

# METRO PLAN ADVANCES

## Westmount mayor lauds principle

Quebec, February 19 — Westmount's new chief magistrate, John C. Cushing, backed by a delegation that included city manager Tom Hughes, is in the Ancient Capital this week to keep an eye on the metropolitan government bill that is being hammered into shape in the private bills committee of the Legislature.

Westmount's position, as a member of the existing Metropolitan Commission guarantees it a seat on the new body, and as matters now stand, the representative of this city on the new setup will receive a salary 'not to exceed \$3,000 a year' and will sit for a term of three years.

by

Tracy S. Ludington

While Westmount was one of the municipalities that grouped to present a general brief on metro to the Legislature, and selected Mayor Reg. Dawson of Mount Royal as their official spokesman, this city also, through its council, sent a memorandum of its views to the provincial government.

Interviewed during the sessions, Mayor Cushing affirmed this stand.

"Some form of metropolitan authority is essential" he told The Examiner, "but I believe it should be concerned with problems common to all communities only, and not interfere with local matters".

On this latter point, Westmount in company with other independent municipalities on the island, have Premier Duplessis' guarantee that he is safeguarding the autonomy of each and every one of them.

### AGREES

Westmount's member in the provincial legislature, Richard Hyde, who is a member of the private bills committee and sat two removed from Liberal house leader Georges-Emile Lapalme during the sessions, told The Examiner he too could find no fault with the metro plan in principle.

(Actually one of the first and most complete pleas for a metro authority for the island was prepared by former Federal Transport Minister and ex-member of the Commons for Westmount George C. Marler, who read it to a session of the Westmount Municipal Association more than a decade ago).

### MARRIAGE'

As Premier Duplessis himself remarked, the "marriage" between Montreal and the suburbs is a "reluctant" one — but in the case of most items on the 102-clause bill formulas suitable to both parties contracting the "marriage" were gradually found.

On the first run through the 102 clauses only 17 were passed, ten more thrown out altogether and the balance left in abeyance. As the week progressed, however, these suspended clauses were gradually reintroduced, after lunch-hour and dinner-hour recesses had afforded an opportunity for the representatives of each group to discuss matters privately and come to some compromise.

Occasionally the Premier would nudge destiny slightly, but not often. One of these occasions was in connection with the salary to be paid members of the new body. The draft bill had a figure of \$2,000 but in the first run-through a top of \$5,000 was set. As sessions passed, there appeared to be a reluctance on the part of the Montreal delegates to come to a definite decision as to how they wished their 14 members selected. To hurry them the Premier suggested a cut to \$3,000 in the proposed pay for the members. This did it. Montreal got into line. It will name one member from its executive committee, with the 13 others selected by the council either from their own members or among the public.

## Western policy in Middle East criticised by Israeli statesman

Israeli Ambassador to Canada, Arthur Lourie, blamed Western policy, "or lack of it" for the failure to establish a lasting peace between his country and the Arab states which surround it.

"Basically friendly to both sides, the West was too ready to take the line of least resistance. As long as active warfare had ceased they were prepared to acquiesce, or at least supinely accept, a situation in which the Arab leaders used the Armistice Agreements as a convenient shield to carry on a policy of hostility just short of war," he said.

The Armistice Agreements Mr. Lourie referred to were negotiated in 1949 and, as he put it, "it was the thought and intention of all concerned that they should be clearly converted into a full and formal peace."

Arab animosity and frustration were not responsible for failure to translate the agreements into peace. Had that been the case, there would have been no such intention in the first place.

The big mistake the UN made, however, came shortly after the agreements were signed when it attempted to deal with the Arab states as a whole and not as separate units with individual interests.

"Assembled together, no representative of an Arab country could appear more yielding than another and the demands of the most extreme became the common denominator of them all," said Mr. Lourie.

Only one Arab leader, King Abdullah of Jordan who was later assassinated, tried to find a way out but his negotiations with Israel fell through after British backing was not forthcoming. According to the Ambassador, this was because British policy in the Middle East rested on the belief that the road to Arab support lay through concession to the extremist.

Another thorn in the side of progress was a failure to come

to any sort of agreement over the allocation, for the purposes of power and irrigation, of the water of the River Jordan.

On this occasion, however, said the Ambassador, it was lack of resolution on the part of the United States which doomed the scheme to failure.

Mr. Lourie recalled that agreement was reached between all the Arab countries and Israel on the proportions of the waters to be allocated to each. Only Syria, whose interests in the water was negligible, remained obdurate to the plan and this was only because Israel might gain some benefit from the arrangement.

"That vote was not necessarily decisive", he continued, "and it would have been enough for the U.S. to have assured Israel and Jordan of her political and financial support. But at the last

moment there was a failure of resolution in Washington, action was postponed and the opportunity was lost."

Had these plans all borne fruit, the Suez crisis of two years ago would never have arisen, he stated, and would not have been so painful to Western, and particularly British interests, in the Middle East.

Mr. Lourie, however, thinks that the fact these possibilities arose in the past, makes it certain similar opportunities will occur again. Since 1956, boundaries have been quieter and the blockade on the Port of Elath no longer exists.

The final solution will probably come when East-West relations are improved and the reality of Israel as a permanent element in the Middle East has penetrated the Arab mind.

## Next week's weather

By ERIC NEAL

February 22 to 28

Nights quite cold and afternoons relatively mild to start an early sugaring-off season. Winds gusty with morning mists and occasional snows (1-3"). Temperatures 10-40° F. and 30 hours of sunshine this week.

Rains or freezing drizzle with some snow in the middle of the week with clear periods. Clearing but cooling rapidly.

Colder and clouding, with some wind to end the week. Six conditions fair to good.

**March activities make busy month**

By MAURICE MARIASINE

With the basketball schedules nearing completion, club officials are in the process of preparing a wide variety of tournament activity, not only in the sports department, but also in the Games Rooms.

Starting March 2nd, tournament style will prevail to determine club champions in table tennis, checkers, chess, shuffleboard, darts, badminton and in team play — volleyball and indoor soccer.

Club members are urged to register immediately for participation. In the Senior Games Room the participants are asked to register with Pat Geary; in the Junior Games Room with Crystal Cunningham and in the Sports Department with Pat Kearney.

Basketball is currently in the playoff status and it is felt that the tournaments will provide further opportunities for club members to make good use of their leisure after-school hours.

**DANCES RESUME**

After a brief period of inactivity in the Social Activity Department, the Friday Nite Club has once again resumed their Friday evening get-together and last Friday conducted a Valentine Dance with a good representation of teenagers and a special program of novelty dances and prizes.

The Friday Nite Club will con-

tinue to meet every Friday at 8.00 p.m.

**SWIM MEET**

Club members have been invited to participate in a Swim Meet at the Point St. Charles Boys' and Girls' Club on Wednesday, February 25 with members of the Lions Boys' Club and the Point Club also entered in the Meet.

Despite the absence of a swimming pool at the Unity Boys' Club, several club members have shown exceedingly good form in swimming abilities and they are scheduled to participate: By coincidence, the three top UBC swim stars are all named "Jimmy"; they are: Jimmy Prince, Jimmy Crouch and Jimmy Horwood; it is also by coincidence that all three boys mentioned have one other sport in common, "gymnastics". Jimmy Crouch has ventured into other sporting endeavors and these include basketball and hockey.

Other Unity swimmers of note include: Michael Tagieff, Brian Power, Michael Dwyer, Jimmy Roguski, Jimmy Donahue, Bobby Brisson and Wayne Dallas.

**GYMNASTICS SCHEDULED**

**REGULARLY**

There are 15 boys registered with Bill Semper's Gymnastic Class which meet every Tuesday at 6.30 p.m. The boys are: Roger Harte, Phillip Lecouffe, Shayne Molloy, Shawn Molloy, Hogart Bauerle, Sigmund Raddoman, Marcel Lefebvre, Brenden Cantwell, Jimmy Donahue, Keith Gavin, Lawrence Crouch, Richard Holden, Billy Holden, Jimmy Prince and Jimmy Crouch.

**VARIETY SHOW SCHEDULED**

The Unity Boys' Club Talent Parade will present a Variety Show at the Eventide Home on Friday, February 27th, at 7.30 p.m. Talent Club rehearsals and auditions are held every Tuesday at 6.45 p.m. Individual dancers are currently in demand — anyone experienced in this phase of entertainment would be welcome for audition.

**LIQUIDS vs COLDS**

Plenty of liquids such as water and citrus fruit juices will help to combat a cold. Light meals are much better than heavy ones. Staying in bed, out of drafts, and avoiding changes of temperature will help to drive away the cold. If there is a temperature that lasts more than a couple of days, it is best to consult the doctor.

**PRESENTATION:** Last week's Annual General Meeting of the Westmount 'Y' was marked by a special ceremony at which Tilly Mays, who worked 39 years as housekeeper

and confidante to many residents, was presented with a portable TV set. Handing over the gift on behalf of the residents is Howard Osgood. —Tedd Church Photo

**RT. REV. P. S. C. POWLES**

The Right Reverend Percy S. C. Powles, 4129 Western avenue, formerly Suffragan Bishop of Mid-Japan, died Sunday in his 73rd year. A funeral service was held Tuesday from Christ Church Cathedral.

Born in Montreal, Bishop Powles lived on Rushbrooke street in Point St. Charles as a young man. He attended McGill University and the Montreal Diocesan College, going to Japan as a missionary in 1916. He remained there until war forced him to leave late in 1941, being one of the last missionaries to leave Japan in World War II.

He returned to Montreal, where in 1942 he was appointed Canon by the Bishop of Montreal. He resumed his missionary work in 1946, and was appointed as an advisor to the House of Bishops of Japan. In 1948, he was further appointed Suffragan Bishop of Mid-Japan.

He returned to this country three years ago, taking up residence in Westmount.

His outstanding work in Japan was connected with the New Life Sanatorium in Nagano, where he superintended the reclamation of the hospital, and the mission of Takata.

He is survived by his wife, the former B. Ruth Mount; three sons, Rev. Cyril Powles, Dr. William Powles, and Percival Powles; three daughters, Mrs. B. A. J. Smith (Joy), Mrs. V. I. Goring (Kathleen), and Mrs. J. C. Rowe. (Isobel).

**DR. JOSEPH KOLBER**

Dr. Joseph Kolber, 74 Cote St. Catherine road, eye specialist, died suddenly in his office Friday, at the age of 67. A funeral service was held Sunday at the chapel of Paperman and Sons Inc., 5605 Cote des Neiges

road.

Dr. Kolber was born in Montreal, and attended McGill University. After graduating in medicine in 1912, he took a post-graduate course in ophthalmology at Vienna, Austria.

He then established a private practice in Montreal, and was in addition associate in charge of the department of ophthalmology at the Jewish General Hospital. He was also associated with the Herzl Health Centre, and the Reddy Memorial Hospital.

A life member of Ionic Lodge 54 of the Masonic Order, Dr. Kolber was a member of the Congregation of Shaar Hashomayim.

He is survived by his wife, the former Mona Breslow; a son Stanley Lyon; a sister, Mrs. Arthur Finestone; and two brothers, Dr. Ben Kolber and Councillor Harry Kolber.

**WILLIAM GILHOOLY**

William Gilhooly, 2112 Claremont avenue, a former captain of the Westmount Police Force, died Monday at his home in his 84th year. A funeral service was held Wednesday.

Born March 16, 1875, in County Cavan, Ireland, Capt. Gilhooly came to Canada over 65 years ago.

He joined the Westmount Police Force in 1898, and in 1901 was appointed constable. In 1903 he was promoted to the rank of sergeant; in 1918 to lieutenant, and in 1922 captain. He retired in 1931 after 33 years of service.

Eight members of the present police force served under Capt. Gilhooly. An enthusiastic walker, he was a familiar figure on Westmount's Sherbrooke street.

He is survived by his second wife, the former Nellie Brown; a son, Albert; and two grandchildren, Garth William and Joyce Thelma (Mrs. K. Shaw).

WESTMOUNT JUNIOR HIGH ON ACADEMY ROAD.

## New system, more subjects at Junior High

By VALENTINA RAHR

This year a new system has been put into effect at Westmount Junior High School, that offers more subjects. Seven periods a day of 40 minutes each replace the five hourly periods per day which were used previously.

"In this way" said Principal D. T. Trenholm, "students are able to handle more subjects, get more homework, and the system teaches them to be more on their own." Typing for all girls has also been instituted this year; extra arithmetic for Grade IX; more woodwork for boys; extra French to those students who do badly in French and need extra help. "It is an experimental year academically, at Junior High, and if this system gives us the results we are hoping for it will be installed permanently".

Donald Trueman Trenholm, has been associated with the school since 1941 when he joined the staff as history specialist. He became vice-principal in 1951, and principal in 1955. Born in the Maritimes, he attended Mount Allison. His first teaching assignment was at a small one room school house complete with pot-bellied stove, which contained grades from Kindergarten to Grade XI. This was at Shubenacadie East, an Indian name which means "land of the creeping vine". Population there was about 1,000, and there were 36 pupils in the whole school. Salary was

\$400 per annum. Today there are regular elementary and high schools in that district. Mr. Trenholm taught at St. Laurent before coming to Junior High.

### HISTORY

The cornerstone for Westmount Junior High was laid in 1913 when the population of Westmount was about 20,000. The west and east wings were added in 1928 and 1930 respectively. Originally the schools in Westmount were organized into grade schools, carrying grades 1 to VII; and high schools grades VIII to XI; and in 1930 grade XII was added. But in 1940 a re-organization took place. Elementary schools carried grades 1 to VI only; and Junior High grades VII, VIII and IX; thus leaving Westmount Senior High with grades X and XI. At this time the high school building on Academy Road became Westmount Junior High School. Both junior and senior high schools will be integrated in the new composite high school which will be constructed at the Westmount Athletic Grounds.

One of the courses which was instituted in 1952 at Junior High was instrumental music. This was introduced by C. H. Savage, then Superintendent of Westmount Schools; Mr. Steeves, Principal of Junior High at that time; and Mr. Gifford Mitchell, at present Supervisor of Music for the Protestant School Board of Greater Montreal.

The first class contained 28 boys and 18 girls. Miss Lydia Davison took over the string section; and Morley Calvert the brass section. Instruction in theory and practice was given daily during school hours. As interest grew in the music course, the School Board added more instruments and from this beginning, 13 students from Westmount Schools were selected and auditioned by Dr. Wilfrid Pelletier, in the spring of 1957, to play with the Montreal Symphony Orchestra. Many of them have continued their musical studies at the Conservatory.

Miss Lydia Davison has since left the staff of Westmount Junior High, and is now vice-principal of Monklands High School.

D. T. TRENHOLM

She has been replaced by Mrs. Sylvia Thompson. The brass section under Morley Calvert has become known as one of the best bands on the island of Montreal.

Enrolment for the music course has changed since its inception. Now the students who wish to take part in this course, must register ahead of time; candidates are carefully tested and

## The Arctic yields solutions to man's every-day problems

Research work undertaken by the Arctic Institute of North America has, paradoxically, little to do with acquiring more knowledge of Canada's northernmost territories.

"We go to the Arctic because problems which apply to modern, civilized life can be studied there in complete isolation from outside influences" said Michael Marsden, the Institute's Executive Assistant, in a talk at the Rotary Club, Wednesday.

"We think we're on the verge of answering a number of questions of great medical interest. Causes of cancer, toxemia and arthritis are some of them."

With the Eskimo people, the Institute's workers have their guinea-pigs right at hand. Cut off from the outside world, their sources of food and their relationships with each other drastically limited, origins of diseases and epidemics are more quickly traced.

Mr. Marsden feels, however, that as the Eskimos come more and more into contact with our way of life, there's a serious chance they may become "spoiled."

Too much "guns and butter" may have a bad effect on their ability to survive in the north.

The same principles can be applied to the study of zoology, biology and construction work. For example, animal populations are large and the seas, rich in fish.

Varieties however, are limited and investigating these is easier

than, say, in the Caribbean, where hundreds of species are to be found.

The Institute's headquarters are in Montreal and though its premises are at McGill, it is not part of the university.

It has branches in New York and Washington and it's Mr. Marsden's complaint that the branches get more work and receive more generous government support.

"It seems," he commented, "that the Canadian government is unwilling to support a project which won't bring an immediate financial profit."

The objective of the Institute is basic scientific study correlation of research work carried out by various groups and distribution of information on the Arctic.

They are also engaged in a major project which will gather together everything that has ever been written about the Arctic in a single work.

So far, 50,000 works in 26 languages have been included, the greatest source of information coming from Russia which has been working on their side of the Arctic, unchallenged, for years.

Mr. Marsden mentioned that Russia's Arctic Institute has been estimated to be about 600 times bigger than Canada's.

## Examiner Profile:

# Executive flying at 63

By CYNTHIA JONES

Contractor Group Captain Roy Holmes Foss, OBE, AEA, B.Sc., P. Eng., is a man of action and imagination.

He is one of the few fliers who flew fighters in both world wars, flew between wars, and is still flying and skeet shooting at 63.

He is president of both Foss Construction Company, general and engineering contractors; and Mitchell Engineering Group and Foss of Canada Limited, civil engineers and contractors, 5165 Sherbrooke street West, in the latter capacity of which he is vitally interested in Canada's first satellite town of Bramalea (to be the biggest in the world) which is being built 16 miles north west of Toronto's City Hall near Malton Airport.

### Ten year job

"Our company will be engineers for the development which started last fall, will stretch over the next 10 years, and will contain factory sites, residential areas, golf links, all town facilities for a city over 50,000 people," said Group Captain Foss during an interview in his office. "Bramalea will

cover eight square miles. The roads have been developed and the sewers, water works, gas lines and electrical services are ready in one section. In 1959 construction will begin on the factory site, shopping centre, school facilities. In 1953 I became associated with the British Mitchell Group which is now designing, among other things, a nuclear-powered submarine. I met the chairman, F. G. Mitchell, during the First World War and we kept up a correspondence between wars."

Group Captain Foss pointed to maps and engineering designs for the future Bramalea, the only individual town created and planned in relationship to the growth of a Canadian metropolis. This is a private venture, financed by British, Canadian, American and South African capital. It is estimated that the direct cost of purchasing the land, constructing public utilities, and sharing the costs of school building, engineering, and administration will be at least \$50,000,000.

Group Captain Foss is six foot two; has a straightforward, business-like manner along with the clear blue eyes

associated with good fliers.

With the exception of the years during the second world war he has had his own construction firm since 1936. Five years previously when he was with St. George Construction Company Limited, Group Captain Foss erected the Mount Royal Chalet at the cost of a quarter of a million. "The interior was old French-Canadian design with heavy roof timbers," he said. "The beam support ends are ornamented with large carved squirrels, typical of French Canadian design."

During the years the group captain has built Cherrier School for the Roman Catholic School Commission; the Protestant school of Hillside Heights, Pointe Claire; the west extension to Westmount High School; an extension to Kings school; the men's residence and infirmary at Macdonald College; the gymnasium at Lower Canada College; a shopping centre at Pointe Claire; a new \$700,000 addition to Peacock Brothers factory building at Pointe Charles; the CNR foundry and pattern shop at Point St. Charles; an addition to Lawson Lithography building on Esplanade avenue, and an addition to the Hydraulic Machinery Company Limited on Dorion street.

Group Captain Foss also is a partner with Roland Bigras and Guy Desaulniers in a firm of land and building evaluators called "Joint Appraisers."

For two years before the war Group Captain Foss was the president of the Montreal Builders Exchange, resigning in September, 1939, upon joining the RCAF for active service. During his presidency of the Building Trades Apprenticeship Commission in the early 50's he built their centre on Parthenais street to

GROUP CAPTAIN ROY H. FOSS

the tune of more than \$150,000.

### Sherbrooke born

Group Captain Foss was born on January 19, 1896, in Sherbrooke, Quebec, the third son of Arthur H. Foss, who owned a hardware business, and Almire Jane Loomis, a sister of Major General Sir Frederick Loomis who commanded the 3rd Canadian Division in the first world war and was knighted for his service. The Fosses were of Norwegian descent, the group captain's great-great-grandfather, Justine Foss, having been an early settler and the community's first post master.

"My older brothers Howard

and Percy died when they were quite young," said Group Captain Foss. "My brother Don is production manager of Consolidated Paper Company and lives in Grandmère. My sister, Louise, is Mrs. Dr. John Copeland of Albany."

Educated in Sherbrooke schools, Group Captain Foss came to McGill University in 1915 but joined up with the McGill Battery, going overseas to fight at Vimy Ridge and Paaschendale. "I was a sergeant at 19 but I always wanted to fly so my senior officer recommended me for a commission with the Royal Naval Air Services," he stated. "I flew in Italy and came out a flying officer. They gave me the Italian Croiche di Guerra."

On returning to Montreal he re-entered McGill, graduating with his bachelor of science degree in 1922, whereupon he joined Loomis and Sons as assistant manager, having worked as time keeper there in summer holidays before the war, and remaining there until he joined St. George Construction in 1925.

"I kept up flying after the war, first of all privately, and then with light airplane clubs and got interested in the Air Cadet League of Canada," he said. No. 115 fighter squadron was formed in 1935 and I was in command when war broke out so took the outfit overseas in June, 1940." Group Captain Foss was runner-up in the John Webster Memorial Trophy Competition, 1936-38, emblematic of Canada's best amateur pilot.

In England he joined No. 1 Fighter Squadron which eventually became 401 squadron. He was appointed senior personnel staff officer in September, 1940, with rank of wing commander. "I still did a bit of flying by scrounging at the great age of 44," he said.

### O.C. at Gander

In the fall of 1941 Foss returned to Canada to take command at the RCAF station at Gander, Newfoundland. It was here that he was appointed group captain and it was here that a rollicking story can be told about him. "We took over Gander from the Newfoundland government lock, stock and barrel," said Foss. "With it was a Fox Moth all in pieces. I thought it would be just the ticket for operational flight over that rough country so I had it re-assembled."

"Ottawa told us repeatedly to ground it but I flew it out often when our planes got into trouble. One day we heard that a woman was at death's door. She was five days by dog team from a hospital. She had acute appendicitis and was in labor. I flew out and brought her into hospital. It was agonizing for both of us. At any moment I thought I would have to make a landing and deliver the baby. However we arrived in time and the joke is that the boy was called Roy Foss after me. The papers got hold of the story."

From Gander troubleshooter Foss was sent to Mont Joli, Quebec, to reorganize the station. From there he was posted to the command of No. 4 Group at Prince Rupert with jurisdiction over six stations from Vancouver Island to Alaska.

After victory in the Aleutians, Foss went to command (Continued on page 19)

## Metropolitan move is vital

WITH representatives of Westmount's council looking on, the provincial legislature's private bills committee this week wrote the most important chapter of its history as it guided Montreal and 14 suburbs in pruning the proposed text of a bill to set up metropolitan administration for a large section of Montreal Island.

Some magnitude of the task facing the drafters of the bill may be judged from the fact that the area which it is hoped will eventually be under metropolitan authority includes 50 per cent of the population of the province, 75 per cent of the invested capital and concerns electoral divisions that send about 30 representatives to the provincial legislature.

That differences of opinion are paramount at this stage in the birth of the new form of administration should be no surprise. Evolving a least common denominator for the administration of a metropolis and more than a dozen sizeable suburbs is a monumental task. Toronto has been through it recently. Matters were no different there. In fact with the expert hand of Premier Duplessis at the helm in the private bills committee, the birth has actually been far more painless than the travail in Toronto.

The Paquette Report, admittedly only an outline, was affirmed in principle by most of the suburban municipalities. The Croteau Report was prepared in haste, as was the

102-clause draft bill the mayors found ready for them when they entered the private bills committee chamber of the legislature Tuesday morning.

Some proper form is now being brought out of the result of past studies and proposals.

The situation is replete with complexities. Almost every suburban representative at some time in his remarks has used the words "Ours is a special situation". Each sees his own position as special.

A metropolitan assessment is essential as the very base of a successful metropolitan operation. Each municipality has its own assessment method. They differ widely in most cases. Yet a uniform valuation is admittedly a more rational basis.

There is anxiety, particularly here in Westmount, that the "status quo" may be disturbed. 'Status quo', as someone once remarked, is Latin for "the mess we are in". This isn't to suggest a mess as far as Westmount is concerned, but in the metropolitan area, of which Westmount is an integral part.

Idea behind the metro plan is not the mastery of the suburbs by Montreal, but, as the Premier said this week "a master plan based on common sense". And he added "above all, we must not proceed too fast".

In the evolution of such a master-plan for the Greater Toronto area, the strong man to guide the bill to its conclusion was Frederick G. Gardiner, who came from one of the suburban districts, Forest Hills.

So far in the Montreal situation, the strong man is within the provincial government — Premier Maurice Duplessis.

DR. PEMBROKE N. MacDERMOTT, Grosvenor avenue, spoke recently to the Westmount Branch of the Women's Auxiliary of the Montreal General Hospital in Victoria Hall. He talked about the history of pediatrics, feeding of infants, germs found in milk that was not pasteurized, and the high rate of babies during the beginning of our present century.

It is his conclusion that grandmothers are a very vital part of children's environment, whether they take an active part in child raising, or not. Mrs. B. Dunton, Upper Belmont avenue and Mrs. Howard I. Turner were hostesses.

NORMAN DAWE, Public Relations Officer for the City of Westmount says that snow removal operations in Westmount are prompt and efficient because they operate on a system of following weather reports from Weather Engineering. These bulletins directly effect the number of men and snow machines kept "on call." On a night like last Tuesday, when 5 to 8 inches of snow fell during the early part of the evening, it is interesting to note that the snow removal crews were working during the blizzard and Westmount roads were clear almost at the same time as the storm abated.

Miss Gladys Keiller, Lansdowne avenue, is the proud possessor of a small piece of the tent used at Strathford, Ontario, during the early performances of Shakespeare's plays. When the new octagonal theatre was constructed last year, these prized souvenirs were mailed out to original subscribers, who came from all over the world.

PAT PEARCE, television and radio critic of the Montreal Star, will judge the book reviews to be held in the Melville Church

Melville avenue, on Wednesday, March 11, at 8:15 p.m. In view of her reputation for perspicacity and wit, the association is looking forward to an extremely entertaining evening. Librarians tell us that increased interest in television has caused a wider demand for books, and for this reason the Canadian Association of Reading Clubs has been flourishing at an unprecedented rate. Other judges have been Ken Withers, Robert Speirs, Professor John Dando, Roderick Kennedy, Miss Vera Brittain, Mrs. Margaret Furness MacLeod.

MME JEANNINE BEAUBIEN, Grosvenor avenue, founder of "La Poudriere" Montreal's International Theatre on St. Helen's Island, spoke to the Toronto University Alumnae Association on Thursday at the University Club. She dealt with her own experience on stage and screen, and television.

REV. ANGUS DE MILLIE CAMERON, Grosvenor avenue, will be the moderator at a panel discussion to be held at a Congregational Meeting on February 24 in Channing Hall, Simpson street. The subject will be the merger of the Unitarian and the Universalist Churches. The Commission of Merger consists of members of both groups, and a vote will be taken on the manner and details of merger, after all matters have been discussed with both churches. Mr. Cameron is minister of the Church of Messiah.

ALEX ROSS, contractor, who built several bungalows along the Lakeshore, was visiting his sister Mrs. J. Currie, Victoria avenue, over the weekend. He thinks that floor to ceiling windows in the living room are "strictly for the birds." He commented further "Here I sit in my own living room, and freeze. So we draw the drapes. Then the wind comes in from Lake St. Louis, so we watch the drapes move away from the windows. That's in the winter. In the summer, when it's hot outside, it's hotter inside. And if I sit in my own house and sip a beer, I feel guilty because the neighbors all around us can look right in."

ROSS WEBSTER, local MP for Westmount-Saint Antoine, caught the flu in Ottawa this week and returned home to see it through on Wednesday.

**- The chief scout speaking -**

By LESLIE BELL.

WHAT happens to Scouts, when they grow up? The "Big Chief" of Scouting, the Lord Rowallan, went on a world tour to find out. On his return he told a London audience at the Royal Commonwealth Society's meeting, that you never know where, or in what capacity a former Scout will turn up!

**Scouts as civic leaders.**  
In a little African town, they gave the Chief Scout a civic reception. As he left, the mayor held out his left hand saying: "Sir, I wonder if you know my old scoutmaster?" Lord Rowallan nodded and the mayor went on — "I wish you'd tell him when you get home that

I'm still trying to do the things he expected of us in that old troop of ours!" Lord Rowallan continued: — "I told his old Scoutmaster that after 40 years he had one fellow he could be reasonably proud of! It is quite extraordinary" Lord Rowallan told his audience "the number of mayors and civic leaders who tell you proudly and thankfully that they first learned to take responsibility in a patrol, perhaps in the main streets of a great city or in some little village far from civilization."

value of thinking in terms of service to others; of the true road to contentment through service; of the responsibility which comes naturally to them, because they are not afraid of failure.

**Responsible Citizenship.**

Scout Rowallan stressed the fact that "in many different parts of the world, trained men were preparing to take that training back to their own communities, with a real sense of purpose, determined to play their part in bringing their own people to a sense of responsible citizenship. I have been very proud to find how many men, in all parts of the world, started responsible life as a patrol leader, in a little troop somewhere in a lonely part of the world."

Right here in Montreal, that same spirit of responsible citizenship grows and flourishes. Not long ago, after a terrific snow storm had isolated a new suburban area, three Scouts with a friend, visited each family to find out what they needed. Then, with their toboggan the boys walked a mile and a half each way carrying provisions. Some small children trapped in school by the storm, were conveyed for the night, to neighbors. In the morning the Scouts dragged them home on their toboggan to their worried parents.

**Leadership.**

The method of leadership in Scouting — leadership of the boys by the boys — gives them the opportunity of practising leadership while they are still young, so that, when they grow older they are not afraid of taking responsibility, not only for themselves, but also for others.

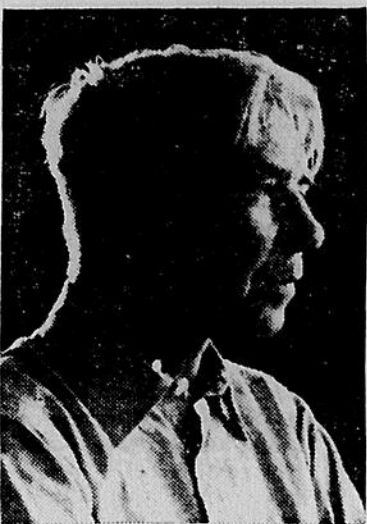

**The Good Turn**

**Poet Sandburg to come here**

Carl Sandburg, world famous poet and Lincoln biographer, will appear on the stage of the Comedie Canadienne Theatre Monday, March 16.

He is being brought to Montreal by Pegasus, the Cultural

CARL SANDBURG

Committee of Sir George Williams College.

Mr. Sandburg, the author of several volumes of poetry, including "Chicago" and "The People, Yes", will present his famous program "An Evening with Carl Sandburg". "The Evening" will feature songs, stories and folk tales about Lincoln and other living American legends such as Paul Bunyan, Casey Jones and Pecos Pete. Mr. Sandburg will also explain what he meant in his definition: "Poetry is the synthesis of hyacinths and biscuits."

Now over 80, Carl Sandburg is the grand old man of American poetry. Seldom has a living author been given recognition in so many fields. Many of the leading American colleges have bestowed honorary degrees upon him; his photograph has appeared on the covers of Time and Life and his birth place at Galesburg, Illinois, has been dedicated as a literary shrine.

He first attained prominence at 36, with his short collection of poems "Chicago", published in 1914. "Cornhuskers", "Smoke and Steel" and "Good Morning, America" are a few of his other important works. In 1939 he was awarded the Pulitzer Prize for history for his biographies of Lincoln, "The Prairie Years" and "The War Years".

**Snow, winds bring crop of mishaps**

Police reported a dozen traffic accidents in the area over the week which again saw high winds and a heavy snow fall contribute to many mishaps as cars slithered out of control on slippery surfaces.

None of the accidents proved serious and damage in all cases was slight.

## Dr. Robin Pedley to lecture on "The Comprehensive High School"

Dr. Robin Pedley, one of the prominent figures in the current British controversy on secondary education, will give a free public lecture at West Hill High School auditorium on Thursday, February 26, 8:30 p.m. The lecture is fourth in the series "New Challenges in Education" presented by the Protestant School Board of Greater Montreal. His subject will be "The Comprehensive High School."

Dr. Pedley has lectured and written extensively on behalf of comprehensive schools in England, and has on occasion been quoted in education de-

## School band leaves for Toronto

The 60-piece Westmount High School Band led by their director, Morley Calvert, left Central Station for Toronto this morning to participate in the Kiwanis Music Festival in the first three trips planned by the band for this spring. Others will take in Cornwall in April and Ottawa in May.

The Kiwanis Music Festival is competitive, and although the band possesses a good record in past competitions, having won the high school band class in Ottawa last spring, competition in Toronto is expected to be much stiffer.

Some seventy bands are entered in various band classes, and among the high school bands the local musicians will meet up with are such outstanding organizations as the Barrie District Collegiate Band, which distinguished itself in a European tour last summer, and the Sudbury High School Band, as well as bands from the Toronto schools, nearby Ontario cities and towns, and from New York State.

It is believed that the Westmount High School Band is the first band from a Montreal high school to travel to Toronto, and every band member is anxious that a good impression of instrumental music in the Montreal schools be left behind.

While in Toronto, the band members will be the guests of North Toronto Collegiate, and apart from participating in competitions Friday evening in Eaton Auditorium and Saturday afternoon at Lawrence Park Collegiate, the band will present a public concert on Saturday evening, before returning home on Sunday.

Next local appearance of the band will be at the Salvation Army Citadel, Drummond street, on March 14 in connection with that organization's twenty-fifth anniversary.

bates in the British House of Commons.

His latest book, "Comprehensive Education—A New Approach" has won him further recognition in the world of education, one reviewer regarding it as being of such significance that it "may well influence the pattern of education in England."

Professionally, Dr. Pedley is senior lecturer in education at the University of Leicester. During his visit to Montreal, he will visit several Protestant high schools, including West Hill High and Northmount High, and appraise the system known as the composite high school, in which provision is made for pupils of different abilities and aptitudes

## Westmount 'Y' Skin diving class starts Wednesday

A Skin Diving Class for adults will start Wednesday at Westmount 'Y' and is scheduled to continue for five weeks until March 25. Equipment and instructors are being supplied by the International Divers Corporation.

For the opening session only, free masks and snorkels will be available. The sessions are free to all members and only a limited number of outsiders.

Those interested in further information are asked to call Physical Director John Ray at WE 7-3916.

## Welsh celebrate St. David's Sunday at Dorval United

Sir Winston Churchill once paid tribute to "that unconquerable race, the Welsh", and there are over 100,000 loyal Canadians who proudly claim Welsh descent. All those who live in the southern and western regions of the island of Montreal will find their Mecca next Sunday morning at the new Dorval United Church, 82 Dawson avenue. Parking facilities are ample, with no charge.

The occasion is the Annual St. David's Sunday Service, arranged by the Welsh Church of

Montreal in co-operation with the St. David's Society of Montreal and the Dorval United Church.

The minister of the latter congregation, the Reverend Peredur W. Jones, BA, BSc, BD, is also the senior chaplain of the St. David's Society. It is therefore very fitting that the Dorval United Church should be the host church on this auspicious occasion.

Mr. Jones will be in charge of the service, and the music director will be Mr. K. N. Gatehouse.

Mr. Owen C. Roberts of Laohine, president of the St. David's Society, and Mr. John Eilian Davies of Ville LaSalle, first vice-president, will read the lessons from the Volume of the Sacred Law. The choir will render special Welsh music, with Mrs. K. N. Gatehouse taking the solo part. Favorite Welsh hymn-tunes will be sung in four-part harmony by the combined congregations.

Shuttle service will be operative up to 10:15 a.m. and all those who desire transportation are requested to arrive at the 105 Bus terminal at Elmhurst not later than 10:15 a.m.

## Baroque trio to play here

"Let's Make Music Together" is the title of the concert to be given by the Baroque Trio of Montreal with Eugene Kash, violinist and moderator at St. George's School, 3100 Westmount boulevard, on Saturday, 28, 1957 at 3 p.m.

Eugene Kash is well-known as master of ceremonies of his television show "The Magic of Music" and for his contribution to the movie, "Children's Concert" by the National Film Board, which won first prize at the Venice Film Festival.

The Baroque Trio of Montreal, Mario Duchesnes, flute, Melvin Berman, oboe and Kelsey Jones, harpsichord, has received a grant from the Canada Council for outstanding work. The trio is currently giving seventeen concerts throughout Canada.

Mr. Kash is the father of a St. George's School student and Mr. Duchesnes is the music specialist for the school.

Tickets for this concert for young people are available at the school office from 9 to 10 a.m. and 2 to 3 p.m. and are \$1.50 each. Children under six years are not permitted to attend.

## Escaping gas gives cause for alarm

For the second time in a month, Westmount was alerted to the dangers of escaping gas. Lighting Department employees, checking a standard at York and Prince Albert avenues, Friday, detected a strong smell in sewers and light and police and fire alarm boxes.

Fire Department explosimeters obtained a 100% reading, sewer man-holes were opened and the area barricaded off.

Gas company squads drilled night and day in an effort to find the source and on Sunday morning discovered a broken 4" main opposite 73 York avenue.

No evacuation of houses was necessary but the whole area was checked. Traces of gas were found at 75 York avenue and these were dispelled after the basement was ventilated.

## CLC executive will address CALI conference

The Canadian Association for Labor Israel (Histadrut) will hold its annual Montreal Histadrut Campaign Conference here February 21st and 22nd.

Donald MacDonald, secretary of the Canadian Labor Congress will address the opening session of the conference at 8 p.m., February 21st at the Labor Zionist Centre. Mr. MacDonald returned recently from an extensive visit to Israel and will discuss the crisis brought about in the young State by the recent influx of thousands of immigrants from Roumania, and the efforts Israel is making to cope with the expected flood of Russian Jews expected within a year.

**The Venerable R. Kenneth Naylor, D.D.,**  
Rector, Trinity Memorial Church

Three items of information arriving almost at the same moment lie behind these articles. The first is an appeal to the Churches of Quebec from the Province of Quebec Education Week Committee. The second is the announcement in the Gazette of Feb. 13 of a conference to be held at McGill on March 13 and 14. The speakers are to be Dr. James Conant and Prof. J. E. Lauwerys; the subject, "Traditions and Trends in Secondary Education both European and American". The third item is that four representatives of the Greater Montreal School Board will visit the British Isles and Europe to try to recruit 100 teachers for the Greater Montreal Board. It would seem then a suitable time for a churchman to respond and to back up the work of the Education Week to the utmost of his ability.

Robert's great great grandfather to the nth degree, said to my great great grandfather also to the nth degree: "Jock, we're getting low in cattle. You'd better nip over the Border and bring back 100 or so of young stock from the English farmers. They have more than they can eat anyway." We know that some of those Border raids were bloody affairs, but now we are more civilized. We accomplish our ends not with weapons, but with higher salaries. The important thing is that we are not raising and training enough teachers for our own needs. The same is true of the ministry. Every one in a while an overburdened rector will make a trip to England or Ireland to bring back an assistant. We are not raising and training enough men for the needs of the ministry. I wonder if the Old Country churches and school boards think highly of our actions.

The fact is that we brag about our independence and then show by our actions that we are still dependent on the old lands for our spiritual and cultural welfare. We shall be really independent when we contribute as many clergy and teachers as we receive. That would be a real piece of spiritual hybridization which would work to our mutual advantage. I know that British teachers contribute to us; I also have sufficient confidence in our young Canadians to be sure that we have something to contribute to their older cultures.

**Lenten recitals are to accompany evening services**

Wayne Riddell, organist and choirmaster of Westmount Park-Emmanuel United Church, has arranged the following series of Lenten recitals to take place at 7 p.m. Sundays, prior to the evening services: February 22, Ann Golden, contralto; William Bowker, bass; March 1, Ann Savage, soprano; Scott Savage, tenor; March 8, Senior Choir of Westmount Park-Emmanuel Church (program of anthems); March 15, members of the Collegium Musicum Class of McGill Conservatorium of Music; March 22, Senior Choir of Cedar Park United Church, Pointe Claire.

### United Church head for Life and Lent

The Right Rev. A. J. MacQueen, moderator of the United Church of Canada, will be in Montreal Wednesday to speak at the Life and Lent service in Wesley Church, N.D.G. and Royal avenues.

Rev. Eric Errey, Chairman of the Montreal Presbytery of the United Church, will be host at a reception to Mr. MacQueen, four o'clock Wednesday afternoon at Queen Mary Road United Church when press representatives and members of the Life and Lent Committee will have an opportunity of meeting the Moderator.

### Non-Anglican speaks at Christ Church

The noonday Lenten services at Christ Church Cathedral next week will be addressed by Rev. A. Leonard Griffith, B.A., Chalmers United Church, Ottawa. This will accord with the Cathedral's custom of inviting one non-Anglican minister to speak at the series.

### Shaar Hashomayim

**Bar Mitzvah:** Michael Reuben Bercovitch, son of Mr. and Mrs. Louis Bercovitch, 164 Spring Grove Crescent, will this Sabbath morning be called to the Reading of the Torah in celebration of his Bar Mitzvah.

**Friday Evening Hour and Oneg Shabbat:** The Friday Evening Hour and Oneg Shabbat will take place this Friday, February 20 at 8:30 p.m. in the Beth Hamedrash. Rabbi Wilfred Shuchat will preside with the participation of the Choral Group.

**Junior Congregation Thirtieth Anniversary:** The thirtieth anniversary of the Junior Congregation of Shaar Hashomayim will be celebrated at the Thirtieth Anniversary Reunion Dinner on Sunday, March 1 in the Community Hall.

A committee of past president working in close co-operation with the current president and Executive of Junior Congregation are devotedly at work under the general chairmanship of Dr. Harry C. Ballon to make this occasion a memorable one.

**Youth Music Festival:** The Youth Music Festival in honor of Jewish Music will take place on Sunday, February 22, 7:30 p.m. in the Community Hall. The program will comprise a variety of contributions from Youth Clubs, and LTF Folk Dancing Group. Edward Aronoff, chairman of the Youth Council, extends a warm invitation to the youth of Shaar Hashomayim and parents to attend this festival.

Canadian Red Cross disaster workers were on the job within half-an-hour following the "bump" at Springhill, Nova Scotia.

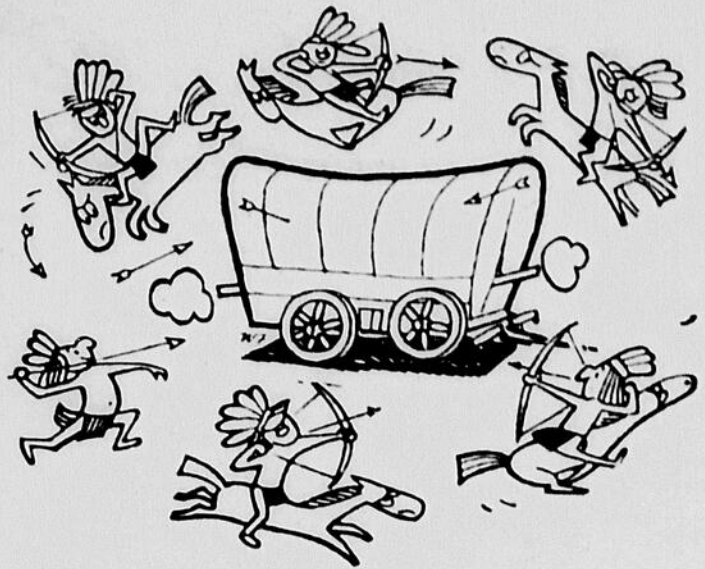

**WORK STARTS ON SYNAGOGUE:** Steam shovels went into operation over the weekend at Lavoie and Bourret Aves., launching construction of the new \$600,000 Adath Jeshurun Hadrath Kodesh Synagogue, the first split-level synagogue to be built in North America. The architects of this new design are Mayers & Gervin. The 50-year-old house of worship will be completed August 1st of this year. Watching the start of operations are, left to right, Rabbi Pinchos Hirshprung, spiritual leader; Hyman Zalkind, chairman of the building committee; Percy Caplan, co-chairman of the building committee; and Irving Ransen, vice-chairman of the building committee, 26 Shorn Cliff avenue.

### Plan split-level synagogue for corner Lavoie, Bourret

Construction started last approximately 1,000 people, a weekend on the first split-level kosher kitchen and meeting synagogue to be built in North America. The building, which will be completely air-conditioned, will be completed Aug. 1st.

The split-level construction resulted from economic and geographical factors," Rabbi Israel L. Hausman, co-ordinator of the building campaign, explained. "The new synagogue is being built on a slope. It would be too expensive to level the land and the architects Mayers & Gervin advised that a split-level building, functionally, would be the most effective form of construction without affecting the dignity and spirit of a house of worship.

"After serious consideration the executive of the congregation, in consultation with Rabbi Pinchos Hirshprung, the spiritual leader of the congregation, approved the plans." The lower level will house the chapel, rabbi's study, offices, auxiliary hall and superintendent's quarters. The upper level will contain an auditorium scaled for

## Mind your manners children

Our usually imperturbable Uncle Beauregard arrived back in town and into the family scheme of operations this week with somewhat less than his complete aplomb.

It seems that during a recent safari among the pleasures offered by restaurants and resorts his sensitivities and patience had been taxed. Not with the available services, but by an unfortunate few of the up and coming customers.

Always a great believer in the early, frequent and educational processes of dining publicly for the junior set, old Beau was taken aback by what he termed instances of "flagrant misbehavior and lack of simple good manners" towards waiters, waitresses and other restaurant personnel.

The benign and venerable social analyst, claimed that the errant little folk were obviously

misguided and sincerely hoped parents would take immediate steps to correct such waywardness.

What would rate a small bat on the head at home, he further expounded, seemed to be in some cases considered attractive exhibitionism in restaurants.

Citing the fact that in this day and age people working and serving customers in most eating places are pretty solid and respected citizens, Uncle Beau deplored the few cases where children acted like little monsters away from home to the annoyance and embarrassment of the hired help and other guests.

Summing it up, our relative respectfully suggests parents carefully exercise the same control over off-spring when dining out as they would at home.

"Charra" derives from the Latin for "song" an allusion to the incantation accompanying magical rites, according to Encyclopedia Britannica.

**Miami hotels housekeeping set standards**

Miami Beach, Fla. — Brides, settling down to domestic tranquility following their honeymoons at Florida hotels can take comfort from the fact they won't ever have to cope with the quantity of dishes, glassware and cutlery the hotels handle daily.

In the kitchen department, for example, one hotel has Florida's largest dishwashing project: 79,152 pieces of glassware, 58,272 pieces of fine china and 48,262 pieces of silverware that must be kept clean and ready for instant use.

The most lavish bridal gifts can scarcely compare to the 5,288 pieces of fine Sterling silver service stored in special vaults when not in use. Crested china plates number in the thousands, and crested Sterling silver teaspoons top the 14,000 mark.

Moving to the bedroom, the typical bride would be appalled by the amount of bedding required in a luxury hotel — 99,880 pieces in all, including 1,500 pillows, blankets and spreads; 14,400 sheets; 21,600 pillow cases and other items too numerous to mention.

Planning a housewarming party? Newlyweds, possibly, could use the Americana glassware inventory — 12,096 high-ball glasses, 9,504 whiskey shot glasses, 96 dozen whiskey sour glasses and a like number of glasses for old-fashioned. For the elite, there are even 48 dozen champagne glasses.

**Fire Department has quiet week**

The Fire Department went through another quiet week with only a number of minor incidents occurring.

Wednesday morning, however, an elevator in the Aviron Building, 3035 Saint Antoine street, was raised too far at the top floor and tore off a sprinkler pipe at the head of the shaft.

Firemen answered the automatic alarm but no damage was done in the building and operations were confined to cleaning up water.

By LAURENT PRICE

Where school is fun!

At Mont Gabriel, in the Laurentians, personable, good looking, completely bilingual, 37 year old Guy Normandin takes charge of the ski instruction of approximately 275 youngsters each weekend during the season.

Guy Normandin

Officially known as the Mont Gabriel Children's Ski Club, Guy supervises and directs the activities of young athletes who come from the surrounding area gleefully to acquire the proper schooling in how to slide down hills with grace and technique.

Recognized as one of Canada's outstanding ski exponents, teacher Normandin is well qualified for the position of school-master.

Endowed with patience and a way with small fry, his classes consist of hopefuls between the ages of 3 and 10, with a faculty of 25 assistants — most of whom are graduates of the Canadian Ski Instructors School — on hand to aid in the well and

enthusiastically attended sessions.

Normandin's first attempts in his own ski education came about on the slopes of Mount Royal at the age of 5.

Later, as a racer he gained international fame and eventually became a professional instructor at Mont Tremblant. From there he was appointed manager of the Mont Gabriel Club, where in 1953 he conceived the idea of the school which is such a success today.

Guy's method of grading pupils each week and awarding cups and other prizes engenders a healthy and spirited competitive urge throughout the young student body. And very few classes are missed or cut at this fount of learning.

During World War II, commissioned as a lieutenant, Guy instructed ski troops in the Canadian Rockies at Jasper. Notably under his tutelage came the renowned Lord Lovett's Scout from Scotland.

Now in the construction and real estate business in Montreal, we suspect that even the professor looks forward to Saturday and Sunday and his popular weekend junior ski college.

One thing is sure, Guy Normandin is making a fine contribution, not only to future skiing, but to the destinies of young Canadian citizens.

**SMALL-SIZED MANICURE**

A baby can give himself some very nasty scratches if his fingernails are allowed to grow too long. To protect him, they should be cut short and curved. They should be kept quite clean. When he is old enough to crawl on the floor or in his playpen, a clean cover should be spread over the area of the pen or where he will sit, so that his small hands will not pick up dirt and germs brought in on people's shoes.

Sticking to a balanced diet in the list but each item is somewhat austere, but it isn't chosen for its food value, and a matter of cutting down on the foods you like; it is using reason in the amounts of food you eat and following the advice of nutritionists in selection of that food. There is plenty of variety for its content of protein, minerals or vitamins, all of which help to maintain and to build up the human body. It pays to follow Canada's Food Rules.

No experience is necessary to join and all members have an opportunity of training in impromptu speaking, prepared speeches, Parliamentary procedure, and any speech situation that might present itself. The executive is changed every six months to give all members a chance to take office and thereby gain experience. All Clubs are members of International Toastmistress Clubs, Inc., with headquarters in California. There are more than 1,000 clubs in existence throughout the world.

## A Lenten Creed

Once on a time,  
A plain, grief-stricken Man,  
Saw a great light.  
He wrote a creed  
Of love, on life's dark page,  
... At length He died,  
But His high dream  
Has since, been crucified.

Newer Gregory short-wave method of hair removal is so fast and painless many smart women are having legs cleared.

## Many Women Have Legs Cleared Permanently of Unsightly Hair

By Zenaida Prado

Think of the time you'd save and the bother you'd skip if you had smooth, hair-free legs. Think how much better you'd look... especially during the hot months when you just live in shorts, swimsuits, and wonderfully brief dresses.

Now follow some of Montreal's smartest women to the Gregory System clinics.

See how the newest short-wave method of permanent hair removal makes it perfectly practical — and sensible — for you to have smooth, hair-free legs.

Lounge back in a comfortable chair and enjoy a demonstration. Watch the skilled Gregory technician deftly apply her tiny electronic wire to a hair follicle, tap a switch with her foot, withdraw a free hair from its sterilized papilla... and go on to the next hair in a fraction of the time you've taken to read this.

### Why Cost Is Low

You'll be amazed at the speed of these Gregory experts. On leg work, they sometimes remove as many as 1,200 hair an hour.

That's why the cost is so low almost any woman can afford to have her legs cleared now. Arms too, if they need it, and any other area where there's unwanted hair.

These short-waves are com-

pletely harmless — nothing like X-rays and other dangerous equipment. Your physician will verify this.

And there's little or no discomfort involved. You'll appreciate this when you see how many women sleep through their leg clearance sessions — sometimes for hours, when they want to get the job done in a hurry!

### Try It Yourself

Get ready now to really enjoy wearing summer clothes. Come in today and try this new treatment you've read about in magazines and beauty columns.

### Two Convenient Locations

Two, most fashionable, Gregory System Clinics are now operating in Montreal at the following locations:

**DOWNTOWN:** Suite 807 — Dominion Square Bldg., 1010 St. Catherine Street West, Telephone: UN. 1-6023.

**SNOWDON:** Suite 303 — Royal Bank of Canada Bldg., 5292 Queen Mary Road at Decarie Blvd. Telephone HU. 1-3522.

Clinic hours at both places are: 10.00 a.m. to 7.30 p.m. weekdays and 10.00 a.m. to 3.00 p.m. Saturdays.

Free parking for our patrons. Call now and fix for an appointment and demonstration so you can get started this week.

## Dance Teachers Assn. general meeting Feb. 22

On Sunday, February 22, the president of the Quebec Dance Teachers Association and Affiliated Artists, announces that Miss Thalia Mara and Mr. Arthur Mahoney of New York will be guest speakers, at a general meeting to be held at 4953 Decarie boulevard, (near Queen Mary Road), in conjunction with their visit here as guest teachers for the Montreal Ballet Festival of Technique.

Miss Mara and Mr. Mahoney, will speak on their work in New York, as former dancers and choreographers and presently Directors of the National Academy of Ballet for Teachers.

All members of the QDTA and Montreal dance teachers are cordially invited to attend this meeting, which will commence promptly at 3 p.m.

## Hospital Auxiliaries plan panel discussion

In the Windsor Hotel on March 4 at 3.30 p.m. the Province of Quebec Association of Hospital Auxiliaries are presenting, as their contribution to the First Annual Convention of the Quebec Hospital Association, an interesting Panel Discussion — The Role of a Women's Auxiliary in the Hospital. The Panel will be in the form of twenty questions and answers pertinent to this subject.

The panelists are: Dr. Jacques Gelin, Medical Director, Maisonneuve Hospital; Mr. H. D. Jack, Administrator, Royal Edward Laurentian Hospital; Mrs. I. G. Ross, Director of Volunteers, Royal Victoria Hospital; Mrs. J. Boutin, vice-president, Province of Quebec Association of Hospital Auxiliaries; Miss Barbara Whitley, president, Auxiliary Montreal General Hospital; Mrs. J. Beaudoin Handfield, first vice-president, Province of Quebec Association of Hospital Auxiliaries and Public Relations Director, National Council of Hospital Auxiliaries. The moderator will be Mrs. Sylvia Lamothe, president, Province of Quebec Association of Hospital Auxiliaries.

Members of Hospital Auxiliaries and Women's Organizations will be most welcome at this Panel Discussion, the questions and answers are of vital interest to community minded women, for only by frank discussion between the directors of hospitals and auxiliaries can an accomplished program of education and understanding be promoted in order to increase the growth, not only of those already established, but to offer encouragement and vision in the forming of future auxiliaries.

### Paraplegic Auxiliary has successful year

concluded, "as well as from donations from many generous friends."

A financially successful year was reported by Mrs. R. K. Nicholson, president of the Women's Auxiliary of the Canadian Paraplegic Association, in a report delivered at the 11th Annual meeting recently.

The Canadian Red Cross Society has been serving Canada and the world since 1909.

Mrs. Nicholson, who has been re-elected as president for the 1959 term, heads a new slate of officers which include Miss N. Perram, honorary president; Mrs. J. W. Robinson, secretary; Mrs. W. Handley, vice-president and treasurer; Mrs. J. Dawson, social convener; and Mrs. R. C. Daly, publicity convener.

During the year the WA provided entertainment for the paraplegics at Queen Mary Veterans Hospital and some patients from Notre Dame de la Merci Hospital. This consisted of three evening parties at the Veteran's Hospital, an annual Christmas dinner party, and a mid-summer outing by Paraplegic Bus to dinner at the Edgewater Hotel.

"Funds for the parties were raised by the proceeds of two bridge parties," Mrs. Nicholson

Who's Who in Canada says he was mentioned in despatches January 1, 1943; awarded the air efficiency award June, 1944; appointed as officer of the Order of the British Empire, June, 1946.

Group Captain Foss married in 1922 Ethel Dickie, a Halifax girl whom he had met on his way overseas on the first world war. They have one son, Douglas, who was educated at Bishop's College and McGill University, and is now associated with his father in business.

Now in Trinidad on a vacation, Group Captain Foss was on his way skeet shooting following the interview, wearing a red flannel shirt with the Montreal Skeet Shooting Club insignia on the pocket. "I won the Quebec Skeet Shooting Championship in 1938," he said proudly. "I still fly a plane when I want to and I do a lot of fishing and play a lot of golf."

How to spend the after-dinner hour together

The after-dinner hour should be the family hour, spent enjoying each other's company. That is what it can be with a KitchenAid automatic dishwasher to take over the cleaning-up chores. You and your family will then have the time to take part in more family activities. You will have time for better living.

Come in and see the new KitchenAid automatic dishwasher in action. You'll be amazed at the way the exclusive Hobart revolving wash action makes grease and dried-on foods disappear like magic. And you'll love the way the separate motor and blower unit dries everything to sparkling perfection. You'll marvel at how easy the KitchenAid is to load... and at how much it holds. An adjustable upper rack will allow you to load pots, pans, china, silverware, glasses and even odd-shaped pieces or gravy boats—all at once.

Ask us about models, styles and colors... there is one that is just right for you, no matter where you live.

The annual meeting of the Montreal Presbyterial of the Woman's Missionary Society of the United Church in St. Andrew's Church, Westmount, on February 26 at 2 p.m. and 8 p.m., and on February 27 at 10 a.m. This body represents about 7000 women in the Montreal area and over 100,000 on a nation wide scale, and are primarily concerned with Christian Education, Medical and Relief work.

The special speaker will be Mrs. Hugh Taylor, who is a graduate of the University of Toronto. In 1936, after spending ten years in West China, she was appointed overseas missions executive secretary of the WMS of the United Church of Canada.

She has visited at least twice all the fields in which United Church missionaries are serving — India, China, Japan, Korea, Africa and Trinidad and through this first hand knowledge keeps the Church and Society informed of the needs and the changing patterns of today.

Through the years she has been a delegate to International Missionary Councils in Madras, India, Leopoldville and Ghana in Africa. Visited Korea through the United Nations Korean agency to report on behalf of relief needs to the United Church Overseas Relief.

Mrs. Taylor's work involves consultation with mission boards of the United States and Canada and has served as chairman of the Foreign Missions Conference of North America and also Chairman of the Department of Overseas Missions of the Canadian Council of Churches.

In 1956, Mrs. Taylor was honored with a degree from Ewha Woman's College University, Seoul, Korea — The citation concluded "Champion of Woman's rights in every area where equality of opportunity has not yet been achieved, promotor of Christian higher education in various institutions of learning in Asia".

An invitation is extended to all Church Women to hear and pay tribute to one who has served with distinction and given her life in the cause of Christ and his Church.

# Tight tilts staged in mosquito with Dragons, Crowns all even

In Mosquito "A" action, two close games were run off and in both sensational goalkeeping was the big factor. Cadets won their second straight to move up to third place two points in front of the last place Raiders who were beaten 2-1 by the Wings.

Little Cliff Vawer teamed up with Gord Peters late in the third period to bang home what proved to be the winning marker for the Cadets. Minutes later Donnelly broke in all alone on Sandy Matheson in the nets but Matheson managed to get his foot on the puck and make the best save of the day.

The free skating Wings were hard pressed to eke out a 2-1 win over the Raiders. Wings got off to a fast start by ramming home two goals in the first period.

Tim Casgrain notched the first and Bill McJannet counted the other, with John Shayer picking up assists on both. Goaler Gunnar Dysthe of the Raiders held the Wings scoreless the rest of the way but his mates could only find the range once in the third period. Boo McDermot finally scored for the Raiders on a pass from Dobell. The loss dropped Raiders into the league cellar two points behind the ram-paging Cadets.

### STILL TIED

Dragons and Crowns still remain tied for the Mosquito "B" lead with 12 points apiece as a result of their 1-1 tie.

After two scoreless periods of play which featured the stellar goalkeeping of the Crowns' Ross Tyldsley, Dave Cuthill beat Russ Kelley with what looked to be the winner. The lead was short

lived however as Allan Case jammed Billy Holden's pass by Tyldsley to tie it up. That's the way the score stood to the final bell.

Philip Thom, up from the Termites was the outstanding player for the Dragons while Doug Clarke and Ian Learmonth were best for the Crowns.

Third place Hawks handed Rangers their eighth straight loss of the season by a 4-0 score. Pierre Leger was the big gun for the winners with two goals while singletons went to Kev Cooney and Dennis Erney. Rod Morehouse, Bruce McLean and Robbie Leggat played well for the Rangers in a losing cause.

# Biddy Hoppla prepare plans for playdowns

Word has been received from Canadian Biddy Basketball Commissioner Joey Richman, that the annual Canadian Biddy All-Star finals will be held in Kingston, Ontario, Saturday, March 21.

Some 12 biddy teams have been competing in the Montreal area over the past three months and top players of each of the teams will be chosen to form the Montreal All-Star aggregation who will represent the Province of Quebec in the playdowns.

A meeting of various clubs was held at the Unity Boys' Club and plans for the Kingston-Montreal game were formulated.

Last year's finals for the Dominion championship was held at Unity with Kingston the winners. In local play, Tyndale House is currently leading the Montreal League.

# Juniors, juvenile provincial playoffs draw complete;

Girls' basketball reached its peak with the announcement from Phyllis Glenen, vice-president for the Province of Quebec Amateur Basketball Association, that plans for junior and juvenile playdowns are now in full swing.

The Montreal Ladies' Basketball League have already announced a champion in the junior section while the juvenile representative is still to be 'officially' declared.

According to Miss Glenen, Unity Boys' Club junior Hawkettes, MBLB champions and St. Lambert, present holders of junior silverware in Quebec, are definite starters for Provincial honors this year.

Bishop's College of Lennoxville may possibly be the third entry. Should Bishop's qualify

for the playdowns a draw would be made with one team getting the bye. Both the semi-final and final will follow the home and home total-points pattern as in the past.

The PQABA must declare a champion in each section by March 15. The Quebec winners of each category will then play host to Ontario's best for the Eastern Canada championship.

The bigwigs of the Eastern automatically add the Dominion Canadian Amateur Basketball Association tag to their laurels.

### HAWKETTES HOT

Unity finished off their unbeaten MBLB schedule by whipping Manoir - N.D.G. 81-34, on the latter's spacious N.D.G. avenue gymnasium. Besides N.D.G., Unity have racked up double hoop wins over East End Bays' Club, Greenfield Park and Tauras. The champions have tallied 517 points in league play, averaging over 70 per game.

Nickie Johnson, Dot Mariasine and Gail Gollan were the main point getters for Hawkettes in their victory over N.D.G. The trio scooped in 59 points between them. Nickie clicked for 21 while teammate Dot followed right on her heels with 20.

Gollan lived up to earlier indications as she is quickly developing into a fine two-way player by pumping in 18 points. She can fill the forward spot or guard position with ease. Denise Cassidy topped N.D.G.'s scoring with a classy 24 points effort.

# Flyers finish pee wee action unbeaten in 12 tilts

The pee wee "A" section Flyers clinched first place winding up their scheduled unbeaten in 12 games. They won 10 and tied two.

Vics, who lost two were blanked 5-0 by Bishops. John Gregory sparked the Bishops by notching the 'hat trick'. Angus Culley and Ron Brabander counted the other goals.

Flyers shutout second place Academites 4-0 for their ninth win of the season. Tim Rothwell, Ron McJannet and Darrell Munro each counted a goal and assist with the other goal going to Blair Kerrigan.

Howie Greenwood earned himself the shutout while Mike Dench continued to sparkle up front. Claude Verrault played well for the Academites as did Julie Desjardins and Billy Loftus.

Steven Ives, filling in for the injured John Bradley in the Vics' nets kept his team in the game for the first period but his mates failed to give him a lead and came out on the short end of a 3-0 count against the Flyers. J. D. Tilley and Ron Mc-

Jannet counted once each in the second frame. Darrell Munro added the third goal in the final period.

### Bombers Win Two

Pee wee "B" Indians strengthened their hold on first place with a 4-1 trouncing of the Dalhousie squad. Colin Adams paced the winners with a brace while Jim McMahon and Mike Phelan counted one each. Ricky Kennedy's third period goal averted a shutout for Dalhousie.

Bombers picked up their third win of the season, 7-4, at the expense of Guards. Harry Griffith notched the 'hat-trick' while Artie Driver counted twice. Alan Ingram and Leith Hamilton added markers to run the score to seven. Billy Standing, who has one of the hardest shots in the league scored three of his teams goals with the other going to Alain Hiriart. Joe Cosniac picked up three assists.

Bombers continued their winning ways by downing Dalhousie 5-3. Artie Driver counted four goals and Rod MacInnes one, while the Dalhousie scoring was evenly divided between Alan Rubin, Bob Sewell and Robert Gales.

# Unity midgets beat Snowdon 'Y'

Coach John "Bugs" McDonald is extremely happy about his Unity midget basketball team. Last Saturday night the youthful cagers put forward the best team effort of the year by trouncing Snowdon "Y" a perennial hot-bed of basketball for years 61-23.

McDonald was particularly pleased with the work of Larry Dallas and Lionel Margolisk who blocked spectacularly and picked off rebounds like seasoned professionals.

The UBC quintet took an early lead with a strong offensive piling up a half time score of 23-10 and was never headed for the rest of the game.

On offense, every player deserves special mention. Larry Dallas led the scoring parade with 13 points; Bobby Brisson was next with 11; John O'Driscoll came up with 10. Next in line was Jimmy Crouch with nine; Victor Carter with eight; Lionel Margolisk (5); Donald Genois (3); Wayne Dallas (2).

The midgets are now standing by until playoff dates have been arranged.

# Lions stretch win streak to five tilts

The bantam "A" Lions stretched their undefeated streak to five straight with a 4-0 drubbing over Westmount junior high squad.

After a scoreless first period little Tony Tyrell gave the Lions a 1-0 lead assisted by Connie Nucci. Rugged Alan Keith made it two nothing when he scored unassisted.

League scoring leader George Spare counted twice in the third period to round out the scoring for the winners.

The win gave Lions an eight point lead over the second place Royals. The junior high team has yet to win a game.

### Intermediate scoring

	G	A	Pts.
Bob Anderson, Royals	14	12	26
Phil MacIn, Stars	12	10	22
P. Hamilton, Wanderers	9	12	21
Frank Jago, Bombers	15	5	20
Austin Smith, Wanderers	3	16	19

The Montreal Canadiens' longest losing streak on the road last season stretched to one game. They never lost two in a row away from home.

# T. LEO'S SPORTS

By Peter Johnson

St. Leo's senior "B" hockey team took another step along the comeback trail when they held Chambly County High to a 1-1 draw at Verdun Auditorium.

The Saints have now picked up three out of a possible four points in their last two games. This afternoon they will meet up with the formidable Westmount High club at Verdun Auditorium.

The Chambly encounter was a close-checking affair, and only a last-minute defensive lapse denied the locals of a victory. Mike Johnson slapped in a loose puck to give his team a lead that they held on to tenaciously until late in the game.

Bob Archambault was a stand-out in goals. The defensive duo of Allan Keith and Paul Froio gave him fine protection all the way.

Up front it was Mike Johnson and Dave White who again led the forwards with a fine fore-checking game. Johnson was the fastest man on the ice, and gave the Chambly goalie many an anxious moment.

**Academy Briefs:** Cataracts, at present leading St. Leo's Intermural league, will clash with the second-place Pirates on Monday, and a win for Andy Nowaczeks' team will result in a first-place tie. . . . Charlie Chaput, promising youngster on Canadiens' mosquito team, was not much help last Saturday when he watched his team go down

## Schroder sparks Unity to wins

Newly appointed Coach Dick Schroder of Unity's senior "B" team in the Montreal Basketball league made his presence felt last week-end when he sparked his team to victory in an invitational Basketball Tournament held at Valleyfield with Three Rivers and Valleyfield competing.

In the first round, Unity defeated Three Rivers 67-46; Three Rivers defeated Valleyfield 58-52. In the semi-finals, Unity swamped Valleyfield 94-43 and in the finals, Unity trounced Three Rivers 99-54.

Unity's high scoring jump-shot artist tallied a total of 67 points in the three games despite being used sparingly in the finale.

Schroder was very pleased with his charges and has great hopes that his cage squad will be contenders for the city finals. The first playoff series of the Montreal Basketball League senior "B" section for Unity will be against SERA.

## Mt. Royal tennis elect officers

The Annual General Meeting of the Mount Royal Tennis Club Inc., saw Jean Rinfret re-elected president for the second term and the following executive officers: J. M. Spencer, Vice President, A. W. Fogarty, Honorary Secretary, M. McBean, Honorary Treasurer. The following members were also elected to the Management Committee, F. A. Carpenter, G. A. Chancer, R. Gelhay, K. D. Hague, L. Holland, C. Irving, C. F. Reutter, G. St-Cyr, R. L. Walton.

Among highlights mentioned at the meeting was the outstanding new high in membership for the year 1958 which totaled 733 members. Another important highlight of the same year was in the sponsored event of the Montreal Cup which had the largest number of entries ever recorded in the history of the last 18 years. This took the form of nearly 200 matches played in one single week to conclude this event.

Club house improvements, it was pointed out, had started during the Autumn of 1957 and were completed during the past year; enlarged locker room, lounge, dining room, gallery area and the change of kitchen location. These expenses totaled over \$70,000.

There was a motion to elect a board of governors comprising past presidents of the club in recognition of valued service and continued interest.

A committee was decided upon to supervise the re-surfacing and replanning of the 13 courts. With this, the important points of the agenda were covered.

## Unity Juvenile cage downs Verdun 'Y' 16-9

Dot Mariasine's Unity juvenile cagers team defeated Southwestern Y in a regular scheduled MBLB game 16-9.

Unity's captain Mona O'Brien was the top point getter with eight; Barbara Forbes two; Mary LeGresley, Sherril Muir, Margaret Hickey four; Texas Croghan, Angela Gibson two; Carolyn Scanlan.

## Junior Unity cagers hope for big playoff victory

Unity Boys' Club junior basketball team, who were without a coach and a full complement of players for most of the early scheduled games, have sky-rocketed to the final of the junior play-downs and are now qualified to meet the University Settlement Orchids in a two-of-three series. The winners will travel to Ottawa Saturday for the Eastern Canada Title.

Their sudden surge from mediocrity to a title contender can be attributed to two factors.

One: they acquired a very interested coach from the senior ranks. He is Grant "Oscar" Peterson who has been starring for the Unity Senior team for the past six years. Peterson provided the leadership and under his direction, the team won six games and losing only one. The Juniors gained the finals spot by defeating McGill University in the semi-final series 120-98.

In the first game played at the Greene avenue clubhouse,

Unity won the opener 72-56 and at the Sir Arthur Currie Memorial Gymnasium, Unity once again upset the Redmen 48-42.

The second reason for Unity's late season display of basketball prowess was the addition of a group of rookies to junior play—products of coach Bob Neal's fast moving juvenile quintet who are comfortably perched atop the City of Montreal Basketball League.

The players who are contributing to the junior teams' success are the following juvenile age players: John Westlake, Keith Gavin, Brian Sullivan, Kenneth Annable, Billy Hotton. The Juniors are: John "Bugs" McDonough, Richard Simmons, Richard Cessford and Rodney Wilson.

The scoring in the McGill-Unity game: John McDonough (10); Richard Simmons (10); Richard Cessford (2); Kenneth Annable (6); Keith Gavin (6); John Westlake (7); Brian Sullivan, Rodney Wilson (5).

## Minor hockey scoring parade

to defeat 1 to 0. Charlie's excursions to the sin bin have done more than a little to disorganize the Canucks . . .

Termite Rangers came to life in the dying seconds to eke out a 1-0 win over Dukes . . . Ray Maynard's tumbling Leafs lost a 5-1 decision to Bisons in termite action. Daniel O'Connell senior "A" outfit nosed out our senior "B" team by a 4-3 score in an exhibition hockey match played at the Forum. It was only a fair game that could have been improved on with adult officials instead of the two teenagers that D.O.C. assigned for the game. Bob Harwood, John Rinfret and Addie Durmann were the Saints' scorers. Alexander Zbikowski made his debut in the losers' nets.

A little more support from the parents on Saturday morning would add to the success of termite and mosquito hockey. St. Leo's has about 60 small fry hockey-minded youngsters performing every Saturday morning and about 10% of the parents are in attendance . . .

George Spares' Hawks are moving up in the mosquito "B" section. Pierre Leger, the team's meal ticket every Saturday morning, scored all his team's goals last Saturday morning to lead them to a 4-0 victory . . .

The popular Billy Dubuc, of third high, is coming along fine in Montreal General Hospital after suffering a broken leg in a ski accident . . . Former athletes observed visiting the athletic office during the past week were: Dave Orr, Mike Lunny, Jacques Martin, Larry Grant and Donnie Laviolette . . . Donald McElroy, showing fine form in the Intermural League, and should be an asset in senior "B" next year .

## Four teams open termite playoff called for Saturday

Dukes and Barons, Bisons and Rangers will clash in the termite playoff opener on Saturday with the first game set for 9:30 and the second at 10:10 a.m.

If the Western avenue outdoor rink is unplayable the artificial rink will be used but the first game will start at noon and the second at 12:40. Series are a best of three.

Termites closed out its regular schedule with all teams in action. Barons and Braves battled for fourth place. Barons came out on top 2-0. The goals coming off the sticks of Jim Ebbitt and Val Traversy.

First place Bisons, undefeated in league play, walloped last place Maple Leafs 5-1, with Steve Kerrigan firing in three goals. Phillip Thom and Brian Hoffman counted the other markers for the Bisons while Antoine Poullet saved the losers from a shut-out. Bisons won eight games while tying one for 17 points.

Rangers won their important game over Dukes. The victory enabled Rangers to pull into a second place tie with Dukes. Both teams finished out the season with 12 points, five behind the Bisons.

Len McDonald counted the only goal.

## Rams leading midget playoff with 11-0 win

Two playoff games were played in the Westmount Midget league, Aces edged Owls 2-1 in a sudden death game and earn the right to meet the Ramblers in the finals. Jean Rinfret scored both goals.

Ray McCormick notched the Owl marker on a pass from Andre Bergevin. McCormick who is a tireless worker was outstanding for the losers.

The first game of the best-of-three finals saw the Ramblers walloped the Aces 11-0 and take a stranglehold on the league crown. Chuck Burton scored three for the winners.

## Bantam playoff opens on Tuesday

The Bantam Westmount league playoff will open up next Tuesday at 4:30 p.m. with McGill playing Varsity. The series are a best-of-five. Varsity and McGill tied with 15 points each.

The final two games saw McGill whitewash Acadia 10-0. Ron Blumer counted five times. Bob Besner notched the "hat trick" while Mike Di Tomasso and Chris Lygitsakos scored one apiece.
