## The Westmount Examiner

VOL. XXX. NO. 3. WESTMOUNT, FRIDAY, JANUARY 16, 1959 FORTY PAGES

## Common, Bovaird named as city's new aldermen

John C. Cushing, elected unopposed as Westmount's 27th Mayor, will take the oath of office and accept the chain of office from retiring Mayor Sidney Bruneau, at an inauguration ceremony, Tuesday, at City Hall. His term is for two years.

At the same ceremony, Frank B. Common, Jr., and Laird W. Bovaird, elected as aldermen, also unopposed, will take their oath of office.

The two men will serve three-year terms and will fill the vacancies created by the election of Mr. Cushing and the retirement on completion of his term of former Alderman H. G. Seybold. Seybold.

An interesting sidelight to this year's elections is that, so far as City Hall officials can determine, Mr. Cushing is the first Westmount-born man to become Mayor of the city.

Previous Mayors lived most of their lives in Westmount but were born outside the municipality they later headed.

Mr. Cushing is 52, and has had a distinguished career. As a boy, he won the Sword of Honor at the Royal Military College, Kingston, and as a businessman, is President of A. C. Leslie, steel and non-ferrous metals distributors. As an alderman he was Commissioner of Roads and Municipal Buildings.

Mr. Common is 39, a lawyer with a well-known Saint James street firm, is on the Council of the Canadian Bar Association and a lecturer at McGill.

Mr. Bovaird is 41, is a Public Relations Officer with the Bell Telephone Company. He served during the war with the Canadian Armoured Corps and was for a period ADC to General A. G. L. McNaughton. He is a member of church committees and is interested in youth work.

Four Council members continue to serve. They are Aldermen M. Garber, Commissioner of Health and Public Welfare; F. E. H. Gates, Commissioner of Electric Light and Power; C. H. Drury, Commissioner of Finance; and P. A. Oumet, Commissioner of Police and Fire.

The responsibilities of Mr. Cushing and Mr. Seybold, who was Commissioner of Parks and Recreation, thus remain open. As other aldermen may desire a change, it is not certain that the newly-elected aldermen will take their places automatically.

The duties of the reconstituted Council will be determined at the inauguration ceremony on Tuesday.

Also at Monday's elections, Mr. Denny A. Hanson was re-elected, unopposed, as Chairman of the Trustees of the Library Committee.

## False alarms plague city's Fire Department

City Fire Department officials are worried over a series of malicious false alarms they have been receiving over the past two weeks.

Three of the calls have been from a man, one from a woman and they have taken on the appearance of a pattern in time and place.

Two calls were sent in January 2nd by a man, the first at 3:03 a.m. claiming there was a fire at the Temple Emanuel, 4100 Sherbrooke street, the second at 6:31 p.m. for an alleged fire at 113 Selby street.

One week later at 12:30 a.m., on January 8th, a man called, again claiming there was a fire at the Temple Emanuel and later the same morning a woman phoned in an alarm for a fire at 635 Lansdowne avenue.

Chief E. C. Harper told The Examiner that the danger of these alarms lay not only in possible injury to firemen but that vital equipment, out on a wild-goose chase, was not available when a real emergency occurred. Precious minutes may be lost if the department is caught on the wrong foot.

He pointed out, however, that modern fire departments are equipped with tape recorders which can be used to identify the voices of people who phone in alarms.

It is possible, on occasions, to track down a person phoning in false alarms by recognizing their voice on a tape recorder played back repeatedly.

## Spend \$9520 on new cable

The City has committed \$9520 from the Depreciation Reserve of the Electric Light Department to cover the replacing of the signal cable in Circuit No. 3 of the Police and Fire Signal System.

The re-installation of this cable, which was originally put in operation in 1920, has been made necessary through deterioration which has made it no longer serviceable without frequent repairs being required.

Within the next few weeks the Westmount Examiner will leave the domain of "free" newspapers — delivered door to door without charge to all residents of the area. Distribution problems and the increased size of the Examiner along with its many new features will bring a conversion to a paid-circulation, carrier-delivery weekly.

With today's Examiner are business reply cards (no postage required). We would like you to fill out the cards immediately for home delivery service of the "new" Examiner at five cents per copy, payable by subscription for the year in advance or by payment to the carrier on a monthly basis.

## City sells part of Athletic Grounds

In the absence of a request by any 6 elector-proprietors of Westmount for a poll, Mayor Sidney Bruneau declared the unanimous adoption of a by-law providing for "the sale of a part of the Westmount Athletic Grounds to the School Commissioners of The Municipality of the City of Westmount."

Less than a dozen proprietor-electors were present at the third reading of the by-law Monday. During the meeting, there was an informal adjournment, during which T. J. Hughes, the City's General Manager, undertook to explain the proposed changes and their effect.

### THE PLAN

Roughly, the block of land containing the playing field, the W. A. G. building, and houses fronting on St. Catherine street, will be divided in half, with the City retaining the half on the south side.

On this section, a track complying with Olympic standards, larger than the present one, will be constructed. The area will serve as a football field as well, with enough

space available to seat as many as 4,000 spectators.

"The main difference," said Mr. Hughes, "is that Westmount schools will make much more use of the area than in the past. Previously, the grounds were used a great deal by practising professional football teams. There was little demand for the space by the schools."

Mr. Hughes foresaw that the construction of a new high school on the north section — "a modern building, well set back from St. Catherine street" — would have a favorable effect on property values in the area, which are already rising.

The present physical facilities of Westmount Junior High School and Westmount High School have long been considered inadequate, he commented, and it was the task of the Westmount Municipal Association to co-operate with the Westmount Protestant School Commission in finding a suitable location for a high school to house the present Junior and Senior High Schools.

King's and Queen's elementary schools will be combined in the building on Academy Road where

the present Junior High School is located.

### TRAFFIC

Plans are under consideration to redirect the traffic now flowing from Dorchester street onto St. Catherine via Hallowell avenue, a small street on the east side of the playing grounds. In conjunction with the widening of Dorchester street, a cutoff is to be constructed, beginning opposite Bruce avenue, leading to the intersection of Clarke avenue and St. Catherine street. By this means, said Mr. Hughes, the Dor-

## Next week's weather

By ERIC NEAL

January 17 to 24

Clear and moderately cold, followed by fog, cold mists, sleet and more snow, then becoming really cold with gusty winds. Powder snow in the north and east.

Sunny and cold with some wind, then easing for 3 to 7" of snow mid-week and becoming relatively warm. Freezing rains for Vermont, the Eastern Townships and the Maritimes, with some snow.

Weekend very cold and bright with flurries and gusty winds; a thaw for the Prairie Provinces; more sleet and snow-storms for the Maritimes and the Gulf.

Ski conditions good. Field snow cover now 40 to 60 inches; more in some districts.

## IMPORTANT PUBLIC SERVICE

Despite internal and international problems it must never be forgotten that the proper education of Canadian Youth is an important phase of public service. Education is defined as the training of the mental or moral powers, the knowledge and ability gained by such training.

Schools are preparing the foundation for the development of youth in the categories outlined above and strongly urge our Club members to participate in that program with great spirit, effort and initiative. We would also like to remind our Club members that in the after-school and evening leisure hours, the Unity Boys' Club of Westmount has provided a program designed specifically for our Club members to have fun while taking part in our many varied activities.

The training that materializes from these activities which are under the guidance of qualified leaders, enables our boys and girls to form good habits, to learn good manners, to be respectful and courteous, to practice good sportsmanship and to educate and assist them to become "GOOD CITIZENS".

Talent Club Supervisor, Fred Pennell announced this week that the Variety Show for the patients of the Queen Mary Veteran's Hospital originally scheduled to be presented on Wednesday, January 14th, has been postponed and will take place on Wednesday, January 28th.

# Alan McCall honored by Boys' Clubs

The highest award of the Boys' Club of Canada, the Gold Keystone, was presented this morning by the Governor-General of Canada to Alan Drummond McCall, 619 Clarke avenue, retiring President of the National Organization, in a brief ceremony at Government House.

The presentation was made in the presence of the National Advisory Council and the Board of Directors of the Boys' Clubs of Canada, who had been invited by the Rt. Hon. Vincent Massey, CH, to visit Government House, prior to the holding of the 12th annual meeting of the organization at the Rideau Club.

The citation accompanying the award for "Outstanding and Extraordinary Service to Boys", stated that Mr. McCall had accepted the challenge inherent in the idea of the formation of a national Boys' Club Movement for youth in 1917, and had become the first President of the Boys' Clubs of Canada.

"In the short period of a single decade, under his leadership the movement has grown from a few scattered clubs with modest recognition to a nation-wide establishment of modern Boys Clubs" stated the award. "His quiet leadership has been an inspiration to professional boys' workers and his zeal and enterprise have led citizens throughout Canada to lend support to the work of the Boys' Club Movement."

In making the presentation, after the reading of the citation by Lt. Col. S. C. Holland, Chairman of the Awards Committee, the Governor-General, who is Honorary Patron of the Boys' Clubs of Canada, congratulated Mr. McCall on the splendid results being achieved by boys' clubs throughout Canada, to which the wise counsel and assistance of the National body are contributing so much.

The only other recipient of the Gold Keystone is Earl Alexander of Tunis, former Governor-General of Canada, who was awarded the Order of Merit by Her Majesty Queen Elizabeth in the New Year's Honors.

## MRS. Y. KOSSATKINE-ROSTOFFSKY

A solemn requiem mass was celebrated Tuesday morning at the Church of the Ascension of Our Lord for Mrs. Yvonne Kossatkine-Rostoffsky, 71 Holton Avenue, who was fatally struck down by a bus at Greene avenue and St. Catherine street Friday evening. She was 56 years of age.

Born in Canada, Mrs. Kossatkine was the niece of L. Alexandre Taschereau, former Quebec Premier. She was married in 1928 to Major Prince Cyrille Kossatkine-Rostoffsky. Her husband has been with Canadian Industries Limited since his arrival in Canada, 1926, and during the Second World War he served with the British intelligence service.

Active for many years with arthritic welfare work, Mrs. Kossatkine was for the past four years executive secretary of the Canadian Arthritis and Rheumatism Society.

In addition to the many friends and relatives attending the funeral, representatives of the Canadian Arthritis and Rheumatism Society and the Cerebral Palsy Association were present.

Offering the mass for Mrs. Kossatkine were Father M. Kelly of the Church of the Ascension, celebrant, Father J. Macdonald, C.S.S.R., deacon, and Father Murata, subdeacon.

Immediate members of the family attending the funeral were Prince Kossatkine-Rostoffsky, her son, Igor of Seattle, Mr. E. Pope, Mr. Harold Pope, Mr. Alfred Pope, and Mr. J. E. Pope, cousins of the deceased, Mr. Robert Keefler, and Mr. Robert Cox.

## FRIENDS PRESENT

Also present were Mr. and Mrs. L. H. D. Sutherland, Mr. and Mrs. John Hollier, Mr. and Mrs. Murray Ballantyne, Major-General and Mrs. Guy Vanier, Mr. M. R. Primeau, Mr. and Mrs. Edward Dunlop, Miss Jean Bovey, Mrs. E. Creery, Mr. and

the area being sold to the School Commission.

The land for the new school, purchased by the City from the M.A.A.A. in 1936 for \$185,000 is to be sold for \$250,000, a difference of \$65,000.

The Mayor commented that the meeting was a technical one, as it is not usual to submit by-laws to the public, except for those concerning zoning or loans. In this case, the original purchase of the athletic grounds had involved a loan, and to establish the Westmount School Commission's title securely, public approval was necessary.

## MRS. E. FOULDS

Mrs. Ethelwynne Foulds, 17 Parkman place, for nearly 35 years a resident of Westmount, died Monday at the age of 88. Her husband, the late Ernest William Foulds, was a former manager of the New Zealand Shipping Company.

Born in Longueuil, Quebec, July 3, 1870, Mrs. Foulds was the daughter of Mr. and Mrs. James McClure, originally from Scotland.

She was married in Christ Church Cathedral on April 19, 1918, and was a member of that church until her death. She was active in the Womens' Auxiliary and the Womens' Guild of Christ Church Cathedral, and was a member of the Dickens Society.

Mrs. Foulds went abroad several times, most recently in 1937, when she visited relatives in Scotland and England. She also travelled in Canada extensively.

She is survived by a sister, Miss Alice M. McClure; two nieces, Mrs. R. K. Smith and Mrs. F. W. Dougherty; and a nephew, James McClure-Gude-well.

**A HOSPITAL FOR AGED BEDRIDDEN PEOPLE** is the subject under discussion by Rev. E. J. Bailey of Westmount Baptist Church, Mrs. Betty Speirs-Miller, Miss Jesse Lawrence of the Montreal General Hospital

Social Service Dept., and Dr. Paul Weil of the Moore Home for the Aged. The group, spearheaded by Mrs. Speirs-Miller, will address an open meeting on this topic of public interest at Victoria Hall, Tuesday, 8.15 p.m. — Tedd Church Photo

## Mrs. Betty Speirs-Miller heads hospital project

By JANE BARTLETT

"The need in Montreal for a hospital for aged bedridden people is very great," says Mrs. Betty Speirs-Miller, who is the moving force in a drive to fill this need. On Tuesday night, with the blessing of the social work authorities of Montreal, the first big step toward this goal will be taken at an open public meeting to be held at Victoria Hall, 8.15 p.m.

"In the beginning," continued Mrs. Speirs-Miller, "we had planned for a Protestant hospital of this kind, but as we realized the great lack of such an organization in Montreal, we decided to limit our endeavours only by the adjective 'English-speaking,' regardless of color or creed."

On Monday, the nucleus of those interested in the project met at Mrs. Speirs-Miller's home to discuss the Victoria Hall meeting, at which they will speak, including Rev. E. J. Bailey of Westmount Baptist Church, Miss Jesse Lawrence of the Montreal General Hospital Social Service Dept., Dr. Paul Weil of the

Moore Home for the aged, and Sophy L. Elliott, well-known writer.

### FINANCE

They hope for an enthusiastic response to this meeting, and are not asking only for financial support, but for the services of any kind that anyone might have to offer, from clerical and advisory help to building (carpentry and skilled trades), nursing and hospital help, and other general help.

"Everyone has something to give," says Mrs. Speirs-Miller. "We plan to have a visiting committee who will have the important task of bringing love and attention to those lonely people."

To illustrate this point, an offer has already been received from a hairdresser to give free hairdos to women patients.

Mrs. Speirs-Miller's campaign began last June, when she wrote a series of letters pointing out the need for a hospital for the bed-ridden aged to the Montreal Star under the signature of "Tranquillity." The response was immediate, and increased to even greater proportions when she inadvertently omitted the pseudonym.

### LETTERS

Answering all the letters received, Mrs. Speirs-Miller was encouraged to attempt the establishment of a hospital. Her own mother had died shortly before, after many months as an invalid, and it is her hope that the hospital will be named The Jessie McBain Memorial Hospital in her memory.

"I have met many wonderful people through this correspondence," she said, "people who realize that although there are

## Application for Olivier avenue ballet school

At Council's General Committee meeting, Monday, an application was received from Mrs. E. S. Schwartz for permission to operate a ballet school at 382 Olivier avenue.

Mrs. Schwartz was authorized to comply with the requirement of Article 16 of the zoning by-law which requires that (a) a written application be filed with the Building Inspector (b) that a notice of such application be inserted twice in a period of one month in both an English and French daily newspaper in the District of Montreal and (c) that a notice of such application be posted on the site in plain view from the sidewalk, at a distance not exceeding ten feet therefrom, to be kept in such position one month.

These requirements are for the purpose of giving residents in the area an opportunity to present their views for or against the application.

## With a bow and arrow, anything is fair game

Shades of Robin Hood and Agincourt returned to Westmount this week when Paul Provencher, well-known forester and lecturer, demonstrated to Westmount Rotarians the effectiveness of bow-and-arrow hunting.

"If you want pleasure out of hunting and don't merely want to kill, the bow and arrow is the weapon for you" said Provencher. "You won't worry too much about animal conservation either, because you probably won't hit anything anyway."

On this optimistic note, Mr. Provencher produced the bow he uses expertly on hunting expeditions in Quebec.

It has a 53-lb pull, is made of maple with fibre-glass sides and has the power to fire a steel-tipped arrow clean through a bear at a range of 60 feet.

The arrows have different heads. Mr. Provencher demonstrated one which opens a 4" hole when it strikes the target, then retracts into a cutting edge of 2".

"To hunt expertly with a bow and arrow you need to know the anatomy of the animal you're after. An arrow isn't an atom bomb. The most effective target area is the lung cavity and if you can't guarantee to get your arrow within six inches of that, you'd better forget about this kind of hunting."

What happens, apparently, when you hit an animal with an arrow is that it haemorrhages that is, bleeds internally.

However, if you want to go hunting without killing, bow and arrow is the thing for you.

Mr. Provencher showed a film he had taken on one of his expeditions in which blunt-headed arrows were shown bouncing harmlessly off the hides of bears who seemed to take little exception to what must have been a slightly irritating experience.

They just loped off, blissfully unaware that what was only a sting could have had more fatal results.

## Hamilton speaks

NDG Lions Club 5th annual charter night will be held tonight at Victoria Hall at 7:30 o'clock. The event, which will include a dinner and dancing, will feature Postmaster General William Hamilton as guest speaker.

## YMCA starts golf schools, bridge classes

The Annual Golf School and Clinic will start this year on Tuesday, January 27th and Thursday, January 29th. This course will run for eight weeks. Since there is a choice of times for both days it is suggested that those interested register early. The times are 7:00 p.m., 8:00 p.m. and 9:00 p.m. The fee for this course will remain the same as last year, \$7.00 for members of the Y.M.C.A. and \$12.00 for non-members.

Once again the professional in charge will be Syd Fry from the St. Margarets' Golf Club, Quebec. Mr. Fry wishes to point out that these classes are open to both beginner and expert. Any further information required can be had by phoning WE. 7-3916.

### BRIDGE

Starting on January 27th, Bridge Classes for beginners, will start in the Assembly Hall of the Westmount Y.M.C.A. at 8:00 p.m. Classes will last for eight weeks and will be of approximately one and a half hours duration. An instructor has been obtained from the Montreal School of Bridge. For further information please call John Ray at WE. 7-3916.

## Westmount's role in metro plans

THE city of Westmount has a vital role to play in the plans for metropolitan government, presently being readied for presentation to the Provincial Legislature.

In a recent address on metropolitan administration made before several large organizations in Montreal, the title was "If we don't hang together — we'll hang separately".

This is a terse but accurate view of the situation.

As in other metropolitan areas, overlapping jurisdictions, holdups on major projects, bottlenecks in traffic arteries where they go through minor municipalities is slowing modern development to a walk with the prospect of the whole thing grinding to a horrible halt.

Small municipalities, with vested interest, have sniped at the Croteau report. Westmount, Verdun and Outremont, while not agreeing naturally with every phase of the document any more than they did with the Paquette report, have found no major fault with the general principle.

This is good — and it is important, since these three municipalities have the most to gain if the project goes well, most to lose if it is allowed to become a political football.

Metropolitan government, to the satisfaction of the majority, is not going to come overnight. It has taken the island of Montreal more than three centuries to get itself into the present municipal mess.

And it is a mess. Cote Saint Luc, for example, owns territory entirely cut off from that municipality proper. One of these parts is in Hampstead. Another is in Montreal. Some of the suburban entities are entirely surrounded by other municipalities and must rely on their neighbors for sewer and water connections.

Certainly in preparing his report, Councillor Lu-

cien Croteau has been most objective. In detailing his suggestions for the six City of Montreal representatives he has even allowed his objectivity to preclude the possibility of one of the six such seats falling to himself.

It was in Victoria Hall, right here in Westmount, many years ago that Hon. George C. Marler, former provincial and Federal member for this district and former Federal Transport Minister delivered an address on the need in the greater Montreal area for an amalgamation of essential services. A former vice-chairman of the executive committee of the City of Montreal, Mr. Marler had enjoyed the experience that enabled him to see the value of such a move from all angles, and since he is one of the most able of administrators, he had the faculty of presenting such matters in a most understandable form. His address of that time is still current today, only now the problems have become more serious and more urgently in need of immediate application.

Through the years representatives of Westmount have played an important role in the affairs of the Canadian Federation of Mayors and Municipalities. No local official has enjoyed the length of service on the executive of this body as has Verdun's perennial mayor Edward Wilson, but many Westmounters — notably in latter years Mayors J. A. deLalanne and Sydney Bruneau — have sat in on Federation sessions for a sufficient time to be exposed to the problems of municipalities of all kinds and to see the need for Metropolitan administration and the advantages to be obtained from it.

Westmount, in company with Verdun and Outremont, form a sizeable part of the island population and of its tax revenue. Together, the three must set the pace.

"If we don't hang together — we'll hang separately".

If any man seeks for greatness, let him forget greatness and ask for truth, and he will find both.

By CYNTHIA JONES  
Irene Gabrielle Wilcken, an attractive woman with a clever, analytical mind, is the city clerk of Cote Saint Luc, the first and only woman city clerk in the province of Quebec. ..

Eight years ago Mrs. Wilcken, a bilingual French - Canadian, was hired by the City of Cote Saint Luc as a clerk-stenographer at \$35 a week. Within three months she was appointed assistant secretary-treasurer, her ability and efficiency having been spotted by the former secretary-treasurer G. L. Hooker who recommended her to the council.

Council never regretted its choice.

Irene Wilcken continues to thrive along with her city. Still another former secretary treasurer C. W. Houston who joined the Cote St. Luc administration following 23 years as secretary treasurer of Westmount, recommended her for the position of city clerk in June, 1957. She got the job and now works as a team with treasurer S. J. Neilson who doubles as works manager. "Mr. Neilson looks after the finances of the city and I look after the legal matters," said Mrs. Wilcken, with a smile. (Lawyers with whom she has had business dealings say Mrs. Wilcken has a good legal mind with a grasp of complex municipal law.)

### Her duties?

Among them are: attendance of council meetings every Monday evening; drafting of resolutions for adoption; preparation of agenda; dictation of minutes; supervision of committee meetings; custodian of all documents, bylaws, assessment rolls etc.; preparation and supervision of all municipal elections and referendums.

Mrs. Wilcken's tact and discretion not only stand her in good stead with her bosses — the Mayor and six councillors — but the taxpayers who often unload their troubles, mainly financial, on her.

Her job demands that she acts as public relations counsel in a good many matters. "At first the taxpayers were quite amazed to be greeted by a woman city clerk but now they are used to me," Mrs. Wilcken said during an interview in her comfortable apartment on Grand Boulevard.

diction, Mrs. Wilcken said she had no trouble handling men and women. "I don't find men difficult to work with, on the other hand I find them nice to work with," said the city clerk who is the quiet, firm type rather than the domineering kind. "Of course, I had the advantage of being there first."

As for women personnel, she prefers them over 35, when

real. Her sister, Alida, a nun, died at the age of 21. Her mother died when Irene was 14 and she was sent to a convent at Rimouski.

On graduation she went to Halifax where she married in 1941 and lived until 1949. Her husband is the former chief steward of the Canadian National Steamships who joined the merchant marine during

they are apt to be more emotionally mature, stable and dedicated workers. Her able assistant is Mrs. Phyllis Friberg. At first the women resented taking orders from her but soon stopped when they discovered that Mrs. Wilcken was reasonable and fair. "I just hand out the work and give them a deadline when it is needed," she said. "I do feel that women should go in for careers more because they are generally more intelligent than men," she said.

Mrs. Wilcken is a career woman who admits her intense dislike for housework. "I am not a homebody," she said. "Maybe if I had had children it would be different but I feel more at home in my office which I treat as my home. I must put people at ease when they call to see me with their problems."

The city clerk has light brown hair, neatly coiffed, smiling hazel eyes with an unwavering, direct gaze, a husky voice and a charming, courteous manner. Her hobby being dress designing, she has a flair for fashionable clothes, and is nicely turned out.

Born in the village of St. Rose, 120 miles east of Quebec City, Mrs. Wilcken was the youngest daughter of a contractor, Adelard Valcoeur, who now lives on a farm at Lake St. John. Her brother, Roland, works in a mill at the same place, while another brother, Gerard, lives in Mont-

the war. "In Halifax I took a course in dress designing but used it only to design my own dresses," she said. "I was active in the YWCA and in the War Brides' Association (of which she was president one year) and acted as secretary. I also played a lot of bridge. I love it. I belonged to the Maritime Merrygoround Bridge Club which had 500 members." One year in the bridge tournament she won first prize, the next second prize. She used to belong to a Cote St. Luc bridge club when she lived in an apartment above the City Hall for a time but now she doesn't have time to play.

### Sought cover

In Halifax, Mrs. Wilcken said she worked in offices, changing positions often. "I was looking for some career and I tried selling but was no good at it," she said.

In Montreal Mrs. Wilcken found the career she wanted. "I answered an advertisement to send out tax bills and, imagine, it led to this!" she said. Mrs. Wilcken likes historical novels, going to the opera and listening to good music.

"I wouldn't like to be in politics," she said. "I love my job which demands that I be impartial. There's lots of pressure and many deadlines. I have one coming up, a deadline for a referendum on a zoning by-law on January 20."

With the constant support of her husband, Mr. Peter Miller and those who have offered their services to help attain the goal, the project is on the first rung of the ladder to realization.

Mrs. Speirs-Miller feels that the reward of those who have offered and will offer their services and financial support is two-fold — they will be bringing happiness and a sense of being wanted to those senior citizens who are forgotten but not gone, as well as giving themselves to a worthy cause, no matter how small the contribution or what its nature.

**Westmounters play key roles in new McGill musical comedy**

Many Westmounters are playing key roles in the staging and production of the McGill Red and White Revue's new musical comedy "Reign or Shine". "Reign or Shine" will be presented in Moyse Hall at McGill from February 5th to February 11th, and feverish preparations are now being made for opening night.

Full scale cast rehearsals started Thursday night, January 8th, and according to producer Jon Anderson, of 61 Oakland avenue, "there will be a total seven hours of rehearsal every day until opening night".

Isabel Joseph, 9 Springfield avenue, is "Reign or Shine's" properties manager. She attended The Study and is at present in first year Science at McGill.

She has had previous experience in both acting and production with the North Hatley Players.

Dave Binmore, a first year Engineering student, is one of the Red and White's singers. He attended Westmount High School, where he played the part of the Major-General in the school's recent production of the "Pirate of Penzance". David is also a proficient trumpeter and is a member of the McGill Symphonic Band.

Page Fairchild, 453 Victoria avenue, is a distinguished veteran of McGill Red and White Revue productions. Page has danced and sung in "My Fur Lady" (1957) and "Wry and Ginger" (1958), and has appeared in many of McGill's English Department productions. He will be a Russian dancer in "Reign or Shine".

Other Westmount residents in this year's cast are Tony Cassils, 483 Prince Albert avenue, and Virginia Lewis, 312 Metcalfe avenue, Ian Harris, 631 Murray Hill, is rehearsal pianist.

"Reign or Shine" deals with the financial problems of a mythical university, Utopia "U". It is directed and choreographed by Bill Yule. Mr. Yule has worked with Vancouver's "Theatre under the Stars" and also with the Toronto production "Spring Thaw".

Tickets for the show can be obtained from the McGill Union Box Office at 690 Sherbrooke street West or telephone reservations may be made at AV. 8-2218. Mail orders will also be accepted.

# City amends by-law to allow institution

A NUN'S residence and school will be established on Upper Belmont avenue, complying with an amendment to the City of Westmount zoning by-law No. 555, which was passed last week after a third reading.

Twenty-four elector proprietors of Westmount zones A and B-1 gathered at City Hall to hear the third reading and discuss the amendment, but as no ten electors demanded a poll of the 3000 property owners in the districts, it was concluded that the Sisters of Ste. Marcelline would establish an institution in accordance with the private bill submitted to the Quebec legislature in December.

The amendment overrides the

existing by-law restricting the construction and occupancy of building in these areas to "one-family detached or semi-detached dwellings," and endeavours to limit somewhat the powers of the private bill. It was arrived at after much discussion between the official and legal representatives of Westmount and those of the Sisters of Ste. Marcelline.

"Are we setting a precedent?" asked one elector-proprietor. Mayor Sidney Bruneau was unable to say. Later, however, when another elector asked whether religious institutions in the area of St. Joseph's Oratory "might not get the same idea," the general opinion expressed was that if a private bill could

be passed in similar circumstances to the present one, the same situation would arise.

On the question of construction or additions to the property at 813 and 815 Upper Belmont avenue, Arthur Weldon, solicitor for the City of Westmount, commented that private bill No. 179 confines the Sisters of Ste. Marcelline to the use of the existing buildings. Again, if another private bill should be passed allowing construction, he continued, the City would be in the same awkward position.

Concerned with a rumor that the proposed establishment would be in the nature of a reform school, one resident asked if the term "school" in the

amendment could not be further defined. Mr. Weldon felt that the City had "whittled down the limitations of the bill as far as possible in its amendment to the zoning by-law, and that the benefit of Westmount's having some say in the matter might be lost by insisting on further definition of this word."

Mayor Bruneau commented that the City had been given until January 14 to draw up an amendment to its by-law, and expressed the view that if a poll of all residents in the districts concerned was taken, it would take some time. The matter might then be taken out of their hands.

More optimistically, the Mayor

went on to say that the Sisters of Ste. Marcelline have several institutions in South America, and appear to be a wealthy order of a high-class calibre.

A suggestion that a letter should be written to the order's headquarters in Italy was not generally supported, one resident commenting that since Quebec authorities would step in if the matter was not settled by Westmount, further discussion was useless.

"I feel we have done our careful best in achieving this compromise," added the Mayor, who described the amendment as a "face-saving operation." Several residents expressed their approval.

## The true story of one small borrower

A few weeks ago, Julian Janvrin, an Englishman by birth now living in Toronto, came upon this headline in his daily newspaper: "Bank of Montreal Deposits Top the Three Billion Mark". A depositor at the B of M since shortly after his arrival in Canada five years ago, Mr. Janvrin was prompted by the headline to write a letter to Gordon R. Ball, president of the B of M,

## ... and 'MY BANK'

outlining his experiences as both a depositor and borrower at Canada's first bank. We thought Mr. Janvrin's story of his struggle against adversity was worth repeating, and with his permission, have made it the basis of this advertisement.

# The Success Story of Julian Janvrin...

Julian Janvrin is the last person in the world to say that his is a success story. We think it is. But you can judge for yours!

FIVE YEARS AGO, shortly after his arrival in Canada with his wife and three children, Mr. Janvrin had occasion to cash a cheque at his local B of M branch in Toronto. "Although I had told the manager that I was just an immigrant," he recalls, "he invited me to open an account, and it was gratifying to me to feel that my confidence in the future of Canada was reciprocated by the Bank of Montreal. Two or three weeks later I opened an account at that branch."

Like most newcomers to Canada, Mr. Janvrin had only enough capital when he arrived to get himself settled, and eventually he found himself short in meeting the final payment on his car, which was essential in his new job as a salesman. So he talked over his problem with his B of M manager, who considered him a good enough risk to advance him the money he needed.

An average Canadian family, Mr. & Mrs. Janvrin and the two younger children relax at TV in their comfortable Toronto apartment.

But let Mr. Janvrin continue the story in his own words:

"I mention this because bankers are sometimes charged with being little more than moneylenders and usurers, but in this instance, I knew that the Bank of Montreal was acting as it were on behalf of the people of Canada in helping me to get established in much the same way as in pioneer days the Bank of Montreal must have advanced funds to immigrants to purchase seed, a few implements and maybe a team of horses.

"Soon afterwards I gave up selling, disposed of the car and took a regular job by night, while my wife by day quite literally took the holes out of doughnuts. One of us was able always to be with the children, two of whom were not then of school age.

"Fifteen months later we decided to obtain cheaper rental accommodation outside Toronto. A car, however, would then be essential. Again the bank went along with us.

"Two years ago the landlord of the house we were renting decided to sell the house. Again the Bank of Montreal helped us and advanced the down payment that prevented our home being sold over our heads.

"This summer my son, having passed through six grades in three years at public school, sat for the competitive entrance examination to a school for which I would have to pay an annual fee... For this, too, I am in large measure indebted to the Bank of Montreal, for in June my financial circumstances were such that had I not been confident of my banker's support, I might not have ever considered sending him to this school.

"We have now again moved into Toronto to be nearer the school, but our circumstances have improved, inasmuch as our teenage daughter has now left high school of her own wish and is now working; and as the two younger children are now at school, my wife in the New Year will be in a position to take an office job.

"This is not a success story, for the struggle, believe me, is still on. But our bank account is now in better shape than it has been for the past five years and will now perhaps bear scrutiny.

"I am now, therefore, at last in a position to write to thank My Bank and in particular my bank manager, for the confidence it placed in us and for the help, encouragement and courtesy it has always extended to us.

"Get to know your banker," says Mr. Janvrin. "Your best collateral is his confidence." A spare-time free-lance writer, he spends many evenings at his typewriter while the children study.

Nine-year-old Robert Janvrin, seen with his younger sister, Patricia, is a student at one of Canada's top preparatory schools, thanks to a timely B of M Personal Loan.

"To me it is no surprise that the deposits of the Bank of Montreal should have topped the 3-billion mark, for although from the short term point of view I myself am not yet in a position to make large deposits, it may well be from the long term point of view, that my son, as a representative of the coming generation, may be in a position to do as other sons of Canada are now doing."

The B of M is, of course, proud to have played its part in Julian Janvrin's success story, and is grateful to him for allowing us to publish it to indicate some of the many ways in which Canada's first bank works with Canadians — new and old alike — in every walk of life from coast to coast.

Mr. Janvrin's story provides a sincere and un-

solicited testimonial to the fact that "When you ask for a loan at the Bank of Montreal, you do not ask a favour".

When money is a problem with you, why not see your B of M manager? If your proposition is sound and reasonable there's money for you at the B of M... at the lowest rates and on the fairest terms.

**The home - I**  
By  
**The Venerable R. Kenneth Naylor, D.D.,**  
Rector, Trinity Memorial Church

We have been talking of the very high matters of the Incarnation and The Manifestation to the Gentiles. Now let us follow the example of St. Paul and come down from that lofty plane to the simpler things of human life and a simple Jewish home. Here we are following the lead set by the Church centuries ago, for the old traditional Gospel for last Sunday tells the story of our Lord's Childhood, how He went adventuring on His own, and how He came back to His home, "and was subject unto them." Then come two sayings: "His mother kept all these sayings in her heart." "And Jesus increased in wisdom and stature, and in favor with God and man." One might sum it up by saying that it was a very normal, devout household.

In the first place the Blessed Virgin's reaction was a very natural one. Something had happened which was very much out of the ordinary; not because her Son had gone adventuring; there was nothing strange there. But the direction of His adventure was, to say the least, unexpected. One does not expect to find a twelve year old boy trespassing into the company of the learned doctors of the Law. It implies a strange concern on His part for very deep things. He was hearing the doctors and asking them questions. They were the teachers and He was going to school to them of His own free will. He was not asking them questions in order to puzzle them as we sometimes think. He was asking questions because He was interested and wanted to know; He came for an answer to those who were supposed to have the answers. He astonished them because He asked the right questions, which is half way to getting the right answer.

When the Blessed Virgin asked why He had done this He replied: "Wist ye not that I must be in my Father's house?" (R.V.) They did not understand His answer, but we are told that when they had returned and were settled again in their own house, the mother did not forget, but "kept all these sayings in her heart." There is a very human and satisfying touch in that, as any mother will recognize, and as anyone else will realize who has heard a mother bring out the sayings of her son. It was a happy home because it was reverent and devout.

Visitors and Friends are Cordially Welcome

Westmount Baptist Church

According to Isaiah a man cut a tree, used the wood to roast his meat, warm himself, and with what was left over he made a God and worshipped it. A religion of left overs is unpalatable and unsatisfying for to the true believer, religion is life not just a part of it.

At the morning service of Westmount Baptist the Minister the Rev. E. J. Bailey will speak on "Residual Religion" and at night on "The Devil's Disciples."

The midweek meeting of the church is held on Wednesday night at 8:00 p.m. and an intensive study is being made under the pastor of the Gospel according to St. John. The Young People meet on Friday night at 8:00 p.m. in the church and visitors and new members are welcome.

Temple Emanu-El

"Dr. Zhivago" to be reviewed: The 1959 season of the Temple Emanu-El Book Lovers' Forum will be inaugurated on Wednesday afternoon, January 28 at 2:45 p.m., when Dr. D. J. Wilson will review Pasternak's book "Dr. Zhivago" of Nobel prize fame. The meeting will take place at Victoria Hall, Westmount. For information regarding the Book Lovers' Forum call Mrs. Charles Hymman, secretary-treasurer, REgent 7-3946.

## B.C.N. sets record in latest year

The 84th annual general meeting of the shareholders of National Canadian Bank was held at the head office of the Bank, Place d'Armes, Montreal, on Tuesday, under the chairmanship of Mr. Charles St-Pierre.

Ulric Roberge, vice-president and general manager, read the Board of Directors' report on the results of the past year's operations. Profits for the financial year ended November 30, 1958, amount to \$5,003,833, an increase of \$436,260 over 1957. After deduction of \$740,790 for depreciation on bank premises and of \$1,995,000 for taxes, net profits add up to \$2,268,043. They are equivalent to \$3.24 per share, against \$2.97 in 1957. A sum of \$1,190,000 was paid in dividends and an amount of \$1,000,000 transferred to rest fund. Undivided profits, including the previous year's balance, amount to \$883,100.

Deposits, showing an increase of \$67,633,707, mount up to the sum of \$695,458,448. At a time when the practice of economy is all-important, it is gratifying to note that personal savings deposits, having increased by \$37,181,662, are at the record figure of \$418,022,305.

Total assets, up by \$64,711,852, aggregate \$729,065,783. Cash assets total \$102,107,685 and quick assets, showing a gain of \$40,290,416, amount to \$368,559,952 or 52.86% of liabilities to the public.

Current loans and discounts, showing an increase of \$18,956,762, stand at \$329,563,000. Mortgages insured under the National Housing Act amount to \$18,871,280, as compared with \$14,606,187 the preceding year. The value of the Bank's portfolio of securities rose during the year from \$210,223,000 to \$255,518,887.

Charles St-Pierre noted that Canada's external trade is keeping up a good pace, but pointed out that the increase in our exports was limited to a few products and a few markets. Many obstacles are still hampering the progress of international trade. Many branches of Canadian industry have to compete with foreign firms whose costs are lower as a consequence of mass

production or because of cheap labor. The very latest improvements in machinery will enable Canadian industry to offset the advantages foreign competitors possess. A lightening of taxation should then allow industry to reinvest a larger part of its profits. The increasing requirements of the federal budget should not be irreconcilable with a reduction in taxes if Ottawa made a practice of saving. Shouldn't the Government consider the expediency of appointing a Royal Commission on economies in public spending?

Dealing with price inflation, the president showed that the erosion of the currency hurts everybody's interests and that it undermines confidence. The stability of the dollar, on which everyone's security depends, should be the first aim of the Government.

The shareholders re-elected the Board of Directors as follows: Mr. Pierre Beauchemin, Hon. F. Philippe Brais, QC, Aristide Cousineau, Georges A. Daly, Auguste Desilets, QC, Hon. J. M. Desureault, Geo. T. Donohue, Hon. Wilfrid Gagnon; A. J. Major, Henri Ouimet, J. Alexandre Prud'homme, QC, Jean Raymond, QC, Ulric Roberge and Charles St-Pierre.

At a meeting of the Board of Directors held immediately after the Shareholders' meeting, Charles St-Pierre was re-elected president and managing director of the Bank, and Ulric Roberge and Hon. Wilfrid Gagnon were re-elected vice-presidents.

## City amends...

(Continued from page 7)

ciation for the work that he and the City's representatives had so far accomplished.

It was emphasized that the amendment in question applied to the case of the Sisters of Ste. Marcelline only. A. W. D. Swan, secretary-treasurer of Westmount, commented that in his opinion, if the Sisters should sell or relinquish the property at any future date, the present amendment to the zoning by-laws would be nullified.

A NOTRE DAME DE GRACE resident, pianist Malcolm Smith of Terrebonne avenue will soon give a Mont-real concert. It is always interesting to hear new artists and doubly so when they live in your own community. Mr. Smith, a Canadian, born in Halifax, had his musical career interrupted by the war in which he rose to the rank of Commander in the Canadian Navy. He studied in Halifax and later in New York City living at International House where he met many other music students. Leontyne Price who sang with the Montreal Symphony last year is one who has since attained great success. Miss Price and her celebrated husband William Warfield, who gave a recital for the Society Of Friends Of Music two seasons ago are both close friends of Mr. Smith. Malcolm Smith's program will contain much variety.

TONIGHT, IN MOYSE HALL of McGill University, Morton Gould, the celebrated composer, conductor, pianist and arranger is giving the second lecture in the series sponsored by the Faculty of Music and arranged by Dr. Ellen Ballon. He has chosen to speak on and illustrate, "The Composer At Work." This lecture recital should be informative and entertaining because Morton Gould's music encompasses every type from classical to jazz. Did you know he wrote a musical comedy? "Billion Dollar Baby." Born December 10, 1913, at Richmond

Hill, Long Island, N.Y., his first composition was published at the age of six. It was a Waltz called "Just Six." He played the piano over radio station WOR at seven and won a scholarship to the Institute of Musical Art at eight. Gould went on his first concert tour at 17 and at 18 joined the music staff of Radio City Music Hall a year later (1943). had his own program on NBC then conducted his own radio orchestra followed by guest conducting with famous symphony orchestras. What a success story!

THE MONTREAL STRING QUARTET is going to play the first performance of a group of pieces being written specially for them by the young Sherbrooke composer, Serge Garant, now living in Montreal, in a concert this spring. Mr. Garant, who is bilingual is a pianist who began to compose at an early age, soon deciding to make it his career. He has had numerous success on TV and composed the music for several ballets.

REMEMBER LEON LEONIDOFF, who was in charge of the corps de ballet at the Capitol Theatre years ago? And his partner Florence Rogge? Upon leaving Montreal they became famous when they danced and arranged the routines at Radio City Music Hall... the celebrated Rockettes. Last year Leon Leonidoff was named a member of the French Legion of Honour and is now established as a concert manager in Paris, France. A new honour has just been awarded him... the new French government has named Leonidoff a Chevalier des Palmes Academiques.

By LAURENCE JR

REASONABLY enough — not brilliantly — we've concluded that there wouldn't be the current rage for ski throughout the Laurentian northern New York, Vermont, New Hampshire and elsewhere if ski tows, lifts and other mechanical devices to get to top weren't invented and operated.

So this week, we'd like to make a bow in the direction of Philip Albert Robertson of North Conway, N.H., who with others,

PHIL ROBERTSON

has contributed so much to provide and maintain what happens to be the sport's life blood.

Phil Robertson's Cranmore Mountain Skimobile attraction doesn't need a great deal of propaganda from this department. But for the readers' records, this particular community of lift and other facilities on the eastern slope of New Hampshire's White Mountains is not only unique, but the only one of its kind in the world.

A North Conway bred product, Robertson, fiftyish, enterprising and affable, developed decided bent and affection for skiing and all its ramifications some twenty-five years ago.

Back in 1933, with a great deal of civic sense, he gave North Conway's depression dollars and one-track summer fixation, a healthy progressive jolt by forming the Eastern Slope Ski Club, opening the area for winter activity.

**First T-bar**

Later in 1935, Robertson added some further zing to the proceedings by establishing the first overhead cable T-bar in the U.S. at nearby Jackson, N.H.

General manager of the White Mountains Power Company at the time, he relinquished the position in 1938, after listening to George Morton's description of a new lift invention which was subsequently to become the basis of the now famous Cranmore Mountain Skimobile development.

## RENT PRICE

Consisting of the Hannes Schneider ski school, a shop for equipment rental, lounges, three eating spots, the actual ski facilities of the Skimobiles, a double-chair lift, a Poma lift, 12 trails for intermediate and expert skiers, 4 trails for beginners and the whole capable of handling 3000 participants an hour, it may best be described as a skiing paradise.

### Salmon Fisherman

Phil Robertson's interests are not only confined to North Conway and that section's skiing. As one of seven U.S. directors (there are also seven Canadians in similar positions) of the Miramichi Salmon Association, and as an official of the Preservation and Propagation of the Atlantic Salmon Society, his works in this direction have been of great help to Canadian and American fishermen of this type.

Appointed as chairman in 1956 to the New Hampshire Tramway Safety Board, Robertson also serves on the national sectional committee, concerned at present with devising a safety code for the maintenance and construction of uphill passenger conveyances, and the results should reflect favorably in our own Canadian lift operations.

Phil Robertson is indeed a handy fellow to have around. For Canadian and American skiing — and, of course, salmon fishing.

### Skiers and Scholls

St. Lawrence University's Empire State Giant Slalom under the deft direction of Jimmy Kuhn a great success at Whiteface terminating with the two Canadian Tommy boys copping top honors. Bang up banquet at Ruth Pitt's Wilmington Inn follows.

# Miss Ann W. Crawford retires after 43 years service with CPR

By MILLICENT HICKMORE

"When the time comes, you accept it happily", was the attitude taken by Ann W. Crawford, 4565 Belmore avenue, on her retirement from the Canadian Pacific Railway in December.

A most popular member of the staff of the auditor of passenger receipts, Windsor Station, Miss Crawford retired on pension effective December 1, after a lengthy service of 43 years in the same department.

She entered the CPR service on September 1, 1915 as a clerk and retired as supervisor of the ticket section, which post she had held since 1950. Her farewell was an occasion of a shower of gifts which included a wrist watch and a cheque from the staff, a handsome purse from the conductors, and a bouquet of flowers and a corsage.

Miss Crawford can recall many interesting incidents during her long service, one of these being the McAdoo Schedule which came into effect in 1920, when salaries soared up to a minimum of \$87.50 a month, taking in the lowest paid clerk and of-

rice boy. Asked her opinion on strikes, she vehemently denounced them saying: "The strike that lasted for nine days in 1950, made me very angry, so I worked out my indignation painting a fence in my garden."

Some of the presidents of the CPR whom Miss Crawford saw service under included, Lord Shaughnessy, Sir Edward Beattie, Mr. Neal, D. C. Coleman and C. N. Crump.

Born and educated in Edinburgh, Scotland, Miss Crawford has travelled extensively, she has made many trips to the coast, to Alaska and many parts of the United States.

Living with a sister, Miss Crawford is enjoying her retirement. She believes in keeping occupied, is fond of letter writing and sewing and is active in the Women's Missionary Society of Knox Crescent and Kensington Church where she has been a member of the choir for the past 33 years, she is also active in the CPR First Aid program.

MISS ANN W. CRAWFORD pictured at one of her favorite pastimes — letter writing. Miss Crawford retired from the Canadian Pacific Railway in December after completing 43 years service. She was very popular in the department of

years service. She was very popular in the department of auditor of passenger receipts, where she held the position of supervisor since 1950, and received a shower of beautiful gifts.

## Farewell to 1958

Let us bid farewell, to futile strife,  
As we say "Good-bye", to the Old Year's life,  
As its form grows dim, where the shadows dwell.

So to hurts and cares, may we say "Farewell".  
Let the New Year come with a slate swept clean,  
And a hope that lives in the star's bright gleam.

## Spring art show to open April 2

The 76th Annual Spring Exhibition of The Montreal Museum of Fine Arts will be held April 2 to May 3, it was announced today.

Artists have been advised that entry forms for submission of works must be received in the Museum not later than 5 p.m. Saturday, February 21. The works themselves must be received by 5 p.m. Saturday, February 28.

Entry forms are being mailed to all artists whose names appear on the Spring Exhibition mailing list but all other artists may obtain them as well.

Some months ago, Museum president Hugh M. Wallis made it known that methods of judging the usually-controversial exhibition are being altered this year. A special jury will be named to judge sculpture, while the jury of selection for paintings will be increased from three to five members.

The latter jury will be composed of three artists, a member of the top direction of an important museum and the fifth,

a judge to represent the Museum's executive.

In former years, one jury judged both sculpture and painting. It was made up of three members, all of them artists.

Mr. Wallis said the exhibition should be "a cross-section of all current trends in art, with each school being given roughly the degree of attention justified by the submissions of the artists themselves."

Classes of work admitted are paintings in oil, pastel or water colors, drawings and prints in all media, and sculpture.

### Sisterhood luncheon

Temple Emanu-El Sisterhood will hold a buffet dessert luncheon in the Community House on Tuesday, January 20 at 1 p.m. Mrs. David H. Lisser, president, will preside. The guest speaker, Professor Frank R. Scott of the Faculty of Law, McGill University, will address the gathering on "Bill of Rights and The Canadian Constitution".

PAST PRESIDENTS of the Women's Auxiliary of the Catherine Booth Hospital discuss plans for the tenth anniversary tea with Mrs. Sydney A. MacSween, first president and chairman of this event, which takes place on January 28. From left to right: Mrs.

By LAURENT PRICE

A VERY callous imp of our acquaintance once referred to saloon editors—newspaperese for working slob reporting restaurant, night club and theatre news — as scribes who started with a mother's love, a modicum of writing ability, absolutely no literary ideas, and with guiltless and blissful acceptance wind up at ringside tables nursing a practical but immature affinity for chefs, waiters, bartenders, performers and professional greeters.

Of course, we don't agree. But the laboring staffs of most restaurants do become very knowledgeable and are for the most part interesting people.

This applies especially to the professional greeters, who as a rule are usually interested financially in the places as well.

James Church Stevens, who with Steve Brodie, controls the destinies and welfare of Chez Ernest on Drummond street contrived to get himself in the owner-greeter category and is in the way of being quite a fabulous guy.

### Former LOC Student

Montrealers, accustomed to a barrage of international press releases anent such cafe hosts as Gogi, Shor, Billingsley and others, don't have to travel to alien shores to get the same flavor. Our town has all their counterparts, and in Jimmy Stevens, certainly one of ranking stature.

The twenty-eight year old Stevens, Chicago-born with deep local roots (his mother is the former Paula Church of Montreal) attended Lower Canada College for what he terms "a satisfactory number of years" and upon leaving those venerable halls of learning shuttled between this city and Calgary in the interests of oil drilling and related activities.

Brodie, a Westmount High

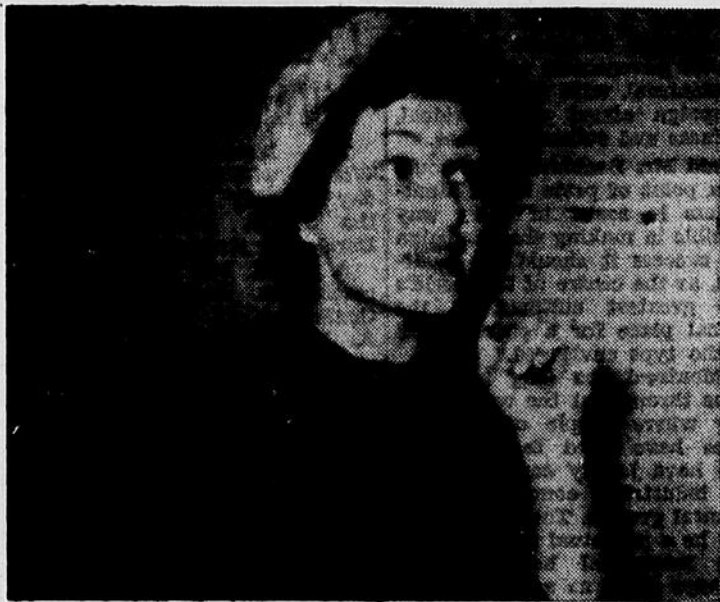

JIMMY STEVENS

### NDG Barkeep

In his Colony Club, Eric Sims, Notre Dame de Grace's gift to back-of-the-bar manipulations and George Forbes (also known as Chief Little Wild Flower — our great grandfathers exchanged scalps years ago) alternately dispense libations, while Paul and Fernand correctly serve food.

Upstairs in the Cabaret Room, Stevens retains like stouted hearted men in Yves, Johnny and Tony to divine and please the gustatory tastes and requirements of the idle rich, the not-so-indolent, and those whose source of income will always remain a mystery.

In all there is nothing exactly fantastic about the Stevens-Brodie operation, but if Uncle Beauregard and your reporter toured Rome, Paris, New York, San Francisco, (Good grief! We almost mentioned Hollywood) and New Orleans and visited all the famous eating establishments and met their greeters or owners we wouldn't be more impressed.

At CHEZ STEIN, Mackay street, lovely LISE ROY, singing and acting CBC favorite.

School graduate, later winning himself a Distinguished Flying Cross in World War II, according to bistro legend met with Stevens in solemn conclave at a Sherbrooke street club one snowy February afternoon last year, and after polishing off a jug of wine, walked calmly over to the present location and bought it lock, stock, barrel and delinquent accounts.

Stevens, who does most of the fronting at Chez Ernest, has two very fortunate talents to lend to the restaurant trade. One, he can turn on a sincere charm to the right gracious and proper degree. Two, he surrounds himself with loyal and competent help.

# Concert hall campaign plans are announced

Plans for the long hoped for concert hall for Montreal are nearing attainment, with a \$3,500,000 campaign to take place early this summer, headed by Claude P. Beaubien, 631 Grosvenor avenue, vice-president of the Aluminum Company of Canada.

The announcement is "a step of great importance towards realization of a dream of many generations of Montrealers", according to Louis A. Lapointe, president of the Sir Georges Etienne Cartier Corporation, a non-profit organization formed by representatives of the Provincial Government, the City of Montreal, and private subscribers.

The Corporation was established to construct and operate a new cultural centre which will include the concert hall. "Place des Arts", as it will be called, will consist of a theatre and chamber music salon, a restaurant, and a central plaza, covering a three-level underground parking area.

The planned site is on St. Catherine street, between St. Urbain and Jeanne Mance streets.

To cover the cost of the first stage of the new centre — the concert hall — an estimated

\$8,500,000 is required. \$5,000,000 is expected to come from the Quebec government and the City of Montreal, with this summer's campaign aimed at individual, business and cultural sources.

Said Mr. Beaubien, "It should be a point of pride to all Montrealers to assist in every way possible in making the campaign the success it should be. Montreal, as the centre of the world's two greatest cultures, is the logical place for a concert hall of the type envisaged."

"Montreal has long been famous throughout the world as a city where people of different races have lived for centuries and have jointly contributed to its industrial, commercial and cultural growth. The concert hall will be a perpetual monument to this interracial harmony, and perhaps serve as an example to other nations of the world."

# All Unity cage teams showing lots of class

Unity Boys' Club basketball teams currently involved in play with the Montreal Basketball league; City of Montreal; Montreal Ladies and the Montreal Biddy have started the New Year with a tremendous surge of power and a rash of seven victories as against one loss.

Bob Neal's stellar Juvenile cage aggregation defeated Snowdon "Y" in a regular cage fixture, 64-58, and topped St. Lambert in an exhibition, 61-49, to rack up a record of nine wins and one loss. Their loss was to St. Lambert High School, who won in overtime by one point.

Neal's starry quintet redeemed themselves in an easy fashion last Saturday at St. Lambert. The team's line-up: Keith Gavin, Ken Annable, Brian Sullivan, David Tagieff, John Westlake, Bobby Carter, Frank Gibson, Paul Genereux and Billy Hotton, who is currently on the sick list.

### SENIORS

Playing coach Ulric Brown and his senior B squad are also on a winning streak, with four straight in Montreal Basketball league.

The record that this group has compiled in a six-year operation is impressive. In addition to being in the finals for five consecutive years and once in the semi-finals, Unity seniors have won the city title four years and provincial honours twice.

This year they are undefeated, having defeated Golden Knights, R.C.A.F. St. Hubert and Southwestern "Y" on two occasions.

The majority of the players on this team have been with the club since its basketball inception. The players are: David Barnard, Grant ("Oscar") Peterson, Ulric Brown, Ron Otto, Eugene Tabb, Michael Barnard, William ("Bucky") Buckberrough, Bob Trotter, Pat Kearney and newcomer Ted Thiesmeyer.

The seniors will participate in the St. Maurice Valley Basketball Tournament to be held in

### THE JUNIORS

The juniors, a first-year entry in the MBL, have a 1-1 record, having defeated Mont St. Louis and lost a thriller to the highly-touted Orchids by one basket.

The juniors have been plagued with coaching problems and a limited roster, however, the team is holding together and should give a good account of themselves as the season progresses. Staffed with local talent, with the majority having come up through Unity's Biddy ranks, the juniors will carry on despite their trials and tribulations with that old tradition that the game must go on.

The players who are a great asset (three of them leaders in the club) are: John ("Bugs") McDonald, Richard Simmons, Rodney Wilson, Richard Cessford, Douglas Rowland, Chuck Tyler and Ken Jones. Simmons, Cessford and McDonald are basketball coaches. The juniors play McGill University at McGill Friday.

Richard Simmons, newly appointed coach of Unity Club's Biddy team reports that his team are in the win column having two wins and one loss.

They lost their first game to Victoriatown 18-17 and won two over the Lions Club 49-9 and 24-8. In last Saturday's Unity-Lions game, Arthur Driver was the top point getter with a 15 point effort. Gordon Peters and Truman Neilson each had four and Guy Pelletier scored a single.

The team players are as follows: Arthur Driver, Lawrence Crouch, Billy Holden, Richard Holden, Mark Ono, Guy Pelletier, Truman Neilson, Gordon Peters, Steve Vittoratos, John Atherton and Billy Standing.

Coach Richard Cessford and his bantams in the city league have one win and two losses. They defeated Rosemount 26-17 and lost to University Settlement 32-15 and Snowdon "Y" 33-29.

The bantams are: Michael Bervaldi, Robert McDonald, Peter Fitzpatrick, Michael Dwyer, John Forbes, Michael Tagieff, Buddy McKaig, Gilbert Hamilton, Brian Power and Louis Hebert.

Coach John McDonald and his midget team have fared a little better with one win, one loss and one tie. They lost to St. Jean Mantha 26-21, defeated Rosemount 43-34 and tied Snowdon "Y" 21-21.

The midget team: Donald Genois, Larry Dallas, Jimmy Crouch, Fred Power, John O'Driscoll, Wayne Dallas, Victor Carter and Bobby Brisson.

# Unity cagettes score 3rd straight MBL victory

Westmount's Unity Hawkettes captured their third straight Montreal Ladies' Basketball game, defeating East End Boys' Club 73-39, in a regular league fixture played at the Hochelaga street gymnasium.

Dot Mariasine, Unity's high scoring forward, came up with a 23-point effort while teammate Ellen Wynnik, playing her first game for Hawkettes, added 16 more. Gail Gollan, Florence Wynnik and Nickie Johnson were other top marksmen for Unity.

Defensively, Sandra Thomas and team captain Peggy Birkett supplied UBC with some fine plays from their guard positions.

Dorothy Jones and Angela Alleyne with 13 and nine points respectively, were East End's top scorers.

Coach Norman Yule's Unity cagettes held a 33-21 lead at half-time and stretched the difference throughout the second half. The East Enders lacked the drive that they displayed against Unity in a previous 48-40 setback.

A total of 32 personals were called during the game with Unity on the receiving end of 19. In free throws, Unity showed a noticeable improvement over earlier games, hooping in seven tries out of 13 attempts. East End clicked on nine out of 22.

The game scheduled for Saturday between Unity and Greenfield Park was cancelled by the South Shore club and will be played at a later date in the schedule.

Barring further postponements, Unity juniors will see action Saturday afternoon on their home court against Taurus. Game time is set for 3:45 p.m.

### Big score of 16-14 in military fastball

A powerful battery helped the Fusiliers to rack up a 16-14 triumph over Maisonneuve in the Officers Section game of the Military Indoor Fastball League at Maisonneuve Armoury.

Pitcher Gaston Proulx batted four for five and his receiver, Guy Vandellac did the same including a home run taking a big toll among 20 hits off three Maisonneuve hurlers — Paul Denis, Claude Bastien and Guy Riendeau.

— And she left saying she wouldn't give me a hair off her head . . .
