DRIVER DIES AS CAR CRASHES RAILING

Plummets Into River In Pre-Dawn Mishap

BY CUTHBERT JONES

A high-powered, late-model car crashed through a bridge railing in the heart of the city early today, carrying its driver to his death in the icy waters of the Magog River.

Dead is Roger Allaire, 36, of 1286 McManamy St., owner of the Allaire Amusement Machines, Reg'd. supplier of pinball machines and juke boxes.

The spectacular accident occurred at 3.10 a.m., when the car, a 1954 Cadillac, sliced through the railing of a Paton Mill bridge approach and plummeted into 15 feet of water. Allaire, alone in the car, was pinned beneath the steering wheel and was unable to free himself before the machine rolled onto its top.

There were no eye-witnesses to the tragedy, but the crash was so violent that it was heard by several night-shift workers at the Paton Mill. They saw the headlights shining beneath the water and immediately notified police.

The car was heading toward Magog along King St. west when Allaire apparently failed to negotiate a slight curve in the road leading to the bridge. It was believed the car began an end-over-end roll as it crashed the railing.

A preliminary examination revealed that Allaire may have been dead before the car hit the water. He apparently had been severely injured by the impact, his face showing severe bruises about the mouth. The windshield and one side window were smashed.

Rescue operations were organized by a fire department detachment under the direction of Lieut. L. Lessard, who was assisted by Fireman F. Croteau, L. Giguere and R. Fournier. After about an hour's work, firemen, manning a skiff, managed to hitch a line from a tow truck to one end of the sunken vehicle. But hardly had pressure been applied to the line than it slipped and the grim task had to be started all over again.

Another hour elapsed before the line was again placed around the rear axle of the machine and another attempt made to lift out the death vehicle. But a further delay occurred as it became apparent that the weight was too heavy for the single tow truck, which was pulled onto the sidewalk and toward the low retaining wall along the river bank.

Operations were suspended briefly until a second truck was called to the scene, and the car was finally lifted out of the water about 6.15. Allaire's body was removed and brought to shore by firemen.

A crane from a local structural steel firm was used to get the car onto the road.

Allaire was the son of Mr. and Mrs. Euclide Allaire of Windsor Mills. He has a brother, Leo, in Windsor Mills, another brother in Drummondville and three sisters.

Allaire was born in St. Frederic-de-Drummondville, and grew up in Windsor Mills.

He came to Sherbrooke in 1942 to work for Eddy Blouin, automatic phonographs. He went into business for himself in about 1950.

He was a member of the Knights of Columbus and a Master Electrician.

Russia Asks Big - 4 Meeting On Austria

Moscow. — (Reuters) — Russia today proposed a four-power foreign minister's conference in the near future to consider and sign an Austrian state treaty.

The Soviet note to the three western powers — said Austria should be present at the conference as well as the United States, Britain, France and Russia, and that it should be held in Vienna.

The Soviet note, handed over in Moscow today by Foreign Minister Molotov, asked for the earliest reaction of the three Western powers to the proposal.

It came four days after the Austrian chancellor, Julius Raab, flew home from talks here which resulted in agreement on conditions for a treaty to end the 10-year occupation of Austria and restore her independence.

The note, handed to Charles E. Bohlen, the U. S. ambassador, Cecil Parrott, the British minister, and Jean le Roy, French chargé d'affaires, said:

"The Soviet government considers it expedient that a conference of the foreign ministers of the United States of America, France, Britain and the Soviet Union should be convened in the near future, with the participation of Austrian representatives, to consider the question of concluding a state treaty on the restoration of an independent and democratic Austria and the signing of this treaty."

New Battle Breaks Out In Viet Nam

Saigon. — (AP) — The Binh Xuyen private army shelled the headquarters of the Vietnamese national army this afternoon in a new outbreak of violence in South Viet Nam.

Eight nationalist soldiers and two Binh Xuyen commandos were wounded in a 50-minute battle which raged around the three-storey yellow building in the heart of Saigon.

The bombardment of the headquarters was the most serious break in the uneasy truce between the government and the Binh Xuyen since their street battle March 30. At least 25 persons were killed and 112 wounded in that clash.

In a brief outbreak Monday, the army charged the Binh Xuyen with kidnapping a national soldier and later firing on two army vehicles, killing the driver of one.

The shelling today was preceded by a skirmish between an army patrol and black-shirted Binh Xuyen commandos disguised as refugees from Communist North Viet Nam.

This preliminary action occurred at the rear of the army headquarters. Guards on duty outside said a jeep full of Binh Xuyen commandos raced to the scene to establish quiet.

At this point the shooting became general and two mortar shells landed in the crowded headquarters compound.

Claim \$15,000 In Hockey Riot

Montreal. — Claims totaling \$15,000 have been filed by 13 business places and one private citizen against the City of Montreal for damages incurred during the hockey riot March 17.

In its announcement, city hall said that four of the firms made no specific claims. The 30-day period for filing damage claims expired Sunday night at midnight.

The demonstration was to protest the suspension of Canadiens' star Maurice (Rocket) Richard by Clarence Campbell, president of the National Hockey League.

Attlee Heads Back To U.K. For Election

Victoria. — Clement Attlee dashes back to Britain today to lead the Labor party in the election campaign he opened 6,000 miles from home.

He is scheduled to arrive in England at 8 a.m. British time Thursday and start his election work two hours later. He left Vancouver for Montreal by air at noon EST today.

The former British prime minister made the last speech of his CCF-sponsored Canadian tour before 5,000 persons Monday night. The trip was cut short when the May 25 election was called by Prime Minister Eden.

It was at his last appearance that Mr. Attlee received one of the greatest tributes of his Canadian trip.

In his speech Mr. Attlee expressed fear that mankind has not the moral sense to control its own inventions.

"Mankind has acquired enormous physical power but not yet attained sufficient moral sense to control it," he said.

At a press conference earlier Mr. Attlee said he does not think it probable that the pound sterling would be made convertible under a Labor government. He said it all depends on economic conditions.

Mr. Attlee said industries re-nationalized in England by a Labor government would likely stay that way. The transport industry and likely the steel industry would be re-nationalized by a Labor government. The Conservatives returned them to private ownership.

Two Children Die In Roberval Fire

Roberval, Que. — Two children were burned to death yesterday in a fire that destroyed the home of Mr. and Mrs. Remi Ferland on a farm near here.

Rosaire, six months, and Cecile, 1½ years, died in the flames. Mrs. Ferland said she had time to save only Jean-Marie, 2, before the fire chased her from the frame building.

To Regulate TV Aerials

Ottawa. — (CP) — A bill subjecting Canada's sprouting forest of television and radio aerials to certain technical standards of construction and erection was passed Monday by the Commons.

But Transport Minister Marler assured the House the Canadian handyman still will be able to put up his own antenna—provided he does it to the required standards.

He said the new law will be based on standards for receiving aerials prepared by the Canadian Standards Association. But there was no thought of licensing certain firms to make the aerials to the required standards or to give them a monopoly on putting them up.

Charge Woman Slew Employer

Regina. — A 215-pound housekeeper appears in court today on a charge of murdering her former employer, whose body lay in secret for months in a sealed room of his east-end home.

Elizabeth la Fihie, 30, was charged last night after hours of questioning by detectives investigating the death of 74-year-old Mike Tudor. The man's bludgeoned body was found Friday. He had been missing 16 months and had been dead for at least a year.

All lived in Tudor's three-room home when he vanished 16 months ago.

Asian Allies Rap Commies

Bandung, Indonesia. — (AP) — Asian allies of the West launched new attacks on Communist expansion today at the Asian-African conference. They did not call the Reds by name, but their meaning was clear.

Carlos P. Romulo of the Philippines, former United Nations assembly president, and Pakistan's Prime Minister Mohammed Ali Jinnah, at the conference plenary session this morning to the anti-Red banner raised yesterday by the Iraqi foreign minister, Fadhil Jamali.

There was no immediate reply from Communist China's Premier Chou En-lai. But there was a possibility that he and the only

other Communist delegate to the conference, North Viet Nam's Information Minister Hoang Minh Giam, would take the floor at this afternoon's session.

Both Chou and Prime Minister Nehru of India noticeably refrained from joining in Monday's applause—largest so far of the conference—which followed Romulo's speech. Nehru had hoped the conference would avoid the most controversial aspects of the East-West conflict.

The Philippine delegation chief warned the delegation "not to surrender blindly to a new super barbarism, a new super-imperialism, a new super-power."

"Do we fight to regain our manhood from Western colonial rulers only to surrender it to rulers among ourselves who seize the power to keep us enslaved?"

The Pakistan prime minister, whose government receives United States military aid and is a member of the Western-backed Turkish-Pakistani alliance, also avoided mentioning Communism by name.

Weaker nations must have no cause to fear aggression or economic exploitation or ideological domination," he declared.

Ceylon's anti-Communist prime minister, Sir John Kotelawala, meanwhile launched an effort to prevent a conference split over the Communist issue.

Kotelawala, one of the five Colombo plan premiers who called the conference, arranged a private meeting Wednesday with Chou, Jamali and the four other sponsoring government chiefs. They are Nehru, Mohammed Ali, U Nu of Burma and Ali Sastramidjojo of Indonesia.

The Ceylonese premier said an effort will be made at the meeting to avoid further clashes.

Bandung, Indonesia. — (AP) — Red China's Premier Chou En-lai told the Asian-African conference today that "peaceful co-existence of countries with different social systems can be realized."

Army Seeks To Enlist Unemployed

Sept.-Fles, Que. — Two army recruiting officers Monday began investigating the possibility of enlisting some of the 500 jobless workers in the area.

The officers arrived at this iron centre yesterday and said they planned to offer the unemployed men a chance to join the army, if they are qualified.

The Iron Ore Company of Canada, main source of employment in the area, reported it received 200 applications for jobs yesterday afternoon. Company officials said, however, that they have already hired 300 men, enough for the summer.

Some 80 persons lined up at the local office of the Unemployment Insurance Commission, checking on job possibilities.

Many of the transients, who travelled here from Montreal after hearing stories of high-paying jobs, spent all their money on the trip and have been begging for food and lodging. The town is feeding a number of them and the municipal garage is crammed with makeshift beds for the men.

The Doofer Family

By ALMA SIOUX SCARBERRY

BRINGEMBACK TINGALING
Daddie Doofer was alone in the store when the stranger hurried in. Daddie looked surprised. He had certainly never seen any one like that around Dooferville. The man wore a derby hat and a loud checked vest—and had a big, black cigar in his mouth. And what a long black curling moustache! Daddie was sure he must be a city slicker from the County Seat!

The man said shrilly, all in one breath, "Guess you must be grocer Doofer. My moniker's Bringemback Tingaling, the Tingaling Brother's Circus. I come to make arrangements for the circus spot this year. We'll make you a big deal. BIG deal, Doofer. I'm

your boy. You name it. I got the bank roll. You got the spot. You name it."
Daddie looked a little puzzled. "Well, Mr. Tingaling, I guess the spot will be the same as the one arranged for last month. The meadow back of our house. And the terms were quite satisfactory. You a new man with the circus?"

"Yup!" The man twirled his big black cigar. "Me and my brother OWEN the outfit. I been away on a big deal. BIG deal. Nice to do business with you, Doofer. I can see you're a smart man who knows a good

deal when he gets it. Eh?" He puffed his big cigar and added, "By the way, Doofer, I come by your house. And I just happened to notice that big bird in the box on your porch settin' on the egg. And that blue critter with the yellow spots."

Daddie smiled. "Oh, that was the bird that flew down for Easter. Called itself the Easter bird. Talks a mile a minute. The animal is an Oo-fus-Goo-fus. The only one of its kind in the world. Professor Zoofur tells us. My globe-trotter brother sent it to my little Dollie for her sixth birthday. The bird is most likely from another planet."

The man leaned forward and pointed his big black cigar at Daddie Doofer. He whispered hoarsely: "Doofer, you're going to be a RICH man. THE RICHEST man in Doofer County. You got the bird. You got the critter with the yellow spots. I got the deal. I got the dough. I'm goin' to BUY that bird and that blue critter for the Tingaling Circus. You're RICH!"

Daddie Doofer looked stunned.

Experience And Ability Merit Support

Sherbrooke citizens are again being given the opportunity of voicing their opinions on the manner in which the city has been administered in the past few years. As the results of today's nominations, contests have been assured for the post of mayor and in the North and South Ward Council seats. In the East Ward, the retiring representative, Ald. Felix Thibault, was returned by acclamation for another term, while in the West Ward, J. M. Jeanson was accorded an acclamation to fill the seat made vacant by the retirement of Ald. Conrad Cayer under civil service regulations following his recent appointment as postmaster at Sherbrooke.

The Record believes that the citizens will serve the best interests of the city and of themselves by voting for the three members of the present city council who are seeking re-election — namely Mayor J. Emile Levesque Ald. Wesley Bradley and Ald. Carl Camirand.

The Record does not believe that a man should be returned to office just because he has had some experience in that position. To argue thus would be to claim that new blood should never be introduced into an administration. But it does believe that when a man has shown a record of aggressive action and forward administration, he should be selected over other candidates whose policies are uncertain and perhaps of a negative nature.

A Truly Great Man

The world is a poorer place today. Albert Einstein, perhaps the greatest genius of modern times, is dead.

There was something that seemed immortal about this slight, sad-eyed Jewish, gentleman. It seemed almost impossible that he would, like his less-gifted fellowmen, be taken from the world that he so greatly influenced.

They came along all too seldom, these truly great men. Albert Einstein's name became a household word, among men, women and children, the majority of whom could not understand even his simpler formulas.

Here was a man who demanded little from life. At no time did he seek or take advantage of the adulation that was heaped on him. He asked only to be allowed to work in freedom, a request that was granted him gladly by the United States after he fled there from Germany in 1933.

During his three-year term of Mayor, Colonel Levesque has been unwavering in his service to the city, devoting himself unsparingly to the interests of the citizens. He has given council aggressive leadership in all projects for civic improvement and has championed such causes as the new central autobus terminal, the new municipal garage and the reconstruction of the Lansdowne Market.

For the last five years of the nine he has spent at City Hall, Ald. Bradley has been chairman or member of the general administration committee which has been charged with controlling the finances of the city generally. The efficient manner in which he has carried out his duties is best reflected in the fact that municipal real estate taxes have been held virtually unchanged in spite of the steady increase in the cost of almost everything entering into the general operating costs of the city.

A member of the council for six years, Ald. Camirand has consistently supported every project for civic advancement and has registered an enviable record as chairman of the Protection Committee which administers the police and fire departments.

The three men seeking re-election have gained experience which makes them invaluable to the citizens and have shown administrative ability and an appreciation for their civic duty which justifies their endorsement by the electors.

Albert Einstein carried the trademark of truly great men. For a great man finds no need to seek prominence. Rather, he sometimes must take pains to avoid it, if he is to lead anything that resembles an orderly life.

But Einstein was great in more things than mathematics and physics. He was great unto himself. A scientist, yes. But a man, too. His very bearing and words were those of a man who has attained a fulfillment.

He held much fear and trepidation as the world moved scientifically to within reach of the means of self-destruction. His one hope was that atomic development would make war such a hideous prospect that it would serve as a permanent deterrent.

This white-maned genius with the perpetual baggy pants will become a legend. His contribution to mankind has been tremendous. Let us all hope that the world uses his genius to purposes that would do credit to the man.

United States Congress Holds Key To Tariff Cut

(By The Canadian Press)

Again the concept of free world trade is at the crossroads. Will it retreat or move ahead?

In the eyes of Canadian authorities, the vital question may be answered in the next few weeks by the United States Senate where a committee has come to grips with President Eisenhower's proposals to reduce U.S. tariffs by 15 per cent over a three-year period.

Ottawa officials feel that though any reduction in U.S. tariffs would be beneficial to Canadian and world trade, a cut of 15 per cent is not large. And yet Washington reports are that the proposals are in serious trouble; that senators are trying to load the bill with about 100 amendments which would destroy a large part of the proposed tariff reductions.

Some senators have suggested that U.S. slap on import curbs on oil, textiles, chemicals, lead and zinc and a number of other commodities, including even such items as umbrella handles and marbles.

Other proposed amendments would make it mandatory for the President to approve all U.S. Tariff Commission recommendations for higher tariffs. At present he can reject or accept the recommendations.

Canadian authorities are still deeply concerned over the extent of American restrictions on Canadian exports: Oats, barley, rye, cheddar cheese and other dairy products.

The U.S. has been granted a waiver under the General Agreement on Tariffs and Trade which makes her farm import curbs — imposed because the imports might threaten domestic price supports — legal, but nevertheless Canada would like to see the curbs removed.

Some of these restrictions come under annual review. Curbs on rye imports expire June 30 unless renewed; those on barley and oats on Sept. 30.

Canada-U.S. trade problems were supposed to be ironed out by the joint economic and trade committee, composed of top ministers from both governments. The first major meeting was held in Washington in March last year and though there was to be an annual session, there still have been no plans made for a meeting this year.

Canadian authorities are hopeful that a meeting will take place but they said there is no point in holding one until Congress makes its decision on the President's tariff proposals.

What Other Papers Say

HE IS HUMAN

(Hamilton Spectator)
Something new in "flop-houses" has made its appearance in Sheffield, England, and has received a mixed reception from the hoboos for whose use it is there.

A few of the professional knights of the road—the older ones—feel uncomfortable about staying at this new hostel where the rooms are private, decorated in pastel shades, have gaily-colored bedspreads and, in some cases, hot and cold water. Furthermore, there are first and second class rooms—for "travelling workers" and "travelling unworkers."

This hostel is run by the Salvation Army and the old rule applies—no man is turned away, but if he cannot pay for his holding he must help with the work.

There will, of course be critics who will sneer at providing these conditions for hoboos. But we are not among such critics; we do not see why a hobo should not live in civilized surroundings; he is a human being.

BYGONE DAYS

TWENTY YEARS AGO

From the Record of Friday, April 19, 1935.

A dragnet is stretched across the Eastern Townships-Vermont border today while Coaticook police seek the slayer of Willis Keith Baldwin, pioneer-store keeper of Baldwin's Mills and former Stansfield M.P., who was found brutally beaten to death behind the counter of his store yesterday.

Warned by Great Britain and Italy that they would oppose any move to rearmament the demilitarized Rhineland zone, Adolf Hitler gave no indication today on the stand he will take in face of international reproof for Germany's treaty repudiations.

Alleged loss of women's rights under the Nazi regime in Germany drew the scathing fire of 300 delegates, representing 35 nations to the Women's International Congress in Istanbul today. The Fuehrer's policy of children, kitchen and church is claimed by the delegates to have lessened the women's rights in the Reich.

TEN YEARS AGO

From the Record of Thursday, April 19, 1945.

Master Harvey Lothrop, eight-year-old son of Mr. and Mrs. Fenton Lothrop, Prospect St., was taken to the Sherbrooke Hospital early last night, after he had been hit by a car on the Bromptonville road.

Antonin Deslauriers, City Clerk, announced today that 12 men would be needed shortly for a one month job of taking the census of the city.

A meeting was held recently in Derby Line to draw up plans for coming a Community Council. Those elected from the different communities to prepare material for a further meeting were: Dr. E. O. Millay and Mrs. Ann Aldrich, Derby Line; Rev. H. O. Desève and Kenneth Benbow, Rock Island; Mrs. George House and Harold Beane, Beebe; and Rev. C. M. Stewart and Rev. E. C. Amaron, for Stanstead.

SO MANY WAYS TO LOSE

A GAME
When today's hand was played in a recent tournament in Atlantic City, the results were varied and entertaining. It was interesting to see how many ways there were of losing a makeable game at hearts.

Whenever South played the hand at four hearts, which happened at most tables, West opened the queen of clubs. The defenders took two club tricks and forced South to ruff the third club.

Declarer now led a trump to the queen and another trump to force out the ace. West led a fourth round of clubs, making South ruff again. South now needed the rest of the tricks.

In most cases declarer drew the last trump, saving three spades and three diamonds in the dummy. East likewise saved three of each suit. Some declarers now took the spade finesse and lost the game. Others took the diamond finesse with equally poor results.

In a few cases, South took dummy's top spades, returned with the king of diamonds and led the last trump, discarding a spade from dummy. East was squeezed and usually squirmed and discarded the queen of spades in order to keep the diamonds. This made it easy for South to cash the jack of spades.

In one case East casually blanked his queen of diamonds without the slightest squirming. South decided to try the diamond finesse, and East took the

Resorts Going After Own Tourist Dollar

(By The Canadian Press)

Canada is going after more of her own tourist dollars in 1955, as well as those from abroad, and expects to drum up a record tourist business—if the weather co-operates.

The weather put a bit of a crimp in things in 1954, say federal officials. But despite a wet, cool summer in most parts of the country the national take from foreign tourists reached \$300,000,000, just \$2,000,000 short of the record set in 1953.

Though no accurate and separate figures are kept on the domestic tourist trade, it is roughly estimated at more than \$300,000,000 for 1954, making a total national tourist trade of some \$600,000,000.

On the basis of foreign spending in Canada and Canadian spending abroad, however, Canada has had a deficit for a number of years. Last year Canadians are estimated to have spent \$380,000,000 abroad, mostly in the United States leaving a deficit of \$80,000,000.

Tourist officials are planning to keep more Canadian tourist dollars at home.

Georges Leveillé, director of the Quebec Tourist and Publicity Bureau and president of the Canadian Tourist Association, said "See Canada First" will be the theme of Tourist Week May 17.

The 1955 tourist year, he said, was born with a silver dollar in its mouth, so to speak. Abundant snow and ideal skiing conditions increased winter tourist business at Quebec mountain resorts by

25 per cent over last year.
D. Leo Dolan, head of the Canadian Government Travel Bureau said the Bureau had received fine response to its 1955 tourist advertising campaign, particularly from the U.S. The lower level of the Canadian dollar in relation to its U.S. counterpart also would favor more American travel in Canada. Mr. Dolan expects many Canadian resorts will

absorb the exchange rate themselves this year and take U.S. money at par.

All provinces except Manitoba predict business as big and probably bigger than 1954. Manitoba officials say the volume may be the same or slightly lower since Manitoba had a record year in 1954 with 893,000 visitors who spent an estimated \$26,575,000.

Victory Seen In Battle To Save Great Snow Geese

Quebec—*Q*—Quebec's game and fisheries officials are not really annoyed at complaints that snow geese are invading farmers' clover fields.

To them it's just another proof that the fight to save the big white birds from extinction has been won. And the damage done by the geese so far has been negligible.

The snow geese flock—believed the only one in existence—was down to 3,000 birds in 1908 when the federal and provincial governments got together to protect it. Last fall, when the birds arrived as they have done for countless centuries at Cap Tourmente and the St. Lawrence river islands 30 miles east of Quebec, they numbered 72,000.

The birds spend the winters in the southern United States, and the summers in the Arctic wastes. They make Quebec a sort of halfway point on each migration.

of spring, or autumn, are the flights of snow geese coming to Cap Tourmente. The early French explorers knew of the flock. But with unrestricted hunting through the centuries it dwindled to the low point in 1908. Since then it has increased each year except in 1931 and last year, when the flock remained stable.

"There have been suggestions that the flock should not be allowed to grow any bigger," said Charles Fremont, superintendent of the Game and Fisheries Department. "If the flock increases again there won't be enough food for them in their normal habitat. The reports that they've begun invading clover fields seems to support this contention."

Normally the birds are content to eat the sedge-grass that grows thickly below Cap Tourmente and on Crane Island and Goose Island, he said.

The snow geese arrive and leave Cap Tourmente with almost

clocklike precision. Small flights of the birds began arriving at the end of March and larger and larger bodies flew in daily, although delayed for a time by a series of spring blizzards.

In mid-May, the Quebec and federal governments will start counting them, just to confirm the mid-winter count done by the U. S. Fish and Wildlife Service. Aerial photographs of the flock are taken from a small plane supplied by the Game Department's flying warden service and the pictures closely studied.

By the end of May, the geese start leaving for Ellesmere island and northern Greenland, where they breed. At one stage of their breeding cycle, the geese

lose all their feathers and can neither swim nor fly. At this stage they are almost helpless before natural enemies such as Arctic wolves.

Near the beginning of October, the geese begin coming back to Cap Tourmente on their way south. Hunting is permitted only then, with a daily bag limit set at five and possession limit at 10. Private gun clubs, provincial game wardens and RCMP make sure the hunting regulations are enforced.

Once they've survived the hunting season, the geese are safe for another year as they are protected while wintering off the coasts of Virginia and the Carolinas.

Denies Totalitarian Base For Education Systems

Emphatic denial of charges made in Montreal that there are several trends in Canada's educational systems "that are totalitarian in philosophy and methods" was made before the local Kiwanis Club last evening by Dr. L. P. Patterson, superintendent of the Montreal Crippled Children's School, who was the guest speaker before the regular dinner meeting of the club.

The charges which drew the attack from Dr. Patterson had been made earlier in the day before the Canadian Club in Montreal by Dr. Hilda Neatby, author of "So Little For The Mind," and had been reported in the Montreal press.

Before delivering his scheduled talk on the education of the physically handicapped, Dr. Patterson dealt briefly with Dr. Neatby's accusations, declaring that she was "merely demonstrating her ignorance" while "sounding off again."

He maintained that modern educational systems "are just the opposite of totalitarian" and that he had heard "nothing more ridiculous" than Dr. Neatby's statement. He continued that "modern educational thinking is absolutely opposed to totalitarianism in any form."

Every child "has a part as an individual" in today's class-room activities. We are "a little more flexible" than in the days when a child was "properly sat on" for speaking out of turn, he said.

But, Dr. Patterson admitted that "we are not as flexible as we should be."

He declared that the teaching profession required more training "than any other job I know," and "these are not the kind of teachers you have in your schools today."

He admitted that the teachers today were doing a good job but added that they could do a so much better job "if they knew more of what they were doing."

Getting back to talk about the education of physically handicapped children—which he claims does not largely differ from that required by a normal child—Dr. Patterson mentioned what he called "prestige factors."

He said school teachers should build the children up and thus give them a sense of accomplishment. "There is no bigger job," he added.

When you see a crippled child, he said, "be friendly," don't over-protect him and don't reject him.

He said crippled children only need help to a point where they can help themselves.

"If you help people who can help themselves, you will soon have useless citizens," he concluded.

Dr. Patterson was introduced by Syd Hart and thanked by Rev. Sidney Garland.

Reg. Bishop presided.

Conciliation Satisfactory, Says Gregg

Montreal — (P) — The federal government does not plan any far-reaching changes in its labor conciliation procedure unless serious deficiencies arise in the present act, Labor Minister Gregg said last night.

Mr. Gregg told a gathering of industrial-relations experts at McGill University that one of the responsibilities of the process is to protect public welfare and encourage sound collective bargaining.

He said conciliation officers were of special value in disputes between employers and labor groups with little experience in negotiating collective labor agreements.

Among the suggestions received by the department for changes in the procedure were:

1. That compulsory conciliation be replaced by a system of voluntary conciliation;
2. That disputes be referred to conciliation officers, but not to conciliation boards;
3. That the conciliation officer and board stages be maintained without the requirement that a board make a settlement recommendation.

"While we recognize that the problems are important, we are not convinced that the arguments and proposals justify our rushing substantial changes in our legislation," he said.

ALFRED L. PENHALE, of Thetford Mines, Monday was elected president of the Canadian Institute of Mining and Metallurgy.

Mr. Penhale, at native of Sherbrooke, is the third generation of his family to be associated with the mining industry and is president of Asbestos Corporation Ltd.

Predict Break In Paper Strike

London—(AP)—Hopes of a break in Britain's 25-day newspaper strike spread through London Monday night. Strikers and publishers announced they will meet today "to explore the possibility of a settlement."

The announcement followed talks between leaders of the 700 strikers, maintenance men and electricians—and representatives of 23,000 newspaper craftsmen dismissed from their jobs because of the shutdown.

Labor sources said the strikers were urged by fellow unions to agree to resume work providing negotiations for their claims for pay rises took place by May 31.

JAIL TERM FOR DRUNKENNESS

One of the regular customers in Municipal Court was sentenced to a month in the Winter street jail by Judge Richard Crepeau yesterday when he was unable to pay a \$20 fine on being convicted of drunkenness.

Two others were let out on seven dollars bail.

OPTIMISTS OPEN

A letter was read from John Aylane, chairman of the convention committee in Montreal, asking that those from Sherbrooke who plan to attend the International Convention at the end of June, make their reservations early, as hotel space will be at a premium.

Two guests, Renaud Scheib and Pierre Legare, were introduced to the gathering by Gordon Zak and Fred Bean respectively.

Seated at the head table were: Bert Tarte, Henry Crochetiere, Erich Marquardt, President Ivan Dugre, Fred Bean, Maurice Mercier and Jean-Guy Tarte.

Easter Tea Held
By St. Patrick's
Mission Circle

Mrs. Victor Brownlow, president of the St. Patrick's Mission Circle, received at the Circle's Easter tea held in the church hall, Saturday afternoon, which resulted in a remarkable success.

The Easter spirit reigned throughout the hall, bunnies popped up everywhere even to the top of the piano, where a gentleman bunny, wearing a tall hat, together with his lady friend, with a mushroom hat, swung a basket of tulips and pussy willows. These blended with the huge mauve eggs, decorated with yellow bands, flanking the large white plaque, in the centre of the stage, which bore the names of advertisers and subscribers to the annual event.

The tea table, covered with a lace cloth was centered with spring flowers in a crystal vase and pink and green candles in matching holders.

Pouring, were, Mrs. Stanley Sharpe, Mrs. J. F. Hinch, Mrs. Octavien Leveque and Mrs. Arthur Booth.

Apart from the enticing tea the sales tables of aprons, home cooked food and surprise boxes

I.O.D.E. Reports
Organization Of
Two New Chapters

The formation of two new Primary Chapters was announced at the thirty-first annual meeting of the Provincial Chapter, I.O.D.E., held at Montreal on April 14 and 15.

The meeting opened with the procession of an impressive array of standards, and of the provincial officers. With the president, Mrs. G. A. Winters, in the chair, the National Anthem was sung and the Prayer of the Order recited.

Mrs. Winters welcomed the delegates and urged members to use these meetings to gain a better knowledge and understanding of the aims and objects of the Order and of the work for the coming year.

Greetings were brought from the City of Montreal by Councillor John Sullivan, who paid tribute to the fine contribution of the Order in encouraging a high calibre of citizenship in new Canadians, and the importance of the members of the Order as "boosters" of the Canadian way of life.

Dr. Lynch, director of Civil Defence Health Services, spoke on the contribution of the medical profession in preparation for thermal nuclear attacks. The protection of the city, he said, should be under civil authority, to minimize the tragic results of such an attack and contribute more effectively to total war effort. He said it was a source of inspiration to know that such a large organization as the I.O.D.E. was willing to cooperate with civil defence authorities. Mrs. E. B. Sims, Sherbrooke, thanked the speaker and mentioned the efforts made by the Sherbrooke Municipal Chapter to have a civil defence organization set up in Sherbrooke.

Mrs. G. B. Smith, Sherbrooke, Mrs. E. M. Gibaut, Montreal, and Miss Hope Glass, Quebec, were appointed assistants to the press convener.

Various reports by conveners and officers then followed. The treasurer reported that about \$56,046 was spent on the various phases of the Order's work in the province and abroad. The organizing secretary was pleased to report the formation of two new chapters at St. Foy, Que., and in the Town of Mount Royal. There are now three Municipal Chapters, 69 Primary Chapters and three Junior Chapters, with a total provincial membership of 2,219.

Commonwealth relations convener reported on the progress made by the Indian nurse taking post-graduate work in Toronto under the auspices of the Order, and said she hoped a doctor would be brought from Pakistan to take post-graduate work later.

Immigration and Canadianization convener reported that 82 boats arriving from Europe had been met at the docks in Quebec and 5,000 quarts of milk and 10,000 pounds of cookies had been given to immigrant families. Large quantities of toys and 1500 scrapbooks had been distributed to the children to entertain them while their parents were going through the customs, etc. Mrs. Winters remarked on the courteous manner in which the Judge of the Court in Montreal granting citizenship papers to new

provided further interest to the affair. Conveners of the various departments and the servers were members of the Mission Circle, who were assisted by three students of Mont Notre Dame.

Those taking part in the devotionals were Miss Aline Morrison and Mrs. E. G. Powers.

A short business meeting was conducted by the president, followed by a solo sung by Miss Thelma Crawford, with Mrs. S. Garland at the piano.

It being the Thank-Offering meeting the group had as their guest speaker, the Rev. S. G. Garland who gave a most interesting talk on Home Missions and Newfoundland. Mrs. H. E. Walker thanked the speaker.

Mr. Garland closed the meeting with the benediction. Refreshments were then served by the hostesses, Miss D. Ross, Mrs. B. Smith, Mrs. A. D. Savage and Mrs. H. Turner.

ST. ANDREW'S LADIES' AID
St. Andrew's Ladies' Aid met at the home of Mrs. Lewis Dunsmore, Portland Ave., Wednesday afternoon, April 13. Mrs. C. A. Turner, president was in the chair and opened the meeting with a short devotional period.

During the business session plans were discussed for a salad tea with a sale of food and fancy work, on Wednesday, May 11.

Members were reminded of the rummage sale to be held at the market on Friday, May 20, and that rummage may be left at the home of Mrs. George Stevenson, Portland Avenue.

Announcement was made that the next meeting will be held at the home of Mrs. Stevenson, April 27.

The meeting closed with the

MISS ELEANOR ISOBEL LABEREE, only daughter of Mr. and Mrs. Milton Laberee of Lennoxville, Que., and MR. LLOYD ALDEN ROBERTSON, son of Mr. George Robertson and the late Mrs. Robertson of Bridgeville, Que., whose engagement is announced. The wedding has been arranged to take place on June the eleventh in St. Luke's Church, Sand Hill. Miss Laberee is a graduate of the Montreal General Hospital School of Nursing, class of '52, and Mr. Robertson is a graduate in Commerce of Sir George Williams College, Montreal.

Canadians, had welcomed the members of the Order who were present at these ceremonies to welcome the new citizens and present them with a decorative and informative citizenship card.

The educational secretary reported a total of \$18,889 had been spent on educational work in the Province including \$5,343 given as monetary assistance to students. Many gifts to schools were noted, such as reference books, libraries, manual training tools, lunch room equipment, pictures of the Queen, ballet classes, etc.

The services at home and abroad convener, reported that over \$35,000 had been spent on welfare work in the province and overseas. Additional assistance was given to school children in the matter of eye glasses, dental care, hot soup, vitamin pills, milk, clothing and uniforms, etc. Hospitals were given equipment, and blood donor clinics, cancer clinics and well baby clinics were well supported. A total of \$1,338 was donated to the Hurricane Relief Fund in Ontario by the provincial chapters, and \$2,000 was spent on an X-ray machine for Korea. Monthly supplies for the machine are also being sent and a cargo carrier has been purchased to aid in this work. About two tons of clothing were shipped overseas to the various relief agencies in England, Greece and other countries of Europe.

Provincial councillors elected later in the sessions included Mrs. A. A. Munster, Mrs. Bruce Bishop, Mrs. E. T. Harbert, Miss F. Macdonald, Mrs. R. L. Bishop and Mrs. E. B. Sims, of Sherbrooke. Mrs. Sims being also sixth vice-president.

A fitting close to the conference report might be made in the words of Miss Hope Glass of Quebec who said: "No matter where one lives or to what Chapter one belongs, an enduring link binds us together—that we all strive to preserve the great heritage that has come to us from our forefathers—the greatest example of decency and justice the world has ever known—the British Commonwealth and Empire."

Women's Groups

ST. PETER'S GUILD

The weekly meeting of St. Peter's Guild was held in the Memorial Hall, Wednesday afternoon.

The president, Mrs. James Twyman, was in the chair and opened the meeting with prayer. Final arrangements were discussed for the ham and salad tea to be held on April 20; and for the rummage sale to take place in the lower hall.

The business meeting closed with the Grace and the members repaired to the living room for tea, the hostesses being Mrs. J. McGregor and Mrs. L. Ross. Tea was poured by Mrs. John Northey.

ST. MARY'S GUILD CHURCH OF ST. PAUL OF THE APOSTLE

The bi-monthly meeting of St. Mary's Guild, Church of St. Paul the Apostle, was held Wednesday evening at the home of the president, Mrs. R. Smith, Fairmount Ave. Following prayers, routine business was disposed of.

Final plans were made for the "Variety Nite" in the Lawrence School Auditorium on April 26, when a one-act comedy will be presented by seven of the members with other numbers on the program.

Further plans will be made at the next meeting, for the May 25th tea.

At the close of the meeting, refreshments were served by the hostess.

EVENING GROUP OF W.M.S.

Mrs. A. D. Savage, president of the Associate Auxiliary, of W.M.S. welcomed thirty members and guests in St. Andrew's Church Hall, on Tuesday evening.

Those taking part in the devotionals were Miss Aline Morrison and Mrs. E. G. Powers.

A short business meeting was conducted by the president, followed by a solo sung by Miss Thelma Crawford, with Mrs. S. Garland at the piano.

It being the Thank-Offering meeting the group had as their guest speaker, the Rev. S. G. Garland who gave a most interesting talk on Home Missions and Newfoundland. Mrs. H. E. Walker thanked the speaker.

committee will solicit food and articles for the gift table. The president informed the members that the plaque is now on the door of the Physiotherapy Department at the Sherbrooke Hospital and that part of the amount which the Wing had contributed would probably be used to purchase accessories for the bath in this department.

Tea was served by the hostess, assisted by Mrs. H. Way and Mrs. A. Dougan.

BAPTIST CRUSADE YOUNG WOMEN'S MISSION CIRCLE

The regular monthly meeting of the Baptist Crusade Young Women's Mission Circle was held in the church hall on Tuesday evening, April 5, with the president, Mrs. F. Bampton, in the chair. Members of the Senior Mission Circle were present.

During the devotional period which was conducted by the Young Women, Miss Iola Bean, returned missionary from Formosa, gave a very interesting talk and showed slides picturing her work there.

Mrs. Bampton thanked the speaker and Mrs. F. Amery offered a prayer for her safe return to her work.

The offering for the evening was donated to Miss Bean to help her in her great task. Refreshments were served by the senior Mission Circle.

Bampton, introduced the speaker for the evening, Mrs. D. MacIntyre who presented a paper on "Sculpture," she was thanked by Mrs. P. Beaudry.

During the business meeting, routine reports were read, and a discussion took place on future projects. Four members volunteered to help with the Cancer Campaign.

Upon presentation of the proposed slate of officers for the next term, it was unanimously approved that the slate be adopted, as follows: President, Mrs. W. P. Charlebois; vice-president, Mrs. L. A. Curtis; secretary, Mrs. A. Hall; treasurer, Mrs. R. Blackmore; corresponding secretary, Mrs. P. Panet-Raymond; extension officer, Mrs. A. W. Timmouh.

At the close of the meeting refreshments were served by the hostesses.

CANTATA AT ADVENT CHURCH

On Sunday evening, the choir of the Advent Christian Church, consisting of seventeen voices accompanied by Mrs. Ruth Hill at the piano, presented The Song of Easter, by Roger C. Wilson, a cantata for mixed voices. Solo parts were taken by Mrs. Laura Webb, Mrs. Effie Wilson, Mrs. Joanne Perkins, Mrs. Ardice McCoy, Rev. David Dean, Messrs. Elmer Perkins, Elton Webb and Chester Perkins.

Two piano and organ duets were played by Miss Mary de Fee and Mrs. Ardice McCoy, an Easter Fantasy, by Kohlman, for the voluntary, and an offertory, the Adagio movement from Beethoven's Moonlight Sonata.

The choir feel well rewarded for their efforts in presenting these cantatas from time to time by the many expressions of appreciation they receive.

W. M. S. MEET

The W.M.S. met in the church hall with fourteen ladies present. The president, Mrs. Samson, conducted the devotional exercises. The program was in charge of Mrs. Silver, assisted by Mrs. Adams, Miss Brown, Mrs. Findlay and Miss MacLeay, who presented a chapter in the study book which was made more effective by an interesting story told by Mrs. Samson.

The minutes and a letter of thanks from Mrs. Healy were read, and a letter from Mrs. Fuller, advising the group of the Presbyterian to be held in Ayer's Cliff, April 26 and 27, at which Dr. Winifred Bryce, formerly of India, will be the guest speaker.

The treasurer, Mrs. Boreham, reported having forwarded the quarterly allocation to headquarters, also the allocation of blankets and face cloths to Home Missions.

Mrs. Samson closed the meet-

ing with prayer followed by the Lord's prayer, after which tea was served.

TRINITY UNITED CHURCH
On Good Friday evening a service was held in Trinity United Church and on Easter Sunday the congregation of the Advent Christian Church joined in the morning worship.

The church was beautifully decorated with Easter lilies in loving memory of Curtis Leet, placed there by his wife and family; Laura Lodge, by her husband and family; and Mr. and Mrs. Mark Mills.

An anthem was sung by the choir with Howard Riddle at the organ. The minister, Rev. Cyril Foggo, B.A., B.D., took for his text, "Believing Without Seeing."

Dreams Come True for Couple, 65

Retire on \$200 A Month

A popular Quebec druggist and his wife recently retired on \$200 a month for life. Their dreams of security and comfort have come true, thanks to a decision the druggist made in 1925.

It was then he took out a Confederation Life Insurance Pension Plan which included \$20,000 insurance protection. He had just opened his store . . . and with the baby and the payments on his home, he had only so much left for retirement plans. It was a pleasant surprise when his Confederation Man told him how easily his dreams could come true—without risks or investment worries.

You'll be pleasantly surprised too at how easily you can make your dreams come true—and protect your loved ones at the same time—with a Confederation Life Pension Plan with Insurance.

Kas Zabowski Named Pro At Sherbrooke Country Club

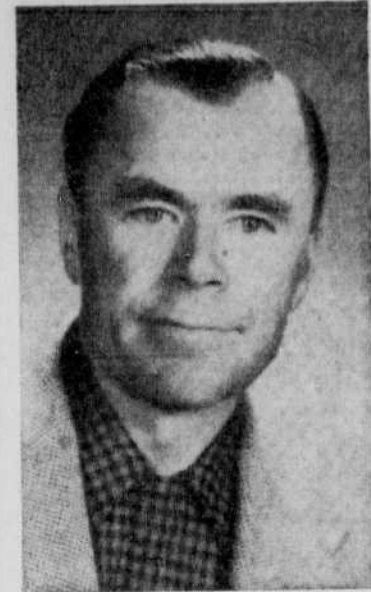

Will Take Over Post Left Vacant By Harry Fowlis; Well Known In Tournament Circles; Good Teacher

Kas Zabowski, former professional at the Asburn Golf Club of Halifax, and one of the outstanding club swingers in the Maritime Provinces, has been hired to replace Harry Fowlis at the Sherbrooke Country Club, stated Amedee Roy, president of the local club.

Zabowski comes to Sherbrooke very highly recommended by his former club and by Bill Kerr, president of Canadian Professional Golf Association. He hails from Winnipeg and moved to the Maritimes ten years ago.

He is very well known on the tournament circuit having on various occasions placed well in the Canadian Open and other tournaments at Montreal and Toronto. He won the Maritime Professional Golfers' Association the first two years he played in it. He copped the Manitoba Open Championship on three occasions, in 1936, 1937 and 1939.

And for a period, he was un-

KAS ZABOWSKI

beatable in the City of Winnipeg, winning the Winnipeg District Open Championship five years in succession, from 1935 to 1939, inclusive. He is a player to beat in any field, and anyone who can match his tournament record will win an enviable place in Canada's golf record books.

His ability in the teaching field is also well known as sev-

eral of his pupils have won Dominion crowns. He has had 24 years experience in the sport. Howard Bennett of Winnipeg and Lea Windsor of Halifax, both winners of the Dominion junior championship, were his students. His son was the runner-up in the Nova Scotia event and is only thirteen years old.

He is very well known from coast to coast and has held the respect of all golfers with his purposeful swing, booming wood shots and sure irons. He has won more than his share of titles, and the chances are he will be winning a few more before he ends his very colorful career.

The executive of the Sherbrooke Country Club should be complimented in securing such an outstanding pro for their members. The loss of Harry Fowlis, who held the job for the past several years, was a hard one for the local club but in obtaining the services of Kas Zabowski, Maritimes' outstanding professional, the local club has spared no expense.

The tournament committee, under the chairmanship of Art Hand, has lined up a well balanced card for the coming season. Jacques Lemieux and Jean-Paul Perrault are joint chairmen of the house and entertainment committee have engaged a new caterer and have laid out a program which should result in improved service.

The official opening of the course is still in abeyance but Chairman Don Howard of the Green's Committee is hoping for the warm weather and sunshine to get the course in top shape as soon as possible.

Florence Chadwick To Swim Channel Along With Marilyn Bell In June?

Toronto — (C) — Toronto's Marilyn Bell may have competition from veteran swimmer Florence Chadwick when she makes her first attempt at the English channel this summer.

By telephone from Nashville, Tenn., where she is on tour with Catalina Bathing Club, Miss Chadwick said Monday in an interview with the Toronto Star she planned the swim nine months ago. She will go to England June 17.

She was surprised to learn the 17-year-old from Toronto was also planning a channel attempt.

"I don't care if Marilyn jumps in or not," she said. "The channel is big enough for both of us and it wouldn't make any difference one way or the other."

First woman to swim the channel both ways, she did it from France to England in 13 hours and 20 minutes in 1950 to set a record for the crossing.

Marilyn will get \$15,000. Miss Chadwick said she hasn't yet found a sponsor.

The two tackled Lake Ontario last summer but only Marilyn finished.

"My only concern is to try to break records," Miss Chadwick said. "And if the weather is right, my swim could take place on the same day Marilyn attempts it."

Criticism of Marilyn's decision to attempt the channel in the face of a possible \$75,000 offer to swim the Catalina channel was answered Monday in a statement by Sid Bell, Marilyn's father.

"After a careful review of the definite proposals . . .," he said, "it was the unanimous decision . . . that the English channel swim should be accepted."

Sports Of Sorts

By GLEN BROWN

Holidays are over and the boys and girls are on that stretch drive that culminates in a positive or negative approach to school life once that report comes out in June.

From the sports angle there is just one big do for all districts of Bedford schools for girls and boys and that is the largest sporting event of the year. Of course we are talking about the annual spring track and field meet that rotates from one school to the other in this area.

In about a month's time Waterloo, with John Black in control, will be hosts to what we hope will be the biggest and best of its kind at the Waterloo Fair Grounds. So we hope that this will be a notice to you boys and girls in schools from as far east as Mansonville to schools as far west as St. Johns to get out on whatever is available and run a little before the track and field day.

So far in our running and jumping efforts we have fallen short of the results of our city brethren, and some folks have asked why. So after due and deliberate thought processes, I have arrived at what I consider the answers. First of all, very few schools have proper training facilities, secondly lack of sustained competition, and thirdly an amateur approach to our age groupings known in track and field jargon as classes.

Let's take them separately. First the lack of training facilities. The only schools that have a track and field set-up adjacent to their schools are Cowansville and Bedford. At Cowansville they have a track right behind the school that is presently being gulped up by a new extension of their school building, and at Bedford the local fair grounds track is within a ten minute walk of the school.

At Knowlton, Granby, Waterloo, Sutton, St. Johns, Mansonville, Farnham and Magog all the boys and girls have to train on, outside of the rink grounds, is the playground that is already overcrowded to the breaking point. In Knowlton's particular set-up the school has about two acres of playground space. Of that two acres available one-third is taken up by blacktop leaving the rest available for jumping and running. In Knowlton High there is an enrolment of about 700 pupils in all grades so that on a sunny day if all pupils are out they take up at least 700 square feet of land when they are standing quietly in one place.

Larry Doby Clouds Ninth Inning Homer To Give Tribe 11-9 Victory Over Kansas; Bums Win 7th Straight

Cleveland Indians have come up with a modern Murderer's Row—six hatchet men who keep swinging until they get the other guy's scalp.

All of which gives Manager Al Lopez the guaranteed payoff of a savings bond. With Al Smith, Bobby Avila, Larry Doby, Al Rosen, Ralph Kiner and Vic Wertz swinging for them, he's shooting for a second straight American League pennant with loaded dice.

Cleveland's hatchet men have knocked in 29 of the Tribe's 36 runs this season, with the big four of the wrecking crew—Doby, Rosen, Kiner and Wertz—driving in 19.

Before an overflow crowd of 31,563 Monday night at Kansas City, Ewell Blackwell got the treatment. He came on in the ninth for Athletics, who had clubbed five homers themselves for an 8-0 lead after four frames. When Blackwell arrived, Cleveland had swung back to a mere 9-8 deficit.

A walk and a hit batsman put Blackwell in the hole. But he struck out Smith and got Avila on a pop-up. Then he had Doby face, Blackwell got as far as a 3-2 count and the next pitch was swatted 375 feet over the right-

field fence.

That was it. Cleveland had it 11-9, moving to within half a game of the American League leader, Boston.

Only two games were played in the league. In another nighter New York Yankees' Whitey Ford set down Baltimore 6-0 on three singles as Orioles, still winless, lost their sixth.

The National had a full slate. Brooklyn stayed unbeaten with a five-run sixth that beat Philadelphia Phillies 5-2 for Dodgers' seventh victory; and Cincinnati got rid of Vic Raschi quickly to beat St. Louis Cardinals 7-4. Both were night games.

In the afternoon, New York Giants whipped Pittsburgh 12-3 and Milwaukee slipped past Chicago Cubs 2-1.

Brooklyn pulled off the fourth five-run inning in its winning streak to top Phils, who had a 2-0 lead. Duke Snider made his third home run of the season good for three runs to start the rally and Carl Erskine capped it with a bases-loaded single. Erskine was the winner, collecting his second victory, but left because of wildness in the home sixth. Ed Roebuck no-hit the Phils the rest of the way.

Argonauts May Not Get American Star As Coach; Injunction Taken

Toronto — (C) —Toronto Argonauts are "afraid" they won't get Jungle Jim Martin, Detroit Lions defensive lineman, as assistant playing coach this year.

Team director Harry Sonshine of the Big Four club said in an interview Monday night that published reports the American is ready to sign with the Big Four club for 1955 "might spoil our chances of getting him."

"We had hoped to keep this secret," Sonshine said. "Martin was to ask Detroit for his release to take a coaching job in Canada, but now I'm afraid we'll lose him." Martin still is under contract to the National Football League team.

Sonshine's comments were made after the Lions filed motions for injunctions here to prevent quarter Tom Dublinski and tackle Gil Mains playing with Argonauts this season. The motion asks the Supreme Court of Ontario to restrain the two players from "breach of contract with the plaintiffs."

Lions will ask the Supreme Court to recognize the option clause in the two contracts. Under the contracts, Lions could exercise their options to sign Dublinski and Mains to 1955 agreements up to May 1.

Argonauts, embarking on an ambitious 1955 rebuilding program, headed for trouble Monday when it was reported the club had signed Bucky Curtis, an end from Cleveland Browns, and George Dixon, assistant coach at Notre Dame last season. Dixon would be backfield coach under head coach Bill Swiacki, picked up a few weeks ago from New York Giants.

Swiacki made a one-day stop-over here Monday. He will report back at the end of June.

The reports also said that Martin was headed this way.

Sonshine dismissed the reports, saying he was "not confirming Curtis and I'm denying Martin and Dixon."

The news of the signings marked another chapter in the Argonaut story started last winter when the Big Four club, an also-ran in the eastern football race in 1954, announced that none of its 1954 imports would be invited back this year.

Argonauts went after established NFL stars and the Big Four stepped in by ruling that only four NFL players could be signed by each league club in 1955. The clubs could fill their quota, expected to be 10 imports, with American college players.

Argonauts have already signed their limit of NFL stars—Dublinski, Mains, and tackle Billy Shipp

Bishop's University Cagettes Down Sherbrooke Hospital Nurses 49-24 In First Of Total-Point Final Series

Bishop's University cagettes moved a step closer to the Sherbrooke House League basketball title last night when they smothered the Sherbrooke Hospital Nurses 49-24 in the first game of a two-game total points final series played at the university Memorial Gymnasium.

The last game in the series will be played at the university Memorial Gymnasium on Wednesday evening at 9 p.m.

The smooth-passing cagettes got the jump on the rusty Nurses squad, and scored thirteen points in the first quarter without a field goal reply from the visitors, piling up a 27-7 lead at the half which stood up for the rest of the contest.

The winners were led to victory by scrappy forward star

Cairne Gilmour, and centre Allison Perry who each snared 12 points in the fray, tops on either side. Sylvia Burt followed with ten points.

For the Nurses, towering Dot Branch, held to a meagre two points in the first half, erupted for 9 in the second half to lead the losing scorers with eleven points. Rita Berube followed with five points.

In the first quarter, the Nurses, showing the effects of a lengthy practice lay-off could get nowhere against the university sharpshooters, sniping for a single point on a foul shot by Rita Berube, while the cagettes were pouring in 13. The second quarter continued to show Bishop's dominating the play, as the Nurses missed shot after shot, and couldn't cope with the fast-breaking Bishop's attack. The Smith squad outscored the visitors 14-6 in the quarter.

The third quarter was more even, as coach Garth Smith of Bishop's used his regulars sparingly, and the Nurses found the target more often. Bishop's still had enough scoring punch, however, to outshoot the Nurses 10-8. In the final quarter, the Nurses suddenly exploded for eight straight points without a reply from Bishop's, threatening to pull the game out of the fire. However, the Purple and White team came back strongly to add a 12-11 final quarter to their lead.

Alouettes Sign Another American

Montreal — (C) — Chet Lukawski, a 220-pound former University of Kentucky lineman, has signed with the Montreal Alouettes of the Big Four Football League, Vic Obeck, vice-president of the club, announced Monday.

Lukawski, 23, plays offensive guard or tackle and was a member of the Kentucky Sugar Bowl and Cotton Bowl champions in 1950 and 1951. He finishes a two-year term with the United States Army next month.

Vern Stephens Given Release

Baltimore — (P) — Vern Stephens, veteran of 14 seasons in American League baseball, said Monday night he has been released by Baltimore Orioles.

Manager Paul Richards also optioned second-baseman Don Leppert to Charleston of the American Association.

Stephens played third base for seven years for St. Louis and went to Boston in 1948. He stayed there until 1953 when he divided the season between Chicago and St. Louis.

He came to Baltimore with the transfer of St. Louis franchise and led the Orioles in runs batted in and home runs last year.

Stephens, 34, said he had no idea if where of if he would play next.

Coaticook Citizens To Observe Clean-Up Week

Coaticook Merchants Urge Support Of Clean-Up Week

Coaticook merchants, co-operating with the members of the Town Council, have launched a "Clean-up Week" Campaign for the purpose of removing the scars of winter and assuring that the many advantages nature has offered the town are most appreciated. The object of this campaign is more than actually "cleaning up." It is for the general embellishment of public and private properties within the town limits. Naturally, the initial is for the citizens to clear up and dispose of the debris which has accumulated around their homes during the winter months and the civic authorities to remove rubbish and other trash which has gathered on the streets.

But the campaign does not stop there. The citizens are being asked to make a positive approach to the

problem — they are being called upon to do more than remove unsightly conditions. A major part of the campaign concerns the improvement of basic conditions.

It is not enough these merchants tell the citizens, to remove the debris from your lawns. A little money spent on grass seed for bare spots, the planting of a few flowers, the placing out of trees, will pay big dividends in the improved value of the properties and indirectly in the greater enjoyment for the citizens at large.

Spring is also the logical time to paint and repair residences and business blocks, to hard-surface driveways, to rebuild that decrepit woodshed, tool-house or garage.

Among the merchants co-operating in this Coaticook Clean-Up Week campaign are: D. S. Bachand, Premier Dry Cleaning, Tremblay et Fils, Allaire et Fils, Coaticook Lumber Co., Kay and Son, Kenneth Walker, Societe Cooperative de Graines et Moulees, J. B. Dionne, J. H. Knapp and Coaticook Fur Storage.

Knowlton W. A. Plans Cooking Demonstration

Knowlton—The Women's Association met at the home of Mrs. Ray Duboyce with Mrs. William Hives as co-hostess. In the absence of the president, Mrs. Carl C. McClay, the vice-president, Mrs. J. Edward Perry, was in the chair and conducted the meeting. Mrs. E. H. Gray conducted the opening devotion, the theme being "The Easter Message."

The minutes and several thank-you notes were read by the secretary, Mrs. Elton Bockus. A letter was also read from Mr. John Y. Andrews, in which he informed the association that a bulletin board in the Bank of Montreal was available for organizations to advertise coming events.

Ten members answered the roll call and two visitors were welcomed.

The vice-president mentioned the Moffat cooking demonstration to be held on May 4 in the High School auditorium. Mrs. Elton Bockus was appointed to arrange for the posters, Mrs. C. C. McCorkill and Mrs. H. L. Parks to be in charge of the sale of home-made candy. It was decided to send flowers to a member who is in hospital.

Mrs. McCorkill offered to en-

tain the next meeting with Mrs. H. L. Hastings assistant hostess. The meeting closed with benediction, after which refreshments were served.

WOMEN'S MISSIONARY SOCIETY

The regular meeting of the Women's Missionary Society took place at the parsonage with the president, Mrs. E. H. Gray, in the chair. The minutes were read by the secretary Mrs. G. N. Ransom, and several sick calls were reported when the roll call was answered.

Mrs. H. L. Hastings gave an interesting talk on Christian citizenship and Mrs. M. W. Miller reported on Christian stewardship.

The worship service was led by Mrs. Gray with Mrs. Graydon Tibbitts reading the Scripture lesson, and Mrs. Gray reading from the play, "The Boy with a Cart," by Christopher Fry. Special prayers were offered by Mrs. Gray.

Mrs. G. M. Ransom conducted the study period, reviewing a chapter of the study book. She was assisted by Mrs. H. L. Hastings, Mrs. Gray and Mrs. William Tibbitts.

The meeting closed with benediction and prayer by Dr. E. H. Gray.

CHEERIO MISSION BAND

Cheerio Mission Band met in the United church hall under the supervision of Mrs. E. H. Gray and Mrs. Elton Bockus. In the absence of the president, Sheila Heyman, the meeting was presided over by Donald Badger and opened with the Mission Band hymn and purpose.

The minutes were read by Margaret Roberts, in the absence of the secretary, Linda Jill Bockus.

The roll call was answered with the sentence, "He is not here; He is risen," followed by the hymn, "Jesus Christ Is Risen Today."

Mrs. Gray stated that she had ordered garden seeds and jelly powders for the members to sell. The next meeting will be held on Friday, April 22.

Mrs. Bockus reviewed a chapter in the study book followed by the hymn, "Welcome Happy Morning." The worship service was conducted by Jean Wilson with Archie Powell reading the story and Jean Wilson the Scripture

'OVER THE TOP' — OF THE WORLD—Air Force strategists see the frozen Arctic wastes as the key to our "instant retaliation" for any Soviet surprise attack. From our huge air base at Thule, Greenland, atom bombers can reach every strategic target in Russia. White arrow, left, points to 3100-mile bombing arc, which includes the target farthest from Thule. Double arrow, right, points to Moscow, 2752 miles from Thule and Sverdllovsk, huge Soviet arms center, 2950 miles away. Thule is the staging base for atomic bombers. Other bases in Alaska, the U.S. and Canada are supporting bases for rescue operations, air defense and air transport stations. Symbols on map show how Russia has ringed the Arctic with air bases. The Soviets claim all the land, islands and ice islands within the area indicated by dotted line. This claim, which U.S. does not recognize, would give Russia 159 degrees of the Arctic Circle.

COMPTON—

The Compton St. James' Guild held the April meeting at the home of Mrs. George Groundwater. The meeting was opened by prayer led by the vice-president, Mrs. Groundwater. Plans were made to hold a candy sale in the future for King's Hall girls. Mrs. Robert Shepherd read a few thank-you notes from those to whom she had sent sunshine boxes. A social hour was followed by refreshments, served by Mrs. Groundwater when Miss Gillard and Mrs. Baskerville were welcomed as guests.

The beautiful Easter lilies on the altar of St. James' Church on Easter Sunday were in memory of the Cochrane family, given by Miss Marjorie Cochrane, Mrs. S. McLeod, Mr. Hugh Cochrane and Miss Grace Cassels.

Mr. and Mrs. Fred Green and family were Easter guests of the former's sister and brother-in-law, Mr. and Mrs. Walter Smith at Beebe. They also called on their parents, Mr. and Mrs. Charles Hyatt, at Hatley.

Mr. and Mrs. Lloyd Hyatt and daughters were Easter guests of Mr. and Mrs. Ashley Shaughnessy in Sherbrooke.

Mr. and Mrs. Alfred Robertson, of Moe's River, were recent guests of Mr. and Mrs. James Skuse.

Mr. and Mrs. R. E. Grenier were Easter Day guests of their parents, Mr. and Mrs. Charles Hyatt, at Hatley.

were chosen for the temperance posters, after which a game was enjoyed and a treat served by Mrs. Bockus. A friendship circle was formed for the closing prayer and credo.

KNOWLTON HIGH

Knowlton High School closed on April 7 for the Easter recess and will reopen on April 18.

Rehearsals have been under way for some time for the opera, "The Gondoliers," by Gilbert and Sullivan, under the direction of Miss Ethel Nesbitt, music specialist.

Performances will be held on April 21 and 22 in the High School auditorium.

General Notes

The Canadian Girls in Training met in the United Church hall under the leadership of Mrs. E. H. Gray. A general business session took place in which the minutes were read by the secretary, Ann Northrop, and the worship service was conducted by Mrs. Gray.

Mrs. H. L. Parkes entertained the Women's Association of the United Church at a sewing meeting when a considerable amount of work was accomplished by the ladies present, after which Mrs. Parkes served tea.

The christening of the infant daughter of Corporal and Mrs. Russell A. Coote, of Trenton, Ont., took place at the Easter morning service in the Knowlton United Church, Dr. E. H. Gray officiating. The baby received the names Wendy Erissa. The grandparents, Mr. and Mrs. George Coote, entertained at a family dinner following the service.

On Easter Sunday morning in St. Paul's Anglican Church and in the United Church, special services were conducted. Easter music was rendered by both choirs and the churches were decorated with spring flowers.

Brome Lake Lodge No. 35, A. F. and A. M., held its regular communication when the initiation degree was conferred on a candidate.
