

TURKISH GOVERNMENT'S REPLY TO NOTE OF EUROPEAN POWERS

Display a Spirit of Compromise. Stipulates For Retention by Turkey of Three Quarters of Fortresses in Adrianople Where Holy Shrines Are Situated. Would Also Dismantle Fortification in That City. Want Turkish Control of Islands in The Aegan Sea. Balkan Allies Will Not Accept Reply of Ottoman Government.

Constantinople, January 30.—(Special)—The Turkish Government displays a spirit of compromise in its reply to the note handed to it by the representatives of the European powers on January 17th. The response was presented by Mahmud Shekfat Pasha, Grand Vizier, to Margrave Iphann Von Pallavicini, dean of the legation. It is evident that something is happening at Tchatalja, as wounded men are constantly arriving from there.

Unconfirmed reports say that 15,000 Circassian troops have mutinied, and rioting is also reported among the troops at the Dardenelles. A despatch to the Chronicle from Constantinople giving similar reports says that the advance of the army is impossible, as half of the 60,000 apparent animals are either dead or ill from lack of proper food. The roads are in deplorable condition because of the heavy rains.

London, January 30.—A Constantinople despatch by way of Constanza diplomatic corps in the Turkish capital this morning. The Porte stipulates for retention by Turkey of three quarters of the fortress of Adrianople in which holy shrines are situated. It proposes to leave in the hands of the powers the disposal of the land on the right bank of the Maritza River, which runs through Adrianople.

At the same time the Ottoman Government consents to the dismantling of the fortifications of that city. In reference to the Turkish islands in the Aegean Sea the document in-

sists on the maintenance of Turkish sovereignty there, owing to proximity of the islands to Turkish mainland, but it intimates the readiness of the Ottoman Government to leave the settlement of the insular regime to the powers.

The reply takes note of promises made by the European powers in their recent joint communication respecting giving of aid in future development of territory of Turkish Empire.

WILL NOT ACCEPT TURKISH CONDITIONS.

London, January 30.—(Special)—"Emphatically the Turkish reply to the note of the powers is not accepted," was the comment made by Dr. S. Daneff, leader of the Bulgarian peace delegation here, when he was shown the terms of the Ottoman response. He continued: "Speaking on behalf of all peace missions of the allied Balkan nations, is that the Turkish reply is not of the character to form basis of fresh negotiations. We have said that the fortress of Adrianople and the Turkish islands in the Aegean Sea must be ceded, and without this negotiations will not be resumed. Moreover, this cession must be made before hostilities are resumed, as the first shot will change our conditions."

The religious and historical grounds which compel the Porte to stand out for retention at all events of that portion of Adrianople containing the sacred shrines, are then recapitulated at the end of the reply, which is a lengthy document of four pages written in French.

MAPLE SUGAR MAKERS WAIT ON GOVERNMENT

Deputation Was Headed By Eastern Townships Members.

ASK THAT THEY BE PROTECTED FROM THE ADULTERATED ARTICLE.

Ottawa, Jan. 30.—A large deputation, representing the Maple Sugar Makers' Association of the Eastern Provinces, which has been recently formed, waited upon the Hon. Martin Burrell, Minister of Agriculture, and the Hon. Bruno Nantel, Minister of Inland Revenue, yesterday. The deputation presented their case, asking for legislation to protect the pure maple sugar products from adulterated syrups and flavors which are made out of materials not maple. They discussed with the Minister of Inland Revenue the questions of standard and wanted the exclusive rights to the word maple, and thus prevent the word being used with any compound whatsoever.

They showed the ministers that a great many sugar bushes grow on land not fit for any other purpose, and that as a profitable crop of sugar can be grown as of any other farm product. They claimed that there are in Canada about half a million sugar makers and that the industry is a great one.

The Minister of Agriculture, in reply, promised aid in educating the farmers to better the crop, while the Minister of Inland Revenue promised aid if any practical solution of the question of standard could be made. The deputation showed that if the maple sugar industry is not protected that the market price will become lower and an advanced price will be made on wood, thus encouraging the farmer to cut down his trees, and thus the industry would become obsolete.

The deputation was introduced by Messrs. G. H. Baker, M.P., Fred Cromwell, M.P., and G. H. Bovin, M.P.

ST. ANDREW'S CHURCH ANNUAL MEETING

Announcement Made That Church Was Free From Debt.

VARIOUS REPORTS SUBMITTED SHOWED THAT WORK WAS PROGRESSING FAVORABLY.

The annual meeting of St. Andrew's Presbyterian Church was held in the Church Hall last evening with a fair attendance. Rev. J. C. Nicholson occupied the chair, with Mr. Arnold Tate as secretary. The reports for the year were read by the officers of the different societies, and each report showed considerable progress in every department. The church treasurer's report was particularly satisfactory, as it showed that more money had been raised during the past year than ever before and the church is now free from debt, which announcement was received by the meeting with great satisfaction. At the last annual meeting a balance of

REV. J. C. NICHOLSON, Pastor of St. Andrew's Church.

\$1,014 was reported owing on the handsome pipe organ which had been installed about four years ago, and as a result of the very generous subscriptions received at the last anniversary services this amount was paid off in full.

It was reported by the chairman of the special finance committee that the great need of the church at the present time seemed to be a new manse, and instructions were given the committee to continue their search for a suitable lot on which a manse could be erected. The election of officers resulted in Messrs. G. B. McKinnon and W. B. McCaw being re-elected to the board of managers, and Messrs. R. Seive-right, W. S. Moy and Wm. Glasgow being elected to replace the retiring members.

The session report stated that 49 names had been added to the roll during the year which, at the close of this year, gives a total of 400 names of persons in good and regular standing and 47 names on the appendix roll. The pastor had officiated at 15 funerals, 26 baptisms and 22 marriages during the year. The congregation had undertaken to raise the sum of \$1,600 for missions, but came slightly short of this amount. Special recognition was taken of the very handsome memorial stained glass window which had been installed during the year by the family of the late J. O. Duncan.

The usual votes of thanks were tendered to the officers of the different organizations for the helpful services rendered, also to the choir for their faithful services, after which refreshments were served by the ladies and a social half-hour spent in a very pleasant manner.

CANADA WILL HAVE OPEN MARKET

Democrats are in Favour of Allowing Food to Enter Free.

DOMINION WILL THUS HAVE THE EQUIVALENT OF WHAT WAS PROMISED BY RECIPROCIITY.

Washington, January 30.—Hearings before the Ways and Means Committee on the various schedules of the tariff will close next Friday, according to an announcement made by Chairman Underwood yesterday, and the Democrats will immediately proceed to the preparation of the measures which will be introduced in the House at the beginning of the extra session. The Republican members of the committee will not be permitted to take part in the deliberations on the bills that will be introduced, but after the measures are made up will be given the privilege of studying the schedules so that they can frame a minority report.

It is understood that the advocates of free food have carried the day in the councils of the Democratic leaders and that Canada will be given virtually an open market in the United States. Thus Canada will obtain the exact equivalent of what she would have had under the reciprocity agreement with the United States without yielding a single thing to this country.

EDITOR DIES SUDDENLY

WAS EDITOR AND PROPRIETOR OF THE WATERLOO JOURNAL AND EX-PRESIDENT E. T. P. A.

Waterloo, Jan. 30.—(Special)—Mr. A. E. Chagnon editor of the Waterloo Journal dropped dead while partaking of his breakfast about nine o'clock this morning. Syncope of the heart was the cause.

Mr. Chagnon complained in the morning of a sore throat and went to the drug store for medicine. On returning he sat down to the breakfast table, when he suddenly expired.

The late Mr. Chagnon leaves a widow, four brothers and four sisters. Mr. Chagnon was an ex-president of the Eastern Townships Press Association, and was highly esteemed by his journalist friends throughout the Townships. The deceased will also be greatly missed in the social and business life of Waterloo.

The funeral will be held at the Roman Catholic Church on Saturday morning at nine o'clock.

GOLD STOLEN FROM GERMAN LINER

Case Containing \$25,000 Taken From Strong Room of Ship

DOOR OF ROOM WAS OPENED BY A DUPLICATE KEY, NO TRACE OF THIEVES.

Madrid, Jan. 30.—A case of gold to the amount of 10,000 marks (\$25,000) was stolen from the strong room to the amount of 100,000 marks (\$250,000) of the voyage from Rio Janeiro, according to dispatches from Vigo, Spain. The door of the strong room was opened by a duplicate key. Nine other similar cases, forming a consignment of gold from Rio Janeiro to Berlin were found intact.

A thorough search of the ship proved without avail, and the missing gold was not recovered. Police and customs launches surrounded the liner as soon as she arrived at Vigo yesterday.

BUYS WELLINGTON STREET PROPERTY

Mr B. C. Howard Bought From Boucher, Lacroix & Fisette

PROPERTY HAS FRONTAGE OF 69 FEET, AND IS NEXT TO LEBARON'S GARAGE.

Another evidence of the boom on South Wellington Street is the purchase of the property owned by Messrs. Boucher, Lacroix and Fisette, by Mr. B. C. Howard. The purchaser would not make public the price paid, but it is understood that it was in the neighborhood of \$10,000. The property has a frontage on Wellington Street of sixty-nine feet, and is about one hundred feet in depth.

Although Mr. Howard has not yet decided what he will do with the property it would not be surprising to hear of a modern business block being built thereon.

THIRTY MILLION DOLLARS DAMAGE

Amount Placed on Loss to Citrus Fruits in State of California

ABOUT 80 PER CENT. OF THE CROP AFFECTED BY THE RECENT COLD WEATHER.

Los Angeles, Cal., Jan. 30.—(Special)—Thirty million dollars is the estimate of the damage done to the citrus fruits by the recent cold weather in this State, according to a bulletin issued last night by State Horticulturist A. J. Holt.

He says that "From one of the ablest citrus experts I learn that not more than 20 per cent. of the crop was saved."

The bulletin says that where oil-pot smudges were used an average of 35 per cent. of the fruit escaped injury.

COMPULSORY ENROLMENT OF VOTERS.

SHERBROOKE REALTY MARKET GOOD

Improved Property Has Greatly Increased in Value

\$1,400 PER ACRE IS PRICE ASKED FOR EAST WARD SUBDIVISION.

The seers who predicted that the real estate boom which started in Sherbrooke some time ago would be dead long ere this find little to justify their contentions so far. In fact, the boom seems to be increasing. The usual lull during the winter months has been conspicuous by its absence, especially as far as improved property is concerned.

A reference to some of the recent sales will convince the public that the future of the city, and after all their opinions, which are backed by their money, are far more reliable than the "blue ruin" predictions of others who possibly contribute only the amount of their poll tax to the city. Take King street, for example. The Metropole Building was purchased a little over a year ago for \$36,000 and recently changed hands at \$50,000. The Weeks property, corner King and Grove streets, could be bought a few years ago for about \$8,000, yet was sold only recently for \$18,500.

On Wellington street a similar condition exists. About four years ago Mr. J. K. Edwards purchased a property for \$21,000. Six months later he sold it for \$27,500. The other day half this property was sold for \$22,000. His Majesty's Theatre was bought about three years ago for \$30,000. The other day it changed hands at \$45,000.

East Sherbrooke values are increasing rapidly. Property that was bought a year ago at about \$400 per acre is now being sold at \$1,400. The same state of affairs exists throughout the city, and there is every indication that the real estate business during the coming summer will be better than ever.

The large industrial extensions will bring many new families to the city, and assuming that the city will increase during the next ten years at the same rate as during the past year, Sherbrooke should have a population of at least 30,000.

ASQUITH ON FOOD TAXATION

Burden of Responsibility Should not be Thrown on Colonies.

READ LETTER FROM GRAIN GROWERS OF WEST WHO OPPOSE A PREFERENTIAL TARIFF.

London, January 30.—Premier Asquith, who receives the freedom of the City of Dundee to-day, addressed a meeting of his constituents of East Fife last night, when he dealt with Bonar Law and Austen Chamberlain's recent speeches on food taxation.

"He had failed to understand," he said, "why the burden of responsibility was to be thrown upon the colonies. I do not believe the dominions would consent for a moment to enter into such a position. I have received a remarkable document from the Manitoba Grain Growers' Association, signed by its president, who tells me that it is an association representing ten thousand farmers in that province. These are people who, if food taxes were imposed, are people who are believed to benefit by them. The document reads:

"The voice of Manitoba, hear what they say. Newspaper despatches indicate that a movement is afoot in Great Britain to tax foreign wheat in order to give a preference to wheat from the overseas dominions. It is stated the intention is to refer the question to the overseas dominions. This is a vital matter to farmers in Canada, and as the president of the association I wish to call your attention to a resolution unanimously adopted, that this convention opposes any preferential tariff scheme that will give western grain growers a higher price for their grain at the expense of the British workman."

All escaped serious injury but Mrs. Maltman, who was picked up unconscious and remained so until after her wounds had been dressed by Dr. Stockwell, of Stanstead. Besides a terrible cut on the side of the right eye requiring ten stitches, she had a broken rib, the point of her right elbow broken off and other bruises. She is now fairly comfortable.

Adcock, of Kirkdale; P. R. Roy, of Gallup Hill; Messrs. J. O. Ginn, D.D.G.M., T. H. Halliday and J. D. Smith, of Richmond. Each gave short and appropriate addresses. Besides the speeches the programme consisted of instrumental music, solos, choruses and an amusing imitation from Dr. W. H. Drummond's writings, read by Rev. Mr. Roy. Those assisting in the musical part of the programme were the Methodist Church Choir, Miss R. Adcock, Dr. Lane Charpentier, Messrs. R. Fee, Fred Evans and Harold Elliott, each rendering their parts in a very pleasing and effective manner that was much enjoyed by the large audience. The members of the Order extend many thanks to all who kindly assisted and especially the Misses A. A. Bogle and M. M. Fee.

The Rev. E. C. Chartier, of St. Charles Seminary, gave a very interesting address on the subject of "The Cercle Larocque," giving an account of its inception, its aims and hopes for the future.

OPENING OF HIS MAJESTY'S.

A large and appreciative audience was present at His Majesty's last night to witness the initial exhibition under the new management of "The Daylight Motion Pictures." If the tone and quality of the pictures presented are a fair criterion of the standard that will be maintained, the success of the new venture is unquestionably assured. The programme consisted of four subjects, "The Awakening," "A Guilty Conscience," "The Mutiny of Mr. Heuspeck," and "The Mystery of Kador Chiffa," while all were excellent, the latter, which occupied one hour, was a veritable triumph of the cinematographic art, the artistic beauty of the scenes depicted, coupled with the realistic effects produced, drawing forth unstinted expressions of admiration from the audience.

The show will be run continuously from 2.30 to 10.30 each day, after the fashion of Montreal, Boston and other large cities, and there will be a two hours' show without waits or delays. The latest and best moving picture machine on the market—the Simplex—is used. Uniformed ushers are in attendance, and the theatre is

NATURALIZATION MASURE DISCUSSED

Hon. J. C. Doherty Introduces Plan in the House Of Commons

UNITED KINGDOM AND SELF-GOVERNING COLONIES TO ADOPT CONCURRENT LEGISLATION.

Ottawa, January 30.—Yesterday Hon. C. J. Doherty, Minister of Justice, unfolded to the house of Commons yesterday a plan for Imperial naturalization of aliens which will have the effect of removing some of the anomalies which exist within the Empire in this respect, and which may incidentally raise the standard of naturalization qualifications, inasmuch as the residence under the new legislation would be five instead of three years, and the applicants must know either English or French in this Dominion. The Minister of Justice viewed the whole matter from a judicial standpoint, and showed how the primary idea of locality had been outgrown, and that in order to avoid the clash of constitutional rights of self-governing dominions with those of the mother country, the only method of action was a system of co-operation whereby the United Kingdom and the self-governing dominions will agree to adopt concurrent legislation which shall draw all into a general agreement as to recognition of each others acts of naturalization.

FINANCIAL AND MARKET NEWS

DAIRY PRODUCE

BUTTER MARKET IRREGULAR.

Montreal, Jan. 30.—Receipts of butter were 130 packages against 215 for the same date a year ago. A rather unsettled feeling has developed in the market for butter, and prices are somewhat irregular, some claiming that 29c is now the outside figure for finest creamery while others stated that sales were made at 29 1/2c to 29 3/4c, while fresh made butter has sold as low as 24c. The demand is poor for small lots and a steady business is passing.

We quote as follows: Finest creamery, 29 to 29 1/2; fine creamery, 28 to 28 1/2; fresh made creamery, 24 to 26; dairy butter, 23 to 24.

CHEESE PRICES HIGHER.

Montreal, Jan. 30.—There was an increased enquiry from over the cable for cheese, and as the prices bid were higher some business was done. We quote finest September colored at 13c, while at 12 1/2c, and October at 12 1/2c to 12 3/4c. The total quantity of cheese imported into the United Kingdom from January 1st to the 11th amounted to 74,829 cwt as compared with 72,960 for the same period in 1912.

COUNTRY PRODUCE

FAIR POTATO TRADE.

Montreal, Jan. 30.—The demand for potatoes is fairly good and the market is moderately active, with no change in prices to note. We quote: Green Mountains, in car lots, at 85c to 90c, and Quebec grades at 65c to 70c per bag, and in a jobbing way at \$1 per bag.

FAIR HONEY BUSINESS.

Montreal, Jan. 30.—A moderate amount of business is doing in honey, and as supplies are not large the tone of the market remains steady. We quote: Clover, white honey, 16 to 17; dark grades, 14 to 15 1/2; white extracted, 11 1/2 to 12; buckwheat honey, 08 to 09.

FAIR EGG BUSINESS.

Montreal, Jan. 30.—Receipts of eggs were 562 cases, as against 686 for the same date a year ago. A fair volume of business is passing in most

grades and the market is moderately active with no further change in prices to note. Strictly new laid are selling at 30c to 35c per dozen as to quantity.

We quote prices as follows: Selected stock, in round lots, 26 to 27; selected stock, in single cases, 28 to 29; No. 1 cold storage stock in round lots, 23 to 24; second grades, in round lots, 00 to 19; second grades, in single cases, 00 to 20.

STEADY POULTRY MARKET.

Montreal, Jan. 30.—A steady feeling prevails in the market for dressed poultry, owing to the limited supplies coming forward, for which the demand is fair, and especially so for choice chickens and ducks.

We quote prices, in wholesale lots, as follows: Turkeys, per lb., 21 to 22; ducks, per lb., 14 to 17; chickens, per lb., 14 to 17; fowls, per lb., 11 to 13; geese, per lb., 13 to 14.

PROVISION MARKET.

DRESSED HOGS PRICES LOWER.

Montreal, Jan. 30.—There was no further change in the condition of the market for dressed hogs prices being about steady at the recent decline. There was an increased demand on account of the colder weather, and a more active trade was done in abattoir fresh-killed stock at \$12.50 to \$12.75, and country light weights at \$12 to \$12.25, with heavy at \$11.50 to \$11.75 per 100 lbs. The trade in smoked meats is fairly good, and prices rule steady, with sales of medium weight hams at 17c, and breakfast bacon at 19c per lb.

MONTREAL LIVE STOCK MARKET

SMALL OFFERINGS BUT PRICES UNCHANGED.

Montreal, Jan. 30.—Lack of snow, which has caused bad, icy country roads, over which drivers do not care to attempt to drive cattle to be entrained, has caused smaller receipts to arrive on the local market and only a small run was offered yesterday. This, however, did not affect the prices, as the two large runs which were offered last week furnished more supplies than were actually needed, and as a consequence the demand yesterday morning was not brisk.

There were no choice butcher cattle offered and few that could be termed good. Sheep and lambs were scarce and prices were very firm to a shade higher for lambs.

Hogs were firm and in good demand. The market was active.

Receipts of butcher cattle estimated 500 head. Market steady. Trade slow. No choice steers; good steers, \$6 to \$6.25; fair, \$5.55 to \$5.90; medium, \$5.25 to \$5.50. Bulls, common, \$3 to \$4, and better grades, \$4.25 to \$5.50; butcher cows, best, \$5.25 to \$5.50; good, \$4.60 to \$5; fair, \$4.25 to \$4.50; poor to medium, \$3 to \$4, and canners, \$3.20 to \$3.65.

Receipts of sheep and lambs estimated 100 head. Market very firm. Old sheep, 4 1/2c to 5c; lambs, 7c to 7 1/2c per lb.

Receipts of hogs estimated at 600 head. Market firm. Trade active. Select hogs, \$9.25 to \$9.35; sows, \$7.75, and stags, \$5 cwt., all weighed off cars.

Receipts of calves estimated at 300 head. Market steady. Demand fair. Prices \$3 to \$12, each according to size and quality.

DAILY STOCK LETTER.

New York Noon Letter.

Stocks were moderately active and firm as for several days back. Interest centered in Can. stocks. On large transactions the common sold at an average of about two points above last night's close and on great activity advanced to 4 1/2 shorts bought the rest growing nervous thinking what had happened in Can. might do so elsewhere.

A free buying movement started in the second hour which caused more strength and activity than has been seen for some time. All of the active issues shared in the rise which ran from one to two points throughout the list. Bulls were much encouraged and there has been more buying for long account than for a long time, although most of the strength came from very short covering. Market is now holding well at best prices of forenoon.

Sales to noon 449,000. Grain steady. Cotton 10 lower. Money, 2 1/2 and 2 1/4.

Montreal Noon Letter.

Spanish River Comm. furnished about the only feature of this morning's session, advancing 1 1/2 to 70 1/2. Ottawa Power was also very strong touching 121 1/2. Dom. Iron gained fractionally, as did Brazil which sold as high as 100 1/2. Detroit active and steady around 80 1/2. Richelieu appeared to be the only spot at 117 1/2.

VICE-PRESIDENT TO QUIT B. & M.

Boston, Jan. 30.—William F. Berry head of the traffic department of the Boston & Maine railroad, has asked to be relieved from that position on June 1. Vice-President Berry wished to retire last summer, but was persuaded not to do so at that time. His resignation will mark the end of nearly 50 years with the system, he having entered its service in March 1864. He was appointed second vice-president over 17 years ago.

LETTERS TO THE EDITOR

MR. PARKER REPLIES.

Editor Record: Dear Sir,—Permit me to answer a letter written by Mr. Edwards, of Cookshire, in Saturday's Record, entitled "Were Home-grown Oats." As Mr. Edwards has seen fit to bring this matter before the public the facts must now be known, and I am sure that it would have been better for Mr. Edwards not to have done so.

The seed show is for the purpose of stimulating the raising of home-grown seeds, all of which must be

grown within the Eastern Townships and within the past year. The Dominion Government provided in this case two expert seed judges, and according to the printed rules and regulations, their decision is final. As soon as they saw the oats in question they said that they were western oats, and were not grown in the Eastern Townships. There was also a bag of barley by the same exhibitor that the judges condemned as not having been raised here, and not even having been grown in 1912. The secretary called me in to decide what was to be done with these two samples, and as president of the society I could do nothing but uphold the judges' decision, and ordered that no prizes be awarded the samples. Mr. Edwards spoke to me about it and I informed him that it was the judges'

opinion, and that of all who saw the samples, and I am firmly convinced that the judges were correct. Mr. Edwards acknowledged to me that the barley was not 1912 grown. The oats would grade, in my opinion, extra No. 1 Canada Western, and were what is known as Clipped Western Oats.

Yours truly, J. H. M. PARKER. Lennoxville, Jan. 27.

OPENING CEREMONY.

Since the machine shops at Transcona, Man., were turned over to the Grand Trunk Pacific by the Transcontinental Commission, the population of that flourishing suburb of Winnipeg has gone up with a jump. Within the last few days 250 mechanics, with their assistants and families

were moved en masse from Rivers to Transcona in a special train, and very great difficulty was experienced in providing housing accommodation for so large an influx. The formal opening of the shops will probably take place next Monday, and although the programme for that occasion has not been finally decided on, it is understood that special trains will be run from Winnipeg for the benefit of those citizens who wish to be present. It is also likely that Mr. Morley Donaldson, vice-president and general manager of the Grand Trunk Pacific, will press an electric button, thus starting all the complicated machinery of the various shops in simultaneous motion, after which addresses will be delivered by Mr. Donaldson and by Mr. Watt, mayor of Transcona.

BRITAIN LEADS IN COTTON GOODS

SELLS MORE IN PROTECTED MARKETS OF RIVALS THAN THEY SELL IN OPEN MARKET.

Washington, January 30.—A frank tribute to the superiority of the cotton manufacturers of England over those of all other nations was voiced before the Ways and Means Committee yesterday by Stuart W. Cramer, vice-president and member of the tariff committee of the American Cotton Manufacturers' Association, whose belated testimony was taken in connection with the woolen schedule.

While Mr. Cramer intended his argument to support the theory of a Chinese wall for the United States, it was really an object-lesson to the Canadians, teaching them the superiority of cotton goods manufactured by Great Britain over those manufactured by the United States.

FEEL BULLY! HEAD CLEAR, STOMACH SWEET, BOWELS RIGHT--"CASCARETS"

A Cascaret to-night will straighten you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular and make you feel cheerful and bully for months. Don't forget the children!

ST. REGIS AND IRISH CANADIANS

Winners of last Night's Game in City League

ST. REGIS TEAM SHOWED GREAT IMPROVEMENT IN FORM.

Two City League fixtures were pulled off at the Stadium last evening. The ice was in fine condition and a good crowd was present to witness the games.

The first game between St. Regis and Canadians resulted in a victory for the former team by the score of 7-3. The game brought out some good hockey on both sides.

The second game was fast and exciting from start to finish. The Irishmen were out to even up with their old rivals and had their strongest team on the ice.

Right from the face-off Jencks pressed matters, losing no opportunity to bombard their opponents' goal. After eight minutes hockey replete with rushes and good combination play, Arguin scored for Jencks after going the length of the ice.

The Irish-Canadians came back on the ice determined to even matters up and B. Maguire scored twice on fast shots from the right. Herby Redmond evened matters up on a good run the length of the ice.

The score tied both teams fought desperately for the odd goal. Arguin, who had played a red-hot game on the defence all evening was banished for tripping and G. Maguire had no trouble in scoring the winning goal, repeating a few minutes later. Jencks were striving hard to even matters up but Panetton was invincible, the game ending 5-3 for the Irish-Canadians.

SYNOD WOULD NOT HEAR MR ROBERTS

Dom. Alliance Secretary's Request Turned Down by Anglican Body

CIRCUMSTANCES CONNECTED WITH NAME WHICH MADE IT UNDESIRABLE SAYS CHANCELLOR.

Montreal, Jan. 30.—Mr. John H. Roberts, Secretary of the Dominion Alliance, received a most decided rebuff yesterday morning.

It was administered by no less a body than the Anglican Synod, which is in session here.

The Synod refused to receive Mr. Roberts, who had asked permission to address them.

The principal reason advanced for this decision was given by Chancellor Davidson, who declared that there had been circumstances connected with Mr. Roberts' name which, in his opinion, made it undesirable that the Synod should hear him.

Canon Renaud defended Mr. Roberts, and said he thought he should be received courteously by the Synod.

It was suggested that a notification should be sent Mr. Roberts, stating that the synod was too busy to hear him.

"I think that would be undignified," said Canon Renaud, "and if I am alone I must insist that I think it would be only proper that we should accord Mr. Roberts the courtesy he asks for."

The Bishop was impassive; the synod was silent; and it was decided that Mr. Roberts be not heard.

COURT NEWS FROM SWEETSBURGH

Changes will take Place in the Office of the Prothonotary

COURT OF APPEALS MAINTAINED JUDGMENT OF MR. JUSTICE LYNCH.

Sweetsburg, Jan. 30.—(Special)—An old prisoner, the worse for old age and the wear and tear of life, weak and decrepit, died of natural causes in the common gaol, and was buried Tuesday. He was serving a sentence under a technical conviction, and the Great Judge relieved him by calling him into His own kingdom.

CHANGES IN PROTHONOTARY'S OFFICE.

Quite a change will take place in the court office here on the 1st day of February, when the Provincial Government will begin to collect the fees on all proceedings of a judicial nature in the Superior and Circuit Courts, and the prothonotary and clerk, instead of getting them for his revenue and remuneration, will be paid an annual salary of \$2,400. This is an improved system, and congratulations all round, including Mr. J. P. Noyes, the worthy incumbent and tariff expert.

The Government will also pay a salary of \$1,200 to the assistant or deputy, who will be Mr. L. Tranche-montagne, notary, of Roxton Falls.

NOW MEMBER OF BAR.

Amongst the visitors here during the week was Mr. L. Choquette, former official stenographer, who was recently admitted to the Bar and who will practice in Montreal. Mr. Choquette studied law with Mr. Giroux, K.C., and will now enter into the office of Barnard & McKeown.

JUDGMENT CONFIRMED IN APPEAL.

Word was received recently that the Court of Appeals has confirmed the judgment of Mr. Justice Lynch in the case of Widow Bisillon, of Roxton Falls, against W. Poirier, manufacturer, of the same place.

Nearly two years ago Bisillon was fatally hurt in the handling of a circular saw in defendant's chair factory, and died after surgical operations in St. Vincent de Paul Hospital, Sherbrooke. Poirier had all his men insured in a guarantee company against accidents, and called upon the insurers to make good. They tendered the widow the sum of \$1,200, under the Workman's Compensation Act, which was declined, under a clause of the same statute, to the effect that the compensation may be increased when the employer is guilty of gross or inexcusable negligence. An action for \$5,000 was entered, which was sustained to the extent of \$2,500, and the company appealed with the above negative result.

As this decision is the first from the Court of Appeals under the new law, it will create a precedent in this province.

Mr. F. X. A. Giroux, with Mr. Survever, acted for the widow and her five children, whilst the defendant was represented by Mousseau & Gagne of Montreal.

The specific charges of negligence were that the saw was not covered by a guard or protector, the Bisillon was put to work without being properly trained, and that his assistant was an unskilled boy 16 years of age.

SEE MENACE IN HOME RULE

SIR MICHAEL HICKS-BEACH SCORES MEASURE IN THE HOUSE OF LORDS.

London, Jan. 30.—That the institution of the Irish Parliament would weaken the United Kingdom and the British Empire, was the contention of Rt. Hon. Sir Michael Hicks-Beach, Viscount St. Aldwyn, when the home rule debate was resumed in the House of Lords.

"Far from improving the relations between England and Ireland, this home rule bill, if enacted, will only add to the friction," said his lordship. "The financial provisions of the bill are very bad, because it provides insufficient resources to enable the Irish Chancellor of the Exchequer to fulfill the expectations of the Irish people. The imperial credit for loans is lost to Ireland, while the retention of Irish members at Westminster means the blackmail of the British exchequer."

The Lord Chancellor, speaking for the bill, declared that the anti-home rule feeling in Ulster was of comparatively recent growth and due entirely to religious prejudice.

"The House has no right to assume that Ulster's objections will be permanent, nor would they be allowed to stand against the will of the majority," he said.

MAINE ICE OUTLOOK DUBIOUS

NOT A POUND CUT FOR SHIPMENT SO FAR THIS YEAR.

Bangor, Me., Jan. 30.—At the end of January not a pound of ice for shipment has been cut in Maine, and with the season so far advanced the prospect of a crop, should the great ice companies decide to come to this State for a harvest, seems very dubious. In the Kennebec River, where usually at this time of the year the ice is fourteen to eighteen inches thick there are now fields of thin and soft ice, with long stretches of open water, while on the Penobscot, where the mid-winter ice usually is even thicker than that of the Kennebec, the freeze extends only a few miles below Bangor and crossing is unsafe in many places, even for foot passengers, there being only three to five inches of blue ice. Few of the coast ponds have more than six or eight inches of good ice, and in the interior the lake and pond ice is very weak and soft.

NEW COUNCIL AT BROMPTONVILLE

COMMITTEE WILL INTERVIEW SHERBROOKE POWER COMPANY REGARDING POWER FOR TOWN.

Bromptonville, Jan. 30.—(Special)—The Council convened with Dr. J. A. Allard, Mayor-elect, presiding. The committees appointed for the ensuing year are as follows:

Finance—J. A. Lapierre, chairman, D. J. Bruneau, L. Lavoie. Streets—S. Charland, chairman, T. Meunier, C. Lebrun.

Lights—C. Lebrun, chairman, S. Charland, L. Lavoie. Fire—D. J. Bruneau, chairman, J. A. Lapierre, C. Lebrun.

Poor—T. Meunier, chairman, S. Charland, D. J. Bruneau. Health—D. J. Bruneau, chairman, T. Meunier, J. A. Lapierre.

Police—L. Lavoie, chairman, S. Charland, T. Meunier. J. A. Lapierre, pro-Mayor. Secretary—J. J. Lapointe. Consulting Advocate—M. O'Brady.

The power question was brought up. One of the electors present advised the Council that electric power should be purchased from the Sherbrooke St. R. Power Co. Mayor Dr. J. A. Allard fully coincided with this and all the electors present.

A committee was then named to interview the Company at an early date on this matter.

SCOTSTOWN PRESBYTERIANS

Annual Meeting of Congregation of St. Andrew's Church

THE FINANCIAL REPORT SHOWED THAT OBLIGATIONS UNDERTAKEN HAD BEEN TAKEN CARE OF.

Scotstown, Jan. 30.—(Special)—The annual meeting of St. Andrew's Presbyterian Church was held last night, Rev. J. R. MacLeod, pastor, presiding, and Mr. Norman Morrison, secretary of the meeting.

After the usual devotional exercises reports from the various departments were submitted, all of which indicated a year of considerable work accomplished.

The report of the Session indicated an addition of six to the membership, this covering only about six months of the year. The manager's report indicated an expenditure upon the Manse amounting to \$500 for renovating and changes, as cement floor in cellar, hot and cold water system installed, painting, papering, and wiring for electric lighting.

The revenue at the disposal of the managers proved to be more abundant than was anticipated early in the year, which enabled them to discharge all the obligations undertaken. The Treasurer reported \$175 in sight for Missionary purposes, while in addition to this the Women's Missionary Society raised \$60, to all of which is to be added a contribution to Missions from the Sunday School.

The chairman of the managers hinted the possibility or likelihood of the pastor's stipend being increased by \$100.

The Ladies' Aid had a most successful year, their income for the year being \$402, with a balance of \$100 from the preceding year.

Very cordial votes of thanks were tendered to the managers, the Ladies' Aid, the Sunday School officers and to the two organists, Miss M. Black and Miss Margaret Bowman.

The Sunday School is officered by a Superintendent, Secretary, Treasurer, and eleven teachers.

10,000 GIRLS END STRIKE

THEY VOTE TO GO BACK TO WORK IN KIMONO FACTORIES IN NEW YORK.

New York, Jan. 30.—The ten thousand girls who would not go back to work in kimono and wrapper factories when officers of their union "settled" the strike recently, voted yesterday to return to work pending a compromise with their employers. Seventeen thousand members of the union upheld the officers and have been at their machines a week. The Mediation Bureau of the State Department of Labor induced the recalcitrants to stay out no longer, and will now endeavor to draft the terms of the compromise.

Harmony in the kimono and wrapper factories did not extend to other trades involved in the garment workers' strike. Two riots and seven arrests resulted from attempts of strikers, most of them women, to interfere with strike breakers on their way to work on men's garments. Dissensions have arisen among the officials of the United Garment Workers regarding the peace plan on which the workers are to vote on Friday. This situation made it doubtful that the strikers would decide to return to work.

SHIPPING LUMBER FROM ST. JOHN.

St. John, N.B., Jan. 30.—An illustration of the advantages of St. John as a shipping port is found in the fact that the Manufacturers Lumber Company of New York, which owns forest reserves in Northern Ontario, is shipping white pine lumber by way of St. John to the South African market rather than by way of New York.

ST. JOSEPH'S SOCIETY OF COATICOCK

Annual Banquet was Well Attended by Members and Visitors

PLASANT EVENING SPENT IN SOCIAL INTERCOURSE—OFFICERS OF THE SOCIETY

Coaticook, January 30.—(Special)—The annual banquet of L'Union de St. Joseph du Canada, Local Council No. 45, took place at the Grand Central Hotel here Tuesday evening. It was well attended, some sixty-five sitting down to an excellent supper provided by Mine Host Rousseau.

After the supper had been enjoyed to the full, the gathering was called to order by Mrs. Andre Rousseau, President, who proposed the toast to the Pope, which was responded to by Rev. F.N. Seguin. The gathering then adjourned to the St. Jean Baptiste Society Hall next door and enjoyed themselves to the midnight hour in social intercourse, listening to solos and orchestral music and addresses by J.B. Gendreau, N.P., and H. Verret, K.C. The Alliance National was represented at the function by Aid. N.L. Vincent, the Zouaves by Mr. Art. Dupuis, the C.M.C.A. by Notary Gendreau; the Canadiens Americans by Mr. H. Dumont and the professions by Mr. Verret.

Messages of regret at unavoidable absence were received from Mayor Allard of Bromptonville; Notary J.S. Tremblay, Sherbrooke, and Rev. Prof. Lemay of Sherbrooke.

A very enjoyable evening was brought to a close by singing the National Anthem. The officers of the Society for the ensuing year, who were just recently elected, are as follows:

Chaplain—Rev. F. N. Seguin. President—Arthur Rousseau. 1st Vice-President—Wilfrid Labarre. 2nd Vice-President—H. Archambault. Secretary—Arch—Adelard Carpentier.

Treasurer—J. O. Desnoyax. Collector—Ls. Durand. Visitors—Arthur L'Heureux and E. Valode. Marshals—R. Boudreau; J. O. Caron. Censors—Alp. Couture, J. E. Richard, Ludger Binette. Physician—Dr. O. Birs.

WOMAN CHARGED WITH PARTISANSHIP

POSTMISTRESS OF MEGANTIC COUNTY DISMISSED FROM OFFICE.

Ottawa, Jan. 30.—"Political partisanship," as defined by Hon. L. P. Pelletier, the Postmaster-General, is not confined to men alone. Women office-holders are apparently also liable to be found guilty of being too strong Liberals. In reply to a question by Mr. Pacaud in the House of Commons the Postmaster-General replied that Miss Marie Delia Roberge, a postmistress in Megantic county, had been dismissed on his recommendation for "political partisanship."

FIREMEN FOUGHT FLAMES FOR AN HOUR

Fire Guttled Second-Hand Store on Wellington Street Last Night

DAMAGE TO STOCK ESTIMATED AT \$1800, WITH AN INSURANCE OF \$800.

An alarm was rung in from boxes 231 and 23 at ten o'clock last night for a fire which had broken out in the store of Mr. J. Green, upholsterer and second-hand furniture dealer, 146 Wellington street.

Nos. 1 and 3 Stations promptly answered and when the brigade arrived the fire had gained a good hold having apparently originated through an overheated stove which stood near the middle of the building.

Both floors were packed from floor to ceiling with furniture and goods of a most inflammable nature, which were either totally burned or damaged so badly as to be rendered entirely useless.

Two lines of hose were used as the fire was going at both ends of the building.

The brigade succeeded in putting out the fire after playing on it for nearly an hour. It, however, broke out again at 11:30 and the firemen had to make a return journey but managed to extinguish the flames with two Babcocks.

The damage to the stock is estimated at \$1800 and is insured for about \$800.

The property is owned by Mr. F. J. McKenna, Sherbrooke, who is at present out of town, but it is understood there is no insurance on the building.

Russia Carrying on Experiments With This End in View

CANADIAN IMPLEMENTS WERE USED BY OFFICIALS IN TEST THEY MADE.

St. Petersburg, Jan. 30.—An extensive series of experiments with agricultural implements was carried out by the Russian Department of Agriculture during the season of 1912 with a view to putting an end to the dependence of Russia on American manufacturers. Over one hundred reapers, mowers, hay rakes and other implements manufactured in Canada and various European countries were put to work under the supervision of officials of the department. A considerable number of these implements, according to an official report just issued, successfully stood the tests under varied and difficult conditions—namely those coming from Canada. Others of those tried were found adaptable to Russian conditions, and it is stated that they can be manufactured equally well in Russia.

The Government hopes to induce agriculturists to substitute other im-
