MISS BILBOURNE'S CHILDREN.

The little immigrants from Scotland, referred to a few days ago, visited the WITNESS Office before leaving the city, and appeared to be very much interested in what they saw as they marched two by two, in the manner shown in the illustration in the seventh page, through the different departments. One of the lads, who was a member of the Glasgow, advised in despatching to his companions the process of printing and delivering the newspapers. He inquired what our newswriters were "makers," and, on being informed that some of them averaged a dollar a day (which had to be explained in shillings and pence), he said,

"All I would make in Glasgow was from a shilling to fifteen pence, and if I went home with less than a shilling my step-father turned me out. He did it once too often, and I went to the 'Home' where I thought I would do better. Mother said that I could and that there was no use in my earning money to have him get drunk on, so she gave me leave to come out here."

When asked if his mother was sorry to part with him when coming away he answered in a melancholy tone, "Oh, yes, but some of the boy's mother's didn't care a pin—mine did."

"What about their fathers?" "Oh most of them drink and they don't care if they never see them again."

"Do any of these boys feel sorry after their parents?" "Not much. Some of them are glad to get away, as they have brothers and sisters that want before, and Mr. Quarrier says he will have them see their folks and find a home with them or as near as he can, so that they can see each other."

"How do you like this country so far as you have seen it?" "We like it well, but it was cold in the train coming up, and we hadn't enough water to wash our faces and hands. We were at it when we went into the big bridge, and all we could do then was to sing."

"What did you sing?" "Who'll be the next to follow Jesus—we can sing a lot of hymns. We sung a farewell hymn as we left the quays in Glasgow, and on the way out we sang every day for the passengers."

The boys appear to be well trained, and are highly spoken of by the passengers, who accompanied them as well as by a Scotch paper which says:—"As the Allan steamer left Glasgow with eighty children from the Orphan and Destitute children Homes in charge of Mr. and Mrs. Quarrier, a good deal of interest was manifested in the event. The quays were crowded for an hour before the departure of the ship, and as the children moved away from her berth, the children sang a farewell hymn, after which they gave a loud ringing cheer, which was answered by a throng on the quay as the vessel passed rapidly away. The clean, tidy appearance of the juveniles, their healthy and happy looks and orderly demeanour, was specially remarked on by the large concourse of spectators."

THE CITY COUNCIL.

A special meeting of the City Council was held Thursday afternoon. There were present the Mayor, Ald. Nelson, Stephens, Kennedy, Thibault, McShane, Childs, Martin, Hagar, Jeannotte, Melancon, Laurent, Robert, Hood, Mercer, Donovan, Genereux, McCord, Taylor, Laberge, Holland, Wilson, Clendinning and Mullin.

PETITIONS.

From J. H. Fontaine, for a situation as Detective.—Police Committee. From Edward Perrault, to be appointed Meat Inspector.—Health Committee.

From Wilfred Chaput, claiming \$8,000 for damages to his property, corner of Houle and Wolfe streets.—Road Committee. From Fish Dealers in St. Antoine Market for a reduction of rent.—Market Committee.

From Proprietors of Parker street, for reduction in the cost of a drain.—Road Committee. From Eustache Fortier, for a reduction of assessment of property on St. Bonaventure street.—Finance Committee.

The resignation of the Board of Health, proposed by Ald. McCord, was referred to next meeting, as was also.

ALD. GRENIER'S TENDER OF RESIGNATION, which the City Clerk had commenced to read, when he was stopped by Ald. Thibault, Laurent, Jeannotte and others crying, "Next meeting." "It's not on the orders of the day," said Ald. Mercer and Nelson said that out of justice to Ald. Grenier his letter should be finished.

Ald. JEANETTE thought Ald. Grenier should not have been absent. Ald. THIBAUT—He is afraid to be here. Ald. CHILDS thought this remark unwarranted.

REDUCTION OF SALARIES.

ed. It was not customary for a member to be present when his resignation was being read. On the decision of the Mayor the matter was then dropped until next meeting.

On the report from the Finance Committee, reporting that the Committee, acting on the opinion of the City Attorney, held that Ald. Grenier's motion respecting the

passed in Council on the 13th ult., was null and void, owing to certain informalities. Several motions were brought forward, but the matter was finally referred to next meeting.

The report of the Finance Committee on the McGill College claims was also referred to next meeting.

Ald. JEANETTE then arose and opened a discussion upon Ald. Grenier's resignation, by contending that he had never, as accused by Ald. Grenier, slandered that alderman, but had merely said that Ald. Grenier had broken a rule of the Council.

A very heated, temperate discussion then took place, during which Aldermen Thibault, Martin and Laurent, who are among those who are accused by Ald. Grenier, also denied the charges brought against them.

Ald. Grenier was very warmly defended by several members of the Council, among whom was Ald. Hood, who offered the following explanation of the affair: Ald. Grenier was requested by the Police Committee to purchase the policemen's rubber coats; that he was not to do so until he first obtained the opinion of the City Clerk, and that he produced the bills from the consignors in England before payment. He had saved the city \$1,000 by the transaction, and the committee had accorded him a vote of thanks.

This he proved by producing the minute book. After a further discussion the subject was allowed to drop.

THE BLAKE ACT.

Ald. NEELSON moved, seconded by ALD. MULLINS, "That the joint report of the Police and Finance Committees recommending Council to petition the Governor-General in Council to proclaim the Blake Act in force within the City of Montreal," be adopted.

Ald. MEMBER thought that the words "and district" should be inserted after the word "City."

The motion as then amended was then carried. The appropriation of \$500 towards the cost of entertaining the volunteers visiting the city on Queen's Birthday was then carried unanimously. Ald. DONOVAN moved, "To supply adjoining municipalities with water at the rate of 60 cents per 1,000 gallons, the supply to be cut off whenever such a step may be deemed expedient in the interest of the city, and otherwise after six months' notice."

Ald. NEELSON moved in amendment, that the rate be 75c per 1,000 gallons. Ald. MULLIN moved in amendment, that the report lay over to next meeting for further information.

The main motion was carried by a vote of ten to seven. The report of the Special Committee appointed to consider the charges preferred by Ald. Laurent respecting the visit of the Attorney and Treasurer to Quebec was deferred until next meeting.

Ald. THIBAUT gave notice of motion that the salaries of the employees of the Corporation be paid in the future according to the scale of reduction adopted on the motion of Messrs. Genereux and Thibault in April last. The Council then adjourned.

THE LINE OF DEMARCATION AT CONSTANTINOPLE ARRANGED. LONDON, May 25.—A despatch from Constantinople says the Russians and Turks have arranged a new line of demarcation.

THE PRESS ON TIME PROSPECTS.

LONDON, May 25.—The Times expresses the opinion there is legitimate ground for a favorable impression regarding the results of Schouvaloff's mission. The Journal de St. Petersburg says if there is a serious desire that the congress should meet, and we hope it will meet, the formula will easily be found; it unfortunately it should not meet it is not of question of formula which will have prevented it. In a very short time the world will know what to think about the matter.

VIENNA, May 25.—The Turks to-day evacuated and the Austrians occupy the island of Ada Kaleh in the Danube.

GOTTON MANUFACTURE IN INDIA.

LONDON, May 25.—The Manchester Guardian says orders were received at Liverpool to ship American cotton for consumption in the mills of Bombay. It is intended with this material to commence the manufacture of shirtings and other medium classes of cloth in India. This cotton will pass into India duty free whilst goods made from the same kind of cotton in this country will pay an import duty of five per cent.

RUMORED SPLIT IN THE IMPERIAL CABINET.

LONDON, May 25.—International stock is suddenly very flat on the rumor of a trace in the British Cabinet. The rumor is not traceable to any reliable source. The Cabinet meets to-day for further consideration of Schouvaloff's proposals.

OBITUARY.

LONDON, May 25.—The Duchess of Argyll is dead.

AMERICAN.

LOOKING AFTER THE FENIANS. CLEVELAND, O., May 25.—The U.S. Revenue cutter, "Commodore Perry," has left for a cruise along the Canadian shore. This, with the fact that the steamer "Michigan" has received on board at Erie a Gatling gun and ammunition, causes the belief that the boats are on the lookout for Fenians.

AMERICAN AFFAIRS.

NEW YORK, May 25.—Washington special: The Tribune says the impression prevailed yesterday that the Democratic members of the Potter Committee are disappointed at the character of the evidence placed in their hands by the men who were instrumental in securing the enquiry. The Republicans expect to be able to show Mr. Tilden is at the bottom of the whole movement, and advanced the money which was to pay expenses of the agent sent South.

No consolidation of Indian agencies has been agreed upon. It is proposed to reduce the number of reservations placed in their hands by the number of lands from 39 to 8. The number of acres of land now occupied amounts to nearly twenty-two million, and will be reduced to about four million two hundred and fifty thousand. Thirteen million will be restored to the market, leaving to be sold in trust for the Indians nearly five million.

POLITICAL ITEMS.—The Conservatives held a meeting on Thursday night, at which Dr. Tupper delivered an address. Mr. Tallon, lawyer, and brother of Mr. Tallon of Montreal, is spoken of as likely to oppose Dr. St. Jean in the Conservative interest. It is understood here that the Government have decided not to bring on the elections until after harvest, the reports circulated to the contrary being erroneous.

THE GOVERNOR-GENERAL'S FOOT GUARDS reached Hull about 4 o'clock this morning. The Field Battery returned somewhat later. Gunner Robinson, who had both his hands shot off on Cartier Square recently, is likely to recover.

GUN ACCIDENT.—Milton McVeitty, a boy of 17, while handling a revolver yesterday, shot himself through the left hand. The ball passed through the hand tearing a hole about an inch in length.

THE QUEEN'S BIRTHDAY was celebrated in the quietest manner possible yesterday. The absence of the Governor-General's Foot Guards prevented a military display, and the horse races and Oddfellow's picnic furnished the only objects of attraction.

THE CONTRACT for the new St. John post office has been awarded to Messrs. Murphy & Jones of this city.

DROWNED.—A man named Berichon while shoveling logs in Booth's mill pond was drowned this morning. An inquest was held.

THE ASSESSMENT of the city this year is considerably lower than last. The incomes of the civil service officials have been assessed as usual.

REV. W. HUNTER preaches to the True Blues to-morrow.

THE LATE "GEN. O'NEIL."—In connection with the rumored Fenian raid, A. O. Connon, writes to the Free Press stating that "Gen. O'Neil, the Fenian leader, died of paralysis in St. Joseph's Hospital, Omaha, the 8th of January."

"THE CANADA GAZETTE" of to-day has not yet been issued.

THE GRAND LODGE of True Blues is at present in session in Ottawa. They were met by a procession on Thursday night, and among those responding to an address of welcome was Mr. Hunt, of Montreal.

THE "HANSARD" REPORT of the memorable Saturday sitting has been issued. The two speeches of Mr. Macdougall, of Three Rivers, of about three hours duration altogether, are condensed into considerably less than an ordinary newspaper column. Mr. Climon gets considerably less. Messrs. Methot, Oulmet, Orton and Castigan are reported pretty fully. Mr. Domville gets five lines, Rouleau five lines, Hagar part six lines, and Howell three lines, while Mr. Plumb's two hours hard reading does not appear at all, nor does Campbell's interruptions.

A BLUE BOOK containing railway statistics for 1876-7, has been published. The mileage of railways opened on 30th June, 1877, was 5,574 1/2, being an increase of 417 miles during the year. Of the above miles there are 80 miles of double track. The gages of the total mileage are as follows: 5 feet 6 inches, 539 1/2 miles; 4 feet 8 1/2 inches, 4,282 1/2 miles; 3 feet 6 inches, 672 1/2 miles; total 5,574 1/2. Miles laid with iron rails 1877, 2,783 1/2; 1876, 2,758. Miles laid with steel rails, 1877, 2,765 1/2; 1876, 2,737 1/2. The number of passengers carried was 6,073,233 against 5,544,814 in 1876, being an increase of 928,419 passengers. The tonnage of freight carried was 6,859,735 tons. The tonnage during the year ended 30th June, 1877, was 6,331,557, the increase amounting therefore to 528,178 tons. There was an increase over 1876-7 of 35,679. The increase per cent of freight on Grand Trunk Railway was 68,129; Great Western Railway, 43,152; Intercolonial, 79,131. The per cent of the expenses to the earnings was \$81.59 per cent in 1876-77 against \$81.63 per cent in 1875-76. The total bonded debt of the different companies is \$79,676,382.44, so that the above profit of the working would pay a dividend of \$4.33 per cent upon the bonded debt, as against \$4.67 per cent for the previous year. Number of passengers killed, 111; injured, 317, or one killed to 1,214,646 carried, and one injured to every 337,462 carried.

TORONTO.

(Special to the Witness, May 25.)

A SPECIAL MEETING of the City Council to-day it was decided to submit another by-law to the people providing for the lease of \$75,000 of debentures for the new exhibition buildings, and in place of its defeat to place that amount in the estimates for the year. This would make the rate of taxation 23 mills on the dollar. This decides that the exhibition will be held here.

IT IS EXPECTED Toronto's civic holiday will be the 12th August.

LIEUT. GOV. MACDONALD left here on Thursday for Cornwall. He will visit Montreal before returning home.

REV. B. B. USHER, D. D., Pastor of Christ's Church Reformed Episcopal here, preaches his farewell sermon to-morrow; he will assume charge of a R. E. Church in Montreal on following Sunday.

NO LESS than ten pleasure steamers carried excursionists from the city yesterday. Four years ago there were only four. The volunteers who went to Montreal are not expected to arrive here before three o'clock this afternoon.

ST. JOHNS, Q.

(Via Dominion Line, May 25.)

RAILWAY ACCIDENT.—Wm. Christie, tailor, of Waterloo, P.Q., says he entered the baggage car at the station here and remembers nothing more. It is supposed he was leaning out of the door, and was struck by freight cars on side track in the yard here. He is badly cut on the heaved neck, but is recovering.

WEATHER REPORT.

METEOROLOGICAL OFFICE, TORONTO, May 25, 10 a.m.—In the lower lake region slight changes have occurred in pressure with moderate to fresh south easterly to south-westerly winds, and fair weather. In the St. Lawrence, the pressure has decreased with moderate to fresh westerly winds, and cloudy weather with light local rains. This morning the pressure is lowest to the north of the lake region.

ent of the Agriculture and Arts Association. Great pressure was brought to bear to induce that gentleman to consent to withhold his decision regarding the Exhibition until Wednesday next, but he firmly declined, stating that he would give the city until Saturday night, at 12 o'clock, to answer as to whether it would guarantee the necessary accommodation, and then, if no arrangement was made, would start on Monday morning for Ottawa, and the next Provincial Exhibition would be held there. Mr. Stock emphatically insisted that the Crystal Palace was entirely unsuited for the purposes of an Exhibition, and that no expenditure of money could make it fit. A special meeting of the City Council is to be held this Saturday morning, when some definite understanding will be come to. At present the feeling is generally in favor of letting the Exhibition go, and the consequences are upon the heads of the members of the Property Owners' Association.

SEIZURE.—Stephen Dodson, a married man with a small family, residing on Ann street, committed suicide Friday morning by cutting his throat with a penknife. The jury at the inquest returned a verdict of suicide—financial troubles the cause.

GALT. THE LATE STEAMBOAT ACCIDENT.—The names of the last Wednesday by the steambow going over Blaine's dam are H. J. Jaffray, one of the proprietors of the Galt Reporter; James Montgomery, Edward Wren, Andrew Jackson, Jay Fraser, Fred. Cane, Robt. Elliott and David Scott. All the bodies have been recovered.

WHITBY. DEATH SENTENCE COMMUTED.—A telegram has been received from Ottawa by W. H. Higgins, of the Chronicle, advising that the sentence of death passed on Burk and McPherson has been commuted to imprisonment for life in the provincial penitentiary.

QUEBEC. WONDERFUL SUCCESS appears to attend the search for gold in the Chaudiere Valley. Two men exhibited at the Crown Lands Department this week, the result of their labor at the St. Onge Company's diggings for the space of a month, seven pounds of gold in nuggets. During the last few months the receipts of the Crown Lands Department for gold licenses have been over \$100 per month.

HALIFAX. ARRIVAL OF ADMIRAL INGELFIELD.—H. M. S. "Bellerophon," bearing the flag of Admiral Sir Astley Cooper Key, accompanied by H. M. S. "Argus" have arrived from Bermuda. H. M. S. "Sirius," the temporary flagship of Vice-Admiral Ingelfield, saluted the "Bellerophon" as she came up the harbor. Admiral Key proposed to anchor in the harbor, but the Vice-Admiral Ingelfield transferred his flag to the "Bellerophon" Friday afternoon.

A STRANGE VESSEL, seen off Barrington Harbor on Tuesday, and supposed to be a Russian cruiser, has created great consternation among the people living in the neighborhood.

SIR P. L. McDUGALL, the new commander of H. M. Forces in British America, with his family, arrived in the "Hibernian" on Friday. On landing he was received by a guard of honor and a military band. The "Hibernian" brought 310 soldiers, recruits for the Twentieth, Ninety-seventh, Artillery and Engineers now in this garrison.

THE GOFF-STEWART CONSPIRACY CASE. CONTINUATION OF EX-SOLICITOR GENERAL BAKER'S DEPOSITION.

In addition to the Railway company which Mr. Goff represented he also represented other incorporated companies, on behalf of which he had nominally retained the services of Buchanan and Baker, but he had never paid the retainers. The Montreal, Portland and Boston Railway runs through the district of Bedford, from which the business of the firm was chiefly derived, and there was a prospect of the company coming into conflict with a large number of proprietors in that district and there was a probability that the taking of retainers from the company would deprive us of business from other sources; in fact it did deprive us of such business, for McFarlane, contractor, applied for me, and I told him that being engaged for the company we could not of course act for him.

WHERE THEIR INTERESTS CONFLICTED. I had previously acted professionally for McFarlane and he paid liberally for services rendered.

I am not aware of any letter or correspondence having been anticipated. In fact except the letter of the second of March, 1877, from Goff to the firm, I do not remember to have seen any correspondence between Goff and the firm in reference to this matter, until the publication of the letter in the Herald, which was produced and shown to me by Mr. Buchanan.

I never got the letter of the eighth of March nor the extended statement referred to therein. He frequently referred to me and I may have received letters in that month, but I never received one with any such inclosure. It is not true that I upbraided him for having sent such a statement, or that I asked what the letters "S. S." meant. No such letters ever appeared on any documents or letters that I ever received from Mr. Goff or any one else.

The allegation that he paid me any money on the steps of the Union Bank is false. Payment by that draft for the articles purchased from him was made bona fide. I did not even know where the Union Bank was until since the publication, believing as I did that it was on the corner of the French Square. It is not true that at Ponaventure Station I ever asked him for the payment of any sum of money whatever.

After the receipt of his letter of the first of December I mentioned the circumstances to different persons, stating the fact that Goff was attempting to blackmail me. Before the publication of his letter in the Herald of the twentieth of April, Goff had several times demanded money from me, and used threats as to what he would do if he did not get it. He wrote me, and I got word from a third party to that effect, but I invariably treated his threats with contempt.

This was shortly before the elections and I have reason to believe that the defendants conspired together to publish, and that they each of them did publish or cause to be published the false statements contained in the said letters for the purpose of injuring me, which letters appeared in the Montreal Herald newspaper already filed and named "A" and in a weekly edition of the same paper dated the 25th of April now filed and named "B." I desired to state the facts herebefore set forth in this supplementary examination as fully and as much in detail in my original information as they are stated here, but was over-ruled by my Counsel on the ground that it was unnecessary.

Mr. Baker's cross-examination was postponed until Monday morning.

A QUAKER'S WISH. To John Duggill & Son. Dear Friends,—Please be so very kind as to speak as mild as possible towards the Catholics, and you will be serving Almighty God.

THEOPHILUS MENGE, a Quaker. P.S.—I wrote the above because it seemed right for me to do so. Woodford, May 19, 1878.

LETTERS FROM READERS.

LETTER FROM AN ORANGE AUTHORITY. Sir,—Your paper of late has teemed with articles on the "Orange Question," and suggestions come as thick as dry leaves drift before an autumn wind, as to what should be done. One Franco-Canadian Alderman is shocked by the proposal (certainly not made by us), to do away with all processions, including the Fête Dieu, and falls into what appears to be to him, the very comforting error that it was guaranteed to his nationality at the time of the Conquest, while the contrary is the fact, as they only inherited the British penal laws. Another irate Irish Alderman (Donovan) raises a howl, evidently practiced at an Irish wake, at the bare suggestion of doing away with the St. Patrick's procession, but is quite ready to join hands with the other in loving amity when there is a word about Protestants going in a body to church. "Ah, the curse of Orangemen (and what him Protestant and Orangemen appear to be equal), they have no business here, this is a Catholic city. They are an importation of recent date."

Sir, the Oka Indians should take a hint from them and callously for the banishment of the Gentlemen of the Seminary and the restoration to them (the Oka's) of their property; they and their institution are the importation of a few years ago or less. Was St. Patrick an aboriginal of Canada and his natal day to be celebrated here on that account, and so on with all the Saint days which fill our calendar, or were they not all imported?

I rather think that plain pretending "William of Orange," although clearly an importation, was the most pretentious one that England has engaged in for many a century, for he gave true liberty and a free church and open Bible both to Great Britain and Ireland, and that is why we celebrate the day that crowned it all and not for the purpose of exulting over other nations yet we see Protestants ready to give all this up to attain a false peace, for false it must be, when it only exists at the good pleasure of ignorant fanatics, and they only of one race, who are always disturbers and turbulent wherever they go. But, sir, the Orangemen whether few or many will always insist on their rights—and you do not seem to be perfectly understood, and no Government in this country can legislate that right away. But they would willingly join in founding one grand national festival, say on either St. Jean Baptiste or Dominion day, and adopt the maple leaf as a badge, but they will not be told that their day only is to be tolerated. Sir, there is not the most distant analogy between the Orange association and the Catholic Union, for the one is ever ready to defend the Queen and Constitution, the other to overthrow it at the first opportunity. What greater insult can be offered to Her Majesty than even to suppose that she would be guilty of breaking the solemn oath taken at her coronation to maintain the Protestant religion, and that only could release us. The editor of the Witness shows himself disrespectful to Her Majesty by writing such trash.

A writer in your paper signing himself "B," coolly proposes that some of the leading Orangemen should meet the leaders of the Catholic Union, and others of that ilk. Well, they have a lively recollection of meeting one or two of them, mixed up in more respectable company, last year. Perhaps he would tell the public how they would meet. No more meetings with such persons if you please. Mr. B.; you will only meet them hereafter in open warfare if forced to do so, but no more such conferences for us.

In conclusion we wish our opponents to distinctly understand that we ask no society or body, either religious or national, to give up celebrating any day they chose in their own way, without molestation or interference from us, and that we will claim and exercise the same rights, and if the authorities will not agree to protect us in these rights, then, and in that case, we will call to our aid those who are both able and "willing" to help us in doing so, never doubting that the country will hold the Mayor and Corporation to strict account if the atrocities of last year are repeated.

The fourth objection was answered by its being shown that an arrangement of the lessons with reference to the church year render necessary an entire change of the plan which could hardly be expected when it is remembered that a large number of those represented by the committee do not desire it. It was also pointed out that while there could be no incongruity in considering any Bible lesson, at any time, others might be occasionally substituted for those in the series, while a general adherence to the course was maintained.

How satisfactory Dr. Randolph's paper may have been as a defence of the Uniform Lessons, it was felt by many that there was nevertheless a want for the supply of which Dr. Vincent offered a valuable suggestion in an address on

THE SUPPLEMENTAL LESSON. I. It is the duty of the Church to teach what every Christian should know: 1. The claims of the Holy Bible as the Book of God, and as the standard of faith and practice for all men.

2. The destruction and contents of the Holy Bible—its facts, principles, laws and privileges.

3. The exact language of the Holy Bible, especially in its doctrinal, didactic and devotional portions.

4. The wise, rich and suggestive formulas of theological truth which are embodied in the creeds and catechisms of the Church.

5. The devotional literature of the Church, especially its sacred hymns.

6. The principal characters and events of Church history.

7. The rise, progress and distinctive doctrines and usages of the particular branch or denomination of the Church which represents to any individual or class the highest form of Christian thought.

8. The evangelical basis of all missionary and social effort for which the Church is responsible, and the facts which demand and inspire such effort.

II. It is the duty of the Church to teach the contents of the Holy Bible in the wisest manner possible, adopting the best method of secular educators in communicating divine truth.

III. The value of the studies supplied by the new system, and of the studies rendered essential leads us to enquire whether we may not with the International system, combine a series of lessons which shall meet the growing demand for the best features of the old scheme, remove honest difficulties and objections, and thus greatly facilitate Bible study in the Church.

In reply to this question he suggests a supplemental scheme of Sunday-school lessons, concerning which he remarked that:

1. This scheme is not designed as a substitute for the International series. It will occupy but ten minutes a Sabbath.

2. It will call attention to the wide range of subjects embraced in a thorough Biblical education.

3. It will encourage home, pulpit and pastoral co-operation, and the organization of classes outside of the Sabbath-school session.

THE INTERNATIONAL SUNDAY-SCHOOL CONVENTION.

HELD AT ATLANTA, GA., APRIL 17TH, 18TH AND 19TH, 1878. To the Committee of the Canada Sunday-School Convention. GENTLEMEN,—Having had the honor to be the delegate of your Society to the International Sunday-School Convention of 1878, it is my duty to present to you a report of the proceedings of that Assembly.

The Convention met at the time appointed in the First Baptist Church at Atlanta, a large, well-lighted and well-ventilated building, tastefully decorated for the occasion with flags, flowers and appropriate mottoes. The pews on the floor were reserved for the delegates, who were nearly 500 in number, and represented thirty-seven States and Provinces. The seats in the capacious gallery and in the aisles were free to visitors, and were filled at most of the meetings.

It would be impossible to furnish in a reasonable space a detailed account of the proceedings of the Convention, for its meetings occupied three days, from half-past nine in the morning till ten or eleven at night, with only short intervals for refreshments, and were addressed by more than sixty speakers. I must therefore attempt more than a brief reference to its general outline and most important features. The programme placed in the hands of the delegates intimated that the time of the Convention would be devoted to the consideration of S. S. work:—1. Reported; 2. Defined; 3. Furnished; 4. Promoted; and it more clearly intimated as that after the opening speeches of welcome and response we were to hear oral and written reports of committees and organizations and addresses on the work of the International Lesson Committee, the True Basis of S. S. Work, its Relation to other Agencies, the Possibilities of its Future, the Uniform Lesson, the Supplemental Lesson, the Workers' Qualifications, State and Provincial Organizations, Conventions and Institutes, Normal Instruction, and on Christian Love and Sympathy. With a single exception this programme was strictly adhered to, and its topics in almost every instance were presented in a clear, forcible and pleasing manner. It was seldom that the speaker failed to create interest in his subject or that the hearer listened without pleasure and profit.

At the S. S. Convention, held at Indiana on the 19th of April, 1872, a committee was appointed to select for a series of years not to exceed seven,

which should as far as possible embrace a general study of the whole Bible, alternating between the Old and the New Testament, semi-annually or quarterly as preferred. It was also a committee reported to the Convention at Baltimore in 1875 and received its cordial approval of the work so far accomplished. Having now completed the task assigned it, the Lesson Committee, through its secretary, the Rev. Dr. Warren Randolph, presented its final report to the Atlanta Convention. While the selection of lessons made by the committee had met with general approval it had also been subjected to criticism, to which it was deemed advisable to refer. The objections urged against the method pursued by the Lesson Committee were thus stated and answered. It has been said, 1st, That the lessons selected are "fragmentary or scraggy," giving superficial views of the Word of God; 2nd, That they leave no room for teaching the doctrines of the denominations; 3rd, That they do not give sufficient prominence to "reforms and missions"; 4th, That they are not arranged with reference to the "church year." In reply to the first of these objections, it was said that it had not been found possible to indicate a more consecutive study of the Bible in a seven year course of lessons; that the one selected had been used in some instances for studying the Scriptures consecutively; that it was well adapted for such a study as any other could be; and that it was not more fragmentary than preaching usually is. In answer to the second objection, it was urged that a course of lessons which covers the whole Bible must include the essential doctrines of most denominations; and that the lessons selected had not omitted any vital truth from Genesis to Revelation. The third objection might be considered met by the reply given to the second one, for if the reforms and missions referred to come within our purview at all, they must be embraced in a course of lessons extending over the whole Bible; but it was added that if it were deemed desirable to give greater prominence to such subjects, the last Sunday in each quarter might be devoted to them instead of being employed in reviewing the lesson.

The fourth objection was answered by its being shown that an arrangement of the lessons with reference to the church year render necessary an entire change of the plan which could hardly be expected when it is remembered that a large number of those represented by the committee do not desire it. It was also pointed out that while there could be no incongruity in considering any Bible lesson, at any time, others might be occasionally substituted for those in the series, while a general adherence to the course was maintained.

THE QUEEN'S BIRTHDAY was enthusiastically celebrated in this city yesterday. Of course the review and sham battle on Fletcher's field were the main center of attraction and the battle grounds swarmed with spectators, while the green of the mountain's brow was black with the myriads of onlookers who preferred a bird's-eye view of the stirring scene below.

HARD TIMES.

The times are hard. So they say. Well, what is it that we want? Are we short of food? Ask the dealers in all kinds of provisions. Breadstuffs are plenty and hard to sell; beef is cheap; pork is lower than it has been for many years; butter is also unusually low for the season.

instance, if we could reduce the number of tradesmen and traders by say one-fifth, and abolish the loafing classes, and set the men thus thrown out of work and the loafers to work on well managed farms, it would not be long before the hard times would be forgotten and all classes would rejoice in general prosperity.

ARRIVAL OF HIS EXCELLENCY AND STAFF. Shortly before noon His Excellency the Governor-General came upon the ground, and was received with the general salute along the entire line.

THE QUEEN'S BIRTHDAY. HOW IT WAS CELEBRATED IN MONTREAL—THE SHAM BATTLE. Notwithstanding that the weather during the week previous to the 24th had been such as to lead our citizens to apprehend that Her Majesty's birthday celebration would probably be marred with rainy weather the day opened bright and clear with a pleasant cool breeze blowing.

THE ARRIVAL OF HIS EXCELLENCY AND THE TROOPS. His Excellency the Governor-General arrived at the Bonaventure Depot on Thursday evening about 9.30. Long before that time the streets were crowded with citizens eager to extend to him a cordial welcome by their presence, and a guard of honor, consisting of 100 men of the Prince of Wales Rifles under the command of Major Bond, formed a double line along the platform and saluted His Excellency as he passed, accompanied by Captain Ward, Colonel Littleton and Mr. Hamilton.

THE MARCH PAST. The first attack was commenced by a fire from the guns of the Ottawa Field Battery, which was placed upon a rising ground in a sort of a lane above the position of the Queen's Own and the 8th Fusiliers.

FLETCHER'S FIELD. In the meanwhile, crowds began to collect on the cliffs of the mountain overlooking Fletcher's Field, on the road leading to the summit of the mountain and in the Review grounds. This latter was the great objectionable feature in the Review. Civilians were mixed up with the troops, every movement of whom was followed by a regular stampede which detracted of course from the pleasure which that review was intended to afford.

THE ARRIVAL OF THE TROOPS. The troops began to arrive on the grounds shortly after 10 o'clock, but owing to the delay in the Grand Trunk train bringing in the Queen's Own, it was after 11 o'clock before this battalion reached the field. The troops were drawn up in line, extending from the Hotel Dieu up to the road at the extremity of the field.

THE QUEEN'S BIRTHDAY. A lady standing near the guns of the Ottawa Battery, frightened by a discharge, fell, and a carriage passed over one of her legs. She was immediately removed from the field.

ARRIVAL OF HIS EXCELLENCY AND STAFF. Shortly before noon His Excellency the Governor-General came upon the ground, and was received with the general salute along the entire line.

DEURING THE INSPECTION. A pleasing incident occurred. When His Excellency reached the Montreal Garrison Artillery he called out Colonel A. A. Stevenson and on behalf of the Artillery Association presented him with a splendid field glass, the gift of that body.

ANOTHER PLEASING INCIDENT. occurred when His Excellency and staff, having inspected the line rode back in front of the American company, the "Barlow Greys." Addressing their officer in command, Captain Culver, His Excellency said:

"Can I address a few words to your company? Only too happy, Colonel," was the reply. His Excellency after having been introduced to the other officers spoke as follows:

SOLDIERS AND CITIZENS OF THE GREAT AMERICAN REPUBLIC.—I cannot allow the opportunity to escape of expressing to you, both on my own behalf, on behalf of the Government and country, and on behalf of Her Gracious Majesty, whose representative I am, the extreme satisfaction which I experience in thus being able to welcome you as guests in the name of the people of Canada to the soil of the Dominion.

THE SHAM BATTLE. "The march past" over the Montreal Garrison Artillery, "B" Battery, the two Companies of Engineers, and the St. Jean Baptiste Infantry, with the two guns of "B" Battery, took up a position on the high ridge at the east face of the mountain, Lieut. Col. Fletcher, D. A. G., in command.

THE FIRST ATTACK. The first attack was commenced by a fire from the guns of the Ottawa Field Battery, which was placed upon a rising ground in a sort of a lane above the position of the Queen's Own and the 8th Fusiliers.

THE SECOND ATTACK. The second attack was commenced by a fire from the guns of the Ottawa Field Battery, which was placed upon a rising ground in a sort of a lane above the position of the Queen's Own and the 8th Fusiliers.

THE THIRD ATTACK. The third attack was commenced by a fire from the guns of the Ottawa Field Battery, which was placed upon a rising ground in a sort of a lane above the position of the Queen's Own and the 8th Fusiliers.

THE QUEEN'S BIRTHDAY. A lady standing near the guns of the Ottawa Battery, frightened by a discharge, fell, and a carriage passed over one of her legs. She was immediately removed from the field.

DINNER AT THE WINDSOR.

His Excellency the Governor-General and staff, Lieutenant-General Smyth and staff, and the officers of the battalions who visited the city yesterday were entertained to a dinner at the Windsor Hotel by the officers of the Montreal City Brigade.

At the conclusion of a sumptuous repast, the usual patriotic toasts were honored, and eloquent speeches made. In reply His Excellency the Governor-General said:

GENTLEMEN.—I thank you most heartily for the cordial manner in which you have drunk my health. I should have felt that one of the pleasures to which my office legitimately entitles me, had I been compelled to leave Canada without taking part in such a celebration as the present.

And, gentlemen, if this cloud—or rather phantasmal exhalation—be dispersed along our southern boundary what is there behind it in that direction but lilliputian sunshine, and the prospect of perpetual peace? (Cheers.) It is true, even so, we are still liable to invasion, and today we have witnessed how soldier-like and martial is the array of our southern neighbors.

THE PERFECT REFRIGERATOR. KIMBALL'S PATENT.—Patented Aug. 7th, 1874. By the peculiar construction of this patent, the air is dried and purified by continual circulation through the ice, securing dry cold air. The Refrigerator is capable of work with two layers of felt between, thus avoiding the hot winds and poisonous odors from the chemical action of acids on the surrounding zinc, with which the ordinary refrigerators are filled. Scrubbing is entirely unnecessary, and therefore a great saving of labor. Built any desired size up to one hundred feet. Special attention given to hotel-keepers, butchers, grocers, &c. Parties who have them in use—Windsor Hotel; Hart, Marion & Co., 119 McGill street; Ottawa Hotel; Alex. Gentry, 10 and 12 Radisson st. Manufactured under the Personal supervision of the Patentee, 85 OATHAM STREET, Montreal.

PRIZE MEDALS. Have been advertised on all hands by exhibitors of goods at different exhibitions and fairs, but it is doubtful if any have been more fairly earned than those obtained by B. LEDOUX, No. 125 St. Antoine street, CARBON AND SEBIGH MAKER. His last honors were taken at the Sydney Exhibition, and were well as at home, well deserve the highest rank as good workmen. The fact that Messrs. Ledoux's hand-made vehicles have gained the admiration of nearly every visitor to the city, and that there is hardly a witness account of the city which fails to mention them, gives Mr. Ledoux the very highest manner of credit for his workmanship, which fact is so general a matter, impressed itself even upon the character of the city. His new designs for stoves are more attractive than any of his before.

COLONNE FRANCAISE.

UNE GOUTTE DE ROSEE.

Sur le sommet d'un rocher sombre, Hier j'admirais une fleur Qui des vents battus et sans ombre Brillait d'une vive fraîcheur.

Aux feux du jour, à la tempête, Elle étalait la pourpre et l'or, Et, tremblant pour sa jeune tête, Hélas! moi je plaignais son sort!

Encore aujourd'hui cette plante Bravait l'orage et le soleil; Ni soufflé ni chaleur brûlante N'avait flétri son front vermeil.

En vain je cherchais à comprendre Comment, sous le ciel en courroux, Une herbe si frêle et si tendre Résistait seule à tant de coups.

Lorsqu'avec un regard avide, Sur sa tige m'étant perché, Je vis un diamant liquide Au fond du calice caché.

Ce bienfait de la Providence Versé chaque nuit par les cieux, Était là comme l'espérance Au fond du cœur d'un malheureux.

Or, d'une pieuse pensée Mon esprit tout-à-coup saisi Devant la goutte de rosée Demoura comme anéanti.

VTE. DE LAUREN, (Le National.)

BULLETIN.

PARIS compte vingt banquiers ou autres millionnaires protestants.

M. E. GRAVES, de la Côte-St-Anoine, a des abeilles qui ont essayé le 19 mai, environ un mois plus de bonne heure qu'à l'ordinaire.

A TORONTO, des communications au moyen du téléphone ont été établies entre toutes les stations de police.

LES EMIGRANTS qui se rendent au Manitoba sont prévus d'arriver à leur destination, ils sont assaillis par des agents qui font tout pour les détourner et les faire s'établir aux Etats-Unis.

MILLE QUATRE-VINGT-SIX émigrants ont débarqué mardi à Castlegarden, à New-York. C'est le plus haut chiffre qui ait encore été atteint cette année. La plupart sont des Italiens, des Prussiens et des Bohémiens.

LE SOIXANTIÈME anniversaire de la naissance de la reine Victoria, le 24, a été célébré avec un plus grand éclat qu'on ne l'a vu depuis bien des années. La présence du gouverneur général Dufferin y a sans doute contribué.

M. CLARK, l'homme le plus riche de l'Australie, et qui n'en est pas le moins vain, vient de commander un service de porcelaine en Angleterre au prix de \$35,000. On rapporte que la reine, à laquelle on la fait voir, l'a trouvée si belle qu'elle en a commandé un pareil.

LE CONSEIL catholique de l'Instruction publique auquel étaient présents les évêques de la province a condamné la réduction de \$4,000, \$5,000, par le cabinet Joly, des appointements de M. Ouimet, surintendant de l'Instruction publique. Donc pas de retranchement, mais des taxes.

IL EST question, en ce moment, d'un voyage d'exploration très-intéressant, qui doit être fait sur un yacht à vapeur, par M. Jules Verne, accompagné de son frère, ancien lieutenant de marine, de M. Raoul Duval et de M. Hétzel. Ce voyage doit durer deux mois et demi. Les touristes longeront les côtes d'Espagne, du Portugal, d'Afrique, iront à Malte, et de là en Orient.

LES MAHOMÉTANS de Lazistan préchent en faveur d'une guerre de religion. A Constantinople, se forme un comité pour leur fournir des armes et les encourager à ne pas céder Batoum.

Un correspondant de St.-Petersbourg dit que, comme on est encore loin de la certitude de la paix, les préparatifs militaires se continuent activement. Les Russes d'Erzeroum ont reçu un renfort de 10,000 hommes. La fièvre putride ravage les garnisons. L'insurrection à Lazistan contre les Russes se répand. On estime de 10 à 15,000 les Russes qui font une guerre de guérilla contre les Russes. L'armée serbe est sur un pied de guerre complet et toutes les troupes ont été envoyées sur la frontière russe et l'ancienne Scyrie.

TROP DE GENEROSITE.

La Minerve commence-t-elle à se fatiguer de la politique? Nous ne savons; mais toujours est-il qu'elle semble vouloir se tourner à la comédie. Ecoutez-la:

"Aux catholiques, nous disons: 'Soyez modérés, généreux à l'égard des protestants; accordez-leur ce qu'ils demandent.' Le Witness hurle aux protestants: 'Les catholiques nous maltraitent, nous persécutent; toute l'autorité est dans leurs mains. Allez vous longtempes encore subir leur tyrannie!' Les protestants ont beau chercher, ils ne trouvent aucun grief contre nous, mais on leur répète la chose si souvent qu'aux élections, un grand nombre votent contre les candidats ostracisés par le Witness."

Après avoir lu ça, suffit-il de lever les épaules et partir? Doit-on rire? Doit-on se fâcher et lancer la foudre à la façon des journaux français du pays? Déserter tous les jours le dictionnaire pour les jeter à la figure du prévaricateur!

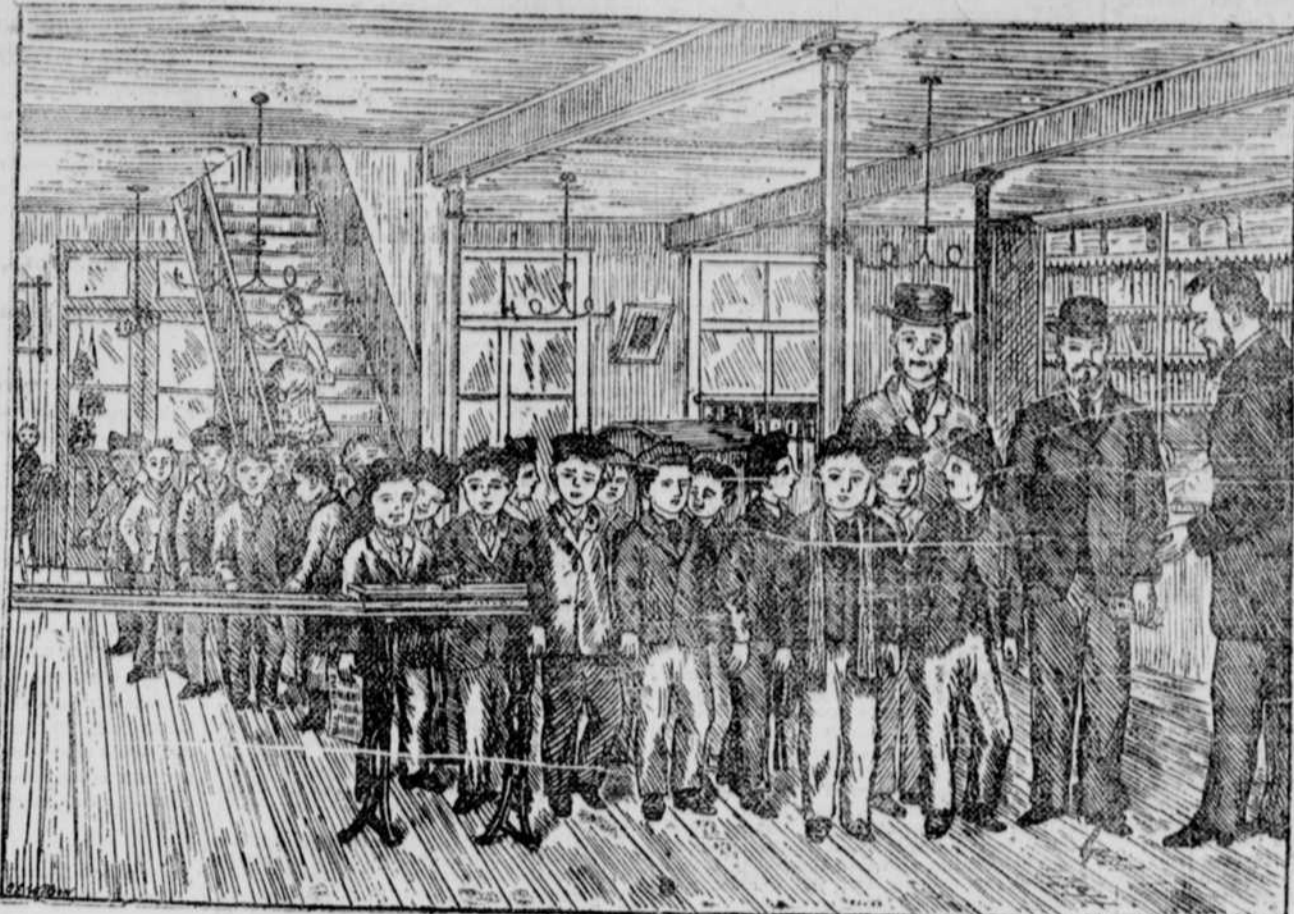

Oh! non, c'est trop laid. Il vaut mieux laisser cela à ceux qui ont toujours les doigts dans l'eau bénite et que quelques jolies sommes, comme par exemple \$55,000, empêchent d'être bêtire. La Minerve qui, soit dit en passant, a fait la trouvaille de ce mot pour nous l'appliquer, a une leçon à apprendre à la mauvaise foi; mais ça n'y fait rien, elle n'avait peut-être pas ses lunettes. Respectons la vieillesse, même quand elle est grosse.

Nous serions bien curieux de savoir dans quel article, dans quel discours, dans quelle circonstance la Minerve a recommandé aux catholiques d'être modérés et généreux envers les protestants. Elle a en vue de la faire, il n'y a pas de doute, puisqu'il lui est resté dans l'esprit qu'elle l'a fait. Soyons-lui reconnaissants pour ses bonnes intentions.

Quant à avoir recommandé de nous accorder tout ce que nous demandons, on voit que l'âge avancé lui nuit, c'est évident; ces idées perdent leur lucidité d'autrefois. Ce serait là prêter une chose fort dangereuse à son point de vue, car nos demandeurs deviendraient peut-être trop nombreuses pour son goût.

Voici entre autres deux choses, assez importantes selon nous, que nous aimerions à demander et surtout à obtenir.

D'abord, de bonnes écoles élémentaires, enseignées par de bons instituteurs ou de bonnes institutrices, afin que nos concitoyens apprennent à lire et à écrire, et que dans dix, quinze ou vingt

POND'S EXTRACT. THE PEOPLE'S REMEDY. THE UNIVERSAL PAIN EXTRACTOR.

NOTE: Ask for Pond's Extract. Take no other.

POND'S EXTRACT, the great Vegetable Pain Destroyer, has been in use over thirty years, and for cleanliness and prompt curative virtues cannot be excelled.

CHILDREN.—No Family can afford to be without Pond's Extract. Avoided by Brains, Constipations, Cuts, sprains are relieved almost instantly by external application.

LADIES find it their best friend. It assuages the pains to which they are peculiarly subject—namely, neuralgia, headache, toothache, etc.

Hemorrhoids or Piles find in this the only immediate relief and ultimate cure. See case, however, in our obituary, can long resist its regular use.

Varicose Veins.—It is the only sure cure. Kidney Diseases.—It has no equal for permanent cure.

Headache from any cause.—For this it is a specific. It has cured hundreds of lives when all other remedies failed to afford relief from nose, stomach, lungs and elsewhere.

Toothache, Earache, Neuralgia and Rheumatism are all alike relieved and often permanently cured.

Physicians of all schools who are acquainted with Pond's Extract of Which Hazel recommends it in their practice. We have letters of commendation from hundreds of Physicians, many of whom enter it for use in their own practice.

To FARMERS.—Pond's Extract.—No Stock Breeder or Farmer can afford to be without it. It is used by all the leading Livestock Dealers, Street Vendors and Best Horsemen in New York City. It has no equal for Sprains, Bruises, Sore Throats, Stiffness, Swellings, Cuts, Lacerations, Headaches, Painful Cuts, Diarrhoea, Cholera, Colic, etc.

CAUTION.—Pond's Extract has been imitated. The genuine article has the words "Pond's Extract" blown in the glass of the bottle. Beware of cheap imitations. Persons living who ever knew how to prepare it properly. Refuse all other preparations of Which Extract. This is the only article used by physicians in the hospitals of this country and Europe.

HISTORY AND USES OF POND'S EXTRACT, in pamphlet form, sent free on application to POND'S EXTRACT COMPANY, 98 Maiden Lane, New York.

LAST EDITION. QUEEN'S BIRTHDAY.

THE LACROSSE MATCH. A VICTORY FOR THE INDIANS.

The lacrosse match played yesterday afternoon, under the distinguished patronage of Her Excellencies the Earl and Countess of Dufferin, was an epoch in the history of the game long to be remembered. There were over 2,000 spectators on the ground, and in the centre of the grand stand a cover was erected and a carpet laid for the Vice-Royal party, who arrived some minutes after the play had commenced. The names of the Montreal players were given by the Writings of the 23rd inst., and the following are the names of the players: Black Peter, goal; Kerowans, goalkeeper; Daillebout, cover point; Joe Mack, Michael Daillebout, Francis Strong Arm, James Peter Parkyn, Thomas Dominique, Jacques Racine, John Phillips, Peter Pratt, Agnes de Zaver, and Francois Daillebout, captain.

ST. GEORGE'S SOCIETY CONCERT.

The excellent programme advertised for this concert, which was held in the Victoria Hall, induced the attendance of a large number of people notwithstanding the many counter attractions for the evening. Rev. J. F. Stevenson delivered a very interesting address. The musical programme, under the conductorship of Mr. Hecker, was very good, Madame Vincent taking part by singing "Cherry Ripe" and "Bloom on my Rose." Miss Lusher, one of her pupils, sang "For You" and was enthusiastically applauded. Mrs. Hecker sang "Come Lads and Lassies" in her usual good style. The gentlemen soloists were Messrs. J. K. Martin, Hausgen and Brandt.

INCIDENTS.

HOW THE BOWDENS CELEBRATED THE DAY. Usually the courts are busy after a holiday, but to-day they were extraordinarily so, there being 91 names on the Recorder's Court sheet. Six youths were fined \$2 or 15 days each for firing fire-crackers through various parts of the city, and in Logan street a fire ball was kicked by a crowd, who thought less of endangering the surrounding property than of their momentary amusement. A detachment of police, however, interrupted the sport, and to-day Alism Bissonette, 42, storeman, and Joseph Beauchamp, 13, laborer, paid a fine of \$5 each or one month. On St. Martin street several youths thought it excellent sport to set fire to a pile of rags saturated with coal oil, but while it burned brightly away one of the youths was being taken to the station, and this morning Philomene Mallet, 14, was fined \$1.50 or 15 days. Another fire ball lighted up College street, for which James Smyth had to pay \$2 or 15 days.

THE REVIEW—AFTER THE BATTLE.

Concerning the unfortunate accident, by which young Farmer, of the Queen's Own, had his face severely injured, a member of the latter regiment stated to our reporter that the artilleryman who fired the cartridge into his face rushed out from his line to do so, and look at him angrily. Some one said he fired at him, another member of the same corps, Mr. Shepherd, also retired from the field with a scorched face. Not the least fortunate of the visiting corps was the 8th of Quebec, who were nobly looked after by the Fifth Fusiliers. The Fifth regaled their guests with dinner at the leading hotels.

THE MONTREAL GENERAL HOSPITAL.

ANNUAL MEETING OF GOVERNORS. The annual meeting of the Governors of the Montreal General Hospital was held on Thursday in the Governor's Room. Mr. Andrew Robertson, Vice-President, occupied the chair, and after calling on the Rev. Dr. Adams, read a report signed by about twenty of the Governors, asking that the meeting be adjourned until Tuesday, the 28th inst. On being put to the vote this was decidedly negative.

THE ELECTION OF OFFICERS.

by ballot, for the ensuing year was the next business. It resulted in the re-election of Mr. Peter Redpath, President; Mr. Andrew Robertson, Vice-President; Mr. Thomas Davidson, Treasurer; R. P. Howard, M.D., Secretary, and Messrs. Wm. Lunn, John Pilon, John Shilling, T. M. Bryson, C. J. Bergey, O. S. Wood, A. F. Grand, James H. D., Chenevix and Charles Alexander, committee, the last being the only new name. Mr. Alexander having been elected in place of Mr. John Rankin, who declined reelection. Votes of thanks were then moved and carried unanimously to the clergymen and congregations of the churches in which collections had been made; to the committee of management; to the medical board of the Hospital; to the gentlemen who have taken up subscriptions; and to the employees of the manufacturing and other business establishments of the city from whom subscriptions have been received.

ATTENDING PHYSICIANS.

was next proceeded with. The secretary read a letter from Dr. Drake declining reelection on the ground of impaired health. Dr. Campbell moved that Dr. Drake be placed on the committee, which was carried unanimously. After considerable discussion as to the mode of voting, the following were elected vice president as attending physicians and surgeons for the ensuing year:—Wm. Wright, M.D., John Reddy, M.D., G. E. Fenwick, M.D., George Ross, A.M., M.D., R. T. Godfrey, M.D., T. G. Reddick, M.D., Geo. Wilkins, M.D., and Wm. Oler, M.D. The following were re-elected attending physicians and surgeons:—G. P. Girard, M.D., M.D., Thos. Simpson, M.D., Geo. W. Major, M.D., and W. A. Molson, M.D. For oculist and aurist: F. Butler, M.D., M.R.C.S.E. For resident medical officer and house surgeon, W. H. Burland, M.D. For assistant house surgeon, James Bell, M.D.; apothecary, W. D. Oakley, M.D.

POLITICAL NOTES.

The Liberals of Kent have nominated Mr. Hugh MacMahon as their candidate. The Premier and the Minister of Inland Revenue have announced their intention to be present at the first Reform demonstration of the summer, which will come off in Lindsay on Tuesday next. Mr. F. W. Glen, of Ottawa, a leading manufacturer, will, it is thought, be chosen by the Liberals of South Ontario to oppose Hon. T. N. Gibbs, the Conservative candidate.

WILSON VS. THE CITY AGAIN.

In pursuance of his promise, Ald. Wilson, as executor of the estate late Hon. Chas. Wilson, Thursday, through his attorney, Mr. E. Barnd, instituted a suit against the corporation of Montreal to recover \$8,200 for interest alleged to be due on the expropriation claim of plaintiff, the principal of which some \$14,000 was upon a mortgage issued against the city in 1854, and the corporation on the 14th inst. The interest claimed has accrued since the 1st May, 1868, and the corporation refused to pay it. Having been defeated in every appeal the case was carried to the Privy Council, and the judgment against the corporation there confirmed—the costs to the city in this matter have, it is said, already amounted to over \$10,000.

THE FIREWORKS AND PROMENADE CONCERT.

Notwithstanding the dampness of the ground, and the lowering of the sky, as many as 3,000 persons assembled on the Montreal Lacrosse Grounds in the evening to enjoy the promenade concert given by the splendid

band of the Victoria Volunteer Rifles, and the grand display of fireworks by Prof. Hand, of Hamilton. The latter was most successfully carried out, although the rain began to come down in great quantity before the conclusion of the Exhibition, hastening its completion. The rockets were in great and beautiful variety of colors, and the "Falls of Niagara," the bombs, balloons, &c., were all much admired; but the most beautiful and astonishing of all were the revolving wheels of fire, which seemed to display the height of pyrotechnical science, being of surpassing splendor and brilliancy. The display ended with an illuminated British coat of arms, which was duly cheered, after which the band played the National Anthem and the dripping spectators hastened home for shelter. A dramatic entertainment was given by the 6th Fusiliers at the Academy of Music in honor of their Excellencies the Governor General and Lady Dufferin.

left here to take charge of the military stores on St. Helen's Island. VERDICT.—The Coroner's jury, in the case of Laurent Verreault, who died suddenly a few days since, brought in a verdict of "Death from cerebral apoplexy." SILK ROBBERY.—During last night burglars entered the wholesale store of Messrs. Brown, Taylor & Co., 102 McGill street, and stole some \$500 worth of silks. ARREST.—This afternoon Detective Riché arrested Elzevir Jobin on suspicion of being implicated in the robbery of the man Bolland, of Yamachouic. This is the third arrest in this case. LACROSSE.—The match at St. Lambert yesterday afternoon between the "Britannia" and the "Hawthorn," resulted in favor of the latter. The "Britannia" was one game, Monk putting the ball in the "Hawthorn" won three, Mackwood taking the first and W. Ferns the remaining two. CARRYING A REVOLVER.—George W. Brock, 28, a hotel-keeper, was arrested last night for loitering, and a loaded revolver fell out of his pocket while being taken to the station. He was arraigned before Mr. Deputy Recorder Judah this morning, and fined \$50 or three months in jail with hard labor.

THE CALEDONIAN SOCIETY last Thursday evening nominated Mr. A. McGillivray President; Mr. Thomas Kolin, 1st Vice do; Mr. R. H. Seath, 2nd Vice do; Colonel A. A. Stevenson and Mr. Peter Fulton, as delegates to the annual Convention of the North American United Caledonian Association, which assembles in Jersey City on the 3rd and 4th of July next. SAILORS' INSTITUTE.—The sailors in port held a concert last evening at the Institute, at which about 300 were present in addition to about 400 citizens, who had been invited by Rev. Gavin Lang having an appropriate address. The concert concluded with a hearty rendering of "God Save the Queen." BODY FOUND.—On Thursday two young men named Adolph Perreault and Desrosier found the head and upper portion of a man's body in the water at the head of Nun's Island. They notified the Sergeant at the St. Gabriel Police Station, and Acting-Sergeant McCambridge, of Point St. Charles, recovered the body. It was removed the morgue, and the Coroner was notified. THE ANNUAL MEETING of the French Protestant Congregation of the Craig street Church was held last Wednesday evening. Mr. A. Boisseau, Treasurer, read his report, showing the annual receipts from all sources to be \$113,52. Besides paying the pastor's salary and other ordinary expenses, the church has been supported in the maintenance of the church during six or seven months. On the 15th of May the debt against the church was \$99.24.

MISS SARAH SHEA's funeral took place this afternoon from Mr. Symington's, 117 Fulford street, where she had been lying sick for some time back. Rev. Mr. Foster performed the funeral service and the Rev. John McKillop, as she had lived several years in his father's family, called her past life in a brief but touching manner. Some of the friends who attended were, where she devoted over twenty years of her life as a missionary, were present on the occasion. LACROSSE.—Yesterday evening a blacksmith named William Blackstone, who resides at 33 Duke street, fell into the Canal while under the influence of liquor and would have been drowned but for the timely aid of two laborers who were passing.—A boat with four young men and two girls upon it near the foot of Colborne Avenue yesterday. There were somewhat under the influence of liquor, and had the accident occurred in deep water the result would have been very serious. As it was they only received a ducking.

DISCHARGED.—Yesterday afternoon some trouble occurred between six of the St. Jean Baptiste Infantry corps, and as many other young men on Craig street. This morning Chas. Shea, of the corps, accused William Martin of assaulting him, and on being returned from the review, and while going along Craig street, the accused pushed against him and a scuffle ensued. The case was discharged, as was also a counter charge preferred by Martin against Shea. FIRE.—This morning about half-past ten o'clock a fire occurred in the stables in rear of 102 and 104 St. Denis street. The former was occupied by Mr. Fraser until last Monday, when he removed, but a quantity of straw had been left in the shed behind. This morning a fire originated in it and the shed was completely gutted by the flames. The horses were removed from the surrounding stables, but through the efforts of the brigade the fire was prevented from spreading. The property belongs to Madame Lucien Anot, who is now in Paris, and is covered by insurance.

THE ACCIDENT AT BATESSON.—Several different reports have been received of the accident at Latican, Thursday night last, one of which is that Carney, the man who fell overboard, was yesterday taken to the Company's hospital on the steamer. It is reported that Carney had been drinking very hard and that he (the policeman) saw him leaning over the rail vomiting. Being among friends the officer left him, but returning a few minutes later was told he had fallen overboard. Nothing could be seen of him in the water. He was a prize boxer, and being an old soldier had requested permission to join the Quebec volunteers. In the review, but they had no uniform for him.

THE ORANGEMEN AND THE RINK.—(Editor Witness).—Sir, in reference to an article in the Witness yesterday referring to the Orangemen and directors of the Rink I wish to give some explanation. The Orangemen are responsible to a personal friend who advanced them \$500 to meet current expenses, which amounted to \$1,300 and had to be paid. We proposed to pay it back with the proceeds of a promenade concert in the city, large numbers to accompany the audience who attend their concerts. There was no intention of a party demonstration. As you are aware, the Orangemen got the use of the Rink last 16th of July free of charge. They cannot understand why the change of officers should have any effect, as we were willing to pay for it. Had we known that the proprietors of the Rink would be put under the ban, or were in any way within the reach of such influence, we would never have asked the use of it. If their object was to put a stop to it they have made a grand mistake, as the concert must be held. If no other place large enough can be had it must be held out-doors. Hoping this may be seen to explain the matter. D. GRANT, County Master. Montreal, May 23, 1878.

THE MAGNETICON. EDGAR WETTON'S CELEBRATED ENGLISH MAGNETIC BELTS, CHEST PROTECTORS, LUNG INVIGORATORS, SPINE BANDS, KNEE CAPS, SOLES, &c., &c. For the permanent cure or relief of Incipient Consumption, Asthma, Bronchitis, Diphtheria, and all other affections of the Chest and Throat, Spinal Disease or Weakness, Neuralgia and Nervous affections of every kind; Paralysis, the various forms of Rheumatism, including Lumbago, Sciatica, &c.; Indigestion, Liver Complaints, Constipation; Internal Weakness, Nervous or General Debility, and any disease or weakness resulting from an insufficiency of nerve force.

MR. SILLS, REPRESENTING THE FIRM OF MESSRS. WETTON & CO., of London, England, and Bowmanville, Canada, will be at his ROOMS OVER GRANT & CO.'S GENTS' FURNISHING ESTABLISHMENT, 251 ST. JAMES STREET (Opposite the Ottawa Hotel, Montreal).

TWO WEEKS, COMMENCING MAY 21ST TO JUNE 1ST. With a large assortment of these appliances, and will be pleased to give advice as to their use, and supply them in such cases as may be desirable. The MAGNETICON appliances are an English invention, and are now for the first time introduced in America, being different in principle and action from any belts or bands which have been used heretofore. They are worn as ordinary garments, requiring no preparation or contact with the skin, the penetrating power of magnetism giving them these important advantages over other systems of applying electricity, while their mild and almost imperceptible, yet thorough and constant action, renders them of great value in many cases of weakness and disease where ordinary remedies fail to affect.

MR. SILLS will be pleased to supply any further information which may be desired, upon application personally or by letter, during the above time, and when requested, will, as far as practicable, call upon invalids at their homes. Messrs. WETTON & Co.'s 34-page pamphlet, containing price list and general information, may also be obtained gratis, or will be sent post free to any address. Persons in delicate health, and all sufferers are earnestly recommended to give their careful attention during Dr. Sills' visit. The references and testimonials from the Nobility, Clergy, Medical Profession, and from all classes of the people in Great Britain, as given in Messrs. Wetton & Co.'s pamphlet, and those received during the past 12 months in Canada, as may be seen in circulars, being a sufficient guarantee of the genuineness of their representations. Visits and consultations always free. Hours of attendance, from 10 a.m. to 12.30 p.m.; 3 to 5, and 6.30 to 7.30 p.m. W. J. SILLS, Representing MESSRS. WETTON & CO., 48 Regent Street, London, England, 94 High Street, Cheltenham, England, 8 Maitland Street, Edinburgh, Scotland; and Bowmanville, Ontario, Canada. THOS. J. IT'S a horrible tale I have to relate; All about a man unfortunate, Who bought a suit of cloth in a neighboring city, And this caused me to write this awful diary. The coat seemed of the ghostliest black; But he had hardly put it on his back, When it went right across it; it was made of shoddy, And wouldn't go half way round his body. The pants were such an awful light fit, That not for the world dare he tight it sit; And as for the "week" in his case was the worst For every button-hole it was burst.

He had bought this suit for his wedding day; In disgust he made with himself away; The clothes he bequeathed to his younger brother, Knowing well he should never wear another. This horrible tale had never been sung, And he never need have bought his flung; If he had patronized O'Hara & Son, Whose clothing fits well and stands the sun.
