

BRITISH CAPTURE IMPORTANT POSITION AT GALLIPOLI

Now Control One of the Main Turkish Supply Roads in Anafarta Valley. Russians are Developing Unexpected Strength in the North and Gain Local Success at Vilna. Four Turkish Transports Sunk by British Submarines.

London, Sept. 2.—(Special)—The British public has been greatly cheered by the version of the recent heavy fighting at the Dardanelles contained in the official report received last night from General Sir Ian Hamilton, the British commander-in-chief. This report had been awaited eagerly, in view of the assertions of Constantinople that the Allies had been repulsed with heavy losses. Sir Ian claims that his forces operating on the northern portion of the line captured an important tactical point commanding the Buvuk-Anafarta Valley to the east and north, as well as making an appreciable gain along the Australian front.

If the British colonials now dominate Anafarta their guns should have a clear field to fire upon one of the main Turkish supply roads leading towards Chi Baba. The Turks, however, have an alternative line of communication with this part of their front. Constantinople has admitted no advance on the part of the Allies.

RUSSIANS DEVELOP STRENGTH.
The Russians are developing unexpected strength in the north where they state they are not only holding Field Marshal Von Hindenburg, but have gained a local success near Vilna. Various changes have been made in the Russian command, the most important being the return of General Ruzsky to the leadership of the Northern Army.

TRANSPORT SUNK BY AIRMAN.
Paris, Sept. 2.—(Special)—Announcement to this effect was made here today officially as follows:

"In the Dardanelles the last week of August it has been calm throughout on the southern front. In the northern zone British troops delivered successful attacks which put them in possession of a hillock to the west of Buvuk Anafarta, which had been contested keenly.

"To the transport sunk on the 20th of August by one of our aviators in the anchorage at Achashilman, it is necessary to add four transports torpedoed by British submarines, two of them at the same point and two others between Gallipoli and Nagana. The guns of the battleship have hit several vessels anchored in the Straits."

ARTILLERY ENGAGEMENTS AT NEUVILLE.
Paris, Sept. 2, 2.30 p.m.—(Special)—The War Office this afternoon gave out a statement on the progress of hostilities which reads as follows:

"Fighting with hand grenades occurred in the course of the night in the vicinity of Souchez. There were several artillery engagements in the section of Neuville, near Roye.

"In the Vosges fighting with bombs occurred at Schratzmannelle."

SLOWING UP OF GERMAN ADVANCE.
Petrograd, Sept. 2.—(Special)—By Frederick Bennet.—To-day's (Wednesday) news shows more than a steady slowing-up of the German advance. The Russians now hold the Germans on the entire front except in the neighborhood of Riga, where the enemy has again returned to the River Misa, from which he was lately thrown back to the River —.

On the Vilna front the Russians have advanced on the right bank of the Tyla, but this move, while proving a successful reply to the German attempt to outflank Vilna from the south, is unlikely to be continued.

More significant is the very considerable success in Galicia, where three thousand prisoners, with many guns, were taken between the Zlota Lipa and the Stripa. The locality of this success adds to its importance.

General P. Giansor, with about five army corps, attempted to attack both flanks of the Russian army in Galicia, with the clear object offering from the Roumanian frontier. The Russian victory occurred just where the Germans would least have desired it. Its effect will be great, both as an encouragement to the Russians and as lessening the confidence of the already weary Germans. It must not, however, be supposed that this will alter the general plans of the Russian strategic retirement, the accomplishment of which it will make easier but not unnecessary. In an interview accorded me, General Milkhnevitch, head of the General Staff in Petrograd, said: "There is no doubt that the German army is being exhausted by the drawing out of its communications. According to the testimony of those at the front, all the Germans of the best age have been used up and the enemy's army consists now of youths and men well advanced in years.

"If the Germans retain the upper hand, it is because of their technical superiority and because their army follows their artillery, while our army follows our army." The Russian retirement was imperatively required by the general plan of the chief of command, but it should not for a moment shake the confidence of the public in final victory. The vital forces of Russia stand incomparably higher than those of Germany. All necessary measures now have been taken for the immeasurable development of Russian technical resources and the increase of her output of war munitions. As soon as the requirements of the army in this respect are satisfied the Russian advance and the German retreat will begin."

ALLIES MAKE VALUABLE GAIN IN GALLIPOLI

London, September 2.—Further gains for the Allied forces on the Gallipoli peninsula are chronicled in an official report received from General Sir Ian Hamilton, commander-in-chief of the British forces operating against the Turks. The report says:

"Further fighting on the 27th and 28th on the northern section of the line has resulted in the capture of an important tactical point commanding the Buvuk-Anafarta Valley to the east and north, and an appreciable gain of the ground occupied by the Austrians and New Zealand army corps.

"The fighting was almost entirely hand-to-hand and of severe character. Very heavy losses were inflicted on the Turks, and three of their machine-guns, three trench mortars, three hundred rifles, five hundred bombs and a large quantity of small arms ammunition were captured by us."

SMALL FORTRESS OF LUTSK TAKEN BY AUSTRILIANS

London, September 8.—The minor fortress of Lutsk, which with those of Dubno and Rovno forms a fortified triangle on Russian territory just north of the Galician frontier, was captured by the Austrians yesterday according to the official report from Vienna. It is in this direction that the Austro-German offensive has been the most aggressive during the past few days, the object being to

separate the Russian army which has been retreating through the Pripiet marshes from that operating in Galicia, and which yesterday inflicted, so the Russians claim, a rather severe defeat on the invaders.

The capture of Lutsk, however, is likely to compel the Russians, despite their victory to evacuate that part of Galicia still held by them; otherwise their flank there would be seriously threatened.

WINNING RACE FOR TIME.
In the opinion of military writers here, the Russians now stand a good chance of winning the race for time. Within a few weeks the autumn rains will begin, and it is pointed out unless they can succeed in gaining a decisive result before that time, the Austro-Germans can hardly hope to smash the Russian armies before, under cover of the long winter, they are reformed and re-equipped. At present the Austro-Germans are straining every nerve to win this decision, but they have been greatly delayed by the intensity of the Russian counter-attacks and the stubbornness with which the Russian troops hold the positions protecting their retreating comrades.

RUSSIAN LOSSES ENORMOUS.
The Russian losses of course have been enormous. According to Berlin, the Russians have lost 1,000,000 in prisoners since May 2, the date on which the drive commenced in Western Galicia, while during August alone the captures included over a quarter of a million men and 2,300 cannon. The Austro-German losses, too, have been heavy in killed and wounded, while the strain on the troops has been terrific. They still have, according to Petrograd estimates, about 2,600,000 men on the eastern front. 300,000 being in the (Continued on Page 6)

LAST DAY OF BROME FAIR

Presentation of an Address to Mr G.G. Foster, K.C. From Directors

ATTENDANCE YESTERDAY ABOUT UP TO RECORD OF 1913—FINE WEATHER TO-DAY.

Brome, Sept. 2.—(Special).—The weather was again ideal for the third and last day of the Brome County Fair. The receipts from the gates yesterday were within a few dollars of the record day of 1913.

A half-past 1 o'clock this afternoon Mr. G. G. Foster, K.C., who has done so much to encourage increased cultivation of the land throughout the district, was the recipient of an address from the president and directors as showing how they appreciate the efforts he has made to encourage the farmer. The address was presented by Mr. George F. Hall, the popular secretary of the society. The presentation took place in the judges' stand. The address is as follows:

"Geo. G. Foster, Esq., K.C., 'Knowlton, Que.

"Sir,—On behalf of the president, directors and members of the Brome Agricultural Society, I have the pleasure of handing you herewith cards signed by several hundred of the members of this society, which indicate the result during the past year of the efforts you and we have made to increase the crops in Brome County. There are many reasons why in the past the grain and food crops in Brome County have not been as large as in many other counties, but the result accomplished this year as shown by the evidence we hand you, proves that a splendid and substantial result has been accomplished by the prizes you offered last fall to the farmers of this county, coupled with the desire on their part to carry out the spirit indicated in your letter offering the same. All of our farmers (for many reasons) were, of course, unable to compete in the competition, but the evidence I hand you, which shows that whereas in 1914 one hundred and seventy-five farmers in this county had (in food and grain crops) one thousand eight hundred and five acres, they had in 1915 three thousand and thirty-one acres, or an increase of twelve hundred and twelve acres, an increase in the neighborhood of 68 per cent. We do not pretend that all of this has been exactly measured, but it is a fair estimate made by disinterested men, coupled with the reports of the farmers, and if this same proportion of increase had been made by a like number throughout all counties of the Townships, it is easy to calculate the manifest advantage that it would have been to our people. There were entries for your prizes by men who actually competed for the same in every township in the country (forty-nine competitors), to say nothing of the many who caught the inspiration and were unable to compete and their crops were judged fearlessly by a representative sent to us from the Agricultural Department at Ottawa.

"In conclusion, and on behalf of the society, its members and friends, we thank you for your assistance and realize the debt that the people of Brome County are under to you for the efforts you made to increase the crops in this county, and we feel that you or we could possibly anticipate.

"President and Secretary Brome Agricultural Society."

Mr. Foster replied. Addresses were also made by other speakers.

LIVE STOCK EXHIBITS GOOD.
Never in the history of the society has a larger or better class of live stock been shown. This is particularly so with regard to cattle. Horses are numerous and well classed, while sheep and swine are shown in greater numbers and good quality. Dairy products are not above the average, while the mechanical and manufacturers' departments are well filled. Brome County ladies again show in the "art of the needle" for an excel. Flowers, fruit and vegetables are shown in large quantities, and (Continued on page 3)

BERLIN CLIMBS DOWN TO U. S.

Assurances Given By Ambassador With Regard to Submarine Warfare

WITH ARABIC INCIDENT OUT OF WAY STATE DEPARTMENT WILL TAKE UP NEUTRAL COMMERCE PROBLEM

Washington, Sept. 2.—(Special).—With both oral and written assurances from the German government, transmitted through Count von Bernstorff, the German ambassador, to the department, regarding Germany's submarine policy, officials of the Washington government today looked hopefully forward for an ultimate and satisfactory settlement of the whole submarine problem.

Germany's next communication, it was said authoritatively, will be a formal disavowal of the sinking of the Arabic, and reparation will be made for American lives lost in the disaster if the attack was made by a German submarine.

With the situation growing out of the Arabic incident out of the way, Germany's reply will be forthcoming. If that is satisfactory to the United States, it is believed that the Washington Government will then turn its attention to the problem of neutral commerce. A note to Great Britain is already in course of preparation.

MANY ATTEND SCOTSTOWN FAIR

Ideal Weather Brought Out Large Attendance From Wide District

LIST OF AWARDS MADE BY THE JUDGES IN SEVERAL SECTIONS YESTERDAY.

Scotstown, Sept. 2.—(Special).—Fine weather brought out a large attendance yesterday for the first day of the annual fair under the auspices of the Compton County Agricultural Society No. 2. The weather is again ideal to-day for an outing, and the attendance record looks as if it would be broken.

The exhibits were placed early yesterday morning, with the result that the judges got to work early in the different sections. The live stock exhibit was away ahead of previous (Continued on page 3.)

GERMAN PUBLIC KEPT IN DARK

No Mention is Made in Press as to Concessions Made to the United States

London, Sept. 2.—(Special).—The German public has been kept in ignorance of any concession to the United States concerning submarine warfare, according to the London Times, which asserts that German newspapers of Saturday and Sunday make no mention of a change in policy and refer only briefly to the Arabic case.

The British Admiralty's revelations regarding the loss of many submarines also has been concealed from the German people, the Times asserts.

QUESTION OF PROHIBITION

Government Will Submit Measure to the People of Newfoundland at Election in November

CAMPAIGN IS EXPECTED TO BE ONE OF THE MOST BITTER EVER FOUGHT IN THE ISLAND.

St. John's, Nfld., Sept. 2.—(Special).—The question of prohibition of the liquor traffic is the leading issue to-day in the politics of this colony. Advocates for and against temperance have completed plans for launching a campaign of speechmaking that gives promise of being one of the most bitter ever fought in Newfoundland. Meanwhile the Government authorities will arrange for an election in November, when a vote will be taken on a prohibition bill referred to the people by the last legislature. As there would be great difficulty in importing into a territory completely surrounded by water, it is believed that if prohibition should become a fact in Newfoundland the world would see the most complete demonstration of the working of a prohibitory law ever known. The approval of forty per cent. of the electorate is necessary before the prohibition act can become a law.

POPE WILL MAKE ANOTHER APPEAL

Is Preparing a New Document to be Submitted to the Belligerents

Rome, September 2.—Pope Benedict is preparing a new document with a view to inducing the belligerent nations and their rulers to conclude peace. It is asserted that in this document the Pontiff will for the first time speak in regard to the general merits of the situation, showing the advisability in the interest of all countries, of a cessation of the inhuman struggle. Its continuance, he will declare, will be even more disastrous than hitherto to all those participating in it, while an honorable peace would still succeed in saving European civilization.

It is asserted that neutral countries will be approached with a view of obtaining their support of the step which the Pope is about to take.

NEW ASSISTANT VICEROY OF THE CAUCASUS

Petrograd, Sept. 2.—(Special).—Official announcement was made yesterday that General Yanshevich, chief of Grand Duke Nicholas' staff, has been appointed assistant viceroy of the Caucasus. He will be succeeded as chief of staff by General Alexiev, commander-in-chief of the armies on the northwestern front.

THE WEATHER

Moderate to fresh south-westerly to southerly winds, fine and warm.

RECORD CROWD LOCAL RED AT AYER'S CLIFF CROSS SOCIETY

Largest in the Seventy Years of the Society's Existence

LIVE STOCK PARADE WAS GOOD —PATRIOTIC ADDRESSES BY MONTREAL SPEAKER.

Ayer's Cliff, Sept. 2.—(Special).—The weather was beautifully fine yesterday for the second day of the Stanstead County Fair. Many thousands of visitors passed through the gates, and at half-past one, when the attractions commenced the grand stand was completely filled. Never during the whole seventy years of the Society's existence has there been such a large attendance on one day. Indications point to another large crowd today, and when the show closes tonight all concerned will be able to congratulate themselves on the result.

PARADE AND RACES.
The grand stock parade, one of the principal features of a county fair, never fails to interest young and old. The usual enthusiasm prevailed yesterday in this part of the proceedings and the horses and cattle appeared to give universal satisfaction. Some fine specimens of heavy horses were especially admired, and some little amusement was caused by a few calves of more than normal strength.

There were four entries in each racing event and some close finishes were seen. Each race was won in three straight heats. The following is the summary:

THREE MINUTE CLASS.
Rosemonth (W. A. Rediker) 1 1 1
Rhythmia (Geo. Rediker) 3 2 2
F. W. (Jack Williams) 4 3 4
Allen Bogash (L. Davidson) 4 4 3
Time—2.39, 39, 40.

NAMED RACE.

Jimmy T. (P. Langlois) 2 2 2
Lady Wilkes (L. Davidson) 4 3 3
Col. Hunter (E. G. Davidson) 3 4 4
Time—2.40, 32, 33.

Officials—Starter, Dr. Ball; time-keeper, C. C. Hunt; judges, T. R. Thompson and Dr. Cromwell.

The Ayer's Cliff Band was in attendance and provided some excellent music throughout the afternoon.

RECRUITING FOR 73RD HIGHLANDERS.
Col. F. W. Hibbard of the Heavy Battery of Artillery, Montreal, addressed the crowd on the grandstand from an auto between the races. He made a strong address upon Canada's duty in connection with the war and pointed out that this was Canada's struggle as much as Great Britain's, as Germany desired to get possession of the Dominion for a German colony. He paid a great tribute to the work of the Canadian women, but declared that the men of Canada had not responded to the call to arms as they should have done. Col. Hibbard made an appeal for recruits for the 73rd Royal Highlanders, a new regiment being formed in Montreal, and for support for the patriotic funds.

Lieut. Lemesurier, who was wounded at St. Julien, gave his experiences of life in the trenches and described the ruins of Belgium, and other incidents of the war. He spoke largely along the same lines as Col. Hibbard, and emphatically stated that in order to prevent the Germans from repeating the horrors and atrocities here which they had perpetrated in Belgium, that the enemy must be driven out of Belgium. In appealing for recruits he said no man ever regretted going to the front.

Before and after the addresses, a pipper from the regiment paraded up and down in front of the grandstand. "He blew his pipes and gart them skirl."

NOTES.
Special attractions are billed for today (Thursday). It is hoped a large number of motor parties from surrounding towns will be present. The Red Cross committee are doing splendid work and hope to have large crowds to swell their fund.

BISHOP'S CROSSING.

Recently the trustees of the Lake-side Cemetery (old Union burying ground) have been grading and beautifying the grounds where the founder and many of the pioneers of Duxbury are buried, and where, also, many others who in life were near and dear to a great many still living here, and elsewhere, have for years been sleeping in neglected, unkept graves, and where they, too, will be laid aside when they have finished their little career of hurry and worry in this world. And now the trustees have come to the end of their present financial resources with a little less than one-half of the much needed improvements completed. True, they have a right in law to levy and collect assessments from lot holders, but this they are loath to do, preferring rather to accept from interested parties contributions that should be readily forthcoming, that the last resting place of their dead may, as it certainly ought to be, as good to look at as the abode of the living. Contributions will be received and acknowledged by J. R. Andrews, Bishop's Crossing. Interested persons are invited to visit the cemetery and inspect the splendid improvements made by Mr. William Bentley, who has charge of the work.

The Red Cross Society held their weekly meeting at the I.O.O.F. Hall on Saturday afternoon, where there was a very large attendance, the afternoon's work being as usual knitting and sewing. BUDGET OF NEWS FROM MAGOG

Motor Boat Owners Have Had Exciting Experiences in the River Owing to Break in Dam

SURE SIGN OF FALL WITH RETURN OF SUMMER GUESTS TO THEIR HOMES.

Magog, September 2.—(Special)—There have been a number of exciting experiences with motor boats caught in the current in the river since the break of the dam. One gentleman not knowing of the accident discovered after it was too late that something was up. In making for the canal made by the P. R. track his launch was turned completely around. This gave him the idea that it would be better for him to make for the lake again, but the same occurred to him again with this difference that he was carried down stream, and his engine stopped by striking a rock. Men along the shore got them off, and now he has his boat laid up for the winter, in all probability. On Sunday four young men wishing to go out for a ride in the forenoon pushed out confident enough, but the engine failed to start immediately and as their boat house was situated in the river they found themselves drifting rapidly down stream toward the rapids and dam below. They grasped at the bridge as they went under but were not strong enough to hold on and in a short space of time were stranded on a huge boulder, a hundred yards below the bridge. Spectators on the bridge hoisted a rope down the river to them but it was discovered that before they could be hauled off they would be tipped over first, consequently they had to leave the boat, and get ashore by wading. On Sunday evening they succeeded in getting the boat off the rocks, and run under its own power to a safer location. At the present time the emergency dam will stop any accidents of this character, but a wise discretion will probably prevent many from motoring on the river only when it is absolutely necessary.

SURE SIGN OF FALL.

Camp Meeting, Fall Pairs, The opening of the schools, the return of the summer visitors to the city etc., are among the signs that indicate that the summer season is fast drawing to a close.

FARMERS WILL TAKE TRIP.

The Annual Farmers' excursion of the Lady of the Lake will be held on Monday September sixth. This annual event marks the close of the season as far as the Lady of the Lake is concerned. Her summer schedule this year was somewhat interfered with through an accident to the paddle wheels.

CAMP MEETING OVER.

The annual series of meetings held at the Adventist's Camp grounds here closed on Sunday evening last. They were well attended, and the meetings were fully up to the standard of those of former years.

SUMMER GUESTS DEPARTING.

Nearly every train now sees a few of the summer guests trekking back to their homes in the city. The opening of the schools is the chief factor in starting them homeward so early as camping on the lake shore is still congenial, to many as there should be considerable warm weather yet before the cold weather sets in permanently.

AT AYER'S CLIFF FAIR.

This is the week for the annual Fair of the Stanstead County Agricultural Society at Ayer's Cliff. Wednesday was the day on which the Ladies of Magog helped to look after the dining hall, etc., at the Cliff. There is no doubt but that the ladies of the county will succeed in gathering a good round sum as a result of their labors in catering to the wants of the public at the fair. The Commissioners, and also a large number of the citizens will be present to witness the opening exercises. Considerable interest is being taken in the school. The good results obtained at the recent examinations have acted as a sort of an incentive to excel last year's results during the coming year. It is expected that there will be a record number of Academy pupils.

EARLY VISIT FROM JACK FROST

"Jack Frost" paid a visit to a number of places in this vicinity during the latter part of last week. This was a rather early call. He, however, practically missed Magog town. Fortunately he did not nip

fully consider the superior points of
this car before buying. The Maxwell

PATRIOTIC WORK IN SHERBROOKE

How Automobile Owners Could Help on Work of Red Cross Society

The Work Committee met on August 23rd to pack their usual monthly box of comforts for the Canadian soldiers at the front, and 480 pairs of socks, 126 small Turkish towels, soap, tobacco, cigarettes, etc., were forwarded to the Canadian War Contingent Association. The Work Committee gratefully acknowledges the following:—Mrs. Lunderville 1 pair of socks; Mrs. W. D. Fraser 4 pair of socks; Mrs. R. A. D. King, Waterville, 4 pairs of socks; Miss Atkins 12 cakes of soap and 3 dozen towels; Mrs. S. W. Jenckes 1 pair of socks; Mr. Bernard 12 packets of cigarettes; Mrs. Horace Roy 3 pounds tobacco; Mrs. Jas. Robertson 1 dozen cakes soap; Beebe and Graniteville Patriot Societies 51 pairs socks.

Our Committee report that people are eager and willing to knit, some of them knitting a certain number of pairs socks each month, amongst others Mrs. Martha Addison, Sherbrooke, who is 76 years of age, knitted 7 pairs during the month of August—this is very encouraging, but we make a further appeal for still more "knitters."

As the cold weather is coming on there will be still larger demands for warm socks and other comforts. We are also making navy blue mufflers for the sailors and hope to have a

HELPING THE RED CROSS.

To the Editor of the Montreal Star:—

As a suggestion from a few West-mounters, I am writing to advise how a number of friends are helping the Red Cross Society Work in that part of the City. A gentleman who lives opposite the writer has an automobile, and on his way to business each morning he takes down some of his friends—my wife suggested this idea. Each friend going down in the car puts 5c into a box and with these funds wool is purchased for making socks for the soldiers in connection with Red Cross Work. As the car is practically fully occupied in the morning as well as at noon, quite a sum is collected this way, and the idea is still carried out in the evening—when out for a pleasure drive.

The writer thinks that this suggestion might be extended to other owners of cars, who might help on the Red Cross Work in a similar manner as our soldiers at the front need all the assistance we can give them. The 5c is not collected by the owner of the car, but given to the lady who keeps the box and purchases the wool.

The above may be an inspiration to some of our worthy citizens who are anxious to help in however small a way, the good work of the Red Cross and the Work Committee; remembering that efforts on our part are never too small, and may bring many comforts to our brave men, who are now fighting our battles at the front. In this connection we would draw attention to the sale of flowers at the Bell Telephone Office; (a bouquet for 2c) which shows a beautiful spirit of willing helpfulness. And then the noble example of the Nova Scotia, M. P. who denied himself a much needed automobile in order to procure a machine gun, "his example in the Province of Nova Scotia having resulted in the offer of no less than 100 machine guns" by individuals or corporations stimulated by the M. P.'s deed—surely these noble actions are worthy of emulation.

Any one desiring information concerning the 69th Battalion or enlistment in general, may do so in writing to Colonel Emile Rioux, O. C. 54th Regiment, Sherbrooke.

Sir Robert Borden Says Their Courage and Tenacity Is Much Commented Upon

VISIT OF PREMIER AND MINISTER OF WAR TO LONDON HAD SATISFACTORY RESULT

New York, Sept. 2.—(Special)—Sir Robert Borden, Premier of Canada, who arrived here today after an extended visit to London in a formal statement issued at his hotel said that the purpose of this visit to England and that of the Canadian Minister of Militia, Sir Sam Hughes, has been fully accomplished. "We have taken up with the various departments of the British Government many matters touching upon the co-operation of the two Governments in carrying on the war," he said. "The opportunities thus afforded for close and careful consideration and discussion of this subject have been excellent and I feel convinced that our visit will have results of marked advantage."

"In addition to the organization of military forces other matters of great importance have been under consideration, among them the provision of adequate transportation on both oceans, especially has consideration been given to the provision of transportation for the magnificent crops now being harvested in Canada, and I am convinced that the arrangements which have been made will prove both efficient and satisfactory."

"We found the Canadian troops at the front in splendid physical condition and in high spirits. The indomitable courage and the wonderful tenacity and resourcefulness which they have displayed in every engagement have elicited everywhere the highest praise."

"The Canadian forces now stationed at Shorncliffe and elsewhere which are awaiting orders to proceed to the front, will undoubtedly perform their duty with distinction."

FIFTY SUBS. CAPTURED

Germany Lost Many Undersea Boats in British Waters in Sixty Days

OFFICER OF WHITE STAR LINER DECLARES THIS TO BE A FACT

New York, Sept. 2.—(Special)—An officer of the White Star liner Adriatic, which arrived from Liverpool today, declared that the German submarine which sank the Arabic had been caught, and the "U" boat's double crew were now prisoners in England. He added that within the past sixty days the British have captured no less than fifty German submarines.

Sir Herbert Holt, President of the Royal Bank of Canada, on arrival, said the members of the British financial commission, who are coming to New York to effect a readjustment of the foreign exchange, were to have sailed on the Adriatic, but changed their plans at the last minute. He added that while he was not at liberty to state the definite plans of the commissioners he believed they would reach New York in the near future.

From another source it was learned that the commissioners after cancelling their passage on the Adriatic planned to sail for New York by way of Canada.

NO CAUSE FOR ALARM
"I see no occasion for alarm in the United States over the sudden drop in foreign exchange, especially the English pound sterling," said Sir Herbert. "I might say that regardless of how low exchange falls Great Britain must have the munitions of war she is securing in this country. Also I feel confident that the exchange matter will soon be adjusted."

ESCORTED BY TORPEDO BOATS.

Passengers said that from the time the Adriatic sailed at two o'clock on the afternoon of August 25 until 3 o'clock the next morning she was convoyed by three British torpedo boat destroyers. After stating positively that the submarine which torpedoed the Arabic had been captured the officer said that he could not for obvious reasons disclose the place of capture, nor detail the circumstances. He said, however, that the "U" est type in the German navy, and that the craft carried a double crew. He understood that the Germans now manned all of the large submarines with an auxiliary crew for training purposes.

Except from Kamerun, where the British and French report successes over the Germans, there is no news from other battle fronts.

"We have every reason to be proud of the Canadians and the Yankees who are fighting with them in the trenches," he said. "I would not attempt to predict when the war will be over, but I can say that from our standpoint everything is now very satisfactory."

PREMIER ALSO A PASSENGER.
Sir Robert Borden, Premier of the Dominion, was also a passenger. Six survivors of the Arabic were on the Adriatic. They were Mrs. Margaret Atkinson and her son, Arthur Atkinson, Mrs. F. C. Allison, W. Bathurst, Miss M. Christopherson and John Doherty.

None of the passengers saw the torpedo which sunk the Arabic. Doherty said he was in his stateroom when he heard a shout and started for the deck. Before he had gone far he said he was shot many feet into the air and landed in the water.

THAW SUES FOR DIVORCE

Papers Have Been Filed in Suit by Attorney Stone in the Pittsburgh Court

EVELYN NESBITT THAW DECLARES THAT SHE WANTS TO BE LEGALLY FREE.

Pittsburgh, Sept. 2.—Harry K. Thaw, through his attorney, former Governor Stone, filed suit for divorce against Evelyn Nesbitt Thaw here yesterday afternoon. He names John Francis as co-respondent.

On June 28, last, a fortnight before Thaw was set free in New York, Evelyn Nesbitt Thaw said at the Adirondack camp of Jack Clifford, her dancing partner, that she wished above all things to be legally free herself. She was quoted as follows: "Thaw doesn't support me, he doesn't mind. He doesn't pay me one cent, and hasn't paid any for years. What is equally important is that I don't want a cent of the Thaw millions. I wouldn't touch one penny with a gloved hand. I want to make my own way, earn my own living and pay my own bills, and I can do these things well if I can have peace of mind and be let alone."

AVIATOR PEGOD KILLED IN MID-AIR DUEL

Paris, September 2.—The death of Adolphe Pegod, the famous loop-the-loop aviator, has been officially confirmed. Details received say that the aviator, unaccompanied, was making a reconnaissance. When close to Petite Croix he attacked a German aeroplane, and had fired several cartridge bands with his machine gun when a bullet struck him, killing him instantly. His machine fell inside the French lines.

Pegod was killed by a shot from a rapid-fire gun on one of the giant twin-propeller Aviatiks used by the Germans.

REUNION AT SUTTON.

Sutton, Sept. 2.—(Special)—Mr. Marcel Tatro, of Chicago, was in town on Saturday with his big touring auto, accompanied by his wife, who was known as Hensbeth Miltimore, daughter of the late William Miltimore, of Glen Sutton. They were accompanied by her sister, Alice Miltimore, now Mrs. Richards, of Concord, Vt. Mr. Tatro was a clerk some 45 years ago in the Esty store, which was the first store ever operated in that place. He left there forty-two years ago with a good name and the respect of all who knew him, also with boundless energy for work that came his way. He landed shortly after in Biddeford, Me., where as agent for sewing machines he made good, rising all the time to a higher position, till he was transferred to Boston where he was at the head of the agency business for several years. Later he was removed this time to Chicago, where for years he has been at the head of the entire business as managing agent at a large salary. Today, though he works as hard as any of his men, he could retire and be counted a rich man, but he believes in work, and in keeping young. He owns a fine mansion on a farm near St. Johnsbury, Vt., where he comes every summer for his vacation during July and August. His faithful wife always accompanies him on these vacations, while her sister, Mrs. Richards, looks after the big farm the year round. Mr. and Mrs. Tatro met here at Mr. R. G. Crowell's.

whose wife is a niece of Mrs. Tatro. There were also gathered three of her brothers, Mr. and Mrs. William Miltimore and Mr. Horace G. Miltimore, of Glen Sutton, and Mr. and Mrs. A. Miltimore, of this village. This worthy family plan on these annual gatherings once each year, when it can be arranged, but their visits are always too short. They left here Saturday evening for Glen Sutton and Concord, Vt., as Mr. Tatro is due back in Chicago early in September.

SHERBROOKE PEOPLE

PRASE SIMPLE MIXTURE

Many in Sherbrooke praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ka. This remedy is the most THOROUGH bowel cleanser ever sold being even used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. Adler-ka cannot gripe and the INSTANT action is surprising. Richard's Drug Store, 153 Wellington Street.
