

DR. L. CHAPPELLE HAS DONE GREAT SERVICE TO PROVINCE

His Share in Organization of Boards of Health.

QUEBEC LAW NOW MODEL FOR MANY COUNTRIES

He Has Held Many Executive Positions in Professional Movements.

The man whom the people want to sit at the head of the provincial government has done great service already for his city and province, more than the majority of Montrealers are aware of.

It is due to the public spirit, the address and energy of Dr. E. P. Lachapelle that the province of Quebec has a health law that is looked upon as a model. Not only has it been practically tested for efficiency in this province but several States of the Union have framed acts based upon it.

Before Dr. Lachapelle became interested in the health of his countrymen this province had no sanitary laws worthy the name, and what we had were more honored in the breach than in the observance.

The man whom the people of this city have asked to accept their nomination set about to reform this dangerous condition of affairs with characteristic method.

He did not write a letter of protest to a paper or call a public meeting. He began by accumulating evidence that lives were being lost every year through lack of sanitary precautions.

He showed the terrible scourges of smallpox, which ravaged Quebec villages, had no check on the statute books of the province and no machinery to stay the instrument of death.

Men, women and children died like flies, who could have been saved by vaccination and isolation.

The prejudices of the people were against both, but, undaunted, Dr. Lachapelle ob-

tained the assistance of friends skilled in the preparation of bills and went to the Provincial Government armed with the evidence of the terrible condition which existed, and armed with his remedy.

It is not always that a man is able to leave no stone unturned, the moving of which will facilitate the achievement of the end he desires. He interested powerful men and influential bodies, and with them shares the glory for the passing of the act which now stands among the statutes, a menace to dirt, disease and death.

The act was passed and provision made for its enforcement, but the appropriation was a small one, thought by many at the time to be utterly inadequate, but its administration was placed in the hands of the man who had secured it. With the limited means given him he arose to the occasion.

HEALTH BOARDS. A marvelous change resulted. Dr. Lachapelle organized the Provincial Health Department. In every municipality he appointed the best men to look after the enforcement of the law.

He made few mistakes in the selection of his men, but when he found he had made a mistake he at once remedied it. Any man who failed to enforce the law was removed, and a man appointed who would do what the act directed.

In a few years smallpox was exiled from the province, and had been looked upon as an evil, but a necessary one. Men were so familiar with it that they treated this most loathsome agent of death with contempt, and in fact in some places it had become a part of their old acquaintance.

At least they resisted efforts to expel the disease that had taken their fathers' children, their brothers, their sisters, and their world probably claim them for victims one day.

The influence of the law and the defeat of the disease brought about a complete reversal of sentiment. Now the announcement that smallpox had appeared sends a shudder of horror through the community. Free, and if necessary compulsory vaccination, begins. The afflicted are isolated and the spreading of the disease prevented.

This is well illustrated by the way in which the present outbreak has been handled. The same laws and the same organization which stays the progress of smallpox are ready to be applied to diphtheria, scarlet fever and other contagion.

At the head of this organization, as watchful as the first day the health bill became a law, stands Dr. Lachapelle. He is by no means a man who has done for the province he will do for the finances and the morals of this city. That is the reason he has been asked to be a candidate.

OTHER ACTIVITIES. But Dr. Lachapelle has done more than obtain the health law. His extraordinary great attention during the cholera scare of 1882. He was largely instrumental in having Laval College branch located in this city. He was one of the most active behind the movement which resulted in Notre Dame Hospital being established. His interest in these institutions did not die with their origin. But since their establish-

ment he has given his time and talents to both, and is to-day superintendent of the hospital and a lecturer in the college. These things he has done in spite of the claims of a big practice upon his time and strength.

Dr. Lachapelle has been associated extensively with men of international reputation and has been a factor in international movements. When the British Medical Association met in 1887 he was appointed chairman. He has been president of the section of hygiene of the Pan-American Medical Congress in 1883. He was a delegate to the Pan-American Medical Congress in the city of Mexico in 1897, and a paper he read there on the progress of sanitation in Canada attracted a great deal of attention. Last year he was a delegate to the great tuberculosis conference in London and to the International Medical Congress in Paris.

BUREAU OF STATISTICS. Another thing for which this province is indebted to Dr. Lachapelle is the bureau for the collection of vital statistics. When he asked the Government to collect the information he was told it would cost a good deal of money, that there would be some clerical opposition, and the information would be of little use. He was not discouraged by this, but established the bureau himself, ran it for a year without expense to the province, to show that it could be done cheaply, and would be of value, and then at the end of the year he made the Government adopt it and make an appropriation for it. That was in 1891, and it has been running ever since, and growing more useful each year.

He is a man of ability, of determination, and of the greatest energy, and if he is elected Montreal will have to speak for a man who has shown he is capable and willing to work for the welfare of his fellows is concerned.

HON. MR. NANTELS PAPERS. The official nomination papers of the Hon. Mr. Nantel are just completed, and will be presented to-day at the City Clerk's office with the deposit required by the charter.

The paper is signed by the following electors—Mr. Arthur Desjardis, ex-Liberal member for the county of Portneuf at Quebec; advocate; Hon. Mr. Damien Rolland, Legislative Councillor and paper manufacturer; Hon. Mr. Berthiaume, proprietor and publisher of La Presse, and Legislative Councillor; Mr. L. Jos. Tarte, proprietor and publisher of La Patrie; M. St. Charles, advocate and ex-Liberal member for Jacques Cartier county; Louis Napi, Dumouchel, notary; J. Emile Vanier, engineer; Ed. Lett, de Bellefeuille, advocate; L. O. Huet, notary; W. J. White, advocate and barrister; Zeph. Hebert, of the firm of Hueton & Hebert; W. F. Dawson, paper merchant; E. A. Healey and W. F. Henry, carriage manufacturers; F. O. Lewis and James J. Lewis, wholesale hardware merchants; T. F. Trihey, real estate agent, and Geo. W. Parent, also real estate agent.

TO TURN THE TIDE OF EMIGRATION

Manufacturers Discuss Methods of Inducing Settlers to Come Here.

Toronto, January 17.—(Special.)—The Canadian Manufacturers' executive yesterday discussed methods of diverting to Canada the tide of emigration to this side of the Atlantic.

James P. Murray proposed a resolution requesting the different Boards of Trade to appoint a committee of men to Great Britain, to meet there

the representatives of other bodies, point out the advantages that Canada has to offer, and thus promote emigration to this country.

Mr. Murray would have representative men go from each province, who would be able to explain what their province offered to the settler. Before taking any action, however, it was decided to obtain an expression of opinion from the members of the association.

A committee, consisting of the president, the chairman of the Commercial Intelligence Committee and the secretary, will go to Ottawa next week to urge upon the Government the adoption of the suggestions of the association regarding the appointment of Canadian agents abroad.

The secretary was instructed to send to Sir Wilfrid Laurier a letter suggesting that Hon. Edmund Barton, Premier of Australia, and Hon. H. Seldon, Premier of New Zealand, be invited to travel by way of Canada on their way home from the coronation.

ON TORY WEAKNESS. Folly to Expect Support for a Party Which Will Not Support Itself.

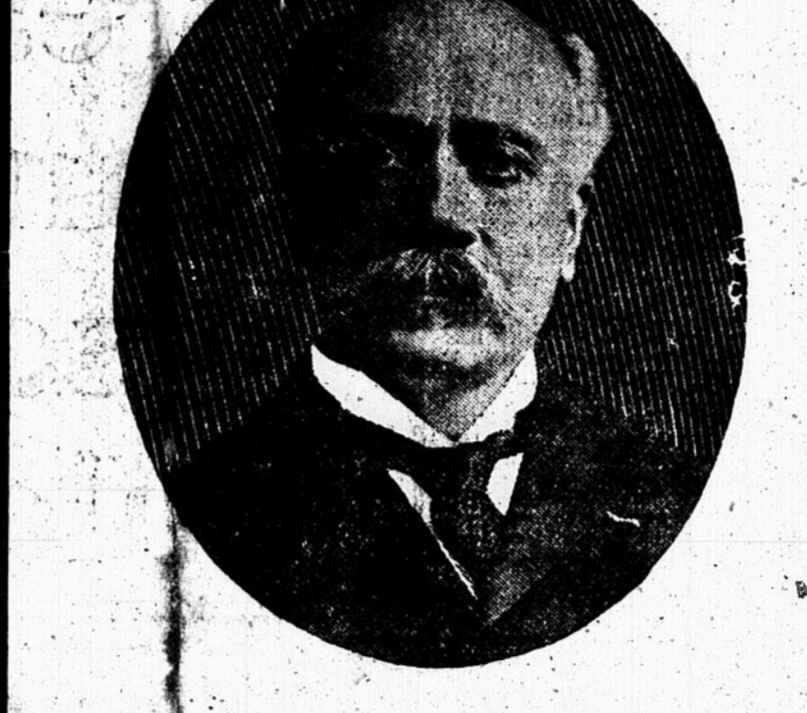

Quebec, Jan. 17.—(Special.)—The Provincial Legislature has been called for the transaction of business on the 13th of February. It is extremely unlikely that the session will last more than six weeks, as there is no legislation of a controversial character in sight, and the Opposition is too weak to induce in obstruction. The session will, therefore, be occupied, as usual, with private bills.

A CANDID FRIEND ON TORY WEAKNESS. Folly to Expect Support for a Party Which Will Not Support Itself.

Quebec, Jan. 17.—(Special.)—The results of the bye-elections have not caused any unusual interest in Quebec, although surprise is expressed at the vigor of the fight put up in L'Islet. Mr. Caron, who was only a vote behind the Government candidate, thinks that he will win on the recount, and is quite jubilant. It cannot be said, however, that he has gained any friends, owing to his action in fighting Mr. Carbonneau so vigorously. Formerly Mr. Caron was one of the most prominent Liberals of the district. His principles, he says, are unchanged and he ran only for personal reasons. If elected on the recount he will support Sir Wilfrid Laurier.

MR. CARBONNEAU'S MAJORITY. St. Hyacinthe, Que., Jan. 17.—(Special.)—A wire received by Hon. M. T. Bernier at noon from L'Islet informs him that Mr. Carbonneau has been elected by thirty-two majority. It was at first reported that his majority was one, but complete returns and corrected figures have increased his majority,

For some time past The Herald has used a certain space in the street cars of Montreal to advertise its merits.

It has been the practice heretofore in these advertisements to direct attention to an important feature of The Herald's policy, its particular interest in municipal affairs.

Yesterday, in continuation of this policy, a card was printed with the legend, as above, and The Herald supports Dr. E. P. Lachapelle for Mayor.

The manager of the advertising department of the street cars demurred against putting the card in the cars. The first suggestion made to The Herald was that Dr. Lachapelle's candidature was not agreeable to the Street Railway Company. It was affirmed, however, that the card would be rejected by virtue of a clause in the contract with The Herald which reads:

"The company reserves the right to remove or reject any advertisement at any time."

This clause is in nearly every newspaper advertising contract, and is for the purpose of protecting the advertiser

DR. E. P.

LACHAPELLE

FOR MAYOR

Using medium against the necessity of printing immoral or indecent advertisements.

The matter was held over for a day, and was referred to the authorities of the Street Railway Company. The advertisement was rejected to-day on the ground that no political advertisements are allowed in the cars.

The Herald does not think that sufficient, and believe no reasonable objection can be taken to the advertisement as an advertisement. The Herald has a perfect right to

make known its support of a candidate who wants to promote the honest municipal government The Herald, according to other advertisements in the same cars, strives for.

The cards should be allowed to go in the cars. Otherwise the public will be free to construe the refusal as indicating that the Street Railway Company, having a contract with the city, is interfering to prevent Dr. Lachapelle's election.

The Herald supports Dr. E. P. Lachapelle for Mayor.

BUILDINGS COST \$2,568,372 LAST YEAR

St. Denis was Banner Ward in Numbers, But Centre Led in Point of Value.

In his annual report for the year 1902, presented to the Fire Committee this afternoon, Building Inspector Chausse points out that the number of houses built during the year was 433, affording accommodation to 544 families.

There were 42 stores constructed, 19 warehouses, 5 academies, 6 schools, 1 church, 1 theatre, 1 hospital, 2 ice-houses, 1 hotel, 11 factories and 7 sheds. The total value of these new buildings was \$2,568,372. The major portion of the building was done in Centre Ward, where the value of the buildings erected reached \$618,211.

St. Anne's Ward comes next, with \$233,972. The other wards were as follows: St. Antoine South, \$230,000; St. Antoine West, \$111,000; St. Antoine East, \$217,000; St. James North, \$230,000; St. James South, \$222,000; St. Lawrence, \$78,000; St. Louis, \$155,000; St. Mary's East, \$53,000; St. Mary's West, \$37,000; Hochelaga, \$139,000; West, \$257,000; St. Jean Baptiste, \$91,000; St. Gabriel, \$80,000; St. Denis, \$146,000. In the East Ward no new buildings were put up. The above figures apply to new buildings erected in 1902 there were 331 buildings erected.

The receipts of the department from all sources were as follows: 740 building permits, \$2,000; 241 licenses, 379, while the number made by the police reached 281, the total being 660. Efforts being made to assist in the enforcement of that by-law.

PARLIAMENT

MAY HAVE TO RETIRE JUDGES

The Partial Disability of Certain Occupants of the Bench Alleged.

LAWYERS ON BOTH SIDES WILL PRESENT PETITION

The Matter Has Already Been Referred to in the House.

Ottawa, Jan. 17.—(Special.)—It is understood that it is the intention of some members of the House of Commons and the Senate to present an address for the removal of certain judges, who, it is contended, ought to have had a sufficient sense of responsibility and good taste long ago to have retired.

There are, for instance, in Ontario several judges upwards of eighty years of age. Some of them are so deaf that they do not hear much of what is said to them by counsel; some, owing to their great age and the failure of their mental faculties, do not remember near the close of proceedings what was said to them at the beginning. If these men have not the good sense to retire voluntarily, Parliament will undoubtedly discharge its duty in making them independent of the influence of the Crown, to enable men who have ceased to be physically and mentally fit for the discharge of their duties to continue in the discharge of it.

TERMINAL CO. GETS ITS FRANCHISE

Council Decides That Corporation Shall Have Only Union Made Printing.

After considering the matter for considerably over a year and a half, the City Council yesterday afternoon granted the Terminal Railway Company a franchise to operate a single line of cars in the city.

The franchise is for a period of five years, the line to be in operation not later than November 1, 1902. In all its provisions there are 66 clauses in all.

The route will follow these streets:—By Moreau Street to Forestry, along Forestry to Ivesville, up Ivesville to Unity, along Unity to Marie-Anne, along Marie-Anne to St. Anne, down latter to Duluth Avenue, westward along latter to Cadieux, along latter to St. Norbert, thence by way of a diagonal line to Hotel de Ville Avenue, to Craig, along latter to Cadieux to Vitre, and back to Hotel de Ville Avenue.

The franchise is for a period of five years, the line to be in operation not later than November 1, 1902. In all its provisions there are 66 clauses in all.

It is touching, the solicitude the city fathers have latterly displayed for the poor workman. Another instance of it was given yesterday.

THE TOUR-DE-ROLE.

Le Journal, organ of Prefrontalism, avowed opponent of Dr. Lachapelle, wants to know if English speaking people are sincere in desiring to have one of their number in the Mayor's chair.

Le Journal, which is prepared to support nobody but Mr. Prefontaine or a nominee of Mr. Prefontaine, and which treats Mr. Ames as if he had horns and a cloven hoof, may perhaps think the English-speaking population would cheerfully put up with bad government if this sop of the majority were thrown to them.

It is one thing to believe the corporations doing business with the city oppose the election of Dr. Lachapelle for Mayor, and another thing to have it conceded by themselves.

It is just as well to have it made known in this way that the Street Railway Company have a candidate for the office of Mayor, and that they are opposed to the election of Dr. Lachapelle.

NOTE AND COMMENT.

No, Prefontaine. No more Prefrontalism.

The Street Railway Company do not want Dr. Lachapelle for Mayor.

The company may be against Dr. Lachapelle, but the passengers will be for him.

The Street Railway Company will not allow Dr. Lachapelle's picture in their cars.

The Star's example of silence about the majority commends itself to the Street Railway Company.

Is the street railway service so perfect that the citizens can give the company a Mayor of their own choice?

If the other monopolies will now come out in the open like the Street Railway Company, we may know what we are doing.

It is time the people of Montreal were alive to the danger that besets their interests. A most determined effort is being made to secure a majority of the next Council in favor of the franchise-grabbers, and it is only by

the most unremitting attention to the business of elections that the perfid can be averted. Citizens may well ask themselves to what end such desperate efforts are being put forth.

If the people of Montreal are not curious about these things, they ought to be. They point to a silent but aggressive, far-reaching campaign to secure control of the Council in the interest of the programme dimly outlined by the Mayor in his p.p.c. message to the electors.

It is a bright outlook for the future if other monopolies are to be run on the same lines that, applied to the Street Railway interfere with municipal candidates not favorable to monopoly.

CLEARING THE ISSUE.

It is one thing to believe the corporations doing business with the city oppose the election of Dr. Lachapelle for Mayor, and another thing to have it conceded by themselves.

In the cars of the street railway there is set aside a certain space for purposes of advertising. The Herald has for some time used a portion of this space for the furtherance of its business interests.

The advertising agent for the company objected to the wording of the card, and said he would not insert it.

It is just as well to have it made known in this way that the Street Railway Company have a candidate for the office of Mayor, and that they are opposed to the election of Dr. Lachapelle.

A View of the Mayoralty.

Speaking of the Mayoralty campaign, La Presse last night said: "Our English-speaking compatriots have received a pretty clear intimation that the French-Canadians would recognize their right this year to a Mayor of their own tongue."

Speaking of the Mayoralty election, Le Journal, to-day, says: "Are our English fellow-citizens sincere when they contend that it is their turn to have an English-speaking Mayor?"

THE MONTREAL HERALD'S PORTRAIT GALLERY

MR. F. J. GRIFFITH.

Mr. F. J. Griffith, secretary-treasurer of the City of Sherbrooke, is a most popular official. He was born in Sherbrooke on the 14th September, 1855, and was educated at the Sherbrooke Academy, and afterwards at St. Charles Borromeo College.

He is favorable to Mr. Prefontaine, they accept with a marked coolness the choice made by Mr. Ames on behalf of the English population.

The M. S. R. must be afraid of Dr. Lachapelle's being elected or they would not be afraid to let the passengers see his cards.

In the New York election the advertisements in the cars formed an interesting feature. In Montreal this means being let it be known that Dr. Lachapelle is a candidate is shut off.

As to advertising in the street cars, the company "reserves the right to remove or reject any advertisement at any time, and they rejected one saying, 'The Herald supports Dr. E. P. Lachapelle for Mayor.'"

THE FRENCH PRESS

La Patrie, last evening, published an editorial article on the result of Wednesday's bye-elections, pointing out the danger arising from a want of discipline in a party.

"Our party must possess extraordinary strength to have resisted the assaults which indiscretion, pig-headedness, and mutiny, made against it."

"The object lesson of all this is that a party which is divided against itself is very sure to perish."

"Our allies in Ontario have done good work."

"Mr. Monk, Mr. Bergeron, and all the other Conservative speakers, conducted their campaign on the question of Imperialism, by denouncing Sir Wilfrid Laurier as being bound hand and foot to Mr. Chamberlain."

"We are not complaining, we are simply noting the fact. We presume that the lesson we have just received will not be without its fruit."

"Will those in our ranks who believed that the Conservative party was divided and buried now change their minds?"

"Those who were so far under this impression as to put aside all the laws of prudence and wisdom will later be convinced of their profound error."

Speaking of the Mayoralty campaign, La Presse last night said: "Our English-speaking compatriots have received a pretty clear intimation that the French-Canadians would recognize their right this year to a Mayor of their own tongue."

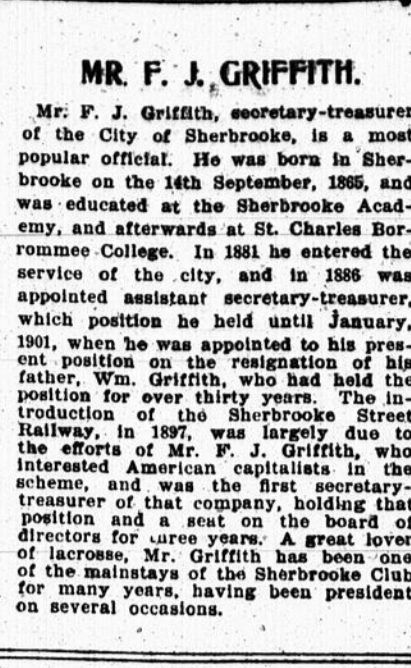

They do not choose one of their own nationality, we would like to make a note of the fact for future reference that they deliberately failing to take into account our sincere and courteous offer, they lead us to believe in their total indifference to municipal honors, and that in future they will not be so pronouncedly desirous of one of their own in the civic chair, they will not, at least, invoke the tour-de-rolé, and appeal to a sentiment of deference and equity. We do not wish to inter on French-Canadians shall be accused of selfishness and unjust intentions."

Speaking of the Mayoralty election, Le Journal, to-day, says: "Are our English fellow-citizens sincere when they contend that it is their turn to have an English-speaking Mayor?"

HITHER AND YON

Turkey a la Mode. On Saturday he spread his tail, a gobbler great and fine.

On Sunday he was present when the family came to dine.

On Monday he was served up cold, in many a dining room.

On Tuesday he was served, with a dash of oil and spices.

On Wednesday he was sandwiches; on Thursday he was ground.

And made his farewell bow as hush when Friday came again.—Portland Oregonian.

The Eternally Feminine.

It was her first appearance at a ball given, and her wither with reputation written on his face.

"How many will it take him to hole out?"

"He doesn't hole out. He runs bases."

"How long does it take him to get around the bases and back to the teeing-off place?"

"That depends," he grumbled in despair.

"John," she queried presently, "when the batter tees off and the caddies get the ball and throw it at one another, what do they say?"

"Oh, I suppose Milwaukee might win a game then," was the indifferent response.

"Don't you see," she exclaimed at the next play, "and look at the caddies shaking their fists at the referee. The impudent things!"

"You don't understand the game, Margaret," he explained. "If you see the players ball the ball thrown by the pitcher, and if they are caught, while they're on base they can't be put out, and if they are caught between bases they are out. Every man has his own way of doing things."

"But, John, I don't see any one trying to catch any batters!"—Milwaukee Wisconsin.

Tennyson's Egotism.

The London Academy reprints from Charles Stewart's recently issued autobiography, "Hemlock and the Social Life in Edinburgh, London, 1850-1900," the following reminiscence of Tennyson:

"With Alfred Tennyson in his later years I had rather frequent opportunities of meeting, both in London and at his country home. Personal intimacy with great authors is a dangerous experiment, and even a poet's life is not immune from the ordinary human foibles of his daily life. Tennyson fulfilled such an unreasonable ideal perhaps as well as any man could; for his personal appearance, with which everyone is familiar, was, of course, magnificent, and his manners and habits of life were dignified, if a little poetically eccentric. But the admiration which he received from his family and friends was somewhat startling. I have seen Mrs. Greville, a woman herself of the most brilliant talent, actually prostrate herself on the floor before him, just as I have seen ladies of rank and talent literally sitting at the feet of Sir Henry Irving. Tennyson would have been more than human if he had resisted the effect of this hero-worship."

"A little niece of mine was one day standing beside his chair; he lifted her up on his knee, and she sat there for a minute, and then he put her down, saying: 'Now you can see you have sat on Tennyson's knee.' It was kindly meant, but there was a self-consciousness in the word and in the act which was not infrequently to be observed in the poet."

A Rugged Emperor.

Emperor Francis Joseph, whose distaste for the Hofburg, or Imperial Palace at Vienna, seems to grow more pronounced as he advances in years, has, to the consternation of his family and friends, decided to spend the greater portion of the winter at his suburban palace of Schoenbrunn. The latter has always been regarded as an essentially summer residence, and its apartments, with huge windows, while wonderfully cool and airy in the hot summer months, are rendered very disagreeable in the winter, the cold at Vienna being often very intense. True, there are stoves of the porcelain kind common to Germany in most of the

rooms of the palace, but the heat afforded by these antiquated affairs is just enough to keep the damp out, and it is all, and in order to render the palace habitable during the winter it would be necessary to equip it with a complete system of heating of a modern character, and to do this it is difficult to secure the old Emperor's consent, for he hates changes and innovations of every kind, added to which he is wonderfully hardy and far more indurated to heat and cold than the members of his entourage. So the imperial household are making the best of a bad job. The palace of Schoenbrunn being equipped with double windows, and the superb parqueted floors are being covered everywhere with carpets and rugs.

Administration Hat.

It is no longer the campaign hat. The headgear popularized by President Roosevelt during his Rough Rider days has survived, and is now known as the "administration hat," says a Washington correspondent.

All the Cabinet officials have one by one adopted the administration hat, and it is as much a sign of allegiance to the energetic young President as was the pearl-plumed hat of the late President McKinley.

One of the first acts of the new postmaster-general, Henry C. Payne, was to master himself with the administration hat, and he has been seen to wear it ever since. Secretary Gage adopted this style as soon as his brook weather of the fall made it possible to discard the light summer headgear.

Senator Hanna has not yet appeared in the drab, but becoming hat, now so fashionable, but Senator Foraker was in style to greet the new fashion, as he has always favored a light colored slouch hat of rather military blocking.

The new hat is not the wondrous proportions of the old G.A.R. hat. It is suitable and becoming to more shapes of faces and complexions than the latter. President Roosevelt appears almost daily in public and always wears this headgear.

This may have something to do with its popularity, but the new name was given by those who understood the appropriateness of styles which follow the changing administrations at the Capitol.

Unclaimed Gold.

It is shown by official returns to Parliament that in the English chamber there is about \$36,000,000, or say, \$36,000,000, of unclaimed gold, which is kept subject to the orders of the court in cases now before it.

The statement ought to have some effect on the well-established business of finding "heirs" for vast estates. The great bulk of the unclaimed gold for ordinary laborers, have made comfortable livings out of credulous people who have contributed to funds to secure these estates, which they believed themselves entitled as heirs.

The claim agents have not restricted their operations to any one country—Canada, the United States, the Continent of Europe, the British colonies, have provided a living for them. Great Britain and Ireland have done so, but the United States is "American estates" that have been used as bait in England to some extent.—San Francisco Call.

Original Joseph Lynch.

Tradition, sometimes plays strange pranks with dead men's reputations. It would make an interesting hour for the evening paper to read the story of how Joseph Lynch, a Quaker, came to stand for organized vagary.

Charles Lynch was a man whose services to his country as a brave pioneer and righteous judge, as a soldier and a statesman, are by no means deserving of oblivion, still less of obloquy. It seems, however, plausible the information that his name should now be universally applied to proceedings that no one would condemn more heartily than he.

MRS. BLOOMFIELD-ZEISLER.

Mrs. Fanny Bloomfield-Zeisler is by general consent one of the best women pianists living. Unfortunately she was not in the best of form at her recital before the Ladies' Morning Musical Association, held at the Hotel Windsor, on Monday evening last.

Her most notable success was in her work-lacked the spirit and the fantastic delicacy that have characterized it on previous visits.

VICTORY PAR EXCELLENCE.

Speaking of the election of Mr. Arch. Campbell, La Patrie says: "Mr. Arch. Campbell, who has captured from the Tories, after a splendid fight and by a fine majority, the county of West York, deserves the gratitude of all the Liberal party in this country, of a party which rests upon the sacred basis of concord, tolerance, and liberty. We can say that Mr. Campbell's victory is the victory par excellence of yesterday."

SAYS ARMY WAS NOISY.

New York, Jan. 17.—Mrs. Maria C. Rath, of Jersey City, died yesterday, and her husband charges her death was hastened by the noise made by members of the Salvation Army, who held nightly meetings near her house. Mrs. Rath was in a critical condition Saturday night, and when the army started singing and playing instruments close to the house, members of the family tried to get the soldiers to leave. Mrs. Rath was disturbed and complained of the noise. Her husband appealed to the police, and they ordered the Salvation Army to move on, and as she still refused to be quiet under arrest as a disorderly person.

GOLD BRICK GAME CATCHES ENGLISH

Several Recent Instances Where the People Have Been Swindled.

London, Jan. 17.—In spite of numerous warning reports in both British and American papers, the gold brick swindler seems to be operating largely in England. Several instances lately have been reported where persons of high social rank have been approached through the mails, in some cases with success. In one case a gentleman paid between three and four thousand pounds for two gold bricks of the kind so familiar to American farmers, which he went all the way to New York to get.

Gradually, however, people seem to be awaking to the fact that American thieves are trying to make a pie of them, and are anxious to have something done to have the swindler or swindlers apprehended.

A letter addressed to the late Augustus W. Gadesden, a gentleman of wealth and position, was received late in December by one of his sons. It was signed "George B. Hastings, No. 171 East 106th Street, New York," and says the writer had just left a relative of Mr. Gadesden, who he called Henry, in Colorado, in poor health, and who asked him to go to New York to communicate from there with his kinship in England. The letter went on to say that the two had discovered extraordinarily rich gold veins in Colorado, and that Mr. Gadesden's request, he had brought a hundred and sixty pounds of gold ore to New York, which Henry wished to come to England to mine and to be divided with relatives.

He intimated that money was needed to develop the mine, and suggested that a representative be sent to New York. He cautioned secrecy as to Henry's request, and told Mr. Gadesden to come to the residence of one of his sons, Mr. Gadesden, the son, consulted a financial agency, and a cable was sent to Hastings that the representative would meet him in New York at an early date.

Not long ago a lady in high social position, widow of a peer, received a similar letter. A hansom, who succeeded to a role a few months ago, was the recipient of one, and several of his friends have been similarly honored. It seems to be the plan of the swindler or swindlers usually to select some person whose father or husband has just died, writing a letter to the dead man's relatives, and asking them to carry them over to next season. It is a case where the unpleasant taste of cod liver oil is entirely disguised in this preparation, which is as palatable as cream and can be taken by the most delicate person.

IRISH AMENDMENTS.

London, Jan. 17.—The Irish members hold their usual sessional meeting yesterday afternoon and decided to move amendments to the address in reply to the speech from the throne.

the throne. Several amendments were finally adopted, and these included a petition for the revision of the Irish land and taxation laws, protests against the enforcement of the crimes act, and the operation of certain courts, and against the concentration camps in South Africa. Another amendment contained an appeal for the relief of the congested districts and the better housing of the working classes in Ireland.

LABOR NEWS
(Continued.)
REJOICE OVER PRINTERS' VICTORY

Federated Council Last Night Heard of Union Label
By-law.

There was considerable jubilation at the meeting of the Federated Trades and Labor Council last evening, when President Drury, of the Montreal Typographical Union, announced that the City Council, by a vote of 21 to 13, had decided to require all contractors for civic printing to put the union label on their work. As some of the aldermen who had pledged themselves to this programme, so as to commit the labor vote to those aldermen who voted in favor of the label, or the following—Martineau, Ames, Lariviere, Gagnon, Jacques, Turner, Quimet, Gaudry, Ricard, Roy, Wilson, Lapointe, Lamerre, Lussier, Robillard, Lesperance, Chevalier, Tansey, Bimray, Vallieres.

CIGARMAKERS' STRIKE.
Sixty-five journeymen cigarmakers in the employ of J. Bruce Payne, Granby, Quebec, have gone on strike against a reduction of wages. According to the Montreal union men this factory has been manufacturing cigars for the manufacturers of Montreal for some months. The Granby strikers have made application for membership in the Montreal Cigarmakers' International Union, and it is stated that they will be admitted to membership and will receive strike benefit from the International Union. Up to the present the Montreal strike has cost the International Union about \$20,000, but according to the men, the strikers are now in a better position to continue the strike than they were five months ago. The employes of several shops where a strike exists are expected to leave work and join the strikers during the week.

The International Union is now leaving a special agent, which will place \$20,000 at the service of the Montreal Union. With this amount, and the regular receipts from the general strike fund, the local union feels confident of victory.

WANTED REVENUE
But Was Per-
sued to Take Case

London, Jan. 16.—The action of Miss Portia Knight against the Duke of Manchester for breach of promise of marriage has been settled for the orthodox sum of £5,000. Miss Knight objected to a settlement, preferring revenge. Her solicitors, however, convinced the Duke's bankrupt condition, persuaded her to settle the case out of court. It is said that the case included a hotelkeeper and a doctor. Duke met Miss Knight soon after her arrival in London, and their friendship was ripened by Miss Knight's serious illness in her Westminster flat, the result of a fall in the hotel. She insisted upon nothing but a proved apt and assiduous. His nursing rendered in many instances and the first promise of marriage was made. After her recovery, Miss Knight entered a convent in the neighborhood of Brompton Oratory. Duke followed her to the convent and under promise of marriage and engaged to marry her at St. Martin's Hotel as the next thing she heard about him was that he had married Miss Zimmerman. There is no insinuation of impropriety on the part of the Duke beyond his breaking his word.

HURRICANE IN VIENNA
One Hundred People Injured and Great Damage Done.

Vienna, Jan. 17.—A hurricane, the violence of which has not been equaled in many years, struck this city and district yesterday, and during the last hours of the storm did more than a hundred accidents requiring the use of ambulances. Many persons had limbs broken and two were killed. The Granby strikers, who were on their way to work, were stopped by the wind and rain. The roof of a house was lifted on Guinpen Orferstrasse. It fell on the street, and a number of persons were injured. In Buda Pest there was a heavy gale, accompanied with snow. Windmill was blown about on the track detailed an express train running from Peggau to Eger. There were earth-quake shocks at Agram, capital of Croatia and Slavonia.

GLAD HE IS BACK

Emperor of China Gives Thanks for His Safe Return.

Peking, Jan. 16.—The Emperor went from the forbidden city to the Temple of Heaven before daylight today, offering sacrifices and giving thanks for his safe return to Peking. All signs of foreign occupation and the temple were removed and the streets were cleared. A military escort surrounded the Emperor and a great many nobles and officials followed him in chariot and on foot. The Manchurian negotiations continue slowly. Russia, in spite of her protestations of firmness, is disposed to compromise. The Chinese intend to accept Russian as a complete control of the mining and railroad concessions.

CORK SHOWS ITS LOYALTY

Cork, Jan. 17.—The municipal elections here have resulted in the defeat of Eugene Cronin, member of the Parliament, and the South-East Division of Cork, ex-Mayor Roche and other nominees of the United Irish League. This is attributed to a speech made by Mr. Cronin during the campaign, in which he declared that if King Edward came to Cork, for the purpose of opening the International Exhibition, he would be hoisted through the city.

VENEZUELAN REVOLT.

Willemstad, Island of Curacao, Jan. 17.—The Venezuelan revolutionary steamship Liberator (formerly the Ban Ruy) was sighted yesterday evening near Cape Corrientes, in the Gulf of Paria. It is supposed that she landed arms there. Numbers of insurgents are in the field in that vicinity.

VISIT TO STATES

AMERICANS ARE GREATLY EXCITED
and Are Making Extensive Arrangements.

Berlin, Jan. 17.—It is understood that Prince Henry's programme in the United States, which will include a visit to Niagara Falls, and perhaps to other renowned spots, is not usual to make disclosures in such cases until the last minute. The portion of the Emperor's table service for the visit to the United States, to the United States, and Henry's visit is valued at 420,000 marks. It includes 300 pieces of plate and their accessories, 118 small candelabra and six large and six small epergnes.

A COSTLY SERVICE.

Berlin, Jan. 17.—Emperor William's silver treasures from which they have been selected nearly 1,000 of the choicest pieces for use at Prince Henry's banquet in New York, compose one of the richest collections of silver possessed by any sovereign of Europe, and they are valued at upwards of 5,000,000 marks. The collection embraces Emperor William's wedding gift, valued at 1,000,000 marks, and many rare pieces of silver from the time of Frederick the Great and Frederick William the First. Among the wonders in the "Kronprinz" in the old castle at Berlin is a silver buffet, eight feet wide, reaching from the floor to the ceiling, and containing 500 pieces of silver. It is valued at 500,000 marks.

NAVAL DEMONSTRATION.

Washington, D.C., Jan. 17.—Rear-Admiral Robley D. Evans, who has been charged with the preparation and execution of the 15th reunion and centennial of the naval programme at the reception of Prince Henry of Prussia, called upon the German Ambassador today.

WANTS SPEEDY TRIAL

Mrs. Roy Desires to Have Charges Against Herself Heard at Once.

Mrs. Mary J. Roy, charged with theft of \$1,000 worth of jewelry by R. A. Dickson, pleaded not guilty in the Court of Special Sessions yesterday and has chosen a speedy trial. The case will come on for trial on Tuesday. This is one of the most complicated cases that ever came before the court and it is said to say that it has attracted more interest than any for a long time. Besides the charge of theft against Mrs. Roy, there is an action for \$2,500 damages, brought by her against R. A. Dickson and three detectives for searching her house and a charge of perjury against Mr. Dickson, on which the first enquete was held on Tuesday.

It now seems that Louis St. Germain, of 1363 Brien Street, who gave himself up on January 2, alleging that he had set fire to some dynamite, which didn't explode, and was afterwards examined by a physician, will be sent to the asylum.

PICKLES MAY BE DEARER.

Chicago, Jan. 17.—The Western Pickle Packers' Association, including representatives from Illinois, Indiana, Michigan, Ohio, Iowa and Missouri, are considering an advance in the price of pickles. The price of pickles is expected to be 200,000 barrels short. Henry Williams, of Detroit, who has been elected president of the association, said that the supply would be entirely before the close of summer.

SCRIPTURE MAY BE LIQUELOUS.

Chicago, Jan. 17.—Rev. William Whitehead, an evangelist, of Aurora, Ill., was today fined \$50 in the United States Court for sending Scriptural quotations on postal cards to J. J. Bullis of Orchard, La. The crime lies in the fact that the quotations reflected upon the personal character of the recipient, and were meant to convey the idea that Bullis was a hypocrite and had disinherited his daughter. "God will smite you till you plead for mercy," was one of the quotations. Whitehead alleged that he had reasons for sending the cards; but the Court ruled that his reasons were immaterial.

READ PAPER ON EGYPT.
The St. James Literary Society held its regular weekly meeting last evening at its rooms, with Mr. John Harret in the chair. The paper for the evening was on "Egypt," by Mr. M. McL. Duff. The other speakers were Messrs. Archibald Carpendale, Cassell, Shaw and Woodburn, who brought up most interesting points of the ancient land.

PLEADED NOT GUILTY.
George Corbin, of 1431 Ontario Street, was arrested yesterday on suspicion of being implicated in the robbery of Joseph Renaud, of St. Henri, of \$80 and his watch. He pleaded not guilty.

C.M.B.A. EXECUTIVE.
The executive of the C.M.B.A. of Canada will meet in this city at the Windsor Hotel, February 2, and all business that has been transacted by the order since the convention at Niagara Falls, will come up for consideration.

VON WALTERSEE'S HEALTH.
New York, Jan. 17.—The Stants Zitting today prints a special despatch from Berlin, which states that Count Von Waltersee and his wife will visit America in April. The despatch states that the trip is made for the Field Marshall's health.

A ROYAL CHAMPAGNE.
Deutz & Geldermann's Gold Lack Sec Champagne was specially selected for the Royal yachts Osborne and Victoria and Albert.

HERR WOLF RE-ELECTED.
Vienna, Jan. 17.—Herr Wolf, the pauper-gang leader, whose co-conspirator in the Reichsrath recently insisted on his resignation, has been re-elected to a by-election held at the Rautmann, Boleina.

SUGGESTIONS FOR HOME BEAUTIFYING.
The popular home of mat and rug making is developing wonderfully in Canada since the introduction of the Diamond Dye Mat and Rug Patterns. Some of these home productions are veritable gems of feminine skill; they are as handsome as imported rugs and wear much longer. Any lady with a stock of pairs, pieces of cloth, flannel or yarns, dyed proper colors with Diamond Dyes, can, with one of the new designs in mats or rugs make up a floor ornament at small cost. The Wells & Richardson Co., Limited, 200 Mountain Street, Montreal, P.Q., will mail free to any address a full range of patterns to select from.

WANT TO READ AT NIGHT.
McGill Meds want the medical library open in the evening, and have sent in a petition to that effect. The library committee favors it, but the medical faculty is opposed.

REGISTRARS IN CONVENTION.
The Provincial Registrars' Association was in session yesterday at the Chateau de Ramezay. Mr. A. Choquet, joint registrar of Quebec and Ontario, presided. He read a paper on the duties of the profession, which was generally discussed. Mr. A. C. Decary was in the chair.

TEACHERS' ASSOCIATION.
The Teachers' Association of McGill Normal School met last night in the Assembly Hall, Principal Kneeland presiding. The feature of the evening was Mr. O. L. LeRoy's lecture on the physical geography of the island of Montreal. Music was furnished by Miss Frederick Brown, Miss Lil. Walker, Mrs. A. H. McKee, Mr. M. H. Yaw and Mr. Smith. Refreshments were served by Royal Arthur School.

HONORS FOR CHAMBERLAIN.
London, Jan. 17.—At a meeting yesterday of the Court of Common Council of the Corporation, it was agreed, amid loud cheers, that the freedom of the city of London should be presented to Mr. Joseph Chamberlain. The proposal declared that the honor was conferred on the city in admiration for Mr. Chamberlain's statesmanlike qualities and patriotic action in the true interest of the Empire.

DOMINION COAL COMPANY.
Quebec, Jan. 17.—Mr. Abner Kingman, of the firm of Kingman & Co., representing the Dominion Coal Company, was here yesterday and interviewed the Quebec commissioners respecting the lease of a portion of the hills near the city for coal works. It arrangements can be made with the commissioners the company will divide the distributing points between Montreal and Quebec, and will erect a plant here amounting to about \$75,000.

THE WOMAN WHO WORKS AND DOES NOT FEEL WELL.
PAIN'S CELERY COMPOUND
IS HER BEST HELPER.

It Gives Her Energy, Vigor and Strength When Brain and Nerves Are Tired, and When She Feels Exhausted.

From the great cities and towns of Canada come thousands of thankful letters from women and girls testifying to the marvellous effects of Paine's Celery Compound.

Women in their homes, in stores, offices and work-places, suffering from insomnia, headache, backache, languidness, nervous debility, neuralgia, liver complaint and kidney disease have been made strong, vigorous and happy by the use of Paine's Celery Compound. This heaven sent blessing to women is the only guaranteed medicine for all the ills of females.

Mrs. A. H. Watson, Cremona, Ont., says: "For many years I was sorely troubled with violent headaches, so that at times I was completely prostrated and unable to attend to household duties. I was advised to use Paine's Celery Compound, and experienced immediate relief; and since using it I have had no recurrence of the trouble. Consider Paine's Celery Compound an invaluable remedy, and will always be pleased to say a word for it."

RIVET WORKS DESTROYED.
Glasgow, Jan. 16.—The Stobcross River Works, at Coatbridge, the largest in the United Kingdom, were completely destroyed by fire yesterday. The loss is estimated at \$300,000.

CAPTURE MANY CHIEFS.
London, Jan. 16.—A despatch from Bony, West Africa, says twenty-five important chiefs have been captured by the British at Arc. It is believed that the backbone of the uprising has been broken.

BRAEMAR CASTLE FLOATED.
Stoway, Jan. 17.—The Union Cable Line steamer Braemar Castle, which stranded on Gurnard Ledge early Tuesday morning, was floated yesterday afternoon.

TEAMS CHOSEN FOR TO-MORROW

Quebec's is Not the Strongest Ever and Shamrocks Have a Chance to Win.

Judging from the list of players sent out from the Ancient Capital, the team which Quebec is sending to play tomorrow night to play the Shamrocks at the Arena is by no means the strongest that ever represented the club, but this is no criterion of how the game will turn out, and it is just as likely as not that there is another surprise in store for the hockey world. It is hardly probable, but then, at this time last week it was hardly probable that Shamrock would defeat Ottawa, and what had good one week might hold good the next.

- Here are the teams: Shamrocks: Position: Quebec P. O'Reilly, Goal: M. Moran, V. Brennan, Point: C. Scott, L. D'Amboise, Cover Point: W. Halliday, G. Cummings, Forwards: C. Stanley, G. Cummings, H. Hogan, F. Lawrence, Montreal: H. Stuart, E. Cummings.

HURTUBISE AND VIAU.

They Will Play With Montagnard the Rest of the Season, After To-Morrow.

Hurtubise and Viau will play to-morrow with Shamrocks against Quebec, and after then will remain with their own club, Le Montagnard. They have promised Capt. Kent to be in line of the 23rd for the Point St. Charles game and the rest of the season as well.

Montreal Intermediates.

The Montreal team to meet Westmont in the intermediate series to-morrow, is as follows: Joe Donnelly, Tom Hodges, Fred Cameron, Fred Striker, Desse Brown, and Percival. Bellingham is down in New York.

St. Lawrence Won.

The Crystal and St. Lawrence teams met last evening on the latter's ice in the Independent Junior League. St. Lawrence won by a score of 2 to 0. The teams were: St. Lawrence: Goal: E. Aspin, A. Blackstock, Point: C. Quast, F. Hughes, Cover point: H. Glass, J. O'Neill, Forwards: C. Johnston (captain), C. O'Reilly, F. Glass (captain), J. White, M. Mason, R. O'Hara, Doc Brown, Referee: W. J. Masterson.

Caught in the Goal Nets.

On Tuesday evening, at the White Star rink, the St. Mary's team defeated the Sarcelles in a fast game of hockey by a score of 2 to 0. To-morrow afternoon's matches in the Intermediate series at 2:30, and Shamrocks and Victoria at 4:00.

The office staff of the Montreal Rolling Mills played a hockey match on the St. Lawrence rink last night, from 7 to 8.

George Cummings, who twisted his knee at Wednesday night's game, will be all right for the game with Quebec.

Montreal and Victoria came together on the Wednesday night of next week.

Holiday, who is down to play for Quebec against Shamrock, was laid low in Sherbrooke with a stiff body check last Saturday.

Johnny Brennan has improved wonderfully in his lifting.

FRED ROBSON IS COMING TO RACES

He Defeated Harry Piper, Easily and Expects American Honors.

Toronto, Jan. 17.—Fred J. Robson, the 22-year-old champion of Canada, set the date as to the city skating championship at the Queen City rink last night by twice defeating Harry Piper, the West End Y.M.C.A. skater, and holder of the 22-year-old world's championship. This is the sixth year Robson has defeated all comers for the city championship. In an open mile race from a field of 17 starters Robson pulled into the lead on the sprint, and won out, with Johnny Hagen second and Piper third. In the match race Robson hugged Piper's heels until the last lap, and then, despite Larry's moans, he pulled ahead, went round him, and beat him thirty feet in the rush to the tape.

Piper will meet Hagen in a two-mile event at the Grand National rink, in Brock Avenue, to-night, where a good racing programme has been provided.

Robson leaves on the 24th instant for Montreal, where he will meet the fastest men in Canada, and his friends are confident that he will come back with another championship medal or two tucked to his sweater.

Piper has not lost his old-time speed. Robson has improved materially, and is now undoubtedly the fastest man in Ontario at the shorter distances.

A cocking main took place at Aymer last night between Ottawa and Hull birds. Out of fifteen battles, Ottawa won eleven and a considerable amount of money changed hands.

John Auld, M.L.A. for South Essex, intends introducing a private bill before the Ontario Legislature providing for the reduction of the open season for quail from eight to four weeks.

Women's Ailments.

Women are coming to understand that the Backaches, Headaches, Tired Feelings and weak Spells from which they suffer are due to wrong action of the kidneys.

DOAN'S KIDNEY PILLS are the most reliable remedy for any form of kidney complaint. They drive away pain and ache, make women healthy and happy, and enable them to enjoy life to the fullest.

CADET TEAM IS AGAIN TAKEN IN

O.H.A. Weakens and Doesn't Enforce the Amateur Rule.

Toronto, Jan. 16.—The Ontario Hockey Executive at its meeting last night, rescinded the Royal Military College Club membership, which had been forfeited by playing in Pittsburgh, Pa., against two experienced members of the O.H.A. It was pointed out that the defence that the match took place in foreign territory was not sufficient, as the O.H.A. claims authority over its members no matter where they may be.

A resolution was adopted condemning the practice of playing seniors in intermediate games, and then restoring them and playing them in senior matches. The letter of the regulation does not forbid this; but it is against the spirit of the game, and the executive hope that the practice will not be generally followed.

STANLEY CUP TEAM.

For the Vice, Charlie Johnstone Will Replace Culhaming Men are Seanlan and Giffard.

Winnipeg, Jan. 16.—President Amygate authorizes the statement that the Victoria team to defend the Stanley hockey cup against the Wellingtons will be as follows: Goal, A. Brown; point, R. Flett; cover point, M. Flett; rover, C. W. Johnstone; centre, E. S. Wood; right wing, Tony Cummings; left wing, Fred Cameron; Fred Odham is the reserve, and may be played in the second game.

Serves Them Right.

Toronto, Jan. 16.—The Wellingtons have lost their regular goalkeeper by reason of bringing Dutch Morrison from Galt for the Stanley Cup games. It was announced that Dutchy Bilton, who did such good work for the Wellingtons in the games against St. George and Varsity, had decided to quit the team, and as a matter of fact, has taken his clothes and gone. Bilton's friends feel very much aggrieved at the treatment accorded him by the Wellingtons in regard to the Winnipeg trip.

The Wellington Bench.

Toronto, Jan. 17.—(Special.)—It is altogether likely that twelve players will be taken to Winnipeg by the Wellingtons to-morrow, in addition to the regular team. Manager W. H. Lamont, and Secretary Alex. Muttler. The players will be: "Dutchy" Morrison, Smart, McKay, Ardagh, Shadwick, Hill, of the regular team, and McLaren, Lamont and Worts, of the spares. An effort will be made to induce goalkeeper Bilton to also join the party. Bilton naturally is a little huffed over the action of the club in putting Morrison in his place, and has declared his intention of resigning from the club. Morrison was chosen on account of his long connection with the club and great experience. Bilton's arrangements to make the trip, Charlie Pringle and Hynes, the crack forward of the St. George's, may also accompany the club.

Three Rivers' Ladies Play.

As a rule the citizenship of Quebec, Ottawa, Montreal, etc., do not consider that feminine athletes are to be found elsewhere in their fair domain. The time is coming when the fair Trifluvian ladies will vie with their sisters for athletic honors, especially on ice. Now that Three Rivers possesses a splendid covered rink and a sheet of ice second to none in this province, the ladies are entering the lists, and preparing to punish the rubber with vim and success. A hockey club has been organized, which meets every Monday and Thursday at 10:30 a.m., and a course has a good time chasing the puck. The club is formed of the following ladies:

- Miss Copland, Goal; Miss Jessie Houlihan, Miss F. Ritchie, Point; Mrs. U. J. Ledoux (captain), Miss R. Valliers, C.P.; Miss N. Ritchie, Miss A. Ritchie, Centre; Miss I. Houlihan (captain), Miss S. Arrall, R.W.; Miss C. Ritchie, Miss G. Luckenhoff, L.W.; Miss L. Houlihan, Miss Ogden, Rover; Miss Williams.

CHAMPIONSHIP MUGS.

That is what the Ottawa College Team Now Has in Commemorative Victory.

Ottawa, Jan. 16.—The championship trophies of the Canadian Rugby Football Union have been received by the Ottawa University football team. They are in the shape of pewter mugs with glass bottoms. They are engraved with "C.R.U. Championship, 1901, won by Ottawa University." The mugs have been given to the players.

CANADIAN HUNT.

Dr. Arthur Migneault Was Elected Master at the Annual Meeting Last Evening.

The annual meeting of the Canadian Hunt Club took place last night at the Club House, St. Lambert. There were about 150 members present. The following officers were elected: M.P.H.—Dr. Arthur Migneault, Hon. secretary—Major F. S. Mackay (re-elected). Committee—Messrs. F. Vincent, Captain C. St. Louis, Dr. C. J. Alloway, J. Gareau, Victor Desaire. Delegates to C. Hunt Association—Dr. Gauthier, ex-M.P.H., and G. H. Simard.

SIX-DAY RECORDS.

Four Leading Teams Were 1735 Miles Ahead After 32 Hours' Hard Riding.

Philadelphia, Jan. 16.—World's records are being broken every hour at the six-day bicycle race on the 12-lap track at the Second Regiment armory. Records began to be set at the board at the eighteenth hour last night, and at the close of to-night's riding the four leading teams were 1735 miles ahead of the world's best figures for 32 hours on a 12-lap indoor track. McEchtern and Monroe, Freeman and Mayo, Gougoutz and Wilson, and Leander and Ruiz continue in the lead, and the other line teams are within easy striking distance. Hatfield, who broke his collar-bone last night, and Freeman, who badly wrenched his shoulder in the same mishap, were each on the track for about an hour during the day. The thirteenth hour last night, and at the close of to-night's riding the four leading teams were 1735 miles ahead of the world's best figures for 32 hours on a 12-lap indoor track. McEchtern and Monroe, Freeman and Mayo, Gougoutz and Wilson, and Leander and Ruiz, each 677 miles; Chevalier and Fisher, 678.1; Hatfield and King, 678; Mosler and Barclay, 678.1.

At the Ring-Side.

At New Britain, Conn., last night Hugh McPhadden, of Brooklyn, was given the decision on points in a 20-round bout with Jack Lavery, of New York.

At Philadelphia, N.J. Jeffries, of California, and Al. Weising, of Buffalo, met for a 6-round go. Weising had the better of the contest up to the end of the third round when Jeffries quit. He gave no reason for leaving the ring.

Tommy Ryan and Rubie Ferns, of Seaman, Kan., have signed articles for 20 rounds with the club offering the best inducements. Each man deposited \$500 with a Kansas City newspaper as forfeit. The match will take place within 30 days.

MONTREAL TEAM IS UNCHANGED

The Same Septette Will Go to Ottawa That Played Two Weeks Ago.

The Montreal team had a good practice last evening, and after it was over they picked their team for Ottawa. It will be the same as played against Shamrocks, so that the teams that face one another in Dea's rink will be as follows:

- Ottawa: W. Nicholson, Goal; B. Hutton, Point; J. H. Pollock, R. H. Pollock, R. Boon (skip); Montreal: J. Marshall, Rover; H. Westwick, Hooper; C. Liffitt, Centre; H. Henry, J. Gardner (tr.); C. Watts.

The question of a referee has not been settled yet. Ottawa suggested Harry Trilley and Mike Grant. Montreal wanted Earl Davidson. So there was a deadlock, and at 11 o'clock this morning there was no referee. The report from Ottawa about Fred McEble and Arthur Farrell is not correct. With the Montreal team Do Smith and Tom Hodge go as reserve men.

NEW EIGHT CLUB BALL LEAGUE

Spalding is Arranging One With New York Outside the Fence.

Chicago, Jan. 17.—The latest move in the baseball field is said to be a new league, with C. Spalding as its chief backer. It is announced that if Dreyfuss decides to transfer the Pittsburgh Club from the National to the American League, Spalding will undoubtedly organize a new league, and that New York will not be included in the circuit. Spalding is in charge of the new league, and according to the programme, will organize a new eight-club league, made up of the following: regular teams, Boston, Philadelphia and Washington in the east, and Chicago, Pittsburgh, Cincinnati and St. Louis in the west.

The Western League.

Indianapolis, Jan. 16.—W. T. Van Grant, T. E. Burns and Jas. H. Manning, promoters of the Western League, are being organized by Pat H. Powers, president of the Eastern League, and also the National Association of Minor Leagues, and J. H. Farrell, president of the New York State League, came to the city to-day and sought a conference with W. H. Watkins, president of the Indianapolis Club. The arrangements to be made for the Western League, which means that hereinafter the club's affiliation with the American Association. They stated positively that they would enter the Indianapolis field next season. Watkins agreed to join their forces, which means that there is no fight here, as it is almost a certainty Mr. Watkins will not desert the association.

FITZ MAY AGAIN ENTER THE RING

Has a Chance to Meet Choynski. Afterwards Comes Big Jeff.

New York, Jan. 17.—Bob Fitzsimmons has received a direct offer to enter the ring and is now considering it. Fitzsimmons has been doing hard work around Bath Beach and Coney Island, has been punching the bag for six hard rounds and has been taking fairly hard blows. He is being trained by his friends, the result satisfies him that he can stand training as of old. Fitz has not yet decided whether to fight again, but he will consider a six-round bout with Choynski as a very serious proposition.

MRS. FITZSIMMONS' OBJECTS.

Mrs. Fitzsimmons, who is Julian's sister, has all along been opposed to Fitz's re-entering the ring, and it was to her that Julian principally addressed himself. Julian is satisfied that his wife is going to fight again, and impressed on him the fact that a bout with Choynski would be a good trial in anticipation of a match with Jeffries.

Since receiving Julian's offer, Fitz has been doing hard work around Bath Beach and Coney Island, has been punching the bag for six hard rounds and has been taking fairly hard blows. He is being trained by his friends, the result satisfies him that he can stand training as of old. Fitz has not yet decided whether to fight again, but he will consider a six-round bout with Choynski as a very serious proposition.

Tom O'Rourke said yesterday that if Jeffries and Fitzsimmons were matched he would put in a bid for the fight, with an ample guarantee that his opponent would be within sixty miles of New York City Hall.

Jeffries is reported as doing in Philadelphia some more of the kind of talking in regard to Fitzsimmons that he did out West after his fight with Rubin.

"HAS GIVEN FITZ EVERY CHANCE." "My manager, Mr. Delaney," said Jeffries, "has resorted to all honest and legitimate means to get me into a fight with Fitzsimmons, but (but) he has been unable to entice him to have another meeting with me in the ring. "Fitz evidently appreciates the fact that he is no match for me, and for that reason is trying to avoid me, but I don't matter. I have no doubt that if I fight him, he has too much sense for that. I am afraid Fitz and his manager are trying to arrange a bout with me to make some money on a guarantee of a good purse, for which he may be willing to take a good licking. But I will not be taken in by such a ruse. My fights must all be on the square, and no guarantees go with me."

BATES WON GRAND CANADIAN H'DC'P

The United States Shots Were Not Heard From—Bates Got His 20 Straight.

Hamilton, Jan. 16.—The Grand Canadian Handicap, the championship event of live bird shooting in Canada, was completed at the annual tournament of the Hamilton Gun Club to-day, and resulted in a victory for H. D. Bates, the young Canadian expert, who won three years ago, and who won the Grand National, representing the championship of the United States, in 1900.

Bates got a straight string of twenty birds, and was the only one to do so. He shot from the high limit, 32 yards.

FOR THE CHILDREN AFTER MEASLES AND SCARLET FEVER IT MAKES PUNY CHILDREN STRONG AND ROBUST

Angier's Petroleum Emulsion, physicians say, is the best remedy for all sorts of Wasting Diseases of children. The little ones take it, and like it. It agrees with their stomachs and has practically no taste, and no odor. Besides it has a pleasant, soothing, healing and cleansing action on the stomach and bowels. After measles or scarlet fever a tonic is always necessary, and

is by far the best, because it not only promotes a healthy appetite, aids digestion, and builds up the child's health and strength, but it also soothes the lungs and air passages, relieving the cough, which is such a frequent symptom, and preventing lung complications. For scrofulous children it is certainly without an equal in promoting nutrition and building up sound healthy tissue. It is also used very largely by the medical profession for wasting bowel disorders, whether tubercular or fermentative. Bland, soothing, healing and mixing with milk, it is without doubt the very best remedy for such diseases.

INTESTINAL CATARRH.—Am glad to say a good word for Angier's Petroleum Emulsion. I would not be without it after my experience with it. I prescribe it in cases of Intestinal Catarrh with most satisfactory results. A case of Tuberculosis is now being treated most satisfactorily with it, and I know of one case of most obstinate Catarrh cured by it. FRANCIS W. WHEELER, M.D., Los Angeles, Calif.

BRIGHT'S DISEASE.—I have used Angier's Petroleum Emulsion in my practice, in Providence, for about eight years, in consumption and in building up cases of Bright's Disease after dropsy and albumin was all gone, with great success. I have one man who was given up by his doctors with Bright's Disease and Consumption. I used Angier's Emulsion for his lung disease and have used it in hundreds of cases with great success. R. M. DELANO, M.D., Providence, Rhode Island.

DIARRHOEA.—For the last six years I have been using Angier's Petroleum Emulsion, and find it to be palatable and readily retained by the stomach. It increases appetite and gives vigor to the digestive organs. It is very healing to inflamed mucous membranes, and is an effective agent in relieving Pneumonia, both acute and chronic. In both incipient and advanced stages of consumption, I depend upon it to accomplish all that anything can. In my own family I have noted with great satisfaction the immediate and rapid improvement after frequent hemorrhages when treated with this remedy. M. C. BISSELL, M.D., Limestone, N.Y.

All druggists sell Angier's Petroleum Emulsion. Two sizes, 50 cents and \$1.00 a bottle. Be sure you get ANGIER'S. YOUR NAME AND ADDRESS on a postal card will bring you a free copy of a valuable booklet entitled, "ABOUT YOUR THROAT AND LUNGS." It tells how to care for the Throat, Lungs and Digestive Organs. It gives good advice as to Diet and Hygiene, also Exercises, which are illustrated.

SCHWAB IS ANNOYED

Will Leave Monte Carlo Because His Gambling is Criticized.

Monte Carlo, Jan. 17.—It is announced that Charles M. Schwab, President of the Steel Trust, will leave Monte Carlo to-day. Mr. Schwab is greatly displeased because of the attention that has been attracted to his gambling habits, and particularly his playing at the Casino and particularly in some of the leading financial periods.

The report that Mr. Schwab had called the Association of Press in New York, denying "sensational" playing, has created unbounded astonishment here, where every one has seen the venturing of great sums by the steel magnate. The denunciation by Mr. Schwab has excited more talk than any happening within ten years.

The American plunger won, hand-running, two bets of \$5,000 each yesterday, staking the maximum allowed on a number on both cups. Such playing is regarded as distinctly sensational, and that has been the cause of his play every day since he came here.

His entire indifference to large losses and his equal lack of apparent feeling when he takes sums, has attracted the attention of the oldest habitués of the gambling room.

Mr. Schwab has lost heavily. So have Lord Roslyn and the Episcopalian (Cohen syndicate, despite their occasional heavy hauls. Never was the utter hopelessness of trying to get the best of the tables more strikingly illustrated than by their experience.

As was stated to Roslyn when he was asked if he could come and try his system on the bank, so the managers of the Casino will say to all the world: "We await you with open arms!"

SUICIDED WHILE DESPONDENT.

Sherbrooke, Jan. 17.—(Special.)—Gorner Bachand and jury held an inquest yesterday afternoon into the cause of the death of Mrs. Miller, wife of the caretaker of the infirmary at Bishop's College, Lennoxville. From the evidence it would appear that when her husband left her the previous evening about seven o'clock to go about his duties, he being sick, she was in the condition which he was in when he appeared to be in her usual health. When he returned about 11 he found her suffering intensely. He called the doctor, but before he came she had expired. She was unconscious and died about 1 o'clock. Before her husband went for the doctor she informed him that she had taken "something" and that she was going to die. For some years back she has had despondent spells, and it is supposed that she took poison while temporarily deranged. Dr. Phoenix of Lennoxville, and Dr. Williams of Sherbrooke, made a post mortem examination and reported that the poison taken might have been of a very strong nature, and caused the stomach to be in the condition which they found it. The jury returned a verdict in accordance with the facts. The deceased is forty-six years of age, and came to Lennoxville from Point St. Charles last August. Her husband was for many years in the R.O.R.I. and was stationed for some time at St. John's and Quebec.

TWIN CITY DOES NOT REASE ITS DIVIDEND Usual Two Per Cent. Dividend Declared by Directors This Morning.

LOCAL STOCKS WERE LITTLE BIT BETTER Tone Was Generally Firm Both Here and in the Wall Street Market.

There was a somewhat firmer tone to the local stock market this morning to the sympathy with New York, and in most of the leaders there were fractional advances.

Just after the market closed it was announced that the directors of the Twin City Rapid Transit had met and had declared the usual dividend, which was an increase was thought to be almost a certainty in some quarters, although confidence in a dividend was somewhat less marked as the day of the meeting approached.

The Twin City dividend will in future be paid quarterly, according to a New York despatch. The present dividend is payable on February 15th, and the next on February 5th and recurring on February 17th.

Power was better this morning, selling up to 30c. Pacific was fractionally higher and Dominion Coal took on increased firmness and sold at 100c.

In Wall Street there was no dominant tendency perceptible in the opening prices, but later the tone of the market became a little stronger.

THE OUVLOOK IN WALL STREET

"The market has had a number of days of decline," says the Wall Street Journal. "The selling impulse came from the failures and financial disturbances early in the month.

"The market has now reached a point where the action of the general public becomes important. If the public is disturbed over the situation and begins any considerable liquidation, rallies will be small and decline may be retarded.

"The action of the market in the last six months has, however, made one definite change in public sentiment. People now expect moderate swings instead of large swings.

"Whenever railroad earnings begin to show any material decline, people will realize with a rush that the return on some railway stock is not as high as it once was.

"We think the immediate market should be read by the character of the rallies. If rallies are feeble, the chances are that there is enough liquidation in progress to make the tendency of prices down as soon, however, as prices begin to show quick recovery.

A Cementsport Recovery

Mrs. Farnel, Eighty Years of Age, Suffered All Her Life From Asthma, and was Cured by CATARRHOZE.

This is the most remarkable case on record, and, if possible, adds to the great popularity of Catarrhoze, which is now acknowledged to be the most potent cure known for Asthma and Bronchitis.

Messrs. N. C. Polson & Co., Kingston, Ont. Dear Sirs,—It is with great pleasure that I tell of the wonderful benefit derived from Catarrhoze.

Mrs. Farnel's recovery, although out of the ordinary, is not a miracle, but affords overwhelming proof of what Catarrhoze will do. No remedy except Catarrhoze was of the slightest benefit in her case, but when faithfully used it cured. Now, perhaps you need something for your Asthma, or Bronchitis or Cold? Why don't you try Catarrhoze? Thousands have cured troublesome diseases of the respiratory organs by inhaling it a few minutes now and again, and it certainly won't do you any harm to profit by their experience!

CATARRHOZE

SUGAR MARKET There is a Slow Demand in Montreal Just at Present. The feature of the sugar situation during the past week was the reduction in prices made on Tuesday in New York, amounting to 5 points on Nos. 6 to 11 of the soft grades, and 10 points on all others.

BRITISH PARLIAMENT GETS DOWN TO WORK

The War and Irish Affairs Monopolized Attention From the Outset—No Overtures for Peace Have Been Received From Boer Leaders.

London, Jan. 17.—King Edward opened Parliament yesterday afternoon with a ceremonial in all essential respects similar to that of February last. The procession to the House of Lords was of the same character as that witnessed on the occasion of the opening of the first Parliament of King Edward's reign, while, within the Upper House was seen the same state pageantry, the same historic dresses, and the same revival of old customs.

A BRILLIANT SCENE.

The scene in the gilded chamber was very brilliant. State officers, ambassadors and ministers in handsome uniforms, and peers and peeresses in various colored robes, filled every nook. The King, beneath his robes, wore a field marshal's uniform. The Queen's dress was of black velvet, surmounted by a robe trimmed with ermine. The peeresses all wore ostrich feathers in their hair, and were richly clad in evening robes of the most varied colors, white satin, however, predominating. The display of jewels was unusually dazzling.

REMARKABLE INCIDENTS.

The only departure from the extremely decorous character of the proceedings occurred when the King referred to the humanity of the British troops in South Africa. This led to an unprecedented scene in the House of Lords. Peers and peeresses and high officers of state broke out into a prolonged cheer, which was repeated again and again to the evident satisfaction of His Majesty, but to the apparent dismay of the officials of the House.

Their Majesties retired amid a fanfare of trumpets and attended by the same regal ceremony as accompanied their entry into the House. They were greeted enthusiastically. As they sat in the state coach, whose gilded pinnacles brushed the boughs of the trees in the green park, King Edward and Queen Alexandra looked for all the world like a flattered painting of Henry VIII, and one of his better-looking spouses. The King and Queen both looked extremely happy. So far as restrained public enthusiasm was concerned the spectacle was nothing to what occurred earlier in the day, when the Guards' reinforcement left their barracks en route to South Africa. The Guardsmen tramped through the dark streets of the metropolis at 6 o'clock in the morning, accompanied by an uproarious mob of civilian friends, singing songs to the accompaniment of bands. The songs and music, however, did not drown the crying of women, who clung to the necks and arms of almost every man of the contingent.

WILL NOT DISCUSS PEACE

Lord Salisbury Declares, Until the Boers Sue for It.

London, Jan. 16.—Earl Spencer, the acting Liberal leader in the House of Lords, speaking in the House on the Boer war, deprecated a policy of unconditional surrender, and asked the Government to explain its intentions in the matter of ending the war. The Marquis of Salisbury, Prime Minister, said it was impossible to say what would be done in the future, for they could not tell what was yet to happen. He asked whether the Government had any enemy in the field, they were to say on what terms they would grant peace without first being asked. "When the Boers sue for peace," he declared, "we will tell them, but until they do so the less we say about peace terms the better."

The House of Commons debated the motion for an address of thanks in reply to the King's speech.

Sir Henry Campbell-Bannerman, the Liberal leader, declared that the most urgent question was the possibility of peace in South Africa. He believed in establishing British military superiority, but not in a policy of subjugation. Honorable members, however, did not believe that a settlement should be made by the assent of those living in South Africa, and not by force.

AMENDMENT TO ADDRESS.

Some difficulty was found in framing an Opposition amendment to the address in reply to the King's speech opening the session of Parliament, which amendment

war going to end?

John Redmond, chairman of the Irish Parliamentary party—"By the next general election."

In the course of his speech, Mr. Chamberlain was protesting against the suggestion that he should overrule the Privy Council, when Mr. Redmond interjected: "Hear, hear, you ought to be king." Amid laughter Mr. Chamberlain replied: "That is very good of the hon. gentleman but that is not my ambition."

ROSEBERY'S CRITICISM.

On the opening night of Parliament, the debate in the House of Lords was far more interesting than that in the House of Commons, which, except for Mr. Chamberlain's speech, proved rather dull and languid.

The House of Peers, Lord Lytton, son of the poet-diplomatist, seconding the address in reply to the Speech from the Throne in an able speech, which drew high praise from Lord Rosebery. Rosebery, at least he had never heard upon such an occasion, gave an early touch of distinction to the proceedings.

Earl Spencer spoke for the Liberals in the absence of the Earl of Kimberley, who is ill. After Lord Salisbury's brief reply, Lord Rosebery opened an extended criticism by describing the King Edward's speech as the most jejune ever placed on the lips of any monarch. The speaker expressed his scepticism as to the motives of the Government in the present, and said: "I do not suppose he came to see the old masters."

He twitted Mr. Chamberlain for "trailing his diplomatic coat and inviting anybody to tread upon it," and contended that the name of Great Britain was now held in a hostile abroad compared to which all previous names had been inferior.

Lord Rosebery commended the spirit and the words of Mr. Chamberlain's reply to the Imperial Chancellor of Germany; Count Von Bülow, who is said to be going to stay in London. Lord Rosebery said indulgence in the present methods would give ample opportunity for maintaining that position of splendid isolation which the Government seemed to desire, but he would do well to have an overpowering fleet and an efficient army, for other powers were also building fleets.

During the course of Lord Rosebery's speech, Lord Salisbury constantly rose to his feet to make corrections or objections. He was, however, very kind in his remarks, and he would not further touch upon topics which seemed to irritate the Premier.

Lord Lansdowne, Foreign Secretary, briefly replied to Lord Rosebery, stating the view that Great Britain was hated abroad.

A SINGULAR GROUP OF LITTLE TRAVELLERS

The Grand Trunk, last evening, had the unusual experience of giving free transportation to a family of seven children all the way to California, without being asked to charge fare with respect to any of them. The parents were Mr. and Mrs. Antonio Salami, who have just returned from their trip, and their seven children, the eldest of whom is under five years of age. Under the company's rules all packages are missing. The singular group of little ones, who included two pairs of twins, attracted a good deal of attention at the station.

FOUND \$10,000 AMONG RABBITS.

Pottstoven, Jan. 17.—A package containing \$10,000 in coupon bonds, shipped by express last evening by the Citizens' National Bank, of this place, mysteriously disappeared while en route to the Chase National Bank, of New York. The express messenger on the car reported for it, but when the train reached Philadelphia the package was missing. Investigation was opened with the express company manager here to learn whether the bonds had been overlooked in the office, but they could not be found. A rigid investigation followed, and to-day it was learned that the package had been found in New York in a rabbit crate, into which it had fallen while the train was on the way to that city.

SMALLPOX STOPS WEDDINGS.

Pittsburg, Jan. 17.—At meetings of the Councils of all the boroughs surrounding this city, where smallpox has become prevalent, special proclamations have been issued and are posted along all the highways warning the inhabitants not to hold a marriage ceremony or other celebration for an indefinite period. Many marriage announcements are out, but the contracting parties have been notified to postpone their respective weddings until the last case of smallpox is gone, under penalty of imprisonment.

TO FLY WITHOUT BALLOONS.

Kansas City, Jan. 17.—David B. Page, of this city, will compete for the prize of \$200,000 offered by the directors of the Louisiana Purchase Association for a successful flying machine. Mr. Page thinks that all experiments heretofore made in aerial navigation have been along wrong lines and that the successful flying machine will not be of balloon shape, but will overcome gravity by its motion. He suggests that scientists may be in error as to gravity being a constant, tangible operating force.

BALLOON VOYAGE ABOVE CLOUDS.

Berlin, Jan. 17.—The meteorologists, Berson, and Elias, who ascended in a balloon during a high wind last Thursday, to compete for the long distance record, were from a village of Southern Russia, in the Government of Poltava, that they made 328 miles in twenty-nine hours. They say the wind slackened and that flying measures were mostly above the clouds. The highest altitude reached was 16,200 feet. The aeronauts failed to beat Count de la Vaux's long distance record of 1,110 miles.

Consolidated Rubber Tire Co.

New York, 40 Wall Street, December 21, 1901.

TO THE CANADIAN PUBLIC— We are the owners of Letters Patent of the Dominion of Canada, No. 53,180, granted Aug. 7th, 1896, to A. W. Grant, for Improvements in Rubber Tire Wheels. This patent covers our

KELLY-SPRINGFIELD TIRE

No person, firm, or corporation, other than The Toronto Rubber Co., Ltd., The Gutta Percha and Rubber Mfg. Co., of Toronto, Ltd., and those whom it authorizes, has any right to make, fit, sell or use any of our Kelly-Springfield Tires within the Dominion of Canada (except British Columbia) unless the same are made by The Toronto Rubber Co., Ltd., or The Gutta Percha and Rubber Mfg. Co., Ltd., and are purchased from the Toronto Rubber Co., Ltd., or its agents or vendees.

We call your attention to the opinion of Judge Wing, of the U.S. Circuit Court for the Northern District of Ohio, filed Nov. 22, 1901, again sustaining the validity of our United States grant, Patent No. 554,075, of February 18th, 1896 (which corresponds with our Canadian Patent, No. 53,180, and holding the Goodyear tire to be an infringement of its claims, and ordering a decree for an injunction and accounting against the Goodyear Tire & Rubber Company, the defendants in that case.

Our United States Grant Patent was first sustained by Judge Thomas, of the U.S. Circuit Court for the Southern District of New York, in an opinion filed Dec. 27th, 1898, and wherein he ordered a decree for an injunction and accounting against the Columbia Pneumatic Wagon Wheel Co., and since then we have been engaged in the litigation with other infringers which has terminated in the referred-to opinion of Judge Wing. Our rights under our United States Grant Patent having been now fully established by the U.S. Courts against all known defences, we have notified the trade in the United States, and now beg to notify the Canadian Trade not to continue to deal in or use infringing tires, no difference of whose manufacture, and of the liability they will incur in so doing, as it is our intention to proceed most vigorously against all manufacturers, dealers in, and users of infringing tires. We remind you that as the claims of our Grant Patents, U.S. and Canadian, cover the article, dealers in and users of infringing tires are equally liable with the manufacturers for profits lost and damages suffered by us by reason of their respective infringements, and that the promises of infringing manufacturers will not protect them against injunctions and decrees for profits and damages. We give all manufacturers, dealers in and users of infringing tires a reasonable time to communicate with us before we proceed against them and apply to the Court for injunctions, for it is our purpose to in due season so proceed against all infringers, whether manufacturers, dealers or users, if it be necessary to the full enforcement of our legal rights.

Very Respectfully,
