## Hockey Help Wanted

Little League Hockey teams are again in the making and after the first meeting which was held Saturday evening Dec. 29, those who have already volunteered their time and energy again this year, are trying to iron out all the little problems that confronted them last year. Firstly, more adult help is needed to coach and train the little fellows. Several have offered, each to take a team of boys for which he will be responsible for training and coaching. But there are still not enough of these 'coaches' to get organized. Those interested in taking on this kind of sport for the season, one of the most heart warming and exciting adventures an adult could connect himself with, would be greatly appreciated if they would telephone any one of these fellows, namely Royce Richardson, Bill Pirie, Ben Allan, Allan Black, Dr. Wallace Hodgins or Watt Taylor.

On the first school day after New Year's, cards will be distributed at school to those 16 years and under who want to play minor league hockey. Parents are asked to complete these cards and

then personally help that interested boy to get out to hockey practice or games every Saturday morning. Where? At the NEW rink where conditions will be so much more comfortable for dressing and just keeping warm in general. This should also encourage Moms and Dads to appear as often as possible to see their boys and cheer them on.

Also last, but not least, donations are always acceptable. Each Saturday morning the ice will cost \$30.00, that is \$10.00 per hour but two or three games will be going on continually for each period, as the men have planned to divide the 'big' ice into two or three rinks which will be more suitable to the playing ability of the smaller fry.

Only absolutely necessary equipment at present is a pair of skates and a hockey stick. Of course all equipment that any boy has will be a help to him, but

those requirements will be dealt with later. The main factor now, is to get all the boys enlisted who are interested divide these into age groups to form teams, and then acquire enough coaches to teach these little fellows. After that, the fun begins. So please Boys, get out, all of you next Saturday morning about 9 o'clock at the Agricultural Rink and see how quickly we can get organized and get the competition under way. Perhaps you could even interest an older brother, uncle or neighbour in coming to coach a team.

Each week, progress will be reported and a Schedule printed in The Equity. Please mom, cut it out and tolerate it being thumb tacked on the kitchen door till Spring, so that Jr. will know the hour he must be out to play each Saturday morning. Who knows — one of you may have another Frank Finnigan Sr., Murph Chamberlain or Bill Cowley right there in your own kitchen.

## Grains of Sand

No, its not too late to get in your suggestion for Citizen of the Year (1962). Send ideas to Ernie Dean, Shawville, Secretary of the Chamber of Commerce.

Last month the Principals of Pontiac Protestant Schools met and decided to try to improve attitudes towards education in the County. The Equity has pledged its support of this effort and articles should be forthcoming in this connection.

An interesting evening late last month was had in the House of Commons when they closed the session for Christmas. It was just like the Opening in reverse with Black Rod and visiting the Senate Chambers but without the gala presence of guests in formal wear. In fact so informal was the little ceremony that the Hon. Paul Martineau's Parliamentary assistant tried to lead the House in singing "Jack was every inch a Sailor" while they awaited word from "the other place." A Liberal version of Jingle Bells proved more popular!

The seven prize winners in the Christmas Creche contest were, left to right, Mervin Conroy, Bobby and Francis Muise and Michael, Danny, Douglas and Margaret Ann Roy. Equity Photo

## THE CHRISTMAS CONCERT

One of the pleasures of the Christmas season is always the children's Christmas concerts which are produced by the various schools and Sunday schools in the area. Pressures of work and curricula which must be covered sometimes deter the teachers involved but those who persevere are well appreciated.

Mothers and fathers are so proud to see their little ones perform, the children profit greatly by the experience of taking part in a whole-school effort such as the Christmas concert and it also gives other members of the community who may not have children in school an opportunity to enjoy an evening of good wholesome do-it-yourself entertainment.

So much of what we watch and hear these days is channelled to us electronically that it is refreshing to see and hear live people whom we know having themselves a good time while they entertain.

In this week's Equity we have pictures of one such live-wire school concert given just before Christmas by the children of St. Edwards School in Bristol. Along with the hundreds who witnessed this concert and others at Coulonge, Quyon and so forth, we hope that school Christmas concerts will always be with us and already look forward to the next series, twelve months hence.

## How's Your Business Letterhead?

(a reprint from the Canadian Chamber of Commerce LINK)

As you went through the mail this morning, was there a particular piece of correspondence made a special impression on you for a reason other than its content? If so, that register was very likely created by the letterhead and the paper it was printed on.

With many pieces of mail for the attention of the reader, it is of utmost importance that business correspondence commands readership with its appearance.

True, a letter will very likely be read regardless of what kind of letterhead it appears on. But you are one step ahead of the pack if your letterhead says, "I'm something special... I'm important... I represent a top-flight organization." This will happen, however, only with adequate planning in the design of the letterhead.

### CHOOSING PAPER

Begin with the paper itself. To select an inexpensive grade of paper for a business letterhead is false economy. For a

## "A SMILE FROM YOU"

(This means from Anyone)

A gesture naive, a gentle wave,  
A meaning will impart:  
What though a word may not be heard  
An act can touch a heart.  
A winsome smile is worth the while  
And costs but nothing too,  
It does repel a sombre spell  
Wherever days are blue.  
Gone is the night and all is bright  
With just a smile from you.  
Ah! many a day I've gone my way  
With tightened tread and mind  
Because some face reflected grate  
As shadows fell behind.  
And as I roam afar from home  
Where friends seem strange and few  
Some tiny star still gleams afar  
With glow of friendship true—  
Its kindly ray upon my way  
Is memory of you.

## Party For Lawrence's

Members of the congregation of St. Alban's, Parkman gathered at Orval Smart's Friday, December 28 to wish Mr. and Mrs. A. E. Lawrence well on his retirement as layreader in the district. He has had the responsibility of the services in the four charges of the Parish of Camp-

bell's Bay for several years. They were presented with a billfold containing a gift of money. In his remarks Mr. Lawrence stated that he would be glad to come back to take an occasional service and to have visitors at their home.

It was a pleasant evening with the spirit of Christmas still in the air. The ladies of the congregation served refreshments at the close.

Significant information it adds. If the optional material is of no consequence to the identification of the organization, it should be discarded.

## Graduate Now Teaches

Mary Louise McGahern, a graduate of St. John's High School, Campbell's Bay, and of St. Michael's Hospital, School of Nursing, Toronto has recently graduated from University of Ottawa with a Bachelor of Science in Nursing Education. Miss McGahern is presently teaching nursing at University of Ottawa.

### SIMPLE INFORMATION

The letter which is literally surrounded by printed matter loses all impact. The letter becomes secondary when it occupies less prominent space than the letter head itself. Brief, simple treatment of the essential information makes the best appearance.

The arrangement of the selected information on the piece of paper should be done by a person with skill in such matters. Selection of type style, color, and position it a matter of taste, coupled with a sense of artistic balance. It is best left to the professional.

Given these basic ingredients, it is a relatively simple matter to produce a letterhead which is sharp, clean, uncluttered, and in every sense a good salesman for the organization it represents.

"Who says this isn't a LEAP YEAR...?"

"Maybe you can't divide 1963 by four—but in my book it still adds up to a Leap Year."

"I'm starting the New Year with a big leap forward. Tomorrow I take delivery of a brand-new car, and there's a modern stove for Mollie on the way to replace that monstrosity in the kitchen."

"Mind you, we did a whole lot of looking before we decided to leap. That's why we settled on the B of M Family Finance Plan in buying our New Year presents to ourselves. The monthly payments are well within our budget, and we couldn't ask for better terms. All our credit needs fitted snugly under that one broad B of M roof."

"This New Year, it's off with the old and on with the new...thanks to the B of M Family Finance Plan."

If you have something in mind that would give a new zest to living—a new car...a hi-fi...a new model TV...a cottage in the country, even...why not see your neighbourhood branch of the B of M soon? The people at "MY BANK" will be glad to discuss a low-cost, life-insured B of M Family Finance Plan loan that could brighten your days in 1963.

Before 1959, four young carpenter-builder-curlers from Regina were little known for these abilities in that Saskatchewan city. Today, following Canadian & world men's Scotch Cup victories in 1959, 1960, and 1962, the Richardson name is stamped on a curling sweater, a special curling boot, newly-innovated plastic curling rocks and one of them, skip Ernie Richardson,

helped author a book on the game. This season, three of the Richardsons (l-r) Arnold, Ernie and Garnet, try for a fourth trip to Scotland as guests of the Scotch Whisky Association, sponsors of the world series of curling. Missing this time is Wes Richardson, out with a back ailment and in his place, Mel Perry of Regina throws lead rocks.

men's clubs and then each skipping an unbeatable rink through the pre-Christmas schedules to win in both divisions.

The finals were held Friday night, December 21 which turned out to be the best curling party yet with chicken provided by the men, music by Lee Ann and a postscript game featuring Mary Armitage who had never curled before, played after midnight.

Bill Hanna with Percy Belsher, Les Alexander and Louis Welsh were the nine game winners for the men and Doris Hanna with Rosaleen Dickson and Lee Ann Smith were the unbeaten winners on the distaff side whose final victory was managed without the presence of Joy Nicholas who had seen their lead through the schedule. Runners-up were Don Dods, Ike Rennicks, Roley Armitage and Geo Chandler for the men and Grace Nichols, Jean Storey, Elaine Alexander and Audrey Fitzpatrick.

A new mixed match to be played for the Fraser Trophy was drawn up in two sections to accommodate the large number of active curlers who have joined the club this year. Skips will all be men being Messrs Griffin, Paul, Taylor, Hanna, Stevens, Dods, Dean, Kilgour, Tait, Hayes, Belsher, Cowley, Green (Stan), Finnigan, McCredie and also Nellis, Keith, Morley, Art, Bordon and Mick Hodgins, to a total of 24 rinks and if they run out of Hodgins' on the teams it is noted among the spares are Lee, Carson and Edgar.

The first contest went to the Hanna's but a quarter of the teams being skipped by Hodgins-

ses, Doris and Evelyn playing on two other teams and those three spares liable to turn up anywhere chances are a Hodgins will take the Fraser Trophy — but don't put any money on it yet. The preliminary games will be over January 18.

of the community isn't known. The present day citizen may never have heard the fascinating stories once passed from father to son of the struggle of the pioneer settlers to new homes out of the wildness and all the adventure, tragedy, humour and bravery. Such annals can be lost unless interested people keep them on record.

The newly formed Historical Society of the Gatineau plans research in the history of the area, to trace the families of the first comers. In the case of Old Chelsea, restorations of some of its earliest features will help it to become a tourist attraction.

The Society's name is a comprehensive one. It doesn't mean a mile or so on either side of the Gatineau River but is adopted from the fact that "Up the Gatineau" was always been a paradise and, especially during World War II, beloved by residents and the transients among the Armed Forces, temporary workers and diplomats from all over the world, who drove, walked, skied and fished through the lovely hills and valleys West and East of the Gatineau River.

In the early 1800's, men left the Hull area to seek their brides in Shawville or Wakefield, and men from the North, West or East came to Hull & its environs to find romance. Forty miles over or around the mountains wasn't insurmountable with so much at stake.

If you are a descendant of any of the Gatineau communities you'll find interest in the new historical society, many of whose members bear the old family names. If you are a lover of the Gatineau, come to the next meeting to be held in Old Chelsea, at the Jimmy Dunn's home, itself a bit of early history from th-

**Men: the things women marry**

(from the North Renfrew Times)

Men — The Things Women Marry: They have two hands, two feet and sometimes two wives; but never more than one dollar or one idea at a time. Like Turkish cigarettes they are all made of the same material. The only difference is that some are better disguised than others.

Generally speaking, they may be divided into three classes; bachelors, widowers or husbands. A bachelor is a negligible mass of obstinacy, entirely surrounded by suspicion; widowers are remnants with possibilities; husbands are three types — prizes, surprises and consolation prizes. Making a husband of a man is one of the highest forms of plastic art known to civilization. It requires science, sculpture, common sense, faith, hope and charity — mostly charity.

It is a psychological marvel that a small, tender, soft, violet-scented thing like a woman should enjoy kissing a big, awkward, stubby-chinned tobacco and bay rum scented thing like a man.

If you flatter a man, you frighten him to death. If you don't, you bore him to death. If you permit him to make love to you, he gets tired of you in the end, and if you don't he gets tired of you in the beginning.

If you believe in everything, you soon cease to charm him. If you believe all he tells you, he thinks you are a fool; if you don't he thinks you are a cynic.

If you wear gay colours, rouge and a startling hat, he hesitates to take you out — but if you wear a little brown beret and a tailor-made suit he takes you out and stays all evening at a woman in gay colours, rouge and a startling hat.

If you join him in the gaities and approve of his drinking, he swears you are LEADING him to the devil. If you don't approve of his drinking and urge him to give up his gaities, he vows you are DRIVING him to the devil.

If you are the clinging vine

type, he doubts whether you have a brain. If you are a modern, advanced intelligent woman, he doubts whether you have a heart. If you are silly, he longs for a bright playmate, brilliant and intellectual. If you are popular with men he is jealous and if you are not — he hesitates to marry a wallflower.

Man is just a worm in the dust. . . He comes along . . . and finally . . . some chicken gets him!"

Anniversary

# Uncle Tom Of Camp Pontiac

(By Rev. E. N. McColl)

A Golden Wedding anniversary speaks of many things. It tells of work, dark moments and happy incidents in which two people have participated and passed through with God's help. A figure familiar to many around Quyon is able to look back on such a fifty years and with his wife, the former Mildred Vance, on January 8th celebrate that occasion. He is "Uncle Tom" Cowan whose name is synonymous with Camp Pontiac. Fifteen years ago Bishop Robert Jefferson acquired 28 acres of river shore ground as a camp for the people of his Diocese. Then he gave Mr. Cowan the call to set it up.

Uncle Tom has many talents and he has used them all to develop Camp Pontiac into one of the most progressive in the Ottawa area. Sometimes he's a carpenter, sometimes an engineer, sometimes a cook and, in an emergency, he can return to his old trade and be a barber.

Tales are many in the history of his work at Pontiac. Most central is the building of the beautiful chapel dedicated to the

Venerable Bede. Nor should one hesitate to mention the dining hall. Its important function in the minds of the campers is surpassed only by the water-front which Uncle Tom's skillful eye and arm have brought into being as a model for any summer camp.

But his works do not stop here. For long years Mr. and Mrs. Cowan have been most active in the support and guidance they have offered the Church Army, an Anglican group of Evangelists which bring the Gospel to the neglected, the hopeless and the spiritually cold.

Perhaps, the bride and groom are best known in Church work for their leadership in Religious Education. Numerous men and women are responsible citizens of their communities because they sat in All Saint's Sunday School, Westboro, at the feet of Mr. and Mrs. Cowan.

Their family comprises two sons and two daughters; the Rev. Kenneth of Winnipeg, Roy of Ottawa, Greta of Michigan, and Dorothy of Ottawa, with seven grandchildren.

It is expected that many friends will call at their home, 5 Ossington Ave., Ottawa, to express greetings, but there is a sneaking suspicion that in the back of Uncle Tom's mind some attention will be diverted to his plans or returning to Camp Pontiac about the 24th of next April. He must get started on that new cabin and prepare for Camp Pontiac 1963.

# Wood Harvest of the Future

This young forest (left) will not be ready for the harvest until after the year 2000 A.D. Yet because it represents Canada's woodland wealth of tomorrow, the speed and manner of its development are important to all Canadians. Today through such methods as soil analysis (right), foresters are learning more than ever before about tree growth, and their studies are constantly bearing fruit.

To remind Canadians of their dependence on these woodlands, and of the efforts made to manage them effectively, National Forest Products Week is currently being held. From the forest comes, for example, the raw material of the pulp and paper industry, Canada's leading producer, wage payer, and exporter.

## F-L Glenn Is Captain Of Air Lift Transport

Although the majority of Canadians enjoyed all the benefits and pleasures of Christmas celebrated at home this year there are many in the Armed Forces who will not be spending the festive season with their families due to Canadian commitments to the United Nations all over the world. Most people are familiar with the role Canadians are playing in Europe, the Congo and Suez. On the other side of the world however, Canadians are seldom heard from and rarely appear in any headline. Such is the case of RCAF Detachment in Biak, West New Guinea and of the Canadian Army Detachment in Saigon, Viet Nam, formerly French Indo China. Both units are working for the United Nations in these troubled areas. In Korea there is also one officer attached to the Truce Commission.

In order to make Christmas a happier and more enjoyable one for these Far East personnel, the RCAF, combined a normal cargo flight containing essential supplies and priority goods with a Christmas supply air lift. The Christmas parcels and mail were mainly from the families of serving personnel.

The RCAF Detachment in Biak, West New Guinea, runs a relatively small operation. The unit flies two float-equipped Otter aircraft in support of the United Nations. The aircraft are mainly used for observation and airlifting of supplies and UN personnel in that area. Other air support in New Guinea is supplied by the United States Air Force

F/L Reid Glenn, Captain of C130 Hercules on RCAF Christmas left to Far East. F/L Glenn, 37, is the son of the late Mr. and Mrs. J. C. Glenn of Bristol, Quebec and now attached to 435 (T) Squadron, Namao, just north of Edmonton.

in the form of two C-47 aircraft and supporting ground personnel. The Senior Air Adviser to the United Nations is an RCAF Officer, W/C Herbert, from Air Transport Command Headquarters, Trenton, Ontario. One of the United Nations mission here is to ensure smooth transition of governmental control from Dutch to Indonesia.

In Saigon, Viet Nam, there is a much larger Canadian Army Detachment working for the United Nations together with personnel of the External Affairs Department. These personnel are in the capacity of observers for the UN Commission in the sometimes hot war between North and South factions. Saigon itself is a closed city with guerilla activity occurring as near as 15 miles to the outskirts.

The Canadian Army also have one officer on the Truce Commission in Korea as an observer. In Korea, however, the Canadians are regarded as a combatant nation, and not having a neutral status as in New Guinea or Indo China.

A giant Hercules C139 Transport of 435 (T) Squadron, Namao, was assigned the mission of lifting the supplies and Christmas cargo to the Far East. The crew consisted of F/L Glenn, Captain, W/C EE Hurlbut, Officer Commanding 435 (T) Squadron and F/L W. J. Simpson, Pilots; F/L D Cooper and F/O B Bryden, Navigators; Sgt A Voogt and Sgt V Lynch, Engineers and Corporal FW MacDonald, Trans Tech.

The crew of this Hercules was probably more at home doing Christmas drops to remote arctic weather stations in Canada's far north than acting as Santa Claus in the tropical heat of the Equator. The assignment involved lifting 30,000 pounds of cargo and covered 20,000 miles without incident. The aircraft routed from Trenton to Namao, Alaska, Midway, Wake Island, Guam, New Guinea, Manila, Saigon, Tokyo and on to Namao.

To the personnel serving in these remote areas there was never a more welcome sight than the RCAF Hercules when it touched down bringing Christmas mail and supplies from Canada. It seemed quite strange however, for the crew to exchange Christmas greetings and Best Wishes for the New Year to the serving Canadians in the 110 degree heat of the Far East. Although some Canadian news does get through to these boys mainly by the Stars and Stripes (US Armed Forces newspaper) and wire services, there were plenty of questions about back home. Mainly it was, "What's new?" "How's the hockey going?" and "How's the Grey Cup?"
