The Publishers of "Lovell's Library," having decided to devote their exclusive attention to the interests of that series, have now made arrangements tending to improve the general appearance of the books, in the way of better paper, printing and binding. The selections of works to be published will be made with great care. It is contemplated to include, besides the best current fiction, which will be re-issued promptly, all the leading Standard Works, not only in Fiction, but in Art, Science and in Belles-Lettres.

THE GAZETTE.

Daily, $6 a year. - Weekly, $1 a year.

THE LEADING JOURNAL

of the Province of Quebec, and one of the chief METROPOLITAN NEWSPAPERS OF CANADA, combining successfully the functions of a thoroughly efficient MERCANTILE JOURNAL, with those of a FAMILY PAPER.

On Monetary, Commercial and Shipping

subjects, it is acknowledged the CANADIAN STANDARD AUTHORITY, and gives the utmost prominence to

Local and Foreign Market Reports

which afford the fullest and most accurate prices current each day. As a

General Family Newspaper

THE GAZETTE is unexcelled. It contains such a compendium of matter, collected by its own Local Staff, and secured by a liberal service of

Telegraphic Reports

from Domestic and Foreign sources as to make each issue the reflection of the world's daily history, and a successful purveyor of the latest interesting news.

Sporting.

In this department also, the information given is full and accurate, and the standing of the GAZETTE in regard to all sporting matters, is well known and thoroughly recognized.

Its Circulation

far exceeds the combined English morning papers of the Province of Quebec. Circulating among the Mercantile community of Canada and the best families, it offers an excellent channel for Advertisements.

The largest and best equipped

JOB PRINTING OFFICE

in Canada. Every variety of Work executed promptly.

LOVELL'S LIBRARY.

The Publishers of "Lovell's Library," having decided to devote their exclusive attention to the interests of that series, have now made arrangements tending to improve the general appearance of the books, in the way of better paper, printing and binding. The selections of works to be published will be made with great care. It is contemplated to include, besides the best current fiction, which will be re-issued promptly, all the leading Standard Works, not only in Fiction, but in Art, Science and in Belles-Lettres.

Among the more important works recently issued, or now in press, are :
