The annual celebration of Labor Day by Bryson Lions assisted by Mine and Mill Workers Union Local 880 New Calumet Mines, and Citizens of Bryson held in the Public Square Monday September, 5, was attended by upwards of 3,000 persons in this prosperous mining section of Pontiac.

Of chief interest was the drilling contest by experienced miners and log sawing contest for championship honors. Step dancing drew a large list of entries: Games of chance and bingo were favored by the crowd and continued throughout the evening. The main prize draw of the day an Admiral Television set was won by E. W. Johnson, the President of Local 880, New Calumet Mines on a ticket drawn by

Hodgins - Krose Wed In Double Ring Ceremony

Miss Greta M. Krose of Ottawa, daughter of Mr. and Mrs. Paul A. Krose of Ladysmith, Que., became the bride of Mr. Desmond G. Hodgins of Ottawa, son of Mr. and Mrs. George Lemuel Hodgins of Shawville, in a double ring ceremony at two o'clock on Saturday, August 27 in St. John's Lutheran Church, at Ladysmith.

Rev. E. Buehler was the officiating clergyman, with Miss Kay Woodley as soloist (Wedding Prayer) and Miss Carol Smith as organist.

The church was decorated with mixed shades of gladioli. Given in marriage by her father, the bride was attended by Miss Hertha Borowski, cousin of the bride as maid of honor, dressed in blue; Miss Dorothy Dagg, as bridesmaid, dressed in pink, and Miss Glenda Krose, sister of the bride as junior bridesmaid, dressed in yellow. Mr. Carson Hodgins, brother of the groom was bestman and the ushers were Mr. Philip Hodgins, brother of the groom and Mr. Carl Krose, brother of the bride.

The bride's wedding gown of net was designed a strapless bodice, with sequins over which she wore a lace bolero with lily point sleeves and a full skirt. Her fingertip veil of sequin sprinkled net was held by a crown headdress of sequins and pearls, and she wore a pearl necklace, a gift of the bride groom. Her bouquet was of red roses and Stephanotis.

A reception was held at the home of the bride's parents, where the toast to the bride was proposed by Mr. J. P. Bradley and Rev. E. Buehler.

Later the couple left on a honeymoon trip to Lake Placid and the northeastern United States.

The bride's travelling ensemble was a suit of pink corded taffeta, with white accessories and a corsage bouquet of Talisman roses.

On their return, Mr. and Mrs. Hodgins will make their home at 127 Osgoode street, Ottawa.

Many Claim Honour - Elsie Gibbons Is First Quebec Mayoress

Contrary to claims of other Quebec municipalities and reports in the daily newspapers, Mrs. Gordon Gibbons still holds title to being the first mayoress to be elected in the Province of Quebec and always will. In May 1953, Mrs. Gibbons was elected to the position of mayor of the town of Portage du Fort and the pages of time cannot be turned back even by the strength of the daily press.

One year after Mrs. Gibbons' election, Mrs. Thomas Urquhart became mayor of Pointe Claire, a suburb of Montreal, and this year a third Quebec woman mayor has been chosen at St. Eustache.

Mrs. Gibbons is a native of Portage du Fort, having lived all her life there. Her grandfather, the late George Thacker, came from Sheffield, England, in 1860 and worked as a cabinet maker and casket builder for the last half of the century. Mrs. Gibbons was married to Gordon Gibbons, a cattle drover, thirty three years ago and has carried on a general store and restaurant at the corner of Main and Church streets in Portage du Fort. She is deeply interested in all village undertakings.

She is organist of St. George's Anglican church and active in the work of its Women's Guild. She is a member and financial secretary of Adinah Lodge of Rebekahs at Shawville. She has a son Marlin, 20 years old.

Portage du Fort is a village that has seen more prosperous days. Incorporated 99 years ago, it flourished in the days before the railway lines went west along the Ottawa river. When supplies and men for the lumber camps came up the river in boats or by team in winter, they disembarked at Portage du Fort to begin the trek above the swift water west of the village, and sent goods on to Fort Coulonge and West.

In the years between 1850 and 1900 the population of Portage was 1,200, and this has now gone down to less than 600. In those years Portage du Fort was a lumberman's centre, and many people made big money during those years. But since then it has lost this means of livelihood; and the men of the com-

munity work at the Dolomite quarry, the Light Alloy company and the Magnesium plant at Haley Station, or in the works of the Hydro development. The town suffered loss of half its business places and homes by a disastrous fire in 1914 from which it has never fully recovered.

1956 will be the 100th anniversary of the incorporation of the village, and it is planned that there will be a suitable celebration of the occasion. The village is proud of its history, and at the foot of the main street there is a monument erected. The front part of this announces that Mrs. Bond Head, wife of the Governor of many years ago, landed from a canoe at the village. The side, facing up street, has inscribed upon it the names of seven boys who lost their lives in the First World War, and one in the Second.

Carson - Smart Exchange Vows At Starks Corners

Man Killed In 40 Ft. Fall

Quyon—A 40-foot fall from a ferris wheel at the Quyon Fair on Saturday afternoon brought death to a midway worker and resulted in an Ottawa woman sustaining a broken leg.

Dead is Gerry Ouellette, 26, of Sherbrooke, Que., an employee of the Peter March Shows of Toronto.

Injured when struck by Ouellette's falling body was Mrs. Irene Pepper, 39, of 163 Holland Ave.

Police reported Ouellette had been making repairs on the ferris wheel 40 feet above the ground. Apparently he lost his hold and, falling free, plunged toward the ground.

Mrs. Pepper was standing below unaware of the danger. As Ouellette's body hurtled down, he struck Mrs. Pepper across the chest and fell heavily on her leg.

Mrs. Pepper, her husband Leonard, and three children, Garry, 9, Nancy 7, and Stephen 2, had been riding on the ferris wheel just before the accident.

The family was standing below the wheel, Mr. Pepper holding the (Continued on Page Five)

99th Fair

(To be sung to the tune of Chapeau Boys. If you don't know the tune of Chapeau Boys, try Sweet Betsy From Pike. If you don't know Betsy I'm sorry.)

Chorus:

Sing Toora Lie Oura, We'll see you all there.
For everyone goes to the Shawville Fall Fair.

We all went to Shawville to see the Fall Fair;
The annual treat that the farmers all share.
Some came by flivver and some came by wagon
But everyone came, and nobody was laggin'.

From our place to town there's a pretty good road
So the trip was not bad even with our great load.
The kids were excited and fought all the way
But that couldn't spoil this most glorious day.

The first man we met was old Smiley himself
With a smile on his face like a leprechaun elf.
He shook all our hands and made us feel proud
And at once we felt welcome in spite of the crowd.

We stopped at the gate just to have a quick look
And signed all our names in the Visitors Book.
We wanted to park but we had to stop first
At the Lions Club booth for to quench our great thirst.

The kids all took off but the folks didn't care
For they knew they'd be safe at the Shawville Fall Fair.

The St. Johns and Boy Scouts on duty they stand,
And if you are hurt they will lend you a hand.

We went to examine the sheep and the swine.
Their coats were all brushed and their toes were ashine.

The names of the winners were tacked on the wall:
The Hampshires and Yorkshires and Tamsworth and all.

Carl Dale was next door with his fine feathered frien's

His Cocks and his cockerels, his pullets and hens.
With turkeys and bantams and geese on display
The Poultry Division was noisy that day.

The Dairy Exhibits were made bright and cheery
By Mrs. Hurst Hodgins and Mrs. McCleary.
With cheese and with honey, with butter and bread
The smell was so sweet that it went to your head.

There was angel food, sponge cake and Parker House rolls.

Pickles and relish in jars and in bowls.
Canned beans and hard soap and other such staples

And sugar and syrup from Pontiac maples.

We all were so hungry we wanted to take
A bite of the pie or a piece of the cake.
So up to the second floor lunch room went we
And had us some sandwiches, cup cakes and tea.

From lunch we went straight to the fancy work stalls,

Where applicayed tea towels and crochettied shawls,

Shopping bags, mittens and patchwork quilts too
Were laid out with care for the judges to view.

The paintings were lovely without any doubt,
And the plants that had blossomed in spite of the drought.

The woodwork and weaving and shell work was fine

And the Asters and Dahlias stood proud in their line.

We hurried downstairs so we wouldn't be late
To watch them judge field grain spread out on a plate.

The year had been awful with drought and with heat

But some of the entries were still hard to beat.

OTTAWA Report: by Anthony J. Wright

What would you think if your supplies of food and clothing slumped by half? That's what has happened, it seems, to the Eskimo and Indians who depend, for meat and skins, on the caribou in the Mackenzie District and in the northern half of Keewatin. Canadian Wildlife Service planes, after flying the equivalent of ten times the trip between Vancouver and Halifax, report only 300,000 caribou in the region. There were 668,000 of these Canadian reindeer there in 1948. Why the decline? No one here knows fully — not even Dr. A. W. Banfield, animal scientist with Northern Affairs and National Re-

sources, or Mr. T. H. Manning, executive director of the Arctic Institute of North America.

The annual decline was expected to be 32,000 animals. Wolves, drownings, plant failures, small families, may have all contributed to the drop in numbers, but they do not explain it completely. The cure? We don't know until we know the cause. The Wildlife Service and the Arctic Institute, if both can get funds, the first from Treasury Board, the second from grants either by bodies like the Carnegie Corporation or from private industries, would be able to

Some of the carrots and pumpkin and corn
Had had a bad year and looked rather forlorn
But judges were judging and giving out prizes
For smoothness and color, for weights and for sizes

The onions and peppers and carrots and fruit
Were shining in bright little baskets to suit.
One little boy who just couldn't resist
Got away with a plum which will never be missed.

We followed the crowds which appeared to be going
Outside to the grounds where the cattle were showing.

But before we got close to a bull or a cow
We stopped to watch boys with a tractor and plow.

This was the contest the young lads were in,
Ploughing and discing as neat as a pin.
Delmer and Everett and Arthur Kilgour
Were watching the youngsters and keeping the score.

We finally got to the Calf Club parade.
That's where they say the best farmers are made.
The boys and the girls and the calves which they led

Looked awfully well scrubbed and extremely well fed.

We suddenly felt that from hunger we'd drop
So we bought some sweet corn from the Legion's wee shop.

Then laden with corn and some soda pop too
We went to the grandstand, the horse show to view.

There were Percherons, Belgians and Hackneys
And Clydes,
Tall ones and short ones and skinnies and wides.
The mayor drove out with his tandem hitched pair,
And even Frank Ryan had come to our Fair.

The racing of pacers was next on the bill.
And everyone got a particular thrill
As drivers from home and from far away places
Took turnabout winning the afternoon's races.

Potato chips, hot dogs and cokes were our dinners.
We munched as we cheered both the losers and winners.

Excitement was wild and the peak of the show
Was when Toots Cecile shouted out, "It's a Go".

As darkness stole over the fairgrounds that night
The grandstand was stilled by a wonderful sight;
Circling and forming in row upon row,
The pride of the County, the Breed Cattle Show.

The stars in the sky came out, blinking to see
The finest of purebreds in our whole countree
With Pontiac's Dairymen none can compare
And they all bring their best to the Shawville Fall Fair.

The velvet eyed Jerseys, the sweet little things;
The proud Shorthorns strutting as though they were kings;

The glamorous Ayrshires, large uddered and tall;
And the black and white Holsteins outnumbering them all.

The Midway was calling with music and lights
So we all went over to look at the sights.
A four legged man and a bright painted clown.
A lady so fat that she couldn't sit down.

The dancing girls wiggled, their feathers all fluttered

The pop corn was good, both the sugared and buttered.

The snake charmer charmed and the acrobats flew;
We ate candy apples and sugar floss too.

We shot at a decoy and won us a doll.
A man drove a motorbike straight up the wall.
We rode on the 'Coaster' and big Ferris Wheel
And came back to earth with our heads still a reel.
We gaped and we stared and we wandered away
And thought it was time we should call it a day.
We drove to the farm by the light of a star.
With the children asleep in the back of the car.

The ninety ninth Fair was a thing of the past.
But memories fond they would linger and last
Of friends and relations that we had met there
For everyone comes to the Shawville Fall Fair.

find skilled zoologists to live in the Arctic to find both cause and cure.

Meanwhile Eskimos may be enrolled to hunt wolves for the good of caribou. 800 buffalo will be slaughtered this year at Wood Buffalo Park, Alta., instead of the annual 500, so that Eskimos and Indians will get more meat. I learn that the buffalo are killed to keep the numbers of the 12-15,000 buffalo down. The slaughtering apparently stimulates the younger animals, makes for a more vigorous herd, maybe that's why they move presidents up to be chairman of the board in industries! (We've got more buffalo in the Alta reserve than they have in the U.S. — nice to know the animal is not dying out).

I heard too that the Arctic Institute, a practical group studying the northlands for Canada's good, in part, gets only \$5,000 yearly from Canada. We have just dropped a cheque for \$1½ millions into the U.N. lap for technical assistance in underdeveloped areas. How about our northlands? Aren't they undeveloped enough? We give \$25 million yearly to S.E. Asia under the Colombo Plan. Could we not develop a caribou plan for the Eskimo?

Along with news that Canada's civil servants are planning demands for wage hikes comes refreshing tidings that Stewart Bates who did well at Fisheries as dep. min., has closed 15 of the local offices of the Central Mortgage and Housing Corporation, thereby saving us \$100,000 yearly in rent and salaries. Not all the 60 staff affected lost employment, 34 moved to other C.M.H.C. posts. Mr. Bates, who blows like a fresh wind as the government service gets fatter and more top heavy than ever, says his C.H.M.C. can get along just as well with 89 offices as with 104. Ottawa should put him in charge of a powerful investigating group to probe the staffs in Ottawa, the jobs they do, how worthwhile the work is, whether or not they are miserable through using talents at half pressure on futile work which could well be left undone. I am not thinking of hard-walking mailmen, harassed TCA staffs or CNR engineers but the pushers of unnecessary papers.

Many Ottawa offices have three poorly trained stenographers doing the work that one highly paid competent girl could do. When executives and other girls see that, the spirit of the system bites into them in turn. They become busy clock-watchers, write memos to each other to keep each other busy and generally worship basely at the shrine of security and the tax-supported pay cheque. The government is a good employer, too good; it would get further by paying more, but to more skilled, smaller staffs in many sections, thus saving money and boosting morale.

Ottawa and Hull are really sick of the bridges (3) linking them across the Ottawa River, especially of the road and rail Interprovincial span. A woman went faint at the wheel the other day as her car plip-popped across the wooden planks on which cars cross high over the water: the swaying of the span scared her. Hull police and merchants want a new 10 lane span near the Interprovincial. The railway will eventually take their tracks off the Interprovincial. With one good new span, Ottawa would then have three road bridges and both cities could breathe easier.

Racine-Hereault

Miss Victoria Hereault, daughter of Mr. and Mrs. Henri Hereault of Davidson became the bride of Mr. Rhea Racine son of Mr. and Mrs. Ferdinand Racine of Otter Lake in a ceremony at nine a.m., August 18 in St. Peter's Church, Fort Coulonge where Rev. Joseph Gravelle performed the ceremony assisted by Mr. Leo Pelletier the cousin of the groom. Given in marriage by her father, the ride was attended by her maid of honor Miss Celestus Hereault the brides sister. Her bridesmaid was Miss Lisette Racine a sister of the groom. The best man was Mr. Melvin Hahn of Otter Lake and the groom was tended by Mr. Hector Belair of Davidson. The bridesmaid wore a floor length sheer yellow gown and carried a bouquet of pink roses. The maid of honor wore a floor length sheer blue gown and carried a bouquet of mixed blooms. Dinner was served at the home of the brides parents at Davidson and there were over 75 guests present. Among the guests was Mr. Ray Johnston the Provincial member for Pontiac and his wife. For travelling the bride chose a coral coloured gown and white accessories. The couple left on a honeymoon trip to Val d'Or and other points. On their return a reception was held at the home of the groom's parents at Otter Lake on Sunday, August 21.

Erma Murphy Weds James Laughren

Given in marriage by her father, the bride was attended by her sister, Mrs. Albert Bertrand. Mr. Albert Bertrand was best man.

Sisters Marry In Double Ceremony At Waltham

Miss Patricia Lamarche became the bride of Patrick Leblanc of Demers Centre and her sister Georgette married Clayton Kelly of Demers Centre on Saturday, August 27th in a double ring ceremony, performed by Reverend Father D. J. Harrington.

The brides are daughters of Mr. and Mrs. William Lamarche of Waltham. Mr. Leblanc is the son of Mrs. Hilda Leblanc and the late Mrs. Leblanc and Mr. Kelly is the son of Mr. Ben Kelly and the late Mrs. Kelly.

The main altar was banked with white and pink gladioli while baskets of multi color gladioli and candelabra adorned the sanctuary. Miss Patricia Lamarche was given in marriage by her father and Miss Georgette Lamarche was given in marriage by her brother Laurie.

Attending Patricia were Mrs. Elie Rochon, sister, as matron of honor, Little Betty Lamarche niece as flower girl and Billie Lamarche as ring bearer. Miss Annette Lamarche attended her sister Georgette as bridesmaid. Little Miss Virginia Marino niece as flower girl and Billie Lachance as ring bearer.

Mr. T. Leblanc was best man for his brother Patrick and Mr. Rene Kelly was best man for his brother Clayton.

Mrs. John Romain was organist and Mr. J. Johnson was soloist.

Mr. T. Marino and Mr. L. Leblanc were ushers.

Misses Patricia and Georgette Lamarche chose identical gowns of White Chantilly lace and nylon tulle over satin. The tight fitting bodice had long sleeves extending in points over the hand and a small collar encrusted with seed pearls and sequins. The floor length skirt had an overskirt of tulle with insertions of lace matching the bodice. The chapel veils were held in place with a satin coronet with pearl trim. They carried nosegays of red roses.

Following the ceremony, a reception was held in the town hall, where dinner was served to the immediate relatives and a few friends.

The happy young couples left on a honeymoon trip. For travelling Mrs. Leblanc chose a yellow gabardine suit with brown accessories. Mrs. Kelly chose a pinkish grey suit with navy accessories. Both brides wore a corsage of white carnations.

Dean Builds Rafters For New Barn

Pictured above is a barn now under construction for Abe Thrasher, R. R. 1, Pembroke. The barn is 140' long and 40' wide. Of particular interest is the fact that the rafters, built of laminated poplar, are entirely unsupported except at the gable end and under their footings. The rafters were designed and built by Jimmie Dean of Shawville, and follow the design he has used on several barns and outbuildings in the Shawville area during the last year. Jimmie says that the barn now being built for Thrasher is one of the largest he knows of. The largest he can recall in Pontiac is one he built back

No one goes far on a diet of bread and water

BALANCED FEEDING ALWAYS PAYS

SHUR-GAIN FEEDS

There's no doubt about it—no one wants a steady diet of just bread and water.

But — if you're feeding straight grain alone, you're asking your livestock to live and thrive on "bread and water". And it's been proved many times that you can't get the results from grain alone that you get by feeding a balanced ration.

If you have your grain, make it go farther and return you a greater profit by balancing it with SHUR-GAIN Concentrates to add the protein vitamins and minerals it lacks. Or, if you need complete feeds, SHUR-GAIN Complete Feeds are profit-makers, too.

Men, materials... and money

When a business lands an order or a contract, it is likely to go to a chartered bank to arrange some of the financing. It may need bank credit to meet payrolls, to buy materials or to cover other costs that arise before it is paid.

That's why businesses both large and small can take on many jobs they would be unable to handle if they had to depend entirely on their own financial resources... And why, every day and in every part of Canada, the chartered banks are lending money to producers, manufacturers, processors and other commercial customers.

Commercial loans are only one of many banking services available at a branch of a chartered bank. You will find it is a convenient banking service-centre where you can attend to all your banking needs.

Only a chartered bank offers a full range of banking services, including:

SAVINGS ACCOUNTS

Keep your money safe; pay you steady interest; encourage the habit of thrift.

FARM IMPROVEMENT LOANS

For many worthwhile purposes, adding to progress, efficiency and the comfort of farm life.

TRAVELLERS CHEQUES

It is suggested to those leaving their summer cottages that they do not neglect to pull their main electric switch, thus ensuring that no appliance inadvertently left on can cause trouble.

Similarly, those returning to their cottages for week-end during the beautiful autumn days should remember to throw in their main switch - before calling the power company that their power is off!

At this time of the resumption of school, the Company again requests parents to kindly caution their children to refrain from throwing stones at the insulators on the poles of transmission lines!

Aside from the considerable expense in replacing fortunate results from broken them, there is another unknown insulators.

Very often the flow of power is interrupted, causing inconvenience to customers. This, coming at critical times, can be most annoying to people who depend on electrical power to perform many functions around the home and farm.

Remember - it may be your service which will be affected!

These swimming classes of nine weeks duration have been made possible by the local Lions Club, and were largely attended during the holiday season.

Drought Records At Thornby Farm

The farm of Clarence Brown, of Thornby, has not been adversely affected by the drought according to Mrs. Clarence Brown who is one of Pontiac's "grandmothers going back to school" this year. Mrs. Brown will teach grades five, six and seven at Ladysmith Intermediate school and was in Shawville taking the special permit teachers' short course last week. While here, she told us about her unusual produce this year as far as garden vegetables are concerned.

Measurements of the Brown specimens are as follows: Pumpkin girth 49½"; Citron 23"; Potatoes average 1 lb. or 1¼ lbs; one was 2 lbs 6 oz. cucumbers average very large and Mrs. Brown gave us one to prove the story. The garden was planted June ninth and tenth at the Browns hill-top farm and potatoes went in the first Friday in May.

Herman Schroeder

Funeral service was held for Mr. Herman Schroeder at his home on August 22. Mr. Schroeder died after a lengthy illness. He was in his 75th year. Mr. Schroeder was admitted to the Shawville Hospital in early May, remained there for three weeks, then was taken to Ottawa Civic Hospital, was there for 5 weeks, from Ottawa again back to Shawville hospital, for three weeks more, then was taken home by ambulance, still confined to his bed, never the less Mr. Schroeder enjoyed the presence of his family, and in two weeks peacefully passed away. Mr. Schroeder was a prominent farmer in his days and an active worker in all the activities of his community, a faithful member of the Lutheran Church, always responding most generously to all its needs, both spiritually and financially. From his boyhood days until his health failed him he was a member of the choir, served on the church council for many years, as well as county councillor and fire ranger. Mr. Schroeder had a wonderful sense of humor which stood to reason why he was called upon as chairman in many occasions.

Mr. Schroeder was married to the former Miss Emma Steinke who survives, also four children, all married in that same community; five grand children, one brother, Charles Schroeder of Cawood.

In Memoriam

Racine—In sad and loving remembrance of a dear son and brother Kenneth Racine, who passed away September 9, 1954.

He was a flower too sweet for earth.

Sent here but for a while

God marked him when he gave him birth

And took him with a smile.

Gone from us but leaving memories

Death can never take away.

Memories that will always linger

While upon this earth we stay.

—Mother and Daddy,

Billy, Barry and Marilyn.

"ECHOES" From The Hospital Hill

Wedding bells once again. September 17th for Jean Stephens of the Nursing staff and September 24th for Evelyn Howard of the Office Staff.

Miss Velma Sloan, R.N., is at present enjoying her annual leave. Also Milton Morrison, Plant Engineer at P.C.H. Milt we understand is doing the rounds at the Country Fairs.

Lillian Spinks of the Dietary Staff has returned to work after holidaying the past two weeks. And we mean work, she has the Dietary Staff busy canning.

Theresa Jenkins, R.N. will celebrate her 77 birthday on Saturday, September 10th, 1955.

There is an echo that Elaine Hanlon would love to have Shepherd's Pie one of these days. How about it Lillian? Sounds like a very nice request.

Blanche Emmerson is sporting a very attractive hair do by Marjorie.

Sickness struck among the employees in the past week. First Grace Murphy of the first floor diet kitchen, then Patsy Sparling of the Dietary Staff, then Lorena Lance of the Laundry staff and now Ann Kingdom of the first floor staff.

Mrs. Anne Thompson has recently joined P.C.H. staff and is doing a swell job in the Laundry Dept. May we say many thanks for the lovely basket of plums recently donated by Mrs. Thompson.

Also our thanks to Mrs. Ken Hodgins of the Dietary Staff for her generous donation of a chicken.

Well folks they tell me the Shawville Fair is one of the best. I'm sure in our off hours you will see us all there and lets hope they have a record attendance this year. Be sure to wear a jacket with about six buttons so that you may purchase lots of Hospital tags.
