World News In Brief

Paris, Sept. 13.—(A.P.)—A. V. Alexander, Britain's First Lord of the Admiralty, walked out of the Peace Conference military commission today during a two-hour debate with the Slav state group on inviting Albania to make a statement on the Italian treaty.

"I despair of leading this commission in the path of common sense," he said just before a vote was taken.

By a vote of 15 to 4, with one abstention and one absent, it was decided to invite Albania to appear and voice her comments without any time limit or other restrictions.

Mr. Alexander had argued that Albania should have only half an hour to speak on the military provisions of the Italian treaty and should be notified beforehand that the commission already had voted down several Yugoslav amendments that matched Albanian proposals.

London, Sept. 13.—(A.P.)—Sixteen hundred striking employees of Britain's three overseas airlines were ordered back to their jobs at 10 British airfields today after a 24-hour walkout.

The strike control committee of the Aeronautical Engineers Association, which called the strike, said it had advised its members to go back to work to allow Lt.-Col. J. R. H. Hutchinson, Scottish Conservative, to bring up in Parliament the association's demand that it be recognized as a trade union.

London, Sept. 13.—(C.P.)—Arab and Jewish sources agreed today that only a major swing in Britain's approach to settlement of the explosive question of Palestine's future can save the current London conference from "total failure."

As delegates to the conference—which is being boycotted by Palestine's Jews and Arabs alike—began a three-day recess, Foreign Secretary Bevin and Colonial Secretary George Hall arranged to confer with Prime Minister Attlee on possible modifications in the Anglo-American Committee's federalization plan, which was rejected unanimously yesterday by the seven member states of the Arab League.

That made opposition to the federalization scheme practically unanimous, with Jews, the United States government and now the Arabs against it and only Britain still on record as for it.

New York, Sept. 13.—(A.P.)—Meat is the scarcest food item in the United States today; hundreds of thousands of workers are unemployed in strike-hit American cities, and the housing shortage has reached critical proportions in many communities. These facts were disclosed today in a country-wide survey.

Samplings of conditions in cities from coast to coast also showed that the family larder was short of sugar, soaps, fats and oils.

Copenhagen, Sept. 13.—(A.P.)—Canada, as a wheat-exporting nation, is giving particular attention to methods under the proposed World Food Board now being discussed by the Food and Agriculture Organization conference would buy and sell surplus commodities.

The most detailed outline of how the board might work in buying and selling surpluses is given in a report prepared by the standing F. A. O. Advisory Committee on Economics. It envisaged:

1—For foods such as wheat, the board would announce prices as near the long-term normal world average as can be estimated.

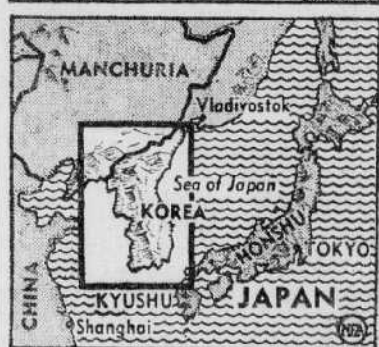

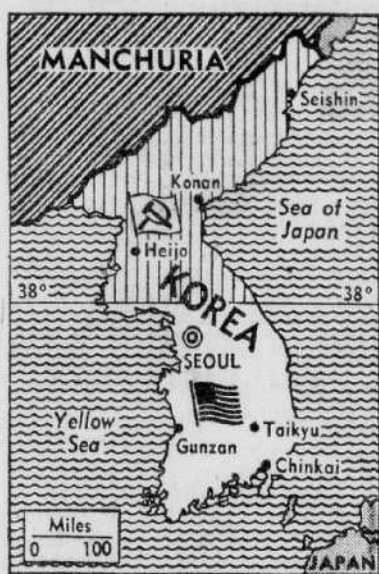

2—Among these basic prices the board would fix certain "commodity points," which might be set 10 to 15 per cent above or below the basic prices. Whenever the price of the commodity on the world market fell below the lower commodity point, the board would be obliged to buy quantities offered to it. It would be obliged to sell from stock on demand when the price exceeded the upper commodity point.

3—The board would change the basic price of a commodity from time to time, adjustments being made only when evidence suggested the long-term equilibrium price had changed.

In addition to stabilizing prices of agricultural commodities on world markets, the proposed Food Board would also:

UNITY DEMANDED

Reopening of a joint U.S.-Soviet commission to unite politically troubled Korea is called for by Lieut.-Gen. John R. Hodge, U.S. commandant of the southern half, below the 38th parallel. Hodge, in a scathing attack on Communist agitators, said the U. S. is determined to help Korea "stand alone." Some 800,000 Koreans have moved from the Soviet to the American zone, 1,200,000 have been repatriated from abroad, and 840,000 Japanese sent home.

UN Urged To Develop Free World Press

Editors Warn Delay Would Discourage World Press and "Tend to Weaken Faith in United Nations."

Lake Success, N.Y., Sept. 13.—(A.P.)—The American Society of Newspaper Editors pressed the United Nations today for action not later than this fall on a specific program for world freedom of information and of the press. "It is imperative that concrete action on world freedom of information should come from the United Nations Assembly this autumn," said the editors' proposal, presented to the U.S. Economic and Social Council yesterday by Wilbur

Co-operate with organizations concerned with international credits for industrial and agricultural development and with trade and commodity policy, so their common ends might be more quickly and effectively achieved.

Accused Does Not Recall Confessing

Windsor, Ont., Sept. 13.—(A.P.)—No jury was present yesterday when George Ronald Sears, 18, accused of killing two men and wounding three others in "cashier" attacks, said he did not remember signing a confession introduced as evidence by the prosecution, but admitted the signature was his.

Mr. Justice Dalton Wells ordered the Supreme Court jury from the courtroom until he had ruled as to the admissibility of statements police said Sears made after his arrest July 6.

Crown Attorney E. C. Awrey said he would attempt to prove Sears stabbed Sgt. Hugh Blackwood in August, 1945, after Price made indecent proposals to Sears.

Police officers had testified that Sears said he was glad he was arrested before he killed someone else and that he knew he would be hanged. Sears testified he did not remember making the statements.

Col. W. R. Hodgson Declares Council Has Proved Itself Arbitrary, Unreasonable and Dictatorial by Use of Veto Power—Warns Trieste Port Question Would Become Threat to World Peace if Council Charged With Administration.

By A. I. GOLDBERG

Paris, Sept. 13.—(A.P.)—Col. W. R. Hodgson of Australia told a Peace Conference commission today that the proposed free port of Trieste should be governed by a council of the Big Four and three other nations, instead of by the United Nations Security Council.

"This problem belongs for decision and approval in this 21-nation conference here and the port should be administered by a council of the Big Four and three other nations," he said in debate before the Italian political and territorial commission.

"Putting it into the hands of the Security Council would insure making the plan unworkable.

"By its use of the veto power," he continued, "the Security Council has proved itself arbitrary, unreasonable and dictatorial.

"It would make the Trieste port question a threat to world peace."

His outright attack held implications of support for the opening question of Foreign Minister Molotov of Russia who demanded information as to how the United States proposed to guarantee the liberty of the Trieste area under the Security Council's scheme. Underlying Col. Hodgson's attack, however, was Australia's steady fight on Russia's own use of the U. N. veto power. A fight Col. Hodgson himself carried on before the Security Council against Andrei Gromyko of the U.S.S.R.

The American delegate on the commission said only that he was not prepared to give a precise answer to Mr. Molotov's question at this time.

James C. Dunn, United States Ambassador to Rome and the chief American delegate on the commission, said only that the United States plan called for the United Nations Security Council to name the governor of the free city of Trieste and that the governor would be its representative in administering the area.

The debate was begun at the insistence of Slav group delegates, who contend that full argument on the question should precede the work of an eight-power sub-commission appointed two days ago to draft the statute for Trieste, on which the Big Four and their deputies were unable to agree.

Czechoslovakia, opening the discussion today, argued that her sole interest in the solution of the problem was to assure a free port on the Adriatic for Czechoslovakia and that neither Yugoslav nor Italian favoritism influenced the stand.

Church Synod Will Wind Up Work Today

Reports of Committees on Hymnal, Fixed See for Primate and Synod Jurisdiction Still on Agenda.

By SHANE MACKEY
Canadian Press Staff Writer
Winnipeg, Sept. 13.—(A.P.)—The General Synod of the Church of England in Canada yesterday completed most of its business agenda and will wind up a ten-day session here tonight.

Final items remaining on the program for today are reports of committees on the hymnal, a fixed see for the primate, synod jurisdiction and special resolutions.

Yesterday, the synod approved "permissive" changes in the prayer book and psalter and appointed a committee to investigate the establishment of a national Anglican magazine. Subject to the approval of the church actuary, the pensions board was given permission to place bishops, clergy and dependents on an actuarial basis effective Jan. 1, 1947.

The Evangelism committee announced the formation of a sub-committee to make ecclesiastical replies to "false teachings," which from time to time gain some public credence by reason of the personality or position of the person uttering them.

Formal prorogation ceremonies will be conducted before both upper and lower houses late today by the primate, Most Rev. Derwyn T. Owen, Archbishop of Toronto. The ceremonies will mark the end of the largest Canadian Synod session in the history of the Anglican Church.

More than 300 lay and clerical delegates from 27 dioceses attended the meetings, which began Sept. 4 with a holy communion service given by Most Rev. Geoffrey Fisher, Archbishop of Canterbury.

BRACKEN WARNS OF "DANGEROUS SITUATION"

Chester, N.S., Sept. 13.—(C.P.)—John Bracken, national Progressive Conservative leader, told an informal party laymen's conference here last night that Canada is in the first stages of a "dangerous situation" under current federal policies.

"Production is falling; the nation is getting poorer," he said. "Today economic problems in Canada are not being settled on the basis of reason but on the basis of which is the strongest side, management or labor—not what is right. The nation has never faced a more serious production situation than it faces today."

Popovich And Wife To Hang For Slaying

Welland, Ont., Couple Sentenced to Gallows for Hold-up Murder of Thorold Merchant Last June.

Welland, Ont., Sept. 13.—(A.P.)—George Popovich and his wife Elizabeth were sentenced to hang November 12th for the murder of Louis Noto, Thorold merchant, after a Supreme Court jury yesterday returned a verdict of "guilty" following deliberations lasting an hour and 30 minutes.

The 45-year-old Popovich and his 38-year-old wife were charged with murder in connection with the hold-up slaying of Noto last June. Noto, injured and minus most of his clothing, staggered to the home of a neighbor, said he had been "taken for a ride" and robbed of \$180 before he was left tied and unconscious in a field.

Taken to hospital, Noto before his death June 21st told Dr. W. H. McMillan "it was Liz Johnson and that man of hers, Popovich. They did this to me and took my money." Mrs. Popovich's first husband was named Johnson. She was Noto's housekeeper for some time before she married Popovich and on Wednesday testified that Noto had threatened he would do everything

Drive To Quell Squatter Movement Gains Momentum

London, Sept. 13.—(A.P.)—London's "squatter" campaign took on the appearance of an endurance contest between police and hundreds of invaders of vacant London luxury flats today as the government drive to quell the movement gathered momentum after a slow start.

The situation quieted during the night after the nearest approach to violence in the five-day-old squatter invasion occurred when mounted police herded 2,000 squatter sympathizers off the street near one occupied building without injury to anyone.

The incident took place in front of Abbey Lodge in St. John's Wood, where approximately 1,500 squatters have taken over unoccupied apartments which normally rent for £20 and £25 (\$80 to \$96) a week.

Both water and light was cut off in the building and squatters hung out pleading signs from the windows reading "We want water." "We want bedding." "Do something about us."

In the Duchess of Bedford House, where the invasion started, squatters set up a "food office"

Divorce Will Be Discussed By Clergymen

Mixed Marriages Also Expected to Highlight Today's Sessions of 12th General Council of United Church.

Montreal, Sept. 13.—(A.P.)—A discussion on divorce and mixed marriages is expected to highlight today's sessions of the 12th General Council of the United Church of Canada following the presentation by Chief Justice J. C. McRuer of the Ontario Supreme Court of the report of a special commission appointed to make a study of Christian marriage.

The commission was named by the Board of Christian Education and the Board of Evangelism and Social Service on instruction by the 11th General Council in 1944, and its report occupies 57 pages of the agenda. One hour has been allotted to debate on this question.

Reports also will be made by the committees on vacancies and on ministerial salaries.

Progress in the church's efforts to build up a pension fund for its ministry was reported at yesterday's session. David H. Gibson, Toronto, executive chairman of the campaign, said \$4,372,133 had been raised to date, representing 85.7 of the \$5,100,000 objective.

Rev. Victor T. Mooney of Toronto reported for the Board of Finance. He announced total current revenue in 1945 was \$2,926,148, with disbursements totalled at \$2,660,214. Of the \$265,934 surplus, \$211,181 went to the stabilization fund and \$54,752 to the overseas missions board reserve.

In the evening a "missionary night" was held, with missions workers from India, China and Africa giving talks on their efforts abroad.

Home Missions also were discussed. Rev. R. C. S. Crysdale of Williams Lake, B.C., describing the shortage of workers, said he was the only missionary in a territory 300 miles by 150 miles and the only protestant minister serving over 4,000 church members in that territory. He believed that more thought should be given to the training of energetic and able laymen to help carry on the work in places where an ordained minister was not available.

Commission officials were to confer with the operators this morning.

Until the formalities are carried out, the merchant fleet remains the same—idle. Maritime unions are so distributed that either the A.F.L. or the C.I.O. can freeze the industry.

John R. Steelman, who is both reconversion director and economic stabilizer, signalled an end for the A.F.L. stoppage by giving the strikers the raises they wanted.

Labor men in Washington interpreted Mr. Steelman's action in the A.F.L. case as meaning the government decided against a "get tough" policy in this crisis.

Washington, Sept. 13.—(A.P.)—The government appeared ready today to cut in C.I.O. seafarers, who struck last night, on the wage raises a White House ruling opened for A.F.L. maritime workers.

J. Godfrey Butler, labor relations director for the United States Maritime Commission, told a reporter he thought the commission "would seek to extend to the C.I.O. the same increases as were given to the A.F.L."

Further steps may come rapidly during the day Mr. Butler said he would recommend that the Maritime Commission formally advise

New York, Sept. 13.—(A.P.)—The National Maritime Union (C.I.O.) voted unanimously today to go on strike at noon E.D.T. in a demand for wage parity with A.F.L. workers.

The C.I.O. Maritime Workers, in a mass meeting, agreed to the walkout by a voice vote after they had heard N.M.U. President Joseph Curran approve approval of the plan, declaring:

"We will go on strike until the shipowners agree in writing to wipe out all wage differences. We won't go back until all seamen have parity in wages."

Labor men in Washington interpreted Mr. Steelman's action in the A.F.L. case as meaning the government decided against a "get tough" policy in this crisis.

The A.F.L. men on the west coast, headed by Harry Lundberg, ended their strike Thursday night. The east coast group, however, decided to hold out until it got "written assurances" from the government that the money would be approved—in its case \$10 a month a man. Barring a last-minute hitch, the assurances were expected to be sent today.

The National Maritime Union (C.I.O.), led by Joseph Curran, struck today to persuade employers to match the A.F.L. wages.

Under the Steelman plan, A.F.L. seamen in the 45-c-body class receive \$5 to \$10 more a month than the Wage Stabilization Board was willing to approve. The money will come partly from the pockets of private shipowners and partly from the Federal Treasury.

Wallace's Speech Expected To Stir Up Controversy On U.S. And Soviet Relations

Washington, Sept. 13.—(A.P.)—Diplomatic authorities frankly predicted today that Commerce Secretary Wallace's foreign policy speech will stir a hornet's nest of controversy over United States-Soviet relations.

Despite President Truman's assertion that no departures from established United States foreign policy were involved, there was wide speculation that it might also result in a sharp split between Mr. Wallace and State Secretary Byrnes, now at the Paris Peace Conference.

Calling for frank recognition of Russian and American "spheres of influence," Mr. Wallace at the same time denounced any "get tough with Russia" policies. He demanded too that this country abstain from close co-operation with Britain in controversies involving the Soviet Union.

The United States cabinet officer delivered the speech in New York last night at a meeting sponsored by the National Citizens Political Action Committee and the Independent Citizens Committee of the Arts, Sciences and Professions.

The initial reactions of these officials appeared to be one of stunned surprise at Mr. Wallace's blunt advocacy of policies which they evidently considered to be in conflict with those Mr. Byrnes has been following.

However, about four hours before Mr. Wallace spoke, Mr. Truman told his press conference that he approved of the speech. And, in response to another question, he said he did not consider that it involved any departures from the policies of Mr. Byrnes but rather was exactly in line with those policies.

Diplomats examining the text noted three points which they considered to be at variance with current practices and lines of development of American diplomacy:

1. While Mr. Byrnes has repeatedly and emphatically disavowed the existence of any Anglo-American bloc in dealings with Russia, London and Washington have followed almost completely parallel policies in dealing with political issues in eastern Europe and the eastern Mediterranean area. The most recent major decision by both was to oppose any Russian military expansion into the Dardanelles.

2. The present basic American attitude toward all major issues with Russia has been described at the State Department as one of an absolute refusal to yield when either American principles or interests are involved.

3. Since State Secretary Hull's visit to Moscow in the fall of 1943, American policy in the main has opposed the division of the world into spheres of influence. One of the latest statements to that effect was made by Mr. Byrnes when he returned from the meeting of the Foreign Ministers at Paris last May.

Mr. Wallace, however, declared that the United States should recognize "that we have no more business in the political affairs of eastern Europe than Russia has in the affairs of Latin America, western Europe and the United States."

"We may not like what Russia

New York, Sept. 13.—(A.P.)—Commerce Secretary Wallace was interrupted by booing and heckling in a White House-approved speech at a Madison Square Garden rally last night where Senator Claude Pepper (Dem.-Fla.) was applauded for attacking our "blundering foreign policy."

The two men, who have been on the same side in many foreign and domestic issues, spoke before an audience of 19,000 at a rally sponsored by the National Citizens Political Action Committee and the Independent Citizens Committee of the Arts, Sciences and Professions.

Mr. Wallace, who said the United States must adopt a clear and realistic policy of its own to avoid another world war, was greeted by hisses and hoots when he said he was "neither anti-British nor pro-British, neither anti-Russian nor pro-Russian," and added:

"Just two days ago, when President Truman read these words, he said they represented the policy of his administration."

Another round of heckling broke out when Mr. Wallace, speaking of Russia, said "her type of land reform, industrial expropriation and suppression of basic liberties offend the great majority of the people of the United States."

"The Russians have no more business stirring up native communists to political activity in Western Europe, Latin America and the United States."

Loud hisses interrupted him and he shouted: "Get the whole sentence," adding to complete his remark, "than we have interfering in the politics of Eastern Europe and Russia."

He said British "imperialistic policy" in the Near East together with Soviet retaliation would lead the United States to war unless it set up an independent foreign policy. He urged that we "look abroad through our own American eyes."

"Whether we like it or not . . . Russian ideas of social-economic justice are going to govern nearly a third of the world. Our ideas of free enterprise democracy will govern much of the rest. The two ideas will endeavor to prove which can deliver the most satisfaction to

Violence Resumed In Bombay Area

Bombay, Sept. 13.—(A.P.)—The Bombay Information Director announced today that one stabbing had occurred in the South Bombay area this morning, breaking a 16-hour stretch without violence in this city where more than 200 persons died last week in communal riots.

New Delhi, Sept. 13.—(A.P.)—Pandit Jawaharlal Nehru, head of India's new interim government, was reported yesterday to have directed British Imperial troops to cease operations against recalcitrant tribesmen in South Waziristan on India's Northwest Frontier.

Reliable sources said an official announcement concerning Nehru's reported action was expected within a few days.

Millard States Union Has Gone Limit On Compromise

Hamilton, Sept. 13.—(A.P.)—The United Steel Workers of America (C.I.O.) which called a wage-hour strike in basic steel plants July 15 has gone as far as it can in compromise, and now insists that an agreement to arbitrate non-wage issues be one of the conditions of settlement, says C. H. Millard, national director of the union.

Mr. Millard told a press conference here late yesterday that if the companies would agree to arbitration this would pave the way to early settlement of the dispute affecting basic plants in Hamilton, Sault Ste. Marie and Sydney, N.S.

"We hope we are reaching a point where the advisory committee can conscientiously recommend strike settlement to our membership because the number of issues has been reduced," he said.

He declared the union was not adverse to a ballot on the government's settlement formula but insisted that only members of the bargaining agency—the union—should participate.

He emphasized that the union had not retreated from its demand for a 15 1/2 cent wage increase per hour. He said the union was agreeable to a 12 1/2 cent raise provided it was accompanied by other concessions that would bring the overall increase up to the level demanded.

Mr. Millard explained the difference could be made up by granting pay for statutory holidays not worked, or double time for holidays that are worked, and other concessions.

The union, however, definitely opposed the sliding scale of increases between 11 and 12 1/2 cents today.

contained in the government's latest proposals. He said that H. G. Hilton, president of the Steel Company of Canada, took a similar stand because "this would uproot the differentials established by the companies over the years for jobs that call for more skill and responsibility than others."

Two Big Problems On Agenda For UN

Lake Success, N.Y., Sept. 13.—(A.P.)—Two politically explosive problems, refugees and the Soviet Ukrainian charges against Greece and Great Britain, topped the work sheet of the United Nations today.

The Economic and Social Council was called to meet as a committee of the whole this morning to take up the refugee question. It has before it an appeal from F. H. LaGuardia, director-general of U.N. R.R.A., to facilitate the transfer of the refugee problem from U.N.R.R.A. A, due to expire not later than next June, to a proposed international refugee organization.

The Soviet Ukrainian complaint that Greece, aided by the presence of British troops in Greece, is a menace to the peace of the Balkans was up for continued discussion in the Security Council meeting this afternoon.

The delegates gathered after a day's respite in the intensive debate on that complaint, with the French and the Netherlands delegates expected to make statements today.

Food Exports Biggest Item Going To U.K.

Canadian Sales to Britain
Seven Times as Great as
Her Purchases in First Six
Months of 1946.

By JAMES McCOOK
Canadian Press Staff Writer
London, Sept. 13.—(C)—Canadian
sales to the United Kingdom—
seven times as great as her pur-
chases in the first six months of
1946—are chiefly in the form of
food. Britain has been unable to
purchase elsewhere even if she
wanted to.

Board of Trade figures show that
grain and flour imports from Can-
ada were 46,291,459 hundredweight
with a value of \$44,994,405 (\$179,
978,020) in seven months of 1946

worth \$10,854,504 in the same pe-
riod of the peace year 1938.

But, while she benefited from
sales of food, Canada otherwise
suffered under the British import
quota system which restricts over-
seas expenditures to essentials,
plus token imports from a few
countries, including Canada, of 20
per cent of pre-war sales of certain
specified goods.

These token shipments were ar-
ranged in April and their benefit is
not fully reflected in 1946 seven-
month figures. In one category,
"miscellaneous articles wholly or
mainly manufactured," Canadian
exports to the United Kingdom
were only \$241,112 against \$409,
033 in 1938.

This reduction was indicated al-
though certain essential imports,
such as cereals, matches and naval
and military stores, are included in
the category which also covers
non-essentials like curios, jewel-
ery, furs, musical instruments, toys
and pens.

Britain's home shortage limited
the supply of goods Canada could
buy. Trade in foods like biscuits,
fish and extracts dropped from the
value of \$204,651 for British sales
to Canada in seven months of 1938
to \$13,646 this year. Coal sales
to Canada were valued at \$71,577
against \$308,422.

Iron and steel exports collapsed
from \$1,347,082 in 1938 and \$235,
067.

This year Canadian meat exports
to Britain were valued at \$16,263,
555 for seven months against \$4,
062,833 for the same period in
1938.

Value of Canadian dairy produce
and egg shipments in 1938 was \$1-
754,690 and this year \$5,680,609.

Sales of electrical goods and ap-
paratus urgently required in the
reconstruction of Britain increased
from \$38,843 in 1938 to \$1,683,442
and wood and timber sales from
\$1,140,134 to \$1,340,523.

Byrnes Confers With Tsaldaris

Paris, Sept. 13.—(A)—State
Secretary Byrnes of the United
States conferred today with Greek
Prime Minister Constantine Tsal-
daris at the headquarters of the
American Peace Conference dele-
gation, a spokesman said.

No information on the meeting,
which lasted nearly an hour, was
made public, but it was believed
it was held at Mr. Tsaldaris' re-
quest to discuss Greece's demands
for frontier rectifications at the
expense of Bulgaria and Albania.

Mr. Byrnes, meanwhile, had no
comment on a speech in New York
last night by Communist Secretary
Wallace, who said that "British
imperialist policy" in the Near
East, combined with Russian re-
tardation, would lead the United
States into war "unless the United
States formulated a clearly de-
fined and realistic policy of her
own."

George Morrill, Jr., for the past

An All-Time Record Low For September Is Recorded Here

Sun-loving crops in the district took a beating last night in the coldest September weather recorded in the past thirty-one years at the Dominion Experimental Station at Lennoxville. Yesterday the thermometer dropped to thirty degrees, two below freezing, and this morning the all-time record of twenty-six degrees was recorded.

The crop picture will be very changed in a couple of days when corn, potatoes, beans, and all the crops which cannot stand frost, turn yellow and go dry.

"From an agricultural point of view, the vegetation of crops has been brought to an end as a result of the frost in the past twenty-four hours," J. A. Ste. Marie, Farm superintendent declared this morning.

He explained that last night the frost in the immediate neighborhood was light, affecting only the tips of corn stalks and tomato plants, for example. This morning, however, stalks and leaves were

frozen—"and when leaves are frozen, vegetation is finished."

"Crops left in the fields today are marking time 'till harvest," he added.

Turning to the economic point of view, Mr. Ste. Marie stated that the corn yield could have been improved, but at this date the season was long. Normally crops are finished the first week of September, after 150 good days. The Eastern Townships has had its 150—"and you can't blame Providence for the region you live in."

In Southern Ontario, for instance, farmers could expect three more weeks of good weather. There, frost today makes a difference. Here, it is normal.

Farmers of the Eastern Townships are busy harvesting the balance of grain crops, which, according to reports, are yielding well. Aftermath of 'hay fields have grown well in the past few weeks, assuring fall feed for cattle. Some farmers in the region, however, have complained lately of low water. This was not alleviated by the week-end rain.

V.O.N. NOTES INCREASE IN CLINIC WORK

A marked increase in the number of patients admitted to the Child Welfare Clinic was noted in a report tabled at the monthly meeting of the Sherbrooke Branch of the Victorian Order of Nurses, held in the clinic rooms with president A. C. Skinner in the chair.

The number of patients admitted in 1946 to date numbered 1,035 as compared to 790 for the same period in 1945, an increase of 245. New patients admitted, according to Miss H. Empey's report for June, July and August, numbered 284, cases carried over 465, visits 2,435, confinements 28, visits to veterans' families 84, Child Welfare Clinic 25, with an attendance of 204. Visits to patients returned from hospitals were 127.

The minutes of the last meeting, held on June 11th, 1946, were read by the secretary, Mrs. G. A. Sirois. R. C. Muir, honorary treasurer, read the financial reports covering the months of June, July and August, which showed receipts of \$3,132.55, including nursing fees, donations and the City of Sherbrooke annual grant of \$2,000. The disbursements which include nurses' salaries, auto upkeep, rent, medical supplies and sundry items totalled for the same period \$2,658.66. The members of the nursing staff were Miss Hattie O. Empey, nurse in charge, the Misses L. Beaudet, P. Cote, O. Roy, J. Doyon and Mrs. M. Burroughs.

The annual subscription campaign was inaugurated on September 3rd, under the chairmanship of Mr. A. C. Skinner, who reported that approximately 1,200 letters were sent to the citizens of Sherbrooke and Lennoxville. To date returns indicate a favorable response to the appeal.

Mr. Skinner referred to the death of one of the board members, Mrs. W. B. McCaw and the following resolution was placed on record: "That this meeting of the board place on record our deep sorrow and regret at the death, in June, 1946, of Mrs. W. B. McCaw, one of our most esteemed officers, whose interest in the work of the Victorian Order of Nurses was outstanding both in its generosity and the length of time it was carried on. She will be greatly missed."

Col. Echenberg, O.B.E., E.D., Is Retiring From Army Post; Succeeded By Lt. Col. Beaudry

Col. Sam Echenberg, O.B.E., E.D., well known resident of Sherbrooke, will retire shortly from the Canadian Army, after having successfully completed one of the military district's most difficult tasks, that of commanding the M.D. 4 District.

COL. SAM ECHENBERG

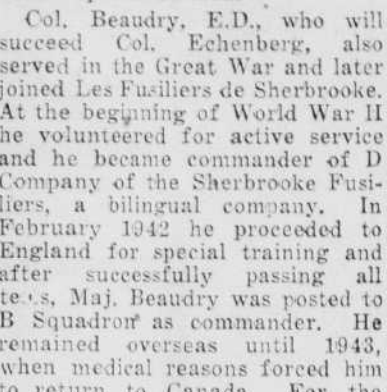

Col. Echenberg's military career goes back to the early days of the last war when he left a course at McGill University at the age of seventeen to enlist as a private in the 117th Battalion. He went overseas with them a short time later, and saw service in England and on the continent.

At the war's end he returned to Sherbrooke and joined the firm of Echenberg Bros., a local furniture business, but he also wanted to follow up his military career and he enlisted, again as a private, in the Sherbrooke Regiment. From then on he rose steadily in rank until he became commanding officer of the Regiment. Later he was appointed C.O. of the Tenth Infantry Brigade.

Early in the present war, Col. Echenberg again joined the active ranks and he was first appointed Director of the Internal Security Force of the District. In August, 1940, he took over his present position and he has held it ever since. It is estimated that 250,000 troops have passed through the District Depot and, in the opinion of a senior staff officer, it was best operated Depot in Canada.

Col. Beaudry, E.D., who will succeed Col. Echenberg, also served in the Great War and later joined Les Fusiliers de Sherbrooke. At the beginning of World War II he volunteered for active service and he became commander of D Company of the Sherbrooke Fusiliers, a bilingual company. In February 1942 he proceeded to England for special training and after successfully passing all tests, Maj. Beaudry was posted to B Squadron as commander. He remained overseas until 1943, when medical reasons forced him to return to Canada. For the

past two years he has held a senior staff appointment in Ottawa.

LT. COL. D. W. BEAUDRY

Col. Echenberg is expected back in Sherbrooke in a few weeks and he will re-join the furniture company. His only brother, A. D. Echenberg, and one of his three sisters, Mrs. David Echenberg, reside in Sherbrooke, while two other sisters are living in Montreal.

3 NEW POLIO CASES BEING TREATED HERE

One new case in Sherbrooke and two from out of town yesterday brought the total number of poliomyelitis cases recorded in Sherbrooke during the current epidemic to nineteen.

Out of town cases came from Windsor Mills and La Patrie, and were admitted with the new local case to the St. Vincent de Paul Hospital, which reported the additions this morning.

At the same time hospital authorities reported no response to the published request yesterday for nurses to aid in the care of polio cases.

Graduate nurses, persons holding the St. John Ambulance training diploma and other persons experienced in caring for the sick, who are available to help the St. Vincent de Paul Hospital staff in this crisis should contact the head of the School of Nursing, St. Vincent de Paul Hospital, Sherbrooke.

The three cases admitted to the hospital yesterday were not reported at the local Municipal Department of Health, which stated this morning that there were no new cases here.

MAGOG STUDENT WINS SCHOLARSHIP

It was announced today by McGill University authorities that the Narcissa Farrand scholarship, awarded to the candidate from the Eastern Townships who obtains the highest marks at the arts and science entrance examination, has been won by Garth D. Jackson, of Magog.

Several Reports Presented By Maple Copse Chapter, I.O.D.E.

The opening meeting of Maple Copse Chapter, I.O.D.E., after the summer recess was presided over by the regent, Mrs. M. G. Stewart, and a good deal of business was dealt with. Minutes of the last meeting in June and the treasurer's report of summer financial transactions were accepted, and it was decided to send one hundred dollars as an instalment on the Chapter's Second War Memorial Fund commitment.

The regent expressed the deep regret of the members at the death in August of Mrs. John H. Burton, an old and valued member of the Chapter.

Requests for children's clothing badly needed by two families were presented by Mrs. Austin Scott, child and family welfare convener. Donations of used clothing were solicited from members.

The post-war service convener, Mrs. Arthur Preston, stated that work had gone on during the summer and a shipment of 184 articles valued at \$94.75 was ready. The Red Cross room will be open on Tuesday afternoons during September and there is much machine work to be done, but no hand sewing for the present.

The mayor had asked the regent to organize the distribution of ration book No. 6, and this was being done under the direction of Mrs. C. Beaudry and Mrs. F. B. Day.

The appointment of the Chapter's Girl Guide convener, Mrs. R. M. Broughton, as district commissioner, Canadian Girl Guides, was referred to when Mrs. Broughton gave her report, and she was congratulated by the regent. Mrs. Broughton stated that a very successful camp was held at Quebec Lodge, North Hatley, by the 4th Lennoxville I.O.D.E. Girl Guides' company under their captain, Miss Ursula Bozer. The Brownie pack, under Brown Owl Mrs. L. Gnaedinger, was expected to be a large one.

Notice was given that Blue Cross payments were due by September 24. Miss Sterling had had some difficulty in collecting all the fees due in June. It was therefore suggested that to save much telephoning, each member hand Miss Sterling self-addressed post-cards to be mailed by her when the fees are due. Members whose fees are unpaid will lose their membership in the Blue Cross for the three months' period following.

In order to raise funds it was decided to make another paper salvage collection shortly, under the joint convener of Mrs. R. L. Young and Mrs. Arthur Preston. Members were asked to begin saving paper at once. A bridge to be held in October will be convenered by Mrs. Austin Scott, and the date of the fall rummage sale was set for November 2.

As the usual date for the October meeting falls on Thanksgiving Day, it was decided to hold the next meeting on Monday, October 7.

The regent thanked Mrs. R. Gnaedinger for making a very successful collection for the Chapter's overseas clothing fund during the summer by means of nickel cards in public buildings and gifts

from local factories. Letters of thanks were ordered written to two donors of \$10 each.

Business having been concluded, the meeting closed with the singing of the National Anthem.

W. M. S.

The September meeting of the Women's Missionary Society of the United Church was held in the Gertrude Scott Hall. Mrs. P. Pergau, the president, presided and opened the meeting with prayer and a hymn.

The business period included a discussion on the bequest from the late Mrs. E. J. Monroe. The new study book, "India on the Threshold," was ordered, and the books for the book shelf were arranged for. Miss Scott, who is in charge of this department, asked the members to return all books that were out as soon as possible. Arrangements for the winter's programs were put in the hands of Mrs. W. J. Lane, Mrs. N. D. McLeod, Mrs. A. Willard, Mrs. M. E. McCurdy and Mrs. E. Seale. It was decided to carry on the sale of Christmas cards as in other years.

Regret was expressed at the retirement of Mrs. Philip Walton and Mrs. Malcolm Wilson from the leadership of the Mission Band. The study book was introduced by Mrs. Pergau, who spoke on Canada, Mrs. Lane, who spoke on India, and Mrs. McCurdy, who spoke on the church, after which a short worship service closed the meeting.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

ADD EXTRA ROOMS TO YOUR HOUSE

Most families could do with another room to live in these days. And it's possible too! Take a look at the waste space in your attic or basement. This space can be turned into useful, livable rooms at very little expense.

Johns-Manville has just the thing for the job... a fire-proof building material called Flexboard. Made of asbestos and cement, Flexboard is like a sheet of stone, yet it can be worked with ordinary tools and bent to conform to moderately curved surfaces. Flexboard is excellent for exterior finishes too—it's rot-proof, moisture-proof and never needs paint to preserve it.

If You Are Superstitious, You Won't Be Happy Today

In case you haven't found an explanation for the streak of unluckiness that happened to you today, look at the date on top of this page: Friday, September 13.

Of course you may say that you are not superstitious and that all the talk about Fridays and the number thirteen is pure nonsense, but when both come together, even the most serious-minded are beginning to wonder.

After all, there must be some reason which made people believe that 13 brought either luck or misfortune (public opinion varies on this issue) and, although we have not been able to trace the development of this trend of thought to its origin, we shall take it for granted that some outstanding events have occurred in connection with this number.

Take for instance the average rugby team. Never yet has player No. 13 made a touchdown. Why? Simply because there is no such thing as player No. 13, because for ages past superstitious players have refused to don a sweater with that number and, when once in a while a player volunteered to become team number 13, because he did not believe in all this talk, his colleagues refused to have anything to do with him.

Or take hotels as another example. Countless of these institutions

will do anything to prevent from assigning room 13 to their patrons. They will call it 12A or they may just skip the number, but you just try and get room 13 and you will discover your difficulties.

Opinion that Friday is a day full of bad luck is probably derived from ancient times when members of certain religious sects set aside a certain day or days for worship and anybody who worked on that day was considered to be sinning and things were supposed to happen to him. Hence the saying that Friday is an unlucky day.

Few people will get married on Fridays and numerous other things are in the opinion of many better left undone on that day, but when Friday falls on a 13th, then even the most superstitious will watch the day's developments with interest, to say the least. Others, of course, may watch it with anxiety, since hundreds of respectable citizens will swear to it that it hasn't failed yet that some misfortune came over them on that fateful day.

As for us, with the possible exception of critics and editorial writers, we are not supposed to reflect our own opinion in articles, but we might be permitted to jot down an observation: Today is pay day, and no matter what people say, we like Friday the 13th.

Shortages Of Livestock, Poultry And Dairy Products In Alberta

Edmonton, Sept. 13.—(C)—Shortages of livestock, poultry and dairy products in Alberta marked the first week of the 30-day delivery strike of all farm produce by 20,000 members of the Alberta Farmers Union, called at midnight last Friday in a bid to force federal recognition of their demands for parity prices.

Tightened picket lines choked off livestock receipts at most centers in the seven-day-old strike. Many restaurants and butcher shops were reported closed or closing, for want of supplies. Large centres noted a sharp decline in egg deliveries, while a number of central Alberta creameries said shipments would stop until the strike was over.

The union called out its 20,000 members after a joint delegation representing the A.F.U. and the estimated 30,000 members of the Saskatchewan section, United Farmers of Canada, reported "unsatisfactory talks" with federal authorities at Ottawa two weeks ago. The farmers seek establishment of a fact-finding board to determine parity between their costs and returns. Farmers will be polled at the end of 20 days to see if they wish to continue the strike beyond 30 days.

A.F.U. officials said early today they had received strong support from non-union farmers, but yesterday the United Farmers of Alberta, comprising more than 10,000 of Alberta's 79,000 farm families, issued a statement saying the U.F.A. would not support the strike.

MONTREAL LIVE STOCK MARKET

Montreal, Sept. 13.—(C)—During the week ending Sept. 12, there were 2,510 cattle, 4,646 sheep and lambs, 3,824 hogs and 2,588 calves for sale on the two Montreal markets. In addition, 1,046 cattle, 519 sheep and lambs, 284 hogs and 10 calves were received on direct consignment to local plants and 148 cattle, 51 hogs and 10 calves were handled on through billings to Canadian points.

The two Montreal livestock markets registered heavier receipts on all classes. A good number of steers was offered, mostly of medium to good quality, which sold at rather firm prices. Lower end of calves went fully 50 cents higher. Lambs gained 50 cents. Hogs sold steadily.

Top steers sold from 13 to 13-50, good quality steers made 12 to 13, just medium 11 to 12, common 8 to 10-50. Heifers ranged from 7-50 to 11-50, choice 12. Good butcher cows were 9-50 to 10, some a shade higher, medium kinds 8-50 to 9-25, common 7-25 to 8-25. Canners and cutters 5-50 to 7. Good bulls were 9-50 to 10, some 10-50, bologna bulls 7 to 9-25.

Vealers sold at 12 to 15. Grass-cuts and drinkers in mixed lots made 9 to 10-50, real common down to 7.

Good ewes and wethers exchanged at 14, bucks discounted 1-00 were 13, calls 8 to 10. Sheep 3 to 8.

Hogs sold at 21 for Grade A, sows 19 to 19-50 dressed.

portation to Britain. They included milk and butterfat records of at least 25 per cent above record of Performance requirements on the three nearest female ancestors of all the bulls selected and on the two nearest dams of heifers. The top price paid was \$10,000 for "Gerben Again," two-month old daughter of "Alatira Gerben" whose lactation period record of 1,400 pounds of butterfat is the highest for her class ever credited to a cow under ROP supervision. The top bull for which \$7,500 was paid was "Glenafon Rag Apple Admiral," a three-year-old son of the famed three times all Canadian aged bull "Montie Rag Apple Markman." The average price paid to breeders for the 220 cattle was \$2,037 which is a record. With handling and transportation charges, the average cost will be raised to \$2,800. The cattle were selected from farms in Quebec, Ontario, Manitoba, and Alberta. Eighty-six breeders contributed to the consignment which will find its way to all parts of the United Kingdom. The consignment consisted of 54 bulls, 8 milking heifers, 59 bred heifers, and 99 open heifers. The departure of many young heifers is being delayed in order that they may be bred to outstanding sires before leaving Canada.

Hollywood Highlights

Bob Thomas

Hollywood, Sept. 12.—(C)—(AP)—Sioux City Sue arrived in Hollywood just in time to get some blunt advice from Gene Autry.

Sue is Gayle Jean Hofstedt, chosen by the Iowa city to depict the girl in the song title. Her hair is red, her eyes are blue and she might easily provide grounds for swapping a horse and dog, as the song lyrics say. Here for a screen test at Republic Studios, one of the first people she met was Autry, who advised her sternly:

"Don't get your hopes too high. Being a movie star takes an indefinable something. Some of the most beautiful girls don't photograph at all. And others who appear to have nothing in person, turn out to be big stars."

Gene appeared pleased to learn that Gayle is a sensible girl. She is staying here two weeks. If the movie chance pans out, fine; if not, she's content to go back to her job in a Sioux City department store.

RKO is not happy about the poundage Susan Hayward lost at Universal International. First scenes of "They Won't Believe Me" called for Susie in a bathing suit. . . . Cass Daley is shopping for a ranch at Lake Elizabeth in the Sierras. . . . Bud Abbott now owns a gas station opposite his valley night club. . . . Artist Red Skelton is decorating his new nursery all by himself. The "Romance of Rosy Ridge" company at Santa Cruz has suffered a wave of poison oak. Instead of "Action!" Director Roy Howland starts scenes with "Stop searching!"

Eire Reorganizes Bacon Industry

While Northern Ireland is moving towards the restoration of its pig industry, the re-organization of the pig and bacon industry in Eire in the south should prove of much interest to Canadian farmers, because, if present plans receive legislative sanction, Eire will have a Pigs and Bacon Board endowed with far-reaching powers. A White Paper recently published by the Eire Department of Agriculture, states Agriculture Abroad, the digest of agricultural policies issued by the Economics Division, Dominion Department of Agriculture, gives details of the Eire government's plans in this respect and legislation is to be introduced at an early date to give effect to the decisions.

The proposed Board will be composed of the representatives of pig producers and bacon curers and it will have power to acquire and operate or close any bacon-curing factory that may be offered for sale. At the present time, there are 39 bacon factories in Eire, six of them owned by co-operative societies. If necessary, the Board can compel the amalgamation in any town or district of existing bacon-curing factories. The Board can close factories that may become redundant through amalgamation, and it can build new factories where the Board thinks they are necessary.

The Board will regulate the marketing and export of pigs, bacon, pork, and other pig products, and can purchase and allocate all pigs offered for slaughter. It can require bacon-curing firms to improve layout, equipment, and management of their factories, and control the sale or transfer of bacon factories. It can recover from the bacon-curing industry the cost of acquisition of redundant factories. Factories built or purchased by the Board will be owned and controlled by that body, but all other factories will continue under their present ownership.

In view of the highly competitive conditions which are expected to prevail in the export market when the world supply of pigs increases, the Advisory Committee suggested that the objectives of the plan for the future of the industry should include the estimation of market requirements and direction of pig production by price control.

Waterville Jubilee Hall Scene Of Farewell Party For Couple

Waterville, Sept. 13.—A largely attended farewell tea was held Friday afternoon, August 30, in honor of Mrs. H. W. Burton and Mrs. C. E. Trafton, who with Mr. Burton will be leaving shortly for Lennoxville, where they will take up residence in their new home on Wilson Street.

Members of St. John's congregation and a few invited guests gathered in the Parish Hall to express their regrets to the Burton family on the eve of their departure, and to also extend to them best wishes for health and happiness in their new home.

The hall was artistically arranged with baskets of yellow and white autumn flowers and green and yellow lighted candles. Mrs. L. McFaul and Mrs. C. E. Burton were in charge of the decorations. Mrs. Guy Marston and Mrs. F. O. Smith received the guests.

Rev. Mr. Marston, on behalf of the members of the congregation presented Mr. and Mrs. Burton with a handsome occasional table; and Mrs. Trafton with a beautiful English morocco-bound hymn book, in recognition of their faithful services in St. John's Church and all its organizations during the past thirty-eight years.

In presenting these gifts, Rev. Mr. Marston said that the Burton family would be greatly missed by members of this church and by all their friends, and that these gifts represented the high esteem in which they were held.

In his closing remarks, Rev. Mr. Marston expressed his personal regrets at losing this family from the parish, and especially Mrs. Trafton, who had so ably directed St. John's choir during his time here and many years previously.

Mrs. Burton and Mrs. Trafton, graciously voiced their thanks and appreciation.

Delicious refreshments were served, Mrs. F. O. Smith and Mrs. F. W. Ayer doing the honors at the

attractive tea table centred with yellow nasturtiums in a crystal basket and pale green candles in matching candlesticks.

The young women of the congregation served.

ST. JOHN'S GUILD

The members of St. John's Ladies Guild were delightfully entertained by Mrs. Cecil Parrish at her home, for the opening meeting after the summer recess.

There was a good attendance. Mrs. C. E. Trafton conducted the devotional period and also presided over the business session.

The minutes of the June meeting were read by the secretary, Mrs. Cecil Parrish. The treasurer, Mrs. F. Ayer, reported that all bills had been paid. Mrs. C. E. Burton, corresponding secretary, read several letters of thanks for gifts received.

Mrs. Robert Grey was appointed to fill the office of president, the former president, Mrs. E. R. Roy, resigned the office, due to the fact that she was leaving here to make her home in Windsor.

Plans were made to hold a rummage sale in September and a bridge and tea in October.

At the tea hour delicious refreshments were served by the hostess assisted by her daughter, Miss Peggy Parrish, and Mrs. Clifford Burton.

General Notes
Mrs. Ernest Frost and son, Gerald, of Lennoxville, Mr. and Mrs. William Watts and Mr. and Mrs. Earl Willis, of Newport, Vt., and Mr. and Mrs. George Johnson, of Collinsville, Conn., were guests at the home of Mr. and Mrs. A. J. Watts.

Mr. Harold Cook and a friend, of Lennoxville, were calling on Mr. and Mrs. Gerald Daine.

Mr. and Mrs. Samuel Hopper entertained Mr. and Mrs. Lionel Belrose and their daughter, Miss Claire Belrose, of Magog, over the

week-end. Mr. and Mrs. Harold Quimette, of Providence, R.I., were evening visitors of Mr. and Mrs. Hopper.

Mrs. F. A. Burton and her house guest, Miss Manson, were in Hatley visiting Mrs. Younge and Mr. Tucker.

Mr. and Mrs. W. C. Smith and their two children, have arrived from Montreal and are in residence with Mrs. Smith's mother, Mrs. Alex Johnson. All are pleased to welcome Mr. and Mrs. Smith back in the village.

Mr. and Mrs. H. R. Webster were in St. Johnsbury, Vt., for the week-end with relatives.

Mrs. Lillian Demerett and Mrs. Eva Wallace, of Sherbrooke, were dinner guests of Mr. and Mrs. H. R. Webster.

NOTICE TO THE RATEPAYERS OF COATICOOK

The real estate owners of the Town of Coaticook will be called upon to vote on Monday and Tuesday, the sixteenth and seventeenth days of September from nine o'clock in the morning until five o'clock in the afternoon, on a loan by-law of \$40,000, for the construction of a high tension line and a sub-station to connect the town power station to the Southern Canada Power Co. Ltd. sub-station on Dixville Road.

This matter is of great importance for the Town of Coaticook, if the ratepayers wish to see her development continue. In the last two years, the sales of electricity have increased by about 30%, and the power station is at present loaded to capacity. Moreover, several of our present industries have made known their intention to purchase large blocks of electric power in the next twelve months, and it would be a big mistake if the town were not in a position to supply such power.

Thanks to your Council, it is now possible to obtain from the Southern Canada Power Co. Ltd., a contract with reasonable prices. We have reasons to believe that a connection as soon as possible with the Southern Canada Power Co. Ltd., would allow the Town to increase its sales to a large extent, besides giving an opportunity for general improvement in the service.

The Council will rely on your good will in order that each real estate owner shall come to vote on the days above mentioned without it being necessary to call upon him again.

September 10th, 1946.

The Doctor Says:

ACNE RESULTS FROM CLOGGED PORES

By William A. O'Brien, M.D.

Acne, the common skin disorder of the adolescent and young adult, results from secretion of a thick oily substance by the sebaceous skin glands. Pores become clogged and secondary infection results.

Dr. O'Brien

has not been successful.

Skin treatment in acne is directed toward dissolving and removing the plugs in the glands. Contrary to popular belief, acne does not develop from dirt clogging the pores, as blackheads are the result of chemical change in the oily secretion. The black color can be bleached white by chemicals, which rules out dirt as the cause. The acne face should be washed with hot water and a good white soap three times a day, and a rough cloth or a complexion brush should be used. After the night washing a medicine prescribed by the physician should be applied and allowed to remain on overnight.

Watch for Irritation

Acne lotion or cream should be rubbed gently into the skin. As a result of the treatment the skin will become dry and start to peel, which will open the pores. If the skin becomes excessively red or irritated, the medicine should be stopped a night or two and then resumed. No other medicine should be applied to the skin while it is being treated.

Care of the scalp is of equal importance. Long greasy hair should not be allowed to fall across the face. Hair should be shampooed twice a week until all oil and dirt is removed. Physicians often prescribe a scalp in acne, which should be applied as directed to the skin at the roots of the hair.

Instruction by physicians as to diet varies, but all are agreed that the patients should eat a well-balanced diet and avoid excesses. In the average case, chocolate is avoided as it seems to irritate the skin more than any other food. If the patient notices that the skin gets worse after eating any food, this should be called to the attention of the physician.

Cleanliness is Important

Do not wear woolen or rough clothing next to the skin and use clean washcloths and clean towels in bathing. Before washing the face, the hands should be washed thoroughly with soap and water and dried on a clean towel. The washbowl should be cleaned and filled with fresh hot water for use on the face.

For extra oily skin and overactive glands, X-ray treatments are used. This is a safe method when administered by physicians experienced in its use. Purpose is to shrink the oil glands in the skin and decrease their activity. If deep-seated infections have developed already, the X-ray will not prevent scarring.

Patients with acne should not take drugs containing iodides, bromides, or sleeping medicine, as these usually make the eruption worse. Avoid cough medicine containing potash, also bromoseltzer, bromides, and bromoquine mixtures.

Question: Is there any harm in taking injections for the menopause? I have heard that they might cause cancer.

Answer: There is no harm in taking these injections. Cancer would be caused by using them in another way.

Rock Island And Derby Line

An important investigation is under way in the border villages regarding the erection of a general hospital, the property involved being in Rock Island, having been offered by a citizen of this village for the purpose. This property consists of two houses with about three acres of land adjoining. It is situated on a promontory, in a quiet location but very accessible. After a preliminary investigation by the local doctors, a representative meeting of a few citizens from each village met at the Del Monty Hotel, Rock Island, to discuss the need and the possibility of the erection and maintenance of a hospital. Mr. Rene Monty, proprietor of the Del Monty Hotel was chairman of the meeting, and after some discussion a building committee and a charter committee were named. The building later had a meeting at which Dr. Quintin of Ormstown Hospital was present. A copy of the Ormstown Hospital charter to be studied by the committee chosen for the purpose. Mr. John M. Cross of the J. P. Hartz Company, Ltd., Montreal, has presented a quotation on the cost of equipment. When the architect's plans are ready an estimate of the cost of the making over of the present buildings into the proposed hospital and the maintenance of same will be presented. If the total seems reasonable to the committee a drive for financial support will be started in the villages. It is thought that at this time this would be a very appropriate project to serve as a memorial to the fallen heroes, both American and Canadian, of the International border community.

Mrs. Mollie Crowell, of Montreal, spent the holiday week-end with her brother-in-law and sister, Mr. and Mrs. D. R. MacKay, in Derby Line.

Mr. and Mrs. George Guy, of Magog, were guests of friends in Derby Line.

The executive committee of the International Community School met at the Haskell Free Library, Derby Line, to complete plans for this year's school sessions. The president of the school, Mr. Gary Earl Heath, announced that the school would hold a special opening meeting at the Opera House on September 18, to serve the double purpose of giving local people the chance to hear the plans for the St. Lawrence Waterway and to learn what features the school had to offer this fall. Plans are well underway to assure a really interesting group of meetings for the community school, and a full announcement of the speakers, interest groups and other features will be made on September 18, when Senator George D. Aiken will speak at the Haskell Opera House, under the auspices of the International Community School. His subject will be the St. Lawrence Seaway and he will tell how it will affect the Northeastern section of the United States and the southeastern section of Canada. Senator Aiken is now the senior senator from Vermont and one of the leading advocates of the Great Lakes St. Lawrence Waterway project and this will be the first opportunity that the people in this vicinity have had to hear the full story of the development. As is customary at meetings of the International Community School, there will be an opportunity after the Senator's talk to ask him questions. A large audience is expected at this meeting and a nominal admission price will be charged.

OBITUARIES

MR. IRVING WHITCOMB, OF MONCTON, N.B.

Hatley, Sept. 13.—Many friends in this section were saddened at the news of the death of Mr. Irving Whitcomb, youngest son of the late Mr. and Mrs. Zera Whitcomb, which took place at his home in Moncton, N.B., after a brief illness.

Mr. Whitcomb was well known in this place, having been born at the Whitcomb homestead just east of the village, on the Compton Road. He received his early education at the Hatley Intermediate School.

The remains were brought from Moncton, N.B., and the funeral was held in the United Church, of his home town, with the Rev. D. A. McCuaig officiating.

The bearers were all cousins of the deceased, Mr. H. B. Whitcomb, Mr. Charles Whitcomb and Mr. William Whitcomb, of this place, Mr. Percy Whitcomb, of Massawippi, and Mr. Claude Whitcomb, and Mr. Martin Leavitt, of Ayer's Cliff.

The hymns, "In the Garden" and "Lead Kindly Light," were sung by the choir. Words of comfort were spoken by the pastor. Many beautiful floral offerings bore their silent message of sympathy.

Interment was made in the family lot in the cemetery adjoining the church.

He leaves to mourn his loss his wife, a son, David; one brother, Mr. Monte Whitcomb, and family, of Andover, Mass.; one sister, Mrs. Rhodie Wooten, and family, of Rhode Island, and many more distant relatives, and a host of friends.

The Electrical Supply Company, of Munderloh Company, Montreal, for which he had worked for many years, was represented at the funeral by Mr. Munderloh, Mr. Meredith Massie and Mr. C. T. Murphy, all of Montreal. Others from out-of-town were Mr. and Mrs. Strange, of St. Lambert, and Mr. and Mrs. Gunn, who accompanied Mrs. Whitcomb and son from their home in Moncton, N.B.; and other friends and relatives from neighboring towns.

Much sympathy is extended to Mrs. Whitcomb and son, and the members of the bereaved family.

MRS. RICHARD J. WALSH, OF WATERVILLE

Waterville, Sept. 13.—There entered into rest on Tuesday, August 6, Katherine Maude Taylor, beloved wife of Richard J. Walsh, at the age of 67 years, following a long illness.

Mrs. Walsh's pleasing smile had won her many friends and the many who attended the funeral or sent flowers or messages of sympathy showed the esteem in which she was held.

Prayers were said at the late residence at 2:45 p.m. by the Rev. G. Marston, rector of St. John's Church, and from there the cortege proceeded to St. John's Church, where services were conducted by Rev. Mr. Marston, assisted by Rev. Canon E. R. Roy, of Windsor Mills.

Mrs. F. Ayer presided at the organ, and the hymns sung were "Father, Let Me Walk With Thee," "Unto the Hills Around," and "Abide With Me."

The bearers were Messrs. L. E. Allen, H. R. Webster, V. N. Holtam, F. E. Holtam, F. Bell and J. H. Woodsides. Interment took

place in Greenwood Cemetery.

Mrs. Walsh, the former Katherine Maude Taylor, daughter of the late John and Ellen Taylor, was born on August 13, 1879. On November 25, 1903, she was united in marriage to Richard John Walsh, of Waterville.

Left to mourn her loss are her husband, two step-sons, Richard, of Manchester, N.H., and Clarence, of Pawtucket, R.I.; two sisters, Miss Isabella Taylor, and Mrs. A. J. Watts, both of Waterville.

Among those from out-of-town who attended her funeral were Mr. and Mrs. Gilbert Walsh, of Rock Island; Mr. and Mrs. Harold Walsh, of Derby Line; Mrs. E. B. Frost and Gerald, Mrs. Roy Clarke and Mrs. Wallace Smith, of Lennoxville; Mrs. Hazel MacIver, of Sherbrooke; Canon and Mrs. E. R. Roy, of Windsor Mills, and Mrs. J. Nussall, of Saskatoon, Sask.

ST. LOUIS CARDS EXTEND LEAD OVER DODGERS TO 2 1-2 GAMES

Cards Heavy Hitting Assures Them Victory Over Dodgers

By JOE REICHLER
Associated Press Sport Writer
More than ever today it looks as if St. Louis Cardinals will be the Boston Red Sox' World Series opponent next month.

Not so much because the Cards beat Brooklyn Dodgers yesterday in the opener of their "fight for the flag" three-game series to increase their National League margin to 2½ games, but because of the easy manner in which they bowled over the flock. The score was 10-2.

It was absolutely no contest. In fact, the game was over barely five minutes after it started. Kirby Higbe, the Dodgers' ace right-hander and possessor of the best won and lost record in the league, retired the first two batters to face him, but then the roof caved in over his head. Stan Musial doubled, Enos Slaughter walked, Whitey Kurowski and Dick Sisler singled, and rookie catcher Joe Garagiola homered to make it 5-0 for St. Louis before Howie Pollet, who was to gain his 19th triumph, made his first pitch.

The victory was number 14 for the Cards in 20 meetings with the Dodgers.

The pennant-bound Red Sox failed again to clinch the American League flag when they bowed to Bobby Feller and Cleveland Indians 4-1. It was the sixth straight defeat for Joe Cronin's frustrated nine which needs a victory plus a Detroit defeat to take the championship.

Feller held the Sox to eight hits and struck out seven batters to boost his season's total to 308.

The Tigers moved two games in front in their battle with the Yankees for second place by defeating the New Yorkers 4-6 in Detroit. Chicago Cubs earned a split with

the Phillies in a doubleheader in Philadelphia, winning the second game 5-4 in 10 innings after the Phils had come from behind to win the opener 4-3.

A six-run eighth inning gave the Washington Senators a 9-6 victory over the Browns under the lights in St. Louis.

Rookie Monte Kennedy yielded only two hits in pitching the National League cellar-dwelling New York Giants to a 4-1 victory over Cincinnati Reds.

Cold weather in Chicago forced the postponement of the White Sox-Philadelphia Athletics game.

ST. PAT'S WIN JR. SOFTBALL CHAMPIONSHIP

St. Pat's won the Junior championship of the Sherbrooke and Lennoxville Softball League, when they defeated the "Y" 5-3.

The "Y" got away to a flying start by pushing across three runs. But St. Pat's came back with two runs. The score remained this way until the fifth, with the "Y" leading 3-2. St. Pat's staged a rally and were successful in crossing the plate for three runs. The fighting Irish assumed the lead and held on until the end of the game. The "Y" did everything they could but the Irishmen would not yield an inch and emerged on the long end of the score, 5-3.

By this victory St. Pat's finished on top of the league standing and are now the undisputed champions.

Line-ups were:
"Y": T. Robinson, R. Crease, J. Evans, J. Webster, R. Wilson, I. Lavallee, E. Norris and J. Drew.
St. Pat's: L. McDonough, J. Steele, T. Walsh, G. Begbie, G. Gendron, E. Clime, L. Dorey and D. Bradford.

CRUCIAL GAMES IN FOOTBALL OVER WEEK-END

Football coaches removed thumbscrews from recalcitrant footballers today after using desperate measures all week to take the bugs from their squads before the week-end's games.

Most dopsters expect to see a clearer football picture after the smoke clears from five gridirons in the country's four senior leagues and most coaches hope to see the weak spots removed from their teams.

Montreal Alouettes journey to the Capital to tangle with Ottawa's Rough Riders in the interprovincial Union and in the league's other game Hamilton Tigers visit Toronto Argonauts. In the Ontario Rugby Football Union, Sarnia Imperials play at Toronto Balmy Beach and Hamilton Wildcats are at home to Ottawa Trojans. Winnipeg Blue Bombers go to Regina to play Saskatchewan Rough Riders in the Western Circuit.

Both big four tilts are regarded as crucial. Ottawa currently leads the loop with Argos and Alouettes tied for second spot and the luckless Tigers in the cellar.

Sarnia Imperials have their big chance to break loose. The O.R.F.U. race has Sarnia tied with Windsor Rockets and Toronto Indians for first place. With Toronto and Windsor idle because of stadium difficulties, a win for the Imps means undisputed hold on first place.

Feeling that Tami has about one chance in 100 of beating Louis, I put the question point blank to Mr. Mauriello as he sat his very large frame in a soft sofa at a Country Golf club a few miles from New York which he has since deserted because "the fresh air was too much."

"Sure, I have a chance," Tami said. "After all Louis has to fight me."

That's where Mr. Mauriello is wrong. Louis doesn't have to fight him or anyone. All Mr. Louis has to do is punch. And he's learning rapidly.

The idea originated in a plan to perpetuate the memory of congenial Art Hubert, former Thornhill pro who died last year, and a scheme to set up a P.G.A. benevolent fund.

Thornhill members have donated the trophy and use of their North Toronto course. The tournament is slated for Wednesday, Sept. 25. Captained by Willie Lamb, the British-born pros number about 20 and probably will include as added strength Montreal's leading tenniser, Stan Horne. To balance the British team's Montreal starter, Dick Borthwick of Hamilton, the native team captain, said the Canadians have lined up Horne's close friend and keen adversary, Jules Huot.

Hunting Restrictions Announced By Provincial Game Department

With the commencement of the hunting season coming Saturday, the provincial department of Fish and Game, under the direction of the Hon. Camille E. Pouliot, M.D., has prepared a twenty-five point program, to be observed by all engaged in hunting and officers in all districts will strictly enforce these rules.

Hunting Restrictions

It is unlawful:

1. For any person, resident or non-resident in the Province, to hunt or trap without a license;
2. To hunt or kill caribou, except in the Counties of Bonaventure, Gaspé North and Gaspé South;
3. To kill more than one moose or one deer in the course of any season;
4. To kill cow moose, or the calves of moose or of deer;
5. To use jacklights, snares, ropes, nets or traps to hunt moose, deer, or caribou;
6. To hunt deer, moose and caribou between one hour after sunset and one hour before sunrise;
7. To use dogs to hunt the above mentioned animals;
8. To allow dogs at large in places frequented by deer. Any person may, without incurring responsibility, kill such stray dogs;
9. To hunt, kill or take moose or deer in their winter yards or by taking advantage of snow crusts;
10. To buy or sell the flesh of deer, moose or caribou;
11. To ship game unless the names and addresses of shipper and consignee together with full description of contents be indicated on the parcel or container;
12. For any person to hunt without the permission of the lessee, in any territory under lease.

MIGRATORY GAME BIRDS

13. To hunt, kill or attempt to kill

migratory game birds by means of airplanes, yachts, power boats or sailboats, or with the use of lights or live birds as decoys;

14. To use any automatic repeating shotgun, or any rifle, to hunt migratory game birds;

15. To hunt such game between one half-hour after sunset and one half-hour before sunrise;

16. To disturb, damage, gather or remove, at any time, the eggs of any migratory game bird;

17. To buy, sell, or offer for sale any migratory game bird;

18. To hunt, kill, or take any insectivorous bird at any time by means of nets, traps, snares, cages, or by any other means.

OTHER BIRDS

19. At any time of the year, to kill, hunt, catch, take, wound or molest any of the following birds, or to disturb or remove their nests or their eggs: crows, larks, brown thrashers, red polls, blue-birds, pipits, siskins, goldfinches, longspurs, cross-bills, juncos; eagles, finches, and sparrows of all varieties except the domestic sparrow.
20. To hunt, catch or trap fur-bearing animals out of season, and in season without a license;
21. To use poison to hunt or kill any animals or birds;
22. To destroy or damage lairs or burrows of fur-bearing animals;
23. To keep in captivity fur-bearing animals or game without special permit.

FURS

24. To buy or sell any fur or pelt for commercial purposes without a license;
25. To ship any fur out of the province, or from one place to another within the province, or to a tanner, without a permit or without royalty having been paid on each pelt having been stamped or scaled.

MAURIELLO HAS SLIM CHANCE WITH LOUIS

New York, Sept. 13.—(P)—Joe Louis figures to take care of Tami Mauriello inside six rounds when the Detroit Bomber makes his 23rd heavyweight title defense in a scheduled 15-round fight in Yankee Stadium next Wednesday night. I arrived at this conclusion after examining Louis' almost perfect record. In the 22 previous title battles he has been "forced" to go 142 rounds. A simple case of division shows that the Negro's opponents last an average of six rounds.

And Tami, the Bronx Beer Baron, is nothing more than an average fighter and a mediocre boxer. True, he has never been knocked out, but Mauriello has been very careful of his ring opponents. It seems he never has fought anyone with a knockout punch.

I have seen Mauriello groggy from blows to the head and jaw against the much lighter Bruce Woodcock, British Empire Heavyweight Champion, and against Lee Oma's lackadaisical left jab. But he never yet has taken a Joe Louis punch. The Bronx tavern owner knocked out Woodcock in the Garden last May and beat Oma twice in the meetings.

Feeling that Tami has about one chance in 100 of beating Louis, I put the question point blank to Mr. Mauriello as he sat his very large frame in a soft sofa at a Country Golf club a few miles from New York which he has since deserted because "the fresh air was too much."

"Sure, I have a chance," Tami said. "After all Louis has to fight me."

That's where Mr. Mauriello is wrong. Louis doesn't have to fight him or anyone. All Mr. Louis has to do is punch. And he's learning rapidly.

ROY DEFEATS MAILHOT IN LOCAL TOURNEY

Play resumed in the Mt. Pleasant Tennis tournament last night with some closely contested matches played.

Bill Jones defeated Guy Choquette 7-5, 4-6, 6-2. In a hard fought battle Roger Roy defeated Paul Mailhot 7-5, 2-6, 7-5. Simone Chevalier and Pauline Joyal won by default from Giselle Royer and Florence Dauplaise.

Games scheduled for tonight are:

- 6:00: Bill Hammond vs. Andre Panneton.
- 6:00: P. Roy vs. N. Gagnon.
- 7:30: Helen Fitzgerald and Josephine Crochetiere vs. Pauline and Monique Boire.
- 7:30: Dennis Veasey vs. Jean Brien.
- 8:30: Jean D'Arcy Brien vs. Pauline Cote.
- 8:30: J. Longpre vs. Dr. A. Page.

Yesterday's Stars

By The Associated Press
Howie Pollet, Cardinals—Held Dodgers to five hits with a 10-2 victory, his 19th of the season.

Jack Hallett, Pirates—Blanked Braves with nine hits, 1-0.

Emil Verban, Phils, and Marv Rickert, Cubs—Verban scored in winning run in 4-3 opening game victory; Rickert's double scored Phil Cavaretta with run in 10th of nightcap for a 5-4 win.

Bob Feller, Indians—Held the Red Sox to eight hits and struck out seven for his 24th victory, 4-1.

Personal Question

OUTSIDER WON RICH TRACK EVENT IN U.S.

Westbury, N.Y., Sept. 13.—(P)—All the stirring stories about the fighting heart of a thoroughbred found a real-life hero today in Ap- Star, a five-year-old gelding which conquered early infirmities to reach harness-racing heights the hard way.

Fans may embroider the tale a little, in this thriving community 30 miles east of Metropolitan New York, but they won't be far wrong in their praise of the plaster-cast pacer who won the \$25,000 national pacing Derby in straight heats.

He did it last night at floodlit Roosevelt Raceway, leaving three Canadian-owned entries behind him in North America's richest Invitational Pace before 14,048 fans.

The Canadian invaders—Ron Todgham's Frisley Lee from Chatham, Ont.; Dr. R. W. Leatherdale's Blue Again from Windsor, Ont.; and Guy H., seven-year-old half-bred owned by Elzeur Cournoyer, Sorel, Que., lumber merchant, finished unplaced in both heats.

Spinning around Raceway's sharp bends for a 2:03 3-4 mile in the first heat of the free-for-all event and 2:05 in the second, Ap- Star won the \$10,000 purse for owner R. L. Craig of Urbana, O.—more than twice his earnings in three previous seasons.

The chestnut gelding, driven by Canadian-born Will Fleming, thus apparently reached the summit of a slowly-developing career after once being relegated to the sidelines as a cripple.

No ill effects were apparent last night, April Star taking the first heat by a half-length from Jimmy Creed to pay \$830. In the second, he won easily as a \$5,900-for-\$2 shot, with Purdue Hal second. Jimmy Creed placed second in the event with a second and third in the two heats and Cardinal Abbe, 7-5 favorite in the first heat, was third with a third and a fourth.

Frisley Lee, entered only last Tuesday, for the first running of the Derby after setting a 6½-furlong track mark of 1:39½ last June 29, showed the most profitable tally of the Canadian challengers by finishing sixth in the first heat for \$800 and fifth in the second for \$1,000.

Guy H. flattened out in the first heat after displaying early speed but finished last. He was eighth in the second. Blue Again, world champion at a mile and a half but beaten by Guy H. in a match race at Sorel three weeks ago, was 10th in both heats.

The race was the last big event of a highly successful season for the Raceway, a compact, modern half-mile plant which draws nightly crowds of more than 10,000 for seven-race cards.

RACING HERE SUNDAY

The harness racing season continues here with four classes scheduled for the Exhibition Grounds track this Sunday afternoon at 1:30 o'clock. Thirty horses are entered already for the classified, 2.15 bar trot and pace, 2.17 or 2.12 bar trot and pace, and 2.25 or 2.20 bar trot and pace, for a total purse of \$800. There will be two heats in each class.

SPORTING NOTES

Detroit, Sept. 13.—(P)—Bill Dickey was reported early yesterday to have told President Larry MacPhail he would retire as manager of the New York Yankees of the American League when the season ends at the end of this month.

Dickey, Yankees' star catcher who succeeded Joe McCarthy several months ago, assertedly telephoned MacPhail not to consider him in the Yanks' managerial plans for 1947. MacPhail announced at the time Dickey succeeded McCarthy as manager for the remainder of 1946 and all of 1947.

The Yanks, league pre-season favorites, provided a disappointment this year. They now are in third place.

In New York, MacPhail was not available for comment.

Vancouver, Sept. 13.—(P)—With the baseball season drawing to a close and the football season under way, hockey mentors are beginning to talk hockey.

Paul Thompson, who coached Vancouver Canucks to the Pacific Coast Hockey League championship last year and went on to annex the United States amateur crown, reports that many of his Canucks will be missing from the lineup this year.

"Four of our best men," Paul says, "Andy Cloverchuck, Ab McDougal, Bernie Bathgate and Alex Pringle are all in the camps of the big leagues."

Andy and Ab both are with Toronto Maple Leafs, while Bernie and Alex are at Chicago's Regina camp.

Large Field Of Golfers Will Play In Mount Orford Field Day

Golfers of the Eastern Townships have been extended an open invitation to join the Mount Orford Golf Club for their first Field Day to be held at Mount Orford on Sunday.

Spence Clark, club captain, states that the course is in excellent condition, and that everything is in readiness for a gala day on this picturesque 9-hole course, situated at the foothills of Mount Orford.

The officers and members of Mount Orford club are determined to put their opening field day over in a big way and are sparing no expense or trouble to make it successful.

For Sunday's field day, Mount Orford is opening their course to all Eastern Townships golfers, and individual handicaps will be considered.

An entrance fee of \$1.00 is being charged and entries will be accepted up to starting time Sunday, the day of the tournament. J. S. Moynan is in charge of the games committee.

Attached is the starting times and foursomes received to date:

12:00: E. W. Hall, Gordon Meek, J. McKnight, Flory O'Donnell.

12:05: Larry Pergeau, S. Clark, Rus McCabe.

perfect squeeze bunt in the ninth inning last night to bring in Les Borge with the run that gave the Royals a 2-1 victory over the Bears. The triumph gave Montreal a 2-0 edge in the playoff.

Glen Moulter of the Royals and Duane Fillette of Newark had duelled through eight innings deadlocked at 1-1 when Borge opened the ninth with a double. After two walks loaded the bases, Alex Muskatals took over and got the first man to face him but could not get by Campanis.

Borge drove in the first Montreal run in the opening inning but the Bears tied the score in the second on a double by Larry Berra and a single by Jackie Phillips.

Baltimore squared its semi-final series with Syracuse Chiefs at one game apiece by batting out a 7-4 victory before the largest crowd to watch a playoff game in Syracuse—12,419 fans.

The Orioles came from behind with a four-run outburst in the seventh to clinch the decision. A walk by Floyd Giebel to Joe Melendick with the bases full proved to be the winning run.
