Blue Chip Horse Races at H'don

Wealthy Snipe Reward poses for picture following race. Holding it on the right is driver Claude St. Laurent of Valleyfield.

Snipe Reward has won $142,000 in a lifetime of race track running. Sunday, the 20-year-old horse added another $35 dollars to its pot of earnings when it did its thing at the Huntingdon fairgrounds.

The horse managed to finish second in the first race but received the money merely for showing up as one of 18 animals assembled by the Hunting don Horseman's Association.

An estimated 700 spectators sweltered in the stands under a hot sun or ran betting pools along the rail during the annual affair.

First place and a new exercise blanket went to Marie Handy, an eight-year-old owned by Bill Lepage of Malone. The animal won two of the six scheduled races in its class.

In all, ten sulky races were run over the half mile oval in the course of the afternoon.

VIP's AT FAIR

Guests of the Huntingdon Agricultural Society, Division A, who attended the fair opening included Mayor Leo Cappiello of Huntingdon, Mayor Allan Wilson of Hinchinbrooke, Ken Fraser, MNA for Huntingdon County, Mayor Alister Somerville of Hemmingford and Gerald Laniel, Federal Member of Parliament for Beauharnois.

Albert Gilmore: more fairs than he can remember.

Fair Figures

Paid admissions to the 1969 Huntingdon Fair sank to 3852 from last year's high of 4438. Statistics supplied by Exhibition admissions director Don Davidson showed Saturday night to be the most popular night this year. Some 789 fairgoers flocked through the gates on Saturday compared to last year's 681.

GAS BAGS AND PARACHUTES HIGHLIGHTED EARLIER FAIRS

"Something went wrong with the last parachutist they had. He came down too fast and hi the ground. They came and took him away. He wasn't killed or anything, but he was awful shaken up."

Parachutists at county fairs may be outdated now, but 85-year-old Albert Gilmore remembers when they were he hief attraction at the Huntingdon Fair.

"It used to be the only excitment they had. They'd fill a balloon full of smoke and gas and cut it loose. The fellow riding would wait awhile and then come down by parachute.

With the appearance of the automobile, however, balloons and parachutists faded from the scene.

Mr. Gilmore, an Elgin man, recalls arriving at the fair by express wagon:

We'd tie the horse to the fence and throw down a bunch of hay in front of it."

The gem of the midway was a merry-go-round. According to Mr. Gilmore, it was pulled around by a rope attached to a horse and 'you could get on and jump off as much as you liked'.

"There were no soft drinks then, they sold cider for five cents a tankard. Just took a barrel, set it up on its side and put a tap in it. When they ran out, they got another."

Mr. Gilmore was interviewed as he watched Sunday's sulky races at the Exhibition grounds.

"This is the first Sunday fair I ever remember. For years and years it was just two days: Thursday and Friday."

"I had an aunt, she was 100 years old when she died, who went to the first fair. She told me it wasn't held here at all, but over on the parade ground by King Street."

Fair food fare has fallen down over the years in Mr Gilmore's opinion:

"We used to have a good dining hall. There were rows and rows of tables with waitresses and a place to do their cooking. Now you've just got little places in corners".

County Tractor Champs Crowned

These youngsters outwheeled all comers during the Friday's tractor rodeo at the Exhibition grounds. The contestants drove diesel and gas tractors through a picket obstacle course and manoeuvered with hitched implements. First place went to August DeVries, (far left in front row). The 15-year-old had captured third place in last year's competition. Other finalists were John Howieson, 15, also in the front row of the above photo and (back row), left to right) Hans Bulow, 16, Ronald O'Connor, and Glen Moore, 15.

Lightning Razes Barn At Dundee

On Monday night, August 18th, about 8:30 a severe electrical storm hit the Dundee area, and a bolt of lightning struck a barn on the Harold Fraser farm, burning i quickly to the ground.

The barn, owned by Harold's brother, Mr. Gordon Fraser was an 80 by 69 foot frame building. There were approximately 30 tons of baled hay stored in the barn, and this loss was partially covered by insurance.

The Fort Covington Volunteer firemen were called to the fire at the height of the storm. Twenty men and two trucks under the capable direction of Chief Elton Cappiello responded to the alarm, and while they were unable to save the large barn, they were successful in preventing the flames from spreading to the house and a tool shed which contained a quantity of farm equipment.

Dogs, Pipes, Occupy H'don Town Council

An exasperated citizen unleashed some of his frustration on Huntingdon Town Council during their Tuesday evening meeting. Mr. Lucien Duval of 6 Chalmers Street was in the chamber to complain of a neighbour's dog that he said, 'barks 15 hours a day, from 7 a.m. to 10 p.m.

Calling on all his restraint, he told the aldermen:

"We'd appreciate it very much, gentlemen, if you'd look into it — and you'd better believe it."

The mayor and aldermen promised Mr. Duval they would put a little bite into efforts to stop the bark.

Water off

Residents of Roosevelt Street and Wellington Street between Roosevelt and Dalhousie can expect their water to be shut off some weekend in the near future.

A delegation from the Huntingdon Wollen Mills asked council to clean out water pipes leading to the factory. A recent inspection by underwriters had revealed dangerously low water pressure caused by blocked pipes.

The councils instructed town foreman Philibert Langevin to remedy the situation. He said it would mean 'disconnecting every house on the streets carrying the line'.

SHOVEL KILLS LACOLLE MAN

A tragic accident occurred on Thursday, when Mr. Yvon Guay, aged 20 years, son of Mr. Armand Guay of Lacolle lost his life while working at the new Cantic bridge. The shovel which he was operating failed to function properly. It tipped backwards, crushing Mr. Guay. He was not married. Sympathy is extended to his family.

Harried Tour of County

Minister Says Cider Certain

A Quebec minister of agriculture doesn't pack the political clout of a Pierre Elliott Trudeau.

When Trudeau visited Valleyfield in July, he whipped through a split-second itinerary aided by helicopters and flying squads of RCMP. Last Thursday, Agriculture and Colonization Minister Clément Vincent was given an afternoon and one chauffered automobile to tour Huntingdon County. Not surprisingly, he didn't keep up Trudeau's pace: at points, he was nearly two hours behind schedule.

He found time, however, to promise a Covey Hill Road apple packer that permits to build cider plants in the county would be soon forthcoming. And to preach to a Franklin Centre welcoming committee that Quebec agriculture needs a public relations man to build up its image.

Superfarmer Gavin Stairs (left) inspects milking machine with Agriculture Minister Clément Vincent.

Visits private farm

Vincent arrived at the Hemmingford end of the county at 4 p.m. from Quebec City. Escorted by Hemmingford mayor Alister Somerville, his first stop was at the ultramodern Stairs' dairy farm just outside Hemmingford. The Minister, who owns an 82 cow farm in his constituency of Nicolet county, was visibly impressed by Stairs' operation.

Described by owner Gavin Stairs as 'probably the biggest in eastern Canada', the farm holds 17,000 square feet of cow barns, complete with music from wall speakers. Two hundred and fifty milkers enter the bar between twin silos, each capable of storing 2500 tons of forage.

Vincent took a long look at a pasteurizing plant being set up in an adjacent cindercrete building. Finished in white ceramic tile, the plant is 'the only one on any private farm in Canada' according to Stairs.

When it goes into operation soon, milk packaged in plastic bags will be flowing out under the 'Stairholme' label into stores throughout the county.

Stairs began his farm four and a half years ago by purchasing 300 acres from a local farmer. Now he's up to 1,100 acres, 450 cows, eight full time workers and is still expanding.

Cider plants certain

The 38 year-old Minister of Agriculture next was driven down Covey Hill Road between banks of the county's finest apple orchards to the Beattie Inc. apple plant.

The Beattie production line packs half a million apples yearly, both from its own 10,000 trees and from those of surrounding independent orchards.

Owner William Beattie is one of several men in the area interested in opening a cider plant. Presently their construction is blocked by a provincial law. However, Clement Vincent noted 'the wording of the law will definitely be changed in November so that permits can be issued'.

Quebec lacks confidence

The tour of the Beattie factory was cut short in an effort to put the Minister and his entourage back on schedule for his evening appearance at the Huntingdon Fair. Accompanied by his wife and three of his seven children, the Minister was whirled on to Franklin Centre and a roadside meeting with members of the Franklin municipal council.

They were told by Vincent that the biggest problem in marketing Quebec produce 'is lack of confidence by Quebec in its own fruits and vegetables'.

"Our office", the Minister said, "did a survey of Montreal hospitals to see where they bought their fruits and vegetables. The greater part took theirs from outside the province".

He admitted Quebec had been '15 years behind Ontario' in fruit grading regulations. That situation was now being corrected, he said, and what Quebec now needed was a publicity campaign to convince Quebecers to buy their own fruits.

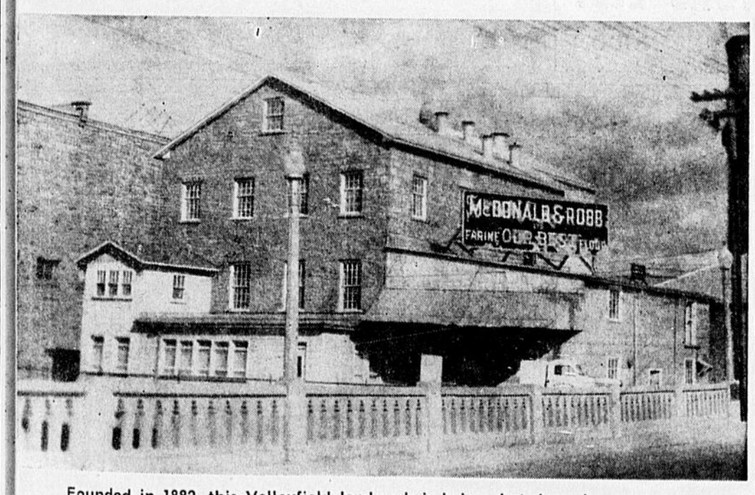
Vincent finally arrived in Huntingdon half an hour before he was scheduled to take his place in the parade. He gulped a hasty meal at the fairgrounds in the company of officials from the municipal, county, provincial and federal levels.

Disembarking from his limousine in the arena following the parade, Vincent told the crowd of 2,000 we would be back in a short time to discuss problems in the apple industry.'

He then strolled through the grounds before returning to the leave for Quebec City at 11 p.m.

Valleyfield

Flour Mill Will Grind to Halt



Founded in 1882, this Valleyfield landmark is being shut down by owners.

One of Canada's oldest family owned flour mills will soon cease operations in Valleyfield. Mr. Emmons McDonald and Mr. Lionel Robb have decided to phase out the McDonald and Robb flour mill by the end of the month. Though the mill has been in the two families for almost 90 years, all sons of the present partners have moved into other fields. That plus the tightening condition of Canadian millers has led to the proposed shutting down of the mill.

According to Lionel J. Robb, the firm employs under 12 workers, most of whom have been placed in other jobs in Valleyfield.'

Mr. McDonald and Mr. Robb are the grandson and nephew, respectively, of the mill's first owners.

James McDonald was a Scot who emigrated to the Huntingdon area before founding the Valleyfield mill. When he died in an accident at his mill, his wife invited nephew James A. Robb to join the firm. Before his death in 1929, Robb became federal M.P. for Huntingdon and Canada's Minister of Finance.

Both present partners now live in Valleyfield. Their mill is located on Chaussée Street in mid-Valleyfield.

Farm Property Torn Up By A Runaway Abandoned Auto

Allan Wilson and family were rudely wakened from their sleep about 2 a.m. last Saturday by the screeching of metal and the cracking of fence pickets. Aware that an accident had occurred on the bend in the Brooklet road outside their house, they hastily donned clothes and rushed to the scene expecting to find some injured occupants. Much to their surprise, no one was in sight, and they located the abandoned car at the foot of the ravine, just on the edge of the Mitchel Brook.

Although the car had not overturned, it was difficult to imagine how the person or persons in the car had managed to avoid injury. According to Mr. Wilson, he had heard enough of the car's approach to realize it was travelling at high speed. Proceeding from west to east it had failed to make the turn and took to the ditch on the left hand side of the road, tearing up seven fence pickets. From here it hit a glancing blow on the front left side against a large tree, apparently bounced back on the road where it continued on for about another 100 feet, went off on the left side of the road again between two stumps, breaking more pickets, across a short piece of pasture where cows were resting, tore through fence on the other side, and down a drop of about 30 feet to the bottom of the steep ravine where it came to

St. Chrysostome Captures Ball Series At Ormstown

A club from St. Chrysostome won the $500 Ormstown Softball Tournament for the second year in a row Monday. With a nucleus of two players from their 1968 squad, St. Chrysostome wound up the tournament with a 4-0 victory over Valleyfield's Hotel Plaza Monday evening.

The win gave the St. Chrysostome team a convincing three for four record during the three day, 10 team tournament. It was presented with a cheque for $500 for its trouble while $250 went to the runner up Valleyfield nine. The two semifinalists, Hotel Benny from St. Antoine and St. Hubert, split the remaining $250 prize money between them.

The series, which began Saturday evening, August 30, with St. Antoine giving St. Chrysostome its only defeat, marked the 43rd consecutive year that Les Loisirs of Ormstown have staged the tournament.

Bleacher umpires at the Ormstown Loisir Softball Park loudly supported all games, including the final which was temporarily halted by rain in the middle innings.

Heels Over Head

This and That in Town

✓ WITHOUT A DOUBT — the '69 Huntingdon Fair was the most successful ever. Despite rain and threatening rain, record attendances passed through the gates. From the opening parade on Thursday evening to the massed bands in the arena on Sunday evening, the entire show was well organized and reflects credit on the members of the Fair Board and all organizers.

✓ **THAT PARADE — organized by Parade Marshall Doug McGerrigle Sr., was over a mile long. Some of the floats would be a credit for towns ten times the size of Huntingdon. Four prizes, one first, one second and two thirds were awarded but if the annual Fair Parade is to continue being as big in future years, certainly it would merit more prizes.**

✓ SCRAMBLED EGG — now, did you hear about the attendant at the poultry barn who found a huge goose egg when he opened the door Thursday a.m.? It was lying right near the door. Fearing someone would step on it and break it, he picked it up and put it in one of his overall pockets. Just then the door blew shut and sure enough, the egg broke. Ever feel broken goose egg running down your leg?

✓ **BLACK BEAUTY — the year-old pony so many youngsters lost their hearts to at the Fair, was won by four-year old Mario Taillefer, son of Jean-Paul Taillefer, Shell Service Station operator in Ourtown. It was eleven o'clock Sunday night when Mario's father learned of the bonanza and the little fellow had been in slumberland for hours, but he was over at the County War Memorial Arena fifteen minutes later. Never in a long time have so many people seen such a happy youngster! He talked to Black Beauty, he patted him, he beamed. Four individuals spoke to Mario's father and offered to buy the handsome pony right there and then, but all were politely informed "He's Mario's and he's not for sale". To dispel any doubts, Mario led his new friend out of the Arena and straight to the family home at 15 Chateauguay St. (see photo).**

✓ GORDON McHARDY — of Huntingdon was the winner of the purebred calf.

✓ **PET SHOW — the Fair Pet Show saw 45 cats and 57 dogs entered. Dr. Sweet of Chateaugay, N.Y. was judge. This event gains in popularity every year.**

✓ GILLES CARNIVAL — engaged for another year, brought in a good midway. There were plenty of rides for the children and let's be honest, that's the way it should be. We counted two dozen attractions and there might have been more. There were three or four adult rides and Gilles himself was so pleased with the crowd that he told Secretary Thos. Brooks he'd bring in more adult attractions another year.

✓ **TALKING ABOUT THE SECRETARY — someone who should know the fects says he lost six pounds during the four days and nights. And how many hours of shuteye, Tom?**

✓ ANOTHER — fine time is assured on the 13th at the annual Havelock Fair. Most people wouldn't miss this one-day event. The noon-hour dinner alone is worth the drive. A lot is packed into this single day and it's common knowledge that the sun always shines for Havelock Fair. Remember the date, the 13th.

✓ **THE LOCUS CLUB — that youth organization in Ourtown which cemented friendships among all young people and provided teenagers an opportunity to do their thing on week-ends appears to be up against it. Thanks to the generosity of Mrs. Ivan Heath, the members had an ideal meeting place but this is no longer available. Isn't there accommodation for this fine youth club somewhere? Let's face facts: other towns, some not as large as Huntingdon, have Y's and hostels for such purposes, but we haven't. Understandably, parents don't approve of their teenagers piling into cars and going across the border and some don't care about their youngsters piling into cars and going anywhere on week-ends. The youngsters here have proved they're as satisfied to stay right in town for their fun and it seems unfortunate they're going to have to be told to go elsewhere. The swimming pool, a County project, kept young folk off the streets all summer and everyone was happy. Now that the C-C-C is about to close down and the Locus Club hasn't a headquarters, what are the young people expected to do? If all possibilities have been investigated without favorable result, something has to be done. Has a church basement been considered, or school gym? Maybe public support could be obtained for extra janitor service if quarters could be arranged for. The Locus members have proved their worth and every effort should be made for them to continue.**

✓ MISS CHATEAUGUAY VALLEY — how does that sound to your ear bones? Miss "C.V." would be the winner of a beauty contest, possess talent and charm. Sound interesting? It's only an idea at the moment and those responsible don't want their names divulged at this time. They do, however, wish to know if a sufficient number of young ladies 16 to 18 years of age would be interested in a Miss Chateauguay Valley contest? If so, some influential people feel they would be inclined to sponsor such a contest in a big way with proceeds going to charity or a worthwhile young people's group. So come on chéries, if interested WRITE to Miss Chateauguay Valley Contest, The Gleaner Office, Huntingdon. Give your name, age, address, phone number. All replies will be forwarded to those wishing to learn the results of this survey. Sounds good, do it now.

✓ **DID WE MENTION — that the dinner at Havelock Fair on the 13th is being sponsored by the Hinchinbrooke Volunteer Fire Dept.? Same as last year, so we know diners won't be disappointed.**

✓ ORMSTOWN — Hell Drivers at the Ormstown Ex grounds for one night only. Surely nobody will miss this excitement. (See advt.)

✓ **AND — we boobed last week in failing to mention the two excellent films at the Mod Theatre. People are recognizing that good movies are coming to Huntingdon though, so it wasn't' all that serious. Guy Taillefer is the proprietor and he's a conscientious young man who's doing all he can to get the latest hits in Ourtown. With his connections, he's doing a good job, too.**

✓ DID YOU SEE — the decorated bikes 'n trikes in the Fair Parade? Must have been 75 or more, each and everyone worth seeing.

GUESS WHO — in the Chateauguay Valley Highland Pipe Band — showed up for the big parade on Thursday without his drum sticks.

✓ THINKING ABOUT CLIFF — reminds us that his boss, P. M. Jim O'Hare recently enjoyed a two-week trip to P.E.I. Returning via Maine, New Hampshire and Vermont, Jim and Mrs. O'Hare visited his aunt, Mrs. Claire Hamilton, in New Hampshire.

✓ **KEN FRASER, M.P.P. — and family also chose the Maritimes for a vacation. They toured the Gaspé, drove around the Cabot Trail, visited friends in Dartmouth and paid a brief visit to P.E.I.**

✓ THOSE CAR DEALERS — Leon 'Dodge' Robidoux and Jimmy 'Chev' Smythe and wives also enjoyed the Gaspé trip a couple of weeks ago.

✓ **AGAIN — keep in mind that passing in either direction a school bus which is displaying flashing lights is against the law.**

✓ THE ANDERSON CLAN — every couple of weeks or so a visitor from out of our Valley drops into The Gleaner Office to make inquiries about ancestors. Our best source of information is of course The Sellar History. Yesterday (Tuesday) Mr. A. Anderson of 288 Corclova St. in Winnipeg called, accompanied by his son Bill, of Montreal. A retired drug store owner, the senior Anderson was honored two weeks ago at St. John's, Newfoundland when he was made a Life Member of the Canadian Pharmaceutical Association at the organization's annual meeting. His son Bill is in charge of a purchasing department for Simpson-Sears in Montreal. Mr. Anderson is the son of the late Matthew Anderson whose father Alex came to this area from Scotland about 1834. Alex and his wife Janet King had seven sons, Alex Jr., Dan, John, Matthew, Tom and William and two daughters, Elizabeth and Mary. Alex Sr. perished in a snowstorm and Matthew moved to Manitoba and it was Matthew's son and grandson who visited The Gleaner. They are anxious to learn the whereabouts of relatives and the location of the original Anderson homestead. (There is doubt that the Anderson families of The Gore and Alex Anderson were relatives). Any information would be appreciated and may be sent to The Gleaner or direct correspondence with Mr. Anderson may be had by writing his Winnipeg address.

✓ **OUR SUGGESTION — was that he meet everyone at Havelock Fair on the 13th and he just may consider delaying his return west for a couple of weeks.**

✓ RABIES — autopsies have revealed that a dog at St. stanislas and five cattle at St. Antoine died as the result of rabies, according to information received from Dr. F. Horsley's office. The dog is known to have tackled a fox and while the latter animal escaped, it undoubtedly was the carrier of the dread disease. Dr. Horsley states that farmers who notice any unusual behaviour in their livestock should obtain professional advice without delay and he strongly urges all farmers to have their dogs vaccinated. The disease is easily communicated from one animal to another and rabbits, foxes and other wildlife are carriers. Rabies is a very real threat to cattle and dairymen in the area should be on the alert.

✓ **MARTIN BEATTIE — in charge of the Motor Vehicle License Bureau in Huntingdon for the past 25 years, recently tendered his resignation to Quebec. Mr. Alister Somerville has requested Mr. Beattie to continue for a few weeks until a replacement is named. (Going into antiques on a full-time basis, Mart?)**

✓ SURPRISE — the announcement by The Hon. Jean Lesage that he wished to be relieved of the responsibilities of Leader of the Quebec Liberal Party astounded all.

✓ **TODAY — it's back to school. Maybe we should be counting our blessings that we have schools to attend. And teachers!**

✓ **TALKING ABOUT SCHOOL — young Martin Daoust, starting kindergarten this a.m., has been taking his school bag and lunch pail everywhere he went for the past five days. Even in the boat when he went fishing!**

✓ LACOLiE — young man killed in construction mishap at new Cantic Bridge.

✓ **FLASH — STUDENTS AT CVR WERE INFORMED THIS A.M. (WEDNESDAY) ALL CLASSES ARE SUSPENDED UNTIL MONDAY BECAUSE OF TIMETABLE DIFFICULTIES.**

Tournament Completes Season Of Ormstown Tennis Lessons

Ormstown's annual tennis tournament was played last week on the village's court. The senior category was divided into four classes. In the girls' class (under 20), the winner was Diane MacDonald. In the boys' class (under 16), the winner was Jean-Pierre Forget. For the boys 20 years and under, it was Yves D'Aoust; for the men's class, the trophy was won by P. J. Young.

This year, thanks to the Ormstown Loisirs, the youngsters had a chance to play tennis. During seven weeks, tennis lessons were given by two instructors in the morning. They also had their own tournament. In group "C" the winners were: Line Duquette for the girls and Roch Carrignan for the boys. In group "B" it was Marielle Primeau for the girls and Pierre Hallée for the boys. Finally in group "A", the two winners were Louise Beauchamp and Françoise Barrette.

At the end of those seven weeks, those who took lessons went on a trip to Granby Zoo. As for the senior members, there was a supper at the park and a bonfire at the end.

Sincere thanks to le Comité des Loisirs d'Ormstown, instructors; Mr. Jean-Pierre Forget and Mr. Yves D'Aoust; Tennis Club, president Mr. Raymond Boulanger and, the vice-president, Miss Angeline Forget, for their collaboration.

ORMSTOWN

Bookstand Drivel

It seems sub-sexual juvenilia, to browse around the book stores these days. It makes one wonder what it is all about. From Montreal's plush book stores to the joint on the village street corner (and that includes newstands) the basest sort of literature and pornography is displayed prominently for the "hypo-tillation" of our youth and their sexually retarded parents, aunts, uncles, cousins and grandparents.

In his review of several books by and about Canadians, reviewer John Richmond, whom we believe is no prude, says of Michelle Bedard's latest effort, "for every collector of the shoddy, hypo-tillating, embarrassingly humourless, sub-sexual juvenilia, this book is a must.

Is living, so base, so blah, so uninteresting that we must turn to the dereliction and degradation of the inner secrets given us to uphold in the name of decency? We know all about the answer, "I should not be deprived of reading anything printed, I should be given the priviledge of making up my own mind about what is decent and what manner of literature and books I buy and read." Sure you should, we have no quarrel with that, it's just that we wonder if you have made up your mind about how much you owe the depraved mind which wrote and published that hot literature which gets you so hostile when you are asked why you think you have to purchase it. He is making a million out of your is infantile, nauseating and in depravity, most of his work extremely bad taste. We also wonder if there is not a book seller in the country who cannot do without the few cents profit he gets from pulverizing the minds of teeny boppers. It appears that we shall always stop?" Said the youngsters, have the authors, if such they can be called, and we shall always have the publishers but it could stop right there. Pornography has always been available, but the objection is the prominent displays for our very young.

In his effort to establish what children thought was a perfect home life, Linkletter asked a youngster, "When do you think spanking should stop?" Said the youngster, "Just before it's my turn". A most profound statement. Should we take a lesson from one so young and insist that we should stop all this pornoturn to regret. It will have an effect on our children, and graphic drivel before it's our the trash is getting worse by the day — and to think a book is now on the market about the sniggery sexual attitudes of Canadians at a price in excess of five dollars.

LEGION OPENS IN ORMSTOWN

A very successful party opened the Legion's activities for the 1969-1970 season. Music was supplied by Yvonne and Randy, a mother and son team on their way to success as a dance ensemble. Members from Huntingdon Ormstown and surrounding areas, were unanimous in their praise of this first party and are looking forward to some "good times" during the coming months.

Presbyterian Notes

The monthly meeting of the Evening Group of WMS was held at the home of Mrs. Jack Rodger on Tuesday evening with a membership of fourteen. The scripture and devotional period was led by Mrs. H. Kerr and the topic was read by Mrs. Donald McEwen. The secretary Mrs. J. Rodger reported that the balance of allocation, a sum of one hundred and fifty dollars had been sent to Presbyterial. Plans were made to hold the annual church supper on October 18. In order to increase the membership of the Auxillary, each member was asked to try to bring a guest to the next meeting which will be in September. A special speaker from Montreal will be present to speak on the important role of women in the church.

Ladies Aid Meeting

Twenty members and guests of the Presbyterian Ladies Aid Society met at the home of Mrs. A. A. Tannahill, on Tuesday Aug. 26. The main topic of business was the discussion on the advisability of joining forces with the Senior Branch of the WMS, and becoming an affiliated branch of the Women's Missionary Society of the Presbyterian Church of Canada. The main reason for the move is that membership of the Senior WMS has declined each year with no new members joining the Society. The matter will be brought before the Sectional Meeting of Presbyterial at Georgetown, later this month.

ORMSTOWN POLICE SILENCE SHOUTER

Several weekend complaints from Ormstown residents objecting to disturbances by noise makers who had spent the evening in a hotel brought police quickly to the scene. Breaking bottles and unnecessary shouting after closing hours is against the law, and the guilty were reminded of the seriousness of the offence and cautioned that a new law soon to be passed will demand stiffer fines for disturbing the peace and petty nuisance.

A hit and run accident caused about $20. in damages to a car owned and driven by E. MacDonald. Otherwise, no serious accidents occurred during the weekend, making Ormstown one of the few places in Quebec with a clean record.

See Tuna Landed

Mr. and Mrs. Stuart MacDonald and Mrs. Michael Davidson have returned from Prince Edward Island where they enjoyed a holiday of almost two weeks. The weather was delightful. They visited Stuart's mother, Mrs. John MacDonald at Glen William, his sister Mrs. James McLean at Montague and stayed in a sister's cottage at North Lake.

While at North Lake they had a most exciting experience. The fog horn started to blow, which in clear weather signifies a tuna fish is being landed. They rushed to the beach, as did everyone within hearing distance, and what a sight. The tuna weighed 880 lbs. the largest this year, and it was brought in by a lady from the U.S.A. who was fishing from Mr. Fraser's boat. Pictures were taken.

Annual Exhibition

The Cercle de Fermieres had their annual exhibition at St. Jean School on Tuesday, August 26th. There were 16 exhibitors and 90 entries. There were about 25 young people at this party. Students from Grade 8 or young people 14 years of age will be welcomed at the first meeting of the season late in September or early in October. Kathy Greig presided at this gathering and the Rev. and Mrs. John Anderson, Wayne and Joyce McKell alternated as chaperones.

She loved to sing and at one time belonged to a choir of young ladies who sang at the local church. Three years ago she became a member of the newly-formed mixed choir which sang in French. She is survived by one sister, Mrs. Alida Lagacé of Howick, and one brother Mr. Zotique Desgroseilliers.

Something Stinks

A group in the Chateauguay Valley directly associated with dairy farming is convinced that present discrimination against them stinks to high heaven. We agree.

The group we refer to are the bulk milk carriers who serve farmers.

According to law, each operator must obtain a Tester's Permit. This involves a one-week course at an agricultural college. The bulk milk carrier operators who have such permits obtained them at the St. Hyacinthe Agricultural College where registration fee is one dollar.

A week ago, an English-speaking candidate applied at the St.Hyacinthe College for the course. According to the young man's father, he was told the course was available in French only and he was advised to "Go home and come back when you speak French".

This is shocking, but not entirely surprising.

A similar course for a Tester's Permit can be obtained at the Agricultural College at Kemptville, Ontario, in English. Enrolment fee there is fifteen dollars. That College has French-speaking students as well as English and there is no discrimination. A French-speaking candidate can write his examinations in his native tongue and if his answers are satisfactory he will receive his certificate as readily as papers answered in English.

What stinks is the policy of the Government of Canada and its Department of Manpower and Immigration. Manpower pays those attending the St.Hyacinthe Agricultural College $40 for a single man, $60 for a married person or $93 for married man with one dependent. An English-speaking applicant who is refused instruction at St. Hyacinthe and who takes his course at Kepmtville is not eligible for these benefits.

This precise form of discrimination by the Government of Canada is disgraceful and insulting. Our Federal Government, instead of promoting harmony, appears bent on fostering disunity.

All taxpayers should be treated equally by the Government of Canada. Our belief is that this unfairness is either the result of an oversight or plain stupidity and once the attention of our elected representatives is called to the error, the situation will be rectified.

Immediate action is necessary. The next course starts at St. Hyacinthe on September 8th.

Two wrongs are involved in the present set-up. The Quebec government is wrong in not offering the course in both languages and the Federal government is wrong in refusing to pay equal grants through their Manpower Department to English-speaking Quebecers taking their course at Kemptville.

Congratulations, Valleyfield

The Valleyfield Little League baseball team should be warmly congratulated on two counts. Now that the series is over, and the boys have returned home, it is fitting to remind our readers that Valleyfield has every right to be proud of their team.

First, they came up with flying honours in winning the Canadian championship, and earning the right to represent their country in a truly international sporting event. Second, their showing at Williamsport was a creditable one, even if the score was against them.

We are apt to overlook the great importance placed on minor baseball in many countries of the world. Not only in United States but in the Asian countries as well, the game is a national tradition, and no effort is spared to prepare their youngsters in the highest manner. Our own lads therefore came up against the world's best and their performance against China in the opening game was remarkably good, considering that China went on to win the championship.

One Bomb Too Many?

The provincial government has risen in anger against the terrorists. Premier Bertrand has made it clear that a concerted drive is planned to determine who they are, and to punish them accordingly. Justice Minister Rémi Paul has asked for integrated co-operation of all the police forces throughout the province, including the QPP and the RCMP. He has been assured he will get it. Other provincial ministers have had their say.

The people as a whole will agree with and welcome the announcement. But many will remember that the bombings have been going on for some time. Commercial companies, labour union headquarters and the Montreal federal tax building have all been targets. The thought must have occurred to many that some kind of authoritive action should have been taken immediately. But not a peep emanated from Quebec.

There came the time when some individual or group decided in their own wisdom that a provincial government building in Quebec city would be the next bombing target. Their effort appears to have gone according to schedule.

After that the verbal explosion occurred. Quebec decided to take action. Which leaves one with the thought that no hurt is so real as the one closest to home.

WORKMEN'S COMPENSATION BOOK AVAILABLE FOR STUDY

OTTAWA . . . . A comprehensive study of the Canadian workmen's compensation system has just been published by the Canada Department of Labour.

The study entitled "Workmen's Compensation in Canada," explains the development and features of the ten provincial workmen's compensation schemes all of which are based on the principle of collective liability of employers which was introduced in Canada by the Ontario Government in 1914. The book treats in detail the ten provincial Acts, the two federal compensation Acts governing federal government employees and merchant seamen, and the Workmen's Compensation ordinances of the Yukon and Northwest Territories.

It discusses all facets of workmen's compensation, stressing the basic principles common to the system: comprehensive coverage, compulsory insurance in a provincially-operated Accident Fund, exclusion of the courts from workmen's compensation cases and the processing of claims and payment of benefits by an administrative board with continuing jurisdiction to review and modify any decision. Accident prevention and rehabilitation of the injured workman are shown to be integral parts of the workmen's compensation system. Scales of cash benefits are set out in tables, permitting comparison between provinces.

One chapter describes the steps taken in various provinces to increase pensions awarded at times when lower earnings and compensation rates prevailed.

The study describes the laws as they were on December 31, 1967. A supplement covering changes made in 1968 is included. A supplement will be published annually.

The work of Miss Evelyn Woolner, Chief of the Legislative Research Division of the Legislation Branch of the Department, the book is available at a price of one dollar in English and French versions from the Queen's Printer or from any of the Canadian Government book stores.

Towed by a car driven by Janet Levers, The Maple Leaf Grange float depicted a farm scene with buildings, and stressed the theme of Safety on Our Farms.

SUGAR AND SPICE by Bill Smiley

Summer wanes, and so does the sky, and so do I. How and why do we wane? The summer wanes with sadness and dignity, as is her custom. The sky wanes regularly. And I wane Violently.

Some people grow benevolent and kindly as they get older. I just get more violent. I hope I turn out to be an Angry Old Man. And I know I will, if I can just hang on long enough to get old. It's a world to turn anyone, even a gentle, sweet chap like myself, a bit savage.

Don't think that I'm just getting crotchety. I've been crotchety for years. You hear people going around all over Canada saying, "My, isn't that Smiley crotchety?" And others replying, "Yes, crotchety is the word. If there's a word for it, it's crotchety."

Mind you, I love the world around me, and up to half a dozen people, and I laugh like a mental case at some of the things I see. But there is a limit to the amount of garbage I can stand being thrown in my face day after day in this year 1969 A.D. That makes me just like the Prime Minister.

For instance. We have so much surplus wheat that we have a national hernia, trying to lift it from here to there. Politicians go white trying to figure out what to do with it. Why don't we give it away? I don't mean the farmer. I mean Canada. Pay the going rate to the farmer and give it away to people who are starving. Up to the taxes. So what? They go up anyway.

For instance. Our educational system caters to the mediocre, to mass-production of the mediocre, just like big industry. The intellectual elite among our kids are starved to death, that is, bored to death, and the kids who are below average are swept under the rug.

This means our schools are full of fat lazy kids who are there only because they don't want to face the lean, cold world. I'd turf out on his or her tail, at 16, every kid who wasn't interested. And I'd let him back in, with generous help, when he became interested.

For instance. Daily newspapers lie daily. Not downright lies. They merely slant, distort and colour the "news", depending on their policy and politics. However, it's a free country, and I guess they're free to lie.

For instance. Television could be a tremendous force for spreading peace and love in the world. What it does is spread jam on cake, and violence on ignorance. With a few notable exceptions, it serves its patrons garbage in a fancy wrapper.

Its entertainment does not entertain. Its news seeks out the sensational or the silly. Its commercials are aimed at a world of morons. Do you really believe, for example, that a certain brand of beer is making Canada famous throughout the world? Or that you can get clothes cleaner in cold water than in hot? Or that you'll never make if it your armpits sweat.

And for all this obscenity the three big U.S. networks last year split over two billion dollars in profits. The CBC, which gives us the same refuse, generally, came up with its usual deficit. This shows the superiority of Canadian television. Somehow.

For instance. There are two laws. One for the rich and one for the rest of us. And any lawyer and any policeman knows it. If you're a dumb kid from Newfie, or an Indian who got drunk, you can rot in jail for a month or two before your case is even heard. If you're a middle-class doctor or businessman, and you have the money and the right connections, you're home free and everything is hushed up.

For instance. Poverty. Twenty million people living in one of the biggest countries in the world with enormous natural resources. And millions living in sordid, squalid poverty.

For instance. The Church. Again with a few notable exceptions, it does not face life. It wrings its hands, or washes them. Pilate-fashion. You don't see many preachers charging into a finance company and brandishing a whip these days, do you?

For instance. This column is about garbage. And I just remembered this is garbage day and I forgot to put mine out.

The Wilsons called the provincial police, who came and investigated. After communications on their car radio. Mr. Wilson reported they informed him the car was a stolen one. They arranged for a tow truck to remove the damaged car. The matter is under investigation by the QPP.

All in all, the occurrence was a troublesome one for the Wilsons. Not only did the fences have to be repaired, but his herd of cattle had become terrified by the noise, and had to be rounded up and put in another pasture where they retreated to the far line fence, where they again had to be sought out and driven back to the barn next morning. The only fortunate thing was that the car had bounced off the tree and back on the road. If it had been a few feet further to the left, it would have gone clear in among the 53 head of cattle. As son Henry put it, "It is better to have to put in new fence than dig graves for the cattle".

PLOW ARTISTS

"A good crop starts with a good job of plowing". This oft repeated statement reminds farmers that the fall plowing season is approaching, at least in Eastern Canada. It also reminds plowing enthusiasts that the match plowing season is at hand.

This year the Canadian Plowing championship match is being held in Ontario in conjunction with the International Plowing Match and Farm Machinery demonstration on the farm of Ross Kelley, not far from Paris, Ontario. The 16th annual Canadian Championship will be staged October 16 with seven teams of two champion plowmen from as many provinces competing.

Competitors will plow in stubble in the morning and in sod in the afternoon. The top two plowmen (not more than one from a province) will represent Canada at the World Plowing Match to be held next year in Denmark.

This year's team of Douglas Reid of Brampton, Ont., and Barry Wilson of Cornwall, P.E.I. will be leaving shortly to represent Canada at the World Match near Belgrade, Yugoslavia.

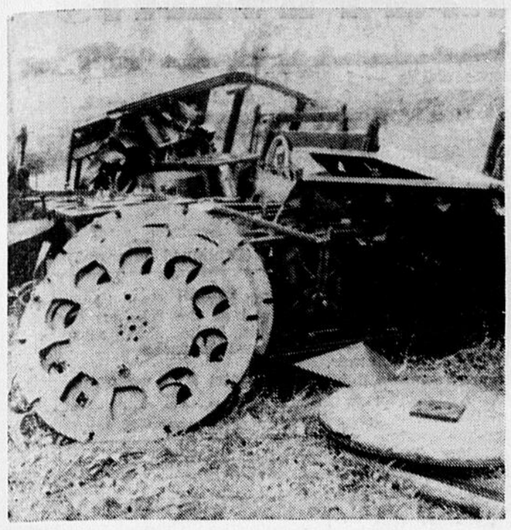
Valdo Bowling Given Expensive Face Lifting



OUT WITH THE OLD — — —
Stripped hulls of ancient pin-setting machines rest in Huntingdon yard as — — —

Huntingdon bowlers will be met by small black boxes bristling with buttons when Valdo Bowling opens at the end of this week. The boxes, attached to each score table, are part of a $40,000 renovation program at the alleys.

Each button corresponds to one of the pins standing at the far end of the alley. By punching the correct number, bowlers will electronically program the setting machine to place the pin of his choice at the head of the lane.

"You have to go to Montreal to see another alley equipped like this one" said Valdo manager Doris Montpetit. Eight ultramodern machines have been flown in from a Swiss factory to replace antiquated equipment. Workmen spent last week installing the compact new units in time for Valdo's scheduled opening Sept. 4.

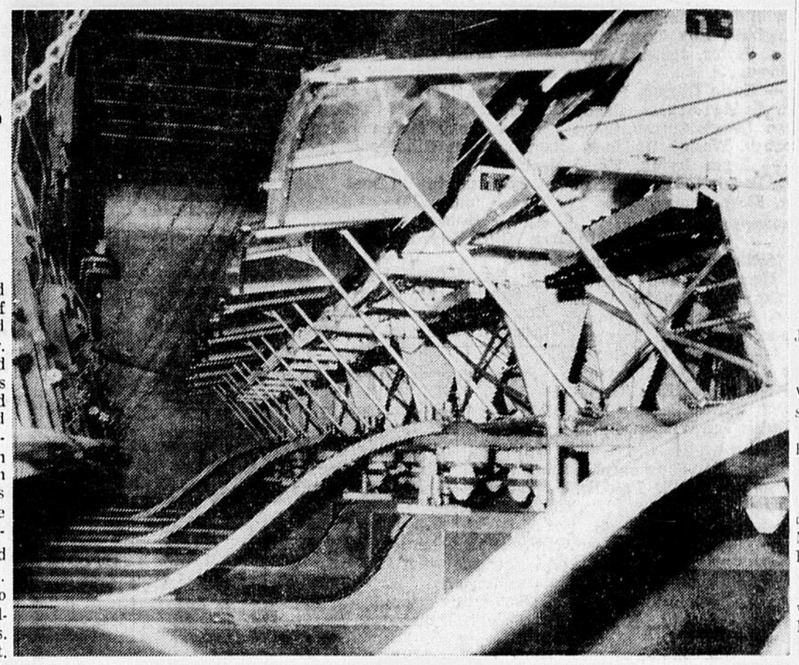
According to Montpetit, the bowling spot, located at the corner of Fairview and Lorne, will open at 3 p.m. weekdays and 1:30 p.m. weekends.

League bowlers will swarm into the building on Sept. 8 for the first time since last May. The present eight leagues will start knocking pins over at 7 p.m. and 9 p.m. every weeknight and 'there's a strong possibility that league games will fill up weekend evenings too.' said Montpetit.

He ,his wife and a janitor will operate the lanes again this year. League bowlers will pay $1.25 for three games; open bowlers will be charged 40 cents a game and the price for students will be set at 25 cents a game.

As well as the new pin setters, extra lighting and reconditioned lanes and approaches will speed up bowling at Valdo this year.

"These machines are designed so that any trouble can be fixed by a telephone call to Montreal," said Montpetit. After being plagued by breakdowns last year because of outdated machines, he expects the streamlined new units to give trouble free operation.



Gleaming new units take their place in Valdo Bowling Alleys for the 1969-70 season.

TIGERS ARE H'DON PEEWEE BALL KINGS

The Tigers tromped the Lynx 17 to 3 to grab Huntingdon's Peewee baseball crown at the Exhibition diamond Sunday evening, Aug. 31. The victory gave the Tigers a two game sweep of their finals against the Lynx. They took the first game, played Saturday, 15 to 3.

A game cancelled because of fog Friday night threw the Bantam playoffs out of kilter. Originally planned to end simultaneously with the Peewee division, by Sunday evening only the first game of a final set of three had been played. In the game, the Le-gion squeezed past Lazure by a 6 to 3 margin.

Awards and presentations will be made at a season-ending banquet in l'Ecole Arthur Pigeon, September 27. At that time too, a 'Miss Baseball' will be selected from among four Huntingdon candidates.

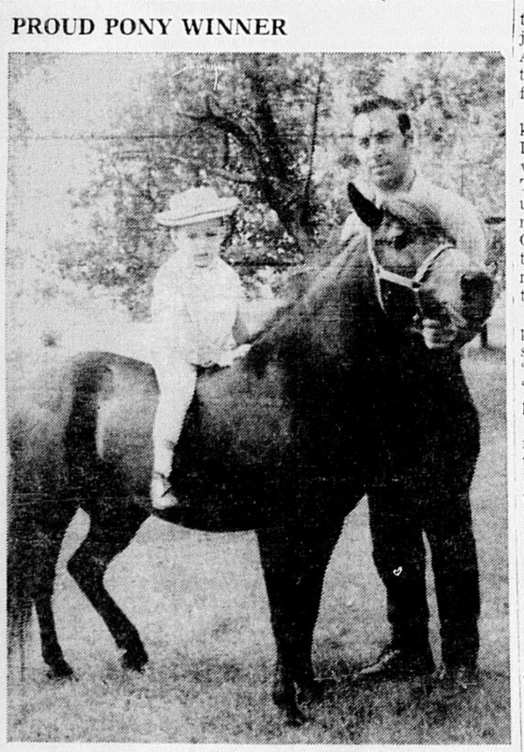
PROUD PONY WINNER



The Huntingdon County War Memorial Arena was well filled with Fair go'ers when the lucky name was drawn for Black Beauty, a year-old Shetland Pony. The winner was four-year-old Mario Taillefer, son of Mr. and Mrs. Jean-Paul Taillefer, Huntingdon. The little lad talked to his Black Beauty, patted him and led him around the ring and the pair stole the hearts of everyone. Mario's father, operator of the Shell Service Station formerly owned by the late John E. Myers, has already acquired a saddle and a pony cart. Lucky little boy, Mario!

'Les Canadettes' Lose Leader

Sunday night in the Exhibition Arena, Huntingdon Majorettes said farewell to Miss Anne Campeau who has led the group as Drum Majorette for the past 5 years.

"Les Canadettes" formerly known as the "Stars of Notre Dame" opened the Fair's variety program with their Trumpet and Drum section, under the direction of their music instructor, Mr. Lindsay Cullen. It was just a year ago that these young musicians made their debut at the Huntingdon Fair.

In the second half of the program the group performed specialty acts, including, "Sinbad the Sailor", "Canada", "Tyuana Taxi" and the ever popular "Football Hero."

Claire, Diane and Maureen followed with with Fire Batons to the rythmn of the "Boo Boo Stick Beat". These batons were fired for the first time August 27 th., and were made possible to the girls through the generosity of Mrs. Anne Cameron and the Canadian Legion, Huntingdon Branch for which we are very grateful.

Finally in her last spin as a Majorette, Anne entered and twirled to "Wipeout".

Immediately following this, Anne was presented with a trophy, a sweater and a red rose corsage and acting on behalf of the group the following girls made the presentation, Mireille Charland, Claire Galipeau, Celine Deniger, Francine Pregent, Debbie McCallum and Lyn Pivin.

Anne in turn turned over her hat to her sister Maureen, who is also a 5½ year veteran and Maureen in turn turned her hat over to Claire Galipeau who is a 4 year veteran.

For the finale "Les Canadettes" led the two other bands into the Arena. The Ormstown Band played "Beautiful Brown Eyes", after which Anne took a place in front of the Chateauguay Valley Highland Pipe Band and with them made a tour of the Arena followed by the "Canadettes" and Ormstown band to close the Huntingdon Fair for another year.

The executive wishes to thank the Huntingdon Fair Board for their financial aid.

On Tuesday, August 26th., the group enjoyed a full day picnic at New York State Park is Plattsburgh, N.Y. The girls enjoyed swimming and a Hot Dog roast after, prepared by members of the executive and chaperones.

and Claire MacLaren of Beaconsfield also entered a pet rabbit, their dog Skippy, and several kittens which much to their delight, won several ribbons. The happiest event of the day was when Lorrie Lewis, a student at Gai Valley School and her cat Billy carried off first class honours. Mrs. Lewis's apples won four prizes and her afghan was also wearing a ribbon.

The whole fair was a successful event for everyone who attended Mrs. Lewis and guests completed Sunday by attending the variety show in the arena. Erin Sibohon and Christopher Kelly brought to a close their summer vacations in Franklin by attending the Fair pet show. Their three kittens Blackie, Whiskers and Boots all won ribbons and pet food.

Fort Covington Seeks Doctors

The Salmon River Medical Center, Inc., in Fort Covington, N.Y. is still searching for doctors to occupy the spanking new medical centre which has been constructed just south of the Salmon River Central School building on the Bombay road.

At one time the small village of the Fort had four physicians practising there, but for the last several years the village folk and the surounding countryside have been without a resident doctor to look after their daily needs. When medical aid is required they must contact a doctor in Huntingdon, Malone, N.Y. Cornwall, Ont.

Mr. and Mrs. Donald Templeton Are Feted on 25th Anniversary

Mr. and Mrs. Donald Templeton of Riverfield were surprised when about 40 relatives and friends arrived at their home on the evening of August 25th, to celebrate the 25th anniversary of their marriage a few days later than the actual date.

Donald and Lottie live on the farm which was settled by his great great grandfather in 1829. The present stone house was built in 1847 and the great great grandmother and succeeding generations of Templetons have lived there since that time. In 1929 there was a large family gathering to celebrate the 100 anniversary of their arrival. The Templetons were pleased to be together again on this happy occasion.

A social evening was enjoyed and delicious refreshments were served by the sisters and sisters-in-law and nieces of the honoured couple.

Mr. and Mrs. Donald Templeton, Jean Furcall, Earle Templeton and Susan Woodman were seated at a table which was centered with a beautiful two-tiered anniversary cake.

Earle Templeton extended best wishes to Donald and Lottie on behalf of the gathering and presented a handsome silver tea service. Robert Templeton spoke briefly, telling about the early history of the old homestead and those who have lived there.

Mr. and Mrs. Templeton replied to the good wishes and splendid gift they had received, thanking one and all for remembering them in this way.

Among those present were the groom's mother, Mrs. Wallace Templeton, two uncles and aunts, Mr. and Mrs. Robert Templeton, Mr. and Mrs. Bruce Ness, and all his sisters and brothers and their families; the bride's sister, Mrs. Russell Woodman of New Richmond and her daughter Margaret of Montreal; several friends, among whom were Mr. and Mrs. Archie Brownlee of Greenfield Park.

Mr. and Mrs . Templeton have two children, Donna and Alex, who were present on the occasion. Alex lives at home and is employed in Montreal. Donna received her B.A. this year and will be teaching at Trafalgar Schol in Montreal.

Mr. and Mrs. Gordon Easton spent several days last week with Mr. and Mrs. William Easton of St. Thomas, Ont. The season had been so dry, the fields and lawns had lost their green look. The Eastons were watering their roses and other plants to keep them alive but water couldn't be spared for the lawn. On the homeward trip they spent one night at Gananoque and took the boat trip through the Thousand Islands.

Mr. and Mrs. Murray Templeton, Mark, Janie, Scott and Jimmy spent last week-end at Kingston with Mr. and Mrs. Bob. McMahon. While there Mrs Templeton had a pleasant reunion with friends. Rev. and Mrs. Ken Fenton, preacher at Pricess St. United Church.

A note of thanks was received form Mr. Boyd, Principal for the donation of money to buy books for the library; also for the awards presented to the individual members at the close of the school year.

Discussion was held on what to do with the sewing machine used by the girls in Home Economics at F.E.S. Moved by Mrs. Harold Frier and seconded by Mrs. Robert Barr that they be sold to the individual members at the next meeting.

The Franklin W.I. then was very glad to welcome their county President, Mrs. Kerr and Mrs. Bruce of Ormstown who had accompanied her to the meeting. Mrs. Kerr then gave the members the highlights of the Provincial Convention held at Macdonald in June Miss Frances Eccles thanked Mrs. Kerr for her interesting and inormative talk.

The semi-annual convention is to be held at Dundee in October.

The meeting was adjourned and refreshments were served by the hostess Mrs. Lawrence Towns.

ATTENDANT INJURED IN GAS BAR HOLD-UP BY MASKED MEN

A total of 22 stitches were required to close a head wound of an attendant at an all night gas bar after a hold-up last Friday morning.

Two masked men entered the office of the Spur Gas Bar on d'Anjou Blvd. shortly after 4:30 a.m. and demanded the cash receipts from the man on duty. Mr. Ross of 88 Lang St. (Town). Apparently when Mr. Ross resisted the attempt to rob him the men beat him over the head and he recalls nothing more.

An undetermind amount of money was taken. Since the hold-up. Centre police have brought in a few suspects for questioning but had to release them for lack of identification.

THE PRO SHOP

Gerry Snyder is a sad man. This normally happy man is rather long-faced these days. His dream of a U.S. pro football franchise seemingly dashed by the bomb laid at. Jarry Park last week. Unless there is a sudden and unexpected serge at the box-office for the Giants game, the U.S. is going to stay out of Canada, or at least Montreal, for a year or two. Perhaps a decade or so.

Mr. Snyder's dream is not helped by the growing interest in the Montreal Alouettes. To say the Als have undergone a change in attitude would be an understatement. Consider this. A few guys were watching the Als practice section last Fri. Ralph Goldston approached the small group and in a quiet manner asked, "Who might you gentlemen be?" Either the big bear is mellowing or there is indeed a new image at the Als' camp. Of course, when Goldston talks quietly there is still the effect of a cold shower and you wonder when he is going to pounce. Still, he saved his fire for the players as this was a hard practise with a new running play being introduced. No doubt, a surprise for Winnipeg at Monday's game.

It was interesting to see Carrol Williams still practising hook passes and doing quite well. But there was no doubt that the quarter back job is Sonny Wade's to lose. He intends to stay. He ran the practice all the way in his loud, southern drawl. He is quite a sight this Wade. Standing head and shoulders above the line he barks out signals with poise and assurance. Then he can come off the field and charm you as the mild-mannered man he is. Perhaps he typifies the new Alouettes. Full of fire in the field and quiet off. They will need all the fire they can get to make this a winning season.

The dropping of Davis and Gary is a case in point. The willingness to let good, popular men go in order to build a better team. And then there is Jim Walter. There is the strong impression that Coach Dalton was willing to give him another chance but Goldston put in the veto. We've enjoyed Walter's drive and play but have to side with Goldston in this instance.

This is being written before the Winnipeg game but we'll go out on a limb by picking the Als with a large margin. And bet that Duncan and Starr had a lot to do with the victory.

The Montreal Expos are suffering a bit from too much Dodgers and Podres. It is to be expected that the top teams will be pressing at this point in the season but the San Diego bit is hard to explain. Both teams have fallen below the .300 average and that spells trouble for the League. We will see if anyone is willing to do anything about it when the season ends and the trading starts. We don't expect pennants in the first year or two but under .300?

Bernie Geoffrion was in town on the weekend to see his 14-year-old signed by the Ottawa team in the Junior League. Fourteen years old? Bernie must be desperate for another starring role.

Chateauguay Girls Softball

The Intermediate Firestars continued their winning ways with a 20-8 playoff win over the Tigerettes as Cheryl Cox and Cathy Stabb each belted home runs. The Firestars, who captured league honors have only lost one game this season. Chateauguey Center All Stars topped the Intermediate All Stars for the Town by a score of 21-12 in Tuesday night action, while on the league scene, Pussy Cats captured the Junior playoff honors with a 5-3 win over the Bubbles.

The Doilies edged the Gogos 13-12 on Wednesday as Colleen Ouimet and Dianna Mosuk each rapped out a home run and Lorraine Poirier belted a round tripper for the losers.

The senior Rebels won the game and the title as they topped the Supremes 14-13 in a heavy hitting contest. Debbie Snow, Betty Ann Packer, Annette Corbell and Debbie Smith had home runs for the winners, while the losers got four base hits by Ann Depraeter and Linda Lemay. A third homer by Sylvia Bergeron was erased when she failed to touch second base and was called out on the ensuing play. The Firestars won another one this time a 15-8 victory over the Expoettes. Linda Comeau was the hero 'n the win as her three big defensive plays broke the back of the losers rallies. Belinda Heder hit a home run for the Firestars, while the losers got four baggers from Susan Hyland and Donna Fraser.

Final round play in the Intermediate section continues during the week, along with a senior girls contest against Chateauguay Center. Final winners in all sections will be annonced next week.

= Chateauguay Minor Soccer =

The final bell has sounded for the 1969 minor soccer season in the Town of Chateauguay, and the three section league has run one of the finest years on record. A total of 112 league games plus 18 playoff contests were completed through the two and a half month schedule, and much of the credit for the fine season must go to league president Gerry McHenry.

Gerry has devoted full time to the sport and has shown a desire to create both fun and competition for all the boys who competed in 1969. Early in the season, after the many problems that besieged the league through 1968, Gerry decided to call it quits, but he responded to the requests of his many friends to create a newer stronger soccer structure within the Town.

In playoff games, the Celtic Atoms became the playoff champions when they ran up victories over the Mustangs and the Terriers in round robin final play. Mustangs, who opened the round as league champs found themselves on the short end of a 2-1 score as the Celtics played a strong game, came back to top Terriers 4-0, but the Celts also trimmed the Terriers 2-0 and emerged as champions.

In Mosquito play, the Rangers opened the final round by beating Mustangs 1-0, Mustangs returned with a 1-0 win over Cougars, but a last game victory by Rangers, who beat Cougars 3-2, gave them the title.

In Pee Wee play it was Expos by scores of 6-1 and 3-0 over Rangers in the final round. The two wins gave the Expos the playoff title in the total point set.

A rundown on all playoff action follows.

In Atom section semi final play, Sean McHenry and Bob Wiltshire each netted a goal as the Mustangs eliminated the Rangers 2-0. Len Giblin and Kelly Darcy scored two goals each as Celtics blanked Cougars 4-0 in sudden death play, and Bruins were eliminated by Terriers 4-0 on a pair of goals by Werener Woods and one each by Larry Mountain and Scott Kavanagh.

In final round play goals by John Daley and Glenn Walker gave the Celtics an opening game 2-1 win over Mustangs. Sean McHenry scored for the losers. Kelly Darcy notched both goals as the Celtics topped the Terriers 2-0, and Mustangs captured a 4-0 final game win from the Terriers with no indication on the score sheet as to the identity of the scorers.

The Mosquitos semi finals opened with the Mustangs scoring a 1-0 win over the Celtics to drop them from further play. Maurice Riendeau was the lone marksman. Brent Ruiter scored five times, Robby Read added three and Kevin Read, Mike Davies, Ron Patterson and Don Patterson each tallied once in a 12-0 romp for the Rangers over the Terriers, and Mike Giblin and Sean Murphy each counted one goal as the Cougars edged the Bruins 2-1. Andrew Walker scored for the losers.

Final round Mosquitos play got underway with the Rangers scoring a 1-0 win over Mustangs on a goal by Mike Davies, and Brian Finnerty was the only scorer as Mustangs blanked Cougars 1-0 the following night. The final game in the round gave Rangers the title as the efforts of Mike Davies, Robby Read and Brent Ruiter paid off to erase the two goal effort of Mike Giblin and allowed the Rangers a 3-2 win.

Pee Wee semi final action in series A resulted in a pair of victories by the Expos. Keith Mackenzie, Mike Kelly, Paul Bonneau and Doug Kerray scored in the opening 4-1 win with Ralf Hoskins netting the losers goal, and in the second game, a pair of goals each by Mike Kelly and Paul Bonneau plus a marker by Noel Smyth offset goals by Ralf Hoskins and Ron Peterson as the Celtics bowed out in straight games.

In series B, a pair of goals by Tim Cloherty were not enough as the Rangers edged the Mustangs 3-2. No indication was made as to the Ranger scorers. In the second contest, the teams battled to a 2-2 deadlock with Ron Dziewirz and Tim Cloherty scoring for Mustangs, while again the efforts of the Rangers remained anonymous.

Final round play saw the Expos Mike Kelly score four times and Keith Mackenzie and Denis Poirier each add one as they downed Rangers 6-1. Gerry McNamee scored for the losers. Paul Bonneau with a pair, and one goal by Noel Smyth aided the league and playoff winning Expos to a 3-0 blanking of the Rangers in the last game of the season for the local league.

IAN WATSON SALUTES SHIP

(Ottawa) — An all Party Parliamentary Group will greet the ship Manhattan, when she enters Canadian Arctic waters in her attempt to run the Northwest Passage from Atlantic to Pacific.

In making the announcement, Ian Watson, M.P., (Liberal, Laprairie), Chairman of the Parliamentary Standing Committee on Indian Affairs and Northern Development said the Manhattan Project is a matter of vital concern to Canadians.

"Establishment of commercial traffic through our northern archipelago would involve Canada in vast new opportunities and responsibilities." he said. The Manhattan, a supertanker reinforced to smash Arctic ice, and the American Coastguard ship West Wind accompanying it, will be escorted through the Northwest Passage by the Canadian icebraker John A. Macdonald. The experiment by a consortium of oil companies is a test of the feasibility of carrying oil from the American-Alaskan oil field at Prudhoe Bay to Eastern Continential and European markets.

The Sub-Committee will be flown to the mouth of the Northwest Passage by a Canadian Armed Forces Hercules to meet the Manhattan convoy at the eastern edge of the archipelago. The two-nation group is expected to arrive in early September.

Curtain Time at Man and His World

Things look bright as we head into the final week-end for Man and his World, Act II. The fair closes on Sunday, September 7 after 88 days of enthusiastic reception by local resident and tourist alike.

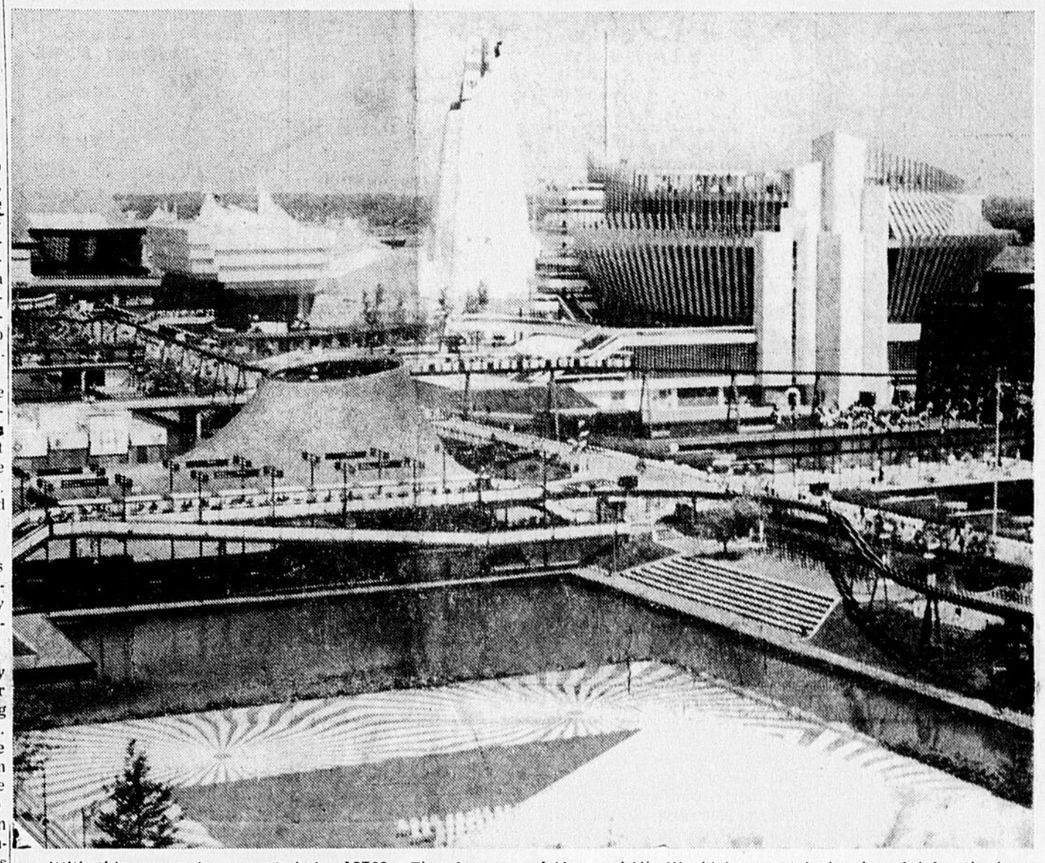
The word from Executive Committee Chairman Lucien Saulnier is that he is "extremely hopeful" about the fair's future. He has cause for optimism after government and tourism officials have confirmed the fact that this has been the best year for visitors to Quebec since Expo. And that means it has been the second best year of all time. It is as we have been saying all along, the fair generates money. It may cost a few million to operate but the net result is an overall profit to the province and its people.

Aside from such mundane money matters, there can be no questioning the fantastic value to the citizens of the continued existence of the fair. The cultural and educational benefits alone are worth the operating cost. But the real value to the man on the street is incalculable. This magnificent site has calmed many a jagged nerve relaxed many a tense head, soothed many an agitated heart. Who knows what breakdowns have been prevented by the magic of the islands.

I only know it has been a place of blessed relief to me and my family. A place of serenity and excitement, a place of amusement and learning which I hope will continue for many years.

There are far too many to thank; from Jean Drapeau to Bill Bantey, to all the workers who made it happen. Perhaps most important, the people who came and made it a real "happening" in the truest sense of that word.

But for now goodbye until, hopefully, next year when we once again proudly suggest that you — Come To The Fair.



Will this scene be repeated in 1970? The future of Man and His World is uncertain but hopeful for the best.

Phil Bonneau has introduced a notice of motion for a by-law calling for improvements to the pumping station on Dunver Blvd. The action follows receipt of the engineers report on the flooding of basements in the eastern section of Colonia development, and could spell finish to the problems which have plagued home owners in that part of the Town for many years.

Phil is one of the persons affected by the spring thaws and heavy rains, and has tried many times in the past to get his fellow aldermen to take heed of the continuing threat of floods, but it was only this year, after the June 30th deluge that any interest appeared at the council. An earlier flood solution was found for homes on Massey Drive and Duquette.

Lee Ann Chartrand will receive official congratulations from the Town for her third place finish in the Kayak 4 competition at the Canadian games in Halifax. Lee Ann captured the Bronze medal when she teamed with a girl from Lachine, along with two Quebec City misses for the honors.

And speaking of Bronze medals, three members of the Caughnawaga Indians junior Lacrosse team are sporting them after they took third place in the Lacrosse competition at Halifax. The three, Johnny Lahache, Russell Rice and Arthur Zachary arrived home in their ultra sharp blue and white outfit, and announced that they were extremely pleased with their treatment throughout the games. Johnny Lahache and Russell Rice are students at Howard S. Billing Regional High School, and along with Lee Ann Chartrand, give the institute of learning a total of the Bronze medals.

The Maple-St. Francis Shopping Center is still scheduling an October first opening. This word comes from an acquaintance who has plans for the opening of a gift shop at the center completed before the Christmas shopping season starts.

And by the time this reaches you, Maple Street will be paved. Work on the pavement will commence on Tuesday morning, or so say the contractors.

In future, all traffic signs around town will be installed as per the instruction of the Chateauguay Police. The public works have been notified that they must first receive approval from the police before installing any new signs. Now that makes sense.

Work is nearly complete on the sodding of Colonia Park, and in about a month, football teams will take to the site to play the first games on the field that in the past was a mud hole throughout the season. Congratulations to Pat Gilmore, Phil Bonneau and Mayor Laberge for being the ones who pushed for the completion of the beautiful site, and now let's hear it for a decent park in the Terrace section.

Pat Gilmore, although opposed to any increase in taxes, is very much interested in seeing the completion of a park in his ward 6, but thank heavens he supports all the kids by agreeing to the needs of finishing work already started before starting something new.

The minor hockey league hopes to introduce a women's executive for the 1969-70 season. Women interested in forming part of this group may contact Mrs. Janet Currie at 692-2469 or Mrs. Gail Davies at 691-4524. The ladies are expected to bring many fresh new ideas to the operation of the minor hockey system in the Town.

Another wrinkle being tried by the league is the acquisition of referees who will devote their time freely to the boys. In the past several years, fees to the referees have been quite high, and the money could be used to buy new equipment for the

Jr. Indians In Playoff Win

Caughnawagas Junior Indians scored an opening game victory over Valleyfield in the first game of a two out of three series as they topped the visiting Braves 18-5 at Chateauguay. Russell Rice paced the Indian attack with nine goals and three assists, while Johnny Lahache scored four times and added three assists. Skippy Norton with three goals and three assists, and goals by Art Zachary and Donny White rounded out the attack and gave the Indians an edge in the short series which shifts now to Valleyfield for a game on Sept. 2nd.

The Indians were full measure for their victory and could well wrap up the series on the road if they continue to force the attack. If the series does go three games, the third will be played in Chateauguay on Thursday, Sept. 4. Should Caughnawaga win their next game against Valleyfield they will open the final round of play in a three out of five series with Ville St. Pierre.

The St. Pierre crew is awaiting the winner of the Indians-Braves contest after their opponents, the Boucherville Canadiens bowed out of playoffs with financial problems.

After completing playoffs in the Junior round, the Indians intend to challenge Drummondville for the Quebec Championship. The Drummondville squad are the same ones who had hoped to play against the Sr Indians for a spot on the Canada Finals in September, and if the Indian challenge is accepted the series should provide a good test for the juniors abilities. Drummondville is considered a step below the caliber of the seniors, and as such were unable to compete for a shot at the Canadian Senior Lacrosse Championships which will be held in Chateauguay this year.

Three Jr. Indians On Quebec Bronze Medal Team At Games

Three members of the Junior Indians were recent returnees from the Canadian games at Halifax where the Quebec team captured third place and Bronze Medals. Russell Rice, John Lahache and Art Zachary were selected for the Quebec team which scored three wins while losing twice in the round robin tourney at the East coast city.

Quebec opened with three straight wins in the series, topping Saskatchewan 16-6, Manitoba 10-8 and Nova Scotia 20-6 before losing out to Ontario, who won the Silver Medal, and British Columbia who won the Gold, by scores of 14-10 and 10-9.

Chateauguay News Notes

- Six quotations for painting the exterior of the Arena were received by the Town and the contract has been awarded to Dutil and Sons for the amount of $2,532.00.

- **Another item from Tuesday's (August 26) Town Council Meeting is a request to be made to Hydro-Quebec for installation of the necessary number of street lights on Stanton and Watt Streets. The lamps are to be of 4000 lumens and will be required also on Austin, Mountain and Edouard.**

- Incidentallly, we have learned that there is still no mail delivery on parts of Austin St. in what used to be the Heights area. Also since amalgamation with the Heights, the street numbers are still unchanged and newcomers must be quite confused at times — and just think of the poor delivery men! For instance on Maple, the numbers jump from No. 7 to the hundreds, just a few yards along the road. Quaint?

- **Mayor Joseph Laberge, and Sec.-Treas. Claude Hurtubise have been authorized to sign, in the name of the Town, contracts between the Police Brotherhood and Town for the 69-70 season.**

- **A letter of congratulation is to be sent Lee-Ann Chartrand for representing the Town of Chateauguay at the First Annual Canadian Summer Games held recently in Halifax and for winning a bronze medal.**

- The Town's Sec.-Treas. was authorized to take necessary procedures for collection of arrears of taxes of 2 years and over.

- **And the vacant Handfield Garage on Salaberry near the corner of Gilmour is to have all openings barricaded by Town Police, at the owners' expense. The huge building has been the target of vandals in recent weeks and not a pretty sight to see with all the broken windows. In recent years it was an automobile dealership garage and filling station.**

- The Town Police are to have sole jurisdiction over placing of street signs regulating flow of traffic. (Stop signs, one way signs, etc.)

- **And good news for homeowners in Colonial Ward 8 Councillor Phil Bonneau gave notice of motion at the last Council meeting, for preparation of a by-law to provide for improvements of the Dunver Road pumping station. Hooding of basements has been a nightmare to those in the eastern section of Colonia and to the D.V.A. development on Dunver and vicinity since the homes were built approximately 11 to 12 years ago. For their sake, let us hope red tape can be cut to a minimum and work be undertaken to relieve the situation.**

- I made a boo-boo last week — sorry about that; concerning students of Vanier School. They will not ALL be attending Marguerite Bourgeois School — in fact three schools will now handle tne grades sixes and sevens. A section of the existing Marguerite Bourgeois School at 68 Principale is now Vanier School, with Mr. John McGuiness as Principal. The two other schools, St. Paul's and St. Willibrord's will educate students of grades 6 and 7 this year, and letters have been mailed out to parents giving full information concerning school hours, boundaries and bus information. An increase of 10% in enrolment in the three schools mentioned above is expected by the Catholic School Board.

- **The buildings housing the former Vanier school are now down the valley in Ste. Martine. All that's left behind in their place at the rear of St. Willibrord's School is rubble and lots of broken glass. No doubt all this will be gone by school opening this week.**

- We've been reading a lot lately in city newspapers about the new "Manhattan" supertanker-icebreaker which is now on its way to the Canadian Arctic. We are particularly interested in this venture, for various reasons, and sure that most forward thinking individuals will follow the story in the coming weeks. Please read the news release from Ian Watson, M.P. concerning the "Manhattan", elsewhere in these pages.

- **Town Police report only one minor traffic mishap during the past week. The incident occurred in a restaurant parking lot.**

- A rented car parked for a short time in the Town was minus the two rear wheels when the driver returned to drive elsewhere. Some enterprising thieves had jacked up the car in her absence and removed both wheels. Adding insult to injury, they were mean enough to take away the jack too, leaving the car lying somewhat low upon the ground.

- **A minor boat collision on the river opposite the Plaza Hotel slightly injured one occupant last Sunday afternoon.**

- Centre Police report a few minor traffic mishaps during the past week, and handled many complaint calls of various natures, and are at present investigating a holdup at the Spur Gas Bar. See elsewhere.

- **CONST. Alain Gagnon of the Centre Police recovered the body of a man in Lake St. Louis last Sunday. The man drowned while swimming opposite 523 Lake St. Louis Road. Ville de Lery police requested aid from Centre Police after the mishap.**

- Sad news! the Chateauguay Ramblers lost their game with Farnham Frontenacs last Sunday. The score? — 27-0. (Alas)

- **And to continue the continuing story of the big "dig" at the junction of highways 3 and 4: More of the islands have been dug up and cement bases for what may be traffic lights are being installed here and there in various strategic places. This bottleneck looks as if great improvements are under way — but it's so hard to believe after years of traffic snags. Maybe it's only wishful thinking on my part about traffic signals.**

PERSPECTIVE

Russ Faughan by

I accuse the Government of the Province of Quebec, its premier, Jean-Jacques Bertrand and most particularly its education Minister Jean-Guy Cardinal, of unmitigated duplicity.

It has been a long time since a Government has expended so many words to fool a people. It has been a long time since such deceit has been employed to deliberately mislead the public. In fact you could go back to the early thirties, to a certain paperhanger to find any public and political activity so deliberately dishonest in its aim. Let us look at the facts.

When the St. Leonard School Board brought out its decision to cancel English education, the late Daniel Johnson stated without qualification that the Government would guarantee the right of all citizens to educate their children in the language of their choice. When the school year opened without provision for English students in grade one, Johnson went ahead with legislation to correct the fault. I believe he was completely sincere in his support of free choice and cannot but wonder how much effect on his health was the revelation that a number of his party supported the St. Leonard commission. He became publicly ill first when it became obvious that his correcting legislation would not pass. Then, the day before he died, he said, "we cannot permit rights as important as language rights to be manipulated by local bodies such as school boards."

Bertrand has professed to support this philosophy but his support has been with grand words and absolutely no action. Bertrand himself had a convenient illnes when his Bill 85 appeared doomed to failure. The ball was passed to Cardinal who has proved a master of double-talk. He has used both sides of his mouth to keep promises before the public while doing nothing behind the scene.

Not really nothing. This week he came up with a beaut. After constant promises that a solution would be forthcoming in weeks or days, he suddenly announced that there is not only no solution, but the government will not even "tolerate" the existence of the parents' makeshift schools. Such a classic case of double-dealing is hard to match.

There is absolutely no doubt in my mind that Cardinal has acted in bad faith. That he never intended to see any change in the St. Leonard situation, that the present plight of English students is at least to his liking if not of his doing. And I am also convinced that if the matter succeeds in St. Leonard it will spread elsewhere.

Are you going to wait until it hits Chateauguay? Or, are you going to start doing something about it now. Maybe you'd better start attending School Board meetings. Maybe you'd better let Mr. Kennedy know how you feel. And maybe you'd better re-examine the stance of the political parties in Quebec.

Ste. Agnes

STE. AGNES — Mr. and Mrs. George Leblanc and family of Sorel, Que., were recent guests of his parents, Mr. and Mrs. O. Z. Leblanc and also called on other relatives in the district.

Mr. and Mrs. Vernon Elder enjoyed a motor trip last week through the Gaspé Peninsula, returning via New Brunswick, Maine, New Hampshire and Vermont entering Quebec again at Highgate, Vt. and thus to Knowlton and Highway 52. It was a wonderful trip, and Gaspe really must be seen to be appreciated. We never dreamed that the scenery could be so utterly fantastic and unspoiled by man. The boat trip to Bonaventure Island was quite a thrill, too, with the countless hundreds of gulls who make this island their home.

Prior to this trip, the White Mountains of New Hampshire were always a high spot, but after seeing Gaspé they were somewhat of an anti-climax. Maybe this proves the old adage about seeing your own country first.

Return From Camp

Miss Wendy Sutton returned home last week-end after spending a month in camp at Foster, Que. She thoroughly enjoyed the experience and was especially fond of the horses which she learned to handle quite well. She motored home with her parents who went over to the Townships for her on Saturday, with George remaining over Sunday to participate in a rifle competition at Mansonville.

Mr. and Mrs. Albert Léger and Mr. and Mrs. Elie Léger visited recently with relatives in Hull, Que.

Mrs. Ferdinand Laniel of Maniwaki, Que., was the guest of relatives in this area during the past week.

Mr. and Mrs. Ron Fleming and family of Ottawa, Ont., and Mr. and Mrs. R. Léger and Lori of Valleyfield spent the Labour Day week-end with their parents, Mr. and Mrs. V. Elder.

RESULTS OF FAIR JUDGING

A large number of exhibitors at this year's fair caused keen competition in nearly all classes and gave the judges plenty to think about before the final decisions and awards were made. The younger age group contributed immeasurably towards the success of the exhibits, which attracted a great many interested viewers. Results are as follows.

Due to the large number of entries and awards it was not possible for the Gleaner to contain them all in this issue. The remainder will be published next week.

Hot Weekends Spill People Into Lac des Pins Campsite

Tucked into a notch of the rolling bush land east of Ormstown is a haven for townspeople trying to beat the summer heat. Between Ormstown and St. Antoine Abbé a rustic archway bearing the lettering 'Lac des Pins' leads off Highway 14 to a tree studded 60 acre camp ground.

It began in 1962 as a gleam in the eye of St. Chrysostome businessman Marcel Machabée. He set bulldozers to work scooping three basins out of the sandy soil and started to erect auxiliary buildings. The basic work was finished by 1965 and the first tourists began to filter into the district's newest play-for-pay Park

Today, hundreds of tents and trailers blossom in the summer around the three man mad lakes. Asphalted roads split long lines of anchored trailers complete with electrical outlets. A maze of sandy tracks wind back half a mile from the highway through clumps of one and two family tents. The original 60 acres has been expended to 150 and workmen are hacking down grass and trees around the perimeter to enlarge it to 200 next year.

The lakes are a natural focus for holidayers from a twenty-mile radius. Manager Denis Rochefort, 38, estimates that 2,000 sun tan seekers surge onto the site every warm Sunday. He counts regular patrons from Ormstown, Huntingdon, Valleyfield and Chateauguay.

The majority of his summer campers, however, are Montreal families looking for an unspoiled summer camp ground. They've moved in with beach umbrellas and 30-foot trailers, permanently planted lawns and deck chairs.

For the $18 a week it costs to rent a trailer lot, the residents don't get much privacy, but fringe benefits make up for it. Besides the obvious drawing cards of sun and lake, there is free use of a baseball diamond and an embryonic miniature golf course.

An ambitious management intends to supplement its lake system with $28,000 Olympic size swimming pool in two years, according to Rochefort.

Standing just inside the gravelled main entrance is a rambling dance hall and restaurant. When winter arrives and the summer campers fold their tents, the hall is taken over by a skidooing club that uses Lac des Pins as its winter playground.

The heart of Lac des Pins is its three tiered system of Lakes. A roadside pump squeezes 480 gallons of water per minute from an underground spring and feeds it into the head of the highest lake in the chain.

There, the level is held at 28 inches for the young swimming set who don't stand any higher themselves. The excess sheets over a concrete wall into the middle, three foot ten-inch deep lake. Finally, and farthest from the road, comes the deepest swimming pool at five feet, six inches.

Each of the three is overseen by a lifeguard while nearly twenty other workers sweep the area for rubble left by the same vacationers who come looking for clean, natura beauty.

teams. To date, Tony Brice, Art Dorey and Nick Dilallo have made clear the intentions to work free under the same terms as the coaches of the close to 50 teams which will form the league. The league needs more of these types, so why not come along and help out the boys Dad.

School opens this week, and for sure the great majority of kids hate the thought, and yet, many of the students at Billings appear happy for the opening of classes or so they tell us. The large school seems to have an atmosphere that attracts the teen agers, and if you ever get a chance for an honest talk with your own teenager, they can tell you stories that liken Billings to the Riverdale High that you find in the Archie comic strip.

The weather for the Labor Day weekend really outdid itself, and if Monday was a repeat of Saturday and Sunday, the last summer holiday weekend certainly gave campers and swimmers a fine chance to enjoy themselves. Let's hope that the highway toll doesn't spoil the festivities.

We hear many things about the terrible drivers in Quebec, and yet, in our travels through the Northern United States and Ontario, it is our belief that they are as bad if not worse than Quebecers. This idea may not be shared by all, but there is no way that anyone can convince us that we are wrong.

It is the parent's responsibility to register the birth of a baby. In most places, the birth of a baby must be registered during his firth month. This should not be neglected as a birth certificate is needed many times in later life. Your doctor will tell you how to register in your locality.

CADET TOPS CAMP

September 9, No. 626 Squadron of the Royal Canadian Air Cadets will commence its second year of operation in Chateauguay. For the second consecutive year the Squadron has had the honor of having a Cadet lead the parade at camp. This year Corporal James Quinn took the honors. This is quite an achievement considering there are 500 Cadets attending camp. W.O. 1 M. Grjszczynski and S. Seath both won Flying Scholarships and received their wings at C.F.B. St. Hubert. In recreation the Squadron came second in the Swimming events and James Quinn won a bronze medal in the events.

Lt. P. Mersel Chief Instructor has arranged many trips and has compiled a fine program for the new year. Arrangements are now being made for Flying at St. Hubert, Lamacaza Missile Base, Ottawa and many others.

Any boy between the ages of 13 and 18 interested in becoming a cadet is invited to drop down to the St. Paul School, on St. Joseph Blvd. any Tuesday night at 7:30 p.m.

FOULE NOMBREUSE AU SPECTACLE AQUATIQUE

Le spectacle aquatique présenté mardi dernier, le 26 août, à la piscine du Centre Civique du Comité de Huntingdon, attirait une foule incroyable de spectateurs intéressés.

Le programme débuta par une démonstration de nage donnée par la classe spéciale des toutpetits — Eric O'Connor, Lynn Cockshutt, Robin Rollerie, Mike Ouimet, Linda Bennet' Robin Myre, à l'aide des instructeurs Nina Caldwell et Janet Evans.

Toujours avec Mlle Nina Caldwell comme instructeur, la classe juvénile représentée par Hélène Goulet, Michel Higgins, Martine Latreille, Debra Legros, Debbie Reid, Deborah Ouimet, Rose Taillefer et Jackie Watson fit ensuite valoir ses talents.

Puis trois representants de la Classe Adulte effecturèent une longueur de piscine à la nage. Mlles Geraldine Wattie et Francine Lalonde partageaient la vedette avec M. l'abbé Marcel Gareau qui prouvait une fois de plus son dévouement à la cause de la piscine dont il n'a cessé de se faire le champion.

Les jeunes de la classe Junior avec Mlle Caldwell comme instructeur, suivirent. Patsie Murphy, Lyne Latreille, Jean-Claude Latreille, Sylvain Latreille, Susan Middlemiss et Peter Arnold représentaient cette classe. Dans la classe intermédiaire on put voir à l'oeuvre: Gerry Mc Gerrigle, Diane Blanchet, Joëlle Décloitre, Charlene Cameron et Kim Curran. Pour la classe Senior qui symbolise un degré très difficile d'accès, Ian Elder et Jamie Henderson firent valoir leurs talents. Quant aux aspirants à la Médaille de Bronze, ils étaient trois — Nancy Gunion, Donald Goodall et Sr. Francine Fournier.

Après une courte intermission où l'on en profita pour installer les lignes pour les courses, quatre jeunes — Jean-Luc Tremblay, Serge Picard, Alain Thibault et Hugh French nagèrent le 25 mètres et le gagnant fut Jean-Luc Tremblay avec un temps de 19.2 secondes. Dans la course de 50 mètres disputée entre Luc Ringuette, Denis Guérette, André Dorais et John Arnold, Luc Ringuette fut le gagnant avec un temps de 37 secondes.

Vint ensuite la partie peut-être la plus spectaculaire du programme, celle des plongeons. Du tremplin d'un mètre, avec l'instructeur Janet Evans, plongèrent Alain Thibault, Jean-Francois Rougerie, John Watson, Janice Goodall, Helen Anderson, Janet Evans, Gerry McGerrigle et Hugh French. Du tremplin de 3 mètres, des prouesses furent accomplies par John Watson, Jean-François Rougerie, Helen Anderson et Janet Evans.

Le programme de la soirée fut couronné par un charmant ballet aquatique exécuté par les jeunes demoiselles attachées au personnel de la piscine pour cet été — Mlles Janet Evans, Helen Anderson, Janice Goodall et Nina Caldwell.

Nous apprenions récemment qu'il n'existe dans toute la province de Québec qu'une seule piscine de dimensions olympiques — à Pointe-Claire. Même Montréal n'en possède pas une seule et encore moins Québec. Peut-être y aurait-il moyen d'emmener nos jeunes les plus prometteurs s'exercer de temps à autre à la piscine olympique de Pointe-Claire. Cela leur serait certainement très profitable.

En attendant, des résultats très intéressants ont certainement été obtenus ici même à Huntingdon et tous les responsables ne méritent que des félicitations.

Bourse offerte à M. l'abbé Gareau

Dimanche le 31 août, une quête spéciale avait lieu à toutes les messes à l'intention de notre dévoué vicaire, M. l'abbé Gareau. La bourse ainsi recueillie a été présentée à M. l'abbé lundi après-midi, au chalet de M. Doug Burns, en présence de tous les marguilliers réunis: Mme Lise Villeneuve, Beatrice Collum et MM. Doug Burns Léo Beauchamp, Emile Leblanc et Gerald Smith.

Après cette présentation, au nom de tous les paroissiens, une fête amicale avait été préparée en hommage à M. l'abbé Gareau.

Eliminatoires baseball bantam

A la fin de la saison régulière de la Ligue de Baseball Mineure de Huntingdon, les quatre équipes de la section Bantam se situaient ainsi:

Première position:
Equipe Lussier Frères.
Deuxième position:
Equipe Lazure & Frères.
Troisième position:
Equipe Roch Trépanier.
Quatrième position:
Equipe de la Légion.

Lundi, le 25 août, l'équipe en première position rencontrait celle en troisième. La partie se termina 27 à 11 en faveur des joueurs de Roch Trépanier. Mercredi, les deux mêmes équipes se faisaient face et Roch Trépanier remporta la victoire 11 à 4 pour éliminer ainsi l'équipe de Lussier Frères.

Mardi soir, le 26 août, l'équipe de la deuxième position rencontrait celle da la quatrième et Lazure & Frères remporta la victoire 13 à 6 contre la Légion. Ces deux mêmes équipes devaient jouer une seconde partie vendredi soir mais la joute fut contremandée à cause de l'épaisse brume qui enveloppait le terrain de l'Exposition. La partie eut lieu samedi soir et la Légion l'emporta cette fois contre Lazure & Fr. par le compte de 10 à 8. Une troisième joute entre ces deux équipes était donc nécessaire pour déterminer le vainqueur. Cette joute fut disputée dimanche à 1. h. de l'après-midi et la Légion l'emporta 6 à 3, pour éliminer Lazure & Frères.

La série finale débuta dimanche soir à 9 hrs entre la Légion et Roch Trépanier. L'équipe de la Légion remporta une belle victoire de 11 à 2. Lundi soir, continuant la série de 3, les deux équipes ne purent jouer que deux manches où la Légion menait 7 à 3 et la pluie vint arrêter la partie.

DERNIER DIMANCHE ABBE GAREAU

M. l'abbé Marcel Gareau, vicaire de la Paroisse St-Joseph de Huntingdon depuis bientôt neuf ans, remplissait ses fonctions dominicales pour la dernière fois dans cette paroisse, dimanche, le 31 août. En effet, M. l'abbé Gareau a obtenu de l'évêché la permission de partir étudier une année à la Catholic University of America à Washington. D.C.

Du haut du clocher de l'église St-Joseph flottait une musique douce, sans doute les airs préférés de M. l'abbé Gareau qu'il voulait partager avec nous en ce dernier dimanche, pendant que les fidèles se hâtaient pour la messe.

Au moment de l'homélie, M. l'abbé Gareau nous parla avec émotion de ses années passées parmi nous et avoua qu'elles lui avaient paru bien courtes. Il commenta l'Evangile du jour qui contenait la belle image des oiseaux du ciel et du lys des champs dont le Seigneur s'occupe si bien. Comment la Providence abondonnerait-elle l'homme, le chef-d'oeuvre de la Création? L'épitre rappelait les valeurs positives de la charité-bonté, affabilité, patience, joie. M. l'abbe Gareau dit s'être efforcé de pratiquer en tout temps ces vertus dans l'exercise de son ministère parmi nous. Il invita les fidèles à lire la Bible, à l'étudier, à réfléchir sur le message qu'elle contient. Lui-même part étudier en profondeur la Bible, l'oecuménisme, la psychologie des jeunes afin de se renouveler.

Où que M. l'abbé Gareau exerce son ministère après son année d'études, les paroissiens de Huntingdon savent qu'il y sera, comme ici, aimé et apprécié de tous. Les différentes organisations de la paroisse préparent une soirée canadienne à la salle des Chevaliers de Colomb, mercredi soir, le 3 septembre à 8 heures, à l'occasion du départ prochain de M. l'abbé Gareau.

Bienvenue à tous.

LE TENNIS A ORMSTOWN

La semaine dernière, à Ormstown eut lieu le tournoi annuel de tennis local. Nous avions, cette année, quatre classes dans la catégorie sénior. Dans la classe de filles en dessous de 20 ans, le vainqueur fut Diane MacDonald. Dans la classe de garçons en dessous de 16 ans, le vainqueur fut Jean-Pierre Forget. Dans les garçons de 20 ans et moins, ce fut Yves D'Aoust et enfin, chez les hommes de 21 ans et plus, le trophé fut gagné par M. Pierre Lejeune.

Cette année, grâce aux Loisirs d'Ormstown, les jeunes aussi ont pu jouir du tennis. En effet, pendant sept semaines, des cours de tennis leur ont été donnés et à la fin, comme les plus vieux, ils ont eu un tournoi et des trophées. Dans le groupe "C", la gagnante chez les filles fut Line Duquette et chez les garçons: Roch Carrignan. Dans le groupe "B": Marielle Primeau fut vainqueur chez les filles et Pierre Vallée chez les garçons. Enfin, dans la groupe "A", les deux gagnants furent: chez les filles, Louise Beauchamp, et, chez les garçons, François Barrette.

La fin des cours de Tennis pour les jeunes se termina par un voyage au Zoo de Granby. Pour les membres séniors, la remise des trophées fut couronnée par un souper dans le parc et d'un feu de camp vers la fin de la soirée.

Nous profitons de cette occasion pour remercier en premier lieu le Comité des Loisirs d'Ormstown, les deux instructeurs de tennis: MM. Jean-Pierre Forget et Yves D'Aoust pour leur travail auprès des jeunes; le président du tennis. M. Raymond Boulanger, ainsi que Mlle Angéline Forget, vice-présidente pour leur précieuse collaboration. Enfin merci à tous ceux qui sont venus jouer chez nous et nous souhaitons les revoir l'an prochain.

141ième EXPOSITION ANNUELLE DE HUNTINGDON

Du 28 au 31 août, ce fut la fête au village. Les manèges s'étaient installés au milieu de la semaine et, dès jeudi, faisaient entendre leur musique aux harmonies métalliques et étaient la nostalgie dans le coeur des passants. Jeudi soir, ce fut le défilé traditionnel avec les Majorettes de Huntingdon et d'Ormstown, les Highland Pipers de Châteauguay Valley, et les chars allégoriques. La présentation de la Légion qui avait choisi comme thème "Construisons la nation" fut jugée la meilleure et remporta le premier prix. Une foule nombreuse s'était pressée le long de la route pour admirer le défilé.

Et cette foule a continué d'affluer pendant les quatre jours que dura l'Exposition. Personnes d'âge mur, gens dans la quarantaine, adolescents, les tout-petits, tous semblaient éprouver le même attrait vers cette manifestation communautaire. On se faisait un plaisir d'essayer les différents jeux, de visiter les kiosques du Comité du Centre Civique, des Dames Auxiliaires de l'hôpital de Huntingdon, de la Légion. Les exhibits agricoles attirèrent aussi beaucoup d'observateurs et les chevaux ne manquèrent pas d'avoir leur succès habituel. On pouvait aussi admirer quelques nouveaux modèles d'auto-neige dont un modèle verte et un autre mauve dont les couleurs ont ravi la jeune génération.

L'exposition s'est terminee en splendeur par un concours hippique l'après-midi et, le soir, par un gala de fanfares avec les Majorettes de Huntingdon et d'Ormstown et les cornemuses des Highland Pipers.

On peut se demander comment l'Exposition de Huntingdon connait chaque année un succès de plus en plus grand. Après tout, les gens ont visité Expo '67 et Terre des Hommes. Plusieurs se rendent chaque année au Canadian National Exhibition de Toronto. Pourtant l'Exposition locale conserve son charme. Peut-être est-ce le plaisir de se retrouver entre amis, la joie d'encourager les oeuvres de bienfaisance de notre région? Cette année, il y avait l'attrait additionnel des joutes de baseball auxquelles participaient nos jeunes. Il est merveilleux de constater que la population ne soit pas désabusée mais conserve son enthousiasme et retrouve pour quelques jours un coeur d'enfant.

H'don Fair

Paraders Stole Show

Biggest, loudest and most colorful. That just about sums up the big parade which acted as official opener for the 1969 edition of the Huntingdon Fair.

Headed by dignitaries and V.I.P.'s the parade got off to a good start under ideal weather conditions and to the applause of throngs crowding the town streets all the way to the Fair grounds. Even the new bridge was lined with spectators side by side, some standing and some sitting on the guard rail, as they clapped their hand and shouted encouragement and compliments to those in the parade.

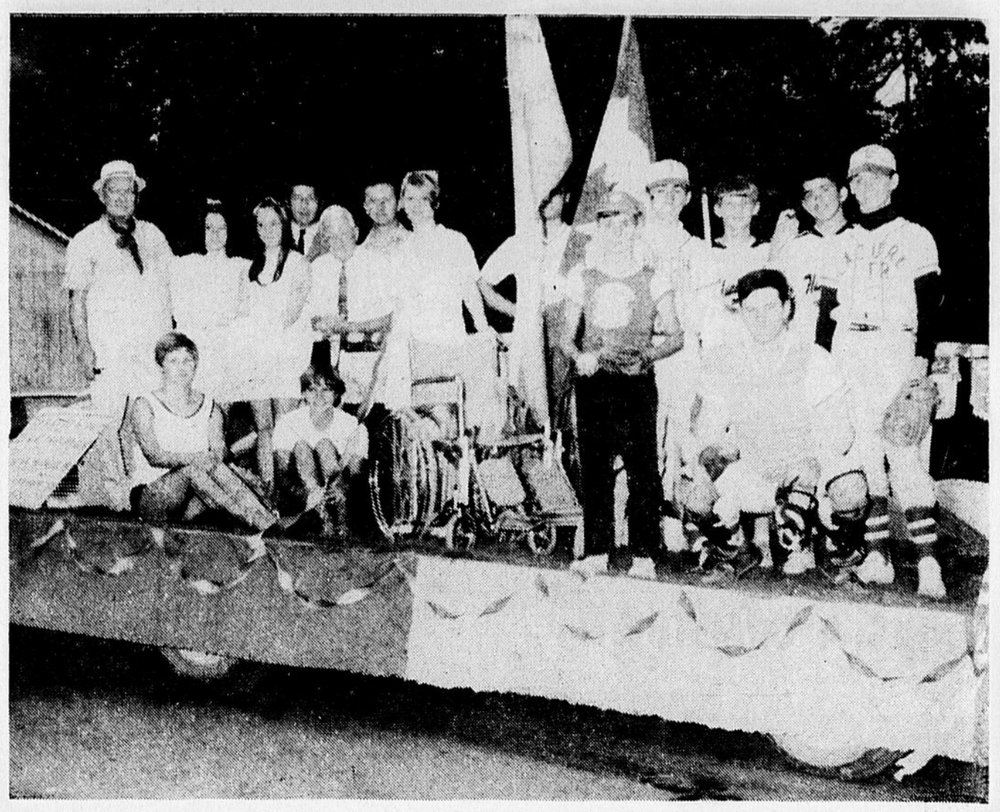
The parade was a good one. It did the town and the Fair proud. Much thought and effort went into the preparation to say nothing of the excellent work of the organizers. By 8.15 p.m. King Street in front of the Academy appeared a mass of confusion and disorganization. Float after float crowded one another. Children, majorettes and bands added to the colour and excitement. But at starting time, all managed to move forward in proper order and precision, and a parade was born.

There was no lack of variety. Along with beauty contestants there were commercial floats, privately sponsored floats, Club floats, cars full of dignitaries, and even Bozo the clown. Everything from dune buggies to Wolf Cubs.

As the parade passed by, and the crowd closed in at the rear, a traffic jam ensued due to the large numbers making their way to the Fair grounds to see the sights.

At the conclusion of the parade, the judging was finalized, and presentation of awards was made by Mr. Gerald Laniel M.P. Results of the judging were as follows: Floats, first Huntingdon Legion Br. 81; second Maple Leaf Grange; third Rene Foran All Night Houseparty, tied for fourth Riel's Saddle Store and La Belle Epoque 1800's tied for fifth County Civic Center and Huntingdon Cub Scouts.

Bicycles, tied for first Sandra Fawcett and Rose Taillefer; tied for second Debbie Reid and Bonnie Taylor; tied for third R. Brisebois and H. Daoust; fourth Pauline Scott fifth, Patsy Greenbank.



Huntingdon Rotary Club's float depicting the Club's activities gets ready to join the parade after being fitted out. Participants shown in the above photo are: Sitting front; Nina Caldwell, Helen Anderson. Standing front: John Hartman, Diane Blanchette, Suzanne Dumouchel, Pauline Trepanier, Serge Picard, Norman Tremblay, Michael Dooling, Paul Brisebois, Denis Charland, Ian Gill. Standing rear: Jean Louis Trepanier, Dick Tinker, Jim Smythe, Rejean Gelinas.

Later in the arena the wife of the agriculture minister presented Eileen Howard of Malone with a ribbon for her prize-winning appaloosa.

Surrounded by a happy mob of youngsters, pretty Miss Monique Nadeau smiles under her parasol at the camera while waiting to join the parade.

Little Susan Riel sits on the donkey while her father and sisters share the float. Young brother Philip looks out the tiny barn which he shares with a small calf.
