## STREET DANCING CELEBRATES 3809 MAJORITY

### Otter Lake Scene Of ALL Night Party

Premier Maurice Duplessis, speaking in Hull last week, especially praised Ray Johnston for obtaining provincial grants for Pontiac highways, schools and hospitals and for the part he played in getting the Allumette Bridges. These may have been some of the reasons why 6,219 electors voted Johnston yesterday in a record for any one man in Pontiac. Some of the other reasons might have been Ray's easy approachability, friendly manner and general popularity throughout the county.

At eight fifteen last night, before all the counting was done but with Johnston leading by about three thousand votes, Eldon Keon conceded the election. It was no surprise. From the start of the counting as the polls began to send in reports it was Ray's day and when all the results were in and the celebrating began it wasn't only Ray's night. It was everybody's.

Every single poll in Pontiac County except Sheenboro, Keon's home town, gave Johnston a majority. At Sheen the vote was 75 to 73 for the Liberal candidate. At Otter Lake, Johnston's home town, the vote went 295 to 135 totalling both polls for a National Union majority of 160. The only close polls, aside from Sheen, were Lac Lacroix where Ray's majority was only 4 and both St. Louis de Masham and Jims Lake where he polled only one vote more than Keon.

But the Union National Committee wasn't worried about these close polls. Dealing in totals, Rays majority was 3809.

The day was a perfect one and the vote subsequently heavy. In fact, of a possible 10,988 voters 8,633 votes were cast.

The evening was also perfect for the celebrations. At Otter Lake there was everything from speeches to fireworks, including dancing and revelry throughout the village from dusk until dawn, despite the dampening effect of a very heavy rainfall after midnight.

At the main crossroads of Otter Lake a speakers platform was built yesterday. Far from being all talked out after a very heavy month of speech-making in the village and back country of Pontiac, Mrs. Phoebe McCord was on hand with her jokes and stories. The Mayor of Otter Lake was also among the speakers.

Ray Johnston was doing host duty all over town. At the square, in the hall, at the hotel and at his home, Johnston's guests were enjoying an evening they will not soon forget. Ray was promising to continue his work for Pontiac County. He was singing with his friends and receiving guests. He was obviously a very happy man. Finally, bushed, he beat a retreat while his followers went right on with the fireworks and fun.

There was dancing in the streets by folks from all over. The Brysonnaires played for the dancing until the rain washed them out. Firecrackers and Roman Candles exploded overhead throughout the night, competing at times with celestial fireworks in the form of an electrical storm.

Although in the early morning a few women were having a time tearing their husbands away from the scene of the celebrations, there was no real trouble reported. The village was dotted with Provincial Police, just in case, but their activities were mainly confined to directing the heaviest traffic Otter Lake has ever seen, untangling four or five minor fights and attending to a few cases of crushed fenders. It was a very busy night for Detective Andre Audet and Constables Young, Romain, Ladouceur, Bennett and Sub-Inspector Quaille who successfully prevented every small incident from becoming serious.

Raymond Johnston M.P.P.

The 135 Liberals in Otter Lake were keeping very quiet, either celebrating for their home town boy regardless of politics or staying discreetly at home.

As dawn broke this morning, the caravans of cars had returned to Campbell's Bay, Shawville and other surrounding towns and Otter Lake looked very much like the auditorium the morning after the graduation ball. There'll be a few more private parties for the successful graduate of three elections and then he and the other members of his Union National government will settle down to the serious work of another mandate in the Province of Quebec.

### Marie Hodgins Weds Keith Wickens

Miss Helen Marie Hodgins daughter of Mr. and Mrs. Preston Hodgins and Mr. Keith Underwood Wickens were united in marriage in St. Paul's Anglican church on Saturday at three o'clock. Rev. R.G. Elliott officiated. Miss Kay Woodley was soloist and Mr. Arthur Hampson was organist.

Given in marriage by her father, the bride was attended by her sister, Mrs. Lornie Rooney as maid of honor and Miss Sheila Horner niece of the groom as bridesmaid. Mr. Roley Rennick was best man and the ushers were Messrs. Donnie Horner and Lornie Rooney.

The bride wore a floor length model gown of white satin with over skirt of tulle and chantilly lace a headdress of tulle illusion and she carried a cascade bouquet of red roses.

Supper was served afterwards at the Parish Hall and there was a reception in the evening at Coronation Hall, Bristol.

For travelling the bride wore a pale blue nylon dress with pink accessories and a corsage of pink roses. The bridal couple travelled to Northern Ontario points on their honeymoon.

Among the out of town guests

were: Mrs. Walter Hall, Fort William, Dr. and Mrs. R. E. Dagg and boys, Montreal; Mr. and Mrs. Roy McDowell, Mr. and Mrs. Selisley Dale, Misses Nell and Ruth Scobie, Miss Arminta McDowell, Mr. Jack Emmerson, Ottawa; Mrs. Alex Olmstead, Aylmer; Mr. and Mrs. Ken Phillips, Cornwall; Mr. and Mrs. Cliff Thomas, Pembroke; Dr. Wendal Alexander, Ottawa.

Mr. and Mrs. Wickens will reside in Shawville.

### Printshop Holidays

The Pontiac Printshop will be closed for three weeks this summer to allow every member of the staff a real holiday. Closing date will be July 26, after The Equity is out. The shop will be re-opened in time to produce the August 23 edition. There will thus be no Equity for the first three weeks in August and no printing will be done at the shop during that time.

It is therefore requested that those who will be needing printing done make their arrangements as soon as possible to help alleviate the inevitable last minute scramble during July.

### C. Bay - Coulonge United Churches United

By Dr. A. F. Fokes

The United church of Canada in Campbell's Bay and Fort Coulonge in an effort to save man power, has decided to unite together in one pastoral charge with five appointments. This charge will include Waltham, Fort Coulonge, Campbell's Bay, Dunraven and Bryson churches; and beginning on the first of July the field will be considered as one charge.

The Presbytery of Ottawa has been greatly interested in the new venture and had appointed Rev. E. Martineau of Cityview and Rev. H. G. Lester and Dr. A. F. Fokes as a committee to help in the organization of the new field. Several meetings with all the churches concerned have been held and on Wednesday night the final arrangement for the amalgamation was made. Rev. H. G. Lester acted as chairman of the meeting and guided the delegates present through the agenda of procedure. The minister is being asked to take four services each Sunday; and each church is giving up one service in every five, to make this possible. Some points, on their own may make arrangements for a supply on the one Sunday, so that the services may be continuous.

A printed schedule giving the times and places of the services will be sent in due course to all the members and adherents of the churches; this being under preparation at present by Rev. H. G. Lester. (Continued on Page Seven)

SATURDAY NIGHT CLOSING

We can't say the BIG topic of conversation in Shawville today is "Saturday night closing" with the election so recent and the expansion of shopping facilities in town so obvious, but there has been a lot of talk about this question. Whether Shawville will follow the lead of other Ottawa Valley towns and keep stores open Friday night instead of Saturday will be decided within the next few weeks. All opinions expressed in our direction have favoured this step. The new Shawville and District Chamber of Commerce is doing a little research on the subject. Those businesses which have no competition within the village are mostly "on the fence" with a slight leaning towards Saturday closing. Those who will finally decide will be the clothing, food, hardware and implement stores. If the village is "closed" Saturday night, the employees of the stores will be able to enjoy a holiday evening along with their friends and the social habits of the town will change slightly. Friday evening shopping will become a habit and probably some set hour of closing will be agreed upon. Stores standing open but empty all evening awaiting the inevitable rush at ten-thirty p.m. will become a thing of the past if some reasonable closing hour is maintained.

With all this conjecture about Saturday night closing, there has been no discussion of Tuesday night or of Wednesday afternoons. For the time being, anyway, everyone seems to be satisfied with things the way they are in that respect. And, so far, there has been no argument put forward against the proposed change from Saturday to Friday evening for stores to remain open. If there are reasons against the proposed change, they should be made public so all can consider the matter with all facts on hand.

At the meeting June 13th of the Municipal Council of the County of Pontiac the following correspondence was read: A request from Mrs. Lawrence D. Young, for a special grant of two hundred dollars toward preparations for the observance of the hundredth anniversary of Shawville Fair; a request from the Quebec Forestry Association for reinstatement of the former grant of seventy-five dollars; letters to and from Dr. D. J. Campbell V.S. respecting the control of rabies; an correspondence relative to the course on valuation held in this County on May 8, 9 and 10.

It is moved by Cr. John J. McBane and seconded by Cr. Daniel Farrell that a letter of appreciation be addressed to the Department of Municipal Affairs in recognition of the excellent course on valuation conducted by Mr. J. C. Saurault and Mr. Marc Perron which proved so instructive.

Carried. The financial committee retires for five minutes to consider the requests of Mrs. Young and the Quebec Forestry Association as well as an application from the Pontiac Plowmen for a renewal of their former grant. The Financial Committee returns and recommends the following amounts: To Shawville Fair \$150.00; to Pontiac Plowmen \$100.00; to Quebec Forestry Association \$75.00.

It is moved by Cr. Omer Dufault and seconded by Cr. Emerson Cotie that the recommendations of the Financial Committee be accepted. It is moved in amendment by Crs. Michael Kennedy and Turcotte that Shawville Fair be granted \$200.00 and Pontiac Plowmen \$50.00, Quebec Forestry Association remaining at \$75.00. A vote is taken showing six in favour of the amendment and nine against and main

motion is declared carried.

It is moved by Crs. Beaulieu and Beausoleil that the County ask each individual municipality to pass a resolution asking that the Sunday sale of intoxicants at any time in any amount, or at any hour be effectively banned. Carried.

It is moved by Crs. Taber and Lafleur that the Quebec Liquor Commission be asked for the absolute closing on Sundays of all outlets for the sale of intoxicants. Carried.

Mr. James C. McCuaig addresses Council on the subject of reforestation and presents a report to date which his read by Cr. James Turcotte, Chairman of the Reforestation Committee.

It is moved by Crs. John McBane and Mrs. Elsie Gibbons that the reforestation committee's report be adopted. Carried.

Cr. Russell Taber extends this County's vote of thanks to the Reforestation Committee for the excellent work done to date.

It is moved by Crs. McBane and Madore that Cr. Beattie replace Cr. Farrell on the Reforestation Committee. Carried.

It is moved by Crs. James Turcotte and Raniel Farrell, that Crs. Eric Copeland and J. H. Madore be added to the Reforestation Committee. Carried.

It is moved by Crs. Farrell and J. H. Madore that this meeting adjourn. Carried.

OTTAWA Report:  
by Anthony J. Wright

Ottawa—Canada's representatives of a United States weekly news magazine have been asked to check on Washington "opinion" that External Affairs Minister Lester Pearson is now ahead in the race to succeed Mr. St. Laurent. The magazine also feels that Finance Minister Walter Harris is not now the front-runner he was for the prime ministership. (This view of Mr. Harris may be fed by the magazine's anger at the advertising tax he proposes to slap on U.S. magazines with Canadian editorial content, from next January 1).

I report this as one view of what is happening here. The same mag. thought there would be a Fall election because the Liberals would wish to have Mr. St. Laurent's leadership before he's any older. But the P.M. seems to have his eye on an election next spring. Nothing is sure these days now that 35 members have voted to say they have no confidence in the Speaker, anything may happen. Hence it's idle to suppose that Mr. Harris has fallen from grace.

Certainly he is more to blame for the mess over the pipeline debate and hasty use of closure, and the resulting ordeal for the Speaker, than the smiling Pearson. Mike is not so fond of foreign affairs that he might not flirt with real power at home as P.M., although he has no experience of running a domestic department. (But Mr. St. Laurent had only headed one domestic department — Justice — when he took over from King). Pearson—one of the "three wise men" or as the Boston Post calls them, "three wise guys" or "three blind mice" again as Mike himself calls them—would be a popular prime minister. He'd get a good press and the ladies would go for that greying, somewhat fatigued, jauntiness he still wears.

There is some fear that sales of autos and appliances of all types may slump if American business continues to fall off. The chief trouble in the U.S. is a drop in auto sales. Last year 7,400,000 were "moved", this year the same 30,000 dealers will be scrambling to sell, at best 6000000. Too many cars were made, and bought, last year for the good of this year's market! There is in the U.S. a shortage of good used cars because fewer folk are trading recent-model cars in.

Said one American I spoke to last week, at Rochester, N.Y.: "The makers never cut the price of cars, they'd rather throw them in the sea". In fairness to the makers now it should be said that a raise in the price of steel will be announced in the U.S. before long. If car-makers cut prices now they would likely have to put them up again to take care of the new steel costs.

Mr. and Mrs. Renaud Rainville, Mr. and Mrs. Fred Piche, Mrs. J. C. Poisson and Mrs. Rose Pigeon motored to Port Colbourne, Ont., last week to attend the funeral of Ephrem (Frem) Gervais, in that city.

Mrs. Len Coyne, Mr. Alphonse Cahill and Miss Nelda Cahill motored to London Friday, to attend the funeral of Oswald Cahill in that city Saturday.

Mr. and Mrs. H. Routliffe visited friends in Aylmer last week as a celebration for Mr. Routliffe's birthday.

The Lakeshore and Dibble Construction Companies have moved their equipment to construction on the Portage road. This link should be completed in ten days. Mayor J. C. Poisson is enthusiastic on the road program in this particular section of Pontiac and expresses full confidence in our member Ray Johnston and his progressive program for our County.

Mr. and Mrs. Richard Thompson.

Miss Lenore Grant is holidaying at the home of her parents, Mr. and Mrs. R. A. Grant.

Miss Olive Crawford and Margaret Laird of Ottawa spent the weekend at the home of Mr. and Mrs. Robert Laird.

Visitors at the home of Hattie and Albert Trudeau were Mr. and Mrs. Lewis Trudeau and son of Quyon.

Mr. and Mrs. Gordon Findlay and Beth of Ottawa spent the weekend with their parents, Mr. and Mrs. Earl Findlay.

Mr. and Mrs. Martin Riley are visiting their son Walter in Ottawa.

Mrs. Jack Russell is spending a few days in Montreal.

Finance Minister Walter Harris, and others here admit the chance that Canada will follow, a few months later, if American business really declines. Auto makers had "laid off" 140,000 of their 900,000 workers south of the border by the first week in May.

On the cheerful side it may be said that experts here expect a slow third quarter in the U.S., maybe slower than this one, but a speed-up to a more prosperous last quarter for this year. Cynics say the Republicans will pull out all the stops to prevent having a stock market decline and poor sale of goods in November and before when they'll be trying to win the presidential election again.

Again, on the brighter side, cars are selling well here even if refrigerator makers cannot sell as much as they would like. There are those who say that now is the time to offer hard cash for such goods, well below the advertised price and that the dealer will sell. He'd rather make a quick sale for \$50 profit on a "fridge" than fuss around trying to sell the list price and make much more. A friend of mine always makes this kind of "offer" and usually gets the goods.

Trecartin Honoured  
At OIS Graduation

On Friday evening, June 15, a banquet was held in the Auditorium of Onslow Intermediate School in honor of the 1956 Graduating Class and the two retiring teachers, Mrs. Graham and Miss Sigsworth. Members of the Graduating Class are Carol Bennett, Nellie Ruset, Beverley Graham, Barbara Davis, Philip Long, Dalton Fraser and Robert Hamilton.

Parents and friends gathered together to extend congratulations and good wishes to the young people who have completed their final year at this school. The Principal, Miss Jean Neville, welcomed all visitors and introduced the speaker, Mr. Frank Trecartin, who delivered a very interesting and instructive address to the candidates. The text of his speech was most inspiring to the adventurous spirit of youth:

"Hitch your wagon to a star  
Keep your place and there you are"  
said the Supervisor.

Dalton Fraser delivered the valedictory address. In it he recalled the many pleasant memories the class may carry away, as well as the many vital lessons in citizenship and character building which have been learned at the O.I.S.

The prophecies, which the students gave on each other, were very amusing, and we hope that each will be as successful in life as depicted by his fellow-student.

Mr. Charlie Mohr, Chairman of the Board expressed his regrets at the loss of Mr. F. Trecartin as County Supervisor. The Students Council remembered Mr. Trecartin with a small gift which was presented by Philip Long.

A letter from Mr. Munroe, expressing his wishes for success of the class and his regrets for being absent, was read by Miss Neville.

Miri Young, member of the County board proposed the toast to the Queen and Garry Young, an undergraduate toasted the Grads.

A delicious meal was served by the ladies of St. John's Anglican Church, for which Mrs. Mohr expressed the thanks of all present.

Mrs. Poole thanked the Board for their continued interest in the school, and their excellent co-operation with the staff.

Property transfers in Bryson are increasing among the new dwellings will be Paul Martineau, Q.C., Campbell's Bay and Louis Lemay.

Anna Young Presented  
Proficiency Award

Miss Anna Young of Shawville received an award at Renfrew Hospital graduation exercises last Friday.

Anna was presented with a travelling case by the Florence Nightingale Club for general proficiency. The presentation was made by Mrs. Shirley (Sly) Forgie, also of Shawville. Miss Young is a daughter of Mr. and Mrs. Melvin Young.

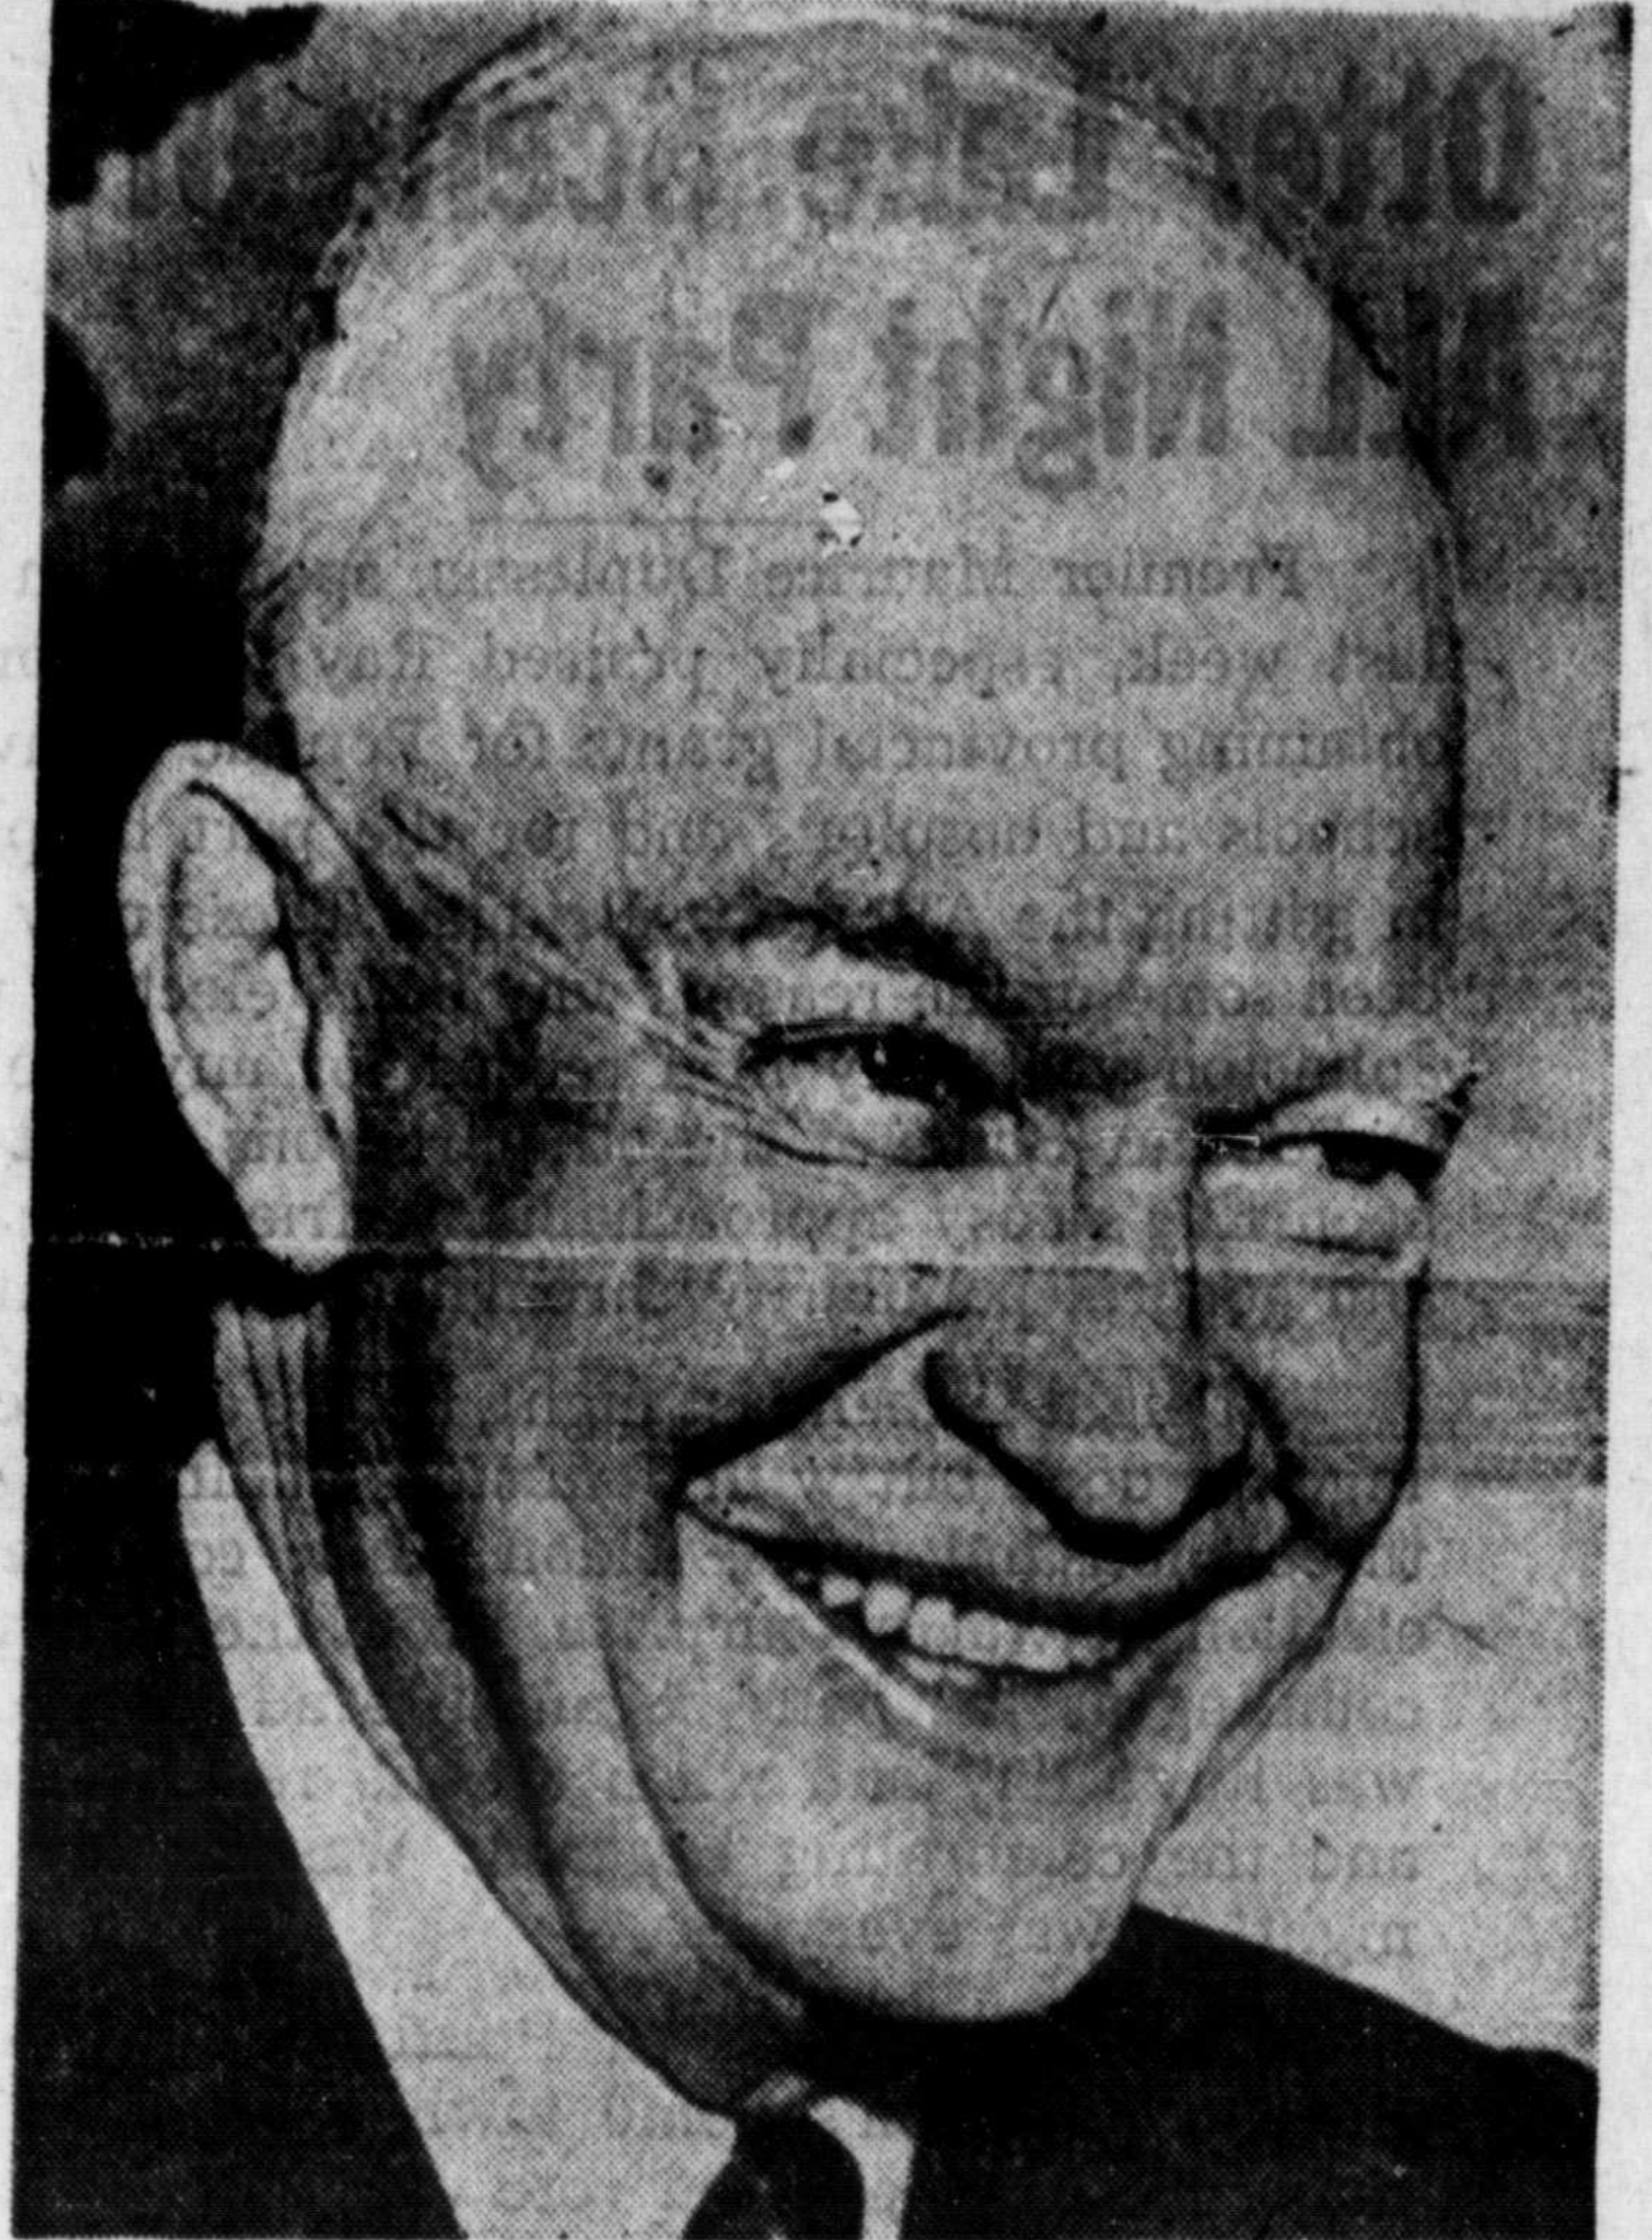

St. Marv's Pupil  
Wins Distinction

Charlene Mulligan has won distinction in her Primary Theory examination with 89 points and honors in the Elementary Piano exam with a total of 72 points. The McGill University Music Examinations were held recently at the Onslow Intermediate School in Quyon. Sandra Shennett also won honors in Primary Theory with a 75 score and made 68 points to pass her Elementary piano exam. Sandra Trudeau took honors with 78 in Primary piano. The announcement was made this week by the Sisters of St. Joseph's at St. Mary's Convent Quyon where the above pupils study.

Red & White Opens  
In Shawville

Dean & Merritt's announced this week that they will open their grocery department Thursday under the Red & White Food Stores Plan. Through their affiliation with 8,000 other Red & White Stores throughout Canada and United States, better service and a more economical operation will be available to this district. Three years ago, Dean and Merritt's introduced Self-Service into their grocery department, a trend that has now gone throughout most of the Pontiac district. The present affiliation with Red & White Food Stores is another step forward in fulfilling the role of the general store operator which is, service to the people of his community.

ILLNESS POSES POLITICAL QUESTION

—Central Press Canadian

Though condition of President Eisenhower is reported excellent following his sudden operation for an intestinal obstruction, conjecture is rampant in the U.S. as to whether he will withdraw from the presidential race. As a candidate, U.S. polls showed him to be a heavy favorite to win over any Democratic nominee, but without him the Republicans could lose both the presidency and the house of representatives. This photo was taken a short time before his operation.

**McCagg-Cuthbertson  
Married At Austin**

Baskets of tulips, gladioli, and

narcissus decorated Austin United Church for the marriage Saturday June 9th of Miss Margaret Cuthbertson and Leading Air Craftsman Hugh McCagg of Winnipeg, Man.

The bride is the daughter of Mr. and Mrs. Harold Cuthbertson of Shawville and the groom is the son of Mr. and Mrs. Fred McCagg of Shawville.

The ceremony was performed by the Rev. G. K. Stewart and the wedding music was played by Mr. Leslie Grant, cousin of the bride of Ottawa. The soloist was Mr. Gary Grant of Ottawa cousin of the bride who sang "The Wedding Prayer".

Given in marriage by her father the bride was attended by her sister, Mrs. Darrel Davies, Miss Joyce McCagg, sister of the groom and Miss Margaret McCagg, cousin of the groom.

The groom had his brother Neil McCagg as his bestman and the ushers were his brother Bruce Mc-

Cagg of Ottawa and Harold Cuthbertson, brother of the bride.

For her marriage the bride chose a model gown of nylon tulle and lace over slipper satin, her tunic of nylon lace had long glove sleeves which came to points over the hands. A tiara of pearls held her shoulder length veil of tulle illusion in place.

Her attendants wore gowns in pastel shades similar to the bride's gown. Mrs. Davies wore maize, Miss Joyce chose rose and Miss Margaret was in blue.

Following the wedding supper served to sixtyfive guests in the Community Hall, the couple left on a trip to New York city.

For travelling the bride chose a pink linen suit with white acces-

### Fort Coulonge

Mrs. Rabb of Poltimore is visiting her son, Dr. H. R. Rabb.

The United Church Womens Association held their June meeting last Thursday at the home of Mrs. D. Campbell of Davidson which was presided over by Mrs. D. Campbell, vice president, assisted by Mrs. G. Colton, secretary and Mrs. Ira Whalen, president. Meeting was opened by the theme hymn, "Let the beauty of Jesus" and an appropriate Prayer. The scripture was a Psalm selection read by Mrs. G. E. Colton followed by the Lords prayer recited in unison. The topic was on social conscience which in this present day should have the attention of all people for this is a changing period. The president read an article in keeping with the topic, calling attention to the fact that social life and social responsibilities are closely connected with our spiritual life and responsibilities, and as the hymn following, "I heard the voice of Jesus say", the topic

was the roll call of Christ. Prayer followed and then the roll call and the usual business was transacted, which also included the selling of more cook books. Mrs. Ira Whalen gave a report on the very successful rummage sale recently held and a vote of thanks was tendered to Mrs. Veldhuis for the very devoted service she had rendered. The next meeting will be held at the home of Mrs. Ira Whalen. There was the usual sale table and the meeting closed with prayer. Tea was served by Mrs. Campbell Jr., assisted by Mr. Campbell Sr.

Mr. Cooksey of Pembroke an old time resident of our town favoured us with a visit last Saturday.

We are always glad to welcome a visitor from across the seas and to report that Miss Benny Doerff of Oslo, Norway is now visiting at the home of her brother Mr. B. Doerff and we hope that this young lady who is truly a very fine representative of Norway's fair sex will find her visit well worth while. Mr. Jack Cobb of Haileybury, visited our town on Saturday last.

### Showers Given For Marie Hodgins

A Miscellaneous Shower was held at the home of Miss Beryl Krause

On Tuesday, June 12th the Fort Coulonge Lions Club held their charter night celebration at the Laurentian Pavillion. It was a very pleasantly spent evening during which time the members and their invited friends enjoyed themselves immensely. There was an address given by Linden Quaille.

Mr. and Mrs. Lavoie and Mr. Arthur Lavoie were visitors to Fort Coulonge over the weekend.

Mr. and Mrs. J. Veldhuis were visitors to Ottawa last Tuesday.

With so many forest fires burning, our thought are upon the destruction of the trees but we forget that the animals of the forest are being displaced. Mr. B. Doerff saw five bear last week and I think they were looking for lodgings and if anyone has any vacancy spaces to let then bear with the displaced animals and let the bears know.

in honor of Miss Marie Hodgins whose marriage was shortly to take place. Marie entered and was taken to a decorated chair.

The bride elect was presented with a corsage by her great aunt Mrs. Austin McDowell.

Afterwards games were played and the leader was Mrs. Krause. The gifts were presented by Misses Eunice and Beryl Krause, Marie taken by surprise thanked her friends in a few chosen words. Afterwards supper was served.

### Shower For June Bride

On Tuesday evening May 29th, Mrs. Teason McCagg entertained in honor of Miss Margaret Cuthbertson a June bride. Miss Cuthbertson entered the room to the strains of the bridal chorus.

Miss Margaret McCagg read an address and gifts were presented by Liane Russell, Gladys Manan, Helen McCagg and Betty Thompson.

Miss Cuthbertson, taken completely by surprise, thanked her friends for the many useful gifts given her.

Miss Cuthbertson was also honoured the previous Saturday evening, when her aunt, Mrs. Manson McCagg entertained the young ladies of the community.

Recently, Mrs. Walter Kilgour and Miss Ruth Dagg. A very enjoyable evening was spent by all.

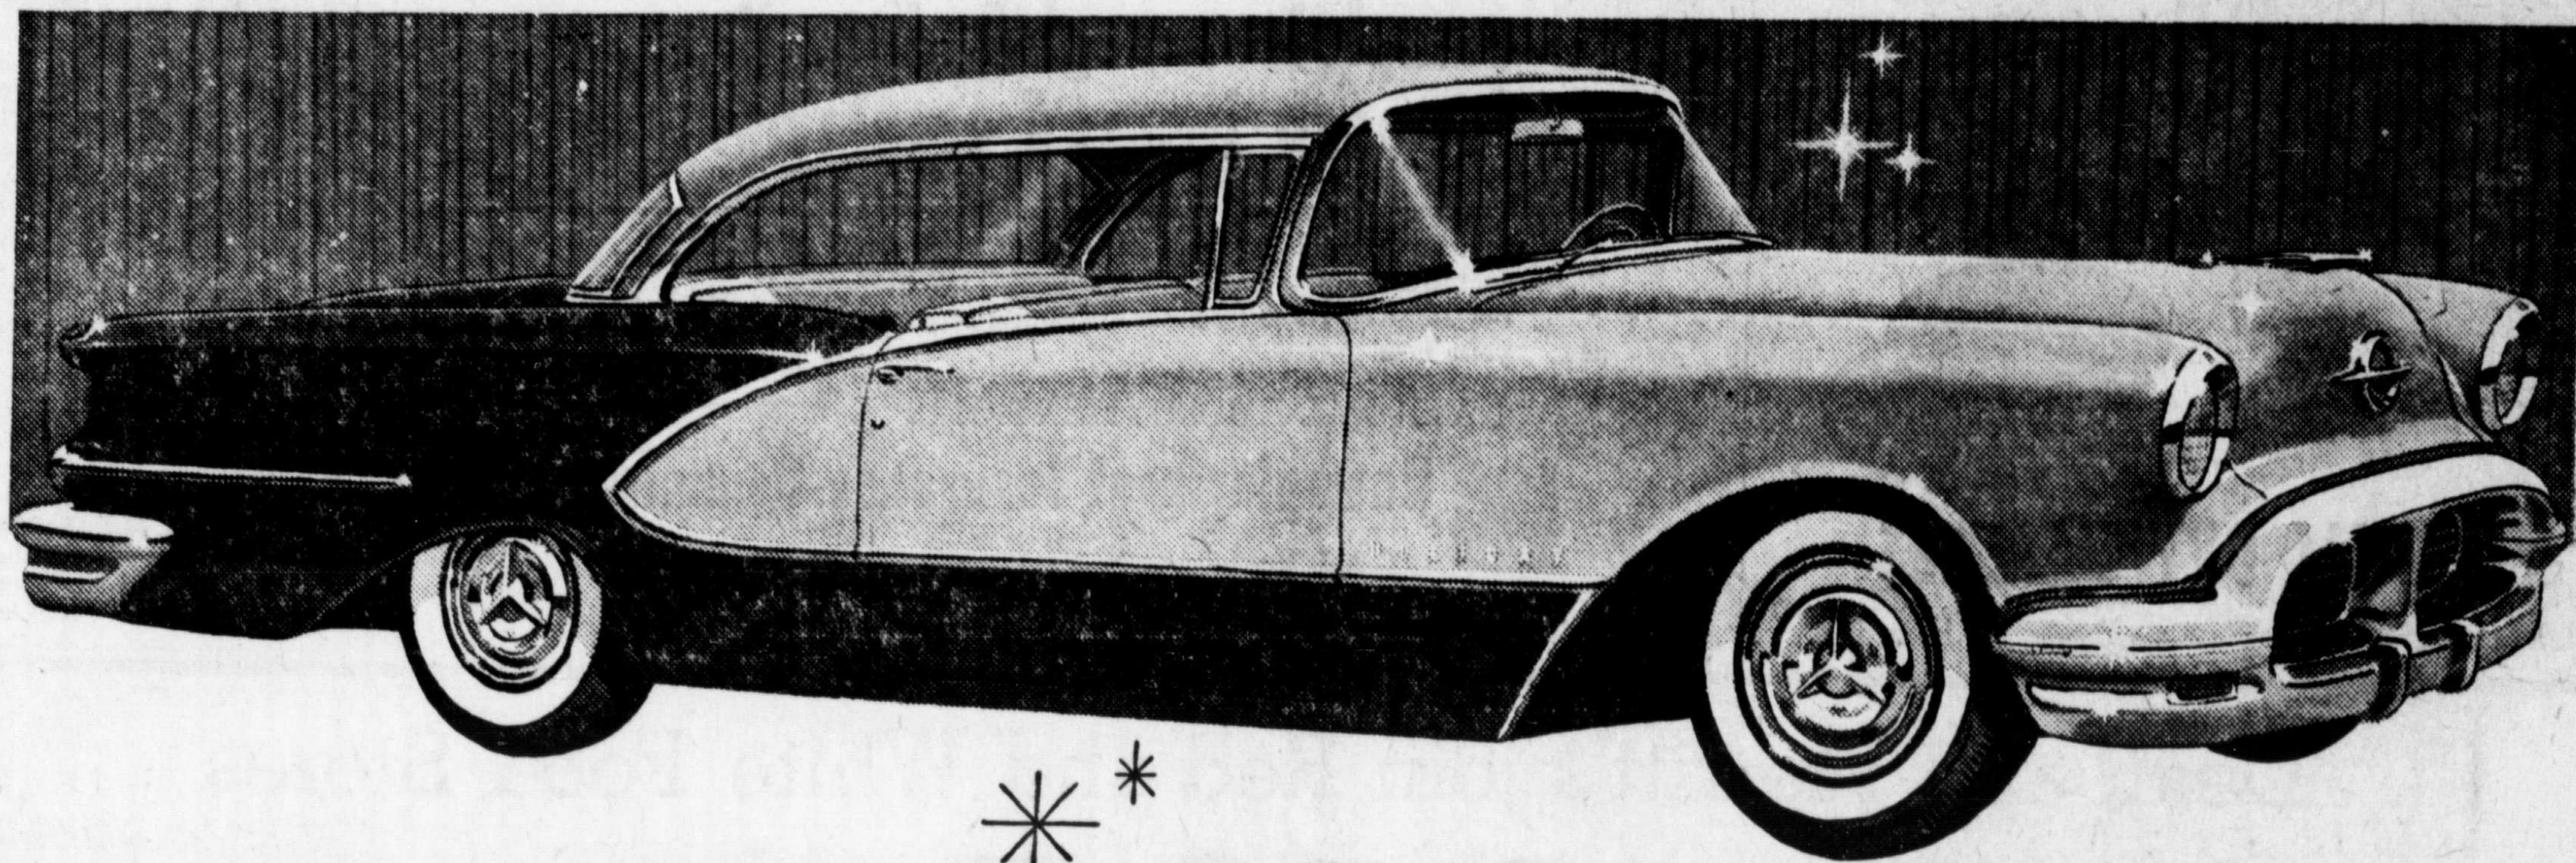

nesday, June 27th is a good family picture of a United States soldier in the army of occupation in Japan (reportedly a real life story). Is the relations of this Japanese hating Sergeant who comes to love the young girl interpreter for the army. Aldo Ray is starred as the Sergeant in the case and Miss Mitsuko Kimura is a lovely and charming Japanese girl who speaks English and performs her role naturally, the cast is excellent. Don't miss it.

### Successful Fisherman

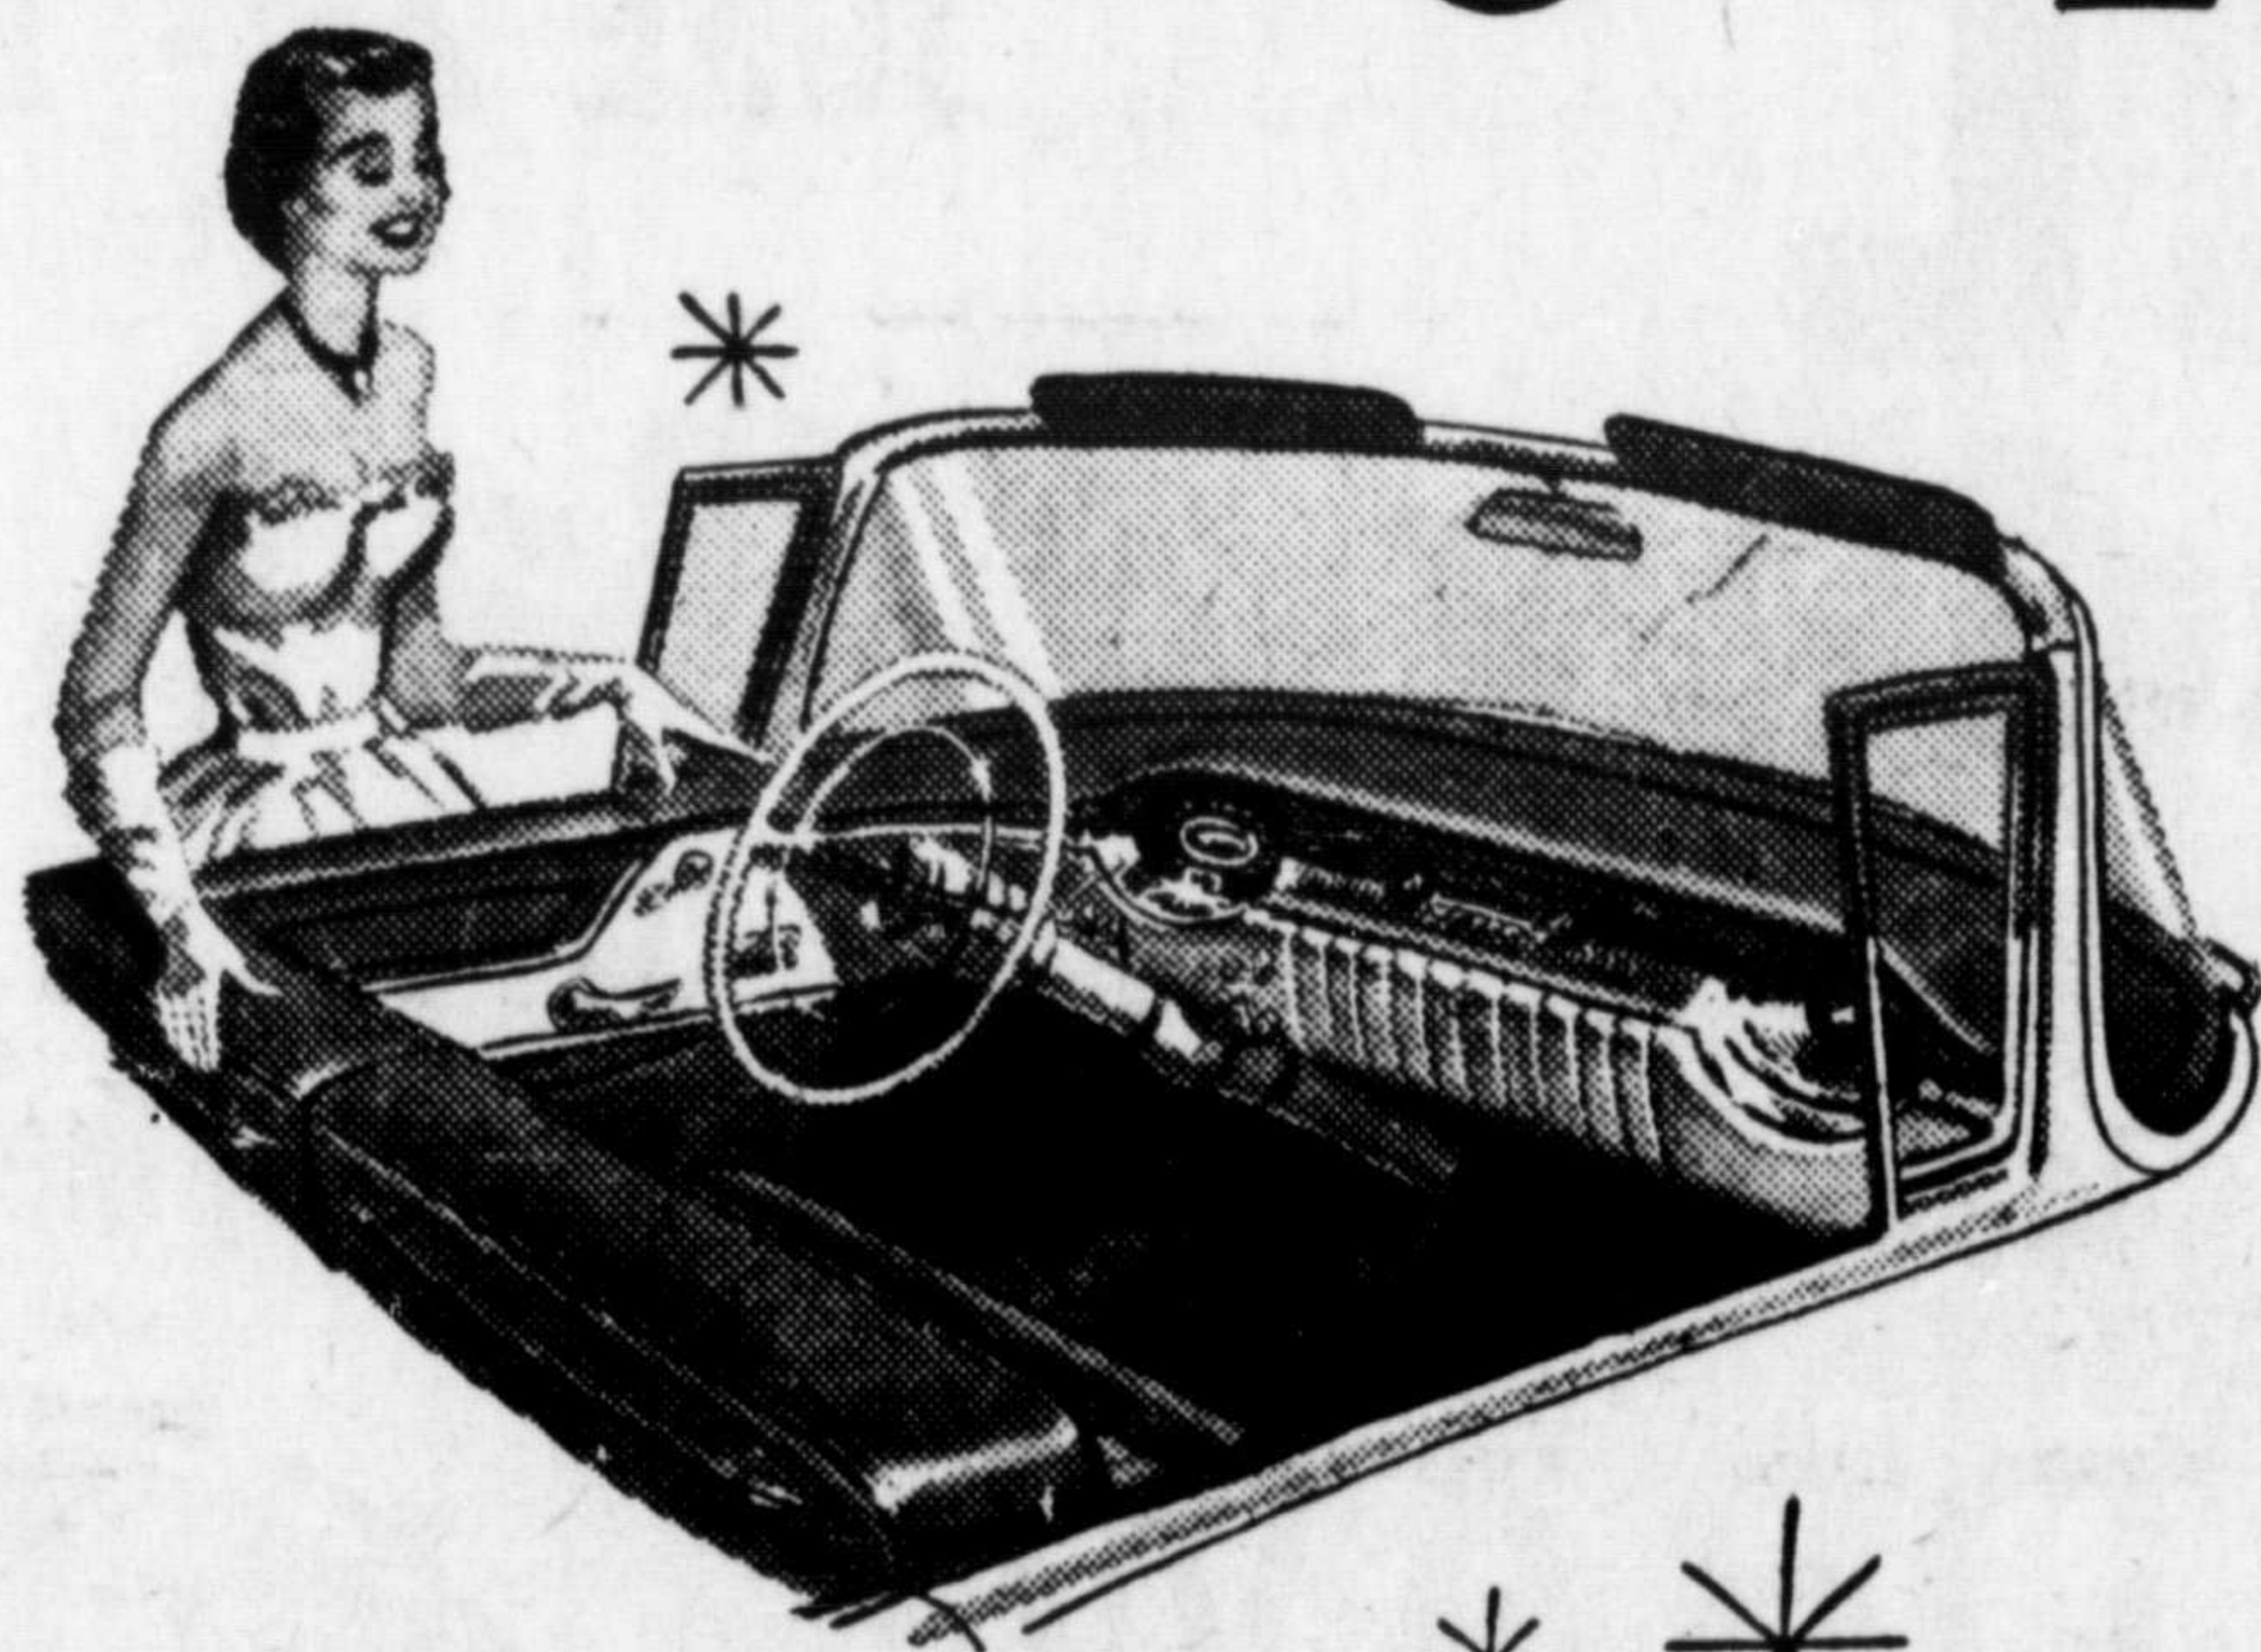

Among the successful fishermen of the week were Cyrille and Buck Lepine, Renaud Rainville, Howard and Charlie Routliffe, Maurice Lance and Asa Ostrom. Asa landed a 22 lb. 7 oz. grey and a beauty, this trout will be entered in the "Molson Contest". Trout fishing has been good, all fishing parties getting their quota. Pike and pickerel are now biting in the "Ottawa".

# The Many-Splendored Thing...

Splendor is everywhere in Oldsmobile. There's the splendor of distinctive Starfire styling—fresh, dignified, but so alive. There's the splendor of rich, custom-tailored interiors—luxurious, gracious and so comfortable. And there's the splendor of mighty power, tamed to go quietly about its task of producing swift, smooth motion.

And this Oldsmobile splendor is not a sometime thing. From the moment you

proudly take possession until that distant day when you decide to trade it in on an even more exciting Olds of the future, you'll keep discovering new splendors in this unusual car. And you'll keep reflecting all the while how wise you were in 1956 to step up from the ordinary into an Oldsmobile.

Pembroke Driving Club had 8 well contested races at O'Kelly Park on Wednesday, June 13. A crowd of about 800 braved the 90 degree temperature.

In the 1st and 5th races, Countway, owned and driven by Don Cox, Sydney, N.S., won both heats in 2:20. Hec Clouthier brought Dolly Day in second both heats and the Dutchess C was third.

In the second and 6th races Anna Mae Harvester, owned by Cec. Pappin and driven by Eric Conely won both handily in 2:20 and 2:22. Celia the Heiress, driven by Dr. John Findley was 2-3. Baroness Atom owned by Dave Behan and driven by Sted Craig was 5-2. Laddie Blue owned by Herman Bahm and driven by Gordon Davidson was 3-4.

In the 3rd and 7th races, Irene Van owned by Hec. Clouthier and driven by Eric Conely was 1-2 in 2:14 and 2:17. Maybe C, owned by T. N. Cecile was 2-6. Flash Haven

driven by Dr. Findley was 3-3. Taxi C Lee owned and driven by Bernard Grant was 4-1. Had anyone had a mutuel ticket on Taxi C. Lee to win, he would have had an estimated \$100 for his \$2.00. As no ticket had been sold on him the Driving Club were good enough to pay win money on Irene Van.

In the 4th and 8th races, Prince Always owned and driven by Harry Ingles was 1-2 in 2:12.4 and 2:14 and I believe it was some fancy driving on the part of a couple of gentlemen that prevented him being 1-1.

The largest payoff was in the 4th when a gentleman from Renfrew had 2 tickets on Prince Always that paid \$48.00 each.

schools and was married in 1908 to the former Elizabeth Storie who predeceased him 12 years ago.

Mr. Caldwell was a member of St. Luke's Anglican Church at Caldwell, for years was one of its wardens and was many times a delegate from his church to the Synod of Montreal.

He was also deeply interested in agriculture and for many years was a director of the Pontiac Agricultural Society at Shawville. He was for years a councillor of Bristol municipal council.

Surviving him are one daughter, who is at home, Mrs. James Tracy, all three grandchildren. His one brother is Chris Caldwell of Valpariso, Sask.

The funeral was held from the Geo. Hynes & Son funeral home to St. Paul's Anglican Church, where the rector, Rev. R. G. Elliott, conducted the service. Interment was in the church cemetery.

Pallbearers were Leonard Horner, Lloyd Conolly, Robert Lucas, Robert Sheppard, Harry Sharpe, and Sidney Draper.

also engaged in a course of studies which has paid off this spring with three valuable diplomas.

One year in residence at Sir George Williams College in Montreal, two summers at Queen's University, Kingston, one summer at Macdonald College and one year of night classes at Sir George Williams while teaching in the daytime, have netted Stan a Bachelor of Arts degree.

A correspondence course with the International Correspondence School from Toronto has resulted in a Commercial Drawing Diploma and a further High School Teaching Diploma was awarded to Stan by the Department of Education in Quebec, based upon courses taken for his B.A.

Stan plans to teach in the high school at Point Clair next year after a much needed holiday from books at his home this summer. Mr. and Mrs. Leonard Horner and young Leo will go to Montreal for the weekend and Stan will return with them to Shawville.

Afterwards a lovely supper was served by the hostesses assisted by Mrs. Minard Hobbs, Mr. Milburn Hobbs, Mrs. Ronnie Draper and Mrs. Dana Spence.

### SUMMER STORMS

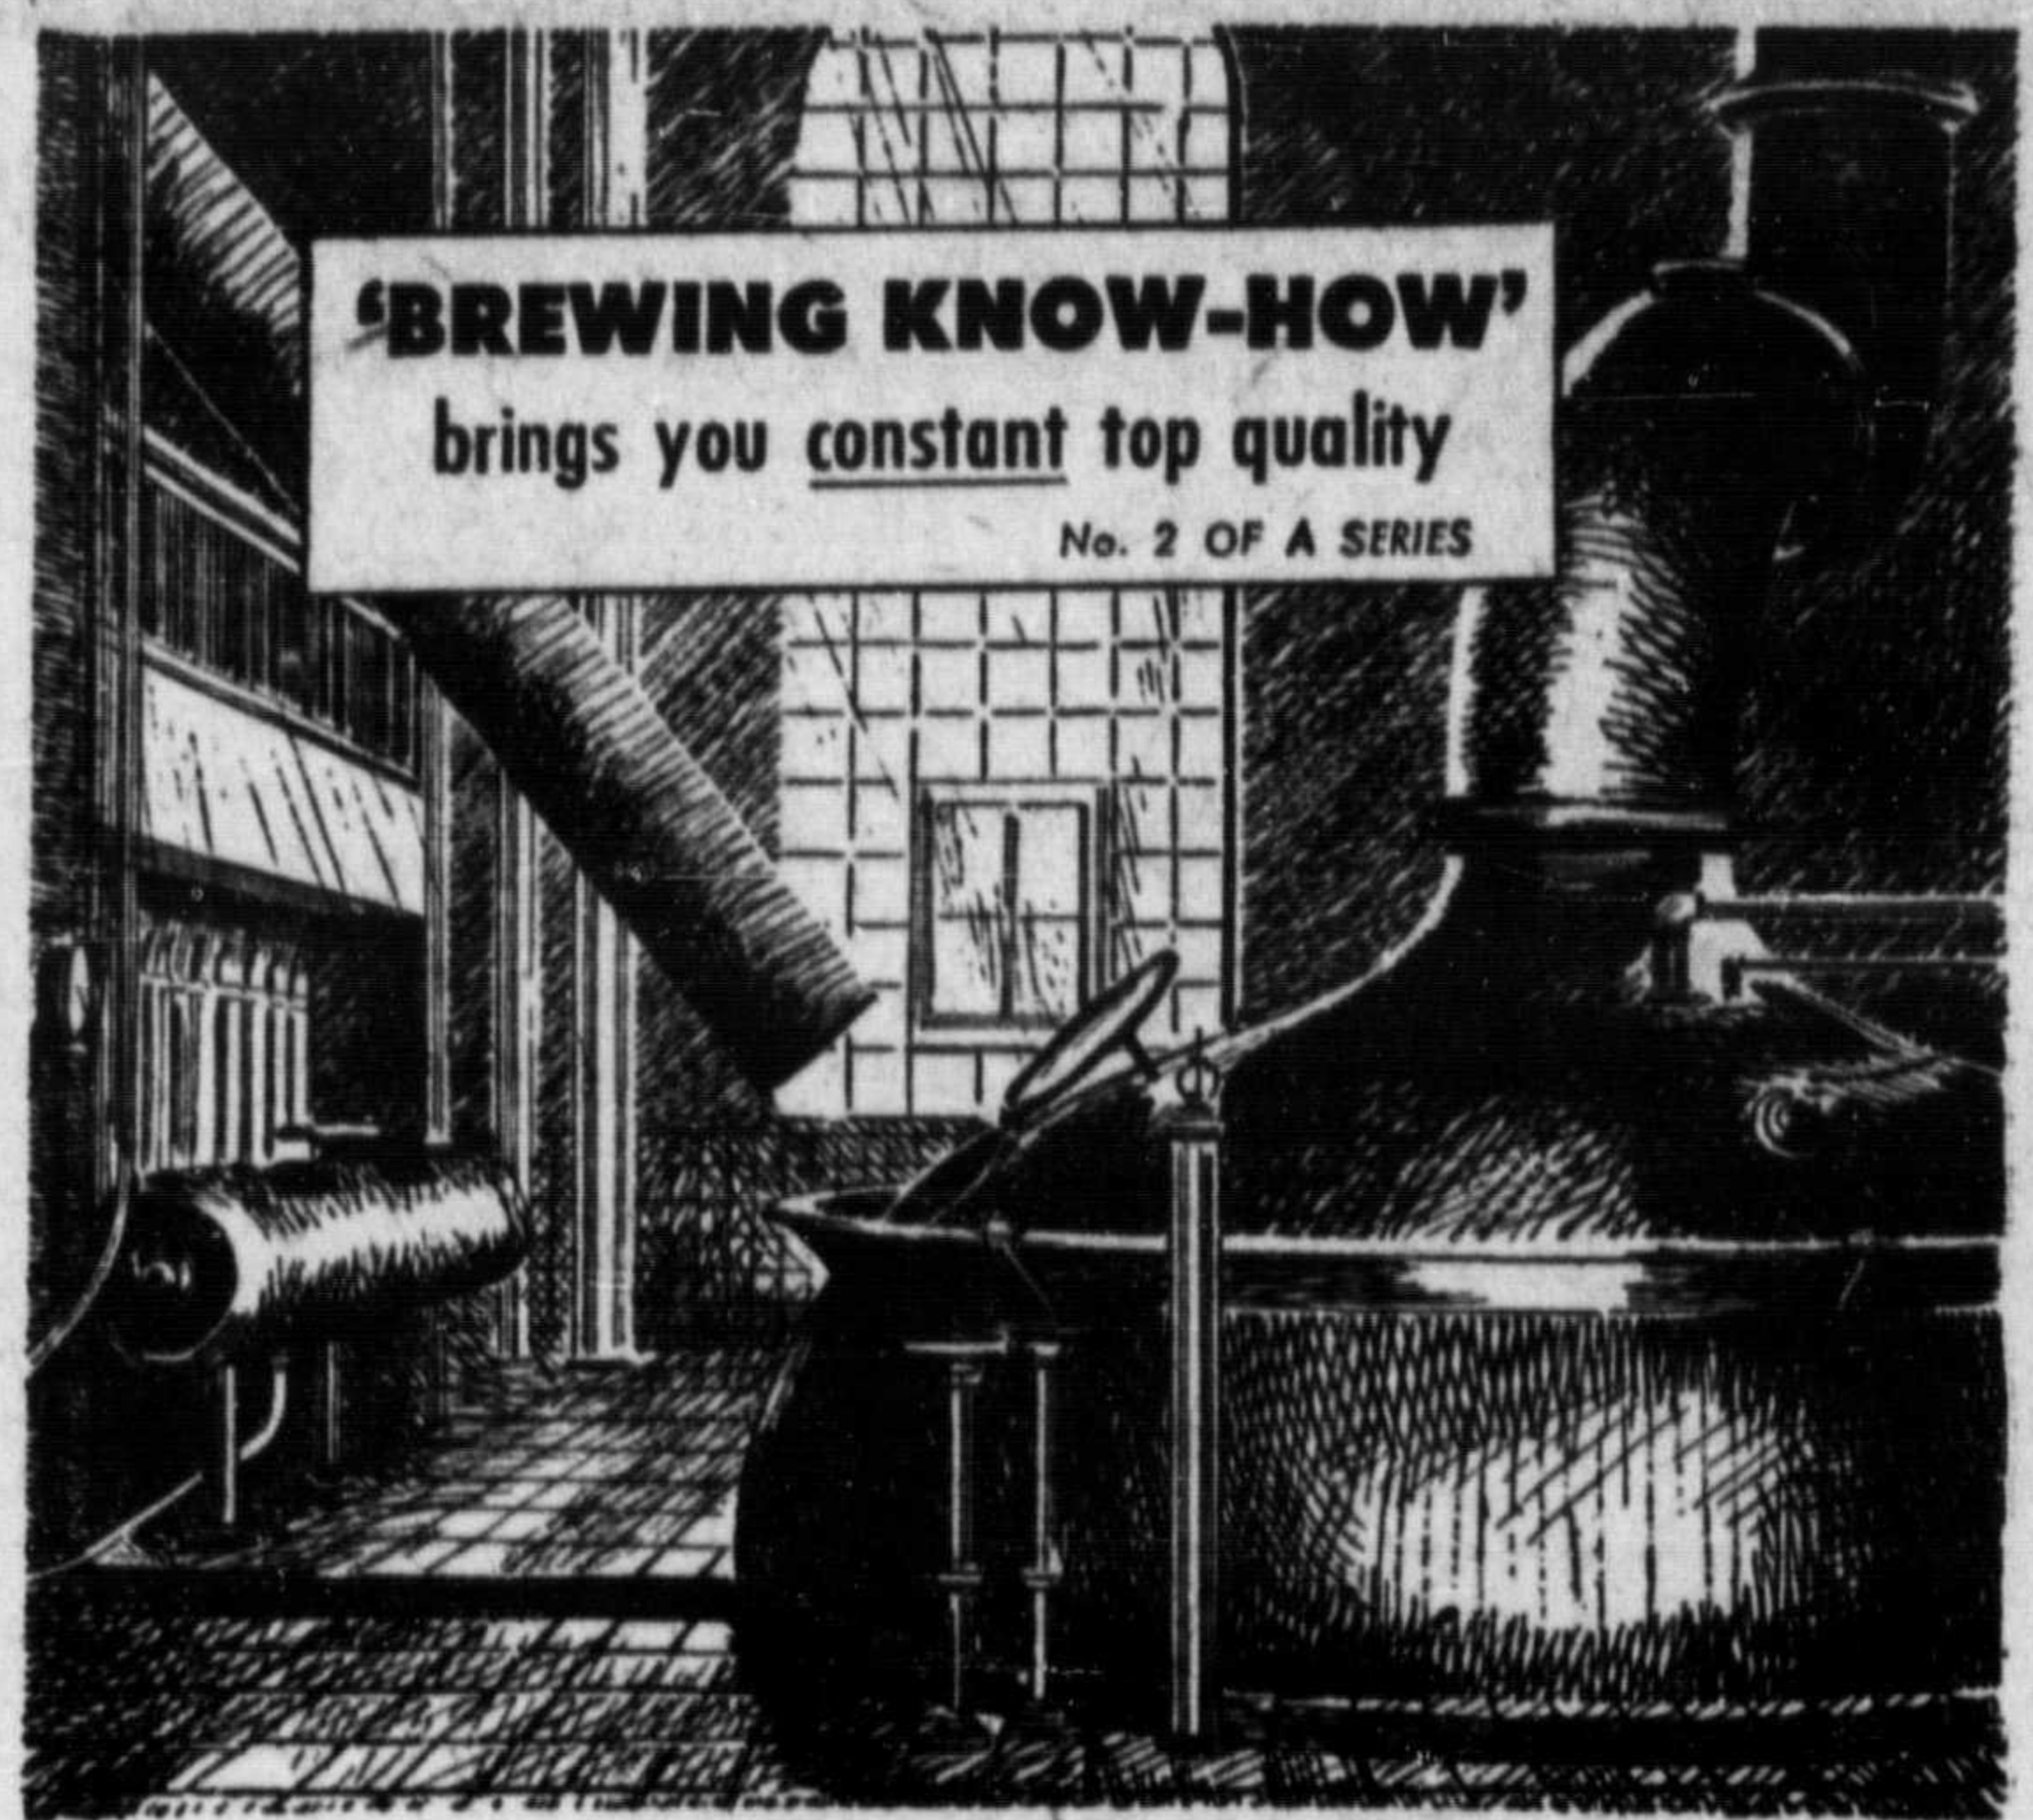

At this time of the year brief but violent storms sometimes tear down trees and branches and smash them across the electric lines.

The power company tries to keep such interruptions to a minimum, and when power failures occur the line crews are sent out immediately to find and repair the damage, thus restoring service as quickly as possible.

While it is inevitable that sometimes interruptions in service must occur, these are not as numerous as formerly. This is largely due to the many customers who have co-operated in spotting and reporting trees and branches which overhang the power lines.

This struggle of the power company against the trouble caused by trees is a never ending one, in which the help of the customer frequently means improved service to that customer.

## Rev. Gordon Stewart Called To St. Eustache

By Dr. A. F. Fokes

Rev. Gordon Stewart, the minister of the Bristol United church pastoral charge, which includes the congregations of St. Andrew's, Knox and Austin, has accepted a call to the church at St. Eustache, Que., and will be beginning his work there on Sunday, July 1st. His congregation here regret his departure as he has been a popular minister on the charge, which he has served

for the past three years. He has been particularly effective in work among the young people and the children, holding each year a large and successful Vacation Bible school each summer on his charge. Bristol was the first field that he served after his ordination at Montreal three years ago.

Succeeding him to the charge, is Rev. E. R. Taylor, who is being appointed as an ordained supply in his place. Mr. Taylor is a minister of the Presbyterian church in England, and has been stationed for sometime in Shropshire in the old

land. He is a young man, who following the war finished his course in Arts and Divinity at Winchester college. He holds high academic qualifications and from the Presbytery of Liverpool in which he was a member and from Cambridge college there has come strong recommendations as to his value as a preacher and a scholar and a pastoral worker.

Mr. Taylor is a married man, and has one child, a little girl of three. He is leaving England for Canada as soon as he can arrange his passports and transportation, and expects to take over his charge early in July.

## C. Bay—Fort Coulonge

(Continued From Page One)

The present ministers of both the old pastoral charges are moving elsewhere. The minister of the old Campbell's Bay charge, Rev. S. Griffith has been called to a field in Western Ontario. The minister at Fort Coulonge Rev. Veldhuis is leaving to attend Queens University; and is being stationed at Malorytown, Ont.

Taking over the new field as pastor and starting on Sunday, July 15th will be Rev. Higham, M.A., B.D. who was ordained at the meeting of the Montreal Conference held in St. James church there recently. Mr. Higham, a student with an outstanding academic record, was a graduate of Queens theological university in May, taking his B.D. degree. During his three years at Queens, he was the student supply at Battersea, Ont. Mr. Higham is married and has one son. One of the appointments on the old Campbell's Bay charge has been taken off that charge; and will have its own services with the help of a supply from Shawville or Campbell's Bay.

The new arrangement will make a strong field, and will pay the new minister \$3200 and a transportation expense of \$800 and furnished manse, thus making the field a

BY

IDA BAILEY ALLEN

"Is penny-pinching really a lost art, Madame?" inquired the Chef. "Does the public still watch pennies?"

"Many people do," I answered. "They are the ones who have learned that it literally is smart to be thrifty; that when the unnecessary expenditure of pennies is watched, dollars are saved. This in turn makes other expenditures possible, such as purchasing household equipment, better clothing, even vacations."

**Amusing Experience**

"I recently had an amusing experience because of a penny. One evening I went for a long walk. On the way back, I stopped for dinner at a smart, new cafeteria. My check came to \$1.49. But, to my embarrassment, I had just \$1.48 in my pocketbook!

"Don't worry," said the smiling waitress, diving into her apron pocket and bringing up a handful of change. "Here's the penny you need and do take your bus fare home if you need it."

I did need the penny—but not bus fare, as I was out for a walk. But I certainly benefitted from this good lesson in human kindness, as well as in the worth of a penny—especially when you're a penny short.

**Tomorrow's Dinner**

- Chilled Vegetable Juice
  - Macaroni with Cheese
  - Pan-Fried Sausage Cakes
  - Carrots with Green Onions
  - Spanish Apricot Cream
  - Hot or Iced Coffee or Tea or Milk
- All Measurements Are level Recipes Proportioned to Serve 4 to 6

**Pan-Fried Sausage Cakes:** Shape 1½ lbs. pork sausage

meat into patties about 1" thick. Dust with a mixture of ½ c. fine-minced parsley, 1 tsp. powdered marjoram, ½ tsp. nutmeg and 1 tbsp. cornmeal or flour. Pan-fry slowly about 15 min. Turn once.

To serve, arrange around the macaroni and cheese.

If the macaroni is baked in a go-to-table casserole, set it on a platter or small tray and surround it with the sausage cakes, tomato wedges and sprigs of cress or fresh parsley.

**Spanish Apricot Cream:** In a double-boiler top, combine the contents 1 (12 oz.) can apricot nectar, 2 tbsp. lemon juice and ½ c. water. Add 1 envelope unflavored gelatin, ½ c. sugar and ½ tsp. salt. Heat and stir until the gelatin melts.

Next, separate 2 eggs. Beat the yolks until creamy. Slowly stir in ½ c. of the hot mixture. Return to the double boiler. Cook-stir until the mixture coats the spoon.

Then beat the egg whites stiff. Fold in the apricot mixture.

Rinse 6 good-sized individual moulds with cold water and dust with granulated sugar.

Spoon in the gelatin. Chill 4 hrs., or until firm. Unmould and serve with whipped cream or any whipped topping. Or garnish with halved, sugared, fresh apricots and commercial sour cream.

**Suggestion of the Chef**

Scallions give a lift to many food. Try them with 3 c. carrot rounds boiled 10 min. in 1" of salted water. Add ¼ the quantity of scallion bulbs with 1" of the green tops. Boil 5 min. longer. Add 1 tsp. butter.

## Teachers Hold Vital Place Grads Told At Chapeau

Chapeau—Teachers occupy an important place in modern society.

## Rebekahs Donate \$70 For Oxygen Tent

At a regular meeting of the Rebekah Lodge last night, Monday, June 18, it was moved and passed, "We donate \$70.00 in a cheque towards the oxygen tent fund, the County of Pontiac is trying to purchase for our Community Hospital through the generosity of the public in general".

Rev. H. J. Maloney, of Eganville, told the graduates of Chapeau Normal School recently.

He urged them to continue studying in order that they might be cognizant of society's needs at all times.

Most Rev. W. J. Smith, DD, praised the work of the faculty during the inaugural year of the teachers' training college which was made possible by the cooperation of the Quebec Department of Education. Mary Kelly delivered the valedictory in which she expressed her gratitude to all those who had helped the graduates to attain their teachers' diplomas.

Most Rev. Smith conferred the diplomas. He also presented prizes to Sylvia Smith, for the highest average obtained during the scholastic year, Joyce Raymond for the highest individual marks in the province in the departmental examinations and for the highest marks in religion.

Other members of the clergy were: Very Rev. J. J. Hogan, VF, Rev. T. P. Wingle, Rev. M. J. Wingle, Rev. S. P. Owens, Rev. T. G. May, Rev. R. Brennan, Rev. R. Pilon, Rev. D. J. Breen, Rev. Mother General, Assistant Mother General and many other members of Sisters of St. Joseph.

# 'GRAPHITE'

Graphite is an industrial mineral which has every indication of playing an important part in our present highly industrialized economy. Shawville's Dun Raven Mines Ltd. has developed a large tonnage of flake graphite ore near Charteris. We should become familiar with Graphite as we have so much in our midst and the further development

of this find might make as great a change in the community as the development of the iron mine at Bristol has.

### Speaking Technically, What Is Graphite

Graphite is elemental carbon which exists in three allotropic forms, graphite, diamond and charcoal. Graphite differs from the other forms of carbon in appearance as well as in many of its properties. It is very soft, black, greasy feeling and is usually found in laminated or more or less flaky aggregate disseminated in schistose rocks.

The natural graphites are usually divided into three classes; disseminated flake, crystalline and amorphous. The distinction between flake and crystalline graphite is in the mode of occurrence. Flake graphite is the lamellar form commonly found disseminated in metamorphic rocks and each flake is a separate individual and has crystallized as such in the rock.

Crystalline graphite is the graphite found in well-defined veins or pockets, usually along the intrusive contacts of pegmatites with limestones, schists and other rocks. This type is often referred to as plumbago.

Amorphous graphite is actually extremely finely divided flake graphite but the crystals cannot be distinguished by the eye and which thus exhibit no semblance of crystalline structure. Amorphous graphite is earthy in character and for this reason cannot be utilized for many of the purposes for which flake graphite is adapted.

### Uses of Graphite

The uses of graphite are many as it has certain properties not obtainable in other minerals. Its refractoriness, high electric and thermal conductivity and resistance to attack by chemical agents render it of extreme importance in a variety of modern industries.

One of the most important uses for graphite is the manufacture of crucibles used in melting nonferrous metals. The type of graphite required for crucibles is a coarse flake and brings a premium price and at present is largely imported from Ceylon and Madagascar.

Another important use of graphite is in the manufacture of carbon brushes for electric motors and once again the graphite for this use is imported from Ceylon.

The largest single use for graphite is for foundry facings and all types of finely pulverized amorph-

ous and crystalline graphite can be used in these facings.

Other uses include lubricants. As larger supplies of graphite become available the use of graphite lubricants will in all probability expand greatly.

Graphite is also used in the paint industry as a pigment and anticorrosive element, as a conductive filler for dry batteries, in lead pencils, in corrosion-resistant pipes, in the manufacture of stove other minor uses.

and other polishes as well as many Of particular importance is the new use of graphite in atomic piles where it is used as a moderator. Substantial quantities of graphite are used in this manner and it seems likely that our so-called Atomic Age will find a greater demand for graphite than we have seen in the past.

### Pontiac's Graphite

The graphite deposit at Charteris is unique in Canada inasmuch as it is the first time that a large tonnage of graphite ore has been developed. Also the Dun Raven deposits may be operated as an open-cut operation up to 2000 tons per day and at extremely low costs. Cost estimates indicate that the graphite can be produced on a profitable basis and there is every chance that this property will become the first major producer of graphite in Canada. The deposits are readily accessible and well located in relation to the North American markets.

### Milling Of Graphite

Metallurgical processes have advanced greatly in recent years and economical recovery of graphite is not too difficult. Flotation has become the accepted method of beneficiation for disseminated ores and it seems likely that dry grinding will replace the former wet grind-

ing processes. Good recoveries are made with flotation and refining of flotation concentrates for high purity products has been done by further grinding in rolls of burrstones followed by screening to produce the varied products required by the consumer. Dun Raven Mines are

presently experimenting with more modern methods of refining and there is every reason to believe a more economical and superior process will result from this work. Experiments are taking place in the basement of their office building on Highway 8 in Shawville.

### REAL TROOPER

—Central Press Canadian  
Pte. "Teddy" Panda may only be a toy bear but he is a popular mascot of paratroopers serving in the 2nd Battalion, The Royal Canadian Regiment, stationed in London. He is also completely equipped with parachute, paratrooper's wings and maroon beret, and has the distinction of being the first "paratrooper" out of the aircraft in paratroops. Here he is held by bearded Pioneer Sgt. Joe York of Toronto.

### EYE BANK RESTORES SIGHT TO SIGHTLESS

—Central Press Canadian  
Canada's first "eye-bank" is in operation in Toronto, under the administration of the Canadian National Institute for the Blind. Six or more transplants of corneas, or windows of the eyes, are being made each month and, as people donate their corneas so that others may see, they are stored in containers and used to restore sight in others. The technique of corneal transplant has given vision to hundreds of blind or nearly blind persons and surgeons hope that with greater skill and knowledge many now considered hopelessly sightless will see again. Mrs. Ingrid Fielding is one of the many researchers at the Banting Institute. She is investigating the changes in protein structure during storage.

### NOTICE

Complaints have been received from operators of saw mills and pulpwood slasher mills on the Ottawa River, that marked logs with nails inserted are being continually discovered in their mills. This condition is not only damaging to equipment but endangers the lives of mill workers. There is also a quantity of pulpwood principally in the small four-foot lengths, burned on the shores each year, and the financial loss because of this is considerable. The theft, misuse or misappropriation of marked logs in any manner is prohibited by law, and any evidence received of these practices will be submitted to Crown authorities through our legal representatives for appropriate action.
