupons direct to the producer and surrender them and the producer will be required to make a complete report on all his transactions to W.P.T.B.

Clarification of the syrup-buying programme would avoid confusion which existed last season, one farmer suggested, and he said that many of the producers were "up a tree"—not a maple, however.

What a relief to settle down to a real night's rest, and awake fully refreshed, ready for the day's duties. I was tortured by fretful nights—tossing, turning—never comfortable. ## MEETING HELD BY E.T. BRANCH OF C.P.O.W.R.A.

Highlight of the fourteenth meeting of the Eastern Townships Branch of the Canadian Prisoners of War Relatives Association held at the McKinnon Memorial Building was an explanatory talk dealing with prisoners of war by Lieut.-Col. B. D. Lyon, who has recently returned from Overseas.

The meeting was opened by the President, Mrs. M. A. Parker, after which the minutes of the previous meeting were read by the Secretary, Mrs. W. C. Bilson.

The Treasurer, Mrs. H. S. Armitage, then made a report on the successful St. Valentine's Dance which was held on February 12th at the Chateau Frontenac, from which the club derived a profit of \$450.

Mrs. W. R. Southgate voted that \$200 of this money be sent to the head office in Montreal for further purchases of cigarettes for the boys and that this motion was seconded by Mrs. M. A. Lacharite.

The President informed all members that \$130 would provide a supply of writing paper and pencils for one man, and that these supplies were badly needed.

Mrs. F. H. Bradley, seconded by Mrs. J. Reed, moved that twenty such supplies be purchased immediately.

A report was read by the President on the results of the annual meeting of the Club held in Montreal, together with a list of food-stuffs that may be included in a P.O.W. parcel.

The minutes of the annual meeting were then read by Mrs. Leckie. Miss L. Metivier reported that a box had been sent to Eugene Cailaud, a French prisoner of war whose parents are living in occupied France. The President then thanked Mrs. J. Gilbert, President of the Asbestos Branch of the club, who reported that \$75 had been made as a result of a Benefit Show held in Asbestos. Donations were reported received from Dr. A. C. Hill of \$10, Mrs. Adrien Berube \$5, and Mr. and Mrs. J. Dick \$2.

Lieut.-Col. Lyon was introduced by the President and he spoke of the co-operation of Canada, the United States, and Great Britain, in the dealing with prisoners of war, and also of the activities of the Sherbrooke Fusiliers Regiment in England. Mrs. F. H. Bradley thanked Lieut.-Col. Lyon on behalf of the members of the club.

## DAMAGE ACTION IS LODGED BY LOCAL DRIVER

Mr. Justice Charles D. White took on deliberation this morning the case of Maurice Lacroix, local taxi-driver, who claimed \$627 from the Bell Telephone Company as a result of an accident which occurred on December 31, 1942, at the intersection of the Huntingville and Derby Line roads, about two miles outside of Lennoxville.

The plaintiff, pleading his case, said that he was travelling from Sherbrooke to Rock Island around a quarter past nine on the night of the accident and upon reaching the intersection of the roads, was blinded by the lights of three cars coming from the direction of Huntingville and which were turning onto the main road in the direction of Lennoxville.

The plaintiff alleged that he gave warning to the three cars to dim their headlights and, at the same time, began slowing down the speed of his car. While bringing his car to a stop, the plaintiff said that he swerved to the right and crashed into a post, the property of the defendant, which was situated directly in front of the intersection. He said further that when he hit the post, his rate of speed was approximately fifteen miles per hour. Darkness prevented him from seeing the post, the plaintiff went on to say, and added that he had suffered two broken ribs in the crash.

Lacroix based his action on the contention that the defendant had been guilty of negligence, because, fully aware of the menace presented by the position of the post, it had failed to place any kind of a warning light to signify the obstruction's whereabouts.

The defendant replied by saying that the accident was caused by negligence on the plaintiff's part and that the post was there with full permission of the law, and according to rules of construction, and was in no means in a dangerous or menacing position. The defence also said that much of the plaintiff's evidence was unconvincing.

**DR. B. B. BROWN, FORMERLY PASTOR OF TRINITY UNITED**  
At a recent Congregational Meeting held in Wesley United Church, Notre Dame de Grace, Montreal, a very strong feeling was expressed by the members, that adequate pastoral assistance should be obtained immediately.

This Church, under the leadership of the Rev. B. B. Brown, has one of the largest United Church congregations in Canada, having more than 2,000 members and ministering to approximately 4,000, many of whom are young people.

A committee was appointed, and is now with suitable qualifications for this task.

## Red Cross Officials Striving To Avoid Any Lag In Response

The local branch of the Red Cross was still far short of its objective today with only five more canvassing days remaining. Of the \$30,000...

**LENNOXVILLE AT HALF-WAY MARK**  
Lennoxville today reached the half of its \$6,000 quota in the present Red Cross drive, it was announced by E. W. Gilbey, campaign Treasurer.

Lennoxville collections are slow but sure, said Mr. Gilbey. "When the final tally is counted, Lennoxville will have nothing to be ashamed of."

The Lennoxville figure showed up well in comparison with collections for the Dominion. Canada has to raise \$10,000,000 in this campaign, and national totals last night were still under the fifty per cent mark.

000 which must be collected, the total to date was at the \$13,000. Joint Chairmen of the drive, H. L. Gagnon and Clinton E. Soles today congratulated the women who have volunteered as solicitors and are doing their work notably.

"These women are doing a wonderful job," the officials said. "They have been out on foot making their door-to-door calls for almost two weeks now, and, despite bad weather, they have brought in excellent collections."

Canvassers reported their best response from those families which had given either a husband or son to the services.

It is much easier to collect from people who have close connections in the war, one of the women solicitors told a Record reporter this morning. "I often wonder if some other people whose families have not been touched could not give a bit more for Red Cross work."

"After all, what is a few dollars compared with the absence of a husband for four or five years?" Only \$2.50 will pay the cost of a prisoner-of-war food parcel.

**RED CROSS HOCKEY BENEFIT SUCCESSFUL**  
Officials of the Sherbrooke Red Cross drive announced this morning that the hockey game held last night at the Sherbrooke Arena between the Rand and Montreal Royals was successful from a financial point of view.

The receipts are still in the process of being tabulated, they said, and the amount of revenue garnered from this benefit hockey game will be announced this evening by Treasurer F. A. Briggs.

**Activities Of Local Y.M.C.A. Come Under Review At Director Meeting**  
The Directors of the Young Men's Christian Association met in the Association Building on Dufferin Avenue last evening under the chairmanship of the President, W. S. Sutherland.

The Activity Report presented by W. H. Wolter, General Secretary, showed a large number of persons using the building. The twenty-ninth Father and Son Banquet, at which the Rev. C. Ritchie Bell was guest speaker, was the highlight of the month's activity. Approximately 260 fathers and sons, the largest number for many years, had attended. Mr. Wolter stated that its success was due to the splendid co-operation of the Ladies' Auxiliaries of the various churches, the fine job done by the Directors in disposing of tickets, willing assistance by many who were on the programme, the kindness of "Giz" Gagnon and his orchestra who provided music while the guests enjoyed their supper, and to the speaker of the evening.

The Y.M.C.A. Bowling League is just about completed, the report showed, and the teams are doing their best to make the play-off positions.

Mr. Wolter also stated that all clubs were in a healthy condition—attendance particularly at the Y's Men's Club and Hi-Y Club has been good, and programmes have been interesting and educational. Attendance at the Saturday Afternoon Shows sponsored by the Y's Men has been increasing each week, and a supper meeting with the High School Tenebris Club members as their guests was a very successful Hi-Y activity. After the meeting a dance in the Y's Men's Club was enjoyed.

The Sgt. Aft Club continues to meet with Bible study and business meeting their main projects. The report also shows that the building continues to be well used by the men in the services. Every

## CLAIMED \$650 AS RESULT OF MOTOR MISHAP

Mr. Justice Dalma Landry took on deliberation in Superior Court the proceedings in the case of Rosaire Roy, of Coleraine, who claimed from The-oval Allaire, of Disraeli, the sum of \$650 with interest and costs as aftermath to an automobile accident a year ago on the provincial highway between Coleraine and Disraeli, within the limits of the last-mentioned municipality.

The plaintiff alleged that he was driving his car through a storm when he met a snowplow operated by the defendant in the employ of Joseph Allaire, who null of a sudden the plow swerved across the road in the plaintiff's line of travel, with an accident becoming inevitable because of the short distance separating the two vehicles.

The plaintiff said further that the plow was going too fast, taking into consideration the condition of the road; that the defendant's truck had faulty brakes; that he had more than his half of the road, and that he was driving in a manner contrary to general rules of safety. The plaintiff said his car was practically at a standstill; that if the defendant had slowed down the accident would not have resulted. The damages to the car were at least \$500, and for the loss of the truck, \$150.

The defendant replied to the action by saying that at the time of the accident, Roy had been in the company of Ernest Chretien, a truck owner, and that this man and two others had counseled Roy not to drive to Disraeli in such weather and that if he did, he was running the risk of having an accident.

The defendant added that at the time of the accident he was at his customary work doing nothing but what he was obliged to do in the public interest. He had care of the road and was bound under contract to keep it in good shape, even during a storm. He went on to say that if the truck had undergone any damage that did not concern the plaintiff, a sit was the property of Ernest Chretien, Coleraine wood dealer.

## Conveners Nominated At Meeting Of Sir John Sherbrooke Chapter

The Sir John Sherbrooke Chapter, I.O.D.E., held their second regular monthly meeting of the new year at the MacKinnon Memorial, with the Regent, Mrs. Gordon Loomis, in the chair.

The meeting was opened with the prayer of the Order, and the raising of the Standard.

The minutes of the last meeting were read by the Secretary, Mrs. Ross Bishop, and moved for adoption.

Mrs. R. I. McCabe gave her Treasurer's report, in which she stated the net proceeds earned from the bridge held February 21st.

Thanks was extended to Mr. and Mrs. E. Bascom for their generous donation of silk stockings to the Chapter, which were raffled at the bridge, and to Mrs. M. W. Mitchell for her gift of a cake which was also raffled. The Page and Sanger Co. for their kind donation of paper, for the purpose of raffle tickets, were also thanked.

In the absence of the Educational Secretary, Mrs. E. Harbert, Mrs. Loomis gave her report. It was moved by Mrs. Bascom and seconded by Mrs. Donald that the Chapter continue the subscription to the Geographic Magazine, to be sent to the schools. It was also decided that the Chapter begin to purchase a library for the pupils at Mitchell School.

The New War Memorial was brought up and discussed, with the result that the Chapter would go on record as unanimously in favor. Mrs. Sims presented her War Service report stating that six pairs of boys pants had been completed for the Polish children, and six brown jumpers for British relief, also eight jumpers, 2 baby night gowns and one pair boys pants which had been included in the articles packed and sent during February. Mrs. Sims read some interesting correspondence she had received from men in the Canadian Navy, thanking the Chapter for Christmas parcels which had been sent to them.

Mrs. Jenckes gave the knitting report, stating that 45 articles had been handed in during the month. Mrs. Boland, Library Convener, reported that 80 books had been distributed at the hospital during the month.

The sum of \$12.50 was voted to municipal service and ex-service for the purpose of buying subscriptions

to magazines and new books for the new sanatorium.

Mrs. Arnold reported to hospital-navy, saying that ten army and two navy personnel had been entertained by Chapter members for meals and week-ends. Two hundred and twenty-eight sailors and twelve soldiers had been served free lunches at the station canteen and eight sailors at the Salvation Army canteen. One nursing sister had been placed in the home of a Chapter member. A donation of cigarettes for the station canteen had been gratefully accepted from a friend.

The Regent then offered a standing vote of thanks to Mrs. Arnold for her splendid and continued hospitality work.

The meeting decided that a donation be given to the Nursing Sister Mess. No. 4 General Hospital Unit, for the purpose of buying necessary equipment for their mess overseas.

It was announced that a Municipal Convention Fund was in the process of being established, the meeting decided the Chapter was in favor of donating a sum to this fund.

Mrs. A. V. Corlett and Mrs. J. E. Devion were elected as two new members.

Discussion and plans took place for a rummage sale to be put on by the Chapter in the near future.

The following were nominated as conveners under National: Miss Andrea Baker, Press and Publicity; Miss R. Hunt, Child and Family Welfare; Mrs. J. E. Devion, Work in India; Mrs. H. Horsfall, Navy League; Mrs. K. W. Fritzsche, Colonization; Mrs. John Lunder-ville, Service and Ex-Service; Mrs. H. Belton, Endowment; Mrs. A. V. Corlett, Girl Guide Convener; Mrs. E. Dinning, Film Convener; Mrs. George Hume, Hospitality; Mrs. J. A. Donald, Empire Study; Mrs. Ben Howard, Sick and Visiting Committee.

Chapter Conveners: Mrs. Philip Sims, War Service; Mrs. Calvin Boland, Library; Mrs. N. Hunter, Canteen; Mrs. J. K. L. Green, War Guests; Mrs. L. Eichenberg, War Savings Stamps; Mrs. E. Arnold, War Service Hospitality; Mrs. George Hume and Mrs. M. W. Mitchell, Knitting Convener; Mrs. Hector MacRae, Social Convener.

## NO DAMAGE AT 4 MINOR FIRES

Four minor stove pipe and chimney blazes were put out by the Municipal Fire Department yesterday.

These were at the homes of Louis Letendre, 141 Belvidere Street; Lionel Roy, 58-B King Street East; Alexander Roy, 69-B Windsor Avenue, and T. Gregoire, 17-B Goodhue Street.

A fifth call took firemen to the home of Joseph Lacroix, 70 Alexander Street, where the rays of the sun shining on a milk bottle gave the appearance of a fire from outside the dwelling. A passerby telephoned the department.

### NEW OFFENSIVE PROGRAMME FOR CANADIAN NAVY

From Navy Minister Macdonald's review on  
Navy activities presented with his \$410,000,000  
estimate to the House of Commons yesterday, it  
would appear that a new offensive programme is  
being planned for the Canadian navy, that has been  
waging an increasingly successful defensive operation  
in protecting convoys carrying supplies to the  
battle fronts. Mr. Macdonald referred to the acquisition  
of two cruisers, eight modern-type destroyers  
and the manning of two aircraft carriers, and other  
than stating that Canada would operate the carriers  
with her own officers and ratings with Britain supplying  
planes and air personnel he did not elaborate,  
but it will be recalled that a recent dispatch from  
Vancouver reported that at least one of the carriers  
had left there for a battle zone.

Some interesting highlights in the Navy  
Minister's review:

1. The estimated expenditure for this year of  
\$410,000,000 is about the same as was spent last  
year, when \$489,000,000 was budgeted.

2. Personnel will be enlisted at the rate of 1,000  
a month—the same as last year.

3. The Navy now has 250 fighting ships, 450  
auxiliary craft, a personnel total of about 80,000,  
4,500 Wrens and a sea cadet enrollment of 13,700.

4. Training has been stepped up and more than  
16,000 officers and ratings have been given courses  
at H.M.C.S. Cornwallis—the new mammoth training  
establishment at Deep Brook, N.S.—in less than a  
year.

5. Casualties in dead, wounded, missing and  
prisoners since the start of the war now number  
1,300.

6. Not a single German submarine made an  
attack in the St. Lawrence River or Gulf last year  
but U-boats crept close enough to East coasts to lay  
mines on convoy routes leading to Halifax, resulting  
in the destruction of one ship.

7. Last year the Navy had a hand in the "definite  
and certain" destruction of eight submarines and in  
the probable sinking or damaging of seven others.  
The "definite kills" include three to the credit of  
Canadian corvettes in the Mediterranean.

8. Canada's main task last year continued to  
be escort work on the North Atlantic and the pro-  
portion of ships getting through safely was twice  
as great as in 1941. From the beginning of the war  
the R.C.N. has escorted more than 18,000 ships  
bearing 114,000,000 tons of supplies over this  
route.

9. Canadian losses of four fighting ships in  
1943 were more than made up by 70 additions to  
the Navy and today the ships of war building in  
Canadian yards, in their material, machinery, guns  
and other equipment are 95 per cent Canadian  
products.

10. With nearly 100 ships already built for  
the British Navy, Canada now is building or has on  
order the same number of ships for that navy.

### WHY BERLIN BOMBED

Several times this week big American bombers,  
which launched their initial attacks on Berlin last  
Saturday, have returned to rain death and destruction  
upon the Reich capital in close and terrific follow-up  
to the obliteration bombing forays already carried  
out by the R.A.F. and R.C.A.F. units.

There are two prime reasons, either of which  
is of vast military importance, for this unrelenting  
offensive against a city that is already battered and  
ruined. One is that the capital is among Europe's  
greatest industrial cities and therefore one of Hitler's  
chief centres for war production. The other and  
even more important reason is that Berlin is the hub  
of Germany's huge network of railways, and prior  
to the war the Reich was operating a greater mileage  
than any other country in the world, in proportion  
to area.

Berlin is more than a railway "hub." It is a

bottle-neck for most of the main lines running across  
not only Germany but Europe. Obviously this  
bottle-neck renders Hitler highly vulnerable. He  
must keep it open, for without transportation for  
his supplies and troops he is sunk. That's some-  
thing to remember well as the Allied invasion of  
Western Europe approaches, and the Nazis need  
speedy communication between their Eastern and  
Western fronts.

An important point about Berlin—and this is  
true of some other cities—is that the entire city is  
filled from circumference to centre with military  
objectives.

Transportation is one of Germany's weakest  
points. When Hitler was preparing for war he  
allowed his intuition to persuade him to neglect  
the railroads in favor of the mighty military high-  
ways which he built. It never occurred to him that  
the time would arrive when he would lack gas and  
rubber tires to keep his motor transport speeding  
over his beautiful highways.

He finally was compelled to place his main de-  
pendence once more on the despised railways and  
canals. By that time the roads had run down and  
their rolling-stock was in bad shape. So the Allied  
bombers went after the railways, and the locks and  
other vulnerable parts of the canals. Those canals  
are important, for Germany has been one of the  
world's greatest users of this form of transport.

A dozen main railway lines run into Berlin.  
There's a ringbahn, or outer circle of railway round  
the city, and this is an integral part of any ingenious  
system connecting the terminals of the main lines.  
So with its railways and widespread industries  
Berlin is one vast military target. When bombers  
attack the Nazi capital they aren't trying to bomb  
objectives which aren't of military importance. Most  
certainly they aren't hunting civilians. They  
studiously try to avoid non-military bombing.

If civilians and historic monuments are in the  
way in Berlin—that's the war which the Nazi  
dictator forced upon the world. Berlin is the key  
position from which he has caused the slaughter  
of millions, military and civilian—from which he  
literally has enslaved many millions more.

Berlin is the chief citadel which stands between  
the Allies and victory.

### SOME PROBLEMS TO BE DISCUSSED

Post-war problems facing Britain and the United  
States, including the question of American domina-  
tion of the Pacific as a guarantee against future  
Japanese aggression, are regarded as possible sub-  
jects for discussion at the Anglo-American talks  
scheduled to start late this month.

Edward R. Stettinius, United States Under-  
Secretary of State, is expected to present Wash-  
ington's attitude on the Pacific within the next fortnight.  
This question is regarded as one of the most im-  
portant of the many facing Britain and the United  
States in the post-war world, and it is believed likely  
that island bases now in the possession of Japan  
will be earmarked for the United States for use in  
its Pacific programme.

Well-informed sources believe there will be no  
limitation on the scope of the coming discussions  
and that they probably will include post-war borders  
of European countries.

Other questions which may be discussed include:

1. The future government of Italy.
2. Treatment of satellite countries when and if  
they part from the Axis.
3. Status of the French Committee of National  
Liberation after the war.
4. An attempt to unite Yugoslav factions headed  
by King Peter and Marshal Josip Broz (Tito).

### TO ENCOURAGE BASIC ENGLISH

Ever since Premier Churchill's reference to  
Basic English in his address at Harvard University  
last summer widespread interest has been manifest  
in this abbreviated language—English stripped to  
850 essential words—and now comes another state-  
ment by Britain's Prime Minister, that Basic English  
will be encouraged by the British Government as an  
auxiliary international and administrative language.

Mr. Churchill informed the House of Commons  
yesterday that a committee which has investigated  
the language field has distinguished between this  
use of the system and its use as a method of teaching  
ordinary English. Several advanced methods have  
been perfected lately for teaching purposes and  
there is "no reason why the Government should sup-  
port one rather than another."

He said the Government had decided upon these  
steps:

1. To teach Basic English in any area where  
there is demand for it as an auxiliary medium for  
international communication.
2. Diplomatic and commercial representatives  
in foreign countries will be asked to do all they can  
to encourage the spread of Basic English as an  
auxiliary language.

### PRESS COMMENTS

#### THE PRESIDENT'S INCON- SISTENT TAX POLICY

New York Times  
The President's veto of the tax  
bill is justified neither in tone nor  
in substance. The tax bill, it is  
true, is inadequate in the amount  
of revenue, it would raise. The  
President would, therefore, have  
been justified, perhaps, in allow-  
ing it to become law without his sig-  
nature, or at least in asking Con-  
gress to supplement it as soon as  
possible with larger revenues. But  
as it is, the President, ostensibly  
asking for additional revenues of  
\$10,500,000,000, throws out a bill  
that would have raised additional  
revenues of \$2,500,000,000. This is  
surely rejecting the real substance  
for the sake of a doubtful shadow.  
This is treating very lightly a sum  
greatly in excess of the total an-  
nual revenues from the individual  
income tax as late as 1941.

Oddly enough, while the Presi-  
dent in his veto message asks for an  
enormously greater sum than the  
Congress bill would raise, he does  
not hesitate at the same time to re-  
commend again the abandonment  
of the Victory tax and the conse-  
quent dropping of nine million in  
taxes from the tax rolls. It is  
important that the Victory tax  
be merged with the general income  
tax; but this need not be at the cost  
of a wholesale tax exemption—an  
exemption that would be wholly in-  
consistent with a more drastic tax  
policy.

The President has never thought  
through the question finally of what  
his own tax responsibilities are. On  
March 12th, 1943, when asked at a  
press conference to comment on  
the Ruml plan, he especially said  
that he did not think he could, be-  
cause taxes are squarely a Congres-  
sional function. At a later press  
conference, asked his opinion on  
which pay-as-you-go bill he would  
favor, he replied that he had made  
it plain that he was not drawing  
tax legislation. In the present case,  
however, the President has allowed  
Congress, including his own party  
leaders, to spend months of pre-  
cious time over a tax bill only to  
step in at the last moment to repu-  
diat their work.

#### ARE ONTARIO MOTORISTS FAIRLY TREATED?

Kingston Whig-Standard  
Figures regarding highways re-  
venues and expenditures in the Pro-  
vince of Ontario during the past  
twelve years were given before the  
Ontario Good Roads Association re-  
cently by its President, Mr. Guy R.  
Martson, of Simcoe. He stated that  
since 1931, Ontario had received  
\$209,000,000 more in revenue from  
its highways than it had spent on  
them. If we may accept this figure  
as authoritative, it would seem to  
indicate that the motorists of this  
province are being made to pay a  
good deal more than their share to-  
ward provincial revenues.

The highways of Ontario are a  
great asset, not only in a provincial  
sense but in relation to the Domini-  
on as a whole. However, they are  
used by Ontario motorists more than  
by anyone else, and it is only fair  
that Ontario motorists should pay  
for their cost and upkeep. But when  
taxes are levied upon motorists which  
pay for construction and  
maintenance and also raise an aver-  
age annual surplus of more than  
\$17,000,000 over a twelve-year pe-  
riod, that seems decidedly unfair.  
Why should a man who owns a car  
be taxed disproportionately because

of that ownership? Why should he  
pay more into the general fund than  
anyone else?

The answer, if one is given, will  
probably be that the motorist is  
now looked upon as an established  
source of revenue. That will be  
readily granted—but why should he  
be so regarded? It is easy to under-  
stand how such a situation came  
about. Government are invariably  
hard-pressed for revenue sources in  
normal times. Whenever one depart-  
ment shows a substantial surplus,  
there is usually a corresponding  
deficit in another, waiting to gobble  
it up. And whenever a compara-  
tively "painless" form of taxation  
comes to light, the temptation is  
very great to use it to the fullest  
possible extent. Almost certainly,  
that is what has happened in the  
Highway Department under several  
governments.

To a certain extent, this practice  
is accepted with tacit approval—  
necessarily so, for not all depart-  
ments of government can be com-  
pletely self-supporting. There is a  
limit, however, to such acceptance,  
and we believe the taxation impos-  
ed upon Ontario motorists exceeded  
this limit some time ago. It may  
be impossible to make any sub-  
stantial revision in these taxes for  
the duration of the war. The super-  
imposed federal tax must still be  
collected, and Ontario can hardly be  
expected to forego a source of re-  
venue tapped by the Dominion with-  
out some form of compensation.

When normal conditions return,  
however, there seems no just or  
logical reason why the province  
should go on muleting the motorists  
to the tune of \$17,000,000 per an-  
num to toss into the general fund.  
That sum is being spent, in some  
way, upon all the people of Ontario.  
All the people should provide it,  
and not merely one class singled  
out by the accident of possession.

production, we'd have 20,000,000 peo-

#### OPTIMISTIC BIDDING IS WARTIME TREND

Players are showing a surprising  
optimism in their bidding during  
these days of war. We used to think  
it rather exciting just to bid and  
make a grand slam. Today's hand,  
sent to me by D. C. Gillette, of  
Ulster, Pa., displays the heights of  
optimism.

Both the four no trump and five  
no trump bids were Blackwood.  
East's response of five hearts showed  
two aces, and six hearts showed  
two kings. If North had opened the  
queen of diamonds, he would have  
defeated the contract. But he prob-  
ably was a little greedy and wished  
to set the contract a couple of  
tricks, so he led the eight of hearts.  
Declarer won with the ace, led  
the club to dummy's king, ruffed  
the three of clubs, and then laid  
down the ace and one trump to  
make sure he would not get an  
over-ruff in the club suit. The second  
spade was won in dummy with the  
queen, the third club was ruffed, and  
dummy re-entered with the dia-  
mond. The lead of the king of clubs  
not only provided a place to put one

of the losing hearts, but it also  
established the fifth club on which  
another heart could be discarded.  
The remaining heart was discarded  
on the king of diamonds. Thus the  
contract of seven doubled and re-  
doubled was made.

## MRS. F. CONNORS NEW PRESIDENT OF MINTON W.I.

Officers for Ensuing Year  
Elected at Annual Meeting  
of Women's Institute Held  
in Minton.

Minton, Feb. 10.—The annual meeting of the Minton branch of the Women's Institute was held at the home of Mrs. R. G. Conner with a good attendance.

The President, Mrs. Fred Conner, presided over the meeting, which opened with the singing of the Ode, saluting the flag and repeating the Mary Stewart Collect. The minutes of the last meeting were read and accepted. The roll call was answered by payment of dues and telling a joke. Two new members, Mrs. H. H. Johnson and Miss Evelyn Jenkin, were enrolled.

The slate of officers for the ensuing year was presented and accepted as follows: President, Mrs. Fred Conner; Vice-President, Mrs. R. G. Conner; Secretary, Mrs. Alfred Ryan; Treasurer, Mrs. Kenneth Dean.

Money containers were distributed to be used for the Self-Denial Fund, to be handed in at the November meeting. Mrs. Fred Conner read a paper on duty to the Red Cross. This was in keeping with the Red Cross Campaign. Two letters of thanks were read from sailors who had received dirty bags from this branch.

A letter from Mrs. Smallman, Provincial President, was read. It was decided to use, with a few changes, the suggested programme for 1944-45 sent by Miss Fletcher. Wool was distributed to members for Red Cross knitting.

After the adjournment of the meeting the hostess, assisted by Mrs. John Jenkin, served delicious refreshments.

General Notes.

### STEPHENSON-KNOWLTON

Montreal, March 10.—The marriage of Joyce Esther, daughter of Mr. and Mrs. Fred Knowlton, of Knowlton, to Cpl. Hartley Gilbert Stephenson, son of Mr. and Mrs. Frederick Stephenson, of Kingston, Ont., took place quietly at St. Philip's Anglican Church, Montreal West, on Monday evening, February 28, at seven o'clock, with Canon Ireland officiating.

The bride, given in marriage by her father, wore a powder blue crepe dress with matching accessories and a corsage of Sweetheart roses. The bridesmaid, Miss Janet Knowlton, sister of the bride, wore brown crepe with a corsage of blue iris and yellow roses.

The groomsmen were Cpl. Edwin Stephenson, R.C.A.F. of Dartmouth, N.S., brother of the groom.

Following the ceremony, a buffet lunch was served at the home of Mr. and Mrs. Arthur Derby and Mrs. Hattie Allen to about twenty-five relatives and friends. Many lovely and useful gifts were received by the bride and groom.

After the honeymoon, Cpl. Stephenson will rejoin his regiment at Camp Borden, Ont., and Mrs. Stephenson will reside at Barrie, Ont., for a short time before returning to Montreal.

people of this community learned of the death of Mrs. Sarah Banfill, who passed away at the home of her daughter, Mrs. John Day, in Richmond. During Mrs. Banfill's visits at the home of her son, Mr. Howard Banfill, she had made many friends, who extend their sincere sympathy to the Banfill family.

Mr. and Mrs. Lemuel Clarke, of the Brompton Road, were guests of Mrs. Clarke's parents, Mr. and Mrs. H. H. Johnson.

The members of the Farm Forum group have held meetings at the homes of Mr. and Mrs. John Jenkin and Mr. and Mrs. Fred Conner.

Mrs. William Austin, Miss Florence Johnson and Mr. H. L. Johnson were guests of Mr. Johnson's daughter, Mrs. Lawrence Wells, and family, in Sherbrooke. Mr. and Mrs. Homer Johnson and Donald spent a day with Mr. and Mrs. Walter Edkins.

Mr. Clifford Dean was visiting relatives in Sherbrooke.

Mr. Douglas Conner spent a day at Albert Mines with his cousin, Robert Jenkin.

Mr. and Mrs. Jack Humphrey and their young daughter, of Montreal, spent a week-end here at the home of Mrs. Humphrey.

Friends of little Miss Marion Kerr, of Lennoxville, will be pleased to know that she is making a good recovery after being seriously ill with pneumonia.

Mrs. Harry Lockwood, of North Hatley, was a guest for a few days of her parents, Mr. and Mrs. William Austin.

## MIND YOUR MANNERS

The Situation: A friend takes you to a movie and once it begins you realize that you have seen it before. How would you act?

Wrong Way: Say, "I've just realized that I have already seen this picture. But it is so good I don't mind seeing it again."

Right Way: Don't reveal that you have seen the movie before. (No matter how much you may protest that you don't mind seeing the movie a second time your friend will feel that you are being bored, rather than entertained.)

Mrs. C. E. Patton and Mrs. John Imrie, Jr., were the hostesses at a gathering of the Sherbrooke Chapter of the O.E.S. Bridge Club held at the home of Mrs. Imrie, 135 Drummond Road. Five tables of bridge and one of five hundred were played, and prizes of War Savings Stamps were given to the winners. Mrs. Wilbur Fuller and Mrs. E. Mullin won the bridge prizes, while Mrs. Abery won the prize at five hundred. Miss Elizabeth Richards assisted the hostesses in serving refreshments.

Miss Christina Murray, a bride-to-be of the month, was guest of honor at a miscellaneous shower given by Mrs. W. W. Foote, Mrs. William Buchanan and Mrs. George McRae, at the home of her mother, Mrs. Kenneth Murray on Queen Street. During the evening, the guest of honor was presented with many beautiful gifts including pyrexware, linen, silverware and money, which were admired by all present. Miss Murray then expressed her sincere thanks for the thoughtfulness of her friends, followed by the serving of refreshments by the hostesses, assisted by Mrs. N. Norton, Miss Margaret McVey, Mrs. St. Denis, Mrs. Asa Morrison and Miss Katie Morrison.

The Shamrock Tea given by St. Andrew's Ladies' Aid was a most successful affair. The Church Hall was attractively decorated in white and green and looked very festive with St. Patrick's emblems, and shamrocks centering each of the small tables. Mrs. J. H. Shearn and Mrs. Ben Dean, and those assisting at the tea table were Mrs. C. Turner, Mrs. William Scott, Mrs. H. Cox, Mrs. John MacDonald, Mrs. F. C. Patton, Mrs. M. Cooper, Mrs. J. Hill, Mrs. M. Lechie, Mrs. L. Dunsmore and Miss B. Lapoint. Mrs. J. H. Morrison acted as cashier. The food consisted of an array of delectable food had many ready buyers and was in charge of Mrs. Wilfred Davey, Mrs. Oscar Stenson and Mrs. Roy Andrews.

McLeod, 12 Church Street, Lennoxville, between the hours of 3-5 p.m. and 7-9 p.m., Tuesday, March 14.

## WOMEN'S CLUBS

### WAR SERVICES COMMITTEE OF Y. W. C. A.

The War Services Committee of the Y.W.C.A. held its regular meeting in the Hostess House at Windsor Mills. Seven members, including Mrs. F. Thompson, the chairman of the committee, Mrs. G. Carr, Miss R. Hunt, Miss J. Brent, Mrs. E. M. Wiggitt, Mrs. M. Long, and Miss Mary Milford, drove down to the Airport early in the afternoon where they were met by Miss Mary Purdy.

After the opening of the meeting by Mrs. Thompson the minutes of the previous meeting were read by Miss Hunt and approved. A letter was read from Miss A. Wells tendering her resignation as a member of the committee. Miss Wells has been an interested and ardent worker on the committee since its beginning and it was with deep regret that her resignation was accepted.

Plans were made to hold the supper for the Nursing Sisters of the Canadian Army Medical Corps in the MacKinnon Memorial Building on Saturday evening, if this date is convenient for them.

Final plans for the Shamrock tea to be given in the MacKinnon Memorial for the Flying Officers wives, were left in the hands of Mrs. E. M. Wiggitt and Mrs. M. Long.

The St. Francis Sanatorium was visited since the last meeting by Miss Hunt and Miss Mary Milford and fruit was distributed to the patients.

Miss Mary Purdy, who is a staff member of National Council and who has been in residence at the Hostess House for the past ten days, spoke to the committee and offered them some very valuable suggestions and advice.

### ORFORD LADIES MEET

Members of the Orford Women's Institute met at the home of Mrs. Andrew Crawford to hold their March meeting. The session opened with Miss K. Thompson, the President, in the chair, who led the members in the Salute to the Flag, a Prayer for the Allied Forces and the reciting of the Mary Stewart Collect. Routine business was carried out and \$15 was voted as a subscription to the Red Cross.

One child's sweater, one heavy sleeveless man's sweater, two pairs of socks, and one ribbed helmet, which had been made by the members were then turned in for delivery to the Red Cross.

The monthly meeting was then adjourned, to be followed immediately by the annual meeting, at which all conveners read reports on their activities during the past year.

The outstanding report of the meeting was read by the war services officer, who stated that sixty-six knitted articles had been made for the Red Cross during the past year.

The officers and conveners were returned to office for the coming year with no changes being made. Mrs. Ralph Olyer, Mrs. A. Mills and Mrs. J. Mills were appointed to draw up the new schedules for the year, while Mrs. Gerald Mills was appointed as auditor of the books. Membership fees were then collected and the meeting was adjourned. Refreshments were served by the hostess, assisted by Mrs. A. Mills and Miss K. Thompson.

### KEITH

Mrs. R. Annesley has sufficiently recovered from her operation to be able to return to her home. After leaving the hospital she spent a week in Sherbrooke as a guest of Mr. and Mrs. R. Annesley.

Mr. and Mrs. James Groom, of Canterbury, were week-end guests of their daughter, Mrs. W. Buchanan, and Mr. Buchanan.

Donald Annesley, who is attending school in Sherbrooke, was at his home here for a week-end.

Mrs. K. McCaskill spent a Sunday in Sherbrooke visiting her daughter, Mrs. R. Annesley, and was the guest of Mr. and Mrs. R. Annesley.

It was with sincere sorrow that friends here learned of the death in Seattle, Wash., of Alexander McCaskill. He was born and spent his early life in this district. Much sympathy is extended to the bereaved.

Mrs. U. S. McCaskill has returned home from Scotstown, where she was the guest of her daughter, Mrs. Arnold McKenzie, and Mr. McKenzie.

Mrs. W. Buchanan spent a week-end in Sherbrooke.

Mrs. Duncan Morrison, of Butte, Mont., and Mr. George McDonald, of North Hill, Lingwick, were visitors at the home of Mrs. K. McCaskill.

Mr. and Mrs. Sydney Burnell and children, of St. Catharines, Ont., were guests at the home of Mr. and Mrs. McFadden, Mrs. McIntosh and Mrs. James Burnell.

## ORPHANS since the bombs struck

## Britain's Bomb Victims still need our RED CROSS HELP!

TIME will see the bomb scars erased from Britain's skyline—but never sight or limb restored to many a British "child of the Blitz". Thousands still require hospital care. Thousands will be helpless cripples for life. Thousands are homeless orphans, alone in the world.

Those who bore the battle's brunt when Britain's cities became the war's front line, still look wistfully to you for sympathy and aid. The 857,000 members of the Junior Red Cross help them immeasurably. They maintain 14 War Nurseries in Britain where little bomb victims enjoy Red Cross hospitality, right down to honest-to-goodness Canadian clothing and jam!

But the need is still great—and will grow greater as the sick and starving children of newly liberated lands come within the reach of the Red Cross. Can we deny our help in this merciful work? Your mercy dollars could not possibly be spent more worthily. Give generously!

The World's Day of Prayer was  
observed at the Baptist Church. The  
leaders were Mrs. Harry Lockwood  
and Mrs. Wesley Sharman, of the  
Baptist Church, and others taking  
part were Mrs. Richard Allen, Mrs.  
John McKay and Mrs. Roy Bowen,  
of St. Barnabas' Church, and Mrs.  
Davidson McCrea and Mrs. Clifford  
Reed, of the Universalist Church,  
with Mrs. Glen Bennett at the organ.  
Mr. B. Clive Bowen, of Nitro,  
spent the week-end with his parents,  
Mr. and Mrs. R. W. Bowen.

AW-1 Marjorie Findlay, who has  
just graduated from the R.C.A.F.  
Wireless School in Montreal, visited  
friends here.

Miss Grace Heath has returned  
to the Connaught Inn, after spend-  
ing some time in Montreal.

Mrs. O. R. Bowen was hostess  
on Thursday afternoon, March 2,  
to a few friends and neighbors in  
honor of her mother, Mrs. Lillian  
Reed, the occasion being Mrs.  
Reed's eighty-first birthday. Tea  
was served and a pleasant social  
hour was spent. Mrs. Reed received  
several gifts and a shower of greet-  
ing cards from relatives and friends.

Pte. C. A. Hawes, V.G.C., spent  
a few days' leave with Mrs. Hawes

Rheumatic Aches:  
Pains—Backache

In 24 to 48 Hours Pains are Relieved  
— You Get Rest and Comfort Again

Now as never before men and women must  
keep themselves fit and ready for work. So  
when you've tried everything you can think  
of and nothing seems to even relieve the  
pain and soreness, don't give up hope just  
go to Star Pharmacy or any good druggist  
and get a bottle of Allenu. Take as directed  
and in about 24 hours you should see a real  
improvement. You needn't be afraid of  
Allenu containing dope of any kind — it  
doesn't; such things are only makeshifts and  
can at best give only partial relief.

Allenu acts 5 ways: 1) to relieve the  
pain; 2) to correct the bowels; 3) as a  
gentle diuretic to the kidneys, flushing out  
excess acids.

The very first bottle is guaranteed to  
show results and justify your confidence.  
If for any reason you are dissatisfied, take  
back the empty bottle and get your money  
back.

## FACTS THE PUBLIC SHOULD REMEMBER

Who can run  
business best  
-The Trained Men  
or the Politicians?

WHEN it comes to a highly technical business,  
like that of electricity — whom would you trust; the trained men or the  
politicians?

Well, it didn't take you long to answer that one, did it?

Just because a man's got a Government job doesn't add one iota to his  
sum total knowledge of electricity. And yet the Government wants to go  
into the light business, to take it from trained specialists who have lived a  
lifetime learning what makes the business "tick".

Private management has shown much greater alertness in keeping up  
with engineering advances.

For example, every important electrical system in  
North America has long since abandoned the un-  
suitable 25-cycle system still used by the Ontario  
Hydro. They can't do much about it now, however,  
in Ontario. The people of Ontario are forever doomed  
to their flickering lights (just inquire of your friends  
who have been in our neighbouring province). Don't  
let mistakes such as this happen in our province!

Do you know?

that an independent public  
opinion poll, taken recently,  
definitely shows that 95% of  
the people are thoroughly  
satisfied with M.L.H. & P.  
service under present man-  
agement.

# ARMY IN CRUCIAL GAME AGAINST GRANTMEN

## Dugre Team Must Win Tonight Or Be Eliminated From Final

It's "do or die" for Yvan Dugre's Army squad tonight as they face the Windsor Mills Paper Makers on Wednesday night in the final game of the Eastern Townships Intermediate "A" Hockey League.

Since the Army's 4-3 win over the Grantmen on Tuesday night, the Dugre team are rated a better chance of winning tonight's encounter. The odds are still against the Army team, though, for they have the disadvantage of playing on foreign ice. In their last excursion to Windsor Mills, the Dugre men bowed to the Paper Makers by a 6-2 score.

However, the coach of the Army boys is placing his hopes in his re-shuffled lines. He now has Pat Murphy, former rearguard, playing up on the forward line with David and Brossard, while another defenceman, DeLongchamps, has been moved into a forward line also. He is lined up with Noel Boileau and Mario Blanchard.

In the game at Windsor Mills when the Army lost 6-2, the boys seemed a little out of place in their new positions and the Army's passing plays didn't seem to be working any too well. On Tuesday night, the two rearguards looked a little more familiar with their new spots, and were working quite smoothly.

Coach Yvan Dugre also seems to have succeeded in infusing a little fight and spirit in his men, for on Tuesday night, the Army boys were backchecking like fiends throughout the game and once having lost the puck, they came sweeping back to wrest the disc from the Windsor forwards.

The two new additions to the Army defence have also helped out the Dugre men to quite an extent. Yvan Dugre is as good as ever in his blue line position while he is

given no small measure of help by Joe Woloch, a rugged rearguard who will be playing only his third game with the Army tonight.

Jean Guy Tarte, one of Army's high-scoring defencemen, has also proved his worth at the Army blue line. Besides being an effective man in breaking up enemy attacks, Tarte is able to break fast and usually winds up by caging the puck.

The Windsor men will be determined to wind up the series to night for they cannot afford to risk a repetition of Tuesday night's loss. It looked for a while as if the series was in the bag for the Paper Makers but Army's sudden reversal of play on Tuesday foreshadowed dark things to come unless the Windsor boys were on their toes every minute of the match.

Dallas Grant will be basing his hopes tonight mainly on his veteran goalkeeper, Roger Longpre. The diminutive netminder has had a splendid season and so far in the playoffs has displayed remarkable coolness and has robbed opposing teams of a good many goals which might have made a vast difference in the outcome of some of the games.

The Grantmen's defence has also made quite a difference upon the outcome of the matches. Playing minus the services of Marcel Dionne, the Paper Makers' rear line defence has done a good job during the series and will probably frustrate a good many of the Army's attacks tonight.

Indications are that there will be a good number of fans from Sherbrooke making the trip to Windsor to help cheer the Army team on to victory. This series has aroused a good deal of interest and it will be touch and go all the way for both sides tomorrow as fans can be assured of a really good game.

## S.R.R.A. AGAIN LEADING LOCAL RIFLE LEAGUE

The Sherbrooke Regiment Rifle Association team, after having shot two matches, has regained first place in the standing of the Sherbrooke Small Bore Rifle Club.

In the first match, the Rand Drill beat the S.R.R.A. by one point, and went on to win another match from the Dominion Textile. The Textile team, in turn, took a match from the Lennoxville crew which also bowed to the Sherbrooke Regiment in another later match.

Possibles in these games were scored by F. Glass, W. J. McIntyre, Jim Beattie and G. Mulvagh.

## Royals Edge Out Rand 5-4 In Benefit Game For Red Cross

The Q.S.H.L. Royals were forced to come from behind last night to gain a close 5-4 victory over the Canadian Ingersoll Rand hockey team in a benefit game for the Red Cross which was played at the Sherbrooke Arena before a crowd of 2,000 persons.

A goal by Ted Campeau one second before the final bell rang gave the Royals the win, after Carthy had tied the score at 4-4 with only two minutes remaining.

The Royals were not able to ice their complete team due to playoffs in the National Defence Hockey League in Montreal and in which some of their men were playing. This weakened them to quite some extent, but the Rand made a very fine showing against their higher bracket rivals.

Local fans were quite surprised at the Sherbrooke team for they turned in their best game of the season last night, and every man on the team worked his head off all night, and a few had breaks prevented the Rand from taking the game.

Laureat Frechette, Rand netminder, was sensational at times last night as he sprawled every way and kept kicking them out from all angles to rob the Royals' forwards of what looked like sure-fire goals.

Roy also played a great game for the Rand as he banged in two goals. Harry Allen and Edie Carthy also played brilliantly with Allen getting one goal and two assists while Letarte set the stage for three of the Rand markers.

Normand Dussault and Yvon Sirols, part of the "Kid Line" were also effective last night as Sirols accounted for one goal and Dussault drew an assist.

For the Royals, Ted Campeau, former N.H.L. player, was in the spotlight as he performed the hat trick and was credited with an assist. The other two Montreal goals were chalked up by Edie Carthy, a junior, drew three assists in the match.

No penalties were handed out although Ted Campeau flared up in the third period and threw a hard right to Bergeron's face which floored the Rand rearguard. The game was handled by Referees Gerry Mathieu and Larry Pergau.

to get going in the opening frame, and as a result, McNeil was forced to make some difficult saves as the Rand took the initiative from the beginning. The local boys were successful in tallying the first goal when Emile Letarte rushed in to pick up his own rebound and flick the puck to Roy who tapped the disc past McNeil with only thirty-five seconds of play left in the period.

Campeau evoked the count at 3:35 of the second frame, but the Rand again took the lead when Sirols scored in from the boards to sink Dussault's passout. Five minutes later, the Royals drew even again when Meronok tapped the puck past Frechette during a melee in front of the net. Four minutes from the period's end, Harry Allen gave the Rand a 3-2 lead when he took a wide pass from Letarte to cage the puck with a high shot.

Campeau again evoked the count when he slid the puck along the ice as Frechette's view was blocked. This was at 1:06 of the final stanza. At 11:26, Roy rushed in to snare Allen's rebound and beat McNeil with a hard corner shot. With three minutes to go, Carthy tied the score when he flicked a backhand shot past Frechette from close in. The game looked like a draw, but Campeau slid the puck along the ice just as the bell rang and Frechette was unable to get his skate on it as it slipped past him. There was a slight argument that the bell had gone before the puck had entered the net, but the timekeeper, Alec Morin, said that the goal was legal. And so the game ended in a 5-4 victory for the Royals.

## BISHOP'S HOLDS SKI EVENTS AT NORTH HATLEY

A ski meet for the Preparatory School of Bishop's College School was held on Wednesday, March 8, at North Hatley, with forty-three students taking part.

In the morning the slalom was run with the best average time being achieved by R. B. (Tim) Evans, of Westmount, in 55 seconds. Don Campbell, of Montreal, was second with 58 seconds, and C. C. Ballantyne, of Westmount, third with 66 seconds.

After having lunch at the Connaught Inn, the boys competed in the downhill which was again won by Evans, coupled with Stearns, of Lake Megantic, with a time of 47 seconds. Ballantyne was third, completing the course in 58 seconds, followed by Gilmore in 58 4/5 seconds, and Campbell in 59 seconds.

The cross-country was run over a course marked out in the vicinity of the school, and was won by Stearns in 17 minutes and 49 seconds, with McCullough, of Montreal, second, in 19 minutes and 35 seconds, and Scholes, of Montreal, third, in 21 minutes and 28 seconds.

When the results were tabulated and the percentages figured, the winner of the Whitbush Cup was R. B. Evans with a total of 279 points.

## Capitals Finish Up Schedule By 4-2 Triumph Over Buffalo

By The Canadian Press. Indianapolis Capitals have finished their American Hockey League schedule and today stand in second place in the Eastern Division with 52 points as a result of 18 victories, seven ties and 11 losses. They wound up the season last night by defeating Buffalo Bisons 4-2.

The victory gave Caps a four-to-one edge over Bisons for the season. Five games were tied.

Carl Smith opened the scoring in the first period, but Caps failed to score again until the third, when they bagged three goals. Fred Hunt scored Buffalo's first counter in the second.

Alex Ritson and Johnny Sorrell added two tallies to the Indianapolis score at 12:04 and 17:31 respectively, in the final frame before Buffalo's Larry Thibeault came through with a goal for Bisons.

At 19:01 a penalty-shot goal by centre Dick Kowcinak clinched the game for Indianapolis. He was awarded the shot after being tripped by Roger Lerer, Bison defenceman, when he had a clear shot at Alf Picard, Buffalo netminder.

Tomorrow night Providence Reds are scheduled to meet Bears at Hershey, while the league's leading

Cleveland Barons meet Pittsburgh Hornets.

## Leafs Blank New York 8-0 As Canadiens Edge Out Hawks 3-2

By The Canadian Press.

Boston Bruins apparently will be bereft of a National Hockey League playoff berth and a 14-year record as well when the N.H.L. schedule ends March 19.

Although Bruins did not play last night, their prospects of overhauling Toronto Maple Leafs or Chicago Black Hawks for the last qualifying spot in the standings were dealt another severe blow when Leafs trampled Rangers 8-0 at New York. Boston now must make all its four remaining games while Leafs and Hawks stand still to gain the fourth play-off berth.

Chicago, who has five games left, lost an opportunity to clinch one of the berths when they dropped a 3-2 decision to Montreal Canadiens in a hard-fought contest at Chicago. A 13,925 home crowd saw 15 penalties called, 10 in Montreal including one major, one 10-minute misconduct and a match misconduct. The latter was imposed on Murrph Chamberlain, Canadiens' left winger, after he charged the referee.

Doug Bentley, speedy Chicago left wing, received a broken nose and three facial cuts requiring six stitches following a duel with Glen Harmon and Mike McMahon, of Montreal, in the first period.

Canadiens sealed their 34th victory of the season in the second period on goals by Toe Blake and Ray Gettiffe to boost their point total to 75, two fewer than Boston scored in 1929-30 for a league record which Canadiens seem likely to surpass in their remaining five games.

Maurice Richard tallied Montreal's other counter while Joe Cooper and Art Wiebe were the successful Chicago snipers.

Lorne Carr shook off a protracted scoring slump in New York, scoring three Leaf goals as the Rangers gave one of their most inept exhibitions to suffer their 36th defeat in 46 starts. Other Toronto scorers were Babe Pratt (2), Bob Davidson, Ted Kennedy and Gus Bodnar. Paul Bibeault, shutout leader among the league's goalies this season, recorded his fourth scoreless game of the season in blanking Rangers.
