French Government is Removed to Bordeaux Fierce Battle Continues and Allies Lines Still Hold

Airships in Fight Over Paris Wonderful Charge of British Lancers Austrians Are Beaten Everywhere

LONDON, Sept. 3.—(Special)—The battle, whose issue is destined to decide whether history will repeat itself in a second siege of Paris, is still in progress, according to the latest official announcement.

London, Sept. 3.—(Special)—The British people continue to accept with stoicism the lack of news concerning the operations of the British army on the continent.

The Government has repeatedly assured the public that all news consistent with the nation's interest would be given out, and the people are accepting that assurance.

The French official reports throw further light on the operations than those of the British.

The French reports say the action on the right of the northern wing has resulted in checking the Germans for a time. The inference plainly is that the Germans are employing all their force in an enveloping movement against the Allies' left wing. That that part of the allied army is retiring to the south and west indicates that the Germans have not yet outflanked them.

The operations for the past two weeks have all indicated the Germans' chief aim to outflank the allies on the allied left. This left wing has been forced to give ground, but the flanking movement has failed in its object, namely, to envelop the left wing of the allied army. The German hope has been to accomplish this movement, then with a crushing blow in the centre to isolate a large part of the allied army and overwhelm it with disaster.

The Germans have thus far met with no success in the direction of the accomplishment of their purpose in this respect.

They have sacrificed their legions, but have only succeeded in forcing an orderly retirement of the allied lines, with armies intact.

GERMANS PUBLISH LOSSES—WHOLE REGIMENTS GONE.

London, Sept. 3.—(Special)—A despatch to the Telegraph from Copenhagen says that the thirtieth list of losses suffered in the war is printed by the German press. Commenting on it, the statement is made that the losses are very heavy, and one instance is given where whole infantry regiments which had been stationed at Zabern are lost. The 43rd Prussian Infantry Regiment, it appears, also suffered very heavily, while among the wounded named is General Hoffgart, of the 90th Infantry Brigade, and his adjutant. Both are seriously wounded.

The Mecklenburg Grenadiers sustained important losses and it seems, says the Telegraph correspondent, that more than 20,000 Mecklenburg troops have been lost.

SWEDISH SHIP HITS MINE.

London, Sept. 3.—(Special)—The Swedish steamer St. Paul, during the voyage from Gothenburg, struck a North Sea mine on Wednesday and foundered. The crew of twenty-five men marvelously escaped injury and got away safely in the ship's lifeboats. The ship was a coal carrier.

CARDINAL BEGIN IN PARIS.

Paris, Sept. 3, 10.20 a.m.—(Special)—The new American Ambassador to France, William Graves Sharp, arrived in Paris late last night.

Cardinal Begin, of Quebec, is another recent arrival here.

MONTE CARLO DIRECTOR ARRESTED AS SPY.

London, Sept. 3.—(Special)—Advices received in London from Monte Carlo contain the following passage: "M. Kurz, one of the four directors of the Casino, and who has been very much trusted here and also has an estate agency at Beaulieu, has been arrested as a spy. All sorts of plans were found on him, and with others

he is imprisoned in Nice, awaiting trial. The Casino is closed."

ONE GERMAN AEROPLANE BROUGHT DOWN.

London, Sept. 3, 10.30 a.m.—(Special)—A despatch to the Exchange Telegraph Company from Paris declares that one of the German aeroplanes of the Taube type, which recently dropped bombs on the city of Paris, has been brought down. The two German aviators on board were killed.

SUCCESS AFTER SUCCESS FOR RUSSIANS.

London, Sept. 3.—(Special)—The Petrograd (St. Petersburg) correspondent of the Post sends the following on the operations on the Russian front:

"Russia is scoring success after success against Austria and is momentarily expecting news of a signal victory."

"The Commander-in-chief on the Austrian front apparently plans to drive in strongly with one army from the east, starting from the Russian provinces adjoining Roumanian and in the meantime merely aim to restrain the Austrian advances into the Polish provinces, thus keeping Austria on the alert along the line of two to three hundred miles."

SERVIAN VICTORY

SERVIANS KILLED 10,000 AUSTRIANS IN JEDAR BATTLE.

Nish, Serbia, via London, Sept. 2, 9.15 p.m.—An official statement issued to-day gives new and fuller details of the battle of Jedar. The Austrian force, it says, was composed of 200,000 men and held a favorable position. By its retreat it admitted defeat. The Austrians left on the field of battle 10,000 dead and more than 2,000 wounded.

"Altogether," continues the statement, "40,000 of the enemy were placed hors de combat. We have sent to the interior more than 4,000 men whom we took prisoners, and have captured 60 guns, much ammunition, the material for the construction of a 600-metre bridge, and a train."

"The battle was of great importance because it was decisive. The enemy retreated to Santzek."

AERIAL BATTLE OVER PARIS

TWO FRENCH AEROPLANES WERE SENT UP TO ENGAGE THREE GERMAN MACHINES

Paris, Sept. 3.—A fight in the air over Paris took place last evening. Three German aeroplanes hovered over the capital, and immediately two French machines were sent up to engage them.

Meanwhile machine guns mounted on public buildings kept up a constant fire, as did soldiers with rifles. By this means one of the German machines became separated from the others, and the French aviators flew swiftly in its direction. The German opened fire, to which the Frenchmen replied vigorously.

The engagement seemed to turn to the disadvantage of the German who mounted speedily to a higher level, and, holding this position, was saved from further attack. He finally disappeared in the northwest direction over Fort Romainville, after a vain pursuit.

The other German aeroplanes also escaped the fire of the guns, and after circling about for a considerable time disappeared from view.

BOMBS FOR HOSPITALS

Antwerp, Sept. 3, via London.—The following official statement concerning the manoeuvres of the Zeppelin airship over Antwerp last night and early today was issued tonight:

A Zeppelin airship was reported at half past ten o'clock last night near the forts to the south of the city and also near the River Nethe. It passed over Alost toward Termonde and Ghent, and then returned toward Antwerp and tried to fly over the city, but for a time a heavy artillery fire kept it outside the outer fortifications.

"At three o'clock this morning five or six bombs were dropped from it. Later seven bombs were dropped in the Parc du Rosignol, close to some

houses which have been converted into hospitals and which were flying the Red Cross flag. These houses were damaged and ten or twelve persons slightly wounded. After the bomb dropping exploit the Zeppelin rose and disappeared in the direction of Malines.

"An examination of the bombs thrown showed that they had a thin double covering, the two covers being joined together with mushroom-shaped rivets which act as the part of bullets and are liable to cause terrible injuries when the covers are burst by the explosion. They are similar to those used by the German motor-car bandits in France."

"This morning the Belgian authorities conducted the United States consul to the Red Cross buildings which were struck by bombs, that he might see the extent of the damage done. King Albert also visited the buildings this morning."

AUSTRIANS TO GIVE UP LEMBERG

IMPORTANT CITY AND STRONGHOLD FALLS BEFORE RUSSIANS.

Petrograd (St. Petersburg), Sept. 3.—The following official communication was issued by the Russian War Office last night:

"After a battle lasting seven days, the Russian army seized heavily fortified positions around Lemberg (capital of Galicia, in Austria-Hungary) about ten or twelve miles from the town. The Russian troops then advanced towards the principal forts."

"After a battle yesterday, which was fiercely contested, the Austrians were obliged to retreat in disorder, abandoning heavy and light guns, parks of artillery and field kitchens. "Our advance guard and cavalry pursued the enemy, who suffered enormous losses in killed, wounded and prisoners."

"The Austrian army operating in the neighborhood of Lemberg, was composed of the third, eleventh and twelfth corps and part of the seventh and fourteenth corps. This army appears to have been completely defeated."

"During the pursuit by the Russian troops, the Austrians, who beat a retreat from Gulla Lips, were forced to abandon an additional 31 guns. Our troops are moving over roads encumbered with parks of artillery and convoys loaded with provisions of various kinds."

"The total number of guns captured by the Russians around Lemberg amounts to 150."

The above despatch was sent direct from Petrograd by the St. Petersburg Telegraph Agency, the semi-official Russian news agency, and is the first despatch received in New York direct from the Russian capital since the declaration of war.

TO EVACUATE LEMBERG.

London, Sept. 2, 12.15 p. m.—The Exchange Telegraph Company publishes a despatch from its Rome correspondent transmitting the following statement issued at Vienna: "Recognizing that the occupation of Lemberg by the Russian troops is inevitable, the provincial government has removed the archives of state and given instructions to the burgomaster as to the conduct of the city after its occupation by the Russians."

The newspapers of Lemberg, the correspondent continues, publish long lists of Austrian dead, covering entire pages.

MONTENEGRENS THRESH AUSTRIANS

INFERIOR FORCE DEFEATED AND PURSUED AUSTRIANS.

Cettinje, via London, Sept. 2, 8.12 p.m.—Although numerically inferior, the Montenegrins have defeated the Austrians near Bilek in Bosnia, General Vokovitch, according to the announcement, has taken the offensive and is marching on Tchalnitza in pursuit of the Austrians.

DAYLIGHT FOR SLAUGHTER; MIDNIGHT FOR MERCY.—The above illustrates the work of the Red Cross bringing in the wounded after the day's battle. Despatches yesterday stated that twelve of the Red Cross nurses of the allies had sacrificed their lives in their noble work.

ANOTHER NOBLE FRENCH SIX HUNDRED GOVERNMENT REMOVED TO BORDEAUX

How 9th British Lancers Rode into Valley of Death

SILENCED A GERMAN BATTERY WHICH HAD WROUGHT HAVOC IN BRITISH RANKS.

London, Sept. 3.—(Special)—The Daily Mail's correspondent behind the British lines describes the charge of the 9th British Lancers, which occurred at an unnamed spot during the recent series of tactical retreats, as a second Balaclava. He says:

"Terrible havoc had been caused in our ranks by shells from a battery of eleven German guns posted inside a forest near the Belgian frontier. It seemed impossible to silence their fire until the 9th Lancers made their attempt, riding straight at the guns after debouching into the open and charging under a hail of melinite and lyddite."

"I have not been able to get reliable figures as to the distance they rode, but they reached their goal. Nothing could stop them. They reached the guns, killed the gunners and put the guns out of action. Then like their prototypes of Balaclava, they rode back."

VALCARTIER IS SCENE OF DELUGE

DOWNPOUR CAUSED POSTPONEMENT OF MUSKETRY PRACTICE AND CAMP REARRANGEMENT

Valcartier Camp, Sept. 3.—The intended changes in the arrangement of the camp, the migration of troops from one point to another, did not materialize today. Long hours before this great early rising community was astir the heavens opened and rain descended in pitiless fashion, the downpour continuing without abatement until about midday, and rendering a postponement of the camp changes absolutely necessary. For the same reason there was no musketry practice. In a word, it has been an off-day camp, and the work planned will be executed tomorrow if the elements permit.

The death occurred this morning of an old resident of Sherbrooke, in the person of Mr. Shaw Thomas, at his residence, 108 King Street. Funeral notice will be announced later.

Mr. and Mrs. A. E. Swan, Moore street, have just returned from a very pleasant two weeks' visit with friends at Bishop's Crossing and East Angus.

THE ATTACK ON CATTARO

Rome, Sept. 3.—1.20 p.m., via Paris, Sept. 3, 7.21 a.m.—(Special)—Telegrams from San Giovanni Di Medua, Albania, a seaport twenty miles south of Scutari, says that the real bombardment of the Austrian seaport of Cattaro has not begun because the Anglo-French Squadron is waiting for the Montenegrins to transport their siege artillery to Mount Lovchen. This move is intended to put Cattaro between two fires.

The garrison at Cattaro has tried several sorties against Antivari but all were frustrated by the Montenegrins. The Austrians, the despatches state, lost many men and two cannon in the sorties.

BUYING MILITARY HORSES. Stanstead, September 3.—(Special)—Ten horses were purchased by the Government at Stanstead last week for remounting purposes. The prices paid were from \$150 to \$200.

POPE IS ELECTED

Choice Falls on Archbishop of Bologna

Rome, September 3.—(Special)—Cardinal Della Chiesa, Archbishop of Bologna, was elected Pope to-day. The Pope was created a cardinal only this year. He was born in 1854 and ordained priest in 1878. He takes the title of Benedict XV.

THE British Union Jack and the German Eagle entwined while the two countries are at war. The photograph shows the funeral in England of four German sailors who were killed when the British ship sunk the mine layer, Koenigin Louise, and four British sailors who died a few hours later when a mine blew up the Amphion. The dead sailors with the British and German flags, were laid side by side in a long English grave.

All those feet had Corns

Watch the feet that now trip lightly. All of them had corns.

But the owners learned of Blue-jay. They applied it in a minute. There was no more pain. The corn was forgotten. And in two days the corn came out.

Soon or late you will treat your corns in that way. You will stop the pricking, stinging, old-time treatments. You will deal with corns in a scientific way.

You will take them out, with no soreness, no pain, no inconvenience. Nearly half the corns in the country are now cured by Blue-jay—a million corns a month.

Why wait? Other ways, as you well know, don't really end a corn. Why don't you try this easy, painless, most effective way?

Why don't you try it now?

War Courage

MANY a man in Canada, willing to go a-warring across the seas, is unwilling to fight at home—against the shadowy foes of bad times or of business depression.

This is a time in Canada when Canadian business men should fight—fight to capture new trade and to hold old trade. To stop one's advertising is to withdraw a powerful offensive and defensive force, and to expose one's business without a guard.

If the courage of manufacturers, wholesalers, retailers—the generals and captains of trade and industry—fails, the courage of the nation will ebb.

BEDFORD DISTRICT LOCAL HAPPENINGS

Gatherings by Daily Record Correspondents in Various Communities

SOUTH STOKELY.
Mr. W.R. Peters has added greatly to the appearance of his home by putting up a fine up-to-date veranda.

News has been received here of the death of Foster, of Mr. Obadiah Eastman, after a lingering illness. Mr. Eastman was born in South Stokely and removed with his parents when a child, to Bloom Woods, afterwards called Fulford. Much sympathy will be felt for his daughter, (Mrs. Cecil Goddard), who in the short space of about four months has been bereft of both husband and father.

The following extract from a letter received from Mr. W.H. Day, of Ashland, Oregon, brother of your correspondent may prove of interest, showing the size of some of the trees in that part of the west and which is by no means one of the larger ones which grows in that region. "Today I finished putting in my winter's wood—6 cords of fir, cut up into 12 and 16 inch lengths from cordwood. This wood was all from a single tree, which made nearly ten cords more. The tree was over six feet in diameter at the stump and made over 15 cords of wood in all. It was hauled by our landlors' boys from off their mountain wood-lot nearly 2,000 feet above this town. This fuel costs us \$5.50 per cord in cordwood lengths, and it costs 60c per cord to have it cut up by power saw."

The Methodist Sunday School and friends, including a number from Montreal, who have been guests of Mr. A.A. Sargeant, and Miss Ruth, held an enjoyable picnic at Mt. Orford last Thursday. A better day could not have been chosen for their outing.

At St. Matthew's Guild on Thursday afternoon last, held at J.C. Spencer's, there were people present from Montreal, Providence, R.I.; Foreston, I.; Waterloo, Foster and South Stokely.

School No. 8 in this village has not as yet commenced, owing to the difficulty in finding a teacher. The other schools in the municipality are provided for.

Miss Ethel Spencer, who has been seriously ill the past week is improving. It rained continuously here from last Saturday morning early until nearly noon on Sunday. It looked as if the equinoctial storm had come before its proper time.

Messrs. C.M. Spencer and O.M. George, are both putting up new buildings.

Mr. R.H. McLaughlin is moving into one of the tenements owned by Mrs. J.R. Bridge.

Recent arrivals and departures: — Rev. Austin Ireland, of Lachine, and Rev. P.C. Ireland, of Montreal, with relatives; Mr. A.B. Curtis, of Stanstead, calling on relatives at the homes of Mr. A.A. Sargeant, L.E. Knowlton and W.R. Knowlton; Master Maxwell Knowlton, and Miss Merve to Forest Village, with their grandparents, Mr. and Mrs. J.W. Booth; Rev. A. Ireland, Rev. (Mrs.) P.C. Ireland, and children, Laurence and Margaret, to Orford Pond, to spend a week with Mr. and Mrs. C. Dingman at their cottage.

COWANSVILLE
Miss Nellie Draper, of Richmond, Vt. was the week-end guest of Mr. and Mrs. C.B. Hill.

The Roman Catholic School on South Street opened Tuesday morning with Rev. Sister St. Marie de Londres and Rev. Sister St. Archange in charge, these being the two sisters who taught the school so successfully last season. The school opened with 33 boys and 29 girls. — Total 62. This is considered a good attendance.

Mr. William Douglas, of East Farnham, was in town Wednesday on business; Mrs. Arnold, and her niece, who have summered here left Saturday for Montreal. They expect to sail for England the 19th, inst.

Mrs. Maria Bowers Armstrong, of Riverside, California, and her niece, Miss Lucille Roy, of Sabrevois, are visiting friends in Cowansville.

Mr. and Mrs. Thos. Clark, of Montreal, are guests of Mr. and Mrs. Wm. Lucas.

Mr. Rogerson Lawrence, of the Canadian Bank of Commerce, Rock Island, on his arrival home from his holidays, received a phone message to report for duty at St. Hyacinthe at once.

Mr. John Brady, of Boston, who has been visiting his daughter, and other friends, left for home Tuesday morning.

Miss May Brundage home Tuesday, morning from a holiday at Cedarville.

Mrs. W. S. Cotton, and Miss Rowena Cotton, home from Selby Lake Tuesday.

Baker, it is therefore resolved that we, the members of Frelighsburg Lodge, A. F. and A.M., tender to the widow and family of our deceased brother our heartfelt sympathy in this, the hour of their affliction, and while we mourn his loss we will still cherish his memory in our hearts and hope for a happy reunion beyond this vale of tears, where sorrow cometh not and parting shall be no more, and may the Great Architect of the Universe sustain you, and further, the lodge room to be draped in mourning for the space of three months."

FULFORD
Mr. Scott Booth, second son of Mr. and Mrs. H. E. Booth, of Fulford, died August 28th, after a hard run of typhoid fever. He was a fine young man of only 22 years, whose pleasant, happy disposition and helpful hands made many warm friends for him wherever he went, and his early demise has cast a gloom over the entire community, where he was born and reared. He leaves his grief-stricken parents and one sister, Miss Mary Booth and two brothers, Mr. Fred Booth of Montreal, and Mr. James Booth, of Fulford, to mourn their loss. The funeral was held in St. Stephen's Church on Sunday at two p.m., and the church was filled to the uttermost. Rev. Mr. Schaeffer officiated. The deceased was a member of the Canadian Order of Foresters, and about forty members of the lodge were present and held the usual service at the grave for a departed brother.

Among those who were in town on Sunday were Mr. and Mrs. F. Booth and Mr. and Mrs. M. Booth of Montreal; Mrs. Damon of Abercorn; Mrs. and Miss Ball of Knowlton; Mrs. C. Shovel, of Farnham; Mr. and Mrs. J. W. Bockus of Farnham; Mr. Jas. Booth of Knowlton; Mr. and Mrs. A. Mizener, of Granby; Mrs. Nealy and Miss G. Bockus, and Mr. F. Bockus, of Waterloo; Mr. Geo. Whitehead and Miss H. G. Sturdivant, of On Hill; Mr. Wm. Taylor and Miss Marie Taylor of Waterloo, attending the funeral of the late Scott Booth.

had received the tenderest care from her entire family. Endowed with many personal attractions, a remarkably sweet and unselfish disposition and lovable character, her loss when just entering upon womanhood, with apparently a long and happy life before her, has plunged a large family circle into deep grief, and made a gap which can never be filled. The heartfelt sympathy of their friends in Sherbrooke and elsewhere is theirs in their trying affliction.

PATRIOTIC FUND TEA AT LENNOXVILLE.

The tea in aid of the Lennoxville Patriotic Fund, given yesterday afternoon in the Town Hall by the First Lennoxville Troop of Boy Scouts, was an unqualified success, a very large number of guests being present during the afternoon. The hall was artistically decorated with the troop flags, also with the French and English ensigns-gracefully draped and intertwined, and the visitors were cordially received by the Hon. Mrs. Henry Aylmer, Mrs. Tindall, Mrs. Martin, Mrs. McFadden, Mrs. Duford and Miss H. Ward. Mrs. Brewster presided at the tea table, which was most artistically arranged with variegated sweet peas and brilliant poppies. The following members of the Scouts assisted very deftly and capably in serving the delicious tea and refreshments: Jack Nutter, Gerald Wilkinson, Max Norcross, Owen and Ralph Tindall, while flowers were sold by Ashley Norcross, and home made sweets also found a ready sale. The receipts amounted to \$31.

PATRIOTIC ASSOCIATION PLANS TAG DAY.

A meeting of the Work and Entertainment Committees of the Patriotic Association of the Women of Sherbrooke was held yesterday at the Club Room of the Daughters of the Empire, Melbourne street. Mrs. Cecil Bowen, president of the Association, presiding. The report of the Tag Day Committee was submitted and was very satisfactory, all the arrangements being well in progress. Mr. Fred Weuster has generously offered one hundred boxes, specially made, with a suitable slot, for the use of the collectors, and Mr. E. Winn Farwell, of the Canadian Bank of Commerce, will furnish one hundred boxes or more, if required. Mrs. Poutre had also secured the "tags," tiny flags, English and French combined, which were both pretty and appropriate. Miss Eva White outlined the plan of campaign, the number of collectors necessary, a central office on the fair grounds, etc.

Mrs. Bowen announced a number of entertainments offered for the benefit of the fund, among others a patriotic tea at Woodard's, Wellington street, of which half the receipts will be donated to the fund; also a tea at the St. Francis Golf Links on Saturday next, to be given by Mrs. Waller, to which all, irrespective of membership, are invited.

The donation of 150 pounds of wool for the manufacture of the Balaclava caps, by the Paton Manufacturing Company, offered through Mr. W. E. Paton, was gratefully acknowledged.

It was considered advisable to arrange for a special day of meeting every week to hear reports, discuss plans, and report progress along the various lines, also to procure materials for work, and Friday was fixed upon. It was hoped, therefore, that all members of the Patriotic Association and those interested, also the sub-committees, would make a point of being present at the D.O.E.

club room at or near 3 o'clock p.m. every Friday.

The members were informed that Mr. G. L. De Lottinville had signified his willingness to arrange for an excursion to Valcartier camp to witness the great gathering of Canadian soldiers and would confer with the other members of the Men's Patriotic Association as to the feasibility of the scheme. The proposal met with universal approbation.

Mrs. J. Aime Darche and Mrs. J. F. Morkill were appointed conveners of the Entertainment Committee and Mrs. T. C. Cabana consented to act as secretary.

No definite instructions had yet been received as to the actual requirements for the Red Cross work, but these were expected immediately, and the Work Committee would be in charge.

The meeting closed with the reading of Rudyard Kipling's war poem.

FOR ALL WE HAVE AND ARE.

London, Sept. 3.—Rudyard Kipling contributes the following poem to the London Times:

For all we have and are,
For all our children's fate,
Stand up and meet the war,
The Hun is at the gate!
Our world has passed away
In war's overthrow;
There's nothing left to-day
But steel and fire and woe.
Though all we know depart,
The old commandments stand—
In courage keep your heart!
In strength lift up your hand.

Once more we hear the word
That sickened Earth of old—
No law except the sword
Unheeded and uncontrolled;
Once more it knits mankind,
Once more the nations go
To meet and break and bind
A crazed and driven foe.
Comfort, content, delight,
The ages' slow-bought gain,
They shrivelled in a night—
Only ourselves remain
To face the naked days
In silent overthrow;
Through peril and through days
Renewed and re-renewed.
Though all we made depart,
The old commandments stand:
"In patience keep your heart!
In strength lift up your hand!"

No easy hopes or lies
Shall bring us to our goal—
But iron sacrifice
Of body, will and soul.
There's but one task for all,
For each, one life to give;
Who stands if freedom fall?
Who dies if England live?

THE CALL TO ARMS

Have you heard the trumpet call to arms

That comes across the wave?
Old England calls her loyal sons—
The tried, the true, the brave.

To come to her assistance;
To take her by the hand,
And show their love and loyalty
For King and Motherland.

And from earth's wide circumference,
Where floats the "Union Jack"
Like a mighty roll of thunder,
There comes this answer back—

Ready, Sir, ay, ready!

The honor to uphold
Of British institutions,
With armies, ships and gold.

Old England is our mother,
And we her loyal sons,
The ocean may divide us,
The Empire is but one.

And so from every quarter
We haste with ready hand
To fight for England's honor,
And for the Motherland.

Fair India sends her legions,
Dark Africa her sons,
Australia gives her bravest
To man the British guns.

Bermuda sends her quota,
New Zealand's sons are strong,
And across the blue Atlantic
There comes a valiant throng.

Of loyal true Canadians
Ready to do and dare,
For the honor of Great Britain,
Her weal or woe to share.

And thus the call and answer
Has echoed round the world,
And the flag that stands for liberty
Is speedily unfurled.

And with strong hands that flag is flung
Far out o'er land and seas,
That for a thousand years has braved
The battle and the breeze.

So with a prayer to Him who holds
All nations in His hand,
We give our sons to do and die
For King, Home and Motherland.

OBJECT TO 2 P.C. EXCHANGE

How One Sherbrooke Business Man Got Around It

BANKS CLAIM 2 P.C. CHARGE IS NECESSARY OWING TO ATTITUDE OF U. S. BANKS.

Considerable criticism is heard in business circles over the action of Canadian banks in imposing a two per cent. exchange on all American cheques and bills.

The way the new regulations affect business between the United States and Canada is shown by the following incident in which a well known local business man was involved.

Speaking to the Record he said: "I had American cheques amounting to nearly \$7,000 and went to my bank in Sherbrooke to deposit them. I was told that they would have to charge two per cent. or \$140. I promptly refused to be held up for this amount and my banker wrote to the head office for instructions. He got a reply saying that in the case of customers they could reduce the charge to one-half of one per cent. Now, what bothers me is how it is that the banks insist on two per cent. if they can do it at one-half of one per cent. Another banker told me that the Canadian banks did not get the two per cent. My later experience made me wonder who did get the two per cent."

"I took my cheques and boarded the train for Newport, Vt. There I went to a bank and the cheques that my own bank refused to cash unless I paid two per cent. exchange were cashed at par, and I was given Canadian currency. It cost me \$2 to go to Newport, so I saved \$138. I was told by the manager that he would gladly honor all American cheques and bills at par, and as a result I opened an account with him."

"I know of another firm, one of the largest in Sherbrooke, that has opened an account in Boston where the same courtesy is extended."

MR. JAMES MACKINNON'S EXPLANATION. When seen by the Record this morning Mr. Jas. Mackinnon, manager-in-chief of the Canadian Bank of Commerce in the East, stated that the reason for the two per cent. exchange was that the American banks refused to pay out gold, and all they would give was clearing house certificates, which were of no use in Canada.

The two per cent. was to cover the expenses incurred in getting the gold from London, or paying interest charges during the delay.

AN APPEAL TO THE PATRIOTIC CITIZENS OF SHERBROOKE

Protect those who are left behind

THE APPEAL.

A call has gone forth over the length and breadth of this Canada of ours to aid in maintaining the honour and integrity of the Empire. Canadians are answering the call; Reservists of both England and France are rushing to join their colors.

Let the men never take hold of the work! Encourage those whose duty it is to offer themselves for the service of their country! Provide for the women and children who are being deprived of their breadwinners!

Do not wait to see what may happen or what may eventually be required! Subscribe now and show your loyalty and devotion to the dear old mother land and aid her in her support of her brave allies, France and Belgium!

John J. Roy, father of the incumbent to the platform, who was immediately surrounded by the large Sunday School, and was presented by Mr. Harry Burt, with a well worded address, and a beautiful Mission rocking chair, as a token of their appreciation for all he had done for the welfare of the Sunday School.

Mr. Roy, completely taken by surprise, warmly thanked his young friends for their kindly remembrance and wished them every success in life.

The pastor was next called forward, and was presented by Mrs. W. J. Frazer, president of the Ladies' Guild, with a nicely designed comforter, accompanied with the best wishes of all members of the Guild.

Mr. Holland Burrill, people's warden, then presented Mr. Roy with an address, expressing deep regret at his departure, both by members of the congregation in particular and by the whole community in general.

He then handed him an envelope, containing quite a large sum of money, and asking him to accept same as a slight token of the esteem in which he is held by them all.

Mr. Roy thanked all present for the gift, and also for the many deeds of kindness, and tokens of affection and good will which they had bestowed upon him and members of his household at all times.

Mr. Roy now leaves for Scotstown and Ross a ministry, which was marked by a generous and broad-minded spirit and by the remarkable feeling of affection and goodwill, which ever existed between pastor and people.

brave and willing their men should go. Surely the least those at home can do is to provide for the dependents of those who go to fight for them.

Business Corporations and Companies, Fraternal Societies, Associations, Clubs and other organizations, as well as individuals, are earnestly invited to subscribe. All should help, according to their means.

For the purpose of aiding the Finance Committee and avoiding, as far as possible, the necessity for personal canvass, citizens are requested to fill in, sign and return to Mr. J. J. Fitzgerald, Secretary of the Men's Committee, the enclosed form, together with the amount subscribed.

Subscriptions may be made either in one sum or by instalments, monthly or otherwise, as may be most convenient for the subscribers.

The names of the officers, committees and trustees should be a guarantee that the fund will be carefully and wisely administered.

Every City in Canada is subscribing generously! What is Sherbrooke, the Metropolitan of the Eastern Townships, going to do?

the results of the examinations. He then dwelt at length upon the child's opportunity, which, he said, was theirs by the consideration of the people and commissioners and parents and teaching staff. These opportunities were almost limitless but now and now only was their time to use them.

Mr. C.C. Brown, Secretary-Treasurer gave a report of the financial standing and the June examinations and expressed his personal gratification of the result. He then presented the scholarships that had been won by the taking of the highest marks in their grade. He referred to the \$10 gold piece presented by Mr. H.M. Richey, for the highest results

taken by Stuart Olney. Rev. Mr. Hamilton gave a short address upon the British flag. His talk was excellent and quite within the comprehension of the pupils.

Mr. Findlay, one of the new commissioners, made some appropriate remarks. "God Save the King," and the "Maple Leaf Forever," were sung by the pupils, when the meeting closed.

The teachers then organized their classes when the balance of the day was declared a holiday. School will resume on Wednesday morning, Mr. Jenkins, the principal, was not present at the opening owing to delay in arriving from England, where he had spent the summer holidays.

MARRIAGES

SIMONS - JAMIESON L

A very quiet wedding was solemnized at the Methodist Church, East Angus, Que., on Tuesday, September 1st, when Miss Bertha M. Jamieson, was united in marriage to Mr. David H. Simons. The ceremony was performed by the Rev. H. Mck. The bride, who was given away by her

father, wore a tailored suit of navy blue serge, with white silk waist, and navy blue hat to match. The bridesmaid, Miss Julia C. Jamieson, sister of the bride, wore a dress of grey striped Zephyr trimmed with silk to match, yoke and collar, of white Point D'Esprit, white hat and carried a bouquet of white sweet peas. The groom was supported by Mr. Oscar L. Simons. After the ceremony a reception was held at the bride's home, only the immediate family being present. Mr. and Mrs. Simons left by the evening train for Lynn, Mass. Conitcook House - Popular Home for Travellers. - Eug. Bouchard, Prop.

The Call To Arms!

I hear the clear note of the bugle
 And the roar of the calling drum
 And I feel the swing of the marching men,
 And a deep, deep voice says, Come,
 For the arrow of duty points forward,
 Though the heartstrings quiver and break,
 Yet the voice of my calling country
 Is one I may not forsake.
 For my manhood heeds and listens
 And bends an attentive ear,
 And though war's alarm may bring me harm
 My road lies plain and clear;
 It stretches wide from my own fireside,
 At the far end stands the foe;
 And though grim death meets my eager breath,
 I am ready and glad to go.
 For England asks for the sons she lent
 To the East, West, South and North,
 And who stands by when a mother's cry
 Is bidding her sons "Stand forth."
 The shades of the past stand clear at last
 For the flag by land and sea;
 What was duty for Wellington, Nelson and Moore
 Is doubly duty for me.
 For they handed down the hard-won crown
 That is made for the victor's brow,
 And the glory of deeds afloat and ashore
 Is one to remember now.
 Then God send England the strong right arm
 To prosper well in the fight,
 And show that the sea-girt island
 Is backed by an Empire's might.

DRUMMOND CO. ANNUAL FAIR

Will Be Held on September 15, On Ground at L'Avenir

GENEROUS PRIZE LIST HAS BEEN ARRANGED—CABINET MINISTERS WILL ATTEND

L'Avenir, Sept. 3.—(Special — The Annual Fair for Drummond County, will be held on the Fair grounds here on September 15th. Mr. St. Amant, the Secretary, reports that there are over 400 subscribers and it will be increased to 500 before the opening day.
 Entries are now coming in and as there is a generous prize list with nearly forty specials, a banner year is anticipated.
 There was a fine crop of hay on the Fair grounds, from which the Directors have reserved and stored in the horse sheds, sufficient to feed the show stock coming from a distance. The balance has been sold for a good price.
 The Directors are adhering to their policy of former years in not permitting any trotting on the fine half-mile track on the day of the Fair, as they believe it is not in the interests of the farmers to raise or deal in race horses. No betting or gambling of any kind is allowed on the grounds, and on account of the war, no amusements will find a place in this year's programme.
 Hon. Jules Allard, the popular Cabinet Minister and member for the County, will be present as usual. Although he is not a farmer, he takes a great interest in good stock. It is expected that Hon. P. S. G. MacKenzie, Provincial Treasurer, who is well known and much respected by Drummond County people will also be present.
 The President, Mr. Nap. Proulx and the directors and officials extend a cordial invitation to all to visit one of the most ably conducted and progressive fairs in the Province.

DRUMMOND CO. AGRIC. SOCIETY

List of Prize Winners in Crop Growing Competition For 1914

EXCELLENT CROPS WERE FOUND ON ALL FORTY FARMS VISITED

Mr. Mark Davidson of Shefford, the judge of the crop growing competition in Drummond County has issued his report for 1914.
 He states that after visiting forty farms in the interest of the Agricultural Society, he finds that all the crops are excellent with the exception of hay, which is classed as fair. Wheat, oats, barley, potatoes and turnips never looked better.
 The judge, who is one of the most progressive and practical farmers in the Province, cannot understand how farmers or others can be persuaded to leave so beautiful and fertile a country as the Eastern Townships, where such good crops are raised every year and where they are such good markets, good roads, and good schools,—all the forty farms he visited he did not see a single poor crop.
 The following is the list of prize winners:—

CITY NEWS

Mr. Alexander Worrall, of Worcester, Mass., is in town on business.

Master Morald Wise, who has been spending the vacation at his home with his father, Mr. Harold Wise, near the city, left to-day for the College at Victoriaville to resume his course.

Mr. and Mrs. Chas. Armstrong are in St. Johnsbury, the guests of Mrs. Armstrong's parents, Mr. and Mrs. G. Walker. They were summoned by the death of Mr. Armstrong's father, which took place at Waterbury, Vt.

Miss J. Violette has returned from Boston where she has been spending the vacation at her home and was the guest of her uncle, Mr. John Maguire and Mrs. Maguire, Marquette street, before returning to Coaticook, where she is a pupil at the Convent of the Presentation.

Mr. Roger De Valler, only son of Mr. C. A. DeValler, Professor at St. Charles Seminary, sails to-morrow from Montreal by the S.S. Ascania, for London, and thence will go to France to join his regiment, the 3rd Infantry, Hordaux, which shortly will go to the front.

The Battalion of this district, Col. Emile Rioux, was called to Montreal last night on important military matters. Col. Rioux will also meet the attorneys representing the Bar of the Province of Quebec and draft with them the pleadings in the famous case of Mrs. Langstaff, who has taken proceedings against the Quebec Bar to be admitted to study law.

REFORESTATION PROFITABLE

The Only City Forest in Canada Situated at Guelph

City forests are not, as yet, in vogue in this country. Perhaps the only city forest in Canada is that at Guelph, Ont., where a small area has been planted surrounding the springs which furnish the city's water supply.

Mr. C. C. Cabana, in a lengthy speech said Montreal had no water meters and he believed nowhere in the province were they installed. It would cost twice as much to put them in as a town that used water meters before. It would cost \$20,000 to put them in, and \$1,000 to maintain them, and the owner of the house would have to pay \$20 if one froze. The Council ought to have ridiculed the proposition when it was brought forward.

Mr. C. F. Olivier, and others, also supported the resolution.

A petition of protest prepared by Mr. J. P. Holyon and signed by several hundred citizens, will be presented to the Council next Tuesday, at the same time as above resolution.

AN INCH OF RAIN

Some Idea of What This Really Means

An inch of rain strikes one as very little. But it is really a big rainfall. When an inch of rain has fallen it means, literally, that the amount of water descending from the sky in that particular shower would cover the surrounding territory to a depth of one inch, providing, of course, that it did not run away or soak into the ground.

It means that on one acre water enough to fill more than 600 barrels of forty-five gallons each has fallen. This quantity of water weighs more than 110 tons. If the rain storm covered a territory comprising a thousand acres, which would be a very small shower, 113,000 tons of water would fall from the clouds. Rain storms frequently cover whole States, and often four or five inches of water fall in one rain. In this case the total number of tons of water falling to earth is enormous.

THE WATER METER OUTRAGE

Citizens Meeting Adopts Emphatic Protest

A HARDSHIP AND UNWARRANTED-STRENUOUS SPEECHES MADE.

At the citizens' meeting held in Murray's Hall last night, the following resolution was moved by Ex-Ald. McManamy, seconded by Mr. M. E. Echenberg, and unanimously adopted: "Whereas, the present Water By-Law that was adopted by the City Council, fifteen years ago, the greatest possible care was then given to prepare a tariff that would supply water to the small consumer at the lowest possible rates;

"And, whereas, the tariff for water then adopted has given perfect satisfaction, and has never since been complained of for any reason whatever;

"And, whereas, the present tariff for water has created a revenue which covers all expenditure, interest on bonds, improvements, and additions to the Waterworks; also showing an annual profit of about \$10,000.

"And, whereas, under the present satisfactory circumstances, in connection with the above said Water By-Law; that to make any changes that would have for effect the raising of the price of water to the small consumer, to twice or three times its present rate, would certainly be a severe hardship to the working class in this city.

"And, whereas, it is the bounden duty of our City Fathers, to recognize that the working man is the backbone of the city's prosperity and that in the interests of Sherbrooke, all Municipal Legislation should be made in such manner, that the rights and privileges of the working man should be especially and fully recognized by its justice and liberality towards the working man.

"We would, therefore, respectfully request, that no water meters be forcibly placed on small consumers; and that wherever water meters have been placed against the will of the consumers such meters be at once removed.

Ex-Ald. McManamy in submitting the resolution stated that the rates of some small water consumers had been increased from \$7 to \$18 or \$19 under the meter system. There was no need to disturb the system whatever. With the aid of the working men of the city he had carried the waterworks purchase question to a satisfactory issue. The concern was paying salaries and expenses and giving to the city about \$10,000 annually. The City Council now wanted to save the water in the Magog river, and said the small tenants were wasting it. How could water be measured out of the gallon to working men than a large family? The Almighty supplied the water, and the pumping station which the speaker paid for out of his own pocket, supplied the power. If the Council would not listen to their protest they would take other means. He would not allow any Council to treat them as if they were in Turkey or Russia, or "other places," where autocrats ruled.

If the Council could not see common sense in the resolution it was for the citizens to make them see it when the time came.

Mr. McManamy championed the cause of workmen and said \$300,000 had been granted to citizens of Sherbrooke to enable working men to get employment and not to tax them out of the city.

Mr. M. Echenberg in seconding claimed that the Council was not sincere when they said the installment of meters would save water. How could a landlord who paid the water tax, force a tenant to use less water than before? It would cost \$20,000 to put them in, and \$1,000 to maintain them, and the owner of the house would have to pay \$20 if one froze. The Council ought to have ridiculed the proposition when it was brought forward.

NEED HAVE NO FEAR

PEACEABLE AUSTRIANS AND GERMANS SAFE IN CANADA.

Ottawa, Sept. 3.-"It has come to the attention of the Government that many persons of German and Austro-Hungarian nationality who are residents of Canada, are apprehensive for their safety at the present time," says an official statement issued by the Government.

"In particular," it continues, "the suggestion seems to be that they fear some action on the part of the Government, which might deprive them of their freedom to hold property or to carry on business. These apprehensions, if they exist, are quite unfounded."

The statement then reiterates the Government's intentions towards Germans and Austro-Hungarians in Canada as set forth in orders-in-council, issued some time ago in that regard. Restrictive measures will be taken only in case reservists from these countries attempt to leave Canada or where Germans or Austrians are detected in espionage or acts of a hostile nature.

IMPROPER FEEDING OF FARM ANIMALS

Healthiness in Stock Maintained Only by Diligent Care and Study

It is now generally recognized that diarrhea among young calves is due to a bacterial infection. Several different kinds of bacteria have been found to cause the disease. The great majority of cases, however, are caused by various forms of the common coli bacteria, or by a nearly related species, the paracoli. These species of bacteria are found in the intestines of all healthy animals. Ordinarily they are perfectly harmless. Sometimes, because of improper feeding, or other causes, a calf becomes so weakened that these bacteria are able to set up a severe inflammation in the alimentary canal. This produces the diarrhea or scours, and usually results in the death of the calf. After a passage through one or two such calves, these bacteria acquire a greatly increased virulence. They are then able to attack healthy calves and cause their death. When such a virulent strain is once established in a barn to another on the shoes and clothing. The infected calves are daily passing billions of these bacteria with their droppings. These are carried about from one part of the barn to another on the shoes and clothing of the attendants, by the bedding and even by the dust in the air.

The calves may become infected in various ways. Infection through the navel cord happens occasionally, but this does not occur so frequently as is generally supposed. A much more frequent method of infection is through the mouth. The calf brings its nose the mouth.

To Prevent Disease A knowledge of the cause of the disease renders methods of prevention much simpler. On farms where the disease is not serious it is only necessary to see that the calf is born in a clean stall and is kept well supplied with clean bedding. Such a stall should be thoroughly cleaned and disinfected each time before it is used. After the calf is weaned careful attention should be given to the milk. It is necessary that the milk should be handled in a cleanly manner. The milk must be fresh and should be warmed to 95 deg. F. It should be given in clean pails which are kept especially for that purpose. After use these pails should then be thoroughly washed and scalded. It would be still better if all the milk used were pasteurized by heating barely to 140 deg. F. for twenty minutes. Such treatment will kill all diarrhea and tuberculosis germs. Such precautions if carefully carried out will prevent the disease on farms where it is not a serious infection.

On farms where the infection has gained a strong hold, prevention is a much more difficult task. On such farms the virulent bacteria are spread throughout the barn and the young calves become infected through the straw or even the dust. At such places it might be possible entirely to isolate the young calves in a new stable, where with special attendants and a careful attention to details, the disease might be eradicated. Such methods, however, are usually not practicable.

The Serum Treatment Dr. C. O. Jensen, Copenhagen, Denmark, has devoted a great amount of time to the study of calf diarrhea. As a result of his work he is able to produce a serum or rather several serums against the different forms of this disease. The serum treatment is now used extensively and with excellent results in Denmark and in many parts of Germany.

The preparation of such serums requires a great amount of labor and care if they are to prove successful. Since there are a number of different strains of both coli and paracoli bacteria which can cause the disease it is always necessary to examine calves from each farm in order to find out just which strain of these organisms is causing the disease. Then a serum appropriate for a given farm has been obtained it is only necessary to inject a small quantity of this under the skin of the calf immune to that particular organism and usually no further trouble will be experienced. Dr. Jensen has carefully shown that such methods will both prevent and cure the disease.-F. M. Surface in Breed-ers' Gazette.

Diminutive Firearms A revolver which has been designed for the nervous woman to carry in her vanity bag is probably the smallest weapon of its kind in the world. From the tip of the hammer to the end of the barrel it measures about three inches, and it fires a steel bullet about the size of a pin's head. The weapon, which is the latest production of a leading gunmaker, is beautifully made, with mother-of-pearl mountings.

New Shoe Device Ball and socket fasteners have been patented to hold tongues of shoes in place.

KING ALFONSO'S JOKE

King Alfonso is fond of taking motor trips incognito. He motored recently through a wild region of Castile, and put up at a modest inn.

"I am sure," he said, "that they won't know me here!"

Well, they did not know him there. They treated him like an ordinary traveller. So much so that when he went to shave the next morning he found there was no mirror in his room. So he went into the inn yard in his shirt sleeves, and there a chambermaid brought him a broken piece of mirror which he set up beside the well.

The girl stood chatting with him. Finally she said: "You are not just an ordinary traveller, are you?"

"Why do you ask me that?" "I don't know," said the maid, "but there's something about you-perhaps you belong to the Royal Court at Madrid?"

"Yes, I do," he answered. "Perhaps you work for His Majesty himself?"

"Yes, I do." "And what do you do for him?" asked the chambermaid. "O lots of things," the King replied. "I'm shaving him just now."

LORD CROMER

His Lordship has been called the one man who brought Egypt out of its bankruptcy and changed a mummy-filled land into a land that really lives. The population of Egypt grew under Lord Cromer from under seven millions to over ten. The great pro-consul's health has been giving anxiety to his friend for some time. A very large part of his life has been spent in public service.

A Bird the Thief The residents of Port Eynon, Gower, were mystified by the disappearance of handkerchiefs from clothes lines, and they communicated with the police with a view to the discovery of the thief. Now the thief has been discovered. A Swansea boy was observed nesting round Port Eynon, and found in a large oak tree a bird's nest constructed of the missing handkerchiefs, twisted into knots, among the twigs.

CLOSING DAY AT BROME

Weather Caused Decrease in Attendance Yesterday

LARGE ATTENDANCE EXPECTED TODAY—MIDWAY ATTRACTIVE

Brome, Sept. 3.—(Special)—Fine weather was experienced today at the last day of the Brome County Fair, and the attendance was good. Yesterday afternoon Messrs. L. A. Bayley, President, J. E. Poutre, F. B. Wilson and L. Codere, directors of Canada's Great Eastern Exhibition, arrived on the grounds from Sherbrooke, by auto. They had a somewhat strenuous time coming through owing to the heavy rains. They were

Mr. Alex. Burnett, President of Brome County Agricultural Society, much impressed with the extent of the fair and the crowd of people in attendance.

On their arrival, Mr. Bayley stated to the President, Mr. A. Burnett, and Mr. G. F. Hall, Secretary, that they had made a promise to be present at Brome County Fair this year on the second day, and although they had come under somewhat trying conditions of the roads they were pleased to be present at one of the banner county fairs of the Province of Quebec.

After taking in the sights the Brome County party was entertained in the Society's dining hall on the grounds and they left later for Sherbrooke.

THE RACES.

The races yesterday afternoon were well contested and in one class there were no less than eight entries.

The summary follows:

Brome, Sept. 3.—(Special)—The weather broke clear about eleven o'clock yesterday and by one o'clock the attendance was larger than was anticipated by the directors. The receipts, however, were considerably behind those of the second day last year. It is expected, however, that if the weather holds good the deficiency of the first two days will be more than made up.

The judges completed their labors in all departments, with the exception of the fancy drivers, which will

FRENCH GOV'T REMOVED

(Continued from Page 1)

In the ranks have been filled up immediately from the waiting reserve forces, when the calling out of a new class of recruits brings us to-morrow new resources in men and energy.

"Endure! Fight! While on the field our Allies aid us to cut the enemy's communications with the world.

"Endure! Fight! While the Russians continue to carry a decisive blow to the heart of the German Empire. It is for the Government of this republic to direct this existence to the very end.

"To give to this formidable struggle all its vigor and efficiency it is indispensable that the Government retain the mastery of its own action. Upon the demand of the military authorities, therefore, the Government transfers its seat to a point on the national territory where it can be in constant relations with the whole country. It asks the deputies to accompany it in order to form in the face of the enemy a centre of national unity.

"The Government leaves Paris only after having assured the defence of the city and the fortified stronghold of Paris by all means in its power. It knows it does not need to recommend calm resolve and sang froid to the population, for the people have shown every day that they have a full realization of their great duty.

"Frenchmen! All be worthy of these tragic circumstances. We will win final victory. We will obtain it by our relenting will, by our endurance, by our tenacity. The nation which does not desire to perish and which does not retreat before suffering or sacrifice is sure to conquer!"

be finished in front of the grand stand this afternoon.

NOTES.

The Knowlton band, under the direction of Mr. H. Hubbard discoursed music from the grand stand.

Sherbrooke Exhibition advertising car was conspicuous in the space allotted for autos.

Mr. H. Parsons and Mr. A. West were again at their posts in the Secretary's office, and their presence there lends considerable to the smooth running of the office.

Mr. Geo. F. Hall, the general secretary, has completed fifteen years in office. He is a highly respected official, and has a cheery word for all with whom he comes in contact, no matter what the rush is.

Mr. A. Burnett, the President, and his directors, are live wires during fair days. They have their tasks apportioned to them and by doing their work things run smoothly, and the result is a successful fair.

The midway was larger than ever before. The owners of the different booths pay but a small sum for space, as the directors believe in allowing in as many shows as possible as it tends to keep "things going."

The main building is well filled. Rumor has it that the representative of the Woman's Suffrage movement was not received with open arms by the representatives of the W.C.T.U. The literature distributed by the former was not altogether to the liking of the local ladies.

The Brome County Society and Sutton Horticultural Society have a membership of between 900 and 1,000 members. This is a record hard to beat in the province. All are interested in the welfare of the Society and tend to keep the fair in the forefront of county fairs.

The Society is good to the horsemen who come to take part in the trotting events. The whole stable staff are fed at the expense of the society.

Posters were put around the grounds and buildings, signed by Mr. R. A. Wilson, Warden of the county of Brome, calling a meeting of the citizens to form a patriotic Association to be held at Knowlton on Monday, Sept. 7th.

Among the visitors on the grounds yesterday were Mr. W. F. Vilas, M. P.P., and Mr. Justice Lynch.

VALUATION UNJUSTIFIED

Citizens Public Meeting Sends Protest to City Council

ASKS THAT NEW ROLL BE NOT HOMOLOGATED—LEVY AN OLD ROLL AFTER REVISION

Murray's Hall was filled with citizens at the meeting held last night to protest against the increases in the valuation roll and the installation of water meters.

Mr. John Leonard, K.C., was voted to the chair, and Lt.-Col. T. S. Somers acted as Secretary.

Resolutions were unanimously passed in each case for presentation to the City Council.

The valuation question was first proceeded with.

The Chairman in opening the meeting said the first duty of a citizen was to do his share in looking after the affairs of his city and he was glad that those present had awakened to their responsibilities as citizens. They had remained dormant too long, and had criticized public affairs privately instead of discussing them in public.

Referring to the object of the meeting the chairman said it was rather generally conceded that the valuation roll of the present year was not satisfactory to any of the ratepayers. Either valuers in past years or the present valuers were incompetent. The valuation roll of this year showed increases of ten to thirty per cent. Taking into consideration the hard winter before them and the industrial conditions of Sherbrooke, the question to discuss was "Were the valuers justified in raising the figures in that manner?"

Ex-Ald. McManamy said that for three years the valuation roll had been increased, from 1911 to 1913. What was the reason it was increased this year to such an extent? In 1911 the city was living within its income. The Council had an income this year of \$55,000 more than it had two years ago—representing an increase of 50 per cent. Three years ago it was publicly advocated that it was a good policy to increase the valuation of the properties for various reasons to enable them to borrow more money or sell for a higher price etc. No particular objection was then made. The valuation was increased and had been increased ever since and instead of keeping their promises to reduce the rate, the Council had added two mills on the dollar.

The valuers had made an increase this year of from 10 to 30 per cent (voices: "More than that—65 and 80 per cent in some cases"). There seemed to be nothing regular, and it was reported generally through the city while the valuation roll was being made in the summer that the Council had given instructions for it to be increased in order to increase the revenue.

Ex-Ald. McManamy maintained that there was no reason for increasing the rate. He cited the condition of the streets, which he termed shameful, especially considering the revenue increase of 50 per cent. While it may be a good policy to increase the valuation the rate should have been lowered, but it had been increased with a vengeance, beyond the actual value in the present roll.

Everywhere in the city there were complaints of hard times, business depression and unemployed, but there were no hard times in the City Council; officials were getting their salaries raised whether they were worth it or not. It was the citizens' own fault. Twenty-five or thirty years ago contests used to be held and they chose their men, but now if a broomstick was dressed up and brought out as a candidate he would be elected. There was now no policy, the officers and clerks were supposed to do all the work, and the Aldermen did nothing.

Today property could not be sold in the city nor mortgaged and many houses were "to let." Was that progress? No—the very opposite. It was the man who would have to pay taxes on the present valuation who would feel the hardship.

When the Aldermen were taken to task in discussing the \$200,000 by-law a month or two ago they got indignant and felt insulted and never even gave an account of the situation. He moved the following resolution:

THE RESOLUTION

"Whereas, the valuation of real estate of this city has been raised consecutively each year since 1911

"And Whereas, the valuation made for 1914, and now under inspection, shows a general increase, of all city real estate, of from 10 to 30 p. c.

"And whereas, the said increase in the value of real estate is unjustifiable and unwarranted; as it cannot be pretended that the value of real estate in this city has had any increase in real or prospective value during the past year

"And whereas, the valuation roll made for the present year, under existing circumstances, is excessive, unjust and unfair, and if maintained would be oppressive to the ratepayers generally,

"And whereas, the valuation roll of 1913 was objected to by many ratepayers, and several of the objections were maintained by the City Council,

"And whereas, the present valuation roll is still more objectionable than the valuation of 1913, before the same was revised.

"We would, therefore, respectfully submit that in order to do justice to the ratepayers generally, that the City Council see fit to not homologate the present roll, now under in-

SCOTSTOWN EXHIBITION

Poultry Exhibit Double Size of Past Exhibits

YESTERDAY'S RAIN KEPT MANY AWAY—PRIZE LIST

Scotstown, Sept. 3.—(Special)—Yesterday afternoon's attendance at the annual fair here was larger than was expected. The grounds were soon dried up so that everyone was comfortable. The race track was not in very good condition but one race was pulled off which was quite interesting.

This was a buggy race. There were five contestants. Dixie Dan, owned by Scott brothers of this town, got the first money.

Mr. Duncan McLeod, immigration agent for the government, is here, not only giving advice in regard to getting help for the farmers, but the public is advised by large posters to buy Canadian or British made goods. This is put in the form of a patriotic appeal.

Another noticeable feature is the fact that poultry exhibit this year is about double what it has been in the past. This is due to a good deal to the Macdonald College contest which has been going on in the schools of the county.

The judges accomplished much of their work yesterday, so that today is given up to sports of all kinds.

specification, but that the real estate taxes about to be levied be levied upon the valuation roll now in force, with revision.

"And whereas, the revenue from real estate taxes for the present year 1914 is at least \$50,000 more than in the year 1912, we are of opinion that our city fathers should adjust public expenses to meet the present depressed situation in all lines of business employment, manufacturing, trade and commerce.

"We would, therefore, respectfully request that the City Council meet the present extraordinary depression

in the financial situation now existing by being as economical in public affairs as possible.

Ex-Ald. C.F. Olivier seconded.

Speeches in support were delivered by Messrs. W.R. Webster, F. Tillington, T.T. Delisle, P. Fortin, Lachance, W. Ballantyne, J.P. Holyon, C.C. Cabana, J.R. Duncan, and F.N. McCrea, M.P.

A letter was read from Mr. J. S. Mitchell, who was absent from the city, enclosing a copy of resolution passed by the Sherbrooke Board of Trade, on the question, which the writer said expressed precisely his views in regard to the matter.

Mr. F.N. McCrea, in his remarks complained that his valuation had been increased \$5,000 whereas he had made no improvements.

The speaker saw every reason for a decrease in valuation this year, as property could not be sold for the same price as formerly.

Referring to the \$200,000 by-law, which was recently turned down, Mr. McCrea said that ninety percent of the people were in favor of permanent road improvements, but were not in favor of the system adopted by the City Council, as they were not getting value for their money and were not satisfied to trust the present regime with spending it. The Council had threatened to resign—he would like them to reform their present system or resign.

Mr. McCrea complained that the streets were no better than when he came to the city 13 years ago when the population was much less and the valuation only half of the present amount. He did not object to extra taxation, providing the valuation was uniform, and they got improvements, but under existing conditions the rate should be "downwards."

The speaker objected to the City Council having raised the salaries of some of the officials who were no good, when so many men were out of employment. In that connection he thought the present was an opportunity to find work for the unemployed on the streets.

The resolution was put and carried unanimously and the following gentlemen were appointed a committee to take charge of it: Ex-Alderman MacManamy, Ex-Ald. C.F. Olivier, Ex-Ald. Thompson, F.N. McCrea, M.P., Dr. Ledoux, Messrs. J.S. Mitchell, M. Echenberg, P. Fortin, W.R. Webster, J.R. Duncan, Jos. Landry, T. Daigle, and T.T. Delisle, and Lt.-Col. T.S. Somers.
