Services to the English-Speaking Community

Whereas the regular and recurring activities of the Ministère de l'Éducation (MEQ) serve the entire school system in Québec, the mandate of Services à la communauté anglophone (SCA) is to promote and support the implementation of MEQ policies and orientations in English schools, in collaboration with other sectors of the MEQ. The SCA also initiates projects enabling schools in the English sector to maintain the quality of their educational services.

The SCA manages the Canada-Québec Agreement for Minority Language Education and Second Language Instruction and provides administrative support to the Advisory Board on English Education. Services are provided through the Direction des politiques et des projets and the Direction de la production en langue anglaise.

The SCA carries out its mandate under the authority of the Assistant Deputy Minister for the English-speaking community.
