World News In Brief

London — (Reuters) — The Duke of Edinburgh, the Queen's husband, Friday became the first member of the Royal family ever to visit the headquarters of the British trade unions. The duke toured Transport House in London and discussed the question of equal pay for women with an official of the 9,000,000-member Trades Union Congress.

Brussels — (Reuters) — Group Capt. Peter Townsend, whose name has been romantically linked with Princess Margaret, attended a young people's ball here Friday night. Guests included the daughters of Belgium's prime minister Jean van Houtte and Foreign Minister Paul Van Zeeland.

Port Arthur — CP — Delegates to an international good-will labor conference here Friday proposed that a highway cutting through the forest, rock and tundra of the far-northern sections of Ontario to reach James Bay be built to open up a new tourist area. More than 60 delegates from Minnesota and Wisconsin were here for the conference, sponsored by the Trades and Labor Council.

Vancouver — (CP) — Sgt. Ldr. John MacKay said Friday on his return from Korea that the skill of Allied pilots is more than overcoming the Communist superiority in aircraft. The 33-year-old RC AF pilot, fresh from a 50-mission tour with the United States air force in Korea, said Allied pilots "have been downing 15 MIGs for every loss."

London — (Reuters) — Set aside was the word for the jubilee ball given in the swank Savoy Hotel here Friday night for the Aga Khan, one of the richest men in the world. The dinner and ball were given by the Aga Khan's Ismailia Council for Great Britain to celebrate his 67 years as spiritual head of the Ismailia sect.

Party Leaders Concentrate On Eastern Canada Electors

By Canadian Press Staff Writer
Quebec was the election campaign cockpit for Prime Minister St. Laurent and CCF leader, Mr. J. G. D. Drew, Progressive Conservative leader, concentrated on Nova Scotia's South Shore.

After a strenuous Western tour, Mr. St. Laurent returned to his home riding of Quebec East. He found it even hotter there, 97 degrees, than it had been on the Saskatchewan plains earlier in the week.

Speaking in French to an outdoor audience of about 2,000 in Quebec's white-collar district, the prime minister said Mr. Drew represents himself as a champion of democracy to "win votes in Quebec province."

He said Progressive Conservative leader had told Quebec voters recently that provincial autonomy was threatened.

"If such a threat existed I would be the first one to fight it," Mr. St. Laurent said. "I intend to do my share until my last breath for the safeguard of the autonomy of Quebec. But that does not mean that I intend to neglect the other provinces."

At another point, the prime minister put aside his notes and brought up the subject of a national flag. "Canada will have its own flag some day but it will have one when it will be a sign of unity and not a subject of quarrelling and dissension."

Showdown Truce Meeting Is Postponed As Communists Seek Time To Study Demand

Name French Girl Queen Of Universe

London Beach, Calif. — The new Miss Universe is a petite charmer from Paris.

Eighteen-year-old Christiane Martel defeated a gorgeous galaxy of contestants from virtually every corner of the globe to win the silver and gold crown Friday night.

Miss Martel, who openly aspires to a screen career and has had bit parts in three French films, edged out blonde Miss United States, Myrna Hansen, of Chicago, and Japan's diminutive Kinuko Ito.

They finished second and third, just ahead of Mexico's vivacious Ana Lepe Jimenez and Australia's Maxine Morgan.

At her coronation ball tonight, Miss Universe will receive a minimum six-month contract with Universal-International Studio, a British sports car, an expensive wrist watch and other jewelry. She got a four-foot gold-plated trophy Friday night. The runners-up received smaller trophies.

Her outstanding qualifications are a beautiful profile, soft gray-blue eyes and wavy brown hair. Just barely 5 feet 6 inches tall, she weighs 125 pounds. She has a 22-inch waist, with bust and hip measurements of 33 and 35 inches.

Canada's Thelma Brevin of Toronto, Turkey's Ayten Akyol and Panama's Emilia Arosemena, all highly rated by contestants and close observers, fell in the semi-final test.

Miss Martel's real name is Christiane Magnani. She is the daughter of Mr. and Mrs. Georges Magnani of Paris. Her father is a theatre operator and she has an older sister. She was born in the small town of Pienne in North France. Before entering films she was a fashion model and won four beauty contests in France.

genuine interest in freedom, spoke out against "Duplessis and the Fascists who are in power" in his native province.

Mr. St. Laurent said Mr. Drew had stated the Progressive Conservatives would not enter into any alliance with the CCF. But in British Columbia Progressive Conservatives supported Social Credit. "If Mr. Drew needed a few seats to form the government of Canada, I have no doubt that Social Credit would help him to achieve that."

At Bridgeville, N.S., Mr. Drew counter-attacked a suggestion by Mr. St. Laurent that the value of Victory bonds might be endangered if a Progressive Conservative government employed deficit financing to carry out its promised \$800,000,000-a-year tax cuts.

Mr. Drew, who stripped off his coat as he warmed to his subject before an audience of 1,600 in the town's sports arena, said the value of Victory bonds has declined already because the government "broke its promise" to maintain their market price.

Delay Agreed To At One-Minute Session Today.

Munsan — AP — A possible showdown meeting of Allied and Communist truce negotiators was postponed for 24 hours today at the request of the Reds.

The recess put off until 2 p.m. Sunday, 1 a.m. EDT Sunday, an expected Red reply to reported Allied demands that the Communists sign an armistice now or face the prospect of a breakdown in the negotiations.

The second consecutive 24-hour recess requested by the Reds was arranged during a one-minute meeting of liaison officers at Panmunjom.

Ontario Mine Dispute Now In New Phase

Timmins, Ont. — The management and the workers jockeyed for position Friday at the strike-bound Broulan Reef Gold Mines.

One development overshadowed another as the walkout over a wage dispute went into its seventh day today.

More than 750 men are on strike at three mining companies in this rich gold-producing area of Porcupine. The other walkouts are at Hallnor, adjacent to Broulan Reef, and Preston East Dome Mines.

The main development occurred in Toronto where Mr. Justice Rene Denis amended an injunction issued Wednesday by Mr. Justice R. W. Trevelyan. The amendment permitted the United Steelworkers of America CIO-CLC to use four pickets at each of the three roads leading to the mine.

During the morning Broulan Reef president Bert W. Lang of Toronto appeared at the No. 2 picket line with his manager, Walter F. Brown. Mr. Lang attempted to photograph union officials as Mr. Brown served them with the original injunction.

The management claimed the strike was illegal. The union said it was legal. Union officials said a conciliation board's report on the stalled wage talks had been handed to the Ontario department of labor July 3rd and that made Broulan workers eligible to quit any time after July 10th.

The board's report, made public Wednesday, recommended an across-the-board increase of seven cents an hour for all workers. Neither the company nor the union has commented on the report.

Basic rate at Broulan is \$1.02 an hour for surface workers and \$1.16 for underground employees.

Subversives In Clergy Flayed

Winona Lake, Ind. — (AP) — A Brooklyn pastor said Friday night "there are subversives among the Protestant clergy in the United States."

Speaking at the Moody Bible Institute before about 3,000 churchmen and laymen from throughout the United States attending the 7-day institute, Dr. James McGinlay, pastor of the Brooklyn Baptist Temple, Brooklyn, N.Y., added:

"I believe that the House of Representatives committee on un-American activities should investigate the clergy because there are subversives among them."

He did not name any individuals.

North Korean Col. Ju Yon said the delay was needed for "administrative reasons." The United Nations quickly agreed, a spokesman said.

In Washington, U.S. state secretary John Foster Dulles said Friday night "We are ready for honorable peace" in Korea. At the same time, however, he declared that "if the Communists want war, we must be ready for that, too."

In San Francisco, South Korea's ambassador to Washington said bluntly Friday that if the Communists have not agreed to unify Korea six months after a truce is signed, the RoKs will attack.

Dr. You Chan Yang added at a press conference that "we hope the United Nations will give us air and sea support."

If you feel you can't fight communism any more, he said, "then don't stop us from fighting, and give us the help we need."

A truce was virtually ready for signing last month when South Korean president Syngman Rhee ordered the release of 27,000 anti-Communist Korean war prisoners from Allied stockades because the document does not guarantee prompt unification of his country.

The Reds are reported to have balked at signing unless the UN command rounds up the prisoners and guarantees that South Korea will honor a truce.

New Machine Helps Heart Sufferers

Montreal — (AP) — Blue babies, persons with heart or lung diseases, and others undergoing surgical operations now have a better chance of survival because of a newly-developed machine that computes accurately the amount of oxygen in their blood.

The machine is an electronic extensometer. It works much like a television camera, but instead of producing pictures it draws graphs on a chart.

A little gadget clipped to the upper part of the ear is the key part of the new machine.

The gadget shoots pulses of light through the side of the ear, while on the other side, electric eyes, with color filters attached, pick up the light. The "eyes" register the quality of the colored light received.

This information is passed on to a computer which, on graphs, tells the doctor exactly what he wants to know about oxygen content.

The best blood-blood with the correct amount of oxygen — is bright red, and blue blood is the worst. Knowing the exact shade of red — and the oximeter shows this precisely — tells the doctor how well off, or badly off, his patient is.

The machine, developed by Canadian Marconi Company, can be used to judge how much oxygen is required by a blue baby, to calculate blood circulation or to estimate accurately how much anesthetic it is safe to give a patient.

It's a far cry from the old days when a doctor made his own assumptions by looking at the bluish tinge around his patient's fingertips or mouth.

SNIPER RIDGE ADVANCE — UN soldiers move up the road to Korea's Sniper Ridge sector to support attacking ROK troops of the Capital Division. This was the UN's heaviest push in two years, as men and machines of war landed a counterattack that went deep into enemy lines. The soldier at right carries a bazooka; the others carry ammunition toward the battle line.

Democrat Decision To Wait Probe Makes McCarthy Inquiry 1954 Campaign Issue

Huge Deficit For British Health Plan

London — (Reuters) — Britain's national insurance plan will be losing £417,000,000 a year by 1977, the ministry of national insurance estimated in its annual report published here Friday.

Expenditure will begin to outstrip income in 1955, and the plan will go increasingly into the red from then on, the report said.

But, said the ministry, "the existence of such a shortage... is an inherent and recognized feature of the method of finance adopted."

The deficits are to be made up by annual treasury grants "of gradually increasing amount."

Nearly 9,000,000 persons benefited under the government's insurance plan last year. Its chief provisions are retirement and old age pensions, industrial injuries payments and family allowances for children of working persons.

London — (Reuters) — A rediscovered Rembrandt self-portrait sold by a London antique shop for \$14 a number of years ago has been brought by a New York department store president for \$40,000, it was announced here Friday.

The long-unknown picture originally came to light when an Italian nobleman visited an antique shop to buy some large pictures to cover the walls of his London residence. The Rembrandt, dark and dirty, was thrown into the sale for \$14.

Household Row Ends In Death

St. Catharines — (CP) — A pretty young mother of two was slain Friday in what police said was a family argument over buying a house.

The woman's husband, a 23-year-old crane operator, was charged with murder and remanded without plea.

Officers said Mrs. George Nelson, 20, died of a fractured skull and brain injuries. Police said they believed she had been struck several times with the handle of an automobile crank.

The Nelsons had two children, a one-year-old girl and a four-month-old boy. Police said the children were left with a baby sitter Thursday night while the parents went for a drive.

They said they believed the attack took place on a side road near Port Weller, 10 miles northwest of here. Nelson drove his injured wife to town, looking for police. She died in hospital.

Glant said there were a few houses in the neighborhood where the plane crashed but it had not been determined whether any had been damaged.

By JACK BELL

Washington — AP — A Republican decision to let Senator Joseph McCarthy, Rep., Wis., hunt for Communists without Democratic help threatens to make his committee a major issue in next year's congressional election campaign.

Three rebellious Democrats are expected today to send individual letters to McCarthy, saying they will not return to membership on the investigating sub-committee he heads.

From all indications, no other Senate Democrats will accept appointment to the places vacated by Senators John McClellan of Arkansas, Stuart Symington of Missouri and Henry Jackson of Washington. They walked out in protest when the committee's Republican majority voted McCarthy the sole right to hire and fire staff personnel.

Senator Everett Dirksen, Rep., Ill., a committee member, said if the Democrats want to take that attitude, the committee will go about its business without benefit of minority members.

"I think the committee can function in an orderly and legal way and its investigations will go on just the same," Dirksen said.

He said the Democrats may face a developing belief on the part of the public that they walked out because they really weren't interested in digging Communists out of government.

McClellan, who already has drafted a politely curt letter to McCarthy rejecting the Wisconsin Senator's proposal that he resume committee membership, said he doesn't think for a minute the country will believe any such thing.

"I'll let the record of my activities refute any such ridiculous accusations, so far as I am concerned," McClellan said.

He said there is no Senator not willing to investigate Communists under the established congressional procedures and within the committee's jurisdiction.

McClellan and Senator Karl Mundt, Rep., S.D., who has supported McCarthy in the current controversy, will be up for reelection next year and thus directly affected by the political reaction, Mundt and Senator Charles Potter, Rep., Mich., are the other committee members.

Many Democrats believe an investigation conducted only by Republicans would be tabbed as partisan at the start and its results viewed with suspicion.

Police Still Silent Over Gaspé Case

Gaspé, Que. — (CP) — Quebec provincial police and a Quebec government crime investigator were still in the heavily-wooded Gaspé Hills today trying to determine the cause of death of three United States bear hunters.

Dr. Jean-Marie Roussel, police medico-legal expert from Montreal, arrived here Friday and was immediately escorted by police along bush trails to remote bear-hunting grounds to study the mangled remains of three hunters from Hollidaysburg, Penn.

He and police will attempt to establish the cause of the deaths of Eugene H. Lindsey, 45, his 17-year-old son Robert and Fred Clarke, 20.

Their remains were described as being bone and bits of cloth.

Earlier Quebec solicitor-general Antoine Rivard said "strange elements" were noted by investigators in the deaths. At the same time he said reports circulating in Gaspé that police had arrested a person in connection with the deaths were "completely unfounded."

"Before we draw any conclusions we must await the report on the autopsy and the report on another matter which we are investigating but cannot divulge at this time."

A report reaching Mr. Rivard in Quebec City from Gaspé said the Americans were not "attacked by wild animals" when they were alive.

Mr. Rivard would neither deny nor confirm a report that bodies of only two of the three hunters had been found and the third was missing.

An early examination of the bodies showed they had been mauled and dismembered by bears and other wild animals.

The trio entered the Gaspé wilderness June 5 to hunt bears. A truck carrying supplies with which they had set out was about 12 miles from the bodies.

In Coma Since January, Girl Bears A Child

Miami, Fla. — (AP) — A 16-year-old girl who has been in a coma since January gave birth to a baby Thursday night. Both the mother and son were improving Friday at Jackson Memorial Hospital.

The father, also 16, was thinking about a name for his five-pound son.

The mother, Mrs. Janice Cubbage, was critically injured in an auto accident last Jan. 23 and only during the last few days had she rallied enough to say a few words.

Physicians reported the baby's birth was natural but they could not tell if it was premature because Mrs. Cubbage was unable to give them the history of her pregnancy.

Premier To Officiate At Dam Opening

By BOB JOYCE
Canadian Press Staff Writer
Baie Comeau, Que. — CP — Premier Duplessis of Quebec today flies into this small North Shore community on the St. Lawrence river to open officially a \$15,000,000 power project.

The premier, in the presence of Col. Robert R. McCormick, president of the Chicago Tribune Company, will press a specially engraved fleur-de-lis button to send the angry waters of Quebec's Manicouagan river coursing through the generators of the province's newest electric power plant at McCormick's dam.

Mr. Duplessis and his party, Lands Minister Bourque, Provincial Treasurer Gagnon and A. R. Polvin, president of Quebec's hydro-electric commission, will fly 232 miles from the provincial capital to Baie Comeau airport in a red, white and blue twin-engine Mallard aircraft, owned by the Quebec North Shore Paper Company.

On arrival they will be greeted by Col. McCormick, Arthur A. Schmon, president of the Manicouagan Power Company, and chief of Tribune subsidiaries in Canada, and Terence F. Flahiff, assistant president of the Quebec North Shore Paper Company.

They will then drive nine miles southwest along dusty gravel roads to the power plant at the McCormick dam, where other officials of Manicouagan Power, Quebec North Shore Paper and other Chicago Tribune companies will be assembled.

Mr. Duplessis will be the guest of honor at a dinner given at Baie Comeau tonight by the Quebec North Shore Paper Company. He is expected to return to Quebec late tonight or early Sunday morning.

McCormick dam, started in the spring of 1951, spans the Manicouagan river at its mouth, some 60 miles south of its source in the Tundra country, near James Bay.

The power plant, with a capacity of 90,000 horsepower, has been "on power" since Jan. 22, 1953, but the official opening of the project was delayed until today.

Engineers estimate the power site at the river's first falls has a potential capacity of 30,000 h.p. With a fully developed network of dams, the Manicouagan, they say, could produce 2,000,000 h.p. Existing plants will provide reserve power for the Baie Comeau paper mill.

The company plans to sell excess power to new industries wishing to locate in the region. The power company also has a contract with the Quebec hydro commission to supply power. Starting late in 1954, hydro will transmit power from the dam to the Cape Peninsula and South Shore by submarine cable under the St. Lawrence.

St. Johns, Que. — (AP) — The International Chemical Workers Union AFL-ILC and the panelty division of St. Regis Paper Company, of St. Johns, have reached a new collective labor agreement providing for a general wage increase of a maximum eight cents an hour, it was announced Friday night.

In addition to the wage increase, the contract provides for an additional 10 weeks vacation with pay after five years' service, improvements in Union security, transfer and grievance procedures and double pay for Sunday work.

Present wage scales and number of workers involved was not disclosed.

Reds Reinforcing Hard Hit Central Sector Positions

By GEORGE MCARTHUR
Seoul. — (AP) — Thousands of Chinese infantrymen supported by tanks and field guns today swarmed recklessly southward in daylight as the Communists boldly bolstered troops which smashed through the Kumsong bulge this week.

Even as Allied air spotters watched Red infantry stream across the Kumsong river, three South Korean divisions moved cautiously northward over ground given up in the mighty Communist onslaught.

There was no indication whether the big Red buildup signalled new attacks or was a frantic effort to hold newly-won positions.

Heavy fighting broke out east of the Kumsong bulge as the Communists slammed about 4,000 men against South Korean and U. S. positions on the eastern front.

One North Korean regiment, about 2,500 men, struck three hill positions northeast of the punch-bowl, about 15 miles east of the bulge, in a co-ordinated assault backed by 30,000 rounds of artillery and mortar fire, the U. S. 8th army said.

In a fierce three-hour fight, the RoKs drove back the assault force and killed or wounded an estimated 977 Reds, the army said.

Infantrymen of the U. S. 45th division smashed back two 700-man Red attacks near Christmas hill.

Waves of Allied planes strafed the Kumsong bulge.

Hollywood—Exclusively Yours: Bill Holden, star and part owner of the film version of "The Moon Is Blue," isn't blushing over the censorship attacks.

"We knew we wouldn't get an industry seal of approval," he says, "but we didn't figure on a Legion of Decency ban." Despite the ban, Bill's saying, "Hollywood seems delighted to see that an adult picture can be made. After all, 3,000,000 people have seen the play."

A movie purporting to tell the "true story" of the Harry Thaw-Stanford White-Evelyn Nesbit 1906 murder headlines is being planned. Evelyn Nesbit will be the technical advisor. She is the widow of Thaw, who was acquitted of murdering White over her affections. Now 68, she lives in Los Angeles and teaches ceramics.

Won't Return

Errol Flynn won't be returning to Hollywood after his 18-month stay in Europe is up. There are signs that Errol will make Cine-Citta studio in Rome his headquarters for the next 10 years.

Marie Wilson will break in her Las Vegas night-club act July 25.

"Show me a good radio announcer and I'll show you a good actor. But does Hollywood hire announcers as actors? No. We're all horribly typed as announcers."

Wendell Niles, a 15-year-old veteran, lashed out as he accused Hollywood of having "astigmatism" when it comes to talent in its own backyard.

Arguing that radio announcers should be given a break in the emoting department, Niles claims: "Radio announcing is the most difficult type of acting. The announcer interrupts a program and with no plot and no music he has to hold his audience. How many actors can do it?"

Claire Trevor, who has been missed, is in line for a he-done-her-wrong role in "Desperate Men," which Hal Makelini will produce. Dorothy Jordan, a big star in the early '30s—now Mrs. Merian C. Cooper—makes her film comeback as a lady of the evening in John Ford's "The Sun Shines Bright."

Hollywood's getting the largest wishful well in the world, at the Statler Hotel, with all money to be donated to the Motion Picture Relief Fund.

It should be very popular with Hollywoodites—wishing that television will go away.

News stories about the death of Fred MacMurray's 44-year-old wife, Lillian, overlooked a tragic point. Until her marriage 17 years ago, she was the robust, athletic type. The day after wedding bells rang she became ill and never fully recovered.

Here's the inside on Zsa Zsa Gabor's complaint that Katy Jurado was imitating her on a local TV panel show: Katy had never seen Zsa Zsa on video and when someone asked her what she thought of the fiery Hungarian, the fiery Mexican retorted: "What is thees Ja-Ja—something you eat?"

Echo Vale Cemetery Company Met For
Its Annual Meeting At Lake Megantic

Lake Megantic, July 18 — The Echo Vale Cemetery Company met on Saturday afternoon, at the High School, to hold its annual meeting.

The chairman, Mr. J. E. Wood, opened the meeting and reports were given. Regret was expressed that there was no one present from the surrounding communities.

The committee, appointed at the last meeting, reported the purchase of a power lawn mower which had been used by voluntary workers, who have done a very good job in keeping the cemetery in good condition.

The financial report given by the secretary treasurer, Mrs. J. A. MacLeod, showed a favorable balance on hand.

After some discussion it was decided to hold the annual meeting in July, when the yearly reports would be given.

Mrs. MacLeod resigned as secretary treasurer and her resignation was regrettably accepted.

The election of officers was held and Mr. Douglas J. McLeod, of Montreal, was elected chairman; Mr. Daniel Matheson, vice-chair-

man; and Mrs. G. Ira Neil, secretary-treasurer.

Trustees elected were Mr. James Wood, one year; Mr. Earl McLeod, Sherbrooke, two years; Mr. Charles Morrison three years.

It is hoped that fullest co-operation will be given to these officers in carrying on this work.

All 2,230 Contestants Wrong As 7th Weekly Crossword Gets Record Reply

And still they pour in. And still none are right. Yes, there were 2,230 answers to crossword puzzle no. 7 which appeared in the Sherbrooke Record last week. And all 2,230 of them had at least one mistake which disqualified them from winning the seventy dollars offered as prize money. But each of the contestants has this consolation. Next week he may win eighty dollars, and entry into the contest is as usual free.

The contestants seem getting hotter on the trail as their number increases. A few had but one mistake and many were wrong on only two counts. So, perhaps one contestant may have his wish very soon. In a note accompanying his (or her) entry, it is written:

"Gee, I do hope there is a winner soon. The suspense is terrible. I can hardly wait for the paper to come in on Saturday evening, but I have fun doing them."

Another is doomed to disappointment if he really meant what he said:

"On Saturday, I shall be at 1832 Drummond, Niagara Falls."

Pitiful to relate, some of our readers appear conversant with the great North American game, for several wrote similarly to this entrant:

"This crossword contest is a wonderful idea and the 'boodle' is enticing, too. Here's hoping

Tommy Tucker Is Veteran Of Musical Field

Although music maestro Tommy Tucker had been brought up on a steady diet of music and had, in fact, played professionally at the age of twelve, he had no idea of ever becoming an orchestra leader until shortly after graduating from college.

Back home in Souris, North Dakota, Tommy's parents were the musical sparkplugs of all local festivities. His dad played the fiddle and his mom coaxed music from the piano and young Tommy, too young to be left at home on these glad occasions, was carefully curled up in a corner behind the piano to go to sleep. Music must have permeated his system. When Tommy was twelve, he was tooting a cornet for two dollars a night. By the time he got to college, Tommy had given up musical practice and was studying musical theory at the University of North Dakota.

Tommy had lots to occupy his mind at school without the aid of music. An excellent scholar, he was elected to Phi Beta Kappa, the national honorary society for good scholarship. In addition to this substantial achievement, Tommy's unusual versatility had made him an outstanding figure on the campus. Tommy played on the varsity baseball team, was a member of the debate team, was a deft man "behind the men" in campus politics and won a listing in "Who's Who of American Young Men."

Graduating from college with a B. A. degree, Tucker took an extended trip in order to lay plans for a business career. Six months later

he found himself at the keyboard of a piano in a small band of students.

He soon organized a small band of his own, which formed the nucleus of his present organization.

WEST BOLTON
The lawn social held on the grounds of Mr. and Mrs. Baxter Williams, on the afternoon and evening of July 10, under the auspices of the Creek United W.A., was a decided success from every point of view. Apart from being a little cool for the time of the year, the weather was good. Sales tables were well patronized and the home cooking was quickly sold. The proceeds were \$275.

Mr. Blane McKee, of Montreal, joined his family at the Mizener home for a few days. Callers at the same home were Mr. Asa Shepherd, Mr. and Mrs. James Symington, and Mr. Richard Lunt, of Dunham, with their guest, Miss Gladys Symington, of Montreal.

The baseball game, which is scheduled to start at two p.m., brings together Theford Mines Miners and the Sherbrooke Indians who are in first place in the Provincial Baseball League.

Prior to the game itself will be a short concert by the Sherbrooke Harmony Band and a home-run hitting contest between members of the Indians and the Miners.

Council members have donated the sum of \$115 for a drawing and there will be cash attendance prizes of \$50, \$25, \$15, \$10, \$10 and \$5.

The homer contest will feature Sherbrooke's Bob Diers who heads all other hitters in the Provincial Baseball League in four-base blows, Jack Castro and Clell Hob-

son against Theford's Bob Kurtz, Bob Milligan and George Smith. Baseballs will be autographed by the players.

The City Council in its agreement with the baseball club are given a date each year at the ball park in lieu of rental. The Council hopes to raise \$3,000 by the attendance tomorrow afternoon. In order to do so, just about every seat in the 4,000-seat stadium will have to be occupied.

ANSWER TO CROSSWORD
Puzzle No. 7

Across:
7. SINGING is best. You won't approve of them SINGING, but you might well approve of them RINGING, for, incidentally, to give you an important message.
8. SLAP is best. It is not the snap as such, but rather the application of it which is sometimes liable to make a small child cry.
11. GIFT is best because it is perfectly true of GIFT. GIFT VIEWED AS GIFT will naturally look no more expensive than GIFT.
12. SEAT is best. It will normally have very little appeal for a youngster EXCEPT at some place of entertainment, such as a circus. A SEAT would appeal WHEREVER seen.
15. DIE is best. The clue implies: "they don't WANT to, but nevertheless they HAVE to." This is true of DIE, but not of LIE.
16. SWELTER is best. "Tropic sun" links very strongly with SWELTER. They may equally have to SWELTER from rain, etc.
19. DROP is best. It is more apt to say that COFFEE will DRIP, and a coffee POT will DROP.
29. PAY is best since the words "ton much" favors PAY. For PAY they are quite superfluous, also they MAY not necessarily PAY where their husbands are concerned.

Down:
2. SWAGGER is best. They may well store if you SWAGGER. If you STAGGER, as if ill, you will invite some more positive action than a mere stare.
6. ENRAGED is best. Things can certainly look different to a man when he's ENRAGED, and this answer is preferred to ENRAGED, and "in love" would be much better.
14. REVELS is best because REVELS will be frowned upon. REBELS, a direct threat to peace, will be hated.
17. TIMED is best because runners are TIMED occasionally. We ALL get TIED occasionally.
21. CAMP is best. The phrase "a SUPPLY of electricity" suggests power in quantity, as may be needed by a CAMP. It seems a little feeble to say a LAMP "may need a supply of electricity" it might be an oil lamp anyway.
26. WAD is best. Loss of a wad — rolls of bills — yes, but WAR means a financial setback whether won OR lost.

"BREAD" MONEY
In Liberia, Africa, the value of paper money is depicted in varying numbers of bread loaves engraved on the bills. Pictures of something familiar have to be used since most of the population is unable to read figures.

Modern Styled Luxor Grill One Of Sherbrooke's Smartest Restaurants

The Luxor Grill, 153 Wellington St. North, is owned and operated by Thomas Hendy, a man who has had ten years' experience as a restaurateur. The owner of the Luxor Grill for seven years, Mr. Hendy is also the proprietor of a restaurant in Coaticook. The Grill itself has been in existence as the Luxor since 1938.

Finished on the interior in a colorfully modern motif, and cooled throughout by high powered electric fans, the Luxor offers prompt efficient service by a wait-staff of nine, smartly uniformed in crisp black and white.

The menu at the Luxor features succulent Bar-B-Q chicken in whole, halves, or quarters. Full course meals may also be had at the Luxor, as well as light lunches, salads, three-decker, hot and plain sandwiches, and delicious seafood. Free delivery service is offered of any dish ordered by phone or in person at the Grill.

At the gleaming fountain, sundaes, fountain drinks and milkshakes of all flavours are dispensed, while tasty meals are served in spacious and comfortable booths within. The kitchen is kept spotlessly clean at all times and is the "most modern in the Eastern Townships," staffed by a capable contingent of nine.

Prices are the most reasonable in town, and for your comfort, the latest music is supplied by Wurlitzer through the courtesy of Eddie Blouin. Modern, sanitary rest rooms are available on the premises and telephone service is provided.

Stanbridge East Intermediate School Pupils Enjoyed A Grand Picnic

Stanbridge East, July 18 — The annual school picnic took place on Friday, June 26th, at Mr. Crickentis' farm, commonly known as "Blinn's Old Farm."

The pupils were told to assemble at the Intermediate School, between the hour of nine and ten in the morning. Buses and cars were waiting to transport the children to the picnic ground, where everything had been prepared before hand.

Upon arrival, most of the children and some of the adults went

in for a swim and fun in the water.

At a quarter to twelve noon everyone was called to the shade of the trees, where they found an abundance of sandwiches, cup cakes, cakes, bananas, pickles, etc., all placed on the grass and served by the ladies present.

After dinner, everyone went to the ball field to watch a fiercely contested softball game between the "Rough Riders" and the "Lightning Bolts." The game was brought to a quick close, when the various races began.

It seemed that everyone wanted to compete, from 2½ years olds to 48 years young. Unfortunately rain came and drove everyone to shelter; but not before every race had been completed.

God played a good part in the picnic by calling everyone to the cups, and several other receptacles were used to supply the wants of those desiring ice cream.

Over one hundred cones, cups, and several other receptacles were used to supply the wants of those desiring ice cream.

A great deal of thanks and deep appreciation must be extended to all those who took part, so willingly, in making this picnic one to be long remembered.

It is to be regretted that at the present time, the complete results of the school examinations are not completed for publication; but it can be said that most of the pupils were very happy by their results. Reading between the lines we can't go very far in the wrong direction by saying that the most of them passed.

Thanks to the teachers who so earnestly worked and the co-op-

Indians Clash With Thetford Here Tonight At 7:15

"Civic Day" Will Be Observed Sunday Afternoon At Ball Park; Cash Prizes, Concert And Homer Contest Featured

Sherbrooke Indians, in first place in the Provincial Baseball League by .003 percentage points, as this was being written, are in for a tough week-end against the up-and-coming Miners from Thetford Mines.

The Miners, prior to the coming in of last night's results around the League, were shooting for the first division and were only 1/2 game away from the charmed circle as they took on St. Johns Canadiens, fourth-place club.

Manager Pinky May was in Thetford yesterday where his Indians played Yankees in a night contest but it was learned through the grapevine that he plans to send lefty Clyde Thomas to the hill at Municipal Stadium tonight, at 7:15.

Fans are asked to take note of the advanced time for tonight's contest. Indians GM Lew Matlin has received quite a number of requests for an earlier start for night games and has complied with the wishes of these fans.

Thomas hasn't started a game for the locals for some time but he is said to be ready for tonight. He will be after his fifth win.

Manager Pinky May is a soft-spoken gent who won't predict too much even for the great aggregation of ball players he has under

his generalship. When asked "Do you think Indians will take first place," Pinky will reply, "Depends on how Granby does," indicating that he expects the locals to keep winning. Now that the Indians have reached the top the locals are aiming to stay there and that's what makes this week-end of baseball so interesting.

Tomorrow afternoon at Municipal Stadium, "Civic Day" is being observed. In addition to the ball game with Thetford the opposition again, the City Council has arranged for cash attendance prizes of \$50, \$25, \$15, \$10, \$5 and \$5, a short concert by the Sherbrooke Harmony Band and a home-run hitting contest.

The home-run contest will feature the locals' Bob Diers who is the home-run king of the Provincial League with 15 round-trippers, Jack Castro and Clell Hobson 7, against the three top hitters from the Thetford Club.

The pre-game festivities are to get underway at 1:30 Sunday with the game to start at 2:00 p.m. Sunday evening, Indians play at Thetford Mines.

Quebec invades Sherbrooke for a game Monday night and St. Hyacinthe is here Tuesday evening when ace baseball comedian Max Patkin will give a pre-game show.

New Zealand Wins Over Our Riflemen

Bisley, England. —(CP)— New Zealand edged Canada, 1,005 to 1,002 Friday in the MacKinnon Empire long range team rifle match at the National Rifle Association shoot here.

Canadian scores included: Maj. G. A. MacDonald, Charlottetown, 85; Maj. R. W. Hampton, Ottawa, 80; Sgt. T. Woods, Montreal, 84; E. L. Warner, Lennoxville, Que., 82; Sgt. C. C. Wilson, Ottawa, 82.

In the "all-comers aggregate," the total of scores in six of the main service rifle events other than the Queen's Prize, six Canadians came away with 41 prizes. The 41 prizes are given to the 95 high-scorers after the first nine.

Canada's chances of winning the Queen's Prize, most coveted award of the shoot, looked good with the publication of the "Wednesday aggregate."

This is the aggregate of scores made in the first stage of the Queen's Prize and the City of London Corporation's long range match.

P. O. T. W. Gregory of Saint John, N.B., was top scorer with 148 points out of a possible 155 in the aggregate which is regarded as a rehearsal for the Queen's Prize.

Maj. Hampton was in fifth place with 143 points.

Two New Zealanders and an Australian were in the middle, representing a strong challenge to Canada.

Australia, scoring 1,125, Friday, won the Kolapore Cup, empire team rifle match, for the first time since 1937.

Britain was in third place with 1,114 and Canada came fourth with 1,110.

News Says Browns Moving To Kansas

St. Louis — AP — In a copy-righted story Friday The Sporting News unveiled Kansas City as a possible major league city and perhaps the new home of the St. Louis Browns.

The story, bylined by J. C. T. Spink, publisher of the weekly sports paper, said the city council of the western Missouri city, with \$1,250,000 available, already has asked Del Webb, co-owner of the New York Yankees, to set a price on the Kansas City stadium.

The Yankees own the stadium as the home grounds of their American Association farm club, the Kansas City Blues.

L. A. Cunningham said, "It's news to me" but explained the city planning commission was making a study of the feasibility of acquiring the stadium. He said the council had received a request from the Junior Chamber of Commerce suggesting the city go "all-out" to get a major league stadium for Kansas City.

He added that the \$1,250,000 mentioned by the sporting news possibly referred to bond money earmarked for a stadium. He said part of that fund had been spent in the acquisition of a 134-acre site for the city stadium near the Missouri river.

Bill Vecek, owner of the money-troubled Browns, said he was unaware of any move to shift his club to Kansas City. "It seems to be just another one of those stories," said Vecek, whose Browns were on the move to Baltimore last year before the American League vetoed the idea.

"CIVIC DAY" FOR BALL FANS TOMORROW

The City Council is staging a "Civic Day" tomorrow afternoon at the baseball park and special attractions have been added to the regular bill. The Miners of Thetford will be the visiting club and it should be a good game.

The sum of \$115 will be distributed in door prizes in five various amounts. There will also be a home run hitting contest between players from both clubs. Bob Diers, Jack Castro and Clell Hobson will represent the Indians while the Miners will have Bob Kurtz, Bob Milligan and George Smith looking after their share.

The Sherbrooke Harmony Band will also be on hand so all in all it should be a real treat. The proceeds of the gate will go to the City in a special agreement which was completed when the contract was signed earlier in the year.

The team has finally climaxed their climb into first position after a hard drive and there should be no doubt left in the fans' minds regarding their ability. The kids have definitely moved along in leaps and bounds and we think if they continue their present pace they should extend their lead within a very few weeks.

Pinky May is doing a swell job with his youngsters and the results speak for themselves. He has the boys playing heads-up ball with plenty of drive and fight. Team spirit is abounding and every one is doing a good job. They have good hitting, pitching and the fielding is just as good as any we have had a chance to witness.

Bob Diers is out in front with 15 home runs to his credit. The majority of these have been hit on other fields and we were certainly glad to see Bob pole one out at the local park last week. We think that he has a good chance of setting a new record for the League.

The attendance is beginning to pick up, but there still are plenty of vacant seats. We sincerely hope that the fans will start to pour in to justify the effort on the part of the Cleveland Indians in giving us such a fine team. We don't think that outside of the majors you can see any better brand of ball than what our Indians are giving us.

We know that once in a while they are bound to have a bad one in their system, but even the New York Yanks have them so what can you expect of the local kids. The top play of the season so far was the triple play which Bob O'Donnell and Al Pollard completed. It was something nice to watch and it certainly proves that the kids are on their feet at all times.

Tonight they open a week-end series against the Miners of Thetford and continue tomorrow with two more games. Perhaps by the beginning of the week they will have a good hold on first place. Anyway we hope so because we think they deserve it. So fans how about a little more support for our young, hustling gang of ball players.

The annual E. T. tennis tournament is slated to take place on August 3 with all five events on the program. Entries will close Saturday, August 1, and the draw will be published in the papers. So hurry and get in those entries. Better be early than late.

It was a shame that Bob Bedard ran into some tough luck and pulled a ligament in his back as it cost him an opportunity of playing in the Davis Cup matches. Bob has been training hard for the event and after getting picked on the team it sure is tough luck. Anyway Bob you made the team and that is something. Better luck next time Bob.

The sixth annual Industrial Invitation Golf Tournament takes place this year over the tricky nine-hole layout of the Asbestos Golf Club Saturday, July 25.

This is open to all firms within the Eastern Townships, four men to a team. The Circo Challenge will go the winning team with the lowest gross score. There will be no gross and net prizes for all three classes. Following the match, supper will be served with the compliments of the Canadian Johns-Manville Company. So we will say that everyone should have a good time.

For the first time in the history of the Sherbrooke Country Club the Provincial Ladies Golf Tournament will be staged at the local club. This is a four-day event commencing on Tuesday and will draw all the top female club swingers from all provinces.

It is open to the general public and anyone interested in seeing the lady players should just wander up to the club as we figure it will be worthwhile. The ladies branch has been laying plans for the coming event and from the look of things it should be a huge success.

Two more good cards are on tap this week-end at the local racing track and from looking over the classes it would seem that Purvis Lawrason has given the experts some more good events to figure out.

Eight classes are on tap this evening and again tomorrow evening with the A Pace for a purse of \$500 holding the spotlight. We think that the experts around the local oval will have their hands full figuring out the winners.

As is the usual custom around these parts after struggling for fifty weeks, the annual two weeks holidays have rolled around. So until the beginning of August, when we return, good luck to everyone.

Wimbledon Tournament Little Below Usual Par; Youngsters Steal Show; Drobny Still Favorite Despite Age

London — (CP)— Wimbledon 1953 won't go down in the tennis records as a vintage year competitively.

On the other hand, this annual highlight in the tennis world, some of the records may be short of the traditional personality color next year.

Some tennis enthusiasts and reporters came to that conclusion this year on the well-based assumption that Maureen (Little Mo) Connolly will be back again to dominate the women's section and that Australia's Lew Hoad and Ken Rosewall will fare a lot better their next trip.

The three 18-year-olds are as dead-panned as they are good. Some of the records may be short of the traditional personality color next year.

Indians Drop To Second After Loss To Three Rivers

Sherbrooke Indians dropped back into second place in the Provincial Baseball League Friday night, losing a 9-6 decision to Three Rivers Yankees.

This left Granby Phillies, who were idle, alone atop the loop ladder.

The Three Rivers contest was marred by errors, each club being charged with five. The Yanks outbatted the losers 21-11, with Basta going the distance for the victory. The Indians used three hurlers.

In other games, Quebec Braves defeated Drummondville Royals 5-3 and Thetford Mines Miners edged St. Johns Canadiens 12-10.

At Drummondville, two errors played against the Royals, who outbatted the Braves 9-7.

In Thetford Mines, each team was good for 11 hits, but five miscues proved St. Johns downfall.
