L'AUBERGINE DE LA MACEDOINE IS IN TOWN!

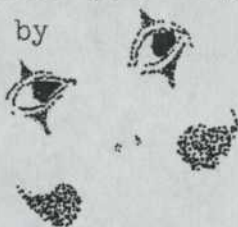

If you are seated right here today waiting for this show to begin, it is that you probably know or heard about l'Aubergine de la Macédoine.

If you have not, let us introduce ourselves.

L'Aubergine de la Macédoine is a professional troupe of clowns that started in 1974. Since then, it has achieved eight productions, created by the clowns themselves. They have succeeded in becoming colorful musicians, amusing jugglers and foolish acrobats. L'Aubergine has entertained over 300,000,000,000,000 spectators all through Québec, in Ontario, New Brunswick, British Columbia and Below Zero.

We have decided to make you forget, for a while, the old cold winter by blowing your way the warm breeze of our last summer's production!

So, just sit back and relax, we'll do the rest!

We hope you will enjoy the next hour as much as we enjoy being here with you.

P.S.: Silence is out of order...
laugh is a must!
