## RUSSIANS MAKE IMPORTANT ADVANCE TOWARDS HUNGARY

Capture of Kirlibaba Pass on Borders of Transylvania May Have Political as Well as Military Effect. May Hasten Action of Roumania. Russians Win Another Big Victory in the Caucasus. Artillery of Allies Forces Germans to Evacuate Their Trenches

**RUSSIAN VICTORY IN CAUCASUS.** Petrograd, January 18.—(Special)—A late communication from the Army of the Caucasus gives some details of the Russian victory at Kara Urgan. It says: "During the last three days of the battle of Kara Urgan a violent snow storm raged uninterruptedly. The conflict terminated in a complete victory for our army."

"Thanks to the efforts of our valiant Caucasus and Turkestan regiments, as well as the Siberian Cossacks, the resistance of the enemy was broken up. The rear guards which covered his retreat were destroyed, and the remainder of the Turkish army, hard pressed on flank and on front, fled towards Erzeroum."

**GERMANS TRY TO PUSH RUSSIANS BACK.** Petrograd, via London, January 18.—(Special)—Recent developments in the vicinity of Warsaw appear to indicate that the Germans are directing their efforts to push the Russians beyond the east bank of the Vistula at the junction of that river with the Pilica.

It is the opinion of a high military authority that the Germans expect co-operation from the Austrians who are seeking to force their way through from the vicinity of the upper Nida, where recently hard fighting has been recorded. Holding a line of trenches and fortifications directly west of Warsaw, the German activity for the past fifty hours has been around a big village between Sochaczew and Bolimow, where six attacks in succession were made Saturday night.

**TURKISH CORPS ANNIHILATED.** Petrograd, Jan. 18.—The following report has been received from Tiflis: "The army of the Caucasus has covered its flags with glory by a fresh heroic exploit, having completely

annihilated the 11th Turkish Corps, with the exception of several insignificant elements, which are fleeing in disorder. We have captured all the artillery of this corps."

## HUNGARY AGAIN THREATENED

**GERMANS IN FORCE MAKE SEVEN SUCCESSIVE ATTACKS ON RUSSIANS**

London, January 18.—While the main Russian army has been busy repelling in what Grand Duke Nicholas in his official report describes as a series of violent attacks by Field Marshal von Hindenburg to break his way through to Warsaw, other Russian forces have stormed and taken Kirlibaba Pass on the borders of Transylvania, and have made further progress in their advance along the right bank of the Vistula toward the German frontier.

**HASTEN ACTION OF ROUMANIA.** The capture of Kirlibaba Pass, through which roads lead into the heart of Transylvania, is likely to have a political as well as a military effect. It will probably hasten the action of Roumania and will compel the Germanic allies to send troops for the defence of Eastern Hungary. With the retirement of Count von Berchtold, the former Austro-Hungarian minister of foreign affairs, who is said to have favored another expedition against Serbia, and because of the greater influence of the Hungarians in the councils of the Empire by reason of the appointment of Baron Stephen Burian at the head of the foreign department, the troops which were destined for the Serbian operations are likely to be diverted to meet the Russian threat against Hungary.

**FURTHER PROGRESS CLAIMED.** In the west there has been some brisk fighting at many points. The French claim to have made further progress along the coast of Flanders. **CANADIANS READY FOR FRONT.** Earl Grey, the former Governor-General of Canada, in reviewing a brigade of the Canadian contingent, yesterday, told them that they would soon be sent to the front.

## CONTEST IN WEST WARD

Mr. G. D. MacKinnon, Candidate, Explains His Attitude on Civic Affairs

DENIED THE REPORT THAT HIS COMPANY WAS LOOKING FOR A BONUS.

A meeting in support of Mr. G. D. MacKinnon's candidature was held in the Wilson street schools on Saturday night. Mr. Chabot presided over an audience of about one hundred and twenty.

The candidate, Mr. G. D. MacKinnon, remarked at the commencement of his address that no speakers had been invited from the north or centre wards, as those who had arranged the meeting believed the west ward was capable of managing its own affairs.

With one exception the speakers who had addressed Mr. Gauvin's meeting on Thursday night did not have a vote in the ward and the electors could draw their conclusions from that. Mr. Gauvin, his opponent, lived in the centre ward, and according to the speaker's information, had been forced into the acceptance of the nomination by a clique. Not one of those who signed Mr. Gauvin's nomination paper had a vote in the west ward. The reason Mr. Gauvin had been forced on the ward was that the other side could not find a man in the ward to represent them, and large real estate interests in East Sherbrooke wished to use Mr. Gauvin to help forward their business in the council at the expense of the city.

Mr. MacKinnon referred to the movement some time ago to make King street into a magnificent boulevard at a cost of about \$70,000 to which would have to be added amounts for consequent damages to property.

**VOTE IS EXPECTED TO BE VERY CLOSE.** The polling in the Municipal election for an alderman for seat No. 1 in the West Ward is taking place today.

The candidates are Mr. George D. MacKinnon, 86 Drummond Road, manufacturer, and Mr. Pierre Gauvin, 66 King street, baker.

Every effort to win is being exerted by each side. The vote is expected to be very heavy and the contest will no doubt be very close.

The number of voters is between 1100 and 1200. There are three polling booths situated as follows: Subdivision No. 12.—Joseph Bergeron, corner Galt and Alexander streets. Subdivision No. 13.—All Dumas, corner Galt and St. Pierre streets. Subdivision No. 14.—Robert Oates, 8 Short street.

The hours for polling will be from 9 to 5. The official counting of the ballot papers will commence to-morrow morning in the City Hall at ten o'clock. Mr. E. C. Gatten is the returning officer for the election.

The centre ward men figured very largely in the proposition and the real game now was to deprive the west ward of one representative, and by electing Gauvin practically have three representatives for the centre ward.

**NOT LOOKING FOR BONUS.**

Mr. MacKinnon denied the report that his company was looking for a bonus and said they would never accept one from the City Council. They applied two years ago for a bonus of \$50,000 on exactly the same terms as the Jenckes Machine Co. applied for their \$100,000 bonus. "We did it simply to fight the Jenckes Co's bonus for your benefit. We didn't succeed, but the Jenckes Co. got the \$100,000. In the meantime we let the matter stop, but by a decision which was arrived at in the Superior Court recently, that company has now to pay interest on that money. This is all through G. D. MacKinnon, and before the term has expired that will amount to between \$40,000 and \$50,000. That means your taxes should be reduced by that amount."

**AGAINST BONUSES.** Proceeding, he said he was against granting bonuses to any industry unless the circumstances were very exceptional. He would not oppose the granting of free sites because other cities were doing the same thing. He was in favor of giving cheap power, but was against exemption from taxes.

**MANUFACTURERS ARE INTERESTED.**

Replying to the remark that the manufacturers were interested in City Council representation, Mr. MacKinnon said they had good reason to be interested, as the manufacturers supported the town, and the city would be a country village without them. They were here to help the people and should be supported in every shape and form. He pleaded for co-operation, saying the manufacturers and the people were indispensable to each other. The fact that there were seven large industries in the west ward certainly entitled them to representation.

**WOULD HELP THE CITY.**

Mr. MacKinnon urged that his knowledge of engineering and his business training would enable him to serve the ratepayers' interests. He had no axe to grind and if he enter-

## "ACCIDENTAL DEATH" VERDICT

Inquest Held on Saturday Upon P. A. Mailhot, Victim of Codere Block Fire

DEATH DUE TO SUFFOCATION—DECEASED THOUGHT TO HAVE LEFT BUILDING

Coroner Bachand and a jury held an inquest at No. 1 Police Station on Saturday afternoon into the death of P. A. Mailhot, who, as reported in Saturday's Record, lost his life in the fire which gutted the Codere block, Wellington Street, on Friday last.

Mr. L. H. Guay was foreman of the jury.

Mr. Alphonse Masse, clerk of Codere Sons & Co., gave evidence to the effect that he was cutting glass for the deceased in the basement on the afternoon of the day in question. He went to ascertain the cause of the explosion and saw that the fire had broken out. He returned to the basement and shouted to Mailhot, who then started to leave with witness. Witness was under the impression that deceased had got out alright, but he probably fell and lost his bearings.

Mr. J. W. McKee gave evidence of identification and testified that deceased had been in his employ for the past eight or nine months. Deceased went to Codere's store to purchase some glass on Friday afternoon.

Constables Prunier and Biledeau deposed that the body lying in the morgue was the one they recovered from the rear of the basement about midnight on Friday.

Dr. Gadois, who made an examination of the body, stated that death was due to suffocation. There were no marks or burns upon deceased.

The jury returned a verdict of "accidental death."

**MR. J. L. CODERE RETURNS THANKS**

Editor Record, Sir—Will you please allow me the use of your columns to convey my most heartfelt thanks to Messrs. Frank Byrd, W. Tobin and M. Mowcroft who, by their action, surely saved my life. I could not do anything else but crawl, and I had seemingly lost my way, when they succeeded to open the door and pull me out.

In the name of the corporation of which I am the manager, I also wish to thank all those who, in any way, or another, participated in the work of the brigade. These thanks go more especially to Chief Hebert and all his men who, by their splendid and unceasing work, not only saved our neighbors' but even saved our warehouses which seemed doomed to destruction.

I also wish to thank the citizens of Sherbrooke who all gave us in our misfortune the sympathy we needed. Thanking you, Mr. Editor, for the space allowed, I remain, Yours truly, L. J. CODERE.

ed the council should go with a free hand and should not "go for" the Jenckes Machine Co., as some people said, because the closing down of those works would be one of the worst things that could happen to the city.

**CIVIC AFFAIRS INJURING INDUSTRIES.**

Sherbrooke was well located, with good water powers and railways, for manufacturing centre, but was losing its hold as a manufacturing point simply because the city affairs were not run properly. The high cost of living was due to the increased valuation. Taxes could be reduced by economizing in city affairs and by laying out streets and doing sewerage and waterworks on modern methods and arranging matters so that the road, gas, sewer and water departments would do their work at the same time and not continually digging up the same street. He advocated a system of fixing up the streets by starting in the centre of the town and leading off so that in a year or two they would be all connected. He also advocated improving the roads into the city so as to facilitate and encourage trade with the farmers. He complained of the condition of the west ward streets and made a claim for a market for the ward.

Other speakers were Messrs. A. M. Sangster, Lachance, Boisvert, Charlier, W. Ballantyne, G. Dick, F. Biledeau and F. Tissington.

**A GAUVIN MEETING LAST EVENING.**

A meeting in the interests of Mr. Pierre Gauvin was held in the Wilson street schools last night. Aid. Prunier presided and the electors present, numbering between three and four hundred, were addressed by the candidate, Ex-Mayors Hebert and Bachand, Col. Rioux, Messrs. C. C. Cabana, G. L. Delottinville, Janvier Blaid and John Leonard, K.C.

The speeches and arguments were along similar lines to those heard at last Thursday's meeting.

**WHEAT DOWN FIVE CENTS IN FIFTEEN MINUTES**

Chicago, January 18.—Wheat dropped five cents in the first fifteen minutes of Saturday's session of the Board of Trade on reports that Congressional movement was on foot to prohibit exports. May wheat, which closed at \$1.45 yesterday, sold down at \$1.40.

## CONDITIONS IN OLD COUNTRY

Professor Grieve of Bradford, England, Says Few Unemployed in Country

TELLS OF BOMBARDMENT OF SCARBOROUGH AND HOW LITTLE EXCITEMENT WAS CAUSED.

Dr. Grieve, Professor of New Testament and Church History at the United Independent College, Bradford, Yorkshire, Eng., was in the city on Friday upon the general conditions now prevailing in the Old Country. Dr. Grieve expressed the opinion

DR. GRIEVE, Professor of Church History in Bradford, England.

that there had never been so little unemployment as at the present time, and he stated that the trade union returns were more favorable than ever had been known. So many men had gone to the front or were in training that all who were left be-

## NO WORD OF THE PATRICIA CORPS

Delay is Caused Through Method Adopted of Reporting British Casualties

IN SOME CASES A WEEK HAS ELAPSED BEFORE A COMPLETE LIST HAS BEEN FILED.

Ottawa, Jan. 18.—While there is still no report of the casualties said to have occurred in a victorious charge of the Princess Patricia Regiment on the German lines, it is believed at militia headquarters that this is due to the fact that casualties in the British troops are now reported by mail to England after careful investigation to see that the lists of casualties are accurate. In some cases it has been a week and more before casualties were reported in England.

In the meantime no word from the regiment has been received at the militia department or at Rideau Hall.

**NO PEACE PRIZE FOR 1914.**

London, January 18.—(Special)—The official announcement has reached here that the Nobel Committee has decided not to award the peace prize for 1914, but that no decision has been reached regarding 1915.

**TWO 14-INCH GUNS FOR GREAT BRITAIN**

TAKEN OUT OF NEW YORK FOR BELFAST, IRELAND, ON A CUNARD BOAT.

New York, Jan. 18.—The Cunard liner Orduna, which sailed from this port on Saturday for Liverpool, had two 14-inch guns lashed to her forward deck with wire cables, while on the decks aft were two gun carriages. Each of the guns was fifty-three feet long, and, it is said, was consigned to Harlan & Wolff, shipbuilders, of Belfast, Ireland. The name of the shipper could not be determined. The guns were lashed to the opposite sides of the deck. Their bulk, it was asserted, made it impossible to get them into the holds. A responsible official of the Cunard line, when questioned about the guns, said that he was not in a position to give any information concerning them.

**BIG DYESTUFFS CARGO ARRIVES AT NEW YORK**

New York, January 18.—The steamer Matanzas from Rotterdam has arrived with \$1,000,000 worth of dyestuffs from Germany. She was expected a week ago but heavy weather was experienced throughout the voyage.

## DEAD IN AVEZZANO DISTRICT REACH 20,000; 1000 INJURED

2000 Soldiers Are at Work Among the Ruins. Fresh Shocks Yesterday Completely Razed Buildings Cracked and Damaged After Wednesday's Visitation. Bad Weather Conditions Hamper the Work of Rescue

**20,000 DEAD IN AVEZZANO.**

Avezzano, Italy, January 18.—(Special)—More than 2,000 soldiers are at work on the ruins of Avezzano, which may be described as a wilderness extending for several miles. Lieut.-General Marini is in command of the troops.

Signor Cluffelli, minister of public works, estimates that the number of dead in the Avezzano district will reach 20,000, and that 1,000 persons are injured.

**ELEVEN MORE SHOCKS YESTERDAY.**

London, Jan. 18.—Special despatches from Rome report that eleven more earthquake shocks were registered on Sunday.

**ADD TERROR TO THE PEOPLE.**

Rome, January 18.—A renewal of seismic disturbances early yesterday served to add to the terror of the people in parts of the district that was visited by the heavy earthquake, last Wednesday. Although the shocks were light, buildings which had been cracked and were tottering from the effects of the first disturbance, were completely razed. In Avezzano and Sora, the towns which had suffered worst from the disaster, the people left the temporary shelters in which they are living and took refuge in open places.

**WEATHER AFFECTS RESCUE.**

Rain and extremely cold weather in some parts of the district are hampering badly the work of rescue. This is particularly true of Sora, where a cold rain fell throughout Saturday night and yesterday. In many of the

towns which were thrown down by the earthquake it is feared that there are still living persons beneath the debris and that unless they are extricated soon they will perish.

**30,000 DEAD.**

The latest reports received in Rome increase rather than decrease the aggregate of the casualties and the extent of the damage done. In the Department of the Abruzzi alone it is estimated that 30,000 persons met death.

**\$1,000,000 FOR RELIEF.**

The Italian Government has appropriated \$1,000,000 for the relief work and King Victor Emmanuel has donated \$60,000 for the aid of children abandoned by their parents and made orphans by the disaster. Relief supplies are pouring into the stricken districts, and it is believed that shortly there will be sufficient food supplies everywhere to alleviate temporarily the distress of the people. Train loads of timber also are being despatched to the destroyed towns for the erection of huts.

**TOTALS OF KILLED AND WOUNDED.**

San Atollio has 200 dead and 500 injured, Morino 1,500 dead, Canistro 600 injured, Cervaro 300 victims, Borgo 50 dead, and Valleroteto 1,800. At Civitella Roveto almost the entire population escaped because they were working in the fields when the shock occurred.

**DYING OF HUNGER AND COLD.**

Frantic appeals for help have been received from Petrellairi, 3,500 feet higher on Mount Arungo, eight miles from Tagliacozzo. The village was almost destroyed and the survivors say they are perishing of cold and hunger.

**EARTH OPENED UP.**

In the highway near Ortucchio the earth has opened, causing an immense pit filled with water, the depth of which is unknown.

**EXTRICATED ALIVE.**

Some of the rescues are regarded as miraculous. At Avezzano one entire family, composed of father and mother, three daughters and a son, were extricated alive from the ruins of their home.

**FIVE GERMAN STEAMERS SUNK**

DURING PAST FORTNIGHT VESSELS STRUCK MINES IN BALTIC SEA.

London, January 18.—The Morning Post's Stockholm correspondent says: "During the last fortnight five German steamers had disappeared in the Baltic Sea with all their crews. They were lost by striking mines."

**"IT IS REPORTED THAT LEADING MEMBERS OF GERMAN COMMERCIAL AND SHIPPING CIRCLES HAVE COLLECTED \$50,000 FOR RELATIVES OF SWEDISH SEAMEN WHO HAVE LOST THEIR LIVES THROUGH DISASTERS IN THE GULF OF FINLAND DUE TO GERMAN MINES."**

**THE WEATHER**

Mostly fair with a little lower temperature.

## 21 MEN OF CREW OF BRITISH SHIP DROWNED

London, January 18.—(Special)—Twenty-one men of the crew of 27 of the British steamer Penarth were drowned today off the Norfolk coast. The Penarth, with a cargo of maize, was sailing for Hull from the River Plate. She struck on Sheringham shoal in heavy gale, and is a total wreck.

Six survivors from the Penarth were picked up by a trawler. The Penarth was a small vessel of 1,959 ton net.

## NO FIGHTING OFF THE COAST OF HAVANA

Havana, Jan. 18.—(Special)—The reports that cannon firing had been heard at sea last night off the coast near Havana, were promptly investigated and turned out to be without foundation. It seems that some blasting work was being done along the shore and that these sounds were taken for artillery. A British cruiser is patrolling about five miles off the coast outside of Havana.

## SHOT BRITISH PRISONERS

ESCAPED FROM LOUVAIN AND WERE AFTERWARDS CAPTURED.

London, January 18.—The Amsterdam correspondent of the Central News reports that three English prisoners who escaped from Louvain have been arrested and shot.

Serious rioting occurred at the prisoners' camp at Neerwinden, the same correspondent reports. The prisoners attacked the German guards, killing one, whereupon drastic methods of repression were adopted. Six Englishmen and eight French Turcos were shot.

**LORD ROBERTS LEFT \$385,000 ESTATE.**

London, Jan. 18.—Field Marshal Lord Roberts, who died in France, November 14 last, left an estate of \$385,000, all of which goes to his widow and daughters. The amount is exclusive of property previously settled on his family by Lord Roberts.

DEPEND ON ARTILLERY

German Infantry Not Trained to Shoot Accurately With Rifle

The ineffectiveness of the German rifle fire seems to be borne out by the hospital records.

"This was to be a war of the laboratory and the machine shop on the German part," said a high British officer. "They seem to have paid little attention to the rifle shooting by their men, but to have depended upon their artillery. The infantry was then to be used to tear a hole by sheer weight through the enemy's line."

The immensely heavy siege guns of which so much has been heard were to reduce fortifications. The field guns have been extraordinarily well handled, although the shells are said to be deficient. The infantry arm is the machine gun rather than the rifle. No army in the world has ever carried so many machine guns—they are used of the Maxim type, identical with that used by Great Britain—in proportion to the number of troops employed.

Budget of News From Various Sections of Country

KENNEBEC ROAD.

There has been another change in the weather, and the sleighing is gone. The roads are practically bare in many places, and in other places so icy that horses have to be very sharp shod to be able to travel safely.

The Court House officials and members of the Bedford Bar called on Mr. P. A. Giroux, K.C., on Saturday. The Batonnier, Mr. W. H. Lynch, K.C., made a very good speech, congratulating Mr. Giroux on his twenty-five years of practice at the bar.

Mr. Giroux responded, thanking them in his usual congenial and courteous manner, after which refreshments were served by Madam Giroux.

CLARENCEVILLE.

Mr. H. A. Sampson, manager of the Clarenceville Branch of the Canadian Bank of Commerce, has been transferred to Sherbrooke, and Mr. F. N. Nunn, of Huntington, Que., will take his place here.

Miss Clark, vocalist, of Montreal, has eleven private pupils in her class here and more are expected shortly.

FRELIGHSBURG.

Miss McDonald has returned to her work in the insurance office from Sherbrooke, where she visited her parents.

Mrs. A. J. Shepard was presented by the members of the Bishop Stewart Memorial Church with a substantial Christmas gift of a purse of money, for presiding at the organ the past year.

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

"PAPE'S DIAPEPSIN" MAKES SICK, SOUR, GASSY STOMACHS FEEL FINE.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, get this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach into a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" cones in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

IF PEEVISH, FEVERISH AND SICK, GIVE "CALIFORNIA SYRUP OF FIGS."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given to-day saves a sick child to-morrow, but not the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

FOR A BAD COLD

The surest way to stop a cold is to loosen the liver and cleanse the bowels, and the nicest cathartic to do this is a 10-cent box of Cascarets. Take one or two Cascarets tonight, and your cold may be gone by morning.

LAKE - KING.

At Christ's Church Cathedral, Montreal, on the 14th inst., the marriage took place of Miss Lilian Beatrice Wilhelmia, eldest daughter of the late Col. W. H. King, M.D., and Mrs. King, of Georgeville, Que., to Mr. Harry William Lake, of the Molsen's Bank, Montreal, eldest son of the late Chas. B. Lake, M.D., and Mrs. Lake, of Bridgetown, Ont.

The ceremony was performed by the Rev. Dr. Symonds.

The bride who was given away by her brother, Mr. W. E. McGovern, of Burlington, Vt., wore a gown of white satin and lace with veil and orange blossoms and carried a shower bouquet of white roses.

Immediately after lunch Mr. and Mrs. Beckett left for a short trip to Quebec and other points, the bride travelling in a costume of brown, with hat to match.

## BUSINESS NOTES.

Tonight, Dance, Metropole Hall.

Last week, is progressing favorably at the Y.W.C.A.

Miss Gertrude Stanley who has been spending some time in Sherbrooke, has returned to Montreal.

Misses Ola Bedard and Margaret Raimbach who have been the guests of Mrs. Severe Biais, have returned to Richmond.

Mr. and Mrs. C. H. Swift who have been staying at the Chateau Frontenac are on pension at Queen street, with Miss Laura Knowles.

The Rev. E. A. Dunn and Miss Dunn have arrived in England. The parish of St. Michael's, Bergerville, is in charge of the Rev. H. Scott Smith, of Charlottetown, P.E.I., during Mr. Dunn's absence.

Miss Patterson and Miss K.L. Patterson, of Baltimore, who have a fine property at Ayer's Cliff, are in town and expect to spend the remainder of the winter with Miss Laura Knowles, Queen street.

Mrs. Ives' friends will be glad to hear that she is improving. Dr. Geo. Armstrong, of Montreal, was called in consultation by Dr. George L. Hume, and went immediately to the Sherbrooke Hospital, where Mrs. Ives has been for the past week.

## CITY GAS AND ELECTRIC DEPT.

Statement of Accounts For Last Year Shows Net Profit of \$28,408.21

CHAIRMAN BRAULT FORESHADOWS INCREASED REVENUE TO THE CITY FOR THE FUTURE

The following report of the accountant of the City Gas and Electric Department and the subjoined statement of revenue and expenses for 1914 were read by Ald. Broult at the nomination meeting in the Art Hall on Monday last.

Sherbrooke, Jan. 11, 1915

Wm. Broult, Esq., Chairman Gas & Electric Dept.

Dear Sir:—

I beg to submit to you the statement of Revenue and Expenses of this department for the year 1914.

I am proud to say that although we have in the course of the year increased the rate of discount allowed to customers by 5 p.c., and that we have reduced the price of street lighting by \$2.00 a lamp, and also that the commercial depression was felt in our business, the Electric Department shows bigger earning powers than it ever had since its birth and consequently shows a bigger net surplus.

The excess of revenue over expenses which is amounting to \$65,475.71 is big enough to meet the fixed charges three and one half times which are amounting to \$19,906.93.

The excess of revenue over expenses and fixed charges amounting to \$45,568.78 is large enough to meet the appropriation of depreciation reserve and sinking funds over two times, which appropriation is amounting to \$21,500.

The net profits of the year amounting to \$24,068.78 would be large enough to pay a dividend of 6 p.c. on our capital stock if we were a private company. It would not be a very high dividend for a private company but it is a good one for a municipal plant, which does not expect big returns over its expenses and fixed charges.

The Gas Department has an increase of revenue on last year of \$1,831.77 and has a deficit of only \$58.18.

question in the course of the present month. Respectfully submitted, B. A. DUGAL, Accountant

Ald. Broult remarked that was reason to be proud of the operation of the Department by the City because it was a large source of revenue which would continue to increase from year to year. The expenses would decrease because the plant was now nearly up to date, a large amount having been spent every year for replacement in renewing old material. He stated some more improvements were to be made, which he hoped would be carried out in the coming year.

KLARK-URBAN COMPANY'S OPENING PLAY—"THE THIRD DEGREE" presenting Charles Klein's latest success, "The Third Degree," the Klark-Urban Company speaks for it the same absorbing interest that is attached to Mr. Klein's other triumphs, "The Lion and the Mouse" this time instead of attacking financial and political conditions, Mr. Klein has seen fit to go to Fifth Avenue for his characters, bringing to light a condition that exists in that society, and revealing it in a vivid manner. It has been a matter of universal knowledge that birth, coupled with money, regardless of mental capacity, fills the list of society's eligibles. In "The Third Degree" Mr. Klein attacks this tradi-

tion. Seldom in the history of the drama has there been recorded a play that embodied the tense and absorbing interest contained in "The Third Degree." Its presentation at His Majesty's Theatre, next Monday evening, will be the same as that which obtained during its long run at the Hudson Theatre, New York.

MILITARY MATTERS

HOME GUARD NOTES.

Shooting Competition—While general efficiency in the use of the rifle is the object of the instructors of the Home Guard, rather than specialized marksmanship of a few, it is recognized that properly directed competition has a stimulating effect, and the terms for a match are being arranged between a picked squad from the local guard and one from the Home Guard of Lennoxville, particulars of which will be announced later.

Promenade Concert—The arrangements for the Home Guard concert on the 27th are progressing favorably. Captain Bowen now has the tickets ready for distribution to those who are undertaking their sale.

Monday Evening Drill—The Monday evening drill for merchants and others whose business will not admit of taking part in the Saturday afternoon parades, will be held at 8 p.m. to-night and promises to be well attended, as a number of those who have newly joined during the last week or two are ambitious to catch up with their instruction.

FRENCH SUCCESSES AT VARIOUS POINTS. Paris, January 18. — (Special) — The French official statement given out this afternoon recites French successes yesterday at various points along the battle line, most of them artillery engagements. None of the actions seem to have been of great importance. There was stormy weather yesterday in Flanders as well as in the Verges.

The text of the communication follows: "From the sea to the Oise there was yesterday a violent storm, particularly in Belgium. The day saw artillery fighting at certain points.

"Near Antrecha, to the northeast of Vic Sur Aisne two German attacks were repulsed.

"In the sections of Soissons and of Rheims there was no change. In the region of Perthes there was very efficient marksmanship on the part of our artillery on the positions of the enemy.

"In Argonne the German attacks on Hill 263 to the west of Bourneilles, brought no results. We took possession of several German field works to the northwest of Pont A Mousson in the only part of the forest of Le Pre which is still in the hands of the enemy. We here later repulsed a counter attack and maintained all our gains.

"In the Vosges there has been a heavy fall of snow. The enemy bombarded Thann but without effecting serious damage."

RUSSIAN OFFICER AND SIX MEN SHOT Vienna, January 18—It was announced here yesterday that a Russian officer and six of his men who had been captured while wearing Austro-Hungarian uniforms, had been summarily executed.

HOCKEY

MALL CROWD SAW GOOD GAME—NEW PLAYERS SHOWED UP WELL

Sherbrooke made an excellent showing against the M.A.A.A. on Saturday night, losing to the Winged Wheelers by a score of 2 to 1 after a hard fight. For two-thirds of the game the locals led by a score of 1 to 0, and it was only in the third period that the visitors notched two.

The crowd was disappointingly small and as usual the management had to dig down in their pockets.

The local boys put up a hard fight and deserved a victory. Eddie Baker and Claude Atto went well on the forward line, the latter playing an exceptionally strong game through-out. Baker scored Sherbrooke's only goal, and from the minute he scored until the game was over he was closely watched. The defence, Arguin, Maguire and Redmond, was steady at all times. The new men on the team, Robertson, Hallisey and Wallace Hebert struck a good clip, and will no doubt be regular features.

The Montreal boys were good skaters and kept plugging away for the whole sixty minutes.

The following players figured on the Sherbrooke team: Arguin, Maguire, Redmond, Baker, Hebert, Robertson, Hallisey and Atto.

STANSTEAD 8, COWANSVILLE 4 The Cowansville team were defeated on their own ice by 8 to 4 by Stanstead. The play was very fast throughout but the Stanstead boys held the upper hand. After a few minutes of play Cowansville made the first tally and things began to look bright for them, but it was not very long before Stanstead had tallied five times. In the second and best period there was no scoring done by either team, during which the play was fast and furious although no penalties were handed out. It was not until the third and last period that any penalties were imposed, when Cotton and Gagnon were given five minutes each. The Cowansville goal tender, A. Chaplebois, had the misfortune to get a skate in his side during a mix-up, fracturing one of his ribs, but he remained at his post until the game was over.

FARNHAM 3, STANSTEAD 2 Farnham, Jan. 18 —(Special)—The scheduled fixture in the Eastern Hockey League between Farnham and Stanstead resulted in the finest and fastest exhibition of hockey ever played on local ice. The score at the end of the third period was a tie, at 2 each, seven minutes of over-time play being required to break the tie, the home team scoring the deciding goal. The feature of the game was the goal tending of Hebert for the visitors he time and again stopping what looked like a sure goal when the Farnham forwards slipped past his defence, while F. Stenson himself, his clever stick handling proved a revelation to the fans. The game was very clean only two penalties being handed out to the Farnham team for tripping, the game being well handled by Referee B. Frost and Judge of Play O'Hara.

Line-up of teams: Farnham Kennedy Goal Hebert point Mudd cover Burnett F. Stenson right O. Stenson center T. Sanders left Sever Brown sub Young Wilkins sub Tilton Fontaine Talford

Goals were scored as follows:— 1, Landers; 2, Gagnon; 3, F. Stenson; 4, Sayer; 5, O. Stenson.

STANSTEAD COLLEGE NOTES

The College has reopened after the Christmas holidays with an attendance of 130 students in residence.

There are many rumors of Old Boys who have volunteered for the front. It has been decided to place a roll of honor in the school, upon which their names will be recorded.

All persons who can assist in procuring the information needed are asked to cooperate. Names of Stanstead students who have enlisted, together with their home and military addresses, should be sent to Mrs. Chas. H. Mansur, Rock Island, Que.

The hockey team is getting down to hard practice and bids fair to do good work. Mr. Wallace Costello has been chosen as captain.

Mr. Errol Amaron, of Quebec, has been appointed assistant in the junior residence and will take charge of the sports of the younger boys. Mr. Amaron has had a great deal of experience in the Y.M.C.A. and in Boy Scout work.

Miss Elizabeth Ball, the instructor in French, who was obliged to give up her work in November because of ill health, has recovered and has taken charge of her classes again.

Principal Truman addressed the Teachers' Convention in Newport on Friday.

FARNAM'S CORNER. Miss Lillian Harvey a few days with Miss Florence Peters, South Stukely, previous to visiting her sister, Mrs. J. Channell, Chamell; Miss H. A. Shufelt, Dunham, guest of Mrs. D. H. Ingalis.

The Ladies' Aid, which met at the home of Mrs. E. C. Drew on Friday, was very pleasant and successful affair. The attendance was the largest of any of these semi-monthly gatherings and the proceeds amounted to \$275.

Mrs. N. E. Harvey will entertain the Aid on Friday afternoon, the 29th.

Mrs. Marvin Bates and children left Mr. E. Spicers', East Dunham, recently, to join Mr. Bates, who has been in Saskatchewan for several months.

Among those attending the I.O.O.F. banquet at Dunham on Thursday evening were Messrs. H. J. and E. C. Drew, W. R. Ingalis, Harry Harvey, Wm. Perkins and O. Harvey.

Mr. W. R. Jones went to Stanbridge East on Tuesday and purchased the place known as the Ernest Quinlan farm at East Dunham from Mr. Dion. Mr. and Mrs. Jones have taken possession.

BIRMINGHAM. On Wednesday evening, January 20th, there will be an exhibition of stereoscopic views in the church here by Rev. G. Ford, of Sawyerville. The views will be scenes from the "Land of St. Patrick," and the choir will sing Irish melodies. The evening's programme promises to be of both interesting and instructive.

HUGE BRITISH HOWITZER

Fires Bigger Shell Than the German "Black Marias"

Tommy Atkins nicknamed "Mother" the huge new British howitzer designed to out-class the German "Black Marias."

The London Morning Post published an interesting letter from an officer in the Royal Garrison Artillery at the front giving a most interesting account of the manner in which the British succeeded in countering the formidable attacks of the German "Black Marias."

"We are able now to reply to the German heavy howitzers with shell that is even weightier than their much-vaunted "Black Marias." The howitzer I refer to is "Mother." She has been so christened by the Tommies, and the name is not inappropriate. She is of matronly dimensions, but comely withal, and has done excellent work whilst she has been with us, and more than one of her family of field batteries scattered round the front owes its existence to the attention "Mother" has devoted to the German eight-inch heavy howitzers. "Mother's" shell weighs 300 pounds. She ranges most accurately, and, indeed, she has had four direct hits on German guns in the past fortnight. A direct hit is only recorded by the airman when the shell actually strikes the enemy's gun. "Mother" is usually accompanied by "Archibald," which is one of the new anti-aeroplane guns. "Archibald" is mounted on a motor-lorry, and recently brought down a Taube aeroplane, much to our delight. He fires a 13-pound shrapnell shell and is daily becoming more expert in his attentions to hostile aircraft."

HORSES FOR WAR USE Upkeep of Cavalry and Artillery Horses Costs Huge Sum

From the earliest times the horse has been a potent factor in war, and today his education is a delicate and serious matter, undertaken at great expense by all the nations of the world. Germany needs 1,000,000 horses for cavalry and artillery to put her colossal forces in the field. France requires probably 750,000, and even Great Britain has needed as many as 250,000.

Although England in peace times mounts only two-thirds of her cavalry, her horse bill amounts to about \$400,000 a year—a figure which may be multiplied by four or five for the German army.

In most countries omnibus, farm and domestic horses are registered as being available in time of war for miscellaneous service, and for this anything from \$30,000 to \$150,000 a year may be paid by a military nation. France spends upward of \$600,000 a year on horses for her great army. As a general rule, the recruits are five years old, and cost \$200 each.

ELECTED TO SCOTSTOWN COUNCIL. Scotstown, Jan. 18.—(Special)—At a meeting of the ratepayers today, A. Boisvert was elected to the Council by acclamation in place of Jos. Langlois.

NEW BRIDGE AT ROCK ISLAND. Rock Island, Jan. 18.—(Special)—It is expected that the new steel bridge over the Tomfobia River will be ready for use by the middle of this week. The railings have been attached and temporary floors are now being laid for use this winter. The cement flooring will not be laid until spring. This bridge has been closed for the past seven months and will now prove a great convenience to the travelling public.

HORSES FROM UNITED STATES. Rock Island, Jan. 18.—(Special)—Mr. Fred Pierce has shipped five horses to Montreal and one to Beauceville. These horses were purchased at the "Old Glory" Horse Sale in New York two months ago and had been held in quarantine in Vermont on account of the foot and mouth disease. Mr. Pierce was granted a special permit which allowed him to bring these horses into Canada.

TWO LADIES MET WITH ACCIDENTS. Melbourn Ridge, Jan. 18.—(Special)—On January 5th Mrs. D. A. Booth had the misfortune to fall, while going down the cellar stairs at her home and dislocated her arm at the elbow.

On Sunday, Jan. 10th, Mrs. H. W. Fowler met with a serious accident, in rather a peculiar way. She was walking in the kitchen at her home, and while going towards the door she caught her foot in a rug and fell, striking her knee on the floor and breaking her leg, about five inches above the knee. Dr. Tomkins was hastily summoned and he made her as comfortable as circumstances allowed.

CLOSE OF SUNDAY SCHOOL INSTITUTE. Richmond, January 18.—(Special)—Last Sunday being the closing day of the Sunday School Institute it was made a Sabbath School Sunday in Richmond. Rev. J. C. Robertson, of Toronto, conducted the service in the Presbyterian Church in the morning and proceeded to Lower Windsor for the afternoon service and Windsor Mills for the evening. Rev. J. G. Fulcher of Montreal conducted the services in the Methodist Church, Richmond, in the morning, and in the Congregational Church, Melbourn, in the evening.

THE LATE WM. CLARKE, RICHMOND. Richmond, Jan. 18.—(Special)—The funeral of the late Wm. Clarke took place from his residence, College street, Thursday afternoon, thence to St. Anne's Episcopal Church, where the funeral services were conducted by the Rector, Rev. A. J. Belford, assisted by Rev. J. H. Hepburn, a former pastor. The chief mourners were Mr. H. A. Clark, son of deceased, Messrs. J. A. Mackinnon, Mayor of Sherbrooke, brother-in-law Mackinnon, Jr., and E. F. Cleveland.

The cortege was a very long one, including amongst others Mayor Hayes, Councillors Hudson, McMorine, Pearson, Smith, Dr. Tomkins, J. O. Ginn, J. H. Lane, C. Campbell, G. J. Alexander, Wm. Ross, S. McMorine, R. Rattray, J. A. Goyette, W. H. Keenan, H. P. Wales, P. J. Girard, C. Girard, S. House, Jas. Murphy, F. Bowen, F. Corner, J. J. Anderson, H. Hardy, J. McDerby, A. Rainbach, Jos. Boast, W. Sims, Ed. McGovern, F. Barlow and many others. The remains were interred in the family plot in St. Anne's Cemetery.

The late Mr. Wm. Clarke was one of Richmond's oldest and most respected citizens. He was a native of Ireland, coming to Canada when quite young. Entering the service of the Grand Trunk Railway over fifty years ago, he had been a citizen of Richmond since 1870. A man of exceptionally good judgment, and a wide reader, Mr. Clarke was one of the most prominent of the old guard of pioneer railroad men who entered the service when the G.T.R. was in its infancy, retiring on a pension allowance several years ago. His loss is universally regretted in Richmond, where he was a prominent member of the Masonic Order and of the Odd Fellows. He leaves to mourn his loss a widow, Mrs. Clarke, nee Elizabeth Cardell, and one son, Mr. H. A. Clarke.

PATRIOTIC WORK IN SHERBROOKE AND SWEETSBURG

Large Attendance At Concert Given In Aid of the British Navy Fund

EFFORTS OF THOSE TAKING PART WERE VERY MUCH APPRECIATED—HELD IN WESLEY HALL.

Wesley Hall, Court street, was the scene of a most enthusiastic gathering and was crowded to its capacity Saturday afternoon on the occasion of the concert given in aid of the navy fund, under the auspices of the Imperial Order of the Daughters of the Empire. The handsome hall, which is well adapted for such a function, was appropriately decorated with the flags of the allied nations, the Union Jack naturally being prominent. The guests were received cordially by Mrs. Bowen, Mrs. Delottinville and Mrs. T. J. Parkes. Mr. C. W. Cate, K.C., presided and introduced the performers, and the following programme was presented, and judging by the liberal applause and many encores, was much enjoyed:

Piano solo, Mr. G. H. Clarke; songs, Mr. E. Armitage; recitation, Masters Andrew Paton and Frank Grundy; song, Mrs. T. C. Cabana; violin solo, Mr. Irwin Sawdon; readings, Mrs. J. Amie Darche; vocal solo, Mr. N. Egan; song, Miss Vera Workman; recitation, Mr. Egan; song, Mr. Leonidas Bachand.

Mr. H. R. Fraser, regent of the Municipal Chapter I.O.D.E., said a few words in regard to the navy fund and read the letter of Lady Jellicoe, wife of Admiral Sir John Jellicoe, thanking Canadians for their contributions and their interest.

Mrs. Cecil Bowen, president of the Women's Branch of the Patriotic Association, thanked those who, either by assisting in the programme or by their attendance, had contributed to the success of the entertainment, and especially the board of directors of the Methodist Church for so kindly placing their hall at the disposal of the committee. God Save the King was sung and later tea was served in the tea room. Mrs. B. C. Howard, Mrs. F. Campbell, Mrs. J. Griffith and Mrs. John Leonard presiding at the tables, which were decorated with crimson flowers.

The receipts, which will be announced in to-morrow's patriotic column, were unexpectedly large and gratifying.

WHAT E.T. WOMEN ARE DOING FOR PATRIOTIC FUND

DAUGHTERS OF EMPIRE AT COWANSVILLE.

Cowansville, Jan. 18.—(Special)—An interesting meeting of the Eccles Hill Chapter, I.O.D.E., was held on Wednesday afternoon, January 13. While the ladies worked busily Mr. Trill gave an inspiring address on the subject of patriotism, dwelling also on the part that women have played in the crises of the world's history. After an expression of thanks by the Regent, Rev. Mr. Lewis was called upon to address the meeting. He also dwelt upon the present situation and some of its needs as met by the women workers of our country. Mr. Lewis' address, while quite impromptu, added much to the interest of the afternoon. Miss Bulman gave a pleasing song, and Mr. Trill closed the programme with a recitation in lighter vein. Refreshments were served by Mrs. N. Buzzell, Miss N. Nesbitt, Mrs. Arthur Ruitter and Miss Allie Baker, while the ladies listened to several musical selections. A silver collection was taken up, amounting to \$7.20.

Mr. Trill's address was in part as follows: "Patriotism is a word more frequently on our lips than any other in these days. But what is patriotism? We answer glibly enough, 'Love of one's country.' But that may mean as little or as much as the word 'love' is made to mean in everyday life, where it is made to cover everything from brute instinct to divine devotion.

"Patriotism first of all is an instinct. Savage tribes hotly contested their lands and guarded their primitive homes from the invader. Briton, Saxon and Dane in turn were forced back into the hills and fastnesses of dear old England. On this continent the redman was forced by the hated paleface back to the far west and north. Who would not fight by instinct alone for soil our fathers held, for land made sacred by their graves?

"Patriotism the instinct gains greatly from association. This is fed by folk songs and legendary lore. Our nation's past lives in our lives again, the spark of instinct is fanned into the flame of the passionate espousal of our nation's cause and need.

"Sentiment enters into and strengthens patriotism. Each nation has its own mythology and fairy tales. Such patriotism is found in every heart and in every land, lending attachment and a charm to the most barren and unlovely soil. For instance, the Maltese, perched upon his island rock will term it 'The Flower of the World.' But if patriotism be no more than these—instinct, association and sentiment, it may develop into the mere partizan. To the Jew all else were Gentiles, to the Roman—'hostes' enemies and his lawful prey, to the Greeks—'barbarians.' This narrow partizan spirit is the spirit of Jingoism, 'my country right or wrong, my right or wrong, my country.' Did not Heinrich Heine say that 'The Frenchman loves freedom as his mistress, the German as his old grandmother seated in the ingle nook, the Englishman as his lawful wife.' Substitute 'his country' for 'freedom' in Heine's saying and you will perceive even more clearly the truth he enunciates. As the capital lends grace and strength and purpose to the pillar, so devotion crowns the pillar built of instinct, association and sentiment and forms patriotism entire, upon which the temple of a nation's welfare leans. And in devotion, who are like the women, Judith the Spartan mother of five sons, Joan of Arc, and, nearer our own times, Flo-

Local Lodge of Templars Entertained Members of Visiting Lodge From Farnham Corner

PEOPLE OF DISTRICT CONTRIBUTE MANY ARTICLES FOR THE BELGIANS AND SOLDIERS AT THE FRONT.

Cowansville, Jan. 18.—(Special)—The I.O.G.T. Lodge gave a social evening in honor of about twenty-five members of the Farnham Corner Lodge. Rev. Mr. Brundage presided, and after a few introductory remarks, called upon the visiting Chief Templar who referred to the good work being carried on by the Order. The entertainment was opened by the singing of a Lodge Ode, followed by a piano solo by Miss C. Kittell; readings by Miss M. Robb and J. Wheeler; duet by Mr. C. and Miss W. Tilson; recitation by Rev. H. Trill and numerous encores. Refreshments were then served after which a few games were indulged in, and the meeting was brought to a close by the "Prohibition Song," and the National Anthem. The next meeting of the lodge will be held on Saturday evening the 23rd of January, instead of the 20th, on account of special services being held in the Church during the week. All members are requested to be present, as it is the meeting for the election of officers.

DONATION TO BEDFORD DISTRICT HOSPITAL.

The treasurer of the District of Bedford General Hospital begs to acknowledge the receipt of \$100 from Mr. C. S. Campbell, K.C., of Montreal.

MANY ARTICLES CONTRIBUTED.

The Belgian Committee and the Franco-Americaine Committee for the relief of the victims of the war, have acknowledged receipt of upwards of 1200 various articles, including 26 new blankets from the parishioners of St. Rose de Lima of Sweetzburg. Miss Kathryn Cotton also collected and sent 103 packages of cigarettes, and Miss Mary Leonard, 33 packages of tobacco for the soldiers in the trenches. The General Consul for Belgium sent word thanking the donors.

NOTES.

Arrivals and departures include: Mr. M. L. Bowles, Toronto; Mr. A. J. Monty, Granby; Mr. J. Mohamad Ali, Labois, India; D. W. Douglas, St. Johns; A. Hamel, St. Hyacinthe; J. N. Cave, Foster, in Cowansville recently.

rence Nightingale, the person to be longest remembered in the Crimean war. And the women of to-day, who as wives and mothers of soldiers are suffering in spirit with their fighting relatives. "Men must work and women must wait," but here they wait and work at home. In wartime women develop a reserve force which is nothing short of marvellous. What could men do without their faithful allies who never shirk, who give more than blood to their country."

CONDITIONS IN OLD COUNTRY

(Continued from page 1) hind were engaged in the mills and factories manufacturing clothing, boots, guns and ammunition, not only for the British but for the Allies. In the west riding of Yorkshire the mills were running night and day, and in Lancashire, where cotton is the staple industry, although conditions were bad at the beginning of the war, there had been considerable improvement. In the boot-making districts around Northampton and Leicester it was impossible to fill the orders quickly enough.

FISHERMEN WORST HIT. "One of the classes who have been hit the hardest by the war are the fishermen of the East Coast," continued Dr. Grieve, "but on the other hand the Government is employing a number of them in trawlers, dredging for mines, and many of the Scottish fishermen are doing naval service."

FOOD PRICES LOW.

With regard to the cost of living, Dr. Grieve said that food showed some natural tendency to upward prices, but is still cheaper than in any country in the world. Fish is about the only article that has advanced very much.

INCREASE IN CHURCH ATTENDANCE.

Discussing religious conditions, Dr. Grieve observed that there had been a marked increase in attendance at public worship since the war began, and also a drawing together of different communions in united services of intercession. "People generally have been awakened to a sense of high and lofty issues and principles which are at stake in the war, and there is a great determination, and in many cases a passion, for the establishment of righteousness."

AWAKENING IN SOCIAL WORK.

Referring to another aspect of the situation, the professor said that one of the healthiest signs had been the awakening to a sense of social service. A great many people who had hitherto lived self-centred lives have now, through caring for Belgian sufferers and for the dependents of those who have gone to the war, developed an interest in the needs of others, which, when the war is over, will also be drawn together in diversified channels that have been neglected.

ENLARGED BONDS OF BROTHERLY LOVE.

In reverting to the enlarged bonds of sympathy and brotherly feeling, created by the war, between rich and poor, Dr. Grieve mentioned another welding that was rather remarkable. "Never since the days of Cromwell, and his Ironsides has there been such a large proportion of the Puritan element in the British Army. Baptists, Congregationalists, all kinds of Methodists, Presbyterians, and even some Quakers, have left their churches and gone to the front because they felt the magnitude of what was at stake."

IMPRESSED WITH CHURCH FRATERNITY.

"I was very much impressed in Montreal with the fraternity that exists between different churches and the union that has already been created in the logical study. I learned with interest of the negotiations towards Church Union, and shall continue to watch the movement with sympathy."

BOMBARDMENT TAKEN CALMLY.

Questioned with regard to the German bombardment of the Yorkshire towns, near which he lives, the speaker replied that it was taken very calmly. "It was all over within an hour, and though it was a bitter experience while it lasted, the people have taken it very heroically and there has been no disposi-

tion to any extent to blame the Government or the Navy."

One result of the war, in the opinion of the professor, was that it had prevented many industrial strikes and strikes in Great Britain, which most probably would have happened.

RETARDS SOCIAL REFORM.

In concluding the interview, Dr. Grieve expressed the opinion that the war might possibly retard measures of social reform, because the money for this purpose would not be immediately available. "However," said he, "as things move much more quickly to-day than in former times, our power of recovery will be more speedy than we hoped."

GAVE SHORT COURSE OF LECTURES.

Dr. Grieve arrived in New York on January 4 and spent the day with Dr. Jowett, an old student of his college. He went by way of Niagara and Toronto to Montreal, where he gave a short course of lectures on pastoral theology to the students of the federated theological colleges. The lecture course was the principal object of his visit, but he also came over on a fellowship visit to the Congregational Churches of Montreal. During his stay in Sherbrooke he was the guest of Rev. G. Ellery Read, who in his early days was a member of the church at Romey, of which Dr. Grieve was subsequently pastor. It was largely due to Mr. Read's suggestion that Dr. Grieve came to Montreal to lecture. He said he had from Halifax on Sunday night.

BANQUET TO MR. AND MRS. O'HALLORAN, KNOWLTON.

Knowlton, Jan. 18.—(Special)—For eight years Mr. J. M. O'Halloran has been a resident of Knowlton, and as manager of the branch of the Eastern Townships Bank he speedily won favor by his dignified and agreeable bearing and obliging and genial spirit. When the Eastern Townships Bank was merged with the Canadian Bank of Commerce the public was much gratified that Mr. O'Halloran was still retained as manager. Mrs. O'Halloran has won a large place in the esteem of the people of Knowlton and vicinity, and the news that Mr. O'Halloran has received official notification of a deserved promotion to a more important branch has evoked mingled feelings of congratulation and personal regret. A meeting of the citizens was recently held and the decision arrived at that a public banquet be tendered to Mr. and Mrs. O'Halloran, at the Lakeview Hotel, on the evening of Thursday, the 21st inst., at 8 o'clock. Those in charge are Messrs. H. S. Foster, J. R. Kennedy, F. A. Knowlton.

IMPORTANT VALUES TUESDAY IN TABLE CLOTHS and NAPKINS

COTTON SALE

Will continue all this week! Our purchase of Cottons for this sale is the most extensive during our business career. The prices are the lowest they have been for fifteen years. Hotels and public institutions will do well to stock up now, as well as all who require anything in the cotton line. Extra value-giving in the Cotton Department all this week.
