THE ÆTNA LIFE INSURANCE COMPANY.

From the Official Table on the other side, it will be seen that this Company has again, as for many years past, been honored with a larger amount of patronage in Canada during the past year, than any other. And not only so, but its new business is shown to have been far more than that of the whole of the fourteen old country companies combined! There are substantial reasons why the Ætna is more successful than other companies. Chief among these is the

GREAT IMPROVEMENT IN LIFE INSURANCE

introduced by this Company and not afforded by any other. This consists of two most valuable features:

1st. All its non-policies (since 1865) are ABSOLUTELY NON-FORFEITABLE, whether on the Endowment, Ten Years, Twenty Years, or Common Life Plans, after the payment of two annual premiums. Every policy embraces a PAID-UP POLICY for as large an amount as the accumulated cash value will purchase, should misfortune, or any other cause, compel the insured to discontinue paying premiums. The amount of said Paid-up Policy will usually prove greater than, and on some of the plans, more than double, the Cash paid to the Company.

2nd. Whereas the policies of all other companies doing business in Canada become worthless if the restrictions therein are violated, (it being generally expressly stipulated that "in every case where this policy shall cease or become void, all previous payments made thereon and all dividends accrued thereon shall be forfeited to said company,") the Ætna's Improved Policy, on the contrary, guarantees the return of the FULL CASH VALUE of the Policy at its expiration, if two or more annual payments have been made thereon, no matter how many restrictions may have been ignorantly or wilfully violated. The Ætna's Improved Non-forfeiting Policy is therefore a PERFECT SECURITY.

By the above concessions, this Company has entirely removed the strongest bar to the progress of Life Insurance among the people, viz: the fear that they might be unable to keep up their payments, and thus lose all they had paid in. It therefore merits the liberal patronage bestowed.

But there are other important reasons why the Ætna Life Company has a larger business in Canada than all the old country companies combined. One of them is its

MORE PROFITABLE INVESTMENT OF FUNDS,

resulting in large annual cash dividends to policy-holders. It will suffice to state that a Company with Assets of over $10,000,000 annually invested at over 6 or 7 per cent. compound interest, can afford cheaper and better Life Insurance than companies doing a very small and expensive amount of business, and taking away Canada money to be invested abroad at from 2 to 3 per cent. The difference from interest alone, upon the above sum is $640,000 PER ANNUM!

The Ætna selects its lives from the healthiest sections and invests its funds in the best markets afforded by the entire continent; its expenses, in proportion to business done, are less than any other company of its age; and its facilities for effecting life changes, and at the same time the most Life Insurance, are unsurpassed by any company whatsoever.

AMOUNT OF BUSINESS TRANSACTED.

A proper appreciation of the standing and business of the Ætna Life Insurance Company is afforded by the following Table, giving the entire business of the respective Companies throughout the world, for their last financial years:—

NAMES.	No. Policies Issued.	Amount of New Policies.	Total Income.	Payable Claims of the year.	Total amount of Policies in Force.
Standard, Edinburgh	1,953	$3,770,720	$2,555,000	$1,730,000	$37,000,000

Scottish Provincial	500	1,000,000	500,000	250,000	10,000,000
Caledonian Union	400	1,000,000	500,000	250,000	
ÆTNA LIFE Ins Co	11,317	$3,705,474	$1,114,377	$1,004,000	$35,000,000

The above Table shows that the Ætna Life Insurance Company has a larger income, and transacts nearly as much business as the whole of the others combined, thus affording a large saving, from this source, for distribution among its policy holders in Annual Dividends.
