Which Asylum?

Canadian Soldier Jumps To Commies; Is Granted Asylum

Berlin — (CP) — Communist East Germany said last night it has granted political asylum to a Saskatchewan soldier who had come to believe he and his Canadian comrades "were to be misused for a new world war."

The soldier, Ralph Bernard Cross of Moose Jaw, Sask., had been absent without leave for eight days. About three months ago he wrote to his wife Edith that he wanted a divorce. Married since 1949, the couple has three children.

Cross' flight was reported by the East German Communist news agency, ADN, which identified him only by a number. Canadian army authorities later supplied his full identity. He had been in West Germany with the 2nd Battalion, Princess Patricia's Canadian Light Infantry, since April 19, 1954.

Mrs. Cross said in Moose Jaw she had received a letter from her husband Feb. 23 in which he said he was "putting in for a divorce." He was "staying here for two more years at least" and he had hated his wife "for a long time."

The letter was unsigned. Mrs. Cross said her husband once threatened to kill her if she "married anybody else" and "often beat up on me and the kids."

His second-last letter home came about eight months ago. In it he had pledged fidelity to his wife and said he never left camp. He had become a cook.

A native of Battleford, Sask., whose parents now live in Vancouver, Cross has been married since 1949. His wife said he once called his mother-in-law "a so-and-so Communist."

The Communist news agency said Cross sought asylum partly because he had gained impressions while in the army that led him to believe "he and his comrades were to be misused for a new world war."

Vancouver — (CP) — A brother of the Canadian soldier reported to have been granted political asylum in East Germany says that "if he's in Communist hands, he was kidnapped."

Everett Cross said last night the family is "certain as death" that Ralph didn't desert.

He said Ralph had often said he hated Communists. "None of us has heard officially that he had crossed the border," Everett said. "All we know is what we have read and heard on the radio. I have tried to track down the story, but haven't had any luck so far."

"The rest of the family is just as sure as I am that if Ralph crossed the East German border, he didn't do it of his own free will. There have been cases before of the Russians kidnapping someone, then using him for propaganda."

U.S. Salk Remains Muddled

Washington — (AP) — The United States government and drug manufacturers sought today to work out differences over what constitutes a safe but workable testing program for Salk polio vaccine.

Their disagreement yesterday — another in a series of developments which have delayed the American inoculation program — came after Surgeon-General Leonard Scheele reported "we are now ready to move ahead."

Scheele announced a new set of manufacturing and testing standards had been prepared and a working committee of scientists appointed to supervise their operation. He expressed hope "that we can clear new batches of vaccine at the earliest possible date."

But when the new standards were outlined to representatives of the drug manufacturers, they raised objections.

The tentative specifications as given out were not entirely satisfactory, said Homer C. Fritsch, executive vice-president of Parke, Davis and Co., Detroit. "There are a lot of points that need to be cleared up before they become minimum standards."

The public health service did not make public the new standards, and Fritsch did not say to what provisions he objected.

Parke, Davis and Eli Lilly are the only firms whose product has been re-cleared after inspection of their plants and processes by teams from the public health service.

The other two vaccine makers are Sharp and Dohme, Inc., Philadelphia, still to be inspected, and Cutter Laboratories of Berkeley, Calif., whose product was withdrawn last month after a number of vaccinated children developed polio.

In New York, the Daily News says in a copyright dispatch from Washington that Ambassador Clare Booth Luce will fly home from Italy this week-end to be offered Ovea Culp Hobby's post as welfare secretary. The dispatch adds that President Eisenhower has become highly annoyed with Mrs. Hobby over the welfare department's handling of the vaccine matter.

Washington sources had no comment on the story.

Claims Immigrant Tortured Infant Day Before Death

Montreal — (CP) — The common-law wife of Vladimir Nekrasoff testified yesterday she saw him torture nine-month-old Susie Timm the day before the baby died.

Nekrasoff, 32, was arraigned on a charge of murder and remanded to jail pending preliminary hearing June 1. Police waved back a group of hissing women as he was taken from the courtroom.

Mrs. Honor Rogers, 22, who said she has been living with Nekrasoff for 18 months, was called to the witness box and testified she saw him mistreat the child last Sunday. The baby died Monday.

"He stamped on her body and said 'I hate her, she's a German,'" Mrs. Rogers said.

Nekrasoff, thin and fair-haired, was described by police as the offspring of Russian parents. They said he claims to have received a doctor's degree in Ger-

many before emigrating to Canada. He was arraigned shortly after a coroner's jury found him criminally responsible for the death of the infant, left in his care by an ailing mother.

Dr. Rosario Fontaine, medical expert, said the baby's body was covered with bruises "of different colors, showing they hadn't all been inflicted on the same day but over a period of several days."

A table fork with a blackened handle was found in the Nekrasoff room.

Mrs. Rogers said: "He heated the fork with a match, then he burned her buttocks and her feet. He put her on her feet and said, 'Look at her dance.'"

"I saw him put mustard in her mouth. She spit it out."

"He told me to shut up or he'd smash my face in. I had my own little baby, the same age. My baby isn't his child."

Blossoms In Springtime

A spring breeze turned this apple orchard into a fairyland paradise for five local children who romp through the new grass and try to catch the delicate blossoms. The wonder of it all is that in another few months the fragrant flowers will be shiny red apples. The orchard belongs to Keith Rose of Sherbrooke. (Record Photo by Gerry Lemay)

Ledoux Faces Roy Hamlin

By WARREN SPAFFORD

Gaston Ledoux, former Sherbrooke M.L.A., arrested last Tuesday, was brought to see Roy Hamlin in the Sherbrooke Hospital late last night. Subject of the visit was not disclosed.

Ledoux was brought to Sherbrooke from Montreal by Provincial Police detectives, then taken to Sweetsburg after his hospital visit. Officials at the Sweetsburg court said this morning that Ledoux is still in police cells awaiting someone to put up bail.

Judge Patrick Delaney, before whom Ledoux appeared on Tuesday on a receiving charge, fixed bail at \$500 cash or \$950 on property.

Preliminary hearing has been set for next Tuesday morning at Sweetsburg.

Ledoux was held on a two-day verbal remand in the company of Ubaldo Legault of the Provincial Police, presumably for further questioning. Since his removal from the Sweetsburg jail Tuesday afternoon, Ledoux's activities have been a closely guarded secret of the Provincial Police. His visit here late night came as a complete surprise. It was expected that he would be brought here after his remand terminated this afternoon.

There was no immediate indication whether police had succeeded in connecting Ledoux with Hamlin, who was shot in the leg and abdomen by a Magog constable during a robbery at Belanger's Garage, April 29.

Former Waterloo police officer Joseph Lacroix has also been arrested in connection with the Magog case and was scheduled for preliminary hearing this morning in Sherbrooke. It was postponed indefinitely.

When asked this morning whether any charge would be brought against Ledoux in the Magog case, Crown Prosecutor Roland Dugre replied, "I do not think so."

Ledoux was charged with being in possession of a \$900 ring, known to have been obtained illegally. The ring was taken in a robbery of Notary Jacques Noisieux in Granby on April 15. Notary Noisieux was an organizer for Ledoux in the 1952 Provincial elections.

Next step in the fast moving case will be the preliminary hearing in Sweetsburg next Tuesday. Thus far, no lawyer has appeared on behalf of Ledoux.

Russia formally agrees to meeting

Moscow — (Reuters) — Russia today formally agreed to a meeting of leaders of the Big Four powers to discuss world problems.

But in a note to the West, Moscow charged that the United States was trying to exert "intimidable pressure" on the forthcoming conference.

The note proposed Vienna as the meeting place, but said the date could be settled later.

Weather Matches Election Interest As Britons Choose Government

London — (CP) — Traditionally dull skies greeted the first voters today as balloting began in the general election contest between Prime Minister Eden's Conservatives and Clement Attlee's Labor party.

The weather office forecast showers later in the day, spreading from the west. But Britons are used to rain, and it was too early to determine whether the threatening weather would cut down the size of the vote.

About 28,000,000 of the nearly 35,000,000 eligible voters were expected to vote before the polls closed at 9 p.m. (5 p.m. ADT).

Beginning at 7 o'clock this morning, the voters marked ballot papers to elect 630 members of a new House of Commons. The decision may be known by early Friday—late tonight in the time zones of Canada and the United States.

Last checks by public opinion polls showed Labor had pulled up in the last few days of an unusually dull campaign. But opinion samplers still predicted that 51 per cent of the vote would go to the Conservatives, to 47½ per cent for Labor.

The rest was credited to the Liberals and smaller parties.

If borne out in the voting, these figures could give Eden's party an edge of about 80 seats. But many neutral observers suspected that the polls were some-

what optimistic toward the Conservatives.

When the old Parliament—of 625 members—was dissolved early this month, the Tories had an edge of 17 seats. Redistribution accounts for the five extra seats in the new House.

In the large cities there were heavy turnouts at many polling stations shortly after the balloting began. The arrivals were slower in the country.

Many workers voted on their way to the factories.

No early election incident was reported, and none was expected.

Unlike Canada, the United States and many other countries, there was no election day ban on the sale of alcoholic drinks. Instead, the pubs will be allowed to stay open until midnight—an hour and a half longer than usual.

Britons regard their pubs as unofficial forums where the citizens gather to await the outcome.

Another Conservative majority in Commons will mean a continuance of the domestic policy former Prime Minister Churchill and Eden have pushed since the Tories bested Labor in the 1951 election. This is private enter-

prise—but with welfare-state overtones and such pieces of socialism as the nationalized coal mines and railways, left over from Labor's 1945-51 tenure.

Labor, if triumphant, intends to move toward more government takeover. It promises to put back under state control the iron and steel industries and highway transport denationalized by the Conservatives in the last 3½ years.

The Socialists also have said they will nationalize parts of the chemical and machine tool industries, and later may move in on sugar and cement.

The Conservatives have campaigned on the rising prosperity which they say has accompanied their term in office. Eden held the voters: "At the present time this Britain of ours is selling more, earning more, buying more, saving more, exporting more and eating more than it has at any time in the history of the country."

Labor replied that Eden has been lucky, and that only close control of what Britain buys abroad can keep the nation of importers and manufacturers out of the red.

Hundreds Injured As Storm Sweeps Kansas, Oklahoma

Blackwell, Okla. — (AP) — A series of lethal tornadoes whirled across Kansas and Oklahoma Wednesday night hammering 13 towns and killing at least 74 persons.

Approximately 600 persons were injured. The twisters dealt the most punishing blows to Udall, a south-central Kansas community at Sweetwater in western Oklahoma. Lightning claimed two additional lives in Oklahoma.

The twisters, the year's most devastating, also roared into Texas but apparently caused no deaths in that state.

Udall was virtually destroyed. More than 100 persons were injured. In Blackwell, where the tornado levelled homes and factories in an east side area of about 36 square blocks, some 500 were injured.

Other towns hit included Genda Springs in south-central Kansas and Erick, Durant, Shattuck, Mayfield, Camargo, Leedey, Taloga, Cheyenne, Deer Creek and Strong City in Oklahoma.

Both Udall and Blackwell lost their electric power. Communications were hard hit.

The storm struck this town of 10,000 without warning in late evening, levelling homes and factories and plunging entire residential areas into darkness.

A two-block factory in the centre of the storm's path, caught fire after being flattened, but 35 workers on the night shift escaped before the big structure collapsed.

With telephone communications wiped out, amateur short-wave radio operators broadcast appeals for help which brought ambulances, doctors, nurses, firemen and rescue units from numerous surrounding towns.

Cries of the injured could be heard in the darkness as rescue workers swarmed quickly over the twisted wreckage of homes, armed with flashlights. Bulldozers were used to clear the streets of uprooted trees to make way for ambulances.

Broad trucks and other commercial vehicles were pressed into service to speed the injured to hospitals.

A temporary morgue was established at the National Guard armory and the members of the local guard unit patrolled the stricken area.

It was the worst tornado to strike Oklahoma since the devastating Woodward storm of 1947 which took 106 lives.

It also was Blackwell's second storm of the day. A 70-mile-an-hour wind uprooted warehouses, shattered store windows, tore down wires and uprooted trees in this same area before noon. A bolt of lightning killed an oil worker and a high school boy was electrocuted when he came in contact with a high-voltage wire knocked to the ground by lightning.

But Tito has repeatedly declared Yugoslavia's independence of East or West blocs, and reserved his right to resolve his country's future. He also has said Yugoslavia will not become a neutral buffer state, and has declared the talks will in no way affect his relations with the West.

Failing in this, it is felt the Russians might try to persuade Tito to adopt a neutral status similar to that which Austria assumed in exchange for her independence treaty.

Belgrade Ready For Soviets

Belgrade — (AP) — Flags left over from President Tito's birthday festooned Belgrade today for the arrival of Russia's highest leaders, coming to heal the seven-year breach between the Kremlin and the outspoken Yugoslav Communist marshal.

The government announced that the Soviet delegation would land at Belgrade airport from Moscow at 5 p.m. (noon, EDT). Earlier a terse announcement in the government newspaper Politika had left the arrival time shrouded in secrecy.

Politika urged Belgraders to line the capital's streets to show they "believe that the Yugoslav-Soviet talks will be fruitful and will contribute to the further improvement of relations between the two countries."

The Soviet delegation is headed by the Communist party chief, Nikita S. Khrushchev, Premier Nikolai A. Bulganin and Vice-Premier A. I. Mikoyan, a trade expert.

It appeared certain that Tito, who split with Moscow in 1948 rather than follow the Kremlin's dictates, would be at Belgrade airport to greet his guests.

Some Western diplomats believe Khrushchev and Bulganin, despite the harsh words bandied between Belgrade and Moscow in the last seven years, will make a final effort to bring Yugoslavia back into the fold of East European Communist states.

But Tito has repeatedly declared Yugoslavia's independence of East or West blocs, and reserved his right to resolve his country's future. He also has said Yugoslavia will not become a neutral buffer state, and has declared the talks will in no way affect his relations with the West.

British Election At A Glance

Facts and figures on today's British election:

To be elected — 630 members of the House of Commons.

Candidates — 624 Conservatives and members of allied parties, 620 Laborites and allies, 110 Liberals, 38 independents and small party members, 17 Communists.

Who can vote — 34,852,471 Britons over 21.

Main contenders — The Conservatives under Sir Winston Churchill and Prime Minister Eden have been in power since 1951. The Laborites under Clement Attlee ruled from 1945 to 1951.

Term of office — Nominally five years, but the party in power can call an election earlier. Thus the Conservatives, with more than a year to go in their term, called today's election in an effort to increase the small 17-seat majority in Parliament and gain a new five-year tenure.

Issues — On the home front, mainly prosperity and the high cost of living. In international affairs, Britain's position in an H-bomb civilization.

Polls close — 9 p.m. (4 p.m. EDT).

Two Asbestos Youths Die In Accident Near Warwick

Warwick — Two Asbestos youths were killed here late last night when their car left the road and struck a tree. Dead are Claude Barthe, 18, and Jean Louis Marcoux, 21. The two other occupants of the car were also injured. Andre Element, 19, received a broken leg and Bertrand Bernier, 20, cuts to the face.

Provincial Police reported from Victoriaville, nine miles from here, that the car, owned by Robert Roberge, of Asbestos, was a complete loss. They said one of the victims died at the scene of the accident while the other died in hospital at Arthabaska.

Unfair Competition Topic At Electricians Convention

The problems facing the electrical contractors of the province, especially those created by unlicensed and often only partially-trained individuals entering into competition with recognized tradesmen, are being discussed today at the fifth annual general meeting of the Corporation of Master Electricians of the Province of Quebec which opened its

Good Response Registered At Local Clinic

As the local Red Cross blood donor clinic goes into its last day, Sherbrooke headquarters announced that there is a need for 312 more bottles if it is to reach its objective of 1,000 bottles.

The first day donations, numbering 319, coupled with yesterday's take of 369 bottles has brought the total amount to date to 688 bottles, slightly more than two-thirds of the objective.

The clinic will be open from 2 to 5 this afternoon and from 7 to 10 this evening. The Red Cross urges each and every capable person to attend the clinic and give a small bit of their blood which will some day save a life.

three-day sessions at the Hotel Sherbrooke this morning. Proceedings opened at 10 o'clock this morning with the registration of the 200 delegates attending the gathering from all parts of the Province. Later the business sessions got underway in the Mayfair room in charge of Lucien Tremblay, of Montreal, president of the Corporation.

The highlight of today's sessions was the noon luncheon at which the feature speaker was Denis Tremblay, Sherbrooke architect, who dealt with the necessity of professional organizations, such as architects, electricians, etc., safeguarding the high standards set for their members and preventing unfair competition on the part of unlicensed and partially-trained non-members. This form of competition, he said, was not only a menace to responsible firms but offered a distinct danger to the public, often resulting in poor work and sometimes in accidents which caused the loss of life and great expense.

General sessions of the members are being resumed this afternoon, while a special program has been organized for the ladies.

Today's proceedings will wind up with a reception at the City Hall, when the delegates will be welcomed to Sherbrooke by Mayor Armand Nadeau, Q.C.

There will be an informal program for the delegates and the ladies in the Mayfair Room of the Hotel Sherbrooke this evening. Sessions will continue tomorrow and Saturday, winding up with a dinner and dance at the Belvedere Street armory on Saturday evening, the scheduled guest speaker at the dinner being Premier Maurice Duplessis.

Blood Clinic Tomorrow At East Angus

The Red Cross blood donor clinic of East Angus opens tomorrow with an objective of 300 bottles of blood.

It will be held from one to four in the afternoon and from six to ten in the evening in the Parish Hall on St. Jacques Street.

Last year, there were 223 donors, 146 of whom came from East Angus, 22 from Scotstown, 17 from Bishopton, Marleton, St. Adolphe, and Lime Ridge, 13 from Cookshire, 12 from Bury, six from Sawyerville, six from Weedon and one from Gould.

Since the response was so great at the last clinic, it is hoped by the Red Cross officials that the citizens of those communities will get behind this drive now and help them to surpass the objective.

Bishop's Chancellor Honored

John Bassett Receives Honorary Degree

Montreal. —(Special)— John Bassett, Chancellor of Bishop's University, president of the Sherbrooke Daily Record and president of the Gazette Printing Co., was yesterday awarded an honorary Doctor of Laws degree at convocation ceremonies of McGill University in Montreal.

Invested with the red gown and white hood, symbolic of the honorary Doctor of Laws degree, Mr. Bassett was introduced by Dean W. C. J. Meredith, of the Faculty of Law at McGill, who said, "There is among leaders in the newspaper world a fine tradition of public service, a tradition which Mr. Bassett has followed with great courage and enthusiasm. Chief among his wide interests is the cause of education, and today we are proud to do honor not only to a citizen of high standing but also to the distinguished chancellor of a sister university of this province."

McGill convocation was held in the Forum yesterday, the first time in four years that it has been forced by rain to convene indoors. The ceremony, which saw the conferring of degrees upon 1,064 graduates of the university, also saluted two other distinguished men, Dr. Harold W. Dodds, president of Princeton University for twenty-two years, who received the honorary Doctor of Laws degree, and Mr. Justice Gerald Fauteux, of the Supreme Court of Canada, who received the honorary Doctor of Civil Law degree.

Teachers Talk It Over

At the left is Horast Rothfels, retiring president, and Miss M. Sherbrooke County Teachers Name Miss M. Haight President

Adventures in Education was the topic chosen by Wright W. Gibson, guest speaker at the annual meeting of the Sherbrooke County Teachers' Association held last night in the Hotel Sherbrooke. Mr. Gibson, who is principal of the Sherbrooke High School and superintendent of Protestant schools in Sherbrooke, has recently returned from a tour of schools in Scotland and he discussed the adventures he had experienced there.

Dividing his speech into four headings, he mentioned the places he found most interesting, the people with whom he was most impressed, the ideas he had gleaned, and the methods and techniques of the Scottish schools.

Among the places he discussed were the historical spots of Runnymede, where he saw the new war memorial, which he called "a symbol of those who had given their lives for fabrics woven into our lives some 740 years ago"; the British Museum, where he saw the Magna Carta, which was signed in 1215 at Runnymede, and Westminster, where he sat for six hours in a debate in the House.

In Scotland, he stayed at Moray House on the Royal mile, from Edinburgh Castle to Holyrood Palace, and passed daily the home of

John Knox. In Northern Ireland, he visited Belfast and was a guest of the Irish Minister of Education, while visiting several schools.

Apart from the famous educators Mr. Gibson met, he considered his greatest experience was standing across from No. 10 Downing Street, when Sir Winston Churchill greeted the Queen on her arrival at the dinner party, when he handed in his resignation.

Among the educators he met were the chief of the Department of Education at Edinburgh, who had spent 11 years in Canada; the directors of Teachers Training College, who had spent five years at Columbia as a visiting professor; director of education in Shropshire, who is a personal friend of Dr. W. P. Percival, and several men of an advanced education group, including some from India, Greece, Pakistan, Austria, North Bay, Ont., and one who had graduated from Oxford and studied in Germany and Ireland.

Leonard Brockington, Canadian lawyer, he said "Canada is a surprising, resilient shaggy land of many races who have placed gifts on the altar of generous citizenship."

Agreeing wholeheartedly with this, he said "We, as teachers, have to have confidence in ourselves. Our profession and our whole approach should be positive." Mr. Gibson went on to say that in Britain the teachers are well trained, but they do not talk about it positively.

He said he felt teachers should be active professionally and socially, and should be well-informed in all walks of life. "When we mix shoulder to shoulder with people we are then well-informed and can discuss anything with them."

Mr. Gibson said teachers should become more interested in summer schools, times when they can take extension courses. "There are 76 different summer schools being held in Britain this year. And the opportunity they offer for contrast and exchange of ideas is appealing."

He continued by discussing how the British school system differed from the Canadian. There are two types of schools

Weird Doings In Appearance Of Aunt Susie

As usual, Aunt Susie is an eccentric, man-hating spinster. But this Aunt Susie is different. She inherits a sausage factory! This along with the house and property of her late and lamented schoolmate, Cora King.

When Aunt Susie's niece and the colored maid arrive to examine the property, they are confronted with a series of mysterious and hair-raising events. But this is only the beginning. Aunt Susie learns from the King's lawyer that she will only inherit the property providing she is married to one of Cora's cousins, a man named Omar Graves, within thirty days. Aunt Susie hits the ceiling and prepares for a battle.

To make matters worse, niece Joy is secretly engaged to young Johnny Rogers who turns up unexpectedly disguised as an old man. Aunt Susie mistakes the hapless Johnny for Omar Graves and poor Johnny is on the verge of nervous prostration when the real Omar Graves arrives.

Lights flash off and on, characters disappear, strange visitors run in and out and at midnight weird sounds are heard coming from the factory next door. What happens when Aunt Susie ventures alone into the factory and finally "shoots the works," will be revealed next Tuesday evening when the St. John's Church players from Waterville will stage this three-act comedy, "Aunt Susie Shoots the Works," in the St. Peter's Memorial Hall at 8:15 p.m. Tickets may be obtained from any member of St. Peter's A.Y.P.A., sponsors of this event.

Behind Russia's "NATO."

It would be wrong to underestimate Russia's recent action in setting up a sort of "eastern NATO" formally drawing together the satellite nations in a military alliance.

Admittedly, for all practical purposes this compulsory association under Soviet domination has existed for a long time. But there would appear to be advantages in having it out in the open.

With the veil of pretense dropped, the satellite armies could be considerably enlarged. Bigger airfields and other supporting facilities can be built — closer to Western targets.

Further more, under such a formal arrangement, the Soviet government presumably would have a legal excuse for keeping its own armed forces on satellite soil indefinitely.

Those troops are supposed to get out when the Russians evacuate Austria under the peace treaty terms. Their presence was justified only on grounds they were necessary to keep open the military supply lines to Austria.

The new Warsaw defense pact, however, would seem to sanction continued Soviet occupation and even allow the moving of Soviet forces to more advanced positions in the satellites than they now occupy.

It is no secret that the satellites are difficult to control by mere political means. The presence of Soviet armies, serving in "friendly alliance," will surely act as a damper on any developing unrest.

The existence of a formal treaty

with the satellites also gives Moscow a new bargaining point in any big power discussions aimed at easing European tensions.

The Kremlin can urge the scrapping of NATO, and promise in return that it will scrap the Warsaw pact. Up to now it could not make such a balancing offer, since it could hardly promise to cancel a military arrangement which it was pretending did not exist.

There is really no chance of the West accepting such a deal, inasmuch as it would be an utter fraud. Without the Warsaw agreement, the Russians simply would revert to the same sort of thinly disguised military management of the satellites which existed previously.

But it must be realized that to neutralists in Europe and beyond, the proposals of a straight-out trade — "you cancel your defence pact and we'll cancel ours" — would have a powerful appeal. It would give an air of reasonableness to Soviet peace manoeuvres.

So, clearly, we cannot fairly dismiss the Warsaw pact with an indifferent shrug. It is one more bold, fresh effort on the Kremlin's part to recoup the loss it suffered in Europe when West Germany joined NATO under agreements authorizing its rearmament. For the West thereby solidified its strength, and pushed the Soviet Union into a wholly new source of strategy.

What the West must never forget is that the new strategy is aimed at the same old goal — global conquest.

Passing The Buck

Typical of public thinking in Canada today is the report of the Saskatchewan Commission on Agriculture and Rural Life, a provincially-appointed body, which offers some fine solutions for the problems facing the farmer today — providing the federal government foots the bill.

And just to emphasize that this feeling of "let the other fellow pay" is not confined to Saskatchewan, we have only to remind ourselves of some of the proposals advanced by many local governing bodies in this province to meet their financial difficulties. They are many and varied, with each individual apparently having his own ideas as to how conditions might be relieved. But they all have one common basis — let the other fellow foot the bill. In some cases they propose that the federal or provincial governments take over certain responsibilities of the municipalities. Others suggest that the senior governments abandon some of their traditional sources of revenue to the municipalities, or at least that

they share these revenues.

But they all seem to forget one thing. Regardless of which government writes the cheque, the funds all come from the same account, that of the taxpayer.

Admittedly, there may be major inequalities between the distribution of revenues and financial responsibilities of the various governing agencies, but the greatest difficulty of all is the lack of appreciation for the need of economy and efficiency in government services.

Dominion, provincial and municipal governments are facing many major problems and many of these are overlapping. It would seem that the most effective way of meeting the situation would be for the various agencies to get together and prepare a co-ordinated plan so that each could accomplish that for which it is best fitted. This would be infinitely superior to the present practise whereby each goes along on its own way, one carrying out works totally unrelated with that done by others.

Fine Record

Canada, Denmark Report Safe Salk Shots

(By The Associated Press)

Canada and Denmark have vaccinated about 1,150,000 children against polio with Salk-type vaccine, and officials say not a single case of the disease attributable to the serum has turned up in these two countries.

Canada has inoculated about 750,000 children so far.

In Denmark, 400,000 children have been inoculated.

Canada and Denmark are the only countries outside the United States carrying on programs of mass inoculations.

In some, polio is not a major medical problem. These include Italy, France, Belgium and the Netherlands, although France's Pasteur Institute is developing a vaccine similar to Dr. Jonas Salk's and plans to test it on a wide scale in about two months. Shortage of the vaccine has delayed some programs. Norway for this reason has postponed indefinitely an ambitious campaign to inoculate all elementary school pupils. Switzerland does not expect supplies from the U. S. until August, and will test it extensively before using it.

News of difficulties in the U. S. with the vaccine has delayed other programs. Britain's med-

ical research council, which planned test vaccinations, is awaiting a study of safety methods a member of its staff is making in the U. S.

Germany's first mass vaccination, in Frankfurt, has been put off until after the dangerous summer season. A German-made vaccine has been on sale in pharmacies since May 14 and several thousand children have been inoculated. No post-vaccination polio has been reported, but the state of Hesse stopped the sale there Tuesday. Officials said test animals inoculated with the vaccine became ill, and further tests would be made to determine why.

Sweden says it will inoculate

1,000,000 persons with its own vaccine next year. Prof. Sven Gerd, of the government bacteriological laboratory, said the serum was tried on 2,000 Stockholm children earlier this year and no polio cases developed.

Salk vaccine is made from tissues of monkey kidney. Sweden's is cultivated on human tissue, from legal abortions.

In the United States, about 6,000,000 children have received first shots in a three-shot series. When post-vaccination polio began cropping up last month, the mass vaccination program was slowed and finally suspended for safety checks of the vaccine. Inoculations since then has been at a virtual standstill.

What Other Papers Say

LESS THAN 50 CENTS

St. Thomas Times-Journal
It is no consolation to Canadians to know that our neighbors are no better off than we are, but the parallel is near enough to be a matter of mutual interest.

Latest edition of the Tax Foundation's Fiscal Facts shows that prior to the outbreak of World War II, a mar-

ried man with two children in the United States who earned \$2,000 a year, or about \$40 a week before taxes, would now have to be earning \$4,182 to be as well off as he was 16 years ago. Similarly, if he earned \$3,000 a year he would now have to earn \$6,577 to equal his 1939 earnings.

Thus his dollar is worth less than 50 cents.

Windsor Mills Airport Plan Held Impractical

The Editor,

Sir:

With reference to your editorial on the always interesting subject of an airport for our city, I am quite sure you will find a good deal of information at the City Hall. This was gathered about 1946.

At that time it was felt we should buy the existing buildings which had been used for the Elementary Flying Training School.

It was found then that an airport at Windsor Mills for Sherbrooke was not too practical. The normal driving time from city to field was about 40 minutes. Fly-

ing time to Montreal, including parking and boarding plane, would be about 60 minutes. Taxi from Dorval to Peel Street and St. Catherine Street, Montreal, 60 minutes. Total 2 hours and 40 minutes.

As you know a person can drive from Sherbrooke to same location in Montreal in about 2 hours and 30 minutes.

If you investigate further you will find other reasons which made the project impractical.

Yours very truly,

GUY BRYANT.

With Billy Graham

By GEORGE BURNHAM

London. — Christian visitors from throughout the world are flying into London daily this week to see the wonder of Wembley—nightly responses surpassing those of Pentecost.

There have been arrivals already from India, America, Hong Kong, South America, Africa and several countries of Europe. And more are coming every day to hear the message being preached by Evangelist Billy Graham and to see with their own eyes the incredible things about which they have heard.

The world at large may be more interested in other things, but the eyes of the Christian world are on Wembley Stadium, where something unusual is happening under the worst possible conditions.

In four services, despite bitter cold and rain, Billy has spoken to an estimated 230,000 people and has seen about 13,000 of them walk out of the stands before their fellow countrymen and surrender their lives to Jesus Christ. This is an average of over 3,000 decisions each night. The greatest number of decisions recorded in the Bible for a single service was Pentecost, when the Apostle Peter preached and about 3,000 were added to the church.

(Acts 2:40-41. "And with many other words did he testify and exhort, saying, save yourselves from this untoward generation. Then they that gladly received his word were baptized; and the same day there were added unto them about three thousand souls.")

The message that is bringing such amazing responses isn't an easy "pie in the sky" theology. It is simple and plain, with no pulled punches. The heart of the message, night after night, is one that has been declared out of date by thousands, including many church leaders. But Billy preaches it anyway.

"I am determined," he said, "to know nothing among you, save Jesus Christ and Him crucified." All of his sermons are dominated by an ugly cross. "I want the world to get a picture of that cross," he said. "There was nothing pretty about it. It wasn't the shining cross you see on church steeples and hung around people's necks. Jesus Christ, the blessed Son of God, hung there between heaven and earth and died an agonizing death. They drove a spike through each hand and another through his feet. They put a crown of thorns on his head. They spat in his face.

"Now get this straight: He didn't have to die. He died because he loved you. He died because you are a sinner by birth and by choice. And he knew

that his death was necessary if your sins were ever to be forgiven. You may be the biggest shot in town, but you can't pull any strings with God.

"Before you get to heaven you are going to have to stand at the foot of that cross and surrender your life to Christ. There is no other way. You can look at the cross with your intellect, say 'that's such a noble thing for Him to do and I believe it.' That's not enough. You can look at the cross and get emotional about it saying 'I love a man who would die for me.' That's not enough. You must look up at the cross with childlike faith, and surrender your will to Christ."

It's a hard, uncompromising message, but it's the message that is reaching the hearts of people.

The week of service at Wembley will be concluded on Saturday with a service in the afternoon and another at night. Over 200,000 people are expected on the final day, unless the rain and cold succeed in whipping up a flood.

Bygone Days

THIRTY YEARS AGO

From the Record files of Tuesday, May 26, 1925.

Although no word has been received for some time from Raold Amundsen and his five companions on their attempted dirigible flight to the North Pole, friends of the explorers claim that talk of forming a relief expedition is premature. Today marked the official opening of the three-day celebration in connection with the 50th anniversary of the original, Sacred Heart Hospice in Sherbrooke.

TEN YEARS AGO

From the Record files of Saturday, May 26, 1945.

Most of metropolitan Tokyo including at least two royal palaces, has been destroyed by fires started by incendiary bombs which U. S. superfortresses dropped early today. The Emperor, Empress and Empress dowager escaped harm during the raids.

The first public meeting in favor of Major John Bassett, Jr., Progressive Conservative candidate for Sherbrooke County in the June 11 elections, will be held in the West Ward on Wednesday it was learned today.

Prizes presented to Sherbrooke Hospital graduating nurses were won by Miss Dorothy Stevenson, Miss Shirley Bain, Miss Aileen Everett, Miss Heather Matthews, Miss Phyllis Statton, Miss Roberta Sweet, Miss June Elliott and Miss Lillian Liddle.

left his place on the platform at the Tuesday evening service to do personal counseling among the 3,200 making decisions. "There were so many and they needed help," he said. The Rev. Tom Allan, chairman of the recent All-Scotland Crusade, said plans have been completed as a follow-up to visit every home in Scotland. A crippled, blind woman, who said her health would not permit her to visit Wembley, sent a check for 1,000 pounds (\$2,800) to help pay expenses.

THIS OPENING LEAD DE-SERVES SOME PITY

West was more to be pitied than blamed for his opening lead in today's hand. His partner had bid both black suits, and West had considerable strength in diamonds. It looked as though South must be planning a cross-ruff, so West opened a trump.

South won the opening lead of the ten of hearts with his jack. He continued with a diamond to dummy's ace and a low diamond towards his own hand. East saw that there was no advantage in ruffing, so he discarded a club.

South thereupon went up with the king of diamonds and led another diamond. West took the jack of diamonds and led a spade. East took two top spades and shifted to a club.

Declarer naturally took the ace of clubs and then ruffed a diamond in dummy with the ace of trumps. He could now return dummy's last small trump and finesse the nine of hearts. This won, and South drew trumps with the king. The last diamond was good, and declarer had his ten tricks.

South would have been defeated if West had tamely led a spade or a club. South would have to play the red suits by himself. If he ruffed a diamond with dummy's ace of hearts, he would eventually lose a trump trick, and if he ruffed a diamond with anything else, East would over-ruff. Either way, South would go down.

You, South, hold:

What do you do?
A—Pass. You have a minimum opening bid and partner indicates only moderate strength and mediocre fit. Game is very unlikely and even three spades may be in jeopardy.

The bidding is the same as in the question just answered. You, South, hold:

ANY VOLUNTEERS? — "Sgt. Orvie" shows how he stops a fleeing "suspect" at police dog training kennels at Dearborn, Mich. The dogs learn to be vicious or gentle on command, can disarm a criminal suspect, jump into a car and hold the occupants, and even go into a burning building without flinching. They are trained with the aid of four teen-aged boys who are well padded for the job. Like Ray Swett above, Swett knows how it feels to have a dog's sharp teeth bite into his flesh. That's why finding live "robbers" for dogs to chew on is the hardest part in training dogs for police work, according to trainer Charles Art, who operates the kennels.

Lake Massawippi Fishing Derby Prizes Awarded

Ayer's Cliff — Eastern Townships people are inclined to dissipate the great heritage they have in fish and game, George Carpenter, alias Izaak Hunter of the Montreal Gazette, told Lake Massawippi anglers last night.

Speaking to members of the Lake Massawippi Fish and Game Association at Ripple Cove Inn, Mr. Carpenter commended the Association on its efforts towards conservation and restocking of the lake. Several years ago fishing in Lake Massawippi was pretty lean but things have picked up lately thanks to the Association, he said. He suggested that rainbow trout and salmon be used in further restocking of the lake, and that for the sake of conservation the limit be below that set by the province.

Author of the column "With Rod and Gun," and Eastern Canada expert on hunting and angling, Mr. Carpenter was introduced by Mike Stenson and thanked by J. B. S. Huard, president of the Eastern Townships Association of Fish and Game Clubs.

Archie Stafford, president of the Lake Massawippi Club, acted as chairman during the evening and spoke briefly on the necessity of further restocking of the lake.

The highlight of the evening was the presentation of prizes for fish caught during the three-day fishing derby held by the Association at Lake Massawippi last week-end.

Douglas McFadzean, of Ayer's Cliff, carried off the top prize, a \$50 cheque, for catching the biggest fish, a 41-inch pike. Other winners were: Ken Price, North Hatley, first prize for gray trout with a 13 lb. 9 oz. catch; Raymond Hartshorn, Lancaster, N.H., second prize for trout, 12 lbs. 10 1/2 oz.; Fred Cole, second prize pike, 8 lbs.; Jim McFadzean, Derby Line, third prize pike, 7 lbs. 14 oz.; Maurice Lambert, Sherbrooke, first prize perch, 1 1/2 lbs.; W. Toulouse, Montreal, second prize perch, 14 oz.

A. B. Shaughnessy, of Sherbrooke, announced the winners, and prizes were presented by Mr. Carpenter. E. Bourret was presented with a special prize for having sold the most raffle tickets.

Winners of the draw were: Edgar Gervais, Sherbrooke, outboard motor; Jack McKay, North Hatley, radio; Miss Jean Marie Dube, Sherbrooke, rod and reel; W. R. Vachon, Sherbrooke, picnic basket; William Gray, Waterville, tackle box.

Door prizes were won by Mrs. Yvan Wood, Mrs. Paul Grenon, both of Ayer's Cliff, Leslie Colt, Rock Island, George Carpenter, Montreal, H. S. Pocock, Beebe, Celon Ball, Waterville, Mrs. A. B. Shaughnessy, Sherbrooke, and Charles Wright, Sherbrooke.

Petroleum and pearl-fishing are the chief industries of the Bahrein islands in the Persian Gulf.

Mr. Gibson said he had not brought back many new methods in teaching, for in general they were the same. But, he felt he had "brought back a philosophy of education that had been added to that helps one to approach problems."

He concluded by saying that Britain is experiencing the impact of ideas from this side. They believe in making human beings human, as the job of education. They put emphasis on power.

"They believe in catching the children in youth and releasing powers for intellectual and moral development."

"When I left Britain, I felt as if I had become a part of all I had met. And I looked forward to more."

Cold weather has held up seeding in Gaspé, the Saguenay region and on the north shore of the St. Lawrence river east of Quebec City, the report said.

Wawanesa has paid over 150,000 claims during the last few years

the FASTEST CLAIMS SETTLEMENT

in the Car Insurance Business today

Montreal Branch.

Settlements completed — not in months, weeks, days or hours — but in minutes

YOUR CHEQUE ON THE SPOT

Here's how it works . . . you bring your car out to Wawanesa's insurance centre on King St. East (providing of course it is not too severely damaged to drive) where you and one of our experienced adjusters come to a mutual agreement as to the amount of damages — you are then paid immediately — cash on the spot. There is no long inconvenient wait for your money. Literally you are paid within minutes.

If the damages are such that you cannot bring the evidence to Wawanesa an adjuster will be sent upon being notified of the accident. From then on every effort will be made to settle your claim in the shortest possible time. Wawanesa has over 50 cars in the Province of Quebec alone, devoted to the fast settlement of claims.

Great care is taken by our adjusters to see that all claims are settled fairly and honestly. Evidence that this policy is borne out is the fact that Wawanesa continues to write the largest volume of car insurance in the Province and at the same time, has one of the highest renewal rates of any company in the business.

If you wish to have an independent estimate made of your damages you are free to do so — do it however, before you visit us — it will help speed up your settlement when you arrive.

CLAIMS SETTLED ANYWHERE IN CANADA OR THE U.S.A.

For the very fastest possible settlement of claims, outside the Province, Wawanesa has a network of adjusters, at your immediate service anywhere in Canada or the United States! All you do, the moment you are in trouble is wire or phone us — collect — and we'll put you in immediate contact with an experienced adjuster who will be only too happy to attend to your claims in a prompt, friendly, efficient way.

Other Advantages of a Wawanesa Policy

LOWER RATES . . .

. . . lower, than most other insurance companies because of our modern efficient methods. You cannot buy better car insurance regardless of how much you pay.

10 MONTHS TO PAY

. . . the plan used by thousands to spread the operating cost of their car throughout the year.

SPECIAL RATES

. . . for motorists who have a history of careful, safe driving.

PHONE FOR RATES

OR VISIT US IF YOU WISH
We shall be delighted to tell you how much our high-quality, low-cost insurance will cost you. There is no obligation whatsoever . . . no agent will follow up your inquiry . . . no phone solicitation will be made.

Official Opening Of Asbestos Country Club

Asbestos—On Thursday, Ascension Day, the official opening of the Asbestos Golf and Country Club was held. The secretary, Mr. Louis Langlais, had previously sent out notices with a very interesting program for the first day.

The afternoon opened with a golf clinic by the professional, Mr. Henderson, and later the members teed off with a two-ball mixed foursome.

Dinner was served in the clubhouse followed by a film on "1954 Canadian Open." The evening was topped off with a club party which was enjoyed by all attending.

Special mention should be made that everyone who has met and known Mr. and Mrs. Henderson are delighted to have them back again from Sarasota, Fla., where they spent last winter.

CRYSTAL SHOWER

A very attractive hall greeted a popular bride of the week when Miss Joyce McGinnis was entertained at a crystal shower. The Presbyterian Church hall had been decorated in yellow and

blue, with standards of cherry blossoms around the room. The gifts of crystal were wrapped in pale yellow and blue paper and placed in a wishing well. The tea table was covered with a cut-work banquet cloth with two silver services and centred with yellow tapers and a bowl of blue grape hyacinths, narcissi, paper white and daffodils, and refreshments were served from an attractive buffet table.

Miss McGinnis thanked her many friends for their beautiful gifts and good wishes.

EVENING AUXILIARY

The regular monthly meeting of the Asbestos United Church Evening Auxiliary met at the home of Mrs. Donald Campbell with Mrs. Robert McCammon as assisting hostess. A very interesting business meeting was conducted by the president, Miss Dorothy MacGonigal.

Mrs. Kendry, the bazaar convener, brought in a large amount of material to be made into saleable articles. The next meeting will take the form of a work meeting to get this work underway. The hostess will be Mrs. Boyd at the home of Mrs. Kendry.

The financial report, given by the treasurer, Miss Lillian MacGonigal, was most favorable. At the close of the business meeting, refreshments were served by the hostesses.

SOCIAL EVENING

A pleasant social evening was held in the United Church hall when cards were enjoyed and a pleasant social air prevailed. At the close of the evening, refreshments were served by members of the Evening Auxiliary group. This is the first of many such social gatherings.

Prizes were won by the following: Mrs. N. Hendry, Mrs. T. P. Boyle, Mr. G. L. Heron, Mr. L. Kendry, Mrs. C. Billing, Mr. D. Campbell and Mr. E. C. MacGonigal, while Mrs. S. Lobley won at canasta.

DR. R. J. CARPENTER, OF NORTH ADAMS, MASS.

Word has been received here of the recent death of Dr. Robert John Carpenter, of North Adams, Mass., a well-known and much-esteemed physician of that district, who succumbed to a heart attack a few days ago. He was in his 68th year.

A largely-attended funeral service

was held in St. John's Episcopal Church, North Adams, of which the deceased had served many years as senior warden. He was buried in the village cemetery near Plainfield, Mass., near the summer home Dr. and Mrs. Carpenter had maintained for several years.

Dr. Carpenter retired from practice in 1952 to accept the position of director of North Adams Hospital. Up until the time of his death, he had put in long hours at the hospital, working on plans for the new building under construction.

In his long residence in North Adams, Dr. Carpenter had served the community as chairman of the Board of Health from 1921 to 1924, as a member of the board of library trustees from 1940 to '41, and as an associate member of the municipal board of appeals from 1927 to '36, as well as Republican candidate for mayor of North Adams in 1946.

A former chairman of the North Adams Red Cross branch, he was a former president of the Tuberculosis Association in North Adams, and a director of the state Tuberculosis Association. A veteran of three wars, he put aside his medical profession in 1916 to serve as an army surgeon during the Mexican border trouble; in World War I to lead an ambulance unit to France, and in World War II to serve for over a year as executive officer to the Surgeon-General of the army in Washington, D.C., winning the Legion of Honor Medal for his outstanding performance of the duties of that office.

Born in Mechanic Falls, Me., in March, 1888, he received his early education in schools of his native town, in Winchester High School, and Phillips Academy. He was granted his degree in medicine from Tufts College Medical School in 1914, after taking his pre-medical course in Yale University.

Vinarterta

Somewhat like a torte, this cake is developed from an old Icelandic recipe. It cuts into fingers, keeps in the frig till you need it. What makes the cake—and preserves it—is the Jewel Shortening.

1/2 cup QUICK-MIX JEWEL SHORTENING

1/2 cup Swift's All-sweet or Brookfield Butter

1 1/2 cups fine granulated sugar

3 Swift's Brookfield eggs

3 tablespoons cream

1 tablespoon almond extract

3 teaspoons baking powder

3 1/2 cups cake flour

Place Jewel in bowl. Jewel is the low cost shortening with the high cost ingredients. In any recipe it excels, but in this particular recipe it's an absolute MUST, because only with Jewel can you get the proper flavour and texture. Add sugar and All-sweet. Cream until light and fluffy. This only takes a couple of minutes because Jewel makes creaming faster. Add eggs and beat well. Now stir in cream and almond

extract. Sift baking powder and flour. Work in flour mixture gradually until batter is almost stiffened, like a cookie dough. Because it contains Jewel, you'll find your batter blends easily. Now divide batter into 6 equal portions. Pat into 8-inch Jewel-ed pans. Bake in a moderate oven until each layer is a delicate brown.

Baking Temp: 375°F
Baking Time: about 13 minutes

When cool put layers together with the date filling. Wrap in aluminum foil and store in a cool place. This cake is enhanced if allowed to set for a few days before cutting. And with Jewel as an ingredient, it stays fresher longer. Serve in narrow strips.

FILLING
1 pound dates, chopped
1/4 cup sugar
1/2 cup water
1 teaspoon vanilla
1 tablespoon lemon juice
Combine dates, sugar and water. Cook over low heat until smooth and thickened. Add vanilla and lemon juice. Cool.

QUICK-MIX JEWEL for quick easy baking!

Layer upon layer of
luscious Jewel cake!

OPERATION PLOUGHSHARE

By DR. ADA SANDELL, formerly of Magog

PROLOGUE

It all began that day in May 1952. May 26, to be exact. We had heard that the General in command of the P.O.W. Camp at Kohyun, on the Island of Koje, had been captured by the prisoners, and wondered what his fate would be. On that beautiful Sunday morning the Mission jeep took me to Ha Chung where I joined with the worshippers in the little refugee church and stayed for lunch. On our return to the mission residence at Chang Sung Po, we were saddened by the sight of hundreds of families who had been evacuated from their homes in the camp area. They were sitting watching their belongings which were lying on the roadside all the way from the camp to Chang Sung Po. Eventually they were relocated to various parts of the island, but the sight of them on the road side has stayed in my mind.

CHAPTER I

I was transferred to Seoul along with the School of Nursing in April 1953, and spent about a year and a half there before returning to the island last October. One of the first things I did was to take a trip around the island. I found that some of the farmers who were removed from their homes in May 1952 were now returning. The P.O.W. Camp was disbanded and the U.N. forces relocated soon after the truce was signed at Pan Moon Jom. Shortly after I returned we had a visit from Dr. Smith of K.C.A.C. (Korea Civil Assistance Command). While Dr. Smith is interested in the health of Koreans, primarily, he was anxious to find out the true condition of the farmers being relocated at Ko Hyun. He asked me to make some inquiries to that end. We were just starting our new program of Mother and Child Welfare work which took me all over the island and gave me a

very good opportunity to ferret out information. From all sources the opinion was that the farmers had been treated very unfairly when they had to leave their farms which had been their family homes for generations. It seemed to be the consensus of opinion that it would take anywhere from five to twenty years to get the farming land back to the same condition as it was before they were evacuated. In order to house the prisoners large brick barracks had been erected and for the U.N. Forces, large cement foundations and buildings had been built. The whole irrigation scheme had been disrupted and a system of reservoirs had been started with six inch pipes to bring running water to the various units. If the pipes had been left it would not have been so hard, but immediately the U.N. Forces left, the R.O.K. Army began removing the pipes. The farmers were given the materials from the barracks which the prisoners occupied, but the wood and roofing were the only parts which were suitable for use in building a Korean home. The farmers were faced with the problem of removing the cement and stone walls from their land before they could do any farming.

One day a young lad was admitted to the hospital and when his father came to visit him I asked where his home was. I was told that he had no home and upon further inquiry was informed that his small farm was used to make a road for the trucks and other vehicles. He said it was impossible for him to do anything with it, so he was not going to bother going back. This information I sent to Dr. Smith with a plea that something be done to help them.

CHAPTER 2

My letter sent to Dr. Smith was shown to Mr. George Bent

of C.A.R.E., who immediately became interested in the plight of the farmers. He sent word that he would be willing to send seventy ploughs and seventy farmer's tool kits if I would take the responsibility of seeing that the farmers received them. This I consented to do and invited Mr. Bent to come too so that he could see for himself. Mr. Bent loaded the implements on a K.C.A.C. truck and got as far as the ferry which connects the mainland and the island, on March 24. In the meantime I was waiting in Chang Sung Po for him to arrive here. The engine of the ferry was out of order so they could not be brought over that day. The next day we went down to meet him and found that he had returned to Pusan taking the implements with him. It seems that they had tried to load them onto the ferry, but that they were too heavy and it was in danger of sinking. So back they went.

CHAPTER 3

April 5, 1955. Because Mr. Bent was going to Japan for a holiday and we had to go to Seoul for a Mission meeting, we were unable to do anything more for a couple of weeks. On my return from Seoul I called in to see Dr. Smith and he and I together arranged to have the implements sent over in a K.C.A.C. truck as far as the ferry. In the meantime I had already contacted the head of the county here in Chang Sung Po and he had consented to send a truck from here on the day the ploughs were sent. The day decided on was Tuesday, April 5. The truck was to leave Pusan at 8:00 a.m. and we were to be at the ferry about 1:00 p.m. Dr. Robb and I were there, also the truck, and our plan was to have the implements brought over by small boat and then taken to Ko Hyun. We waited until 4:15 p.m., but no sight of the truck. So we left a note with one of the boatmen and went back home.

CHAPTER 4

April 9, 1955. We found that

the implements had actually arrived at the ferry about half an hour after we left on the evening of the 5th. The driver left them in the care of the police station and returned to Pusan. We went to carry on three of our Mother and Child Welfare clinics, staying all night at one place. Returning at noon on the 7th we saw the things transferred to this side of the ferry, left them in charge of the police and returned to Chang Sung Po to make arrangements with the head of the county for a truck to deliver them to the farmers.

CHAPTER 5

After three days of negotiating we managed to get the promise of the truck and proceeded to the ferry arriving at 1:00 p.m. The implements were loaded and the mission jeep followed the truck to Ko Hyun. There we found the representatives of 140 families waiting to receive their ploughs and other implements. It was an eager crowd of people, old and young men and women. Even more interesting to them than the sight of the gifts, was the fact that here was a foreigner who could speak Korean and who had come to help them. One dear old man, 81 years of age, took my hand and said: "I have lived a long life and this is the first time I have heard a westerner speak my language." The head of the district gathered them all together, lined them up by villages, and in true Oriental fashion had them bow to us. Then he talked to them for a few minutes, following which I was asked to say a few words. I told them that these things were an expression of sympathy for all they had suffered, given by people in other lands who loved our Lord. They bowed once more and then we proceeded to the actual giving of the implements. Each one had brought his or her seal and this was affixed to the two receipts which I was to gather and return to Mr. Bent. As each one received either a plow or a tool kit he expressed his thanks and went happily on his way. Thus was completed "Operation Ploughshare." We hope for good results from it, not only in a happier group of people, but for a decent crop this year so that they will have enough to eat. We also hope for an awakened interest in spiritual things.

THE EPILOGUE

While waiting for the group to gather the deputy head of the district asked me if I was interested in starting a church in Ko Hyun. He said that not many of them are Christians, but a few are and would like to have a church to which they could go on Sundays. Unfortunately they cannot do much in the way of building a place to worship since they are all so engrossed in building their houses, and have little money. But the fact that they want one should be enough for me and I promised to do anything in my power to help them. I am praying that some way will be found to give them the church that is so much needed.

Bringing Up Baby

With longer days showing stronger sun rays, it's by no means too early to consider tanning sessions (which help the skin to manufacture valuable vitamin D) for your type. Matter of fact, it's a good idea to start sun-bathing as early in the season as warmth allows—before the sun is really a blaze.

More on the sunny side. Let the word "gradual" be your guide when sunbathing. Start with 2 minutes a day, dividing the time for face, arms and legs. Increase time gradually. Never expose baby to more than 30 minutes. And happy basking to both of you.

Summer time or any time here's a treat to tickle your sweet. Gerber Strained Fruit Dessert, a wonderful combination of three favorite fruits of the patty-cake set: orange, pineapple and apricot—teamed up with a touch of tapioca for a texture to delight a delicate tongue.

2 short-shorts. (1) When baby's overalls get worn at the knees or too short in the legs, snip 'em off for sun-suits. (2) Soakers double-duty nicely as trunks for your sun-bathing beauty.

Golden treasure in more ways than one. Gerber Strained Egg Yolks have a creamy, custard-like texture, a delicate fresh-egg flavor that little ones really relish. They're rich in blood-building iron, vitamin A and a good supplementary source of complete proteins. Last but not least—they're so versatile! Serve "as is"—mix with foods—or, for toddlers, try a recipe like this:

FRUIT NOG

2 tablespoons Gerber Strained Egg Yolks
1 can Gerber Strained Orange Juice
1 cup milk
Blend thoroughly with rotary beater. Serve to the tune of blissful sighs. Gerber-Ogilvie Baby Foods Limited, Niagara Falls, Canada.

Thirty-Sixth Annual Brome-Shefford Deanery Well Attended At Waterloo

Waterloo — The thirty-sixth annual meeting of the Brome-Shefford Deanery of the Women's Auxiliary of the Church of England in the Diocese of Montreal, was held in St. Luke's Church. The session opened with Communion, celebrants being Rev. Paul Busing, of Waterloo and Rev. R. Nurse, of Knowlton.

The luncheon was served in the church hall to some one hundred twenty-five members and visitors, by the ladies of St. Luke's Auxiliary assisted by several members of St. Hilda's Guild.

The business meeting opened with Rev. Busing offering prayer and a short welcoming address to the guests. Some twelve diocesan officers from Montreal were present including, Mrs. Foster, the diocesan president, who in turn introduced the other officers to the large gathering.

The two guest speakers were, Mrs. Slater, who with her husband spent some years in Burma, as missionaries. Her interesting talk was on women of Burma and she showed many curios collected during her travels. Mrs. Orrin B. Rexford introduced Mrs. Slater.

Mrs. Foster then introduced Miss Westgate, a nurse who has just returned from Aklavik, in Northern Canada. She gave an illustrated talk, assisted by Mrs. Dorey. Miss Westgate had many articles made in the north which made her talk just that much more interesting.

Mrs. R. B. Moysey thanked both speakers on behalf of all who were so fortunate as to hear their talks. The collection was dedicated to the missionary work in Aklavik. The next annual meeting, it was decided, will be held in Granby.

Rev. Busing, closing the afternoon's session with prayer, brought to a close another very successful deanery meeting. Tea was served to Diocesan officers.

ST. PAUL'S W.A.

The Women's Association of St. Paul's United Church held a most interesting meeting in St. Paul's Church Hall when Dr. Bells, as the guest speaker, gave an illustrated talk on Flower Growing in Holland. Dr. Bells had two films on flowers and the fifty guests and members found the talk most intriguing. The guest of honor was introduced by Mrs. Colin West and thanked by Hazel Lowry, who

also made a presentation of a small gift to Dr. Bells.

The business meeting was presided over by Mrs. Ray Stretch during which Mrs. Gordon Cousins was appointed as delegate to the Official Board and the annual meeting to be held in Lennoxville during June was also discussed.

The June rummage sales were suggested once again, and Mrs. Gerald Jackson was appointed as convener. Anyone having articles to donate to this cause are asked to contact Mrs. Jackson who will be pleased to arrange for them to be picked up or delivered. Mrs. James Dunn gave a report on the Pount Fund and it was announced that this fund has been ordered.

Mrs. C. K. Norris was in charge of a most enjoyable social hour, during which a pleasing duet entitled "Tiptoe Through the Tulips" was sung by Mrs. Claire Malboeuf and Miss Georgeette Tetreault with Mrs. Allan Norris accompanying.

A food table, fancy work table and a display of everyday greeting cards were all very well patronized.

Refreshments were served by the hostesses Mrs. C. K. Norris, Mrs. Allan Grainger, Miss Pansy Sargeant, Mrs. James Dunn and Mrs. Thornton Boyd.

WOLF CUBS

At the weekly meeting of the Wolf Cubs the retiring leader, Ray Stretch was honored by the presence of Mr. John Miner, of Granby, District Scout Commissioner, and several members of the local scout committee and members of the Kiwanis Club. Mr. Wally Jenks, on behalf of the local committee, warmly spoke of the achievements of Mr. Stretch in his work with the boys. "When the youngsters like anyone as much as they like Ray, then he must be a fine man," stated Mr. Jenks, "and his leadership will be much missed in the work of the local troop." Mr. Miner asked the boys to continue to work with their new leader, Mr. Doug Osborne, with as much enthusiasm as they have shown with Mr. Stretch.

Mr. Osborne was invested into the office of Cub leader with Mr. Kenny Bazinet as the assistant to Mr. Osborne. The retiring leader was taken into the center of the room, surrounded by all the boys and given the grand howl, three cheers and a general farewell. Mr. Osborne then took charge of the meeting for the first time.

WOMEN'S AUXILIARY The Women's Auxiliary of the Canadian Legion met with Mrs. Hilda Aitken acting as sargeant at arms. Presiding over the meeting, Mrs. Phyllis Savage welcomed the members and guests and asked for the treasurer's report which showed a very satisfactory bank balance.

A letter of thanks was read from the St. Anne's Military Hospital for their last donation, and volunteers for the month of May to make up more boxes were Mrs. Pearl Somerville, Mrs. Margaret Lewis and Mrs. Dora Young. Mrs. Grace Rainville gave a report for the Ways and Means Committee, thanking the members and committee for their fine cooperation during the recent food sale. This committee will be in charge of the Annual Street Fair to be held June 24 and 25.

Plans were made for an Empire Day Tea to be held in the Legion Hall on Wednesday, May 25, when everyone is invited to attend. Volunteers to help the Ways and Means Committee were, Mrs. Phyllis Savage, Mrs. Margaret Lewis, Mrs. Arlene Lennon.

The meeting came to a close with the serving of refreshments by the hostesses Mrs.

Lucille Aitken, Mrs. Kay Thayer, Mrs. Claire Malboeuf and Mrs. Dora Young.

WALES HOME W.A.

The annual meeting of the Waterloo Women's Auxiliary of the Wales Home was held in the Library with eleven members present. Mrs. R. B. Moysey, the president opened the meeting when the minutes were read, and a financial report given by the treasurer, Mrs. O. T. Pickford, showing a small bank balance.

The following slate of officers were reinstated: Mrs. R. B. Moysey, president; Mrs. Henry Bird, vice-president; Mrs. O. T. Pickford, secretary-treasurer.

A letter of appeal was read from Dr. Manning requesting a new inlaid linoleum for the Waterloo room of the Wales Home. As this will cost approximately one hundred dollars, it was decided to canvass the town for funds to cover this necessary request. The following committee was appointed to plan for this canvass: Mrs. R. McKergow, Mrs. H. Bird and Mrs. O. T. Pickford.

ST. LUKE'S W.A.

The regular meeting of St. Luke's W.A. was held in the church hall with fifteen members and one guest present. Mrs. David Hughes presided over the meeting when final plans were made for the deanery meeting. Mrs. R. B. Moysey continued with the study book in India.

It was decided to make the next meeting a tea at the home of Mrs. Moysey on Western Avenue, on Thursday afternoon, June 16.

Indians At Home To Phillies In Doubleheader Tonight

First Fixture Slated For 6.30; Dick Mitchener And Mike Morrison Get Nod; TV Set To Be Raffled

Sherbrooke Indians and the Three Rivers' Phillies were rained out last night but the league-leading Canadiens of St. Johns made a clean sweep of their twin-bill with Burlington to extend their lead over the pack in the Provincial League. This evening the Harness squad and the A's will clash at the Municipal Stadium in the first doubleheader of the season. First tilt is slated for 6.30.

Manager Harness will send Mike Morrison and Dick Mitchener to the mound as starters in tonight's double in an effort to pick up lost ground in their battle with heavy slugging Phillies. The Barillari squad is at present sitting in third position in the standing and enjoy a three-game lead over the Indians.

At St. Johns hurler Falagdo registered the first-no-hitter in the Molini loop when he blanked the A's while his mates combined Mazzamara and Ghilardi for eight bingles for four runs. In the other tilt the Canadiens posted a 11-1 decision to complete the evening. In the other game at Quebec with the Miners of Thetford it was also rained out.

National Hockey League Plans TV Restrictions To Help Minor Pro Leagues; 50-Mile Area Is Limit

Toronto — (P) — Professional hockey leagues in Canada and the United States took a good look Wednesday at the effect of television on attendance figures and came up with a plan to protect themselves.

NHL owners also agreed that in order to protect themselves from forfeited games such as brought on by the mob violence at an NHL game between Detroit Red Wings and Canadiens at Montreal March 17, a completed game will be ruled if 30 minutes of the contest has been played. If less than 30 minutes is played before a forfeiture, it will be a suspended game.

After the four-hour closed-door meeting of owners, president Clarence Campbell said the officials had decided that no telecasts of a scheduled league game would be heard into a 50-mile area around any other city where a pro game is being played. The agreement, between the NHL, AHL, Quebec and Western Leagues, will come into effect next season.

"The agreement between only the pro leagues, does not affect radio broadcasts of games," Campbell added. "And the television restrictions will not apply for the annual all-star NHL game or Stanley Cup playoffs." They apply only on regular league contests.

At another meeting of managers and members of the rules and relations committees of the NHL and AHL, the minor pro league called for a change in its agreement with the NHL to allow its teams more freedom in buying players on the NHL reserve list.

It is believed this will be approved at the NHL annual meeting at Montreal next Wednesday.

Cubs, Too Poor To Paint And Too Proud To Whitewash, Get Job Done With What Little They Have On Club

Chicago Cubs put you in mind of the folks who were too poor to paint and too proud to whitewash. They've simply been getting the job done with what little they have.

Manager Stan Hack, making infielders into outfielders, gets hits when he needs them from a bunch of guys hitting only fair as a team. And without hauling in a load of newcomers, he's been getting great pitching from a staff that was barely adequate in the recent past.

That's the way it was again Wednesday as Cubs swept a doubleheader from St. Louis Cardinals to climb into second place in the National League, six games back of Brooklyn.

Paul Minner, who hadn't worked since May 6 and hadn't won since April 22, came up with a four-hitter and rookie Bob Speake, an infielder now roaming the outfield, chipped in his sixth home run to win the opener 1-0.

It was the fifth shutout of the season for the Cub staff-tops in the National League.

Veteran Bob Rush, with just one winning season in the majors, took charge in the nightcap, keeping the Cards limp with a two-hitter to win 3-1. He had a 2-0 lead in the first inning on a home run by Eddie Miksis (another outfielder convert from the infield) a triple by Gene Baker and Speake's double.

That pushed Cubs ahead of New York Giants, who slipped to third while losing a pair at Philadelphia 8-3 and 5-2. Giants now have lost three in a row after winning six straight.

Rain stopped Brooklyn at Pittsburgh while Cincinnati made things tougher for fourth-place Milwaukee by drubbing the Braves 13-2.

In the American, New York Yankees beat Washington 6-2 on Yogi Berra's three-run homer and a three-hitter by Bob Turley, who won his eighth decision in nine starts. The victory widened the Yanks' lead to 1½ games as rain postponed Chicago at Cleveland.

Fourth-place Detroit peppered Kansas City 8-2 and Boston won the nightcap 5-2 at Baltimore after dropping the first 6-2.

Robin Roberts was smacked for four extra-base blows in the five hits he allowed Giants in the opener, but was tough in the clutch to gain his sixth victory.

Plan Grey Cup Celebrations
Vancouver. — The tradition-steeped Grey Cup may compete for attention with a candelabra next November.

Mayor Fred Hume's Grey Cup committee met here Tuesday night and fired enough ideas around for the Grey Cup football festivities Nov. 26 to turn the Mardi Gras pale by comparison.

Mayor Hume proposed that the celebrated pianist Liberace be asked to give a candlelight concert here as part of the celebrations. The Mayor said he will write Liberace to see if he will be available at that time.

Bill Clancy, B.C. Lions director and publicist, suggested that the celebrations be spread over four days to a week. Other proposals included:

A Chinese night for visiting guests in Canada's largest Chinatown with a dragon dance to top the show.

A giant salmon feed, or potlatch, to take up the entire expanse of a downtown parking lot.

Richmond Loop Opens Season
Richmond—Mayor H. P. Stone officially opened the Richmond Softball League activities for the current season when he tossed out the first ball. President Ken Fowler was on the receiving end of the throw.

In the opener, Bob Pariseau hurled the Teenagers to a one-sided decision over Duchess, winning 25-6. Hughie Lancaster started for the losers but gave over to Rodrigue Cabana, who took over in the sixth.

Home runs highlighted the tilt, with Charest getting three for the Teenagers, while Coles, Bob Pariseau, Crack and Conn Pariseau connected for the other circuit blows.

Rollie Letourneau hurled Dow squad to victory in their opening battle against Prospect. Beaudoin poled out a homer while Johnny Viens got one for Dow. The winners opened with a bang with eight runs in the first inning and from then on were never headed as they piled up a grand total of 25 runs while holding the Prospect club to six markers.

In the third game played this week, Legion took the measure of the Duchess team 17-8. It was the first win of the season for the Legionnaires. The Legion had two big innings, in the first and third, when they chalked up eight runs in each frame.

Duchess got three back in the first and two more in the third and fourth but couldn't cut down Legion's early lead and dropped the contest which was called in the fifth owing to darkness.

Columbus Beats Sugar Kings 10-8

Columbus Manager Nick Cullop can thank his stars that Kansas City Athletics optioned Al (Dutch) Romberger.

The 28-year-old righthander pitched 4 1-3 innings in relief Wednesday night as Jets beat Havana Sugar Kings 10-8 in the only International League game played. The Rochester-Montreal and Richmond-Syracuse games were called off because of rain. Toronto and Buffalo had an open date.

Romberger blanked Kings on four hits. He has a 3-1 record, all in relief.

Kuenn Injured, Out A Week

Detroit (P) — Harvey Kuenn Detroit shortstop and leading hitter in the American League, was admitted to Detroit Hospital Wednesday with a pulled muscle in his left thigh and doctors said he will be out of action probably a week.

Kuenn injured the muscle while running out a hit Tuesday night.

Pitcher Steve Gromek, forced out of action by a sacroiliac condition, also returned to Detroit for treatment.

Quebec Pros To Have Golf Tourney

Montreal (P) — The Canadian Professional Golf Association of Quebec Wednesday announced a new, one-day pro tournament for total prize money of \$3,500. Top prize is \$700.

The inaugural will be played July 22 at the Lachute course, 45 miles west of Montreal, over a 36-hole route.

The tournament the Quebec professional medal play championship, is for Quebec pros and class A assistant pros—the working and teaching assistants.

Percy Lynaugh's Archie Mack Upsets Field To Pay \$60.40 On Place Wager; \$75.75 Top Quinella

Archie Mack, a little brown gelding owned by Percy Lynaugh of Lyndon, Vt., with H. Stone driving upset the field last night when he came home the winner to pay his backers the high price of \$60.40 on a place investment. He completed the event by walking off with the second half of the class for the clean sweep.

Dan Murphy's Prince Hermie from Red Bank, N.Y., was the other double winner on the card when he led the eight-horse field under the wire in the first and fourth races on the program. Mr. York teamed with the Prince to pay \$13.75 on double.

In the third race Archie Mack and Colonel Wilkins formed the team to pay the high quinella of the evening, \$75.75. In the sixth the sum of \$18.80 was collected with \$50.60 going to the lucky pickers in the eighth class of the night.

Burke Emery To Meet Ossie Farrel Of Montreal In Split Main Bout On Boxing Card In Windsor Tomorrow

Marcel Piau, former Golden Gloves champion at his weight, will square off against Denis Jacques of Montreal in one of the main bouts of the boxing card which will be presented at the Canada Paper Arena in Windsor Friday evening.

In the other half of the main event Burke Emery of Sherbrooke, now fighting out of Montreal, will meet another fighter from the Metropolis in the person of Ossie Farrel. Both matches are scheduled for eight rounds.

In the only six-rounder on the card Jack Sayer of Drummondville will tangle with Andre Millette of Sorel while in the other two bouts, both five-rounders, Sammy Stone of Montreal, former finalist in the Golden Gloves, will meet Bob Piau, Windsor. In the other tilt Gilbert Sayer, another Golden Gloves finalist from Drummondville, will take on Ben Peloquin of Coaticook.

The first bout is slated for 8:00 with the two main events completing the evening. Emery is very well known in Sherbrooke having fought here as an amateur. Since moving to Montreal where he joined the pro ranks he has taken part in fifteen fights and is seen quite often over TV on the Monday night fixtures out of Montreal.

Farrel, who opposes Emery, is a deaf-and-mute boxer, one of the few in the business and is considered a very hard hitter. However, in Emery he will meet another top slugger and the fans should witness a very good fight.

Marcel Piau is one of the top boxers in his weight around the Townships and he should give a very good account of himself when he meets Jacques, one of the top boys from Montreal. The promoters are looking for a good crowd to witness the well balanced card.

CAHA, Dollar-Short, Will Decide Today If They Will Send Team To Olympics; Drop \$5,000 On Penticton

Regina — (P) — The dollar short Canadian Amateur Hockey Association is expected to wind up its annual meeting today with a decision on whether to send a team to next year's winter Olympics in Italy.

With its budget cut to nearly half what it was in 1954-55, the association has refused to tap its operating funds to send another team overseas. The CAHA lost more than \$5,000 when the world champion Penticton V's toured Europe earlier this year.

Although the association ruled out operating funds for another overseas jaunt, its trust fund could provide the necessary money for another trip.

The annual meeting, blaming poor gate receipts from Memorial and Allan Cup playoffs, Wednesday chopped off \$28,125 from last year's budget and approved an outlay of \$44,200 for the new season.

The CAHA reduced to \$13,500 from \$18,000 its grants to provincial CAHA branches for minor hockey development.

Delegates also voted to supply last season's playoff clubs with total bonuses of \$14,000. Branch officials will be polled July 1 on whether they want to reduce senior team registrations as another move for greater economy.

New Boost For Cripples

Although still in the experimental stages, a new-type wheel chair promises to make life easier for cripples and increase their self-reliance. Retractable steel legs will boost the chair over curbs, previously an insurmountable wall blocking the chairborne from the pleasures of a solo shopping tour or a trip to the movies. Designed by engineers of New York University under a grant from the National Foundation for Infantile Paralysis, the experimental model vaults curbs by means of cylinders and cables which operate four legs, one for each wheel. The patient need apply no more than 10 pounds of force. Chair, which is collapsible to be easily transported, was demonstrated recently in New York City for Steelways Magazine.

Jamie Coffman of Whiteville, Tenn., lowers front steel legs (arrow) on experimental chair to boost wheels over curb.

Front steel legs retracted, she uses rear leg action to finish climb. Jamie is paralyzed from the waist down.

Happy in her new-found self-reliance, Jamie continues on her tour of the city, without a curb-care in the world.

Detroit To Bid On 1960 Olympics

Detroit — (P) — Detroit's super salesmen, the type that made automobiles a necessity almost everywhere, are ready with an all-out effort to bring the 1960 Olympic Games to the United States.

"And I think we have at least a 50-50 chance," declared Jack Tompkins, one of four members of the Detroit Olympic Committee.

This group will appear before the International Olympic Committee in Paris June 14 in an effort to land the games for Detroit. They will be competing against the charms of six other cities—Rome, Lausanne, Budapest, Brussels, Mexico City and Tokyo.

"It looks like Rome or us," Tompkins said as the Detroit group took the wraps off its exhibit and brochures Wednesday.

Detroit has sought the games actively at meetings of the IOC in 1939, 1946, 1947 and 1949.

A main point in Detroit's favor is that the Olympics have been staged in the United States only twice since they were revived in 1896—in St. Louis in 1904 and Los Angeles in 1932. Europe has had all the rest to date with Melbourne taking over next year.

Phil Drake, French Horse That Won Derby, Almost Scratched From Race; Happiest Day Of Life—Mde. Volterra

Epsom, England — (P) — Phil Drake, the French colt who won the 176th running of the Epsom Derby Wednesday, was nearly scratched from the race five weeks ago.

Madame Suzy Volterra, Phil Drake's owner, disclosed after the race that the colt had an accident and was feared lost for the 1½-mile turf classic.

A crowd estimated at 300,000, including Queen Elizabeth, watched the 100-to-8 chance flash across the finish line 1½ lengths in front of the Irish longshot, Panasslipper. The favorite Acropolis was third.

"The colt made a quick recovery as he won in good style at Longchamps (French race track) two weeks ago," said the 38-year-old French woman.

"This is the happiest day of my life," she beamed after congratulating jockey Freddie Palmer. Then, holding her wide-brimmed blue hat in one hand, she grasped the reins of Phil Drake with the other and led the horse into the winner's enclosure.

"The reason he was so far behind in the early stages was that he ran very green and scarcely seemed to know how to gallop," said Palmer. "But halfway up the straightaway he began to gallop properly and from that point on the race was all over."

"This was only the third race of his career," said Madame Volterra. "I have received about 20 offers for Phil Drake since the start of the year. I turned them all down." The victory was worth \$52,645.60.

Madame Volterra added: "We plan to run Phil Drake in the Grand Prix de Paris at the end of the month and then send him back to England for the King George and Queen Elizabeth stakes at Ascot."
