

Liberals topple UN from power, win 50 seats

Easterntownships switch allegiance

By CUTHBERT JONES
Record Staff Writer

Finance Minister J. S. Bourque headed the list of former Union Nationale members of the Legislature who went down to defeat yesterday when the Eastern Townships ridings switched their allegiance in yesterday's provincial general elections by returning Liberals in eight of the 12 ridings in the district.

This is almost a complete reversal of the situation following the 1956 elections when Union Nationale held nine seats to three for the Liberals. The Liberals dropped Compton in a by-election, leaving the U.N. forces in control of 10 of the district ridings.

Going down to defeat with Finance Minister Bourque were four other Union Nationale members of the last Legislature: Hon. Wilfrid Labbe, of Arthabaska, Minister without Portfolio; Denis Gerin in Stanstead, Robert Bernard in Drummond and Dr. J. E. Fortin in Megantic.

In Wolfe, where the former U.N. member, Henri Vachon, did not seek re-election, Dr. Gerard Lemieux took the riding for the Liberals, defeating U.N. Rene Lavoie and Independent Liberal Gerard Gingas by a majority of 324.

The two Liberal members of the last House, Glen Brown in Brome and Emilien Lafrance in Richmond, were returned by substantially increased majorities.

Heading the Union Nationale delegation returned from this region was Youth and Welfare Minister J. J. Bertrand from Missisquoi, Claude Gosselin who

SHERBROOKE UPSET
Probably the greatest upset in yesterday's vote was the downthrow of Finance Minister Bourque who has been representative of Sherbrooke County since 1953.

Louis-Philippe Brousseau, a Sherbrooke insurance agent making his first bid for public office, ran up a majority of 1,337 votes over the veteran member, thus overcoming a majority of 3,436 registered by Mr. Bourque over Gerard Bernard in 1956.

Mr. Brousseau, on the basis of complete, unofficial returns, obtained 17,289; Mr. Bourque 15,952, with 673 going to Charles Lemieux running as an Independent Union Nationale.

In Sherbrooke County, as in other parts of the province, the vote was unusually heavy with 33,914 of the 41,269 registered

Outcome of election startles observers

By RICHARD DAIGNAULT
Canadian Press Staff Writer

QUEBEC — (CP) — The Union Nationale party, powerful and awesome political organization which under the late Maurice Duplessis held a grip on Quebec for 16 un-

interrupted years, has been toppled from power. Jean Lesage, husky 48-year-old Quebec City lawyer and former Liberal federal cabinet minister who became Quebec Liberal chief 98, led his supporters to a hard-won victory with 50 seats of the 95 in the legislative assembly.

Premier Antonio Barrette, 61, only five months in office as leader, saw 44 of his Union Nationale party candidates elected. Five members of his cabinet were defeated.

The new standings are in stunning contrast with the party positions of last April when the Union Nationale held 71 seats and Liberals only 17 at dissolution.

MADE LIVELY GAINS

The one over-all pattern in Wednesday's election results was that the Liberals made lively gains in all areas rural and urban.

The election outcome startled

observers. The Liberals picked up seats in the farm areas, in the new mining areas of the north, in Montreal, and in Quebec area.

Some of Mr. Duplessis' close associates went down to defeat: Attorney General Amelne Rivard, in Montmagny riding.

OLD STRONGHOLD TOPPLED
Ironically, for the Union Nationale the new riding of Duplessis—named after the late pre-

mier who died of a cerebral hemorrhage last September while visiting the constituency, was won by the Liberals.

During Mr. Duplessis' lifetime many residents of the riding had not been able to vote because most of the rich iron-ore mining area was not part of any electoral district.

Freedom race must stop for tolls

DETROIT (AP) — Competitors in the 10-mile International Freedom Festival foot race aren't going to do the distance non-stop.

At least that's how it appears to go, but the distance non-stop.

At least that's how it appears as of now. Dozens of Canadians and Americans have entered the July 3 race from Detroit to

Windsor, Ont., via Ambassador Bridge.

But the men at the toll stations on the bridge say the runners have got to pay, just like anyone else.

When festival authorities considered shifting the race to the Detroit-Windsor tunnel, they got the same answer: Can't be paid by cheque in advance, only cash on the line at the time.

Foil left wing

TOKYO (AP) — Prime Minister Nobusuke Kishi today put into effect a new 10-year military alliance between the United States and Japan — the major goal of his 3½-year regime — and announced he would resign.

A spokesman said the cabinet would quit as soon as Kishi's Liberal Democratic party decides on his successor.

Approval of the Liberal Democratic choice is a certainty, since the party has a majority in both houses of parliament. But considerable trading between rival factions may be necessary before agreement.

The new U.S.-Japan security pact went into force at a hurried ceremony arranged secretly to foil plans of Japanese left wingers to delay final action on the controversial treaty.

GUARDED RESIDENCE

U.S. Ambassador Douglas MacArthur II and Foreign Minister Aichihiro Fujiyama met at Fujiyama's heavily guarded residence and exchanged documents covering ratification of the treaty.

The exchange immediately made the pact effective, continuing the U.S.-Japanese military alliance, giving the United States military bases in Japan for the next 10 years and pledging the U.S. to defend Japan against attack.

Japan's left wing had been staging huge and sometimes violent demonstrations for a month against the treaty, contending it might involve Japan in a war between the U.S. and Russia or Communist China. Some members of Kishi's party also felt their country should not become aligned with either side in the cold war.

Although the leftist demonstrations forced Kishi to call off President Eisenhower's visit to Japan, the prime minister refused to dissolve parliament and make the treaty the issue in a general election.

LEFTISTS FOILED

In a last-ditch effort, the leftists had threatened to blockade the U.S. Embassy and the foreign ministry to keep MacArthur and Fujiyama from meeting for the ratification exchange.

N.B.'s Fleming sees no trend in Quebec vote

FREDERICTON (CP) — Premier Hugh John Fleming said today that the Liberal victory in Wednesday's Quebec election has "no particular implications" for the New Brunswick election next Monday.

In a prepared statement the Progressive Conservative premier said "I see no particular implications for the election in New Brunswick since our interests are generally with the Atlantic region."

He said the closeness of the Quebec election would probably mean another vote "within months."

"Such political uncertainty can not be a good thing for any party."

MONTREAL (CP) — Four men, charged with intent to maim a union organizer, have been freed following withdrawal of the charge. The complaint was Elsie Allard, 35, chief organizer for the Syndicat National des Camionneurs—a truckers' union. No reason was given officially for withdrawal of the charge.

Firemen said more bodies may be found in the debris.

Eichmann case

Predict censure of Israel

UNITED NATIONS, N. Y. — (AP) — Diplomats generally predicted today that the United Nations Security Council would approve an Argentine resolution censuring Israel for the secret removal of Adolf Eichmann from Argentina.

A vote on the resolution was expected this afternoon or Friday. Some sources anticipated unanimous approval; others thought several nations might abstain.

The resolution charges Israel with violating Argentine sovereignty and calls on the Israelis to make "adequate reparation." But Premier David Ben-Gurion already has said the Nazi war criminal accused of major responsibility for the extermination of 6,000,000 Jews would not be returned to Buenos Aires, as Argentina demanded earlier.

Israeli Foreign Minister Golda Meir, speaking in the council debate Wednesday, admitted Eichmann had been removed from Argentina illegally and expressed her government's regret. She said that constituted "adequate reparation" to Argentina.

SOFTEN DEMANDS?

A diplomat familiar with Argentina's position said the Buenos Aires government would regard approval of the resolution as affirmation of its "moral right" and would soften its position accordingly. This seemed to indicate the Argentines would let their demand for Eichmann's return lapse.

Mrs. Meir repeated Israel's contention that Jewish volunteers acting independently and not as agents of her government, found Eichmann in Buenos Aires, captured him and brought him to Israel last month for trial.

Argentine delegate Mario Amadeo told the council the Israeli government, in accepting Eichmann, had automatically approved his capture and "has therefore become responsible for it."

See-saw battle in Stanstead goes to Liberals

Magog vote gives Vaillancourt the victory

MAGOG — In a see-saw battle that waged from the time returns started coming in until after nine o'clock last night, Liberal Georges Vaillancourt emerged the victor in Stanstead County.

A majority vote of more than 900 ballots in the city of Magog gave Mr. Vaillancourt the necessary margin over incumbent Denis Gerin, Union Nationale, who had oc-

cupied the provincial seat since 1948.

Mr. Vaillancourt, a newcomer to the political scene, obtained an overall majority of 420 votes over Mr. Gerin.

He took an early though narrow lead over his opponent. At 7:10 p.m. the count had swung

the other way and Mr. Gerin was ahead by 26 votes with 21 out of 97 polls reporting.

Fifteen minutes later 41 polls gave Mr. Vaillancourt a majority of 123 but again the tide turned

at 7:50 and Mr. Gerin was ahead by 62. His lead continued to mount until 8:45 when he was

ahead of his opponent by 130 votes. Seventy-four polls had reported by this time.

Shortly after nine Mr. Vaillancourt regained the lead and continued to hold it.

In Magog, of 5,891 votes, Mr. Vaillancourt obtained 3,450 to 2,531 for Mr. Gerin. In the outlying areas Mr. Gerin had a slight lead, including the Border villages electorate, but the heavy Magog vote, estimated at more than 40 percent of those eligible, swung the majority towards his opponent.

For the remainder of the County, the 1960 election brought out the heaviest vote registered in many years, estimated at about 95 per cent.

Mr. Vaillancourt obtained majorities in St. Hermenegilde, Dixville, Stanhope, Kingscroft, Heathton, Massawippi, Omerville, Fitch Bay, Rock Island, Ayer's Cliff, Ste. Catherine, Magog and East Magog Township.

Mr. Gerin's majorities came in Barford, Barnston, Ladd's Mills, Baldwin's Mills, Way's Mills, Coaticook, Hatley Township, North Magog Township, West Magog Township, Orford Township, Georgeville, Marlinton, Mansur, Burrough's Falls, Boynton, Stanstead, Beebe, North Hatley, and East Hatley.

Election fever hits Sherbrooke

Prayer book, bottle of wine in ballot boxes Teenagers become photo-waving Liberal fans

Poll boxes during elections are not just places in which voters deposit their ballots — at least not in Sherbrooke.

J. D. O'Bready, Sherbrooke's returning officer revealed that one or two other articles turned up yesterday in the boxes. In one: a small prayer book, entitled "Christ in the Gospel" based on material in the new Testament.

In the other: half a 26-oz. bottle of red wine — in the same box in which a full bottle of wine was found during the 1956 election. It is believed the wine was still potable!

Police on the downtown streets doubled their vigilance for the happy souls who celebrated with more than the customary exuberance. Traffic on Wellington street was very heavy, particularly in front of the Sherbrooke Record building where crowds lined both sidewalks for a glimpse of the Record voting board which carried a running account of the election in the city and the

Townships. L. P. Brousseau, victorious Sherbrooke Liberal candidate, who was riding in a convertible in the huge motorcade through the streets of Sherbrooke and Lennoxville, became rather too enthusiastic himself. At one point, on Lennoxville's main street he waved a little too vigorously and nearly fell out of the car.

At the Reform Club on Dufferin Street, conviviality was the rule, but never reached the point of mayhem.

With the first announcement of returns early in the evening, there were many shaking heads. As the minutes wore on and one government candidate after another collapsed under the weight of Liberal votes, previously-quiet Liberal supporters began their "I-told-you-so's."

At seven o'clock sharp, bars and grills throughout the city opened up and hordes of the thirsty rushed in. On many street corners, lines formed long before opening time and barmen did a brisk business for hours.

Efficiency and good organization reigned at the Sherbrooke County returning office, Galt Terrace.

Returns came in at a steady pace. Of 202 polls 189 polls had reported in by 8:15 p.m. While returning officers posted the results on a master card, a few curious people expressed their surprise at the already apparent defeat of Sherbrooke County National Union candidate for the past 25 years, J. S. Bourque.

Teenaged girls stood patiently on the sidewalks waiting for Mr. Brousseau so they could wave the pictures at him and generally join in the cheering.

The younger fry were not left out. Liberal supporters passed through the crowds distributing huge photographs of their candidate and many a baby carriage proudly proclaimed for all and sundry that it was the thing to do to vote Liberal.

Confusion and havoc was the order of the night at the city's busiest intersection last night. Policemen in charge of the King-Wellington intersection had no control at all over traffic.

Several victory parades for elected candidate L. P. Brousseau seemed to converge from all directions at the same time on the intersection and confused policeman.

The gendarmes could be seen signalling cars to pass on the red light while stopping those who had the green light and right of way. At times traffic from all four sides of the intersection decided to move at the same time adding more confusion to the already confused situation.

Glen Brown triples his majority for the Liberals in Brome county

KNOWLTON — Liberal candidate, Glen Brown was re-elected yesterday in Brome County for the second consecutive term by a 709 majority over Union National candidate, James Jolley, who was representing his party for the second time also.

Total voting results were 3,577 for the winner and 2,808 for the loser.

In 1956 Mr. Brown won the election by a 245 majority.

Mr. Jolley emerged winner in 8 small polls of the 38 in the county.

Percentage of voters in the

county who turned out at the polls yesterday was 86, an increase over the 1956 election percentage of 82.8.

"I wish to tell all the population of the Eastern Townships, that with the Liberal party re-organized and in power, there will certainly be a 'new deal' now," Mr. Brown said last night after thanking his supporters and friends for their confidence in him.

It was impossible to contact union national candidate, James Jolley, following the final results of the election in Brome county. After Mr. Brown's majority rose to 600, Mr. Jolley went to the home of his organizer who said that his candidate had no statement to release.

Bertrand gets big majority

BEDFORD — Hon. Jean Jacques Bertrand, Youth and Social Welfare Minister in Barrette's cabinet was re-elected by a majority of at least 2,062 votes in the county of Missisquoi.

Of 13,348 votes cast, Bertrand received 7,705 and his liberal opponent, Andre Gauthier, received 5,643. The county had 15,306 eligible voters.

In the county of Missisquoi, election day passed without incident and voters turned out early and in large numbers.

Less than two hours after the polls closed, the Hon. Bertrand was assured of victory and addressed a crowd of electors at Sweetsburgh, then went on to Bedford where he delivered another address.

He said, in part, "The results of the vote in my county at present gives me a majority of more than 2,000, and I would like to thank the populace... As I talk to you, I don't know the exact position of the political parties in the province, but I can assure you that I will continue to serve the voters of Missisquoi with all my resources."

DISRAELI — Electors of Wolfe County yesterday chose Liberal candidate Dr. Gerard Lemieux to represent them at the new legislature, giving him a majority of 324 votes over Union Nationale candidate Rene Lavoie.

Profiting by the good weather, 7,671 out of a possible 8,386 voters exercised their rights at the polls for a turn-out of 91.4 per cent.

Of 19 villages or municipalities, 13 gave a mandate to the Liberals, five to the Union Nationale party, and one was even, giving 62 votes to each candidate.

The new member is the son of J. P. Cyrinus Lemieux who was elected for Wolfe county four times, in 1921, 1923, 1927 and 1931 as a Liberal member. In 1956, Dr. Lemieux was defeated by the Union Nationale candidate, Henry Vachon with a majority of 50 votes.

Yesterday, Dr. Lemieux registered the strongest majority in any municipality with a lead of 137 votes in Weedon over his opponent, Mr. Lavoie. He also defeated Mr. Lavoie in his hometown of Disraeli with a majority of 84.

An Independent Liberal candidate, Gerard Gingras, gained a small percentage of the vote and lost his deposit.

Richmond to Liberals

Lafrance majority is doubled

Richmond County voters returned Liberal candidate for Richmond Emilien Lafrance last night for the third consecutive term. With a majority of 1,365 votes, almost double the majority of 742 given him in the 1956 election.

National Union candidate, Dr. Charles Gosselin conceded the election to Mr. Lafrance at 8:25 p.m. after a total of 103 out of 112 polls had been tabulated.

A study of the results showed that urban residents living especially in Asbestos voted mostly for Mr. Lafrance. Mr. Lafrance's majority in Asbestos alone was 1,580. Mr. Lafrance's opponent on the other hand took almost a clean sweep in the rural areas, but it was not sufficient to overcome the urban ballots.

This was the third largest majority given any candidate since the formation of Richmond County in 1867. The largest important majority ever given a Richmond candidate was 2,784 given Albert Goudreau in 1948, the second largest was 1,465 given Peter MacKenzie in 1912.

Total number of votes for Mr. Lafrance was 9,651.

In Bromptonville where, in 1956 the National Union party was given a majority of 100, voters yesterday gave the Liberal candidate a majority of 67.

Mr. Lafrance's home town of Danville gave him a majority vote of 167.

In Dr. Gosselin's home town of Windsor, voters gave him a 442 majority.

After the election, National Union candidate Dr. Gosselin said, "I hope that if the Liberal party is elected, my adversary (Mr. Lafrance) will keep his electoral promises."

Mr. Lafrance's victory was celebrated by a parade through the streets of Windsor Mills.

Exuberant Lafrance supporters even set off firecrackers at the city's main intersection, Craig and Main Streets.

Others drove by in automobiles

with an effigy of defeated National Union candidate Dr. Gosselin.

ASBESTOS

In Asbestos, residents had a reception prepared for their "deputy who stood up on his feet."

By the time the Lafrance cortege arrived in Asbestos from Danville a large crowd was awaiting the re-elected candidate in the yard of the St. Aime

Speaking to the crowd Mr. Lafrance said, "I am very moved by this reception and I thank you for your confidence."

"I am not disillusioned by this victory for it is not particularly the victory of Emilien Lafrance but the victory of the cause which I represented," he said. "Our duty is to re-establish the policy of the Province of Quebec," he concluded.

Emilien Lafrance is mobbed by handshaking well-wishers.

A new power at Quebec

Yesterday's general elections, which saw the election of a Liberal Government to administer the affairs of the Province of Quebec may mark, to use an old but still appropriate cliché, the end of an era.

The shock resulting from yesterday's reversal of the government at Quebec may be compared to the shock occasioned by the fall of the Taschereau Government in 1935.

And the reasons behind the overthrow of the Union Nationale regime are much the same as those which caused the downfall of the old Liberal regime — arrogance at the lower echelons, corruption at the lower levels of the party and disregard of the public interest by government employees too long in power.

But the overriding reason is that traditionally the people of Quebec like balance. They believe that only by alternating between one group and another can they assure that efficiency in administration essential to the advancement of the province.

Yesterday the people spoke as they

seldom have spoken before. The actual vote cast was approximately 80 per cent of the list, an unusually high percentage even for this province.

They have given Hon. Jean Lesage a clear, if modest majority. They have given him a chance to implement the program he has been preaching for the past few months.

The future of the Liberal party depends upon the manner in which he can carry out his mandate in the months immediately ahead. His task of cabinet forming will be difficult but he holds one advantage — every one of the Liberal members who served in the last Legislature was returned yesterday. This means he has at least seventeen supporters who have had experience in the provincial house while he, himself, as Minister of Northern Affairs at Ottawa for several years has had some experience with provincial problems.

The modest size of his majority will compel him to walk the straight and narrow and should serve to make his supporters pay close attention to the wishes of the public.

Quarter-century of service

A quarter-century of public service ended yesterday with the defeat at the polls of Hon. J. S. Bourque.

His loss of Sherbrooke riding must have been a crushing personal disappointment for him. But defeat in public life is nothing new. It has happened before and will happen again.

One thing, however, sets Mr. Bourque's defeat apart.

And that is the satisfaction he must feel, even in defeat, over his accomplishments in peace and in war in the service of his country, his province and his riding.

He can feel secure in the fact that he

has made major and lasting contributions to the growth and prosperity of Canada's largest province.

While he was privileged, as a cabinet minister, to play a key role in the overall affairs of Quebec, he nonetheless managed to keep his finger on the pulse of Sherbrooke and the Eastern Townships.

And where that pulse indicated action that action was promptly taken.

His contributions to the schools, to the hospitals and to the general welfare of Sherbrooke and district are manifest and many.

They will continue to stand as tributes to his years of public service.

LONDON (CP)—Unmistakably, Britons are growing more and more concerned over the whole business of defence.

The government's decision to scrap the Blue Streak missile and pin its hopes on the American Skybolt promoted this surge of interest. Other factors are the recent disclosure that post-war defence has cost Britain £20,000,000,000, and the current defence rift within the Labor party.

Virtually every day some newspaper or television commentator wades into the issue, asking such questions as: "Have we sold out to the Americans?" "Exactly

where do we stand?" "What have we got for our money?"

The over-riding question of the last few years—whether Britain should maintain H-bombs—seems to have become lost in the shuffle, no doubt temporarily.

NEWSPAPERS WARN

The government's decision to scrap the British Blue Streak missile—which had already cost nearly £100,000,000—and rely on the Skybolt, got a mixed reception in Britain. Newspapers kept pointing to Canada's problems over the American Bomarc, with suggestions that the same thing could happen with Skybolt.

The government, faced with mounting criticism over its massive defence spending, says the decision can be justified on economic alone. While no figures are available, Skybolt is expected to cost only a fraction of Blue Streak's ultimate price.

And more important, Skybolt—a long-range stand-off bomb—will come to Britain without any strings attached to its nuclear warheads.

Roughly, the picture is like this: Britain is putting nearly all its defence faith behind the deterrent power of about 200 V-bombers, armed with H-bombs. Plans now are under way to disperse these planes in various overseas countries so potential enemies won't know their whereabouts.

After 1965 the H-bombs are scheduled to be replaced with Skybolts and the V-bombers will continue to carry the main deterrent.

EASY TARGETS

The RAF is also equipped with American—controlled Thor missiles, but because their permanent locations are considered sitting ducks for counter-missiles,

their value is being questioned.

With the RAF forming the main striking force, the other two services have had to shoulder the biggest burden of criticism. The navy, in Parliament and in the press, has been freely raked over the coals.

Except for the atomic-capabilities of carrier-based aircraft, the navy has no nuclear hitting power, and critics say it is incapable of maintaining open sea lanes to Britain.

However, four ships, which will carry the sea-to-air Seaslug missile, now are under construction and the first atomic-powered submarine will be launched this year. Officials say this is simply the beginning of a nuclear navy.

Present strength is four aircraft carriers, five cruisers, 34 destroyers and frigates and 31 submarines.

Critics say the army, whose striking power is built around two regiments of short-range Corporal missiles and anti-aircraft Thunderbird rockets, is suffering from the same problems as the navy. Despite a gradual swing toward nuclear warfare, its greatest strength is confined to the conventional field. Some critics say it's unrealistic for Britain not to have nuclear anti-tank weapons when Russia is known to have about 35,000 tanks.

PERIOD OF TRANSITION

Government spokesmen say the picture is far brighter than popularly painted. They describe this as a period of transition, when the roles of the three armed services must, in certain respects, be revised. New weapons are on the way.

But they say that Britain, with so many overseas territories to watch, can't afford to throw everything into the nuclear age

Mr. K. like a candidate for office

By ED SIMON
Canadian Press Staff Writer

As Nikita Khrushchev points with pride, views with alarm and has a look at the record for the benefit of the faithful in Bucharest, it is difficult for the North American observer to realize that he isn't running for office.

It can safely be assumed that Russia's premier had the vote of the Romanian delegation sewed up as he claimed sole credit for thwarting the nefarious plans of the wicked imperialists in Suez, Lebanon, Turkey, Korea and Japan. What remains tantalizingly uncertain is the identity and strength of the men he is running against.

In the absence of reliable channels of information, it's difficult for Westerners to gauge the importance of the differences of opinion that undoubtedly exist in the Communist camp. But

Khrushchev himself has recently offered more than one piece of evidence that he is under pressure from party fundamentalists.

CHINA KEY

The most striking discrepancy is illustrated by China's unchanging and uncompromising hostility to the West, apparently unaffected by the day-to-day fluctuations emanating from Moscow.

The rift was forced into the open last winter when Khrushchev, embarrassed by Chinese border encroachments on the eve of his visit to India, took an unprecedentedly neutral stand on the dispute between his Communist ally and his aggrieved hosts.

Apparently unperturbed at being caught out of step, the Chinese continued to call down the wrath of the unrepentant heavens upon the lackeys of capitalism.

When Khrushchev stalked out of the Paris summit conference last month, the Communist allies

were suddenly in step again.

The prevalent theory, unsupported by anything as concrete as Khrushchev's behavior in India, was that the Russian leader has reversed his peaceful coexistence policy in response to the urgings of politburo colleagues who sympathized with the tough China line.

THEME SONG

But coexistence remained Khrushchev's theme song in Bucharest, although it was accompanied by a rhythmic thumping of aggressive military blocs, spy planes and T-1000s.

Where the old war enthusiasts had quoted Lenin to the effect that war with capitalism was inevitable, Khrushchev countered by calling attention to a passage from the same source condemning efforts to meet the enemy head on and urging Communists to concentrate on sowing the seeds of dissension among their opponents.

14 million Congolese take over

More African self-government

By NIGEL RYAN

LEOPOLDVILLE (Reuters)—When some 14,000,000 Congolese take over full self-government June 30, they will have at their disposal 12 senior civil servants, 16 university graduates, and less than three years of political experience.

There are an estimated 260 native languages spoken among scores of tribes. The only common language is French, spoken by most Congolese in big cities but by a minority elsewhere.

There are no Congolese lawyers, no doctors, no engineers, and no army or police officers.

Some of the Belgian Congo's 50,000 pygmies still live, like their paleolithic ancestors, in bamboo huts, wear only bark and string and make a living by shooting game with bow and arrow.

In contrast when British Ghana became independent in 1947, there were scores of university graduates. There also were about 1,500 Ghanaians in senior grades of the civil service.

In spite of the Congo's complete dependence on Belgian experts for its technical and cultural development, Belgian officials were main targets for political propaganda during the recent election campaign.

How much responsibility must Belgium bear for the confusion and chaos threatening the Congo? A Belgian missionary who has spent 30 years in the Congo told this correspondent:

"We have been colonizing the Congo for just over half a century. The British colonized the Gold Coast and other African

possessions for many more years than that.

ONCE CANNIBALS

"When we came here, we found cannibalism, witchcraft, ignorance, disease and hostility.

"Today, the Congolese have one of the highest standards of living in the African continent. It is absurd to say that we have kept them back. What Belgium

has achieved here in the past 50 and especially the past 10 years, is a near miracle."

Some Belgians here have expressed the view that their government should have offered independence to the Congo earlier—in 1958 immediately after Gen. Charles de Gaulle made his tour of French Africa, offering it independence from France.

TO IMPROVE PENMANSHIP

(St. Thomas Times-Journal)
An organization known as the International Association of Master Penmen and Teachers of Handwriting has been in existence for a considerable time although we were not aware of it until recently, but it is one we can unreservedly support. Its objective, of course, is to improve handwriting, and one reason we can support it is that we are badly in need of improvement ourselves.

Bad handwriting is frequently complained about by business men, but it is really an old complaint. There are old people who write a beautiful hand, but there are many others whose writing is execrable. We have received letters signed by men who must have left school or university many years ago, and whose signatures were utterly illegible.

We are inclined to think that the typewriter is the main cause of bad writing. It has supplanted the pen and the pen and the pencil, and many people have no use for a pen except to sign letters.

At a convention in Lindsay a resolution urged a definite

time daily assigned to handwriting in all private, public and separate schools. It was felt that in the first three grades there should be two periods of 15 minutes each daily devoted to instruction and practice, and at least 30 minutes daily up to grade eight and at least one period daily during the first two years of attendance at secondary schools. In the commercial passes in high schools penmanship should be continued for at least one period each day.

The convention also suggested that penmanship should be taught a minimum of 100 hours in teacher training colleges, business colleges and universities.

Pupils in teacher training colleges should be required to take special courses in handwriting. Their demonstrations on blackboards and their reports to parents should be an example to all.

The IAMPTH is not able to finance a campaign and or that reason the assistance of members of Chambers of Commerce, Boards of Trade and others is sought. It is much needed.

FOR JUNE BRIDES

(Sault Ste. Marie Star)

The general concept that brides are shy little things, humbly grateful to their girl friends for support upon this great occasion in their lives is changing. Today many brides behave like conquering heroes, dictating the style of clothes the bridesmaids, groom and groomsmen will wear, and pay for, arranging their showers so as to provide themselves with clothes, and demanding new furnished homes with all modern accessories.

We still believe that the old-fashioned surprise party at which gifts, often humble but made with loving care, showed the future bride or mother-to-be the high esteem in which she was held by her contemporaries.

We also believe that bridesmaids should be the still single friends of the bride, given this chance to appear prettied up before the local eligible young men.

It would be a thousand pities if these fine old traditions which have preceded so many happy marriages were allowed to fall into disuse.

ARMY HORSE

WELLINGTON, N.Z. (CP)—The last artillery horse in the New Zealand army, Barbara, has just died at age 28. The horse joined the army at age 4, and when horse-drawn artillery guns were abandoned she became an officers' mount. Posted to the retired list several years ago, Barbara was a popular sight at a military camp.

CASHING IN ON EAST'S MISTAKE

South's three heart bid is not recommended, but there certainly is nothing wrong with the final contract of four hearts and it would probably have been reached if South had passed originally.

All normal game contracts don't make and the way the cards lie South should go down once the spade is opened. Fortunately for South, East made a mistake that let him make the hand after all.

The play started out simply enough. Dummy's ace won the first spade trick and two rounds of trumps came next. Now South led the deuce of diamonds. West played the jack and North's king lost to East's ace.

East proceeded to cash his high trump and king of spades and then came the mistake. East led the queen of diamonds!

East's reasoning was that if South held another diamond he would set the hand immediately. Otherwise, it would not hurt since his partner's ten would still be left to control the suit. What East overlooked was that his play set up an automatic squeeze against poor West.

All declarer had to do was to ruff and run out all his trumps. On the last two trump leads West

matter of FACT

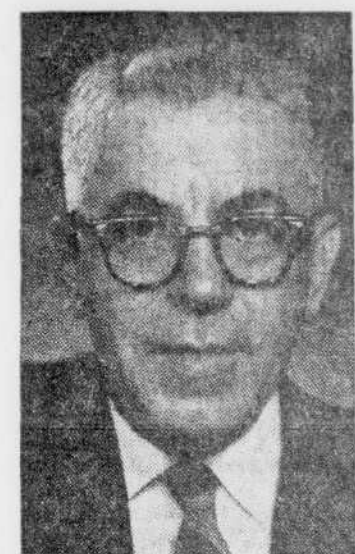

It's an old custom for peddlers to roam the streets of London singing out their wares and services. In early times a dentist who called himself "Kind Heart" claimed he removed teeth painlessly. He called, "Touch and go! Ha! ye work for Kind Heart, the tooth-drawer!" "Patients" were treated in the street. No appointments, no waiting.

the vote that accounted for the defeat of Mr. Bourque and most other Union Nationale candidates.

Actually, Mr. Bourque's vote this year was only 636 below the 16,588 he obtained in the 1956 voting. But Mr. Brousseau's vote yesterday exceeded that polled for Gerard Berard four years ago by 4,149. In the same period the eligible vote increased by less than 2,000.

The newly-elected member obtained majorities in all five wards of the city, but fell behind in the rural areas and in Lennoxville.

In the East Ward, the home of both major candidates, Mr. Brousseau led by 4,573 votes to 4,167 for Mr. Bourque. In the South Ward his lead was 1,342 to 1,059, in the West 4,838 to 3,893, in the Center 692 to 638 and in the North 3,400 to 3,327.

Lennoxville voters cast 1,001 ballots in favor of Mr. Bourque compared with 637 for the Liberal.

Rural polls favoring Mr. Bourque were Stoke Road, St. Elie, Deauville, Rock Forest, Capelton and the Experimental Farm. Areas voting for Mr. Brousseau were: Milby, Huntingville, Belvedere Heights and Ascot Corner.

The Independent Union Nationale candidate, Charles Lemieux, obtained scattered votes in all parts of the city but registered his highest total in his home poll, 906 Ontario street, where 22 votes were registered in his favor.

In other Eastern Townships ridings, Glen Brown, Liberal, increased his majority to 695 yesterday compared with the 245 he obtained in 1956, his opponent on both occasions being James A. Jolley.

Compton gave Claude Gosselin, U.N. a majority of 845 over Omer Dionne, Liberal. In 1956, Compton elected Dr. Fabien Gagnon as Liberal by a majority of 401, but on the death of Dr. Gagnon in 1957, returned Mr. Gosselin in a by-election by a majority of 3,524.

Bernard Pinard, Liberal defeated by Robert Bernard in Drummond in 1956 by a majority of 1,928, obtained his revenge yesterday when he edged out the Union Nationale candidate by a scant 31 votes.

In Frontenac, Union Nationale Eloi Guillemette defeated Dr. Gerard Noel, Liberal, by 448 votes, approximately the same lead he obtained over the same candidate in 1956.

Another impressive turnover for the Liberals was Megantic where Emilien Maheu, making his third bid for election, registered a 4,378 vote lead over Dr. J. E. Fortin, Union Nationale.

Maheu was defeated by the late Hon. Tancred Labbe in 1956 by 1,155 votes. In the 1957 by-election following the death of Mr. Labbe, he was defeated by Dr. Fortin by 6,295 votes.

In Missisquoi, Youth and Welfare Minister J. J. Bertrand led by 1,138 votes, a majority somewhat reduced from the 1,656 he obtained in 1956.

Armand Russell, Union Nationale, was returned in Shefford with a majority of 1,420 over Romeo Lantagne, approximately the same as the 1,627 he obtained in 1956.

Emilien Lafrance, Liberal, was re-elected for his third term as Richmond representative, registering a majority of 1,365 over Dr. Charles Gosselin. In 1956, his majority was 742.

Georges Vaillancourt, Liberal, amassed a 420 vote lead to capture Stanstead from Denis Gerin, member for the past twelve years, whose majority of 1956 had been trimmed to 81.

Dr. Gerard Lemieux carried Wolfe for the Liberals with a majority of 324 over UNE Rene Lavoie and an Independent, Gerard Gingras. In 1956, Dr. Lemieux lost to Henri Vachon by 500 votes. Mr. Vachon did not seek re-election this year.

Beauty Tips

If your nails are brittle and split or break easily, coat them with oil each night at bedtime. White iodine, too, is a good nail strengthener, but it won't do any good if applied over nail polish. If you can leave off the polish for a few days, use the white iodine then.

Would Boost Powers Of Nurses

TORONTO (CP) — Ontario registered nurses will shortly be delegated powers to license and discipline members of their profession in the same way as doctors and dental surgeons, Health Minister Dymond said Tuesday. He told the legislature's select committee on executive and administrative problems of government his department is formulating a plan to establish a college of nurses.

Nurses at present control entrance requirements, curriculum and registration in hospital schools. The department plans to extend their powers to the inspection of schools, licensing and discipline. Approximately 35,000 registered nurses would be involved in the scheme.

In an interview later, Dr. Dymond said the plan would be the first in Canada, and one of the first in the world.

How Often Is Your Tongue Bitten in False Courtesy?

It's a good thing we rarely get an honest answer when we make such statements as:

"I hope I'm not boring you but it's so nice to find someone who is sympathetic."

The honest answer usually would be:

"You are boring me. As a matter of fact I've been trying for the last half hour to figure out how to get away."

"I know it's none of my business but I think you are making a big mistake..."

The honest retort likely would be:

"No, it isn't any of your business and if I had wanted your advice I would have asked for it."

"You sound sleepy; I hope my telephone call didn't wake you."

Most people would love to say:

"You did wake me and I don't know why you thought you wouldn't at this time of night."

"I really should be going..."

"You should and why don't you?" would probably be a more honest reaction than the one usually shown the guest who stays and keeps saying he ought to be leaving.

"I hate to put you to so much trouble" or "I hate to take up so much of your time when I know you're busy."

"Then why do it?" would be the honest rejoinder to these remarks, but the gracious answer generally is, "It's no trouble at all."

"You don't mind if I kibitz, do you?"

Most bridge players trying to make a contract, doubled and redoubled, would probably like to and probably should answer with one word:

"Yes."

"If you don't mind my asking, how much did you have to pay for that?"

What the person who stalls around or says he doesn't know exactly would like to reply to that question is:

"Yes, I do mind."

Mr. Keith Storry was best man for the bridegroom.

The reception was held in the home and later the young couple left for a motor trip to the United States, the bride wearing a two-piece dress of mist green swiss brocade with matching hat and a corsage of tea roses.

Mr. and Mrs. Garth Williams will be at home to their friends after July 1st.

Checked your lamps lately? Cord coverings tend to deteriorate over the years. If insulation is cracked, checked, or split, have these lamps rewired at once.

Keep a sheet of paper taped inside the cupboard door. Keep track of supplies as they get low, and reorder before you run out.

Hatley United Church Marks 124th Anniversary

HATLEY — The 124th anniversary of Hatley United Church was celebrated with a church supper which was well attended. The church is the oldest of any church in the whole area. The exact date of construction is not certain but it was prior to 1836, which date is on the building.

History tells us the greater part of the lumber used in the building was donated from the forests of the late Joel D. Parker and the late Calvin Woodman, pioneers of that day.

As the pioneers came into the vicinity to clear the land and build their homes they did not forget to build a House of worship and they built well. Aside from remodelling and enlarging the chancel, slightly changing the arrangement of the pews, adding a kitchen, gown room, washroom etc., the structure remains the same as in the former century.

In the recent past a new carpet has been laid over the entire floor, an electric organ installed and the electric wiring has been renewed with several additional lights.

A splendid supper was served by members of the W.A., when the tables looked like a garden with their profusion of spring flowers.

A long line of prominent men have ministered in this old church. The present minister is Rev. Allister McLeod.

Miss S. Woodside Is Honored By Richmond Friends

RICHMOND — Miss Sally Woodside was honored at a surprise bridal shower given at the home of Mrs. Herbert Coles by members and friends of the St. Francis High School staff.

Upon her arrival Miss Woodside was escorted to the chair of honor, which was appropriately decorated, and a pretty corsage was pinned on her by Miss Lorraine McQuat.

Miss Woodside was presented with several pieces of stainless steel pots and pans and utensils to match, with the best wishes of the group for many happy years of marriage.

The gifts were admired by the friends, after which Miss Woodside graciously expressed her thanks.

The remainder of the afternoon was spent in playing games, followed by refreshments, with which many of the ladies helped.

White Sox Regain Leadership In Little League, Blank Yankees 4-0

Johnny Beerworth Hurls Three-Hitter But Loses, Pelletier Whiffs Sixteen, Jeff Planche Collects Two Hits

White Sox took over the Little League leadership last night when young Jacques Pelletier pitched four-hit ball posted a 4-0 win over the Yankees. Tonight the Senators clash with the Indians at the Parade Grounds. Pelletier in his brilliant win had 16 strikeouts to his credit.

Jeff Planche, with two hits, Dudley Coates and George Garard with singles were the only Yankee hitters in the game. Johnny Beerworth though going down to defeat starred on the mound. He allowed the opposition only three hits and struck out nine.

Three walks, an outfield error and a single, by Wayne Gilbert, got the Sox away to a two-run lead in the first. They added one more in the third on hits by Mike Fabi and J. Gamble.

That was all the hits Beerworth allowed as he held the Sox hitless in the next two innings. Sox took the game 4-0. It was a closely contested game with bases on balls being a big feature of the White Sox win. They received nine free passes.

J. Pelletier stood out for the winners along with Gilbert and Gamble. Beerworth and Jeff Planche were the Yankee stars.

World's Crack Pacers Meet For Third Time Tonight To Decide \$150,000 International Pace At Yonkers

YONKERS, N.Y. (CP)—Some of the world's crack pacers will race for the third time tonight to decide Yonkers Raceway's \$150,000 International Pace.

The first two races of the three-part event, held June 2 and 9, were won by the American entries, Widower Creed and Bye Bye Byrd.

A horse winning two of the three races automatically wins the trophy for the International series.

Outside of the main American

contenders, another horse can take the trophy only if he wins in world record time. Widower Creed tied the world mark of 3:01.25 for 1 1/2 miles in the first leg. Bye Bye Byrd completed the 1 1/2-mile second leg in 2:33.2-5, a track record. Tonight's race is the shortest, one mile, the world record for which is 1:37.4-5.

ON POINT SYSTEM

Should a third horse win, but not in world record time, the trophy will be awarded on a 10-7-6-5-4-3-2 point system. Following the first two legs, these are the standings:

Widower Creed, driven by Howard Beissinger, 17; Bye Bye Byrd, Clint Hodgins, 12; Caduceus of New Zealand, Jack Little, 10; O'Brien Hanover, U.S., Del Miller, 11; Speedy Pick, U.S., Bill Haughton, 9; Champ Volo, Canada, Phil Dussault, 8; Mighty Dudley, Canada, Keith Waples, 6.

Bye Bye Byrd holds the world mile record for a half-mile track. Mighty Dudley set a Canadian record for the distance at Montreal's Richelieu Park last season with a clocking of 1:59.3-5. Caduceus holds the Australia and New Zealand record for the distance of 1:37.3-5, set on a mile track.

Post positions and probable odds: 1-O'Brien Hanover 6-1; 2-Widower Creed 9-5; 3-Caduceus 7-2; 4-Speedy Pick 8-1; 5-Mighty Dudley 20-1; 6-Champ Volo 15-1; 7-Bye Bye Byrd 2-1.

Fugazy said Jack Kearns, Moore's manager, had asked him for three or four weeks more time because of Moore's difficulty in getting down to the 175-pound class limit. Moore weighed 209 1/2 for a late May bout in Indianapolis.

Dave Rush of Toronto is the co-promoter of the contest.

Schoeppner, Moore Title Bout Postponed

NEW YORK (AP)—Humbert (Jack) Fugazy, executive director of Feature Sports, Inc., said Wednesday the Archie Moore-Erich Schoeppner light-heavyweight title bout, scheduled for Toronto July 18, definitely would be postponed at Moore's request. He said a new date will be set soon, probably in early or mid-August.

Fugazy said Jack Kearns, Moore's manager, had asked him for three or four weeks more time because of Moore's difficulty in getting down to the 175-pound class limit. Moore weighed 209 1/2 for a late May bout in Indianapolis.

Dave Rush of Toronto is the co-promoter of the contest.

Merrie Gesture Ties Pacing Mark At Yonkers

YONKERS, N.Y. (AP)—Merrie Gesture tied a season record for three-year-old pacers when he sped to a 2:19.3-5 victory at Yonkers Raceway Wednesday night.

The son of Good Time, driven by Hugh Bell, took the lead at the half-mile post and continued on to a 2 1/2 length verdict over Lee R.

The winner, owned by A. Lippe and L. Hoffman of New York, returned \$3.30 as favorite. Lusty Leader finished third, a length behind Lee R.

Ted Doncaster To Meet Floyd McCoy Next Tuesday

MONCTON (CP)—Raw-boned Ted Doncaster, the leading contender for Burke Emery's Canadian light-heavyweight crown and scheduled to meet Floyd McCoy of Staten Island in Halifax Tuesday, has been impressing his handlers in workouts here.

Doncaster's left jab and hooks have been working well against sparring partners Nick Kovac and Emery Boudreau, said trainer Ron Babineau. Doncaster hopes to develop a good left hand to go with the powerful right which has brought him most of his 19 knockouts in 30 fights. He owns a 26-31 record.

Doncaster dropped a 10-round decision to lanky Paul Wright of New York in Moncton, May 26. He previously stopped Ed Henderson of Washington in the first round at Halifax May 17.

Arnold Palmer And Sam Snead Give Rivals Dazzling Sub-Par Exhibition In Final Tuneup For Canada Cup

PORTSMOUTH, Ireland (AP)—America's favored Sam Snead and Arnold Palmer shook their rivals and humbled Portmarnock with a dazzling sub-par exhibition Wednesday in a final tuneup for today's opening of the international Canada Cup golf matches.

Teamed for the first time, Snead fired a 65, seven-under-par, and Palmer a 66 in a best ball blood battle with England's Bernard Hunt and Harry Weetman. The Americans won two up. Hunt had a 67 and Weetman a 68.

Together they had a best ball of 61, eleven-under-par for the 7,093 yard, seaside Portmarnock links, and staggered legal book-makers who began revising odds which had made the Yanks 2-1 favorites to wrest the team title from the defending champion Australians, Peter Thomson and Kel Nagle.

EVEN MONEY?

However, one bookie said the odds may drop to even money by tee off time. Several bookies said they had quit taking bets on the individual competition in which Palmer is strongly favored over Australia's Thomson, the four-time British Open champion.

Australia is second choice at 4-1 followed by England Ireland and South Africa at 7-1 Wales is 12-1.

The competitive record for the layout, a gentle rolling gorse infested test which snuggles in a small peninsula jutting into the Irish Sea, is 66, scored by Ireland's Christy O'Connor last year.

REMEMBER WHEN ...

Joey Maxim retained his world light-heavyweight title by winning a technical knockout over Sugar Ray Robinson eight years ago tonight at Yankee Stadium in New York. Robinson, whose middleweight title was not at stake, failed to answer the bell for the 14th round. Referee Ruby Goldstein succumbed to the 103-degree heat and substitute referee Ray Miller was in the ring after the 10th round.

Feature Sports, Inc., May Move Return Title Bout Out Of New York Following Squabble With Police

NEW YORK (AP)—The storm about the crowd handling at Monday's heavyweight title fight continued Wednesday with statements from the police commissioner, the promoters and the boxing commission.

The squabble enhanced the chances of Los Angeles, Chicago or Dallas as possible sites for the third match between Ingemar Johansson and Floyd Patterson.

Bill Fugazy, a director of Feature Sports, Inc., promoting its first fight, estimated the actual Polo Grounds crowd at 55,000, including 16,000 to 20,000 gate crashers. The paid attendance was announced at 31,882.

Fugazy repeated earlier warnings that he would take the third match out of town unless Mayor Wagner intervened.

POLICE REPLY

Stephen Kennedy, New York police commissioner, who was blasted by Fugazy, replied in a telephone statement dictated to his office from Miami where he is on vacation.

"The police of New York City will not be used as bouncers, ticket takers or ushers for prize fight promoters," it read. "The police function is to enforce public law for the protection of all the public and not to assist fight promoters who chisel on expenses."

Gen. Melvin Krulwich, chairman of the New York State Athletic Commission, issued a lengthy statement in which he said the promoters had been directed to provide adequate personnel to handle the crowd as it was their responsibility.

Meanwhile, Johansson flew to Miami by jet with his fiancée, Birgit Lundgren. He will vacation in Florida for a week before returning to his adopted home in Geneva.

Bob Friend Blanks Cards 5-0 As Pirates Protect 3 1/2 Game Bulge Over Braves Who Stopped Giants

Who's getting the job done for Pittsburgh Pirates? The question is "who isn't?"

The Pirates have the majors' top winner, Vern Law (11-2); handy man Elroy Face and comeback guy Bob Friend on the pitching staff. They also have four of the National League's top 10 hitters plus the No. 2 man in RBI, Roberto Clemente, with 49.

Friend scattered eight hits and took the major-league lead in shutouts with his fourth in a 5-0 victory over St. Louis Cardinals Wednesday night. The Bucs had 11 hits — with Dick Groat (4-for-5) gaining the NL bat lead at 3511 Clemente (.328) four of the National League's doubling home two runs and Bob Skinner (.323) bringing the clincher across with a first-inning single.

It was Pittsburgh's seventh victory in eight games and seventh straight at home, protecting a 3 1/2 game bulge over second-place Milwaukee Braves made it five in a row with a 7-4 victory over third-place San Francisco Giants.

Philadelphia Phillies defeated Chicago Cubs 6-3 after filing away a 7-6 decision in the completion of Tuesday's suspended game. Los Angeles and Cincinnati were rained out.

Friend, an 8-10 flop last season after winning 22 the year before, gave up only one extra-base hit — Daryl Spencer's second-inning double — and didn't walk a man while winning his third straight 9-3 record.

The Cards' Larry Jackson (9-7) lost his second in a row after winning eight straight. A lead-off double by Bill Virdon and Skinner's single did it in the first.

Milwaukee made it eight out of nine as Billy Bruton, who belted an inside-the-park homer, Joe Adcock and Johnny Logan each drove in two runs. The Braves had 13 hits off three pitchers while sending Johnny Antonelli (3-5) to his fifth loss in a row. The Giants lefty has lost seven straight to Milwaukee since July, 1966.

Lew Burdette (8-2) needed Don McMahon's help when the Giants scored three in the eighth with two out, but won his fifth straight to hand the Giants their fourth consecutive defeat and eighth in 10 games.

The Phils won the regularly scheduled game in a four-run fifth capped by rookie Tony Cury's one — on homer. Rookie Tony Gonzalez also homered as the last — place Phils won their fourth straight — their longest streak of the year. Chris Short (4-2), another rookie, won it, blanking the Cubs on three hits until the seventh. Bob Anderson (2-3) lost as the seventh-place Cubs dropped six in a row for the first time this season.

Johnny Buzhardt (3-4) and the Phils had Tuesday's game won before the curfew sounded after eight frames. The Cubs added a ninth-inning run against Robin Roberts Wednesday night.

Pancho Gonzales' LOWER TENNIS

Pancho Gonzales plays doubles

Doubles can be much more spectacular than singles to the man in the stands, and it can be a lot of fun to play.

You use a greater variety of shots—light touch shots dumped at the feet of the server, lobs, strokes from impossible angles.

The objectives of a good doubles team are to get to the net quickly and force the opposition to hit the ball up, so you can put it away.

Always take the offensive. That's why it's important, when serving, to get the first ball in play. Some fellows like Billy Talbot, a fine doubles player, forget the cannonball for a slower twist shot served deep that gets them up to the net faster and keeps the defender back.

After reaching the net, the server teams up with his partner in a solid front, both in volleying position, and their first shot is generally down the middle and deep. If one man shifts to the side, the other moves to protect the middle.

Returning service, don't try to score right away. Set it up, via a lob or a ball hit at the feet of the onrushing server, so your team can work to the net.

Doubles have been the weakest link in American tennis, especially in Davis Cup play, because we've never concentrated on building permanent combines, the way Australians do.

Teammates must play together long enough to react to each other instinctively.

Kist Meets Indians Tonight In Junior Baseball League

Tilt To Start At 7:30 In Municipal Stadium In Second Meeting Of Squads, Neither Club Favored For Victory

Kist visits Sherbrooke Indians this evening at the Municipal Stadium in a Junior Baseball League tilt slated to start at 7:30 p.m. This is the second meeting of the two clubs, their first encounter was June 12 when Kist emerged victorious by a count of 10-6.

In tonight's game, anything can happen and very possibly will. Kist is still on their winning streak while the Indians have won three and lost three. However, both clubs are unpredictable and the result could go either way.

Spectators are assured of a thrilling fixture however, as both squads are among the best in the circuit. Indians boast such outstanding players as Rod Pelletier, Francois Lemire, Guy Desrosiers, Andre Moreau, Billy and Gordy Robinson, Richard Kirby and Ben Desbrien. Kist has such excellent ball handlers as Palardy, Tanguay, Aury, Fortier and Lebel.

A win by the Indians tonight would put them in firm possession of third place while a victory on the part of the visitors would definitely strengthen their first place lead.

The games of the Junior

League have certainly been well-worth watching and the calibre of play exhibited so far this season is definitely high. All teams have shown improvement since the beginning of the season and the standings will change many times over before the year ends.

All in all, this evening's game should provide plenty of action for Junior Baseball League fans in the area. All spectators are welcome to attend the game which starts right at 7:30 and will not run later than eleven o'clock at the latest due to a league ruling which states that no inning may start after 10:45 p.m.

Leafs Edge Bears 6-5 In P.O.N.Y. Loop Last Night At Municipal Park, Boisse Stars On Mound For Victors

Leafs edged Bears 6-5 last night in a thrilling P.O.N.Y. League fixture at the Municipal Stadium. The Bears, who have not been winning their tilts lately, came up with an excellent showing last night and held the Leafs right down to the line.

G. Boisse hurled the hosting Leaf squad to their victory whiffing five men, walking one, and allowing seven hits. His opponent, Mike Mooney of the Bears, struck out seven men, gave eight free passes to first, and had six hits against him. Both pitchers went the distance for their clubs.

In the first inning, neither squad could tally but, in the bottom of the second, the hosts opened the scoring when Mike McFarland made the rounds. The Leafs then held the visiting Bears scoreless in the top of the third but proceeded to push their lead to three in the bottom of the same frame when Pete McFarland and R. Payette came home.

The fourth saw the Bears tally their first two runs of the fixture while the Leafs chalked up a single to bring the score to 4-2 in favor of the hosts. Bob Watson and Keith Doherty were the marksmen for the visitors while Bouchard scored for the Leafs.

In the top of the fifth, the visiting Bears club, playing some of the best ball so far this season, tapped the Leafs for two runs to tie up the game when Dick Palmer and Jeff Dunn came home. The visitors then held the Leafs scoreless in the bottom of

along the same lines as last season—36 home games and 36 away for each team.

The Aces, who will be starting their second season in the AHL, put a bid for extra Sunday playing dates at home but league secretary-treasurer Jim Ellery said they had been granted the same number as last season—six.

He said the Aces will get more Sunday home games in 1961-62 when the league expects to be operating a more balanced schedule with the admission of Pittsburgh Hornets as the league's eighth team.

Shortly after it was announced at ringside that Tiger had retained his championship, the Edmonton Boxing Commission went into an emergency session and reversed the decision.

The scorecards apparently had been added incorrectly. In the scoring announced at Schwartz voted 9-6 for Tiger in the 14-rounder. Judge Dr. Les Willocks had Greaves in front 7-5-3. The deciding vote was cast by referee Johnny Smith, who saw it 5-5-5. The point totals were evenly split 69-69.

The crowd of more than 3,500 all but stormed the ring when the draw was announced. The reversal came long after the arena was empty.

The recount showed the two judges cards cancelled each other out and the referee's card gave six rounds to Greaves, five to Tiger and four even.

No. 41 — Behind Ball

By JIMMY DEMARET

The sand-shot swing starts down with the eyes on the place behind the ball at which the leading edge of the sandwedge will enter.

Try entering the sand about three inches in back of the ball. The clubhead should have no more trouble working through the sand than it would if you took a practice swing through fairway grass.

The entire swing pattern, through and up and into the natural beginning of the follow through, is accomplished with a minimum of tension and speed.

Once you have mastered the short and long-iron lessons and the woods, apply the same stance and swing techniques to use these clubs out of the sand as you would employing them from fairway lies.

NEXT: The chip shot.

Braves Purchase Alvin Dark From Philadelphia

MILWAUKEE (AP)—The purchase of veteran infielder Alvin Dark from the Philadelphia Phillies was announced Wednesday night by the Milwaukee Braves.

General Manager John McHale said the Braves gave up an unannounced amount of cash and turned over the contract of infielder Joe Morgan, now with Louisville in the American Association, in exchange for the 37-year-old Dark.

Dark was obtained to give Milwaukee added pinch hitting strength in its bid to overhaul the first place Pittsburgh Pirates. The Braves will make room on their roster by trimming a player when Dark reports.

Dark came up to the Braves as a bonus player when the club was in Boston in 1946. He spent the next season with Milwaukee in the American Association but then rejoined the Braves as a shortstop for the National League pennant winners in 1948.

He was traded to the Giants, then in New York, in 1950, and six years later was sent to the St. Louis Cardinals. The Chicago Cubs picked him up in 1958 and then traded him to the Phillies early this year.

Dark began the 1960 campaign with a lifetime batting average of .291. He has been used primarily as a third baseman the last few years.

Rains Halt Trials With Godbout And Godin Leading Opponents, To Resume Today Says Lorne Main

QUEBEC (CP)—A heavy downpour interrupted the second round matches of the Canadian Davis Cup trials on the clay courts of the Civil Employees Tennis Club here Wednesday. The matches will be completed this morning.

When the rains came Roland Godin of Montreal was leading Val Harit of Montreal 8-6, 6-3 in sets and ahead 1-0 in games on the third set while Francois Godbout of Waterlo, Que., was ahead 8-6, 6-2 in sets and 1-0 in games on the third set over 17-year-old Harry Fauquier of Toronto.

Both matches will resume from the point where they were

halted. If they go the limit, non-playing team captain Lorne Main said one of the two matches scheduled for today will probably be set back until Friday. In that event the trials would run through to Saturday morning instead of finishing Friday night.

In the opening round Wednesday Reider Getz, 19, of Vancouver suffered a badly sprained ankle and had to default his match against Godbout in the fourth set. Godbout was ahead 2-6, 6-4, 6-4 in sets and Getz was ahead 4-3 in games on the fourth set when the accident occurred.

Getz's ankle was not broken but it was expected to be kept in a cast for about two weeks.

EDMONTON (CP)—Wif Greaves of Edmonton Wednesday night stripped Nigeria's Dick Tiger of the British Empire middleweight boxing crown in a weird bout that was at first called a draw.

THE TWELVE STEPS OVER COFFEE — Both coffee and the suggested 12 Steps of recovery play a large part in the life of an alcoholic as he changes his way of life at AA to one of sobriety. (Record Photo by Gerry Lemay)

Just another allergy

Tomorrow, yesterday out of mind only today counts for the alcoholic

(LAST OF A TWO-PART SERIES)

Do you have an allergy?

Do you sneeze incessantly when certain pollens float by in your direction? Or do you scratch every time your skin comes in contact with wool or nylon?

The alcoholic is simply allergic to alcohol.

Alcoholism is a sickness, not a sin or a question of moral depravity. The victim of this illness is a person whose drinking means misery, sickness, regret, despondency, lost opportunities, unhappy family relationships and grief and trouble in general.

"In our new lives of sobriety as members of AA — Alcoholics Anonymous — there are two days in every week which we try to put out of our minds completely," a Sherbrooke member said.

One of these days is yesterday, he continued, with its mistakes and cares, its faults and blunders, its aches and pains. Yesterday has passed forever beyond our control.

"The other day we should not worry about is tomorrow with its possible adversities, its burdens, its large promise and poor performance," he said.

although there was no peace within myself throughout the sickness," he said.

He explained that alcoholics strive for perfection in their work more than the ordinary person does.

"We have to show ourselves in some way so we work twice as hard as the average person while we

him which I never received at home.

"The consequences of our alcoholic drinking have been varied," another member said.

Although some of our members have lived on Skid Row in many cities and have been hospitalized and jailed times without number for grave offences, others have never even lost their jobs through drinking.

Once an alcoholic, always an alcoholic, is a fact that members of AA must live with. They learn that it is the first drink that does the damage, because it leads to more.

By ELAINE SMITH
(Record Staff Reporter)

Others drink continuously for a period of time until it becomes a necessity for them.

"We will do anything for alcohol of any kind. Some alcoholics have committed murder and other insane acts to get alcohol," a member of the local AA said.

Why did you become an alcoholic? One member answered the question this way:

"I lost the sense of security when my family broke up. I felt that I had no reason to stay sober any more.

"As the uncertainties of my childhood grew into extreme fear during young adulthood, a physical compulsion coupled with a mental obsession turned me to consuming alcohol beyond my capacity to control it.

"In defiance of all rules of common sense and contrary to what I wanted to do, this neurosis had gripped me so strongly, I had to continue drinking to be at peace with the world

are comparatively sober.

"In this way, and also because we are sly and roxy at work, taking a drink when the boss isn't looking, I was able to keep my job and make enough money to buy alcohol."

"Now AA is my whole life," he concluded with satisfaction.

"This fellowship may have taken away a little of my pride, but this has been repaid in triplicate by teaching me a degree of tolerance and humility, and above all the ability to face life without alcohol."

The best part of AA for this member?

"This is easy to answer," he said proudly. "Marriage with one member an alcoholic, always comes to an end one way or another. I can remember when my young son was ashamed of me."

"Now as a happily married father, my child looks to me for guidance and leadership. I can shower the love and attention on

Whooping Cranes Reach No Return

SASKATOON (CP)—The whooping crane probably "has reached the point of no return," says Dr. Robert Connell, head of veterinary services at the University of Saskatchewan.

The long-legged birds that winter in Texas and spend summers in Alberta's Wood Buffalo National Park have increased their numbers to 29 from 15 known to exist in 1943.

But, says Dr. Connell, whenever the breeding population drops to too small a number, inbreeding occurs.

"The result of this inbreeding would be that the population would 'go off at a tangent' or develop in ways which have nothing to do with meeting problems of environment."

"Birds do not thrive when inbred too far and thus, although they are not yet extinct, the days of the whooping crane are probably numbered."

Assassin's Death Eases Citizens

CAIRO (Reuters)—Citizens of Cairo and Alexandria are sleeping more peacefully since they learned that Mahmoud Amin Soliman, alias "The Assassin of Alexandria," has blown out his brains.

They feel safer, too, as they walk down a street after sunset, knowing that Mahmoud, who evaded the police time and time again, can attack them no more.

The end came for Mahmoud after a fierce gun battle with police who surrounded his stronghold in the Mokattam Hills overlooking Cairo. Yet, in spite of police machinegun fire and tear gas, it was his own gun that killed Mahmoud. He killed himself as police rushed the hideout.

Before his death, with a price upon his head, Mahmoud had escaped three "foolproof" police ambushes after committing a series of crimes in Alexandria and Cairo that ranged from burglary to murder, and terrorizing the inhabitants of both cities.

Times without number, the "assassin" was almost arrested. But he always evaded his captors. In the last five days of his life of crime, he was five times on the verge of arrest.

Automation Out, 2 Secretaries In

WINNIPEG (CP)—If you have been worrying about the spread of automation, take heart at this announcement.

The Winnipeg school board says it is replacing an electronic secretary used to record telephone calls with two human secretaries.

The machine was given a two-month trial in handling night calls from teachers reporting they would be unable to attend school the following day.

James Duncan, the board's administrative assistant, said most such calls are concentrated in the hour before classes start and "two girls on the phone can take the calls faster."

"Besides, some of the teacher's don't speak too clearly and the machine doesn't say 'I beg your pardon'."

W.M.S. Meets At Cowansville

COWANSVILLE — The June meeting of the W.M.S. was held with Miss E. Simonds as hostess. Miss Frances Humphrey presided, and Miss Simonds led the devotional service. Mrs. L. McClatchie gave an interesting account of her trip to Florida. No meetings will be held in July and August. The hostess, assisted by her sister, Mrs. J. McClatchie, served refreshments, and a social period was enjoyed.

Waterloo Masons Receive Officials On Centennial

WATERLOO — The 100th Anniversary of Dorchester Chapter No. 4 Royal Arch Masons, Grand Chapter of Quebec, was held at the Masonic Temple in Waterloo. Officers of Quebec Grand Chapter were present, as well as many distinguished guests from other chapters. They were: H.W. Clarke, G.Z.; B. M. MacCharles, G.H.; H. Pickering, G.S.E.; D.D. A short history of the Lodge was given. In the year 1860 the Grand Chapter of Canada was petitioned for permission to institute a Chapter of Royal Arch Masons at St. Johns. The following Officers were installed: H.L. Robinson, Z. T. M. Clark, H.M. Mitchell, J. A. B. Parmelee, A.K. Lovicount, W. Johnson, H. Butler, H. O. Meigs. The first applicants to the newly-formed chapter were Brother Francis Buyer, Brother George T. Moorhouse, Brother William A. Osgood, and Brother Jonathan Robinson.

On March 9, 1863, Waterloo held the first convocation as the location was more central. In 1865 the chapter was moved to Granby but returned to Waterloo in 1904, where it remains to this day.

At the close of the business meeting, lunch was served in the banquet hall by the ladies of the Eastern Star.

Island Brook Church Is Rededicated

ISLAND BROOK — Sunday afternoon was a happy occasion for the congregation of the Lawrence Pentecostal Church when the building, formerly owned by the Anglican Church, and bought by the local members of the Pentecostal Assemblies early this year was rededicated by Rev. W. B. Greenwood, of Belleville, Ont., superintendent of the Eastern Ontario - Quebec district.

Mr. Greenwood was also the speaker at the morning service. Prior to the dedication, the mayor of Island Brook, Wells Bishop, extended greetings and best wishes, followed by greetings from visiting ministers and friends.

Among those who also extended greetings were, Rev. A. Gagne, pastor of the French Pentecostal Church, of Sherbrooke; Rev. Hubert Lewis, of Lennoxville; Rev. Daniel Porrier, of Richmond; Rev. Allen Hornby, assistant pastor of Evangelical Pentecostal Church, in Montreal; Francis Hatch and Edmond Anderson, of Sherbrooke.

Supper was served at the town hall, by the ladies of the church, assisted by ladies of the village.

The day closed with a service in the evening, when the guest speaker was Rev. Allen Hornby, of Montreal. The services were well attended.

Townships Fish And Game Notes

By IVY HATCH
(Record Correspondent)

Fishing derbies seem to be the order of the day, with one held by the Lake Megantic Association early this month.

The Lake Memphremagog Club will have one, on July 2 and 3, with a prize of \$50 offered for the biggest fish and \$10 each for salmon, rainbow, brown trout, bass, pickerel and perch. Checking points are Henri Morin, Magog, Big Timbers, at Magog's Point, McGowan House, Georgeville and Ridgewood Inn, at the Narrows.

The awards will be presented at a dance on July 3 at the Army and Navy hall in Magog and a door prize of \$100 will be awarded to the lucky ticket holder whether present or not.

The annual banquet and social meeting of Stanstead County Fish and Game club was another huge success, with a larger attendance than last year. The reputation of these dinners gets around and people return year after year and bring their friends for the home cooked meal.

Howard Major, Stanstead, caught a 21 pound lake trout in Lake Massawippi a few days ago. A 12½ inch speckled trout was also caught near North Hatley. Not too many speckled have been caught in this lake, but they are there and so are rainbows.

Anglers are reminded to enter their fish in Molson's contest.

Window Broken In Freak Crash

HUNTINGVILLE — What could have been a more serious accident took place on June 16, at 7.45 a.m. when a truck load of pipe swerved in order to avoid a car and another truck, skidded on the wet road opposite the I.G.A. Store owned by C. M. Hunting.

The truck turned completely around and caused the pipe to crash into the large plate glass window of the store. A new window was in place by noon. Mr. and Mrs. Hunting were away at the time visiting their son-in-law and daughter, Mr. and Mrs. Sydney Carr and family in Fredrickton, N.B.

Get-Together Club At Thetford Hosts At Farewell For Pastor

THETFORD MINES — Wednesday evening, June 15th proved to be a memorable meeting for the Get-Together Club, when they played host to the combined congregations of Kinnear's Mills and Thetford Mines United Churches as well as to guests from Inverness and St. John the Divine Anglican Church. The occasion for this large and most successful affair was a farewell party for Rev. and Mrs. Lyall Simpson, who will be moving to their new home in Richmond at the end of this month.

A short business meeting was held first, chaired by the president, Mrs. Pat Kennedy. A report was made on the recent visit to the Sherbrooke Double or Nothing Club and a vote of thanks given to those responsible for the successful event, with particular mention being made of Lorne Taylor, Jim Lovatt, John Mossop and Mr. and Mrs. Dick Hall.

A slate of group leaders for next year was drawn up, including Mr. and Mrs. L. Sanderson, Mr. and Mrs. P. Kennedy, Mr. and Mrs. Don Worth, Mr. and Mrs. Jim Lovatt and Mr. and Mrs. Merrill Simons.

In closing the business session, Mrs. Kennedy presented Mrs. Simpson with a corsage of flowers and the meeting was turned over to the Bradley group.

Norman Bradley, assisted by Mrs. Dick Hall, led in a devotion.

Mr. Simpson introduced the guest speaker, Rev. Douglas Pilkey, Field Secretary for the Missionary and Maintenance Department of the United Church.

Mr. Pilkey, a dynamic and informal speaker, pointed out that important to a church as a minister may be, in actual truth the members of the church were its real front line. It was their lives the rest of the world looked to in judging a church. People expected a minister to be "good" — but if all the members of a church were morally strong, then that church stood

Miss M. Frank Feted At Shower In Kingsbury

MELBOURNE — A cup and saucer shower was held at the home of Mrs. R. G. Frank, Kingsbury, in honor of Miss Margaret Frank, of Upper Melbourne and Montreal.

Upwards of 30 guests were present, and the shower was given by Miss Vera Miller, Mrs. Carl Banfill and Mrs. R. G. Frank, joint hostesses, with Mrs. B. W. Armatage and Mrs. R.W. Beers assisting.

The room decorations were carried out in pink and white streamers and summer flowers, and white wedding bells.

On arrival of the bride-to-be, she was greeted by the strains of the Wedding March, played by Mrs. Bessie Laurie. She was welcomed by Mrs. Banfill who pinned a corsage on her shoulder and escorted her to a seat prettily decorated in front of a huge cup and saucer, filled with gifts. She then presented the gifts to Miss Frank with best wishes and happiness from her friends.

After the gifts had been admired the guest of honor thanked everyone.

Refreshments were served by the hostesses, with Misses Susan Somerville, Margaret Johnston, Susan Armatage and Carolyn Frank assisting in serving.

Mission.

Tea was served by the hostesses, Mrs. Woolley and Mrs. Desruisseaux.
The September meeting will be held with Mrs. Doherty.

The Honourable Antonio Barrette, the Minister of Labour, hereby gives notice, pursuant to the provisions of the Collective Agreement Act (R.S.Q. 1941, chapter 163 and amendments), that the contracting parties heretofore mentioned have petitioned him to render obligatory the collective labour agreement entered into between:

On the one part:

of the employers and employees of the trades and occupations concerned, according to the following conditions:

Part I

1. The decree shall apply to all persons performing one or more of the operations hereafter described:

2. The word "barber" means any person who shaves, clips, cuts, fixes, trims, refreshes and sings the hair, shampoos the head, gives massages, practices the art of manicuring, gives face, skin, hand, hair or scalp treatments.

3. The "ladies' hairdressing trade" governed by the present decree comprises the following operations:

a) Wave: to arrange, to plait, to curl, to set, to wave the hair by means of a permanent wave, komol, marcel, paper or finger wave.

b) Dyeing: to discolor, dye the hair, the eyebrows and the eyelashes;

g) Scalp treatment: to remove dandruff, to recondition or clean the hair, to give shampoos, oil treatments with or without infrared rays or high-voltage vibrators;

i. the application on the hair of a chemical solution;

ii. the rolling up of hair in locks on a cylinder called waver or roller;

iii. the heating of the hair to a temperature of at least 212°F whether by means of an electrical or steam apparatus with chemical pad, by the "cold wave" or "radio wave" method or other processes of a similar nature.

4. The terms "journeyman barber", "journeyman hairdresser" (male or female) mean any person who plies the barbering or hairdressing trade and who has obtained a certificate of competency as such from the Parity Committee, in pursuance of the provisions of the by-laws of the said Committee.

5. The term "apprentice" means any person who has served three (3) years of apprenticeship in a hairdressing parlour for the purpose of learning the barbering or hairdressing trade.

6. The term "artisan" means any person plying the barbering or hairdressing trade alone or in partnership and for his own benefit.

The terms "male hairdresser" and "female hairdresser" are synonymous.

7. The terms "parlour", "barbershop", "hairdressing parlour", "beauty parlour" or other similar terms designate the place where the barbering or hairdressing trades are plied, or any place where one may learn the trades defined hereinabove.

8. The word "employee" means any apprentice or any qualified person in the employ of an employer or of a professional employer.

For the purposes of enforcement of the present decree, the employer or professional employer plying, with his own hands, the barbering or hairdressing trade is considered as an employee.

9. A brush-cut by barbers means the cutting of the hair so that it stands upright on the head, irrespective of the kind of haircut around the head. There is no half brush-cut and the use of cosmetics is indifferent in this operation.

10. A "Hollywood" haircut means that haircut which is very low in the back, very thick around the head and partly brush cut on the top.

13. Every employee is entitled to one (1) hour off for the noon meal and to another hour for the evening meal when working after 7:00 p.m.

14. The employer or the professional employer may never reduce the wages of an employee receiving more than the minimums hereafter mentioned.

15. The hours of work shall be distributed according to the time in force in each city, town or municipality governed by the present decree.

Proviso: Notwithstanding the provisions of the present decree, the duration of working hours in barber, hairdressing and beauty parlors shall never constitute a violation of the provisions of the Industrial and Commercial Establishments Act (Revised Statutes of Quebec 1941, chapter 173 and amendments), of the decrees enacted under its authority and of the by-laws established by competent municipalities.

Annual vacation with pay

16. Every employee governed by the present decree who has been in the employ of an employer or professional employer for a period of twelve (12) consecutive months is entitled, each year, to an annual vacation with pay of at least one week, remunerated at the rate of 2% of the wages earned and commissions received during the said period.

17. Every employee having less than twelve (12) months of service is entitled to one half-day of vacation with pay per month of service, at the rate of 2% of the wages and commissions earned during the said period.

18. In the event of difficulties in the enforcement of this clause, the provisions of Ordinance No. 3 of the Minimum Wage Commission, concerning the annual vacation with pay, shall be integrally applied except as regards the following paragraphs.

19. The year of service, for the purpose of computing the vacation, begins on November 1st and ends on October 31st of the following year.

20. The periods of illness or justified absence do not affect the duration of the vacation.

21. Should it be impossible for an employer to allow an employee to take his annual vacation, the Parity Committee may authorize such employer, with the consent of the employee, to replace the vacation week by a compensating indemnity equal to the remuneration determined in articles 16, 17 and 18 of the present decree.

28. Apprenticeship of the trades hereby governed shall be served exclusively in barber shops or in hairdressing or beauty parlors, under the supervision of the Parity Committee.

30. An apprentice shall work a minimum of 40 hours per week.

31. No one shall accept payment or compensation of any kind for teaching, in whole or part, the barbering or hairdressing trade.

32. At the completion of the thirty-six (36) months of apprenticeship every apprentice shall sit before the Parity Committee for an examination to obtain the certificate of competency providing he can produce a certificate stating that he has followed the hygiene course approved by the Parity Committee and has passed the examinations of such course. In the event of failure, the apprentice shall sit for another examination within a period of six (6) months.

33. If the apprentice refrains from sitting for the regular or for this second examination, or if he fails in either examination, he shall be deprived of the right to ply the trade governed by the decree until the Committee has taken a decision in his case.

General provisions

34. Every male or female employee with a minimum of one week of service for his employer is entitled to seven (7) days' notice when the latter wishes to dismiss him. Likewise, the employee shall give his employer a similar notice if he wishes to quit.

35. Uniforms: Where special uniforms are required they are supplied and cleaned at the employer's expense.

36. Every barber shop or hairdressing parlour owned by a company, an association, a corporation or a person not plying the trade shall have, as active and permanent manager, an employee who holds a certificate of competency.

37. Every person, association or corporation who owns more than one parlour shall consider each parlour as a distinct entity subject to the provisions of the decree.

38. There shall be in every parlour at least one person who holds a certificate of competency.

39. No barber or hairdresser may ply his trade in places other than barber shops, beauty or hairdressing parlors, hospitals, asylums, educational establishments and customers' homes.

40. All work done in conditions other than those herein established must first be approved by the Parity Committee.

41. Any person intending to give, directly or indirectly, one or more demonstrations for professional, publicity or charitable purposes or in connection with fashion parades, etc. where a barber's or hairdresser's services are required shall first submit his program to the Parity Committee and obtain an authorization in writing to that effect at least thirty (30) days in advance.
