ULSTER CABINET TODAY ACCEPTED INVITATION TO A CONFERENCE IN LONDON OF THE IRISH LEADERS

Premier Sir James Craig, in Accepting Invitation, Stated that the Ulster Government Members Would Arrive in London on Wednesday—At the Convention of Members of the Irish Republican Army, Held Despite the Order Issued by the Dail Eireann Authorities, Unanimous Resolution Was Passed Reaffirming Allegiance to the Irish Republic—No Attempt Made by Provisional Government to Interfere with Convention.

(Associated Press Despatch)

BELFAST, March 27.—The Ulster Cabinet at its session, today, accepted the invitation extended by Colonial Secretary Churchill to a conference in London of Irish leaders, called in view of the disturbed conditions in Ireland.

Premier Sir James Craig, telegraphing acceptance in behalf of the Ulster Cabinet, said members of the Government will arrive in London on Wednesday.

NO ATTEMPT MADE TO INTERFERE WITH CONVENTION

(Associated Press Despatch)

DUBLIN, March 27.—The convention of Irish Republican Army members which had been forbidden by the Dail Eireann, ended its lengthy session late last night without having excited any outward demonstration, or ruffled the usual Sunday life of the city.

The Provisional Free State Government made no attempt to interfere with the proceedings and has not definitely stated it will take any action, although it is generally supposed that those who attended will be treated as having separated themselves from the rest of the army, and their names may possibly be stricken from the army roll.

The action of the convention in unanimously adopting a resolution reaffirming the delegates' allegiance to the Irish Republic met with strong condemnation among the supporters of the Free State.

The Irish Independent, in this morning's issue, says:

"Many times in the past have our people become divided in a crisis, when unity was essential. Today we witness the same unifying, deplorable spectacle. Disunion has been forced on the country. The resolution passed by the sectional convention amounts in effect to repudiation of the Dail Eireann, yet Eamonn De Valera insists that the Dail is the supreme authority in Ireland."

"In all democratically governed republics like France and the United States, the army is strictly subject to the control of civil authority or the government for the time being. Wherever departures from that constitutional system have taken place, grave events, sometimes amounting to establishment of a military dictatorship have followed."

REPORTER OF FREEMAN'S JOURNAL IS ARRESTED

(Associated Press Despatch)

DUBLIN, March 27.—The representative of the Freeman's Journal at Charleville, County Cork, has been arrested.

Apparently, says the newspaper, the Irish Republican Army authorities there were offended by his report of an attempt to break up a pro-treaty meeting at Charleville.

The newspaper adds that while it makes no demand for special privileges for the press, it considers the arrest part of a scheme by the "treason breakers" to stifle free expression of public opinion and to intimidate individual journalists.

THREE KILLED BY GUNMEN IN NEW YORK CITY

Three Men Shot to Death Under Mysterious Circumstances During One Night.

(Associated Press Despatch)

NEW YORK, March 27.—Three men were shot to death under mysterious circumstances in New York last night and early today.

One man, lured by a fashionably dressed young woman, was shot down by a pair of gunmen who fired from the windows of a taxi cab. Another was slain as he walked through a crowd of pedestrians in 110th Street at Fifth Avenue.

The third victim, propped between two men standing in a Brooklyn Street, was loaded into a taxi cab and taken to a hospital. He was dead upon arrival.

Henry Stern, young chauffeur, walked in the 110th Street crowd. A muffled report was heard. Stern fell to the sidewalk. He was taken to a hospital and died a short time afterward. He had been shot through the side. His clothing was badly burned by powder, evidenced that a gun had been placed against his body.

An unidentified young man, well dressed, was seen conversing with a smartly attired girl in Madison Street. They stood on the curb. They quarrelled, by-standers said, and parted. Then she returned and again talked to the young man. A taxi cab drew to the curb, the door opened, and two men fired. The young woman fled.

Two men, supporting between them a lifeless form, hailed a taxi cab in Brooklyn. They took James Means, eighteen years old, to a hospital, but he was dead from bullet wounds in the body. The men said the dead man had attended a social entertainment with them and gave the names of other persons who were there. Sixteen men and four women, who were present at the entertainment, were held for questioning.

ASK GOVERNMENT TO DO SOMETHING FOR AID OF CANADIAN CHILDREN

Resolution Was Passed at Meeting of Halifax Unemployment Association.

(Associated Press Despatch)

HALIFAX, N. S., March 27.—Commending on the grounds of humanity, the subscription of \$25,000,000 to relieve starving Rumanians by the Dominion Government, and the recognition by the government of its responsibility in the "Save the Children" campaign, the Halifax Unemployment Association yesterday passed a resolution expressing "severe censure" of the Parliament of Canada for the neglect of "Canadians who are starving mentally and morally as well as physically" in the midst of plenty in one of the richest domains of the whole world.

The resolution pressed the Government to do something "to save Canadian children" and added that a loan of \$500 or more to the distressed "is not only its primary duty" but the only logical step to take in a capitalistic world to maintain its citizenship.

A second resolution covered virtually the same ground with regard to the Nova Scotia government. In "Flanders' Fields," "O Canada," and "Canada Triumphant" were offered as musical selections during the meeting.

Miners' Leaders And Operators To Renew Negotiations--Operators To Make Known Percentage Of Wage Cuts They Advocate

Miners' Committee Will Go into Conference Armed with Statistical Data to Bolster Their Claims that the Coal Digger Is Entitled to a Twenty Per Cent. Increase in Wages--Operators Have Made Clear that They Will Not Entertain a Wage Increase.

(Associated Press Despatch)

NEW YORK, March 27.—Labor members of the anthracite wage sub-committee returned from Cleveland today to renew negotiations with the operators in an effort to reach a wage agreement that would avert the walk-out of 155,000 organized anthracite miners called for next Saturday night.

Both operators and miners expressed a desire to end the general discussions which marked the opening days of the conference last week, and to confine future sessions to consideration of the nineteen demands of the miners. The miners committee will go into the conference armed with statistical data to bolster their claims that the coal digger is entitled to a twenty per cent. increase in wages. They propose to demonstrate that wages in the mines failed to keep pace with wages in other industries during the war, that the total increase has only been sixty-five per cent. since 1916, that the mine operator is making an excessive profit by under-paying his labor and overcharging the consumer, and that the mines could continue to show a reasonable profit to the operator after granting both an increase in wages and a reduction of prices.

OPERATORS TO MAKE KNOWN PLANS.

The operators indicated that today, for the first time since discussion of the new contract was undertaken, they would make known the percentage of wage cuts that they advocate in counter proposals to the nineteen demands of the miners. Although they have declined thus far to directly discuss their proposals, the operators made clear at the opening of the conferences that they would not entertain a wage increase.

They contended that costs of mining and transporting coal had failed to "deflate" with other costs during the period of depression, and that the market for coal had suffered because of the public's inability to pay prevailing prices. Philip Murray, vice-president of the United Workers of America, replaced John J. Lewis, president of the International organization, as head of the four labor delegates on the arbitration committee.

H. D. Warren, president of the Lehigh Coal and Navigation Company, will continue as spokesman for the operators.

WILL DIRECT STRIKE.
Mr. Lewis has announced that he will remain at Indianapolis, headquarters of the United Mine Workers to direct the strike of both anthracite and bituminous workers. Nearly forty members of the anthracite workers scale committee meeting on Friday apparently are in regard to the securing of any settlement to the coal dispute in district number 18, United Mine Workers of America.

CONCEDE TURKS NEARLY ALL OF THEIR CLAIMS

According to Terms, Constantinople Remains Turkey's, and She retains Armenia.

(Associated Press Despatch)

PARIS, Mar. 27.—Turkey is conceded nearly all her claims, except those to Adrianople and part of Eastern Thrace, in the memorandum which the Allied foreign ministers today forwarded to Athens, Ankara and Constantinople with a view to its acceptance as a preliminary peace settlement, revising the Treaty of Sevres.

The Enos-Midia line in Thrace is modified so as to give Turkey more territory on the Bulgarian frontier, but the old Turkish capital of Adrianople is excluded.

Constantinople remains Turkey's and she retains Armenia, with the population under the League of Nations' protection, but she loses the Gallipoli Peninsula and Mesopotamia.

The foreign ministers give the Greek and Turkish belligerents three weeks in which to reply to the proposed terms.

Lloyd George Is Expected In London Today-- Not To Participate In Irish Conference

Reports from Belfast Say There Is a Considerable Difference of Opinion There as to the Utility of the Proposed Irish Conference in View of the Unsatisfactory Results of the Last One.

(Associated Press Despatch.)
LONDON, March 27.—Premier Lloyd George was expected to arrive in London this afternoon from Cricieth, Wales, where he has been resting for the last two weeks. His friends say he has benefited wonderfully from the brief vacation and is returning completely reinvigorated.

Premier Lloyd George will not resume his usual activities immediately, however, and it is understood that after one night in London he will go for a few days to his country place, Chequers Court, where he will further consider the plans for the Genoa Conference and prepare for his speech to the House of Commons a week from today, when he will seek a vote of confidence.

During his brief stay in London, the Premier will naturally consult with his colleagues in the cabinet, and is likely to have an important talk with the Italian foreign minister, who came to London overnight from Paris. This conversation, it is understood, will deal entirely with the Genoa Conference, and be a sort of sequel to Mr. Lloyd George's recent exchange of views with the French Premier, Mr. Poincare, at Boulogne.

M. Schanzer, it is said, will preside at the majority of the sessions in Genoa, Premier Facta only taking the chair at the opening meeting.

Mr. Lloyd George is not expected to participate in the conference of Irish leaders in London, should that meeting be definitely arranged, but he is likely to see Arthur Griffith, President of the Dail Eireann, and Eamonn J. Duggan, Dail Home Minister, if they arrive today, as expected.

It is generally believed that Michael Collins, head of the Provisional Free State Government will follow his colleagues to London, but will wait to learn what prospect there is of the Ulster Premier, Sir James Craig, accepting the Government's invitation, before he starts.

Reports from Belfast say there is a considerable difference of opinion there as to the utility of the proposed conference in view of the unsatisfactory results of the last one, but nothing has been learned to suggest that the invitation will be refused. It will be the subject of the Ulster cabinet today, and the reply is expected by tonight at the latest. Should the conference meet, it is not likely to be before Wednesday.

REV. DR. BEDFORD-JONES RESIGNS OFFICE AS PRINCIPAL OF BISHOP'S COLLEGE; DIFFERENCE OF OPINION

Appointed Principal in April, 1920—Extremely Popular With the Student Body—No Comment Beyond the Fact that Resignation Was Due to Difference of Opinion in Connection with Internal Administration—Resignation to Be Laid Before Corporation at Meeting to Be Held on April 6—Improvement Shown During Past Two Years.

(Associated Press Despatch)

THE Rev. Dr. H. H. Bedford-Jones, Principal of Bishop's College University, has tendered his resignation to take effect at Easter. A casual statement to the effect that he had resigned because of a difference of opinion with the governors in connection with the internal administration of the college was the only statement which Dr. Bedford-Jones would authorize for publication.

The principal took exception to being made the target for what he considered unjustified and unwarranted criticism, and subsequently handed in his resignation, which will be acted upon by the corporation of the University at a special meeting called for April 6th next.

The Rev. Dr. Bedford-Jones assumed his position as principal of the University in April, 1920, at a time when conditions were rather difficult. As a result of the energy he displayed a substantial improvement materialized during the course of the past year, and following a greatly increased attendance, the University also finds itself with a grant of \$100,000 from the Provincial Government. Relations with other schools and outside bodies have also shown improvement.

The Rev. Dr. Bedford-Jones has made no plans as yet for the immediate future, and upon being spoken to expressed considerable reluctance to discussing the matter publicly.

The students' body is expressing great regret at the action taken by the principal in severing connections with the college, inasmuch as his relations with the students have always been of a very harmonious character.

It is interesting to note that since 1900 there have been five principals at Bishop's College University, four of whom resigned and the other died.

The Rev. Dr. J. P. Whitney was appointed in 1900 and resigned in 1905 when he was succeeded by the Rev. T. B. Wait, who died in 1906. The Rev. H. Gibbins was appointed in 1906 and resigned in 1907; the Rev. Dr. Parrock was then appointed, but resigned in 1919, following what was understood to be a difference of opinion as to the internal administration, and finally the Rev. Dr. Bedford-Jones has resigned on somewhat similar grounds.

Prior to coming to Lennoxville as principal of the University, the Rev. Dr. Bedford-Jones resided in Brockville, Ont. The energy and activity he has shown in connection with college work is emphasized by the fact that in addition to his arduous duties he has travelled some thirteen thousand miles in the interests of the corporation inside of two years.

Reference to last year's report submitted at the closing term, shows that the Rev. Dr. Bedford-Jones nursed along the scheme for a separate building for the girl students, and an analysis of his report provides many instances of the interest he displayed in the students' welfare.

With regard to the dinner at the capacity of the hall is limited, those desiring to attend are asked to communicate with W. M. Hillhouse, secretary, as soon as possible.

'The SNOWSHOE TRAIL'

By Edison Marshall

BEGIN HERE TODAY

Bill Bronson is guiding Virginia Tremont in her search in the Clearwater of northern Canada for her fiancé, Harold Lounsbury, who disappeared there six years previously. Her fiancé's uncle, Kenly Lounsbury, and a cook, Vesper, complete the party. Bill hopes to take advantage of the trip to seek further for the lost mine of his father, who was murdered by a traitorous partner. Bill saves Virginia from drowning in the cold flood waters of Grizzly River.

GO ON WITH THE STORY

They forced their way through the evergreen thickets of the river bank, wading down the stream towards the ford. He broke through the brushy barriers with the might of his body; he made a trail for her in the snow. The darkness deepened around them. The snow fell ever heavier.

But they conquered at last. Partly by the feel under his feet, partly by his woodsman's instinct, Bill kept the snow trail that led from the ford to the cabin. And the man was swaying, drunkenly, when he reached the door.

"There are blankets in there, plenty of 'em," he told her. "It's my main supply cabin. Spread some of them out and take off your wet clothing and get under the covers. I'll build a fire as fast as I can."

She turned to obey. She heard him take down an ax that had been left hanging on the cabin walls and heard his step in the snow as he began to cut into kindling some of the pieces of cordwood that were heaped outside the door. She undressed quickly, then lay shivering between the warm, heavy blankets.

In a moment the man faltered in, his arms heavy with wood. Then a match gleamed in the gloom. She watched him feed the fire with strange, heavy motions.

She dozed off, then awakened to find him sitting on the edge of her bed, holding a cup of some steaming liquid. He put his left arm behind her and lifted her up, then fed her spoonfuls of the hot liquid. She

didn't know what it was, other than it contained whisky.

"Take some of it yourself," she told him at last.

He shook his head and smiled—a wistful yet manly smile that almost brought tears to her eyes.

In the stress of that first hour after the disaster of the river, Lounsbury and Vesper had a chance to test the steel of which they were made.

For the first few seconds Lounsbury sat upon his horse and simply stared in mute horror. Then he half-climbed, half-fell from the saddle, and followed by Vesper, started running down the river bank.

Teeth People Show

and teeth they don't—the difference lies in a new way to combat film

A new method of cleaning has brought prettier teeth to millions. Also cleaner, safer teeth.

You see the results wherever you look. Teeth now glisten which before were dim. They show in smiles now where folks once concealed them.

This is to tell you the reason, then to urge that you make a free test.

They remove the film

These millions have gained whiter teeth by simply combating film in this new way.

Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. The ordinary tooth paste does not effectively combat it. The tooth brush, therefore, has left much of it intact.

Film absorbs stains, making the teeth look dingy. Film is the basis of tartar. That is why teeth become cloudy and discolored. And some teeth—like smokers' teeth—become badly stained.

Film holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay.

Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film. Those troubles have been constantly increasing for lack of a proper film combatant.

Many people are troubled with heartburn who really do not realize just what it is.

In cases of this trouble there is a gnawing and burning pain in the stomach attended by disturbed appetite. It is generally caused by great acidity of the stomach, and when too much food is taken, it is liable to ferment, and becomes extremely sour, causing heartburn. In such cases vomiting often occurs, and what is thrown up is sour and sometimes bitter.

The one way to get rid of heartburn is to keep your liver active by using

MILBURN'S LAXA-LIVER PILLS

and you will have no heartburn or other liver trouble such as constipation, jaundice, water brash, floating specks before the eyes, coated tongue, foul breath, etc.

Miss Agnes Cutting, Shallow Lake, Ont., writes:—"I have had heartburn for a long time. There were gnawing and burning pains in my stomach, and then when I vomited there was a sour and bitter taste. I used two boxes of Milburn's Laxa-Liver Pills, and they have cleared me of my heartburn. I don't think they can be beaten by any other medicine."

Business meeting of the Catholic Women's League, Tues. evening, March 28th, at 8 o'clock in St. Patrick's Church Hall. All members requested to attend.

MUNICIPAL WORK GOING AHEAD.

With the return of fine weather, building operations are being carried out on an increased scale throughout the City. The work on the foundations of the new city offices was delayed owing to the rain, sleet and snow, but it is now progressing favorably.

Another important piece of work is the levelling which is being done on King Street West above the Montcalm bridge. The work is presenting many difficulties owing to the rocky nature of the ground.

BULLET HAS BEEN EXTRACTED.

Reports received from the Sherbrooke Hospital this morning state that Emile Martel, the seventeen-year-old lad who was shot three times by Sullivan, is progressing very favorably.

The bullet, which was located in his chest, has been extracted, but it is not likely that an effort will be made to remove the bullet believed to be still embedded in his hip, as he is not suffering any trouble from same. His temperature has been a little abnormal for the past couple of days, but his general condition is reported as being favorable.

"BROMPTON NEWS" SUSPENDS PUBLICATION.

The "Brompton News," the official organ of the Brompton Pulp and Paper Company, has suspended publication indefinitely. With the last issue published on March 21st, the following announcement is made:—"The Directors of our Company have decided to discontinue the Brompton News. This is the last issue for the present; we hope to resume our paper in the near future."

The "Brompton News," edited by Mr. Stewart W. Osborne, was an inter-department newspaper published twice a month with a view to cementing friendship and better understanding among the Company's employees. It was a bilingual paper and a series of technical articles relative to the manufacture of paper proved highly instructive.

MEETING OF BOYS' WORK ADVISORY BOARD.

On Saturday evening the representatives of the Boys' Work Advisory Board held a meeting at the Y. M. C. A. to appoint officers and to consider a programme for the near future. Only two officers were elected for the Council, Mr. E. G. Pierce being nominated chairman, and Mr. W. P. McVie, secretary.

In considering the programme it was the unanimous decision of those present to have a Tuxis convalesce with an out-of-town speaker, if possible, Mr. Brown, of Westmount Y.M.C.A., to be held towards the end of April. According to reports received, Tuxis work is becoming a very important part of city church work, and the expectations are that it will increase continually.

ROTARY CLUB MEETING.

The interesting facts of modern telephone system and highlights on the telephone rate case will be the subject of an address to be given before the Rotary Club tomorrow evening by Mr. Norwood M. Lash, Chief Engineer of the Bell Telephone Company.

Mr. Lash, in connection with the late Jas. A. Baylis, came to Montreal, from Toronto, in 1895, when the engineering department of the Bell Telephone Company was formed. He was appointed assistant chief engineer in 1900 and chief engineer in 1914, and is recognized as one of the most competent electrical engineers in the Dominion.

staff, Mr. J. E. Choquette, local manager, has invited the members of the Rotary Club to visit the central office at the close of the meeting.

Employees of the different departments will be on hand to show the members through the exchanges and to explain the essential mechanisms used in the operation of the switchboard, including the functions of the various pieces of apparatus in the rackroom.

Sherbrooke possesses one of the most modern exchanges of the continent, for which it is largely indebted to Mr. Lash, its designer, who is also the man responsible for the local modern installation.

A number of invitations are being sent out to prominent citizens and it is expected that a large meeting will welcome Mr. Lash who will be accompanied by Mr. F. N. Simpson, Distribution Engineer.

PRINCESS REBEKAH LODGE HAD GOOD MEETING.

The Princess Rebekah Lodge held a very interesting meeting on Friday evening in their lodge room. An entertaining programme had been arranged by the committee in charge and consisted of a song by Miss Hardcastle, readings by Mrs. Duncan and Mrs. Pearson, a piano duet by Mrs. Hogg and Mrs. Wilson. The Rev. Alfred Bright gave an exceptionally interesting address on "The Ideals of Odd Fellowship." An interesting feature of the evening was the presentation of jewels to Mrs. George MacLennan and Mrs. H. Spencer. Refreshments were served towards the end of the evening.

PRICE OF TEA HIGHEST IN YEARS.

During 1920 so much more tea was produced than was required throughout the world that the market dropped to a comparatively low point. So serious was the position of the growers in India, Ceylon and Java that they agreed to produce 20 per cent less tea during 1921. The result was that less tea was produced than was required, and now all surplus stocks have pretty well been exhausted to fill the deficiency. Prices in the last four months have steadily advanced, until the market today is at a level as high as ever before reached even during the war years.

ST. ANDREW'S CHURCH SCHOOL.

St. Andrew's Church School held an open session yesterday afternoon, when the Canadian Girls in Training conducted the entire service. Miss Audrey Logie presided over the School with an attendance of 284 pupils and many parents and friends of the children present. A trio consisting of Miss Dorcen Stewart, Miss Peggy Imrie and Miss H. Robertson sang, and Miss Annie Dick and Miss G. Imrie gave selections. Twelve girls reviewed the lessons of the past quarter, each girl taking one lesson and speaking on some phase of the lesson.

The Home Department of the Church School was thoroughly organized. Three weeks ago fifty-two ladies of the congregation began a canvass of the entire congregation with the object of having the Scriptures read daily in each of the four hundred homes connected with St. Andrew's. The report of the canvass was made on Sunday with the result that some five hundred individuals in the congregation have pledged themselves to the daily reading of the Scriptures. All reports were not made owing to the bad condition of the roads outside the city limits.

RESULTS IN SENIOR Y.M.C.A. HEXATHLON.

Reports to hand indicate that seventy-four Y.M.C.A.'s on the continent entered for the Hexathlon, with 3,937 entries, divided up into three classes. Class A included all Y.M.C.A.'s with over a thousand members; Class B, Y.M.C.A.'s with over five hundred members, and Class C, those with under five hundred members. Class A championship was won by Toronto West End Branch with a score of 5,207 points. Class B was won by Fort Wayne, Indiana, by 4,080 points. Class C, St. John, N.B., by 2,884 points. Sherbrooke coming twentieth on the list with a score of 2,293.

In the single event championships Canada only took the 100 yard pot race with a time of 40.4 seconds.

The highest individual score was taken by J. P. Macdonald, of Toronto Central, with a score of 546. Stewart Macdonald, Sherbrooke, came twentieth on the list with a score of 448.

During the present week the Jr. Hexathlon is being run off in which there is considerable interest, and which about seventy entries have been received.

CHORAL SERVICE AT METHODIST CHURCH.

A special choral service was held last evening. Mrs. H. E. Pawson sang "Just as I Am." The large choir sang several anthems, the last of these being "Let God Arise." The Rev. B. B. Brown, the pastor, took as the subject of his sermon, "The Pre-requisites of Receptive Singing," and took as his text, "Teaching and admonishing one another in psalms and hymns and spiritual songs, singing with grace in your hearts to the Lord." Mr. Brown said that the world owes a debt that can never be fully repaid to its singers and musicians, and that hymns were of great value, both in national and religious life. Although the first essential for good singing was natural ability and training, the singer must also have deep feeling to sing with grace in the heart. Mr. Brown said that there should be more place in the home life of these modern days for singing and music. He closed his remarks by saying that there was no place in heaven for preaching, but that there was singing there.

LENOXVILLE

DEATH OF MRS. A. A. PARKER.

The community was shocked and saddened by the unexpected death on Saturday afternoon of Mrs. A. A. Parker, Warren Street. Although Mrs. Parker had been suffering from an attack of grippe for some days, no serious consequences were anticipated, but a sudden attack of heart weakness complicated her illness and hastened her end.

Her family and friends have the sincere sympathy of all in their great loss.

Mr. Robert McFadden's Eighty-Second Birthday.

A pioneer resident of Lennoxville and vicinity in the person of Mr. Robert McFadden reached a point not often attained by human beings, when on Saturday evening he celebrated the eighty-second anniversary of his birthday. A family reunion at which the three children of Mr. and Mrs. McFadden were present marked the occasion. Mr. and Mrs. F. A. Johnstone, of Ayer's Cliff; Mr. G. S. McFadden and Mrs. (Rev.) Roy Stafford, of Montreal, were the guests, thus brought together under the family roof-tree.

Mr. Robert McFadden is one of the men who have left their impression upon the life of the community, and have helped to lay the foundation upon which that life is built. His experience dates back to almost pioneer days when this part of the country was new, and when homes and fields had to be wrested from the primeval forest. By nature and training he was fitted to cope with these tasks, and did so successfully. The cause of education in the rural communities was one always dear to his heart, and he accomplished much in this direction by faithfulness in the discharge of his duties in the capacity of chairman of the Board of School Commissioners for many years. Recently he has spent the eventide of his life in Lennoxville, where the many friends he has made join in wishing him many more happy years of life.

General Notes.

Mr. C. A. Nodding has gone to Boston, Mass., on a visit to his two sons, Mr. Leonard J. Nodding and Mrs. Fred M. Nodding.

Young People's Corner

UNCLE JIM'S LETTER

Dear Corner Children:—

This is our first Corner meeting in the spring of 1922, and it is a jolly family meeting, indeed. We are very glad to welcome our tall niece, Gladys, and hope she will write again. That is one of the nicest things about our Corner, there's always room for nieces and nephews big and little, from 'teen-agers to babies, who have to get stage or brother to write for them. Sometimes grown ups write, also to Uncle Jim, and nearly always tell him they enjoy seeing the children have such a good time in their own Corner. The club is growing nicely, and we shall soon have a circle of boys and girls that will look after the interests of the birds in this province, and I hope to receive names of members from far away places. I am sure many will want to take up the good work of looking after their birds, as we are going to do.

A Sherbrooke girl thinks the boys are cruel. Well, nephews, we will have to endure her criticisms, but will the critic please note what a nice list of boys' names have been sent in as members of the club? I feel sure that the bad boy with the air rifle and catapult is going to have a rather hard time of it this summer. If any of them are brought before the Corner tribunal, we will try to show them that there is plenty of fun to be found in the big outdoors, without hurting the birds.

When the club reaches fifty in number we will see about a badge of some kind, and will have one that

is worthy of what it represents.

During the next few weeks we will watch the birds come back to us, and we must study their habits and try to understand more about them. Did you ever think what a wonderful thing it is for them to know just when to come back? They sometimes get a little ahead of the warm weather, because our spring season is so erratic, but they never fall us, do they? What would our fair Canada be without them?

I received one letter this week that I could not use because the writer's name was not written plainly enough. If Mansell—will write again, and write his full name more plainly, I will be glad to have the letter on the table.

Uncle Jim was out in the country one day this week and he had some new maple sugar on snow, and he hopes all the Corner folk will be able to go to a sugaring off, or have maple wax at home.

We will soon be looking for the first spring flowers, which follow the pretty pussy willows, and with the return of the birds, every one will be happy.

When writing please tell me all about your spring frolics, and your plans for a garden, and out door games this summer. I think the best gardeners are getting their seeds planted and their garden plots planned, so they will be ready for the big competitions among the boys and girls who try for prizes at the School Fairs. Until next week, best wishes from

UNCLE JIM.

THE CHILDREN'S FLOWER.

The schoolroom was bright and gay with vases of dandelions before each of the windows. You see, some of the children had been on a picnic the day before, and they had gathered whole armfuls of dandelions with which to decorate the schoolroom. Miss Adams, who was the teacher, had been presented with an especially lovely bouquet for her own desk, and then the children had busied themselves placing the little yellow flowers around the schoolroom. When they had finished, Miss Adams said: "Now, children, who would like to know the story of the dandelions?"

"We would. Do tell us, please," they answered in a chorus.

"Well, you see, it was this way," began Miss Adams. The Orchid was once giving a party, to which all of the other flowers were invited. At the close of the festivities it was proposed that each guest should choose where he would like to live and then build his own little nook in his chosen surroundings.

"Beautiful Rose," asked the hostess, "where would you like to be?"

"Oh," answered the Rose, "I would like to be on a lovely bush standing out in a beautiful garden, showing my head among the green so that all may see me and admire me, and perhaps sometime I may be made a gift to someone dear."

"I choose a garden bed for my home," said the Tulip, "where I can show my lovely head amongst the green and be admired by all the passers-by."

"I, too, choose a garden," said the Pansy, "I would like to live in beautiful clusters, where every one who comes and goes may see me and love me, and say: Just look at these darling little pansy faces. We must take some home with us."

"And little Violet where would you like to live?" the Orchid asked.

"I, too, would like to be admired," the Violet replied; "but if I may, I would like to live in a nice shady corner, half hidden down amongst the grass, so that those who want me will search for me until they have whole clusters. Then they can see my beautiful violet faces, and they will think, 'Whoever would have thought that modest little Violet was so fragrant and beautiful! What a welcome gift she is!'"

"And the Lily of the Valley chimed in, 'A nice shady spot I would like, too, where my dainty little white cups may catch the morning's dew.'"

"The Hollyhock said, 'For me, I would like to stand in stately grace, against the garden wall, so that all who come and go may see how beautiful I am.'"

"I would like," said the Morning-glory, "to climb over my lady's porch, and make a pleasant shade inside, while every morning I show my bright blossoms to be admired by the passers-by."

"We said the Daisy, the Buttercup, and the Clover, 'would dance in the open meadow, where we can away with the wind, while making the country beautiful.'"

"But when the little Yellow Dandelion's turn came, it only said, 'Gracious Orchid, whether in the garden, in the open meadow, or in the city alley I care not, so long as I am where the children are. I, too, want to be loved and used as loving gifts, but I want to be always with the children. So just let me run wild wherever the children play, wherever they'll see me, wherever they can find me.'"

"And so it was that the Rose, Tulip, the Pansy, and the Hollyhock were given their chosen places in beautiful gardens; the Violet and the Lily of the Valley their shady nooks; the Morning-glory her lady's porch; and the Daisy, the Buttercup, and the Clover their open meadow; the little Yellow Dandelion grows wherever the children play—in the garden, in the meadow, and even in the city streets, and in cobble alleys, pushing its bright yellow head up from between the stones."

"Oh," exclaimed the children, "then no wonder we all love the little Yellow Dandelion so much. Why it's our very own flower!"

PROTECTION.

Good news comes from England that a bill has passed the two Houses of Parliament prohibiting both the shooting of live pigeons as targets and rabbit coursing.

Our school ends June 15th, and I will be glad when summer comes, so I can go on picnics. I would like to join your Bird Protection Club as lots of boys go out with guns and shoot the little birds just for sport. I am sending some riddles. Wishing your club every success I will close. Sincerely yours, "A SHERBROOKE GIRL,"

Dear Uncle Jim:

This is my first letter to your page. I am a girl ten years old. I have a baby brother two years old. We live on a farm and we have a car. We have no school now, but I am learning music. I go out a lot and slide. I will be glad when summer comes. My sister is writing, too. Your niece, MARION M. McLEOD, Frontenac Co.

Dear Uncle Jim:

This is my first letter to your page. I am a girl twelve years old. I like to read the letters. We go to

Puzzle Corner

Answers to last week's riddles. Mabel Paige sent the answers to Dorothy's riddles, all but one were correct.

This week's riddles. From Gladys. 1 Why is a bald head like heaven? 2 Why are pigs and trees alike? 3 Sky high, let low, cut grass and can't mow. 4 As I went along London Bridge I met a man without feet or hands. I cut off his head and sucked the blood and let the body stand.

From Arthur. 1 What is the shortest bridge in the world? 2 What did the goat do when the little girl teased him?

From James. 1 Why is a dog's tail like the heart of a tree? 2 From a "Sherbrooke Girl." 1 What is it that goes through the water and doesn't touch the water? 2 As I was going across the bridge I saw a ship with a hundred people on it and yet there was not a single person?

From Uncle Jim. 1 Why does summer go so quickly? 2 What key is hardest to turn?

A SPRING SONG.

Two frogs fell into a milk-pail deep, And one poor frog did nothing but weep, He sank to the bottom as heavy as lead, And there in the morning they found him dead. Croak, croak.

The other frog shouted, "I'll have a good try The trail may be deep but I don't wish to die." He churned up the milk with his hind legs fore and hind,— There's nothing like having a masterful mind; For when the next morning this froggy was found, On a pat of fresh butter he floated around. Croak, croak.

IN SPRING. The rain is raining all around, It falls on field and tree, It rains on the umbrellas here, And on the ships at sea.

THE STAGE AND SCREEN

The Offering for Your Amusement This Week.

At the Casino Theatre

Today and tomorrow the attraction will be "One Glorious Day" with Will Rogers and Lila Lee. The story is based on the actions of a meek and shy professor, who, when the spirit of "EK" enters his body, goes through many unexpected antics, during which he shocks the entire town by his changed self, whips several scheming politicians, who are trying to threaten him, gets slightly intoxicated, and saves the heroine from a difficult position. The picture should prove to be a very entertaining comedy.

Wednesday and Thursday, the attraction will be "Poverty of Riches" This is the story of a man who, making a success in business, made a failure of his life and his home, while the friend of his youth, although remaining a poorly paid clerk, had won happiness. The cast is headed by Beatrice Joy.

On Friday and Saturday, the feature will be "No Woman Knows," a screen version of the novel "Fanny Herself" by Edna Ferber. Mabel Julienne Scott heads the cast and is supported by many other well known actors, including Earl Schenck, Stuart Holmes, Grace Marvin and many others.

At the Premier Theatre

"Sky High," the Fox picture starring Tom Mix will be the attraction today and tomorrow. This picture shows Mix as an immigration officer near the Mexican border, whose business takes him to the Grand Canyon of Arizona to break up a gang of smugglers who are sneaking Chinese into California.

On Wednesday and Thursday, Alice Calhoun appears in "The Matrimonial Web." This is the story of the adventures of a young girl who seeks to capture a band of smugglers and save for her father his position as chief revenue officer. The girl runs in to many strange adventures, and the role required of Miss Calhoun great strength and ability.

An added attraction for these two days will be pictures showing the Battle of Jutland. These are the authentic pictures and describe in thrilling detail the work of our navy in this great battle.

On Thursday only, Miss Violet MacMillan, star of the "Mystery Mind" serial, will make a personal appearance at this theatre.

On Friday and Saturday, Shirley Mason will be the star in a Fox photoplay entitled "Queenie." Miss Mason is always a bright and entertaining actress and in "Queenie" she portrays the character of a girl raised as the "all-round" maid and drudge of a young ladies' seminary.

At His Majesty's Theatre.

On Thursday only, Pauline Stark will appear in "The Forgotten Woman." This photoplay is described

Representations at 2.30, 7.00 and 8.45.

CASINO

Now Showing—A Sunburst of Joy! Popular Will Rogers and Charming Lila Lee in

"One Glorious Day"

A love story built on a rousing new idea. He was a bashful bachelor, but one day became a dare-devil. Then cabaret cuties, bar-room brawlers, city grafters, etc., etc.

YOU SIMPLY MUST SEE IT!

Special Added Attraction: Nance O'Neil and Tyrone Power in "THE MAD WOMAN." "TABLE STEAKS" A Roaring Century Comedy.

Wednesday and Thursday: Happiness—what is it? Does money bring happiness? Does success bring contentment? See your answer in one of the greatest dramas ever screened: "THE POVERTY OF RICHES" Another great Goldwyn Special, to follow "The Old Nest" and "Dangerous Curve Ahead."

as an epic of the South, depicting the lives of a set of Americans very little heard of or pictured to date. These people are said to live in river chancies and travel from place to place very much like the gypsies of Europe.

In addition to the photoplay, Miss Violet MacMillan will make a personal appearance at this theatre. Miss MacMillan is the star of "The Mystery Mind."

On Saturday, the well known Boston English Opera Company will present "The Bohemian Girl." Music lovers will be glad of the opportunity to hear this famous comic opera sung in Sherbrooke.

The Bohemian Girl is without doubt the world's most popular comic opera. Its famous ballads are known and loved the world over. To hear Helena Morrill, the soprano sing "I Dreamt I Dwelt in Marble Halls," is alone worth the price of admission and Norman Arnold's glorious tenor in "Then You'll Remember Me" and the "Fair Land of Poland," as well as Dorothy Bott in "Bliss Forever Past" and Henry Kungs, in "The Heart Bowed Down" should not be missed.

On top of this festival of melody comes the deep resonant voice and boisterous antics of Edward Orchard as "Devilshot," chief of the gypsies, as a source of amusement.

DEATHS REPORTED

MR. I. W. WHITCOMB, HATLEY, QUE., March 27. Shortly before midnight on Wednesday, March 15th, Mr. Ira Wesley Whitcomb, of "Hilcrest," passed away at the Sherbrooke Hospital, following an operation on the previous Saturday. The late Mr. Whitcomb had been a lifelong resident of this community, having been born on December 10th, 1846, the third son of the late Joseph Whitcomb, on the home farm in West Compton. In early life Mr. Whitcomb qualified in dairy work, making a specialty of the manufacture of cheese, and for a time was engaged in the old factory near this village, on the Compton Road which at that time was owned and operated by the late Dr. F. D. Gilbert; and later on in the northern part of the town in the vicinity of what was then known as Buttertut Flat. During the seventies Mr. Whitcomb's marriage to Ellen R. Bachelder, eldest daughter of the late M. J. Bachelder, of "View Farm," took place, and a long afterwards he decided to take up the work of general agriculture and purchased the adjoining Woodward and Fletcher farms, the former in Hatley and the latter across the Compton line. Here their family of three sons were born. Mr. H. B. Whitcomb, general merchant of this place; Mr. R. R. Whitcomb, of the staff of J. S. Mitchell & Co., Sherbrooke, and Mr. C. G. Whitcomb, of "Hilcrest," and where Mr. Whitcomb, never in robust health, had lived a quiet, retired life, with his interests chiefly centered in his home and family and the duties which came with each successive day.

Mr. Whitcomb was the last surviving member of his father's family, the only other, a brother, Mr. Zerah Whitcomb, having predeceased him on January last.

The funeral service was held at St. James' Church on the following Saturday afternoon and was conducted by the Rector, Rev. I. N. Kerr. Appropriate hymns were rendered by the choir, with Mrs. G. M. Hill as organist. Many flowers were sent by the relatives and friends by the Guild of St. James' of which Mrs. Whitcomb has been the president for a number of years. At the close

of the service interment was made in the family lot in the adjoining cemetery.

PLAN A DOMINION BOXING COMMISSION
TORONTO, March 27.—The Ontario Athletic Commission has taken steps to form a Dominion Association of Commissioners who are in control of professional boxing in the several provinces. The Ontario body yesterday wrote to the Manitoba and Montreal Commissions with a view to the co-operation and affiliation of all controlling bodies on this side of the border. The Ontario Commission is already in affiliation with the National Association of the United States.

This affiliation makes the ruling of the Ontario Commission recognized in all of the twenty states enrolled in the National body and with a united Canada joined with them, as a nation boxing would be under close supervision from coast to coast and from north to south.

BASEBALL

WHITE SOX BEAT GIANTS
NEW YORK, March 27.—Chicago, which would rather beat New York at baseball than in population, had a measure of satisfaction at Dallas, Texas, yesterday, when in an exhibition game with the Giants, the White Sox punched the ninth inning offerings of Pitcher Barnes hard and won 8 to 7.

While the Chicagoans were outdoing the Giants, the other New York Clubs, Brooklyn and the Yankees, were engaged in a contest over in New Orleans. The Brooklyn boys won by 8 to 5, due to the excellent hurling of "Dazzy" Vance, a former Yankee. Ruth, suffered a slight injury to his side while at bat in the third inning and retired from the game in the fifth.

LACROSSE

IMPORTANT MEETING ON WEDNESDAY

An important meeting of the East Sherbrooke Lacrosse Club is called for Wednesday evening next at the Queen's Hotel at 8 o'clock sharp. Lacrosse fans are much interested in the proposition to get at least two teams organized in Sherbrooke East, and if this can be successfully arranged a series of games will probably be played with outside teams. It is expected that the meeting on Wednesday will decide the policy to be taken by lacrosse officers during the course of the season, and a full turn out of members, players and fans is requested.

LARGE NUMBER OF DIAMONDS WERE SEIZED

Wholesale Value of Diamonds Ranges Between \$85,000 and \$110,000—Officials Make an Arrest.

(Associated Press Despatch.)
NEW YORK, March 27.—Diamonds whose wholesale value was estimated between \$85,000 and \$110,000 were seized yesterday by customs officials. Francisco Chamie, forty years old, a rubber dealer of Para, Brazil, alleged to have illegally imported the gems, was arrested while trying to dispose of them in a West 23rd Street jewelry shop. When arrested Chamie is said to have had in his possession eight envelopes, a knotted handkerchief, and a hat band filled with pockets containing diamonds. Twenty-five of the stones ranged in size from two to twelve karats, eight of the stones weighed more than eight karats. Most of the gems were unset, but fifteen were set in platinum rings of elaborate designs.

GAVE EVIDENCE REGARDING THE DEUTSCHLAND

Horatio Bottomley Stated He Discovered that Deutschland Had Torpedoes.

(Associated Press Despatch.)
LONDON, March 27.—In coming with the charge against Horatio Bottomley, M. P., former editor of John Bull, that he took fifteen thousand pounds from an account of which he was trustee order to purchase the former German submarine Deutschland, the assistant director of Naval Contracts, was examined in court Friday on the subject of the Deutschland. He said the exhibition of the submarine had resulted in a loss of £3,720 and its dismantling by the direction of the Admiralty had cost £5,000. Bottomley asserted that he had discovered that the Deutschland contained torpedoes, the Admiralty being unaware of this when they sold the vessel. He said dependents of victims of the explosion from the torpedoes on the Deutschland last September were suing him for compensation.

ABBE DELORME COMMITTED TO STAND TRIAL

Counsel for Accused Renewed Argument that Father Delorme Was Not in Fit Mental State to Stand Trial.

(Associated Press Despatch.)
MONTREAL, March 27.—Rev. Adelard Delorme was this afternoon committed to trial on the charge of murdering his half-brother, Raoul, on January 6th, by Judge Cusson in the Police Court. The Abbe was committed after he had appeared for voluntary statement and had been asked to make a plea to the murder charge. Gustav Monel, K.C., counsel for Father Delorme, renewed his suggestion that the accused was not in a fit mental condition to understand a trial, and contended the judge had no right, therefore, to proceed with the case until the question of the Abbe's sanity had been settled. The accused himself made no statement. The case will be brought before the grand jury at the June session of the Court of King's Bench here.

NEW YORK PRESS MARKET COMMENT

Furnished by McManamy & Walsh

Times—The low money rate was a matter of importance, not alone because of its prospective influence on trade conditions, but because of its immediate influence on investment markets. Wall Street Journal—Occasional flurries in call money rates no longer disturb Wall Street. Journal of Commerce—The key to financial conditions in this market continues to be found in connection with foreign trade. It has become clearer than ever that until foreign demand revives we shall not have full operation of American plants or a full operation of American raw materials. Wall Street Journal will say today—Oil security prices irregular during past week. American Smelting earns \$3.18 on preferred stock. Annual report for the year 1921 shows deficit of \$957,058. Norfolk and Western made \$7.50 on common in 1921, compares with \$5.53 a share in previous year.

Consolidated Textile Northern mills ate up profits. Annual report for the year 1921 shows deficit of \$957,058. Norfolk and Western made \$7.50 on common in 1921, compares with \$5.53 a share in previous year.

IN THE WORLD OF FINANCE

Furnished by Johnston & Ward

Idle ears March 15th, totalled \$91,797 against \$98,982 March 8th, decrease 7,185. American Smelters year ended December 31st, 1921, earned \$3.18 a share on preferred stock against \$4.02 on common in 1920.

Norfolk and Western for year ended December 31st, 1921, earned \$7.50 on common against \$9.50 in 1920.

Workers in seven Lawrence textile mills numbering 15,000 vote to strike against wage reduction of 20 p.c.

Non union miners have not yet accepted invitation of U. M. W. to join strike.

Italy to cut 5 1-2 p.c. interest paid banks of issue of treasury bonds to 5 p.c.

Associated Press despatch says now believed in Mexico City Secretary of Treasury Huerta will not go to New York to confer with bankers on Mexican financial problems.

WHEAT AVERAGED LOWER ON THE CHICAGO BOARD

(Associated Press Despatch.)

CHICAGO, March 27.—Wheat averaged lower in price today during the early transactions, being affected by a decided setback of values at Liverpool. Besides, bears contended that selling was in order, until the foreign demand for wheat becomes more urgent or until there is more ground for apprehension as to the growing domestic crop support on the declines in prices came chiefly from shorts taking profits. The opening, which was unchanged to 1/2 cent lower, with May at \$1.30 to \$1.30 1/2, and July \$1.15 1/2 to \$1.16, was followed by downturns all around, although interrupted by transient rallies.

Corn and oats were easy with wheat. After opening 1/2 off to 1/4 cent higher, with May at 53 to 53 1/2 cents, the corn market underwent a moderate general fall.

Oats started at 1/2 cent decline to a shade advance, with July at 38 1/2 to 38 3/4 cents, and held near to initial figures.

Lower quotations on hogs tended to weaken provisions.

FAIRLY ACTIVE SESSION ON MONTREAL EXCHANGE

(Associated Press Despatch.)

MONTREAL, March 27.—The market was fairly active during the first half hour this morning, but no startling variation in price quotations occurred.

Brazilian appeared a quarter stronger at 36 1/2, while Consolidated Smelters sold at 20, a half above Saturday's close, as did also Riduron at 6 1/2.

Steel of Canada was traded in at 64 1/2, after closing at 65 1/2.

Other leaders were unchanged. Steel Company of Canada was the feature of activity in the forenoon session of the stock exchange today.

This was due in a large way to the appearance of the annual financial statement of the company which had long been looked forward to. The stock sold 64 to 64 1/2, which represented a decline from Saturday. Price Brokers at 27 and Montreal Power at 88 were each active stocks. Peter Lyall Construction Company sold off to 30 and was attracting some attention by reason of anticipation that the dividend may be entirely discontinued. Riduron was a feature of strength. The common stock improved to 7 and the preferred to 13. On the unlisted, the new stock was the strong feature, showing an advance, the common selling at 125 and the preferred at 15.

MUCH LIQUOR DUMPED INTO RIVER.

CHICAGO, March 27.—Federal agents on Saturday dumped 350,000 gallons of wine, beer and whiskey into the Chicago River.

OFFERS DANCE AS NEW UTILITY FOR HIS CHURCH

Six Barefooted Girls, Clothed in Loose Flowing Garments of Another Age, Dance in New York Church.

(Associated Press Despatch.) NEW YORK, Mar. 27.—Six barefooted girls, clothed in the loose flowing garments of another age, danced before the veiled sanctuary in the Church of St. Marks, in the Bowery yesterday afternoon, while spotlights played upon them and blue smoke from huge incense pots curled about their graceful forms.

Dr. William Norman Guthrie, rector, described the dance as "an eurythmic ritual expressive of the annunciation." He had been faced, said, with the necessity of finding a new utility for his church, or closing it. Therefore, the dance—"a thing of beauty"—as a new means of teaching people to worship.

"Sculptors of Greece brought about a revival of the Greek religion by embodying the aspirations of the religion in their work and giving it great beauty," he said, "so why cannot a church like this, if it gets the backing of public opinion, bring about a renaissance of religious worship through beauty, through the plastic arts, through the dance. If we cannot make the dance a pathway to heaven, it will be a pathway to hell."

"That is my ideal, and I am trying to realize it."

REASON FOR A REDUCTION IN EXPENDITURES

Have Pretty Well Caught Up with Needed Construction, States President Hanna.

(Associated Press Despatch.) TORONTO, Mar. 27.—"The reason that a substantial reduction will be possible in railway expenditures this year," stated President D. B. Hanna, of the Canadian National Railways, "is because last year, and in general since the war, we have pretty well caught up with our needed construction. Therefore, this year there will be a possibility of less expenditure both for construction and improvement programme."

SENT BACK TO CANADA FOR A FOURTH TIME

Miss Hebert Says She Is Cured of Her Affection for William Linser.

(Associated Press Despatch.) PHILADELPHIA, Mar. 27.—Miss Beatrice Hebert, the Canadian stenographer, whose love for William Linser, manager of a Philadelphia tourist agency, caused her to enter the United States against the mandate of the authorities has been deported for the fourth time. She left Gloucester, N. J. immigration station in charge of the matron who will turn her over to the Canadian authorities at Windsor, Ont. From there, it was stated, she would be sent to her mother's home in Toronto. Before leaving Miss Hebert told Commissioner Hughes that she has been cured of her affection for Linser and that she would not attempt to return to the United States.

DIVINE SERVICE UNDER AUSPICES OF MASONS IS HELD IN JEWISH TEMPLE

Representatives from Lodges in Toronto, San Francisco and New York Were Present.

(Associated Press Despatch.) MONTREAL, March 27.—For the first time in the history of the craft in America, a divine service under the auspices of a Masonic Lodge was given in a Jewish place of worship, the function taking place yesterday when Corinthian Lodge, No. 62, A.F. and A.M. Q.R., assembled at the Temple Emanuel, Westmont.

Representatives from Lodges in Toronto, San Francisco and New York were present at the service and the occasion was marked by a Masonic emblem illuminated by electric lamps being placed on the pulpit in front of the reading desk.

Worshipful Brother Rabbi Merritt in the course of his address to the congregation spoke of the debt due by Masons to Israel from the time of the foundation of the Temple by Solomon, when Solomon and Hiram officiated as first grand masters.

Griffith, wire chief of the Maritime Telegraph and Telephone Company here, and his wife escaped from their burning home early yesterday morning. The dog, alarmed by the smoke, jumped on their bed and awakened them by his barking.

STEP TOWARD A SETTLEMENT IN NEAR EAST

Proposals Made by Allied Officials After Consideration of Near East Questions.

(Associated Press Despatch.) PARIS, March 27.—The retention by Turkey of Constantinople and a large part of Eastern Thrace, the demilitarization of the territories adjoining the Straits of Dardanelles, whether allotted to Turkey or Greece, and that an international commission shall attend to the upkeep of the Straits, are proposals made by the Allied Foreign Ministers after five days' consideration of the Near East questions.

The conclusions of Premier Poincaré, Marquis Curzon, the British Foreign Secretary, and Signor Schanzer, the Italian Foreign Minister, are believed to mark a step towards a settlement of a question which has been one of the roots of the unrest in the Old World. The amicable offer of mediation between Turkey and Greece removes the dilemma facing the French of either taking a hostile attitude towards Turkey or breaking with the Allies, and also removes the cloud created over Anglo-French relations by the Angora accord.

GREEKS ACCEPT PROPOSAL

(Associated Press Despatch.) PARIS, March 27.—The Greek Government has accepted the proposal made by the Allied Foreign Ministers last week for an armistice between Greece and the Turkish Nationalists.

WANT DURATION OF ARMISTICE REDUCED

(Associated Press Despatch.) CONSTANTINOPLE, March 27.—The Sublime Porte considers the armistice proposal of the Allied Foreign Ministers acceptable if the period of three months as the duration of the cessation of hostilities is reduced to one month.

RESIGNATION OF LEADER IS DEMANDED BY MINERS

President Baxter and His Associate Officers, However, Declined to Quit.

(Associated Press Despatch.) SYDNEY, N. S., Mar. 27.—The resignation of President Baxter and his supporters was demanded by a mass meeting of the miners of Glace Bay district yesterday. President Baxter and his associate officers have, however, declined to quit.

TENNIS

MRS. MALLORY AGAIN WON TITLE

(Associated Press Despatch.) BOSTON, March 27.—Mrs. Molla Mallory won her fifth National Woman's Indoor Tennis Championship on Saturday.

WANTS DATES CHANGED

(Associated Press Despatch.) MONTREAL, March 27.—In a letter from G. H. Meldrum, of Toronto, president of the Canadian Lawn Tennis Association, to E. H. Laframboise, Montreal member of the Canadian Davis Cup team last year, received Saturday, the president states that he is in communication with the United States Lawn Tennis Association with a view to having the schedule of the Canada-France preliminary games set for June 20th next in France changed. He points out that the date for these games gives the Canadian team no time to get into practice on this side, owing to climate conditions in the Dominion and that in consequence the team would have to meet the French contenders without fair practice. Accordingly he has notified the French Association that Canada cannot play on the date selected. In cases where two teams cannot agree on dates to play the rules set forth that they shall play in the country which holds the Davis Cup. This would mean that Canada would meet France in the United States on a date not earlier than July 29th, which would give ample time for getting into shape.

SPORTING NOTES

J. S. MORRISON WON CHESS TOURNEY

(Associated Press Despatch.) MONTREAL, March 27.—J. S. Morrison, of Toronto, won titular honors in the Canadian Amateur Chess Tournament played here all last week. Mr. Morrison drew with S. E. Gale, of Toronto, in the deciding game played between the two leaders on Saturday, and as a result Morrison gained the championship for the third time, being one game ahead of Gale on the week's play. The final standing was:

J. S. Morrison, Toronto, 8 1-2 games won; S. E. Gale, Toronto, 7 1-2; R. J. Spencer, Winnipeg, 7; A. W. MacArthur, Westmont, 2; M. Sim, Toronto, 5 1-2.

ST. PATS EVEN UP SERIES WITH WESTERN TEAM

Vancouver Played as Though "Stale," While St. Pats Played a Smart Game.

(Associated Press Despatch.) TORONTO, March 27.—St. Pats defeated Vancouver by 6 to 0 in the fourth game of the series for the Stanley Cup on Saturday night, making the tally two games each. Vancouver played as though stale, while the St. Pats put up one of the smartest games of the season. Gerard strengthened the team considerably, and under his coaching Stuart put in one of the best defensive games he has played with the Irish team.

Vancouver will not agree to allow Eddie Gerard to play in Tuesday night's Stanley Cup game and the locals will send Cameron and Randall back into action.

Manager O'Donoghue, offered Dunc Munro, of the Granites, five hundred dollars to finish the season, but the great defence man declined. St. Pats also agreed to give Munro \$3,200 for next year.

The locals tried to secure Harry Watson of the same team with no better results.

Gerard saved St. Pats, says the Globe this morning in its comment on Saturday's game. That was the opinion as expressed by the vast majority of the fans as they left the Arena. And, without taking away any credit from the local players, it must be admitted that the fans were not far astray. His presence and his cool, calculating judgment encouraged the local players, and they rose to the occasion with such effectiveness that the formidable champions from across the Rocky Mountains never had a chance to win. They could not get past the checking barricade laid down by the Irish, and the game was not half over before it must have been apparent to them that they would be beaten.

BASKETBALL

SEVERAL GAMES ON SATURDAY

Saturday was a big day in Basket Ball at the Y.M.C.A. and at Coaticook. In the afternoon a scratch Y.M.C.A. team played Westmont High School in a very good game. In the evening Y.M.C.A. Juniors met Business Boys. That game was followed by an Eastern Townships League game when Tuxis met the Y.M.C.A. defeating them 66 to 27. At Coaticook the Independents took the measure of the local group with a score of 84 to 19 in favor of the Independents.

Y.M.C.A. WON IN AFTERNOON In the first game, that between Westmont High School and the Y.M.C.A. while it was not very fast it was exceptionally close right through, the score at half time was 16 to 16, with Foster and Thompson for Westmont doing all the scoring on their side, but their guards, Smith and Dey, did very well stopping the rushes of Bryce and Smith, who did most of the scoring for the Y.M.C.A. In the second period, Sherbrooke just nosed out ahead through the splendid goal getting by R. Smith. In this period Westmont was only able to find the basket five times against Sherbrooke seven. No fouls on either side, making the final score 30 to 26 in favor of the Y.M.C.A.

The line-up:
Westmont—Foster, Thompson, Murphy, Smith, Dey, Reid, Soden. Y.M.C.A.—Bryce, E. Smith, R. Smith, Mitchell, Mitton and Taylor.

In the second game, some of the Junior "Y" players were not on the floor, and as the game is not to be considered one of the series it will not affect the standing of the two teams. This was an exceptionally fast game, with every player doing his best and the game fairly evenly contested although the score would seem to show differently. The Junior "Y" Boys could not get the combination and the play of the whole team was marred by Pearson's tendency to hold the ball too long. Cross showed up very well and got 11 out of the 22 points made. For the Business Boys, Harry Grime and Colby were the chief goal getters, but each player on the team did splendid work. The half time score was 11 to 22 in favor of Business Boys, but the final score was a little more even 31 to 22 in favor of the Business Boys.

The line-up:
Junior "Y"—Rowell, Pearson, Al-

TUXIS HAD EASY VICTORY

In the third game between Tuxis Boys and Y.M.C.A. it looked as if it would be a runaway. The Tuxis boys getting practically all the points in the first period, while McCaw was the only one of the Y.M.C.A. to get field basket. Hole again showed up as a good winner, making 12 of the points in the first half, Loughheed coming next with 8. The score at the end of the first half was 33 to 6 in favor of Tuxis Boys. In the second half the Y.M.C.A. did much better, McCaw getting 11 points, J. Grime getting nine, which gave a final score of 66 to 27. In this game the Y.M.C.A. should have done better, and if they are to do anything against Independents it means they must put in some more time at practice.

The line-up:
Tuxis:—Robertson, Loughheed, Hole, Macdonald, Green, Loomis, Bryce and Mitchell.

Y.M.C.A.—J. Grime, McCaw, Liddle, Joslin, Peak, Lloyd and Somers.

INDEPENDENTS DEFEATED COATICOOK

On Saturday afternoon the Independents travelled to Coaticook and put up a very good game against the local group. There were no exceptional features the Independents easily taking the points by a score of 84 to 19.

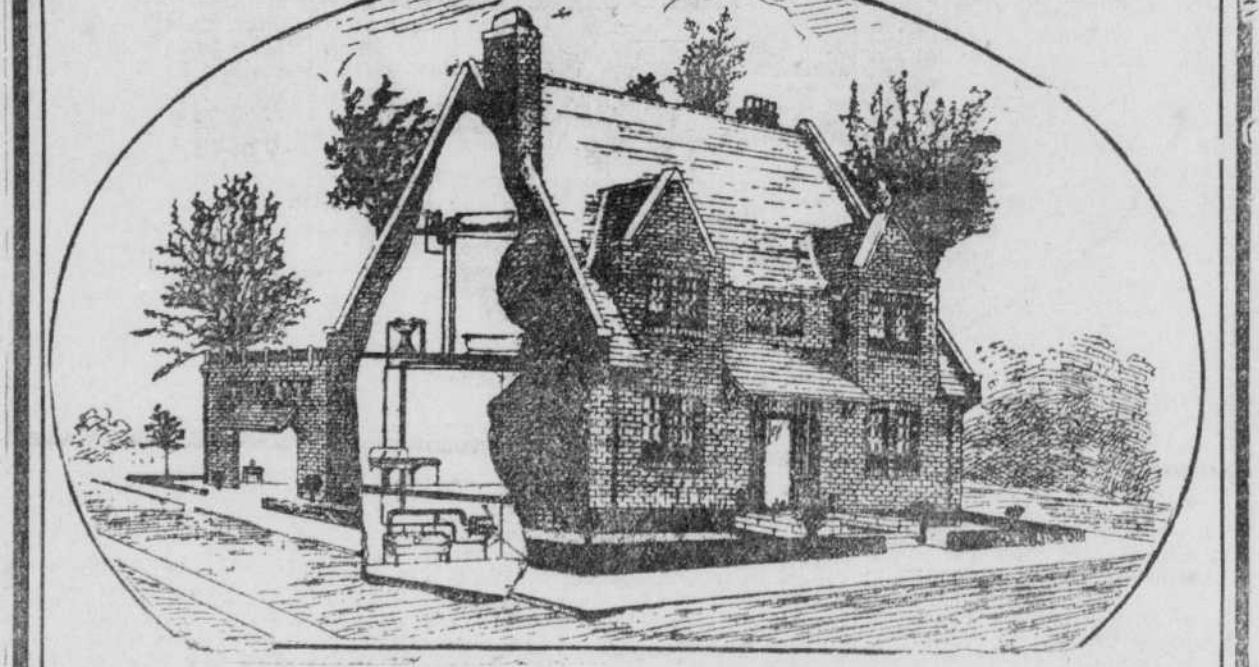

The line-up:
Coaticook:—Lowe, Whiting, Elford, Parker, Pages, Moffatt and Jehan.

Independents—Bassett, M. Parker, E. Wolfe, K. Scrimgeour, L. O'Donnell, T. Bonner and F. Hindmarch.
