## CIVIL SERVICE SALARY REVISION IS DISCUSSED

### Canada Never Requested To Participate In Conference

#### Lausanne Treaty Signing Came In For Criticism

**Sir Edward Grigg Asked Whether It Was True that British Government's Action in Excluding Dominions Was Due to Attitude of France, Which Is Alleged to Have Said that if Empire Sent Dominion Delegates She Would Bring a French Colonial Delegation, Including Sultan of Morocco—Former Under-Secretary of Foreign Department Stated that Canada Never Categorically Requested to Be Allowed to Participate in the Lausanne Conference.**

(Associated Press Despatch.)

LONDON, June 7.—Sir Edward Grigg (Liberal) in criticizing yesterday the signing of the Lausanne Treaty, asked what Imperial conferences were for if important questions like this were not considered. He asked whether it was true that the Government's action in excluding the Dominions was due to the attitude of France, who is alleged to have said that if the Empire sent Dominion delegates she would bring a French colonial delegation, including the Sultan of Morocco. The former Under Secretary of the Foreign Department, Ronald McNeill (Unionist) asserted that Canada never categorically requested to be allowed to participate in the Lausanne conference, had never suggested that they would like to do so, and had taken no exception to the course pursued. If the Canadian Government's reply to the first telegram sent by the British Government had said that they were unable to accept responsibility unless they participated in the conference, no misunderstanding would have arisen and the Imperial Government would readily have agreed to their suggestion.

#### LLOYD GEORGE DECLARED TREATY WAS COMPLETE DEPARTURE FROM PARIS DECISIONS, YET DOMINIONS NOT CONSULTED—PREMIER REPLIES TO HIS CRITICS

Former Premier Lloyd George thought the importance of the debate could not be over-estimated. The time might come when it might exercise an influence beyond calculation upon the Empire and the world. Lloyd George then proceeded to slate the late Government and declared that the treaty was a complete departure from the Paris decisions, yet the Dominions were not consulted. He asked Premier MacDonald what steps he was taking to consult the Dominions about a future conference to settle the reparations question on the basis of the experts' report. It was vital in the interests of humanity that the steps which are taken "should knit the Empire together and by consultation and common action" the rest of the sentence was inaudible amid the ironical conservative cries of "Imperial preference."

#### FAIL TO REACH AN AGREEMENT IN MURDER CASE

**Seven Jurors Voted for Verdict of Murder and Five for Verdict of Manslaughter—New Trial at September Session of Court.**

(Associated Press Despatch.)

MONTREAL, June 7.—At seven o'clock last night the jury in the trial of Giuseppe Serafini, charged with murder in connection with the hold-up of the Hochelaga Bank collection car here in April last, when \$142,288 was stolen and two men shot dead, announced that they had been unable to reach an agreement and were sent back to deliberate their verdict. They will be asked to render another decision this morning at ten.

(Associated Press Despatch.)

MONTREAL, June 7.—The jury in the trial of Giuseppe Serafini, charged with the murder of Henri Cleroux, bank of Hochelaga bank messenger in the bank car hold-up on April 1st, reported disagreement this morning when the Court of King's Bench opened and were discharged by Judge Wilson.

(Associated Press Despatch.)

The crime for which Giuseppe Serafini was tried occurred during an attack by a gang of bandits on a bank of Hochelaga collection car on Ontario Street East here on the afternoon of April 1st, 1924, when Henri Cleroux, the bank car's chauffeur, was killed, and \$142,288 taken. Harry Stone, one of the bandits, was also killed during the gun battle between the bandits and the defenders of the car. Following the discovery of a card bearing several telephone numbers on the body of the dead bandit, Serafini and three of his companions were arrested and the sum of \$32,000 was recovered. Of the numerous detentions made when the local underworld was combed by the police, eleven still face various charges in connection with the hold-up, one of whom Adam Parillo, is detained in Bridgeport, Conn. Trial of the other local arrests will probably follow immediately.

The chief Crown witness was Ciro Negro, self-confessed member of the gang who held up the car, who was granted immunity and gave King's evidence and named Serafini and others under arrest as the bandits.

#### HAD NARROW ESCAPE FROM BEING KILLED

**Governor-General of South Africa and Princess Alice Had Thrilling Adventure.**

(Associated Press Despatch.)

MESSINA, Transvaal, June 7.—Cable, via Reuters.—The Earl of Athlone, Governor-General of South Africa, and the Princess Alice had a thrilling adventure, if not a narrow escape from being killed, while on a hunting expedition in the Transvaal.

The Earl shot and wounded a wild bull which turned and charged straight at His Excellency and the vice-regal party and was only thirty yards away when the Earl fired and killed him. The Earl and Princess were in imminent peril for a short time but the cool and unerring aim of the Earl delivered them from danger.

One report of the hunting adventure in which Earl of Athlone and Princess Alice were endangered says that the Earl was wounded by the Hartbeest. Another says the Princess was forced to take refuge from the infuriated animal behind a sapling and that she shot it at close quarters.

This is the second adventure for the Earl of Athlone and Princess Alice in the short time they have been in South Africa. While on their way to Pretoria on an official visit on April 14th, the pilot train preceding their train collided with a trolley car near Germiston. The vice-regal party did not receive any injury, but one of the members of the permanent staff who was riding on the trolley car and bravely attempted to topple the car from the line of impact, was fatally injured and died shortly afterwards.

The Earl of Athlone, who is a brother of Queen Mary, was appointed Governor-General of South Africa last October.

#### NO CHANGE IN FRENCH GOVT. SITUATION

**Millerand Expected to Take Action This Evening and Name a New Premier.**

(Associated Press Despatch.)

PARIS, June 7.—The Governmental deadlock continues, but there was evidence this morning that President Millerand, who has been withholding his hand thus far, would take action this evening and name a Premier, after consulting M. Steeg and a few other political leaders. According to those near him, the president is convinced that he has lost nothing by being deliberate, inasmuch as his resistance to the interdict of the Left has been approved by steadily growing sections of Parliamentary opinion.

(Associated Press Despatch.)

EDMONTON, Alta., June 7.—Following discussions between the Government at Ottawa and Premier Greenfield, of Alberta, a proposition has been forwarded to Premier MacKenzie King that one hundred thousand tons of Alberta coal for points in Ontario be handled this summer at a freight rate of \$6.50 per ton, the Dominion Government guaranteeing the railways from loss on its movement if this rate proves actually less than operating cost. Early action is asked for and there is reason to believe that the Government's answer will be favorable.

#### FIFTEEN KILLED IN EXPLOSION IN COAL MINE; RESCUERS HAMPERED BY SERIOUS FIRE AND CAVE-INS

**Forty-one Men Were Working in Section Affected, and Some of These Made Way to Foot of Shaft—Fifteen Bodies Have Been Brought to Surface—Colliery Premises Were Besieged Immediately After Explosion by Relatives of Victims and Thousands of Curious—Crush So Great that Guards Had to Be Placed to Keep Them Away.**

(Associated Press Despatch.)

WILKESBARRE, PA., June 7.—Fifteen men are known to be dead and a score or more were injured in the Loomis Colliery of the Glen Alden Coal Company in Hanover Township yesterday. Fourteen bodies have been brought to the surface.

The explosion occurred in the bottom vein of number four slope, number two shaft, when sparks from a blast are believed to have ignited a heavy pocket of gas.

Forty-one men were working in the section affected and some of these made their way to the foot of the shaft. All were more or less burned. Rescue crews at once entered the workings, but their efforts were hampered by a serious fire and cave-ins that followed the explosion. The colliery premises were besieged immediately after the explosions by relatives of the victims and thousands of curious.

The crush was so great as to interfere with rescue work, and guard were placed to keep them away.

#### CONTROVERSY OVER BOUNDARY IN IRELAND

**Stated Free State Will Not Be Represented on Proposed Judicial Committee.**

(Associated Press Despatch.)

DUBLIN, June 7.—In connection with the boundary controversy between Ulster and the Free State, Deputy Milroy in the Dail Eireann, has given notice that he would introduce in the Chamber the following resolution:

"The Dail Eireann expresses dissatisfaction with the course pursued in dealing with Articles XII of the treaty and calls upon the executive council to cease participating in any further negotiations pending the setting up of a boundary commission. It further calls upon the executive council to fix the limit of debate to which it will assent in constituting the commission."

At the Ministry of Justice last night it was said the Free State would not be represented on the proposed judicial committee which is to be asked to give an opinion on Article XII of the Anglo-Irish Treaty, providing for a commission to delimit the boundary, and that it would not be bound by any decision reached by the committee. It was added that Chief Justice Kennedy has not been asked to join the committee, and that he would have declined to do so had he been invited.

#### SIX KILLED WHEN AUTO STALLED ON TRAIN TRACKS

(Associated Press Despatch.)

GREENVILLE, Ohio, June 7.—Six persons, virtually the entire family of Adam Pittman, of Bradford, were killed late yesterday when their automobile stalled on the tracks and was demolished by an eastbound Big Four passenger train at Dawn, nine miles north of here.

#### COMMUNISTS SHOW HAND IN RAIL STRIKE

**London Public Awaiting Further Statement of Government's Intentions—Strike Is Spreading.**

(Associated Press Despatch.)

LONDON, June 7.—The British Communists today showed their hand in the rail strike which is continuing to spread while the public is awaiting a further statement of the Government's intentions beyond Labor Minister Shaw's declaration that it would endeavor to maintain the public utilities and protect the men who are continuing to work.

The Communist party of Great Britain issued a statement declaring that the workers had tried vainly to get their grievances remedied through constitutional trade union machinery and had decided to strike only after it was evident that officials of the National Union of Railwaymen did not intend to act. "The Communist party," the statement said, "welcomes this growing spirit of revolt on the part of the workers fighting against capitalism and pledges itself to do all it can to help them. We call upon the workers engaged in the railway industry to rally to the assistance of the strikers and upon all the other sections of the workers to give their moral and financial support."

#### Estimates Considered Yesterday

**Discussion Brought Out Reference to Civil Service Salary Revision—Bill to Amend Militia Act Was Given First Reading.**

(Associated Press Despatch.)

OTTAWA, June 7.—Consideration of estimates of the Interior Department in the House of Commons yesterday brought reference to the civil service salary revision. W. G. McQuarrie, Conservative member for New Westminster, who recently questioned the Government in regard to the revision of postal workers' salaries again brought the matter to the attention of Hon. Charles Stewart, Minister of the Interior and acting Postmaster General. He was informed that revisions of the postal workers' salaries had twice been returned by the Government to the Civil Service Commission.

Mr. McQuarrie asked why postal salaries were being given first consideration. "Is it because of the threatened strike?" he queried. Mr. Stewart replied in the affirmative, whereupon Mr. McQuarrie said that a few days ago the Prime Minister informed the House the threatened strike had nothing to do with the matter.

To this the Minister replied that the threatened strike was a contributing cause.

Asked by Right Hon. Arthur Meighen, opposition leader, to give his opinion on the right of civil servants to strike, Mr. Stewart said that while police officers and civil servants were in a different position from industrial workers, and could hardly go on strike in the same way as the last named workers, it was hard to say that individuals should be denied the right to protect themselves. He hoped for an early settlement of the postal dispute.

In later debate, James Malcolm, Liberal member for North Bruce, who acted as chairman of the Civil Service Committee last session, made a plea for suspension of criticism until after the superannuation bill passed the House.

The bill to place the responsibility for calling out the militia in civil disputes in the hands of the Provincial Attorney Generals, was given first reading after two hours' debate.

Estimates of the Department of the Interior totalling \$1,600,000 were adopted.

Estimates of the Public Works Department for harbors and rivers in Ontario, totalling \$487,000 were adopted.

In the Senate a bill to amend the Loans Companies Act was debated on a motion for second reading.

MONDAY IN PARLIAMENT

In the House of Commons on Monday estimates for the Department of External Affairs and matters relating thereto, including the Lausanne Treaty, will be discussed. The Senate does not sit.

#### Vote In Reichstag Favors Acceptance By Germany Of Reparation Experts' Report

**With Clear Majority of Sixty-four Votes in Its Favor, Marx Cabinet Now Is Equipped With Full Authority to Carry on Negotiations With Reparations Commission for Carrying Out Provisions Contained in Dawes Report.**

(Associated Press Despatch.)

BERLIN, June 7.—Elation was expressed in Governmental headquarters today over the outcome of the voting in the Reichstag on the question of approving Germany's acceptance of the reparation experts' report. With a clear majority of sixty-four votes in its favor, the Marx Cabinet now is equipped with full authority to carry on negotiations with the Reparation Commission for carrying out the provisions contained in the experts' plan.

As an unexpected sequel to the recent Parliamentary crisis and two days of debate, saturated with venomous partisan acerbities, the vote of confidence further impresses the Government leaders with favorable prospects of future support in the Reichstag for the administration policies in the face of the heavy opposition from the Right reactionaries and the Communists. Foreign Minister Stresemann's impressive defence of the ex-

NO MORE WEAK AND DIZZY SPELLS

Since She Used MILBURN'S

Heart and Nerve Pills

Miss Bertha Charrette, Regina, Sask., writes: "I have had a lot of trouble lately, with what I thought was heart trouble, and after an unusual exertion I always felt sick. My doctor advised a complete rest and change, but this I was unable to take.

I became interested in Milburn's Heart and Nerve Pills, so started taking them. I have now taken three boxes and am so much improved I can go about my daily work without feeling any after ill effects, and have not had any weak or dizzy spells for some time. Your medicine has done me more good than anything I have ever taken, and I will gladly recommend Milburn's Heart and Nerve Pills to any woman who is weak and run down."

FOR 15 YEARS WAS TROUBLED WITH ECZEMA

There is no other remedy like Burdock Blood Bitters that can possibly give such relief to all sufferers from eczema, salt rheum and all other diseases of the blood for the reason that this old and well tried remedy goes right to the seat of the trouble and completely and permanently drives these diseases out of the system by cleansing the blood and making it pure and rich.

Mr. F. W. H. Schultz, Pembroke, Ont., writes: "Having been troubled with eczema for fifteen years, during which time I tried everything I could think of, including doctors, but without getting anything to do much good I finally decided to take Burdock Blood Bitters, and I was certainly surprised to find that two weeks after I had started to take it I was relieved of my trouble. That was nine months ago, and I have not had a sign of it since. I surely wish to thank you for this wonderful medicine and strongly recommend it to anyone suffering from the same trouble as I had."

FEEL BETTER IN FEW HOURS OR NO COST

Quit Poisoning Yourself Today! Notice Quick Difference in the Way You Look, Eat, Sleep and Feel.

Read How Vast Numbers Here Are Gaining Quick and Sure Relief Through Use of Dr. Thacher's Great Prescription

The great agitation over SELF-POISONING is sweeping the country. The menace is great! It is one that should cause every man, woman and child to pause and consider one's own condition.

Self-Poisoning, as it is called, is the direct result of allowing the Liver, the body's filter, to become sluggish and clogged. This is why many wake up feeling dull and tired—tongue coated—bad taste in mouth and offensive breath.

Why You Feel Badly This explains why so many suffer from just such symptoms as poor digestion, sour stomach and formation of gases, improper movement of the bowels, pimples, sallow com-

plexion, sick headaches and a nervous, upset and overtaxed condition of the system—why one catches cold so easily while in this run-down condition and why the system is not healthy enough to throw off various diseases as Nature intended.

Due to Neglect But there is no need for alarm! This Self-Poisoning menace is not contagious—but due entirely to one's own neglect. And, just as science has traced these symptoms directly to a poisoned liver and system, so medical authorities have perfected a remedy that overcomes the cause of Self-Poisoning and quickly relieves miserable sufferings.

Gives Quick Relief The great prescription of Dr. H. S. Thacher, is considered the most efficient of all methods in aiding Nature to throw off these poison. Great numbers here are using and reporting quick relief from its use and practically every experimental method of overcoming Self-Poisoning has been abandoned as case after case of remarkable restoration to health and happiness through Dr.

FRUIT TREATMENT FOR CONSTIPATION

Quick and Permanent Relief By Taking "Fruit-a-tives"

What a glorious feeling it is to be well! What a relief to be free of cathartics, salts, laxatives and purgatives that merely aggravate constipation and are so unpleasant to take and so weakening in their effect!

What a satisfaction to know that the juices of apples, oranges, figs and prunes will absolutely and permanently relieve constipation. By a certain process, the juices of these fruits can be concentrated and combined with tonics—and it is these intensified fruit juices that correct constipation, relieve headaches and biliousness, and make you well and keep you well.

"Fruit-a-tives" are sold everywhere at 25c and 50c a box—or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

About thirty members and visitors attended the meeting of the Parish Guild on Wednesday afternoon. The president, Mrs. J. E. Miller, occupied the chair and devotional exercises were conducted by Rev. A. T. Love, M.A. In the absence of the secretary, Mrs. W. P. Baker, Mrs. A. J. E. Leonard kindly acted as secretary for the meeting. Considerable business was brought up for discussion, and it was decided to purchase a cupboard from Trinity Hall, Cowanville, for use in the basement of the church here. Plans were also made for a lawn party to be held in the park the first week in July. Discussion regarding the church organ was laid over until another meeting, because it is thought repairs can be made to the one at present in the church, which has a very nice tone, thus a good deal of expense would be saved. Mr. J. S. Hewes has very kindly made some repairs on the organ already.

MILITARY BALL AT GRANBY WAS GREAT SUCCESS

Many Attended Event—Improvements Made at Golf Club—Other General News.

GRANBY, Que., June 7.—The military ball given by the officers of the 24th Battery, C.F.A., on Monday evening, June 2nd, was a most successful and enjoyable function.

The ball was held in the armoury, which was most beautifully decorated for the occasion with flags, red, white and blue hunting and streamers appropriate to the occasion, it being the eve of King George's birthday. One end of the hall was arranged cosily for cards and those who did not care to dance could have a friendly game of bridge.

The floor was in excellent condition and the music by Burney's orchestra of Knowlton was all that could be desired. The guests were received by Col. J. Bruce Payne, a life-long soldier, and Mrs. Payne. A delicious buffet supper was served at midnight after which dancing was resumed. Much credit is due Major C. V. Meyer, M.M., and Mrs. Meyer, as well as the other officers of the Battery for the splendid way in which all the arrangements were carried out, that went to make up such a successful and enjoyable ball.

W.M.S. Held Meeting. The Women's Missionary Society of the Congregational Church held their June meeting at the home of Mrs. M. E. Parker, Denison Ave., on Tuesday afternoon with twenty-eight ladies present. The outstanding feature of the meeting was the president's (Mrs. I. W. Pierce) report of the Women's Board meetings held last week in Emmanuel Congregational Church, Montreal.

The Campaign of the Open Road, in memory of the late Blazed the Trail, was discussed, and it was learned that the Granby Women's Missionary Society had contributed \$505.50. The study book was taken up by Mrs. W. W. D. Brook, the subject being "Child Life in Japan." Those taking part in the study were Mrs. F. R. Fogarty, Mrs. J. C. Barr, Miss Nellie Richardson and Miss Minnie Black. The hostess was assisted in serving refreshments by her sister, Mrs. S. Eaton, Mrs. Alex. Rutherford, Mrs. Asa Griggs and little Elene Payne. The July meeting of the W.M.S. will be held at the home of Mrs. Luke Hale, Denison Avenue.

Golf Clubhouse Enlarged. The golf clubhouse has been enlarged and a locker room built on the south side for the ladies. This is fitted up with steel lockers which will be a great improvement on the old wooden ones. The pro has now a new workshop which is a separate building at the west of the clubhouse, the old workshop being used to enlarge the men's locker room which is also fitted up with new steel lockers. New flags have been placed on all the greens, giving quite a smart appearance to the links. The grounds in front of the clubhouse have been leveled up and flowers are to be placed in the beds.

The second tea for the season has been held on Saturday afternoon when the hostesses were Mrs. C. H. Bradford, Mrs. W. Russell Bradford, Mrs. P. G. Jack, Mrs. Arthur Dickenson and Miss Gertrude McLean. The first ladies' match for the season was played on Wednesday afternoon, the prize being for the best nine holes, out of the eighteen played.

General Notes. We understand the work is being done by a landscape gardener from Montreal.

On Tuesday the first hour at the Granby High School was devoted to singing patriotic songs and Principal C. A. Adams gave a talk on the "British Empire and Her Colonies." As this was our King's birthday these exercises were appropriate to the day. The flag on the school campus was flying from the flag staff. Only two other flags were to be seen on public buildings, one at the city hall and the other on the Bank of Montreal. One person was heard to remark that the flags in Granby were kept for flying at half-mast. It is only fair to state that many private houses were decorated with flags, but not the public buildings and factories.

The many friends of Miss Frances Pollock will be interested to know that she will be married on June 24th in Ottawa, Ont., to Dr. Jardine and will sail for Scotland and other European points and will remain abroad for three months. Upon their return to Canada they will take up their residence in Fredericton, N. B. Miss Elizabeth Pollock will be one of the nurses to graduate on June 12th, from the Montreal General Hospital. Both young ladies are daughters of A. F. and Mrs. Pollock, of Ottawa, formerly of Granby Congregational Church.

Mrs. Avon Giddings was the hostess at a pleasant bridge party on Saturday evening last given in honor of Mrs. Heckler, of Richmond, Va. The prizes were won by Mrs. A. C. Smith and Mrs. J. B. Travers, and the guest prizes by Mrs. Heckler and Mrs. Remé Guilette, of Martville, Que.

The Sunshine Club will meet at the home of Mrs. J. B. Ducloux, Granby South Ridge, on Monday evening next at eight o'clock. The trip will be made by motor bus.

Among the nurses who graduated from the West Hospital last week was Miss Madeline Payne, of Granby. Her mother, Mrs. John Payne, and sister, Miss Claire Payne, and Miss O. V. Giddings, were among those from Granby who went to Montreal to attend the graduating exercises.

CORNS DROP OUT IN HOT WATER. It is very easy to take out a sore corn by the "Putnam" method. You take a special foot bath which is described in the directions that go with the package. Apply a few drops of Putnam's Corn Extractor, and out comes the corn, roots and all. There is no pain, not even soreness; the thick tissue is softened, and healing "Putnam's" goes to the heart of the corn. Success guaranteed. 25c. at all dealers.

A WOUND IS AN OPEN DOOR. Absorbine Jr. enables you to shut the door quickly. The skin is Nature's own protection against germs. When it is bruised, broken or cut, that protection is withdrawn. The door is open. As quickly as possible Nature closes it by forming what we call a scab and renders you comparatively safe against infection. But this scab sometimes takes days to form and until it has fully sealed the wound, even until the wound has thoroughly healed again you must furnish the required protection yourself.

A few drops of Absorbine Jr. in the water will give you an antiseptic wash that will kill all possibility of infection and help nature to heal the wound. As well as being a very powerful germicide, Absorbine Jr. will draw out the inflammation and bring instant relief. Absorbine Jr. is antiseptic, germicide and liniment in one container—handy to keep always in the house; easy to carry around if you travel. \$1.25 at your druggist's.

INCREASE SHOWN IN BANK CLEARINGS An increase is shown in the bank clearings for the past week of \$61,098.51 as compared with the figures for the corresponding week last year. The clearings at the Sherbrooke Clearing House last week totalled \$919,546.44, while for the same week in 1923 they were \$858,447.93. However, the clearings the past week were short of the total for the same week in 1922 by a margin of \$60,537. The figures for the corresponding week two years ago were \$980,085.44. HEALTH OFFICER'S REPORT The Health Officer's report for the month of April shows some very interesting incidents. One of the outstanding remarks in the report is in connection with the local market. During the month of April, 1,586 pounds of meat, considered unfit for sale, was seized at Lansdowne Market. During the month there were twenty-two deaths and forty cases of contagious disease. Altogether the Department had a very busy month. Fifty-four cow stables were visited during the month. This caused so much work and took up so much of the Inspector's time that he considered it impossible to give quite as much time as he would like to have done to private house cases. SEVENTH GRADE GIRLS FOND OF DATES A Sherbrooke school episode, which has a decidedly humorous side, is being related. The girls of the seventh grade, Cambridge School, go to the High School once or twice a week for Domestic Science. Arriving the other morning en masse, the girls had a little while to wait before being called to class. In the cupboard, within

METHODIST SONG SERVICE OF FAVORITE OLD HYMNS

In the absence of the minister at Conference, the services tomorrow will be in charge of lay officials of the church.

At the morning hour of public worship, Mr. Thos. J. Parkes will have full charge. At night, at 7 o'clock an interesting service of old favorite hymns and solos will be conducted by five laymen of the church, Messrs. J. W. McKee, Geo. C. Hall, S. W. Farnham, J. H. Cook and E. S. Beerworth. Two popular old selections will be used. One will be "Hold the Fort," as a male quartette, the authorship of which will be outlined by Mr. E. S. Beerworth. The old song, "Glory, Glory Hallelujah," by Julia Ward Howe, will be sung by the choir, and the congregation will join in the chorus. Mr. J. W. McKee will read the story of this song of the American Civil War. Mrs. Bradley and Miss V. Loomis will sing solos.

CANTATA AT ST. ANDREW'S

On Sunday evening, June 8th, the choir of St. Andrew's Church will repeat the Cantata "Olivet to Calvary" at 8 p.m. The soloists will be Mrs. M. MacKay, Mr. C. Jameson and Mr. H. O. Wilkinson, baritone soloist in Calvin Westminster Presbyterian Church of Montreal.

INCREASE SHOWN IN BANK CLEARINGS

An increase is shown in the bank clearings for the past week of \$61,098.51 as compared with the figures for the corresponding week last year. The clearings at the Sherbrooke Clearing House last week totalled \$919,546.44, while for the same week in 1923 they were \$858,447.93.

However, the clearings the past week were short of the total for the same week in 1922 by a margin of \$60,537. The figures for the corresponding week two years ago were \$980,085.44.

HEALTH OFFICER'S REPORT

The Health Officer's report for the month of April shows some very interesting incidents. One of the outstanding remarks in the report is in connection with the local market. During the month of April, 1,586 pounds of meat, considered unfit for sale, was seized at Lansdowne Market.

SEVENTH GRADE GIRLS FOND OF DATES

A Sherbrooke school episode, which has a decidedly humorous side, is being related. The girls of the seventh grade, Cambridge School, go to the High School once or twice a week for Domestic Science. Arriving the other morning en masse, the girls had a little while to wait before being called to class. In the cupboard, within

PUBLICITY CLUB IS ORGANIZING WITH MERCHANTS

To Be Affiliated With the Retail Merchants' Association—General Meeting to Be Held Later.

A meeting of the organization committee of the Sherbrooke Publicity Club was held in the J. M. Nault Club on Wednesday, when Mr. J. H. Poupart, chairman, advised the members that the Sherbrooke Branch of the Retail Merchants Association had voted in favor of allowing the club to be organized as a section of that body. This will put the club on a much firmer footing than would be the case if it were formed as an independent organization and will enable the members of the Retail Merchants Association to obtain the advantages to be derived from the new club at little expense. It was decided that the new organization would be known as the Publicity Section of the Retail Merchants Association of Sherbrooke. The purpose of the Association is to promote good feeling between the various members, good advertising, better salesmanship and business methods in general and to further cooperation amongst commercial and civic interests for the good of the entire community. It is planned to hold a series of meetings which will be addressed by experts in advertising and merchandising. The Montreal Publicity Association has offered their close co-operation and it is expected that some very interesting and instructive programmes will be arranged. The following officers were elected; President, Mr. J. H. Poupart; Vice-President, Mr. Meredith Wilson; Treasurer, Mr. Desnoyer; Secretary, F. A. McLean. Board of Directors: Sam Echenberg, C. P. Buckland, L. M. Cote, Harry Pettis, J. A. Trudeau, E. S. Darche, J. A. Pelletier. A meeting of the officers and directors will be held in the Nault Bldg., at 8 p.m., Monday, June 9th, to transact further business in connection with the organization of the club. A letter will then be addressed to all members of the Retail Merchants Association or others likely to be interested in the new club. This letter will set forth the objects of the Association requirements for membership, etc. A general meeting will then be held to which all those interested will be cordially invited.

MARRIAGES

McGREER-KIRBY. COOKSHIRE, Que., June 7.—The marriage was solemnized quietly on Monday, June 2, at 12 o'clock in St. Peter's Church, Cookshire, the groom's cousin, Lieut. Col. the Rev. Arthur H. McGreer, principal of Bishop's College, Lennoxville, officiating, assisted by the rector, Major the Rev. Alfred W. Buckland, of Frances Vera, eldest daughter of Mr. and Mrs. George Edward Kirby, of Cookshire, to Mr. Eric Daniel McGreer, B.S.A., of Kingston, Ont., formerly of Montreal, third son of Mr. and Mrs. Fletcher McGreer, Montreal. The wedding music was played by Miss Olive Lusk, the hymn, "We Lift Our Hearts, O Father," being sung. The church was effectively decorated for the occasion with plum and cherry blossoms, forget-me-nots, violets and greenery, the altar being adorned with variegated tulips, narcissi and daffodils. The bride, who was given away by her father, wore a gown of ivory French moire silk, made very simply with narrow flounces of real lace and lace sleeves, and her tulle veil, a family heirloom, worn by her maternal aunt, Mrs. Anderson, of Oxford, England, on her wedding day, was arranged with sprays of white heather. She carried a shower bouquet of blush roses and forget-me-nots tied with sunset chiffon. The bride's only attendant was her sister, Miss Winnifred Kirby, as maid of honor, who was

I.O.D.E. TAKE UP IMMIGRATION OF CHILDREN

Resolutions, Amendments and Earnest Debate on Subject Took Up Considerable Time Yesterday.

(Associated Press Despatch) TORONTO, June 7.—What is considered by delegates to the National Convention of Daughters of the Empire to be the most important subject discussed at its annual meeting now in session there, is that of immigration of many children into Canada whom it is felt are not living here under approved Canadian standards. Resolutions, amendments and earnest debate on the subject took up considerable time yesterday. A resolution was passed asking Provincial chapters to make enquiry into conditions, then take the matter up with the Governments of the provinces, requesting that it be forwarded to the Federal Government for the purpose that the provinces make proper provision for the children and inspection of the homes of which they are placed.

gowned in orchid georgette trimmed with silver ribbon and a silver rose, grey milan straw hat with orchid georgette streamers, and carried mauve and pink sweet peas with old rose tulle ribbons. Mr. James W. Graham, B.S.A., of Ottawa, Ont., was best man, the usher being the bride's brother, Mr. Guy Kirby, of Kenogami, Ont.

Mrs. Kirby, the bride's mother, wore a navy blue silk brocade gown with black hat, and carried pink and white carnations. Mrs. Fletcher McGreer, mother of the groom, was wearing a black canton crepe gown, black hat with French flowers and a corsage bouquet of red roses.

A reception followed the ceremony at a Butternut farm, where wild and garden spring blooms with greenery were used for the decorations. Later, Mr. and Mrs. McGreer left by motor for Sherbrooke, en route to Ottawa, Ont., and the Rideau lakes. They will reside at 15 Lower Albert street, Kingston, Ont.

The groom saw active service in France during the war, having proceeded overseas with the McGill heavy siege battery. They were the recipients of many handsome gifts.

Among the invited guests were Mr. and Mrs. Fletcher McGreer, Misses Marguerite, Louise and Claire McGreer, Mr. Percy Chambers, all of Montreal; Mr. and Mrs. H. Coles, Messrs. Walter and Jack Coles, of Richmond; Lieut.-Col. the Rev. Arthur H. McGreer and Mrs. McGreer, Bishop's College, Lennoxville; Mr. James W. Graham, Ottawa, Ont.; Mr. Frank Millenchamp, Ste. Anne de Bellebue; Mr. M. Templeman, Riverfield, Ont.; Lieut.-Col. S. E. Francis, Mrs. Francis, Mr. and Mrs. Alfred Wilkinson, Mr. Sidney Francis, Miss Dorcas Stewart, Dr. Thomas E. Burton, Mr. and Mrs. Herbert A. Taylor, Mrs. A. M. Husbands, Mrs. John Wilkinson, Mrs. J. Henry Taylor, Miss Florence French, Miss Helen Parry, Miss Olive Lusk, Miss Beatrice Gale, Major the Rev. Alfred W. Buckland and Mr. James French, all of Cookshire.

THREE HOUSES ARE DESTROYED AT ASBESTOS

Damage Is Estimated at \$15,000—Chief Martel Was Injured—Flames Spread Rapidly.

ASBESTOS, Que., June 7.—Three houses were destroyed by fire here this morning about 2.30. The fire started in the residence of Mr. Antonio Langlois. The fire rapidly spread to two nearby houses. One of the houses was under construction and was nearly completed. It was the property of Mr. Adolphe Morine. The other building was owned by Mr. John McDonald. The three buildings were completely destroyed. The fire might have caused much more damage, but for the prompt reply of the fire department. Chief Martel had his shoulder dislocated, and his foot injured. The damage is estimated at about \$15,000.

MALE SPECIES MORE BRAINY THAN FEMALE

Declares Tall Persons of Both Sexes Have More Brains Than Short Persons.

PHILADELPHIA, June, 7.—The male of species is more brainy than the female, Dr. Henry P. Donaldson, of this city, last night told the American Neurological Association in an address on the significance of brain weight. However, Dr. Donaldson explained there were exceptions, as the effects of brain weight mentality was responsible for a group rule and did not hold good for every individual brains than short persons. "As a group," Dr. Donaldson said, "large headed people are capable of more through work and clearer thinking because their brain cells are larger. There is a difference, on the average of twelve per cent in the weight of brains of men and women."

COMMUNIST SHOW HAND IN

(Continued from Page 1.) situation, empowered to take whatever steps it deems necessary, the paper says, adding:

"It is going to be a stand-up fight between the Government and principal trades union leaders against the unofficial strike leaders who are now known to be acting on Communist instructions." The paper asserts that the Government possesses fullest details regarding the conspiracy and the source of the money for its support, which it says amounted to \$80,000 in 1922. The Government strike committee, according to the Express, comprises War Secretary Walsh, Home Secretary Henderson, Baron Chelmsford, First Lord of the Admiralty, Postmaster-General Hartshorn, Labor Minister Shaw and Colonel Wedgwood, Chancellor of the Duchy of Lancaster. The Daily Telegraph, which in a long article traces the origin of the strike to Bolsheviki, says a special Cabinet meeting yesterday discussed the situation and that the Government is prepared, if circumstances warrant, to invoke the emergency powers act which it arranged to put into operation during the previous strike.

LIQUOR CASES HEARD. Several judgments were handed down by Judge J. H. Lemay in the Magistrate's Court this morning. Several Liquor Commission cases which have been on the books during the last week or so were concluded at this morning's hearing. Judgment was rendered in the case of Rosa Cloutier, charged with selling liquor. The accused was sentenced to one month in jail and costs. The complaint against Mrs. Wilfrid Lavoie for selling liquor was dismissed. Wilfrid Lavoie, her husband, accused of the same charge, was sentenced to forty-five days. Mrs. Chabot, also accused of selling liquor, was sentenced to one month. Wilfrid Lavoie, charged with possession of liquor, was sentenced to a fine of \$1,000 and costs. A case was brought up against Rosa Cloutier for the possession of liquor. This case, however, was dismissed.

APPEAL AGAINST DEATH SENTENCE IS DISMISSED Walter Muir Will Hang on July 11 Unless Sentence Is Commuted by Minister of Justice. MONTREAL, June 7.—Walter Muir, New York student, will hang July 11th for the murder of Ferdinand Lavolette in Valleyfield last December unless the sentence is commuted by the Minister of Justice. His appeal for the quashing of the conviction and a new trial was unanimously dismissed here yesterday by a full Court of Appeal.

EXCAVATING ON QUEEN STREET Excavation work in preparation for the paving of Queen Street is already well under way and the lines for the sidewalk on the east side have been paid out as far as the corner of Dominion Avenue. Several feet of the embankment in front of the Brooks property have been cut away in order to allow for the widening of the street.

CAR CAUGHT FIRE Considerable excitement was aroused about ten o'clock this morning when a car parked near the corner of King and Wellington Streets caught fire in some unexplained manner. The fire started in the back seat of the car and did some damage to the rear part. It was not serious, however, and the loss to Mr. W. W. Foote, the owner, will no doubt be slight.

CADETS TO HOLD CHURCH PARADE The Sherbrooke High School Cadet Corps will hold a parade to St. Peter's Church tomorrow morning. The corps will assemble on Portland Square at 10.15 a.m., and will march to the church via Montreal Street. The parade will be headed by the Boy Scouts' band. The parade will be commanded by Cadet Major Lloyd Bowen. Previous to the parade some preliminary manoeuvres will be carried out.

BRIDGE BUILDERS ENCOUNTER DIFFICULTIES For some three weeks past work has been going on at the bridge being constructed on the Victory Highway at Little Lake. The dam which had to be built in order to allow the main work to go on has given a good deal of trouble, and in addition the men have had to go down some sixteen feet to find a firm bottom for the concrete piles which will be sunk. These piles were commenced yesterday. A similar dam and series of piles will have to be constructed on the other side, and it is expected that the bridge will not be completed for some three weeks more.

APPEAL AGAINST DEATH SENTENCE IS DISMISSED Walter Muir Will Hang on July 11 Unless Sentence Is Commuted by Minister of Justice. MONTREAL, June 7.—Walter Muir, New York student, will hang July 11th for the murder of Ferdinand Lavolette in Valleyfield last December unless the sentence is commuted by the Minister of Justice. His appeal for the quashing of the conviction and a new trial was unanimously dismissed here yesterday by a full Court of Appeal.

## Community Analysis

### ARTICLE TWO—WRITERS UNKNOWN AND FORGOTTEN.

(By Erroll Merritt)

Dear Sir,—It was not so long ago that the head of the English department in one of Canada's most famous universities, said to me, in reference to Professor Baker's History of Canadian Literature, "Of course, you will have the book in your library at home; Sherbrooke has a public library, has it not?" I admitted that the city had an institution, nominally, at least, a library, but I remember at the time that I was very skeptical regarding the presence of the book under discussion in Sherbrooke—well, let us say for the sake of convention—Sherbrooke's home of the Muses.

Perhaps, sir, there are some of our good citizens, who carry around this same impression, that the library here, under the control of the Library and Art Union, undoubtedly has on its shelves Baker's History of Canadian Literature. Possibly, being possessed of a certain catholicity of spirit, they even imagine that there is a whole section devoted to Canadian writers and their works. Unfortunately, this is not the case—the Sherbrooke Public Library might just as well be on the banks of the Congo, where Mumbo Jumbo reigns in his glory, if its claim to existence had to rest solely on its stock of Canadian writers. But once again, sir, I would remind your readers that this is the fault of the people, and of the people alone. There is no demand for Canadian authors. Why then should we buy them? And Sherbrooke's public is set upon the throne of mighty criticism.

Of course, it is perfectly logical for people to think that Sherbrooke's open book stack would be sufficiently inclusive as to contain the more important of the Canadian writers. Is not this the centre of the Eastern Townships, and are not the Townships important among the many and varied sections of the Dominion? And have not there been Canadians who have written works of great literary beauty, of great importance, even of international fame? The answer to all questions is "Yes." The city, the Townships, and certain writers of the Dominion are all important. The last, however, have not been coupled with the first two, despite the fact that literature is of the people, by the people, and for the people.

#### Lack of Appreciation.

That a Canadian literature, as such, even exists is a disputed fact among the learned in Canada's literary circles. Yet no one will question the statement that literature has come out of Canada. This is accepted and the combined evidence, increasing as it does from year to year, smothering any opposition. We know that there are works written by our own countrymen, which are well worth reading. We realize, to some extent at least, their greatness. Then we immediately ask for products of the literary mush pot and our better thoughts are unleashed and go flying down the wind. One reason, sir, for this condition is our own perverse apathy. Another is our educational system. And the last is that seldom, or ever, are the books placed before us for consumption. We are eating imported strawberries, when our own sweet and wild berries grow at our feet.

In an attempt to prove this lack of interest in Canadian writers, both of the past and of the present, I went on a one-man search party to a Canadian library in our own Canadian city, in search of books, which I know are famous, having won renown in the literary arena of the world. In less than five minutes my attempt was highly successful and any opposition I had within myself was completely routed before the onslaught. The library was barren of resistance. To commence with, I started in the realms of political literature, and asked for the speeches and writings of Joseph Howe. The library has them not. Yet who has not heard of Howe, with his scintillating career culminating in tragedy? His powerful pen inscribed words which constitute, even at the present time, political injunctions of great value—sentences of sound advice which would be beneficial even to the embryonic politicians of our own town. His voice, too, was heard throughout the length and breadth of Nova Scotia, the Maritimes, and in England, and he always preached in what he believed to be the cause of freedom, justice and right. A poet he was, this man of might, but today, his voice cries in the literary wilderness of this and other cities and his pronouncements of wisdom are unheard. Some even ask, "Who is this fellow, Howe, anyway?" His political utterances have been ranked with those of Pitt and Burke.

I then asked for the speeches of Laurier, but this time the negative response was rather expected, for it is extremely difficult to obtain a collection which does justice to another of Canada's historical figures. That a really suitable work has not been published—to my knowledge at least—is to be deeply regretted. But to all things there are exceptions, and I was considerably relieved to find that some of the writings of John A. Macdonald are on the local shelves. Unfortunately, to offset this fact, there is only a minor work of Tom Haliburton in the library, and Haliburton has more right to literary fame than Macdonald. As a matter of fact, it is even claimed that his most famous book "The Clockmaker," narrating the adventures of Sam Slick, constitutes the very foundation, the very basis, of American humor. From an historical point of view, at least, Haliburton should be thoroughly attended to.

#### Prophets Without Honor.

Turning then into the realm of poetry, I meekly requested some of the best works of Carman, and I was pleased to learn that the library possesses some of his earlier and lesser works but none of his more recent accomplishments. This too should not be. For Bliss Carman is Canada's foremost poet of the present day and is known throughout America and even on the continent. His work has a magnificent lyrical quality, it depicts Canadian nature with a glowing warmth and beauty, and his verses have been quoted in at least two American anthologies and one poem is printed in the Oxford Book of English Verse. Yet there is no demand for him in Sherbrooke and the library, in consequence, does not purchase his works.

Concerning Pauline Johnston, that singer of the plains, of the flowing rivers, of dipping, dripping paddles, much the same could be said. She achieved

renown before her death, for her poems were hailed in London on account of their wonderful quality of song, and she lectured in large American cities. But what of that? Her works also are not in the library.

And so the story goes. None of this, none of that. Not even any of Robert Service, the most popular, the most vigorous of Canadian writers. Although he was born in England, I believe, he knows the land of his adoption and has put into forceful verse the stories of the north and has depicted, with gripping power, incidents at the front with the Canadian army. Neglect here has been his lot, and when I know these things, sir, I am bound to ask where has Sherbrooke's poetic taste gone to? At times I wonder if there ever was any.

Even the writers in our very midst, our next door neighbors, have been passed over, refused notice; and for recognition, they have to go farther afield. A new book of poems by Professor Call, of Bishop's College, has been highly commended by such papers as the Saturday Night and the Montreal Star. I have seen it myself and I know that it is worthy of all the commendations it has received. The library does not possess it. "Spinning Wheels and Honespun," by Miss Helen Williams of Knowlton, has also been welcomed. It has been out since before Christmas, I am told, and is well worth reading. But the library has not a copy on its shelves. Then, also, the poems of Mrs. Louise Morey Bowman, who for many years lived in this city, are certainly to be recommended to any who are interested in modern poetry. This authoress has a new book coming off the press within a short time, yet I do not suppose that the library will purchase it. Her poems have not been procured for Sherbrooke's public in the past. Why should they be in the future?

And there are others I could mention. But I have said enough. Truly, too truly, "A prophet is not without honor, save in his own country, and among his own kin, and in his own house."

#### Standard Authors Neglected.

"I hate to read new books," wrote William Hazlitt. "I do not think altogether the worse of a book for having survived the author a generation or two. I have more confidence in the dead than in the living." Sherbrooke readers, however, differ from the noted essayist. They like new books, with nice cloth covers, unnatural insides composed of romance run riot. The works of the dead stand on the shelves, glorious in their loneliness, but happy in the appreciation of the two or three readers a year who take them down from their nooks and, blowing the dust from between their pages, have a literary revel among the words which have withstood the acid test of time. There is one set of books in the library, which is worth more in influence and intangible value, than all the others put together. The library would still be worth a lot, even though the rest of the volumes were swept through the window and into the Magog river below. And that set of books is the Harvard Classics, presented about eight years ago by the late Mr. H. D. Lawrence. Today it composes the best thing in the room. Naturally the books seldom go out—you see, sir, they are really good books—and as I glanced through them the other day I was really astounded—the word is not too strong—at the extent they have been neglected. For instance, volumes containing the works of the Elizabethan dramatists, of Marlow, Dekker, Massinger, Beaumont and Fletcher, Johnson, Webster, and Shakespeare himself—writers in the Golden Age of English literature—have never been removed during these long eight years. That is, unless they were surreptitiously slipped past the librarian by some poor urchin who was ashamed to confess his desire for culture. The same fate—that of forever living in the library—has evidently been handed out also to More, Luther, Froissart, Mallory, Holinshed, for they have never escaped. The dramatic works of Sheridan, Goldsmith, Shelly, Corneille, Racine, Moliere, Schiller, and others, have never been asked for, in spite of their fame, their glory, and the genuine pleasure that may be derived from their perusal. Who ever forgets Sheridan's "School for Scandal," or "The Rivals," once they have been read? And I can assure your readers, sir, that the other authors also wrote with beauty, force and magnificence, from which great pleasure may be derived. I wonder if those who patronize the library realize what they have been missing? I doubt it. They wish to read the latest and in consequence neglects the best.

The immortal "Bobbie" Burns—to continue on the Harvard Classics—made his escape once back in 1918, and Adam Smith has been very popular, with eleven exits. Dante holds the premier position, with twelve requests, in eight years, and there has been some assiduous reading of English poetry, one volume having been out—I dare not say read—as many as nine times. So on through the list—Locke, Berkeley, Hume—once; English Essays—four times; Greek Dramas—twice; Don Quixote—nine times. It is a painful list, sir, for it reflects more than ever the desire for the mediocre. I do not desire, moreover, to give pain.

#### Ruby M. Ayres for Dickens.

Just one more point, however, and then I must conclude this letter, which is becoming, I fear, long and tedious. I took a glance at the great fiction writers of the nineteenth century. A glance was sufficient to prove what I wished. "Bleak House," by Dickens, was out twenty times between 1908 and 1920; David Copperfield, seven times in the last five years. Scott's "Heart of Midlothian," was demanded eleven times between 1908-1917; Pemmison, by Thackeray, nine times in twenty-three years; the Newcomes, twenty-four times between 1908-1921. (I could not find a Henry Esmond.)

Then I opened the covers of "A Battle With Love," by Ruby M. Ayres and saw without the least tremor of surprise that it had been read well over forty times in the last seventeen months. And repeating the experiment with Oppenheim's "The Evil Shepherd," I obtained about the same result—over fifty date marks since the beginning of last year. Ruby M. Ayres for Dickens, Oppenheim for Thackeray—what a perversion of taste.

In conclusion, before I leave behind me this topic, I wish to have you, sir, and your readers understand, that I fully appreciate the work which the Library and Art Union has been carrying on during the past forty years and more. The Library has played an important role in the life of the community and has struggled on under many difficulties and in the face of adverse circumstances. But though the role has been great, it can be yet greater and will be, when the public's blinders are removed and they see the necessity for support. "A Free Reading Room and Public Library are good investments for any town."

But today, as a city, we do not realize this. We have a decidedly poor taste for literature, as is clearly reflected in our public institutions and in the stores. The library of a city is a portrait of the citizens, and when we look at our own portrait, we see a sorry sight. Yet we are the painter.

Let us then work toward a better library, with better equipment and better books. And if this is done, we shall have a better city, with better citizens, and a future even brighter than the one that is before us now.

## MEGANTIC CO. HAPPENINGS

### THE THETFORD MINES

#### CLUB MEETING AT THETFORD MINES

The last meeting of the season of the St. John's Boys' and Girls' Club was held on Saturday, May 31st. The meeting took the form of a social evening at which many parents and friends of the members were present. Doris Little, the president of the girls' section, gave a resume of the work of the season, and a similar report was made by Arthur Goff, as president of the boys' section. During the winter twenty-six meetings of the Club have been held of an educational and recreational nature. Mr. Andrew Johnson, junior, the manager of the club, to whom the credit is due for its success, was unavoidably absent.

A very pleasant evening was spent, during which a short programme was presented, items being contributed by the girls, who sang "Polly Wolly Doodle," by Gladys Stevenson who gave a recitation, by Kyle Crondell, Willie Wright, Solomon Shmukler and Douglas Alcorn, who gave exhibitions in boxing, while a wrestling bout between Arthur Goff and Willie Wright gave great interest to the audience. A moving picture was later shown which created great amusement. Music was contributed during the showing of the pictures by Ada McElreavy, who played the piano. Refreshments were served at the close of the entertainment.

#### General Notes.

Rev. M. H. W. Seeley, who was elected as rector of St. John's Church in the fall of last year, and whose appointment was made by the bishop of the diocese, is to enter into residence and take up his duties at the end of June. The Rev. C. Grant King, who has been in charge of the parish since December last, is sailing for England on board the "Antonia" on June 21.

## WARNING THAT AGE IS NO EXCUSE FOR VIOLATING THE LAW

Woman Eighty-nine Years of Age Fined \$200 for Having Illicit Still in Her Possession.

(Associated Press Despatch.)

QUEBEC, June 7.—"Hootch" knows no age, and yesterday, a plea of guilty to a charge of having had an illicit still in her possession was made, through her attorney,

by Mrs. Hubert Mathieu, a resident of St. Marc des Carrieres, who is eighty-nine years of age.

The woman was unable to appear before the court to face the charge, which had been laid by the Federal Revenue Department. Judge Choquette imposed a fine of \$200 and costs so as to give a practical warning that age was no excuse for violating the law.

The World's Lowest Priced Six

Beautiful and Good

The sweeping acceptance of the Oldsmobile Six Sport Touring can be explained in one sentence—we're giving people high quality, physical beauty, six cylinders, real comfort for five, complete equipment, and low price.

This car would have to be priced much higher but for this fact—it is the joint product of Oldsmobile and General Motors. Oldsmobile's immense plants and quarter-century of experience plus General Motors' great purchasing power, big experimental laboratories, and its staff of experts establish a manufacturing advantage that is reflected in the price of the Sport Touring. No car of like quality has ever sold at a price so low. See it at our showroom. Ride in it. Drive it.

No. 1284 **A LARGE SEMI-BUNGALOW**  
DESIGNED BY W. W. PURDY

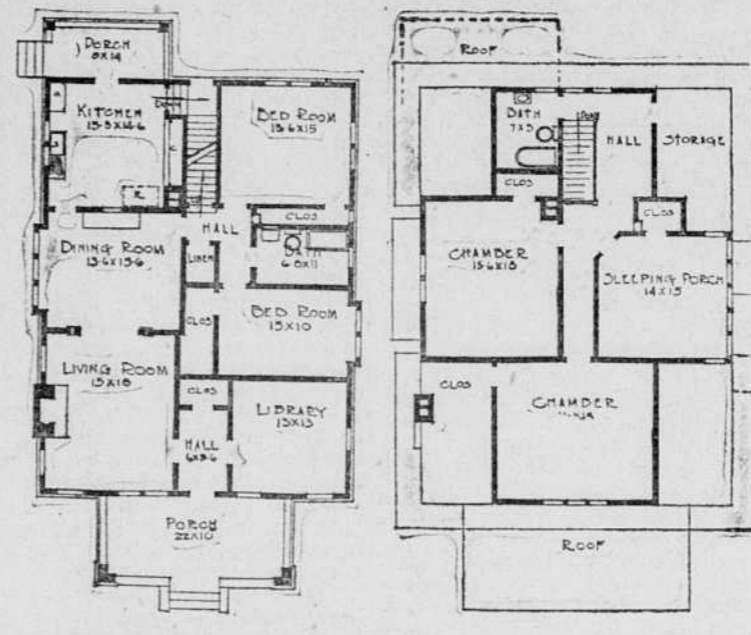

A combination of brick, cement plaster, with half timber work in the gables, this rather large semi-bungalow presents a very substantial appearance. It is interesting to know that the little town in which this home was built, experienced a very bad tornado, and this home and one other, were the only two homes in the town that withstood the terrific wind.

This home 36 x 48, with front and rear porches, is somewhat larger than the bungalows that are built on the ordinary sized city lot, however a 50 foot lot would give ample width for this home with plenty of ground for landscaping.

The rooms are all large, and there is ample closet space. By using the library for a bed room, there are six large bed rooms, with a bath on both floors.

Oak floor and trim is used for the main rooms, with oak floors and pine trim enameled for the second floor, tile in bath rooms.

There is a complete basement, and it is estimated that this home can be built as described for from

\$10,500 to \$12,000, exclusive of heating and plumbing.

**OWNER OF HOUSE IS ORDERED TO CLOSE WINDOWS**

Case of Odilon Bibeau Against Mrs. Lacroix Was Heard Before Mr. Justice White.

His Lordship Justice White heard the case of Odilon Bibeau vs. Mrs. Lacroix yesterday.

Bibeau in his action alleged that he is the owner of a lot and house situated in the south ward of the city of Sherbrooke; that the defendant is the owner and proprietor of the adjoining lot, on which a house is built; that a division line has been drawn between the two properties; that the defendant's house is built less than six feet from the division line; that defendant's house has more than nine windows facing plaintiff's property; that defendant has no right to have such windows in her building as the said windows are not within the limits required by law, to wit, six feet from the division line; that defendant was duly protested to close those windows according to law, but refused to do so and plaintiff claimed damages and asked that the defendant be ordered to close all the windows facing plaintiff's property within the delay fixed by the court, and in default that plaintiff be allowed to close same at defendant's expense.

Defendant pleaded admitting that she was the owner of the property adjoining plaintiff's property; that on October 16th, 1923, she started to close the windows according to law; that after the protest served upon her pourparlers had taken place with the plaintiff, the Hon. Mr. Nicol and Mr. Tetreault, notary, for the purchase of plaintiff's property; that plaintiff granted a delay until October 15th to buy his property or to close the windows; that when the action was served on October 23rd, the windows in question had been closed according to law and defendant asked that plaintiff's action be dismissed with costs.

Plaintiff in his answer denied the allegations of the plea.

As the windows had been closed according to law His Lordship Justice White condemned the defendant to pay \$40 damages with the costs of a fourth class action in the Superior Court, against the defendant.

Col. Emile Rioux, K.C., acted for plaintiff and Panneton and Boisvert for the defendant.

**CONSTRUCTION NOT FAR BELOW 1923 FIGURES**

Trend of Construction Is Such as to Be Expected Under Present Conditions.

The total awards for Canadian construction for the month of May, according to officials reports, were \$32,966,900 compared with \$30,198,600 in April. Residential building accounted for 37.7 per cent of the May total, amounting to \$12,410,700. Business building amounted to \$10,351,200 or 31.4 per cent; industrial building \$1,623,100 or 4.9 per cent; and public works and utilities \$8,581,900 or 26 per cent. The activity was distributed among the provinces as follows: Ontario 44.2 per cent; Quebec, 37.9 per cent; British Columbia, 7.7 per cent; Prairie Provinces, 7.6 per cent; and the Maritime Provinces 2.6 per cent. Contemplated new work reported in May aggregated \$27,697,000.

Construction awards for the year to date amounted to \$102,537,800, compared with \$114,848,400 during the corresponding period of last year and \$96,831,600 in 1922. During this period residential building shows a falling off from 1923 totals of 18 per cent; business building 7 per cent; industrial building 52 per cent; while public works and utilities show an increase of 15 per cent, over the same period. The activity was distributed among the groups as follows: Ontario 54.7 per cent; Quebec, 27.3 per cent;

**Why Boys Stay On the Farm**

The common question is, "Why do the children, the boys especially, leave home?" And the common answer is as always, "Youth will have its way."

Boys leave home for more reasons than can be set down. The greatest problem is, what to do to keep them at home. Boys will stay at home if their home is made more interesting. Did it ever occur to you that a clean, sanitary home might have a lot to do with it. Suppose there was a bathroom in the house. Suppose there was plenty of running water, hot and cold. Suppose there was a shower in the bathroom. Now for running water and up-to-date plumbing, you want a DURO Water System installed.

There are hundreds of homes in about every community which are examples of just what helps to drive the boys away. Poorly plumbed, or no plumbing at all, poorly heated, poorly ventilated, many of them no ventilation at all. All this has an effect on the physical well-being of every person. Boys—and girls as well—like water. Nine-tenths of the cells of the human body are water cells. Cleanliness, which is next to godliness, promotes good health, which promotes happiness and contentment. Start the cleanliness idea today, and also practice what you preach.

**UNCLE JIM'S LETTER**

Dear Corner Family:  
Everyone is happy now that summer is really coming. June is going to be a lovely month. I am sure, and the boys and girls who are still in school will be glad when closing day arrives. I hope many corner children will be fortunate in getting prizes for good attendance and diligence. Grace has a good record for attendance, has she not? Isobel was a prize winner, and her book is a fine one for girls and boys to read.

No, Isobel, I have not had any news regarding the poster contest. I do not know if any of the corner folk tried to make a health poster, but as soon as I do hear I will tell you about it in our corner. Some of the children say they miss the daily corner, but in the summer we do not get as much time—at least many of us do not—to read and write as we do in the winter, so we will try to have a bright corner each Saturday until autumn. Yes, Isobel, the corner uncle is in the country, and it is very beautiful now with all the flowers and birds. The phoebe bird who built her nest over our kitchen window is still setting on her eggs, but I hope to see some little phoebe birds soon. There are two owls that come down quite near my home every night, and they make such funny noises. I think they are after some mice, don't you?

I have my garden planted now, and the onions are up? They look quite healthy. I bought tomato plants in Sherbrooke and have them planted; also beets, lettuce, radishes, spinach and cucumbers.

Now, please everybody read the bright little story about the birds; it will be concluded next Saturday. Then we shall have another story—perhaps another fairy tale. The wrens are surely good little workers, and a few lines of poetry I found applies nicely to our story. They are:

"The dove says coo, coo, what shall I do?  
I can scarcely maintain two."  
"Pooh, pooh," says the wren, "I have got ten,  
And I keep them all like gentlemen."

A chipmunk who lives close by is getting quite friendly with me. He comes into the kitchen, gets on the table, and one day I found him trying to carry off a whole cookie. He was having a hard pull, but I watched him until he got it outside. I thought he had worked so hard he deserved the cookie.

All the birds are quite tame, and the partridge, who is still on her nest of fourteen eggs, comes quite close to the cottage when all is quiet. I hope I may see her with her family before she takes them into the deeper woods.

Well, children, try to have a happy time and write to me about your school prizes, and also about the gardens you are working in for prizes at the school fairly.

Yours faithfully,  
UNCLE JIM.

Ferrabee said in this connection: "The very thought of enlarging the work of the W.A., in the future should fire the imagination, for it was conclusive proof of God's blessing, and loving self-denial for the work of the Lord." The united thankoffering fund was spoken of as being especially important because one-third of the money raised in this way is applied to the pension fund. The objective for the Montreal diocese for this purpose this year is \$17.50. The Roberta Tilton fund was designed to commemorate the memory of the founder of the W.A., and the object is to assist sick and disabled missionaries. It was decided to vote the offering taken at the morning service to this fund.

The work of the W.A. is divided into three departments: (1) Dorcas, (2) girls' work, (3) Junior work. The three departments are all more or less interested in furnishing outfits for pupils in the Indian mission schools, money for boots, W.A. spreads and church furnishings. The freight is always prepaid, so that there will be no financial obligation for the missionary.

Mrs. Loiselle, who is the Dorcas secretary, explained the workings and presented the callings of this department in a most interesting manner. Mrs. Ferrabee spoke of the literature published by the Church of England for the purpose of diffusing information regarding all branches of the work, with a special plea for an increase in the circulation of the "Living Message."

The candidate department exists for the purpose of training candidates for the mission field. The suggestion was made that each member decide on a special missionary whom they would remember continually in prayer, thus forming a prayer-partnership, which would be mutually helpful. Mrs. Laws pointed out how membership in the W.A. begets responsibility, which in turn begets activity and service. The resources at their command were prayer, money and men, and no matter what the difficulties might be they were to remember that back of them all God's love was shining.

An invitation was received from Frelighsburg for the Deaneys meeting of 1925, which was accepted with thanks. Rev. Mr. Winch was called upon and spoke words of appreciation of the work of the W.A. Rev. Mr. Farrell, of Abbotsford, also spoke a few words. Rev. A. T. Love voiced his appreciation of the round table conference. "The questions," he said, "had been splendidly put and splendidly answered." A hearty vote of thanks was tendered the hostesses, and also the diocesan officers for their presence. Afternoon tea was served before the delegates left for their homes.

**THE DAISIES.**

I walked through the fields on a day in June,  
And stayed with the daisies until almost noon;  
One nodded to me with its yellow head,  
"Good morning to you," the pretty one said.

Their pretty white frills looked fresh and new,  
They'd had a bath in dawn's clear dew;  
No lovelier sight my eyes have seen than these frolicksome daisies a dance on the green.

**W. A. DEANERY OF BEDFORD MET AT COWANSVILLE**

Interesting Session Was Held This Week—Reports Presented—Other News and Personals.

COWANSVILLE, Que., June 7.—The annual meeting of the W.A. Deanery of Bedford was held here on Tuesday, June 3rd. Divine service was held in Trinity Church at 11 a.m. Dinner was served to the delegates in the church hall by the members of the Cowansville and Sweetsburg Auxiliaries. In the afternoon a round table conference was held, which was most helpful and instructive.

Mrs. Ferrabee, president of the Diocesan W.A., Mrs. Laws, deanery secretary, and Mrs. Loiselle, Dorcas secretary, were present, and in a most clear and forceful way explained the aims and objects of the work of the W.A. It was pointed out that missions were the organized effort of the church to spread the gospel. The W.A. was organized in 1868 by Ottawa with Mrs. Roberta Tilton as the chief promoter. She had the firm conviction that only women could reach the women and children in the mission field. In 1902 representatives from the W.A. were given a place on the board of management of the M.S.C.C., and they form part of the consultative committee, whose duty it is to decide the policy and budget. Membership in the W.A. begins in the parish, then the deanery on to the diocesan and Dominion. In all these branches stress is laid on the value of prayer, both by the missionaries and those bearing the responsibility at home.

The permanent work of the board is (a) Canada: Work among Indians and Eskimos, non-Christian foreigners, (Chinese and Japanese), Jews and white settlers, the latter including the mission work, prairie deanesses and Sunday school by post). Educational, (b) overseas: Honan, mid-Japan, Kangra in India, South America, Korea and the salaries of Miss Wade and Miss Strickland.

In answer to a question Mrs. Ferrabee explained that Sunday School by post was started by Miss Henley for the benefit of children in scattered districts in the prairie provinces. She has four thousand and five hundred children on her list and the Sunday School lessons are sent to them and the answers are sent in reply.

The work under the title of education consists in providing education for the missionaries' children. Fully equipped motor vans are used and the missionaries go from place to place holding services.

In discussing the Dominion funds it was stated that in 1914 the receipts were \$21,000 and in 1924 they netted \$29,000, a ten-fold increase, and this had come about by a general increase of interest and sacrifice on the part of the members, Mrs.

Dear Uncle Jim,  
I have only written to you three times before. The last time I wrote was in September, and I told you my teacher was Miss MacKay. She is very nice and she is going to teach in grades four and five next year, but if I pass I won't be there. I will be in grade six. I am ten years old now, and I have only missed half a day of school; that was when I was in grade one, and it was too cold for me to go. Dad is planting his garden now; he is putting in potatoes, and he has lettuce, tomatoes and onions up. I like the birds, don't you, Uncle Jim? It must be rather cold for them now as we have not had much fine weather. I generally read all your letters and am interested in them. I saw quite a lot of letters in your corner last night and I read them all. I am going to be kind to all animals and birds, and hope everyone else will help to protect them. I will close now, hoping to see my letter in print.

Your niece,  
GRACE E. FLEGG,  
Cowansville, Box 3.

Dear Uncle Jim,  
I guess you will think I have forgotten your cozy corner, but I have not. Have you gone to the country yet? I saw in one of your letters that you were going and that there would be only one Y. P. C. each week. Uncle Jim, have you heard from Mrs. Shaw yet about the oosters? I haven't seen anything about them yet. It was a contest worth trying for, wasn't it? I am in Sherbrooke now. Our school closed April 30, and we had a programme. I got a prize book called "The Lamp-lighter." It is very good. I got some cards, too. I passed into grade seven. I came to Sherbrooke on May 5 and was sick all that week, but I am fine now. I may go to the States soon. My auntie got fifty little chicks yesterday. They are buff leghorns. It is the 24th of May and there are lots of firecrackers around. My auntie has a little dog called Don. He is very cute, and my other auntie has a little kitten. Are your seeds growing yet? I am going to put in some radishes, my favorite vegetable. Last year I had my aunt make her garden,

## The Renting Season Is Never Over!

Some people imagine that there are but two real renting seasons each year, and that it is useless to try to find tenants at other times.

But people are renting homes and business places every day. And the advertised properties are the ones that figure in these transactions.

Truly, the renting season is over for unadvertised houses and apartments. But it is still fairly active for those landlords who utilize the classified columns persistently.

PRICES AND DETAILS OF SHERBROOKE MARKET

There was a very noticeable quietness in the Lansdowne Market yesterday, due no doubt to the fact that many people are spending the week-end away at this time of year. In every department dealers reported a falling off in the buying, although there were enough on hand to make the day's business profitable.

Little change was to be found in the provision market from the prices and conditions which prevailed last week. Good beef was still scarce, although it was a little more plentiful than the previous week. Grass beef is expected to make its appearance on the market very shortly.

Fowl was found in larger quantities this week at from thirty to thirty-five cents a pound. There were no other changes.

On the dairy produce market everything held steady at last week's prices. Eggs sold from twenty-eight to thirty cents a dozen and dairy butter fetched thirty cents a pound. Creamery butter was a few cents higher. Cheeses were the same.

The vegetable market showed a good many changes, however. No new varieties were in evidence, but prices were easier in many commodities. Carrots were slightly cheaper at three bunches for twenty cents. Cucumbers were down to ten cents each or three for twenty-five. Butter beans fetched twenty cents, two pounds going for thirty-five cents. Asparagus brought twenty cents a bunch compared with twenty-five cents a bunch a week ago.

A few changes were also noted in the fruit market which suffered from the prevailing stagnation. Pineapples were cheaper by five cents, selling yesterday at from fifteen to twenty cents each. Grapefruit fetched ten cents each. Oranges

HAY MARKET

Montreal, June 7th
HAY—Backward weather throughout the country, poor condition of country roads and the light deliveries of hay being made by farmers induced a stronger feeling in this market last Friday and holders of good quality hay are asking an advance of \$1 to \$2 per ton as compared with a fortnight ago. There were no further developments in the market, but the undertone was very firm on account of the continued small offerings from the country and the rather light supplies available on spot, for which the demand was steady, and sales of car lots of No. 2 timothy hay were made at \$16.50 to \$17 per ton and No. 3 timothy at \$14.50 to \$15.50 per ton, f.o.b. cars here.

FLOUR AND FEED

Montreal, June 7th
FLOUR—Since the advance last week in spring and winter wheat grades of flour the higher price has been maintained. Export trade in spring wheat grades with the United Kingdom and the continent is reported rather quiet by millers, but they say there is a steady demand for supplies from the British West Indies and a fair business passing with Newfoundland. The demand from local and country buyers is fair and on the whole the market is moderately active, with a steady undertone. Sales of car lots of first patents are at \$6.50, second patents at \$6 and strong bakers at \$5.80 per barrel in jute bags, ex-truck, less 10c per barrel for spot cash.

COUNTRY PRODUCE

Montreal, June 7th
BUTTER—Butter prices have undergone a decline this week totalling a half a cent per lb. and on Wednesday the undertone was still easy owing to the fact that supplies were more than ample to meet all immediate requirements. A moderate business is passing with sales of No. 1 pasteurized creamery at 32 1/2c per lb., No. 1 creamery at 31 3/4c per lb. and No. 2 creamery at 30 3/4c per lb. The trade in a wholesale jobbing way was reported fair and prices were unchanged at 33c per lb. for finest creamery in solid packages, and at 34c per lb. in 1 lb. blocks.

GRAIN MARKET

Montreal, June 7th
GRAIN—There has been considerable see-sawing in the cash wheat market since last Saturday. Both that day and Monday there was weakness in sympathy with the Winnipeg market, but following the holiday a much stronger feeling developed in the trade and prices came practically back to the figure obtained prior to the decline. On Wednesday prices were No. 1-Northern \$1.07 1/4, No. 2 Northern \$1.03 3/8, and No. 3 Northern \$1.00 5/8 per bushel, ex-store Fort William. Premiums had also been easier, but responded to the stronger feeling and closed on Wednesday at an advance for No. 1 Northern and No. 3 Northern the former grade selling at 1-4c over the July option and the latter grade at 3-8c per bushel under while No. 2 Northern was 3-8c under, following the decline of Monday.

DAIRY PRODUCE

Montreal, June 7th
EGGS—Strength in this market developed on Wednesday when wholesale jobbing prices were advanced 1c per dozen. The feature of the trade during the past seven days has been the improved demand from English importers for Canadian storage eggs, and as the prices bid in some cases were satisfactory moderate amount of business resulted for fall shipment from this port, including some sales at 34c per dozen, f.o.b., seaboard, and the prospects are rather encouraging for the future owing to the lower prices ruling, as compared with a week earlier and the excellent quality of the stock. Another feature of the week was the stronger feeling that prevailed in the country, and according to advices from Ontario country shippers prices have ruled higher, which is attributed to the continued keen demand for supplies for storage account, and sales of round lots of extras were reported at 31c to 32c per dozen, firsts at 29c to 30c in export cases, f.o.b., point of shipment.

Locally a fairly active trade is being done with sales of fresh specials at 36c, extras at 33c, firsts at 29c, and seconds at 24c per dozen. POULTRY—Broilers and ducks are still coming in and there are no stocks available for export, the domestic market taking the whole supply. Broilers and ducks are selling at 45c to 50c for live broilers (1 3-4 lbs.) and 39c for ducks (4 3-4 lbs.)

NEWS BUDGET OF KNOWLTON AND DISTRICT

Happenings, Newsy Notes, Reports of Meetings and Personalials of General Interest.

KNOWLTON, June 7.—The regular meeting of the I.O.G.E. was held on Thursday afternoon when arrangements were made for a tea to be held at the Brome Lake Boat House at some future date to be announced later. The meeting adjourned for the summer months. Mrs. Melville Pilkey will entertain the Parochial Guild of St. Paul's Church on Wednesday afternoon next.

To observe "Memorial Day" the members of Colfax Rebekah Lodge will meet at the Post Office on Tuesday night, June 10th, at seven o'clock sharp, when autos will convey them to the cemetery to decorate the graves of the deceased members. Any relatives and friends of the departed ones will also be welcome to join in this commemoration.

Mr. Arthur Dunn, of Cortland, N.Y., accompanied by Mr. James Taylor, of Salem, Mass., were here on Thursday disposing of their property, opposite the creamery to Mr. Godden, who will reside here with his family. Mr. and Mrs. E. Stanley Cochrane of Stanbridge East, were dinner guests of Mr. and Mrs. R. Edmund Miller on Sunday.

Word has been received from Mr. and Mrs. J. H. Russell that they are nicely settled in their new home at Westley, R.I., and like the place very much.

Mr. and Mrs. J. M. Pangman have arrived from Montreal for the summer and are with their daughter, Mrs. Herbert Elder, in the Weir House.

Colonel and Mrs. W. R. Creighton, and their family, of Montreal, have taken Rockwood and will reside there for the summer. Mr. and Mrs. James Rodger have arrived from Westmount and are opening up their summer home. Mr. and Mrs. Rodger spent the winter in Australia.

Mr. and Mrs. Percy Thornhill of Montreal will occupy the Symond's cottage again this year and are taking up residence this week.

Kenneth W. Dawes, Vice-President of Dawes Brewery, has purchased 50 acres of land from Mr. Senft and will build a beautiful home there. This property commands a lovely view of lake, mountain and valley, and if Mr. Dawes erects a house on the same enterprising lines as he developed the property he sold to Mr. Norcross, it will be one of the finest and most unique homes in the Townships. He and his family will be a welcome addition to our village.

Col. and Mrs. Stains, Dr. and Mrs. Herbert Elder, Mr. and Mrs. Philip Fisher, Mr. and Mrs. A. R. McMaster, Col. and Mrs. Wm. Legratt, Senator and Mrs. Foster, all of Montreal, have taken up residence here for the summer months.

Mrs. L. M. Knowlton went to Ottawa last week as a delegate to the W. M. S. Convention.

Messrs. Holton Hastings and G.

per cwt. There was no improvement in the demand from foreign buyers for Manitoba spring wheat here yesterday and business was dull owing to the fact that the few firm bids received were at the close of the market in Winnipeg 4c to 5c per bushel below actual cost and exporters stated that the prices bid for oats were 1-2c per bushel under what they could accept. New York wired that sales of No. 2 northern wheat were made at 8 1/8c per bushel over the Winnipeg July option f.o.b., and at 7 5/8c per bushel over the same option, c.i.f. Montreal for first half June shipment.

Last Friday an easier feeling developed in the local grain market and prices were shaded fractionally. Since that date they have stood at on spot, sales of odd cars of No. 2 Canadian western 50 1/2c to 51c, No. 3 C.W. at 48 1/2c to 49c, No. 1 feed at 47 1/2c to 48c and No. 2 feed at 44c to 45c per bushel, ex-store.

NEW YORK PRESS MARKET COMMENT

Furnished by McManamy & Walsh

Journal of Commerce—The day was somewhat pessimistic, although there was nowhere enough suggestion of weakness or recession to make it really an evidence of any fresh downward trend. New York Tribune—Keen observers profess to see signs of improvement and prospect of greater activity in some of the leading industries, particularly in steel. Wall Street Journal—Despite all the bearish propaganda concerning the oil situation, there is a growing disposition to take a broader view of conditions in the industry rather than to restrict the outlook to temporary considerations. Wall Street Journal will say today:— Ford of Canada May shipments lower than last year. For first 5 months total is greater. Reading earned twice dividend last year. Surplus equalled \$9.15 on common. Expected 8 p.c. rate will be continued despite lower earnings this year. Steel price average of six cents a ton. Missouri Pacific makes "comeback". New management has attained excellent results. Traffic has increased earnings better, expenses cut. Record gasoline business in April. Domestic consumption 25 p.c. above April 1923. Daily requirements 24,700,000.

MUSSOLINI EXPLAINS TO TURKISH AMBASSADOR

Made Representations Against Reports in Turkish Press of the Concentration of Italian Troops With Aggressive Intentions.

ROME, June 7.—Premier Mussolini yesterday invited Suad Bey, the Turkish Ambassador, to the Foreign Ministry and made representations to him against reports appearing in the Turkish press of the concentration of Italian troops with aggressive intentions against Turkey. Suad Bey expressed regret that the reports had been published and said he would immediately make a report of his conversation with Premier Mussolini so that the Turkish Government could adopt the measures deemed necessary.

YANKEES HOLD FIRST PLACE BY FULL GAME

Won Series With Chicago While Boston Was Forced to Divide Honors in Series With Browns.

(Associated Press Despatch) NEW YORK, June 7.—The World's Champions hold first place in the American League by a full game following their five to three victory yesterday, which gave them the series with Chicago.

Boston, which headed the first two games with the Browns, were forced to divide the series when Sisler's team repeated Thursday's victory with a 11 to 4 triumph yesterday.

Detroit met the fate of other strongly challenging teams at important moments during the season by losing 2 to 0 to Washington, as Walter Johnson allowed only four hits in his 104th shut out.

In the fourth American League contest the Athletics beat Cleveland by 11 to 7.

Rain kept Chicago, New York, Brooklyn and Pittsburgh, four of the five ranking clubs in National League idle. Cincinnati, in fourth place, lost an opportunity to pass the Red Sox when Boston staged an eighth inning rally which beat the Reds four to three. The Phillies made it three out of four from the Cards with a 7 to 6 victory.

BASEBALL

MAGOG TO HAVE AMATEUR BALL TEAM

MAGOG, June 7.—The Prue Baseball Club, of Magog, have organized for the coming season and have decided to run a local amateur club, composed of Magog boys, instead of operating a semi-pro club.

The team has had a few practices, and the talent on hand has shown up well, and prospects are bright for a fairly good team.

It is expected that the first game will be played on June 22nd. Several dates are open, and the management would like to hear from any team in the Eastern Townships for games both at home and away. Games can be arranged by writing to the Prue Baseball Club, P.O. Box 21, Magog, P. Q.

HIGH SCHOOL LOST TO CIRCO JUNIORS

Circo Juniors handed out a bad beating to the High School football team in a match played on Thursday evening. The final score was 5 to 0. High School won the toss, and in the first half Soper opened the scoring for Circo, the same player scoring again a few minutes later. The third tally was made towards the end of the period when one of the High School backs kicked the ball into his own goal. Hammond, for High School, missed several chances of scoring during the period.

In the second half Cutts and Twyman scored for Circo. The game was handled by Mr. M. T. Mason. The line-up was as follows: High School—Loomis, goal; C. Banks, r.back; F. Humphrey, l.back; F. Sangster, l.h.back; Duff, c.h.back; S. White, r.h.back; Costley, o.right; McKay, i.right; Hammond, c.forward; Lunn, l.left; Gardner, o.left. Circo Jrs.—Hittington, goal; J. Northey, r.back; C. HOW TO JUMP A STYMIE

The rank and file of golfers object to the stymie because they have never taken the time or thought necessary to perfect this most interesting of all golf shots. The principal thing to learn is the way to cut or slice around a ball or to make your own ball hop over the obstructing ball. No stymie is actually impossible.

If one will take a mashie, it need not be laid back far, and hit the ball by permitting the club to sweep along the ground he will find that the ball will jump into the air. No stabbing process is required, the loft of the club will take care of the flight of the ball. Only a very little practice is required to make this shot. The average player can accomplish the trick nine times out of ten. Practice is needed to learn the distance and the amount of force needed.

Kirkwood can do wonders with a ball on the green. His double jump described in the picture has made every stymie known to the game possible. There is no longer any mystery about stymie play among the very expert. A player who learns this shot is just as much entitled to reap the benefits of his knowledge as a billiard player is to exercise his science and skill against an opponent. Those who learn the stymie shot are always willing to take chances on an even break in the luck of the game. (Copyright 1924 by the Bell Syndicate, Inc.)

HEILMANN IS STILL AT TOP OF BATTERS

Ruth Had a Good Week and Is Now Fifth on List—Snyder Leads in National League.

(Associated Press Despatch)

CHICAGO, June 7.—"Babe" Ruth has landed among the leading batters of the American League after a long chase. The Yankee star is batting in fifth place with an average of .367 a gain of thirty-one points within a week the figures including games of Wednesday. He continues to wield his bat with the same effectiveness in driving out the homers having connected with three in the last week bringing his total to fourteen.

Harry Heilmann of the Tigers, still is the best among the hitters, topping the list with an average of .404, a loss, however, of twenty-one points from his mark of the previous week. He is also leading the scorers with thirty-eight.

Ike Boone, of the Red Sox, continues to hang on Heilmann's heels with an average of .381. Harris, of the Red Sox, is third with .370. Eddie Collins, of the Chicago White Sox, failed to add to his base stealing record, but his nine thefts were in record, but his nine thefts were the heap.

Frank Snyder, veteran catcher of the New York Giants, has finally overtaken Rogers Hornsby, star of the Cardinals, for hitting honors in the National League, his average jumping to .408, a gain of forty-eight points. Hornsby, who has held the spotlight almost all season, suffered a twenty point drop and is trailing the New York slugger with .401. Zach Wheat, of the Dodgers, and George Kelly, New York, first baseman, are tied for third place honors with .386.

Frank Frisch, of the Giants, continued to lead in scoring, his total being forty-one. Jacques Fournier, of the Dodgers, clouted out two home runs and is showing the way with eleven. The base stealers did not show much activity, George Grant-ham, of the Cubs, breaking past his rivals with eleven.

Safe Rudder Steering!

Elio 3HP Foot Light Twin

THE ELTO steers by tiller lines from any part of the boat. No need to hold to shaky steering handle! The ELTO is full 3 H.P. by piston displacement which is an extra horse power over all other light weight outboard motors. It is also the lightest outboard motor per H.P. The ELTO starts at first quarter turn. No hard stubborn starting. No ropes needed. Improved waterproof battery and Atwater Kent Unisparker give big, hot spark, independent of cranking speed. Battery lasts full season. No parts to be returned for re-setting.

The ELTO has double the bearing area of other light weight outboard motors. Big bearings mean durability. No dangerous wobble turning possible with its safe rudder steering. This is the perfected motor of the Evinrude, the pioneer designer of outboard motors—solidly under the name of "ELTO". Write for catalog or call for demonstration.
