## Family support subsidies

This table shows the amounts paid out under the Family Support program. The maximum annual subsidy covers caregiving, respite care and assistance with daily tasks.

Characteristics	Age	Daily maximum <sup>1</sup>	Maximum annual subsidy <sup>2</sup>
Child requiring little care or attention	0-11	\$33	\$2 220
	12 and up	\$57	\$3 620
Child requiring considerable care and attention	0-11	\$45	\$3 620
	12 and up	\$69	\$4 380

To apply for a subsidy or obtain more information on the program, please contact your local **CSSS (CLSC)**.

---

<sup>1</sup> The hourly rate varies between \$2.75 and \$5.75 depending on the category. The daily maximum is based on the hourly rate charged for a 12-hour day.

<sup>2</sup> The subsidy may be higher if there is more than one disabled child in the same family.

## **Situation: critical**

The presence of a disabled child or adult within a family makes for additional responsibilities, which can cause considerable stress and even lead to burnout.

Perhaps you, too, feel powerless given the lack of services in your area. You may wonder what the future holds and even, sometimes, feel like giving up.

If you are in such a situation and you don't know who to turn to, you should contact your **CSSS (CLSC)**. If the disabled person you are caring for receives services from a **rehabilitation centre**, people there may be able to help you as well.

In the event of an emergency, call the **Info-Santé** service of the CSSS (CLSC) or dial **911**.

A number of associations for parents of disabled persons also offer a help line and support services. For more on these services, please see the section entitled "Associations".

## Support for parents

Although this service does not officially exist in the region, some organizations and associations provide support to parents who have just learned that their child has a disability. For more information, please see the section entitled "Associations".

However, the following two provincial organizations do offer this service:

### **Association québécoise des parents d'enfants handicapés visuels**

☎ toll free 1 888 849-8729  
✉ info@aqpehv.qc.ca

### **Muscular Dystrophy Canada**

☎ toll free 1 800 567-2236, extension 231  
✉ infoquebec@muscle.ca

## Caregiving services

A number of associations have a list of caregivers or offer caregiving services. To find out which ones can help you, contact your **CSSS (CLSC)** and ask about the family support program.

## Childcare services

### Choosing childcare services

To enrol your child, contact the childcare centre, day care centre or home childcare provider of your choice. Many childcare centres accept children with disabilities. To consult the list of childcare services (including home childcare coordinating offices), visit the Web site of the **Ministère de la Famille, des Aînés et de la Condition féminine** at:

For more information, contact the **Regroupement des centres de la petite enfance des régions de Québec et Chaudière-Appalaches** at:

## Childcare services

### Subsidies

Childcare services are also eligible for subsidies to facilitate the inclusion of disabled children. Two types of subsidies are available:

- the **allowance for childcare establishments receiving children with a disability** can be obtained once the child's impairment has been confirmed;
- the **exceptional integration assistance measure** is designed to facilitate or maintain the integration of disabled children with significant needs into childcare services.

It is the responsibility of the childcare services, with the consent of the parents, to apply to the Ministère de la Famille, des Aînés et de la Condition féminine for these subsidies.

### Support for integration

Most rehabilitation centres offer services to help disabled children integrate into day care centres. They can also help these centres make their activities more inclusive.

## Childcare services

### Childcare services in schools

Many schools offer childcare services; ask about them when enrolling your child. If the **school** is unable to offer them, it can refer you to another day care service that will better meet your child's special needs.

### Subsidies

Childcare services receive a subsidy when they accept children with disabilities (who are enrolled and present in the school on September 30 of the year in question). It is up to the school to apply for the subsidy to the Ministère de l'Éducation, du Loisir et du Sport through the school board.

### Support for integration

As part of the individualized education plan, childcare services can specify their needs in order to obtain assistance from other resource people in the community.

The project **Intégration sociale des enfants handicapés en milieu scolaire** offers services in various regions of Québec in order to facilitate the integration of disabled children into day care services. The request must be made by the day care service or the school, but you as a parent can also obtain information by telephone or e-mail.

## Service programs

Preparing a service program allows your child's needs to be properly evaluated **in different areas of activity** (childcare services, school, work, recreation, transportation, etc.). It can also help determine your family support needs. The same evaluation can subsequently be used to organize the services required with the cooperation of the resource people involved. Here is how to obtain a service program.

### **For children with intellectual impairments or pervasive developmental disorders:**

- if your child receives services from a **rehabilitation centre**, you must apply there;
- if he or she does not receive services from a rehabilitation centre, you must contact your local **CSSS (CLSC)**.

**For children with other types of impairments**, you must contact the appropriate rehabilitation centre.

The **Office des personnes handicapées du Québec** can also help you take steps to have a service program prepared, regardless of your child's impairment. You can also obtain, free of charge, a copy of the guide entitled "Je commence son plan de services" to help you identify your child's needs. To obtain these services or the guide, call the **Office** at:

## Your right to object

If you are not satisfied with the services offered or received, or you do not agree with a decision made concerning your family, you must use the review and complaints procedure provided by the organizations concerned.

You must submit any complaints in writing, clearly explaining the reasons for your dissatisfaction and specifying the names of the people you contacted. Keep a copy of the letters and documents that you send.

In the case of a health and social services establishment, the **Centre d'assistance et d'accompagnement aux plaintes - Chaudière-Appalaches** can help you express your complaint and provide other assistance.
