EXPANSION PROGRAM: Above is a drawing of how the Reddy Memorial Hospital on Tupper street, Westmount, will look after a plan for a \$4 millions expansion and renovation is completed. The six-storey structure on the left is the proposed new residential and teaching wing, with the new psychiatric unit adjoining it. The central section shows existing hospital facilities after alteration and expansion. The eight-storey wing on the right will contain patient beds and enlarged facilities for supporting services.

Bond issue awarded

WESTMOUNT PUBLIC LIBRARY
RECEIVED
OCT 12 1962

A bond issue of \$1,074,000 for the City of Westmount has been awarded to the financial house of Burns Bros & Denton Limited, who, on behalf of a syndicate, submitted the lowest tender of 14 underwriting firms. Other members of the syndicate include McDougall & Christmas Limited, Molson & Company Limited, and the Toronto-Dominion Bank.

The issue comprised one block of \$559,000 in straight term 20-year debentures, and another of \$515,000 in 30-year straight term debentures, both at a coupon rate of 5½ per cent. The price paid by the syndicate was \$99.124 per bond.

"The Council is very pleased with the result of this call for tenders, and the financial arrangement which has been established," declared Mayor J. C. Cushing, when the announcement was made. "We have obtained money on a very good basis, and it speaks well for our credit standing in Westmount."

WMA airs traffic study

The executive of the Westmount Municipal Association held its second monthly meeting of the current season Tuesday at Victoria Hall.

This city's traffic again came in for lively discussion. Among other points, an objection was raised to the 20 mph signs on Cote St. Antoine road.

In view of schools, churches and King George's Park in this vicinity, the executive agreed these signs were necessary.

Concern was expressed over a possible traffic hazard at the intersection of Mount Pleasant avenue, Holton and Rosemount Crescent. The Traffic and Circulation Committee was asked to take this up with City Hall and, if necessary, recommend stop signs at this intersection.

Catherine street is functioning smoothly with a daily attendance of 1,300 students.

The Westmount Municipal Association will send a Newsletter to all members within the next month, bringing them up to date on latest developments. Association membership now stands at 1,700.

Westmount's credit is good too, as one member of the Executive pointed out, discussing the City's new bond issue. In fact, what is not generally known is that the City of Westmount has one of the highest municipal credit ratings on this continent and certainly the highest in Canada.

Second highest is London, Ontario.

Pool cards

M. D. Collier reported for the Recreation Committee and drew attention to the identification card, complete with photograph, which residents are asked to produce when using the swimming-pool, tennis courts and skating and hockey rinks.

A notice to this effect has been sent to all Westmount residents by City Hall. Unlike other municipalities, Westmount provides all its recreational facilities free to residents.

Unfortunately, too many non-residents have been taking advantage of this and since facilities are geared only to the use of local residents, positive identify has become necessary.

Westmounters are urged to follow the procedure outlined in the letter from B. A. Rothwell, Superintendent of Recreation.

Photographs can be obtained at the Artificial Ice Rink

for 25 cents before October 31. Identification cards will then be sent through the mail.

Mr. Collier also advised that statistics will soon be available showing use and popularity of these facilities. Changing-rooms are now in process of construction for Westmounters using the swimming-pool.

The new pool proved its worth this summer with an average hourly attendance of a minimum 200.

Should the pool prove as popular next summer, the Association is alert to the possible recommendation of another pool in a different location, thus avoiding overcrowding. It is too early yet to make any plans but the Association's Executive is keeping the future in mind.

Other items

Other items discussed at this meeting pertained to health, zoning and a conference held with the Police and Fire Departments, in which Chief Ed Harper stressed that citizens should immediately report to police any actions or individuals who arouse suspicion.

Letters received by the Association from various citizens were read aloud and discussed.

Complaints were aired and in some cases, the Executive took these up with City Hall.

A request was also received from a non-resident of Westmount asking for a copy of the Rules and Regulations in conjunction with the formation of a new citizens' group elsewhere.

The Executive gives its immediate attention to any letter. (Continued on page 5)

Chimney sweep steps up

Westmount's chimney sweep, despite taking off the entire month of August, so far has made more visits and swept more flues this year than last, reports this week show.

He visited 4,403 buildings this year, compared with 4,196 last year, and swept 5,095 chimneys, against 4,721 last year.

Library busy

Mrs. T. R. Meighen of the Education and Library Committee reported the past summer as the busiest in the Westmount Library's long history.

She also advised that the old Westmount High School on Academy road is now in process of conversion for use by the pupils at present attending King's and Queen's Schools, and work should be completed by the end of the year. When ready for use, the old high school will accommodate more than 500 pupils from King's and Queen's, providing facilities for kindergarten to sixth year.

The new High School on St.

Next week's weather

October 13 to 20

By ERIC NEAL

Bright and moderately warm with frosty mornings, evenings clouding for scattered showers; a little snow in the north. Tropical storms 6 and 7 often develop into true hurricanes at this time and come our way.

Mainly sunny to the end of the week with clear nights and frosty mornings; fog for some places then drizzle. Temperature range 30-65°F.

Unity Boys Club

Old radios, parts needed for class

By MAURICE MARIASINE

The Radio Electronics Group Club that meets every Monday evening under the leadership of Jacques McCormack is in need of radio parts and equipment to effectively carry out a program. It occurred to this reporter, that perhaps readers might be anxious to dispose of old radios or components of old radios.

The class is composed of 15 boys — anyone of whom would be more than pleased to pick up any item that can be used in their class. The number to call is WE. 2-5506.

Membership enrollment soars

September's membership enrollment statistics showed a total of 399 boys and girls in the Club. This shows an increase over last year's September membership which totaled 313.

The participation for the month also showed a large increase over the previous year. The Club had a total attendance of 7,399. Last year the attendance was 4,501 — this represents a new record in participation over a 10-year period.

Library opens

The Gladys Moxley Memorial Library is now open for club members. Books are loaned out for a period of two weeks. There is a large variety of different kinds of books available for the different age groups.

Mrs. D. T. Youngson is the Head Librarian. Two other part time librarians are needed for a two-hour period once a week.

The following volunteer workers have been welcomed to the

Club and are now rendering valuable service to the Youth of our Community: Joan Amira, Ken Annable, Lorne Barnewall, Manny Barnoff, Robert Berthiaume, Richard Cessford, Herbert Davies, Bernard Doherty, Peter Doherty, Douglas Fisher, Keith Gavin, Sonny Gavin, Fred Johnston, John McDonough, George McKee, Jonas Norkus, Robert Reid, Susan Rountree, Ilma Siiman, Lawrence Schneiderman, Mrs. S. Simmons, Danny Smith, Linda Vaux, Robert Vaux, Sr., Mrs. M. Warren, Douglas Wright, Peter Whitehouse and Mrs. D. T. Youngson.

All the above-mentioned volunteer workers will be special guests at the Annual Montreal Boys' Association Leaders' Recognition Banquet which will take place at the East End Boys' & Girls' Club on Wednesday, October 24.

Three Unity workers will receive their five-year medal awards. They are: Ellen Rowland, John McDonough and Richard Cessford.

Teen time

Every Saturday afternoon, the teen-agers get together in the Senior Games Room for a Saturday afternoon Jam Session. These informal gatherings will continue throughout the season.

Hallowe'en parties will be held at the Club on Friday,

October 26 for club members under 13 years of age. The party is being held on the 26 rather than the customary 31 for the purpose of allowing the youngsters their freedom on Hallowe'en Night to make their usual visits.

A Hallowe'en Party and Dance will be held at the Club also on Friday evening starting at 8 p.m. Boys and Girls 13-years of age and over will be eligible to participate. A committee of five has been selected to plan for the first social event of the current season.

Obituaries

J. Arthur Lacombe

Funeral service was held Monday in the Church of the Ascension of Our Lord in Westmount for J. Arthur Lacombe, a retired treasury officer of the Department of National Defence, who died Friday in the Montreal General Hospital after a long illness.

Mr. Lacombe was born in Alfred, Ont., and later moved to Ottawa where he was connected with the civil service for many years. He came to Montreal 27 years ago to join the treasury staff of the defence department. He served there until his retirement in 1958.

Mr. Lacombe is survived by his wife, the former Janet MacDonald; a brother, Henri Alfred, Ont.; and a sister, Rev. Louise Theresa of the Grey Nuns of the Holy Cross in Ottawa.

Burial was in the Notre Dame Cemetery in Ottawa.

Rolland Prefontaine

A funeral service for Rolland Prefontaine, BSc, PEng, PhD, a well known figure in Montreal business and financial circles, was held at 9 a.m. Wednesday in St. Leo's Church, Westmount. He died Sunday at the age of 82.

Mr. Prefontaine is the son of the late Hon. Raymond Prefontaine, past mayor of Montreal and a minister of Sir Wilfrid Laurier's cabinet and the late Mrs. Hermantine Rolland (daughter of the founder of Rolland Paper Co.).

He was educated at St. Mary's College and Ecole Polytechnique and was a member of Cercle Universitaire.

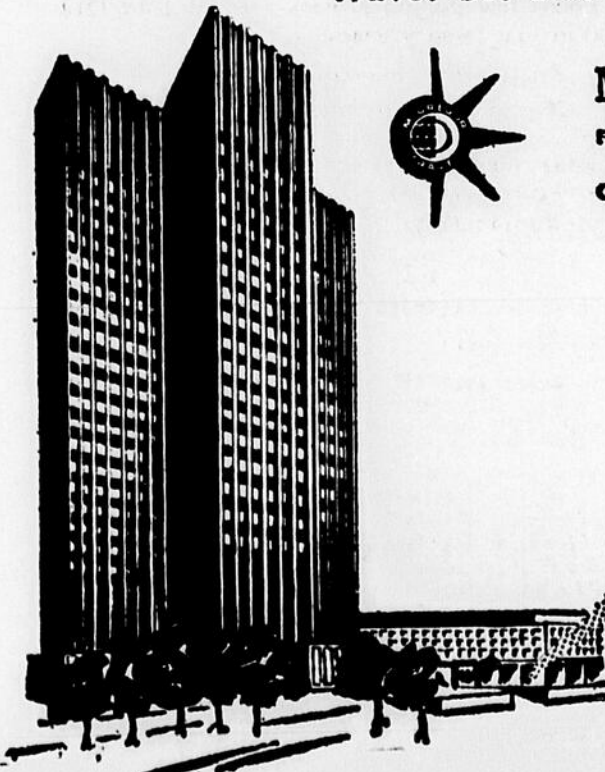

Mr. Prefontaine was the founder and past president of Solex Lamp Company; past vice-president of Dupuis Freres Ltee; vice-president and director of La Societe d'Administration et de Fiducie, Montreal; a member of the Corporation Ecole Polytechnique and the Professional Engineers Association; and a life governor of Ste. Jeanne d'Arc Hospital.

He is survived by his wife, the former Marie Ange de Martigny; two sons, Pierre and Jean, two daughters, Monique (Mrs. Roger DeSerres), and Raymonde (Mrs. T. Bienvenu); nine grandchildren and two great grandchildren.

The body rested at his residence on 359 Kensington avenue in Westmount. Burial was at Cote des Neiges Cemetery.

CHANGE OF COMMAND: Le Régiment de Maisonneuve held a change of command ceremony at their Craig Street Armoury recently. Shown at left is Lieutenant-Colonel Pierre Charbonneau, CD, of Westmount, the retiring Commanding Officer, congratulating Lieutenant-Colonel J. C. Dubuc, CD, of the town of Mount Royal, the new Commanding Officer.

Reddy Memorial launches expansion drive

The Board of Directors of the Reddy Memorial Hospital last week announced the appointment of the Hon. Dr. Gaspard Fauteux as general chairman of the Hospital's first capital fund campaign in 35 years.

Dr. Fauteux, a former Lieutenant-Governor of the Province of Quebec, will head a volunteer organization to raise \$1,500,000 by public subscription towards the Hospital's \$4,000,000 expansion and renovation program. Anticipated federal and provincial government grants of \$1,500,000 and a \$1,000,000 bequest from the estate of the late Percy Walters make up the balance of the money required.

Public appeal dates for the Building Fund are November 19 to December 1.

Long study

The plan for expansion and renovation is the result of two years of study by the Hospital's Board. The present building, on Tupper street near the Atwater

bus terminal, was opened 35 years ago. Today, virtually every department of the hospital is operating under extremely difficult conditions, due to lack of space and facilities.

The Building Program provides for construction of a new eight-storey east wing, enlargement of the central wing and a building addition to the west along Tupper street, together with extensive internal modification and rehabilitation of services in existing facilities.

Included in the provisions of the Building Program are:

- A new out-patient department, large enough to allow for a 50 percent increase in out-patient service.
- A separate and fully-equipped emergency department with an enclosed ambulance station designed to meet the needs of the emergency area allocated to the hospital by the City of Montreal.
- Construction of new surgical operating rooms, radiology department, central sterile supply area, physiotherapy department, pharmacy, dietary department, laundry and other basic services.
- Establishment of an important new service for the hospital — a self-contained psychiatric unit.
- An increase of approxi-

Richard B. Holden

Independent to run here

Richard B. Holden is running in the provincial election as an independent candidate for Westmount-St. George. He is contesting the election of an Anti-Nationalization platform, it was announced yesterday.

His decision to enter the election is the result of the strong support of a large number of responsible citizens and his own firm convictions about the principle involved, he said.

Convinced

"I am convinced," he said, "that thousands of voters are opposed to the principle of the take-over of shareholder-owned industry by government. And they will welcome the opportunity to voice their protest on November 14."

René Levesque's present nationalization policy is but 'the thin edge of the wedge' of socialism. It is a threat to individual liberty and a challenge which can and must be met by positive action. And I believe that the time to act is now," he continued.

Mr. Holden is expected to be opposed by incumbent Liberal Richard Hyde, Speaker of the House.

A National Union candidate has not as yet been nominated, but in 1960, Mr. Hyde was opposed by Murray Hayes.

WE SAY YOU SAY

Prevention of fire concerns everybody

THIS is Fire Prevention Week, a period set aside annually by fire chiefs, fire marshals and underwriters to remind everyone of the dangers and terrible losses in life and property caused by fires.

Like water, fire is a good friend to man when under control but his deadly enemy when that control is lost.

We would like to suggest, and we certainly make no claim to be original, that Fire Prevention Week should be marked every week. There is good reason for this — the tragic toll

During the past decade in Canada, for instance, some 5,500 persons were killed by fire; 16,000 others were permanently scarred or maimed; and material damage reached the staggering amount of more than \$1,000,000,000.

Material damage can be repaired and losses replaced — but nothing can restore a lost life, most of which occurs among the very young and the very old.

And it is ironic that most fires, fatal and otherwise, are caused by carelessness. In brief, somebody goofed in most cases.

There is another aspect of Fire Prevention Week which rarely gets any mention — the heroic role played by firemen 24 hours a day every day of the year.

These men perform an essential public service.

We salute them!

THEY SAY

Few men progress, except as they are pushed along by events.

— E. W. Howe

Thanks expressed to Mayor, Council

Mayor J. C. Cushing

Sir, On behalf of the residents in the area St. Catherine-Park Place who signed the petition to have traffic lights installed at this spot, I have been asked to convey to Your Worship and the Aldermen of the City of Westmount, their heartfelt thanks and gratitude for the safety provided residents crossing here since the installation of traffic lights.

On behalf of parents whose children are still attending school, I have been asked to thank you for the extra safety still provided daily in this area by Policewoman, Mrs. Thomas.

Would you also convey our thanks to: City Councillor C. H. Drury, Commissioner of Public Safety, who read the motion to have the lights installed, at a meeting of the city council; City Manager Norman Dawe, who kept us informed by mail and by telephone of the progress of the whole project.

For all the effort and careful deliberation on the part of the City of Westmount to provide safety at this crossing point.

Valentina Rahr,
Westmount, Que.

By the way . . .

HERE, THERE AND EVERYWHERE

731 BRACE-PLUG TWISTERS came out yesterday because a wedge-turner struck a match on the breeches of one of them.

"ONLY A MAN in the throes of alcoholic excess," said a Wivelstoke magistrate, "would bore a hole in his hat and hang it on his nose."

THE GREEN WHISKERS of a Tunbridge Wells actuary were found to be water-cress pasted on to his cheeks.

DOMESTIC QUESTION

WHY are the wives in what are so delightfully called "the lower income brackets" always written about as housewives? nobody ever says, "I'll bring my housewife and housechildren on Wednesday." It would be amusing to read of a film-star's fifth housewife, or to be told that a certain peer "entered the room, preceded by his housewife and her housemother."

Sir: I Just finished reading the copy of The Examiner (last week) and the story of The Monster of 1916. Well it set me back thinking to ponder if this item of war was a Monster.

Why I say this, is because I was a soldier of the British Army for a considerable number of years, and spent 16 months of my time with the Royal Tank Corps, therefore I saw those so-called monsters.

Around 1926, I was allowed to transfer to them from an infantry regt. and spent the first five months at the Regimental Depot of the RTC, which was then, and is still, in a very pleasant part of Dorsetshire known as Bovington Camp. There they had, and have since increased, the Tank Museum. This is a place at Bovington that has well-kept originals of the complete sets of Tanks, that have been in use with the British Army, and also others that were captured from the enemy.

Bovington also now has its own technical school of Tank Warfare, known as the School of Tank Technology.

Taught history

I have been a school instructor during my army life, and was always interested in military history, and the RTC, has a very unusual history.

To start with, the form of fighting vehicles, which is another name for a Tank, was carried out, way back in the days of ancient history, as the warriors of those days used to place sharp knives on the wheels of their chariots and charge through their enemy's, cutting them to ribbons with the knives.

When the first tanks were in formation, the name of the unit was then known as the Heavy Machine Gun Corps, and the cap badge was in the form of crossed machine-guns.

Later, when it was decided that they would be a surprise unit, it was a job to hide these great massive bits of iron, and they were readied, and placed on railway trucks and simply covered with tarpaulins, these tarpaulins were stencilled with the following words, "TANKS WATER FOR USE IN RUSSIA". This was to put off any spies that the Germans may have had and who may have got onto the secret.

This is where the present world-wide fighting name got its origin. (TANKS WATER).

During the First War, it is a well-known fact that these same tanks saved France and the Allies. At Cambria, around 1917, they went against the Hindenburg-Line, and as the Germans had made their trenches a few feet wider than the length of the tanks, so a TANKIE came up with the idea of each tank carrying its own "bridgework" to make the crossing easier. This was done by a simple large bundle of faggots, that were strapped to the top of the tank, and when it reached the line, simple let it fall into the trench. This definitely broke the hearts of the German soldier of that day.

Local resident recalls the 'monster' of 1916

Top honors

For this effort, to help save France, the French Government gave the Tank Corps an honor that was a first in the British army, and its custom is still carried out to this very day.

To start with, the French gave the Tank Corps a citation of the French Croix de Guerre, and also later it permitted the use of the beret to be worn by all members of the Corps. Around 1924, this strange headgear came into use, and the Tank Corps were always proud to wear the same headgear, as did one of the famous and crack regiments of the French Army.

This same type beret was later worn by all regiments of the British and also Canadian Army, the difference being the colors of the hats to suit the branch of the army using them.

At present both armies are wearing the older form of the peak Forrage cap, but not so the Armoured units; they still retain their BERETS.

As we mentioned, the armoured units:

Well, at one time they were all mounted on horses, at first were using armoured and as the Tank Corps got bigger, so they took in the Cavalry units, and the same Cavalry units are all part of the Royal Armoured Corps.

In Montreal we have the Royal Canadian Hussars, they were a former cavalry regiment, but are using tanks, and also are very proud of their berets.

wheeled cars; now there are very few wheeled cars, but have the Royal Canadian Hussars, they were a former cavalry regiment, but are using tanks, and also are very proud of their berets.

The regimental colors of the RTC is BROWN, RED & Green. Meaning: "Through mud, and blood, and into the green fields beyond".

Not many regimental colors of any Regiments, shows such a fine motto.

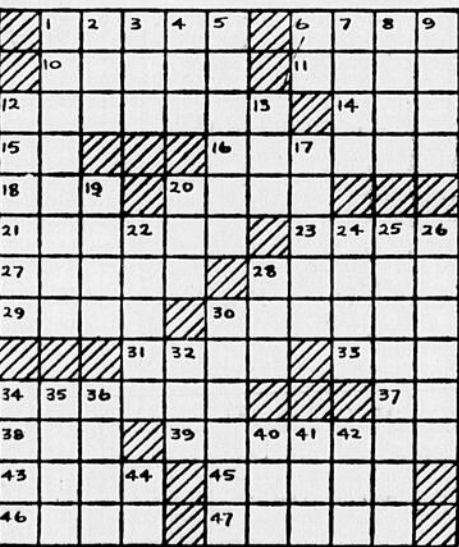

Before I close, I must say that the Australian soldier of the 1914-1918 War was not for a long time fond of the tanks, reason being that as the ground of the battlefields were bad with snow, and mud, large numbers of the Australians were found marching behind the nicely packed ground that the tank-tracks had made, and in this way suffered several casualties from well placed enemy rifles and guns.

When I left the Regimental Depot I was posted to the 5th Battalion, and was put in the tank crew of a tank known as No. E.36. (All units then had the letter to denote the Battalion.) This same E 36 was a "phantom" tank, as it did not arrive till just before I was re-sent back to

I SAY!

Roger Pickeldorf was looking over some small foreign cars last week. "The trouble is," he said, "that by the time you can finally afford them, you can no longer fit into them."

— Frank Mack

Air force vets plan busy season

Members of the 306 Maple Leaf Wing of the Royal Canadian Air Force Association held its October meeting Wednesday evening in the mess of 401 Squadron, 4450 Sherbrooke street west.

Frank Normand, an executive of Imperial Tobacco and a veteran of RCAF service in World War II, was the guest speaker.

Mr. Normand, incidentally, did not speak on RCAF service, but on leaf tobacco, with which he has been associated since graduation from the University of Montreal in 1928.

The executive of the Wing has planned a busy schedule of activities, starting with an invitation to attend a 10th anniversary celebration at Collège Militaire Royale this Sunday.

Meetings scheduled

Wednesday team captains of the lottery, Operation Seven Seas, will meet at the mess, and Thursday the hospital visiting committee will visit St. Anne's Military Hospital.

Friday, October 26, is the date set for the annual Hallowe'en dance and social evening, set for 8:30 p.m. in the mess.

Social committee chairmen Bruce Clackett and Norm Noel say the dance is informal, prizes will be given, and the fee is a nominal \$1 per person.

The annual dinner dance has

been set for Saturday, December 1, and will be held in the Grand Salon of the Queen Elizabeth Hotel. Cost for this occasion will be \$12.50 per couple.

Air Marshal Dunlap, Chief of the Air Staff, is patron, and is expected to attend with his wife.

Court cases show drop

Municipal court cases in Westmount to the end of August this year have dropped to less than half of what they were the previous year, city officials said this week.

At the end of August, 1961, 11,234 cases were noted; this year the figure is 4,688.

The same drop holds true for court tickets, 4,084 this year compared with 10,238 last year, and traffic offences, 4,550 against 11,102.

Fewer traffic cases

Traffic police report that this year 763 court cases were made, compared with 1,025 last year; 670 radar cases against 96.

Cautions, though, increased to 2,379 this year from 1,893 for the same period last year.

The report indicated that, while the regular police may be finding their job easier, parking inspectors were much more busy, giving out 7,760 parking tickets to the end of August this year, compared with 7,056 last year.

Collection costs down

Westmounters this year — to the end of July, at least — have thrown away more garbage than in the corresponding period last year, but city officials say that the cost to them of doing it is less.

To the end of July, there were 454,861 collections, totaling 6,081 tons, removed at a cost of \$76,395, or slightly less than \$1,000 below the figure for last year.

The cost of operating the disposal plant has also dropped from \$3.29 per ton to \$2.77 per ton in the same period.

The first law courts opened in the New World were established at Trinity, Newfoundland, by Sir Richard Whitbourne in 1615.

Of Canada's 307 radio and television stations, 259 are privately-owned and 48 are state-owned.

Rotary hears about peace

The Westmount Rotary Club Wednesday heard a talk by the Rev. Clifford Evans on "The Canadian Peace Research Institute."

The Institute is a recently-formed group spread throughout the western world for the purpose of studying, in a business-like manner, possible methods to ensure world peace.

Those at the head table included John Doidge, Steve Spire, Frank Starr and Denis White.

It was also announced that the public speaking course, under the guidance of Ted Harrison, will get underway at St. Leo's today. So far, 46 have registered for the course, compared with 21 last year.

Local resident . . .

(Continued from page 4) the Infantry. Reason why it was called the phantom was that it was the first tank that had WIRELESS placed in it.

Nobody in 1927 ever thought that a wireless set would work inside so much metal. But it did, and all are now equipped with radios.

Communication before this was done by either flags, or a set or arms up on the side of the tanks; used the same way as semaphore in the Navy.

The present day tank is known as the Centurion, and is a mighty piece of machinery along side of the 1916 Tank, but like all things on earth they had to have a start, and the 1916 tank showed the world a new type of fighting machine, from its former steering, by use of outside wheels that were used in the same manner, as does a ship at sea; to keep its course by moving its rudder. To the present day use of stopping the action of its track, to move into another direction.

One could write for hours on this famous Regiment. But I think that I have said enough to show you that it is not exactly a MONSTER, unless it can be called a loveable one.

S. A. SEARR.

WMA Traffic . . .

(Continued from page 1) ters from Westmount citizens, investigates all complaints and maintains a constant interest in the welfare of the community, president R. W. Coristine pointed out.

Westmounters elected to the Executive give freely of time and energy, act as liaison between citizens and City Council and represent the whole scope of the Westmount Municipal Association and its active interest in the community.

Your Red Cross reminds all boat-owners to keep clear of swimming areas. If you're forced to come in to a dock where swimmers are scattered about, do so at a very slow speed. Don't endanger the lives of others. Be water-wise.

This week in Westmount

By VALENTINA RAHR

"It is useless to try to set up a multi-racial society in Africa today," was the opinion voiced by Dr. Dale C. Thompson in an address to the Montreal Branch of the Royal Commonwealth Society at Victoria Hall last Thursday.

Attempts to fail

Prof. Thompson is giving the only French course on the Commonwealth in Canada at the University of Montreal. Prof. Thompson said attempts such as the one now being made in Rhodesia to set up a multi-racial society were bound to fail.

"The British government has understood this very well, and its policy in the former colonies is to cushion the shock as much as possible for both Africa and Europe," he continued. "The British government is already committed to a black Africa."

Black Africa did not mean the end of the white man's influence, however, he pointed out. The white man could often be of more influence as an equal than as a superior. The sovereign African government asks for many kinds of assistance: for engineers, teachers, agriculturists and economists.

Goodwill to whites

"There is," Prof. Thompson said, "a very healthy reserve of goodwill toward the white race in Africa, and perhaps, more important, a desire to emulate European ways and methods."

Dr. Thompson did not want to make moral judgments of the attitudes of whites in Africa except to say he could not bring himself to accept segregation as a political or philosophical concept.

Alex. S. Keiller, Cote St. Antoine road, first vice-president of the Royal Commonwealth Society, chaired the meeting.

Military Whist

For the first time since its inception the Royal Montreal Regiment, Sergeant's Mess Ladies Committee is sponsoring a Military Whist Evening to be held on Friday at 8 p.m. at 4625 St. Catherine west. At least forty door prizes are being prepared for the lucky players.

Committee members organizing the event are as follows: president, Mrs. D. Watkins; vice president, Mrs. B. Wheaton; secretary, Mrs. N. Eastler; refreshments, Mrs. O. Green, treasurer in charge of tickets, Mrs. E. Laney. Please phone FE. 4-8506 for reservations.

Artist Freda Pemberton Smith, exhibiting about thirty oils and many small sketches of Canadian scenes from Van-

cover to the Maritimes at the Laurentien Hotel, Mezzanine floor for the month of October . . . Morley Calvert, in charge of music at Westmount High for many years, now heading up the Valois School music department . . . Mr. Stratton, gym instructor and history teacher at Westmount High recovering from surgery . . . City of Westmount Recreation Department issuing new identification to residents using swimming pool, skating rink, and tennis courts. A single admittance card bearing a photo of the owner, will cover all activities . . . Oct-cover all activities . . . Card applications may be made at the Artificial Ice Rink from October 9 to October 31, Monday to Friday 12 noon to 8 p.m. to 1 p.m. . . Proceeds from a ball, "Gaiete Grecque" scheduled to take place on Friday evening at the Windsor Hotel will benefit the National Ballet Guild. Mrs. L. G. Crawford, 444 Argyle avenue, is a Montreal Branch director and a member of the Advisory Council of the Toronto Women's Committee, of the Guild . . . King's School is sixty five years old this year. Fifteen years ago a fiftieth anniversary celebration of the school was held. To mark the occasion a huge birthday cake was cut up, and every pupil was given a piece.

Winter program begins at 'Y'

Boys and girls are meeting new staff at the Westmount Y.M.C.A. as the winter youth program gets underway. The former Youth Department stenographer, Miss Janet Pickford, was recently married to Robert Sallery (also an old "Y" staff member). Replacing Janet is Miss Lise Beaudoin.

John Rogers is responsible for all youth swim periods. Miss Cathy Cronin is responsible for several Adult Physical Programs, the Girls Leader Corps and the Craft Department.

Lise Beaudoin is a native Montreale. She attended Teachers' College and has recently graduated from Sir George Williams Business School. Lise is bilingual which is an important asset. She was a leader with the Girl Guides for three years.

RCAF specialist

Cathy Cronin hails from Galt, Ontario. She was a member of the Senior Leader Corps in Galt for a number of years. Cathy has been with the RCAF for three years as a recrea-

tional specialist. During the summer Cathy was Craft Director and Assistant Director of the Westmount YMCA's Summer Fun Club.

A native Montreale, John Rogers is a fourth year student at Sir George Williams University. John has the highest swimming award obtainable from the YMCA — the Examiner's certificate. He was in charge of the Dixie Swimming Pool in Lachine during the summer. Previously John worked at the Lachine-Dorval YMCA for two years.

'Old' staff

Moss Dudgeon, Physical Director; Ron Watt, Youth and Community secretary and Douglas Harland, Youth Membership secretary, are three "older faces" at the "Y". Moss is beginning his second year and Ron his eighth year at the Westmount Branch.

Douglas Harland joined the Branch in May 1961. He is a second year Sir George Williams University student and works part time for the YMCA.

Woofers and Tweeters

Lingo for sound hounds

By Giveon Cornfield

Next time your audiophile friend says something like "My amplifier has a tendency toward intermodulation distortion in the midrange," don't panic. The following glossary will help you innocent bystanders to understand Hifinese.

AM — Abbreviation for Amplitude Modulation, the "standard" method of broadcasting. The signal is transmitted by varying the amplitude (or height) of the sound carrying waves (in FM, it is the frequency of the wave that's varied).

AFC — Short for automatic frequency control, a special circuit built into better FM receivers designed to correct in accuracy in tuning and tendency to drift.

Attenuation — reduction of an electrical current (opposite of amplification).

Amplifier — an electronic device which increases the strength of electrical impulses without modifying them.

Baffle-a speaker partition that keeps the sound waves from the back of the speaker from interfering with those in front.

Cartridge — a device which converts the mechanical energy (generated by the stylus moving in the record grooves) into electrical impulses.

Coaxial — usually refers to two speakers mounted on the same chassis, with the tweeter inside the larger woofer.

Crossover — a filtering device which separates the high and low frequencies delivered by the amplifier and sends them to separate speakers.

Distortion — the alteration in any way of the sound that is to be produced. Harmonic distortion is that which changes the relationship of the sound to sounds derived from it (harmonics). Intermodulation distortion creates new and undesirable sounds from the interaction of two correct sounds.

Feedback — Acoustical feedback occurs when vibrations from the speaker affect the operation of a record player or amplifier. Electrical feedback is an amplifier utilizing a later stage of output, feeding it back into an earlier stage.

Flutter — A rapid fluctua-

tion in the speed of a turntable or tape recorder.

FM see AM.

Frequency — The number of cycles per second completed by the sound wave.

Gain — The degree of amplification achieved from the input signal by an amplifier, measured in decibels.

Impedance — The resistance to current flow, measured in Ohms.

Multiplex — Transmission of two or more signals on the same FM carrier wave.

Phase — In each cycle of a sound wave, the air is first compressed, then rarefied. Two speakers are in phase when they compress simultaneously.

Roll-Off — compensation for the distortion introduced into recordings to overcome surface noise.

Transient Response — A measurement of how well a sound system responds to rapid changes in volume and frequency of sounds.

Tweeter — A small speaker designed to reproduce only high frequency sounds.

Woofer — A large speaker designed to reproduce low frequencies.

Wow — Fluctuation of pitch in a turntable or tape recorder that is turning at below correct speed.

Hospital auxiliary to meet October 17

Mrs. A. W. Myers, president of the Woman's Auxiliary of the Queen Elizabeth Hospital of Montreal will preside at the monthly meeting to be held in the auditorium of the Nurses' Residence, Northcliffe avenue, Wednesday, October 17 at 2 p.m.

Mrs. E. D. Johnson, chairman of the service group, would welcome new members to make surgical dressings every second and fourth Wednesday of the month from 10 a.m. till 2 p.m. Members may take a lunch and tea will be served.

Same owners, but agency alters name

Shoppers on Greene avenue have noticed a change in the travel agency which has been operating out of number 1373 of that street for some years. Robban Travel has changed to McGregor Travel, but there has been no change in ownership or management.

Robert McGregor, president of the Westmount agency, explained the change had been contemplated for some time. Robban is a contraction of two names and is a carryover from the early days of the company when McGregor had a partner. The partner sold out his interest during the first year of operation but the name remained unchanged until last month.

"Frankly," McGregor said, "we were not going to touch the name for fear our old clients would think the company had been sold. However, this year the business has reached a proportion which makes it imperative we expand into another branch and we thought the opening of the new office was the opportunity we needed to change the company name."

"Our commitments downtown have made us decide to open our new office on the Plaza of Place Ville Marie," he continued.

"We look forward to receiving a good deal of public attention through our new office and we think we can retire the Robban name gracefully. By opening another office and changing the name at the same time we can kill the proverbial two birds with one stone," Mr. McGregor said.

"Greene avenue has been good to us and we have no intention of relaxing our efforts

in Westmount. It will remain our main office and will be fully staffed with agents who have become well known among the residents of this district. In fact, far from decreasing in size, our Westmount facilities will be enlarged and we expect it to be an exciting place of business.

St. Andrew's
Laymen's service planned

The annual Laymen's Service will be held in St. Andrew's Church, Westmount, on Sunday morning.

The service will be conducted by the president and members of the executive of "The Men of St. Andrew's" — assisted by the minister, Rev. Dr. D. M. Grant.

The address will be given by an outstanding layman, Robert A. Speirs, Headmaster of Selwyn House School. His message is entitled, "Pressing toward the mark" . . .

The Choir of the Church, directed by Miss Mary Blaikie, will sing appropriate selections.

The Senior Bible Class will meet at 10 o'clock in the morning, and the Church School — all departments, including Crib Corner and Nursery — will meet at 11.

Temple Emanu-el

Sukkoth services planned tomorrow

SUKKOTH SERVICES: Friday evening, October 12 at 8:15 p.m. Dr. Stern will speak on "The Heavens Declare The Glory of God."

Saturday morning, October 13 10:30 a.m. sermon — "Thanksgiving."

Kiddush reception — the annual Sukkoth reception will be held after worship on Friday evening, October 12 in the Grover Auditorium. Members are cordially invited to meet in the Sukkah. The pupils of the Religious School and their parents will celebrate on Sukkoth morning, Saturday, October 13.

CONSECRATION SERVICE: Pupils entering the Religious School for the first time and enrolled in the pre-Kindergarten, Kindergarten and Primary departments, will participate in a service of Consecration at the Shemini Atzereth and Simchas Torah Service, Saturday morning, October 20 at 10:30 a.m.

They will be blessed for the Rabbi and presented with miniature Sefer Torahs. A reception in honor of the Consecrants will follow the worship under the auspices of the Hhome and School.

BOOK LOVERS' FORUM — EIGHTEENTH SEASON: The Temple Book Lovers' Forum under the auspices of the Temple Sisterhood opens its 18th season Wednesday afternoon, October 24 at 2:30 p.m. The Rev. Dr. Rudolph J. Berlis will be the guest reviewer.

Season tickets are now to be obtained. General chairman of the Forum — Mrs. Harry Joshua Stern; vice-chairman — Mrs. Asher Gerstenfeld; membership — Mrs. Ivor Kursbatt; program — Mrs. Reuben Ginsberg; publicity — Mrs. Eugene Gardner; hospitality — Mrs. Abbey Sankoff; secretary — Mrs. Lloyd

Davis; treasurer — Mrs. Maurice A. Schwartz.
 Price per season ticket for six lectures — \$5.

LARGE ATTENDANCE EXPECTED AT OPENING DINNER OF BROTHERHOOD: Dr. Gerald Halpenny, past-president, Canadian Medical Association, will speak at the Brotherhood dinner meeting, Tuesday evening, October 23, 6:45 p.m. on the theme "Problems of Medicare."

The meeting is open to the ladies.

Reservations — Murray Deskin, HU. 4-2425. Chairman of program is William Hoffman.

SISTERHOOD SUKKOTH DESSERT LUNCHEON AND SOCIAL: Tuesday afternoon, October 16 at 1:30 p.m. Grover Auditorium. Conveners — Mrs. Isidore H. Morrell and Mrs. Bernard Isaacs. Reservations — Mrs. Hershell H. Lewis, WE. 3-5468 or Temple Office, WE. 7-3575.

RELIGIOUS SCHOOL: The 1963 Confirmation Class is now fully organized with 30 candidates. This class, under the direction of Dr. Stern, meets regularly on Saturday mornings following the Junior Congregation Worship. The course is entitled "The Faith of Israel."

Regular classes for High School, Saturday mornings at 9:30 a.m. Lower School, Sunday mornings at 9:30 a.m. Daily Hebrew School Monday through Thursday afternoons commencing at 4 p.m.

In all departments of the Religious School, pupils are invited to build miniature Sukkos in observance of the Sukkoth feast, under the chairmanship of Reuben Ginsberg, LPH.

Award of prizes will be given to all those who have built Sukkos.

Cancer drive exceeds goal

Andrew Armstrong, president of the Quebec Division of the Canadian Cancer Society, announced this week that the Society had exceeded the objective of its 1962 fund raising campaign by \$10,257.53.

"Our objective for the entire province of Quebec was \$550,000 and final receipts now total \$560,257.53. That's more than two percent above our objective. Apart from being very gratifying, the results speak well for the dedicated and devoted service of the several thousand of volunteers who made possible the success of the campaign. It also speaks most highly for the acceptance of the population generally of the achievements and the program of the Canadian Cancer Society.

Mr. Armstrong explained the delay in announcing the final results of the 1962 appeal. While

the campaign has always been held in Montreal during the month of April, many other cities and towns throughout Quebec did not hold their drives until late in the summer.

"But final returns are now in and we are very pleased with the results," the president said.

The campaign objective for the province, including the Greater Montreal district had been set at \$550,000. Montreal receipts amounted to \$355,878.06 and receipts from the rest of the province totalled \$204,397.47

FEW services are so greatly appreciated as the complete comprehensive service which we provide the bereaved family.

F. A. Nunns—A. F. Williams
 5610 Sherbrooke Street West

Special services set for Sunday

World Communion Sunday will be observed by the commencing of the 7:30 o'clock evening worship at Dominion Douglas.

There will be a Communion Service both morning and evening.

Dr. Smith's Sermons will be "Oneness in Christ" and "The Gateway of Knowing".

Westmount Baptist

Interim minister named

Rev. Miles F. McCutcheon, STM, DD, for 40 years Minister of First Baptist Church and now Minister Emeritus, will be the Supply Preacher at Westmount Baptist Church on Sunday, October 14, and Interim Minister during November and December.

Dr. McCutcheon, a graduate of Acadia University and Andover-Newton Theological Seminary, is a past-president of the Baptist Federation of Canada. The title of his sermon in the morning will be "The Road To Riches," and in the evening he will preach on "What Holds People Together."

The mid-week service at 8 p.m. on Wednesday will be conducted by the Deaconesses of the church, under the leadership of Mrs. F. R. Crawford, chairman of the Board of Deaconesses.

Christian Science

Superiority to be sermon topic

Man's superiority over everything that would alienate him from God, good, will be emphasized at the services in the Christian Science churches this Sunday, in the reading of the week's Lesson-Sermon entitled "Are Sin, Disease, and Death Real?" Paul's healing ministry will be featured in the Bible selections, which will include his assurance to the Romans: "For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord."

Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include: "When the evidence before the material senses yielded to spiritual sense, the apostle declared that nothing could alienate him from God, from the sweet sense and presence of Life and Truth."

Cameras urged for Maine tour

Fall foliage will be at its peak of color statewide during the next two weeks, a Department of Economic Development spokesman said here today.

Everett F. Greaton, consultant to DED's Recreation Division, said foliage is "spectacular" along all of the highways throughout the state and should continue for the next two weekends.

"The annual display of color is particularly lovely this year," Greaton said. "Rainfall, that plagued late summer visitors, has played an important part in the coloration. The moisture causes leaves to remain on their stems longer and thus colors are retained over an extended period before turning brown and falling."

Greaton indicated that an increasing number of tourists are coming to Maine this Fall to view the foliage.

Musical

Sharps, Flats & Naturals

By FRANCES GOLTMAN

I. MEZZO WITH AMBITION. II. YPC (14th season) and YOUTH SERIES.

We have in our district a young singer with multiple talents. Huguette Tourangeau has personality, stage appeal and the ambition necessary for a successful career. Chosen as one of the soloists by the Montreal Festivals Society in the impressive "Vespers of the Blessed Virgin" by Monteverdi, which was the opening major presentation, this in itself was an indication of her gifts.

Her voice is a rich mezzo soprano. I had noticed her in the television production of "Carmen" by Bizet last year and thought her a very promising singer.

Considering the above facts, Huguette Tourangeau would be an interesting person to interview so I chose her for the first broadcast on October 3. Not only did I find her extremely charming but uncovered many other things that the public like to know.

Her musical background began in Sherbrooke; she was born in Montreal but attended school there because an elderly relative was principal and it was in Sherbrooke at the age of 15 that her beautiful voice was discovered. She won first prize in "Festival de la Jeunesse" two years in succession.

Huguette Tourangeau studies at the Conservatoire with Mrs. Ruzena Herlinger but continued her academic studies and has a second career at her fingertips (should she ever want to switch). She is a Bachelor of Education (Ecole Pedagogique). This corresponds to our BA course at McGill.

When I enquired if there were any musicians in her family, we learned that two of her uncles were singers. Rene Tourangeau, a basso, sang at the Metropolitan Opera and his career ended when he died through an accident at the age of 24. His brother Lucien sang with the popular "Les Varietes Lyriques". Andree Desautels, editor of the JMC. paper, teaches History of Music at the Provincial Conservatory.

In her immediate family, they all play the piano and sing. Her two sisters are also destined for the arts, one is an actress, the other a ballerina.

Huguette studies now with three singing teachers . . . Mrs. Herlinger (for the past seven years) for voice and lieder . . . French opera with Raoul Jobin and Italian opera with Dick Marzollo (the teacher of Siepe) and has studied German Opera with Otto Welter Muller.

Knowing the Miss Tourangeau has sung all types of music, I asked her what her favorite medium is . . . her answer . . . opera and her greatest ambition . . . to sing "Carmen" on the stage.

II. YOUTH SERIES and YPC (14th season)

Parents, teachers and friends can all help to guide to tastes of young people in the arts, sports and how to occupy their leisure hours. Some children choose things of interest without suggestions from others. Often younger members of families follow examples set by older brothers or sisters and friends . . . and a great number just sit

and watch television without parental supervision.

Only the extremely musical children do not have to be introduced to this art — they like it immediately. It grows on most young people when given in small doses and they become acquainted with the classics.

This is the 14th season that The Montreal Symphony Orchestra is giving Young People's Concerts. Dr. Wilfrid Pelletier, the founder and honorary conductor, has done a great service and every year there are new recruits among the very young. Six concerts will be held in the Montreal High School Auditorium with the following conductors: Zubin Mehta, Dr. Wilfrid Pelletier, Seiji Ozawa, Boris Brott and Lazlo Gati.

MR. AND MRS. WENDELL WAYNE SWIM, whose marriage took place recently at St. John's United Church, Moncton, N.B. Mrs. Swim, formerly Miss Roberta Andrea Starke, is the daughter of Mrs. Starke of Cap Chat, Que., and the late Major Robert Andrew Starke, and niece of Miss Sarah G. E. Starke of Westmount. Mr. Swim is the son of Mr. and Mrs. W. S. Swim of Moncton, N.B.

Miss Roberta Andrea Starke weds Mr. Wendell Wayne Swim

The marriage of Roberta Andrea only daughter of the late Major Robert Andrew Starke, and Mrs. Starke of Cap Chat, Que., niece of Miss Sarah Starke of Westmount, to Mr. Wendell Wayne Swim son of Mr. and Mrs. W. S. Swim of Moncton, N.B. took place on Thursday, September 27 at St. John's United Church, Moncton, the Rev. F. E. Archibald DD, officiating. Mrs. D. A. Steeves played the wedding music. Mr. Corey Smith sang "The Lord's Prayer", and "Oh Perfect Love", during the service. Standards of white gladioli shasta daisies with greenery were used to decorate the Church.

The bride who was given away by her uncle, Colonel Donald D. Crawford of Newhope, Penn., was in a gown of ice blue brocade, with a fitted bodice having an oval neckline and three quarter length sleeves, her ice blue veil of tulle illusion was held by a matching headdress of rose petals. She carried a bouquet of red Sweetheart roses and stephanotis.

Miss Beverly Hope-Ross as maid of honor wore a frock of forest green and ice blue printed crepe fashioned with a fitted bodice and elbow length sleeves and slim skirt, and a forest green velvet headdress, and carried a shower bouquet of white pompons and stephanotis.

Little Miss Heather Dawn Swim, sister of the bridegroom,

was flowergirl. She wore a light blue chiffon dress with the short full skirt over a crinoline, and small hat of maribou to match, she carried a colonial bouquet of red Sweetheart roses and white pompons.

Mr. John Price acted as best man for Mr. Swim, and the ushers were Mr. Edward (Ted) Ayles, cousin of the bridegroom, and Mr. David Lyman.

Mrs. Starke, mother of the bride was in a sheath gown of (Continued on page 13)

Engagements

The engagement is announced of Brenda Lynne, daughter of the late Moe Cramer and of Mrs. Cramer, of Kingston, Ont., to Dr. Mortimer Lechter, son of Mr. and Mrs. Ben H. Lechter, of Westmount.

Notice

Due to the many engagement and wedding photographs received for publication and the high cost of production, in future a nominal fee of \$5. will be charged.

Concert Society

The Concert Society of the Jewish People's Schools, 5170 Van Horne avenue, will resume the annual lecture series today at 8 p.m. at the home of Mr. and Mrs. Charles Balinsky, 4850 Mira road.

The speaker of the evening will be Mr. Stanley Lewis, well-known Canadian painter and sculptor who will talk on "Direct Impressions of Art."

In addition Barbara Cassack, winner of last year's Musical Competition will offer a number of piano renditions.

According to a statement by Mrs. J. Elkin, chairman of the lecture series, "the Jewish People's Schools Concert Society is sponsoring the talks by well-known personalities in the fields of arts and letters, in recognition of the fact that our organization is now an important force contributing to the artistic life of the city."

The Concert Society was organized by graduates, parents and friends of the Jewish People's Schools a few years ago, and has as its main feature every year the sponsorship of a concert by a noted artist. Those who have already appeared at these concerts include singer Rise Stevens, violinists Isaac Stern and Ida Haendel and pianist Rudolf Firkušny.

The Concert Society has also announced that it will continue the Musical Awards Competition for pupils who attend the Jewish People's Schools. Details of this year's competition will be announced in the near future.

the tour and lecture in English on the current Dutch Contribution Exhibition.

Miss Marie-Louise Funke, Supervisor of the Museum Education Program, will also give the tour and lecture in French.

RUMMAGE SALE: The ladies auxiliary of the N.D.G. "Y" is holding a rummage sale at 4335 Hampton avenue on Wednesday, October 17 at 1 p.m. Added attraction a nearly new section.

Our Neighbor

If we knew each other better,
We would find the things that sever
Would be driven out forever
If we knew.

It is not our mental blindness
Which is cause of all unkindness
And which hides the spirit's glory
From our view.

We are all remote and lonely,
And we reach each other only
Gazing through the lens of kindness,
That is true.

There's a gleam divinely human
In each man, and in each woman,
We would only see the glory
If we knew.

— DOROTHY SPROULE

Eventide Home Auxiliary active during summer

The opening meeting of the Women's Auxiliary of Eventide Home of the Salvation Army was held September 13 in the Assembly Hall of the Home, with Mrs. R. Uden, president, in the chair. Brigadier G. Dockery opened the meeting with prayer. Mrs. Uden then welcomed all members, new members and guests.

Chairmen of the various committees who worked throughout the summer, reported on their work as follows:

Mrs. S. A. Innes, sewing, reported 232 articles repaired and replaced.

Mrs. W. A. Routledge, reported tea served to 82 mem-

bers at the annual meeting and approximately 400 people at the June Birthday Tea.

Mrs. S. A. Innes who took over the chairmanship of the Tuck Shop, reports a very busy summer as usual and so much appreciated by the residents.

Mrs. P. Shaughnessy, visiting, and her committee reports this work a very worthwhile cause. Some residents have gone, and the new ones who come in welcome these visits.

Mrs. C. N. Knowles, vice-president, is in charge of the Birthday Shelf and reports 36 gifts distributed during June, July and August. Mrs. Knowles would appreciate very much re-

FASHION SHOW COMMITTEE: Mount Sinai Chapter No. 1091, B'nai B'rith Women, is presenting a Fashion Show Wednesday, October 17 at 8.15 p.m. at the Chevra Kadisha, B'nai Jacob Synagogue, 5237 Clanranald avenue. Seated left to right: Mrs. Nathan Schertzer, 630 Marlatt avenue, St. Laurent, vice-president in charge of fund raising; Mrs. Melvin Rosenbaum, 6300 Lennox avenue, ticket convener. Standing: Mrs. Ruby Cobrin, 6282 Westbury avenue, fashion show convener; and Mrs. Moe Shore, 5412 Prince of Wales avenue, telephone chairman.

ceiving from members, and kind friends, especially for men, gifts for the shelf as same is rather depleted just now.

The Beauty Parlor is in charge of Mrs. A. H. Mason.

Mrs. J. B. Fraser, entertainment reports the season opening on September 17 with a quiz and musical program by Mr. and Mrs. Fred Hill.

Mrs. C. G. Nuttall, membership, reports 65 paid up members.

Brigadier Dockery welcomed

to the Home, the Women's Auxiliary which has done so much for the residents.

The Birthday Tea which was held in June was a huge success. A very lovely birthday cake donated by Mrs. Ethel B. Gardner decorated the dining room table. Delicious refreshments were served by Mrs. W. A. Routledge and her committee to approximately 400 residents and guests. Before the tea, in the Auditorium, vocal songs and duets were rendered

Daughters of Nile

The stated monthly session of Oasis Temple, No. 46, Daughters of the Nile, will be held in Victoria Hall, Sherbrooke street west, Westmount, Monday at seven-thirty p.m., with Mrs. H. C. Sturges presiding at the meeting.

Altrusa Club dinner

Dr. T. R. Hale, Associate Medical Director of The Sun Life Assurance Company will be the guest speaker at the monthly dinner meeting of Altrusa Club of Montreal, to be held in the Windsor Hotel, Tuesday, at 6.30 p.m. Dr. Hale's topic will be "Coronary Diseases."

by Anne and Scott Savage, piano solos by Joan Glithero Smith and organ selections by Mrs. Evelyn Warr.

A vote of thanks to Mrs. K. A. Campbell and her committee of the Chateauguay Horticultural Society for the lovely floral decorations in the lounge, dining room, halls and assembly hall.

The Women's Auxiliary have again decided to hold a Christmas Party for the residents on Tuesday, December 18, under the co-chairmanship of Mrs. J. B. Fraser and Mrs. Ethel B. Gardner. Mrs. Fraser will be in charge of entertainment for this event.

Mrs. Uden gave a very glowing report on the Rawdon trip taken last May upon the special invitation of Mrs. Earl T. Moore to visit her home, which trip was organized by Mrs. D. K. Gowans. Mrs. S. A. MacSween showed pictures taken during the trip.

The meeting then adjourned. Mrs. J. D. Hannan entertained with various piano selections.

Tea was served by Mrs. W. A. Routledge and her committee.

"d'you know something, Daddy?"

"Hmmm?"

"Daddy, if you had a French horn and you blew B-flat two octaves below G, do you know what you'd get?"

"A busted eardrum."

No, daddy. You'd get the mating call of an alligator from a mile away. Daddy, what's an octave?"

"Never mind that. Where did you hear that alligator business?"

"Jimmy's big sister told us. She plays the French horn in the college orchestra. She can make the mating call of an alligator."

"I've seen her and it figures."

"What figures, daddy?"

"It's a joke, son. Why was she telling you about the... uh... B-flats and things?"

"Oh, because Jimmy was

making so much noise eating his jelly bread. She said he sounded like an alligator."

"Did he?"

"I don't know. I was eating real fast so I could get the last slice before Jimmy did. It sure was good bread."

"Your mother has good bread, too. She says we have the freshest bread she can buy. I like it. Don't you?"

"Sure. It's just like Jimmy's mommy has."

"Weston? Weston Bread?"

"Uh-huh. Jimmy's mommy's Weston Bread is the best tastin'est in the whole world."

"Why is hers any better than ours?"

"Because if we eat it when Jimmy's sister isn't there, we can play like we're alligators."

do you know something?

More of your neighbours enjoy Weston Bread than the bread of any other baker : : : because it has the *Freshness Guaranteed*. Buy best-tasting Weston Bread today. Available only at your store.

mately 45 percent in bed capacity, for a total of 250 beds and 40 bassinets.

● Expanded and improved facilities for maternity care (case rooms, labor rooms) and for laboratory work, medical teaching, and investigation.

● Modernization of existing bed-patient facilities.

● Construction of a six-storey residence to accommodate 25 internes and 30 student assistant nurses, complete with facilities for an assistant nurses' training school.

● Various mechanical services, including improved ventilation throughout the existing building, a new emergency generator, an additional boiler, and two more elevators.

Chrome trim on a car can be cleaned with fine steel wool . . . then protected with a coat of wax.

Stanstead seniors take Bishops

Bob Wilton of Revere avenue joined Dave Miller of Knowlton and Tom Faust of Westmount, with touchdowns that toppled B.C.S. at Lennoxville 18-12 on Saturday while the second football team went down to defeat 27-2.

Peter Moore of Lombard Crescent dropped the punter after a fumble in the end zone. Tommy Jarjour of Vivian avenue played an outstanding game in the rain as he crashed through the line or whisked around the ends.

Bruce Leatherdale of Decarie boulevard with brother Godfrey at quarterback and Bill Greenshields of Dawson avenue,

Dorval played outstanding games as did Ross Montgomery of the Town, Barry Campbell of Montreal West, Colin Cooper of Westmount and Bill Ball of Port Hope.

In soccer Ezra Hakkah of Geneva, Switzerland played a superlative game scoring twice and assisting Jimmy Gordon of Hampstead in rounding out a 3-0 win over the Sherbrooke High School.

Next weekend Stanstead plays Ashbury College of Ottawa in both football and soccer on the Lower Canada College playing fields on Royal avenue at 2 p.m.

making the scene

BY PETE BAUMANN

Allan Keith stars at St. Mary's

The St. Mary's University football team of Halifax, N.S., dropped a 27-14 encounter to the Stadacona Sailors in an Atlantic Football Conference game played Saturday.

Allen Keith of Westmount starred in this game for the losers.

Keith, in his first year at St. Mary's, attended St. Leo's Academy last year. He is primarily an offensive half-back, but played both offensively and defensively for the hard pressed Santamarians.

On a rainsoaked field, Allan Keith managed to get away three punts with an average of 36 yards. He also hauled down a pass from the St. Mary's quarterback to set up the second Huskie touchdown. Coach Hayes is pleased with the play of the young rookie and expects great things from him in future games.

The N.D.G. Maple Leafs won their fifth and sixth consecutive games as they defeated the Rosemount Bombers 20-12 in a game that could have gone either way, on Thursday at Morgan Park and then to make it a perfect Thanksgiving holiday they soundly trounced the Town of Mount Royal Lions 27-7 at the Town's recreation field.

The Leafs next home game and last game of the schedule is at Trenholme Park on Tuesday, October 16, at 8 p.m.

The local boys should add another scalp to their trophies on this occasion with the McGill Indians providing the opposition. The Indians are coached by Dave Capp who played football and hockey for West Hill in his high school days.

However the hardest part of the trail for the Leafs comes after the McGill tilt. Now that the Leafs have nailed down first place in QRFU Junior Section they will meet one of the other contending teams in a two-game total point final play-off. The Leafs opponents are indefinite at the moment as second and third place in the standings have not been decided. Most likely, Rosemount or the Verdun Braves will provide the opposition. The first game of this final series will be played away from home by choice on October 26, the second game will be played at Trenholme Park on Friday November 2.

The Maple Leafs will have to work hard and drill diligently as there is always the possibility of being upset. The 20-12 victory against Rosemount could easily have gone the other way, had the Bombers had the services of their regular quarterback Brian Murray, who was away on business. As it was the Bombers went along with their second string signal caller Wayne Lang. Lang made several costly errors, once when the Bombers were threatening deep in Leaf territory and several times in their own end.

However, we look for the Leafs to be on hand to face the winners of the Ottawa-Hull Eastern Ontario Junior League, on November 11 at Montreal. The next step will then be, provided the Leafs win, to take on the Western Ontario champions in Montreal on November 17.

This is looking into the future, but we predict the N.D.G. Maple Leafs will be on hand to meet the Western Canadian champions in the Shrine sponsored game for the National Junior Championship in Hamilton at the Civic Stadium on November 25. The tro-

More coaches required

The City of Westmount Recreation Department, hockey program, which will get underway early in November, has several openings for coaches.

Boys 16 years of age, young adults and fathers who wish to assist in a coaching capacity will be welcome, and are invited to contact John Garland, recreation supervisor at the artificial ice rink, WE. 2-4293 or WE. 5-8531 Extension 80.

Games are scheduled on Saturday mornings between 9:00 a.m. and 12:00 noon, afternoons starting at 4:30 p.m. and evenings at 7:30 p.m.

Badminton club planned

The City of Westmount Recreation Department will again be running a Badminton Club.

Membership is open to adult residents of Westmount who are invited to join by registering with the Recreation Department — WE. 2-4293 or WE. 5-8531 Extension 80.

The club meets every Tuesday evening from 7:30 p.m. to 10:00 p.m. in the boys gym at Westmount High School, 4350 St. Catherine St. West (enter — west door, off parking lot).

Players must supply their own rackets and birds.

Bulls shock Mules

As a result of the annual Thanksgiving weekend double-headers the recreation department Eight-Man Tackle Football League now presents a new picture and shows better balance.

On Saturday the Huskies, previously unbeaten, were dumped by the Broncs 20-6, thereby insuring a play-off.

The previously winless Bulls shocked the Mules by beating them 12-8.

In Monday's first game the amazing Bulls came from behind to tie the Broncs 6-6, while in the second game of the morning, Huskies trounced the Mules 18-7.

Tomorrow's games will see Bulls and Huskies kicking off at 9:30 a.m. with Broncs and Mules scheduled for 10:30 a.m. These are must wins for the Bulls and Mules.

Dow
BRINGS OUT THE BEST IN BEER...

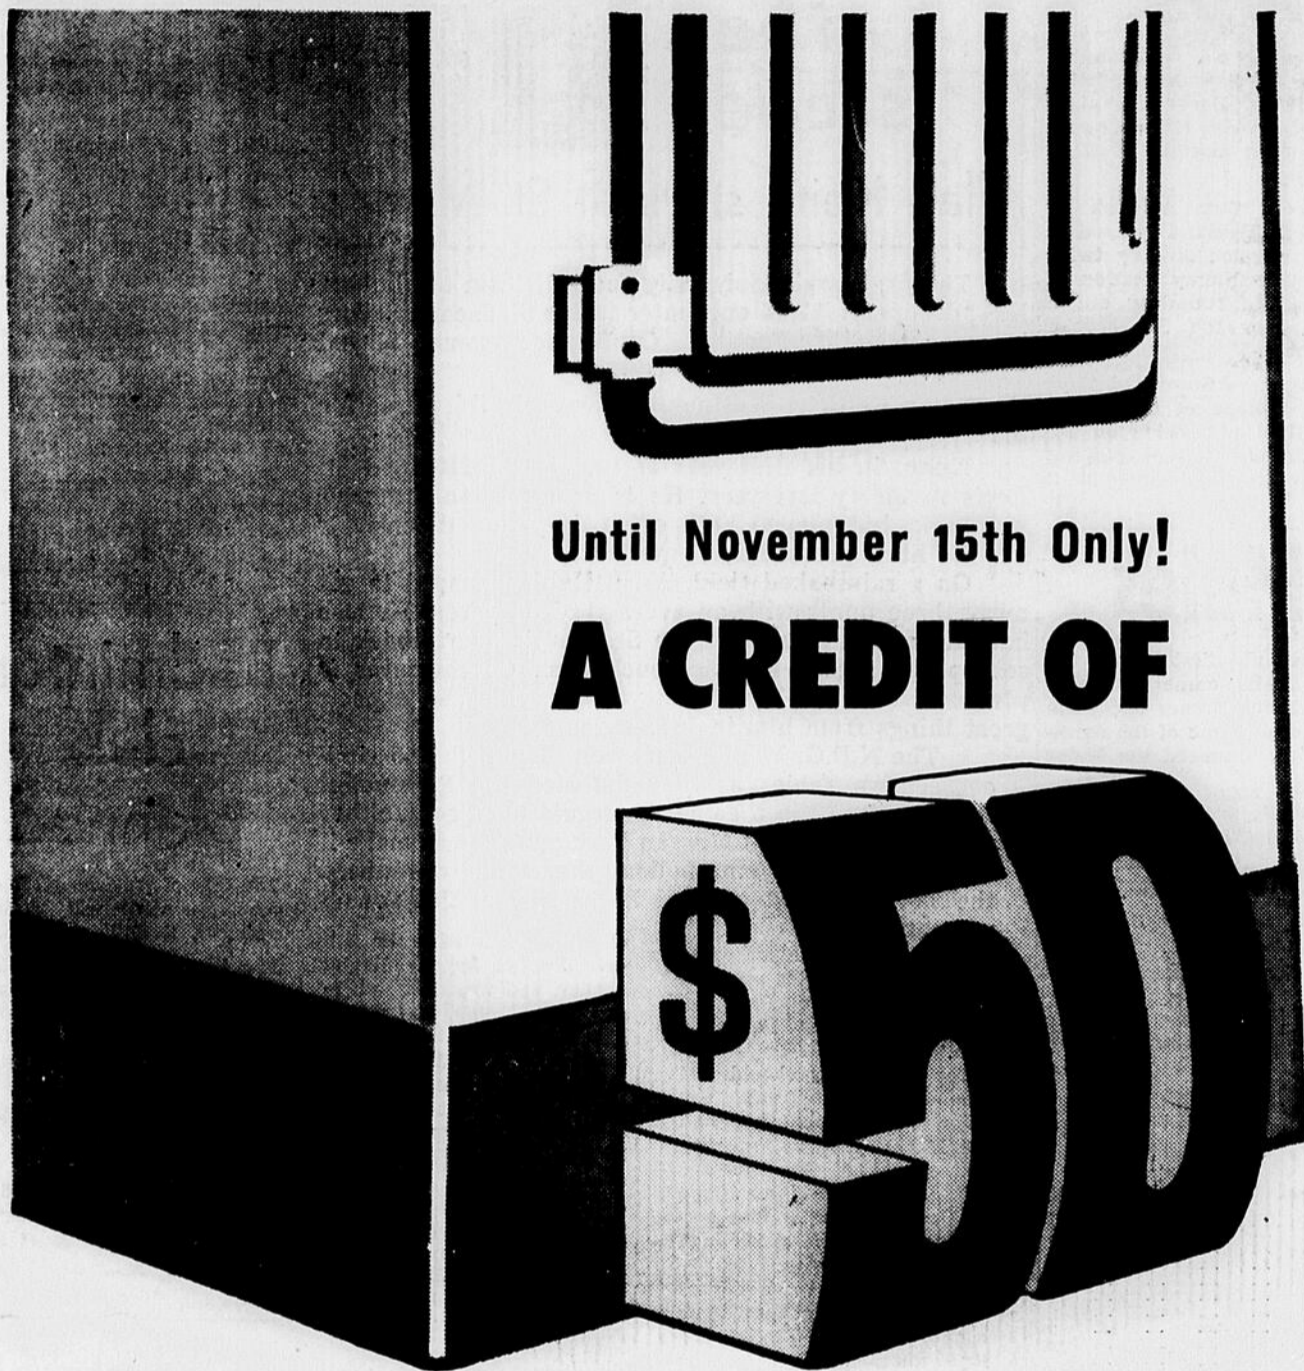

This is to certify that Dow Ale is brewed by the exclusive Cool Control process. This process is continually tested, thereby ensuring uniform high quality.

Dr. R. H. Wallace
Director, Quality Control

WITH BLENDED BARLEY MALTS

ONLY DOW IS COOL CONTROL BREWED

Until November 15th Only!

A CREDIT OF

ON YOUR OLD HEATING EQUIPMENT IF YOU INSTALL A NATURAL GAS BURNER

Now is the time to convert to natural gas central heating! If you are not presently heating with natural gas and if you install a conversion gas burner between now and November 15th, a credit of \$50 will be allowed on your present heating equipment, regardless of its condition or the type of fuel it burns. This \$50 reduction automatically means that your new burner can cost you less than \$100 — an opportunity you can't afford to miss!

FREE INSTALLATION!

In addition to the \$50 credit you obtain, your *new* burner will be installed *free of charge*. This winter start saving with natural gas. If you are already using gas for water heating or cooking, the savings on your total fuel bills will soon pay for your new burner. If you prefer, you can rent a gas burner at a low monthly rate.

*For more information,
