NOTES EXPLICATIVES

Le nom de l'épouse apparaît entre parenthèses à la suite de celui du mari comme suit: Dupont Jean M (Suzanne E).

L'occupation et l'employeur sont inscrits comme suit: Dupont Jean M (Suzanne E) rep Montreal Clothing Co.

Une veuve est normalement inscrite sous son prénom avec le nom de son défunt mari entre parenthèses: Dupont Suzanne E (vve Jean M).

Le résident ou chef de maison (propriétaire ou locataire) est indiqué par un "h" avant l'adresse de rue. Cet indice n'apparaît pas pour les autres membres de la famille, les "chambreurs" et pensionnaires. Pour savoir si le résident est propriétaire ou locataire, consultez la Section des Adresses, des Rues où le propriétaire est indiqué par un astérisque (*) et les numéros de téléphone sont mentionnés.

Le mot "rue" n'apparaît pas avec les adresses, il est sous-entendu où il n'y a pas de désignation particulière telle que: av., rd., sq., etc.

Les abréviations entre parenthèses après l'adresse de rue indiquant la municipalité où cette rue est située (voir ci-dessus).

Pour une liste générale des abréviations, voir la page suivante.

VEUILLEZ NOTER: Plusieurs noms de famille sont épelés différemment. Si vous ne trouvez pas le nom que vous cherchez sous une épellation, il peut se trouver sous une autre.

EXPLANATORY NOTES

Wives names are listed with husbands. The name of the wife is shown in parenthesis following the husband's as follows: Smith John T (Susan E)

The occupation and place of employment is listed as follows: Smith John T (Susan E) slsmn Montreal Clothing Co.

A widow is normally listed under her own given name, with the name of her deceased husband shown in parenthesis: Smith E (wid John T)

The householder or head of the house (owner or tenant) is indicated by "h" preceeding the street address. Other members of the family, roomers and boarders do not have this designation. To determine whether the householder is owner or tenant, refer to the Street Address Section, where home ownership is indicated by an asterisk (*) and telephone numbers are given.

The word street is not used in addresses. Where a designation av. rd, sq, etc., does not appear, the designation st is understood.

Abbreviations in brackets after street address indicate the municipality in which the street is located. (see above)

For general list of abbreviations, see following page.

PLEASE NOTE: Many surnames have several different spellings. If you cannot find the name you are seeking under one spelling it may be listed under another.
