CATTLE PARADES AT EXHIBITION TODAY

INDIANS CHAMPS
 Sherbrooke Indians last night won the Provincial League baseball championship, by scoring a double victory over St. Johns. The wins put the Indians beyond reach of Granby and Quebec, who are battling it out for second place.

Veteran trainer Jim McCabe was at the helm for last night's games, guiding the Indians in place of manager Merrill (Pinky) May, who is laid low by an impacted wisdom tooth.

Details of the pennant-winning games will be found on the sports page of today's Record.

World News In Brief

Buenos Aires—(P)— Argentine troops Tuesday trekked toward a remote Andean peak where 20 men have died in intense cold and snowfalls during the past week. Air force planes dropped supplies to 130 soldiers marooned at an army post 12,000 feet up in the Andes. It is midwinter in Argentina.

London—(AP)— The Big Three allies called on Russia today to join an early four power conference of foreign ministers on the future of Germany and Austria.

Identical notes were sent by the United States, Britain and France suggesting the high level talks to work out:

1. Arrangements for holding free German-wide elections as an essential first step toward restoring German unity and agreeing on a final German peace settlement.
2. Final agreement on the long promised Austrian treaty of independence on which Russia has been stalling.

Miami, Fla.—(AP)— Hurricane Carol churned distant Atlantic waters today 2,400 miles east-southeast of Miami and at least a week's travel time from the United States mainland.

This third tropical storm of the season was spotted on the first day of the traditional hurricane month of September.

Brussels—(P)— The Belgian air line, Sabena, Tuesday began what it called the first scheduled, inter-city helicopter service in the world. Routes run from Brussels to Lille, France, Brussels to Antwerp and Rotterdam, The Netherlands, and Brussels to Liege and Maastricht.

Nettuno, Italy—(P)— A priest died Tuesday from gun shot wounds inflicted Sunday by a monastery laborer who complained he had to work too hard. Father Sergio Corsi was shot from ambush along with Father Alfredo de Santis who died instantly. Police said the monastery worker confessed to the two slayings.

Today's Chuckle

The editor was busy at his desk when the phone rang. On the other end was an irate subscriber. "I noticed in your paper," the reader shouted, "that you printed I was dead!" "Is that so?" was the retort. "Where are you speaking from now?"

Simonds Comes To Defence Of Canadians In Germany

Ottawa — (P) — Canada's top soldier, Lt. Gen. Guy Simonds, Tuesday sprang angrily to the defence of the army he commands.

After listening to reporters question Field Marshal Sir John Harding, chief of the Imperial general staff, about a Maclean's Magazine article criticising the Canadian 27th Brigade in Germany, Gen. Simonds stood up.

"We in what you call the top military brass are used to criticism. But this article is an attack on the rank and file of the Canadian army. It is absolutely deplorable."

The army chief of staff was referring to a story by Lionel Shapiro in a recent issue of the national magazine. The article commented unfavorably on the military efficiency and general behavior of the 27th Brigade.

In the future, Gen. Simonds said, it would be better if all such criticism were directed at the high command rather than at the army as a whole.

Field Marshal Harding, meanwhile, had high praise for the brigade. He said he was surprised to hear of any criticism of it, adding:

"If I were going to war, I'd be happy to have the brigade in any group which I might have the privilege to command."

Here for a 13-day tour of military installations across the country, Sir John recalled that about a year ago the brigade took part in manoeuvres under his command. At that time, he said, "they came through with flying colors. Their military efficiency was of a very high order."

And what about their alleged misconduct?

Sir John said that if there had been anything of a serious nature in this regard, he would have heard about it.

"And," he added, "as their commander-in-chief, I would have had to do something about it."

But he said no reports of bad breaches of discipline in the 27th Brigade had come to him. He said that from time to time he had heard of minor incidents in almost all the units under his command.

"Everyone kicks over the traces now and then," he remarked.

"There's not much wrong with skylarking of a Saturday night. It's the natural consequence of good health and high spirits."

Gen. Simonds, obviously irked at the line of questioning, said nothing until after a lengthy lull. Then, with obvious feeling, he launched his attack on the magazine article.

Reminded that at least two other correspondents had criticized the 27th Brigade, the chief of staff said both of them also had some words of praise for the unit.

He assailed the article in question as telling "all of the bad, and none of the good."

Federal, Civic And Press Day Is Being Observed; Heat Reduces Attendance

68 Persons Lost, Dead In Crashes

Seattle — (P) — A non-scheduled airliner flying under military charter disappeared over the cloud-covered Pacific northwest Tuesday night with 21 persons aboard.

The plane, owned by Regina Airlines, was an hour late on a flight from Monterey, Calif., to McChord air force base, Tacoma, when it last was heard from over Portland, Ore., at 10:28 p.m. EDT. Portland is about 125 miles south of McChord.

It failed to make radio contact at Toledo, Wash., 65 miles north of Portland, and is believed down in the heavily wooded, hilly country between the two points.

Airline officials in Seattle said the twin-engine plane's pilot gave no indication of trouble when he reported in at Portland. They could not explain why the ship was over the Oregon city eight minutes after it had been scheduled to land at McChord.

Nice, France—(P)— An Orly-bound French airliner crashed in flames late Tuesday night on the side of a 10,000-foot Alpine peak, killing France's most famous violinist, Jacques Thibaud, and 41 other persons.

The giant four-engine air France plane was on a regularly-scheduled flight to Saigon and Hong Kong when it smashed near the towering summit of Mont Cimet, southeast France, 100 miles north of this Riviera resort.

Rescue workers who reached the scene after toiling more than five hours up the steep mountain slopes reported there were no survivors among the 33 passengers and nine crew members. Wreckage was scattered over 1,500 feet of the mountain side.

Air France officials could give no cause for the crash, which occurred an hour and a half after the big plane left Paris' Orly field. They said messages from the pilot had reported all was well and weather good.

Airline officials said the passengers included four Indo-Chinese, one Swiss and a man believed to be a German. The rest apparently were French.

With Thibaud were his daughter Suzanne and his companion, Rene Herbin. They were en route to Japan for concerts.

Roberval, Que.—(P)— Officials feared late Tuesday night that the continued search today for a missing plane in northern Quebec might still be hampered by poor radio communications blamed on "ionospheric disturbances."

At least five men, including passengers, were aboard the pontoon-equipped Norseman which disappeared Aug. 25 during a flight from Fort Chimo, in the southern tip of Ungava Bay, to Nitchequon, 440 miles north of Quebec.

"Lack of radio communications has been the main trouble with this whole operation," said an official of Mont Laurier Airways, owners of the missing plane.

Judging Continues Today In Livestock Departments.

The hottest day of an already hot week was forecast today as the Sherbrooke Fair lined up one of its top attractions, the first of the big horse and cattle parades.

These parades, held in front of the grandstand, give the public an opportunity to see the various livestock entries, among them the cattle and the horses that already have been awarded championship ribbons. Judging in some classes is still continuing.

The first parade, of horses and cattle, was scheduled for two o'clock, with the dairy cattle being put through their paces an hour later. Four H club calves and horses and dairy cattle will be paraded again tomorrow.

There is another full program of harness racing this afternoon.

For the first time in a number of years at the Sherbrooke Fair, the complaint was heard that the weather is just too hot. One hundred degree recordings in the sun have been common all week and a maximum of 87 in the shade was marked up yesterday.

Today's forecast was for 92-degree weather, which would make this the hottest day of the week.

While the hot weather undoubtedly kept some people home in the afternoon, conditions were almost ideal in the evening and the most pleasant spot in Sherbrooke at night is the grandstand at the Exhibition grounds.

A fine show by the George Hamid artists and pleasant temperatures are a combination that are hard to beat. Apparently, many persons appreciate this fact, because grandstand attendance has been good all week.

Paid attendance at the gate yesterday was 7,390, compared with 8,706 on Tuesday last year. Grandstand attendance was 3,765, compared with 3,776.

Total attendance for the week now stands at 43,356, compared with 45,988 last year.

Judging moved towards its conclusion today, with Ayrshire judging continuing this morning and Jersey cattle judging starting this afternoon. Jersey judging ends tomorrow.

The first prize lists were released today and showed that the prizes are being distributed over a wide section of the Townships.

In the cattle division, the champion Holstein bull was shown by Lucien Gosselin of Weedon, while the champion cow comes from the Chamby farm at Magog. P. M. Fox of Foster owns the grand champion Guernsey bull.

In the sheep class, Maple View Farm of Sweetburg showed the champion Oxford down, while Slack Brothers of Waterloo had the champion Cheviot.

Bertram Turner of Lennoxville showed the champion Yorkshire sow, and O. A. Fowler of Kingsbury the champion Yorkshire boar.

Some of the other prize winners included:

Field crops: Leslie W. Taylor, Richmond, six firsts; Gordon McEwen, Sherbrooke, three firsts; Oscar George, South Stukely, A. L. Davidson, Melbourne; C. W. Page, Sherbrooke, and Percy E. Taylor, Richmond, one first each.

Maple products: Clifford Curtis, Hatley, six firsts; Roy Harrison, Bishopton, first in the commercial display; Oscar George, South Stukely, and Gerald Lowd, Bulwer, one first each.

Honey: Bertrand Poisson, two firsts.

Flowers: Joyce George, South

USE PARKING LOT
 W. G. MacDougall, president of the E.T.A.A., today urged persons driving to the Fair to make use of the parking grounds that are available. There is ample space in the new grounds off Terrill Street and beside the baseball park, Mr. MacDougall said.

The E.T.A.A. president also recommended the agricultural exhibits in the new wings of the Arena as being well-worth a visit. He said these exhibits have not drawn many visitors so far during the fair, possibly because it is not generally known that they are located in the Arena.

H. W. Dapp, Melbourne, W. E. Campbell, Sherbrooke, Mrs. Joseph Gamache, Stoke Centre, John C. Somers, Sherbrooke, Mrs. E. A. Meigs, Richmond.

Top winner in the art section was Miss Gilberte Raby of Sherbrooke with four firsts. Other winners included: G. Bessette, Sweetburg, Miss Arnette Auger, Bromptonville, Miss Therese Lesard, Sherbrooke, Mrs. Gerard St. Germain, Sherbrooke, Nelota Gauthier, Mrs. E. K. Lebrun, Sherbrooke, and Lorenzo Labbe, Sherbrooke.

San Antonio, Tex.—(P)— Gen. Jonathan M. Wainwright, 70, one of the United States great military heroes, lingered at the point of death today.

Late reports from Brooke hospital where the hero of Corregidor has been a patient since July 6 said he was not expected to live. Hospital authorities said Wainwright had "suffered a rather cerebral thrombosis."

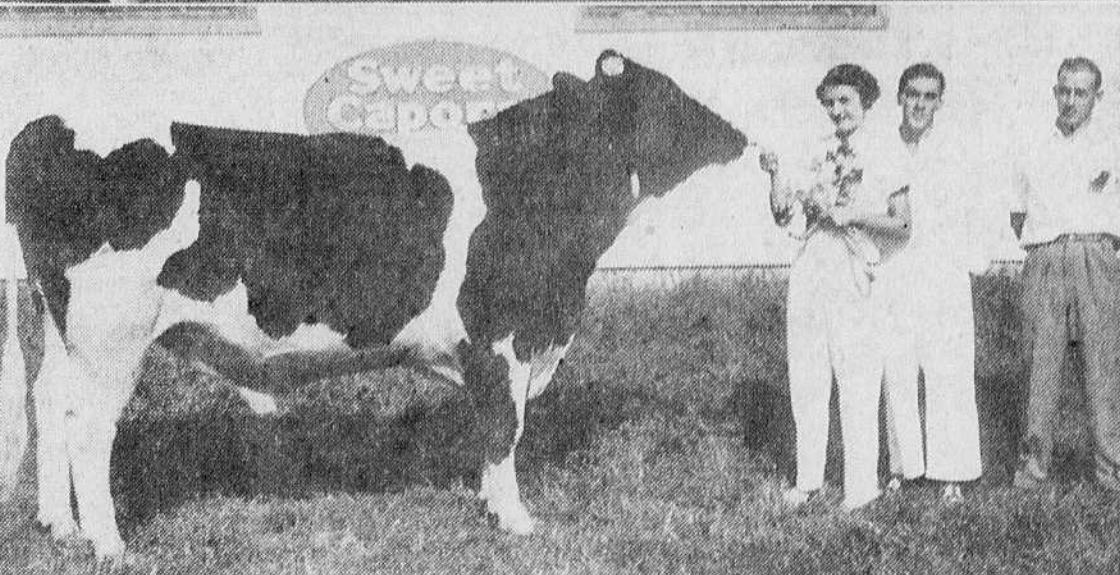

Rome—(Reuters)— Rome's 4,000 bar and cafe owners Tuesday threatened to take their gaily painted tables and chairs off the city's pavements and switch off their neon signs if they are forced to pay a new municipal tax. They also threatened a total 24-hour strike if the municipal council carries out its plan to make the tax retroactive to Jan. 1, and gave mayor Salvatore Rebucchini 12 hours to withdraw the new tax.

PRIZE WINNERS: Proud winners in the Provincial Judging Competition for Boys' and Girls' Livestock Club are shown at the Noe Ponton School where they were entertained at a banquet last evening.

In the front row, left to right, are: B. D. Lyon, Clifford Baxter, who with Rhoda Simon, of Vaudreuil, took top honors in cattle judging; Senator C. B. Howard, Miss Simon, W. G. MacDougall, president of the E.T.A.A., Mariette Proulx and Jeannine Therrien, winners in the sheep judging; Louis F. Codere, chairman of the Boys' and Girls' Club, Rev. Florent Cabana, director of the School, and Armand Ouellette, of the Department of Agriculture.

Others in the picture are: Harold Laurie, L. V. Reid, Marcel Biron, Conrad Rioux and Claude Morency, of Trois Pistoles, winners in the swine judging; P. E. Cote, J. C. Moore, Adrien Morin, George Cleary, Arthur Rioux, Camille Bouchard, D. J. MacMillan, Moise Cossette, Marc Leclerc and M. Deerin.

CHAMPION BULLS: P. M. Fox, of Foster, is the owner of the grand champion Guernsey bull shown in the top picture. Mr. Fox is shown standing behind the bull which is being held by O. H. Reynolds, herdsman. The lower picture shows Miss Rachel Gosselin, of Weedon, holding the champion Holstein bull. Standing beside her are herdsman Gaetan Begin and Warren Ross, superintendent of cattle at the Sherbrooke Fair. This bull is owned by Lucien Gosselin, of Weedon.

Six More Canadians Will Be Freed By Reds Tonight

Panmunjom — CP — Six Canadians will be among 300 Allied prisoners released tonight by the Communists in the 30th day of the current Korean prisoner of war exchange, the Communists announced Tuesday night.

With their return, the total number of Canadians repatriated in the current post-armistice exchange which began August 5 will be 30. At the start of the operation, the Communists promised to return only 14 Canadians.

At the beginning of the exchange, 18 Canadians were listed by the Canadian Army as prisoners and 27 as missing, believed to be prisoners.

Twelve of the men listed as prisoners and 12 listed as missing have been freed by the Reds. According to the army this leaves six prisoners and 15 missing unaccounted for.

Tuesday, another 100 Americans were released, bringing to more than 3,000 the number of U. S. soldiers freed by the Communists as the Korean war prisoner exchange neared an end.

A returning officer said 75 Americans who "confessed" to germ warfare charges under relentless Red pressure would be repatriated soon. He said the men, mostly officers, were at Kaesong, the Communist holding point north of Panmunjom, and all expect to be repatriated.

An American corporal, said to be marked for death by other returning prisoners because he betrayed them to the Reds, was reported to have disappeared from a Tokyo army hospital. The soldier, identified only as "Slick," had been sent as a medical case to the hospital.

The UN command, in an unusual announcement, accused the Communists of rigging interviews between Allied POWs and visiting Red Cross teams. The announcement quoted a returned Australian officer as saying the Reds told him that he would not be repatriated unless he gave "proper answers" to Red Cross workers.

Smiling and apparently in good health, 41 officers and 59 sergeants made up the 100 Americans returning Wednesday. They brought to 3,027 the number of Americans freed so far. The Reds held up delivery of the Americans until after 150 South Koreans were returned.

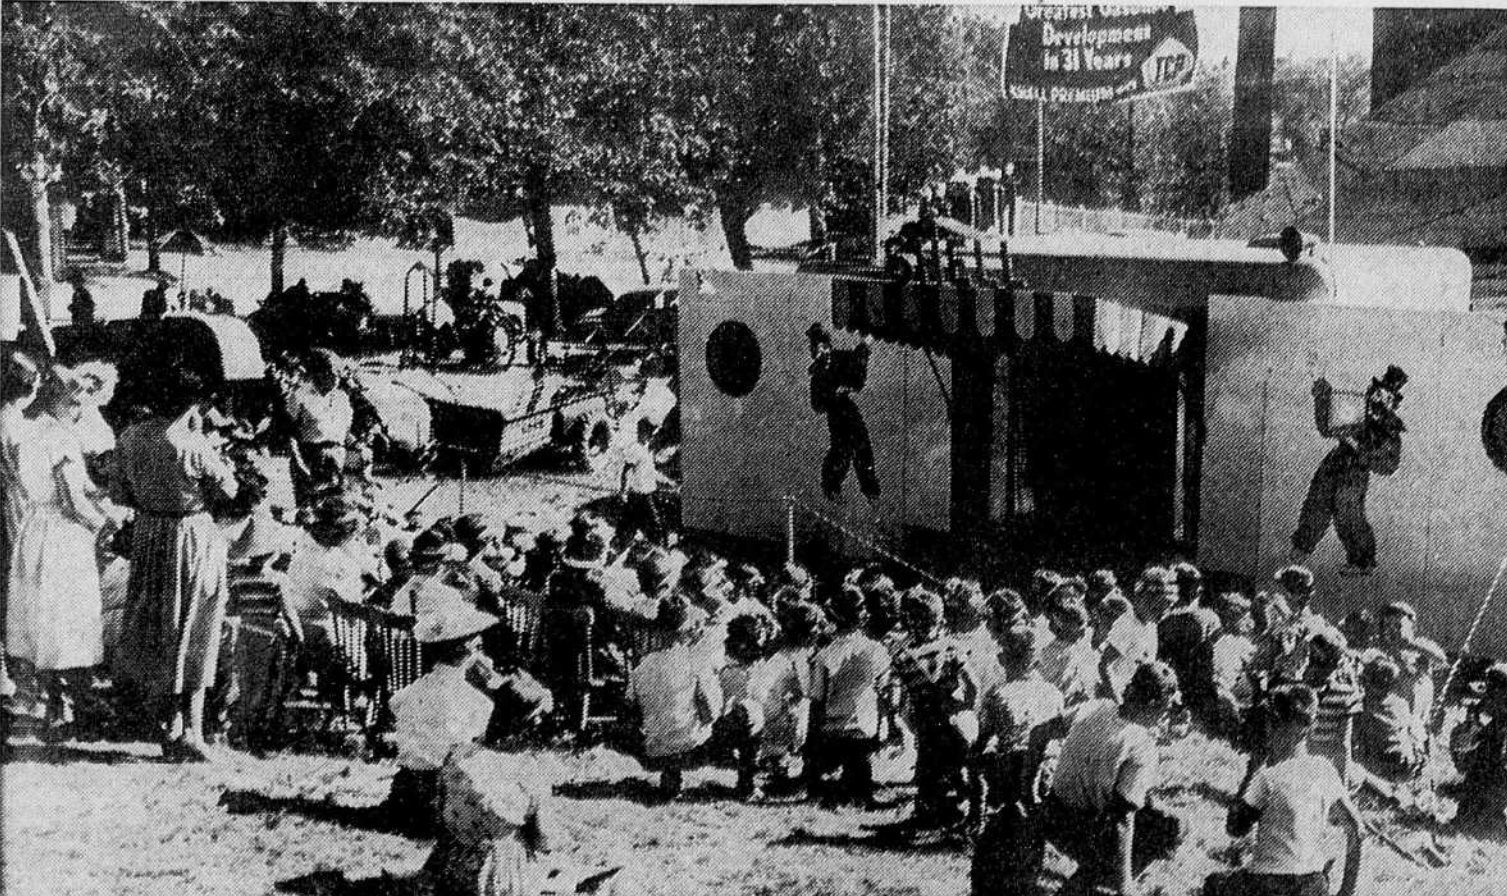

In all, the Communists turned back 100 Americans and 200 South Koreans Wednesday. Thursday, the Reds promised to deliver 88 Americans, 200 Koreans, and five British in addition to the six Canadians.

Including Wednesday's delivery, 11,716 Allied prisoners have been freed. Before the exchange started, the Reds said held 12,732 POWs but have since indicated they would return more than that number. They said these would include an undisclosed number of men captured in the last days of the war.

According to the original Red figure, 286 Americans are yet to be returned, but this number probably will be exceeded.

Canadians still listed as prisoners are: Capt. Joseph Liston of Aylmer, Que., Pte. T. J. P. Allan of Montreal, L. Cpl. William Bell of Toronto, Pte. Robert Eakins of Toronto, L. Cpl. Frederick Jolly, more of Toronto and L. Cpl. Gerald McKinney of Melville, Man. Canadians still listed as missing are: Pte. Marcel Bear of Leask, Sask., Pte. John Burak of Cal.

Hollywood—The Motion Picture Association, I believe, is making a serious mistake in not changing the film censorship code to in-

clude an "adult" classification for new movies.

"The Moon Is Blue" proved that theater owners, hard hit by TV competition, are MOST WILLING to sell tickets to adolescents to see a movie not approved by the association.

But Eric Johnston's observation that "The Moon" is an "isolated instance" and any attempted follow-up would run into difficulties is ridiculous.

Now that the racy film has cracked the code—to the tune of big profits for theaters and its producers—there will be others. After all, there's nothing to stop them.

Now is the time, I say, for the Producers' Association to give an "adult" rating to these films and keep OUT the kids. Johnston says policing such a category is "impracticable."

A stiff industry-imposed fine for theater owners selling tickets to minors would be comparatively simple to enforce.

But then the theater owners would be cutting their popcorn and candy profits. Maybe that's the reason the Producers' Association is opposed to "adult" movies.

It could be that popcorn and candy sales are more important to the movie industry than juvenile morals.

Bella Darvi, Fox's new Polish star, doesn't agree with Italy's Sylvania Pampolini, who says Hollywood male stars are too old.

Bella likes 'em with a little gray at the temples.

Making her film debut in "Hell and High Water," she ooh-la-laded.

"I'm crazy-gee about Clark Gable and Gregory Peck. I don't like young boys. To me ze young boys in 'O'lywood pictures are cute but 'ow can a woman not adore an old-aire man like Peck?"

Dan Dailey gets the flash on whether he's still a Fox star on Sept. 13. That's when his option comes up. Hedy Lamarr is livid in Rome over news that Mae West will switch into TV as the star of the "Great Romances of History" series. It seems that Hedy's own telefilm series, "Great Loves of History," concerns some of the same immortal smoochers whom Mae will lampoon.

Marilyn Monroe's dramatic coach, Natasha Lytess, and Director Otto Preminger tangled on the "River of No Return" location site in Canada. It wasn't the first time for Natasha, who battled with Howard Hawks during filming of "Gentlemen Prefer Blondes."

Turhan Bey turned down one of the star roles in the Broadway play, "The Tea House of the August Moon." The lad simply won't play another oriental role, not even a remake of "The Good Earth."

John Ford wants to reunite John Wayne and Maureen O'Hara, his idea of a Garbo-Gilbert team in Columbia's "The Long Grey Line."

"The Robe" will be billed as a religious epic, but the remake of another Lloyd C. Douglas inspirational novel, "The Magnificent Obsession," is shelving the religious

R. C. A. F. Band
Plays Sunday
At Newport, Vt.

Newport, Vt., Sept. 2.—The Royal Canadian Air Force training command band will give a two-hour concert at Gardner Park, on the Causeway here Sunday, starting at 2 p.m.

This week-known Canadian band is being brought to Newport under the auspices of the city.

The present band was formed in the summer of 1946. The band members were selected from ex-members of the famous No. 6 RCAF Bomber Group Band overseas and from other personnel who had served with one of the many RCAF bands established during wartime both in Canada and overseas. Younger blood has been infused into the band by the inclusion of ex-members of air cadet and high school bands. These younger members were duly enlisted into the RCAF and after completing their primary training were transferred to the band.

The first public concert of the band was given before the patients and staff of Christie Street Hospital, Toronto, on November 11, 1946. This concert was given after less than three months of rehearsal and received much favorable comment. However, the bandmaster could see considerable room for improvement and it was not until May 1947, after months of diligent practice, that he considered the band ready for its first extended tour of air stations within Central Air Command.

The initial tour began in May, 1947. Included were visits to Montreal, Moncton, Halifax, Greenwood, Summerside and other Atlantic coast centres. This tour inaugurated a route of over 50,000 miles which the band has covered on successive tours by air, rail and road.

In the summer of 1947, a visit was made to RCAF Station, Goose Bay, Labrador. Here the band played a concert for both the RCAF and USAF stations and the Dance Band Section of the band provided "boogie" and "swing" music for the dancing pleasure of the airmen and their families at that isolated base.

In August, 1947, less than a year after its organization, the band was invited to appear in a series of concerts at the Canadian National Exhibition.

After a full year of tour to RCAF stations and various eastern Canadian cities, the band was engaged for the second time as the official "Duty Band" of the 1948 Canadian National Exhibition.

Immediately following the close of the 1948 C.N.E., the band left Toronto on a tour of the East Coast and Eastern Canada.

In November, 1948, the band was privileged to play in Massey Hall at a tri-band festival, in company with the Dufferin Citadel Salvation Army Band and the Metropolitan United Church Silver Band.

In June, 1949, the name Central Air Command was changed to Training Command and the band was renamed the RCAF Training Command Band.

Again in 1951, the RCAF Training Command Band carried out tours of our 10th province, Newfoundland.

During the summer of 1951, an extensive tour was carried out of the important centres of the Canadian mining and paper industries of Northern Ontario. The band was so enthusiastically received at many centres situated on the famous No. 11 trans-continental highway running north from North Bay that it has been decided to make this tour as well as an annual event.

In August 1951 an important step was taken in the organization of the RCAF Training Command Band when the establishment was increased to 45 members. This increase in instrumentation gave the band greater scope in the field of music and the band has progressed to the stage where it is now considered to be one of the finest musical organizations in Canada.

At the 1952 Canadian National Exhibition, the Training Command Band augmented in size to 75 pieces by other Air Force musicians, was the featured band in the main exhibition band-shell, playing afternoon and evening concerts throughout the two weeks of the exhibition. For this engagement, the band was billed as "The Band of the Royal Canadian Air Force" and very many favorable comments were heard as to the calibre of music played.

The Royal Canadian Air Force Training Command Band will, throughout ensuing years, continue to bring to young and old, servicemen and civilian alike, a warmer outlook on life and many pleasurable hours, through the medium of good music.

Final arrangements for the maintaining of a booth at Brome Fair by the Brome District Farm Forum were made at a meeting on Tuesday evening, which was held at the home of Mr. and Mrs. Albert Smith, at Sutton Junction. Refreshments, male products and vegetables will be on sale and members of the various forums in the county will be in charge of the booth which will be near the entrance to the grandstand. Mr. and Mrs. Stanley Quilliams and Mr. and Mrs. G. C. Whitcher of the Creek Forum attended this meeting.

Miss Alice Bedford of the Canadian Sunday School Mission of Toronto, Ont., conducted classes in the basement of the Creek Church during the past two weeks. There was an average attendance of ten children. On Friday evening parents and friends were invited, when a demonstration of the work taught was given by the children. Miss Bedford was the guest of Mr. and Mrs. Stanley Quilliams and family during her stay here.

Mr. L. P. Durrell was an exhibitor of Ayshire cattle, at the Bedford Fair.

Mr. and Mrs. William Greer, Mrs. Allan Greer and little daughter, Pamela, of Rock Island, were weekend guests of Mr. and Mrs. F. C. Inglis.

Mrs. Charles Allen and grandson, Master Glen McGovern, of Waterloo, spent a week with Mr. and Mrs. Karl Perkins.

Mr. and Mrs. Llewellyn Arnold and two children, of Toronto, Ont., spent their holidays with their parents, Mr. and Mrs. William Arnold.

Mr. and Mrs. Clayton Inglis and daughters, are holidaying at Silver Lake, Eastman.

Mr. and Mrs. Karl Perkins, Mr. F. C. Inglis and Mr. Walter Knowlton attended the Bedford Fair.

Mr. Gary Perkins is employed by Mrs. Davis of Fulford, who is an exhibitor of cattle at the various fairs.

Mr. and Mrs. Cedric Goddard, of Chatham, Ont., were guests of their nephew, Mr. Herman Salisbury and family, for a few days.

Mrs. Frank Bockus, of Waterloo, was the guest of Mr. and Mrs. Graham Bockus, for a few days.

Mr. Perry Hunter, of Waterloo, was the guest of his sister, Miss Emma Hunter.

Mr. J. J. Allen and Mrs. J. N. Code are making extensive repairs to their residences.

Why play hide-and-seek with those half-used containers of baby food in the refrigerator? A muffin pan helps keep them all together in one spot. (Be sure that it's a large-size muffin pan and that you've carefully covered each container.)

Other tricks for that same kind of muffin pan: It's awfully handy for baking apples, peppers—keeps them so tidily in shape—and for poaching a lot of eggs at one time. On occasion, you might even use it for muffin-making!

Quick disappearance of baby foods is the usual order of the day—if you serve your baby with good-tasting Gerber's. Tempting choice of Strained Fruits, Vegetables, Meat-Soups, Desserts. All smooth texture as can be... with the inviting true color and true flavor babies prefer! And of course, since the experts at Gerber's spend all their time making baby foods and nothing else, each and every variety is carefully processed to help keep in those good natural food values.

Tiny individualists can show pretty big preferences—even as you and I! So if baby takes a stand against, say, carrots, it's better to forget them for a while and try squash instead.

Mother, send forth this special offer! Something mighty handy! Three of these attractive Refrigerator Can Covers to snap on the opened can of Gerber's before popping it in the frig...

Hamid Artists Entertain Rotarians

In accordance with a long established and pleasant custom, members of the George Hamid Revue—which is drawing record crowds to the Grand Stand every evening—were guests of the local Rotarians at their regular meeting yesterday and provided an hour of fine entertainment.

President L. W. Dixon extended a cordial welcome to the many guests, stating that the Rotarians always look forward to Exhibition week and their meeting with such genial personalities as Joe Hughes and Lee Barton Evans, who make this annual event possible.

The two guests were introduced by Alex Ross and following the varied program, Past President Bert Lyon expressed the thanks of the members and visitors for entertainment which surpassed even the high standard of past years.

Members were reminded of the Rotary Fair dates, November 5, 6 and 7, and also of the annual Fall Conclave in September.

At the head table with President Dixon were Past President R. A. Webster, chairman of the Grandstand Committee, W. G. MacDougall, president of the E.T.A.A., A. C. Ross, Mayor Emile Levesque, chairman of the Industrial Building, Mr. Hughes, Mr. Evans, Mr. Lyon, W. L. Tompkins, Past President E. W. Gilbey, chairman of the Gates Committee, and Leo Laliberte, past president of the E. T. A. A.

Presentation Of Prizes Is Made To Winners Of Junior Judging Test

The banquet and presentation of prizes in the Noe Ponton Agricultural School last evening climaxed several days' competition among members of the Boys' and Girls' Live Stock Club and is an event which is always eagerly anticipated by the young people.

Rhoda Simon and Clifford Baxter, of Vaudreuil-Hudson, emerged the victors in the Provincial Judging competition, with Miss Simon winning the Stephane Boily trophy for the highest individual score.

John Oswald and George Pasco, of Lachute, placed second, with G. Guertin and Yvan Paquette of Granby, third.

Two teams were entered in the sheep judging contest, competing for the Louis F. Codere trophy. Murielle Proulx and Jeannine Therrien, St. Anne du Lac, placed first, with Maurice and Bernard

Bisson, of Ste. Claude, second. In the swine division, Conrad Rioux and Claude Morency, of Trois Pistoles, were first, Jean-Marie Boily and Laine Gosselin, of St. Odilon, second, Claude and Lucien Hebert, of Ste. Emelie, third.

Louis F. Codere, chairman of the Boys' and Girls' Live Stock Club, was in the chair for last night's dinner meeting. He expressed thanks to director and staff of the Noe Ponton School for the cordial reception tendered the young breeders every year and said he felt the annual visit was of advantage to the school in that it afforded it some much deserved publicity.

He commented on the excellent training given young girls who will be the next generation of farmers' wives, and on the valuable agricultural formation offered the future farmers of the province during the winter classes.

Mr. Codere expressed regret at the absence of Stephane Boily who for many years has been an active and interested member of the Boys and Girls Club, and announced that Mr. Boily was unable to attend because of illness.

Stating that it was an honor for the directors of the Exhibition to receive the young people, he congratulated them on their interest and enthusiasm and on the manner in which they conducted themselves during their visit to Sherbrooke.

Speaking to the winning team, he offered special congratulations and urged them to return from Toronto with the trophy.

Rev. Florent Cabana, director of the School, extended a welcome to the young guests and reminded them of the importance of good men and women on the farms.

The welcome of the E.T.A.A. directors was expressed by W. G. MacDougall, the president, who pointed out that Sherbrooke was the first Exhibition to organize a program for Junior Clubs. He hoped the sojourn of the young contestants in the city would be of extra educational value and said he firmly believed the training in leadership given to the Club members would help them in any career they might care to follow.

Armand Ouellette brought greetings from the Ministry of Agriculture, congratulated the three winning teams and Miss Simon in particular, but also paid tribute to the other contestants who engaged in a fair competition.

Top Quality Of Cattle At Local Fair

There is a decrease in the number of cattle being shown at the Sherbrooke Fair this year.

For quality, however, it would be hard to beat the stock being shown at the fair.

You can see black and white Holstein cattle, from the Flemish and Dutch countries, bonny Ayrshires, "red and white," dainty Jerseys, the hardy small black Canadian cattle and the Guernseys—all good, all well bred and not a non-paying boarder among them.

There are 104 Jerseys, 58 Holsteins, 99 Ayrshires, 45 Guernseys, and 53 Canadians in addition to some 65 calves, assorted breeds.

There are over 400 head of cattle being shown but this number is slightly less than last year. The largest decrease is noted in the Holsteins.

Warren Ross, of Sherbrooke, is the cattle superintendent. M. McGregor, of Cornwall, is judging the Guernseys; Brunneau Gelineau, of Joliette, the Canadians; Arthur Dagg, of Shawville, Pontiac County, the Ayrshires; Gilbert Robinson, of Harvey Station, N.B., the Jerseys and D. S. Dulton, of Brantford, Ont., the Holsteins; N. H. Beach, of Lennoxville, is judging the calves.

Some of the winning exhibitors include, P. M. Fox, of Foster; Rachel Gosselin, of Weedon; and E. G. Smith, of Chambly Farm, Magog.

These prize cattle will be seen in the cattle parades.

Fines Imposed For Infractions Of Game Laws

Three Eastern Townships residents have learned to their cost that the recent campaign against illegal hunting and fishing was no flash-in-the-pan but that the game inspectors are determined to press forward their drive to protect the wild life of the district.

Martial Plante, of Granby, appeared before Clerk of the Court J. M. Grogre and was fined \$100 for shooting a deer out of season. This case was made by Inspector W. V. Lang, of the Shefford District and Game Warden Byron Mizener.

Similar fines were imposed upon two brothers, Yvon Fontaine, of Racine, and Bertrand Fontaine, of Cowansville, for hunting deer with jacklights. The complainants were C. Laroche and R. Pouliot, game wardens, who were acting under the direction of District Chief Inspector Clement Bouchard.

18 Year-Old Toronto School Girl Featured In Puppet Show At Fair

By LARRY MOORE

An 18-year-old Toronto high school girl has found a unique, interesting and profitable way of spending her summer vacation. She is Marilyn Marquette of the "Marquette Marionettes" puppet show currently showing at the Sherbrooke Exhibition.

Marilyn is one of two puppeteers who daily present, through the sponsorship of the Shell Oil Company of Canada, a puppet show for the fair patrons. The show at the local fair is one of two which travels every summer from coast to coast.

The other company is comprised of Marilyn's father and mother, Hal and Renee Marquette, who taught her the art of puppetry at an early age. She has been a master manipulator of the tiny figures since she was seven but did not turn professional until eight years ago.

Although manoeuvring puppets around a miniature stage has become her life she has not neglected her education. This year will be her senior term at Dantech Technical school in Toronto where she is specializing in sewing and designing. This, she explains, will be useful when she makes her professional debut with a puppet show of her own.

Marilyn does not handle the 18 Marionettes by herself, she has the capable assistance of an experienced puppeteer, Stan Carruthers. Stan is a former night club and

theatre performer and appeared with the Canadian Army show which toured France, Belgium and England during the Second World War.

He has been a long-time friend of the Marquettes and at one time toured with Hal and Renee, Stan and Marilyn teamed up at the Canadian National Exhibition and have been a continuous success wherever they have shown their colorful revue of little people.

They present their nine-act show on a miniature built-in stage on the side of the trailer while chairs are set before the curtains. The music is supplied by a five-piece band and the dialogue by speech experts who have recorded their joint efforts into a record which is played during each performance.

As in every vaudeville show, the master of ceremonies introduces the acts and performers to the public. In this case the M.C. is Joe Shell, your local Shell dealer, and he introduces you to Shell products as well as the artists.

To start the show rolling they transport you in spirit to South America where they present "Chequita and Ramos" in a South American rumba dance. Mayor Woodhead, the humorous mayor of Puppetville, provides the spectators with plenty of laughter as he vainly attempts to deliver a speech suggested by his conscience.

In a bright red and black-checked costume, Kooko the theatre's

There will be special church music.

lovable clown, moves clumsily around the stage setting on roller skates. The Blossom Sisters, a Balinese dancing team, execute an exotic dance in graceful gestures.

Where there's show business there's a magician. And Hoodwink the magician keeps the audience bewildered by his mystifying tricks. As one of the final numbers the management pays tribute to composer Victor Herbert, by presenting one of his famous compositions, the March of the Wooden Soldiers.

The puppet theatre is located near the bandstand and admission to this show is free. Sun hats and candy are given away to the children.

A STEP FORWARD

The decision of the Sherbrooke City Council to prohibit the distribution and sale of raw milk within the city limits is an important step forward in protecting the health of the citizens and preventing the spread of disease. The one regrettable feature of the by-law is the year delay provided before its main objective — compulsory pasteurization or sterilization — becomes effective. This means that the citizens will be exposed to such dangers as typhoid and undulant fever which are carried in contaminated milk. Admittedly the handful of distributors who are still engaged in the sale of untreated milk require an opportunity to instal the machinery needed to treat their product but it seems that twelve months is a rather generous period. An eight-month interim, advancing the deadline to May 1, 1954, should be ample for this purpose and would eliminate the dangers inherent in the sale of raw milk for another summer, the warmer weather being the time of greatest danger.

However, the citizens will welcome the decision of the Council to prohibit the sale of raw milk, even if the time limit is rather extended, as the successful culmination of a campaign which has been waged for over quarter of a century. The inherent dangers of raw milk from a health viewpoint have been proven over the years by scientific and medical tests and Sherbrooke joins the ranks of progressive municipalities, provinces or states who have acted in a similar manner to safeguard the health of all citizens, and especially youngsters.

Ald. Nicol is deserving of thanks for the determined manner in which he waged his campaign to have the by-law enacted and it is to be hoped that he and his fellow members of the City Council will show the same energy in presenting the case for the improvement of the water supply to the ratepayers.

DONT BE AN ACCIDENT STATISTIC

The trend towards more long week-ends, such as Labour Day, is responsible for an alarming increase in traffic deaths and injuries, say officials of the All Canada Insurance Federation.

An estimated 70 deaths and hundreds of injuries are expected this coming Labour Day week-end in Canada unless above-average precautions are taken.

When a holiday falls on a week-end motorists tend to drive further and faster into unfamiliar territory, say safety experts. The confusion of hastily planned trips and long hours of driving brings on fatigue which is responsible for large numbers of traffic accidents.

Mechanical failures, bad roads, and poor driving conditions cause only a small percentage of all traffic accidents, according to Federation officials. Ninety-nine out of 100 accidents are caused by carelessness, and therefore could be avoided.

Officials of the All Canada Insurance Federation, which represents more than 200 fire, automobile and casualty insurance companies, recommended some safety measures for week-end drivers:

1. Plan trips carefully. Long distances are tiring, and should be left until summer holidays.
2. Have car checked before leaving.
3. Never load too many people into car.
4. Remember that speeding, drinking while driving, driving on wrong side of the road, and ignoring rights of way of other motorists are the factors responsible for 70 per cent of all traffic accidents.
5. Never drive with glaring headlights or fogged windows.

IT'S NO LONGER FUNNY

Christian Science Monitor
Michael Patrick O'Brien is still at sea. For more than 10 months he rode a ferryboat back and forth between Hong Kong and Macao because neither British nor Portuguese authorities would let him get off. He had fled Shanghai without a passport.

At first the man's plight sounded amusing. But it long ago ceased to be a joke to O'Brien. Then a Brazilian consul issued him an immigration permit. But now the immigration service at Rio de Janeiro has refused to honor this, and O'Brien is en route back to Italy in the brig of the French liner Bretagne.

He wanted to live in Brazil because his White Russian wife already had emigrated there after the fall of China to the Communists. Their six-year-old son is said to be with friends in Australia. O'Brien, a former bartender, claims he is a mechanic and wants an opportunity to live down mistakes he has made.

How many refugees from a score of war-swept lands are in plights similar to that of

O'Brien without circumstances that lend themselves to publicity? It is a sad world in which it is so easy to become a "man without a country," where families can so readily be separated and where reunion is so difficult.

The bars of the McCarran Act in the United States have been much discussed. Other lands have their barriers, too. Exile is a "cruel and unusual punishment." The world should be more willing to open the doors of opportunity.

THE SWINGING KILT

BBC Bulletin

Kinloch Anderson, a famous kiltmaker, said that between seven and 10 yards of material are needed to make a kilt, for unless the pleats are deep there is none of the proverbial waggle which is one of its big attractions.

The kiltmaker lays his length of cloth on a bench and then plans the pleats so that the design of the tartan when it is pleated looks the same as it does when unpleated. This is a difficult job, for he had to make sure that the reds, blues and greens come in their right order, and that the size of the pattern still remains the same. The job is done by very careful measurement, working sometimes to as little as a sixteenth of an inch in accuracy.

The cloth is marked with chalk, and when the pattern is set up it is very lightly sewn, for not only has the kilt to be pleated but its size must be exact, and the next problem is to get it to fit the man who will wear it. After this setting up and sizing has been done, the monotonous job of sewing the tremendous number of seams begins. Canvases are then put into hold the pleats in position, the finishing touches are added and a very fine piece of craftsmanship is complete. The best bit of all, said Anderson, was to see the garment in use, swinging and giving that swing that can be got only in a kilt.

INCREASING NATIONAL DEBT

LIMIT NOW SEEMS INEVITABLE

By PETER EDSON

NEA Washington Correspondent

Washington — (NEA) — It will be the end of September before Eisenhower administration leaders will know whether they must call a special session of Congress this fall to increase the national debt limit.

If Sept. 15 income tax payments are high — If new loan offerings are fully subscribed — If the administration's expense down-holding drive succeeds —

If September budget estimates for the fiscal year beginning next July 1 show that government expenses can be cut further —

And if no new world crisis develops requiring a large new outlay of cash —

— Then and only then will it be possible to say that no special session of Congress will be necessary.

While President Eisenhower has been vacationing in Colorado his fiscal experts have been sweating it out with a vengeance in Washington. In spite of congressional opposition to increasing the national debt limit, there now seems to be little doubt that the debt limit will have to be raised.

There won't be anything else to do. If — for instance — a big new cash loan is necessary to keep Iran going.

All sorts of unexpected things make it difficult for Secretary of the Treasury George M. Humphrey to keep Uncle Sam's shirt on his back and the tail properly tucked in. The big General Motors fire in Michigan may cut tax payments considerably. The drought, crop failures and falling farm prices will also affect tax collections.

Can't See Shoestring Operation

The businessmen who run the executive branch of government just can't see trying to get by on a shoestring operation. For the U.S. government to say that it was out of money and unable to pay its current bills might bring on a worse crash than 1929, and the effect would be world-wide.

What has happened to bring on this crisis? Congress approved appropriations during the Korean war for a big international defense buildup. The goods were ordered. They are now being delivered and have to be paid for.

Some legal experts argue that the statutory debt limit — now set at \$275 billion — is meaningless. When Congress made appropriations that required the government to spend more money, this provided necessary authority to go over the earlier debt limit.

There is little inclination in the present administration to be highbanded in using any laws or going against the express wishes of Congress.

The strongest voice in opposition to increasing the debt limit comes from Sen. Harry F. Byrd of Virginia. Senator Byrd was one of those who voted against many national defense and foreign aid build-ups, and now opposes letting the government go further into debt to pay for these efforts.

Using the Treasury's own estimates, Senator Byrd believes the government can get by reducing Treasury cash balances during December, January and February. In these three months the Treasury estimates the national debt may go to \$277 billion — \$2 billion over the legal limit.

Keeps \$6 Billion Balance

The Treasury likes to keep a working balance of about \$6 billion. This is approximately what is spent every month. Senator Byrd argues that if this balance was dropped to \$4 billion for these three critical winter months, the Treasury could stay within the \$275-billion ceiling.

Then when March income tax payments of about \$12 billion are received, with normal expenditures of \$6 billion for that month, the Treasury balance could again be built up to \$6 billion or more.

The way it averages out, about 80 per cent of all corporation taxes will be paid before June. This gives the government a nice surplus in the first half year, but puts it on thin straits for the second half year.

Fiscal experts therefore argue that if Congress does not increase the debt limit this year, it may have to do so next year.

The political advantages of increasing the debt limit this year and getting it over with are fairly obvious. But many Republican politicians fear that any increase in the debt limit, at any time, will be suicide for their party.

The only alternative is to increase taxes, and they can't do that.

Bible Thoughts

So then after the Lord had spoken unto them, he was received up into heaven, and sat on the right hand of God.—Mark 16:19.

Having made an expiation for sins, He is set down on God's right hand forever. There is no more that even Immanuel can do. This is Love's extremest effort, God's last and greatest gift, God's own sacrifice. Can there be any escape for those who neglect so great salvation?

If Taxes Are Ever Going To Be Reduced--

Renovation Work On Library Is Going Ahead At Good Pace

By LESLIE WILSON

Canadian Press Staff Writer

Ottawa — (C) — Work is going

smartly ahead on renovation of the

86-year-old parliamentary library

first a year after a fire damaged

the building and 75,000

of the library's 500,000-odd books.

The public works department

plans to renew most of the wooden

parts of the structure and some of

the metal roofing. Steel will be

added to the dome which supports

the 140-foot-high spire.

The work is being carried out by

the Toronto architectural firm of

Mathers and Haldenby under the

department's supervision.

When the job is finished, prob-

ably in the fall of 1954, the "Can-

adian Gothic" building will look al-

most as it did before the Aug. 4,

1952, fire. Canada's No. 1 library

then will move back from the Su-

preme Court and Canadian Bank

North Buildings to its original

quarters.

Just as there was little specta-

cular about the fire, there is little

spectacular about the restoration.

The fire broke out about two hours

after midnight, apparently caused

by a short circuit at the base of

the spire. Firemen fought the

blaze for 12 hours after flames

took hold of wooden beams.

Flames leaped sporadically from

the dome and there was plenty of

smoke but in the main the fight

was a grim, undramatic one by

firemen on long ladders who sat-

tered the beams before the smol-

dering fire died out.

Heavy damage was done by tons

of water which drenched the three

galleries of books lining the cir-

cular building and then seeped

through the wooden parquet floor

to galleries of books in the base-

ment.

The work of saving the books

began immediately; the long slow

job of renovating the library be-

gan some months ago.

Librarians and works depart-

ment employees carried the 75,000

water-damaged books and pamph-

lets into parliamentary corridors

and the Supreme Court Building

and spread them out to dry while

fans whirled to keep the air

moving above them.

At first it was feared that mold

damage might prove severe. How-

ever, the drying method checked

the mold. The books were sorted

and it was found that many thou-

sands needed rebinding but that

only 200 or so would have to be

discarded.

The rebuilding job and the task

of coaxing the others back into

shape by one means or another

still is going on. Officials hope

to complete it by the time the build-

ing job is finished.

The library building is joined to

the main block of the Parliament

Buildings on the north side facing

the Ottawa river. Its dome flanked

by cathedral-like buttresses and

surmounted by a spire and pin-

acles make it a prime tourist at-

traction and one of Canada's most

unusual buildings.

Built by a firm of English archi-

tects, it is the sole building sur-

viving from the 1916 conflagration

which destroyed the old Parliam-

ent Buildings. Sabotage was

suspected in the 1916 fire.

Parts that will be replaced in

the present renovation include the

copper sheathing on the dome, gal-

vanized iron on the spire and the

wooden pinnacles surrounding the

spire.

Fire-damaged wooden beams un-

der the dome will be removed and

the steel beams which are the

structure's main support will be

strengthened by the installation

of additional parts.

Most of the oaken panelling in-

side the building will be replaced.

The mahogany-and-birch floor, se-

verely damaged by water, will be

replaced by another of concrete

and wood.

Much of the library's book col-

lection was available to members

of Parliament during the last ses-

Far North Poker Losses Higher Than Your Shirt

Yellowknife, N.W.T. — (C) — Many a man has lost his shirt in a shady poker deal, but in the far north he can lose his furs, too.

Frank Carmichael, Northwest Territories councillor from Akla-vik, 750 miles northwest of here, told a recent meeting of the council that Eskimos and Indians com-

ing out of the bush with their fur catch are sometimes victims of card sharps.

"An Eskimo may come along with 200 muskrats," said Carmichael. "He sits down to a game with another chap who has cash and who buys his skins, maybe for 75 cents when they are worth a dollar. Playing poker, the buyer gets the money back, too."

The "preservation of game" ordinance before council provided that a justice of the peace may suspend the licence or registration certificate of any person who obtains game, or parts thereof, from an Indian or Eskimo by gambling, or games of chance, or through deception or fraud.

Commissioner L. H. Nicholson of Ottawa pointed out that if the council attempted to penalize by fines or jail terms it would be exceeding its powers.

Col. F. J. G. Cunningham, director of northern administration and lands, said "gambling is not an offence. They can play poker for any stakes they like and nobody can stop them."

"But false pretences is," remarked the commissioner.

One councillor suggested that the council ask Parliament to enact a law preventing gambling with Eskimos.

"That would take away an inalienable right," objected Col. Cunningham. "Besides, you cannot do it to some people and not to others."

Replied the councillor: "The income tax does that. Leave the section in, and administer it so as to meet Mr. Carmichael's point."

OUR FAMILY ROSARY
CRUSADE...

Over the centuries the Family Rosary has never failed. To the weak it brings strength. To the strong, victory.

Join the Family Rosary Crusade for World-Wide Peace and Happy Homes.

Lay Crusaders for Our Lady will be on the march tomorrow in the history-making task of canvassing every Catholic home for pledges for daily family prayer. When the task ends in the great success for which pastors and people have been praying, powerful new legions will be added, and another giant stride will have been taken toward the cherished goal of world peace and happy homes under the powerful protection of the Blessed Mother of God.

Father Patrick Peyton and his associates of the Family Rosary Crusade of Albany, N.Y. and Hollywood have been busy for years carrying to the people the meaning of the Crusade which bishops and lay leaders have acclaimed as an effort comparable with other struggles that have marked the critical turning points in Christian history.

Pledges gathered in the triumphant final drive of this Crusade will be added to those given during the past four eventful years by six million men, women and children.

Heretofore at least 90 per cent of the people have eagerly joined the Family Rosary Crusade in more than 75 North American Dioceses. The added weight thrown behind the present Crusade will be a gift to Mary that will hearten leaders and laity alike for new

Dom. Textile
Purchasing
Agent Retires

Montreal—Retirement of Sydney E. Webster, for 24 years General Purchasing Agent of Dominion Textile Company Limited, was announced today.

Mr. Webster is well known for the 48 years he has spent in the

textile industry and for a long and active career on behalf of young people's groups and associations. Although born in Toronto, Mr. Webster comes from an old Montreal family. He started his business career as an office boy in the C.P.R. office here and in 1905 joined Dominion Textile Company as private secretary to Sir Charles Gordon.

A thorough knowledge of railroad freight rates and international currency lead to Mr. Webster joining the company's purchasing department and he was appointed General Purchasing Agent in 1929.

Crusades soon to follow in other parts of the world. Triumphant Crusades have won great victories for the Blessed Virgin in two national capitals—Ottawa and Washington—and 1953 will see others eagerly awaited in London, Metropolitan of the British Empire, and Sydney, greatest city of Australia. South America, Africa and the Philippines have eye focused on what is to be accomplished by the parishes engaged in this Crusade, for all are yearning for success

for the Peace Plan of Our Lady. As one of the Crusade Bishops said: "This is the Victory, our faith in Mary and her Rosary."

Listen in this evening and every Wednesday evening at 6:45 p.m. over Station CKTS for talks on the Rosary Crusade by leading citizens.

U.S. Studies
Assistance
For Iran

By MARVIN L. ARROWSMITH
Fraser, Colo. —(AP)—President Eisenhower has assured the new government of Iran "sympathetic" American consideration of its urgent appeal for financial aid.

In another move obviously designed to win Iran away from any alignment with the Soviet Union, the President Tuesday night made public a message to Premier Zadeh of Iran promising immediate study of that nation's economic crisis.

Eisenhower, in a message dated Aug. 26 in reply to Zadeh's of the same day, told the premier: "In an effort to assist you in dealing with your immediate problems, I have authorized my ambassador to Iran to consult with you regarding the development of our aid programs there."

"I recognize that your needs are pressing. Your request will receive our sympathetic consideration and I can assure you that we stand ready to assist you in achieving the aspirations of your country which you have outlined."

Eisenhower's message mentioned no specific amount of financial assistance this country might provide. Zadeh mentioned no figure, either, but did say the aid Iran now is receiving from the United States is inadequate to tide his nation over its financial crisis.

The premier added: "The treasury is empty; foreign exchange resources are exhausted; the national economy is deteriorated; Iran needs immediate financial aid to enable it to emerge from a state of economic and financial chaos."

Iranian newspapers speculated the new U.S. aid might amount to \$100,000,000. In Washington, reports put the figure at about \$30,000,000.

The Eisenhower letter to Zadeh was the president's second message to Iranian officials since the Aug. 19 Royalist overthrow of the government of deposed premier Mossadegh.

Eisenhower's pledge of sympathetic consideration to Zadeh was disclosed a few hours after the president decided to extend his vacation here by 24 hours.

In reply, Eisenhower noted the Zadeh pledge and said he was pleased to have the promise.

at many of the older crafts and to introduce the newer craft and methods.

A glance one may see how varied are the items on sale for just in passing you catch the glimpse of a beautiful oil painting, a patchwork quilt, Fair Isle and many variations of beautiful knitted garments, as well as aprons, crocheted holders, dollies, etc., hand woven place mats and shopping bags, felt articles with articulate designs, hand-made purses and billfolds.

For the tiny shoppers there are stuffed toys and complete wardrobes may be chosen for that special doll, from a party outfit to slacks and jacket. Dainty tatting trims a wide variety of handkerchiefs and the buyer with a sweet tooth will find jams and jellies.

This booth is generously sponsored by the Sherbrooke Machinery Company of Sherbrooke and greatly assists in the work of this organization which has as its motto "For Home and Country."

Superior Court
Opens Sept. 8;
Others Sept. 15

Official opening of the fall sittings in the district of St. Francis will take place on Sept. 15, it was announced yesterday by Roger Bouchard of Coaticook, district batonnier.

The Superior Court, however, will open one week earlier, on Sept. 8, because of the large number of cases on the roll. Mr. Justice William Mitchell is expected to preside over the first term.

The official opening of the courts, on Sept. 15, will be under the distinguished presidency of Associate Chief Justice W. B. Scott of Montreal. Jean Martineau, batonnier of the Montreal Bar, also will be present.

One of the Americans returned Wednesday learned for the first time that he had won the nation's highest award, the Congressional Medal of Honor, for bravery the night he was captured two years ago.

He was Lieut. James L. Stone of Hot Springs, Ark., who sat with tears in his eyes as he was told of the award by Brig.-Gen. Ralph Osborne, 8th Army officer in charge of repatriation.

His voice choked with emotion, Stone told the general, "I don't know what to say. I don't think I deserve that. I don't think I should have it."

Stone was captured Nov. 23, 1951 during a fight in which he led his platoon in valorous stand against waves of attacking Chinese. Although wounded, he stood fast with his men until he lost consciousness.

Lieut. William H. Whiteside of Seattle brought back the report that 75 Americans who "confessed" to germ warfare were awaiting repatriation at Kaesong.

Whiteside said the 75 made broadcasts and signed statements that they dropped germs on North Korea. The UN command repeatedly denied the charges.

He said another 175 officers also were at Kaesong waiting to be sent back.

Army authorities said "Slick" had been absent without leave for five days and military police had been ordered to arrest him.

"Slick" originally had been scheduled to leave for the U. S. on a troopship from Inchon after his repatriation, but he reportedly was warned that other prisoners had vowed vengeance.

He asked to see an army chaplain. The chaplain called in medical officers and "Slick" was sent to the Tokyo hospital.

Some Americans imprisoned with him for two years said "Slick" sold out to the Communists for better treatment by informing on fellow POWs.

The Doctor Says

FRACTURE VICTIM NEEDS AID QUICKLY, BUT MOVE CAREFULLY

By Edna P. Jordan, M.D.

There are many causes for broken bones and few families escape this experience. A broken bone, or fracture, requires attention as soon as possible. A person with a broken bone should not move or be moved except with great care, as the fracture may be made worse by motion. Splinting with a board or some other rigid substance is advisable before moving.

If a person fractures the lower leg while wearing high boots, the boots should not be taken off until after reaching the hospital, as the boot itself serves as a sort of splint. The proper splinting and moving of a patient who has sustained a fracture may make a great deal of difference in the setting of the fracture and the time in which it takes to heal.

Once a person who has a fracture has been brought to the hospital, skilled care is important. X-ray films must be taken to show just where the fracture is and the position of the fragments. To do this, the X-ray films have to be "shot" from different angles.

If the two parts of bone can be brought together in good position, then healing should take place easily, especially in younger people. When the fragments are brought in proper position, the parts must be kept from moving to give the bone a chance to grow together. This rest is generally accomplished by using a plaster-of-Paris cast.

Sometimes it is difficult to put the fragments back where they will heal properly and in good position. It may be necessary to pull the pieces apart with weights until they can be slipped into place. Occasionally, it is necessary to do what is called an open operation and use a knife to enter the fragmented area, remove small pieces of bone and place the two ends of bone together, perhaps inserting pins, staples, plates or screws to hold them in place. This often brings good results when other methods fail.

Treatment Difficult

It is no easy job to select the best treatment and to apply it properly. The healing, or knitting, of bone usually takes several weeks and almost anyone who has sustained a fracture must make up his mind to a long period of disability.

A fracture can be anything from a slight crack in the bone to a severe break in which the bone is knocked into small bits or even sticks out through the flesh. As a result, there is a great deal of difference in what kind of treatment to use.

Super-Stacks

The S.S. "UNITED STATES", new speed queen of the Atlantic, boasts the largest stacks ever built: the forward stack is 55 feet high, 60 feet long. Made of aluminum, they are assembled with 65,000 aluminum rivets. Reputed to be the safest vessel ever built, the liner contains more aluminum than any other single structure on land or sea. This light, strong, fire-and-weather-resistant metal is used for lifeboats and bulkheads, decks and elevator doors and a hundred other items.

In naval vessels, too — such as the fourteen minesweepers now being built for the Canadian Navy — aluminum is being used more extensively than ever before. Aluminum Company of Canada, Ltd. (Alcan).

MARRIAGES

WINGET-GRIME MORRISON-WINGET

In St. Peter's Church, on Saturday afternoon, August 1, at three o'clock, the Rev. Canon E. K. Moffatt officiating, the marriage took place of Mary Elizabeth, daughter of Mr. and Mrs. John Grime, and Mr. Herbert Eleazer Winget, son of the late Mr. E. J. Winget and Mrs. Winget; and the marriage of Olive Annie Winget, daughter of the late Mr. E. J. Winget and Mrs. Winget, and Mr. Arnold Lionel Morrison, son of the late Mr. K. B. Morrison and Mrs. Morrison, of Lennoxville. The wedding music was played by Mr. C. Somers. White gladioli were used to decorate the altar and standards of the same flowers were arranged on either side of the chancel.

Miss Grime, given away by her father, and Miss Winget, given in marriage by her brother-in-law, Mr. Howard McNey, wore identical floor length gowns of white nylon tulle over taffeta, the bodices of Chantilly lace having V necklines and long sleeves ending in points over the hands. They wore fingertip length veils of tulle illusion and carried cascade bouquets of white sweet peas and yellow Sweetheart roses.

Miss Virginia Ann Kennett, as bridesmaid for her cousin, Mrs. Winget, was in a floor length gown of blue tulle over taffeta with a lace bolero and she wore a matching tulle headdress and carried a colonial bouquet of sweet peas and roses.

Mr. Malcolm McLeod, acted as best man for Mr. Winget.

Miss Kay McDonald was bridesmaid for Mrs. Morrison and she wore a floor length gown of pink nylon net over taffeta, fashioned with a shirred bodice with matching bolero and a full skirt. Her headband and mitts were of pleated nylon net and her bouquet was of sweet peas and roses.

Mr. Aylmer Morrison was best man for his brother.

The ushers were Mr. Forest Wright and Mr. Irving Annesley. Mrs. Grime, mother of the bride, wore a suit of olive green nylon broadcloth taffeta with a fitted jacket, a small black hat and accessories and a corsage of pink roses.

Mrs. Winget was in a gown of navy blue crepe with lace trim and she wore a small white hat with matching accessories and a corsage of pink roses.

Mrs. Morrison, mother of the groom, was in a gown of blue green crepe with which she wore a small black hat and accessories and a corsage of roses.

The reception was held at Rockcliffe, where the brides' table was arranged with two wedding cakes and decorated with yellow roses and sweet peas.

Mr. and Mrs. Winget left later for a motor trip through the New York State and Eastern Ontario, the bride wearing a suit of imported blue and black tweed, a small white hat and accessories and a corsage of yellow and pink Sweetheart roses. Upon their return they took up residence at R.R. 3, Sherbrooke.

Mr. and Mrs. Morrison left by motor for the Lower St. Lawrence highway through New Brunswick, Maine, New Hampshire and Vermont. The bride travelled in a suit of rose and green imported tweed, with a close fitting white feather hat, black accessories and wearing a corsage of yellow and pink Sweetheart roses. Mr. and Mrs. Morrison are residing at 125 Frontenac Street.

Out of town guests were from Hamilton, Toronto, Lynden, Ont.; St. Johns, Que.; Bury, East Angus, Scotstown, Lennoxville, Que.; Woburn, Mass.; Brownville Junction, Me.

Junior Chamber Of Commerce Sponsors Founders' Day Celebration At Sutton

Sutton, Sept. 2. — Arranged by the Sutton Junior Chamber of Commerce the first celebration of Founders' Day proved to be a decided success. Even the weather man co-operated and though the weather was very warm no rain fell to mar the festivities.

A parade headed by the Cowansville Harmony band, was followed by decorated cars, in which rode His Worship Mayor and Mrs. Robert Millmore, Joseph Deslauriers, M.P., and Mrs. Deslauriers, the president of the Junior Chamber of Commerce, J. P. Vachon, N.P., with others of the executive and members of the village council with their wives.

A large number of business firms were also represented as well as Ian Crandall, dealer in General Motors Products, from Knowlton. A group of decorated bicycles lent color to the procession which ended at the cenotaph in the park, where four wreaths were laid in memory of the departed.

Immediately following, a fashion show took place in the Maple Theatre, when dresses from the last 150 years were displayed. Ow-

ing to the large number of dresses made available this year, the showing was divided into two parts, the first being a collection of original dresses and the second, carefully copied styles for many of which no originals were available.

The showing traced the history of milady's fashions from that of the early pioneers with warm quilted skirts and many petticoats, through the era of the hoop skirts which lasted for over twenty years until 1865, when the draped skirts and bustle appeared. By 1870 the bustle had all but disappeared, only to rise again in the 80's. In 1890 dresses were more simple in line but it was in these years that the leg-of-mutton sleeves appeared.

As the century changed the simpler lines called for more attention to trimming, until in the Edwardian age, dresses were truly elegant, especially those for evening wear. Hats became larger and the high riding pompadour came into vogue.

In the early 1920's came the flapper style, so well remembered and thoroughly disliked by most of today's not quite so young matrons. The dresses had no waist at all

and the skirts ended barely below the knee.

The introduction of this style at the fashion show was the cause of much merriment, as the dresses were worn by five young ladies, who, complete with rolled stockings and wide hair bands, danced the Charleston, then so much in vogue. The audience was very appreciative of the showing of copied dresses, noting the careful attention to detail employed by the models who had only old photographs and pictures to go by when charting their patterns.

Mrs. Arnold Thompson, speaking in English, and Miss Nicole Deslauriers, in French, very capably acted as commentators for this event.

At the close of the fashion show Mr. Jean Marc Bonneau called upon J. P. Vachon who presented each of the ladies responsible for the entertainment. Mrs. Kenneth Jenne, Mrs. Real Boulanger, Mrs. Thomas McIntock, Mrs. Raymond Bonneau, Mrs. Creighton Douglas and Mrs. Delorme, with a beautiful bouquet of gladioli.

The committee wishes to thank the following persons who loaned many of the beautiful dresses and accessories without which the showing would not have been complete: Mrs. William Emmerson, Sutton Junction; Mrs. W. Johnston, Sutton; Miss Doris Bridgette, Cowansville; Mrs. Frank Safford, Sutton; Mrs. McCutcheon, West Brome; Miss Stephens, Westmount; Mrs. Bullard, Knowlton; Mrs. Reilly, Mansonville; Mrs. McNeil Millmore, Iron Hill; Mrs. Helen Curley, Sutton; Mrs. Robert Cowan, Sutton; Mrs. Howard Hastings, Sutton; Mrs. C. C. Dyer, Sutton; Miss Hazel Bates, Sutton; Mrs. Creighton Douglas, Montreal;

Mrs. Howard Owens, Sutton.

Following is a list of the models who wore the dresses: The Misses Gagne, K. Harper, Jane Safford, Martha Deslauriers, Elva Hawley, Gwen Smith, Dorothy Gruer, Beverly Eastman, Mary Dyer, Margaret Salisbury, Carmen Bergeron, Judy Giffin, Miss Levine, Beverly Baker, Agnes Larouche, Mona Charters, Giselle Gingras, Monique Deslauriers, Sandra Phelps, Audrey Patten, Hazel Patten, Joan Vergeline, Lise Gingras, C. Delorme, Shirley Baker, Miss Laflamme, M. Boulanger, and Hazel Bates, Mrs. Delorme, Mrs. Tetrault, Mrs. Creighton Douglas, Mrs. Fordyce Ingalls, Mrs. Cecil Carr, Mrs. J. Deslauriers, Mrs. P. Davidson, Mrs. Walter Westover, Mrs. Donald Dow, Mrs. Robert Cowan, Mrs. George Webb, Mrs. Winston Dyer, Mrs. Vachon, Mrs. Dorothy Seaman, Mrs. Murns, Mrs. Howard Hastings, Mrs. Harry Burns, Mrs. Douglas Breesee, Mrs. Real Boulanger, Mrs. Kenneth Jenne, Mrs. Leon Dyer, Mrs. James Cowan, and Mrs. Victor Gendron.

Between the scenes Errol Norton sang as a solo, "Silver Threads Among the Gold," accompanied at the piano by Miss Shirley Baker. The Larouche family of 12, from Abercorn, sang two very pleasing numbers and the Misses Gwen Smith, Beverly Eastman and Norma Lahue pleased the audience with a tap routine, they were accompanied at the piano by Wallace Holden. Mr. Claremont played the piano for the fashion show.

A ball game between Sutton and Legion Grounds rounded out the entertainment for the afternoon. In the evening a band concert was held in front of the town hall, after which the young people enjoyed a street dance with music furnished by an orchestra from Valcour.

A banquet at the Mountain View Hotel for town officials, committee members and friends, proceeded the evening's entertainment.

The splendid flower show sponsored by the Garden Club under the presidency of Herbert Call formed an important part of the celebration and was visited by over three hundred interested spectators. Owing to the lateness of the season and the very dry weather the committee felt that the gladioli display was perhaps not as large as usual, but some very beautiful specimens were nevertheless on display, and the collection of other cut flowers was much larger than usual.

Much interest was shown in the floral arrangements for tables, many of which were very tastefully done. African violets were a very popular flowering plant, showing that the culture of these beauties is growing in popularity. Some very lovely foliage plants were also shown. Byron Mizener of Foster was the judge. The prize winners were as follows:

A SAILOR'S LIFE IS A MAN'S LIFE

Poor Little Hill!

You're looking at a very discouraged hill!

Ever since that ribbon of paving outlined it, it has been a challenge to motor cars.

For miles and miles it winds up the side of a mountain; and it has sharp curves, and steep grades that spring out of the curves so a driver can't get a start.

Half-way up, there's a watering place—put there so drivers can stop and refill their radiator.

Yes—it has been quite a hill. But not any more!

The driver of the car in the picture above took off at the base and sailed right up to the top—and never gave it a thought.

You see, he's driving a 1953 Cadillac—with its great high compression 210-horsepower engine—and its vastly improved Hydra-Matic Drive.

We heard recently of two men who drove from Florida to Windsor, Ontario—in a 1953 Cadillac.

The driver of the car had made this trip before—and as they left Knoxville he said to his passenger: "Man, are we going to find a hill between here and Lexington!"

After an hour or so, the passenger said: "Where is the hill?"

And the driver said: "Just wait!"

So they waited—and presently they saw a sign which read: "Lexington."

The driver was dumbfounded.

"I can't understand it!" he said. "There used to be a hill there—a big one! I know from experience."

Naturally, this great car gives you more than the ability to master hills.

When you float along with a tremendous reserve like this, you have the smoothest, quietest, easiest ride it's possible to imagine.

It gives you confidence, too—and helps you to relax—for you know you have the power for any emergency that may arise.

It makes the whole car a symphony in motion. In fact, the ride is so smooth and soothing that, not infrequently, passengers sleep as they ride.

Come in and try it for yourself. The car is waiting—and it's an experience you ought not to forego.

Sherbrooke Indians Clinch Provincial League Pennant

Diers, Castro And Thomas Hit Homers As Locals Dump St. Johns In Double; St. Hyacinthe Here Thursday Evening

Sherbrooke Indians last night captured the pennant of the Provincial Baseball League with two wins at St. Johns. Indians now have a record of 80 wins and 40 losses, placing them nine games in front over Granby Phillies and Quebec Braves, who split with St. Hyacinthe last night while Phils were idle.

Only eight games are left for each of the first three teams, making it impossible for anyone to overtake Indians. With last night's victories, Indians broke the all-time Provincial League record for wins by a club in one season. The old mark was made last year by St. Hyacinthe, winning 79, in taking the 1952 pennant.

Indians play at Granby tonight in a very important game. Since first meets third in the playoffs, Sherbrooke is determined to sink the Phillies to third place and a victory in Granby tonight would help a great deal in doing that. Indians have a favorable won-lost average against Granby this season while they are tied 9-9 with Quebec Braves in the year's play.

The champions return to Sherbrooke tomorrow for a game at Municipal Stadium against St. Hyacinthe Athletics, and entertain Granby here Saturday night, Sunday afternoon and end the schedule here Monday night against Three Rivers. Sherbrooke plays at Granby again Sunday evening.

Bob Diers, Jack Castro and Clyde Thomas homered for Sherbrooke at St. Johns last night as Jerry Underwood and "Major" Jack Bowes registered pitching wins.

Underwood was credited with the victory in the winning opener, 3-4, although Danny Osinski and Len Nayman also took a whirl on the hill.

Bowes was pasted for 15 hits in the nightcap but was kept in there and chalked up his 16th win against three losses. Underwood has an 8-7 record for the year.

In the first game, Indians overcame a 1-0 deficit in the third inning when they scored three times. Bob Diers' 26th circuit clout of the year starting off the fireworks. They were never headed again. Bob O'Donnell hit one good for three bases for the only extra-base blow. Sherbrooke obtained in nine hits off Cleo Lewis, right and reliever Herb Taylor. Sherbrooke won the second game in the first inning, scoring six runs on three hits, four walks and two wild pitches to take a lead that Canadians couldn't overcome.

The homers by Castro (his 10th) and Thomas were in the ninth inning and consecutive. Jack Waters connected for a double in the second game.

Bob Bedard Drops Gruelling Match To Andy Paton In U. S. National; One Canadian Remains In Championships

Forest Hills, N.Y. — (AP) — Two more Canadians were among the casualties on the sun-scorched courts Tuesday in the second round of the United States tennis singles championships.

Paul Willey of Vancouver was the first to go. He was quickly dispatched by Grant Golden of Wilmette, Ill., in straight sets 6-4, 6-3, 6-2.

For Bob Bedard of Sherbrooke, Que., it was a more tortuous elimination at the hands of Andy Paton of Ann Arbor, Mich. Bob suffered through five sets under a blazing sun that sent temperatures soaring over the 90-degree mark.

He took the first two 6-3 and 9-7, sent the third to 12-10 for his U.S. opponent and then was polished off 6-2, 6-3 in the final pair.

The Canadian contingent has now been trimmed from five to one. Henri Rochon of Montreal and Don Fontana of Toronto were counted out in the early rounds Sunday.

Lorne Main of Vancouver remains. He'll see action in the

third round Wednesday. Tuesday's program was tightly trimmed and designed to clean up a few scattered second-round matches.

U.S. veteran Gardnar Mulloy of Miami took things easy in the oppressive heat and scarcely left the baseline to defeat Richard C. Squires of Bronxville, N.Y., 6-2, 6-3, 6-1.

Torben Ulrich, the bearded Dane turned back Enrique Morea of the Argentine 7-5, 6-2, 6-4. Morea was sent sixth among foreign entrants.

Ham Richardson, U.S. intercollegiate champion, was submitted to a gruelling workout in the sun before he moved into the third round by defeating Hugh Stewart of Pasadena, Calif., 6-1, 9-7, 3-6, 6-1.

Maureen Connolly, defending women's champion from San Diego, Calif., streaked through her second-round match with Patricia Stewart of Indianapolis 6-3, 6-1, and Mrs. Thelma Long of Australia, No. 1 foreign woman player, wasted no time in eliminating Mrs. Dorothy Levine of Chicago 6-2, 6-2.

Red Wings Extend Lead In Close Race For Pennant; Royals Move Into Tie For Second Position

Rochester Red Wings extended their lead atop the International League Tuesday night, dumping Springfield Indians 9-7.

Montreal Royals moved into a virtual second-place tie with Buffalo Bisons but both teams are still 3½ games off the pace set by the Wings. The Royals downed the Bisons 7-4.

In other games, Baltimore Orioles defeated Syracuse Chiefs 5-3 and Ottawa Athletics shaded Toronto Maple Leafs 4-3.

At Buffalo, the fast-moving Royals picked up their eighth triumph in nine starts while the Bisons were dropping their fourth straight.

The Royals pounded out 14 hits for the second consecutive night in making it 10 victories in 15 starts against the Herd this season. Ed Roebuck allowed nine hits, walked only one and fanned seven for his 14th victory.

Earl Harritt, never victorious against the Royals, suffered his eighth straight setback at their hands.

Jack Crimian made his 61st relief appearance of the season for the Wings and held the Cubs to three hits in 4 1/3 innings for his 13th victory against four losses. Allie Clark and Lou Ortiz sparked the Red Wing 13-hit attack that beat Gene Tarabilda.

At Syracuse, Bob Greenwood and Kent Peterson combined to pitch a six-hitter for Baltimore. Greenwood was knocked out in the sixth but Peterson pitched one-hit ball the rest of the game.

Relief pitcher Vince Gohl shattered a ninth-inning rally to give Ottawa their victory. The Leafs loaded the base on two walks and

Three N.B. Lassies Out To Bring Recognition Back

Toronto — (AP) — Three comely lassies from New Brunswick may bring back to the Maritimes recognition in ladies track and field that they have not enjoyed since two Halifax ladies, Elaine Mahar and Helen Phinney burned up Canadian tracks in the early 30's.

The three, Margerory Squires of Fredericton, Diane Matheson, Moncton and Delma Peterson of Sackville are the only girls from the Atlantic provinces entered at the Canadian Olympic training plan school at the Canadian National Exhibition here.

The main aim of this four-year training plan is to develop the youth of the country and in this respect these girls more than qualify, the oldest being 17.

Arthur Pottle, coach of the New Brunswick team and physical education director at Saint John regional high, considers Miss Squires his best chance of placing in the Canadian Interprovincial Track and Field Championships the end of the week.

Earlier this summer in an open meet at Moncton, the Fredericton girl broke the Canadian junior ladies broad jump record with a jump of 17 feet, 4½ inches.

There were several inches better than the previous record. She also covered the 100 yards in 11.8 seconds to break the juvenile mark.

Friday and Saturday she will compete against the top seniors in Canada, headed by the crack Montreal team, but Labor Day she will get chance at the junior record.

Diane Matheson will be entered in the sprints and the broad jump while Delma Peterson is also entered in the sprints and field events.

Miami Beach, Fla. — Larry Mujica, 133½, Brooklyn, drew with Joe Salcone, 129, Warren Ohio, 8.

The Knowlton High School Band, under the direction of Mr. Long, played at intervals during the afternoon.

Following the jumping classes, Leonard Franceschini gave a fine exhibition of tandem driving with Dufferin Actor and Alasa Eddie.

Foster Horse Show Draws Record Entry; Pam Millinchamp Wins Jr. Trophy While Senior Is Tied For

The Foster Horse Show of 1953, which took place on Sunday August 30, this year attracted a record crowd estimated at 1500. The Show, still only in its third year, was outstanding not only for the number and high quality of horses but because fourteen large classes and an exhibition were run off between 1.30 and 6 o'clock.

This feat was accomplished through the co-operation of the exhibitors and the excellent timing of the Ringmaster Scotty Sellers. There were 171 entries in all.

The smallest classes were the Hackney Pony and Fine Harness Horse, but even these had six and seven entries respectively. These were won by Leonard Franceschini's Dufferin Actor and El Fern.

One of the most colorful classes was the Pair Saddle Horses when eighteen couples entered the ring. This was won by Mrs. Rolland Bourassa, of Granby, on her horse Rye Boy and Pat Delaney on his Maiden Hill King Peavine.

There were nineteen entries in the Saddle Class and fifteen in the Road Hack.

Several hard falls were taken by some of the youthful riders and in the driving pony class there was one runaway, but prompt action by officials in the ring prevented any injuries. The judging was done by Albert Stewart of Lacute and the announcing by Burt Oswoode of Foster.

The Fewster Challenge Cup was awarded, in a tie, to Leonard Franceschini, of Sweetburg, and Capt. J. Wiazowski, of Foster, who will each hold it for a period of five months, after which time it will be returned to the Secretary for display purposes. It was presented by Mrs. Stanley Fowles, of Knowlton. The Shore Crest Inn Trophy for juniors was won by Pam Millinchamp of Waterloo, and was presented by Mrs. Terry Duncalfe.

Complete results are as follows: Western parade: 1 Circle M. Nick — Miss Eileen Morgan, Sherbrooke; 2 Gilly — Mrs. Gaby Delaney, Foster; 3 Manteza — Miss Nancy Nicol, Sherbrooke; 4 Stage Boy — Gilbert Rhicard, Foster.

Sports Roundup

By GAYLE TALBOT

New York — (AP) — There is a rising suspicion in baseball circles that Brooklyn Dodgers have what it takes to whale New York Yankees this time and deprive professor Casey Stengel of his heart's desire, an unprecedented fifth straight world championship.

The latest official averages make it clear that the National League possess one of the most fearsome batting arrays since the days of Murderer's Row, that their pitching has exceptional depth and that manager Charlie Dressen has done a great job of shifting his athletes about to throw all the power at his command into the line-up.

As this is composed, no fewer than six Dodgers who figure to face the Yankees in every game of the world series a month hence are clubbing the ball at 300 or better. It might take some digging to find a National League team of modern times which boasted such a slugging array at this stage of a hot summer.

Dressen's three outfielders, Carl Furillo, Jackie Robinson and Duke Snider, were hitting .333, .329 and .318, respectively, through Monday's games. Catcher Roy Campanella continued to powder the ball at a .328 clip; third-baseman Billy Cox, in better physical shape than usual, was leading a hefty .305 to the concert, and first-baseman Gil Hodges was booming along at an even .300.

The squad Campanella, a bust in the last series, had driven across 124 runs, 34 of these representing his home run total. Snider had 109 rbi's and 35 homers. Hodges' figures were 113 and 29, Furillo's 91 and 21.

As this is almost solid right-handed power, Snider being the only lefty in the group, the deep thinkers already are wondering what the Yanks are going to do for right-handed hurling in the three games scheduled at Ebbets Field, where the short fences beckon. It begins to look as though Allie Reynolds will not be the answer, as he was a year ago.

The 37-year-old chief plainly is not the pitcher he was, and there seems little reason to believe that he might suddenly regain his old skill between now and the play-off.

National League Hitters Are Out To Break Record For Home Runs; Banged Out 1,019 So Far This Year

New York — (AP) — National League hitters, aiming for the fences all season, now are setting their sights on a new league record for home runs.

Statistics compiled by The Associated Press disclose that with a month remaining National League batsmen have found the range for 1,019 four-baggers, surpassing last season's total of 907. The National League record for home runs in a season is 1,100 set in 1950.

The American League, although now as productive as the National League, has accounted for 750 round trippers as compared to last year's figure of 794. Records include Monday's games.

The league-leading Brooklyn Dodgers, who have topped the National League in home run output for four straight seasons, once again are showing the way with 180. The Dodgers should be able to better their club record of 194, which they established in 1950.

The major league mark is 221, held by New York Giants of 1947. The Giants and Cincinnati Redlegs trail Brooklyn in the home run standings with 151 each. Cincinnati already has exceeded the club's previous high of 110, made in 1938. St. Louis Cards, with 115 circuit clouts, going into September, broke their club record of 119, set in 1940, with five Tuesday.

Cleveland Indians are setting the pace in the American League home run parade with 133, followed by New York Yankees with 120. Cleveland has led or tied the American League in homers for the past three seasons. The Indians hit the most home runs in 1950 and 1952 and shared honors with the Yanks in 1951. The league record is 182 by the Yanks in 1936.

All told both leagues have combined for 1,769 home runs this season as compared to 1,701 in 1952. The record for both leagues is 2,073, set in 1950.

Dr. Anthony Palermo, club physician, ordered the rest Tuesday even though X-rays showed no fracture.

The infielder was struck over the left eye when a hot bouncer off the bat of Chicago's Bill Serena took a bad bounce.

Thompson was hitting .302 and was the club's leading home run hitter with 24.

Jackie, the Australian Equilibrist

"Leave him alone with a set of blocks and he'll amuse himself for hours." How often have you heard that said of a resourceful child. Such a resourceful child was Master Jackie, a healthy precocious cherub of Australian birth, and we doubt not that the Kangaroo Colonists often made that sage old observation as they watched their youthful prodigy.

As he approached early manhood, Master Jackie ran into complication. He was now beginning to be pressed for time and he could no longer amuse himself for hours on end. But there was a solution. He would then entertain whole groups of people for a matter of some minutes at a time.

The whole thing will no doubt become more simplified when you see Jackie in front of the grandstand at the Sherbrooke Fair during the week of August 30 to September 4. This young and personable Australian is an equilibrist par excellence. Nowadays he uses his blocks to give himself a great big build-up. Stacking them one on top of the other in ever higher formations. Jackie assumes advanced balancing postures upon the precarious cubes. His natural sense of balance and the law of compensation, plus his unerring accuracy in judging his centre of gravity in any difficult posture have drawn forth the wonder and exclamation of physicists and medical students alike.

Laying aside the blocks for a moment, Jackie also goes into a routine with a gimmick that looks to us like an old-fashioned cookie jar with a special gadget on top fitted for handstands and head balancing.

But he cannot stay away from the blocks for long at a time. His closing number is a perfect classical handstand on a stack of 20 blocks, each about the size of an ordinary brick, tiered with geometrical precision one on top of the other.

Jackie first claimed the attention of world-wide show business during engagements in England at such internationally famous spots as the London Palladium and Liverpool's Empire.

WATERLOO

Mr. R. Fred Shaw, a highly esteemed, life-long resident of Waterloo was warmly greeted and congratulated on the occasion of his ninety-second birthday on Thursday, August 27th, when many of his numerous friends called on him at the home of Mrs. Arthur Courtemanche, on Ellis Street.
