SIR WILFRID ASKS FOR INVESTIGATION INTO THE DRUMMOND COUNTY RAILWAY DEAL.

Ottawa, Feb. 4.—Sir Wilfrid Laurier has given notice of the following resolution: That a special committee of the House be appointed to enquire into the expenditure of the subsidies granted by the Parliament of Canada in aid of the construction of the Drummond County Railway, and in all negotiations and transactions between the Government of Canada, and any member of the House of Commons, or any person in his behalf, and the Drummond County Railway Company or any director, officer or person in the company's behalf relating to the acquiring of the said railway by the Government, with power to send for papers, persons or records and report the evidence to this House, together with the opinion of said committee thereupon.

Sir Mackenzie Bowell stated today that it was the intention of the Opposition in the Senate to move for the appointment of a committee there to enquire into the action of the Government in connection with the purchase of the Drummond County Railway. The Premier has already given notice of a committee to enquire into this matter in the Commons, and there is nothing on record to show of two parliamentary committees working on the same matter. In fact there is only one case, that of the Baie des Chaleurs Railway, in which the Senate committee ever made any investigation, and in that case the proceedings were of the most farcical character.

PAPER IS WELL MET.

Toronto, Feb. 4.—Wholesalers generally, express satisfaction at the way paper is being met for the February payments. The accounts due at the first of the month are amongst the heaviest of the year, and developments have been somewhat anxiously waited for by the wholesalers. Though the paper is not due until tomorrow, many dealers have been remitting during the past three days. Several requests have been made for renewals, but, taking an average, dealers say the payments are being much better met than they were a year ago, and confidence is strong in better trade prospects.

A GIRL BURNED TO DEATH.

Cowansville, Feb.—A report comes from near Mansonville that a house was burned on Sunday night and a girl perished in the flames, the rest of the family barely escaping in their night robes. The house was occupied by French people.

MEETING OF THE 'Y'S'

The regular monthly meeting of the Y's was held yesterday afternoon (Friday) at the home of Mrs. W. H. Ross, Portland Avenue.

The meeting, which was well attended, was a very interesting one, there being several matters of importance under discussion. The Secretary reported several new members. The next meeting will be held at Mrs. A. McDonald's, Prospect St., on Friday, March 4th.

MASSAWIPPI.

Feb. 4.—A little rise of temperature gives us as many degrees of thankfulness.

Miss Victoria Ives, formerly of Stanstead, who is now a trained nurse and residing in Connecticut, has passed a few days here with friends lately.

Mr. and Mrs. Farwell have closed their house here and returned to Huntingville to reside. The exchange of pulpits arranged by Mr. Morrow and Mr. McMann for the two next Sundays, is postponed.

On Thursday our hockey team played against the Huntingville team in the rink at Lennoxville. On account of a mistake in the time of use of rink, the time of playing was cut short. Two of our boys froze their feet and were out part of the time, but when it all round it is no great wonder they were beaten by one point. However, if the Huntingville boys come here on Saturday, as now expected, they probably will make it "warm" for them. The Massawippi paid for supper for both teams at an oyster supper given that same evening at Huntingville, and had a long cold ride into the bargain, but their "ardor" is not cooled.

Ladies' nights at the rink Tuesdays and Saturdays, also Saturdays afternoons. They will be pleased to see their lady friends from the neighboring places. The President and a few of the members of the "Union" here attended the quarterly county W. C. T. U. meeting at E. Hatley today.

SUCCESSFUL TEACHERS.

A Few Who Won the Government Bonus.

The following is a list of the successful Protestant teachers of elementary schools in this section of the Townships who won the Government bonuses for well kept schools: Sherbrooke and Richmond Counties—Miss Lena Ives, Ascot; Miss Nellie McPadden, Orford; Miss Annie J. Dunn, Warden; Miss Lillian Jebb, Kingsley; Miss Agnes Driver, Cleveland; Miss Olive McKay, Brompton Falls; Miss Jennie Day, Melbourne; Miss Hattie Morrill, Shipton; Miss Susie Mitchell, Drummondville; Miss Carrie Morris, Milton East; Walter Odell, Ascot; J. M. Craik, New Rockland; Arthur Booth, South Ely; E. J. Campbell, Melbourne Village.

In Compton County—Miss Alma Bridgette, Sawyerville; Miss Annie Dean, Minton; Miss Annie Pocock, Hillhurst; Miss Gertrude Ives, Compton; Miss Nellie Kilton, Cookshire; Mrs. Idelia Rogers, Eaton.

In Stanstead County—Miss Mabel Sisco, South Barnston; Miss Alice Locke, Lower Cassville; Miss Mary A. Miller, Griffin; Miss Josephine Clark, Stanstead; Miss Emma Boright, Dixville; Miss Katie Hall, Coaticook; Miss Caroline Ives, Oliver Corner; and M. E. J. Heath, Georgeville.

OFFICERS ELECTED.

The regular meeting of Court Sherbrooke, 214 C. O. P., was held on Wednesday evening, when the following were elected to office: C. R. R. Martin; V. C. R. T. Louhead; R. S. J. Dewhurst; F. S. J. Young; Chap. H. Hopkinson; S. W. D. Jarrett; J. W. T. Jones; S. B. G. Gould; Treas., A. J. Martin; Physician, Dr. Farwell.

It is now over eight years since this Court was instituted, and in years gone by it has only lost four members by death, two of which took place in the last month of the year 1897. It will be seen that this Court is in a flourishing condition and that its members are all young men of the city, some of them holding high positions. Its nights of meeting are on the 1st and 3rd Wednesday of each month, when a cordial invitation is extended to any Forester visiting our city.

WEDDING BELLS.

Hatley, Feb. 4.—A quiet home wedding was held at Richard Emery's yesterday. The contracting parties were J. H. Haines, of Brockville, Okla., and Miss Millie, eldest daughter of Mr. and Mrs. Emery. Rev. G. H. Williams tied the nuptial knot in the presence of immediate relatives. Mr. and Mrs. Haines will spend a few weeks visiting their friends before leaving for their far western home in Oklahoma, where Mr. Haines is extensively engaged in grain raising.

SENTENCED TO DEATH.

Poonah, Bombay Presidency, February 3.—Damadar, Chepekar, the Brahmin lawyer, who was arrested in October last on a charge of being connected with the murder of Lieut. Ayerst and Commissioner Rand, on June 22, by shooting them from ambush as they were leaving the reception given by the Governor at Ganeshkind in honor of Queen Victoria's jubilee, has been sentenced to death.

Fifty Years a Physician.

Dr. Chas. L. DeMartigny, of Montreal, has been a physician for the past fifty years. He has seen much suffering in that time, and has done much to alleviate it. This is his opinion of Abbey's Effervescent Salt: "I have given Abbey's Effervescent Salt a thorough trial among the inmates of the House of the Sisters of Providence, where I am resident physician. I have found it particularly useful in cases of Flatulency, Headache and Chronic Constipation, and am using it now in a case of Rheumatism. I have tested Abbey's Effervescent Salt in a great number of cases and have always found the results perfectly satisfactory.

"I have no hesitation in recommending Abbey's Effervescent Salt as a thoroughly reliable preparation. I may add that I use Abbey's Effervescent Salt myself every day and have found it more beneficial in my own case than any similar thing I have ever tried."

Further comment is superfluous. The proprietors of Abbey's Effervescent Salt claim that its daily use will keep you in good health. Try it. Your druggist will supply you at 60 cents a large bottle. Trial size, 25 cents.

Dr. Wm. S. Allen, dentist, Bell Telephone building, Sherbrooke.

GOVERNOR OF CRETE.

Prince George of Greece Selected by the Powers.

Berlin, Feb. 3.—The Constantinople correspondent of the Frankfort Zeitung telegraphs that Russia, France and Great Britain have agreed to insist on the candidature of Prince George of Greece for the Governorship of Crete, and are ready to enforce it should the Sultan prove obstinate. Prince George, the correspondent asserts, has been so informed, and is ready to depart for Crete under the tripartite protection.

CANADA AT PARIS.

Government Will Propose Vote of \$50,000 for Representation at Exhibition.

Ottawa, Feb. 4.—It is stated that the Government will propose a vote of \$50,000 in the estimates to prepare for the representation of Canada at the Paris Exhibition in 1900.

More Improvements.

This time to the interior of our store. The recent water accident left our ceiling in bad shape, not easy to make it appear nice by repair. Our landlord saw the point and instead of patching it up, he consented to fix up a new one; and of metal this time. We are also having a new stair-case put up, improving the appearance and rendering the task of ascending to the upper flat an easy one.

That whiter skin of hers than snow. And smooth as monumental alabaster. -Othello, Act V., Sc. 2.

We strongly recommend this delightful preparation for the cure of chapped hands, face and lips, and for rendering the skin soft and white, and also on account of its entire freedom from irritating ingredients. It is emollient and healing in its character and is a sure protection against the ill effects of hard water and exposure to winter's cold winds.

The best time to apply Velvet Cream is before going to bed, having previously washed with our imported Smyrna Castile Soap. Later we will talk to you about the good qualities of this very superior Soap.

LAST EDITION BY TELEGRAPH

THE HERALD ON FIRE.

Two Top Flats of the Building Gutted.

Montreal, Feb. 5.-(Special)-About 2 o'clock this morning fire broke out in the Herald building on Craig street and the two top flats were almost completely gutted before it was extinguished. Two fire alarms were quickly sent in and the street was soon blocked with engines. A large quantity of water was thrown in and the loss from this source will be almost as great as that from the fire. The fire spread with great rapidity and when the first engine arrived it looked as if the whole block would go. An hour and a half after the first outbreak, however, the fire was under control. The Herald has been very unlucky in the matter of fires. Four times has it suffered from this calamity and, with one exception, the fires occurred on Friday night.

TOM NULTY GUILTY.

Sentenced to Hang on May 20. Joliette, Feb. 5.-(Special)-The jury in the Nulty case, after 22 minutes' deliberation, unanimously declared the prisoner guilty. They coupled with the verdict no recommendation to mercy and did not consider the plea of insanity. The Court, in pronouncing sentence, said: "Thomas Nulty, you have just been found guilty of a crime which is the more abominable because you were striking your own sisters and brother. This is neither the time nor the place to make comments. The facts are present to all minds. You have been very ably defended by your young and generous attorney. It was a difficult case. The jury has found that you were responsible for your acts. It now devolves upon me to pronounce sentence. I order that you shall be detained in the common jail at Joliette until the 20th day of May next at 9 o'clock in the morning, then to be led to the scaffold to be hung by the neck until death ensues. May God have mercy on your soul."

STEAMER DISABLED.

A U.S. Captain Refused Assistance. Vancouver, B.C., Feb. 5.-(Special)-The disabled steamer, Coquitlam, arrived yesterday from Skagway, leaving badly. She ran on a rock at Mary Island and stuck fast. In these lonely waters a Yankee captain gave another exhibition of U.S. neighborly love for Canada. The U.S.S. Augusta was signalled for help. Her captain told the man at the wheel to keep the steamer on her course and let them drown. The engineer, however, refused to work the engines till assistance was rendered. Afterwards the Coquitlam was asked to tow the Augusta, which had in turn become disabled, to a safe anchorage.

OLD RESIDENT.

Confidential Clerk Missing. Montreal, Feb. 5.-(Special)-One of the oldest residents of the city died this morning, in the person of Mrs. A. M. Reay, who was in her hundredth year. She was entirely friendless, and had been an inmate of the Ladies' Benevolent Institution. A man, who claimed to be Geo. Wilson, of Troy, N. Y., an inspector of the Equitable Insurance Co., who stopped at the Balmoral hotel for some time and led a pretty swift life has suddenly disappeared from the city. Detectives learned that he had letters in his possession which would lead to the assumption that he was Ned McConnell, the confidential clerk of Messrs. J. A. Hague & Co., 354 Broadway, N.Y. He was away on leave of absence, and the correspondent warned him that the firm's books were being examined and that the only safe place for him was South Africa. He seems to have taken fright and fled to escape arrest.

WEAVERS' STRIKE SETTLED.

Almonte, Ont., Feb. 5.-(Special)-The difficulty between the Rosamond Woollen Co. and its weavers has been amicably settled. Last evening a meeting of the weavers was called and Mr. Rosamond was invited to be present. After considerable discussion an agreement was arrived at which has been accepted by the strikers, and they will resume work Monday.

APPARATUS FOR UNIVERSITY.

Winnipeg, Feb. 5.-(Special)-Rev. de Bryce leaves this morning for Montreal, where he will purchase a quantity of scientific apparatus for the University to replace those lost in recent fire. He will also visit Ottawa and endeavor to procure new geological and mineralogical specimens.

MR. ELIE DEAD.

Magog, Feb. 5.-(Special)-Mr. S. Elie, Secretary-Treasurer of the village of Eastman, died here last evening of pneumonia, aged 60.

DOMINION PARLIAMENT.

Debate on the Address Opened.

Ottawa, Feb. 5.-(The debate on the address opened yesterday afternoon, and Messrs. Bertram and Gauvreau were the mover and seconder. Sir Charles Tupper spoke for an hour before recess, and for three hours after, in which he made a general attack upon the course of the Government. Sir Wilfred Laurier replied to Sir Charles, speaking for an hour. He closed with an eloquent peroration in which he dwelt upon the subject of the jubilee celebration. This was one of the finest bits of oratory ever heard in Parliament.

FIRST MAN ACROSS.

A Resident of Bellechasse Repeats a Feat of 49 Years Ago.

St. Michael, Bellechasse, Feb. 4.-(Mr. Phidias Vezina and his son crossed from here about 8.30 a.m. to River Laforet, St. John, Isle of Orleans. The ice is in very good condition, and is 7 or 8 inches thick. Mr. Vezina, who is 75 years of age, was the first man to cross the ice bridges that formed here 49 years ago.

DISASTROUS WRECK.

Seven Persons Killed and Thirty-Six Injured in a Collision near Troon, Scotland.

Glasgow, Feb. 4.-(A mail train and a freight train have been in collision on the Glasgow & South-western Railway, near Troon. The driver and fireman of the freight train and five workmen who were on board the mail train were killed. In addition thirty-six persons were injured, some of them fatally.

THE COST OF THE CUBAN WAR.

Madrid, Feb. 4.-(The cost of the Cuban war from February, 1895, to the end of 1897, is officially estimated at £48,000,000, besides the arrears due from the Cuban Treasury, amounting to £8,000,000. The Imperialist complains that the commercial negotiations between Spain, Cuba, and the United States are being entrusted to Senor de Lome, the Spanish Minister at Washington, and urges the Government to appoint experts to examine the terms of the treaty on Spain's behalf.

UP GOES PRICE OF COAL.

New York, Feb. 4.-(Anthracite coal has been advanced ten cents per ton all round on the basis of \$4 per ton for stove, other sizes in proportion. The advance is said to be the logical outcome of the present cold.

WEATHER PROBABILITIES.

Feb. 5, 11 a.m.-(Forecast for next 24 hours, issued by the Meteorological Bureau: Unsettled and milder, with snow; not unlikely to turn to rain in some localities.

STOCKS.

R. F. Morris, stock broker, Odell's Block, reports today's prices, 1 o'clock, by telegraph, as follows:

Table with stock prices for Montreal Stock Exchange, New York Stock Exchange, and Chicago Board of Trade.

HOCKEY TONIGHT.

The High School and Cookshire hockey teams will meet tonight, for the first time, in Sherbrooke rink. The High School boys have shown up well in their matches this season, and it is well known that the Cookshire team is right at home on the ice. We understand that a considerable number of supporters will come down with the visitors to cheer them on. The match will, doubtless, be an interesting one as there are good players in both teams.

REV. MR. HOLMES ILL.

Majority Question in Oosticook.

The Observer says: Rev. A. L. Holmes, pastor of the Methodist Church here, is quite seriously indisposed, and will likely have to give up his pastorate for a time and seek needed rest in a warmer climate. He is now negotiating for a supply, and as soon as he secures it will likely go south for a couple of months. The majority question still appears to be undecided. If Councillor Hall declines nomination, it is said that Councillor Webster would not be averse to stepping into the present mayor's shoes, while others are advising that the present occupant of the chair be re-elected. We shall know all about it next Monday night.

CIRCUIT COURT.

The regular monthly term of this Court opened this morning with the roll of cases published in yesterday's issue.

COOKSHIRE

February 5.-(Miss Minnie Orr, of Dudswell, is visiting friends in town. Oscar Rand has the measles. James Cooper intends opening a shoe store on the corner of Railroad and Pleasance street. Two families are on the move this week-Mr. F. A. Hurd to Mrs. Wm. Fraser's, and Mrs. Wilford to Clonsilla. Our hockey team plays the team of Sherbrooke High School tonight. Miss Hawes, of Lennoxville, is visiting at Mr. W. H. Learned's. Rev. C. W. Finch is assisting Rev. A. H. Farnsworth, of Birchton, in special services. G. McInnes spent Friday in Sherbrooke. Tonight is our first band night at the rink. Miss Hazeltine has returned from a month's visit to friends at Eaton Corner.

SAVED FROM AN AWFUL DEATH.

Eight of the Sixteen Men Who Went Adrift on the Ice Floe in Trinity Bay Reach Land.

St. John's, Nfld., Feb. 4.-(Reports from along the coast tell of great damage done by ice floes. Eight of the sixteen who went adrift yesterday on an ice floe in Trinity Bay reached land badly frost-bitten. It is believed that the others are saved. The schooner 'Fanny' is ashore in Conception Bay and will be a total wreck.

DEATHS.

O'Rourke-On the 5th of February, John Edward O'Rourke, aged 30 years, Funeral will leave 13 Gordon street, this city, at 8.15 a.m., Monday the 7th February, inst., thence to St. Patrick's Church, and from thence to Union Station.

THE GERMAN POLICE.

Professor Muller Tells a Story of His Experiences With Them.

A story which throws light on the German police system is told by Professor Muller in an article in Cosmopolis. The professor had received through Humboldt, the scientist, an invitation to call upon King Frederick William IV.

"After I had explained to him," says Professor Muller, "that I was collecting Sanskrit manuscripts at the royal library he became more preoccupied, and informed me that the police authorities thought it worthwhile to have a copy of my book for their purpose—how I wished that it had been so—and that they requested me to leave Berlin in 24 hours. I explained that I wanted but another week to finish my work, and produced my passport. It was all of no avail. I was told that I must leave in 24 hours. I then collected my thoughts and said very quietly to the young lieutenant:

"Please to tell the police authorities that I shall, of course, obey orders, and leave Berlin at once, but that I must request them to inform his majesty the king that I shall not be able to dine with him tonight at Potsdam."

"The poor young man thought I was laughing at him, but when he saw I was in earnest he looked thunderstruck, bowed and went away. It was not long, however, before another police official appeared, an elderly gentleman of very pleasant manner, who explained to me how sorry he was that the young lieutenant should have made so foolish a mistake. He begged me to forget what had happened, as it would seriously injure the young lieutenant's prospects if I lodged a complaint against him. I promised to forget, or at all events not to refer in the royal presence to what had happened."

Professor Muller attributes the visit of the police authorities to the fact that one of his friends, with whom he had been seen almost every day, was a young Sanskrit scholar who had been mixed up with political intrigues and had long been under strict surveillance.

THE GRIM REAPER

Was Waiting to Receive a Burdened Victim of Kidney Disease.

Paine's Celery Compound

Saves a Life After Fifteen Years of Terrible Agony.

One Of the Greatest Victories Over Disease Ever Recorded.

Mr. Kevill Says: "Your Compound Banished All My Aches and Pains."

No Case Is Too Complicated for the Great Medicine.

WELLS & RICHARDSON CC., Dear Sirs,—For the past fifteen years I have been troubled with disordered kidneys. I am engaged in the manufacture of cheese, and am obliged to work more or less in a stooping posture. At times I found it almost impossible to work, owing to severe pains across my kidneys. Often, after working in a stooping position for a time, I would find it very difficult to straighten up at once, and could only do so after repeated efforts.

Of late years, while laboring under these severe attacks, I became very nervous, and continually had tired, worn out feelings. My rest at night seemed to do me no good, and I always felt tired out in the morning.

I had been taking various medicines and was getting worse all the time. At last I decided to give Paine's Celery Compound a trial. I procured a bottle and took it according to directions, and found its effect wonderful. Before I had used the first bottle I began to improve; after I had used the second bottle I felt as well as I ever did in my life. I had banished all aches and pains, my nervousness was all gone, and the tired and worn out feelings were banished. I can go to bed now and sleep well, and rise in the morning rested and refreshed.

I have recommended Paine's Celery Compound to my friends who were suffering from the same troubles as I had, and all have been greatly benefited. Knowing what it has done, I can cheerfully recommend it to any person suffering from kidney disease.

Very truly, C. F. KEVILL, Dunsford, Ont.

Interesting Notes for the Ladies.

Success in Dyeing Means Pleasure and Profit.

Beware of crude and worthless imitations of Diamond Dyes. See that your dealer gives you the "Diamond" when you ask for them.

Diamond Dyes have a world-wide reputation; their work is of the highest order, and their success is deserved.

There are forty-eight colors in the Diamond Dyes for dyeing wool and cotton goods; each dye is perfectly true to color, and as reliable as pure gold.

Diamond Dyes color anything any color. They are fast to soap, washing and sun, and surpass all others in brilliancy.

Diamond Dyes are the strongest dye made, hence the cheapest. One package is equal to three of any other make.

Never be deceived by the false claims of imitators of Diamond Dyes. If your merchant asks you to accept another make of dyes, be sure he is after large profits, and never thinks of your comfort and success.

THE GREATEST WONDER OF THE AGE—RHEUMATISM CURED.

Rheumatism is caused by uric acid in the blood. This acid is poisonous matter and is nothing more than the waste, worn out matter of the body, so to speak, of the fire that burns when you think, speak, act or work. This dead matter is borne in the dark current of the blood back from all parts of the body to the heart, to be forced through the kidneys for purification, and this poison constantly forming must be eradicated out of the blood. If not, this poison acid will gather in all the muscles and joints of the human body, and to remove it has so far defied the skill of all physicians up to the present day. The Great

NORTH AMERICAN INDIAN RHEUMATIC CURE.

The only thing that has ever been known to effect a perfect cure. It is a new thing to the white man but an ancient thing to the North American Indian. This medicine contains no drugs, and is made of purely roots, herbs, barks, seeds and flowers gathered by the dusky sons of the forest. Two bottles of this medicine are guaranteed to cure any case of Rheumatism, no matter how long standing or the money will be refunded. Sold by all druggists.

This remedy is the best blood purifier yet known, as it excites the kidneys to a healthy action at once, causing them to throw the poisonous matter off and therefore it must be recognized also as a kidney cure. PRICE, \$1 per bottle.

WM. SMITH, Coaticook, Que. Sole Agent and Patentee for Canada and the United States. More New Testimonials.

WHAT A HEREFORD LADY SAYS. I was taken sick last fall with Rheumatism. I was so bad that I could not move in bed and they had to move me on a stretcher. He did not help me. I was advised to get a bottle of the Great North American Indian Rheumatic Cure as many of my neighbors had been cured by using it. After using three bottles, I am thankful to say, I was cured, and I am thankful that the Indian medicine ever came to light. Mrs. W. G. Hibbard, Half Stream, Q. Sept 18, '97.

WHAT A PROMINENT NOTARY SAYS ABOUT THE REMEDY. This is to certify that I have suffered from Rheumatism for many years. Last spring I tried the Great North American Indian Rheumatic Cure. I took a few bottles of it and found great relief. I have much pleasure in recommending it to those who may suffer from Rheumatism, being convinced that this remedy will, at least help, if not cure them entirely. H. O. CHAGNON, N.P. Coaticook, Sept. 18, 1897.

WHAT A PROMINENT DOCTOR SAYS. I am now prescribing the Great North American Indian Rheumatic Cure for my patients. I believe this remedy is the surest cure for Rheumatism and Kidney Disease or anything yet discovered. DR. O. N. STEVENSON, Coaticook, May 3, 1897.
