Deadlock Between Britain And France--Conference At Mudania Is Not Concluded

Great Britain and Italy Refuse to Accept Conditions Laid Down by Turkish Representatives--France Backs Turks in Their Demand--Conference at Mudania Cannot Be Resumed Before British and French Governments Confer Over the Situation--Lord Curzon, British Foreign Secretary, Will Leave Immediately for Paris to Confer with Premier Poincare--Allied Generals Return to Mudania After Long Conference with High Commissioners and Military Experts at Constantinople.

(Associated Press Despatch) LONDON, October 6.—The Mudania conference is not ended, it was officially stated at the conclusion of the British Cabinet meeting this morning, but it is deadlocked and cannot be resumed before the British and French Governments have conferred over the situation. Lord Curzon, the British Foreign Secretary, will leave immediately for Paris to see Premier Poincare.

CONCEDED THAT THE SITUATION IS VERY SERIOUS (Associated Press Despatch)

CONSTANTINOPLE, October 6.—After conferring for most of the night with the High Commissioners and military experts here, the Allied generals this morning prepared to leave again for Mudania for a resumption of the armistice conference.

The result of the deliberations here was not announced. It was conceded that the situation was very serious, but it was still hoped that a basis for common agreement among the British, French and Italian delegations could be reached. The warships bearing the Allied delegates were scheduled to leave at noon, arriving at Mudania about 2.30 o'clock.

DEMANDED THAT TURKS BE ALLOWED TO OCCUPY EASTERN THRACE AS A PRECEDENT TO ANY PEACE CONFERENCE--TO FIGHT IF NECESSARY--FRANCE SUPPORTS TURKS DEMAND

(Associated Press Despatch) LONDON, Oct. 6.—A new crisis has arisen in the Near Eastern situation which had seemed on a fair way to settlement.

The armistice conference of Allied, Greek and Turkish military leaders at Mudania was adjourned suddenly yesterday after a dramatic passage in which Ismet Pasha, representing the Ankara Government, demanded that the Turks be allowed to occupy Eastern Thrace as a precedent to any peace conference.

Ismet Pasha told the Allied generals that if the Turks could not have Thrace peacefully, "we have the means to enforce our determination."

Earlier in the day the Greek delegates had declared in no less certain terms their readiness to fight, if necessary, to retain the province. That the Turkish demand had been duly weighed and calculated is evidenced by the almost simultaneous report of an Ankara despatch quoting Mustafa Kemal as declaring before the National Assembly:

"The evacuation and surrender of Thrace must occur immediately, especially since the Greek revolution, the Moslem subjects are in great danger."

Ismet Pasha's bombshell was followed by another when the French delegates announced they were instructed to support the Turkish demand. This created a definite split, with the Turks and French opposed to the British and Italians, the latter holding that evacuation of Thrace by the Greeks and reoccupation by the Turks should follow and not precede the peace conference.

The Allied generals thereupon adjourned the meeting and left for Constantinople to consult with the High Commissioners, and the British and Italians to ask definite instructions from their home governments, with the understanding that a further meeting would follow their receipt.

The message from Brigadier General Sir Charles Harrington caused immediate action in Downing Street. The cabinet ministers were hurriedly summoned by telephone and special messengers, and went into a session which did not break up until early this morning.

General Harrington's message was garbled in transmission, and it was thought advisable to wait a repetition before taking any decision. London newspapers this morning appear without any of the details of the conflict at Mudania, which are known in Canada through the Associated Press despatches from Constantinople carried by the Canadian Press. The British press is being badly served at Constantinople, where, according to the Daily Telegraph's diplomatic expert, the British military authorities have established a most stringent censorship.

On the basis of such meagre information as they possess, the papers comment rather lugubriously upon the situation as revealed by the temporary halt of the conference.

they must evacuate Thrace. The newspaper asks if they are not playing for time to enable them to concentrate what remains of the Greek army in Thrace.

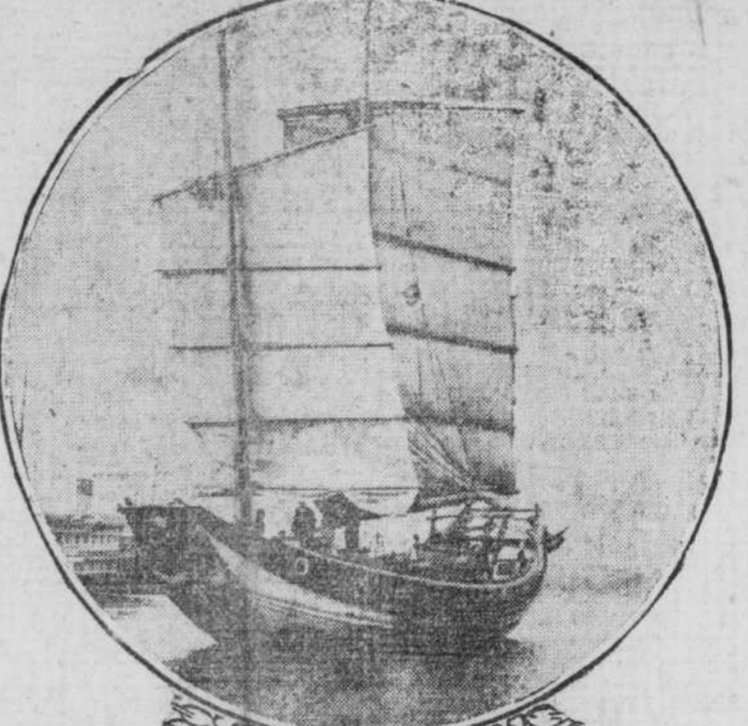

The newspaper also expresses the belief that the British Government's alleged failure to give General Harrington a free hand, is tending to impede the work of the conference. The most of the other newspapers express similar views.

GREEK ARMY TO TAKE FIELD AGAINST TURKS (Associated Press Despatch) CONSTANTINOPLE, Oct. 6.—Belated despatches from Turkish sources in Mudania telling of the arrival of Colonel Plastiras, chief Greek delegate to the armistice conference, say the Greeks are not given the privilege of active participation in the conference, but are acquainted by the Allies' representatives with all decisions taken, as an act of courtesy.

Colonel Plastiras is quoted as declaring the Greek army is prepared to take the field at once in defence of Thrace.

Coaticook Honors Her Sons Who Paid The Supreme Sacrifice In Great War--Monument Unveiled Yesterday By General Armstrong

Seventeen Coaticook Lads Laid Down Their Lives During the Great War--Monument Erected by the Coaticook Branch of the Red Cross, and Is in Memory of All the Local Boys Who Enlisted--First Public Appearance of Lieut.-Colonel A. H. McGreer, Principal of Bishop's University--Splendid Impression Made by the New Principal, Who Pleaded for a Continuity of the Memorial Idea Instead of Subordinating It to a Utilitarian Purpose.

THE citizens of Coaticook turned out in large numbers yesterday afternoon to pay a final tribute to those seventeen lads who paid the supreme sacrifice and emblazoned the name Coaticook on the Dominion's roll of honor. A splendid granite monument, erected by the local branch of the Red Cross Society, was unveiled by General Armstrong, and Coaticook was added to the list of other Eastern Townships points which have already honored their dead.

In spite of the threatening weather, practically the entire town put in an appearance, and, prior to the ceremony, the Coaticook band gave a splendid selection of hymns. Traffic was diverted from the main street and the crowd formed a square while the addresses were made from the temporary dias arranged in front of the hotel.

Mayor Bachand's Welcome Mayor Bachand, of Coaticook, made the opening address of welcome, remarking:

"I regret, as Mayor, to be unable to express more eloquently the feelings of admiration and gratitude that all citizens of Coaticook have for those of this town and vicinity who so gloriously fulfilled their duty during the Great War of 1914 to 1918. The irrefutable proof that this war has been one of the most terrible, is that we have to regret the death of many of our fellow-citizens, victims of their bravery. In offering our sympathies to the fathers and mothers and other relatives of the deceased heroes, we must congratulate them on having given the country such brave children. We must also congratulate and thank the ladies of the Red Cross for the wonderful work done by them during the war in order to give our defenders a little comfort and, the war over, these same ladies, have continued their work up to the point of giving the town a monument which will be unveiled in a few minutes, and which will recall to the

mind of our grandchildren that so many of our fellow-citizens have bravely fulfilled their duty during the World War. I take great pleasure to greet, in the name of the town, the distinguished guests of the Red Cross and military authorities who have agreed to honor, by their presence, this auspicious occasion."

Telegrams of regret were read from Col. Almond, Rev. Canon Scott and General D. C. Draper stating that for various reasons they were unable to put in an appearance at the unveiling of Coaticook's monument.

Gen. Armstrong Plea For Children. Following Mayor Bachand, General Armstrong, C.B., C.M.G., briefly, and in characteristic style, congratulated the citizens of Coaticook upon their initiative and paid a special compliment to the ladies of the Red Cross. He referred with reverence to the courage of the lads who had paid the supreme sacrifice and suggested that the boys and girls of Coaticook be asked to visit the monument from time to time and that they be impressed with the noble ideals of the men to whom the monument has been erected.

The Coaticook band then played "Keep the home fires burning," with Dr. Comptois singing the verses, and the public joining in the chorus.

Spirit of Comradeship. Col. J. J. Penhale, D.S.O., observed that he was present only as a comrade and added that he noticed on the bronze tablet, which bore the names of those who had given up their lives for the great cause, the names of several men whose commanding officer he had been although he was actually a comrade to all. He expressed himself as being glad to be numbered a comrade among those whose memory was now being perpetuated by the citizens of Coaticook.

The Rev. Father Simard referred to the spirit of self sacrifice (Continued on Page 6.)

ASSOCIATED BOARDS ENDORSE THE POLICY OF GOVERNMENT CALLING FOR ELIMINATION OF SPEEDING

Hon. Jacob Nicol States that the Matter Is One Which Now Requires the Public Support--Fines Collected Represent Negligible Amount Compared to Expense of Maintaining the Traffic Control--Methods for the Elimination of the Speeding Pest Discussed--The Provincial Treasurer States Greater Attention Will Be Devoted to Requirements of Elementary Schools.

Article III. WITH the Government assuming responsibility for the maintenance of 1,500 miles of provincial highways, a huge task is being undertaken, stated the Hon. Jacob Nicol, Provincial Treasurer, while speaking at the Associated Boards of Trade meeting at Bury. The work entailed will require a large personnel, but the public will be assured of roads well maintained by an experienced body of workers. Commenting upon the expense required for the construction of roads, Mr. Nicol observed that the Government had been able to supply the financial requirements of the roads department without making it necessary to avail itself of the authority granted to borrow \$5,000,000 for the construction of roads and \$1,000,000 for their maintenance.

"Certain people," stated Mr. Nicol, "have raised objections to being fined for speeding, but I can assure you that we are not making money from our fines, and we are merely trying to bring people to understand that in order to maintain the road properly the law must be maintained. It has cost us somewhere in the neighborhood of \$50,000 to enforce the speed laws (try to enforce the speed laws," interrupted Hon. Mr. Perron, amidst laughter) this year, and we have collected, in the nature of fines, about \$10,000.

"We all admit that we have not met with success in enforcing the law, and if you people know of any cheaper or more efficient way, we shall certainly be glad to receive your suggestions and recommendations. We are freely criticized in this respect, but nobody has yet offered any solution to our difficulties. We have done our best, but we ourselves are not satisfied. We want constructive criticism, and you can rest assured that any suggestions from auto clubs, boards of trade, and other respectable bodies, will be very well received.

Public to Help Enforce Law. "Personally, I think that the time has arrived when the public must come to our rescue and take the matter in hand. No matter how many 'snotters' we have, we cannot follow every individual automobile. This would require having men at practically every corner.

"The public must come to our rescue with a sentiment of honor. It is exactly the same with the game laws. It is impossible to enforce the fish and game laws, but the people of the Townships are getting together and a sentiment of honor is being brought in. This is being rapidly organized, and a man who shoots out of season is considered a 'poor sport.' The same will apply to speeding, and those who constantly break the laws, to the detriment of their fellow citizens, will be looked down upon. There should be no hesitation in reporting these individuals.

"You should unquestionably make a report of all speeders as you are all part of the Government and should join in and help to enforce the law. The day is coming when the average citizen will not be

ashamed to report those who break the law. In the meantime it is costing the Government a considerable amount of money, and you are the people who are paying for it."

Assistance for Elementary Schools. The Provincial Treasurer turned to the question of education, and briefly enumerated the Government's policy of making greater provision for elementary schools. He observed that the Provincial Cabinet was anxious to do the very best it could on behalf of education, and commented upon the liberal manner in which the Protestant School Commissioners had been provided for. Grants had been made on (Continued on page 9.)

E. T. BOARDS GOOD ROADS RESOLUTION

Moved by J. B. Parker, of Dixville; seconded by H. A. Stevenson, of Cookshire:

"Whereas the Provincial Highway system of good roads, now nearing completion so far as the Eastern Townships is concerned, has been constructed at great expenditure of public money;

"Whereas the problem of maintenance becomes an extremely serious one, involving continual heavy expenditure according to the wear and tear upon these roads;

"Whereas so-called 'speeding' is particularly destructive to roads, wearing the road surface, which is carried away in the form of dust;

"Whereas the regulations governing automobile traffic provide an adequate and liberal speed limit of thirty miles per hour on country highways and twenty miles in urban municipalities;

"Therefore, be it resolved:

"That we, the Eastern Townships Associated Boards of Trade in convention assembled, recognizing the splendid asset the province and our own section, the Eastern Townships, have in the good roads system and deeply impressed by statements made today by the Minister of Roads and the Provincial Treasurer relative to the problems of road maintenance, do most heartily assure the Government of our sympathy and co-operation in the effort to bring about a ready acquiescence on the part of motorists in the observance of the regulations as to speed.

"That we urge all to take a personal interest in the maintenance of these highways by careful driving on their own part and by encouraging others to do so.

"That as a feature of an educational effort in this direction we respectfully suggest that a pamphlet prepared by the department to be handed to all motorists when receiving their licenses and to all tourists at the ports of entry might be of value.

"That as an organization we pledge our own and continual active interest in this important matter.

Rain Serves To Check Progress Of Forest Fires--Little Change At Lake Frontier

Forest Fires at St. Camille and Daquam Districts Are Still Burning Fiercely, but It Is Thought that There Is Less Danger Today to the Lumber Camps and Villages in the Vicinity--Relief Being Rushed to Forest Fire Sufferers.

THERE is little change in the nature of the reports received today from the St. Camille and Daquam districts on the Chaudiere sub-division of the Quebec Central Railway, where forest fires have done a large amount of damage.

The fire is still burning fiercely, but it is thought that there is less danger this morning to the lumber camps and villages in the vicinity. Although rain fell last night at most points along the line of the Q. C. R. none fell in the area affected by the fires, so that if a strong wind springs up, much damage may result.

Weather reports from the vicinity of the Lake Frontier state that the sky was heavily overcast this morning, that the temperature was somewhat below the freezing point and that there were probabilities of snow.

Train service on the sub-division, which was interrupted for a few hours yesterday, has been resumed, and the railway authorities, lumbermen and the inhabitants of the coun-

DEATH LIST ESTIMATED AS HIGH AS SIXTY.

(Associated Press Despatch) COBALT, Ont., Oct. 5.—Various estimates of from thirty-eight to sixty dead are still made in regard to the casualties in the fires which wiped out the town of Halleybury, with several smaller settlements and devastated the surrounding countryside on Wednesday afternoon.

Thirty-three bodies have been reported, some of them impossible of identification.

Heavy rains have quenched the fires in this district, and it is thought there will be no danger of recurrence for the present, at any rate.

Refugees who have managed to reach this and other surviving towns of the district are being cared for. (Continued on page Ten)

Colic, Cramps, Stomach Pains Need a Quick Relief

Security against these sudden ills consists in always keeping handy a bottle or two of Nerviline. No family should ever go to bed unless Nerviline is in the house. It fulfills so perfectly every service as a pain remedy that, once used, you'll never again be without it.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisulphated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water, after eating, whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisulphated magnesia which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to take only Bisulphated Magnesia, which is especially prepared for the above purpose.

"Would Wake Up Screaming"

"The Least Sudden Noise or Loud Talking Would Startle Him."

"Up to the age of eight, my boy was a strong, healthy lad, full of life and energy. While playing leap frog one day with some boys of his own age, and while in a stooped position, a big boy jumped on his back and in a falling position he caught his foot in an iron grating and dislocated his hip. The pain was so great that he fainted and the other boys were so frightened they ran away. For hours he suffered terrible pain and when found and brought home was very weak, with his thigh and leg swollen twice its size. The doctor set the bone but the pain and exposure were too much for the poor boy and he became unconscious. A high fever set in and for weeks he lay between life and death raving for hours at a stretch. One day he opened his eyes and murmured 'Mother, but this is the only word he could utter he was so weak, but I knew the worst was over. He got stronger but for months was in a nervous condition. The least sudden noise or loud talking would startle him and he would begin trembling. He was quite lame and the swelling

THE RICHMOND COUNCIL HELD USUAL SESSION

Many Matters of Importance Were Taken up at Meeting for Consideration.

RICHMOND, Oct. 6.—The regular meeting of the Municipal Council of the Township of Cleveland was held in the office of the secretary-treasurer at the Court House on Monday, October 2, with Mayor Stephen Smith presiding, and Pro-Mayor Placide St. Jean and Councilors Jos. Duclos, C. M. Wintle, K. A. Mackenzie and G. L. Wintle present.

The municipality inspector, T. H. Fulker, was called to investigate conditions at a certain brook in the municipality, and found a box of decayed meat and two dead animals which were polluting the water. The Council instructed the inspector to see that the same were removed, if possible, by the person who placed them there, otherwise at the expense of the municipality.

It was decided that the letting of the winter roads for the season 1922-23 would be held at 1.30 p.m. on November 7 next.

Mr. R. E. Dyson, municipal inspector, who has been looking after the piece of gravel road which the municipality is building on the Craig road, and for which it had been decided to spend \$1,200, reported that he was not sure the allocation would be sufficient, and asked permission to complete same, which the Council gave.

Arrangements were made with Omer Cote to look after Napoleon Bonneau, an aged resident of the municipality, who is without any means of support.

The secretary presented the parliamentary voters' list, and as no objections had been made the same was homologated.

A resolution of condolence, extending sympathy to Councilor G. S. Duffin in his recent bereavement through the death of his wife, was passed.

The Council at the March session decided to place the entire work of the earth roads with the new municipal inspector, Mr. R. E. Dyson, as it was felt that the municipality did not get the worth of the money spent in 1921 on earth roads. The Council has made a saving of at least \$2,500, as well as having more work done than last year.

Bills were passed and routine business transacted, and the Council adjourned.

COOKSHIRE

The Ladies' Aid will hold their annual chicken pie supper in the Methodist Church Hall on Wednesday, October 11th, from 5.30 until 8 o'clock. There will be a market table of fruits, vegetables, jellies, pickles, etc.

Mr. and Mrs. C. E. LeRoux went to Waterville on Wednesday to visit the former's aged aunt, Mrs. Joseph Perrault, who is seriously ill.

Mr. Scott George returned on Saturday from Sherbrooke and Weedon. Mr. Willis Foy, of Lisbon, is on a visit to his parents, Mr. and Mrs. M. Foy, Sr.

THE DUDSWELL COUNCIL MET ON TUESDAY

Several Items of Business Were Cleared up.

MARBLETON, Oct. 5.—A regular session of the Municipal Council of the Township of Dudswell was held at the Council rooms, Bishop's Crossing on Monday, October 2nd, those present were Councilors P. Penruell, A. P. Joyce, D. Beaudoin, Jos. Richard, P. F. Staples and E. D. McArthur with the Mayor J. W. Andrew in the chair.

Minutes of last session were read and adopted, the Road Committee were instructed to purchase a road plow. After considerable discussion in regard to closing the road on 2nd and 3rd Range, from Trout Brook to lot 28, the said road having never been opened for summer traffic, it was decided that the mayor have signs painted in French and English that the municipality would not be responsible for any damage occurring on the road and placed at both ends of the road.

After hearing a report of committee appointed to interview Bishop's Crossing Council regarding bill presented for wiring of the St. Francis bridge, the Council decided that the bill should not be entertained.

Bills amounting to \$160.09 were received and ordered paid. A request from St. Vincent de Paul General Hospital for assistance on behalf of Dame Edmund Gosselin was not considered as the relatives are able to pay the expenses.

The Council at the March session decided to place the entire work of the earth roads with the new municipal inspector, Mr. R. E. Dyson, as it was felt that the municipality did not get the worth of the money spent in 1921 on earth roads. The Council has made a saving of at least \$2,500, as well as having more work done than last year.

Has Never Felt Better In All His Life

Thousands of frail, nervous people and convalescents everywhere have testified to the remarkable power of Tanlac in bringing back their health, strength and working efficiency. It seems to quickly invigorate the constitution and is a powerful foe of weakness. J. T. Maleport, 1178 Dorien St., Montreal, says:

"For over a year, stomach trouble, dizzy spells, pains in the back, nervousness and inability to sleep caused me all sorts of suffering. I followed a friend's advice and took Tanlac. Now I never have an ache or pain of any kind and I feel just like a man made over."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac. It enables the stomach to turn the food into healthy blood, bone and muscle, purifies the system and builds you back to normal weight. Get a bottle today at any good druggist.

Watch How Ironized Yeast Stops Pimples!

When Blood Gets Yeast-Vitamins Ironized, Then Pimples, Blackheads, Eruptions, Large Pores Vanish!

Here is a law of Nature, and you can't get away from it. It never fails. If you had enough ironized yeast-vitamins in your blood, your skin would be remarkably clear. But remember one thing, all

Yes, Horror! But Don't Worry. Ironized Yeast Will Clean Your Skin Quickly of All Eruptions!

yeast vitamins must be ironized to produce these results. That's another fact you can't get away from. You get these necessary two things when you take Ironized Yeast. There is only one ironized yeast produced in the world. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. Use the natural method. Use Ironized Yeast. Cupid makes faces at pimples. Eruptions, blackheads and pimples are a social and business disaster to thousands of men and women. Get rid of this breeder of dirt—a spotty face, ironized Yeast will make your skin clear as a rose. Increase the red cells in your blood. Your organs will work with more vigor, your whole system feel new strength, your nerves will pull up and work. Ironized Yeast is sold at all drug stores at \$1.00 a package. MILLINGTON

HARVEST SUPPER HELD The annual harvest home supper given by the Ladies' Aid of the Methodist Church, was held at the parsonage on Saturday evening.

The evening was ideal, a splendid supper was furnished and a large number of people from the surrounding districts were present. After the good things at the table were partaken of, all repaired to the church and listened to a short programme, the several items of which were exceptionally well rendered, consisting of vocal selections by Misses Marshall and Wark, Misses Willard and Conn and Messrs. Martin, Gilbert and Hall; also a recitation by Mr. Ferragard.

At the close of the programme Mr. W. A. Channell announced that he had received a communication from Rev. I. Nelson to the effect that a permanent supply, as pastor, had been secured for this circuit, and would arrive during the week, to be ready for the service next Sunday.

General Notes

Mr. Ed. Cann, of North Hatley, spent the week-end with his sisters, Miss Cann and Mrs. Jack Shannon at East Bolton.

Mr. and Mrs. D. H. Ingalls, of Cowansville, and Mr. and Mrs. Wilbur B. Ingalls and son, Earle, of Portland, Maine, spent a few days last week with Mr. and Mrs. J. P. Taylor and family.

Miss Vivian Channell is visiting relatives in Boston, having returned home with Mr. and Mrs. Horace Channell on their recent visit here. The Ladies' Aid will meet with Mrs. R. Stone, Currier, for dinner on Thursday, October 5th, and a good turn out is anticipated.

On October 20th, the Ladies' Aid are planning for a basket social at the home of Mr. and Mrs. Fred Ewens. It is understood a good programme will be given and a cordial invitation to attend is extended to everyone.

On the evening of September 21st, the staff of Roswell Farm presented to Mr. R. E. Fisher on the approach of his marriage to Miss Agnes Stanger, of Montreal, with a handsome present in the form of a three piece silver pyrex set. Mr. Tetrault made the presentation in a few well chosen words, to which Mr. Fisher suitably replied. Our congratulations are extended to Mr. Fisher and his bride, who are touring the New England States and are expected home in another two weeks.

Mr. Ferragard, of East Bolton, after preaching his farewell sermon on Sunday, left the following day for Montreal, to resume his ministerial course.

Mrs. Ida Fletcher, of Eastman, was a guest of Mr. and Mrs. Norman Fletcher over the week-end. Miss Marion Collins, of Shonyo, spent the week-end with Mrs. Fred

MANY ACCIDENTS DAILY

With the larger numbers of motor cars and other vehicles which daily throng the city streets, accidents of serious or minor nature become more and more frequent. One sees daily two or three cars pulled up alongside the curb with a wheel off or a side stove in.

Careless driving is becoming the order of the day. One of the worst evils, and one which is probably the cause of more accidents than any other, is the habit which many possess of making sudden turns into or out of traffic without any preliminary warning signal.

FURNITURE STORES OPEN SATURDAY AFTERNOONS AND EVENINGS.

Beginning tomorrow, October 7th, the following furniture stores: Echemberg Bros., Edwards Furniture Co., Green Bros., Hector Lanchet, P. T. Legare, Ltd., McCaw-Bissell Furniture Co., Ed. Salois and M. Weinstein, who have closed every Saturday at noon since last June, will be open every Saturday afternoon and evening, until next summer.

All the above merchants report the week-end holiday during the summer and early fall a very satisfactory arrangement, which has been very much appreciated by all their employees and which has caused no inconvenience to the buying public. It is expected that this early Saturday closing during the holiday months will be repeated in the future.

THE LATE FRANK H. THOMAS.

The funeral service of the late Frank H. Thomas took place on Tuesday afternoon of this week from the home of his son, Mr. Ronald Thomas, Portland Avenue. The service was conducted by Rev. Alfred Bright, minister of St. Andrew's Presbyterian Church.

Mr. Thomas' death was caused by an accident with a street car on September 2nd, of this year. During his illness he was tenderly cared for by his daughter-in-law, Mrs. Ronald Thomas. He was in his sixtieth year at the time of death.

The late Mr. Thomas was born in Sherbrooke and was the son of the late Mr. Daniel Thomas, a notary widely known and highly respected by all who knew him for his kindly and genial manner and the integrity of his character.

The deceased is survived by his wife, Mrs. Frank Thomas, two daughters, Mrs. Curtis Prouty and Mrs. Robert Welber, three sons, Ronald, Ernest and Gordon, all living in Sherbrooke, two grandchildren, Dorothy Thomas and Eleanor Thomas.

The bearers were Messrs. F. Houlsham, James Campbell, D. W. Stenson, Thomas MacAulay, John Leaman and Charles McCormick. The interment took place in the family lot at Prospect Street Cemetery with Rev. Alfred Bright repeating the committal service at the grave.

LENNOXVILLE

Harvest Home Supper Largely Attended.

Douglas Hall was filled last night to its utmost capacity at the supper hour when the Ladies' Aid of the Church served the annual Harvest Home supper. Chief among the appetizing dishes was chicken pie, and this, with many other toothsome

dainties, was supplied to about three hundred people. The hall, as well as the auditorium of the church, where, later a fine programme was given, was decorated with autumn leaves and flowers, and products of field and garden.

Rev. P. Fergau, pastor of the Church, acted as chairman, and the choir rendered two anthems, "The Earth is the Lords," and "I Will Feed My Flock," the solo parts being taken by Miss Laura Willard and Mr. H. J. McFadden. Miss Ruth Edwards sang "Holding my Hand," as a solo, and Mrs. Tremblay's contribution to the musical part of the programme was a contralto solo, "The Earth is the Lords," which with harvest hymn brightened the programme. Miss Lillian Bayne, organist of the church, accompanied the singers.

The speaker of the evening was Dr. G. Ellery Read, of Sherbrooke. Dr. Read referred to the visible results of the harvest with which the churches are decorated each year as helping people to realize the bounties of Providence. He said it was a time honored custom to bring these things into the sanctuary, and that though not inclusive of all products of harvest, were yet symbols of the whole. "We ought to be thankful, but some of us always have a frown," said Dr. Read, and added that there were people who thought they could improve on the doings of Providence, but that chaotic conditions would likely result from their management.

"We are here tonight to thank God for everything," and there were many other things to be thankful for beside a good harvest, Dr. Read explained. These he classified, first, because we live in this country. He stated that we came, in Canada, a close second to the United States, in our love of country. The speaker referred to the wonderful things being done in Canada by only eight millions of people, when it was large enough to hold ten hundred millions, and rich enough to supply all their needs.

The next great thing to be thankful for Dr. Read went on, is "The protection of law." A vivid picture was drawn of the awful conditions existing overseas within the war areas, where many are giving up their lives for their faith, and are being trampled in their own blood. "Here we have the blessings of the land of the free," stated Dr. Read, and while Canada has vast mineral resources, wonderful harvests of gains and fruits, and we ought to be thankful for these, yet freedom to live and work out each their own destiny was a grander heritage.

Again, the Christian Church was something to be thankful for. "It is a common thing to hear criticism of the Christian Church," said Dr. Read, and added that strangely enough, much of it came from the pulpit. Al-

though the church may have fallen far short of her destined mission, and while she should be sacrificial, giving her best to the life of the world; yet her influence had been great on the business and social life of the world; and in these she must continue to make herself felt. "The Church is the most necessary and most potent factor in the life of today," said the speaker.

Dr. Read reviewed briefly the history of the church from its humble beginning in Jerusalem until the pride and glory of Rome went down before the humanity of Christ. The march of the church across Europe is going on until the thought of the present is the whole world for the King of Kings.

Dr. Read humorously referred to the fact that many people look back with longing eyes to "the good old times," but these, he said, "when cornered and obliged to compare electric light with the candlestick, the automobile with the ox-team, hardwood floors with earthen ones, etc., are inclined to acknowledge that the good things of life were not all in the past. While we must never disparage the pioneers of the past who wrested this country from the wilderness, and who wrestled with difficult conditions, yet we do not want to go back to those conditions."

The comparison between the modern places of worship and the old schoolhouse of pioneer days, Dr. Read looked upon as a challenge to the church of today to make her contribution to the life of the country. "New occasions teach new duties, and today's social and industrial problems are many, each of us must do our best to contribute some solidarity to the foundations of the life of our country, so that posterity may be glad we have lived."

One may do this, in the speaker's opinion, was to draw the churches together into closer fellowship. He referred to the recent position taken by the Methodist General Conference now in session in Toronto expressing itself as in favor of closer union among the churches, a stand already taken by several other branches of the Christian Church in Canada, and pointed to the future,

when the Dominion Government would be called upon to enact the incorporation of "The United Church of Canada," which would in reality mean the "United Church of God."

"We sing a lot of lies" was Dr. Read's next rather startling statement, but when he explained that we sing "We are not divided," while in reality there is division among the churches, his audience was ready to admit the truth of his statement. Dr. Read concluded with the hope that the day would come when we would say nothing contradictory to fact, and that the churches would be indeed united in a common brotherhood and fellowship.

General Notes.
Mr. Charles G. Moynan is in Waterloo on business.
Mr. and Mrs. Robert Bradley, Mr. and Mrs. E. F. Dean and Mr. and Mrs. Thomas Cohoon, were among those from Sherbrooke who attended the Harvest Home supper at the Methodist Church last evening.

The baked bean supper, to be given by Women's Institute in Ascot Consolidated School on Oct. 13th, has been postponed until October 27th.

INDUCTIONS AT SCOTSTOWN AND MILAN ARE HELD

Impressive Ceremonies Took Place Yesterday — Richmond Issues Call to Rev. McLeod.

Special to The Record.

SCOTSTOWN, Que., Oct. 6. — The Presbytery of Quebec had what might be called a field day yesterday, (Thursday) when two new ministers were inducted into the congregations of Milan and Scotstown. At 11 a.m. in Milan a crowded church the members of the Presbytery; Dr. K. McLennan, moderator; Rev. Dr. McLeod, clerk, and Revs. Rattee, Cormac and Beaton, of Windsor, Megantic and Marsboro.

After a forceful and impressive sermon by Rev. L. Beaton, the Rev. J. Alister Murray, from St. Ann's, Cape Breton, was solemnly inducted into the charge of Milan by the moderator, Dr. McLennan, and given the right hand of fellowship by the other members of the Presbytery. Thereafter the Rev. J. Cormac suitably addressed the minister and Mr. Rattee the people.

In the evening at eight o'clock a

DANCE IN ARMY TONIGHT
Golden Rule Chapter, R.A.M., are holding a dance this evening in the William Street Armory. The dance is for the benefit of the Golden Rule Chapter Temple Fund. Dunbar's Orchestra, of St. Johnsbury, has been secured for the occasion, and good music is therefore assured. The dance will commence at nine o'clock and will continue until one.

large congregation was present in Scotstown church to witness the induction of and to welcome the Rev. J. W. McLean, from Whycoomagh, Cape Breton. Rev. E. J. Rattee, preached, Dr. McLennan again presided and inducted, Dr. McLeod, former pastor of Scotstown, addressed the minister, and Rev. A. Bright, B.A., the people.

A very hearty welcome was given to both these ministers from the East, and the Presbytery of Quebec rejoices that now no vacancies exist in any of the Presbyterian congregations except Richmond, which has called Rev. Mr. McLeod from Battledore, Sask., and expects to have him inducted very soon.

Among those attending one or both of these inductions from Sherbrooke were noticed Elders Cohoon and McCaw, of St. Andrew's Church, Miss Honor Bright accompanied her father, Rev. Alfred Bright.

shown by the acts of Coaticook and remarked that the relatives of those who had paid the supreme penalty could now shed tears of joy on finding that their beloved ones were being honored by the citizens of Coaticook who deeply appreciated their valuable work in the great war.

Father Simard observed casually that he had heard several suggestions among the citizens to the effect that it would be very appropriate to organize another subscription for the purpose of surmounting the granite monument with a bronze statue of some description, which would suitably crown the excellent work already accomplished by the ladies of the Red Cross.

Peace Has Its Victories

The Rev. Grover H. Tyler quoted Abraham Lincoln, who at Gettysburg, referred to his soldiers stating, "the world will never forget what they have done." Mr. Tyler contended that their sacrifice had gone into universal history and would never fade away. He congratulated the members of the Red Cross for their great work and stated that the memorial would be a reminder of the self-sacrifice of those who had paid the supreme price and who had helped to save the small nations from the tyranny of the great nations and incidentally saved the world from the tyranny of Prussianism. "Peace has its victories no less renowned than war," said the speaker, and if we break faith with the men who died for us, they will not sleep nor will poppies bloom in Flanders' field." During a brief intermission, the band played "O Canada" with the public joining in the singing.

Principal of Bishop's University
Lieut.-Col. the Rev. A. H. McGreer, Principal of Bishop's College University, made an auspicious appearance upon his first public gathering since his recent appointment to the Lennoxville seat of learning. He greatly impressed his hearers with his quiet, yet firm and determined expression and the choice of address was a most appropriate one.

He brought the citizens of Coaticook the greetings and congratulations of the University of Bishop's College and paid a high tribute to the men of Coaticook who rose to the proud heights of patriotism in the hour of danger.

Lieut.-Col. McGreer congratulated the Red Cross Society and the citizens of Coaticook upon their splendid initiative and expressed his particular appreciation of the fact that they had maintained the idea of a memorial supreme in their undertaking. He deprecated the subordination of the memorial idea to some utilitarian purpose and commented upon the reverent associations which were associated with a memorial along the lines of that erected by Coaticook.

Lincoln's Famous Message
Col. McGreer delivered a message of heartfelt sympathy to the relatives of those who paid the supreme price and added that our security today is due to the valiant work of the men whose names are engraved on the bronze tablet. He observed that he knew of no instance which

The monument was unveiled by General Armstrong who remarked: "To the glory of God and the name of the men of Coaticook who died in the Great War, I unveil this monument." The honor roll was read for the last time but none of the heroes lying in the fields of France and Flanders answered to their name.

Lieut.-Col. the Rev. A. H. McGreer read the dedicatory prayer after which the Last Post was sounded. Beautiful floral offerings were deposited at the base of the monument, by relatives of the deceased, and the ceremony was brought to a close with the National Anthem just as rain began to come down in torrents.

THE GREAT HIGHWAY SYSTEM.

The statement of the Minister of Roads, at the Bury meeting of the E. T. Boards, summarized in a most striking manner the Provincial Good Roads system as it affects the Eastern Townships. He characterized Sherbrooke as the greatest good roads center of the Province.

Practically every road entering the city will be a spoke in the great Provincial Highway system.
To the South are the Sherbrooke-Derby Line and the Sherbrooke-Norton highways, leading to the tourist gateways of New England.

To the North and East are the Sherbrooke-Cookshire-Beauveville-Quebec highway, and the Sherbrooke-Angus-Theford Mines and Quebec Highway.

To the West and Northwest the map shows the Victory Highway, Sherbrooke to Montreal, and the Sherbrooke-Richmond-Quebec and Richmond-Sorel highways.

From these great trunk line roads, there extend other Provincial highways, such as Knowlton to Lacolle, Waterloo to Mansonville and the boundary, Arthabaska to Megantic, and others.

The Minister was very positive in his statement that this great system would be practically finished in 1923. Thus will be accomplished one of the greatest public works ever undertaken by any Provincial Government.

CANADA AND ELECTRICITY.

Canada has vast water powers. Fully developed and applied there would be, very probably, sufficient energy to operate all our railways and industries and possibly to heat the country as well.

The Toronto Globe, discussing the matter, says: "Canada, with the greatest water powers in the world, is lagging behind many other countries in the development of them, especially for the electrification of railways."

"Japan recently gave a British firm an order for thirty-four complete electric locomotives, amounting to over half a million pounds sterling. This will cover the electric railway requirements of the Japanese Government until the end of 1923, when, no doubt, additional equipment will be required. Another British firm has received a contract for the electrification of a large section of the South African railways. Chile has entered on a great scheme of railway electrification, and the first contract of an American firm for that purpose amounts to over \$7,000,000.

"Italy is, by nature, in much the same situation as Central Canada. Neither has any coal, and both are richly endowed with water powers suitable for the production of electric energy. In addition to the use of current for industrial purposes, lighting, tramways, etc., says Water Resources for the month of August, there is the continuously increasing amount of energy required in connection with the electrification of the railways, which in greater part are the property of the State. A comprehensive programme for the gradual electrification of the railways has been entered upon. At the present time 234 kilometres of single-track and 298 kilometres of double-track railway lines have been electrified, further lines are in course of electrification, and it is proposed to deal with an additional 2,500 kilometres as soon as is practicable."
"Canada, unlike Italy, has scarcely given a thought to the electrification of its great system of State railways. We continue, when we can, to import coal from the United States at ruinous cost, while the mighty St. Lawrence flows unharnessed past our doors."

NEW ZEALAND'S PLIGHT.

Barron's Weekly, a British publication, draws a somewhat gloomy picture of conditions in New Zealand, where, it points out, people are taxed to the hilt and where the capitalist is frightened away by difficult labor conditions. At the same time the country has a climate and richness of soil scarcely equalled in any other part of the world.

The paper referred to says:

"A government-encouraged committee, representing agricultural producers, manufacturers, merchants, lawyers and business men, has vigorously reported to the New Zealand Government which appealed to it, that the bearable limit of taxation has been reached. The committee deals in cold blood with facts and not with opinions. It makes not the slightest attack upon the labor unions, which denigrate New Zealand politics, or the paralyzing methods of Government ownership of the railroads and other public utilities and for this reason its indictment is the more damaging. It points out that the higher graduations of the income tax are drying up sources of revenue and must, if continued, stop all independent enterprise; that the heavy land taxes are crippling the relatively enormous agricultural exports, that the corporation income tax is the heaviest in any part of the British Empire, while the taxation on similar private incomes, with a significant tax fee limit which exempts all union labor, is the lightest in any part of the Empire."
"New Zealand for its size enjoys more natural advantages than almost any country in the world. It has a climate better, because the winters are far milder, than New England in the South, and better than Florida in the North, and in that distance of a thousand miles can grow anything in abundance, from hard wheat to bananas. Its ironstone is near its coal and its coal is as good as the Welsh steam grades. It grows more wheat to an acre than our most favored state, while its wool and mutton grade high against any in the world. The two great islands are more nearly self-supporting, even than the United States."

"And that potential Paradise is so cursed with socialism and labor unions that capital gets away when it can and small land holders, the class of all others to be encouraged if union labor is to be supported in semi-idleness, have in many cases sold at a loss to take up holdings in Ireland, of all places in the world."

TODAY'S A HOLIDAY.

October 6, 1922.

St. Bruno's Day.

The doors of the great monastery at Chartreuse swing open. In double file, with solemn gait, the monks pass from the confinement of their cloistered life for their weekly walk among the fields and upon the hills surrounding the mother house of their order.
They are Carthusian monks, the order having been founded by St. Bruno, whose festival is today. This is one of the most austere of all monastic orders. The en-

the heads of the members are shaven, fasting is strictly enjoined upon them and they preserve the impressive rule of silence. As this is the calendar day of the founder, the religious services at Chartreuse are more than usually impressive.

St. Bruno is known not only for his organization of the Carthusians. When in 1079 the people of Rheims drove the wicked archbishop Manasses from their city, it was a triumph for Bruno and for the internal reformation of the church. But Bruno, far from seeking to profit, refused to become archbishop of Reggio, and retired to the desert of Chartreuse, where he established the dwelling place of his first colony of monks.

PRESS COMMENT

TARIFF BOOMERANG

(Victoria Colonist)

A Federal Government official breaks into print to explain that the new American tariff will have little immediate effect in Canada. It has had an effect already. It has shifted the trade of Canada to such an extent that Great Britain instead of the United States is now our chief and best customer. That is a summation that is not altogether to be deplored in this country. We shall await with interest the comments of the American trade journals upon the subject.

PRAIRIE PROVINCES IN CANADA

(Christian Science Monitor)

Prairie towns in Western Canada are not likely always to be as bare as they are at present, and it would be almost safe to forecast that in a few years the vast stretches of flat lands, unbroken by trees or fences, will be things of the past. Many farmers are planting trees. In fact, 25,000,000 trees are understood to have been distributed in the last five years by the Canadian Government's forest nursery station at Indian Head, Saskatchewan. In addition to the beauty these trees will add to the villages, towns and farms, they will when large enough, act as windbreaks for the growing crops, and shelters for cattle.

DECISION WITH KEMAL

(Ottawa Journal)

Apparently there is a suspicion in Allied capitals that the very lengths to which the entente has gone to placate Kemal and prevent war may have a less favorable effect. It would not be unnatural for Kemal to conclude from the anxiety of the Allies to meet his warlike demonstrations with concessions that he might safely hold out for more.
Of the British desire to preserve accord among the Allies there has been ample demonstration. Premier Lloyd George has expressed the equal desire to prevent war. But it may be assumed that the British Government has made about all the concessions it can feel itself justified in making to these ends. Having made them, the decision rests with Kemal.

OUR LIQUOR EXPORT-TRADE

(Toronto Globe)

The Government of the United States has abandoned the claim to searching and seizing vessels suspected of carrying intoxicants when outside of the three mile limit. This is a proper, and will put an end to danger of international complications. But the Government of Canada ought to do its utmost to discourage a trade which reflects no credit upon this country. The whole of the United States is under prohibition, and international friendship demands that we should make it easy, and not difficult, to enforce the law.

Moreover, the greater part of Canada is under prohibition, and the continued existence of distilleries and breweries, largely for export trade, is not a condition upon which we should pride ourselves. The export trade is largely for purposes of illicit selling in the United States, and puts us in the position of bootleggers for the continent.

BRITAIN HAS CAPACITY TO PAY HER DEBT

Suggests Postponement of Payment of Debts by European Nations, with Exception of Britain.

(Associated Press Despatch)
NEW YORK, Oct. 6.—Definite postponement of any payment of the debts owed the United States by European nations, with the exception of Great Britain, until the actual amount which such nations could ultimately pay has been determined by conference between the creditors and the debtors, was suggested by the Right Hon. Reginald McKenna, the former chancellor of the British Exchequer, in an address before the American Bankers' Association convention here today.

Mr. McKenna also gave as his opinion that Germany might be able to pay as reparations in the immediate future about one billion dollars derived from her foreign balances and the sale of foreign securities. Such a payment, he asserted, would only be possible if all other demands are postponed for a definite period, long enough to stabilize the mark.

Future demands at the expiration of that period, he said, must be limited to the annual amount of Germany's exportable surplus at that time.

The speaker, who is chairman of the London Joint City and Midland Bank Limited, gave his views on the economic aspects of reparations and international debts, how they are payable, the general capacity of a debtor country to pay, and the effect of payment.

While he stated he was not in politics and did not appear in any representative character, as a British banker, he argued that Britain has the capacity to pay her debt to the United States and, he continued: "I can assert her determination to honor her bond in full."

The remaining international debts, he stated, should be considered as ones in which the United States and Great Britain are equally concerned, and in which both have the same interest as creditors.

MEMORIAL TO M'GILL STAFF WAS UNVEILED

Imposing Ceremony Took Place Yesterday Afternoon at McGill University.

(Associated Press Despatch)
MONTREAL, Oct. 6.—An imposing ceremony took place yesterday afternoon at McGill University when a memorial, in the form of a stained glass window of three lights, to the memory of three members of the teaching staff of the faculty of medicine, who were killed in the great war, was unveiled in the Medical Building.

The window is dedicated to Lieutenant Colonel John McCrae, Canadian author of the poem "In Flanders Fields," to Lieutenant Colonel R. P. Campbell and to Lieutenant Colonel H. B. Yates.

General Sir Arthur Currie, principal of McGill University, presided at the unveiling, while the dedication was given by Rev. Canon J. M. Almond, former chaplain of the Canadian Corps.

The memorial was designed by Professor P. E. Nobbs and was executed by the Bromsgrove Guild, of Leeds, England. Each of the three lights represents a scene recalling the service of the trio whose memories are honored.
The centre one, dedicated to Colonel McCrae, depicts row upon row of crosses amid blood-red poppies. A jewelled plaque bears a book and quill.

The left light, dedicated to Colonel Campbell, represents a portion of the Thiepval front, where he met his death. The plaque bears a surgeon's knife, scissors and bandages.

The right light, dedicated to Colonel Yates, shows the town of Boulogne. The plaque bears a microscope.

The ceremony was attended by relatives of the dead officers, Governors of the University, deans of the various faculties and by many of Montreal's most prominent citizens.

Vacuum Pump for Miling Machine, is attached to Engine base and driven in same manner as Electric Generator.

Water Pump with direct connection through worm gear drive. Pumps 700 gallons per hour.

Electric Light can be furnished direct from Generator, without use of Batteries, if desired.

1,000 Watt Generator and Switchboard, supplies Electric Light and Power to all parts of the House and Barn.

"MADE IN CANADA"

NEVER before has any farm engine offered so many advantages to the farmer. The Caron Plant is such a genuine help in so many different ways that no farmer will do without it, once he knows what it will do, and how much cheaper it is than any other.

Where an ordinary engine has 27 moving parts, the Caron Patented VALVELESS Engine has but 3 moving parts. It is so simple in operation that it cannot get out of order, and operates almost noiselessly, at a minimum expense.

Another great advantage the Caron Plant possesses, is that the engine can be bought alone and later on, Pump,—Generator, and other units can be added as required.

EASTERN TOWNSHIPS FARMER

WHO IS LIABLE FOR INJURIES CAUSED BY DOGS?

Appellant Whose Dogs Worried Sheep Pretends that Farmer Has Civic Remedy for Loss.

The following case, which is of interest to farmers of the Eastern Townships was heard in the Court of Appeal at Montreal. In this case the issue is raised as to whether a special law passed at Quebec giving municipalities the right to establish a fund for the compensation of loss through stray dogs worrying sheep can be held to modify the law of Article 1055 of the Civil Code, where it is provided: "The owner of an animal is responsible for the damage caused by it, whether it be under his care or have strayed or have escaped from it."

The dispute in appeal lies between John Keenan and Frank T. Stalker. Keenan owned two dogs which were alleged to have strayed into the yard and sheds belonging to Stalker, in the township of Melbourne and Brompton Gore, and worried several of Stalker's sheep.

Stalker took action in the Superior Court and obtained judgement against Keenan for \$329.88 damages. It is the merits of this judgement which were submitted to the jurisdiction of Justices Greenshield, Allard and Letourneau in the Court of Appeal yesterday.

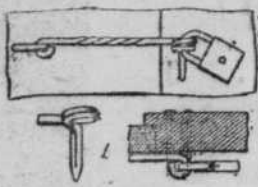

Keenan, the appellant, denied responsibility because he said, the dogs did not belong to him; because at the time respondent's sheep were attacked a municipal by-law was in force, the effect of which would relieve appellant of any responsibility towards respondent inasmuch as the latter made a claim against the municipality; and because respondent did not specially allege fault on the part of appellant in his declaration. In regard to the first plea, respondent submitted this was a question of fact and that the weight of evidence went to prove that appellant

RECENT INVENTIONS OF INTEREST TO EASTERN TOWNSHIPS FARMERS

(By C. J. Lynde, Macdonald College, Que.)

LATCHING HOOK

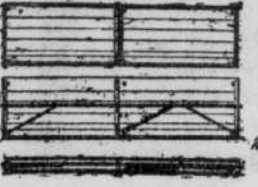

The new feature of this latch is the loop which permits it to be used to lock the door as shown, or as a

hasp in the ordinary way, it is convenient for poultry houses, granaries, stables and the like. (Decatur W. Davis, Louisville, Ky.)

FOLDING CRATE

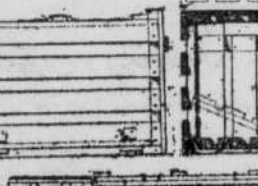

This crate has a frame made of light angle iron, and bottom and slats, of wood. It makes a compact bundle for return shipment when the

top, partition, and ends are collapsed on the bottom, as shown in the middle figure, and the sides are folded on these. (Albert N. Eitser, Mason City, Iowa.)

FOLDING CRATE

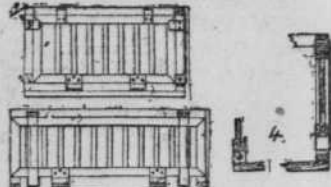

To fold this crate, the top is lifted, the bottom is folded up against one side, and the ends and sides are collapsed lengthwise on their corner

pivots. There is no unattached part if the top is hinged to one side and folded back against its outer side. (John W. Lucabaugh, Near Hanover, Penn.)

SHIPPING CRATE

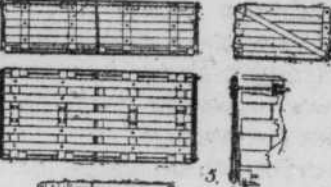

In this crate, the top slides down two sheet metal straps against the outside of one side, the ends fold down on the bottom, and the sides

are hinged to cleats of such height that they fold down on these. It is held open by ears at each corner. (Burnie A. Stamp, North Bradock, Penn.)

FOLDING CRATE

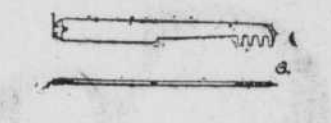

The new feature of this crate is that the end and partition slats are attached to stepped metal frames which permit the whole crate to col-

lapse sidewise without leaving any unattached parts. It is held upright by two diagonal end slats. (Arthur H. Blakemore, St. Louis, Mo.)

FOWL CLEANER

With this device, the operator cleans a fowl without inserting his hand. He uses the sharp fingers to remove the craw and lungs through

the breast opening, and the notched end to straddle the backbone and remove the intestines through the abdominal opening. (William A. Bruck, Pearl River, N. Y.)

apparent that a farmer who was the owner of a flock of thoroughbred sheep, worth say, from \$30 to \$35 each, could, under the by-law in question, recover only \$15 for each sheep killed by dogs. It was argued that the intention of the Legislature was to provide some means of compensating, to some extent at least, owners of sheep killed or injured by dogs in cases where the owners of such dogs were unknown or financially worthless, but that it never was intended to relieve the owners of dogs from the responsibility placed upon them by the civil law. Consequently, respondent was justified in his demand against appellant, who, it was further said, had not proved that respondent ever made a claim against the municipality.

Regarding appellant's pretension that there could be no condemnation because no express allegation of fault was made against him, respondent said his declaration alleged that appellant was owner of the dogs, and ownership in such case created a legal presumption of fault or distinct liability which was sufficient to condemn appellant, unless he could prove he was unable to prevent the damage. This had not been done, respondent said.

Judgement was reserved. Lawrence and Morris for appellant; Wells and Lynch for respondent.

QUEBEC JERSEY NOTES.

Among the new breeders of Jerseys this season may be mentioned Mr. E. T. Burton, of Milby, Que., who recently secured fifteen head of pure-breds from Mr. J. Y. Hamilton, of Massawippi. The purchase included nine cows in milk, five heifer calves and a yearling bull, a double grandson of Leon's Gamboge, formerly herd sire of Mr. Eugene O. Baldwin and Mr. Geo. W. A. Reburn. Another newcomer to the Jersey ranks is Mr. D. H. Wells, of Magog, who has a splendid foundation for a herd in the bull calf Cretesia's Plain Major, a grandson of Plain Mary on the paternal side and out of Sophie's Cretesia, the highest producing R. O. P. Jersey of Quebec Province. He has also two heifers by Sophie's Magnet, the high producing Sophie Tormentor sire, sold last autumn in Tennessee.

Messrs. W. H. Hunting and Sons, of Huntingville, also purchased a herd of six choice pure-bred Jerseys this season. Their purchase included the high producing two-year-old show bull Magnet's Champion and five splendid females, four of them being on R. O. P. test and the whole five making big records. Four of the five are two-year-olds and each has milked over thirty pounds per day on the current lactation period. The fifth is a mature cow which already has a good official record and now has another one in process. Grayburn Farms, of Waterville, supplied the last two breeders referred to. R. O. P. work among Jersey men is already wide-spread and more interest is constantly being stimulated by

BROME COUNTY SCHOOL FAIR BIG SUCCESS

List of Prize Winners and Winners of Sporting Events Have Been Announced.

KNOWLTON, Que., Oct. 6.—On Tuesday, September 26th, there was held at the Brome County Exposition Grounds, a very successful school fair. In all there were 262 entries, including vegetables, flowers, sewing, cooking, canning, fancy work, knitting, mending, darning, also calves and pigs.

Miss Roach was judge of the cooking, sewing, etc., while Mr. Jones judged the vegetables. Both of these judges are from Macdonald college, and the advice which they gave to the young exhibitors was most timely and will doubtless serve to give them better ideas of what is expected of them for another year.

Major J. C. Wood kindly consented to judge the pigs, and Mr. Bauche judged the Holstein calves, while Mr. Taylor, of Ayer's Cliff, judged the Ayrshire calves, of which there was an unusually large exhibit of very fine animals. Mr. Taylor also gave a very interesting talk on quality, conformation, and fitting of young stock for the fair.

Not the least interesting feature of the afternoon's programme was the series of races, which were under the management of Messrs. A. W. Westover, Farmer, Richard and LeFebvre, and which provided considerable amusement to the large crowd occupying the grand stand. Mr. A. W. Westover succeeded in collecting from the spectators \$11.30 to go toward providing prizes.

The following are the prize winners in the different classes and events:— Pigs—Alfred Thompson, Harry Hawley, L. Jas. Turner. Ayrshire heifer calves—Harry Hawley, Patience Strong, Clare Patch, Arleen Patch. Ayrshire bull calves—Eric Hastings, L. Jas. Turner. Holstein heifer calves—John Greig, Royal Smith, John Edwards. Holstein bull calves—Alfred

Thompson. Beets—Floyd Sturtevant, Nina Damon, Charles Barnes, Herman Hadlock, Marion Smith. Cabbage—Wilma Mount, Harold Miller, B. Edwards, Kathleen Shepard. Mangels—James Buchanan, (Special Prize). Sweet corn—Tomy Vincent, Rotus Crowell, Gladys Hall, Donald Edwards, Edson Wentworth. Parsnips—Clare Patch, Arleen Patch, Harold Miller, Lillian Barber, Norman Thompson. Tomatoes—Floyd Wentworth, Margaret Hooper, Geraldine Vernal, Gordon Devlin, Tommy Vincent. Carrots—Raymond Pibus, Annie Rogerson, Arleen Patch, Patience Strong, Wade Vincent. Cucumbers—Dean Millmore, Gladys Hall, Wade Vincent, Harold Williams, Pearl Mayheu. Onions—Harold Rogers, Edson Wentworth, Marion Smith, Herbert Hamilton, Pearl Mayheu. Pumpkins—Cecille Wood, Arthur Williams, Alfred Thompson, Harry Hawley, Robert Perkins. Phlox—Alvin Hooper, Wade Vincent, Mildred Edwards, Bertha Martin. Asters—Charles Barnes, Gordon Marsh, Nelson Thompson, Pearl Mayheu, Patience Strong, Marion Smith. Sweet Peas—Lillian Barber, Margaret Mudgett, Geraldine Vernal, Pearl Worden, Edgar Mayheu. Plain cake, girls under 12—Mary Decker, Winifred Salsbury, Margaret Hooper, Rena Davis, Rena Worden. Plain cake, girls over 12—Kathleen Shepard, Mary Vernal, Marion Kentworthy, Ruth St. Aubin, Marion Smith. Plain sewing, girls under 12—Winifred Salsbury, Belva Crowell. Knitting—Rena Worden, Belva Crowell, Mary Decker, Rena Davis, Pearl Mayheu. Mending—Winifred Salsbury, Margaret Hooper, Rena Davis. Darning—Margaret Hooper, Winifred Salsbury, Rena Davis. Crocheting—Rena Davis, Margaret Hooper, Marjorie Wentworth, Belva Crowell. Embroidery—Belva Crowell. Canning—Arleen Patch, Wade Vincent, Winifred Salsbury, Lillian Barber, Eva Vincent. Races, boys 6 and under, 30 yards—George Rogerson, Haslam Hooper, Arland Webster. Race, 50 yards, boys 10 and under—Royal Smith, L. McCarthy, L. J. Turner. Race, 100 yards, boys 15 and under—Geo. Salsbury, Lawrence Bidwell, Ed. Wentworth. Race, 30 yards, girls 6 and under—Doris Salsbury, Hazel Frizzle, Helen Vail. Race, 50 yards, girls 10 and under—Peaches Royes, Kathleen Shepard, Annie Rogerson. Race, 100 yards, girls 14 and under—Geraldine Vernal, Arleen Patch, Ruth Hawley.

THE MUNICIPAL BY-LAW.

Concerning the effect which the municipal by-law in question had upon respondent's rights or appellant's obligations, it was pointed out that this by-law was based upon an Act of the Legislature which permitted municipalities to pass by-laws for the purpose of providing a fund out of which they might indemnify the owners of sheep who had suffered loss or damages owing to the ravages of dogs. The by-law cited in this case limited the amount which the municipality could pay to any owner to two-thirds of the value of the sheep, but not to exceed \$15 for any one sheep.

Counsel urged that it was quite

BLACK LAKE

The annual Harvest Thanksgiving festival service of St. Peter's Church will be held on Sunday next at 3 p.m., and Sunday School at 2:30 p.m.

MAPLE HILL

Mrs. Jas. Dunn, Sr., spent the week-end with her daughter, Mrs. A. Raycroft, of Robertsonville.

Mrs. Carl Hartford, of Lancaster, N.H., is at present visiting her two sisters, Mrs. R. Y. Cruickshank and Mrs. James W. Dunn.

Mr. John Cruickshank, who has been confined to the house for the past few weeks, is again able to be out.

A number from here attended the funeral of the late Mrs. Chas. Warcup last Friday.

THETFORD MINES

The town has been very inconvenienced on account of the low water supply, due partly to the lack of rain and partly to the insufficient capacity of the reservoir for the size of the town. The same happened last year during the drought and it is to be hoped that the town will soon see its way clear to enlarging their water system.

The St. Johns Guild met at the home of Mrs. C. V. Smith. A very pleasant afternoon was spent in sewing and social intercourse. Tea was served at five o'clock by the hostess, who was assisted by Miss A. Pharo.

Mrs. T. Johnson has returned home from a visit to her parents in Grenville.

The Rev. and Mrs. P. R. Roy and infant daughter have returned home from Quebec.

Miss M. Roberge has returned home from the St. Joseph Hospital, where she underwent an operation for appendicitis.

Mr. and Mrs. Lawyerson, Mr. W. Lawyerson, Mr. and Miss Gilman and Miss Cartwright motored to Thetford and Black Lake on Sunday, spending the day with Mrs. Lawyerson's sister, Mrs. W. Clearhous.

Mrs. Nelson, of Sherbrooke, is visiting Mrs. Clearhous.

Mr. and Mrs. P. Hammerick spent the week-end in Quebec.

On Sunday last the infant daughter of Mr. and Mrs. Frank Porter was baptized in St. John's Church and received the name of Olive Fern. The godparents were Mr. and Mrs. John Moore and the parents.

The Rev. P. R. Roy officiated.

The annual Harvest Thanksgiving festival services of St. John's Church will be held on Sunday next, October 8, at 10:30 a.m. and 7 p.m. Sunday school at 9:30 a.m. Choir practice Friday at 7:30 p.m.

AGRICULTURAL TRAIN ARRIVED IN CITY TODAY

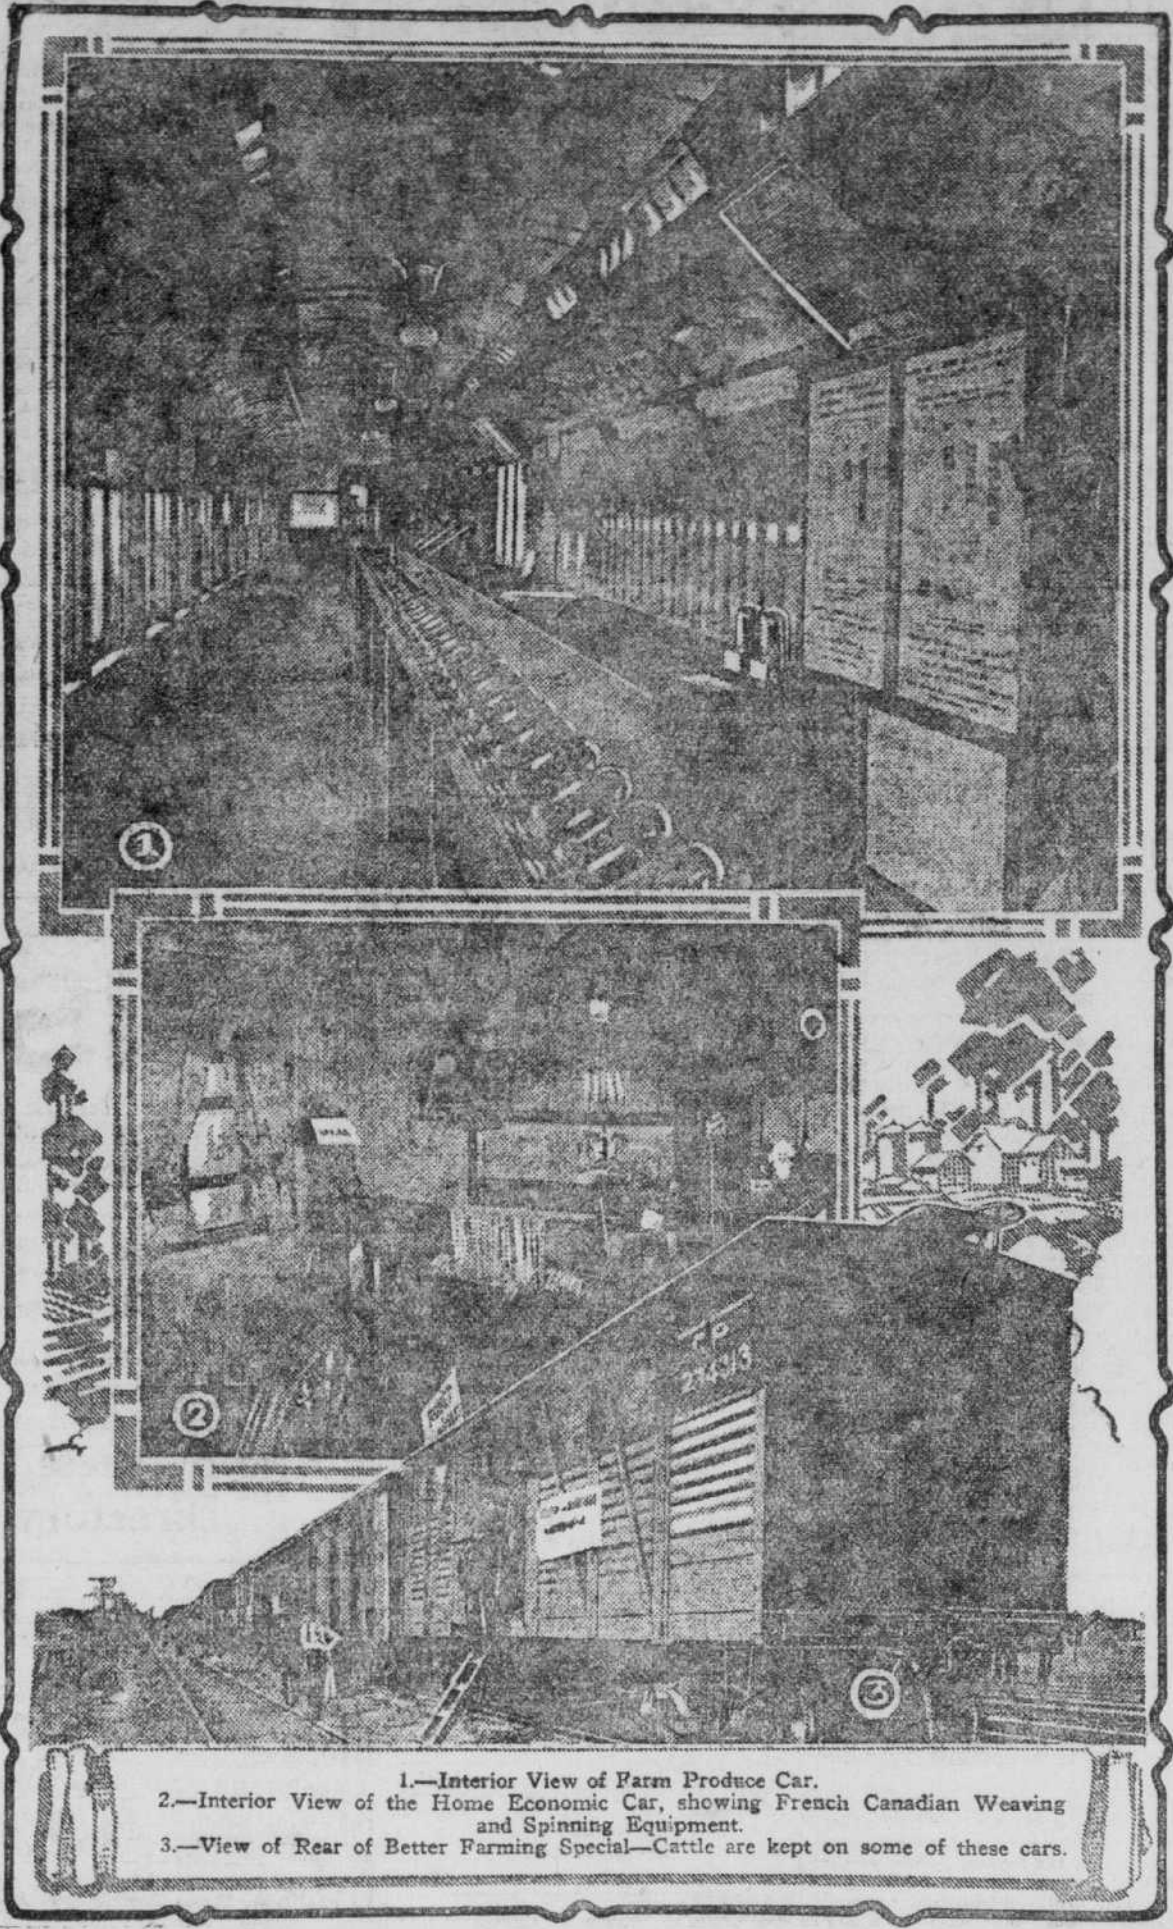

Train is Situated on C.P.R. Siding—Many Interested in Exhibits.

The agricultural train, organized by the Provincial Department of Agriculture and the Canadian Pacific Railway Company, with the cooperation of the Federal Department of Agriculture, arrived in Sherbrooke this morning.

The train is on a siding at the C. P. R. station, and is open from 10 o'clock in the morning until 5 o'clock in the afternoon. During this time demonstrations will be given by instructors in each car.

Public lectures will be given from 7 to 9 p.m. on all agricultural subjects, and moving pictures will give a synopsis of the day's teachings. The train is made up of thirteen cars, which are filled with many interesting and instructive exhibits.

AGRICULTURAL COLLEGE ON TOUR

1.—Interior View of Farm Produce Car. 2.—Interior View of the Home Economic Car, showing French Canadian Weaving and Spinning Equipment. 3.—View of Rear of Better Farming Special—Cattle are kept on some of these cars.

ENDORSE THE ROADS POLICY

(Continued from Page 1.) The basis of one to five, instead of one to seven or eight, as the proportion between the English and French speaking Canadians of the Province actually called for.

Mr. Nicol referred to the Province's surplus, and stated that he knew of no better investment than that of placing it in the schools of the province. "We have interested ourselves," he added, "in the universities and the classical colleges, and now the time has arrived when we must help the elementary schools on a larger basis than ever before. We feel there is a good future for the elementary schools of this province. It is interesting in this connection to ask whether we shall make classical studies better or else improve along agricultural lines. It appears that it is the lack of educational facilities which drags the younger generation from agricultural centres and brings them to the cities. We should train the young people to stay in the rural centres and assist in developing the farms of the Eastern Townships. Let us fill the farms here and help the young folks, and I am sure that under these conditions the Eastern Townships will progress and that the younger generation will carry on as their forefathers did in this beautiful country."

Mr. A. B. Hunt, M.P. for Compton County, welcomed the delegates to his district, and observed that inasmuch as the roads had been discussed consistently, he would give a few statistics showing to what advantage the country was benefiting directly and indirectly. In 1921 517,235 automobiles visited Canada for touring purposes, and of this number no less than 615,074 were for a period less than a month. This number represents an increase of 523,985 cars over the previous year. Figured on a basis of spending \$25 a day over an average stay of seven days, Mr. Hunt estimated that these tourists brought in \$107,000,000 to Canada. Referring to education, he suggested that good roads would be a large asset in rural education, as they would enable the inhabitants of the rural districts to visit the urban centres more frequently without taking them off the farm.

DISCUSSION OF NEW METHODS

Prior to adopting a motion supporting the plea of the Minister of Roads that speeding be curtailed, some interesting discussions were held along these lines. Mr. E. J. Page asked whether it would not be feasible to have a governor placed on cars and have same geared at a certain speed. He contended that licenses were being issued for cars geared up to seventy-five miles an hour, and contended this was in the nature of tempting fate. It was suggested that an educational programme should be inaugurated and people taught to understand that even though they have an open road and they are not endangering other lives by speeding, they are destroying a large amount of valuable public property. Some delegates were of the opinion that a \$10 fine was not sufficient.

and was not likely to deter any speeders. It was suggested that the punishment be more severe. Mr. W. P. Ewing, of Richmond, commented upon the facility with which drivers secured licenses, and contended that they were issued too freely and without proper cognizance being taken of the applicant's ability to drive. He suggested also that officials when they issue licenses be requested to advise the applicants of the dangers of speeding. It was suggested by Dr. Heyes that for the protection and enlightenment of American tourists, pamphlets be prepared by the Government and issued to the tourists as they enter the different border points. These pamphlets should impress upon the tourists the importance of abiding with the spirit of the law and would offer no tangible excuse of ignorance of same. The above resolution with regard to enforcing speeding laws was unanimously adopted by the Associated Boards.

EARLY LOSSES CANCELLED ON WALL STREET 'CHANGE

(Associated Press Despatch) NEW YORK, Oct. 6.—(Wall Street Noon.) The completion of the market underwent a rapid change before noon when a remarkable series of bullish demonstrations was staged in a number of high priced specialties. The manoeuvre threw the "bears" into a momentary panic and there was a mad rush to get back stocks sold at the opening, resulting in an almost general cancellation of early losses. Standard Oil of New Jersey jumped from 215 to 225, a new high record, and Tidewater Oil moved up 4 1/2 to a new top in expectations of a resumption of dividends. Peak prices also were established by Houston Oils, Wells Fargo Express, May Department Stores, Fisher Body, Dupont Powder, National Biscuit, Corn Products, and United Fruit, the gains ranging from 3 to nearly 10 points. Other strong spots were Western Union, Adams Express and Gulf States Steel, all up 2 1/2 to 4 points. Call money opened and renewed at 4 1/2 per cent.

MODERATE UPTURN IN PRICES FOR WHEAT TODAY

(Associated Press Despatch) CHICAGO, Oct. 6.—The uncertain situation led to a moderate upturn in the wheat market today during the early dealings. Bullish sentiment however, was checked by despatches from London asserting that the outlook was still for peace, although intervals of anxiety were in prospect. Export demand continued active but was largely offset by transportation difficulties east of here, and by liberal primary receipts. The opening, which ranged from 1/2 to 1 cent higher, with December at \$1.07 1/2 to \$1.08 and May at \$1.09 to \$1.09 1/4, was followed by a reaction wiping out most of the initial gains. Corn and oats were under considerable selling pressure and failed to sympathize with the upturn in wheat. After opening unchanged to 1/2 cent lower, with December at 61 1/2 to 61 3/4 cents the corn market hardened a trifle and then suffered a moderate general setback. Oats started 1/4 to 3/8 cent higher, with December at 38 1/2 cents and later underwent a general sag. Provisions reflected the upward tendency in hog values.

NEW YORK PRESS MARKET COMMENT

Wall Street Journal:—Toward the close considerable irregularity developed. Journal of Commerce:—The net result of yesterday's stock exchange operations was seen at closing in a rather pronounced condition of uncertainty and irregularity. Tribune:—Although the average of fifty selected stocks indicated a continuation of the advance, there was enough irregularity in the final sales to suggest that the rate since Monday had induced substantial profit taking and short selling on the part of the more venturesome. Wall Street Journal will say today: Pullman balance sheet shows strong position. More domestic wool taken by Lurex Mfg. at mill in August than in July of a year ago. Birmingham Iron firm on basis of \$27.50. Reading dividend covered without coal mine income. S. O. of California shares are valued at \$530,000,000.

STEEL OF CANADA FEATURE ON MONTREAL EXCHANGE

(Associated Press Despatch) MONTREAL, Oct. 6.—Steel of Canada was again the forte during the early trading this morning, registering spectacular variations. It opened with a great display of strength, on the announcement of the regular dividend, at 75, which figure was nine points above the last sale yesterday. During the first half hour, however, it weakened to 72. Other leaders included Abitibi, which rose 1/2 to 61 1/2, and Price Brothers, which was up 1/4 at 44 1/2.

GIANTS AND YANKS BATTLED TEN INNINGS TO TIE—SCOTT AND HOYT TO BE OPPOSING TWIRLERS TODAY

Many Fans Were Not Pleased When Umpires Called the Game in the Tenth Owing to Darkness—Entire Day's Receipts Donated to Disabled Soldiers and Charity—McGraw Pleased with the Showing Made to Date by His Pitchers—Fine Weather for Today's Game.

(Associated Press Despatch)
NEW YORK, Oct. 6.—The Giants and Yankees, having attempted to appease thousands of fans who were not a whit satisfied when the second world's series game was called by the umpires in the tenth inning with the score tied at 3 to 3, by giving the entire day's receipts to disabled soldiers and charity, returned today to the business of settling the championship.

The umpires said it was too dark to play when they called the halt, but there were few fans who agreed with them about the conditions of daylight. Some three or four thousand of the fans could not forget their dissatisfaction. They raised such an agitation and started such a current of gossip and comment uncomplimentary to baseball management generally that the owners of the clubs announced they would not keep one cent of the gate money.

And so the third game, with the Giants "at home" again in today's McGraw's men still have the edge, having won the first game, and today they will play behind pitcher Jack Scott, who displayed quite some twirling cunning during the latter part of the season. Miller Huggins has selected Waite Hoyt, the youth who caused the Giants no end of worry in the 1921 series, in an effort to even things.

Ryan and McQuillan are in shape and ready to assist Scott, should the Yankee batters take too kindly to his delivery. Carl Mays warmed up yesterday when it looked as if Shawkey might not go so well, and he is allotted the same job today.

Casey Stengel, the Giant regular center fielder, probably will be replaced today by the youthful Cunningham. Stengel, after beating out a slow roller to Scott, in the second inning of the second game, pulled up lame at second after Snyder had hit safely. McGraw removed him and Cunningham ran. It was reported this morning that Stengel may be out for a couple of days.

Prospects for the third game were excellent at ten o'clock this morning. The day gave every promise of being fair and slightly warmer.

McGraw is elated over the showing of his pitchers. They said they were not in a class with those of the Yankees. Nehf, Ryan and Barnes have not been so awful, have they?" he remarked this morning.

The newest dope has it that the Yankees, despite the one game lost, have an equal chance with the Giants to win the series. The argument for this is that the Giants have used two of their best pitchers and have won one game, while the Yankees have used two of their best pitchers and lost one game. This leaves the Yankees with two pitchers rated among the top notchers, Hoyt and Mays, while McGraw has the regular of the Giant staff, are not regarded so highly.

The batting order for today:
Nationals
Bancroft, ss
Groh, 3b
Frisch, 2b
E. Meusel, lf
Young, rf
Jelly, 1b
Cunningham, cf
Snyder, c
Scott, Ryan or McQuillan, p
Umpires: McCormick, National, behind plate; Owens, American, first base; Klem, National, second base; Hildebrand, American, third base.

STORY OF THE GAME
The Giants and the Yankees batted ten innings to a tie score when darkness called a halt to the game. The Giants might have been able to play their half of another inning, but the light was fading fast, and umpire Hildebrand, realizing that the Yankees would have to go to bat in near darkness, called the game.

Thirty-six thousand persons or more saw a pitchers' battle, in which Jess Barnes and Bob Shawkey fought down on the last period. The Giants made three runs in the first inning on singles by Groh and Frisch and a homer by Meusel. They did little with Shawkey thereafter. Barnes used a slow ball throughout the contest. The Yankees scored their first run in the opening frame when Bancroft made a bad error and Pipp came through with a single. Ward made a home run in the fourth and the Americans scored their third run on doubles by Ruth and Meusel in the eighth. The following is the story by innings:

FIRST INNING
GIANTS—Ward tossed out Bancroft, going far to his left to get a mean bouncer. Groh singled over second. His fourth hit in the series. Frisch got a Texas Leaguer into left field which Scott could not quite reach. Groh went to second. Meusel hit a home run into the left field stand, scoring Groh and Frisch ahead of him. Young flied out to Witt and Kelly fouled out to Schang.

Three runs, three hits, no errors.
YANKS—Witt bunted but the ball rolled foul. Groh made a nice play on Witt's roller and got his man at first. Bancroft took Dugan's grounder and threw to the grand stand. Dugan going to second. Ruth went out at first. Kelly unassisted, Dugan going to third. Dugan scored when Pipp got a single off Kelly's glove. Meusel flied out to Young.

One run, one hit, one error.
SECOND INNING
GIANTS—Stengel got an infield hit. Snyder got a single over Pipp's head. Stengel going to second. Stengel hurt his leg in going to second and Cunningham ran for him. Barnes hit into a double play, Scott to Ward to Pipp, Cunningham going to third. Bancroft flied out to Ruth, who took the ball off the right field stand.

No runs, two hits, no errors.
YANKS—Cunningham went to centre for the Giants. Frisch tossed out Schang, who hit a slow curve and Groh got Ward at first. Frisch robbed Scott of a hit by making a diving catch of his grounder, and getting his man at first.

No runs, no hits, no errors.
THIRD INNING
GIANTS—Groh walked. Frisch lined out to Ruth. Meusel flied out to Ruth, and Kelly churned the air for the third out.
YANKS—Groh threw out Shawkey and Witt fouled out to Groh. Dugan got a two base hit to left, and Ruth walked. Barnes threw out Pipp at first.

No runs, one hit, no errors.
FOURTH INNING
GIANTS—Cunningham struck out and Snyder fouled out to Dugan. The crowd booed Barnes because he had passed Ruth. Barnes struck out.
YANKS—Meusel fouled out to Snyder. Schang struck out. Snyder dropped the third strike but threw him out at first. Ward got a home run over the left field fence. Frisch went in to centre field for Scott's Texas eagler, robbing the Yankees' shortstop of a hit for the second time in the game.

One run, one hit, no errors.
FIFTH INNING
GIANTS—Bancroft lined out to Pipp and Scott threw out Groh at first. Frisch beat out a bunt. Meusel got a blow in the Grand Stand which was foul by inches. It was a wild pitch for Shawkey and a steal for Frisch. Frisch went to third on the pitch. Scott threw out Meusel at first.

No runs, one hit, no errors.
YANKS—Shawkey flied out to Cunningham. Barnes took Witt's hopper and tossed him out. Dugan got a single to left. Frisch threw out Ruth at first.

No runs, one hit, no errors.
SIXTH INNING
GIANTS—Young beat out a slow roller to Scott, but Kelly forced Young, Shawkey to Ward. Cunningham flied to Ruth. Snyder flied out to Ruth.

No runs, one hit, no errors.
YANKS—Pipp fouled out to Snyder. Meusel walked. Frisch threw out Schang at first. Meusel went to second. Ward fanned.

No runs, no hits, no errors.
SEVENTH INNING
GIANTS—Ward took Barnes' hot shot and threw him out. Shawkey complained bitterly to Umpire Hildebrand on his calling of balls and strikes. Bancroft went out, Pipp unassisted, and Groh popped to Ward.

No runs, no hits, no errors.
YANKS—Kelly took Scott's roller and touched first. Shawkey fanned. Witt fanned.

No runs, no hits, no errors.
EIGHTH INNING
GIANTS—Frisch fouled to Dugan and Meusel was out on high foul to Pipp. Young flied out to Meusel.

No runs, no hits, no errors.
YANKS—Barnes tossed out Dugan. Ruth got a long hit into left field for two bases. Pipp flied out to Cunningham, and Ruth raced to third on the catch. Ruth was stealing home when Meusel fouled off the pitch. Ruth scored on Meusel's double to left, which he made by fast

base running. Kelly took up Schang's grounder and touched first. One run, two hits, no errors.
NINTH INNING
GIANTS—Kelly sent up a high one which Dugan took. Smith batted for Cunningham. Smith fanned. Ward threw out Snyder at first.

No runs, no hits, no errors.
YANKS—King went to centre for the Giants. Ward struck out. Scott singled to centre. Shawkey forced Scott, Barnes to Bancroft. Witt got a single into left, sending Shawkey to second. Dugan fanned.

No runs, two hits, no errors.
TENTH INNING
GIANTS—Shawkey threw out Barnes. Bancroft singled sharply into centre field. Bancroft was out trying to stretch his hit, Witt to Ward. Ward threw out Groh.

No runs, one hit, no errors.
YANKS—Ruth fouled out to Snyder. Kelly took Pipp's roller and touched him on the leg. Meusel fouled out to Snyder.

No runs, no hits, no errors.

DEMANDED GAME BE CONTINUED
A sensational and unusual scene developed in front of Commissioner's Landis' box following the call of the game yesterday. Several hundred fans rushed to the front of the Commissioner's box and demanded to know the reason for the stopping of play. They refused to listen to the Commissioner's explanation and began to boo and shout. He refused police assistance and made his way through the crowd to the club house.

RECEIPTS GIVEN TO DISABLED SOLDIERS
(Associated Press Despatch.)
NEW YORK, Oct. 6.—Hoyt or Mays will pitch for the Yankees and Scott or McQuillan for the Giants in today's game. The entire receipts from yesterday's game will be given to disabled soldiers and charities of New York.

CUBS EVENED UP SERIES
(Associated Press Despatch)
CHICAGO, Oct. 6.—The Chicago Nationals evened up the series for the city championship with their American League rivals yesterday by winning 10 to 3.

ST. PAUL TOOK SECOND GAME
(Associated Press Despatch)
BALTIMORE, Md., Oct. 5.—Mainly because of some wonderful pitching by Rube Benton, former Big League southpaw, the St. Paul Club evened up the series with Baltimore by taking the second game yesterday by 2 to 1.

SPORTING NOTES
E. T. BASKETBALL LEAGUE ANNUAL MEETING
The annual meeting of the Eastern Townships Basketball League will be held on Saturday, October 7th, in the Y. W. C. A. The meeting is called for 7:30 p.m. All teams who are desirous of entering the league this season should send delegates to the meeting.

NEW RELAY TEAM RECORD
(Associated Press Despatch)
WINNIPEG, Man., Oct. 6.—What is claimed to be a new Canadian record for the half mile relay, was established at the University met here yesterday, when four of Winnipeg's premier sprinters, F. Hefelfinger, Laurie Armstrong, Billy Miller and Cyril Coffey, covered the four two-twentieths in one minute and thirty seconds flat. The same team got out after the world's record of 1:27 on Saturday, October 14th.

FEATURE EVENT WON BY PETER THE BREWER
(Associated Press Despatch)
LEXINGTON, Ky., Oct. 6.—The thirty-fourth renewal of the Transylvania was won yesterday by Peter the Brewer, who equalled the record of 2:32 1-2 made by Peter Manning in 1920.

FOOTBALL
FINALS OF HOSPITAL CHARITY CUP
The finals of the Sherbrooke Hospital Charity Cup will be played at the Parade Grounds tomorrow afternoon at 3:15 p.m. when Sherbrooke Football Club line up against the strong Beebe eleven. The Beebe players were the winners of the Charity Cup last year when they de-

feated their opponents of tomorrow, and they are hoping to establish a record in winning both the League championship and the Charity Cup two years in succession. The Sherbrooke Football Club, however, is anxious to secure at least one of the trophies and, weather permitting, a splendid game should take place tomorrow afternoon at the Parade Grounds.

Both teams will be at full strength and the game will provide added attraction as it is expected that several players on both teams will play their last game of football, and give way to some of the younger generation. The Sherbrooke team will probably be: Goal, Campbell; Backs: Aston and Bennett; Halves: Twyman, F. Smith and Johnson; Forwards: G. Petts, W. Pearce, A. Wootton, A. W. Reid and L. Hudd.

EAST SHERBROOKE vs. FAIRMOUNT
East Sherbrooke and Fairmount will renew their soccer battles tomorrow afternoon when they play at the Parade Grounds at 4:45 p.m. The game, which will be refereed by Mr. W. J. Smith, will be started immediately after the finals of the Sherbrooke Hospital cup.

A RECORD BREAKER.
"For breaking things my cook certainly holds the record."
"I don't know, my dear. The last cook I hired broke something before she started."
"What in the world was that?"
"Her promise to come."

PREMIER JOHN BRACKEN HAS A BIG PLURALITY

His Three Independent Opponents Lost Their Deposits in Election in The Pas.

(Associated Press Despatch)
THE PAS, Man., Oct. 6.—The deferred election held in The Pas constituency yesterday was a complete landslide for Premier John Bracken, who polled an overwhelming plurality for election to the Manitoba Legislature over his three independent opponents, Herman Finger, Dr. P. C. Robertson and R. H. McNeill. The latter three cannot possibly save their deposits.

With two or three scattered polls to hear from, Premier Bracken has 406 votes, Finger 81, Robertson 69, and McNeill 25.

Yesterday's election completed the Legislature, the deferred elections and bye-elections necessitated by the appointment of members-elect to the Government having been held prior to the general election on July 18, all of which went in favor of the new Farmer administration.

The Legislature is composed as follows: United Farmers and Progressives, 28; Liberals, 9; Conservatives, 7; Labor, 6; Independents, 5.—Total, 55.

NO REASON WHY THE C.N.R. SHOULD NOT BE A SUCCESS
With Right Kind of Administration, the Experiment in Nationalization of Railways Should Be Successful.

(Associated Press Despatch)
OTTAWA, Oct. 6.—"In the nationalization of railways, the Canadian Government has embarked on an experiment, and there is no reason why with the right kind of administration the experiment should not be successful," declared Sir Henry Thornton yesterday.

The first meeting of the new Canadian National Railway Board will probably take place next week, either in Toronto or Montreal. Sir Henry Thornton, the new president, who it is understood, is not present at this meeting, but proceedings will be more or less formal in their nature. It is necessary to hold a meeting in Montreal to look over the Grand Trunk Railway and another in Toronto to take over the Canadian Northern lines. The new president must return to England before assuming his duties as head of the combined roads, and will probably not be able to arrive for the first of these meetings.

RAIN CHECKS FOREST FIRES
(Continued from Page 1.)
It is expected that the Ontario Provincial Government, which is represented on the spot by Premier Drury and other members of the cabinet, will provide a restoration commission to assist in the rebuilding of the devastated towns and settlements. In regard to Haileybury, the district capital, there is talk of temporary buildings for the winter along the line of the Halifax method following the explosion there during the war.

SITUATION SERIOUS AT JACKMAN.
(Associated Press Despatch)
JACKMAN, Me., Oct. 6.—There was no halting early today of the forest fire which started in cut-over land north of here three days ago and raced through the piles of slash, forcing woodsmen and their families to flee several miles.

The flames have made deep inroads through the Aroostook county forests eastward along the north shore of the Moose River. Extra firefighters are being rushed to the vicinity. Lumbermen, driven into the town by the dense smoke, say that the damage will be heavy.

Great quantities of pulpwood already cut and piled were threatened with destruction today.

FIFTEEN BODIES FOUND AT HAILEYBURY.
(Associated Press Despatch)
COBALT, Ont., Oct. 6.—Fifteen bodies have been found in and around Haileybury up to a late hour yesterday afternoon, and there are fears this number will be exceeded. A number of the dead have not been identified. Seventeen people died on farms between the towns of Healsip and Carlton.

DANGER IN HAILEYBURY HAS PASSED.
(Associated Press Despatch)
OTTAWA, Oct. 6.—The danger of the forest fires in the Haileybury district is passed, according to a telephone message received last night from the Canadian Press correspondent at the scene of the conflagration. It is raining in torrents.

RAIN IN QUEBEC AIDS SITUATION.
(Associated Press Despatch)
MONTREAL, Oct. 6.—Rain yesterday and Wednesday gave relief to the village of Labelle in Northern Quebec. G. C. Piche, chief forester of the Province of Quebec, received word last night that the forest fires had reached the Township of Swaminigan and that a number of farm houses had been destroyed.

SUFFERING WILL BE REDUCED TO MINIMUM.
OTTAWA, Oct. 6.—Indications are suffering and exposure will be reduced to a minimum." Premier Drury wired from North Bay to Hon. George Graham, Minister of Militia last night.

A DETECTIVE STORY

The Red House Mystery

By A. A. Milne, Author of "The Dover Road," "Mr. Pim Passes By," and Many Thrilling Tales.

This is the novel which Heywood Brown in the New York World calls "the best detective story since Sherlock Holmes shut up shop."

It's the story which J. P. Morgan read to relax his mind before the conference of international bankers in Paris.

The Record has secured publication rights for this story. The first instalment will appear in Saturday's Record.
