Sherbrooke Daily Record.

Established 1897. SHERBROOKE, QUE., WEDNESDAY, JUNE 17, 1908. ONE CENT

JOURNEYED TO CANADA TO DIE BY HIS WIFE'S GRAVE.

Tragic Act of William Cunningham in Little Cemetery at Bury, at Midnight.

SEQUEL TO TEN MONTHS' MISFORTUNE.

His Wife Was Killed in the B. & M. Wreck Last Fall and He Was Seriously Injured—Has Not Been Well Since—Bullet Entered Below the Heart and Was Not Immediately Fatal—Condition Critical To-Day.

Bury, June 17. — (Special)—A sad and tragic affair occurred here, last night, when William Cunningham shot himself as he stood beside the grave of his wife, in the village cemetery.

The bullet entered about four inches below the heart. Having committed the rash deed, he was able to walk to the hotel where he reported his condition and called for a doctor.

His condition is precarious to-day, and the wound is regarded as an extremely dangerous one.

WENT FROM STATION TO CEMETERY.

Cunningham's home is at Ipswich, Mass. He arrived in Bury, last night, on the Halifax express, alone. It does not appear that he was expected here.

From the station he went directly to the cemetery, searched out the grave of his wife, and with a revolver turned against his breast fired.

Finding that the wound was not immediately fatal, as stated above, he made his way to the hotel not far distant where he appealed for help.

He was cared for and doctors summoned. This morning, Dr. Williams was called from Sherbrooke, coming out by automobile.

WEIGHED DOWN BY HIS MISFORTUNE.

The misfortunes of the past year are no doubt responsible for the act of William Cunningham last night.

They date back to that fatal night, September 14th, last fall, when the southbound Sherbrooke to Boston train, crowded with people, returning from Sherbrooke Fair, ran into a freight on the Concord division of the B. & M. railway, between White River Junction and Concord, N.H.

The coach next the baggage car was smashed and nearly all the passengers in this car were either killed or injured.

Some thirty persons were killed and thirty-five injured.

Among the passengers on that train were William Cunningham and his wife formerly Miss Alice Vintinner, of Bury, also, Mrs. William Vintinner, and two other daughters, Miss Lillian and Miss Ella Vintinner.

This little party received the full force of this terrible wreck. Mrs. Vintinner, Mrs. Cunningham and Miss Lillian Vintinner were killed, Miss Ella Vintinner was very seriously injured and William Cunningham received injuries to back, chest and head from which he has never recovered.

He has spent the year in Massachusetts. His own health did not return. He mourned the loss of his wife. He brooded over his misfortunes.

Last night's tragic act is the sequel of the past ten months' misfortunes.

It is supposed that wearied of life he conceived the idea of a pilgrimage to Canada and here in the little village cemetery, at midnight, beside the grave of his dead wife to end his earthly troubles.

The trembling hand, however, did not direct the bullet to the heart and the unfortunate man still lingers in life to-day.

The affair is an unfortunate one and the community has been much shocked by the occurrence, recalling as it does, the sad losses sustained by a well known Bury family a year ago.

THE CONTINENTAL GLOBE TROTTERS.

Were in High Spirits on Second Day Out.

PLEASED WITH RECEPTION AT RICHMOND—ST. HYACINTHE LAST NIGHT.

Alphonse Boisvert and Ernest Leroux, the continental globe trotters, in a letter to the Record, mailed at Richmond, say: "We are safe and sound and happy. We put up for the night at the Brunswick Hotel and were welcomed as at home by Mr. A. Lane, son of the proprietor, who gave us the very best room in the house. We were very cordially received by Mayor Pearson and other citizens. To-night we shall pass in St. Hyacinthe."

The boys have not been heard from to-day, but judging from their good spirits on the morning of their second day out, they probably accomplished the day's task, and to-day will be on the third and last section of the Sherbrooke to Montreal portion of their trip.

FIRST DAY OF OPEN SEASON.

Great Numbers Went Fishing on Brome Lake Tuesday.

HUNDREDS OF PICKEREL AND BASS TAKEN WITH ROD AND TROLL.

Bondville, June 17.—(Special.)—The first day of the open season for fishing in Brome Lake began on Monday, 15th. Although the day was wet with a high wind prevailing, the lake was dotted with boats carrying disciples of Isaac Walton, who were all more or less successful. Hundreds of pounds of fine pickerel and bass were taken with both rod and troll. Since the lake has been thoroughly protected through the vigilance of the Fish and Game Club, the fishing has greatly improved, and the club is deserving of the hearty support and cooperation of all. The lake is one of the most valuable assets of this section of the Townships.

NEWS FROM THE COURT HOUSE.

Horse Case Of McShane Vs Pigeon Ajgourned.

DEFENDANT UNABLE TO ATTEND —CASES BEFORE JUDGE MULVENA.

The case of George McShane, Stanstead, against T. D. Pidgeon, St. Johnsbury, Vt., was before Mr. Justice Demers in the Superior Court yesterday. After the evidence of the plaintiff had been heard the case was adjourned until the 30th. Mr. Leonard, K.C., attorney for the defendant, filing an affidavit that his client was unable to be present through illness. Mr. M. F. Hackett, K.C., agreed to adjournment.

The action is one for $217 which the plaintiff, McShane, claims from the defendant, Pidgeon, being for keeping and training a certain trotting horse, named Frank Gould, which he contends belongs to the defendant and one, Robinson. The plaintiff alleges that Robinson paid his share for the keep and training of the horse, and that defendant, Pidgeon, refusing to pay his share, he had no alternative, but to bring an action to recover the amount.

The defendant, in his plea, states that he has now no interest in the said horse. When the horse was purchased in 1906 he entered into partnership with the owner of the horse, one being Robinson, to pay the expense of racing and keeping the said horse during the year 1906, and that a division would be made between himself and Robinson of any profits that would accrue from the purses which the horse might win at the various race meetings. At the end of the season, 1906, defendant says he paid the amount due by him and notified the plaintiff that he would not be any longer responsible for the keep of the said horse, as he had no further interest in him. Mr. Robinson, who was examined as a witness declared that the horse was worth $500, but was purchased in the first place for $675.

The defendant also contends that he loaned the money to Robinson to purchase the said horse, and that a horse then owned by Robinson was turned over as a partial payment being valued at $500.

CASES BEFORE JUDGE MULVENA.

HEAD-ON COLLISION NEAR NOYAN JUNCTION.

Two Freight Trains Travelling at High Speed Collide at Baker's Crossing.

CREWS JUMP AND ESCAPE WITH MORE OR LESS SEVERE INJURIES.

Noyan, June 17.—(Special)— The G. T.R. suffered another big loss of rolling stock on Friday afternoon at 1.30 when a heavy train of forty cars of finished granite, and running about 25 miles an hour, collided with the way-freight composed of only engine and caboose, travelling at forty miles an hour,

The collision happened at Baker's Crossing, one mile and a half east of this place, and exactly in the same spot that the passenger train ran off the track last March.

Conductor Reed, of the westbound train, had orders to meet the way-freight at Noyan Junction. Conductor Lavairie, of the eastbound train, also, had orders to meet at Noyan but ran past the meeting point which caused the mishap. A gang of men were working on the highway near the curve and ran to signal the freight to stop, but without success. The crews saw their perilous situation and jumped except the engineer, on the way-freight.

The trains dashed together with a crash that was heard for three miles. The engines reared in the air and the cars next to them were completely telescoped. Engineer Ezeman was picked up from the wreckage in a precarious condition. He had several terrible cuts on the face and head. Conductor Lavairie sustained several bruises when he jumped but not of a serious nature. Engineer Carr received a compound fracture of the leg. Conductor Reed was also, shaken up severely. Dr. Strong of Clarenceville, was called to the scene and made the men as comfortable as possible.

It took about about 24 hours to clear the track.

EARLY MORNING FIRE AT BEEBE PLAIN.

Store and Dwelling of Mr. C. A. Searles Destroyed.

CONTENTS OF STORE BURNED — SOME INSURANCE ON PROPERTY.

Beebe Plain, June 17.—(Special.)—A serious fire occurred here early this morning, when the store and residence of Mr. C. A. Searles was destroyed by fire.

The fire was discovered shortly after five o'clock by Mr. Searles and the alarm given. It was located in the back part of the store, where oil and other inflammable material was stored. It spread very rapidly and scarcely any of the contents of the store were saved.

The house was a part of the same building and was, also, destroyed. The contents of the house were removed.

It is thought that the fire had been smouldering in some sawdust for some days.

The loss will be quite heavy, partly covered by insurance.

It was with much difficulty that the nearby residences of Mr. Davis and Mr. Heseltine were saved.

It is understood the house was insured for $1,000 and the store stock for $1,500 in the S. & S. Mutual, with some further insurance in another company.

ONE-CENT-DROP LETTER RATE PASSED.

Bill Approved in Commons Last Night.

BILL TO RESTRAIN USE OF TOBACCO BY YOUNG PEOPLE.

Ottawa, June 17.—The Commons yesterday again put in some hard work on Government bills, with the result that considerable progress was made.

Mr. Aylesworth's bill to restrain the use of tobacco by young persons was also taken up. This prohibits the sale of cigarettes to any under the age of eighteen and the sale of tobacco in any form to a youth or maiden under that age, when the vendor knows it is for his or her personal use.

Late last night Mr. Lemieux's bill providing a one-cent drop letter rate in cities which have a free mail delivery, was passed.

Mr. W. R. Brock, of Toronto, and Mrs. G. A. Aird, of Detroit, Mich., are the guests of Mr. J. L. Cote, at the Lennoxville House.

HALF MILLION WORTHLESS ASSETS.

Inquiry Into The St. John's Bank Case.

IT IS BELIEVED HE WILL HAVE DIFFICULTY TO GET BAIL.

Montreal, June 17. — (Special)— The Hon. L. P. Roy is now in jail here and it is believed he will have great trouble in raising bail.

The case has been adjourned until the 27th of June.

St. Johns, Que., June 17.—A "black list," showing over half a million dollars of alleged worthless assets was disclosed yesterday afternoon at the preliminary investigation before Magistrate Lanctot into the joint charges against Hon. Philippe Roy, former president; P. I. L'Heureux, ex-manager, and P. Baudouin, acting manager of the defunct St. Johns Bank, who were arrested a few days ago on the double charge of issuing false reports to the Government as to the financial status of the bank, and of conspiracy to defraud.

The complaint on the first charge was lodged by Mr. J. P. Knight, secretary-treasurer of the Canadian Bankers' Association, at the request of the Minister of Finance, and the second by Mr. Thos. Lawson, of Ottawa. The three accused were present in court, which was crowded to its capacity. They sat beside their counsel; Hon. Mr. Roy being defended by Messrs. N. K. Laflamme, K.C., D. Giard and J.F. St. Cyr, while Messrs. R. A. E.Greenshields, K.C., and J. Cartier appeared for Mr. Baudouin, and Mr. C.W. Wilson for Mr. L'Heureux. The prosecution was conducted by Crown Prosecutor Hibbard, of Montreal.

Hon. Mr. Roy has not yet succeeded in providing the $60,000 bail money required of him.

MR. BOURASSA LEADS IN ST. HYACINTHE.

Was 37 Ahead at Adjournment Yesterday.

HON. P. E. LEBLANC MAKES GAINS IN LAVAL RECOUNT.

— St. Hyacinthe, June 17.—At the adjournment of the recount in St. Hyacinthe last evening Mr. Bourassa had a majority of 37, with the contents of fourteen ballot boxes yet to be examined. The recount will be continued to-day. Mr. Justice Martineau gave his decision at 2 o'clock to the effect that the contents of the poll giving Mr. Morin 31 of a majority, must be rejected from the count, because of the numbering of the ballots. Mr. Bourassa also made a gain of five votes, irrespective of this decision.

HON. P. E. LEBLANC GAINING IN LAVAL.

Montreal, June 17.—Eight votes have so far been gained by Hon. Mr. Leblanc as a result of the recount for Laval county, which commenced yesterday and was continued this morning. The gain for the provincial Conservative leader was made after the contents of seven ballot boxes had been recounted, and there are eight more boxes to be examined.

This means that Mr. Levesque, the Liberal candidate, has now a majority of 9, compared with 17, as announced by the returning officer. The recount was resumed at 9 o'clock this morning before Mr. Justice Davidson, and Hon. Mr. Leblanc's supporters are hopeful that he will finally win out as a result of the judicial examination of ballots originally rejected by the returning officer.

The horse race, which was to have been held Tuesday at Megantic, was cancelled on account of the heavy rain during the past couple of days. It is to be held at St. Evariste, Beauce county, on Thursday and Friday.

SEIZURE OF NETS AT NOYAN.

Twelve Large Nets Valued at $200 Taken From River Sunday.

LAW ENACTS THAT NETS MUST BE WITHDRAWN OR CLOSED ON THAT DAY—MESHES ALSO WERE TOO SMALL.

Noyan, June 17.—(Special.)—Mr. J. R. Innes, Secretary of the Province of Quebec Association for the Protection of Fish and Game, Mr. E. G. Fadden, Secretary of the Missisquoi Association, together with Mr. J. Norman and Mr. J. Walker, Provincial Game Wardens, seized twelve large whoop nets in the Richelieu River Sunday valued at $200. These nets were seized in accordance with the fishery laws, as all nets must either be lifted during the Sabbath or closed. The nets were all open and contained over 200 lbs. of fish which were all confiscated. This is the largest seizure made here for some time. Another big haul is expected some time during the week. The work of these two Associations is approved by all true lovers of sport. The parties will be prosecuted this week. The nets will probably be destroyed. It is believed that the meshes are much smaller than the law allows. They were only three-quarters of an inch.

The law calls for 1¼ inches.

EAT ORANGES

IF YOU WANT TO KEEP WELL

Careful tests have proved beyond question that orange juice has clearly defined medicinal virtues. Those who suffer with Indigestion—are compelled "to diet"—find that after eating oranges regularly for breakfast there is no distress, no palpitation.

Where there was a tendency towards constipation, the eating of oranges regulated the bowels.

In skin troubles, those who began the morning meal with an orange were noticeably improved.

There is, however, a quicker way to get better results. This is to take one or two "Fruit-a-tives" tablets at bedtime in addition to the juice of an orange before breakfast the next morning. "Fruit-a-tives" are the juices of oranges, apples, figs and prunes, in which the medicinal action is many times intensified by the special way of combining them. Valuable tonics are then added.

Take the juice of an orange before breakfast—take "Fruit-a-tives" at night—and you will quickly be rid of Indigestion, Stomach Troubles, Constipation and Biliousness. "Fruit-a-tives" are sold by all dealers at 50c a box—6 for $2.50. Sent on receipt of price by "Fruit-a-tives," Limited, Ottawa.

BISHOP PRAISES QUEBEC.

SAYS IT WOULD BE WELL IF GREAT BRITAIN WERE AS SOBER.

London, June 17.—Speaking at the Church of England Temperance Society reception, the Bishop of Montreal said if only Great Britain were as sober as Quebec it would be the greatest blessing to the Empire. The French Canadian peasantry were as respectable as any in the world.

Presiding at the breakfast given by the Church of England Temperance Society to the bishops attending the Pan-Anglican Congress, the Bishop of London extended a hearty welcome to those who had come from the ends of the earth. He felt great pleasure because of the delightful work he had seen in Canada and the United States. He had a good time in Canada, and hoped to do his best to return that hospitality while they were in the old home country.

Splendid weather marked Monday at Knebworth, when Lord Strathcona entertained the members of the Pan-Anglican Congress, and a number of Canadian visitors to England. It required fifteen special trains to convey the guests to Knebworth.

Race Track Gambling.

Horsemen everywhere are taking a lively interest in the effects of the Hart-Agnew bill passed last week and which prohibits race-track gambling in New York state under heavy penalties. Professional gamblers have steadily urged the specious argument that the strongest claim of horse racing upon popular favor was its tendency to improve the quality of horse flesh and that betting on the races was merely incidental to the sport. Their cry now that the same sport will be ruined by the new anti-gambling measure shows up the dissimulation in their previous claim, and, proves moreover, if true, that the sport of horse racing is incidental to the business of gambling. The scene at the Gravesend meet Saturday was amusing. The bookies were warned before the first race was called that neither the New York nor the Brooklyn Jockey Clubs would countenance gambling, under the new order of things, and that any betting indulged in would be at the personal risk of those making the wagers. The bookies seemed hopelessly at sea, but a few wagers were more or less openly ventured, none the less, and a couple arrests were made of well known gamblers. The scene grew gloomier and gloomier and the sporting atmosphere more and more oppressive until finally the band struck up the dead march and the humor of the situation came to the surface.

Foresters' Insurance Rates.

Latest among fraternal orders to be brought face to face with the necessity of increasing rates for insurance is the Independent Order of Foresters. Old members on who the new rates will hear most heavily, object strenuously but the Order has no alternative to follow, unless it might be to favor members of long standing at the expense of young members and members to be secured. The chief obstacle in way of adopting this plan, aside from the departure it would mean from the scientific basis of life insurance is it would prove a heavy handicap on securing new members at all, and this would be fatal. Time has shown that fraternal insurance rates were calculated too closely, or not correctly, in the first place and one by one the different orders have had to increase them, distasteful as the task has undoubtedly been. In the long run it is impossible for fraternal orders to sell safe insurance at less rates than the line companies, and this fact, assured now beyond a doubt, will detract greatly from the popularity which fraternal insurance has hitherto enjoyed.

A Small Improvement Needed.

The most indifferent railway service will create a certain amount of traffic but improved service and equipment increase traffic and that road which is most solicitous of the convenience and comfort of its patrons is cultivated by the travelling public. This has been and is still the lesson of modern railroading. The same idea applies with almost equal force to street railway service. Studious attention paid to the comfort and convenience of the public attracts business while neglect of the small things has a tendency to drive business away. Our own street railway company offers one case in point. The open cars are difficult to climb into by all but spry persons for the reason that there is only the run-board between the ground and the floor of the car. A second run-board set about ten inches from the ground, could be added at small expense and would be found convenient by the majority of persons patronizing the cars as well as a subtle inducement to ride to those who now find it difficult or impossible to get on the cars at all.

Effects of the Limelight.

Several of the so-called trusts, so called trust so numerous now in the industrial life of the United States, have recently made sweeping reduction in their capital stock to bring that factor more in line with the capital actually interested, in other words to squeeze out the water. Hard on the stockholders as this course certainly seems to be, it is based on a tardy return to sound business principles, which should never have been deserted. Watered stocks have been one of the aspects of trust formation most open to criticism. Capitalization based on actual investment and government oversight of business methods will relieve combinations of capital of two great drawbacks to which they are now subject.. As has been said so often combination is in line with the spirit of the age and trusts so reformed would make for economic efficiency and industrial betterment.

Not Quite Perfect.

Street delivery has relieved the average citizen from the necessity of calling at the Post Office for his mail; letter boxes scattered over town make it unnecessary for him to go to the Post Office to mail letters, but his inability to mail newspapers or parcels except at the Post Office is the missing link in the chain. One such box was recently placed at the corner of King and Wellington streets and is proving a great convenience to people living in the locality. Possibly the government would be willing to furnish more of these boxes if properly approached. They cost practically nothing to maintain so that the purchase price is the only outlay required. Utmost convenience is the well settled policy of postal services in all modern countries and the lack of street boxes for parcel mail in any city large enough to have street delivery causes the service at all such points to fall just that much short of utmost convenience.

NO MEASURES TAKEN YET, IT IS SAID, TO COMBAT THE DISEASE.

Caracas, June 17.—Several cases of bubonic plague have occurred here within the last few days, indicating that the city has been widely contaminated with the disease. Great alarm is felt because no measures have been taken as yet to fight the plague in this city, and there are no serums on hand. The railroad running from La Guayra opened Tuesday, passengers coming from that city being required to undergo a five days' quarantine. No action has been taken as yet by the diplomatic representatives of the foreign powers, although a meeting was held Saturday by these officials to consider the situation. Foreign interests here and in other places throughout Venezuela are greatly jeopardized because of the lack of sanitary measures and because of a decree issued by President Castro recently, declaring that the epidemic was ended. The president, and his wife remain in the interior.

Boy's Wagons

There is a stage in the development of the boy when a wagon is absolutely necessary to his happiness. It comes somewhere between the drum age and the bicycle age, and the limit to his desire is the limit of the Old Man's pocket book.

We have half a dozen different kinds of boys' wagons in stock and can suit either the boy's fancy or the old man's purse — sometimes both. And the wagons are the best on the market.

INTEREST IN PROPOSED ROAD RACE.

Cowansville May Have a Competitor.

Y. M. C. A. HARRIERS WILL HAVE A 3½ MILE RUN TO-NIGHT.

Interest in the proposed Road Race to be held early in the fall, in Sherbrooke, is already being manifested by Eastern Townships runners at points outside of Sherbrooke.

A letter from one of the young sportsmen of Cowansville received this morning, says:

"In Saturday's issue of the Record I was interested to read the announcement of a road race, the chief attraction to be a cup presented by the Record and to take place early in the fall, at Sherbrooke.

"I am interested in this race and would be much pleased to receive as soon as possible full particulars."

The Record is much pleased at this early evidence of interest in the proposed event and it is hoped the towns and villages in the Eastern Townships outside Sherbrooke and immediate vicinity will furnish a good force of the competitors for the Eastern Townships championship.

Though the details of the race have not been definitely formulated, as yet, it may be said that it will be over a course of from seven to nine miles and will be governed by the rules usually controlling such events.

LOCAL HARRIERS WILL RUN TO-NIGHT.

The Y.M.C.A. Harrier Club will have another run to-night, starting from the Association buildings. The route will be Dufferin, Cressie, Melbourne, Prospect and Orford to the Montreal Road. The distance is about three and a half miles. There will be no racing, but simply a pack run and this should induce all runners to turn out whether they are trained or not as the pack will keep together until the finish at the Y.M.C.A.

There will be a meeting held after the run for the purpose of considering the advisability of holding a 100, 220 and 440 yard dash on the race track on June 24th.

The Harmony Band has offered $50 in prizes for these races, and it is hoped that a large number will attend the meeting as well as the run in the evening.

EAST SUTTON VS. EAST DUNHAM.

East Sutton, June 17.—(Special.)—The West Sutton baseball team played with the East Dunham boys at East Dunham on Saturday. West Sutton boys won the game by 10 to 2.

The baseball match booked to come off at Sutton on Friday afternoon was called off on account of no less than three members of the Sutton rep. team being out of trim from sprains or other disabilities.

NEWS FROM THE COURT HOUSE

(Continued from page 1.)

Wilson, of Dunboro, with living in conjugal union with his wife. It appears that the complainant and his wife were married on the 10th of May, 1891. The complainant was examined and stated that his wife left him a year ago last March. He had never seen the accused until that day but he was informed that she had gone to live with a man who worked as a carpenter and joiner. After hearing the evidence the Court held that the words conjugal union implied some form of ceremony joining the parties together, and the object of the law was not to prevent immorality but to prevent the union of persons of opposite sexes by a form which the parties supposed to be binding. The sub-section under which the complaint was laid aimed at one of the different forms of polygamy, and the complainant had wholly failed to prove any form of ceremony between the defendant and the wife of the complainant, and discharged the accused.

REVENUE CASES.

In the case of Morkill vs. Brouilard, and Morkill vs. Brisson, both of Asbestos, charged with illegal sale of liquor, the complainants were dismissed the proof being held to be insufficient to convict.

Narcisse Gagne, of Asbestos, was also charged with the sale of intoxicating liquor without a license. The evidence was taken yesterday afternoon, but the defendant not appearing, the case was adjourned until this morning when judgment was given against the accused to pay a fine of fifty dollars, and costs, or three months in jail.

MAY PERMIT CREDIT BETTING.

OPINION OF NEW YORK RACE TRACK LAW.

New York, June 16.—It is possible that the English system of credit betting may solve the problem which confronted the bookmakers following the passage of the anti-race track gambling laws by the State Legislature last week. This cannot be done without risk of arrest, but it will be only in the payment of wagers that any danger will be encountered. Assistant District Attorney Elder, of Kings County said Monday that while he is as determined as ever to stamp out gambling at the tracks, still there are some points which cannot be ignored. He said that to get a clear case against a bettor or a bookmaker, there must be a posting of odds, the passing of money, or the consummation of some sort of a contract. Asked if this would not permit credit betting at the tracks, Mr. Elder said it probably would, but would not permit the payment of wagers anywhere else at any later time, and that if such payments were made, they very likely would be taken cognizance of by the officers and prosecutions follow. Mr. Elder was in conference with Deputy Police Commissioner Baker Monday. He denied that there had been any trouble between himself and the police department.

RESOLUTION BY TORONTO CONFERENCE.

Recommends Enforcement of Laws Against Betting in Public or Private Places.

WILL MEMORIALIZE GOVERNMENT TO EXCLUDE LIQUOR FROM MILITARY CAMPS AND OFFICERS' MESS.

Toronto, June 16. — (Special)—"We regret that the demoralizing institution at Woodbine is opened semi-annually, and under the patronage of the Governor-General.

"While conceding the right to regulate his own private conduct, we feel that one who occupies such a position should not lend his influence to aid in enterprises so vicious in tendencies.

"We insist on right interpretation and enforcement of laws against gambling everywhere and such amendment to the Criminal Code as will facilitate the prevention and prosecution of all betting, and especially in connection with horse-racing, either on tracks or in any other place, public or private, whether the parties are standing, sitting or walking about, and that a copy of this recommendation be sent to the Dominion Parliament, Minister of Justice, and leader of the Opposition."

Such was the resolution recommemded by the committee on temperance prohibition and moral reform, and carried by the Toronto Conference.

The Conference will memorialize the Dominion Government to have the sale and use of liquor banished from military camps, officers' mess and drill hall.

They recommend that no Methodist young men should join the military camps until the conditions were improved.

QUEBEC BATTLEFIELDS.

CANADIAN CLUB OF BOSTON TO BE REPRESENTED AT TERCENTENARY.

Ottawa, June 17.—The secretary of the Dominion Central Committee of the Quebec Battlefields Association has received a letter from Asa B. Minard, president of the Canadian Club, Boston, intimating that the Club has appointed as a committee to be present and represent the Canadian Club of Boston at the Tercentenary celebration. Mr. Chas. H. McIntyre and Dr. R. H. Upham, two former presidents of the Club, who will be in Quebec during the celebration. Mr. Minard also, informs the secretary that the matter of subscription is being presented to the members of the Club as individuals and will undoubtedly be recognized and acted upon by many of them, as there is a widespread interest among the Canadian people in Boston in this commendable undertaking.

GEN. BULLER'S FUNERAL.

A GREAT DEMONSTRATION OF PUBLIC RESPECT FOR THE DEAD SOLDIER.

Exeter, June 17.—The funeral of General Sir Redvers Buller, which took place at Crediton with full military honors, and amid the mourning of the whole country, will be remembered as a most notable event in the lives of those who witnessed it. All the details of the military honors—the slow, sad procession of the troops, with arms reversed, the coffin lying on the gun carriage, the flutes wailing out the Dead March in "Saul"—the guns fired as the body was lowered into the grave beneath the limes, and the bugles of the Rifle Brigade sounding the "Last Post" when the Benediction had been given—all these emblems of honor to the memory of General Buller will be handed down as cherished traditions with the tales of Drake and Hawkins, and of the other Devon worthies who brought undying distinction and renown to their native country.

CITY NEWS

The Camera Club, which was inaugurated under apparently such favorable auspices, is no more. The little club room and work rooms are dismantled, the fittings and expensive apparatus disposed of, and other occupants have taken possession of the premises. The failure of the club, which is due primarily to the fact that the expenses were greater than the income, is a source of unfeigned regret to many, who believe that the artistic growth and life of the city depend upon the permanent establishment of just such organizations as the Camera or similar clubs. From a more material point of view, the affiliation of the Camera Club with other photographic societies in the United States and elsewhere had far reaching results in making the national beauties of Sherbrooke, the capital of the Eastern Townships known far and wide. There is a slight hope that the club will be reorganized again in the autumn.

KEITH.

Mr. and Mrs. Alexander McLeay left for Montreal the past week. He left Mrs. McLeay there for a time.

The annual meeting of the congregation comes off on Wednesday at 11 a.m. Lunch served by the Ladies' Aid of the church later in the day.

Recent guests are: Mrs. J. McAulay, Mrs. D. McAulay and Mr. Angus McIver, all from Milan, guests of Mrs. A. McLeay, previous to her departure to Montreal.

Miss Ellen McKay returned from Winslow after attending her sister, Mrs. J. McCaskill, who has been ill with rheumatism, but is convalescent. She leaves this week for a position in Richmond.

The Sacrament of the Lord's Supper was celebrated in Chalmers church the past Sabbath. Rev. Mr. Sutherland, from Kingsbury, and Rev. Mr. Matheson, from the Old Country, assisted Rev. Mr. McQueen during the services.

Our sympathy is extended to the family of the late Mr. Peter Young, in their sad bereavement, also the family of Mr. John McLean, of Lingwick, in the loss of their daughter.

SHERBROOKE'S OLDEST ENGLISH RESIDENT.

Mrs. Clarke Was 96 on Sunday Last

RECEIVED THE CONGRATULATIONS OF MANY OF HER FRIENDS.

On Sunday last, Mrs. E. Clarke, Melbourne street, celebrated her 96th birthday. Mrs. Clarke now is probably the oldest English resident of the city and during her long life has witnessed many changes. The little hamlet in the midst of the virgin forest, with a handful of houses, the modest homes of the first settlers on the banks of the St. Francis, has become a thriving city, full of enterprise and industry, and thoroughly modern, taking a foremost place in the province. Mrs. Clarke has always taken and still retains, the deepest interest in the town which has been her home for so many years. She is mentally as bright, and physically as vigorous as many of her juniors, and her memory is quite remarkable.

Her calm, peaceful disposition, and perfect faith and trust in the goodness of God, have enabled her to accept life's crosses, and losses, and turn them to blessings.

Now, at sunset, she is spending the golden evening of her days, in peace and happiness, surrounded by the loved ones who are left to her, and looking forward to the meeting with those who have gone before.

Numerous friends visited Mrs. Clarke on Sunday and she received many flowers, gifts and congratulations, on the happy occasion.

CARDINAL LOGUE WELCOMED.

THE FREEDOM OF THE CITY OF CORK TO BE EXTENDED TO HIM FOR HIS SERVICE IN IRELAND.

Queenstown, June 16. — Cardinal Logue, primate of all Ireland, was given a great welcome upon his arrival here Friday from New York on the Campania. The lord mayor, members of the corporation, representatives of the clergy and of many societies, chartered a steamer and went out to meet the liner. The cardinal was enthusiastic over his reception in America. He said he was deeply impressed by the flourishing state of the Church in the United States and by the close union of the priests and the people. The lord mayor intimated that it was the intention of the corporation to confer upon Cardinal Logue the freedom of the city of Cork as a mark of appreciation of the Cardinal's service to Ireland and because of the conspicuous honor done him by all classes and creeds in the United States and Canada.

WANTS 12,000,000 SHEETS OF PAPER.

STATE CALLS FOR THAT AMOUNT OF PAPER FOR ITS PRINTING NEXT YEAR.

Boston, June 16.—Approximately, 12,000,000 sheets of paper are required by the Commonwealth of Massachusetts in the course of a year for State printing. That is the estimate placed upon the requirements for the year ending June 30th, 1909, and for which competitive bids were received by the Secretary of State yesterday, from contractors. There were half a dozen bidders, and the results will be figured out in time for the next meeting of the executive council.

On book paper the State stipulates the price it is willing to pay and invites competition on the quality; on record paper it describes the quality required and asks for competition in prices. The total amount asked for is 14,550 reams and 7,500 sheets of Crane's bond and parchment. This makes a total of 12,297,000 sheets. Thirty reams are wanted for map paper.

DISTRICT ATTORNEY REMOVED.

IDAHO OFFICER'S LOYALTY IS QUESTIONED.

Boise, Idh., June 16.—Assistant Attorney General Cooley arrived here on Friday from Spokane and removed U. S. District Ruick from office by order of President Roosevelt and Attorney General Bonaparte. The reasons given are that Ruick's attitude with regard to important departmental affairs has been inconsistent with the idea of loyalty to the Government, and because of complaints that he would not pay debts for the reason that claims had been barred by the statute of limitations.

ENGLAND THROUGH OTHER EYES.

(From the Fortnight Review)

We cannot complain if many French critics and our climate depressing, nor if they do not appreciate our notions of Sabbath-keeping, or invariably admire the British public's method of holiday making. We are apt to strike even those of our own race who have been born in colonies as cold and distant.

CREAM OF THE WEST FLOUR

You are always safe in buying "Cream of the West" flour. Never varying in quality, the contents of one bag are exactly like the contents of every other bag—always up to the standard.

"Cream of the West" flour is made from only the hardest of hard Manitoba wheat, by the full Hungarian process. It fairly exhales the essence of prairie strength and purity.

"Cream of the West" is a home flour—nourishing, toothsome, and the standard for the housewife who prides herself on her baking. That's the reason why grocers recommend it.

WRESTLING.

FRANK GOTCH WILL WRESTLE IN SHERBROOKE.

Mr. W. B. Naylor, manager for Yankee Rogers, when in Sherbrooke for the Rogers-Turk match, promised he would bring down to Sherbrooke, during Exhibition week, the world's champion, Frank Gotch.

It is now announced that these matches have been arranged.

The first match, the date of which will be announced in a few days, will be between Fritz Mohl, the stalwart Champion of Germany, who has been wrestling in America this season, and Yankee Rogers. Mohl is a very big man, weighing 245 lbs., against the Yankee's 207 lbs. and is said to be one of the cleverest men in the business.

The second match will be between Rogers and Chas. Hackenschmidt, cousin of the great Hack.

Yankee Rogers, if still unbeaten, will wrestle Frank Gotch. Frank has sent word he will sign articles to wrestle here, immediately the date can be arranged. The men will wrestle for a substantial purse.

FLASHES.

New York, June 17.—(Special)—The Union Pacific is strong and reported rushing toward 150 now that the news is more favorable politically. Amalgamated is being bulled by important Boston interests. We continue to suggest Northern Pacific as the leader of the next rise in the market.

Anaconda is reported well taken care of.

Bullish operations are likely again in the market today following the development of an over sold condition and short covering.

Reports from Chicago this morning seem to continue reasurring. The Roosevelt stampede appears to be past. The object labor plank is doomed to death if the majority of the newspapers are to be true-sted.

OBEY ORDERS.

"A martinet," said Gen. F. D. Grant at a Memorial day banquet, "is generally a fool.

"They tell a story of a marinet of the civil war, a captain. He got orders from headquarters one day that his men were to change their undershirts.

"'But,' captain,' said a sergeant to whom this order was communicated, 'the men only have one undershirt each.'

"The captain frowned. Then he said :

"'No matter. Military commands must be obeyed. Let them change undershirts with each other.'"

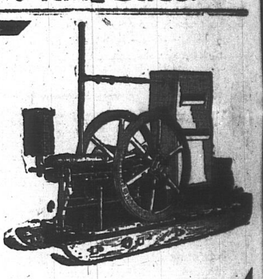
It is a Marvel of Simplicity



A good gasoline engine on the farm means that more and better work can be done at less expense than with any other power. When you consider the small amount of fuel a gasoline engine—like the International Harvester Company engine—consumes, you realize the fact.

More work can be done, because, there are no delays waiting to get up steam. Better work can be done, because, the power is steady. This engine adapts itself to the load it is carrying and requires very little attention. It will run the ensilage cutter, thresher, feed grinder, saw, pump, or any of the various machines about the farm, cheaper and better than any other power.

These gasoline engines are made in the following styles and sizes : Vertical, 2 and 3 horse power. Horizontal, portable and stationary, 4, 6, 8, 10, 12, 15 and 20 horse-power. Traction, 10, 12, 15 and 20 horse-power. One horse-power air-cooled ; also, sawing, spraying and pumping outfits and jacks.

Our Famous — 4, 6 and 8 horse-power— are substantially mounted on skids and fitted with friction clutch pulleys and electric dynamos for the ignition.

For full information concerning I.H.C. engines, call on the nearest local agent, or write nearest branch house for catalogue and other advertising matter.

THE SPEED OF A SLOW TRAIN.

(From the Washington Star)

General F. D. Grant at a recent dinner said of a slow railway in the South: "This line was so slow that the people took to lampooning it in the press. Thus one Memorial Day a planter wrote to the Rapier, the leading paper of his district :

The Editor of the Rapier—Dear Sir : Is there no way to put a stop to begging along the line of the railroad? For instance, yesterday an aged veteran with a wooden leg kept pace with the afternoon express all the way from Paint Rock to Nola Chucky and annoyed the passengers exceedingly, going from one open window to another with his importunate solicitations.
