CORNWALL JURY FIND THAT M'COURT WAS KILLED BY AN UNPROVOKED BLOW AT THE HANDS OF CHARLES MASSON

The Facts Were Related by Referee, Judge, Timekeeper, Spectators and Hockey Players—All Practically Agreed as to What Happened—The Inquest Attended by a Capacity Audience Till After Midnight.

Special Staff Correspondence.

Cornwall, March 14.—That Charles Masson [illegible] for the death of Owen McCourt was the finding of the coroner's jury [illegible] judgment upon the [illegible] that [illegible] the blow [illegible] match between [illegible] to which a local player [illegible] down and came to an untimely end.

The verdict was rendered early [illegible] morning after an investigation [illegible].

[illegible] were upon the [illegible] as required to [illegible] came to the [illegible] in their own words.

[illegible] the said Owen McCourt came to his death by a blow from a hockey stick in the hands of Charles Masson during the progress of a game of hockey [illegible] in the Victoria Rink at the town of Cornwall on the 6th day of March [illegible] and that in the opinion of [illegible] the [illegible] by [illegible] the blow at the [illegible] of the said Charles Masson.

[illegible] further [illegible] that [illegible] be [illegible] punished."

That Charles Masson would be found responsible [illegible] the coroner's jury [illegible] ed to be [illegible], but the strength of the verdict [illegible].

[illegible] that Masson had left his position and gone after, [illegible] words, McCourt. The jury was split [illegible] the blame for the Cornwall player's death. The [illegible] suggestion that some form of [illegible] should be enacted to punish [illegible] of rough and foul play, [illegible] necessary because the law [illegible] provides punishment for any class of assault and the jury [illegible] steps towards the punitive measure of the code.

The inquest was held in the County Building, within the very walls of which, even then, Charles Masson was being detained, not as a prisoner, but as a person whose security is necessary to the Crown. The investigation presided over by Dr. C. J. Hamilton, coroner for the district, was held in the court room. Although the place is spacious and sufficient for the requirements of Cornwall last night it proved too small to accommodate those who desired to gain admission and listen to the story of the ill-fated contest in which Owen, or as he was usually called, "Bud" McCourt lost his life. True, it was a twice told tale, but repetition did not appear to have detracted from the novelty of it nor to have taken away from the morbid interest and that expression [illegible] the court room was filled to [illegible].

OLD AND YOUNG IN CROWD.

[illegible] crowded. It was [illegible] old, [illegible] and [illegible] were [illegible] half [illegible] that [illegible] was found that [illegible] of age [illegible] to be present [illegible]. That [illegible] have [illegible] rather than have remained by the [illegible] of [illegible].

But [illegible] of the [illegible] court room [illegible].

There were [illegible] women. Most of them [illegible] but there they sat [illegible] to con[illegible] when at midnight the jury had not yet returned with a verdict.

[illegible] lads of tender age [illegible] sound and unformed [illegible] were listening [illegible] watching keenly [illegible]. No Curfew tolled them to an early bed. Will they grow to realize the real lesson of the incident, or will [illegible] the birth of a hero?

The crowd [illegible] windows, stood on chairs [illegible] and threatened [illegible] with the Coroner [illegible] that was all in [illegible] and there was no disorder [illegible] during the investigation. [illegible] a [illegible] story of what had happened. From the testimony offered [illegible] fairly well established that [illegible] knocks had been given and taken during the match.

McCourt [illegible] aggressive; in fact, he was the first player penalized in the game. He seemed to have a disposition to "rough it," and it seemed that he had pursued an Ottawa player apparently with the intention of striking him. It was at this juncture that Masson skated over.

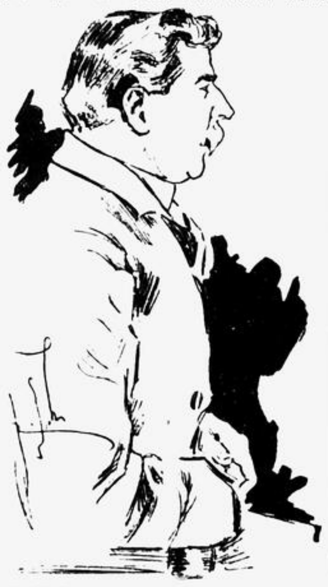
EVIDENCE WAS CONFLICTING.

Some witnesses said that Masson struck McCourt. Others were in doubt, but the referee of the match and men on the [illegible] swore that the Victoria player struck down McCourt and it was evident that the testimony of those who said they had seen McCourt struck down was accepted. There was a general fight after the [illegible] and in the row players of both teams were cut down. That only one was killed seems to have been [illegible] of some special Providence. [illegible] judgment or true sportsmanlike spirit was displayed in those [illegible] yet after all was over there was a fine demonstration of good feeling.

During the investigation and in private conversation with players of either team, there has been shown an extraordinary feeling of regret and a lack of animosity, explainable only on the grounds that the tragic affair has struck deeply to the heart of those interested. Cornwall players seem eager to help the Ottawa man in trouble, and by their testimony and other acts, show a desire to aid him to escape the consequences of the act of which he now stands accused. Many Cornwall people have visited Masson in jail and all seem to share sympathy between the living and the dead. It is a pity there was not such a manifestation of spirit before one was laid low in death.

Twenty-two witnesses had been called to attend the inquest. Of these eleven were examined. These included officials and players of both teams, and the physician who had attended McCourt. Mr. Quinn, the referee, told a clear story and added to his the most telling evidence was given by Mr. Small, an umpire, and Dr. Knight, a timekeeper. The players told mixed tales and seemed to have failed to observe what was happening before their eyes.

The importance of the case and the fact that it will probably come before the Assizes brought strong legal advice to the inquest. Mr. R. A. Pringle, M.P., and Mr. John A. Chisholm appeared to represent the interests of Charles Masson and his family. Mr. J. Dingwell, Crown Prosecutor for the county, was present also and took an active part in the proceedings. As a result there were several warm passages between counsel and some short verbal exchanges were given. Mr. Dingwell made several pleas for a better condition of sport and commented briefly upon it after repeated statements that the match was not a rough one.

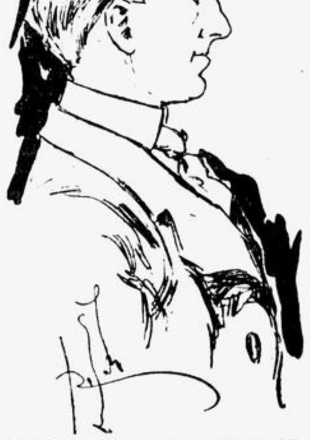


AT THE McCOURT INQUEST.—Mr. David Small, who acted as umpire at the fatal hockey match.

THE EVIDENCE OF THE REFEREE, EMMETT QUINN

Emmett Quinn, on being sworn, said that he was from Montreal. In reply to Dr. Hamilton's questions he said that he had been in Cornwall last week. The purpose of his visit had been to act as referee for the match between the Victorias of Ottawa, and Cornwall. He knew Owen McCourt as a player of the Cornwall team. Asked to detail the particulars of the incident in which McCourt lost [illegible], Mr. Quinn said:

"The puck had [illegible] out of the east side of the rink, towards the south. It went towards the Cornwall goal, and I [illegible] to follow the play. Attracted [illegible] shout, I turned and saw McCourt striking after an Ottawa player, whose name I do not know. McCourt had his stick raised, as if to strike. I blew [illegible] whistle. Then Masson skated [illegible] from his position. He struck McCourt on the left side of the head. Then there was a mix up and several players were engaged in it. Afterwards when things straightened out McCourt was lying on the ice. I helped him to his feet and assisted him to the dressing room."



AT THE McCOURT INQUEST.—Charles Chamberlin, of the Ottawa Victorias, one of the witnesses.

To questions by Dr. Hamilton, Mr. Quinn said that the game had been a strenuous one.

"What do you mean by strenuous?"

"There was plenty of hard checking."

"Was it a rough game?"

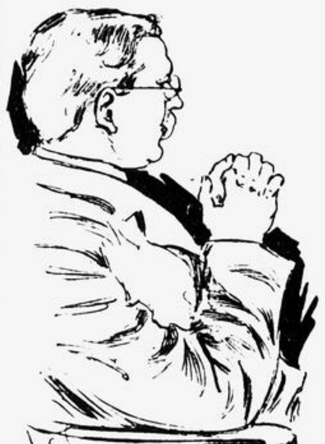
"Not very. There was lots of tripping and minor fouls."

Mr. Quinn was then turned to Mr. Pringle, and was subjected to a lengthy cross-examination. From this it was gained that the referee did not see McCourt strike any of the Ottawa players. There was a serious clash in the middle of the ice, and players were mixed generally. There were blows struck, but the only players he saw striking were Masson and Runions. What other players were in the melee, or what players had been struck in the row, Mr. Quinn could not tell. He explained that his attention had been diverted to McCourt, because the latter was lying on the ice.

Witness said that it seemed to him that McCourt must have been given some provocation at the side. However, in answer to Dr. Hamilton's question, Mr. Quinn said that he had no knowledge of such provocation, it was merely an impression.

Asked by Mr. Pringle if he had seen McCourt struck on any other occasion, Mr. Quinn answered that he had not.

Mr. Dingwell, Crown Prosecutor, took up the examination. He secured a cane, and by means of it obtained a demonstration of Mr. Quinn's impression of the manner in which blows were struck. Mr. Quinn said that he thought that Masson struck McCourt with the heel of the hockey stick.



AT THE McCOURT INQUEST.—Dr. W. D. Knight, time-keeper at the hockey match, where "Bud" McCourt met his death.

SAW PLAYERS HIT OUT.

He could not tell whether McCourt was unconscious or not when he, witness, assisted him to his feet off the ice. He saw other players afterwards hit out, but the only one he saw hit any one was Runions.

To various questions Mr. Quinn said that the puck was fifteen or twenty feet away from Masson.

In re-examination by Mr. Pringle, Mr. Quinn said that when Masson had skated up to McCourt, the player who had been pursuing the puck was on the other side again. He could not tell if McCourt had been struck while lying on the ice. It was possible, but hardly likely, because he himself had skated to McCourt and helped the fallen player to his feet.

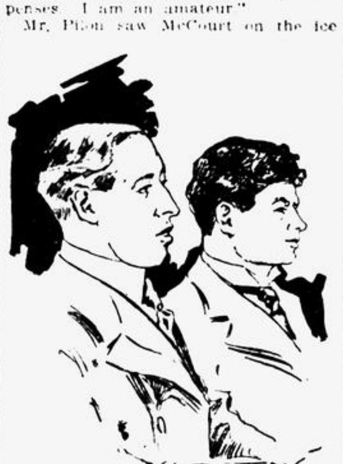
Ernest Alfred Pilon was then called. He said he had been assistant to Mr. Quinn on the occasion of the match between the Victorias of Ottawa, and Cornwall. He did not see McCourt struck. He saw him lying on the ice, and then followed a mixup. Until that time the match had been hard, but he would not call it rough.

Mr. Pringle had no questions to ask, and Mr. Dingwell took witness. To the Crown Prosecutor Mr. Pilon said that he had been asked by Mr. Quinn to act as judge of play.

"Were you paid for this?"

"No, sir, I received only my expenses. I am an amateur."

Mr. Pilon saw McCourt on the ice only after hearing the referee's whistle. He turned and blew his own. There was a general row. Some players seemed to be fighting, others were endeavoring to stop the row.



AT THE McCOURT INQUEST.—Mr. T. Emmett Quinn, of Montreal, who refereed the game in which McCourt was killed, and Mr. E. A. Pilon, of Montreal, the judge of play.

Mr. Pilon then showed the coroner and the Crown Prosecutor how the "hooking" was done. For the purpose of illustration, the assistance of a well known artist was sought and obtained.

ANOTHER WHO SAW A BLOW STRUCK.

John Hunter, goal tender of the Cornwall Hockey Club, was then examined. He participated in the match of March 6, and saw Masson strike McCourt. He did not see the origin of the row, but saw Masson hit McCourt, and then there was a general fight. After that he saw Masson struck by some other player.

Replying to a juror, Mr. Hunter said that Masson struck McCourt from behind.

To the coroner, Mr. Hunt said that he did not consider this particular match a rough one. He did not know of any match this winter in which some player was not hurt by sticks.

Arthur Throop was then called. He is a member of the Victoria team. He saw Owen McCourt on the occasion of the match. He did not see him struck. He himself had been struck on the head and was dazed. He did not know what happened.

To Mr. Pringle, Mr. Throop said that he saw McCourt and Chamberlin with their sticks up. It seemed that one was expecting a blow from the other. He went in with the intention of separating the pair, and at that moment he, witness, was struck from behind.

To Mr. Dingwell witness said that neither Chamberlin nor McCourt struck him. He did not see McCourt strike any one.

Charles Chamberlin also a member of the Victoria Hockey Club, was examined. He, too, had played in Cornwall on the night of March 6. He did not know Owen McCourt, not even on the night in question. He did not see any blows struck. He did not strike any. He himself had been struck down. He knew absolutely nothing of the scuffle or fight. Asked if he had been hurt, Mr. Chamberlin showed his head with a healing wound.

CHAMBERLIN KNEW NOTHING.

To questions by Dr. Hamilton, Mr. Pringle and Mr. Dingwell, witnesses, could not tell anything. He did not know anything of the incident spoken of by Throop.

To Mr. Dingwell's question, witness said that the only player in front of him was at least fifteen feet away.

Mr. Dingwell—"Was it a rough match?"

"No, not up to that time."

"What do you call rough? Here we have had witness after witness come up and say it was not a rough match, yet all the players show cuts and marks and McCourt was killed."

"Well it was not rough up to that time."

David Small, of Cornwall, who had been an umpire in the match was then examined. He had seen McCourt engaged with some player of the other team. McCourt struck the player, and the latter turned as if to retaliate. At that time some other player skated across and struck McCourt. Who this player was he could not say. He was at some distance and to add to the difficulty the players mingled and it was impossible to clearly distinguish what followed.

To Mr. Pringle, Mr. Small said he had an idea that McCourt struck the player he was after with the stick. He thought that the blow was with the flat of the stick and that the player was struck in the back.

SAW MASSON STRIKE.

George Airey, trainer of the Cornwall Club, was heard. On the occasion of that match he saw McCourt and an Ottawa player in the southeast corner of the rink. It seemed to him that the Ottawa player struck McCourt and then skated out. McCourt followed him and struck at him. It was then that Masson skated out and struck McCourt, felling the Cornwall man. He was positive of this. After this there was a row.

The match was not very rough. Witness did not think that there was any bad blood between the players.

To Mr Pringle witness said that Masson struck McCourt several seconds after McCourt had struck the Ottawa player.

To Mr. Chisholm witness answered that there was a mix-up before Masson struck McCourt, that is to say, there were blows struck before McCourt was knocked down.

To Mr Dingwell witness said that the Ottawa player had "punched" McCourt first. The Ottawa player had jabbed McCourt with the end of the stick either in the back or the ribs, and then skated on, with McCourt following him.

Witness described McCourt's condition after the injured player had been removed to the dressing room. His face was covered with blood and there was a cut in his head.

THE TESTIMONY OF THE CORNWALL TIME-KEEPER.

Dr. W. Knight, who had been acting as timekeeper for the Cornwall Club during the match, was then called. The first penalty in the game was given to McCourt. This was for hitting Throop, or at least he was given to understand that Throop was the player. Later McCourt was penalized for hitting some player over the arms. The first thing he saw bearing on the case was that McCourt was following a player, Chamberlin, he understood. McCourt followed the Ottawa man and caught him about centre ice and struck him. Then another Victoria player skated out and struck McCourt.

To Mr. Dingwell, Dr. Knight said that he had not seen Chamberlin strike McCourt. At the time of the trouble these two players were apart from other players, so that the man who struck McCourt must have skated from a distance of fifteen or twenty feet to deliver the blow. The player who struck McCourt must have come from somewhere behind him.

McCOURT'S BROTHER HEARD

Lee McCourt, brother of Owen McCourt, was then sworn.

"I saw Bud in a corner of the rink. He was struck by an Ottawa player with the butt end of a stick. Bud then followed Chamberlin and caught up to him. He struck Chamberlin over the shoulder with his stick, then dropped it and put up his fists. Charley Masson skated across and struck "Bud" over the head."

Dr. Alguire was the next witness. He said that he had been present at the rink, having been sent for to attend a player who had been hurt. He was told that it was McCourt. Later he was informed that McCourt was on the ice. Witness watched the match for a while, and was asked to go to the dressing room. There he found McCourt. The latter was in a state of excitement. He was induced to lie on a bench, but it was hard to control him. Witness examined McCourt. He found a small cut on the head. He put one stitch in. Then he looked at McCourt's left eye and saw that the pupil was dilated and the symptoms were those of hemorrhage of the brain. He sent for a cab and had the injured player removed to the hospital. Dr. Alguire then described the operation of trephining and the results. It exposed a large clot of blood. Bleeding was profuse and it was with difficulty that the artery was secured and a ligative placed. The details of the injury and the methods adopted to stop the bleeding were described. Dr. Alguire had performed a post mortem and the details of this he gave to the jury. The body was that of a healthy young man, free of disease. He described the skull as being thin.

Mr. Chisholm conducted a lengthy examination as to the character and extent of brain injuries.

To Mr. Dingwell, Dr. Alguire said that it was improbable that McCourt's skull would bend or yield sufficiently to cause rupture of the blood vessels. The fundamental cause of death was blood clogs, and these had been due to shock or concussion, to a blow in fact.

SKULL WAS NOT FRACTURED.

The doctor could not explain how a blow sufficient to cause such injury did not fracture the skull.

That there were two clots of blood found led to re-examination by Mr. Chisholm, but no further facts were obtained as to the development of the rupture.

Dr. Roy Nichol was then examined. He had assisted at the post-mortem on the body of Owen McCourt, and corroborated the evidence given by Dr. Alguire relative to the autopsy.

"If these men weren't playing for money these things wouldn't happen," said Mr. Dingwell. Going back to first causes he considered that this was the real evil of the game.

That some effort must be made to prevent the recurrence of such affairs was necessary, according to Mr. Dingwell. "This inquest isn't held for the dead, it's for the living. As to the cause, if you don't find it out now, it will have to be brought out later."

Foreman Porteous said that the jury was prepared to accept the statement that money was paid to players and suggested that no evidence on that point was required at the moment.

A juror—"Let's adjourn."

The jury then retired. This was at 11 o'clock, and it was half an hour after midnight before they had come to the decision, noted in the foregoing, that Charles Masson was responsible for the death of Owen McCourt.

GARMENT SHOW FOR MEN.

An Early Easter Means a Men's Easter—In Town and City.

The milliners and habit makers cannot have it all their own way this Easter. An early Easter usually means a men's Easter.

In the Semi-ready Tailoring this season the display of Spring styles is more than ordinarily interesting by reason of the very handsome fabrics which the British worsted mills devised for the Semi-ready. The new clothes have all a distinctive touch. The Sack coats share in the change of styles with dainty rounded corners on the lapels. The Spring overcoats have the quiet, graceful expression appealing to a man of cultured tastes.

The Frock coats are of course the chief attraction just before Easter, and one does not wonder that the Semi-ready stores have absorbed the whole of the trade in this important creation of the tailor. Every one is invited to the Garment Show at the Semi-ready store.

33 YEARS AS A PRACTICAL HATTER

Our vast experience places us in a position to meet the demands of the trade. We manufacture all our hats and we guarantee you style, fit and finish.

LIFE AMONG DEEP SEA FISHERMEN

Remarkable Career of Dr. Grenfell, C.M.G., the Mission Doctor of the Coast.

On Tuesday evening next, Montrealers will have an opportunity of again listening to a talk by Dr. Wilfred T. Grenfell, C.M.G., upon his work among the Deep Sea Fishermen on both the Canadian Labrador and the Northern Newfoundland coasts. Dr. Grenfell will speak particularly of the new hospital which has been erected at Harrington, on the Canadian Labrador, the first on that coast,—his other three hospitals being at Battle Harbor, Indian Harbor and St. Anthony's, all on the Newfoundland coast through the generosity of friends in Montreal and Toronto.

In a description of his work, written some years ago, Dr. Grenfell says, that in 1883, while studying medicine at the London Hospital in Whitechapel, the conviction was borne in upon him that his religious life was a humbug, and he vowed that, in future he would either give it up or make it real. With this end in view, at the conclusion of his medical course, while looking about for a way in which to satisfy the aspirations of a young medical man with a desire for adventure and definite Christian work, he talked with Sir Frederick Treves, the famous London surgeon—himself a daring sailor and master mariner advised him to ascertain if a doctor could live at sea among the deep sea fishermen on one of the vessels of the Royal National Mission to Deep Sea Fishermen. The result was that, in 1892, the hospital vessel Albert sailed from England with Dr. Grenfell in charge as the only Mission doctor.

In 1894, Canada first became interested in the work. Realizing the futility, in 1896, of trying to give financial aid to men who had to pay from $7 to $8 for a barrel of flour worth $4, and so on, and in order to help the settlers to escape the "truck system" of trade, and the consequent starvation loss of independence and thrift, "we set to work," says Dr. Grenfell, "to find a new sermon to preach on this subject, the result being a sermon with a co-operative store as text, at Red Bay in the Straits of Belle Isle. Three other storeys have since been built." In 1899, largely through the munificence of Lord Strathcona, the steel steam hospital Strathcona was built at Dartmouth, England, fitted with every available modern appliance.

In conferring the order of Companion of St. Michael and St. George, upon Dr. Grenfell, as a reward for heroic missionary work, the King of England has established a precedent in "Birthday Honors." Hardly to be regarded as a conventional missionary, Dr. Grenfell combines the offices of surgeon, missionary, master mariner, magistrate, an agent of the Lloyds in running down the rascals who wreck their vessels for the insurance, a manager of co-operative stores, and a general opponent of all fraud and oppression. He can amputate a leg, cure by modern methods and home-made appliances, a case of paralysis; he can build a ship yard, can repair his own vessel or raise the stern from the water by the rough application of the principles of hydraulics; can handle dynamite, or start a saw mill; and he has a "muscular Christianity" that enables him to knock down and drag out the human beast that comes into Labrador to find an easy prey among the poor fishermen.

COMIC OPERA BOMB CAUSED PERTURBATION.

Taking part of an electric battery from an automobile, persons unknown wrote on the outside the harrowing words "dynamite."

The heavy, harmless, but "infernal" looking machine was placed near the portals of St. Agnes' Church, where the women-folk were making a mission. The joke fell on the right party. A little boy chanced along. He saw the strange object on the sidewalk. It was not good to eat, but he took it home. Papa [illegible] upon the tube, and the [illegible] was severe. He did not even [illegible] his supper, but made a [illegible] to the St. Lawrence street Police Station, and Captain Murphy. The [illegible] had visions of anarchist plots, with now and again a cold shiver as the dynamite seemed to struggle in his grasp. The constables at the station were awed, too, when they saw the words on the package. They buried it in the snow. Still they did not feel safe. There was more than one sleepless constable in the vicinity.

On Tuesday morning a constable white faced and trembling, walked carefully to the detective office, and with a breath of relief, deposited his burden. Even he could enjoy the joke when the make-up of the parcel was explained to him.

Use Reason

Cure Piles Privately at Home Without Pain or Operation.

TRIAL PACKAGE MAILED FREE.

The result of an irritated membrane cannot be cured with a knife, but by removing the cause of the irritation.

What is a more natural cure than a strong and yet healing balm which will bring the back to the deadened tissues? This is the action of the Pyramid Pile Cure. The little suppositories melt away into the feverish membrane, heal the ulcers, remove the inflammation and swelling and bring back the rectum to its normal condition.

This result is effected painlessly and without the loss of a moment's time from your daily duties. The treatment is applied at home, in the privacy of your own room. The remedy is our own preparation and our name is the guarantee of its genuineness.

Thousands of cases similar to the following, might be cited to prove our claims:

"I tried the sample of your cure you sent to me. I used it and then bought a 50 cent box. The results were immediate and surprising to me. I assure you. I had been to a dozen of the best doctors and paid much money to them with no results whatever. I had this affliction for 20 years. I was in a hospital for a long time, and I left it physically broken down. I owe you a debt of gratitude. I believe that piles would be banished from humanity and become an unknown thing were every one afflicted with them to but spend from 50c to $1.00 for Pyramid Pile Cure. Its speedy action also makes it extremely favorable for impatient people. I am yours sincerely, George H. Bartlett, Mattapan, Mass."

No matter how badly you suffer from piles we want to cure you. If you will try a free package to prove its merits yourself we will gladly send it to your name and address at once. We will leave it to you to decide whether you can afford to discontinue the treatment. Pyramid Drug Co., 84 Pyramid Bldg., Marshall, Mich.

All druggists sell the Pyramid Pile Cure, just the same as the sample, at 50 cents per box.

M. HICKS & CO., Auctioneers.

61 5

AMUSEMENTS.

His Majesty's.

The attraction selected by the management of His Majesty's Theatre for next week is the comic opera, "Mlle. Modiste," under the management of Charles Dillingham. The opera is given, it is said, by a representative company of singers and comedians, prominent among whom are practically all the leaders of the organization since the original production of the opera nearly two years ago. It is in two acts, both of which occur in Paris and are said to be elaborately beautiful, while the costuming is described as both rich and artistic.

The Academy.

"Bedford's Hope," under the management of Stair & Halvin, will be presented at the Academy of Music for one week, beginning next Monday, March 18th, with matinees Wednesday and Saturday, and a special matinee Monday (St. Patrick's Day). The race through the bad lands between an express train and an auto is said to surpass the chariot race in "Ben Hur." For a moment it seems as if the race were helplessly lost to the motor car; suddenly the auto gains slightly, and then crawls up inch by inch, bumping and rolling as it strikes the rough spots, and finally slipping past as nicely as you please, just as the curtain falls and the audience takes time to draw its breath.

The Nouveautes.

"Colinette," a four act play by G. Lenotre and Gabriel Martin, is the play billed for next week at the Nouveautes. This play, produced for the first time in America, is an historic episode of the reign of Louis XVIII. in France after the downfall of Napoleon. It was first presented in Paris at the Odeon. The cast of "Colinette" will include Messrs. Lassalle, Dhavrol, Perny, Cosset, etc., in fact, the whole company with Mlle. Ninove in the title role. During Holy week the house will be dark to re-open on Easter Monday, matinee.

The Francais.

"Secret Service Sam," the man with many faces, A. H. Wood's sensational detective play in five acts and ten scenes, will be the attraction at the Theatre Francais next week, with usual matinees. The production, as given, is one of the most elaborate of any of A. H. Wood's attractions, while the company is headed by Mr. Chas. T. Aldrich, better known as the actor-magician.

Lhevinne.

The recital by Josef Lhevinne takes place in Stanley Hall on April 2nd. Lhevinne, whose name is pronounced as though spelled "Lay-vin," with the accent on the first syllable—will offer what may be termed a "popular" programme, with a novelty or two by way of reminder that Russians are writing much of the finest music in this day.

The Royal.

"The Brigadiers" burlesque company will be the next attraction at Theatre Royal, commencing Monday, matinee, March 18. They present a musical comedy called "Mr. Dooley on the Empire Circuit," in two acts, with the locale in New York. "The Brigadiers" olio is as follows: Jack Symonds, the "Man of Ease," monologue; the Sisters Maginel-Mullini, lady instrumentalists; Sherman and Fuller, known as "Tumblers, Bumps and Bangs"; Nellie Burt, a singing soubrette; Lester and Moure in "A Day at the Beach," and Cotron and St. John, two women dancers.

The Readoscope.

The Readoscope Amusement Company will exhibit their moving pictures at Stanley Hall next Saturday afternoon and evening, introducing pictures never seen in Montreal previous to this entertainment. "A Haunted Hotel" is among the features. Al. Read will sing "Let me write what I dare not tell," illustrated with colored slides. A high class comedy vaudeville specialty is also promised.

Anton Hekking.

Since this 'cellist played in the Academy, last fall, he has been touring through the States, north and south. His engagement for the annual concert of Professor Goulet's solfeggio class is, therefore, an event of more than ordinary interest. M. Hekking will play at this concert in the Monument National, on Tuesday, March 19th.

Miss Gertrude Peppercorn.

Miss Peppercorn has been married since she last played here, and her marriage very nearly spoiled this tour, but managers brought pecuniary arguments to bear, and she and her husband are combining business and pleasure on their honeymoon trip. Miss Peppercorn appears in the Karn Hall, on Monday, March 25th.

Vapo-Cresolene

Established 1879

Whooping Cough, Croup, Bronchitis Cough, Grip, Asthma, Diphtheria

Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?

It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

Sold by druggists.

Send postal for booklet.

MOTHER'S GRATITUDE TO ZAM-BUK.

IT CURED HER BOY OF PAINFUL SORES.

Nothing is more unpleasant to the eye and more painful to the sufferer than boils and ulcers. At this period of the year many adults suffer acutely from these painful outbreaks. When boils, ulcers, etc., occur on children it is pitiful to see the little ones suffer.

Mrs. E. Holmes, of 30 Guise St., Hamilton, is grateful for what Zam-Buk did for her little boy when in this pitiful plight. She says: "I wish to express my gratitude for the benefit my child received from your famous Zam-Buk Balm. He suffered from Spring eruptions and then boils broke out on his neck. I tried blood purifying remedies, salves and ointments of all kinds, but nothing seemed to do him the desired good. The boils got worse and became so loathsome and unsightly that I could not send him to school, as some of the boils and ulcers could not conveniently be covered. About this time a sample box of Zam-Buk was given to him and we tried it. The small sample did him a little good, so I bought a 50 cent box. The result was really amazing. Inside a week's time the boils had begun to dry up, and in a very short time indeed every one of them was healed."

Zam-Buk is a sure cure also for eczema, scalp sores, ringworm, poisoned wounds, chronic ulcers, chapped hands, cuts, cold sores, cracks, festering sores, eruptions and pustules due to blood poison, etc. It stops bleeding and cures piles, fistula, etc. Is antiseptic, an excellent "first aid." Every home and farmstead should have its box of Zam-Buk. All druggists and stores at 50 cents a box, or from Zam-Buk Co., Toronto, for price, 6 boxes for $2.50. Send 1c stamp for trial box. Local wholesale depot, 144 Craig St. West, Montreal.

Team of Horses Electrocuted.

A peculiar accident happened Tuesday by which a team of horses belonging to the Dominion Transport Company, were electrocuted, on the bridge, East Notre Dame street. The horses were drawing a load to the St. Lawrence Sugar Refinery when they stepped on a broken telephone wire that hung over the trolley wires of the street railway. The two animals were knocked down and killed instantly.

In Favor of Street Railway.

After two hours' deliberation, the jury hearing the case of Mrs. B. Goldberg against the Montreal Street Railway yesterday, dismissed her action for $4,000 damages. The plaintiff was injured in a fall from the car at the corner of St. Andre and Mount Royal avenue. The jury found that the accident had been due to Mrs. Goldberg's own imprudence in attempting to leave the car after it had started.

OTTAWA WANTS TORONTO IN AND QUEBEC OUT

But the Quebec People Know Nothing About Being Forced Out of the Eastern Hockey Association For the Season of 1908.

Special to the Montreal Star.

Quebec, March 14.—Neither Mr. Cod[illegible]ian, secretary of the Quebec Hockey Club, nor any members of the club know anything of being forced out of the League, and believe that nothing can possibly be decided so early in the matter. If Toronto has individual promises of support, that is all that it is beleived here that can be behind the World story.

PRESIDENT McGEE SAYS YES.

Special to the Montreal Star.

Ottawa, Ont., March 14.—President Darcy McGee, of the E. C. H. L., when seen this morning regarding the report that the Toronto hockey team would be in the above League next year, said that although the question of taking in the Torontos had not been before the League, he had heard it discussed. He believed that the League delegates would favor the idea and felt pretty sure that Toronto would be a factor in the E. C. H. L. series next season. Mr. McGee thought the bringing in of the Torontos would strengthen the League as one of the weaker would then be dropped. He was not prepared to say which of the teams would be dropped out, but intimated that it would likely be Quebec.

OTTAWA WANTS TORONTO.

Special to The Montreal Star.

Ottawa, Ont., March 14.—The Star representative in the Capital interviewed a number of prominent sports regarding the Toronto hockey team joining the E. C. H. L., and not one of the hockey enthusiasts seen could see anything but that the League would be considerably strengthened by such a move. A member of the Ottawa Club executive said: "No better move could be made than to bring Toronto into the league. They have a good team now and will have a better one next year, they say. If so they would make the championship race a decidedly interesting one. Toronto has always been a keen rival of both Ottawa and Montreal and they would make every effort to beat out the Eastern clubs. The Ottawa's will support the Torontos to enter the league to a finish."

That Quebec will be the team to drop out is the general opinion here.

Eastern League 1907 Teams as Far as They Are Organized For the Present

Between now and opening day there will probably be additions to each of the Eastern League teams, but to date the clubs are composed as follows:

MONTREAL.

Newton, Stanley, Barger, Herbst and Dubois, pitchers.
Kittridge, J. Connors, catchers.
Brown, first base.
Needham, Simons, second base.
Morgan, Hill, third base.
Hartman, short stop.
Joyce, Phelan, Maddigan, outfield.

BUFFALO.

Kissinger, Milligan, Vowinkle, Fozer, Horton, Greene, Sanger, Currie, pitchers.
McAllister, Ryan, Fenne[illegible], catchers.
McConnell, Whitney, first base.
Smith, second base.
Corcoran, third base.
Nattress, short stop.
White, Gettman, Schirm, Murray, outfield.

PROVIDENCE.

Cronin, Clinton, George, Matthews, Barry, O'Toole, Swanson, pitchers.
Doxey, catcher.
Abstein, first base.
Doom, Lord, second base.
Chadbourne, Stevens, third base.
Rock, Schwartz, short stop.
McCabe, Duffy, Poland, outfield.

TORONTO.

McGinley, Mitchell, Hesterfer, Moffatt, Pound, Bridges, Toren, pitchers.
Wood, Bailey, catchers.
Connors, Flynn, first base.
Flood, second base.
Frick, third base.
Phyle, short stop.
Thoney, Kelley, Wotell, outfield.

BALTIMORE.

Adkins, Bur[illegible], McNeal, Green, Van Atda, Mueller, pitchers.
Byers, Hearne, McCabe, catchers.
Hunter, Kain, Cook, first base.
Dunn, Robinson, Jones, second base.
Burrell, Lynch, Cahz, third base.
[illegible], short stop.
O'Hara, Hall, Demmitt, outfield.

ROCHESTER.

S. Bannister, Hughes, McLean, Walters, Pappalau, Gr[illegible], O'Leary, Schlitzer, pitchers.
Rynes, Doran, catchers.
Clancy, first base.
Lendy, second base.
Lennox, third base.
Moran, short stop.
[illegible], [illegible], Flanagan, outfield.

JERSEY CITY.

Pfanmiller, McCann, Thielman, Foxen, pitchers.
McManus, Vandergrift, catchers.
Merritt, first base.
Keister, second base.
Woods, third base.
Bean, short stop.
Clement, Halligan, Hartford, outfield.

NEWARK.

Carrick, Parker, [illegible], Labelle, McCafferty, [illegible], McCa[illegible], Kellogg, pitchers.
Carisch, Shea, Stanage and Krichell, catchers.
Sharpe, first base.
Engle, Mahling, second base.
Cockman, third base.
Jones, Zacher, Hennessy, Perry, outfield.

WHY NOT JOIN THE NEW FEDERATION

Toronto, Ont., March 13.—Thomas Longboat, the champion Canadian runner, evidently thought better of that New York proposition of running against Frank Nebrich last night, and stayed at home, avoiding disqualification by the C. A. A. U.

The notoriety that is being given Longboat is not entirely to his liking, especially the kind that reflects on his amateur standing, and he emphatically denies ever receiving a cent for running. Furthermore, he says, if such a condition of things keep on, he will quit for good.

GRANK TRUNK BOAT CLUB ELECTIONS

The annual elections of the Grand Trunk Boating Club are near at hand.

The nominations will take place on the twenty-ninth of this month, and a week after the elections will take place.

It is not expected that they will be as exciting as last year, and it is more than likely that the same crowd of directors or at least the greater number of them will be re-elected.

The financial conditions of the Club are also said to be in pretty good shape.

Leibovitch Case Was Continued.

The case of Jacob Leibovitch charged with defrauding his creditors was continued in the Court of King's Bench to-day. The morning session was mostly occupied by the examination in chief and the cross-examination of Mr. S. W. Jacobs, counsel for Messrs. Charles Pierce and Company and who is also assisting Crown Prosecutor Hibbard. Evidence went to show that Pierce and Company had advanced Leibovitch goods to the extent of their claims, in 1905, but that Leibovitch, having assigned on December 30, of the same year, they had been unable to recover payment. The total liabilities had amounted to about $7,000, while the assets realized only $131. The complainants further declared that a few days before the failure, they had visited Leibovitch's store, and had found about $5,000 worth of goods there.

SLATER HEADS LIST.

Billiard Tournament Progressing—O'Hara Plays To-night.

Slater defeated Viau in the billiard tournament last night by 300 to 201. Slater's average was 3 and his high runs 28, 11 and 30. Viau's average was 2.74 and his high runs 17, 15 and 12.

To-night O'Hara and Viau meet.

The standing of the players is now as follows:

	Won.	Lost.
Slater	2	0
Parent	1	1
Viau	0	2

BOB SHILLINGTON THINKS FORAN WRONG

Bob Shillington, president of the Canadian Rugby Football Union, thinks the attitude taken by Mr. Foran, in regard to Westwick and Alf. Smith playing for Kenora, is wrong, as up to now there has been [illegible] when Wanderers called in the services of [illegible] and Stuart, to help defend the cup.

Another Catholic High Victory.

After an hour of fast and furious hockey, at the Stadium, the Catholic High School hockey team defeated the Montreal Business College team. At half time the score was two to nothing in favor of the former, and when the gong sounded the full hour, the Catholic High School boys had to their credit 4 goals, while their opponents had none. The line-up and summary were as follows:

Catholic High (4).		Montreal B. C. (0)
J. Egan	Goal	W. O'Bryan
R. Hammill	Point	E. O'Connor
A. Walsh	Cover point	W. Burke
W. Wall	Forwards	G. Riley
B. Wall	"	H. Larose
J. H. Asselin	"	E. Levesque
G. Finch	"	H. Doty

Referee—Mr. J. Sparrow, of the High School.

Judge of play—Mr. J. H. Fox.

Umpires—Messrs. W. F. Innes and J. A. Jobin.

Timekeepers—Messrs. J. O'Neill and J. Brisebois.

Penalty timekeeper—Mr. Leo. Conway.

Hockey Rowdy Fined.

Kingston, March 14.—Herbert Little was to-day fined $2 and costs at the Police Court for disturbing the peace. He denied that he attempted to assault Referee Hancock or Manager Bonter, at the Stratford-Kingston hockey match, but he did shout, "You're rotten." The magistrate said that was enough to incite trouble. He spoke about sport in the city, and the interest taken in it. Generally any result was accepted as the game went, but hot heads frequently gave a bad name to sport by their conduct. He rebuked such actions and showed disfavor over Little's conduct by fining him for his disorderliness.

Louis Philippe Duquette who threatened his wife by saying that he would kill her, was ordered by Mr. Recorder Weir to furnish a personal bail of $250 besides two other personal securities of $250 each to keep peace for one year. He was given the option of three months in jail.

A CROWD OF CHAMPIONS.

The centre picture is a photograph of the Senior Champions of the School Hockey League, the High School Team.

NEW YORK ATHLETIC CLUB ANGRY AT C.A.A.U.

They Are Disgusted With the Manner in Which the C. A. A. U. Handled Things in the Longboat Controversy This Week.

Special to The Montreal Star.

New York, N.Y., March 14.—The action of the Canadian A. A. U. in suspending Longboat and at the last moment preventing him from competing at the game Tuesday night, has [illegible] the wrath of the New York A. C. men, and it was no secret yesterday that the Winged Foot organization will, in future, be absent from the Canadian track and field meet. For a score or so of years the New York A. C. team has always been a conspicuous feature in the Dominion annual meet and the big club has spent lots of money year after year sending teams to help out the cause of amateur sport. On more than one occasion the championships would have had to be abandoned were it not for the presence of the Mercury Footers. What has caused the most feeling is that the [illegible] should come in the way it did, at the last hour when the club had made all announcements about the Indian.

In speaking of the case a prominent official of the New York A. C., said yesterday:

"If the Indian is a professional, the New York A. C. [illegible] that the Canadian A. A. U. did wrong in [illegible], quite the contrary, but what we do say is that if they knew he was not an amateur they should have made it known some days ago, then we could have set ourselves right before the public."

A United States Association Football Team Will Play in Montreal During the Coming Season

Special to The Montreal Star.

Toronto, March 14.—The Fall River Rovers Football Club will make a tour of Canada in May and visit Montreal. Mr. E. A. MacPherson, of Toronto, is arranging the series of matches, and so far has arranged for the Fall River team to play at Dundas, Berlin, [illegible], Toronto, Peterborough and Montreal. The Fall River team is the only one that defeated the famous amateur team, the Corinthians, during the English team's tour of Canada and the United States. It has held the championship of the New England League [illegible] since 1903. The team consists largely of old country players.

SEAGRAM TO VISIT BLUE BONNETS

J. E. Seagram will this year, as before, select the pick of his string after the Woodbine meeting, and take them to the United States, there to take part in the New York campaign. This year the Waterloo turfman will bring his horses via Blue Bonnets. Among them will be the famous Canadian bred horse Inferno. It is the intention of the owner to enter Inferno for the Suburban, and admirers are confident that the Canadian courser will succeed in carrying first place, the sire, Havoc, having failed to accomplish this performance.

Canada's Ambitions.

Canadians are just now interested in the most ambitious plans for the season of 1907. That far famed trophy, the Canada's Cup, which means as much on fresh water as the America's Cup does on salt, is not engaging Canada's attention this year. For next season, however, there is the possibility of another Hamilton entry for the Lipton trophy at Chicago; there is the approximate certainty of a Seawanhaka Cup challenge from the Royal St. Lawrence Yacht Club, of Montreal, to the Manchester Yacht Club, that has held that trophy for two years, and there is the positive assurance of a determined effort at winning one or more international trophies at the Jamestown Exposition in September. President Roosevelt's Cup for 27-footers and the Hampton Roads free-for-all trophy are the two particular prizes aimed at. It is possible that the Royal Canadian Yacht Club may hold a special series of trial races for the Roosevelt Cup representatives, apart from the Canada's Cup, reserving the best of the fleet for this latter trophy, but this pre-supposes a plenitude of 27-footers, which has not yet materialized.

There is also talk of sending Zoraya, winner of the Fisher Cup in international competition last year. Yachting

NOTASULGA WON AT NEW ORLEANS

New Orleans, March 13.—The Louisiana Stakes, for two-year-olds, valued to the winner at $1,[illegible], was won at City Park by Notasulga, the favorite. The distance was three and a half furlongs. Four favorites won. Weather, clear; track, fast.

First race, 5 furlongs—Royal, won; Mollie Ball, second; Dorothy Duncan, third. Time, 1.01 1-5.

Second race, 1 1-16 miles, selling—Auditor, won; Goldway, second; [illegible], third. Time, 1.48 2-5.

Third race, 5 1-2 furlongs—Southern Cross, won; Frontenac, second; Retinue, third. Time, 1.06 3-5.

Fourth race, the Louisiana Stakes, $1,000 added, 3 1-2 furlongs—Notasulga, won; E. M. Fry, second; Zoephen, third. Time, .41 3-5.

Fifth race, 1 1-16 miles—Planute, won; Goldmate, second; Wes, third. Time, 1.46 3-5.

Sixth race, mile, selling—Foreigner, won; Eve Green, second; Paul Clifford, third. Time, 1.42.

Seventh race, 6 furlongs—Foxmeade, won; Posing, second; [illegible], third. Time, 1.14.

OTTAWA CONSIDERS POINT.

Not Known Yet If They Will Join New Federation.

The Ottawa Amateur Athletic Club board of directors, having received an invitation to join the new federation, met last evening, for the purpose of deciding whether or not they would continue to be members of the C. A. A. U. The matter was deferred for a week pending further inquiries.

FOOTBALL ASSN. MEETS.

The Montreal Football Association will hold a meeting in the M. A. A. A. this evening.

Amongst other things the question of preference for the C. A. A. U. or the new Federation, will be discussed.

AFTER pneumonia the convalescent needs nourishing food to build up the disease-racked body. But great care must be exercised so as not to overtax the feeble digestion.

Scott's Emulsion has cod liver oil to make blood and healthy flesh, and hypophosphites to strengthen nerves. It is pre-digested.

The best food in the world for a convalescent.

ALL DRUGGISTS; 50c. AND $1.00.

TOM SHIPMAN, of the Wanderers, who will race at the Duluth Roller Rink to-night.

FOOT RACES AT DULUTH ROLLER RINK

The first foot races of the season will take place at the Duluth Roller Rink to-night, March 14. A number of well-known Montreal sprinters have entered, and the race promises to be a big success. It will be a three-mile contest for two medals. Among some of the well-known sprinters of Montreal who will race are: T. Shipman, E. Cote, W. Kerr, P. Griffin, E. Vilbert, J. Elligan, W. Hall and J. McDonnell, of the Gordons. A number of the Crescents have also entered, among whom are: P. O'Rourk and T. Lanahan, J. McCraig, of the M. A. A. A.; W. Hoofe and [illegible], of St. Henri A. C.; Wood, George Germain, Wm. Kelly, John Lavigne, Dunsmore, Stone and Mr. Young are also said to be fast runners.

There will also be a one-mile backward roller race between J. Lloyd, who is the champion backward roller skater of Montreal, and Toney Ramsberger, who has been showing some remarkably fast time of late.

BERLINERS BEAT THE WANDERERS

Special to The Montreal Star.

Berlin, Ont., March 14.—The Wanderers met the first reverse of their tour last night, when they were outplayed on slushy ice by the Berlin Dutchmen. Captain Patrick's men had a strong lead, and led at the half [illegible] by six to four. In the opening of the second half they were played off their feet by the Dutchmen, who put in four goals in eight minutes. Wanderers pulled even, but were beaten out at the finish by one goal. The game lasted only 45 minutes by mutual consent. "Hod" Stuart was replaced at half time by Kennedy. Patrick's stick handling was a revelation. Hern has not had such a busy session since the Ottawa games. The exhibition was clean, Russell being the only man penalized.

Wanderers.		Berlin.
Hern	Goal	O. Seibert
Stuart	Point	McGinnis
Patrick	Cover	Gross
Glass	Rover	J. Seibert
Russell	Centre	Knell
[illegible]	Left Wing	Schmidt
Blachford	Right Wing	Rumart

Referee—Geo. Baehner.

TREMBLAY AND LUTTBEG FRIDAY

Max Luttbeg and Eugene Tremblay will meet to-morrow night on the mat at Sohmer Park, and will wrestle to a finish for the lightweight championship of the world, the fact that the match will be catch-as-catch-can style and to a finish, should be pleasing to a great many followers of the game, who much prefer a match of this kind to a handicap one.

The previous meetings between these claimants for the championship title, resulted in a victory for Luttbeg after one of the greatest struggles ever witnessed in the Park, and there is every reason to believe that to-morrow night's contest will be equally as interesting.

A NEW AUTO DEAL.

The Reo Cars Will Be on Sale In Montreal.

The Reo Motor Car Company, of Lansing, Mich., have closed a contract with the Automobile Import Co., 90-96 Stanley street, this city, whereby the latter company becomes the representative of the Michigan firm in the province of Quebec. F. R. Crombie, the manager of the Automobile Import Company, will present these cars for the first time in this province at the Automobile Show, April 2nd to 9th. The Reo Motor Car Co. is one of the largest automobile manufacturing concerns in the States, devoted almost exclusively to the production of one and two cylinder machines. The Reo, 16-20 horse-power light touring car and the 8 to 10 horse-power runabout are the two leaders of the Reo Company, and will be on exhibition at the show.

It is expected that the Baby Reo, the diminutive machine, which has caused so much comment in the States during the past year, will be exhibited for the first time in a foreign country at the Montreal Show. This little car is one-eighth the size of the large touring car, but is an exact reproduction of it, and runs on its own power, carrying a load of four midget persons.

Woods Beat Belyea.

Fredericton, N.B., March 14.—Morris Wood of New York, beat Hilton Belyea of St. John, in 220, 440 and half-mile races last night at Marysville. Time was 30 seconds; 47 2-5 and 1.29, faster time being made impossible through falls.

THE KENORAS FAIL TO UNDERSTAND WANDERERS

Cannot See Why They Should Object to the Smiths and Westwick Playing With Them in the Stanley Cup Games.

Special to The Montreal Star.

Kenora, Ont., March 14.—The Thistles did not have a practice after the game of last evening. All are in fine condition with the exception of Griffis and Whitcroft, who have a few bruises. The tie with Brandon is almost certain to be played in Winnipeg on Saturday. It is generally conceded that Kenora will retain the Western championship. Why the Wanderers should raise a storm about Westwick and Smith playing is more than the Thistles can understand, especially since the Wanderers did their best to secure the services of Bowie, of the Victorias, for the last game with Kenora for the cup. That they did not get him was no fault of theirs. The Thistles did not worry about this. Then again it is professional hockey that is the game to-day.

The C. A. A. U. is Heard From in Connection With Association Football Players From the Old Country

Special to The Montreal Star.

Toronto, March 14.—Secretary Crow, of the C. A. A. U., points out that his association's rule 21 exactly covers the case of the old country players who have competed in cup matches at home and now belong to Toronto clubs. This rule is as follows: "Amateur athletes shall not lose their amateur status by competing with or against a person who has [illegible] the professionals in [illegible] or in ordinary club football [illegible] under sanction of the National Football Associations or National Rugby Unions of England, Scotland, Ireland or Wales, either in competitions for which no prizes are given."

It is [illegible] likely any of the [illegible] players have ever left the old country.

BUFFERS AND DUFFERS OF ELKS CLUB CURL

The Buffers and Duffers of the Elks' Club, not satisfied with stirring things up in their own comfortable quarters, last night carried the Caledonia club house by storm, and with mischief in their eyes proceeded to look about them. The Buffers and the Duffers trailed down to the ice. A brilliant idea struck one of the Buffers. He whispered in the ear of his neighbor. The whisper found an [illegible].

Striking an attitude, Buffers challenged the Duffers to mortal combat with the besom. The invitation was accepted with alacrity. One fellow, a Duffer, proposed long rubber boots as a safeguard against the forbidding pools of water on all the sheets.

The Duffer was sat on, figuratively speaking. The brooms were brought forth. The Duffers and Buffers then called in the aid of a Caledonia player and inquired the whys and wherefores of the game of curling. The curler pointed out the object of the game, and the newcomers lined up in battle array. Then a grave difficulty arose. An objection was made to T. Adkins. It was rumored that this gentleman was a professional, but the matter was finally smoothed over.

Although the Elks had never before played the game, their score shows that their play was acceptable.

Following is the score:

Elks' Buffers.	Duffers.
Dr. Watson	W. Graves
Dr. McKenna	T. Adkins
R. B. Watson	G. Wyness
H. Glassford	G. Hudson

MILWAUKEE PITCHER KILLED IN FIGHT

St. Louis, March 14.—Patrick J. Hynes, who two seasons ago pitched for the St. Louis American League team, and who was signed with Milwaukee for the coming season, was shot in the head and killed Tuesday in the saloon of Harry V. Glover. Louis W. Richardson, the bartender, was arrested charged with the killing. Richardson declares he fired in self-defence, and W. O. Stansbury, [illegible] by the police as a witness, corroborated the statement.

Both said the trouble arose over Hynes having ordered some beer and refusing to pay for it. Hynes threw a pretzel bowl at Richardson and then brandished a knife, whereupon Richardson fired. When word of the tragedy reached the Hynes home the mother sobbingly declared she would rather her son had been [illegible] than be the slayer. Hynes was twenty-three years old.

TO ENJOY A GOOD DINNER.

How to Avoid Distress and Indigestion After Eating.

Let us tell you how you can enjoy a good dinner so that the heartiest meal will set well on your stomach and cause no pain or bad disagreeable after-effects.

We will show you how to regain the appetite of your childhood and the enjoyment of food so that it will taste as well as when mother cooked the dinner.

There is no hard work necessary to do this, no need of a rigid and self-denying diet, no need of nasty and disagreeable medicines. Simply take a Mi-o-na stomach tablet before each meal, and before going to bed, and it will so strengthen the stomach that before long a hearty meal will give you gratification and comfort, without the least fear of distress and suffering.

The strongest proof we can offer of our faith in this advice is the fact that we give an absolute, unqualified guarantee (applying to two 50c boxes of Mi-o-na), that your money will be refunded unless Mi-o-na cures.

Mi-o-na is not a mere digestive giving only temporary relief, but a specific for all diseases of the stomach, strengthening the digestive organs and making a permanent cure.

We absolutely agree that your money will be refunded should you buy a 50c box of Mi-o-na stomach tablets and not be satisfied with the results. Mi-o-na is sold by druggists everywhere, or will be sent by mail on receipt of price, 50c.

Write to-day for a free sample package and also give us your symptoms, and one of the best known stomach specialists will give your case his careful and personal attention without charge. Booth's Mi-o-na Company, Buffalo, N.Y.

GOOD BASKETBALL AT RAILWAY Y.M.C.A.

An interesting basketball match was held at the Railway Y. M. C. A. last evening, in which the City Y. M. C. A. won.

Scott, of that team, played a particularly brilliant game, and the Railway team was rather handicapped by the absence of one of their regular men.

The teams and results were:

City.			Railway.

CAGE BIRD FANCIERS.

The annual meeting of the Montreal Canary and Cage Bird Association was held last evening at their hall, 4 Craig street east. The following officers were elected for the ensuing year: President, F. Wechsler (re-elected); vice-president, J. Macgregor; 2nd vice-president, R. Bernier; committee, Messrs. Cowan, Moore, Ainslie, Vincent, Kilgour, Spillman; secretary-treasurer, H. Mackenzie. A hearty vote of thanks and good wishes were extended to the retiring secretary, Mr. E. Jeffrey, who is leaving Montreal to take up his duties in Winnipeg.

At a meeting of the executive of the Royal St. Lawrence Yacht Club, held in the Windsor Hotel, it was decided not to hold the annual club ball this year.

Dunlop Rubber Heels

Made of all live rubber: Will stand wear as well as hard leather heels. Make firmer footing and lighter walking. Give spring and elasticity to the step.

At all Shoedealers
Put on 50c. the Pair

The trade mark of the Dunlop Tire and Rubber Goods Company is a guarantee of quality in rubber.

F. I. FOX, Montreal, Manager.

: : To Rest : :
: Your Feet. :

A good way to economise in footwear is to have three or four pairs of Invictus Shoes, at a time, and wear them alternately.

This not only makes your shoes wear longer, but is very restful for your feet.

For instance why not change from Button to Lace Boots every two or three days, or oftener?

Price of Invictus Shoes, $5 and $6.

Invictus Shoe Store,
219 St. James Street.

THURSDAY, MARCH 14, 1907

CABINET GOVERNMENT.

Mr. Borden's protest against too many powers being invested in the Governor-in-Council did not come a day too soon. Parliament is delegating altogether too many of its prerogatives to the Governor-in-Council, which is simply the Cabinet, with the result that we are fast substituting Cabinet government for Parliamentary government in form as well as in substance. In this particular case that of the right to grant licenses for the exportation of electric power it is not Parliament that is denuded for the benefit of the Cabinet. This is a power which might be given over to an independent commission, or which even might be left with the Cabinet if that body had not already been overloaded with powers purely Parliamentary.

And Parliament has been loading a great many of its rights and responsibilities upon the Cabinet of late. The power to remove all tariff protection from an industry found organising itself into a combine rests with the Cabinet, although the power to amend the tariff is purely Parliamentary. This, however, is only granting the Cabinet piecemeal control over the tariff. But to-day it is taking the right to bring into operation by its own fiat an entire new tariff, applicable to every item in the list, in the form of the intermediate tariff with which Mr. Fielding has ornamented his new fiscal structure. Here is tariff legislation with a vengeance, and Parliament will not have a word to say whether or when it shall come into force.

Parliament must grow more jealous of its ancient rights if it does not propose to degenerate into a mere registering machine for the will of the Cabinet. That representative and elective bodies can be so degraded, the American Electoral College stands out as a pitiable object lesson to prove. It was intended to select the President. As a matter of fact, it merely gives "ditto" to the votes which have been cast for two already selected candidates. It was raised by the constitution to one of the most potent places in the land. It was to be a King-Maker. It has become a ridiculous and absolutely uninfluential excrescence on the election machinery. It does not select the Presidents; but the Presidential candidates have usually a lot to say about selecting it. And those whom the Presidential candidates do not select, the Bosses do.

A Cabinet is in a particularly good position to seize power. It is in possession of the patronage. It can reward or punish docile members of Parliament. It can elevate them to fat offices, or it can refuse them the promotion which they think rightfully belongs to them. It can starve their constituencies and so bring discredit and public annoyance upon them. It can practically drive a recalcitrant supporter out of the public life, as it has done more than once in this country already. Such a body would not be human if it did not endeavor to dominate. It is, in fact, always engaged in slowly aggrandising its power.

But Parliament can resist if it possesses the courage. It is the body which makes and unmakes Cabinets. It has the power to unhorse this new tyrant. Without going to such an extreme—which would seem to the new party man to be a nice blend of sacrilege and insanity—it can restrain the encroachments of the Cabinet by simply refusing to permit them. If the Parliamentary party of the party in power will not vote these powers to the Cabinet, the Cabinet cannot get them; and the Cabinet is in no position to punish its whole Parliamentary party. Moreover, it ought to be plain to the members of the Parliamentary party that the more power they give up to the Cabinet, the less influence will they have upon the government of the country. To put it more sordidly with a view to touching them in spots where they will feel it, let us add that this surrender of power will also lessen their "pull" upon patronage—it will make it harder for them to compel the Cabinet to pay attention to the demands of their constituents—it will decrease their share in the common privilege of exploiting the people.

No set of men are more foolish even from the most narrow and selfish point of view than the private members of Parliament when they voluntarily surrender their arms to the Cabinet. They might govern the Government. They might demand their privileges and concessions with the power of the "strong arm." But they give up all this and become humble suppliants at the feet of a dozen and a half Cabinet Ministers who have grown to be great Caesars on the food which they have fed them.

THE SENATE SQUABBLE.

The uproar over an appointment to the Senate will not add to the dignity of that body; and, at times, it seems as if dignity were about all it has left. It is entirely out of harmony with the spirit of the constitution that seats in the Senate should be sought as comfortable and well-cushioned arm chairs for the old age of politicians or the secure resting places of younger men. In fact, a man who makes himself a candidate for a Senatorship should thereby disqualify himself. If there is an office in the country which ought to be allowed to seek the man, it is a position in the Upper Chamber which is supposed to review with superior calmness the decisions of the hasty Commons.

So long as we retain the appointive system for Senators, the appointments ought to be made with as great a sense of responsibility as should be felt in selecting the judges. The Senate should be manned by the best intelligence, the most evenly poised independence, the truest public spirit, in the Dominion; and we should usually hear of the difficulty of getting the right men to serve—not of the difficulty of satisfying the hungry partizans who covet the easy chairs and the swollen indemnity. Not a little of the trouble which is to come over these appointments, will, by the way, be caused by the indefensible course of raising the indemnity of Senators to $2,500 a year.

THE HIGH WATER RATES.

Nothing could speak more strongly against the excessive price that is being charged for water than a report which has been prepared at the City Hall showing that something like sixty thousand families last year failed to pay the water tax. It is readily admitted by many aldermen that such a state of affairs could not exist if reasonable rates were charged for water.

Some years ago the Finance Committee decided to wipe from the corporation books a huge sum, which could not be collected for the water tax, and which, year after year, was being carried through the books as "outstanding." It had been outstanding for so very many years that the aldermen knew there was absolutely no hope of collecting it. The uncomfortable fact again stares the aldermen in the face that, despite this wholesale clearing of the corporation books, there is again another very large sum owing for water, which is once more being "carried forward."

In the light of such facts as these, it is astonishing that our civic rulers should persist in high water rates, which are condemned on every hand, and which a large section of the City Council, at the last civic election, solemnly promised to have remodelled. In justice to the aldermen, it must be said, however, that from present appearances there seems to be a good majority of council which is now willing to vote for Ald. Payette's proposal that the rates should be drastically cut down. It is to be hoped that when the City Council decides to reduce the water rates it will also decide there must be no more disfranchising of those who fail to pay their rates by a given date each year.

The City Clerk makes the announcement that at the next civic elections 22,500 persons will be disfranchised because of inability to pay this extortionate rate at a specified period. As the total qualified vote is only 70,000 it will be seen that almost an entire third of the electorate is disqualified by this unjust civic disfranchising enactment.

That the City Council is justified in reducing the water tax is being demonstrated by reports which are being received from other cities and which show the water rates are much lower than in Montreal. For instance, in Cleveland, Ohio, the rate is forty per cent. less; Cincinnati, Ohio, thirty-eight per cent. less; Rochester, N.Y., thirty per cent. less; Baltimore, twenty-five per cent. less; Toronto, forty-three per cent. less. What is most interesting, in regard to the water rate of our city, is a legal opinion prepared by a former head of the civic law department, which states that it is illegal for the City Council to make a profit out of the sale of water. The legal opinion points out that the aldermen have no legal right to invest the taxpayers' money in a way that profit can be made upon the venture.

The action of Premier Gouin, supported unanimously by the entire Legislative Assembly, in granting a pension to Mrs. Maxwell, the mother of Sarah Maxwell, the martyr of the Hochelaga School fire, is a timely recognition of devotion and unselfish heroism with which the whole Province will sympathise. When public men pause in the strenuous life they are compelled to lead and turn aside from the multitude of cares—sometimes petty and sometimes great—which infest their path to lay a flower upon the grave of a young girl who died for children, they show that their hearts are still open to kindly impressions and that they love a brave deed and honor a noble soul.

A Toronto paper's cartoon represents Laurier and Borden standing "shoulder to shoulder" to keep Bourassa from opening up the "women, wine and graft" charges. This shows how far afield the subject is capable of being carried. Failing action on Mr. Fowler's part, the press and the people are looking towards the next available avenue of information. To say that Laurier and Borden are deliberately blocking Mr. Bourassa's efforts is, we think, an exaggeration. But they are not aiding him. Mr. Bourassa should try it again, when Mr. Fowler is in the House.

"THE MORE THE MERRIER"

Under this heading The Star will publish brief communications, if accompanied by the name of the writer, as a guarantee of good faith.

Blindfolded Justice.

To the Editor of the Montreal Star:

Sir,—Your correspondent, "Justice," very properly calls attention to the extraordinary sentences meted out by our judges in Canada. A woman gets two years for shop-lifting, while a father who, through maltreatment, causes his daughter to lose the sight of one eye, breaks her arm in two places, and throws her out, clothed in her night-dress, into the snow, is considered to have expiated his crime by serving a sentence of three short years. Certainly justice is very properly represented as blindfolded.

R. H. F.

A Case in Point.

To the Editor of the Montreal Star:

Sir,—Here is a sample of the way the road department attends to its duties. St. Helen street, in the centre of our business district, has both sidewalks obstructed (on one side in two places) by builders' material, etc. These obstructions reach over into the roadway, and for most of the day the contractors' carts just about block the rest of the street, leaving the general and business public practically no thoroughfare. To improve matters the department stretches a barrier across St. Peter street and proceed to dig up the snow, etc. There is apparently no one department at the City Hall better than another in general incompetency.

LEMOINE STREET.

THIS DATE 30 YEARS AGO.

Dr. D. McEachran.

March 14, 1877.

At the last meeting of the Health Board, Dr. McEachran presented a letter referring to the breaking out upon horses of a disease known as "variola equina," or horsepox. There are 11 cases of this nature at the Veterinary College. Eruptions break out, and the part that is attacked becomes swollen and tender.

DR. Duncan McEachran, F.R.C.V.S., at once got to work with his assistants, and after a series of experiments managed to rid the city and country of the disease, which in its symptoms on the animals, in smell, etc., resembled smallpox. The professor was appointed chief inspector of cattle quarantine stations throughout the Dominion in 1876 and by his energy and vigilance has kept Canada free of contagious disease of imported cattle from the United States and other countries.

At the annual meeting of the Dominion Rifle Association at Ottawa yesterday, a great deal of work in the interests of rifle shooting was put through. At the election of officers for the year, Lieut.-Col. Gzowski, commandant of the Canadian Engineer Corps, was unanimously elected president.

THE late Col. Sir Casimir S. Gzowski, K.C.M.G., hon. aide-de-camp to Queen Victoria, was a well-known civil engineer and railway contractor and constructed many public works in conjunction with his partner, the late Senator Sir David Macpherson. He was in charge of the Canadian engineer force during the Fenian raids on the Niagara frontier. He had, before coming to Canada in 1841, served as a commissioned officer in the engineer corps of the Russian army. He was the principal factor in sending the first team of Canadian riflemen to Wimbledon in 1870. He was appointed A.D.C. to the Queen in 1879, and created a K.C.M.G. in 1890. He died at Toronto many years ago.

MORE SCHOOLS TO HAVE FIRE ALARMS

At yesterday afternoon's meeting of the Fire and Light Committee, the Catholic School Commissioners sent a communication, asking that the schools under their charge be supplied with private fire alarm boxes. They asked that connections be made with the city fire alarm service in the following schools: L'Academie Commerciale, Montcalm, 408 Demontigny; Chaplain, 224 Fullum; Sarsfield, 97 Grand Trunk; Belmont, 245 Guy; Olier, 216 Roy; Edward Murphy, 680 Craig east; St. Joseph, 141 St. Martin; Plessis, 383 Plessis; St. Gabriel, 350 Centre; Chauvreau, Laprairie street; St. Bridget, 50 St. Rose; and Meilleur, 695 Fullum street.

The city will supply the boxes.

A short letter from Hochelaga Ward asking that three schools be supplied with boxes was also concurred in on the usual conditions.

Several amendments were made to the building by-laws. In future factories, livery stables, taverns, saloons, billiard rooms, and the like establishments, will be prohibited in the residential district.

A letter was received from the Montreal Woman's Club, asking the committee to provide lights at the entrances to all lanes. The matter was referred to Supt. Parent, who will study the question.

CITY IS BLAMED FOR HIGHER RATES

The principal subject of discussion at the regular meeting of the council of the Montreal Board of Trade yesterday was that of the increase in the fire insurance rates. A letter was submitted to the Council from the Canadian Fire Underwriters' Association, the contents of which are as follows:—

"In the absence of the required assurances from the City Council, the companies are forced, much to their regret, to deal with the situation as it exists, and at a meeting held yesterday an advance of 50 per cent. on the gross rates was imposed on risks in the inner congested district, and 25 per cent. on those outside the said district, but within the city limits, excepting the former municipalities of St. Henri and Ste. Cunegonde, which have a different water supply and are provided for by another tariff."

SELECTION OF JURYMEN.

The Attorney-General of Quebec acknowledged the receipt of the Board's recommendations in regard to the selection of jurymen, which it was stated were receiving the Government's attention.

Dr. Grenfell Before Club.

Before the Canadian Club at their next luncheon, at the Queen's Hotel, on Monday, March 18th, Dr. Wilfrid T. Grenfell, C.M.G., will speak on "The Fisher Folk of Labrador."

The Passing Hour

While there was a fearful panic in Wall Street yesterday, it is not reported that motormen or bricklayers lost any sleep last night.

Many persons noted a cloud formation yesterday exactly resembling a bird. No imaginative citizen, however, saw it lay an egg.

Another bank will be built on St. Catherine street. Just a little more progress and the uptown banks will lure their patrons on by throwing in ice cream parlors, and a little light roof garden vaudeville.

Is the Montreal Power Co. going to sit quietly by while the Northern Lights operate in the sky without a franchise?

Montreal will be visited by a pianist named Peppercorn. If the name is not copyrighted, here is the opportunity of a lifetime for a breakfast food manufacturer.

Among the interesting news items of the day note that hairbreadth escape on Bald Mountain.

Montreal furnishes another victory for vegetarianism to gloat over, a further success by our esteemed fellow townsman and nifty young pugilist, the Hon. Mr. Beansey.

We now know what Sir Frederick Borden thinks of the Y.M.C.A., but we are still slightly in the dark as to what the Y.M.C.A. thinks of Borden.

Of course, some one had to come to the front with the observation that spring is here, and Manitoba has seen the first Roblin.

The Toronto World cartoons four Cabinet Ministers with their feet in the stocks. They are not the only ones who need a rise in stocks to let them out.

The Douma has taken a recess for a few days in order to decide which particular part of the Czar's anatomy to land on, first.

Somehow we never felt quite so much assured that the Christian Scientists were entitled to range alongside the other denominations as since they have begun to row among themselves.

Before his death, Dowie promised to return in a thousand years, but at the end of that time there may not be enough easy marks on earth to make the business profitable.

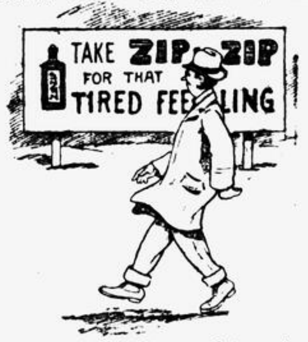
That Philadelphia man who succeeded in climbing Mount Ixtaccihuatl is likely to get tired of telling his friends about it if they insist on hearing him pronounce the name.

Mrs. Behenna having explained why she left Ottawa, it now seems to be up to the Hon. Charles Hyman to tell us whether it was chilblains or the poor sidewalks that sent him flying towards the balmy lemon orchards of California.

If married men are really braver than bachelors, a regiment of Mormons ought to put an army to flight.

The British Parliament refuses to take down the "Men Only" sign.

The cities that have abolished the bill boards in the effort to become more beautiful will be sorry when they look



TAKE ZIP ZIP FOR THAT TIRED FEELING

around for the usual signs advising them what to take for that tired feeling in the spring.

Lucky is the man who loses his reputation—if its bad.

Some one asked Thomas A. Edison, "Don't you believe that genius is inspiration?" "No," he replied, "it is perspiration."

On the other hand, it must be remembered that the people who think Kenora can beat the Wanderers are the same dreamers who are afflicted with the habit of estimating the size of the Manitoba wheat crop.

If the war between Nicaragua and Honduras continues for another month, the people in this country may stop chasing the elusive dollar long enough to enquire what the row is about.

Of course, if women were allowed to vote in England, there could be no question about Major Maude's title to the Premiership.

George W. Perkins need not copyright his idea of giving back money, as few will want to use it.

The Montreal sidewalks will have to be cleared in two weeks. The thoughtful City Council is always ready to provide opportunities for the spring poets to do something for their country.

You may know a woman like a book, but you can't shut her up like one.

Since receiving the Order of the Bath, Prince Henry of the Netherlands has no doubt come in for a shower of congratulations.

What the Czar wants is a Douma that will confine itself to the opening prayer and a motion to adjourn.

The British Parliament's troubles are not over. Those women agitators may suddenly become seized with the idea of swooping down on the House with drawn hatpins.

However, this rumor that President Eliot contemplates introducing "puss wants a corner" and "tag" in Harvard sporting circles, is probably erroneous.

Caruso now gets $2,300 every time he sings. By saving his money and keeping away from the monkey houses he may be able to retire from the songbird business one of these days.

It is not true, as reported in the Ottawa smokerooms, that the Y.M.C.A.'s of Canada were considering the advisability of presenting Sir Frederick Borden with a cut-glass water pitcher.

The reduction of the late Baroness Burdett-Coutt's fortune from uncounted millions to $395,000 indicates that she had mastered the art of not dying rich without making much noise about it.

One of the scientists declares that deep and serious thinking produces disease, and when we look and see how healthy the Montreal City Council is, we are inclined to think he must be right.

With Hon. W. A. Weir presiding at General Booth's mass meeting, and Sir Frederick Borden's hearty endorsement of the Y.M.C.A. work, the latter institution and the Salvation Army may face the future with an unwrinkled front.

Westmount's cup of sorrow is brimming again—two cases of smallpox. As it is of the Westmount brand, nobody takes the outbreak seriously.

QUARTERLY MEETING OF SYNOD EXECUTIVE.

At the usual quarterly meeting of the Synod executive held Tuesday afternoon, at which Dean Evans presided in the absence of Bishop Carmichael, the death of the late Rural Dean Harris was touchingly referred to.

Rev. Canon Baylis, whose health has been suffering for some time past, was granted a month's leave and the sum of $200 placed at his disposal. The usual financial statements were read and adopted, while reports from the Mission Fund Plan Committee on Stipends were found satisfactory. A letter was also read from His Excellency the Governor General, acknowledging the receipt of the resolution of sympathy passed by the Synod at the time of the death of his daughter, Lady Alice Grenfell.

BURNS CLUB.—This evening at 8 o'clock in the Alexandra Rooms, 814 St. Catherine street west, the local Burns Club holds its last literary meeting for the current session, when Mr. J. Porteous Arnold, F.E.I.S., will deliver an essay entitled "The Scottish Language."

PROVINCE OF QUEBEC HOLSTEIN BREEDERS HAVE THEIR ANNUAL MEETING.

The Holstein breeders of the province of Quebec held their meeting and elected officers, at St. Lawrence Hall, on Tuesday, after which the annual banquet was held. The president, Mr. J. E. K. Herrick, occupied the chair. After hearing most satisfactory reports of the unvarying success of the Holsteins at milking tests, etc., and transacting other business, the following-named were elected officers:

Hon. president, Hon. Mr. Allard, Minister of Agriculture Provincial Government; president, J. E. K. Herrick; 1st vice-president, Dr. L. de Lotbinière Harwood; 2nd vice-president, Antoine Ashby; 3rd vice-president, I. Paquette; 4th vice-president, Neil Sangster; sec.-treasurer, F. E. Came; assistant-secretary, A. N. Deland; directors, Ogden Sweet, H. Beauregard, Dr. Godreau, Paul Lussier, J. J. Riley, jr., C. Fournier, and P. Elsot.

CAESAR BY AMATEURS.—This afternoon the Mount St. Louis Literary Union will present Julius Caesar to their fellow students at the college and their friends. The performance will take place in the college hall, starting at 2.30 o'clock. Father T. Heffernan will preside.

Throat Coughs
Ask your doctor about these throat coughs. He will tell you how deceptive they are. A tickling in the throat often means serious trouble ahead. Better explain your case carefully to your doctor, and ask him about your taking Ayer's Cherry Pectoral. Then do as he says. Get the best medicine, always.
We have no secrets! We publish the formulas of all our preparations.
J. C. Ayer Co., Lowell, Mass.

World Gossip

EDUCATED AT OTTAWA COLLEGE.

Quite a number of Canadians have achieved success on the stage, and though Mr. Wilton Lackaye was not born in this country and so cannot be very well added to this list, he received a considerable portion of his education in Canada, and so can in some measure be regarded as a Canadian product. In an interview with a Star reporter at the Windsor Hotel yesterday he stated that he had spent some years at Ottawa College, going from there to Georgetown University, where he took his degrees.

"My college experiences in this country," he said, "have given me quite a liking for Canada and Canadians, and it has always been a pleasure for me to come to this country in my professional tours."

Those who have seen Mr. Lackaye only on the stage have enjoyed but a part of the pleasure which his society can afford, and, great as are his talents as an actor, he is almost as successful as a conversationalist. In fact, it is probably to his genial social qualities that Mr. Lackaye owes his election to the honorable office of president of the Lambs' Club of New York city, one of the best known clubs in America. "The Shepherd" is the name of the position in the club, whose "gambols" are attended by people from every part of the country, among whom are several Montrealers, who are very frequent guests.

SCHEME FOR GREATER BERLIN.

The next great city to be attacked by the desire of extending its limits and increasing its population by the process of gobbling up its smaller neighbors is Berlin. As it is, the capital of Germany ranks only third in the great cities of Europe and fourth in those of the world, London, New York, and Paris all counting larger population. Berlin has at present a population of about two millions and a quarter, which is half a million short of that of the French capital. But if Berlin should annex its numerous suburbs it would easily pass the three million mark and so would take second place amongst the cities of Europe.

"Even though I have great hopes of Berlin and its progress," said Mr. August Winthorpe, of that city, to a Star reporter while in Montreal yesterday, "I still hardly expect it to ever rise above this position of third, and certainly never to first place. It does not seem possible that any city will ever surpass London in population, for not only has the English city such a great start over all competitors, but it is growing as quickly as any of them, and even more so."

Mr. Winthorpe went on to explain that comparisons between Berlin and the French and English capitals were, however, hardly fair, as the German city did not begin to be the centre of national life in any such degree as are London and Paris. Its relation to Germany is much the same as that of New York to the United States. Hamburg, Munich and Dresden are in many respects close rivals of Berlin. In comparison with the American city, Berlin surpassed New York in population up to the time of New York's annexation of its suburbs, when it was placed far ahead of any other city except London. Annexation will not mean so much for Berlin as for New York, as the suburbs to be added to the German city are not nearly so large as were those of New York.

"The growth of Berlin has been very great," said Mr. Winthorpe, "and though partly to be attributed to the organization of the empire, it is probably due in a greater measure to the general constitutional changes which took place in Prussia at that time. Before 1871 it was one of the worst governed cities in the world. Since then it has been one of the best. Previous to that time it had been first a fortress and secondly a city, only incidentally as it were. Everything was sacrificed to the needs of the military service. All attention was devoted to the camps and their appurtenances, and the needs of the city and its citizens were entirely overlooked. Modern improvements were unknown."

As a contrast to this state of affairs Mr. Winthorpe described the progress of the city since it was given the right of municipal self government. The old walls and fortifications have been abolished, making way for new streets, and giving free communication between all parts of the city. The transportation system is an excellent one, with its elevated, surface and subway lines. No more sewage has been poured into the river Spree, which has been dredged and walled. Now the sewage is sent to the great sewage farms, which are the site of market gardens of fabulous productiveness. Altogether Berlin has become a new city, and its prospects are particularly bright.

A COMPARISON OF MINES.

Mr. H. L. Knight, of Denver, who is at present in this city, is a mining engineer of an experience which extends to almost all parts of this continent, and to others as well. He talked shop to the Star yesterday, and in the course of conversation made the following interesting comparison of the comparative richness of mineral deposit in different parts of the United States.

"I haven't any hesitation in putting the United States first among the mining countries of the earth," he said, "for I have worked in many lands, but have nowhere found such valuable deposits. And of all the parts of the United States, Alaska is the richest. I have spent a couple of years in the Klondike region, and, in fact, it is the scene of my present operations. It is the most promising field I have ever seen."

"How about Nevada?" was asked.

"Nevada is a rich state, and there is undoubtedly a great deal of gold in that desert country, as the reports of discoveries there indicate. But the reports of such findings in the new mining country are almost always considerably exaggerated, and I think considerable deductions will have to be made from the first reports. Nevada is a rich mining country, but I do not for a moment think that its mines will pan out as those of Alaska have done."

Of California Mr. Knight said that it was rapidly developing into one of the richest copper mining districts in the country. In Shasta county alone, where a few years ago the output was only a few hundred thousand dollars' worth, it now amounts to several millions in value. A great deal is also being done in dredging the smaller rivers, where the sand is scooped up from the bottom, and when washed often yields good returns in gold.

IN THE SPRING TIME
The Montreal water, never good, is at about its worst in the Spring, when the snows are melting. One must drink something, and nothing is more healthful and nourishing than good, pure milk—but it MUST be GOOD and it MUST be PURE. We GUARANTEE all our supplies to be both. You owe it to yourself to try it. Do it now.

THE "COME INTO MY PARLOR" STORY.

The invitation of the manufacturers of muddy, blotchy and adulterated package dyes to the ladies of Canada to use their poor colors for home coloring is as dangerous as the call of the spider to the fly. The invitation of the makers of common dyes if accepted, means loss of money and ruin of valuable clothing and materials, the acceptance by the fly of the spider's offer is death.

To-day, many ladies know too well that in the past they have been victimized by the false stories told by makers of crude dyes, and have suffered serious losses.

The DIAMOND DYES, used all over the civilized world have always done good and profitable work for our women and girls. No other package dyes are as strong, bright, fast and as lasting as the DIAMOND DYES, old and young can use them with equal success and pleasure.

Ladies should see that the words "DIAMOND DYES" appear on each package they purchase. Refuse all imitations and substitutes if you would avoid loss and trouble.

Booklets on Home Dyeing and Card showing 50 Dyed Samples sent free to any address. Wells & Richardson Co., Limited, Montreal. 62 2 2aw

CHAMBRE DISCUSSED NEW BILL OF LADING.

The regular meeting of the Chambre de Commerce took place yesterday afternoon. Several questions of importance were discussed, including a communication from the Railway Commission, asking the opinion of the Chambre on the new conditions which several railway companies are endeavoring to secure in connection with the transportation of goods and live stock. A draft of the new conditions was submitted. They are intended to form the basis for the adoption of a new bill of lading. The matter was referred to a special committee.

Opposition was expressed towards the endeavor being made to make all exports of cheese and butter from the district between Levis and Campbellton, N.B., gravitate towards Rimouski. Hon. Alphonse Desjardins reported that the Provincial Government had shown itself favorable to the creation of a school of higher commercial studies in Montreal.

ST. PATRICK'S CONCERT.—The Young Irishmen's L. and B. Association are to hold their annual St. Patrick's concert in Stanley Hall on Monday evening, the 18th inst. The programme will consist of songs, recitations, etc.

A CROWDED HOUSE FOR BOOTH LECTURE.

The tickets for admission to the Exchange Room of the Board of Trade building on the occasion of the lecture to be delivered next Monday evening by General Booth, have been exhausted, and those who have not already secured admittance cards will be compelled to take their chances on getting not only a seat, but standing room. There was a large demand for these tickets, and as the room only holds about five hundred, it did not take long to exhaust the supply.

Sues Railway and Harbor Board.

Ernest Riel, carter, through his attorneys, Deguire and Rheaume, has entered suit for $1,900 against the Canadian Pacific Railway Company, and the Harbor Board. He alleges that while the railway company was building a spur on the property of the board he had to cross the property in his cart, and had a leg broken through a fall into a hole dug by the employes of the company.

First Annual General Meeting.

The shareholders of Henry Morgan & Company, Limited, held their first annual general meeting Tuesday, when the following directors were elected: James Morgan, Colin D. Morgan, F. Cleveland Morgan, Harold M. Morgan, Kenneth C. Campbell, R. A. Nixon, Robert Reid. At a subsequent meeting of the directors, James Morgan was elected president; Colin D. Morgan, vice-president; R. A. Nixon, secretary; and E. B. Meyer, treasurer. The president, Mr. James Morgan, referred to the satisfactory winding up of the old firm's affairs, and outlined the policy which it was proposed the new company should follow.

GREEN TEA.—The Alexandras will hold a "Green Tea" in the lecture room of St. James Methodist church, from 6.30 to 7.45 on Saturday evening 16th.

Change in Legal Firm.

A change in one of the legal firms of the city has been occasioned by the elevation to the Bench of Mr. A. G. Cross, K.C. Mr. Cross was, before his elevation to the Bench, the senior partner of the firm of Cross & Brodie, and his junior partner, Mr. H. H. Brodie, has joined the firm of Cook & McMaster, which will hereafter be known as Cook, McMaster & Brodie. Mr. Brodie removes at once to the offices of Messrs. Cook & McMaster, in the Royal Insurance Building, 2 Place d'Armes, Montreal.

"Children Teething"
Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents. 272 312

Victim of a Father's Cruelty.

The family of James Allen, the man who was recently condemned to three years of imprisonment for brutal treatment of his little daughter, is in indigent circumstances. Mrs. Allan and her two children have, for the present, taken refuge with a friend, Mrs. Connors, 316 [illegible] street, until such time as she can get a position so as to be able to support them. The little girl, three years old, who was especially mentioned in the charges against her father, is doing well, and the severe bruises on her body are healing up. Her eyesight, however, is for the present entirely gone, though the doctors hold out hopes that by careful treatment she may be able to see in a couple of years.

Diamond prices are advancing. Buy now. R. Hemsley, 255 St. James st.

CANADA'S ATTITUDE CAUSE OF CONCERN

Official London Wonders Whether Sir Wilfrid Will Attend

COLONIAL CONFERENCE

Canadian Premier Sets Doubts at Rest by Announcing That He Will Sail April 5.

By Special [illegible] Correspondent.

London, March [illegible] [illegible] has [illegible] informed quarters [illegible] conference [illegible] to Parliament and the latest [illegible] doubts [illegible] Sir Wilfrid Laurier will attend the Colonial Conference [illegible] totally [illegible] other [illegible] Wilfrid's [illegible] only asked [illegible] Canadian Premier.

It is remarked [illegible] British Parliamentary paper [illegible] Earl Grey's despatch [illegible] 26th, indicating [illegible] Canadian Ministers had [illegible] no new subjects. In the absence of this despatch and the absence also of official communication of Canada's attitude towards the questions and the Imperial Council proposals as defined by Mr. Fielding on November 29th, and by Sir Wilfrid Laurier on February 15th, it has been inferred here that Canada alone among the self-governing colonies has remained indifferent to this great conference of the Empire called to discuss the gravest questions of inter-Imperial relations vitally affecting the future of the Empire.

WINDERMERE.

SIR WILFRID LAURIER WILL SAIL FOR ENGLAND.

Special to The Montreal Star.

Ottawa, March 14.—Sir Wilfrid Laurier's plans are all made to sail for England on April 5 to attend the Colonial Conference. Unless something entirely unforeseen occurs he will certainly go.

With reference to a cable from London yesterday, quoting an interview with Premier Ward, of New Zealand, in which he said Sir Wilfrid Laurier had declared himself favorable to a permanent Imperial Council, the Premier stated last evening that he was not in favor of such a council. He will unite with other colonial premiers in endeavoring to reach a definite understanding with the Imperial Government as to the position of the colonies in regard to British treaty obligations. The Dominion Government is anxious that Great Britain, in making treaties with foreign powers, will not grant any trade concessions which would interfere with Canada's freedom to make her own trade treaties with other countries.

PASSENGERS ON EMPRESS.

(Exclusive to the Star.)

Among the cabin passengers on the Empress of Ireland, westbound, which [illegible] reported by a special Marconigram to the Star from Sable Island are: W. C. Balden, Mr. Boyd, G. M. and Mrs. Brown, L. E. Brooks, J. C. Curtis, C. Doxat, E. C. Emery, F. W. Fox, A. F. and Mrs. Goodridge, Mr. and Mrs. A. Gunn, and Master Gunn, F. Hall, Miss Hollings, L. M. Jewett, J. M. Jones, W. S. King, G. and F. Langton, C. O. MacDonald, F. E. McCurdy, E. M. Nicholson, H. and Mrs. Rundal, S. J. Sherring, A. E. Wilson.

CONVICTION QUASHED.

Special to the Montreal Star.

Toronto, Ont., March 14.

The Court of Appeal quashed the conviction of Charles M. Hays, president of the Grand Trunk, for neglecting to furnish a two cent a mile service. The court holds that if any action lies it should be against the company and not against the President.

MR. GIRARD CALLS MEETING.

Quebec, March 14.—Mr. Girard, M. L. A., Rouville, will hold a mass meeting at Marieville on Sunday next after mass, to protest against the appointment of Senator Desaulles. He has invited Hon. Mr. Brodeur to be present, and a number of members of the Legislature will be there also.

ROYAL TEMPLARS OF TEMPERANCE.

The nineteenth annual meeting of the Royal Templars of Temperance took place yesterday afternoon and published very satisfactory reports of the year's work. Mr. Joshua H. Spicer was re-elected to the position of Grand Councillor, while other office bearers for the year are: Grand vice-councillor, Mr. W. F. Bowman; grand past councillor, Mr. R. J. Lattimer; chaplain, Rev. R. George Watt; secretary, Mr. A. E. Parker, Montreal; grand treasurer, Mr. Henry Morton, Montreal; grand auditor, Mr. E. P. Wilkes; grand herald, Mr. Abel Whitehead, of Robertson, Quebec; grand deputy herald, Mr. D. Christie; grand guard, Mr. Thomas Logan; grand sentinel, Mr. A. Dickson; grand trustee, Mr. W. E. McKilligan; grand medical referee, Mr. John McBain; social purity superintendent, Mrs. Colby; medal contest superintendent, Mrs. A. Morrison; representatives on the executive, Messrs. H. E. Munro, L. E. J. Waters, A. R. Brussel; representative on sick and funeral department, Mr. J. H. Spicer.

Suit Over Non-Delivery of Pump.

The civic law department entered an action in the courts to-day against the Caledonian Iron Works Co., of this city, for the sum of $82,000. The suit is in connection with the non-delivery of the famous Washington pump. When the recent break occurred to one of the pumps at the Wheel House and there was a great scarcity of water, it was held by the underwriters that the scarcity would not have happened had the new pump been delivered, as it ought to have been over a year ago. In the $80,000 asked is incorporated a sum of $62,000 for damages suffered by the city because of not receiving the pump on time, and $20,000 which constitutes a sum of $50.00 a day penalty every day the pump was delayed.

It may be said that the total cost of the pump was to be $65,000. As shown the city wants $82,000 damages.

THIEL DETECTIVES ARE NOW ON TRIAL

Ex-Mayor Vallilee and Albert MacLaren Among the First Witnesses.

Special to The Montreal Star.

Hull, Que., March 14.—The case of the six detectives of the Thiel Agency, of Montreal, Messrs. R. L. Engram, A. L[illegible], W. [illegible] McManus, J. Delorme, P. F[illegible] and F. J. Thompson, charged with manslaughter in connection with the death of Belanger and Theriault in the Buckingham riot, on October [illegible], was [illegible] before Judge St. Julien [illegible].

Ex-Mayor Vallilee said that sixty-[illegible] special constables were sworn in to protect the MacLaren property. He was Mayor of the town, and manager of the MacLaren works at the time of the strike. The firm asked him as Mayor for special protection.

The Thiel Detectives had charge of the protection of the property from a short time previous to the riot, and he believed that the employees of the MacLaren firm who were sworn in special constables, were under the orders of the chiefs of the detectives. He swore in as special constables the employees of the firm, because only [illegible] other citizens of the town could be induced to act as such. The MacLaren Company had provided its [illegible] with revolvers before they became special constables. He was told of the steamboat owner claiming damages because the Lievre River was blocked by the logs which MacLaren Company could not bring down on account of the strike. It was very necessary, he said, that the logs be moved, which caused the firm to begin the work when it did.

MR. MACLAREN ON STAND.

Mr. Albert MacLaren gave evidence of applying to the Thiel Detective Agency, at Montreal, before the day of the riot, for men to protect the property, and the six accused were men which the Agency sent up. He [illegible] swear which of the accused [illegible] but shots came from the detectives' side. He ran behind the wood pile as soon as the shooting began, and could not see the detectives.

Dr. J. D. Sicard and Dr. J. W. Wallace gave evidence regarding the wounds of Belanger and Theriault.

Mr. J. M. Gorman, secretary-treasurer of the Town Council said no special meeting of the town council was called to discuss protecting the MacLaren property.

Mr. Camille Gauthiers said the first shots came from the detectives. He saw Ralph Cummings shoot his revolver at the strikers, but did not think it was the first shot.

Mr. A. C. [illegible], the first witness called to-day, said the first shot came from the detectives. Belanger did not strike [illegible] with a stick.

Mr. D. J. W[illegible], Mr. Joseph Demers, and Mr. Mathews, of Buckingham; Mr. C. A. Page, Mayor of Masson, and Mr. Leon Renaud also gave evidence.

The town witnesses generally agreed that the first shot came from the side of the detectives.

MR. GEORGE BURY, of Montreal.

Mr. Bury is the assistant general manager of the Canadian Pacific Western lines and a despatch from Chicago says that he has been offered the position of general manager of the Rock Island and Pacific Railway with a salary of $30,000 a year.

CO-OPERATION IN TEMPERANCE WORK

At the morning session of the 28th annual convention of the Dominion Alliance in the Y. M. C. A. building to-day, the president, Mr. Carter, spoke of the great success achieved during the past year through joining forces with the Roman Catholic Church of the province. "We must admit," said Mr. Carter, "that we are in the minority in this province and have possibly made a mistake in the past in conducting temperance work too much on our own lines, forcing our views upon the Roman Catholics without their co-operation or even consent. But in the last two years we have been in conference with the Archbishop and have come to a common working basis on certain lines, without compromising any principles of the Dominion Alliance. Reports from local liquor establishments show also a material decrease in the consumption of liquor since the commencement of His Grace's temperance campaign."

Mr. Carter also stated that the object of the Alliance was now to instruct the different municipalities as to the license law; and it was encouraging to note that of the 1,000 municipalities in the province 600 were under local option. Mention was also made of the assistance throughout the province rendered by the Franciscan Fathers.

The election of officers on the following committees took place: Political Action and Legislation Committee: Rev. Dr. Tucker, Convener; Rev. G. G. Huxtable, S. J. Carter, Mr. Robt. Boa, Mr. John Latham, Rev. A. A. Radley, P. W. McLachlan, Mrs. Geggie, Miss Sandilands, J. Kelly, Mr. Gorgan, Mrs. S. W. Foster, J. H. Carson, Mrs. R. W. McLachlan, Mr. Patterson, Henry Morton. Committee on Resolutions: Rev. C. W. Foster, Convener; Miss Campbell, Mr. W. H. Kerr, Mrs. J. Geary, Mr. Halpenny, Mrs. M. J. Davis, Mrs. M. [illegible], Harris, Miss J. McIntyre, Mrs. C. E. Mitchell, Mrs. Piche, Rev. C. S. Cleland. Finance Committee: Mr. J. H. Carford, Convener; Rev. [illegible] Seaman, Rev. Mr. McKillican, Mr. J. N. Boyd, J. Cunningham.

No Council on St. Patrick's Day.

On account of Monday next being the day on which will be celebrated St. Patrick's day, the Mayor has decided to postpone the meeting of Council from Monday till Tuesday, the 19th. The Mayor took the above action in order to allow many civic employes to attend the celebration in question.

BILL MAY NULLIFY OFFER TO COMPANY

City May Not Grant Contracts for Over Ten Years Without the Referendum.

The amended bill of the city of Montreal, as it has finally passed the Legislature, reached the City Hall to-day and was the subject of much interest.

An important feature which affects the bill, is the Gouin measure which says that if the city wishes to grant contracts for over ten years to companies that the referendum must be resorted to. It was admitted by a majority of the aldermen to-day that this measure absolutely nullifies the offer of a twenty years' franchise, which the city recently made to the Light, Heat & Power Company.

Speaking of the City's Bill as it now stands, Ald. L. A. Lapointe, who returned from Quebec to-day, said: "The Legislature has dealt in a fair spirit after all in connection with this bill. The city will now have plenty of money to improve the water works, to build conduits, and it may borrow money for other important civic improvements."

A perusal of the city's bill shows that the Legislature has struck out all the referendum clauses except that pertaining to the borrowing of money to build conduits. On the other hand the Gouin bill states that the city shall apply the referendum when it gives out contracts exceeding ten years, and this has also been finally passed. This will, as stated, affect the proposed offer for lighting to the Light, Heat & Power Co. Therefore this contract being for 20 years must be voted on by the people.

When conduits are built in the city by companies space must be reserved in them for the city to use; but the measure says that the city must pay for such space.

MAYOR DISCUSSES BILL.

Speaking of the city's bill, as it has finally passed the Legislature, the Mayor said: "I think the Legislature has done what is right by the city. It is only just that the proposal for the city to build conduits should be voted upon by the people. This will be a most important undertaking and citizens should have the right to vote upon it.

"The city is now in a position that it can borrow money in order to greatly improve the water service of the city. I trust Council will take up this project at once. If work is started early in the summer it would be possible to so enlarge the water supply that things would be drastically remodelled by the autumn.

"In regard to the proposed high water pressure system, which will cost a million, it is only fair that property in the congested district should be taxed for the improvment."

"What is the position in regard to the offer of the Light, Heat & Power Co?" was asked.

"It seems to me that the position now is, according to the Gouin measure, that if the city wants to make a contract with the company for over ten years that a referendum must be put to the people. I must say, however, that the position of the company is a strong one. A clause in the bill says that if the city decides to buy out the company that it must be bought as a 'going concern.' This means the good will and franchises of the company will have to be purchased. After all there is much justice in this. It is not to be expected that the company would give up its valuable franchises for nothing."

MID-MARCH STORM STRIKES MONTREAL

The regular mid-March snowstorm reached the city last night, and continued with occasional violent breaks through the dark hours and at six o'clock this morning there was every evidence that it had come to stay at least for the day, and possibly longer.

The weather man, however, has promised that the mercury will go up and that the fall of snow will cease.

When Montreal woke this morning the first thought was as to whether or not the storm would affect the street railway system. To the good housewife or the man who does not have to hustle down town, the disruption of the street railway service matters little, but to the thousands of men, women and children who are supposed to be at work early in the morning, it matters a great deal. On just such a morning as this was the many people who walk down town are forced to take a car, and it is therefore all the more awkward when the cars are delayed. The company's managers say that they have had little or no trouble as a direct result of the storm. The fact remains that on nearly all the lines the service was anything but regular this morning. One of the chief causes of this was a break in the trolley wire on St. Denis street between Duluth avenue and Roy street. Cars were held up for a long time and as a result nearly every line in the city was demoralized. The company had all its snow sweepers out and they kept the lines well cleared.

The railways apparently did not suffer—for all the trains were comparatively speaking, well on time. The Grand Trunk from Toronto was one and a half hours late, but this had nothing to do with the storm. It was one of the heaviest trains from the West for a long time, and it was half an hour late in leaving Toronto. Otherwise the Grand Trunk trains were well within the ten or twenty minute late notice.

The Canadian Pacific trains were also on fairly good time. The one exception was the Transcontinental Express, which was due at seven in the morning, and which was announced to be about five hours late. That, of course, had nothing to do with our local storm. Yesterday's thaw resulted in the turning out of some waggons on wheels, and these had to be pulled through the deep drifts of snow to-day. In many cases it was hard work for the poor old horses, but it was, everybody hopes, the last kick of the winter, and the horses seemed to know it and to get through it as best they could.

Professor Creelman Bereaved.

The death of Mrs. William Creelman occurred at her home in Yarmouth, N.S., on March 8. She had been in ill-health for over a year, and when stricken with pneumonia ten days ago there was no hope for her recovery and her son, Dr. Creelman, of this city, was summoned to her bedside. Mrs. Creelman has been a frequent visitor at her son's home in Montreal and has many friends here. Mrs. Dickson Anderson, of this city, is a niece. Her husband, the late Rev. William Creelman, formerly of Maitland, N.S., died some years ago, and two sons survive—George C., of the United States Immigration Service at Yarmouth, N.S., and Harlan, professor of the Congregational College of Montreal.

OVER ONE HUNDRED MEN ARE MISSING

Total Number of Dead in Toulon Disaster Estimated at 120.

Toulon, March 14.—The efforts to recover the bodies of those killed by the explosion on board the French battleship Iena have not yet resulted in fixing definitely the number of casualties, but after the last roll call there were still unaccounted for eight officers and one hundred and ten men. There is little doubt that all the missing men perished. The roll call was applied to the crew of the Iena, but as it is believed that some twelve or fifteen arsenal hands were engaged on board the battleship at the time of the explosion it is feared that the total number of dead will reach 120.

FRENCH PRESS IS CRITICIZING GOVERNMENT

Special to the Montreal Star.

Paris, March 14.—Sorrow caused by the Toulon horror has not prevented bitter criticism of the Government. Even the Moderate press hints at dark secrets. Le Journal says: "When the cause is known there will be the strongest reasons for hushing it up."

The Echo de Paris, an Opposition paper says: "Catastrophes in the navy are becoming more numerous month by month. They make a black series of suggestive admonitions."

The implication latent in all the press comment is that revolutionary ideas are undermining the public service everywhere and causing more or less voluntary negligence resulting in disasters.

SATURDAY'S STAR.

The demand for advertising space in last Saturday's Star was the heaviest in the history of the paper covering a period of 38 years, and notwithstanding the enormous volume published, there were presented at the counter for insertion thirteen columns, making one full page and five-eighths of a page which for want of space, we were compelled to decline. It was a very decided case of getting too much of a good thing.

For next Saturday's Star copy must be presented early on Friday as there is certain to be a great mass offered for which space cannot be found.

The Star's financial year ends on 31st March. The statement will show both in circulation and advertising the most phenomenal year it has yet gone through. In fact so great has been the expansion that the publishers are again forced to revolutionize the expensive plant installed such a short time ago.

63 2

SARAH MAXWELL MEMORIAL.

We are doing our utmost to make the acknowledgements in the Star overtake the subscriptions to the Memorial Fund, but in spite of strenuous efforts the receipts are days behind the acknowledgements. This explanation will convey to subscribers the information that where the acknowledgement is of a later date than their subscription these acknowledgements have to be made in the order in which they are received. We hope soon to overtake the arrears.

DECLARED STORY UNTRUE.

Important Evidence Provided by Hummel Allowed by Crown.

New York, March 14.—Abraham Hummel, on the witness stand at the Thaw trial to-day, declared that Evelyn Nesbitt told him in 1903 that she had told Thaw in Paris that it was not true that Stanford White had drugged and abused her.

The court had ruled out a somewhat similar question put to Hummel by District Attorney Jerome. Hummel answered this time before Mr. Delmas could object and the latter, after a heated colloquy, allowed the question and answer to stand. All Hummel's evidence regarding the affidavit was ruled out.

This afternoon experts for the prosecution will be called.

MR. JUSTICE CROSS AND KING'S BENCH.

At the opening of the Court of King's Bench (appeal side) to-morrow morning at ten o'clock, the commission of Mr. Justice Cross, who has recently been appointed to fill the vacancy caused by the resignation of Mr. Justice Hall, will be read. Mr. Mignault, the batonnier, will at the same time ask permission of the Court of Appeal to have hung in the Court of Appeal room a handsome oil painting of the late Sir Antoine Aime Dorion, who was for many years Chief Justice of that court. The picture was presented by Mr. Donald Macmaster, K.C., to the members of the Bar with the request that it should be hung in the Court of Appeal room. The picture is the work of Mr. G. Horne Russell.

NEW PROFESSORS FOR PRESBYTERIAN COLLEGE.

At a meeting of the Board of Management of the Presbyterian College, held yesterday, it was unanimously decided to nominate to the approaching General Assembly, the Rev. R. E. Welsh, M.A., of Toronto, for the chair of Apologetics and Church History, and the Rev. A. R. Gordon, M.A., of Monikie, Dundee, Scotland, for that of Old Testament Literature and Exegesis. Mr. Welsh is already well known in Canada as the general secretary of the Canadian Bible Society and as an author.

Mr. Gordon is one of the rising young Hebrew scholars of Scotland, whose articles in the Theological magazines have already attracted attention.

Credit Hebdomadaire Case Continued

The adjourned session in the trials of Harrison A. Demers, Leon Raclcot, and Pierre Bilodeau on the charge of obtaining money under false pretences, was resumed yesterday, and was devoted to the examination of the complainant, Miss H. Lagacee. She described the manner in which she had paid instalments on lots to the company, "Le Credit Hebdomodaire," of which the accused were directors, and explained how her suspicions of them were aroused and verified.

SLATE IS CLEARED FOR PROROGATION

The Discussion on Prevost-Lepine Incident Continued to the End.

Special to The Montreal Star.

Quebec, March 14.—When the House met at 11 o'clock to-day, Mr. Langlois moved to print in the journals of the House the testimony taken in the Prevost Lepine enquiry which forms the supplement to the committee's report.

Mr. Leblanc moved in amendment to strike out the conclusions of the committee which claimed that Baron de Lepine had knowingly falsified the facts in his evidence under oath before the committee. He argued that the committee had exceeded its duties in passing judgment upon Baron de Lepine, having been charged only to enquire into the circumstances attending the passing of the Baron's letter into the possession of Mr. Prevost.

Mr. Tellier, who followed, took similar grounds and also urged that the committee committed a great quasi-crime in not permitting Mr. de Lepine to be represented by counsel.

Mr. Kelly declared no one was on trial before the committee. The parties mentioned were simply witnesses like all the others heard, and there was no more reason to permit counsel to one witness than to another. If the refusal to give counsel to Mr. Lepine was a quasi-crime then Mr. Tellier was a party to it for he participated in the proceedings until all the evidence was in and even put questions to the Baron.

Mr. Leblanc argued that the fact that the Baron was a foreigner was no reason why justice should have been refused.

Mr. Prevost described what he termed the systematic attempts at blackmailing made upon him in this connection, and pointed out the various contradictory statements made by Mr. Lepine at different times.

Hon. Mr. Gouin justified the action of the committee in refusing counsel to witnesses when those witnesses had friends on the committee.

Mr. Leblanc's amendment was defeated on division of 4 to 40, Mr. Lafontaine, Maskinonge, voting with the majority.

The Villeneuve bill in the Legislative Council passed its final stage.

Mr. Decarrie moved for leave to withdraw the Notre Dame de Graces bill, which was granted.

The Supply bill passed through all its readings and after both the Premier and the leader of the Opposition had congratulated the Speaker, the House adjourned till 3 o'clock for prorogation.

LEGISLATURE CLOSED.

The Speech from the Throne was as follows:

Honorable Gentlemen of the Legislative Council, Gentlemen of the Legislative Assembly: Before closing the work of this session I wish to congratulate you on the zeal you have displayed in the performance of your parliamentary duties. The attention you have unremittingly devoted to the measures submitted to you is a warranty that the laws you have passed will contribute to the development and prosperity of the province.

Gentlemen of the Legislative Assembly:

You have generously voted the appropriation asked of you for the requirements of the public service. I thank you for them and will see that they are expended economically and for the purposes to which they are destined.

Honorable Gentlemen of the Legislative Council, Gentlemen of the Legislative Assembly: In taking leave of you I beg to express my best wishes for the welfare of the people of this province and in particular for your happiness and that of your families.

BUTCHERY DRIVES SPECTATORS INSANE.

Velisavetgrad, Russia, March 14.—An estate in this vicinity was attacked by robbers yesterday, who bound and decapitated the proprietor, five laborers and a woman. Two witnesses of the slaughter, a soldier, who hid in a hay stack, and a child, lost their reason. The soldier subsequently died in a hospital of delirium.

VACANT JUDGESHIP GOES TO HON. MR. DRYSDALE.

Special to The Montreal Star.

Ottawa, March 14.—Hon. Arthur Drysdale, Attorney-General of Nova Scotia, has been appointed to the vacancy on the Supreme Court bench of that province.

Hon. Arthur Drysdale succeeded the late Hon. C. E. Church, in the Nova Scotia Government as Commissioner of Public Works and Mines in 1901, the portfolio which he has held up to the time of his present appointment. The new judge has been one of the leaders of the Halifax Bar. He is a keen debater and ranked as one of the most effective speakers in the province. He represented the county of Hants in the Legislature since 1891.

Both Mr. Drysdale's parents are Canadians of Scotch descent. He was born at New Annan, Colchester County, in 1857, and was called to the Bar of Nova Scotia in 1883, shortly afterwards entering the Halifax law firm, comprised of Messrs. Meagher and Chisholm with his own name attached. The firm underwent several changes and Mr. Drysdale has of late been associated with Mr. Hector McInnes.

FERRY BILL AMENDED.

Important Clause Was Struck Out by Railway Committee.

Special to The Montreal Star.

Ottawa, March 14.—Clause 10 of the Ontario and Quebec Railway Ferry Company bill, granting power to the company "to purchase or otherwise acquire any land required for its purpose, including part of the beach, bed and islands of the St. Lawrence," was struck out by the Railway Committee to-day, and the bill was passed. Mr. Emmerson said the promoters should be able to show exactly where in the harbor of Montreal the ferry wharf was to be placed.

Burglaries on Lachine Road.

During the course of the present week no less than three houses have been broken into on the Lower Lachine road, and in each case the robbers have been successful in getting away with a considerable amount of valuable stuff. Mr. T. Callaghan, of the Montreal Post Office, was one who suffered from the effects of a visit from the thieves.

Was Well Known in Montreal.

News of the death of Mr. Edwin Hartnell, at Bootle, Eng., has been received by friends in Montreal. Mr. Hartnell was many years ago connected with the Allan Line of steamships, and was exceedingly popular with visiting seamen. He settled down some few years ago in Bootle and in 1903 became a member of the Board of Councillors of that place.

HYMAN RESIGNATION DECLARED INVALID

Committee Decides He is Still Member of the House.

MRS. HYMAN'S LETTERS READ

Letter From Sir Wilfrid Laurier Was Not Received—Worry Gave Minister a Setback.

Special to the Montreal Star.

Ottawa, March 14.—The Privileges and and Elections Committee to-day declared Mr. Hyman's resignation invalid, and he is still a member of the House.

When the committee met a letter was read from James Duffield, of London, explaining that he had not received the first summons to appear before the committee as he was in Quebec.

Mr. Duffield, who was present, was called. He said Mr. Jarvis and Mr. Beal had witnessed the resignation of Mr. Hyman on the strength of a telegram he had received from Mr. Hyman as follows:

Coronado, Calif., February 2, 1907.
James Duffield, London, Ont.:

"Please have seal attached to my resignation as member for London, and have same properly witnessed.

(Signed) C. S. HYMAN.

Since that time the witness had received one telegram and a short note from Mr. Hyman. The note, which was of a personal nature, was destroyed. The telegram read:

Coronada, Calif., March 1, 1907.
James Duffield, London, Ont.:

"Any statements or insinuations that my resignation either as member or Minister were prompted by any other motive than was contained in my letter to Sir Wilfrid Laurier are absolutely untrue."

(Signed) C. S. HYMAN.

NEWSPAPER CLIPPINGS WORRIED HIM.

Asked as to what had prompted Mr. Hyman to send the telegram of March 1st, Mr. Duffield said he had sent Mrs. Hyman a number of clippings from Toronto newspapers several days before. Mr. Duffield said he saw Mr. Hyman a week before he left London. The Minister did not speak to him at that time of resigning and he was surprised to hear that he had done so. Mr. Duffield then told about accompanying Mrs. Hyman to St. Louis and proceeding with Mr. Hyman to New Orleans, where he was with Mr. Hyman from a Friday to a Saturday. Mr. Hyman at the time appeared to be a nervous wreck.

To Mr. Boyce the witness said he had not been with Mr. Hyman in New York and had addressed no letters to him direct, but to Mrs. Hyman. This closed Mr. Duffield's evidence.

Mr. D. H. Bowen, manager of the Canadian Pacific Telegraph Company was called to identify the telegrams of February 2, sent to Mr. Duffield by Mr. Hyman.

Hon. A. B. Aylesworth then proposed to read the letters he had received from Mrs. Hyman and this led to a lively scene. The Opposition members contended they could have no bearing on the validity of the resignation in a legal sense and it would be a matter of bad taste to make them public.

Mr. Bristol moved that the proceedings be closed and Mr. German moved in amendment that the letters be read. There were several lively altercations particularly between Mr. Bennett of East Simcoe and Mr. McLean of Lunenburg.

Mr. Hance Logan, chairman of the committee, remarked that Mr. Barker's motion had called for the production of all letters. Mr. German's amendment was then put and carried on a standing vote.

MRS. HYMAN'S LETTERS READ.

Mr. Aylesworth produced Mrs. Hyman's letters reading all references made in them to Mr. Hyman's resignation. In the first letter written from Los Angeles on December 12, Mrs. Hyman said her husband was better and brighter but could not concentrate his mind. He was much troubled by an article in the London Advertiser stating that his resignation was not regular. He was also troubled over Sir Wilfrid Laurier's statement that he (the Premier) had written to him, as no such letter had been received.

Mrs. Hyman in this letter asked Mr. Aylesworth to explain what was wrong as to the resignation. Mr. Aylesworth replied to the letter complying with Mrs. Hyman's request. He next read a letter from Mrs. Hyman dated Los Angeles December 27. It stated that Mr. Hyman would make up his mind as to the course he would pursue by the following Sunday. Mrs. Hyman said "Charlie" had read parts of Mr. Aylesworth's letter. He just nodded his head but said nothing. Some days he was better and would go to the races. Other days he was worse. He knew nothing of what was going on in Canada. "We never speak of home", the letter concluded "but simply of our life here."

A NOTE FROM MR. HYMAN.

On December 30, Mrs. Hyman wrote again to Mr. Aylesworth enclosing a note from her husband to the Minister of Justice, as follows: "I am, oh so sorry it cannot be as you and Sir Wilfrid wish. Please tell him of my deep sympathy in his trouble. Heaven bless you, dear old fellow." This note bore no date.

Mrs. Hyman said that his inability to agree to all his friends wished and to accept the London nomination was bothering him greatly. The necessity of making such a decision came at a critical time and had caused him to lose the gain in health he had made.

On December 30, Mrs. Hyman wrote a letter to Sir Wilfrid Laurier, which was also read. She said that "Charlie" had tried to think it possible to do as the Premier had desired. He was broken up at the idea of going out of political life, but his only hope was to remove all causes of wrong in the future. This it would be impossible to do if work was awaiting him at home.

Mr. Barker then presented the report of the sub-committee on the legal aspect of the resignation. It declared that the letter of November 20 to Sir Wilfrid Laurier and by him handed to the Speaker did not constitute a valid resignation. This report was adopted and the committee dissolved.

Jacob Liebovitch Found Guilty.

Jacob Liebovitch, charged with defrauding his creditors, was found guilty in the Court of King's Bench to-day, the jury being out but fifteen minutes. Mr. R. A. E. Greenshields K.C., counsel for accused, will appeal the case on the ground that during the Crown's address to the jury the fact that Liebovitch had not gone into the box in his own defence was referred to.

Elected Warden of Huntingdon.

Special to the Montreal Star.

Huntingdon, Que., March 14.—Mr. Robert Todd, Mayor of the townships of Elgin, was to-day elected Warden of the County of Huntingdon.

Colonial House, Phillips Square

TERRIBLE FLOODS IN PENNSYLVANIA

Many Western Towns Submerged—Train Lines Suspended and Business is Paralyzed.

Pittsburg, March 14.—Pittsburg is experiencing one of its greatest floods. The record of ten years has already been passed and the rivers are still rising. If the rise continues at the present rate the record of 1884, when the water reached the highest stage since 1835 will have been passed long before nightfall. The stage in 1884 was 33 feet 4 inches.

To-day at 10 o'clock the marks registered 32 feet, with the water creeping up at the rate of six inches an hour, and still rising at all headwater points.

Every tributary along the upper rivers is swollen and despatches from all sections of Western Pennsylvania report the smaller streams beyond their banks, and the surrounding districts submerged.

Weather bureau officials predict 34 feet or over at Pittsburg. If this stage is reached, the flood will not only be the greatest in 75 years, but the most disastrous in the history of the city.

The health bureau has notified the people to boil the drinking water, as the water is poisonous, owing to the flood conditions, and a typhoid fever epidemic is feared.

MANY TOWNS SUBMERGED.

Alarming reports are being received here from all parts of western Pennsylvania and West Virginia. Many towns are almost submerged, hundreds of houses are surrounded by water, and the people are living in the second floors. The coal mines along the rivers in the Monongahela valley are flooded, and thousands of miners are idle. Mills and business houses have from one to three feet of water in their first floors, stopping business. The damage to property will be at least $500,000. In Allegheny County, several fatalities have occurred on account of the high water, and a number of deaths are reported from the river sections.

ICE GORGES CAUSE TROUBLE.

The danger is increased by heavy ice gorges in the Monongahela and Allegheny rivers, about 25 miles above the city. One ice gorge alone in the Clarion river at Parker, Pa., is 30 miles in length, and continued rains and high temperature threaten to start it toward Pittsburg. The Youghiogheny and Kiskiminitas rivers are swollen, and the large volume of water is causing the Monangahela river to overflow its banks.

All the railways entering Pittsburg, except the main line of the Pennsylvania and Pittsburg and Lake Erie are crippled. On the Baltimore & Ohio, train service is almost suspended, and on the branch lines there is a complete suspension. Trains on the West Penn division of the Pennsylvania Railway are being brought direct into Pittsburg as they are unable to reach the Allegheny station. Street car lines in the suburbs are either suspended, or are running spasmodically and many persons are having much difficulty in reaching the city.

PERSONALS.

Rev. Dr. T. S. McWilliams, who was in town for the Cassils-Savage wedding the guest of Mrs. Greene, Redpath street, left for Cleveland, Ohio.

The tea room at the Canadian Handicrafts Exhibition, yesterday afternoon, was in charge of Mrs. Hugh Walkem, assisted by the Misses Isabel and Marion Creelman, Miss Featherstonhaugh, Miss Louise McDonald and Miss Irene Cains.

Mrs. Victor Garrish Gray (formerly Miss Honor Clayton) received yesterday afternoon for the first time since her marriage at her residence, Stanley street. Mrs. Gray received in a gown of pale gray crepe de chine, over pale gray taffeta. The drawing room was effectively decorated with pink and white carnations and mignonette. The tea table, prettily arranged with crimson tulips, was presided over by Mrs. C. J. Smith and Mrs. Ross Crawford. Mrs. Gray is receiving again to-day, assisted by Miss L. Rawlings, the tea table being in charge of Mrs. Vincent Hughes and Mrs. Dinham Molson.

New York Cotton Exchange.

Messrs. J. S. Bache & Co., 29 Hospital street, report the cotton market as follows for the Star:

PANIC KEEPS UP, PRICES DROPPING

The close in Wall Street was demoralized, and the panic was in full sway. Copper was smashed to 82½, Northern Pacific to 119, Reading to 96½, Union to 120, and Great Northern to 134½.

There were no failures announced.

LOCAL PRICES WILT.

The local market felt the blow in the afternoon and stocks were given away.

Twin City sold at 86, Power at 82½, Scotia at 70, Street Ry. at 212, Dominion Steel at 17⅞.

Canadian Pacific seemed to hold exceedingly well, and sold at 168. It dropped much less than most of the Wall Street issues.

All kinds of alarming rumors came from Wall Street, and there was some doubt as to whether the worst had been seen.

Twin City went later to 85, and Detroit sold at 69½.

Afternoon Transactions.

Pacific—50 at 170, 25 at 170, 100 at 169, 25 at 168.

One of the Worst Stock Panics To-day in the History of Wall Street

BELL TELEPHONE TO MAKE ISSUE OF $2,500,000 STOCK

The Capital Stock will then be Increased to $12,500,000 Paid Up.

COMPLETE TERMS OF THE NEW ISSUE.

Shareholders are to Get New Stock at the Rate of One New Share in Four.

It was officially announced to-day that Bell Telephone of Canada will increase its paid up capital from $10,000,000 to $12,500,000.

The directors held a special meeting yesterday and decided to issue $2,500,000 new stock.

Each stockholder of record March [illegible], 1907, is entitled to take at par shares of the new stock in the proportion of one share for every four shares now held.

Subscriptions will only be accepted for full shares. Holdings that are not multiples of four shares can be adjusted by the purchase or sale of rights, but the company will neither buy, sell nor adjust rights.

The right to subscribe will expire at 1 o'clock in the afternoon of April 17th, 1907. All stock not taken by subscriptions then on file at the secretary-treasurer's office will be disposed of as the directors shall determine.

Payment at the rate of one hundred dollars for each share must be made at the office of the company, Montreal, as follows:

$25 per share on May 1st, 1907.
$25 per share on July 2nd, 1907.
$25 per share on October 1st, 1907.
$25 per share on January 2nd, 1908.

Receipts for the amounts paid will be issued in exchange for each payment, which will carry interest at the current rate of dividend, and stock certificates will be issued at the date of final payment.

Blank forms for subscription and assignments of rights are enclosed.

Two Brokers Fail In London Market

London, March 14.—In the absence of any extensive American demands for gold, the directors of the Bank of England at their meeting this morning, decided that no increase in its rate of discount was called for, and consequently it was left unchanged at 5 per cent.

The prospect of a fair amount of gold coming from Paris was also a helpful factor.

The markets opened weak. Americans on the adjustment of parity showed declines of 2 to 7 points, but there was little business transacted on local account. By noon, Americans had recovered to one point above parity on a little bear covering and possibly some American buying.

British securities were depressed, while foreigners were dull on continental advices.

The failure of two stock brokers not connected with any special market was announced on the Stock Exchange, but they were not operators of much importance.

The bankers here say they know of no serious trouble impending.

TELEPHONE STOCK AT PAR.

A sign of the times is the fact that the Bell Telephone is putting out its $2,500,000 new stock at par.

Previously it has issued stock at a premium of [illegible], but the directors evidently thought the markets too unfavorable to maintain the old custom.

RUBBER CO. HAD A GOOD YEAR

The annual general meeting of the shareholders of the Canadian Rubber Company, of Montreal, Limited, was held this morning, Major G. W. Stephens, M.L.A., the president, occupying the chair. He reported that the company's operations for the year had been very satisfactory. An interim dividend of two and two-thirds per cent. was declared, making a total payment to the shareholders for the year of 6 per cent. upon the capital stock.

The company's business has shown a healthy increase, and the expensive building operations in progress throughout the country promise well for the prospects of the company during the coming year.

TOPICS OF THE STREET

It is not thought that Montreal losses in the recent slump are very heavy.

Not many of the traders have been in the market lately, and the few who bought on the break before yesterday's do not show very serious amounts on the wrong side of the ledger.

It was six weeks or two months ago when the break first became serious that Montreal lost so much money, and it would not be out of the way to say that the Wall Street market at that time cost local people fully $2,000,000.

Since then many people have been too crippled to trade on a large scale.

Of course book losses here run well up in the millions, but the rich men or investors hold their stocks through thick and thin and do not lose sleep, whether Great Northern is 155 or 300, although they confess to a slight preference towards the 300 mark.

Losses on Cobalt stocks have been pretty heavy here, and for every one man who has made money on Cobalts ten can be found who brought on the crest of the boom and show a loss now of anywhere from 50 cents to $3.00 a share.

However, hope springs eternal in the human breast, and the Cobalt holders say that when the snow leaves the camp they'll get their money back.

All the prophets are predicting a boom in Cobalts by June at the latest.

It is thought likely that Mr. Rodolphe Forget, M.P., will be the next Chairman of the Montreal Stock Exchange.

Mr. Forget is now vice-chairman, and the present chairman, Mr. Andrew Wilson, has served two terms.

The present secretary of the board is Mr. P. McDougall, and the managers are: H. Gordon Strathy, F. W. Barlow, J. J. M. Pangman and H. B. Macdougall.

Of the fifty-three members of the Montreal Stock Exchange, only one was elected in the month of March.

Evidence of a financial character came out at the Thaw trial yesterday, and the night of the murder the versatile Mr. Thaw presented Stanford White's brother-in-law with a straight tip to buy Amalgamated Copper.

As the brother-in-law is still said to be rich and generally prosperous, it is evident that he did not take the tip.

ARE WATCHING C.P.R. "POOL."

Public Losses in Canadian Pacific Said to Be Heavy.

In regard to Canadian Pacific, last night's New York Post says:

"A centre of much interest was the Canadian Pacific group on the floor, because of fears that the pool could not hold the stock much longer. It broke violently before noon, losing 7 points, and continued to decline in the early part of the afternoon. London furnished a good many of the selling orders. Canadians also sold freely in this market and appeared to be sacrificing other stocks in order to take care of the Canadian Pacific. The public losses on this stock have been very heavy. Much of it was sold above 190, and some as high as 195½ in January. It sold below 170 before midday, or more than 25 points off."

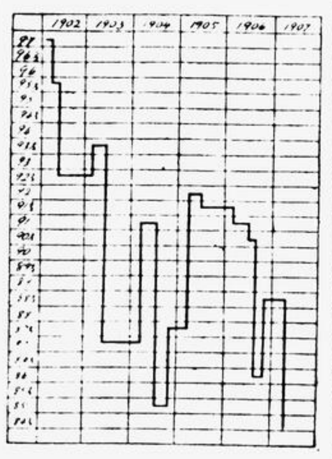
WORSE THAN EVER AT 2.30!

The panic was at its worst again at 2.30 p.m.

Reading smashed to 95, a decline of 20 points.

Copper broke to 86.

British Consols Have a Slump



British consols are now at rock bottom. That they have had a serious decline the past few years is evident from the chart.

LAWSON ISSUES A BLAST.

This came over the wires to-day:

"In a telegram sent throughout the world I give cause of panic and its antidote. Buy the list from A to Z before my telegram is public. This telegram goes to all stock exchange members everywhere.

"T. W. LAWSON."

"Boston, Mass."

MONTREAL CLEARINGS GAIN.

For the first time in some weeks Montreal clearings this week showed an increase:

	Clearings.
Total for week ending March 14, 1907	$28,885,090
Corresponding week, 1906	25,657,894
Corresponding week, 1905	25,789,565

Made a Million In the Market

Special to The Montreal Star.

Lakewood, N.J., March 14.—As the culminating stroke of a remarkably daring bear campaign in the stock market, J. Brandt Walker, member of the Chicago Stock Exchange, staying at the Lakewood Hotel, is said to have cleaned up more than a million dollars yesterday. He conducted his operations from a room in the Lakewood, where he had a private wire and telephone connecting with brokerage houses in New York.

"I began selling stocks six months ago," said Walker, "because the bond market was steadily declining, while stocks were advancing. Railroads were putting out new securities and increasing dividends at the same time. This had to end but one way sooner or later."

CONSOLS OFF TO 1866 LEVEL.

Consols at the opening fell to 84 5-16 for cash and again touched 84¼ for the account, the latter being the low water mark of 1866 when the Overend & Gurney crash caused such a decline in Great Britain's leading security, but by noon Consols had recovered to 85 for the account.

A TWO MILLION SHARE DAY.

Yesterday's sales in Wall Street amounted to 2,277,950 shares.

Sales of Canadian Pacific were 46,150 shares.

Union Pacific was the most active stock, with sales of 439,500 shares.

MR. STICKNEY FEARS A PANIC.

Too Much Hostile Legislation Towards Railroads.

Mr. A. B. Stickney, of St. Paul, president of the Chicago Great Western Railroad, said: "The people are now laying the foundation, firm and strong, for a tremendous panic."

Mr. Stickney said he did not believe that the crisis would be reached within the next two years, but that it would certainly come, and would be even more disastrous than the panic of 1893-94. If the railroad agitation was kept up all the railways were threatened with bankruptcy, he said, and in 1909 hundreds of thousands of men would be thrown out of employment.

The great unrest in the financial world, President Stickney said, was not due to the policy of President Roosevelt, but was brought about by "hostile legislation by the various state legislatures."

MONTREAL EXCHANGE RATES.

Montreal exchange rates: Buyers: 60 days, 7 31-32 to 8; Sight, 8 31-32 to 9; Cables, 9 3-32 to 9⅛. Francs, short, 522½; Marks, short, 94⅝; New York funds, 1-32 to 3-64.

THE 17TH IS SUNDAY.

(Wall Street Journal.)

On the 18th of March there will be launched on the curb a Cobalt stock whose firm name is Shamrock.

WORLD WIDE DEMORALIZATION.

(N.Y. Mail.)

Demoralized market conditions prevailed the world over.

NIPISSING SMELTER.

Boston—It is not unlikely that Nipissing will decide to build a 50-ton smelter in Cobalt to handle the product of its mines.

AT $3.00 A SHARE.

(Wall St. Journal.)

The control of Silver Queen has been offered to a firm of New York brokers at $3 per share. The stock is selling on the curb around $2 per share.

TRINITY DOWN.

Lawson's Trinity went down 2½ to 23¾ to 24.

SALES OF TRETHEWEY.

In the local unlisted department 200 shares of Trethewey sold at 130 and 126.

BOTTOM DROPPED OUT OF STOCK MARKET WITH A VERY SEVERE SLUMP AT 12.30 TWO FAILURES OVER IN LONDON

And Rumors of Failures in Wall Street—Utter Collapse of Prices and Millions Wiped from the Fortunes of the Big Traders in the Market.

Panicky conditions again prevailed in the world's stock markets.

London, early in the morning, announced two failures, that of W. H. L. Barnett & Co. being important, as it was one of the oldest houses on the Stock Exchange.

Wall Street was wildly excited, and prices jumped up and down in a manner seldom seen before.

The Montreal market was greatly depressed, and many stocks broke through to new low records on the movement.

In the brokers' offices here the "tickers" were surrounded by excited crowds of traders, who almost held their breath as stocks slumped and rallied two to three points at a time.

The sales in the first hour in Wall Street amounted to over 600,000 shares, while up to noon 879,000 shares changed hands. If that rate is maintained up to three o'clock, the day promises to rival May 9th, 1901 (Northern Pacific panic day), in point of all round excitement and volume of transactions.

Wires from New York stated that hundreds of rich men who had been carrying large lines of stock had been seriously crippled by the colossal shrinkage in values, and it was the marvel of all that there had been no failures announced.

Montreal losses will also be heavy. The majority of local traders have not been operating extensively in Wall Street of late, but in the local list to-day many lines of stock, mostly small lots, were thrown overboard, almost regardless of price.

It was felt by keen market observers that the bottom had been pretty nearly reached by many stocks, and that investors who took hold of some of the gilt edged issues at this level would acquire bargains.

It was estimated that at the low level of prices Wall Street stocks have shown a shrinkage of no less than $2,240,000,000.

About $60,000,000 have been clipped from the market value of Canadian stocks from the high level.

"TICKER" 15 MINUTES BEHIND.

So great was the crush of quotations that the "ticker" failed to keep pace with the market, and, judging from the quotations coming over the private wires to Montreal, the "ticker" was fully fifteen minutes behind in recording prices.

This taxed the private wires which were given up almost wholly to quotations. Indeed, local brokers sending orders to New York found it hard to get reports on them, and did not know for half an hour whether they had been executed.

The brokers on the floor of the Wall Street Exchange stuck right to the posts and would not come out of the crowd to report orders.

At noon the overworked "ticker" broke down completely, and the power went off. It resumed at 12.10.

Very little gossip came over the wires. The Wall Street brokers were also too busy to send anything, and probably thought that their opinions in a market of this kind would have been of no value anyway.

Money in Wall Street opened at 15 per cent., and declined to 10.

Secretary Cortelyou did not announce any plans to relieve the financial stringency.

THE WORST AT 12.30 O'CLOCK.

Although dismal enough in the early part of the morning, the market fairly collapsed at 12.30, and for ten minutes complete demoralization reigned.

Only a few stocks need be cited.

Amid a turmoil of excitement Amalgamated Copper broke to 91, and then rallied to 92.

Union Pacific, which opened at 145 and went to 146, literally faded away to 128½, and rallied a point a second later. Great Northern broke to 140, and Northern Pacific to 125.

Reading, which sold yesterday at 115, crashed down to 106½, and then rallied to 108.

Baltimore and Ohio sold at par, and Chicago and North-Western tumbled from 155¾ to 147.

St. Paul broke to 124, Canadian Pacific to 170, "Soo" to 107, and Pennsylvania to 121.

Mackay common suffered in the general melee, and when things were at the worst it was thrown over at 66.

MONTREAL MARKET DOWN.

The Montreal market had just closed for the morning when Wall Street was at its worst.

Detroit United was pretty heavily sold here, breaking to 71. Twin City faded away to 91, and Illinois Traction sold at 88½.

Montreal Street Ry. broke to 214, while Nova Scotia Steel, which has been one of the strongest stocks in the list, and seemed to be pegged at 75, gave way, and sold at 72½.

Dominion Coal opened at 64, and broke to 61, while Dominion Steel acted well, and did not go below 20½. The preferred, however, looks sick around 51. Power sold at 86.

Tight money is still hindering buying operations in the local market.

CANADIAN PACIFIC ACTED WELL.

One of the best acting stocks on the list was Canadian Pacific, which was a surprise to every one, as there has been a great deal of talk about the weak position of the "pool" in that stock.

A director of the road to-day attributed the strength to two things: first, the fact that the stock is more widely distributed among investors than any other railroad stock in America, the average holding being about 30 shares. Secondly, he said that Pacific was not suffering like other issues from the adverse state and national legislation that is so affecting and scaring the shareholders of American roads.

While other stocks to-day were tumbling badly and making new low records, Pacific started higher than last night at 172. It had one weak spell after the opening and broke away to 170½. It rallied strongly, however, and went to 173, afterwards easing off to 172½ and then 170.

"Soo" Railway was weaker and dropped to 107, but recovered to 108¼.

The preferred broke through to 128, a decline of 6 points from yesterday.

THE LONDON FAILURES.

London, March 14.—Two failures were announced in London, that of W. H. L. Barnett & Co., one of the oldest brokerage houses in the Stock Exchange, the senior partner's membership extending back to 1859; and of George Walter Sanderson, a jobber in the American market in a small way of business. The former failure is of some financial importance.

HILL'S SON A BIG LOSER.

St. Paul, March 14.—Brokers here allege that St. Paul speculators lost $7,600,000 as a result of yesterday's slump in the stock market. Report has it that L. W. Hill, son of the president of the Great Northern, is one of the heavy losers. Many railroad men who have been speculating in Great Northern and Northern Pacific, are said to have been "cleaned off the board" by their persistence in holding on.

ONLY TWICE IN PAST DECADE.

Has Wall Street Seen a Market Like Yesterday's.

Only twice in a decade has Wall Street witnessed such weakness as developed in the stock market yesterday.

The shrinkage in values, running into hundreds of millions of dollars, has been equalled in any single day's trading on only the two occasions referred to.

One of those was the famous Northern Pacific panic of May 9, 1901, and the other took place in July, 1903, when several prominent Stock Exchange houses went to the wall.

Following the long-cumulative decline in prices, which has been going on for the last three months, brokers declared that yesterday's stock market was without a parallel in Wall Street history.

So far as could be recalled, on not a single previous occasino have prices broken so violently after a period of such heavy liquidation and fall in security quotations as has taken place since the end of the year.

CABALT STOCKS IN TORONTO.

Sales: Cobalt Central, 100 at 39; Foster, 100 at 1.92, 100 at 1.85, 50 at 1.85, 100 at 1.86, 100 at 1.86, 100 at 1.90, 100 at 1.84, 100 at 1.83, 100 at 1.79, 100 at 1.75, 100 at 1.75, 100 at 1.76, 200 at 1.78; Peterson Lake, 600 at 49½, 1000 at 50, 50 at 49; Trethewey, 100 at 1.19 cash, 100 at 1.21 cash, 100 at 1.21, 500 at 1.21, 10 at 1.21, 1000 at 1.20; Silver Queen, 100 at 184, 100 at 1.82, 25 at 1.85; Silver Leaf, 100 at 14¼.

DISGRACEFUL EPISODE.

(N.Y. Journal of Commerce.)

Yesterday morning's drop in Nevada-Utah to 2¼ caps a disgraceful episode in mining speculation.

LAWSON "SEALED HIS DOOM."

Worse Than the Nipissing Incident is the Nevada-Utah.

This is the way the N.Y. Journal of Commerce speaks of Lawson's latest exploit:

"The Bostonian has sealed his own doom," was the verdict of the Street yesterday. Brokers who were not caught in the cunningly devised Nevada-Utah trap, jocularly called for disinfectants wherewith to purify the curb market. The Nipissing affair has been dwarfed by this latest disgraceful episode.

ONE FIRM WAS BADLY HIT.

According to one report, a prominent firm with international connections which makes a specialty of the Hill stocks, was said to have sought assistance last night. Its friends, it was asserted, had decided to liquidate it, and had thrown a line of 70,000 to 80,000 shares of Hill stocks on the market.—N. Y. Mail.

BANK OF ENGLAND RETURNS.

The weekly statement of the Bank of England shows the following changes:

Total reserve, increase, £279,000; circulation, decreased £384,000; bullion, decreased £104,972; other securities, decreased, £1,652,000; other deposits, decreased £2,635,000; public deposits, increased £1,251,000; notes reserve, increased, 343,000. The proportion of the bank's reserve to liability this week is 46.39 per cent., as compared with 44.82 per cent. last week.

NIPISSING LOWER.

Nipissing was lower to-day at 12¾.

CHATS ON 'CHANGE

Introduced on 'Change
Mr. W. McLaughlin, Minneapolis, by Mr. L. A. Tilley.
Mr. Chas. Riordan, Merriton, by Mr. Frank Watson.
Mr. W. Inwood, Merriton, by Mr. Frank Watson.
Mr. R. O. MacKay, Hamilton, by Mr. John Corbett.
Mr. J. H. Proctor, Boston, by Mr. Farquhar Robertson.

Mr. A. B. Chaffee, of the International Railway Publishing Co., has been proposed by Mr. J. S. N. Dougall, for membership of the Board of Trade.

The members of the Montreal produce merchants' delegation who interviewed the Minister of Customs, being introduced by Mr. Dan Derbyshire, M.P., in Ottawa yesterday, are, upon their return this morning, confident that the Minister will grant their request that Canadian butter which has been re-imported into the Dominion will not be charged customs duty. The delegation felt specially pleased at the reception accorded them by Hon. William Paterson.

The delegation consisted of: Mr. Fred Fowler, vice-president; Messrs. P. W. McLagan, of Messrs. Lovell & Christmas; Jno. A. Gunn, of Messrs. Gunn, Langlois & Co.; Thos. H. Ryan, of The D. A. McPherson Produce Co., Ltd.; A. J. Brice, F. Dorion, of Messrs. Olive Dorion & Stroud; John Scott, of Messrs. A. A. Ayer & Co., Ltd.; H. A. Hodgson, of Messrs. Hodgson Bros., and Rowson, Ltd., John J. Dickey.

The remarkable advance in the settlement of North-Western and Western Canada in the last few years is shown graphically by the statement of the total yield of all grains during the last nine years. In 1898 the whole out-turn of all cereals aggregated but 6,552,000 bushels. Last year the yield of the same grains footed up the big total of 46,647,000 bushels, an increase in less than ten years of about 700 per cent. This year the area under grain crops, particularly under wheat, will be greatly enlarged, as the farmers already established there are gradually increasing their cultivated area, while the influx of new settlers will be unusually heavy this spring, and many thousands of acres of virgin territory will be put into crops.—Chicago Daily Tribune.

WHEAT MARKETS ERRATIC.

The Liverpool spot wheat market opened to-day steady: No. 1 northern Manitoba, 6s 6½d to 6s 7d, No. 2 northern, 6s 5¼d to 6s 5¾d.

Options on wheat, dull: March nominal, May 6s 5⅝d; July, 6s 2¾d.

At 2 p.m. the closing report had not been received.

Weather in England, fine but cold; forecast, fair.

The Paris wheat market closed easy: March, 23.20; July and Aug., 23.10.

The receipts of wheat at Winnipeg yesterday were:

	Cars.
No. 1 northern	15
No. 2 northern	12
No. 3 northern	2
Winter	1
Other grades	9
Total	39
Last year	86

The Chicago spot wheat market was quoted at noon: May, 76⅞ to 77c, against 77⅝ to 77⅞c, July, 78 to 78⅛c, against 78½ to 78⅝c at the opening.

Winnipeg wheat: May steady at 77c; July, 77⅞c, against 77⅞c.

Winnipeg oats, May, 36½c, against 36⅝c; July, 35⅝c, steady.

Duluth wheat: May, 80⅛c; against 80¼c.

The Minneapolis wheat market was quoted at noon: May, 78½ to 78⅝c, against 79c at the opening this morning.

CHEESE AND BUTTER MARKET.

CHEESE.—There is nothing to report in the cheese market, which is featureless. Prices are nominal, being quoted at 14c.

BUTTER.—The butter market is at present very firm; receipts are very light, with practically nothing coming in. There happened to be a small quantity of held stock, which with the little returned butter is now supplying the market. A few tubs of fodder butter are arriving every week, but this make cannot be compared with the other makes of creamery. Prices are ranging from 26c wholesale, and 27c in a jobbing way.

Receipts of butter reported on the Board of Trade to-day were 45 packages.

GRANBY.

Wire pressure was so great that no quotation could be obtained for Granby.

IMMIGRATION RUSH HAS COMMENCED TO CANADA

Sixty Thousand Railroad Laborers will be Needed During the Summer

DEPOSIT OF £1 ONLY REQUIRED FROM LABORERS

Shipping Facilities Likely to Be Inadequate and Special Steamers Likely to Be Chartered.

Liverpool, March 14.—Emigration to Canada has begun, and there is every indication that the season's movement will be a record one. In an interview the principal of a company, whose business it is to employ labor, stated that they held a contract partly with the Canadian Government and the Grand Trunk Railway to supply a large number of men for railway work in the Dominion. Lord Strathcona some little time ago had cabled that 60,000 men would be required this summer in Canada, and since last November this company had sent out 2,000. A party of fifty sailed by the Mongolian on April 9th. The shipping facilities, owing to the great exodus of settlers at the present time were handicapping their efforts greatly, and it was probable that they would have to charter steamers to meet their requirements.

All the men had to do was to pay £1 deposit, the balance of their passage money being deducted by instalments from their wages. In seven weeks they would be quite clear of their obligations. This, he contended, was a far easier means than the usual course adopted in emigration. With regard to wages, the men were guaranteed constant work at 8s 4d per day.

Canada Taking West India Sugars

Special to The Montreal Star.

New York, March 14.—It was stated in the sugar market here to-day that West Indian sugars are being well taken by Canada.

THEY FEAR AN INJUNCTION.

Ottawa, March 14.—The city of Ottawa promised the Eastern Ontario Dairymen's Association $250 towards the recent convention if it were held in Ottawa. Now the finance committee refuses to pay it. They fear an injunction if they do as it is probably illegal. Dan Derbyshire, M.P., says the city has done the association a vast injustice, the first of its kind in its history, and asks the city to reconsider the action.

NEW FIRMS REGISTERED.

The Opasatica Mining Co., general mining agents, James M. Mitchell.

Mount Royal Colour and Varnish Co., Ltd., incorporated by federal letters patent on December 13th, 1906. President, Hector Lamontagne. T. Lamontagne, managing director, and Emile Lamontagne, secretary-treasurer.

Dominion Car and Foundry Co., Ltd., incorporated by federal letters patent, on December 18th, 1906. President, Wm. V. Kelley.

Dominion Quarry Co., Ltd., incorporated by federal letters patent on February 25th, 1907. President, Charles Rivard.

Chausse, Guertin & Co., general wholesale drugs and grocery, sundries. Renil Guertin Charles Henri Chausse, Albert Chausse.

THE HIGH PRICE OF LUMBER.

Winnipeg, Man., March 14.—In spite of the investigation by Parliament now under way, the British Columbia millmen have given notice of an increase of two dollars per thousand on April 1st. Logs, they claim, are selling at $13, while rough lumber is selling at $28 to $30 per thousand, and difficult to secure at that price.

With the vast rush to the new provinces this exorbitant price of lumber is regarded as the chief drawback to the American movement into Western Canada.

CITRUS FRUIT SHIPMENTS.

Los Angeles, Cal., March 14.—The shipments of citrus fruits on Friday, Saturday and Sunday aggregated 294 carloads of oranges and 39 of lemons; total shipments for season, 9,014 carloads.

Barley, Bread and Beer

These three words are derived from the same Anglo Saxon root—*breowan*.

All three are foods. Barley, a grain that makes both bread and beer. Bread, a solid food. Beer, a liquid food.

In making bread, flour and yeast are used; in making beer, barley-malt, hops and yeast are used. The same principle is in each—both are wholesome foods.

In Pabst Blue Ribbon Beer the Pabst Eight-Day Malting Process matures the malt slowly and uniformly, thus transforming every particle of nutriment in the barley into perfect food substances.

To these are added the invigorating properties of the choicest hops, by the Pabst brewing process, which insures absolute purity.

Your system requires a liquid. Why not use one that is both food and drink—

Pabst Blue Ribbon

The Beer of Quality

The special value of Pabst Blue Ribbon at meals is that it encourages the fluids of the stomach to readier action—thus aiding you to get the fullest nourishment from your food.

You can prove the value of Pabst Blue Ribbon as a food, by ordering a case today for home use.

Made by Pabst at Milwaukee.

Dairy Associations To Hold Winter Fair

Toronto, Ont., March 14.—A meeting of delegates from the following live dairy associations was held in the City Hall yesterday: Holstein, [illegible], Ayrshire, Eastern Ontario and Western Ontario. Mr. G. N. Padgett, [illegible], presided. It was agreed to hold a winter fair, and the first week in December was decided on as the period for the show.

Toronto and Peterboro invited the dairymen to hold their show in those places, and Toronto was [illegible].

The gathering decided that the cost of holding the winter fair would be $5,000. A deputation was appointed to wait on the Government with a request for a grant of $3,000 towards the show, and the city of Toronto may be asked to grant $1,000.

HAY, GRAIN AND FLOUR.

HAY.—The bad state of the country roads is curtailing shipments of hay, and the local market [illegible] is expected to improve. [illegible], however, no doubt that comparatively [illegible] stocks of hay are still held in the country. To-day's prices are $12 to $14 for No. 1 timothy, $12.50 to $[illegible] for No. [illegible], $10.50 to $11 for clover mixed.

OATS.—Oats are fi[illegible] quotations. Stocks are [illegible] and [illegible] prices [illegible] No. [illegible] 43 to 44, No. 2 42 to 43, [illegible] No. 4 [illegible] to 42.

CORN.—There is a good demand for corn at strong prices, especially for [illegible] grain. The G. T. R. [illegible] on western grain to Montreal [illegible] east, shipments [illegible]. Prices on spot remain at [illegible] store.

BARLEY.—[illegible] barley is wanted [illegible] none is being offered. Quotations [illegible] nominal at 52 to 54c ex-store, Montreal.

FLOUR.—The market is [illegible] with a fair demand for [illegible]. Prices are unchanged [illegible] quotations. Manitoba grades $4.[illegible] per bbl., in bags for strong bakers' and $4.50 to $4.[illegible] for patents. Quotations [illegible] Ontarios are $3.75 to $1.85 per bag and $1.50 to $1.60 for extras.

MILLFEED.—The market is [illegible] supplies on spot are very limited. Bran is quoted at $21 and shorts at $2[illegible] though some sales for spot [illegible] been reported as high as $22.

LOCAL FIRM DISSOLVED.

Adolphe Reeves & [illegible], by Samuel Reeves. Filed March 13, 1907.

Prices Weakened Without Support

[illegible] of the [illegible] Board [illegible] at 77⅝ [illegible] compared [illegible] north-[illegible] continuation [illegible] and prices [illegible] at a tem-[illegible] general [illegible] came [illegible] prices down. Total	$25.75

To the Editor of The Montreal Star:

When I thought of that poor girl so brave in saving so many lives, I thought it my duty to get up a subscription from my many kind customers' children of the above places mentioned for the [illegible] teacher of the Hochelaga School fire, who so bravely gave up her own life for the little ones entrusted to her care, and I think myself that a monument should be erected at any cost, somewhere near the Hochelaga School, and do regret with deep sorrow the loss of such a true heroine.

DONALD C. REEVES.

Editor Star:

Pupils of Fairmount School.

These acknowledgments will be continued in future issues of The Star.

RAILWAY SERVICE STILL INADEQUATE

Winnipeg Telegram Calls on Manitoba Government to Find a Remedy.

Special to The Montreal Star.

Winnipeg, March 14.—The Telegram, the Conservative organ, makes direct charges of inefficiency and mismanagement against the Canadian Northern Railway in an editorial. It says: "It is extraordinary that the breakup of winter and restoration of normal weather conditions have not restored to the Canadian Northern Railway that service of which the people are justly entitled and which they have a right to demand.

"There is not the slightest doubt that the heaviest load the Roblin Government had to carry in the late election was the unpopularity of the Canadian Northern Railway, arising from its failure to serve the people during the present winter. The situation was for party reasons misrepresented by Liberal politicians and their press, and an effort was made to hold the Government responsible for conditions which were beyond its control. Over and above all this, however, rises the supreme fact that Canadian Northern Railway has not discharged its duties as a common carrier, and that, judged in the most favorable light, its management has been grossly inefficient.

"The Telegram has already stated that upon the Dominion Government and its Railway Commission rests the responsibility of compelling the Canadian Northern Railway to give the public an efficient service. This is quite true. The failure of the federal authorities to take action and the apparent inability of Canadian Northern Railway to operate its trains regularly even under the most favorable weather conditions would seem to confront Manitoba Government with an urgent and important duty. A railway without service is an irritation rather than benefit to a community and to this deplorable condition of affairs gross mismanagement seems to have brought the Canadian Northern Railway. There must be some relief from this grave situation, and if the Dominion Government will not do its duty it remains for the Government of this province to try to find a remedy."

LUMBER COMBINE INQUIRY.

Special Committee is Hearing Views of Western Lumber Dealers.

Ottawa, Ont., March 14.—Evidence was given at the special committee on the lumber combine by Chas. Thomas, of Hartney, Man., a farmer who also is interested in a local lumber yard and factory. He stated that his company, when it started, had been refused lumber by British Columbia and Manitoba dealers on the ground that there were two yards already in Hartney; it got a supply from an American firm, and the Canadian lumbermen then came to terms. Subsequently unsuccessful efforts were made to force his company to come to terms as to prices with the Prairie Lumber Company.

S. O. O'Brien, a retail dealer of Strathcona, Alta., who for a while was a traveller for the Brunette Mills of Sapperton, B.C., stated that he had had the list of the Western Retail Lumbermen's Association, and sold only to its members unless in towns where no member was in business. He and the three other dealers in Strathcona and the six dealers in Edmonton, met from time to time to arrange prices. He admitted that there was a general price list in British Columbia.

HILL READY TO SELL OUT.

Railway Magnate Will Sell His System to the Government.

Special to The Montreal Star.

Minneapolis, Minn., March 14.—President James J. Hill, of the Great Northern Railway, told the Legislative Committee that he would be only too willing to have the United States Government take over his road. He stated further, however, that if the Government should go into railroad business, the country would have a "white elephant" on its hands.

"Then," said Mr. Hill, "the Government would be obliged to engage in another lottery to get rid of the 'white elephant.'

"If the Government had charge of railroads, Congress would be kept busy making appropriations; districts with a poor representation and sparse population would be left in the lurch, and railroads would become less valuable."

THE UNITED STATES NAVY.

Pacific Ocean to Be Guarded by Concentrated Fleet.

Washington, March 14.—Complete plans for the consolidation into one fleet of all American cruising vessels in the Pacific Ocean were made public by the Navy Department yesterday. The order will probably go into effect about the end of this month, when Rear-Admiral Brownson will become commander-in-chief of everything in the Pacific.

At present the warships in the Pacific are organized into the Asiatic fleet and the Pacific squadron. The consolidation of these under one administrative head is in accordance with the Navy Department's policy instituted by the abolishing of the South Atlantic and European stations in the Atlantic and the concentration of all vessels in that ocean under one command.

A BAD COLD SETTLED ON THE LUNGS

All the most serious affections of the throat, the lungs, and the bronchial tubes, are, in the beginning, but coughs and colds, and failure to take hold at once and get rid of them will cause many years of suffering.

Dr. Wood's Norway Pine Syrup

contains all the lung healing virtues of the pine tree and will certainly cure all coughs colds and lung troubles.

Mrs. Jas. McDowell, Langton, Ont., writes: "In November, 1905, I caught a bad cold that settled on my lungs, so I got two bottles of Dr. Wood's Norway Pine Syrup, and used one and a half of them and by that time I was cured. I laid the balance of the bottle away for future use. A few days after our eight months' old baby took the whooping cough.

He was so bad we had to call the family physician, but he said he could do but little.

I commenced using the Dr. Wood's Norway Pine Syrup and to my great satisfaction the baby was cured. I only used four 25 cent bottles; a small doctor bill.

I believe there is no other remedy for coughs, colds, etc.

Price 25 cents a bottle at all dealers.

Antiseptically Cleanses—Heals.

A preparation unlike any other, originated by an Old Railroad Surgeon. It is easily applied by any one, and at the same time combines all of the medicinal qualities necessary to a careful and scientific treatment of injured and diseased parts of the skin or flesh. It is sought after and continually used by all who give it a first trial. All druggists sell it. 25c

What Credit Means

When Furnishing the Home

Have you ever thought that furnishing a home with all its requirements was really "worrying time" to the majority of people, and all of the worrying grows out of one question: "How shall I pay for the things I want to buy?"

The question is simple, the answer is simpler still: "Let credit stand for money." The credit plan was not inaugurated without a definite object in view. There is a philosophy back of it all, and that answers the whole philosophy in five words. It is simple, it is practical, it is appealing to thousands of people. Why not you?

BABY CARRIAGES

Just as you'd expect, we are first on the ground with the new season's patterns of Carriages and Go-Carts, and they're very pretty this year, bound to keep up our reputation for selling at little prices, so mothers of babies who have been waiting for a nice, new, up to date carriage, may come along at once and choose with pleasure.

Don't forget, we sell these as all else in our big store, on easy terms of payment, for Cash or on Credit.

What Becomes of the Surplus?

To the Editor of the Montreal Star:

Sir,—May I draw the attention of the ratepayers through the columns of your valuable journal to the very satisfactory financial results obtained by the improved methods inaugurated by the Waterworks Department of the city? We are informed in one column of a recent issue of your journal, on what appears to be excellent and reliable authority, that the Waterworks Department is making a profit of $300,000, and that in consequence of this the water rates should, and in fact will, be reduced. In another column of the same issue, we read that "citizens carry water in buckets." Is this improved method of supplying the ratepayers with one of the most important necessaries of life, the reason for the large profit, and are they to expect that under the lower rates they will have as adequate a service?

Does not the statement that a large profit is made appear to be ridiculous when the pumping equipment has been proved to be so inadequate and in such bad condition as to place the city in the position it occupies to-day? How much reduction in the rates will be considered sufficient to provide the city with the high pressure fire mains for which the underwriters and citizens have been asking for years? This question is pertinent in these days of the practise of left-handed arithmetic by our City Hall administration. We are repeatedly told that there is no money wherewith to provide new pumps and other requisites of a good service. Whence comes, then, this great surplus which our charitable, kind-hearted, administration desire to distribute amongst their constituents?

If such a surplus exists, is it not derived from a gross neglect of the growing needs and hygienic necessities of this large city, and is it not earned out of the depreciation of the plant and machinery in use in the business?

What we, as citizens, require, is not a reduction of water rates, but a careful expenditure of this apparent surplus in providing an adequate supply of pure water for domestic use and a plentiful supply of water at high pressure to properly protect our homes, and the great aggregation of valuable business and factory buildings below the hill from the destroying element. When this expenditure is made and these results are procured, then we will secure, indirectly it may be, but surely, the equivalent of a reduction in water rates; that is, a satisfactory service and a decrease in the insurance rates which now bear so heavily upon all classes of our citizens.

33 1-3 Per Cent. —Off— These Odd Lines Of Furniture.

Although we've reduced our stock of these very considerably of late, we still have quite a number of odd pieces left.

The space that this furniture has been occupying is absolutely necessary for a lot of new stock, now on the way.

As we're enlarging our business, and converting it into a joint stock company, we have to get in more furniture.

Now, to make room for this, there are a number of lines—odd pieces—that we've got to sell out at a sacrifice.

These we have placed by themselves on our third floor.

We're taking 33 1-3 per cent. off these—reducing the price one-third.

When 33 1-3 per cent. is taken off the present marked prices, it means that this furniture is being sold at lower prices than what it cost us.

Won't you come in and see some of these odd lines?

You will find furniture suitable for parlors, dining rooms, bed rooms, dens, libraries, etc.

We shall be pleased to have you come in and look this furniture over, whether you buy or not,

Renaud, King & Patterson,
Cor. Guy and St. Catherine Streets.

Wanted in Montreal and Ottawa.

Walter Draycott, as he is known to the Montreal Police, has been arrested in Ottawa. Some time ago he was employed by Mr. John Hall, milkman, of Notre Dame de Grace. Draycott obtained from Mr. Hall by false pretences $32. He then left town. A few days ago he was arrested in Ottawa, but this time he gave the name of Clarke. He was tried for having duped James Pepper, of the Dominion House, York street, Ottawa, out of $15, found guilty and sentenced to three months in jail. It is not as yet known whether the charge here will be pressed or not.

OGILVY'S FRIDAY SPECIALS

Long Gloves

Worth $2.00 and $2.25

For $1.29

With the renewed popularity of Long Gloves for this season an assured fact, prices have taken an upward bound. Gloves sold last year at $2.00 are now worth $3.00. So this announcement will be unusually interesting.

367 pairs of 12 and 16 button length Suede Gloves, in newest shades of tan, brown, grey, and white and black; sizes 5 3-4 to 7. A stock cleared from a maker at a low price. Real worth $2.00 and $2.25. Special Friday, **$1.29**

Ground Floor.

FLANNELETTE WEAR At Clearing-up prices

With the advent of spring close at hand comes the imperative need for a clearance of all flannelette wear. Radical price reductions have been enforced, for instance the following:

15 dozen Women's Flannelette Drawers and Corset Covers, in white only. Drawers are in knicker style, corset covers are tight fitting, trimmed with embroidery frills and insertion, all sizes. Regular 50c to 75c.

To clear Friday **39c**

First Floor.

Ladies' Handbags worth up to $2.85, for : 98c

One of the foremost European makers of fine Handbags came to us with an offer of several trunks full of samples—the newest conceptions produced for foreign markets. He had taken his orders and cleared us the whole lot for a very small figure.

Come here on Friday to choose from this choice stock. A host of pretty bags, with chain or leather handles, also a few finger purses, ready to be snapped up by eager purchasers.

Values up to $2.85, choose Friday at 98c

Ground Floor.

STAPLE GOODS

Everything in this department is marked on an exceptionally low margin, consequently these price reductions have almost eliminated profit. They are for your benefit entirely.

Fine White Longcloth, 36 inches wide, 12½c.

Striped Flannelette, 33 inches wide, 8½c.

Striped Galatea, in a range of colors, 28 inches wide, 16c.

Colored Quilts, large size, colored, worth $1.10, for 87c.

Basement.

CHILDREN'S COATS Worth $3.00 to $6.50, for $1.98

A clear up of about 30 Children's Coats, in several attractive styles, materials include cashmere, serge, beaver and bear cloth; trimmed with braid silk and embroidery frills; capes lined with sateen and flannelette; colors are cream, navy, cardinal, brown and green; sizes 2 to 5 years. Regular prices $3.00 to $6.50—

Friday **$1.98**

First Floor.

Hand Embroidered Linens

AT HALF PRICE.

CHINESE HAND EMBROIDERED LINENS this time, not so well known perhaps as the work of the Japs, but every bit as handsome. We are dropping them from our regular stock and offer the remainder at 50 per cent. off.

Centre and Round Doyleys embroidered on pure linen—

6 inch size, regular 25c
8 inch size, regular 35c
10 inch size, regular 40c
12 inch size, regular 60c
15 inch size, regular $1.00

ALL AT HALF PRICE

Also a quantity of odd lines in Fancy and Hand-drawn Linens—

To clear at half price.

Ground Floor.

HOSIERY

Women's Black Lisle Thread Hose, with high lace fronts, a real 40c value. Special for Friday 35c pair, or 3 pairs for $1.00.

Women's Black Cashmere Hose, with silk spliced heels and toes; 35c value. Friday 29c.

Women's White Ribbed Merino Vests, unshrinkable quality; 60c value. Friday 48c.

Ground Floor.

Ribbons Underpriced

The tendency of the Ribbon market is toward a rise in price, owing to the preponderance of demand over supply. But here is a chance to buy new, pretty Ribbons for less than usual.

CHIFFON TAFFETA RIBBONS, 4½, 5 and 5½ inches wide, with a fine bright finish; shades are pale blue, turquoise, navy, brown, pink, mauve, red, nile, olive, grey, gold, tuscan, white, cream, black.

Specially low priced for Friday, 21c, 23c and 25c yard

Ground Floor.

SILK REMNANTS At Half Price

250 Remnants of Silks, ranging from 1½ to 15 yards each, weaves comprise Taffetas, Mousselines, Paillettes, Shot Taffetas, Shot Merves, etc—

All at half usual prices.

Ground Floor.

COTTON VOILE 15c.

A new colored Cotton Voile that conjures up visions of neat, cool shirtwaist suits for the hot weather. Pattern is a neat check, with overplaid, in a range of colors, 600 yards only, bought at a special price. Really worth 25c yard—

Friday offering, yard, 15c.

Ground Floor.

FANCY CREPOLINE 69c.

This offering is most timely. The fabric is a colored Crepeline, 40 to 42 inches wide, with silk embroidered spots, a full range of colors. An ideal fabric for reception dresses. A special purchase, worth $1.00 to $1.25.

Friday 69c.

Ground Floor.

EDUCATION WAS AGAIN CHIEF TOPIC

Feature of Discussion Was Promise of More Government Aid.

PENSION FOR MRS. MAXWELL

House Voted $300 Annually Without a Dissenting Voice—Estimates Taken Up.

Special to The Montreal Star. [illegible]

[illegible] worth of property held by Protestants in Montreal would be called upon by Mr. Whyte's motion to pay some $4,000 of the total $6,000 to be raised annually by this special tax, and the city of Montreal would get nothing in return. The agitation last summer in favor of increased taxation of this kind had met with no public response, but rather with evident disfavor.

SITUATION HAS IMPROVED.

Since the matter was proposed by Mr. Whyte and recommended by the Protestant committee, some clouds had rolled away. The generous gift to the province of the splendid college at Ste. Anne by Sir William Macdonald would [illegible] to the committee some $16,000 a year now paid for the support of McGill Normal School, which would not be required for that purpose, but which the Government would permit to be used for the improvement of the country Protestant schools. This added to the $6,000 of the poor municipalities fund which was the share of the Protestant schools, made nearly $25,000 or more than three times the amount hitherto at the disposal of the Protestant committee for the purposes of poor Protestant schools. There would be [illegible] to education no doubt from the increased federal subsidy, and [illegible] be expressed the hope that [illegible] matter could be further [illegible] with a view to making the tax [illegible] were found necessary to [illegible] it at all, it would be allowed to stand over.

Mr. Langlois said the idea of the special tax for education was a good one, and he fully concurred in it, but if it was good for the Protestants it was certainly good for the Catholics, and he would be most happy to second the motion when it again comes up.

HON. MR. WEIR'S VIEWS.

Hon. Mr. Weir said that there could be no objection to the passing of the [illegible] Mr. Smith, inasmuch as it [illegible] asked for the production of a [illegible] and did not ask the House [illegible] the principle involved in Mr. Whyte's [illegible] made before the Protestant Committee of the Council of Public Instruction. A most marked [illegible] in this province was the desire to discuss educational questions.

He regretted, as a graduate of McGill University, [illegible] the [illegible] work [illegible] performed, that the [illegible] report of the governors, [illegible] a protest against the [illegible] misrepresentation which had marked the course of [illegible] carried on through the medium of certain provincial newspapers. He had read the correspondence and articles in the St. Johns News, Richmond Guardian, Huntingdon Gleaner, and other country newspapers, and had failed to find anything but an earnest and intelligent discussion of the needs [illegible]

OBJECTION TO WHYTE RESOLUTION.

[illegible] Mr. Whyte's resolution [illegible] real estate, [illegible] Protestant and Catholic alike.

It must be remembered that there were four hundred Protestant schools in the province of Quebec, where the average attendance was under twelve. That meant that only three or four families contributed to the support of the schools, and the withdrawal of any one of them on account of the proposed [illegible] would probably mean that the remainder would be unable to keep the school open.

The last report of the superintendent of public instruction showed that the salaries of male teachers in towns had [illegible] by $86, while the salaries of male teachers in the country districts had increased by an average of $52. The salaries of female teachers [illegible] $17.

MORE GOVERNMENT AID.

That the Government would soon be in a position to materially increase the State contribution to education, and Protestant Schools would benefit therefrom as well as Roman Catholic schools. The contributions from the Government would not be based on the principle on which the Common School Fund was now distributed, whereby the City of Montreal received more than one-third of the Protestant share of this Fund while less than 2-3 went to the 800 Protestant Elementary Schools in the country parts. The funds at the disposal of the Government would be [illegible] and distributed in the proportion of the needs and the merits of the respective schools, without consideration of the arbitrary principle of school population alone.

The motion then carried.

NAVIGABLE RIVERS.

An interesting debate occurred upon Mr. [illegible]'s motion that in the opinion of this House it would be opportune to declare by legislation what rivers are navigable and floatable rivers of this Province.

The motion carried.

SOME RECORD LEGISLATING.

A pretty quick piece of legislation was put through the House last night. Yesterday afternoon Mr. Walter J. Ray, of the Quebec Protestant Board of School Commissioners called upon the Hon. Mr. Weir and explained that he had just been informed by the Bank that the Board would lose a large amount of money on the issue of bonds that they are placing on the market because the bonds of school commissioners were not included in the list of investments permitted to trustees and others under the civil code of the Province.

Mr. Weir promptly had an amendment to the civil code prepared, and with the consent of the Premier, it was printed and presented to the House at its evening sitting. With the unanimous consent of the House the rules were suspended and the bill received its three readings and passed throught the committee of the whole. It was immediately sent forward to the Legislative Council and will be sanctioned to-day.

PENSION FOR MRS. MAXWELL.

Hon. Mr. Gouin, amid considerable applause, introduced last evening a bill to grant a pension of $300 a year to the mother of the late Miss Sarah Maxwell, which was put through its various stages with the same speed that attended the passage of the preceding measure.

ESTIMATES TAKEN UP.

Mr. Girard moved that this House regrets that in its different amendments to the license law, the Government had principally in view the augmentation of the revenue, and that it has rather applied itself to raising new taxes from the liquor trade by increasing the cost of licenses than to regulate the business in such a manner as to put an end to the terrible ravages of intemperance and to suppress the numerous abuses caused by it. The vote on this was 5 to 50.

Mr. Bernard moved that the House regrets that the Government had forgotten the Liberal party's promise to govern without taxes and instead of abandoning those previously in force, had proposed new ones. This was rejected on division of 5 to 51.

DEADLOCK OVER DOCTORS' BILL.

The Doctors' bill was again amended in the Legislative Council to provide for five years' study for admission to the profession instead of four. When the bill came back to the Assembly, that House declined to concur on the amendment, and a message to that effect was sent back. There the deadlock remained when the House adjournd.

The Marcotte Billiard Academy bill was apparently withdrawn yesterday morning at the Private Bills Committee of the Legislative Council, but again came up in the afternoon, when the bill passed the committee with two amendments to the effect that they be allowed to sell light refreshments and to keep open until 2 a.m. Sunday, by a resolution of the Council.

Prorogation has been fixed for this afternoon.

We have underwritten an allotment of the capital stock of

BAILEY COBALT MINES, Limited

which is now offered to the public at

35 CENTS A SHARE

We recommend this stock to our clients and to the public in general. The men who will have charge of the "Bailey" affairs are well known successful mining men. Mr. R. Arthur Bailey, of Detroit, Mr. F. L. Cody, of Cleveland (connected with the Rochester Cobalt and Cleveland Cobalt Mines); Mr. D. F. Hulbert, of the Silver Queen, and Mr. Louis F. Newman, of New York.

Property of the company, 220 acres, including the well known **BAILEY** Mine (40 acres), adjoining the Big Pete, then the **GLEASON** (20 acres), the **POWELL** (40 acres), and an unnamed claim, 40 acres, in Coleman, making

140 ACRES IN COLEMAN TOWNSHIP,

ALSO 40 acres in Lorrain, adjoining the Abitibi, **AND** 40 acres in Bucke, near the Green-Meehan, **A TOTAL OF 220 ACRES** of valuable mining properties.

THE BAILEY

IS A SHIPPING MINE,

having already shipped one car of rich ore. The **GLEASON** and the **POWELL**, as is well known, are proven rich. The public has never before been invited to subscribe for a stock in a shipping mine in Cobalt at 35 cents a share. This is a most fair proposition.

Cobalt Shares Are Down

It's a good time to buy. Buy Nipissing and Bailey Cobalt. They are the best things on the list at the price. Get in early on Bailey. The present price is only a little above underwriting figures. See circular for more particulars describing the properties and plans of company. Call at our office and see some silver from the Nipissing and the Bailey.

The Truth About Nipissing

We are swamped with replies to our advertisement asking for Nipissing proxies. Impossible to reply individually by letter, preparing circular. Proxy blanks will be forwarded. In the meantime, a few questions and answers:

Will Nipissing directors declare dividend next quarter? We think so.

Will it be as large as previous dividend? We think so. Could be higher.

Did the Bonanza vein (No. 49) pinch out? Positively NO. We wish you could see it.

Is company working this vein now? NO.

Why did they stop work on it? Ans.—? ? ? ?

Who are the officers and directors? Requires too much space. This space costs us money.

Why are we taking this interest in Nipissing? Because we are shareholders in Nip. and many of the other mines which are affected by the general apathy caused by flattening of Nip. stock.

Can we afford to spend this money? Ans.—We successfully underwrote **Cobalt Central**, which made us a few dollars, and have underwritten the **Bailey Cobalt**, another real good one that will bring in some more.

BUY NIPISSING SHARES.

The price is low. Do not be squeezed out. Buy all you can carry. Send us proxy to represent you at Nip. shareholders' meeting at Augusta, Maine, April 1. Write for proxy blank.

TENDERS WANTED

For the business and plants of the ALBUM UNIVERSEL and MONTREAL PHOTO-ENGRAVING CO., at their premises, 51 St. Catherine st. west.

The plants offered for sale comprise complete modern printing, publishing and photo-engraving equipments, which are thoroughly up-to-date in every way and are all in first-class condition.

The Printing Department

contains presses, folding machines, motors and general printing equipment of all kinds, including a large stock of type, also benches, racks, scales, private telephone, office furniture, partitions, etc.

The Photo Engraving Dept.

contains machinery, cameras and their necessary equipment, benches, tables, racks, and the regular outfits necessary for the successful carrying on of a photo-engraving business.

The Good Will and Book Debts

of the ALBUM UNIVERSEL (a weekly publication of 15,000 circulation), and MONTREAL PHOTO-ENGRAVING CO., are also offered for sale.

Tenders should be made for the whole or any part of these plants, and for the good-will and book debts of the two concerns (separately or together).

It is necessary that a sale be made immediately, and tenders (in writing) will be received up to and including MARCH 15th, 1907.

The highest tender will not of necessity be accepted, as the details of the offers will be carefully considered as to their bearing on the sale of the plants as a whole or in parts.

Full particulars of the various equipments and permits to examine the plants can be procured from

The Business Man and the Millstone

YOU'D be astonished if you saw one of your Business Friends wearing a Big Millstone around his neck, wouldn't you?

. . . .

And yet you may be wearing a bigger, heavier Millstone around your own neck, a drag and a hindrance that is surely keeping you behind the leaders, because you are trying to carry on your business with utterly inadequate methods of Filing and Record Keeping.

Do you keep a record of "Costs"?

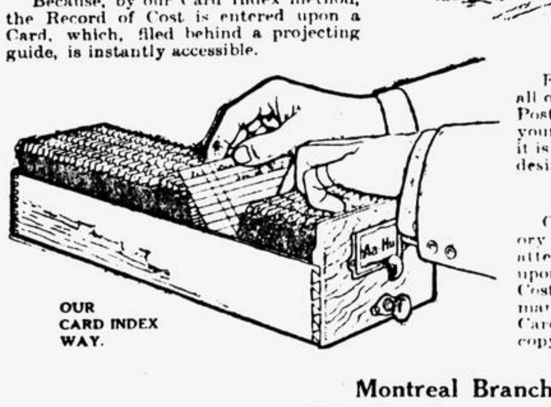
Can you locate the cost of one certain article in ten seconds with your present methods?

Do you have to hunt up an index, then fumble through a clumsy book every time you wish to make a reference?

That's where the "Millstone" comes in.

Because, by our Card Index method, the Record of Cost is entered upon a Card, which, filed behind a projecting guide, is instantly accessible.

THE "MILLSTONE WAY."



OUR CARD INDEX WAY.

Each Record is separate and distinct from all others. Each guide stands out like a Sign Post! The moment you pull open the drawer your glance alights on the proper guide, and it is but the work of a second to remove the desired Record Card.

. . . .

Our Card Index System relieves your memory of special thinking by bringing to your attention Routine details to be attended to upon certain dates, Engagements, Records of Costs, Sales, Prospects, Mailing List, and many other uses, which are illustrated in our Card Index Catalog No. 605. May we mail a copy to you?

ALLEGATIONS OF SENATE DEALS

Mr. Girard's Statements Denied by Hon. Mr. Brodeur.

ELECTRIC POWER EXPORT

Some Alterations Made in Bill—Interpretation of Lord's Day Act Clause.

Special Staff Correspondence.

Press Gallery, House of Commons, Ottawa, March 14.—The sitting of yesterday in the House of Commons, which was devoted chiefly to the practical discussion of the bill to control the export of electric power, was stirred towards the close by two incidents which had a common reference to Senate appointments and to alleged Government promises and manipulations in regard to such appointments.

Mr. Armand Lavergne was at the bottom of the first. He read to the House the interview published with Mr. Alfred Girard, M.L.A. for Rouville. The main feature of this interview is that Mr. Girard is quoted as stating that Hon. L. P. Brodeur had told him that Mr. Desaulles of St. Hyacinthe was to be appointed to the Senate on the condition that he would resign just before the general election and that Mr. Brodeur would then take his seat and become leader of the Senate. After reading the interview Mr. Lavergne simply asked as to its accuracy.

DENIAL BY MR. BRODEUR.

The reply was given by Mr. Brodeur himself. "I do not believe," said the Minister of Marine and Fisheries, "that Mr. Girard ever gave such an interview. It is incorrect from beginning to end. When it states that Mr. Desaulles was appointed on the condition that he should resign it is absolutely untrue, and the same applies to the statement as to the leadership of the Senate."

As Mr. Lavergne had read the interview in French, Mr. George Taylor re-read it in an English version, concluding by asking the Premier whether he had received the petition from Rouville constituency recommending Mr. Girard.

"Yes," was Sir Wilfrid's reply. The first Minister, however, did not recollect whether as a result of the petition he had recommended the appointment of Mr. Girard or not.

ANOTHER ALLEGED PLEDGE.

The second incident was the work of Mr. W. H. Bennett of East Simcoe. Mr. Bennett asked whether it was true that Dr. P. H. Spohn had in his pocket a written pledge from the Premier that he would be appointed to the Senate. Mr. Bennett revived the H. H. Cook charges regarding the sale of Senate seats in so far as to cite a letter from M. C. Cameron to H. H. Cook written August 27, 1896, in which Mr. Spohn was mentioned as a candidate for a seat in the Upper House; and concluded with the statement that he had been assured by men whom he believed to be reliable that such a promise was in the possession of Dr. Spohn.

The Premier's reply was very brief. "My memory is pretty good," said he, "but it is not equal to the strain which the hon. member for East Simcoe puts upon it. He could not expect me to remember a letter written ten years ago——"

"In 1892," interjected Mr. Bennett.

"And still less one written in 1892," added the Premier.

"Are we then to assume that Dr. Spohn's statement is accurate?" asked Mr. Bennett.

"I am not aware what Dr. Spohn has said," replied Sir Wilfrid with a smile. Thus the incident closed.

POST OFFICE LEGISLATION.

The Postmaster-General had earlier introduced a bill amending the Postoffice Act in several particulars. Two of these amendments are an outcome and index of the growth of the Canadian West. The first gives the department power to establish a dead letter office at Calgary, and the second relieves the Superintendent of th Railway Mail Service of the duty of tracing lost letters, and does so because of the heavier burdens rolled upon his shoulders in other ways by the rapid growth of the West. The third and main amendment gives the officers of the Postoffice Department, the right to free transportation over the lines of railways subsidized for the transmission of mail. In the past, Mr. Lemieux explained, free transportation has been granted of free will by the railways. Now, however, one railway has given notice of the cancellation of this privilege.

EXPORT OF ELECTRIC POWER.

The discussion of the act to regulate the export of electric power and gas at its very outset gave evidence that the Government had profited by some of the previous criticisms. As originally introduced the Act left the power of issuing licenses in the hands of the Minister. But the first announcement of the Minister yesterday was that this power had been in deference to the opinion of the House, transferred to the Governor-in-Council.

Mr. E. A. Lancaster was the author of the first amendment, which briefly put was to limit the export of power to the amount supplied by the licensee to the Canadian market. In addition he set a limit of 25,000 horse power as a minimum which must be reserved to the Canadian market.

The proposal, which had been broached in previous debate, at once met with opposition, as previously, by Mr. Aylesworth.

Mr. R. L. Borden pointed out that the Act contained no guide for the Governor-in-Council as to the policy to be followed in regulating export. He saw danger in leaving in the hands of the Governor-in-Council, which must necessarily be a partizan body, the control of what might be vital interests of party friends and party foes. He suggested placing control in the hands of an independent body like the Railway Commission, and he suggested as a new title for a reorganized commission, "The Public Utilities Commission."

Mr. Aylesworth here made an extended reply to the many criticisms offered.

The natural fruition of this debate was the rejection of Mr. Lancaster's amendment, after which the whole bill was reported with one important amendment. This amendment, which was proposed by Mr. R. L. Borden, consists of a new clause requiring that any regulations made under the act must be submitted to Parliament within 15 days after their promulgation, or if Parliament is not then in session within 15 days after it has assembled. The act now stands for a third reading.

PARLIAMENTARY NOTES.

Mr. Delisle will inquire if it is true that Hon. A. B. Routhier, chief justice of the Superior Court of Quebec province still draws a salary as judge of the Vice-Admiralty Court. Mr. Delisle will also ask if it is the intention of the Minister of Marine and Fisheries to re-establish the tour-de-role system for the Montreal pilots, so that each qualified pilot may enjoy a fair share of the benefits and emoluments.

SUPREME COURT JUDGMENTS.

Ontario's Appeal in Regard to Funds Case Proceeding.

Ottawa, Ont., March 14.—Judgments were given in cases during the present term in the Supreme Court, yesterday:

Saunders vs. the King, from Ontario, was dismissed, Judges Girouard and Davies dissenting.

Gordie vs. Dickie, a Nova Scotia case, appeal dismissed.

Leighton vs. Hale, a New Brunswick case, appeal dismissed.

Three Quebec appeals were also dismissed. They were Nichols Chemical Company vs. Forster; Montreal Street Company vs. Montreal Construction Company; and Hamelin vs. Bannerman.

The appeal of the Province of Ontario against the Dominion of Canada is proceeding. The province appeals against a paragraph in the decision of Justice Burbridge in the Exchequer Court. The Dominion cross appeals in regard to other paragraphs. The questions involved depends upon the construction of numerous old statutes affecting the establishment of funds in various directions and the arrangements in respect thereof. The Upper Canada Grammar Fund, the Upper Canada Building Fund, and the Upper Canada Improvement Fund, aggregating $1,909,845, are involved.

Death of Lieut.-Colonel Peters.

Toronto, March 14.—Lieut.-Colonel Dr. George A. Peters, M.B., F.R.C.S., a profesor in the medical faculty of Toronto University, and one of the most widely-known surgeons of Toronto, died suddenly last evening from heart trouble at his residence, 102 College street.

The late physician was born at Eramosa, Wellington County, in 1859. In 1886 he graduated from Toronto University with an M.B., and began the practice of medicine here. He early evinced a fondness for military life, and rose to a captaincy in the Governor-General's Bodyguard. Later he organized the Toronto Light Horse and was given command as major, subsequently being appointed lieut.-colonel in command.

TRAVELLERS' TAX REPEALED.

British Columbia Falls Into Line with Other Provinces.

Victoria, B.C., March 14.—Canadian commercial travellers will not hereafter be compelled to pay a tax on their business visits to British Columbia. The Legislature yesterday repealed the law, save against travellers of liquor and cigar firms. It means a loss of $20,000 yearly to the province.

The Legislature has also reduced the real and personalty tax to three-fifths of one per cent., or a total this year of $125,000. Promise is also given to put an early end to direct taxation.

Warden of Laprairie.

Mr. L. Conrad Pelletier, K.C., ex-M.P., Mayor of Laprairie, has been re-elected warden of the County of Laprairie.

VINOL'S RELIABILITY.

Prominent Physicians Join with Mr. R. H. Bryson in Recommending Vinol.

Countless physicians and druggists are now prescribing and indorsing Vinol as the most valuable cod liver oil preparation known to medicine, and it is fast superseding all other forms of cod liver oil and emulsions.

A prominent physician writes: "I am satisfied that Vinol derives its wonderful life-giving and strength-creating power from the medicinal curative elements found in the cod's liver. It is the best strength creator and vitalizer for old people, weak women, children and the convalescent that I ever saw."

Another physician writes: "I could cite many cases where health has been restored in a surprisingly short time by Vinol. I should be very sorry to have to do without Vinol in my practice. It has no equal for hard colds, throat and bronchial troubles."

Now, when we tell you that we have never sold in our store a remedy of more remarkable curative and strength-creating power than Vinol, for the weak, the sick and the aged, and that, if it fails to accomplish what we say it will, we will refund your money without question, it shows you our faith in the preparation.

Try Vinol on our guarantee.

R. H. Bryson, Druggist.

(We close daily at 5.30 p.m.)

The John Murphy Company Limited

The New Dress Materials

EASTER'S very early this year, isn't it? But two weeks more and we're right into it. What about your new dress? We have everything in now, you know—much earlier than usual of course, but we had to prepare for the early Easter.

Really there's nothing to lose and everything to gain in selecting the material for your dress to-morrow.

There are beautiful dress lengths you can see to-day that certainly won't be here later; and then all the trimmings are complete now, and everything else you may require.

Regarding the displays, we don't think there could be anything finer to be seen elsewhere in Canada—or in the States for that matter.

Silk and Wool Henrietta, [illegible] and [illegible], $1 to $1.50 a yd.

Shepherd Checks, [illegible] $1 to $2.25.

Silk and Wool Eolienne, $1.00, $1.25, $1.50 yd.

Silk Crepe de Chine, $2, $2.50, $2.75 yard.

Chiffon Taffeta, French dyed, black and colored, 50c to $1.50 a yard.

Sedan, Drap Duchesse and Chiffon Broadcloths, in 150 new [illegible], $1.25 to $2.75 a yd.

Pure Silk Foulards, all New York's latest fashions, $1.50 a yard.

An AUTHORITATIVE COSTUME DISPLAY

A visit to our Costume Department soon dissipates any doubts you may have as to what really are the correct styles for Spring, 1907.

The authoritativeness of our display is beyond question, for we are in the closest touch with all the fashion dictators of the world.

This Spring, most styles from the long "Redingote" to the Short Bolero are in perfect good taste, but of them all, perhaps the greatest favorite is the Eton Jacket. This style with the Japanese effect in sleeves has attracted a great deal of attention.

Of course we have no space even to mention the many other beautiful conceptions that we are now displaying in the department.

RIBBONS.

.45, .50, .60, .65 Fancy Ribbons will be sold Friday at **.35** *a yard.*

MILLINERY EXCLUSIVENESS

Even as it is the wish of every woman to wear a distinctive hat, so is it the business of this store to gratify that wish.

To stimulate the genius of our milliners, we spare no expense in the purchasing of either model hats or materials.

Even the environment of the department is taken into consideration, and with milliners second to none in the Dominion, it is no wonder that our hats are regarded as the "Standard of Millinery Excellence."

W. Fairbanks, Mr. J. R. Gordon, Mrs. Gordon and child, Mrs. William Gordon, Mr. W. Grindholme, W. Trenholme.

His Honor Lt.-Governor and Mrs. Tweedie held their first public reception at the Queen's Hotel, Fredericton, N.B., Tuesday afternoon and evening. The reception was largely attended, fully two hundred guests being received. Mrs. C. J. Osman and Mrs. C. H. Labillois poured tea, assisted by Mrs. C. W. Robinson, Miss Burchill (Nelson), Miss Florence Whitehead, Miss Maynard (Newton, Mass.), Miss Laurestine Bailey.

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellog of Denver, Color Bearer of the Woman's Relief Corps, Sends thanks to Mrs. Pinkham.

Mrs. Sarah Kellogg

The following letter was written by Mrs. Kellogg, of 1628 Lincoln Ave., Denver, Colo., to Mrs. Pinkham, Lynn, Mass.:

Dear Mrs Pinkham:

"For five years I was troubled with a tumor which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work, and life became a burden to me. I was confined for days to my bed, lost my appetite, my courage and all hope.

"I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better after the second week, thought it only meant temporary relief; but to my great surprise I found that I kept gaining, while the tumor lessened in size.

"The Compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregular or painful periods, weakness, displacements or ulceration of the female organs, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such trouble.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female trouble.

Mrs. Pinkham invites all sick women to write her for advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease has been advising sick women free of charge. She has guided thousands to health. Address, Lynn, Mass.

Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

The engagement is announced in Ottawa, of Miss Ida Macdonald, daughter of Mr. Henry Macdonald, to Mr. Gerald Roxburgh, B.A.S., of Winnipeg. The wedding will take place in April.

Mrs. Henri Beique (formerly Miss Louise Frechette) received yesterday afternoon for the first time since her marriage, at her residence, Sherbrooke street. Mrs. Beique, who wore a gown of white lace over white silk, trimmed with gold embroidery, was assisted in receiving by her mother, Mrs. Louis Frechette. The decorations were effectively carried out in pink carnations, sweet peas and lilies of the valley. The tea table was in charge of Mrs. Mercier, assisted by Miss Rainville and Miss DeLorimier. Mrs. Beique is receiving again to-day, Mrs. George Fauteux being in charge of the tea room, assisted by Miss Gertrude Hanson, Miss La Rocque and Miss Rainville.

GRAND SPRING OPENING

FRIDAY will be the second day of the "Grand Fashion Festival." The first note of robin red-breast is more delightful music than the whole chorus of the woods when spring is fully here. Something of the same pleasure is in store for you here to-morrow. This store is in keeping with the spring like weather, with the gorgeous decoration, the new spring like costumes and fabrics, presenting a grand carnival of spring bargains. Streets are filled with spring shoppers, and they naturally go where money brings the best and surest returns.

The mighty crowds that daily throng this store is sufficient proof of our popularity.

No store in this city grew so fast, none deserve to, our policy insured rapid development.

Showing of Parisian Fabrics At This Grand Fashion Festival

Never have we had such a charming variety in the Dress Goods section as this Spring showing. Hundreds of new ideas, in both can be gathered in the display of novelties that one would expect only in Parisian stores are in this exclusive treasure house.

Fluffy delicate things for evening, dozens of practical stuffs for day.

"Don't forget you must be made up for March 31st, Easter."

The reseda green in faded tones, and the darker shades of green are to be popular, and is followed by the new Copenhagen blue and the dark tones of navy. These last colors are well looked for.

Old rose is also in for demand, and the new tints will make very pretty Spring costumes. Among these popular colors we must place the three medium shades of red as very correct for next spring's costumes, and more specially in the plain broadcloth and Venetian cloths.

We are now offering a great value in plain cloths at, per yard **$1.10**

A chiffon finish cloth that will drape nicely.

We also have a line of those all-wool Venetians in all colors, selling, per yard **75c**

Width 47 inch wide.

NEW WORSTED TWEED

50c, 75c, $1.00 YARD.

We are offering three very special lines of tweed suitings, in handsome mixed coloring suitable for spring costume.

A lot at **50c**, one at **75c** and another lot at **$1.00** per yard.

THE GREAT WASH GOODS SALE ON 3RD FLOOR.

Every day we are making special offerings in our new 3rd floor Wash Goods bargain department. To-morrow, Friday, we will offer great values in White Lawn, Nainsook, White Mull, Lingerie Lawn, etc.

[illegible] pieces fine White Nainsook, a soft quality free from dressing, [illegible] quality. Special, per yard **12½c**

[illegible] soft quality White [illegible] Cambric, regular [illegible] Friday, per yard **11c**

[illegible] White Egyptian Mull [illegible] great value [illegible] undergarments. Special price Friday, yard **15c**

[illegible] White Mull Sassetti [illegible] silky fabric, made specially for W. H. Scroggie & Co., Ltd. A great value at, per yard **19c**

Sold in many places 25c yard.

Heavy quality Horrock's Longcloth, cloth 36 inch wide, [illegible] quality. Friday, yard **12½c**

WHITE FLANNELETTES.

300 pieces fine soft quality white Saxony Flannelettes, an extra good quality, covered with a heavy nap, 12½c regular. Friday, per yard **10c**

Of Interest to Women!

[illegible] of our New Spring [illegible] and realize the "true [illegible] completely modelled corset."

For assortment, variety, daintiness and extreme lowness of price our Whitewear Department is unexcelled for Children's Wear or Whitewear.

Men's Furnishing Store

presents an ocean overflowing with all the new styles of Men's Furnishings destined extreme popularity for this season.

A superb variety of dainty neckwear, shirts, is shown.

A Matchless Millinery Display.

"A most magnificent assembling of the choicest, richest, most exquisite designs and creations of the master milliners and style creators of two continents" only partially describes this gorgeous array of millinery splendour, and the dazzling display made for these opening days.

Beautiful as the foreign hats are, they in no way surpass the rare beauty, the charming taste, the exquisite touch, the matchless becomingness of the creations from our own workrooms.

ALL ARE INVITED TO ATTEND THIS OPENING.

An Artistic Exhibit

The exhibit in our Fancy Goods section speaks volumes for this store and for the [illegible] of its fashions. Decorations everywhere catch the spirit and mirror the sentiments of the season.

WANT AN UNDERSTANDING.

Britain Must Consider Colonies in Treaty Obligations.

Canadian Associated Press.

London, March 14.—According to Melbourne newspapers, Sir J. G. Ward, Premier of New Zealand, who has been in Melbourne conferring with the Hon. Alfred Deakin, Premier of the Australian Commonwealth, says that at the Colonial Conference in London, they will seek a definite understanding from the Imperial Government as to the position of the colonies in regard to British treaty obligations.

"We do not want," declared the Premier, "Great Britain to enter into treaties with foreign peoples that will give the latter rights to [illegible] into the [illegible] [illegible]." Incidentally in favor of [illegible] of a permanent Imperial [illegible] sitting in London. Sir Wilfrid [illegible] private letters to [illegible] expresses himself [illegible] with the idea, and with [illegible] Deakin the [illegible] it through.

PATERSON'S COUGH DROPS

5c

[illegible] mere candy, though they are delicious, a cure as well and a sure relief for stubborn coughs, colds, and throat ills of all kinds. Doctors say these cough drops are all right. Demand the [illegible] kind in the red and [illegible].

THEY WILL CURE

THE PETKOFF MURDER.

Feared it Will Adversely Affect Bulgaria's Welfare.

[illegible] the reform programme of the Power. It has refrained from the former always [illegible] efforts to block the work of the foreign [illegible]. Premier Petkoff also succeeded in [illegible] friendly relations with [illegible] had existed before for [illegible] years, and his policy generally [illegible] to improve the position of [illegible].

CUSSED HIS DAD!

for forgetting to buy lady charlotte jelly powders.

STRENGTHEN YOUR DIGESTIVE ORGANS.

Strengthen your digestive organs and Indigestion will disappear. You cannot strengthen your digestion by taking drugs to digest your food for you. That throws your stomach out of use and it becomes weaker and more useless instead of stronger and more useful.

You must strengthen the stomach, its nerves, muscles and digestive glands, which supply the natural digestive juices, before you can hope to be rid of digestive troubles.

"The Trappist Fathers' Phosphated Wine of Cinchona Bark"

contains the great nerve food phosphorus, in the form of assimilable phosphates. It gives nerve and muscle vigor to the stomach and other digestive organs. This combined with Cinchona and a peculiarly rich form of grape juice, quickly makes your digestive system strong and healthy, able to digest anything, to eat what you like and enjoy the eating of it.

The Trappists' Phosphated Wine of Cinchona Bark will quickly make all digestive troubles disappear.

Commence the cure to-day.

MEMBERSHIP IS GROWING.

Special to The Montreal Star.

Ottawa, March 14.—The eighth annual meeting of the Canadian Forestry Association opened this morning, with President E. Stewart, the retiring Dominion Superintendent of Forestry, in the chair.

The directors' report showed that the membership stands at 1222, a growth of 875 in less than five years.

In his address Mr. Stewart said that there was a very present urgency of impressing upon the Government the need of co-operation with the forestry movement. Still more important was the enlisting of the sympathy of the general public. In granting patents of wooded lands, the Government henceforward should reserve 10 per cent. as a "wood lot."

Professor Macoun declared that unless the eastern slopes of the Rockies are protected from denudation, the plains of Alberta and Saskatchewan will become arid.

Dr. Saunders, Dr. Bell and others carried on the discussion of the value of forests, a good deal of the discussion being directed to the re-foresting of the prairies.

Mr. Stewart in the course of his remarks spoke of the relation between the forestry movement and lumbermen. A forest could be preserved and yet a due quantity of trees cut yearly for commercial purposes.

Russian Prince Degraded.

St. Petersburg, March 14. — Prince Andrew G. Gagarin, director of the polytechnic institute of St. Petersburg, in which establishment a number of arms, ammunition and bombs were found by the police on March 3, has been honorably discharged. Together with the governing board of the institute, he will be prosecuted for criminal negligence for permitting the sheltering of arms and ammunition for revolutionary purposes in the institution entrusted to his supervision.

We are the largest watch repairers in Canada. R. Hemsley, 255 St. James.

Special Notice.

FOURTEEN SOPHS. ARE OSTRACIZED

Science Men of Ammonia Episode Suspended From McGill Union by Student Body.

As a result of the serious outcome of the pranks attempted by the too hilarious gentlemen of second year Science, McGill, the Students' Union has finally resolved to take action against a certain number of the class. From now on until the month of September, fourteen of the most skittish members of '09 will get through their college course without the assistance of the Union, and will have the misfortune of living a college life without being enabled to enjoy the privileges which the Union affords.

The committee of the Union held four lengthy sessions yesterday, and as a result the Science men who broke up the Freshmen's smoking concert on Friday night last by throwing ammonia, will languish without the pale of the Union.

The offending sophomores are also recommended to the university board of discipline for punishment, and it is thought that this body will take such decided steps in the matter that a quietus will be put upon all rough-house tactics for some time to come.

This is the first time in the history of old McGill that misdemeanors have been dealt with by the student body and the readiness with which the offenders have given themselves up for trial and the quiet acceptance of their sentence augurs well for a continuation of the plan in the future.

Allan line steamer Siberian, from Glasgow and Liverpool, for Philadelphia, via Halifax, sailed from Liverpool on Tuesday evening, with 65 cabin and 658 steerage passengers, for Halifax.

THE CEMENT INDUSTRY.

NEW COMPANIES ARE CONSTANTLY ENTERING THE FIELD.

Lakefield Portland Cement Company to Establish Branch in Royal City—New Uses for Concrete Are Being Found.

Attention has again been directed to the rapid expansion of the cement industry in Canada by the announcement that the Lakefield Portland Cement Company had perfected arrangements for the erection of a branch factory in Montreal. The company has placed an order for its electrical equipment with the Canadian General Electric Company, comprising three 1,500 h.p. transformers, two 2,000 h.p. transformers, one 20 h.p. motor, twelve 100 h.p. motors, eleven 75 h.p. motors, three 50 h.p. motors and three 10 h.p. motors, all complete with the necessary switchboard and speed controllers.

Several factors have contributed to the rapid development of the cement industry, chief among them being the reduction in the price of cement engendered by the adoption of modern machinery, the different uses to which Portland cement is now applied, coupled with an abundance of raw material. The manufacture of Portland cement in Canada practically dates from the year 1891, when operations were begun in a very small way at Marlbank, Hastings County, and also at Shallow Lake, Grey County. The output of these two establishments as a result of the first year's operations amounted to only 2,033 barrels, a trifle more than one of the larger modern plants would produce in a single day. In the following year the production was increased to 20,247 barrels. In 1893 it amounted to 31,924 barrels, and so on in geometrical progression, the output for each year during the next decade exceeding that of the preceding year, roughly speaking, by 50 per cent. In 1901 four factories were making Portland cement, their total output amounting to 350,660 barrels. By the following year the number of establishments had increased to eight, with an actual production of 522,899 barrels. In 1903 there were nine plants in operation with an output of 695,260 barrels, while in 1904 cement was made at no less than eleven establishments to the extent of 850,871 barrels.

Since that date factories have been started at Hull, Que.; Belleville, Ont.; Sydney, C.B.; Wiarton, Ont.; Morden, Man.; Calgary, Alberta, and Vancouver, B.C., giving the cement establishments of Canada a combined annual capacity of at least 3,950,000 barrels, estimating 300 working days to the year.

In the phenomenal growth thus noted improved methods in manufacture brought equipment by the introduction of modern equipment adapted to meet existing conditions played a most important part. If old methods had been adhered to very few of the companies now conducting a thriving trade would be in existence to-day. These include: The Lakefield, Lakefield; The Hanover, Hanover; Sun, Owen Sound; Imperial, Owen Sound; The Owen Sound, Grey and Bruce, Owen Sound; The Canadian, Marlbank and Strathcona; The National, Durham; Raven Lake, Raven Lake; The Ontario, Blue Lake; The International, Hull; Colonial, Wiarton; The St. Mary's, Belleville; The Manitoba, Morden.

The electrical equipment supplied by the Canadian General Electric Company to cement establishments has come to be regarded as the standard. The works of the Lakefield Portland Cement Company, at Lakefield, to which reference has been made, were equipped by the Canadian General Electric Company, and now the order has been placed with this company for the equipment of the new branch at Montreal, which is an evidence that the appliances supplied by the Canadian General Electric are of a character that gives satisfaction.

The ever-widening range to which cement is being put should of itself ensure a bright future for the industry. Some few years ago the use of concrete was confined almost entirely to the construction of foundations exposed to the action of water. Of recent years the employment of concrete as a building material has come into general use. It is replacing brick and stone in some lines of work, and even wood has had to give way before it, as instanced by the tendency to use concrete flooring in fireproof buildings. In the matter of fence posts and piles it has also supplanted wood to some extent. In the construction of pavements and bridges its use has become almost universal. For general building purposes its popularity is steadily increasing. Hollow blocks of cement of any size, shape or finish are readily procurable, and since their introduction have been very much in demand. Architects are beginning to advocate the construction of walls of solid concrete, for not only do they possess the advantage of being fireproof, but are capable of a handsome exterior as well. All things considered, the cement industry of Canada seems destined to keep pace with the rapid development of the country.

NEGRO STUDENT WON OUT.

Alain Locke, of Harvard, Awarded a Rhodes Scholarship.

Special to the Montreal Star.

Philadelphia, Pa., March 14.—Alain Leroy Locke, a negro, whose home is at 712 South Twelfth street, has won the Rhodes scholarship for Pennsylvania, which entitles him to three years' study at Oxford University. He is the only negro who has won one of the scholarships. Locke is now a senior in Harvard University. He is twenty-one years old, is a son of Pliny Locke, who practiced law in this city, and grandson of the first principal of institute for colored youths. Those who selected Locke said merit alone won for him.

Silverware repaired, estimate of cost given. R. Hemsley, 255 St. James st.

SANITATION OF FREDERICTON.

Legislature Vetoes Decision of Board of Health and Government.

Special to the Montreal Star.

Fredericton, N. B., March 14.—After a lengthy debate the Legislature yesterday afternoon, by a vote of 22 to 20, upset the decision of the Provincial Board of Health and the government, and this will allow the sewage of Fredericton to enter the St. John River.

The financial statement of the Province shows receipts for year of $261,-226.59, and expenditures of $291,995.51.

Patterson Committed for Trial.

Fort William, Ont., March 14.—Manson Patterson, charged with the murder of Bernard Armstrong in a boarding-house here on March 4, appeared before Magistrate Palin yesterday for his preliminary hearing. He was committed to stand trial at the next session.

FRIDAY OPPORTUNITIES.

There is a long list of Friday opportunities for you at the dry goods store of Messrs. Jas. A. Ogilvy & Sons, St. Catherine street west, corner of Mountain street. No doubt there will be a number of ladies who will appreciate the fact that long gloves, worth two dollars and a quarter, may be had on Friday for one dollar and twenty nine cents. You will find your list in their announcement on page 11 of this issue of the Star.

SENATORS DISCUSS GIRARD INTERVIEW

Appointment of Mr. Dessaulles to Senate Provides Interesting Debate.

Special to The Montreal Star.

Ottawa, March 14.—The appointment of Senator Desaulles was the chief topic of discussion in the Senate yesterday. Senator Landry called attention to an interview alleged to have been given by Mr. Girard, M.L.A. for Rouville, in reference to the appointment of Mr. Desaulles.

Senator Scott said the statement that the appointment was temporary and that Mr. Desaulles would resign in favor of Hon. Mr. Brodeur was absurd on the face of it. The Government would not take any notice of the report.

HISTORY REPEATS ITSELF.

Sir Mackenzie Bowell said: When I read the article I could not help congratulating myself on the fact that history repeats itself. It is quite evident that my hon. friend has some traitors in his camp, and it is an old saying that misery loves company. Under such circumstances, I can from the bottom of my heart sympathize with my hon. friend. The only difference between the event to which I have referred and the present occasion is that the honorable gentleman was forewarned, and I was not. He can sit in the Senate until the next general election, when his place will be usurped by one of his colleagues. Sir Mackenzie said that the interview alleged a bargain over a Senate seat, and if what was stated was true, the sooner the country knew it the better.

Senator Sullivan thought there was something wrong when the vacancy had been so promptly filled. It should have been filled by an Irish Catholic.

SUGGESTS AN ENQUIRY.

Sir Richard Cartwright said that if Sir Mackenzie Bowell or Senator Landry was willing to rise in his place and say that he believed these charges to be true, and that he would undertake to prove them, the House would be bound to make an investigation.

Senator Beique said that the statements in the despatch were, to his mind, absurd. He knew that Senator Desaulles had entered the Upper House in the most honorable manner.

Hon. Mr. Scott, replying to Senator Sullivan, said that the senatorial division of Rougemont had been first represented by Mr. Chapleau, a French Canadian. Sir William Hingston had been appointed in special recognition of his personal and professional position, and not merely as a representative of the Irish Catholics. It had been understood that the seat would go back to the French Canadians.

Senator Cloran said he would not object to absolute majority rule in Canada, but as long as the principle of recognizing minority existed it should be properly carried out. If it were, the English-speaking Catholics would be much more largely represented.

HUDSON BAY ROUTE.

Senator Lougheed continued the debate on Senator Ferguson's motion for Hudson Bay papers. He said Sir Wilfrid Laurier had practically committed the Government to the development of the Hudson Bay route. Manitoba, Ontario and Saskatchewan were after the port of Churchill. Seantor Lougheed thought none of the three should get it. Churchill should be a national port, owned and administered by the Dominion. The Government should build and own the railroad from Saskatchewan to Churchill, and should give free running rights to any railroad which desired to haul freight over it. Senator Lougheed said eight million dollars would build the road to Churchill.

THIRD READINGS GIVEN.

The following bills were given third reading:

To establish the Intercolonial and Prince Edward Island Railway Employes' Provident Fund, as amended.

For the relief of George William Hadley.

Respecting the surveys of the public lands of the Dominion and the surveyors entitled to make such surveys.

EASTER.

It's essentially the children's season, and each succeeding Easter finds the children greatly changed. If they are regularly photographed at the studio of Wm. Notman & Son, 12 and 14 Phillips Square, Montreal, at every Easter season, you will have records of their growth and development which in later years will be priceless. Remember that it's impossible to recall the child expression once it has matured into its next stage of development.

Bodies Discovered in Alcohol.

Winnipeg, March 14.—The janitor of the Empire block made a gruesome discovery in the garret of the building yesterday, when he found the bodies of two infants in a jar of alcohol, concealed in a box under a pile of clothing.

Boy Killed His Brother.

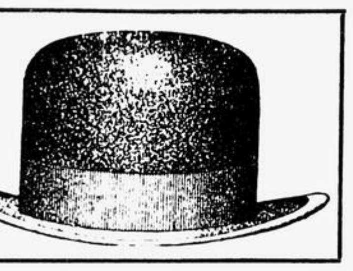
Fannystelle, Man., March 14.—An unfortunate accident occurred here by which the 7-year-old son of F. W. Beattie, while playing with a gun in the absence of his parents, shot and instantly killed his little brother, aged 3.

Spring Hats.

Spring has came prepared to stay awhile it is hoped. And every man that is particular about what he wears will be interested in our stock of **NEW SPRING HATS** from the staid sedate shapes to the snappy extremes. There's not a hat but bears the stamp of style and newness.

HATS FROM $1.00 to $3.00.

We never promise $5.00 Hats for $1.00, but we do promise the best Hats in the city for the money. We'll be pleased to give you the benefit of our experience in the selection of a proper Hat.



Spring Hats.

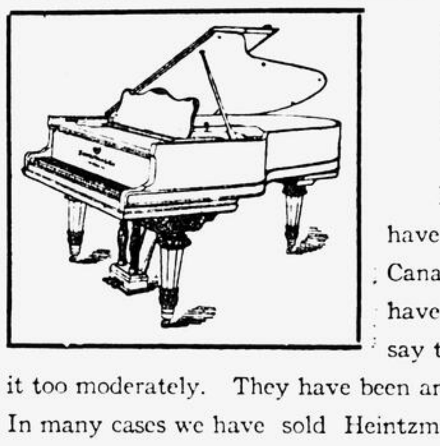
HEINTZMAN & CO.



PIANOS

For nearly sixty years these artistic pianos have been used in the music-loving homes of Canada. For thirty years without a break we have sold them in the Montreal district. To say that they have given satisfaction is to put it too moderately. They have been an inspiration and a delight to every owner. In many cases we have sold Heintzman & Co. pianos to three generations in a single family, and it is a matter of frequent occurrence for us to sell Heintzman & Co. pianos to the sons and daughters of customers who purchased Heintzman pianos from us many years before. This is the highest form of testimonial which we can produce when speaking of Heintzman & Co., pianos.

ABOUT AUTOMATIC PIANO PLAYERS

The best attachments in the world are those made by Chase & Baker of Buffalo, N.Y. The latest thing in this line, however, is the "Interior Player," that is a piano with the operating attachment permanently fixed inside. No attaching or detaching—piano ready instantly for playing by hand or by perforated music. The best makes are Hardman, Kurtzman, Harrington and Sterling. Inspection invited.

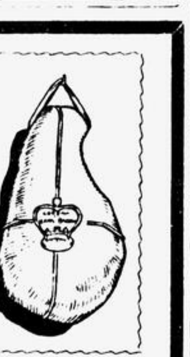
How to Manage a Husband.

WIFE No. 1—My husband's got so cross lately there's no doing anything with him—I've tried everything and it's no use.

WIFE No. 2—(who knew a thing or two) said in a low whisper,



Use "CORONA"

HAM and BACON

N. B.—She does and her Husband's all right.

All Dealers Supply "CORONA" Brand. THE MONTREAL PACKING CO., Limited.

Child Burned to Death.

Special to The Montreal Star.

Dorchester, N.B., March 14.—Master Oswell, son of Mr. and Mrs. Carswell Spence, was burned to death in his parents' kitchen here yesterday. He was three years old. It is supposed that the child was playing with matches, and set fire to his clothing while his mother was visiting a sick lady.

New watch mainsprings, guaranteed for a year. R. Hemsley, 255 St. James.

Vessel Encountered Heavy Weather.

Special to the Montreal Star.

Halifax, N.S., March 14.—The Norwegian steamer Ulriken from Seville for New York, with cargo of corn, put in here yesterday short of coal and the captain reports very heavy head weather.

Lord Strathcona Sends Cheque.

Ottawa, March 14.—Lord Strathcona has given evidence of his sympathy with the work of the Ottawa Choral Society by sending to the secretary of the society his cheque for $100.

Court-Martials Execute Five Daily.

St. Petersburg, March 14.—Statistics published to-day regarding the drumhead court martial show that up to March [illegible] persons were executed, an average of almost five daily.

Salt-life in every grain—delicate, piquant—perfect crystals—absolutely pure—
WINDSOR SALT.
