Police charge Hector Romain with murder of his brother

Hector Romain, decribed by Coroner Dr. Harold Laycock as "mentally unbalanced", was alleged by police to have said "I shot him with my own 22 rifle . . . because Ovila said he was going to shoot me and throw me out." Hector will appear before District Judge Arthur Labbee on October 16th on a charge of murdering his brother.

Jurors at the inquest were Jack O'Neil, Cecil Vibert, Theo Morin, Ernie Dagg and Jean Guy Larivier. Tigers even score

By Bruce Yemen

The stage has been set for the biggest baseball battle in several years Sunday in Shawville.

The strong left arm of Earl Powell carried the Tigers to a tight 3-1 win over Campbell's Bay last Sunday at the Bay to even the best of five Upper Ottawa league finals at two games each.

It was a pitchers duel all the way, with all three Shawville runs off lefty Delacey Sloan coming on Red Sox miscues.

Powell was brilliant in victory, striking out 18 batters, allowing five hits and walking only one. Sloan also tossed a five-hitter, fanned two, and walked none.

Tigers took a 1-0 lead in the second inning when Harv Sweetman reached first on an infield hit, stole second, kept right on going when the throw went into centre field and scored as the outfielder threw the ball over the third baseman's head.

The Sox tied it in the fourth on singles by Murray Belanger, Basil Belland and Sloan.

The winning runs were scored in the sixth as O'Donnell and Sweetman put singles together and scored on an outfield error.

The fifth and final game is set for 2 p.m. at the fair grounds in Shawville this Sunday.

Tigers, once a tough hitting team, have been baffled by Sloan for the last three games now, and the outcome of the chompionship game couid well depend on the pitching.

Coulonge agronomist guest of honour at school conference

The 12th Annual convention of the Federation of Catholic School Commissions of Western Quebec was held in Aylmer on October 6, Delegates were welcomed by Mr. Lanthier, Chairman of the Aylmer Catholic School Commission and Mayor J. N. O'Donnell on behalf of the town. Mr. Paul Pelletier, newly appointed Deputy Minister of the Department of Veterans Affairs, and long-time Commissioner of the Civil Service Commission spoke to those attending on the topic "Requirements for Entry into the Public Service". A panel discussion on the problems of regional and other school boards was an early afternoon feature. Panelists were Mr. A. Moreau, director of schools, La Chaudiere regional board, St. Georges, (Beauce County), R. H. Lalonde(Gatineau, Dr. H. Robinson (Pte-Gatineau, and C. A. Montreuil, Inspector. Mr. Marcel Quirouette, diocesan president of A.P.M. (French-speaking equivalent of PTA or HSA) spoke on "Education — everybody's business".

Final speaker was Mr. M. G. Grandbois of the National Placement Service who emphasized the need for the widest possible training and the urgent need to cut down on school drop-outs, in his address on "Young People in Today's Labor Market".

Following a reception by the Aylmer School Commission, at the Aylmer Town Hall, the closing banquet was held at St. Joseph's High School. Federation Order of Merit medals were presented to Mr. Aime Fillion, 25 years a school commissioner in Buckingham, and Mr. Arthur Carle, who has held the same office at Gatineau for 31 years. Both received the silver medal. Bronze awards went to Mr. Yvon Fortin, secretary-treasurer at Pte-Gatineau, and Mr. Charlemagne Gendron, of Fasseit.

Guest of honour at the banquet was Mr. Antoine Titley of the Quebec School Commissions Federation, Pontiac County agronomist, of Fort Coulonge

President of the Association for the one-day convention was Mr. Romuald Levesque.

Fire prevention week parade and open house

Aylmer's Fire Prevention Week was launched this week with one of the longest parades (in both senses) it has ever attempted. Leaving the Town Hall on Main Street, the parade, led by the Top Teens majorettes and the St. Paul's School Band went north on Broad to Bagot, Bagot to Parker, Parker to Brook and then through the main parts of town following the usual loop. This is the first time that the parade had been extended into the northern residential area. The colorful parade, blessed by one of the finest Sundays in many a moon, was well organized and smooth-running — Another tribute to the fine cooperation between the Aylmer Police Department and the Volunteer Fire Brigade. The new Imperial marching band made a particularly striking impression.

During the week Brigade members will be making speeches to service clubs, PTA and Home and School associations, Scout and Girl Guide groups, as well as visiting schools and carrying out fire drills. Posters have been displayed in most Aylmer stores. A particular emphasis has been given to high-hazard areas, and home inspections and businesses have also been carried out.

Open house will be held at the Main Street Fire Hall all during this week, and the Brigade members would appreciate your interest. Demonstrations on how to prevent fires will be given. and Fire Prevention leaflets will be given out to all district schools, churches and other organizations.

Two Aylmer boys win U of O awards

Two young students from Glenwood Domaine, just east of Aylmer, were among the winners of scholarships announced at Ottawa University during the past week.

The Rector's Scholarship valued at $250 went to James Maguire, son of Wing Commander and Mrs. W. P. Maguire, of 4 Dollard Avenue, while the Ottawa Citizen scholarship, valued at $300 went to Peter Dodson, of 15 Laval Road, son of Prof. and Mrs. E. O. Dodson. Peter is well know to summer TV viewers as co-host of the series "Vacation Time" in which he appeared with Anne Hodson of Breckenridge.

Both scholarships are renewable from year to year contingent on maintenance of high grades. Close friends as well as neighbours, both boys graduated from the Ottawa University High School and have entered the Faculty of Science at Ottawa University this fall. James Maguire leans toward the Chemical Engineering field, while Peter Dodson intends to take up the study of Geology. Both boys are 17 and take an active interest in sports when they're not "hitting the books".

FIRE SAFETY HINTS

Firechief Watt Taylor, Shawville's Firechief has asked us to convey the following safety hints for parents and baby sitters to our readers. These are ways to save yourself from fire:

- Get out of the house the minute you discover a fire or smell smoke.
- Don't fling doors open if you think there's a fire — feel them first and if they're hot, get out another way or block the doors with furniture or wet mattresses to keep out smoke and gases.
- Remember, the air is usually better near the floor in a smoke-filled building.
- Hold your breath if you have to make a dash through smoke or flame.
- Don't jump from upper-story windows except as a last resort — wait for the firemen.
- Don't ever go back into a burning building for any reason — smoke and fire gases from even the smallest fire can be deadly.
- Unless it's a small fire and you're centain you can control it with the right extinguisher, don't waste your time or your life by trying to fight a fire — get away from it and call the fire department at once — they know how to fight it.
- Always be ready to use different escape routes from any room in your house — important to remember, too, when entering any other building.
- If you're burned or exposed to fire and smoke, get medical treatment at once . . . seemingly minor burns or smoke inhalation can have fatal results.

Monday night was a dark, rainy night but the Shawville Pentecostal Church was filled to capacity to see the Billy Graham film "A Touch of Brass". Pastor V. A copy of the "Northern Star" published every fortnight in Fort Chimo, Quebec carries a terrific cartoon. Industry for Pontiac

Beechgrove, Quebec

Anyone with eyes can see that something tragic is happening in Pontiac. This county is being drained of its best natural resources, its youth, most of whom are leaving our schools and going off to the big cities.

Pontiac is not unique in this respect, but is only a reflection of the social revolution occurring across the nation. In the country as a whole, the percentage of farmers has been cut in half in the past ten years, and their average age has shot up to fifty-one.

In Pontiac however the situation is much worse than elsewhere. A drive through Ontario reveals new industry in almost every little town, while Pontiac remains largely a rural county.

Certainly there is more joy in giving than in taking. We had better think about giving a better future here to the present generation of youth, and future generations as well, for if the present trend continues Pontiac will soon be little more than a combination summer resort and old age home.

For boys interested in farming no more honorable occupation awaits them than this. However in the towns and farms of Pontiac most of the youth have skills and interests which take them elsewhere.

Besides giving jobs, industry provides other advantages to a community.

In the average industrial town the private citizen pays $.082 to get a dollar's worth of services, while industry pays $1.40 for the same dollars worth of municipal services.

Past experience shows that a new plant employing 100 workers has the following effect on a community: 427 new inhabitants, 131 new homes, 66 school children, 187 motor vehicles, 117 related or auxiliary jobs, 393 additional telephones, 3 new retail establishments, and $467,000 additional retail sales per year.

When looking for a plant location, a comapny does a very thorough economic analysis which boils down to a site where the profit is greatest.

For lowest cost of gathering raw material, the plant must be near resources. For lowest cost of fabrication, the labour, power, taxes, etc. must be as low as possible. For lowest cost of distribution, the plant must be near markets.

A municipality wanting industry must realize that it competes with other municipalities and must offer the industry as many advantages as possible.

Many communities hire industrial commissioners to work at bringing in industry. In Pontiac the mayors and councillors are their own commissioners, and can prepare an economic survey and a summary of the community's assets to industry. They can prepare industrial promotion literature and distribute it. They can negotiate with industrial leaders and visit industries which might be interested in the municipality.

What help is available from government and other agencies? Plenty. Quebec Bill No. 65 provides funds to municipalities for purchase of lands and construction of new industrial buildings. For this and other provincial assistance the man to see is Mr. Andre Corbeil, Room 600, Tessier Bldg, 191 Main Street, Hull, Phone 771-6661, local 316.

We pay taxes for the federal experts who are very happy to help us in this respect. The man to see here would be the Director of the Industrial Promotions Branch, Dept of Trade and Commerce, Mr. G. F. G. Hughes at Tel. 24143.

The rail and power companies have much to gain from new industry in Pontiac; and have agencies set up to help us in this respect.

Perhaps the case for industry in Pontiac really is hopeless. However it is my humble opinion our past efforts can be intensified and more jobs can be created in this very wonderful county of ours.

Jim Robinson.

Jim is a graduate engineer from McGill University and the oldest of a Beechgrove farm family of fifteen children.

A schoolboard matter

Oct. 3, 1963

The Editor
The Equity
Shawville, P.Q.

Dear Editor

In your editorial of last week "The Student in the Country", I got the idea, perhaps erroneously, that you and many of your readers are assuming that there was no school holiday for Shawville Fair because the teachers didn't want it. Such was not the case. The staff of the Shawville Schools have nothing to do with declaring a holiday for the Fair, this is a schoolboard matter.

Your article went on to suggest we could have taken classes over in groups to learn from the fair. As I read your description of how ideal it would have been it reminded me of the type of artificial situation presented in many texts on the Theory of Teaching. Children are smarter than they are often given credit for and sense when a lesson or situation is artificial and their reactions are equally untrue. As an experienced teacher of over sixteen years now, believe me a "fieldtrip" under the conditions you outlined would not work. I tried them a long while back when I had more of the theory and less of the practical end of teaching and they were horrible to behold.

The teachers of the Shawville Schools are not blind to the opportunities of trips for educational purposes. In the past we have taken students on guided trips to such places as the Chenaux Dam, Parliament Buildings, Experimental Farm, War Museum and locally the Post Office, Creamery and Dairy. On the day your editorial appeared some 80 pupils of three Grade Sevens had just returned from a trip to the Parliament Buildings etc. We will take them on trips when the situation warrents it, but your suggestion for the Fair would have made a bad situation intolerable.

Yours truly
George M. Stones

Showing Holsteins in the Agricultural Hall at Shawville Fair.

Holstein results at the Fair

It was perhaps ironic that Walter Kilgour of Shawville was both Premier Breeder and Premier Exhibitor, having won each honour by one point over Edwin Pirie and Son of Maryland at Shawville Fair last month. Ironic because it was by decision of the Clarendon School Board of which Walter Kilgour is chairman, that the school children of Shawville did not attend (legally) the Black and White day, Friday, for the first time in many years.

However, the Kilgours came ahead with 155 points for Breeder and the same score for Exhibitor while the Piries made 154 in each.

Edwin Pirie & Son showed the Grand and Reserve Grand Champion females, winning the Grand Championship on the first prize aged cow in milk, Cherry Crest Jennie and the Reserve Grand Championship on the second prize aged cow in milk, Elmside View Pabst Topsy.

The Junior and Grand Champion bull was the winning senior yearling, Kilmac Pabst Laddie, for Walter Kilgour and Son while the Reserve Junior and Reserve Grand Champion was the first prize junior yearling, Elmside View Dijax, for Edwin Pirie & Son. Only one senior bull was shown, Elmside View Pabst Ideal, who was the first prize senior bull for James E. Barber & Sons, Shawville.

Both the Junior and Reserve Junior Champion females were found in the junior yearling class, with the Junior Championship going to Dalton Hodgins, Bristol, on Houckhall Peggy Fond Hope. and the Reserve Junior to Walter Kilgour & Sons, Shawville on Glenark Fifty-five Mona.

J. Donald Duff, Maryland, took the best uddered female award on Maxvegan Dude Susan, who headed the milking three-year olds. She was also a member of the winning senior get-of-sire by Ottawa Dijax Dude that was jointly shown by J. Arthur Kilgour & Sons, Shawville and J. Donald Duff.

Edwin Pirie had the winning junior get of sire by Macdonald Posch Prince, also the winning progeny of dam from Elmside View Sovereign Dina and consisting of the Reserve Grand Champion cow and the 4th prize milking three year old. Pirie & Son also showed the winning junior herd, graded herd and senior herd.

This was a fine show, with 128 head shown by 14 exhibitors. The judge was Sam Rathwell of Navan, Ont.

Other prize winners included: Dalton Hodgins, first dry aged cow, first milking 4-year-old; Walter Kilgour & Son, first milking two year old, first dry two year old; J. A. Kilgour & Sons, first senior bull calf and first senior heifer calf; Edwin Pirie & Son, first junior heifer calf; first junior bull calf, first dry four-year old, first senior yearling heifer; J. Donald Duff, first 3-year-old in milk and first dry 3-year old.

Regional secondary school commission being organized

Three delegates from the Aylmer Roman Catholic School Commission were nominated to attend the forthcoming organization meeting of the newly-authorized "Commission Regionale de l'Outaouais" which is the tongue twisting name tentatively given to the secondary school board which will take in the present school district of Hull, Aylmer, Deschenes, Lapeche, Eardley, Gatineau, etc. Chosen were Messrs. Euclid Lanthier, (Chairman), J. N. O'Donnell, and A. N. Ladouceur. One voting member of the new regional board will be chosen to represent Aylmer, Deschenes, Lapeche and Eardley.

In other business at the regular meeting of the School Commission held on Wednesday, Oct. 2, the Secretary-Treasurer, Mr. J. Robert Proul, reported a total of 1355 elementary school pupils already registered. With the secondary school enrolment, it is expected that some 1800 pupils will be housed in the five schools under the control of the Commission during the year.

A request for one additional primary grade at Labelle School was deferred for further study until after the first school inspection report has been received.

Approval of payment of additional accounts pertaining to construction of St. Joseph's High School was given in principle, but the Secretary was instructed to withhold any action until the contractor had completed certain adjustments to apparently unsatisfactory installations.

After hearing a number of recommendations from a heating installations firm, the Commissioners decided to have an independent heating engineer check the installations, and if necessary, take further action to have the work carried out. A further meeting will be held on this question Oct. 9.

The question of transportation to the new school on Broad Street was brought up and held over for further study pending discussions with municipal officials and the bus company.

In routine business, the Commission authorized use of one class room at St. Mark's School for an adult-class in painting. A bulldozer will be hired to clear the grounds around St. Joseph's school as the present rocky condition of the area can lead to serious accidents. A number of minor cuts and scrapes have already been reported.

Eight man football debut

Secondary schools have come up with a fast-moving version of Canada's national fall madness in the eight-man version of football. Opening game in what is expected to develop into a four or five team loop was held at the Glenwood Domaine field near Aylmer on Sunday last when teams from Saint Joseph's School, Aylmer hosted the Buckingham squad from Our Lady of Victory High School.

This streamlined version of the game cuts down on personnel and equipment requirements while allowing schools to field an active group with the accent on speed and ball-handling while minimizing the risk of injury from cleats. The game is played in running shoes which has a rather punishing effect on the kicking — but as the handicap is the same for both teams, it evens out. Placements are all but impossible, so the point-after when and if it happens usually comes by the aerial route. All in all, a diverting sport to watch.

Sunday's game wound up with Aylmer on the long end of a 32-0 count, but the Buckingham team were pressing strongly in the second half. Jarring tackles sprung the ball loose on a couple of occasions and stopped two drives in the last quarter. Moreover, the Buckingham team, coached by C. Lahey were "outlengthed" and out-weighed.

Riding on the strong arm of Bob Gauvreau, the Aylmer team showed some crisp ball handling and strong tackling. By the end of the first half the St. Joseph's squad had racked up 19 points on touchdowns by Don Ray, Bob Bauvreau and Bill Carew. Wayne Berry and Mike Yetts picked up additional TD's in the second half. The latter also galloped 85 yards on a pass and run play on third down only to have the score called back by a holding penalty at the line of scrimmage.

Lineups for the game were as follows: Our Lady of Victory H. S.: Gerry Cameron, Gilbert Goulet, Denis Cosgrove, Ron Horton, Ken Archer, Barry Roach, Roger Laurin, Richard Parker, Peter Dunlop, Joseph Turneanczyk, Terry Kearnan, Richard Nadon, Carl Simpson Bob McManus, Ray Lepine, Paddy McDonnell, Tom Sellars and Richard Gay, St. Joseph's: Bob Gauvreau, Mike Yetts, Don Ray, Wayne Berry, Gerry and Mac Throp, Bill Carew, Chralie Boucher, John Taker, Jim Tischart, Peter Proulx, Ray Ladouceur, Dave Fulford, Bernie Cassa, Gordie Matheson and Mike Larose.

Stop half an hour to save a life!

On October 29th you have a chance to. The Canadian Red Cross is holding a blood donor clinic in Aylmer on that date between 2 and 4 p.m. and again in the evening from 6 to 8:30 p.m. The place — St. Mark's Parish Hall, near the eastern entrance to Aylmer on Highway 8, in the basement of St. Mark's church, the large buff-colored brick building on the south side of Main Street, just east of Mountain St. There is a large parking lot beside the church and entrance to the hall is by the lower door off the parking lot. All comers are very welcome and there are no appointments necessary. Total time needed from the minute you give your name at the courteous reception desk to the final cup of coffee is about one half hour. The procedure is NOT all that painful. One arm-prick, skillfully administered and then you simply lie down and relax for a few minutes. There is one other bit of "needling" — the blood sample that helps the technician verify that your blood is high enough in haemoglobin to make the donation entirely safe for you. This is exactly as painful as inadvertently cacthing your finger on a pin!

Now — will you give a half-hour to save a life? Remember that someone very close to you may well survive because someone could spare that much time.

The place — St. Mark's Parish Hall, Aylmer.

The date — October 29th (Tuesday). 2-4 p.m. and 6-8:30 p.m.

In Memoriam

THRUN — In loving memory of my dear husband Fred Thrun who passed away Oct. 8th, 1961.
It's hard to travel this world all alone,
Instead of side by side,
But to all there comes a time
When the path of life divides.
When I am sad and lonely
And Wonder why he has gone,
I ask God to forgive my fears
And help me carry on.
Sadly missed by
Wife Addie x

FORAN — In fond and loving memory of a dear husband and father Harry Foran who passed away October 9, 1962.

Tears in silence often flow
For memory keeps you ever near us
Though you died one year ago.
—Wife and Family b

KILGOUR — In loving memory of a very dear mother and grandmother, Mrs. J. B. Kilgour, who passed away Oct. 11, 1961.
Though her smile has gone forever,
And her hands we cannot touch
Still we have so many memories
Of the one we loved so much.
Her memory is our keepsade
With which we will never part,
God has her in his keeping,
We have her in our hearts.
—Ever remembered by
Ted, Evelyn, Dave, Don, Diane and Hugh. x

BEATTIE — In loving memory of a dear wife, mother and grandmother Mrs. Clifford Beattie who passed away Oct. 8, 1961.
God knew that she was suffering
That the hills were hard to climb
So he closed her weary eyelids
And whispered, "Peace be thine"
Away in the beautiful hills of God,
By the valley of rest so fair
Sometime, someday, we know not when
We will meet our loved ones there.
—Ever remembered by
Husband, Family and Grandchildren x

ARMITAGE — In loving memory of a dear mother, Mrs. Gurvus Armitage who passed away October 7, 1957.
