AGREEMENT REGARDING IRISH BOUNDARY LINE Immense Crowds File Past The Body Of Pope Benedict

MORTAL REMAINS OF POPE BENEDICT PLACED IN BASILICA OF ST. PETER'S--DIED EARLY SUNDAY-- CARDINAL GASPARRI MENTIONED AS SUCCESSOR

College of Cardinals Divided into Two Almost Equal Groups on Question of Successor to Pope Benedict, One Desiring the Next Pope to Come from Outside Italy, While the Other Thinks He Should Be a Native of Rome--Late This Afternoon the Body of the Pope Was Transferred from the Sistine Chapel to the Basilica of St. Peter's, Where It Will Remain Until the Final Funeral Arrangements.

(Associated Press Despatch)

ROME, January 23.—In the Basilica of St. Peter's historic church of his faith, the body of Pope Benedict XV. lay in state today, while vast throngs passed reverently before the catafalque. Early in the day the body of the late Pontiff, whose death in the early hours of Sunday plunged the church throughout the world into deepest mourning, was taken to the Sistine Chapel from the throne room of the Vatican, where it had been placed on Sunday, shortly after his death. Then, at 9.45 o'clock, it was solemnly carried to St. Peter's, attended by a procession of cardinals, priests, members of the diplomatic corps and dignitaries of the Vatican, and placed on the catafalque, surrounded by votive candles.

Word was given that the public of Rome would be admitted to St. Peter's up to eleven o'clock, and immense crowds immediately began entering the vast edifice and filing by the body of the dead Pontiff.

POPE DIED AT SIX O'CLOCK, YESTERDAY MORNING
(Associated Press Despatch)

ROME, Jan. 23.—Pope Benedict breathed his last at six o'clock, yesterday morning, after a long night of intense agony, now and then lapsing into delirium. Cardinal Gasparri is prominently mentioned as his successor. The College of Cardinals is divided into two almost equal groups, one desiring the next Pope to come from outside Italy, and the other, who think he should be a native of Rome.

SACRED COLLEGE WILL OPEN CONFERENCE ON FEBRUARY 1ST
(Associated Press Despatch)

ROME, Jan. 23.—The meeting of the Sacred College in conclave to elect a successor to Pope Benedict, will open February 1st or February 2nd, it was stated today.

While all the cardinals resident in Europe are expected to reach Rome in time for the conclave, it is considered extremely doubtful here whether the United States cardinals will find it possible to be present, at least for the opening of the session, as the date set is hardly ten days away.

For the first time in history an Italian Cabinet Minister was received on Saturday at the Vatican, when Minister of Agriculture, Mauri, called there to enquire as to the health of Pope Benedict.

AGREEMENT IS REACHED RELATIVE TO THE BOUNDARY LINE BETWEEN NORTH AND SOUTH OF IRELAND

Stated that the Agreement Arrived at Between Sir James Craig, Premier of Ulster, and Michael Collins, Head of the Irish Provisional Government, Holds Out Promise of a Peaceful Settlement Between Northern and Southern Ireland.

(Associated Press Despatch.)

LONDON, Jan. 23.—It was announced Saturday that Michael Collins, head of the Irish Provisional Government, and Sir James Craig, Premier of Ulster had arrived at a mutual agreement, which holds out promise of a peaceful settlement between the North and South.

EXPRESS SATISFACTION WITH AGREEMENT.

(Associated Press Despatch.)

DUBLIN, Jan. 23.—Satisfaction with the agreement reached late last week between Michael Collins and Sir James Craig, the Premier of Ulster, relative to the boundary between North and South Ireland, was expressed today by the "Independent."

"It is a great and decided advance toward Irish Union," the newspaper declared, "and this advance is all the greater because an agreement was scarcely hoped for at this early stage of the negotiations. Since so much has been accomplished, it is too much to hope that greater and more vital agreements will follow future conferences?"

COMMENT ON THE AGREEMENT.

(Associated Press Despatch.)

BELFAST, Jan. 23.—Great importance is not attached to statements issued by Michael Collins, and Sir James Craig, relative to their negotiations regarding a boundary between heretofore discordant sections of the Island.

The Northern Whig, a Unionist organ, while taking this view, admits it hopes the agreement is a harbinger of peace, and says that the lifting of the boycott of Northern Ireland by the Sinn Feiners will be a step in that direction.

"The bitterness engendered by the past three years will not disappear in a day," the newspaper says, "but it should be the earnest endeavor of every one desirous of peace and good will to work toward such an end. Real peace is worth winning and must be won."

Commenting upon the agreement, the Irish News says: "The attempt to dissect Ireland has failed, and wise men who have recognized that fact are laying the foundations of reunion. The agreement plainly has been framed to lead to better things and should clarify the situation for all nationalists in the six counties of Ulster. It is their duty to devise a more suitable method of preserving and advancing their material interests than the curious ineffective method of doing nothing."

MARTIAL LAW DECLARED.

DUBLIN, Jan. 23.—Martial law has been declared in the Kilmallock area by the Irish Republican Army Brigade Commander at Limerick, owing to hay burning and other disorders.

TAKAHASHI APPEARS TO HEAD STABLE GOVERNMENT

Opposition Is Expected to Press Its Attack in Lower House of Parliament.

(Associated Press Despatch.)

TOKIO, Jan. 23.—Premier Takahashi, firmly entrenched by the support of the Seiyu-Kai party, of which he is a leader, appears to be at the head of a stable government. While the opposition party is expected to press its attacks in the lower house of parliament, it is believed that the Premier's adherents are strong enough to prevent any danger of his being overthrown. There will, however, be during the session of parliament, a great oratorical display on the part of Opposition leaders, who will doubtless appeal for popular support.

MUCH DAMAGE IS CAUSED BY THE RIOTERS

Police at New Aberdeen Fired Over Heads of Mob—Six Policemen Were Injured.

(Associated Press Despatch.)

SYDNEY, Jan. 23.—Further disturbances broke out last night at New Aberdeen, near Glace Bay, where on Saturday morning rioters looted the Dominion Coal Company's store of foodstuffs valued at five hundred dollars and again later Saturday evening made another raid, partially wrecking the building, and carrying off goods worth eight thousand dollars. In the second riot six policemen were injured. Last night there were reports of warehouses being looted and some shooting.

A mob raided the Dominion Coal Company's store number 2 and two warehouses last night and looted or destroyed property valued at one hundred thousand dollars. The company's police fired over the heads of the mob. A heavy storm dispersed the rioters at an early hour this morning.

KNOWS NO REASON FOR RIOTS

(Associated Press Despatch.)

FALFA, N. S., Jan. 23.—H. J. McCann, assistant general manager of the Dominion Coal Company, in a statement issued here, declared the company's officials knew no cause for the raiding of the company's store at New Aberdeen, on Saturday and Sunday. "There are" the statement says, "two large mines at this centre, which worked respectively 241 and 239 days in 1921, and twenty-three days in December out of a possible twenty-four days."

The wages paid to the end of 1921 in these two collieries averaged, including men and boys, \$120 per month, and were the highest ever paid to any body of miners in Nova Scotia for a similar period.

This belief is stimulated by the fact that none of them have been seen since.

The damage caused by the outbreak is now estimated to be in the vicinity of \$500,000, although earlier reports placed it at not more than \$250,000.

Stated Soviet Officials Will Make Claims Against Various European Powers and the United States.

(Associated Press Despatch.)

MOSCOW, Jan. 23.—Bolshevik delegates to the Genoa Conference will present reparations claims there against various European powers and the United States. If these claims are rendered in terms of Bolshevik rubles, new names for large amounts may be necessary, for the familiar terms of the decimal system will not cover the staggering sums claimed by this country, which issues single bills for one hundred million rubles, and discusses deficits of trillions of rubles as mere bagatelles.

Anaemia

Thin, watery blood is no more nourishing than thin, watery milk—skim milk.

But you can soon enrich thin blood, overcome the anaemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. C. Simmons, 42 Curtis St., Brantford, Ont., writes:

"For about eight years I suffered from anaemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and easily worried or irritated. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I often was attacked by weak spells. I went to a doctor, who told me I was anaemic, but as I did not get any better I decided to try Dr. Chase's Nerve Food, and after the first box I felt brighter and my headaches completely disappeared. I continued using the Nerve Food for quite a while. I am quite well now, and cheerfully and gratefully recommend Dr. Chase's Nerve Food to people suffering as I did before I used this splendid medicine."

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's uric waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

air, quite unconscious. No doctor being at hand, Mr. Leduke by employing the usual means applied to persons rescued from the water, succeeded in bringing him to. He has now fully recovered. He came from Montreal last summer through the Agricultural Agency to work for Mr. Leduke, and returned towards fall. Not long ago he came back and reengaged. He is a native of South American, is of partial Spanish and East Indian descent. His parents have come north and are living in New York.

Mr. and Mrs. Chester McClary were here from Lindonville, a couple of days the past week, and with members of the family here, attended the funeral of her father, Mr. Alva Tyler, at Barnston Corner, which was conducted by Rev. Margara, of North Hatley. The nine daughters of Mr. and Mrs. Tyler were all able to attend the funeral, and his death was the first to break the family circle. He leaves thirty-one grandchildren and forty-five great-grandchildren.

WINDSOR MILLS

ANNUAL VESTRY MEETING ST. GEORGE'S CHURCH.

The annual vestry meeting of St. George's Church took place in the basement of the church on Monday, January 16th, at 8 p.m. The attendance was the largest for some years past, and included three of the women of the congregation, who came to avail themselves of the privilege of taking part, under the revised canon, in the business of the church. Reports were presented by the incumbent, Mr. F. Willment, people's warden; Mr. H. G. Goodfellow, superintendent of the Sunday School; Mrs. F. Willment, secretary of the Ladies' Guild, and in the absence of the officers of the W. A., by the incumbent on its behalf. All the reports were of an encouraging character, showing that progress is being made and that there is a spirit of hopefulness in regard to the future. The incumbent reported forty-two families on the roll, and a total of one hundred and eighty-nine individuals, including eighty-four who have been confirmed. The people's warden presented a financial statement showing an increased revenue, and a substantial balance. The Sunday School report showed that thirty-nine scholars had attended at least once during the past year. Attendance leaves room for much improvement, but there are evidences of an awakening interest. The Guild had a very successful year, and is looking forward to even greater things. The W. A. has carried on its work steadily with a small active membership, and is hoping to add to its numbers in the near future.

The incumbent expressed his desire to see some method devised for providing opportunities for friendly intercourse between the members of the congregation, and particularly for the young people. He also expressed the view that the budget proportionate to the needs of the great needs of the mission field, ought to be regarded as the minimum and not the maximum objective. That is to say, no individual or congregation should be satisfied with giving less than he or it, is able for the extension of Christ's Kingdom. The

election of wardens resulted in the reappointment of Mr. Henry Gilbert as clerk, Mr. W. F. Willment as secretary, and Mr. F. Willment as financial committee, consisting of Messrs. David Stuart, Walter Wheeler, W. Ponder, H. G. Goodfellow and C. Stevens was appointed to assist the wardens by making a canvass of the congregation with a view to securing an increased revenue if possible. Messrs. J. I. McCabe and J. G. Hurley were appointed auditors; Messrs. A. Monro, N. A. Knapp and D. Stuart sidesmen.

The question having been raised as to the desirability, if practicable, of moving the church at some future time, the vestry expressed itself as being in favor of such action, if, after careful investigation, the project is found to be feasible. A committee consisting of Messrs. H. G. Gilbert, W. H. Wheeler and H. G. Goodfellow was appointed to study the question and to report at the next annual, or if they wish, at a special meeting of the vestry. The thanks of the incumbent and of the vestry were expressed to the wardens, Sunday School workers, organists, choir officers and members of the Guild and W. A. for their services during the past year.

Mrs. Walter Henderson, who has spent several months with her sister, Miss Ada McCullough, left on Thursday to visit her sister, Mrs. Anderson (Maud) at Braintree, Mass., for some time.

DYSPEPTIC DIET NO LONGER NECESSARY

The old plan of prescribing strict diet for dyspeptics and stomach sufferers is no longer popular among progressive medical men partly because of its weakening effect but mostly because of the discovery that nearly all stomach trouble is due to excessive acidity. The organs of digestion are themselves all right but acid in the stomach irritates and inflames the delicate stomach lining and causes sourness and premature food fermentation. The logical treatment, therefore, is to get rid of the acid, when natural pepsin digestion will follow.

For this purpose a teaspoonful or four tablets of Bismarck Magnesia in a little water neutralizes the acid, stops the fermentation of the food, dispels the gas, and thus permits the stomach to proceed with its work without hindrance. Owing to its prompt and certain action Bismarck Magnesia, which is obtainable from any druggist, in either tablet or powder form, should always be used in preference to the other forms of magnesia, such as the milks, citrates, carbonates or oxides. Stomach sufferers are advised to try this plan for three weeks and note results.

LAKE MEGANTIC

We are in receipt of School Inspector O. F. McCutcheon's annual report for 1920-21, from which we can follow the items of interest in regard to nearby elementary schools: Ditchfield receives the first prize of \$60 for improvement and progress, and the classification of others with regard to length of school year, condition of school-houses, supply of apparatus, salaries and payment of teachers, etc., is excellent for Maine, good for Ditchfield and Hampden, and fair for Marston and Winslow.

The new skating rink under the management of Mr. Leo. Bisette promises to be the best and most successful amusement and recreation enterprise that Megantic has had. The success of the last masquerade was so encouraging that the Lake Megantic band is now planning for a big time the first week of February, which will take the form of a band concert, and a good time is anticipated for everybody, whether skaters or onlookers. All those having costumes are requested to have them in readiness for the coming event. Megantic is attracting outsiders to its amusements, and many from the surrounding country are expected to take part in the next masquerade.

BURY

FUNERAL OF LATE MRS. BRAZENALL.

On December 27th there passed away Mrs. Enoch Brazenall, after only a few days' illness, following a paralytic stroke, from which she never regained consciousness. The late Mrs. Brazenall was born in Roden, Shropshire, England, coming to Canada over twenty-five years ago with her husband, who predeceased her only a few weeks ago.

Although she had reached the good old age of eighty-six years, she was able to attend to her household duties until a few days before her death.

She was of a quiet disposition, a kind wife and mother, and a good neighbor. She leaves to mourn her loss her two sons, Dr. Frank Brazenall, of Shelbrook, Sask., and Dr. Thos. Brazenall, of Bury, who with his wife and son, looked after her mother and tenderly cared for her in her last illness.

The funeral service was held at her late residence on December 29th. The Rev. McDonald, of Cookshire, officiated in the absence of the Rev. C. T. Lewis. The remains were laid to rest beside her late husband in St. Paul's Cemetery, the casket being covered with beautiful flowers.

The week of prayer observed at the Bury Methodist Church, January 8th to 13th, was carried out according to schedule, and resulted in a series of meetings that were exceedingly interesting and highly helpful throughout. This series of meetings was given at its first meeting on the Sunday evening, such a send-off, by the pastor, Rev. M. Brundage, as was indicative of the good things to follow. To briefly touch on each of the series, we may say that, on Monday, the Rev. Pergau was exceedingly fortunate in choice of subject, taking as his text, "Lay not up for yourselves treasures upon earth," noting that the three enemies of all good are moth, rust and theft, and leading up to the treasure house of heaven where neither moth nor rust doth corrupt or thieves break through and steal. On Tuesday evening, Rev. J. W. Shier most ably dealt with that all important question, "What think ye of Christ?" On Wednesday, the Rev. Arthur Shorten gave an old-time gospel sermon on the text, "Thy Kingdom come." Thursday evening, the Rev. John Stark spoke eloquently from 2nd Chron., 20th chapter, 16th verse, on the valley of Berachah. Friday evening, the Rev. Mr. Wornell, of Cookshire, gave an able and practical address on the parable of Dives and Lazarus. Considering the inclemency of the weather throughout the week, the attendance was very good. The song services which preceded each meeting were apparently greatly appreciated and enjoyed. One most pleasing feature of the services was the reappearance in the choir of Mrs. James Whitehead on several evenings. The whole series fittingly closed with a rousing song service on Sunday evening, at which, in spite of the storm, a large and appreciative congregation was present.

On Wednesday evening last the Bury Junior hockey team were at home to Bishop's Crossing. A fine game resulted in a win for Bury by 7 to 3.

On Wednesday evening the local Snowshoe Club had their first tramp of the season. There was a good turnout and a most enjoyable time was experienced. Refreshments were served at the club room at the close of the tramp.

Advantage of the fact that the Odd Fellows' piano was being tuned and put in order was taken to have the organ of the Methodist Church overhauled and put into first class trim.

ANNIVERSARY EVENT HELD AT ST. JOHNS

Old Masonic Lodge Held 130th Annual Banquet—St. James' Vestry Held Annual Session—Personal Notes.

ST. JOHNS, Que. Jan. 23.—Tuesday, January 10th, was the big night of the year for the Masonic fraternity in St. Johns, the occasion being the official visit of the District Deputy Grand Master, R. W. Bro. R. W. Dickson, of Montreal District No. 2, who was accompanied by R. W. Bro. J. T. MacDonald, D.D.G.M. of Montreal District No. 1, and a very large delegation of distinguished Masons from Montreal, also a number of visitors from Clarenceville Lodge, and quite a few from other jurisdictions. After the work of the evening was completed, the officers of Dorchester No. 4 for the year 1922 were duly installed, after which the whole company adjourned to the club rooms where a sumptuous banquet had been laid out. The usual toasts were duly honored, interspersed with speeches and songs of a high order, and the 130th. annual banquet of Old Dorchester only displayed the fact that this old lodge is stronger now than it has ever been in its history.

VESTRY MEETING OF ST. JAMES' CHURCH.

The annual vestry meeting of St. James' Church was held Monday last in the Guild room, the Rev. A. H. Moore, rector, presiding. The attendance was the largest for several years.

Mr. Roy Wilson acted as vestry clerk, and the resignation of Mr. W. R. Simpson as People's Warden was accepted with regret. A resolution of thanks to him and of sympathy in his illness was passed, and resolutions of sympathy with the families of the late Mr. W. F. Thayer, Mrs. Ralph Simpson and Mrs. Martin.

Mr. Wilson was appointed People's Warden, and the annual financial statement was submitted by Mr. W. H. Churchward, auditor. Other matters pertaining to the finances, and business of the executive were discussed and before the meeting adjourned the rector reminded the Vestry that the Royal Letters Patent creating the Rectory were issued in 1822. This is the centennial year of that historic event and he hoped steps would be taken to mark it in a suitable manner.

Personal Notes. Miss Earl has returned to her home in Montreal after a few weeks visit to Mr. and Mrs. R. Simpson.

Mrs. A. J. Wright has been spending a few days in Sherbrooke, the guest of Mrs. J. T. Morkill.

Mrs. Savoy, of Holyoke, Mass., is in town for a few weeks visiting her son, Mr. J. A. Savoy.

Mrs. H. Black is spending a week in Grand Mere with her daughter, Mrs. Turney.

Mr. and Mrs. M. Ford have been in Montreal for a few days, guests of Mr. and Mrs. J. McQuillen.

Mr. W. J. Menhennick, who has been quite ill at the hospital is now improving.

Among business visitors in town this week were Messrs A. E. Rollitt, of East Farnham, G. F. Chisholm, Drummondville, Mr. Way, of the Singer staff, and Messrs Mott and Hamilton, of the same Company, New York; Mr. H. F. Kenworthy, Boston; Messrs Herbert and Harry Kenworthy, and Mr. Errand, of Stroughton, Mass.

According to schedule, and resulted in a series of meetings that were exceedingly interesting and highly helpful throughout. Publicly Indorsed!

TENS of thousands of men and women throughout the United States and Canada, of all ages and in all walks of life, afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse, have testified publicly that they have been fully restored to their normal health, strength and weight by the use of Tanlac.

Still others, who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomach, coated tongue, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and terribly dejected, depressed feelings, state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by Tanlac.

That is the REASON WHY the demand for Tanlac, the powerful Reconstructive Tonic and body builder has broken all world's records.

Tanlac is sold in Sherbrooke by A. E. DuBerger and W. H. Griffith and by leading druggists and general merchants everywhere.

SAWYERVILLE FARMERS' CLUB HELD ANNUAL

Most Encouraging Reports Presented for the Past Year—Directors Were Elected.

SAWYERVILLE, Que. Jan. 23.—The annual business meeting of the Sawyerville Farmers' Club was held in the Orange Hall, Sawyerville, on January 11th with a large number of members being present.

The Club was able to show an increase in all its branches. The total paid membership for the year 1921 was one hundred and fifty-five, an increase of six members.

During the last year seventeen carloads of goods were handled as compared with eight the previous year. Owing to the drop in prices the volume of business does not show quite the same difference, business for the year 1921 amounting to \$21,000 as compared with \$14,000 for 1920.

Cash on hand and inventory for 1921 showed \$184 as compared with cash on hand of \$51.00 for 1920. The past year has been conceded to have been a hard year to do business in, owing to the continued drop in prices and the small balance to the Club's credit at the end of the year is very satisfactory.

After the reading of the various reports, the following seven directors were elected for the year 1922: Messrs Clement Flaws, John Bain, Alex. Matthew, George Halliday, Wesley Lawrey, Willie Montgomery, Henry French.

At present writing the directors have not yet met to elect a President, Vice-President and Secretary-Treasurer. The Club expects to have Mr. A. McWilliams, chief of the L. A. Stock Board, Ottawa, address the members at the next meeting, the date of which will be announced later.

AN ALL-ROUND PLEASANTRY. "You insist on laughing at my new hat," said Brown's wife severely. "Yes," answered her husband, "I can't get away from the idea that it is a joke."

"A joke! On whom, pray?" "Well, when you wear it it's a joke on you; and when I pay for it it's a joke on me."

Many a man gets a good recommendation because his former employer is willing to strain the truth to get rid of him.

RHEUMATISM vs. T.R.C.'s

Lumbago, Neuritis, Sciatica. Have you given up? Have you resigned yourself to that old, gnawing pain that nothing seems to relieve? Do you think because you can't get to Hot Springs or take some expensive treatment that you have no other alternative? We have many cases considered hopeless, tried everything, baths, acurms, electricity, who found recovery in using T.R.C.'s (Templeton's Rheumatic Capsules). We have thousands of letters that prove beyond doubt T.R.C.'s to be the most practical and successful Rheumatic remedy sold. At druggists, \$1.00 per box. For Free Trial write Templeton, Toronto.

Miss Carrie A. Knowlton, 48 Prospect Street, formerly a well known nurse and for twenty years a resident of Gardiner, Mass., died on Thursday, December 29, 1921, at the Henry Heywood Memorial Hospital of heart trouble after a lingering illness, aged forty-two years. Carrie was the daughter of the late Mr. Mark Knowlton and the late Mrs. Josephine (Hyatt) Knowlton, who predeceased her last March.

In early youth she united with the Methodist Church in Stukely and has always been a consistent member until she was called to her rest. She was naturally of a very cheerful temperament and made many friends in the course of her work as a nurse. The courageous way in which she kept active and happy after having to discontinue the arduous work of regular nursing has proven an inspiration to a wide circle of friends. The funeral was held at Smith's Chapel and was conducted by the

DON'T NEGLECT BRONCHITIS

The principal symptom of bronchitis is a cough which is dry, harsh and hacking, accompanied with rapid wheezing, and a feeling of tightness through the chest.

There is a raising of phlegm, especially in the morning, after rising from bed. This phlegm is at first of a light color, but as the trouble progresses it becomes of a yellowish or greenish color, and is sometimes streaked with blood.

you will find a remedy that will stimulate the weakened bronchial organs, subdue the inflammation, soothe the irritated parts, loosen the phlegm and mucous, and help nature to easily dislodge the morbid accumulation.

Mr. John H. Root, 40 Maple Ave., Hamilton, Ont., writes: "I was troubled with bronchitis and had a very bad cough. I had it so long I was beginning to get afraid of other developments. I tried all kinds of cough remedies without relief. I was advised by a friend to try Dr. Wood's Norway Pine Syrup. So I got a bottle, and it convinced me to believe that I had at last gotten the right medicine. I used several bottles and am practically well. I have recommended it to others since, and good results followed."

We take it that the British stage, as far as the quality of the plays offered is concerned, is in no better condition than our own. That moment wit, H. To dress appropriately they should really wear bibs and pinafores, carry rattles, and suck lollipops."

For the matron comes a beauteous comb that is shown on the right. The black feathers add just the touch of formality to one's costume. Francisco northward to Bristol Bay in Alaska, we have the Pacific smelt. It is about eight or nine inches in length, a very weak and feeble species. The flavor is excellent, although the flesh is soft. It has not good keeping qualities and soon spoils. Surf smelts are also plentiful in the North Pacific. They are so called because they spawn in the surf. It is a firm-fleshed and fat little fish, slightly inferior to the oulchan in flavor. Quillute Indians of Washington, says Dr. Jordan, believe that "the first surf smelt that appear must not be sold or given away to be taken to another place, nor must they be cut transversely, but split open with a mussel shell."

The pond smelt, dusky in color and slightly transparent, we find in northern waters in Alaska, and in Behring Sea southward to Japan. The pond smelt is somewhat similar to the surf smelt, though only spawning in fresh water ponds.

The grayling, so prolific in Alaska and our own northern waters, is closely allied to the smelt. It is a very gamey fish and an interesting customer for sport fishermen. St. Ambrose once described it as the "flower of fishes," presumably on account of its gray coloring.

As a rule fish are drawn before they are transported to market, as it means a reduction in weight of from fifteen to twenty per cent, but it is only in exceptional cases that this is ever done with the smelt. While smelts are not as

A STORMY WEEK-END. People had got nicely settled down, on Friday, to enjoyment of the ideal winter weather, but on Saturday it took a turn for the

worse with the result that some out-door events were cancelled, on account of the snowfall. The temperature remained above zero until Sunday morning when a strong North wind raised a veritable hurricane, and provided one of the stormiest days of the season.

Toward evening Old Boreas became a little subdued, the temperature, however, dropping with the wind until the mercury stood at twenty below early this morning. This gives a comparison of twenty-five degrees between this morning and yesterday at the same time.

EXCELLENT CONCERT PROGRAMME GIVEN BY THE HARMONY BAND

The concert given in His Majesty's Theatre last evening by the Harmony Band was enjoyed by music lovers who braved the cold to go to the theatre. About four hundred were present, this number, however, being far below the audience anticipated, or what the personnel deserved.

The Harmony Band needs no introduction to local people, and under the baton of Prof. J. J. Goulet it upheld the good reputation it has always enjoyed, the rendering of the overture "Light Cavalry" (Super) being artistic in every detail. Other excellent ensemble numbers were Bidgood's "Bouquet Operatic" and "Tannhauser" grand march, of

which audiences never tire.

Prof. Goulet gave evidence of his art as a director, and a leader who could find the individual capabilities of his players, while in his rendition of "Adoration" (Borowski) he proved himself a violinist par excellence.

Messrs. Carr and Watson, two singers who are always welcomed by a music-loving audience, sang their popular "Watchman, What of the Night," and kindly responded to an encore, Mr. Carr also giving a solo.

Mrs. L. E. Carr accompanied the singers, also Prof. Goulet.

Last night's concert, though not drawing the large audience one might expect, proved to those who heard the programme, the band's qualities as a concert band, upheld, sometimes under great difficulties by the officials and executive.

ROOF BLOWN OFF

Yesterday's gale which swept across the district left a certain amount of destruction in its trail. The Bell Telephone report that about ten long distance telephone wires were broken, but all of these were repaired before noon. The local service was affected to a much greater extent, and about fifty lines were broken, but these will all be connected up again before the end of the day.

A tenement house owned by the Hon. Jacob Nicol, Provincial Treasurer, had half the roof blown off, leaving the occupants in a rather uncomfortable position. The house is located at the corner of Princess and Short Streets, and the roof was blown off shortly after noon yesterday.

ARRESTED FOR PASSING FORGED CHEQUES.

The hearing of three charges of forgery against Edgar Harrington will be heard before Judge W. H. Mulvena tomorrow. Harrington was arrested by the local police following a number of complaints relative to the passing of bogus cheques.

Cheques were passed at Messrs J. Lacombe and Fils, E. Berube's lunch cart and S. Plouffe's a plumber and in each instance the cheque bore the signature Boucher. The amounts were not very large averaging around \$6.00 but Harrington still had a number of cheques in his possession, when arrested, and some of these were found to bear the signatures of B. C. Howard and McGee. One of the cheques was drawn on the Royal Bank while the others were drawn on the Canadian Bank of Commerce. Another cheque, bearing the signature of B. C. Howard is said to have been passed at the Queen's Hotel.

MANY GUESTS AT ROTARY CLUB SESSION.

Tomorrow evening's session of the Rotary Club is attracting considerable interest through the announced visit of Mr. Bares, Superintendent of the Shawbridge Farm. Special invitations have been sent out to a number of prominent citizens, particularly those connected with the welfare of the younger generation.

Among those who have signified their intention of attending the dinner tomorrow evening are: Miss Eva White, President of the Sherbrooke branch of the Red Cross Association, Mrs. C. H. Bowen, Mr. F. N. McCrea, M.P., Justices A. Globensky and C. D. White, Judge W. H. Mulvena, Rev. A. Bright, Rev. E. Perry, Messrs J. M. Jenckes, F. H. Hebert, H. R. Fraser, W. H. Lynch, C. H. Bowen, W. L. Deloitteville, Mr. G. Bogue Smart, Superintendent of Juvenile Immigration for Canada is making a special trip from Ottawa in order to hear Mr. Bares explain the different features associated with the work carried on at the Shawbridge Farm.

SNOWSHOE CLUB ENTERTAINED CHILDREN.

It was children's afternoon at the Sherbrooke Snowshoe Club Saturday afternoon and about seventy-five children, accompanied by their parents, spent a most delightful time.

The Purveyor's culinary attain-

ments are now of household fame, and in many families each member has been privileged to register his appreciation or disapproval of same.

Saturday's menu certainly appealed to the children, and the climax was reached when they were all sent home with a large "Jolly-pop." The elder members, led by President Hunting, entered fully into the spirit of the occasion, the boys enjoying rides on a prehistoric horse, while the girls played "Farmers in the Dell" and other games so dear to childhood.

It was a motley crowd that assembled at the club house. Some of the members tramped out on snowshoes, others brought their sleighs for the children, while still others went out on skis. The event was a great success and the children returned home highly delighted with their afternoon.

SONG SERVICE.

Last night many gathered at the Y.M.C.A. for the regular "song service," which, despite the storm, was one of the best yet held. Two special items were two solos by Hugh Nourse and an instrumental selection by piano and mandoline. Everyone is looking forward to a bigger and better time next Sunday.

BACHAND FOUND GUILTY.

The case of J. Cherie Bachand, former station agent at Lisgar, charged with perjury, is attracting considerable interest in local court circles, and tomorrow's judgment will be awaited with interest.

The charge arose out of the case of Clovis Fournier against John E. Bridge, who was accused of stealing sugar and clover seed. Bachand is said to have given out a statement which implicated Bridge, but later, during the evidence heard before Judge Mulvena in the District Magistrate's Court, he went back on his statement and observed that he had signed it without reading the con-

tents. Bachand was committed for trial, and at the first hearing the jury disagreed, but on Saturday a new jury found him guilty. Judgment was to have been given this morning by Justice C. D. White, but counsel for the accused made application to have same adjourned until tomorrow when it is understood a motion will be presented to have the case passed along to the Court of Appeal.

FOREIGN WORK.

With a deficit of \$535,242.25 on December 31st, on January 14th the foreign work department of the Y.M.C.A. closed its books with a balance on hand of \$411.10. This is one of the most satisfactory items of news that has come through from the international headquarters of New York. With business and industrial depression all over Canada and the United States it was deemed almost impossible that the deficit could be made good, and the fact that a lot of curtailment would be necessary in this most important work found a sorrowful place in the lives of most of the workers.

However, some of our workers said "a deficit must not be," and by work and prayer the deficit was turned to a surplus, and so encourages the faith of all for one of the biggest and best years in the foreign work of the Y.M.C.A. in 1922.

UNCLE JIM'S LETTER

Dear Corner Boys and Girls:

The mailman has been very good to me this week, bringing letters from friends, old and new. Donald's letter was nicely written and is interesting. It is one of the finest things in life for boys and girls to care for animals and learn to love them; then they will treat them kindly. I would like to see Miss "Betty" and, perhaps, if I should come to Bulwer, Donald would take me for a ride, too. We are also pleased to have little Melba for a visitor this week.

I think Wilbert, Sam and Eddie have each made a good choice in regard to their future business career. Such men will always be needed, and what an interesting Corner family we will have when we grow up!

I am going to wait until I receive this week's letters before I put the answer to the hidden mountain ranges in the puzzle corner. Donald did very well to guess the first fireside questions, and I think if you kept your thinking cap on a little longer, Donald, you would have got the two

last ones.

I hope all the Corner folk, especially the juniors will enter the contest with the determination to have their name at the top of the list of winners. I am sure the wonderful titles that are offered will be an extra inducement to every one. It is "quite the style," you know to have letters after one's name, and the winners in the word contest can have P. G., K.O.T.F., or P.O.T.A. after their names. That will be a good start-off for the Corner folk, won't it? Now, Chauffeur Wilbert, Astronomer Sam, and Farmer Eddie, get into the ring with all the other cousins, and, "we'll see what we shall see."

If there is anything you do not understand, write to Uncle Jim about it. In closing I will add that we want the boys and girls in the United States, Western Canada, and in any place where the Record goes to take part in the Corner contests and the boys' and girls' correspondence section. Here's good luck to all, from

UNCLE JIM.

THE STORY OF THE BLUE BIRD.

In the story of the Blue Bird, Maurice Maeterlinck, the famous Belgian writer, tells the story of the search for happiness. The two children go over the world seeking the blue bird, which stands for happiness, and they find many birds that seem blue in certain lights, but when seen closely are of some other color. Finally, after enduring many dangers, and becoming weary with their search, they—but we will learn that in the pretty story.

One Christmas Eve a little boy and girl, named Tyltyl and Mytyl, were sound asleep in their beds. Their mother had just crept in to tuck them up for the night, and turned down the light, had tiptoed out again. She felt a little sad, because owing to the stormy weather their father was not able to work in the forest; and she had no money to buy presents for them.

Suddenly the children opened their eyes and sat up in bed with a strange feeling that something was going to happen. The light in the lamp flickered faintly, and a soft yellow glow poured through the closed shutters of the window.

"Mytyl, are you asleep?" whispered Tyltyl.

"No, are you?" returned Mytyl.

"No," retorted Tyltyl, with boyish scorn; "how can I be asleep when I am talking to you?"

For a few moments they whispered together. Then Tyltyl said abruptly, "I have an idea!"

"What?" asked Mytyl eagerly.

"See the light coming in through the shutters. The rich children opposite are having a party. Let's get up and look."

"But we mustn't," said Mytyl, taken aback at her big brother's daring.

"Why not?" returned Tyltyl, with big scorn for consequences.

Hand in hand they ran across the room in their bare feet, and pushing back the shutters, looked eagerly out. Sure enough, through the windows of the big house across the street they could see a fine Christmas tree laden with presents and children in beautiful frocks dancing about. Suddenly, as Tyltyl and Mytyl knelt on the stool at the window, pressing their noses against the cold window pane, a loud knock sounded at the door.

"What's that?" asked Tyltyl, startled.

As he spoke the door opened and a little old woman stepped into the room. She was dressed all in green with a big red hood, and she leaned heavily on a big ebony stick.

"I am the Fairy Berylune," she said. "Have you here the bird that is blue or the grass that sings? I need the Blue Bird for my little girl who is very ill."

There was a moment's pause.

"Tyltyl has a bird," ventured Mytyl, timidly.

"Where is the bird?" asked the fairy.

"Over there in the cage," said Tyltyl.

The fairy hobbled over to the cage and looked at the bird with her sharp little eyes.

"I don't want it," she said shortly. "It is not blue enough. I must have the Blue Bird. It stands for happiness, and my little girl cannot be well until she is happy. You will have to go and find for me the one I want. Get dressed at once," for you'll have to start right away."

"But," objected Tyltyl, "we have no shoes."

"That doesn't matter," said the fairy. "I will give you a magic hat with a diamond in front to help you in your search for the Blue Bird. It will give you the power to see things as they really are. Press the top and you can see the soul of things. Turn the diamond to the right and you will see the past. Turn it to the other side and you will see the future. As she spoke she pressed the little green hat down firmly on Tyltyl's head. "Now turn the diamond," she commanded.

(To be continued.)

Magog, Que. R. M. D. No. 2.

Dear Uncle Jim:—

I am going to school and I could not take my pony yesterday because the snow was too deep for her. There were eight scholars in school and I was the only one in my class. I had a good time at Christmas. Santa Claus brought me a work-sleigh for my pony. My letter is getting long so I will close. Good-bye.

RONALD TRAVER, Magog, Que. R. M. D. No. 2.

Dear Uncle Jim:—

It is too stormy today for little girls to play out so I thought I would write you a letter hoping to see it in print. I slide and skate a lot when it is nice weather with my little friend Allan Ewen. I like him very much, though I am almost three years older than he is, and a lot taller. On nice moonlight nights Clifford and Rupert and I go for sleigh rides out to the Big Woods and back by Cash's Range. I will close now wishing all the cousins a Happy New Year. I will write again another day. Your loving niece,

JESSIE MACLEOD, Marshboro Mills.

Dear Uncle Jim:—

This is my first letter to you. I am ten years old. I go to school and am in grade three. My teacher's name is Miss H. MacLeod. We had a Christmas tree in our school. I am always glad when Christmas comes for I get something nice in my stocking. I have for pets a dog and two cats. My cats' names are Billy and Jim. We are having good sleighing now. I remain your loving niece,

LAURA MCKELVEY, Magog, Que.

Dear Uncle Jim:—

I have not written to you for such a long time that I told my mother I was going to write now. I saw in the paper that one of my little friends, Pauline Hurd, wrote a letter. Today is Monday and tomorrow we start school again after the holidays. Santa brought me lots of nice presents at Christmas. I hope he was good to you. I wish you a Happy New Year. From

SYBIL SMITH, Way's Mills, Que.

Dear Uncle Jim:—

I don't know any of the Corner folk, and this is my first letter. I am six years old and will go to school this Spring if my brother goes. I have a good time out in the snow and can help in the house. I have a cute baby sister eight months old, and I have a doll. I think a lot of my doll, who is named Polly, she has lots of nice clothes. I have nice ideas with our goat and can drive her. Love to the Corner, from

MELBA WHEELER, Bulwer, Que.

Dear Uncle Jim:—

This is my third letter to the Corner. I like Peter Pan very much. I hitch up my goat, Betty, every day when it is not too cold, as she doesn't like the cold. I have a nice little penguin sleigh, and I give my sisters rides, and will give my baby sister a ride as soon as she is big enough. I have two calves that I took up, and a little calf that I feed meal to every morning. I have not been to school yet but if I am well enough I will go this Spring. I have studied at home. I had a nice Christmas, and I wish Uncle Jim and the Corner

folks a Happy New Year.

::: Social and Personal :::

Mr. and Mrs. Warren Grand have been spending a few days in Montreal.

Mrs. B. W. Price was in North Hatley on Saturday, the guest of Miss Alice Colt.

Miss Ethel Carlton, of St. Catharines, Ont., was in town for a few days last week, on business.

Mr. Stanley Pitts, who has been spending a few days in town with friends, returned to Montreal yesterday.

The many friends of Mrs. Lynn Jackson will be sorry to learn that she is still at the Sherbrooke Hospital, where she has undergone three operations for a severe case of blood poisoning.

Mrs. M. S. Perry, Laurier Ave., has returned from a few weeks' visit to her sons, Messrs. Ernest and Rupert Perry, in Detroit, Mich., and a short stay in Toronto and Gait, Ont., en route to her home.

Rev. Dr. G. Ellery Read left this morning for Toronto to attend a meeting being held in that city in connection with the Congregational Church. Dr. Dobson, of Montreal, who was the guest of Dr. and Mrs. Read during his stay in town, also left for his home.

A most enjoyable afternoon was spent at the Y. W. C. A. on Saturday, when a musical and tea was given in aid of the piano fund. The Assembly Hall looked most inviting, and the visitors were cordially received by Mrs. S. A. Jones and Miss Carlyle. Mrs. Rosenbloom was in charge of the musical programme, which was provided by local favorites. Mrs. Pawson and Mr. Watson gave vocal numbers, the former, responding to an encore; Mr. Kendall contributed a piano solo, and Mr. Dudley a violin number, while an interesting item on the programme was the violin and piano music given by Masters Neil and Norman Tracy. Each musician received hearty applause, and a happy social spirit prevailed during the afternoon. At the tea hour, the guests were looked after by Mrs. Bisset, Mrs. Sallis and Mrs. Houlihan poured tea, with the Misses Margaret Houlihan and Laura MacDonald assisting.

SWEDISH AVIATRIX KILLED. (Associated Press Despatch.) STOCKHOLM, Jan. 23.—Elsa Anderson, the only Swedish woman to hold an aviator's certificate, was killed at Askersund yesterday. Four thousand spectators were watching her make a flight, and were horrified when Miss Anderson, in attempting a parachute drop from the machine, fell like a plummet to the earth.

RESCUED AT SEA FROM OPEN BOAT. (Associated Press Despatch.) BOSTON, Jan. 23.—The rescue at sea from an open boat off St. Johns, Nfld., of five men who had been exposed for several days and nights after abandoning the British schooner Eileen Lake, was announced by the Belgian steamship Persier, in radiograms received here today.

PREPARING A "BLACK LIST" (Associated Press Despatch.) TRURO, N. S., Jan. 23.—That President A. W. Covey, of the Maritime Provinces Branch of the Amateur Athletic Union of Canada, is preparing a "black list" of seventy athletes, including members of every sporting club in the Maritime Provinces, and in some cases club managers, is the sensational rumor which is getting credence in Truro sport circles. Players from St. John, Moncton, Amherst, Springhill, Charlottetown, New Glasgow, Cape Breton centres, and Halifax, are said to be on the list.

The charges against club managers are said to refer to financing by them of players' "salaries."

Cocoanut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain Mulsified coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls of Mulsified will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months. Be sure you get Mulsified. Beware of imitations. Look for the name Watkins on the packages.

ANNIVERSARY SERVICES CONCLUDED LAST EVENING

Dr. Dobson, of Montreal, Gave Addresses at Both Services in Plymouth Church Yesterday.

The concluding services in connection with the 80th anniversary of Plymouth Church were very well attended, notwithstanding the unfavorable weather, and the congregations were well rewarded for their attendance. Dr. Read conducted the services and had with him as special preacher, Dr. J. R. Dobson, of Montreal, who gave two strong helpful messages. Dr. Dobson's preaching is characterized by extreme simplicity of style and deep spiritual earnestness, features that are most essential in the presentation of eternal truths. He has an attractive personality which is expressed in his transparent naturalness and all absence of mere artistry in the pulpit. His morning subject was "The Supreme Request," and the sermon was based on the request of the Disciples to Christ, "Lord, teach us to pray." Luke III. 1. Christ, the great preacher, was the one unaccountable man. Even in His boyhood He gave evidence of unique qualities, and in His manhood people recognized in Him something which separated Him from others. The multitude turned to Him with eager expectancy and knew Him as a teacher who had distinctive authority. His Disciples knew Him to possess knowledge and power which they longed to share. Hence their request of Him: "Lord, teach us how to pray." Somehow they knew this to be the supreme need, and realized that unless it could be met everything else was in vain. We never read that they asked Christ to teach them how to preach, or how to perform miracles. They may have done this, but the narrative of the life of Christ does not record such requests, which in itself is evidence of the unique importance they attached to the function of prayer.

Proceeding, Dr. Dobson pointed out that this age is coming to see that there is an importance in the power of prayer which cannot be exaggerated. The multitudinous activities in which we engage, valuable as many of them are, have significance for us only as we see them as expressions of the prayer spirit. The Christian Church in its early history moved on to its great achievements because it was nurtured in the atmosphere of prayer. The Church today will meet its opportunities and fulfil its world-wide tasks only under the same influence. Prayer releases the very power of God to accomplish what He has committed to us.

In answering the request of His disciples, Christ taught them the model prayer—the Lord's Prayer. It is important to note that He put God first. Before there is any expression of personal human need, there is a recognition of the primacy of God. His kingdom is to come and His will be done on earth as it is in heaven. We have to learn that this must come first and that all our seeking and striving must be subordinated to the realization of the Divine purposes.

Another aspect of prayer was what might be called its plurality. This is clearly brought out in the petitions, "Give us this day our daily bread; forgive us our trespasses as we forgive others their trespasses. If this plurality of prayer were rightly appreciated most of the difficulties that disturb us today would be solved. "Give us our daily bread." If this were sincerely uttered in our great banking establishments, in our chambers of commerce, in our industrial concerns, in our labor unions, all strife between capital and labor would cease. The striving for the means of life would cease to be an individual matter; it would become a collective concern, and the cry of want would cease.

Prayer is needed to meet the individual experiences of life. Christ taught His disciples that we must get away from the noise and fret of life into the secret chamber and be alone with God. In the age, which is characterized by nervous strain and restlessness, this injunction needs to be recalled. We need to be alone at times. This is what some people dread, what they least desire. They want to be in the crowd and lose their thoughts in the diversions a crowd affords. But the supreme Teacher knew that man's great need was to be alone with God and to find in Him the answer to the heart's longings for strength and peace.

In a series of illustrations drawn from the life and practice of Christ, the preacher showed how Christ Himself was the great exponent and exemplar of His teaching on prayer. In hours of crisis, in days of disappointment, in His sacrificial agony, He taught us how to pray. In Him was the answer adequately set forth for all our needs in all ages to the request, "Lord, teach us how to pray."

During the service, Mr. Albert Blier sang with marked effect the solo, "God Knew My Need," and the choir gave a fine rendering of Stainer's anthem, "I Am Alpha and Omega."

At the evening service, Dr. Dobson preached on "Who Is Worthy To Open The Book," giving a strong interpretation of the greatness of Christ in His power to minister unto man in the extremity of his need.

Mrs. C. T. Medlar sang "The Lord Is My Light," Allister, in a way that will long be remembered by those who heard him. The anthem by the choir was Dr. Pugh-Evans' setting of "Lead Kindly Light," with solos by Mrs. Alberta Adams and Mr. Albert Blier. Mr. Roy Kendall was at the organ and played with his customary skill.

CHAPTER VIII.

(Continued)

Blunt hastened to the front door, and opened it a cautious inch.

"Who's there?" he demanded. Without exactly knowing why, his thoughts flew to the hunchback who had prowled about the house all day; but it was the voice of young Briton that answered him.

"It's only me, Blunt; let me in," "Mr. Rorie!"

Blunt flung the door wide, and Rorie staggered into the hall.

He was as white as death, and there was a tragic look of shock in his eyes. His clothes were bespattered with mud—he had lost his hat.

"Oh, Mr. Rorie, has there been an accident, sir?" Where is the car, sir?

"Car!" Rorie echoed the word vacantly, as if he had never heard it before. He dropped heavily into a big chair by the hall fire, letting his head fall forward into his hands.

Blunt asked no more questions. He hurried off for brandy. To his way off thinking brandy was an unfailing cure for everything; it was the only medicine in which he himself ever indulged. He stood by anxiously while Rorie gulped it down.

"Are you much hurt, Mr. Rorie?" he asked then, as he took the empty glass from Rorie's shaking hand.

"Would you like to have the doctor, Mr. Rorie?"

"Doctor!" Rorie made a valiant effort to pull himself together. He forced a laugh. "Don't be an ass, Blunt; I'm not ill. There's nothing the matter. I'm only a bit knocked out!"

"But the car, Mr. Rorie? You went out in the car, sir?"

"Oh—oh, yes," Rorie rose to his feet uncertainly, but when Blunt would have steered him he pushed him angrily away. "I left the car over at Alpertown. I walked home. He eyed Blunt with a sort of suspicion. "Why the devil shouldn't I walk home if I like?" he demanded sullenly.

Blunt stared. The thought crossed his mind that Mr. Rorie was either mad or—his dignity hesitated to frame the obvious word—"drunk."

Rorie kicked off his boots and walked heavily toward the stairs. He seemed to have forgotten Blunt; he clung to the balusters as he went. At the top he turned and looked back at the man below.

"Damn it all, man, what are you staring at me for?" he asked, irritably. "Go to bed."

"Yes, Mr. Rorie."

"And, Blunt—you needn't say anything about this—about my coming home like this, I mean. I've had a shock, Blunt—a bad shock."

"I'm very sorry, Mr. Rorie; very sorry."

"Well—go to bed."

But Blunt stood motionless at the foot of the stairs till he heard the door of young Briton's bedroom slam.

Rorie fell asleep almost as soon as his head touched the pillow. He had not believed it possible that he could ever sleep again, but he was worn out with emotion.

When he woke, pale autumn sunshine streamed into the room. He sprang out of bed in a sort of panic. For a moment he had forgotten last night's tragedy; he remembered only that he had arranged to meet

Rosalie at daybreak—that he had booked two berths in a boat sailing in the afternoon.

He snatched at his watch; it was 9 o'clock. Then, with a sudden rush, he remembered; he groaned aloud.

His head was splitting; he felt as if he had just dragged through a long illness.

His clothes lay in a tumbled, muddy heap on the floor, where he had flung them. A little distance from them a crumpled paper rose made a splash of color in the sunshine. More clearly than anything the sight of it brought back last night with all its horror—the sudden field the crowd of people, the yellow glare of the lights, and Rosalie, as she had looked when she saw him first—the faint flush on her cheeks, the glad light in her eyes. In imagination he could again feel the tight clasp of her hands on his arm, and then he flung up his hands to his eyes to shut out her face as it had been afterward when it rested so helplessly against the hunchback's shoulders.

Dead! Dead! And they had parted in bitterness. She would never know now how sorry he had been. He would never be able to make it up to her.

He picked up the little rose and locked it away in a drawer. He forced himself to dress and go downstairs. He was painfully conscious of Blunt's sympathetic eyes. For the sake of appearance he tried to eat some breakfast, but each mouthful seemed to choke him.

When Blunt turned to leave the room he called him back.

"I'm going to London on business. You might send some one over to Alpertown for the car. It's in the yard at the White House."

"Yes, Mr. Rorie," Blunt hesitated. "There was a bad accident over Alpertown way last night, Mr. Rorie," he added hesitatingly.

"Was there?"

"A woman in the circus show fell from a trapeze, Mr. Rorie."

"I heard something about it. Badly hurt, wasn't she?"

Each word was an intolerable effort and yet, at any cost, Rorie felt he must keep Blunt from suspecting the truth.

"I believe she was, Mr. Rorie," Blunt swept some imaginary crumbs from the tablecloth. "I fear, Mr. Rorie, that she was the wife of that hunchback what's been hanging around the house."

Rorie started to his feet; his white face was crimson. "It's a damned lie!" he said furiously.

Blunt looked amazed. "Mr. Rorie!"

"It's not true, anyway," he said, in a voice of forced calm. "It's not true. The girl was married, but not to the hunchback. Don't forget to send for the car."

He escaped from the room; an hour later he was in London.

He took a taxi and gave the driver old Ferguson's address at Kilburn; he felt as if he would never be happy any more till he had made a clean breast of the whole story.

The bearers were Messrs. N. Harris, G. Sharkey, Guy and Earl Laraway. The interment took place in Brookside Cemetery. The late Mrs. Woodward, who was thirty-one years of age, before her marriage was Jane Heath, a daughter of the late Anson Heath, who, in his lifetime, resided near this village. Mrs. Woodward had been in failing health for some months, and the end came as a happy release from much suffering. Besides her husband she is survived by three small children, also two sisters and brothers. The family have the sincere sympathy of all in their bereavement.

Refreshments were served by the hostess, assisted by Mrs. W. F. Dolloff and Mrs. D. C. Waite.

Stage and Screen Attractions

At Local Playhouses This Week

At the Casino Theatre

"East Lynne" styled "A World Classic Born Anew," is the special attraction at the Casino for today and tomorrow.

Five generations have seen the play that tells the love of Isabel Vane, and many more will see the Hodgkinson picture produced by Hugo Ballin.

Marion Davies, star of Cosmopolitan productions, reaches a new plane in her art in "Enchantment," shown Wednesday and Thursday.

"Enchantment" was adapted to the screen from the story "Manhandling Ethel" by Frank R. Adams. The keynote of the story is found in Shakespeare's "The Taming of the Shrew," a scene from which is included in the production.

The sublime romance of the west that has all but disappeared in the last few years, is revived again in William S. Hart's tremendous picture of the plains in the early fifties which will be the special feature for Friday and Saturday. It is entitled "White Oak," and Mr. Hart is seen therein the role of Oak Miller, "a gambler's man," whose word is law and who is white all through as the tree whose name he bears. The story is one of exceptional dramatic strength and wondrous appeal.

At His Majesty's

George Kleine's magnificent, gigantic and entrancing motion picture production, "Quo Vadis," adapted from Henry Sienkiewicz's world famous romance, was the first big photodrama ever shown in America. Beyond a question of doubt this is the most marvelous achievement in the motion picture field and visualiz-

with her daughter, Mrs. F. W. Brown, of Brownleigh.

Mr. Jos. Grosset, of Toronto, is spending some time with his mother, who has been quite ill.

Mrs. J. A. Rowe has returned from Sherbrooke, where she has been the past six weeks, owing to ill health.

Mrs. A. H. Vance, of North Hatley, is with her mother, Mrs. J. A. Rose, for a few days.

Miss Velma Smith, of Danville, was spending the week-end with her mother, Mrs. J. W. Smith.

The many friends of Mrs. M. Gale will be glad to hear that she is recovering from her recent attack of pneumonia in the Sherbrooke Hospital.

Several from here attended the funeral of the late Jos. Gilman, formerly of this place, whose death occurred in Boston. The remains were brought to Danville on Saturday, where the interment took place.

Mr. Harry Canning was calling on Mr. Charles Canning one evening on his way to Robinson.

The many friends of Mr. Gregoire are sorry to hear of his illness and all wish him a speedy recovery.

Quite a number from this part attended the party given by Mr. T. J. Wallace, and all report a good time.

ST. SYLVESTER EAST

Mr. W. Gregoire, architect, of Sherbrooke, arrived here last week, to attend the anniversary of his mother, Mrs. Joseph Gregoire, which took place in the parish church on Saturday morning and was largely attended by relatives and friends.

The municipal elections passed off very quietly here on Monday last. Mr. Paul Daly was elected to replace Mr. Patrick Boyce, and Mr. J. Dion was elected to replace Mr. J. Therrien. There was no opposition.

SHERBROOKE BOYS SENT TO SHAWBRIDGE

Young Delinquents Receive Moral and Physical Training — Mr. Barss to Speak Here Tuesday.

It is a far cry from the Sherbrooke Jail to the Shawbridge Boys' Farm and Training School, but these two institutions have something in common. It is a straitening fact, but at one time the Sherbrooke Jail was the location of the "Reform" School of the province, and as late as 1907 the juvenile offender was confined behind the bars of the local institution. In practically all instances the boy was the innocent victim of bad hereditary tendencies and an unhappy environment, but he paid for the sins of his ancestors and of our social system by spending the best days of his boyhood inside this repulsive mass of stone. Here he was closely guarded; very often severely punished, and when his term was finished he left the local jail an enemy to and a menace of society.

Today the young victim of the two above mentioned forces, heredity and environment, is sent, not to the Sherbrooke Jail for punishment, but to the Shawbridge Boys' Farm for correction and mental, moral and physical education.

Adequate Buildings. The farm is delightfully situated in the Laurentian Mountains, about forty miles from Montreal, and it would be hard to find a better location. It is the only Protestant school in the province for the training of the wayward boy, but it has been making wonderful strides towards perfection during the last few years, and at present there are nearing completion two buildings which will both fill long and much-needed wants of the institution. One of these buildings will be an up-to-date hospital, and it is being erected through the generosity of the Kiwanis Club of Montreal.

Here the boys will have their physical defects cared for by a competent physician, and in case of illness the unlucky one will be able to receive the best of attention. Besides the regular wards, which will accommodate about twenty patients, there will also be several emergency wards in case of an epidemic.

The other new building still in the process of construction is a beautiful chapel in memory of the late Percival Molson, who lost his life in the great war. This building is being constructed with field stone, and when completed will seat three hundred. At present the religious services are held in the school rooms, but this new addition will greatly aid in the development of the religious side of the boy's life.

Rotary Club Building. Besides these buildings, there is the "main plant," which includes the offices, school rooms, kitchen, dining rooms and a dormitory for twenty-five of the larger boys. The other boys live in the Dawson Cottage, Douglass-Birks Cottage and the Lewis Cottage. These are all well constructed buildings, with large and airy dormitories and cozy living rooms. The Lewis Cottage is the latest addition to this branch of the farm equipment, and was built by the Rotary Club of Montreal.

The stock barns are a very important part of the establishment, and the boys look after a large number of live stock, and in the summer they produce excellent crops of hay, grain, vegetables, fruit, etc.

Splendid Staff. However, the unquestionable success of the institution is not due to the equipment or the situation, but to the high standard of the staff and the enthusiasm of the executive and the directors, who are nearly all well-known business men of Montreal. The outstanding figure is Mr. J. N. Barss, who has been the superintendent for over four years. Mr. Barss is a powerful type of man, both physically and mentally, and is a prominent authority on what might be termed juvenile criminology. He has made a careful study of the question for over twenty-four years, and as a result he is a veritable storehouse of knowledge. Mr. Barss and Mr. Owen Dawson, one of the directors, will both speak here Tuesday, January 24th, and Sherbrooke people will be given an excellent chance to receive some first-hand information about the farm.

Bars of Honor. Mr. Barss, in speaking on the present system in use at Shawbridge, forcibly pointed out that there is on

the farm no such thing as the old-time lockup; that there are no bars and that the doors of the cottages are never locked. The only bars that keep the boys from leaving the place are the bars of honor, but these are found sufficient to keep in check even the most turbulent youngster. He also showed that education and not punishment is the strong point of the institution, saying: "We are particularly interested in re-arranging the boy's life—in making him a producer instead of a parasite." The importance of hereditary characteristics was also emphasized by Mr. Barss, and he showed that as a young animal has the instinct of self-preservation, so every human being has the instinct of wanting something he or she has not got. This instinct may be exaggerated because of an abnormal mind, and it often happens that in an unfavorable environment a boy is driven by this instinct to take something that does not belong to him. He has not reached the stage he is governed by reason and, if he is caught, the present social system brands him as a thief, and he is sentenced to serve his term. "Now," Mr. Barss said, "two ways of dealing with the boy are open to us. We may devise some way of studying each boy. The first move is to get him on his honor. We then try to find out what is the matter by letting the boy run wild. By letting him go free he shows unconsciously what he is. Then, in this moral hospital, we try to find a cure." The superintendent showed also that if the bad characteristics of a boy are once discovered, the next effort is to reduce these characteristics to a minimum, and at the same time bring out the good characteristics. Mr. Barss said that this is an attempt to develop an absolutely new system, and he believes that Shawbridge is the only place of its kind on the continent where the boys are given absolute freedom. In conclusion he said: "Get the boy to the point where he will accept an ideal and get him to follow that out. If you can do this you have got the boy. Our business is to reduce this to a science and to accumulate the data—it is the science of moral rejuvenation."

Good Discipline. The remainder of the staff are also working along these same lines, and judging from appearances, a remarkable success is being attained. There appears to be absolute discipline throughout the whole establishment, but these boys do what is right because they know that it is right, and not because of fear of physical punishment. If any boy thinks that he is being wronged in any way, he has the privilege of laying his complaints before Mr. Barss, and the grievance is removed or the boy is made to see that he is in the wrong.

Ten Boys From Sherbrooke County. As for the boys themselves and the work they do, a book could be written on the subject, but space permits only a brief outline here. There are one hundred and seventy boys on the farm, ten of whom come from this district. Slightly over a hundred are government omitted cases, the remaining sixty odd being boys who have been placed on the farm by their parents or relations because of their disobedience to the ordinary laws of everyday life. Practically all of these boys attend school regularly and are educated by a competent staff of four teachers and a principal, who teach them how to read, talk and think intelligently. The few boys who do not attend school are among the oldest on the farm, and they are allowed to do agricultural work instead of work in the classroom.

The religious side of life is also carefully attended to, and regular services are conducted from the standpoint of the boys' needs.

Amusements Cared For. The boys do outdoor work around the farm, as well as run the bakery, the kitchen and the establishment in general.

As for amusement and recreation they have this in abundance, both in summer and winter. In the warmer season they have baseball, football and track sports, and in the winter they have the opportunity of enjoying the winter sports of the Laurentians. There is a splendid rink for hockey and hills by the dozen for sliding. Inter-cottage competitions are very often held, and in this way the "playing the game" idea is developed.

Band the Boys' Pride. The band, however, is the boys' real pride, and it is without doubt something to be proud of. There are over twenty boys in this organization, and not one of them ever played an instrument before he came to the farm. Here they receive excellent instruction from a band master, and the organization as it is today is probably one of the best of its kind in Canada. The music they play is far from easy, and they recently gave a striking example of their ability when they played in Montreal

COAL MINE WORKERS MAKE RAID ON STORE

Carried Away Goods, Mostly Groceries, to Value of Over a Hundred Dollars.

(Associated Press Despatch.)
GLACE BAY, N.S., Jan. 23.—A body of 200 mine workers, employees of No. 9 Colliery, which is idle, raided the Dominion Coal Company's store at New Aberdeen shortly before noon Saturday, and carried away goods, mostly groceries to the value of over one hundred dollars. The clerks were ordered to stand aside, and the raiders, mingling with the regular shoppers, proceeded to take articles away from the store.

No violence took place. The members of the Dominion Coal Company police were in Sydney being sworn in as constables at the time of the raid.

before the Rotary Club of that city.

Moral Hospital. As for the boys themselves, these so-called offenders and delinquents they are, as a rule, absolutely great. There is no other word to describe them—they are full of "pep" and "go," healthy, bright-eyed, keen and intelligent, and most of them have the manners of gentlemen. One, for instance, is a well-built, bright-eyed and ever smiling lad, full of vim, but with manners that are past rebuke; he seems to be very intelligent, and as for the correctness of the language he uses in conversation, it would make the average boy blush with shame. Yet this lad needs training; he had the exaggerated instinct of wanting something he did not have, and in consequence he is suffering because of his inherited characteristics. He is only one of the hundred and seventy, but the staff are trying to cure him and his fellow victims of the abnormal traits of their mentalities and trying to make them useful and important members of society.

Truly the Boys' Farm is well called a "moral hospital," and well may the officers and friends of the institution look with great hope and interest towards its future development, seeing successes greater than those of the past and having visions of yet more wonderful advances in the "science of moral rejuvenation."

COLD WEATHER SENT THE PRICE OF WHEAT UPWARD

(Associated Press Despatch.)
CHICAGO, Jan. 23.—Cold weather tended to send wheat prices upward today, because of lack of snow protection in the southwest.

Commission Houses were the chief buyers. Some of them took the position that all depressing factors in the market had been discounted.

Opening quotations, which varied from unchanged figures to 3/4 cent higher, with May \$1.16 to \$1.16 1/2, and July \$1.03 to \$1.03 1/4, were followed by moderate gains all around. Liberal receipts made the corn market relatively easy. Oats paralleled the action of wheat starting unchanged to 1/2 cent higher with May at 33 1/2 to 33 3/4 cents and then scored a slight general advance. Higher quotations on hogs gave provisions a decided lift in value.

Times:—Judicious people will usually wait to see what happens to the speculation itself before they draw any larger conclusions.

Journal of Commerce:—The hardening tendency of market which was due in a large part to heavy calling of loans by out of town bankers, is regarded as only temporary.

The Sherbrooke Independents went down to defeat before the East Angus aggregation after a hard fought contest by the count of two goals to one at East Angus on Saturday. The game was handled by J. Stevenson and Fred Povey.

The two teams will meet again on Tuesday evening in the return match at the Royal Rink on Wellington Street South, at 8.15 sharp. The locals on this occasion intend to place the strongest possible team on the ice so as to even up the count with East Angus.

BASEBALL

RUTH CONFERRED WITH JUDGE LANDIS

CHICAGO, Jan. 23.—Ruth on Saturday conferred with Judge Landis over his fine and suspension until May 20. Nothing definite was given out, but Ruth was informed by the Judge that he had no objection to his taking spring training with his club, if the latter consented.

C. HAWKINS WON CROSS-COUNTRY COMPETITION

Miss Lawrence Finished First Among Ladies—Twenty-five Took Part in First Ski Run.

Twenty-five contestants took part in the initial cross country run of the season which was held Saturday afternoon, and the unqualified success which attended this run speaks well for the future activities of the Sherbrooke Ski Club.

C. Hawkins, who won the cross country championship last season, won Saturday's event by a small margin of fifteen seconds, W. L. McGannon following closely on his heels, while A. Stewart came in twenty-five seconds later.

Considerable improvement was shown over last year's results and a number of newcomers did exceptionally well for their first race. Several juniors also participated, this class being led by Charles Sawdon.

Miss B. Lawrence finished first among the ladies, coming thirty-three seconds ahead of Mrs. S. G. Newton, while Miss L. Murray followed eleven seconds behind.

It was a great fight for the first three places and Mrs. Newton was possibly slightly handicapped by being the first competitor over the trail. Miss Griffith was delayed by sliding over an embankment which the judges emphatically deny was part of the course. One or two other competitors also made this unnecessary slide.

Generally speaking the contestants made excellent time compared to last year's results and a big improvement was noticed both among the ladies and the men.

Saturday's course was laid out just before the race by Messrs. S. de B. MacLean and A. W. Reid, the course being marked with red bunting.

In view of the popularity of Saturday's run it is proposed to have future cross country runs along the same lines, as the shorter course appears to be favored more than the long four mile run held last year. Saturday's course was from the Club House, along Brompton road, up the hill at Hale's farm, then back along the ride to the top of the skip hill finishing in a long run to the club house.

Messrs. Fred Dakin and Ned Lawrence acted as official starters and timekeepers.

The times of Cross Country run follow:

MEN
C. Hawkins 19.30; W. L. McGannon 19.45; A. Stewart 20.10; Evans Joslin 21.57; E. E. Conley 23.10; W. Langston 24.45; P. M. Robins 25.0; C. Martin 25.37; Howard McKee 26.27; H. S. Lawrence 27.25; C. Sawdon 28.51; J. Murphy 30.02; O. Hewitt 30.35; G. Gagnon 31.40; E. McManamy and G. Kennedy finished at wrong place. Time not recorded.

LADIES
Miss B. Lawrence 28.27; Mrs. S. Newton 29.0; Miss L. Murray 29.11; Miss H. Griffith 30.40; Miss G. E. Griffith 32.40; Miss E. Hawkins 35.0; Miss E. Griffith 36.30; Miss Y. Campbell 37.40; Miss C. Campbell broke a ski.

JUMPING
A number of improvements are during the course of the week, in preparation for the jumping competition which will be held on February 4th.
A new club record was established yesterday when W. L. McGannon with a strong wind at his back, recorded a distance of 50 1-2 feet, the previous club record being 32 feet.

AGAIN WON QUEBEC CITY SKI CHAMPIONSHIP

QUEBEC, Jan. 23.—Gerald Coote, president of the Quebec Amateur Ski Club, retained the ski championship of Quebec City here on Saturday when he won the five mile cross country ski race from Sillery to the Chateau Frontenac, covering distance in 40 minutes, 18 seconds.

BASKETBALL

TUXIS VS. BISHOP'S

In their return game at the Y. M. C. A. on Saturday night Tuxis Boys again bested the Bishop's aggregation by a score of 66 to 29. The result was not a true indication of the play as seen. Bishop's deserved at least another 20 points and were unfortunate in their attempts to get the basket, but they stood the fast pace better than any team that has been up against the Tuxis Boys during the season. The outstanding players for Bishop's were Napier and Rogers. The former in his position at centre beat Hole in almost every throw-up, being faster on the jump and possibly a little more tricky. Rogers playing forward was quite deadly when he got the ball making 13 out of the 29 points scored. Loughheed and Robertson were the two best men for Tuxis and were almost unbeatable in their combination game. Bryce also showed up very well on Saturday night, and although playing as substitute he gathered in 12 points for the Tuxis Boys. The line-up and score:

Bishop's
Williams, F. and Rogers, C. Napier, G. Harcourt, G. Black, Spares, Allen, Loomis, MacLaren, Griffith

Presentation of City League Trophy

Preceding the Saturday evening games, an interesting function was carried through when the League Cup for the City Basketball and the individual awards, to the eight members of the winning team, were presented by D. J. Salls, Hon. Vice-President, in the absence of J. A. Tate, the Hon. President. The presentation was very simply but effective.

tively done by Mr. Salls, who called the attention of those present to the change that had taken place in the sporting spirit of our people. In the old hockey days the crowds could only be got out when it was expected that somebody was going to get badly mauled, but in the basketball games just finished it was clear sport that had brought the crowds, and such crowds as had not before attended basketball games. He then pointed out the record made by the winning team. Out of seven league games played they had not lost once, nor had they lost in any of the numerous exhibition games that they had played throughout the season. He then called upon the members of the team to receive the miniature cups presented by the League, the following being the recipients: Loughheed, Captain; Robertson, Hole, Macdonald, Grime, B. Bryce, Loomis, while H. Griffith received the cup for Percy Green who was unable to be present owing to sickness. Then with all the boys lined up the chairman presented the Hon. Officers for annual competition, to the captain, Mr. C. B. Howard, who is the President of the Tuxis, Boys team, replied for the boys stating that it was the hope of the team to again come out ahead next season.

SHERBROOKE WON BONSPIEL ON SATURDAY

J. P. Watson's Rink Won Final—Magog and Thetford Mines Participated.

The opening bonspiel of the season was a decided success and while two Sherbrooke rinks reached the finals, the visitors from Magog and Thetford Mines made a very satisfactory showing with the Magog rink, skipped by Mr. Cunningham, winning the consolation prize. Sherbrooke had some of the best players available on their rinks, while Thetford Mines, the youngest club in the Townships, are in their very first year. Their showing, under these conditions, is all the more commendable. Magog, formerly a strong curling centre, discontinued its activities during the course of the war but this season's revival promises to renew the interest which was formerly so prominent in that centre.

In the first round, Thetford rink No. 1, skipped by N. Fisher, defeated the Sherbrooke rink skipped by L. D. Hyndman. The Magog rink No. 2, skipped by McDougall, was defeated by the Sherbrooke rink, skipped by J. W. McKee. The Sherbrooke rink, skipped by H. A. Hyndman, defeated the Thetford rink No. 1, skipped by J. W. McKee.

In the second round J. W. McKee drew a bye. The Sherbrooke rink skipped by H. A. Hyndman defeated the Thetford rink skipped by N. Fisher, while the Sherbrooke rink, skipped by J. P. Watson, defeated the Magog rink No. 1, skipped by Cunningham.

In the third round, H. A. Hyndman's rink drew a bye, while J. P. Watson's rink defeated the rink skipped by J. W. McKee.

In the final J. P. Watson's rink defeated H. A. Hyndman by four up.

Consolation Contest

The consolation competition was won by Magog rink No. 1, skipped by Cunningham.

L. D. Hyndman's rink defeated McDougall's rink, while Cunningham's rink defeated Major Lynn's rink of Thetford. In the final Cunningham's rink, Magog, defeated L. D. Hyndman, Sherbrooke.

The Sherbrooke rinks were represented as follows:

Geo. Povey, N. F. Dinning, J. P. L. Stewart, L. D. Hyndman (Skip).
J. E. McCrea, N. L. Wiggitt, A. P. Blue, H. A. Hyndman (Skip).
R. H. Hibbard, W. H. Moore, J. B. Beach, J. W. McKee (Skip).
A. H. Baker, W. H. Brent, Rev. W. E. Wright, J. P. Watson (Skip).

The ice was in perfect condition.

Beef and Greens

During the course of the evening the members and guests sat down to a "Beef and Greens" which was very largely attended, in fact a new attendance record was established with a hundred and one curlers sitting down to Jigg's favorite dish.

President Willard Cross welcomed the visitors from Magog and Thetford Mines and expressed the hope that Sherbrooke could anticipate another visit during the course of the season.

Messrs. Norman Fisher, and Major Lynn responded for Thetford Mines and explained that while they had been unable to offer serious competition they hoped that their next encounter would reverse the situation and that a little practice would find them equal to the best of the district.

Messrs. Cunningham, McDougall and Smith, of Magog, made a few appropriate remarks and remarked that while they had succeeded in acquiring the "Consolation" they would look for bigger and better things in the near future.

During the course of the evening the orchestra, composed of ardent curlers, gave a splendid selection, while the catering as provided for by Mr. C. F. Waller would unquestionably make him an honorary member of the "Jiggs family."

The following games are scheduled to take place this evening:

7.30 p.m.—W. H. Moore vs. W. H. Fuller; J. W. McKee vs. J. K. Edwards.

9.00 p.m.—H. A. Hyndman vs. A. Rowell; Dr. W. Lambly vs. R. H. Fuller.
