French Cabinet in Session; Refusal of Germany's Terms Foreshadowed

SERIOUS VIEW IS TAKEN IN LONDON OF THE SITUATION

Extraordinary Activity in British Army and Navy Circles —Northern Sea Ports Coaled.

GARRISONS ON ALERT AND COAST FORTS ENTRENCHED

German Emperor's Influence Making for Peace—Difficulties in Way of Settlement.

Special to the Montreal Star.

Paris, September 12.—The French Cabinet is in session on Premier Caillaux' answer to Germany's latest Moroccan proposals. It is believed the Ministers will approve the Premier's stand, politely but firmly refusing the Teutonic demands.

The Cabinet met at 4 o'clock. The reply had been drawn up by Premier Caillaux and the Ministers were summoned specially to pass upon it. It was understood before the Cabinet met that the French Note had been written in a spirit of conciliation, but expressed a firm attitude in maintaining the position which France had assumed on questions of principle from which she could not depart. A semi-official Note issued yesterday indicated that the German conditions would be refused.

Special to The Montreal Star.

London, September 12.—Rates of insurance against a European war within two months, went up here today from 10 to 12 per cent on account of increased tension between France and Germany.

The French Cabinet's reported decision to reject Germany's latest proposals is regarded in British official circles as perfectly natural, the teutonic demands, which are said to include, a specification for a 30-per cent. share for Germany in all French public works in Morocco, being of a nature in which it is felt neither French interest nor self-respect could permit acquiescence.

Among local financiers, it is predicted that the strengthening of the German markets, following the slump of last Saturday, will soon give way to another decline. It is in this financial embarrassment in the Fatherland that the greatest hope is seen here, many of the best judges still maintaining that the pressure will ultimately become so severe as to compel a modification of German policy.

Reports from Berlin also indicate to-day that the anti-war agitation by the German Socialists, is becoming too formidable to be much longer ignored.

GREAT BRITAIN IS ON THE QUI VIVE.

Special to The Montreal Star.

London, September 12.—The gravity with which Germany's demands in Morocco are regarded in France is reflected in England by the extraordinary precautions now being taken to have the army and navy in a high state of efficiency and preparedness for any eventuality.

At Sheerness extraordinary precautions are taken by the military authorities. Armed guards are mounted at all garrison approaches, and everyone seeking admittance is challenged. Barricades erected round the two searchlight towers, east of the Ravelin Battery, are closed night and day, although the urban district council has protested that they cut in halves the most popular end of the sea front.

The steel observation tower further east, which commands an extensive view of the North Sea, is strongly barricaded, and at night an infantry guard with fixed bayonets and ball cartridges is mounted there. On Monday afternoon the battery men began throwing up earthworks along the right and rear flank of the Ravelin Battery.

For weeks past garrisons have been working at high pressure, offices remaining open day and night, including Sundays.

Yesterday afternoon orders were received at Aldershot to cancel all cavalry manoeuvres, the reasons given by the Army Council for this sudden cancellation being the drought. The abandonment is generally accepted at Aldershot as significant, and the pretext of the drought is regarded as quite insufficient to account for the stoppage.

RUSHING STEAM COAL TO NORTH SEA PORTS.

Another significant fact became known last night, to the effect that during the last two weeks, the Admiralty has been rushing war coal from Cardiff by train to various ports on the north-east coast of England and Scotland. These operations have been carried out with the greatest secrecy, and, the most elaborate arrangements were made to keep the public ignorant of this unusual method of conveying coal by railroads instead of by barges.

As a result of these operations, the depots at Hull, Newcastle, and other ports are now stocked with a considerable amount of reserve fuel upon which to draw in case of need.

It is also stated that the Admiralty's agent at Cardiff has given explicit instructions for Rhondda steam coal to be hurried forward to Scotland at any cost. This coal is valued a $4 a ton at Cardiff and is to be sent by rail at the rate of $6.50 per ton carriage. Each of the waggons is labelled "Urgent, on His Majesty's Service," in large letters.

ENGLISH OFFICIALS TAKE ANXIOUS VIEW.

Reuter's Telegram Company states that it has received a communication "from a high diplomatic source in London," to the effect that Germany's reply to the French proposals in regard to Morocco have caused great disappointment.

If the German proposals were accepted, according to this communication, they would practically involve a condominium over Morocco, economically and politically, and would mean that France and Germany would be on the same footing.

In English official circles an anxious view of the question is taken and this view has not been changed by the receipt of the summary of the German reply to the French proposals telegraphed here. It is true, diplomats point out, that Germany appears to agree in principle to tthe establishment of a French protectorate in Morocco. She, however, makes such reservations as amount almost to a withdrawal from the agreement.

What Germany now asks would place her on much the same footing in Morocco as France has in the matter of railway construction and administration as well as in regard to roads, telegraphs and other enterprises.

"France," says a high official, today, "is prepared to give Germany every guarantee that she will receive equality of treatment with other nations, but it is impossible for France to give the economic advantages now asked. For the moment the point of interest is not the extent of territorial compensation. The importance of the German Note lies in its Moroccan proposal."

While no one professes to believe that war is probable, there is no doubt of Great Britain's readiness therefor. Whether this has any connection with the negotiations cannot be said.

GERMAN FEELING IS MORE OPTIMISTIC.

Special to The Montreal Star.

Berlin, September 12.—So far as Germany is concerned the Moroccan question is marking time. Before leaving Potsdam yesterday, the Kaiser granted a long audience to Herr Von Kiderlin-Waechter, the Foreign Secretary, who gave him a detailed report of the actual state of the negotiations.

Perhaps the calmer tone of public opinion to-day may be due to further insistence by the Kaiser upon an amicable solution of the crisis. It is noteworthy, at any rate, that each appearance of the Emperor in person upon the scene has been followed by an improvement in the Franco-German outlook and a diminution of national uneasiness.

There is decidedly a more hopeful feeling prevalent to-day. Even the Pan-German press is less aggressive. The Bourse has recovered from its panic-stricken condition of last week. There was a reaction in all departments yesterday, the buoyant tendency continuing up to the close.

Jena, Germany, September 12.—The Socialist Congress, which is in session here, after a long and severe criticism of the "Sensational jingoism, which is attempting to drive Germany into war," adopted a resolution denouncing the present situation.

ARE AMERICAN TRUSTS FINANCING THIS ELECTION?

Parliament Must Investigate

The paid Canadian anti-reciprocity press is repeating itself with suspicious persistence and on the slightest pretext regarding alleged Trust money sent into Canada to fight against Reciprocity. The story was born amidst the immaculate surroundings of the Hearst newspapers, and it was eagerly adopted by the "paid press" in Canada. So eagerly, indeed, did they seize upon it, and emphasize it, that we admitted our suspicion that there was a cry of "Stop Thief!" intended to distract attention from the real malefactor.

It looked exceedingly like the effort of men fearful that the discovery would be made that their friends were being "financed" by American Trusts—to break the force of such an exposure by "getting in ahead" with a bogus accusation of the same sort against the other party.

Now another New York journalist repeats the story; and this time to the Ottawa "Journal." A statement of this sort in its columns cannot be allowed to rest unexamined. We suppose that the "Journal" itself will follow up the information of its correspondent. That is its patriotic duty; and it should never have given publicity to so grave a charge unless it had the intention to exhaust its resources in finding proof or tracing a "canard" to its source.

* * * * * *

On the other hand, serious statements are constantly being made to this office, not only from this city but from other parts of the country, that a huge American campaign fund is being distributed throughout the constituencies in support of Reciprocity. **We have been told of American bills of large denominations being changed at certain banks by political "workers"—men in sympathy with Reciprocity.**

Last night at St. John, N. B., a charge to this effect was publicly and definitely made by Mr. Fisher, of the firm "Emmerson and Fisher." He gave the date—August 30th—upon which a $5,000 "gold coin" American bill was presented for deposit at a St. John bank by a prominent St. John Liberal, and stated that they believed that this money was intended for the use of the Liberal campaign in this election. Our information, we may add, has been that large American bills have been changed into smaller Canadian currency at the banks, and that known Liberal "workers" have carried off this currency.

* * * * * *

The seriousness of the situation cannot be over-stated. We now have charges from both sides that "American money" is being sent into Canada to buy a verdict. **As for ourselves, we would as quickly resent and expose the appearance of an American bribery fund in a Canadian election on one side as on the other.** We cannot find language to adequately express our whole-souled indignation that any American Interests—be they for or against Reciprocity—should have the insolence to busy themselves at all in a Canadian election. That their activity should take the form of sending their dirty money in here—thinking with minds steeped in the sordid methods of their soulless, money-grabbing operations, that Canadian patriotism is for sale—is a triple insult for which a penitentiary sentence would be too light a punishment.

If American money is coming in to fight Reciprocity, we do not know it. The men who are managing the anti-Reciprocity campaign, do not know it. Proof of it would be very welcome to us; and we would be ready to assist to clap [illegible] Canadian agents of so degrading a campaign behind prison bars.

That American money is coming to fight for Reciprocity, we are very reluctantly being compelled to believe. Evidence of it is falling about us too thickly to be disregarded; and our readers may be very sure that we are doing our best to get at the truth. An invasion of this country more perilous to our politcal independence or more menacing to the conscience of the nation—our most precious possession—could not be conceived.

* * * * * *

As the matter stands, there must be a Parliamentary investigation the moment the House meets. A Parliamentary Committee should be appointed to probe this matter to the bottom. It should have power to send for persons and papers, to examine under oath, and to drag forth the secrets of every man, every bank, every political "worker," suspected of being concerned in this disgraceful affair. The Canadian end of any such plot should be exposed to the most searching light; and any Canadians caught selling themselves to so sinister and sordid a foreign enemy should be punished to the full extent of the law.

* * * * * *

We are just as anxious that this should be done if the traitors have taken American money to fight against reciprocity as if they have taken it to fight for it. As to the probabilities of the case, they will hardly be disputed. Some American Interests did fight against reciprocity before Congress; but they were beaten. The American Senate—which is owned body and soul by the big Interests in the United States, chiefly the Trusts and the railways—went in favor of reciprocity by a large majority. When that section of the Senate, which is not Trust-owned—the Insurgents—is eliminated, and certain Senators, who were against reciprocity for sectional reasons are counted out, the Trust-owned bulk of the House—the overwhelming majority—was practically unanimous for reciprocity.

This proved to a demonstration that the big American Trusts favor the proposals of Trust-owned President Taft. **If the American Trusts had wanted to beat reciprocity, they could have beaten it in their own Senate with the greatest ease.** But they did not want to beat it; and everybody knows why they favored it. They see in it a measure for the addition of Canada to their Trust-controlled territory.

* * * * * *

To charge them with now fighting against reciprocity in Canada, is to accuse them of opposing their own financial interests; and, of whatever crimes they may be guilty, **unselfishness has never yet been one of them.** Neither have they been noted for scrupulousness or a reluctance to use money where they though it would boaden their business. Furthermore, they work on the principle that "every man has his price—why not every nation?

If they are trying to debauch Canada to-day, they are setting no new precedent. But if they are fighting against a policy which will enlarge their sphere of plunder by the addition of the Dominion—if they are spending money to defeat in Canada what they ordered their "kept" American Senate to adopt at Washington—if they are plotting the rejection of the "agreement" upon which their own Presidential candidate (Taft) depends for re-election—if they are taking steps which will bar them forever out of Canada and put the Democrats in power in the United States—then they are setting a decidedly "new precedent." They are cutting their own throats. They are sacrificing their own interests. They are hiring the Canadian people to help them commit suicide.

* * * * * *

There is talk of a Congressional investigation. There must, in any case, be a Parliamentary Investigation. This is a menace against the very life of Canada. Even if repelled now, it may come again if not drastically discouraged. And the only way to discourage it, is to devote the great powers of Parliament to tracking down the traitors, and then to pillory them in prison stripes.

"UNCLEAN THING" SAYS PREMIER WHITNEY OF PACT

"Tell Sycophants of Foreign Nation Our Blessings Shall Not Be Given Away."

SIR J. P. WHITNEY MAKES APPEAL IN WEST TORONTO

Sir Wilfrid Condemned for Associating with Annexationists at Windsor.

Special to The Montreal Star.

Toronto, September 12.—Three thousand of the electors of South and West Toronto crowded into the Parkdale roller rink last night to hear Sir James Whitney, Mr. E. B. Osler and Mr. A. C. MacDonell, the two candidates in whose interests the meeting was held, and other gentlemen, discuss the issues of the election.

Hon. Thomas Crawford, speaker of the Ontario Legislature, presided, and in his address opening the meeting declared the present was emphatically not a party campaign, and said all honor was due to the Liberals who were casting loose from their party to line up with Mr. Borden and his supporters in the interests of the Dominion.

Mr. Osler, who followed, condemned the appeals to racial and religious prejudice which had characterized so many of the meetings of Sir Wilfrid Laurier and his followers. Mr. Osler warned his hearers against the results likely to follow the adoption of Reciprocity as asked:

"Will you vote for Taft or will you vote for Borden?"

"For Borden, for Borden," shouted the crowd.

Sir James Whitney said he was proud, happy, and anxious to assist the Conservative candidates in Toronto against the "unclean thing" offered by the Laurier Government. He adjured the people of Toronto to elect "men," to tell those sycophants at the bidding of a foreign nation that the blessings which are ours shall not be given away."

ANNEXATIONISTS WITH PREMIER AT WINDSOR.

Sir James then read a number of utterances by United States politicians foretelling the annexation of Canada to their country in the event of the ratification of the treaty.

At Windsor, he continued, one half of Sir Wilfrid Laurier's hearers came from Detroit, and with him on the platform sat Senator William Alden Smith, who had asserted that Reciprocity would strike a blow at the scheme for the consolidation of the British Empire.

"This man and others of his countrymen were there to cheer Sir Wilfrid Laurier when he championed the cause of Reciprocity," declared Sir James.

OBSTRUCTIONISTS ARE SEVERELY HANDLED.

Ste. Anastasie, Que., September 12.—An attempt on the part of some Liberal sympathizers to break up a meeting here on Sunday night by driving an automobile through the crowd in various directions, met with disastrous results to its promoters.

The meeting had assembled to hear Mr. L. H. Huard, Conservative candidate in Megantic, and Mr. L. Pacaud, the Liberal candidate, discuss reciprocity, but it proved too strongly Oppositionist in tone to suit the enthusiasts in the auto, and with the evident object of creating a diversion they began to drive their auto this way and that through the crowd, hoping to split it up.

The outcome was that the audience got first restive and then angry. The auto and its occupants were stoned, and the machine wrecked. Thereafter the meeting proceeded in peace.

HON. W. HARTY SAID TO BE AGAINST 'PACT.

Special to The Montreal Star.

Kingston, Ont., September 12.—The refusal of the Hon. William Harty to accept the Liberal nomination for Kingston is understood to have been due to the fact, privately expressed to his friends, that he is not altogether in favor of the reciprocity pact proposed by the government.

Being at the head of the large locomotive works here, Mr. Harty, it is reported, is fearful that this may be the thin edge of the wedge. He himself will not discuss the matter, but it is pointed out that he was among the manufacturers who waited on the government to protest against the measure, and his name is on the list of delegates.

Mr. W. F. Nickle, M.P., is Conservative candidate and Mr. J. M. Mowatt, Liberal standard-bearer.

INDICATIONS THAT MAINE HAS TURNED DOWN PROHIBITION

Latest Figures Give Repeal Faction Majority of 904—Recount Likely.

Lewiston, Maine, September 12.—After twenty-seven years of constitutional prohibition, Maine yesterday decided by a small majority to try something else. Although the question at issue was only whether the prohibitory amendment should remain in the Constitution or not, it was generally understood that it is but first step toward the final repeal of all prohibitory legislation, and the enactment of some kind of license and option laws in its place.

Unofficial and only partly revised returns from 499 out of 521 cities, towns and plantations gave a majority of 904 for the repeal of the prohibitory constitutional amendment. The missing twenty-two towns cast less than 385 votes at the State election three years ago.

The total vote by congressional districts was, for repeal, 60,782; against, 59,878. The Legislature must act before the present statutory law adopted in 1857 can be repealed, and the question must again go before the people.

As has been predicted, the cities were the chief strongholds of the repeal faction, but a majority of 12,000 in the total city vote was barely sufficient, according to the latest available returns, to offset the vote of the rural communities.

Though the vote did not equal that of a year ago, when the Democrats swept the State, the election was without question one of the most interesting contests the State has ever known. Little excitement marked the voting. Although the polls in some cities were crowded much of the time, it was an orderly crowd.

CHARMING WATER TRIPS IN SEPTEMBER.

It is during this month that the picturesque St. Lawrence and marvelous Saguenay Rivers assume their most pleasing aspect, the foliage tinted in colors which only nature can make, tend to unfold an ideal picture.

ALARMING REPORTS STATE SITUATION WORSE AT CHENG-TU

Soldiers Disaffected and Military Commander Said to Have Committed Suicide.

Special to The Montreal Star.

Pekin, September 12.—Reports that the military commander at Cheng-Tu has committed suicide as result of his inability to suppress the anti-Government uprising there, are interpreted as meaning that rebels are in complete control in the locality and it seems probable that the Government troops have suffered an overwhelming defeat. Telegraphic communication being cut off, definite information is lacking, but rumors are current of widespread looting and incendiarism and murder.

The British legation received a telegram to-day stating that the first party of refugees from Cheng-Tu had arrived in safety at Sui-Fu.

Soldiers are Disaffected.

Cheng King, Western China, September 12.—A serious rebellion has occurred in the district of Cheng-Tu. The soldiers refuse to obey instructions, and are trying to bring force against the Government control of the railway. The schools are closed in consequence.

Business has been suspended and unless the uprising is stopped it may lead to a general rebellion. Conditions are precarious.

The missionaries are concentrating here. Four foreign gunboats provide all protection. Chengtu is quiet. The uprising is not at present directed against foreigners.

WANTED—MAPLE LEAVES.

Mr. W. L. Griffith, High Commissioner's Office, 17 Victoria street, London, S.W., England, says that he will appreciate it if any readers of the Star will forward to him, by mail addressed as above, a few maple leaves. The Canadian emblem is in requisition for several functions during the year.

CHENG-TU REBELS ATTACK TROOPS.

Forty Men Reported Killed in Early Engagement—General Strike Begins.

Hankow, China, September 12.—A skirmish occurred yesterday at Cheng Tu, in the province of Sze-Chuan between Chinese troops and rioters. Several persons on both sides were killed or wounded. A strike is now in progress at that place and the markets are closed.

MR. BORDEN SAYS CONSERVATIVES WILL ENCOURAGE ESTABLISHMENT OF STEEL SHIPBUILDING IN NOVA SCOTIA

Steel and Coal Men Give Him Another Demonstrative Reception at Sydney Mines—He Tells Them His Party Has One Policy for the Whole Dominion, to Develop the Country's Resources from Within, Not Favoring Exportation of Unfinished Canadian Products to States or Elsewhere — No Withdrawal from Reciprocity, Once it is Entered Into He Declares, Save on Such Terms as Washington May Dictate.

Special Staff Correspondence.

North Sydney, N. S., September 12. —The steel and coal territory of Nova Scotia has given Mr. R. L. Borden a magnificent reception. New Glasgow set a high standard on Saturday night, but the Sydneys did not fall behind it. The meeting at Sydney Mines was originally planned for the town hall, but so great was the interest manifested that a change had to be made to the adjoining picnic grounds, where three thousand people gathered and gave the Conservative leader a hearty welcome.

"Canada for the Canadians. The British Empire our Safeguard," read the banner which was stretched across the front of the platform. This motto was significant of the temper of the audience, who responded readily and enthusiastically to appeals to their loyalty and gave a quick assent to praise of the National Policy.

Mr. Borden introduced two new and important features into his speech last night. The first was a declaration that the Conservative party, if placed in power, would assist the development of steel shipbuilding. The second was a quotation from Sir Wilfrid Laurier's speech at Alexandria, Ontario, indicating that free trade in manufactures was a natural development of this agreement.

An amusing incident occurred during Mr. Borden's speech. A board in the temporary platform was weak, and it gave slightly under Mr. Borden's weight. "We must have a plank of the Liberal platform here," commented Mr. Borden, as he stepped to the other side of the speaker's table. The audience laughed heartily in enjoyment of the witticism.

FAVORS FEDERAL AID TO DEVELOP RESOURCES.

Mr. Borden, who was greeted with sustained applause, opened his speech by again referring to his proposals for federal subsidies to the provinces for agriculture and good roads.

"The Liberal-Conservative party," he said, "have never objected to the generous expenditure of public money in Canada for the development of our country, but have laid down the principle that every dollar should be expended in the interests of the public, and that for every dollar expended, a dollar's value should be received in return. Under conditions arising out of the Confederation Act, the revenues of the Federal Government have been for several years much larger in proportion to the provincial revenues than was originally contemplated. Having regard to this condition, we propose to grant aid from the Federal Treasury for the construction of permanent highways. The needs of this province in that respect are so well known that I need not dwell upon them. We are further prepared to aid the agricultural population of this country by bringing to them on the farm instruction in improved methods of agriculture and practical demonstration of the advantages of such improved methods. (Cheers.)

"Ever since 1879 the Liberal-Conservative party has stood such a national policy as will promote the development of all branches of industry in this country. Nova Scotia has not enormous areas of fertile agricultural land such as are to be found in other parts of Canada, but in the extent and variety of its resources this province is not surpassed by any equal area within this broad Dominion. These resources can only be developed by a fiscal system which will give reasonable encouragement and protection. The highest tribute ever paid to the fiscal policy inaugurated by Sir John Macdonald, in 1879, is the fact that the present administration, having been in power for fifteen years, have never ventured until the month of January last to depart from the principle on which that policy was founded.

"The Liberal-Conservative party has not one policy for Eastern Canada and another for Western Canada. On a score of platforms during the past two months I have definitely and distinctly told my Western auditors that the Liberal-Conservative party stood for such reasonable encouragement of, and protection to, the industries of this province as would permit the legitimate development of our resources. I have pointed out to them the growth of great industrial communities in Nova Scotia, and particularly in the Island of Cape Breton, under that system. I have repeatedly asked those who clamour for free trade whether they would seriously demand that our fiscal policy should be so altered as to throw out of employment thousands of men in this island and send them to seek work abroad? I am glad to say that when I got to close quarters on this point with any free trade interrupter, no one was found willing to stand up before his fellow-countrymen and assert that the policy for which we thus stood ought to be reversed.

FAVORS SHIP BUILDING IN NOVA SCOTIA.

"The Government at the present time is holding out to half a dozen cities the expectation of contracts for the construction of Canadian cruisers. In St. John the Minister of Public Works whispers that they are to be constructed there. Mr. Lemieux quietly assures Quebec that the shipyards will be there. Mr. Templeman gives the same blind assurance at Victoria. The same tale is repeated at Halifax and at Sydney. Any one who imagines that the construction of a so-called Canadian Navy can be made the basis of building up a permanent shipbuilding industry at all those points has little knowledge of the conditions. Let me give you the assurance that the Liberal-Conservative party, which stands for the effective development of every legitimate Canadian industry, realizes not only that the continued advancement of the coal trade and of the iron and steel industry is bound up with the future prosperity of this country, but realizes also that the advancement and extension of those industries point necessarily to the establishment of the shipbuilding industry in this province. The Liberal-Conservative party is prepared to promote and assist that development. Similar conditions prevail in other parts of the Dominion where, beyond question, similar developments will take place in the early future. (Cheers.)

EXPORT OF UNFINISHED PRODUCTS AIM OF PACT.

"The whole tendency of this compact is to export the unfinished Canadian product in order that it may be converted into the finished article by the labor of a foreign country. That is not good business for the Canadian people. Our policy should be to develop our natural resources and to convert them into finished commodities by the labor of our own people, and to establish such conditions in this country as well insure a generous living wage to Canadian working men. That result cannot be accomplished unless our industries are placed on a firm basis. The aim and tendency of this treaty is to place them on an exceedingly insecure and unstable basis. The natural resources of the United States are under the control and ownership of twenty-five or thirty great capitalists of untold wealth and power. The trusts and combines through which those men direct their efforts will not be less ruthless and unpartial in Canada than they have been in the United States. (Hear, hear.)

"Do not be misled by the cry that we can enter into this agreement today and drop it tomorrow. A very great powerful and wealthy nation like the United States, whose boundaries join our own for four thousand miles, can seriously exercise an enormous influence over the fiscal system and the trade of Canada. Three hundred or four hundred millions of trade between the two countries is a small thing relatively to the United States, but a very great factor for Canada. The fear that the United States would dislocate our trade by imposing their maximum tariff of nearly 70 per cent. induced our government last year to submit to the demands of the United States Government that our tariff should be altered in certain particulars. The United States Government was able to accomplish this result without having the additional power which will be conferred upon that nation by the interlocking of our tariff with the American tariff.

"Bear in mind the increased power which will thus be conferred upon the United States; consider the vast interests that will be created under this treaty; bear in mind the enormous influence of American trusts and combines in this country under conditions created by this compact, and you will understand that if Canada enters into this agreement there can be no withdrawal except under terms dictated by the United States.

THE WARNINGS IN MR. TAFT'S ATTITUDE.

The goal and aim of Sir Wilfrid Laurier in 1891 was unrestricted continental free trade. That policy meant one tariff for the two countries, to the exclusion of the rest of the Empire, and any such tariff would be made at Washington and not at Ottawa. Such a condition would mean commercial vassalage, which would be followed by political absorption. Mr. Taft has explained to us with great force and clearness that this is a critical time in the history of reciprocity. He points out that there are forces at work in England and in Canada to make this country a part of an Imperial commercial band, reaching from England around the world to England again by a system of preferential tariffs. He urges the United States to accept this treaty forthwith and thus prevent the consolidation of the British Empire by co-operation in trade. He impresses upon us his opinion that the bond which unites Canada to the Mother Country is light and almost imperceptible. He has repeatedly declared that Canada stands at the "parting of the ways."

"Mr. Taft's congratulations to the Hearst newspapers upon their success in spreading the gospel of reciprocity are well known. That gospel proclaimed, first, the impending business and commercial union, and then the political union of this country with the United States.

It declared that reciprocity would cut Canada into two countries, one of which would be merged with the New England states and the other would become a part of the Western states. These journals speak of our Empire as an imaginary Empire, and declare that reciprocity would turn our eyes from that imaginary Empire to the great American republic. This Hearst Evangel has excited the admiration of the President and attracted his congratulations. Is it not wise for us to consider what the other party to the contract has in mind? The utterances of the Hearst newspapers are a fair indication of what is in the mind of American statesmen and of the American people.

"I trust," he concluded, "That in these two ridings you will elect, by handsome majorities, the two Conservative candidates who will bear with them to Ottawa, the message that our people desire no parting of the ways, and that the old path of autonomous development within the Empire, the path of Canadian nationhood and British connection is the path that you intend to pursue." (Prolonged applause.)

LABOR MEN WAIT UPON MR. BORDEN.

At Sydney in the afternoon, Mr. Borden was waited upon by a group of labor men who urged him the redress of a number of grievances. They condemned the administration of the Alien Labor Laws and of the Labor Department by the present Government, and condemned the department for its inaction during the recent strike in the coal mines here. They demanded the appointment of a Federal officer to enforce the Alien Labor Law and the extension of that law to include labor from Europe and the West Indies. They asked also for the enforcement of the Lord's Day Act and declared that it was ignored by the industries here, which dispensed with the services of any workmen who would not work on Sunday or supply a substitute.

Mr. Borden, in his reply, pointed out that the Opposition had for years been urging the appointment of Federal officers to enforce Federal laws. He promised careful consideration to any suggestions made by the deligates for the amendment of the Sunday laws in order to secure their better enforcement. In connection with the exclusion of alien labor, he told the deputation that the Conservative party stood for such a policy of protection as would insure the development of a virile industrial population and the maintenance of just standards of living.

Mr. Borden was heartily applauded by the deputation on concluding his statement.

GOOD PROGRAMME AT THE ORPHEUM

Musical Acts Forms a Feature of the Bill.

For music lovers the Orpheum bill holds a treat this week in the xylophone playing of the members of the Bell family, while two of their number work in some very pretty dancing. The rendering of Canadian and popular song pleased the audience to such an extent last night that, when responding to the repeated encoring the twelve members of the family played "God Save the King" on these novel instruments the uncommon sight of a whole audience signifying their respect by standing, was witnessed.

As a laugh-producing act, that put on by Collins and Hart, two strong men, was the most successful.

A one-act sketch of city life, "On a Side Street" by Homer Miles, tells a little love story in dramatic fashion and gives the author, playing the part of the janitor, a chance to work in clever cynicisms.

"A Session at School," though laughable, tends towards vulgarity.

"Dennis Brothers, with their revolving ladder Hon and Tracy, cartoonists, Jimmy Lucas, singing comedian, and Ruby Raymond and Company, with songs and dances, complete a bill of average merit.

THE BEAUTY SPOT.

Fun Only in Patches at Offering in West-End Theatre.

To see "The Beauty Spot," a large audience gathered at His Majesty's, last night, and at times became quite enthusiastic over the offering, but it was not continued enthusiasm, coming only in patches. It was a very good-natured audience, and evidently desired to make the most of its opportunities, hence whenever any number suggested grounds for approval it was warmly received. One such number in the second act was so pleasing to the upper portion of the theatre that their prolonged outburst of approval threatened to stay further progress. However, after receiving the acknowledgments of one of the principals they permitted matters to resume.

With a group of stellar principals "The Beauty Spot" had previously made a hit, but the reason is not at all evident after viewing the production given here. There are flashes of originality and dashes of pretty pictures, but there is no continuous action to sustain this occasional merit. Some of the much-heralded dances have little to commend them, being neither graceful nor pretty.

The book is of as high merit as the average of its type, while the score, occasionally tuneful, fails to suggest that Mr. DeKoven is the really excellent musician he is.

Mr. Frank Deshon secures the best results possible under the circumstances from the role of General Samovar and pleased the audience. Mr. Frank Walsh got some fun from the part of Chickoree. Miss Goldie Jacob dances neatly and has several good numbers.

The management of His Majesty's has provided an excellent programme for its patrons this season, a move which deserves a word of commendation. The programme is of new form, modelled after that of His Majesty's in London. The matter pertaining to the performance is offeerd in convenient form and neat compass. It is well printed and may be handled without soiling delicate fabrics.

FINE COLOR PICTURES SHOWN AT PRINCESS.

Celebrities Clearly Distinguished on Film of Local Scenes.

The new series of Kinemacolor pictures which are being shown at the Princess theatre this week are not only interesting, and entertaining, but instructive as well. The programme covers a wide variety of subjects, ranging from a trip from Liverpool to Vancouver via Montreal, to the latest development of Kinemacolor photography, as displayed by a very remarkable series of animal and bird studies.

Niagara Falls, the effect of the spray rising above the seething mass of waters below is little short of marvellous. Equally striking is the riot of color, shown in the pictures of the King's visit to Ireland, where the different shades in the color of the uniforms heighten the realism of the scene in a wonderful way.

Reproductions of local events included in the programme this week, such as the views of the Iroquois tribal rites as performed recently on the occasion of the Caughnawaga match at the M.A.A.A. grounds and of the Gymkhana. In the latter His Excellency the Governor-General, Sir Thomas Shaughnessy, Sir Montagu Allan and a host of local celebrities can be clearly discerned.

AT LYRIC HALL.

Season Inaugurated With a Good Bill.

The Lyric Hall inaugurated its fourth season yesterday, before large audiences, both afternoon and evening.

This place of amusement has been renovated throughout and presents a very smart appearance. The bill offered is an excellent one and among the acts are "Musical Seely," who plays on a large variety of instruments in a most pleasing manner. Another feature is the Williams trio, whose act is full of catchy musical numbers and fun.

The picture programme is of high standard.

At the Lyric every Wednesday will be amateur night.

Big Property Transfer.

The property on the north east corner of Sherbrooke and St. Lawrence street has been purchased by Mr. A. M. Vineberg. The price paid is $109,000. The property is to be held for speculative purposes. Mr. P. Fishman, real estate broker, put the deal through.

THE SOCIAL WORLD

Cohen—Klitzner.

The marriage took place on September 10th at the residence of the bride's mother, of Miss Annie Klitzner, daughter of Mrs. I. Klitzner, to Mr. B. I. Cohen. The bride, who was given away by her grandfather was gowned in white marquisette, hand embroidered, over white liberty satin and carried a shower bouquet of roses and lilies-of-the-valley. Her tulle veil was caught up with a wreath of lilies-of-the-valley. She was attended by Miss Rose Cohen, sister of the bridegroom, as maid of honor, and Mrs. E. G. Bernstein as matron of honor. After the ceremony a dinner was served for the immediate relatives, and later in the evening a reception was held. Mr. and Mrs. Cohen have left on an extended trip, the bride travelling in a navy-blue costume and white hat. Among the out-of-town guests were Mrs. J. Birnberg, of New York, and Mr. Cohen, of Lanark.

Chadburn—King.

The marriage of Miss Mabel Gertrude King, daughter of Mr. and Mrs. W. P. King, to Mr. Jeffords S. Chadburn, son of Mr. and Mrs. T. A. Chadburn, of Westmount, took place very quietly at 5 o'clock this afternoon, at the residence of the bride's parents, 492 Lansdowne avenue, Westmount, the Rev. Joseph Sullivan officiating. The bride, who was given away by her father, wore a suit of blue cloth, with hat to match, wearing corsage bouquet of lily of the valley. She was attended by her sister, Mrs. Finley Graham, as matron of honor, wearing blue satin with overdress of gold net, with picture hat, and carrying a shower bouquet of pink roses. The best man was Mr. Harold Dougall. Mr. and Mrs. Chadburn left later for a trip to New York, Boston and other American cities, and on their return will reside at 466 Victoria avenue, Westmount.

Lapierre—Martineau.

The marriage took place at St. Leon Church, Westmount, at half-past eight o'clock this morning of Miss Jeanne Martineau, daughter of Judge Paul G. Martineau to Dr. Gaston Lapierre, of St. Hyacinthe. The ceremony was performed by Rev. Father Gauthier, assisted by Rev. Father M. O'Claire, of St. James Cathedral. The bride, who was given away by her father, wore a travelling costume of blue satin with blue plumed hat, and carried a bouquet of white roses and lilies of the valley. Mr. W. Lapierre, of St. Hyacinthe, acted as witness for his son. Following the ceremony a reception was held at the residence of the bride's parents, 430 Strathcona Avenue, Westmount, Mrs. Martineau wearing a soft grey gown with black and white hat. Dr. and Mrs. Lapierre have left for a trip to New York.

Curry—Sircom.

A fashionable wedding took place at St. Paul's Church, Halifax, N. S., at noon to-day when Miss Gladys Churchill Sircom, youngest daughter of Lieut-Colonel S. J. R. Sircom was married to Dr. Alan Curry, son of Mrs. G. S. Sinclair. The ceremony was performed by the venerable Archdeacon Kaulbach. The bride wore a beautiful gown of ivory duchess satin with court train and trimmings of Irish point lace. The bridesmaids, Miss Gladys Weston, and Miss Nellie Outhit were gowned alike in French dresses of turquoise blue ninon over brocaded satin trimmed with maltese lace. Dr. and Mrs. Curry left this afternoon for Quebec, where they sail by the Virginian for Liverpool.

Merryfield—Cote.

At Taylor Presbyterian Church yesterday, Miss Evangeline Laura Cote, daughter of the late Paul Cote, of Montreal, was married to Mr. William S. Merryfield, also of this city, son of the late Samuel Merryfield. The Rev. N. H. McGillvray performed the ceremony. The bride was attended by Miss Blanche Parent, and the bridegroom's brother, Mr. J. Merryfield, was best man. After the ceremony, a reception was held at the residence of the bride's brother, Mr. Paul C. Cote, and later Mr. and Mrs. Merryfield left for a trip to Eastern points.

Kennedy—Godue.

The marriage took place this afternoon at St. Paul's Church, Knowlton, of Miss M. Louise Godue, eldest daughter of Mr. and Mrs. William Godue, to Mr. J. Roddick Kennedy, of Knowlton, recently of Montreal. Rev. Canon Carmichael officiated. The bride, who was given away by her father wore a travelling suit of navy blue, with hat to match. The ushers were: Mr. Irvine Lynch and Mr. E. J. Parker, both of Montreal. After the ceremony, Mr. and Mrs. Kennedy left for a trip to Boston and New York and Washington, and on their return will reside in Knowlton.

Engagements Announced.

The engagement is announced of Annie Laurie, eldest daughter of Mrs. R. L. Burgess, of Vancouver, B. C., to Mr. M. J. Patton, M. A., Assistant Secretary of the Conservation Commission, Ottawa. The wedding will take place on September 27th.

The engagement is announced of Miss Nellie Spafford, only daughter of Mr. and Mrs. A. L. Spafford, of Lennoxville, Que., to Mr. Ross A. Stevenson, of Vancouver, B.C. The marriage will take place on Wednesday, September 13th.

AMERICAN BOODLE IN ST. JOHN, N.B.

U. S. Gold Bond Bills of $5000 Denomination Traced to Banks

TO HELP CARRY RECIPROCITY.

Charge Is Made at Meeting at Which Sir William Van Horne Makes a Notable Anti-Reciprocity Address.

Special Staff Correspondence.

St. John, N.B., September 12—American money has been brought into St. John and is now being used to promote the reciprocity campaign in this district.

American gold-bond bills of $5,000 each have been deposited in St. John banks by prominent supporters of reciprocity in this district and this money is now being drawn out in an effort to influence the electors.

These were the direct accusations which were flung from the hustings to-night before a crowd which packed the Victoria Rink to hear Sir William Van Horne deliver a ringing condemnation of the reciprocity agreement.

"We have direct and positive information," declared Mr. W. S. Fisher, who made the startling charges at the opening of the meeting, that on the 30th day of August a $5,000 gold-bond American bill was presented or deposited in a bank of this city, by a well-known Liberal. We know that this was to be used in the Liberal campaign of this city. We are also creditably informed of other transactions of a similar nature made by prominent supporters of reciprocity."

Mr. Fisher added that he had been asked to make this statement on behalf of the anti-reciprocity executive and he knew that the direct and positive information which they had in their possession would remove all doubts as to who was receiving the American money in this campaign.

These charges had a startling effect upon the audience.

There had been rumors in many quarters that American money was being used in the campaign, but this was the first announcement that positive information had been received on the subject.

It is promised that further information, positively established the charge made at the meeting, will shortly be given by the opposition supporters in this district.

As soon as Sir William Van Horne appeared on the platform the audi-

RE-HASH OF HEARST "YARN"

Careless Editing of Ottawa Journal's Syndicate Letter Responsible for Latest "Sensation."

Special to The Montreal Star.

Ottawa, September 12.—The "story" in the Journal, alleging that the American Trusts are financing the anti-Reciprocity campaign in Canada, to the tune of a million, turns out to be a weak-kneed affair. It appeared in a syndicate New York letter, furnished for the Journal's Saturday number. Every journalist knows that such a letter is a re-hash of the week's happenings as recorded in the dailies; and the Journal's story was nothing more or less than a "re-hash" of the silly and lying charges contained in the Hearst papers, with the added touch of fiction that Whidden Graham —who is Hearst's "straw man" as intermediary between the trusts and the "antis" in Canada—had shifted his headquarters from Wall Street to Montreal. Montreal advices make it plain that Graham is not there. He is still in Wall Street, issuing denials, which are unheeded by Hearst and his fellings. They repeat their slanders about Graham just as the Montreal correspondent, Hoster, re-asserts his imaginary flag hissing incident in the Theatre Royal; just as he lied about the Champ de Mars crowd, putting it at 1000.

The Ottawa Journal used the syndicate letter as a "filler," tucking it far away inside. The probability is that the news editor gave it but a casual glance. That is the usual method of dealing with syndicate "stuff." And so it appeared, buried in the paper. Thence it was dragged forth by the pink-eyed correspondents of the paid reciprocity press and telegraphed to Montreal and elsewhere, where it was given the honor of scare-heads, "special correspondence" and the heaviest of types.

Yet all the while the correspondents and editors to a man knew how the item originated. It was featured with their tongues a-cheek. But any port in a storm! Any Hearst lie, even if it is necessary to disguise it is good enough in the estimation of the Reciprocity press, for public consumption.

How the Self-Governing Dominions View Canada's Struggle to Maintain Her Fiscal and Political Autonomy

The fight now being waged for the maintenance of the fiscal and political autonomy of Canada is exciting the keenest attention throughout the British Empire. Everywhere it is recognized that issues far graver than any mere tariff considerations are involved, and that upon the outcome of the present electoral struggle will depend the future of this country.

The Montreal Star has received from various quarters of the Empire messages, which reflect the feeling in the other self-governing Dominions within the Empire, and afford a striking sidelight upon the gravity of the issue as it appeals to the people of Greater Britain outside the boundaries of Canada.

Some of the most interesting of these messages, which are being received daily, are printed below:—

"Pretoria, Transvaal, Sept 12.

"Editor, Montreal Star.

"Reciprocity between Canada and the United States means the disintegration of the British Empire, the Americanization of Canada, and death to all hopes of a Pan-British Zollverein.

"Pretoria News."

"Calcutta, India, Sept. 12.

"Editor, Montreal Star.

"We trust that Canada will maintain her fiscal autonomy, and strive for Imperial, not American, reciprocity.

"Calcutta Englishman."

"Auckland, New Zealand, Sept. 12.

"Editor, Montreal Star.

"This Dominion is watching with keen interest the fiscal struggle in Canada, the result of which will have far-reaching effects.

"Auckland Herald."

"Hobart, Tasmania, Sept. 12

"Editor, Montreal Star.

"We wish every success to those fighting in defence of Canada's fiscal autonomy.

"Hobart Mercury."

"Sydney, New South Wales, Sept. 9.

"Editor, Montreal Star.

"We sympathize with the principle of fiscal autonomy for the Dominions, in so far as it is consistent with Imperial interests.

"Sydney Herald."

"Brisbane, Queensland, Sept. 9.

"Editor, Montreal Star.

"Queensland cheers the patriots who are fighting to strengthen the bonds of Empire against the initiators of a policy of disintegration, with whom the passing of Canada is a mere business proposition.

"Brisbane Courier."

AUDIENCE SINGS NATIONAL ANTHEM

Unusual Patriotic Demonstration in a Local Theatre.

There was a demonstration at the Orpheum theatre last night which was not on the programme, when a big audience spontaneously sprang to their feet and sang the National Anthem.

A troup of brightly-clad foreign musicians, known as the "Bell Family of Mexico," had played on the xylophones and other instruments "Yankee Doodle," which provoked some complimentary applause. "My Own Canadian Home," followed and brought more applause. As an encore they played "God Save the King."

The audience arose and sang the anthem with a vigor which made the rafters ring. The performers and orchestra found themselves leading a mighty impromptu choir.

ANOTHER LIFE-LONG LIBERAL AGAINST 'PACT

Mr. James Jardine, Hespeler, Manufacturer, Presents a New Argument.

Hespeler, Ont., September 12. —Mr. James Jardine, managing partner of A. B. Jardine and Company, of Hespeler, who has been a Liberal in politics all his life, and who has never cast other than a Liberal vote, telegraphs his firm as follows:

"Dillon, Montana, Sept. 12

"A. B. Jardine and Company, Hespeler, Ontario:—

"I am opposed to the reciprocity pact. I am satisfied it would not be continued by the United States unless it should prove more beneficial to the States than to Canada. Canada formerly experienced a shock to business caused by the abrogation of a reciprocity treaty with the States, and as our country is prosperous and growing rapidly I see nothing we can gain by the proposed arrangement, and am adverse to taking a step which would endanger our national interest. I regret that I will not be home on the 21st to vote against the proposed reciprocity pact. (Signed.) James Jardine."

NO ELECTIONS BY ACCLAMATION ON THURSDAY NEXT

Conservatives Do Not Concede One Safe Seat to Liberals Over Reciprocity Issue.

Special to The Montreal Star.

Ottawa, September 12.—The reports received at headquarters here indicate that in Thursday's official nominations throughout Canada, there will be no elections by acclamation, with the single exception of Mr. German, anti-Reciprocity Liberal candidate in Welland. Even that admits of some doubts.

This is an illustration of the intensity with which the battle is being waged. A prominent Conservative asserted to-day that the party did not concede one safe Liberal seat on the issue of Reciprocity. Under ordinary conditions there are many which are reasonably sure for the Government; but since the Prime Minister has declared it to be not a party question, a great many of his followers are openly taking the national, rather than the political view-point, and the independent vote is even more pronounced in opposition to the pact.

In the Ottawa district the campaign is being waged fiercely, and the city itself is one of the most doubtful. The result depends very largely upon the Civil Service vote, and there are indications that the argument as to the increased cost of living is having a particular effect in that quarter. Many names may be cited of those who are leaving the Liberal ranks this time, but who, on account of having sons or daughters in the Government or business relations with it, decline to be quoted.

ILLINOIS CENTRAL STRIKE AVERTED.

Great Labor Struggle Declared Off—Terms of Settlement Not Announced.

Chicago, September 12.—The strike threatened by the shopmen of the Illinois Central railroad has been averted. The labor struggle was threatened because of refusal of the railroad to recognize the system federation of mechanical employes.

Mr. F. X. Girard is New Deputy.

The vacancy created by the death of Mr. Napoleon Lambert, Deputy High Constable, has been filled by the appointment of Mr. F. X. Girard. Mr. Girard has been employed for the last twelve years as a clerk in the Circuit Court.

YANKEES AND DEAD MEN IN A FAKE RECIPROCITY LIST

Pro-Reciprocities Resort to Queer Methods to Bolster Falling Cause.

Special to The Montreal Star.

Hamilton Ont., September 12.—In a frantic effort to influence the local electors, the Hamilton Times, Laurier's trumpet in this locality, last evening published a bare-faced lie.

The journal stated that James B. Dolan, a Conservative of St. Catharines, and a manufacturer had forsaken his party for the purpose of taking the stump for the Liberal candidate.

The truth of the matter is, Mr. Dolan is a Liberal, always has been one, and most likely will be.

Sherbrooke, Que., September 12. —A Saturday's Montreal paper contained a despatch to the effect that Col. F. B. Butterfield, of Rock Island, a strong Conservative, favored reciprocity. But Col. Butterfield is an American citizen and has no vote in Canada.

Guelph, September 12.—Dr. F. C. Grenside, veterinary, who is being boomed as a life-long Conservative, who is going to vote for Reciprocity, has just located in Guelph after living 17 years in New York.

Chatham, September 12.—Mr. L. H. Edmunds, the Blenheim race horse man, featured as a life-long Conservative, in favor of Reciprocity, never voted Conservative in his life. He is a Liberal in disguise.

Wm. Kickley, of Mafeking, is featured as being in favor of Reciprocity. Mr. Kickley died some months ago.

Investigation into the list of names of "Conservatives voting for Reciprocity" has frequently brought the answer "not known here."

Medicine Hat, Alta., September 12.—Mr. Armstrong, who is announced as being opposed to Reciprocity, will vote for the Conservative ticket and will act as scrutineer for Mr. Magrath, the Conservative candidate.

Dr. Silas Alward, K.C., of St. John, has always been a Liberal.

DISPUTE IS ENDED.

The difficulty existing in the Fire Department between Chief Tremblay and sub-chief Manin was definitely disposed of at the meeting of the City Council yesterday afternoon. The written apology of Mr. Marin to the chief was read as was also the written acceptance of the chief of the apology.

PACT IS A BOON MR. LEMIEUX SAYS IN LOCAL MEETING

Better Prices for Farmer, Lower Costs for City Man, He Predicts.

Hon. Rodolphe Lemieux was the principal speaker at a meeting last evening in the Auditorium Hall in favor of the candidature of Mr. Robt. Bickerdike, the Government nominee in St. Lawrence division.

Hon. Mr. Lemieux, garnished the Liberal electoral offerings with promisese of an early start in the building of the Georgian Bay Canala and the deepening of the St. Lawrence ship-channel to 40 feet.

Senator Dandurand confined himself largely to an historical review of the reciprocity question, of which Sir John A. Macdonald, Sir Charles Tupper, and other Conservative leaders of several decades ago were held to be the chief advocates.

The Senator quoted extensively from The Montreal Star of twenty years ago, to make good his case for the Government, and ridiculed the idea that the present departure from the beaten fiscal policy of the country was a turning away from the British Empire.

Mr. Bickerdike followed Senator Dandurand in a brief speech in which he went over the items of the circular outlining his policy which he had recently issued to the electors of the division. The candidate stated that he had at first some doubts regarding reciprocity and feared its effect upon the business of the country, but that he became a convert to the cause after reading what Sir John A. Macdonald had thought of it.

"I felt sure I was right then," said Mr. Bickerdike, to the applause of the audience.

Hon. Mr. Lemieux prefaced his remarks with a eulogy of Mr. Bickerdike and appealed to the Jewish electors present to support his candidature, on the grounds that the French-Canadian people had been the first to elect a Jewish representative to Parliament. This it transpired, occurred in 1822 in the city of Three Rivers, when a Mr. Hart was returned by the electors of the division to a place in the Parliament of Lower Canada.

The minister then promised that the St. Lawrence channel would be deepened, first to 35 feet, and eventually to 40 feet, and that Montreal would be made a free port, just as soon as this was practicable. The city would also be made the terminus of the Grand Trunk Pacific Railway, and the Georgian Bay Canal would be commenced in a few months, if the Liberals were returned to power, and Mr. Bickerdike among them.

Messrs. R. C. Smith, K.C.; S. W. Jacobs, and Mayor Guerin, covered the ground along the familiar lines of the campaign.

Aero Turns Turtle in High Wind and Collapses—Two Aviators Get Away.

Special to The Montreal Star.

Auburn, Cal., September 12.—Robert G. Fowler, the first aviator to start a coast-to-coast flight for a prize of $50,000 began tuning up his engine at dawn and announced after testing his engine that everything was running perfectly, and that he would reach Reno at 10.30 o'clock (1.30 p.m., New York time.)

From Reno, the route leads to Winnemucca by way of Fallon and Lovelock, touching the highest point of the Sierras at Summit, where he will be nearly 9,000 feet above the sea.

Winnemucca is 292 miles from Auburn by rail, and Fowler expects to reach there by night and remain there until to-morrow morning. If he does he will be up with his schedule.

Fowler rose from the ground here at 9.32 o'clock this morning.

Alta., Calif., September 12.—Fowler fell while flying at full speed near here. He was not injured.

CARRIES ARMY MESSAGES ON AERO.

Fowler arrived here at 6.36 o'clock last evening, completing the first leg of his attempt to fly from Pacific to Atlantic.

He left Golden Gate Park, San Francisco, in his Wright biplane at 1.37 o'clock and after rising to a height of 500 feet headed straight across the Bay. He passed Suisun, 48 miles away at 2.52 o'clock and Davis, 75 miles distant, at 3.06. At Sacramento he landed in the State Fair grounds at 3.23. Here he was taken in an automobile to Governor Johnson's office, where congratulations and best wishes were expressed by the State executive.

Fowler carries a message from Brigadier-General Daniel Brush, commander of the United States Army of the Pacific at San Francisco, to General Frederick D. Grant, Commander of the East, whose headquarters are on Gouverneur's Island, New York.

FRENCH MILITARY AVIATOR'S ILL-LUCK.

Special to The Montreal Star.

Paris, September 12—Lieut. Ludman, a military aviator, met with a serious accident to-day while taking part in the western army manoeuvres at Villersexel, in the department of Haute Saone.

His machine got caught in a high wind and turned turtle, falling to the ground from a moderate height. The Lieutenant sustained serious injuries, but will recover.

A sapper who accompanied the Lieutenant was also hurt.

The aeroplane, about forty of which are in use in the various commands, participating in the manoeuvres, add a thrill to the mimic war which will culminate to-morrow in a decision between two branches of the French army.

The machines can be seen at almost any hour in some part of the wide field of operations, moving swiftly, usually at great heights, or slowly planing down in curves in order that their occupants may keep some particular part of the field under longer observation: then swiftly gliding away out of range of fire from below. The umpires decide whether the venturesome craft have been winged by the watchful enemy on earth.

Each aeroplane usually carries two men, one to pilot it and another to make observations through specially constructed glasses which are required owing to the different perspective from above.

Accurate observation is very difficult. Excellent scouting results are reported by all the commanders. The flying machines are so distributed that not many are visible at once. The largest number so far seen at one time was three.

Aviatress Sets New Mark.

Bouy, France, September 12.—Helene Dutrieu made a new mark in the competition for the Women's Cup today by flying 136.62 miles.

The Women's Cup is offered for the longest continuous flight made by a woman aviator in the present year, Jane Herveux had previously covered 62 miles.

Amateur Aviator Goes Blind.

Philadelphia, Pa., September 12.—Thomas J. Towle, an amateur aviator, suddenly became blind here yesterday while sitting in the Pennsylvania Railway Station. Physicians cannot say whether he will be permanently sightless or not.

Towle had been watching mechanicians working on his aeroplane, using an electrical fusing apparatus, and he believes the intensely bright light caused paralysis of the optic nerve.

NEW OFFICERS FOR THE MONTREAL BOWLING ASSOCIATION—ONLY THREE OF LAST YEAR'S RETAIN OFFICE

The annual meeting of the Montreal Bowling Association was held in the M. A. A. A. clubhouse, Peel street. Mr. Arthur Hersey was in the chair. Mr. A. G. R. Darling, the secretary, read the annual report, which showed a very promising past season. Mr. Walter Hagar, the treasurer, read his financial report, which showed the association to be in a healthy condition.

The clubs were all represented and the coming season promises to be a very lively one.

The election officers resulted as follows:—

President—Mr. O. Tetreault, Champetres.

1st Vice-Pres.—Mr. James Strachan, Crescents.

2nd Vice-Pres.—Mr. R. F. Coburn, Beavers.

Secretary—Mr. A. G. R. Darling, M.A.A.A. (re-elected).

Treasurer—Mr. W. C. Hagar, M. A. A. A. (re-elected).

Executive committee—Mr. Wm. E. Birtles, R.R.Y.M.C.A. (re-elected); Mr. W. Labrecque, Nationals; Mr. J. Gamble, M.A.A.A., and Mr. F. Hartcorn, Crescents.

All fees must be received by October 1st.

Applications were received from the Elks (2 teams) and Canadien Club, for membership in "A" section, also one from the Eden club, for membership in Class "B."

Colonials and one of the Champetres dropped out of Class "A," and the Westmount Club dropped out of Class "B."

The M. A. A. A. will be represented by two teams in Class "A" and one team in Class "B."

The season promises to furnish good competition and the alleys of the various clubs are said to be in the best of condition.

A meeting of the R. R. Y. M. C. A. bowling club will be held on Monday evening next at 8.30 in the Association rooms. This club has had their alleys overhauled by competent experts, so there will be no kick coming from teams on this score. This club promises to be strong this year as they expect to have many new bowlers.

A. G .R. DARLING.

Re-elected Secretary of the Bowling Association.

FREE CHURCH OF ENGLAND WLL FIGHT PRIZE FIGHT

Special to the Montreal Star.

London, September 12—The Free Church of Britain is emphatically opposed to the forthcoming "boxing contest" between Jack Johnson, the American negro, and Bombardier Wells, an Englishman, and strong efforts will be made to make this opposition effective.

The Rev. F. B. Meyer, one of the oldest and ablest preachers in the country, after denouncing the proposed fight in a vigorous sermon in London on Sunday, left for Yorkshire to sound the opinion of his confreres there.

"It is going to be a prize fight and nothing else," said Mr. Meyer. "Calling it a boxing contest is merely an abuse of words. We have enough excitement in England already not to mention the feverish atmosphere in all Europe. We shall see if something cannot be done to save the situation. Of course it is pretended that the bout here would be more respectable than that at Reno, but it would not be. Legitimate methods of promoting the art of self-defence are all right, but fights for money are brutal, debasing and despicable.

"The United States has driven such contests to the furthest limits of civilization. Apparently we are going to have a prize fight in the heart of fashionable London. Our school boys are hard enough to keep within bounds at best, and if this disgraceful affair takes place a wave of ruffianism will sweep over our whole juvenile world."

Eden Bowling Club.

The Eden Bowling Club was re-organized last week and application has been sent to the M.B.L. for entrance to the league as class B. The following officers were elected: Hon. president, L. Fortier; hon. treasurer, W. Fortin; president, Jos. F. Mallette; vice-president, J. A. Corbeil; secretary, J. Sansaison; business manager, Eug. Brodeur. Mr. W. Ornstein was unanimously chosen for captaincy of the team, with L. Jones as his assistant. The home of the club to be at the Eden alleys. Anyone wishing to join may communicate with the secretary.

Bert Stronach to Play Again

His Appearance Will Greatly Strengthen the Ottawa Rugby Team.

Special to The Montreal Star.

Ottawa, September 12.—Bert Stronach, probably the most sensational outside wing that ever figured on a Big Four team, will arrive in Ottawa this week, and there is every prospect of his appearance in an Ottawa uniform again this year. Should he play, Ottawa's chances of regaining the Interprovincial Rugby title are increased almost double. With Jack Ryan reinstated, the Capital fourteen will present the greatest pair of outside wings that ever wore the moleskins. Stronach, who is an employee of the Interior Department, spent the last two years in the west, but is returning to resume his position in the Capital, and the expectations are that he will again play football. Here's hoping.

SUPERB TEAM-PLAY WON FOR BRITISH IN TENNIS DOUBLES

Have Another Chance Now to Go to Australia After the Davis Cup.

New York, September 12—England's hope in the International Tennis preliminaries has re-awakened. Surprised and chagrined by a double reverse at the hands of the American challengers on Saturday, the British representative faced their rivals on the West Side Court yesterday in a match upon which hinged their last chance of ultimate victory. Fortunately for the visitors they grasped the chance, clung to it and won, and now it is up to two final struggles to-day to decide which team is to make trip to Australia for the Davis cup matches.

It was England's premier doubles team, composed of Charles P. Dixon and Arthur E. Beamish, that rescued Britain's fast waning hope. By the exhibition of steadiness and team work born on constant playing together in European tournaments, Dixon and Beamish easily defeated Thos. C. Bundy and Raymond D. Little. There was no repetiton of the hard five set matches on Saturday, when the Americans just managed to pull out in front by the proverbial hair's breadth. After the first set, the result was never in doubt, the visitors leading by 6-3, 7-5, 6-4.

Some persons who had in mind the tennis calibre of Bundy and Little, individually professed surprise at the ease with which the British pair outwitted the Americans in straight sets. They had looked forward to a much stronger showing on the part of Little, the national doubles champion, and Bundy, second in national rank. Others however, remembered that the Americans had never before paired in competition, that they had had no opportunity to become acquainted with each others style and develop that all-important factor of team work, found a simple answer to fit the result. Whereas the Englishmen demonstrated unity and harmony of purpose, both on defence and attack, the Americans time and again interfered with each other, or omitted to reach for the ball, one expecting the other to move first. One did not have to be a keen observer or close student of the game to characterize the American's play throughout.

Failure, too, to take full advantage of the Englishmen's one apparent weakness, poor returns of high lobs figured prominently in the defeat of the American pair.

The point was finally reached where the Americans had set 5-3 and 40-30 in their favor. Here was their opportunity. One baffling stroke and the set would have belonged to them. But the stroke never came. For some unaccountable reason the Americans, whether intentionally or unconsciously altered their style. The lobbing game that had won so consistently was substituted by a driving game. Little and Bundy began making the top of the net their target, and drove into it, or, else found their returns smothered by their much steadier rivals.

With the American mistakes came a corresponding increase in visitors speed. Four straight games went to the Englishmen, giving them their second straight set, 7-5.

George Smith is Out of Game

The Hamilton Fullback Injured at the Very Start of the Season.

Special to The Montreal Star.

Hamilton, September 12.—On Saturday afternoon the Tigers and Alerts knuckled down to real hard work in preparation for the coming Rugby season, when both clubs had numerous chasers of the hide on hand. The jinks, which has followed the Jungle Kings for many a moon butted in again, when George Smith, the peerless full back, was injured to such an extent that he has been ordered to bed and will, as a result, not don the togs this season, and probably never again. Smith's knee, which bothered him last year, was injured in a tackle, and an ex-ray examination showed that a cartilage had been displaced. The loss of Smith is a severe blow to the striped crew, for he was recognized as one of the greatest full backs the game has ever seen.

Geo. Ballard had charge of the squad and the manner in which he worked them had many gasping for wind and others hobbling around with tongues out. Tommy Stinson, the local boy who for the past number of years has figured on the Winged Wheel line-up, was out and looks to be in better shape than he ever was. Glassford, Thompson, Gatenby, Marshall, McFarlane, McNeilly and others of last year's team were out, along with about twenty intermediates. The club officials announced after the practice that Art. Moore, Barron, Isbister, Burton, and a former Queen's man would be out next week, and a real fast team is assured.

Liz. Marriott, one of the greatest outside wings who ever chased the oval had charge of the Alerts, and drilled the boys in great style. Liz. is trying the come back stunt, and had Dinny McCarthy, ye old time centre scrim, on hand. Husky Craig and Pfeifer, who figured in the Tiger scrim of last year were also out, and Liz. figures that the trio will make a scrim superior to that possessed by any of the teams in the O. R. F. U. Jack Grey, a member of the Tigers in 1909, was also on hand while Huckle Bramer, also a member of the Tigers of 1910, was on the side lines. The Alerts have also corralled Kid Smith, who figured on the Tiger half line last year, and the Kid showed Saturday that his booting facilities are better than ever. The Alerts have bunches of good material, and there is no doubt will make a grand showing. About twenty men comprised the squad. Marriott stated after the workout that he had high hopes of securing Reddy Dixon, full back of the speedy Varsity bunch of last year.

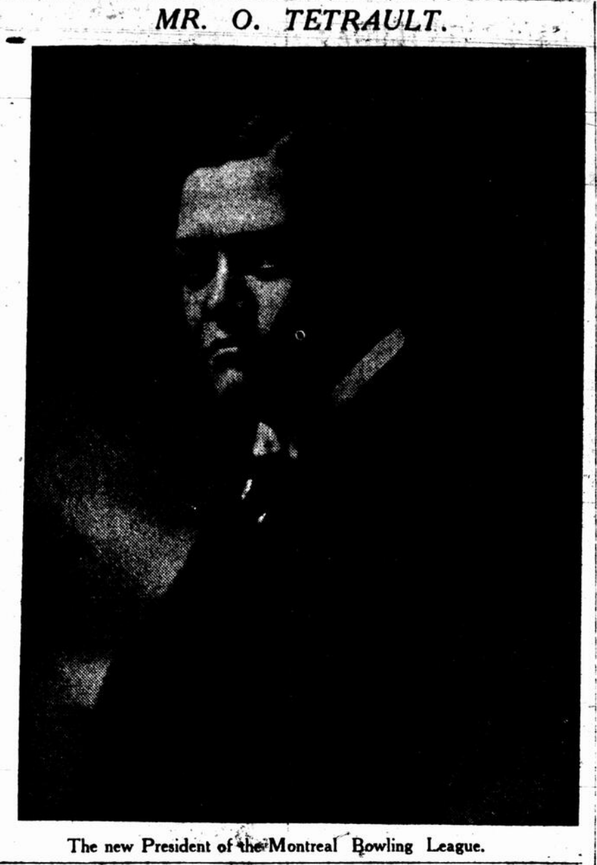
Westmount Rugby.

Westmount Football Club have had several good practices already this season and their regular practice days have been fixed for Monday, Wednesday and Friday mornings at six o'clock, and Saturday afternoons at 3.30.

Prospects are bright for two good teams and new and old players are cordially invited to turn out. Sleeping arrangements for the players are being planned.

All practices held at Westmount Park.

MR. O. TETRAULT.



The new President of the Montreal Bowling League.

PRESIDENT MURPHY IS HERE

Mr. James A. Murphy, president of the National Lacrosse Union, is in the city.

He has been seeing some friends, but has kept away from those interested in the Montreal or National Clubs, and when they have found him, and started to talk lacrosse decision to him, he has smilingly changed the subject.

At the N. L. U. meeting to-night, Cornwall will line up with Tecumseh and Montreal in voting down President Jim Murphy's decision that the recent game between Montreal and Nationals be played over. The Cornwall delegate will be J. E. MacPhee, and he is authorized to this extent, but may vote for a playing of the five unplayed minutes if this settlement of the case appeals to the other delegates.

As a matter of fact, Cornwall considers that it was up to the officials appointed by Mr. Murphy to keep the field clear at all stages of the game. This evidently was not done, and as the rules do not apply directly in an exceptional case of this kind a little common horse sense should supercede technicalities of which the N. L. U. has had more than enough this year.

Accompanied by Mr. Wm. Foran, Owner Bilsky, of the Capitals, leaves for Montreal to-day, determined to do his utmost to have President Murphy's rulings on the Montreal-National game reversed. The Capitals will support the motion to have the game given to Montreal, and none other than Mr. Foran states that the decision is entirely unfair to the M. A. A. A. team, also Tecumsehs. There is every possibility of Mr. Foran again interesting himself in lacrosse to the extent of offering several amendments to the present N. L. U. constitution, and in this case he will likely be supported by a majority of the teams, several glaring weaknesses in that article having already been demonstrated to the teams, especially the weaker clubs this year.

Fred Thompson, manager of the All-Star tea mwhich play Tecumsers at Hanlan's Island oval on Saturday next is meeting with great success in putting his team together. Every man approached has accepted the issue, all being anxious to take a fall out of the Indians. Fred's defence as already lined up looks as if it will take some beating. He has secured Corey Hess (Cornwall), Gus Dillon (Shamrocks), Donald Cameron (Cornwall), Bobby Pringle (Capitals), Eddie Powers, Norman Harshaw and Fred Stagg. (Toronto). Fifteen men will be worked in the game which will commence at 3 o'clock. Donald Cameron will captain the team.

BETS SHOULD BE CALLED OFF.

In response to numerous enquiries The Star gives the following dispatch from its Ottawa sporting correspondent:

Special to The Montreal Star.

Ottawa, Ont., September 12.—Referee McIntyre states that according to President Murphy's decision the Montreal-National match was no game. Says bets on match should be called off.

THE VETERAN LYON STILL IN THE GAME.

Rye, N.Y., September 12.—The sun had disappeared behind the Westchester hills when the last of the 170 starters in yesterday's 18-hole qualifying round for the seventeenth amateur golf championships holed out on the final green and it was discovered that only those having cards of 84 or better should continue to-morrow. As there were sixty players who made 83 or better, the ten who scored 84 for the round wil play off to-morrow for the remaining four places, for only 64 players can compete in the final medal round of the 18 holes to-morrow forenoon. The best 32 scores for the 36 holes will then be taken for the first round of each play in the afternoon.

Thomas M. Sherman, of Utica, a son of Vice-President Sherman, carried off the honors of the day by making the 18 holes in 75 strokes. This was one stroke better than was shown by the cards of H. H. Hilton, the British champion; W. C. Fownes, jr., of Pittsburg, the American titleholder; Charles Evans, jr., of Chicago; Robert A. Gardner, also of Chicago, and Yale, and A. H. Hbett, of the Crescent Athletic Club.

There were a dozen others who bettered 80, and in this number appeared J. Douglas Brown, of the Murray Field Club, of Edinburgh, Scotland, who in 1907 was the Irish champion. Brown is regarded to-night as a dark horse, and has been coupled with Hilton in the betting on the possibilitiy of the Havemeyer Cup going to Great Britain. Hilton was easily the golfing magnate of the day and drew after him a gallery of more than a hundred.

The greater part of this crowd left him at the sixteenth green, however, in order to watch "Chick" Evans, who was then on his outward journey.

George S. Lyon, of Toronto, who was one of these who had to play in the driving rain, qualified with a card of 84.

ATTELL AND WELLS.

New York(Septemb r12.—George Macdonald, manager of Matt Wels, the English lightweight champion, announces that he has a match with Abe Attell, the featherweight champion. The boys will fight at Madison Square Garden, here, September 20. They will weigh in at 126 pounds at 5 o'clock the afternoon of the fight. Mr. Macdonald leaves for Milwaukee to-day to be at the ringside to challenge the winner of the Wolgast-McFarland fight next Friday.

MAJOR VON STANBENZIE WON POLO FOR TORONTO.

Buffalo, N. Y., September 12.—The magnificent riding and driving of Major Von Straubenzie of the Hunt Club team of Toronto was responsible for one of the greatest victories ever achieved on the Buffalo Country visitors were apparently outclassed Club pole field yesterday afternoon. The with the score standing 4 to 1 against them at the beginning of the final period, when magnificent rushes down the field and marvellous drives carried the ball across the Buffalo goal three times and tied the score. In the ninth period both teams having agreed to play another period. Major Straubenzie again swept down the field and rushed the ball across for the deciding goal.

Rogers (No. 1 of the Hunt Club) played a magnificent game for the visitors, his defensive shots bordering on the marvellous. He also scored the tieing goal after Straubenzie had driven the ball within reach of the Buffalo goal.

FAKE ATHLETICS.

One Competitor Accuses Another to James E. Sullivan.

Portland, One., September 12.—Forest Smithson, the hurdler, has written a letter to James E. Sullivan, secretary of the American Athletic Union in which he flatly declares that the record of 9 3-5 second for the 100-yard dash, credited to Dan Kelly and alleged to have been made a Spokane on June 22, 1906, was a prearranged fake.

The record long has been questioned. It was not allowed by the A. A. U. until an investigation extending over six months was made. Recently the officials of the A. A. U. decided to revoke the former action pending the outcome of another investigation.

In his letter to Secretary Sullivan, Smithson gives particulars of the alleged fake.

The Last Dance.

A dance, given by Mrs. J. R. McIntire, will be held at the Pointe Claire Boating Club on Wednesday, the 13th of September.

This will be the last dance of the most successful year in the history of the Club, and a large attendance is expected.

Old Country Football.

London, Eng., September 12.—Yesterday's Second League matches resulted as follows:

Burnley, 3; Leicester, 0.

Birmingham, 1; Garnsley, 3.

Chelsea, 1; Derby, 0.

ROYALS HANDED DOWN WHITEWASH TO THE HUSTLERS

Barberich Pitched Fine Ball and Received Erroriess Support.

The Royals administered the kalsomine to the Rochester Hustlers in the first of the present series. Barberich pitched a fine game and with the exception of the sixth inning held the visitors safe. In that session they made a double and two singles, but failed to touch the home plate.

On the other hand the Royals did some heavy clouting, their eight safe drives, including a triple and three doubles, and the hits came opportunely. A single, triple and a double followed consecutively in the eighth.

Wilhelm pitched for the visitors, and as before stated, was no puzzle for the Royals when they really needed the runs.

Montreal commenced scoring in the first inning. French met the first ball for a hit to right and stole second after Yeager struck out. Miller walked, Gandil's sharp grounder went through Foster and French counted.

French and Yeager doubled in succession in the fifth after two were out, scoring a run. French drove the ball past Osborne, and Yeager biffed one over Moran's head.

Rochester failed to get a man on the bases in the last two innings, but the Royals got three runs in the eighth. With one out, Miller made his second hit and followed with his second steal. Gandil drove the ball over Osborne's head for three bases. Osborne made a good try but was just able to get his finger tips on the drive. Demmitt's drive kicked up the dust on the right field foul line, netting him two bases. Batch's return got lost in the sun rays and Demmitt scurred to third. He scored while Foster and Spencer were retiring Bailey.

DOUBE HEADER ON SHAMROCK GROUNDS.

What will probably be the greatest lacrosse games of the season will be played on the Shamrock grounds on Saturday afternoon, when St. Thomas Aquinas meet the Shamrocks, and Celtics clash with St. Patrick's.

In order to remain in the running and make a three-cornered tie, St. Thomas Aquinas and Celtics will both have to win their games, and, according to the dope, they will both do so. On the other hand, should Shamrocks defeat St. Thomas Aquinas, it will give them the title of champions of Section B. But the boys of the green, white and maroon are taking no chances and expect to land it themselves.

Royal Rovers to Meet.

The members of the Royal Rovers A.F.C., are requested to attend a meeting which will be held at headquarters Tuesday evening at 8 p.m. Special business will be brought forward, and is of interest to all members, so a large attendance is expected.

BUTTON SHOES IN VOGUE

Button shoes are fashionable this year and "INVICTUS" button styles are leaders.

"INVICTUS" button shoes are specially comfortable, and in addition, have that "chic" and dressy appearance so essential to young men's footwear.

The neat and permanent button-hole stitching, also is a feature well worth considering.

ST. PATRICK'S RUGBY.

At a meeting of the St. Patrick Amateur Athletic Association, the members interested in Rugby elected the following officers for the coming season: L. Dann, president; J. Roach, vice-president; J. P. Brophy, secretary; J. Dunlop and John Lopresti, committee; J. P. O'Loughlin, manager and coach.

Members interested in the above branch of sport are requested to be at the club house on Wednesday evening at 8.30 p.m.

With all the talk about Easter players being signed for and wante in the West, it seems that the facts o the situation are that they have mo first class hockey players in the We than they want.

Mr. George Kennedy, managing d rector of the Canadian Athletic Clu is in receipt of a letter from "Ski ner" Poulin, to the effect that the la t r is anxious to come back Ea again, and play with his old team ne year.

And not only that, but Poulin sa he is bringing with him one or tw first class players who he think will work well on the Canadian tean and who he hopes will be given try-out by Mr. Kennedy.

He says that he has had a ta with Frank Patrick, but no offer fro that gentleman, and from what he ca understand the Pacific Coast Ri scheme will not extend itself beyon one in Vancouver and one in V toria.

SOME SURPRISES FURNISHED IN DAY'S PROGRAMME

Guy Fisher Defeated Naushon in the One-Mile Handicap.

With an agreeable change in the racing conditions due to the fine weather, the second day of the autumn meeting of the Montreal Jockey Club was marked with close and exciting finishes. Three of the seven events were won by a nose or a head and under the hardest kind of a drive all the length of the stretch. The Maiden steeplechase event brought out a good field and was not without a mishap events for green jumpers usually are. Three fell in this and Fred. Williams, who went down with Young Orpheus was badly shaken up, although he did not meet with any serious mishap. Due to his having to stay home suffering from a severe cold with one of his eyes Lieut.-Col William Hendrie was absent from the stewards' stand yesterday afternoon, his place being ably filled by Thos. Clyde. Lieut.-Col. Hendrie will be back in the stewards' stand this afternoon, as the trouble was not as serious as was first thought to be. He left Toronto last night for Montreal. Due to the large fields the prices on the runners were most liberal, only two first choices landing under the wire first. Probably the best race of the afternoon was the handicap which first demonstrated the ability of Judge Joseph J. Burke, who brought the first three horses to head finishes by the slights alloted to them. This is the best proof of first-class handicapping. One of the most pleasant features of the afternoon was the fact that the well-known Yellow and Black of Joseph E. Seagram, president of the Ontario Jockey Club, and the Canadian Racing Associations were first past the post in the third event on the card. They were carried by Rockville, a colt which was recently purchased by him at the Sanford sale and for which he paid fifty-two thousand dollars. It will be remembered that two years ago this owner brought a mare Bouquet from Saratoga after purchasing her there and won for the first time with her at Blue Bonnets. This goes to show how history repeats itself. This colt ran a grand race and will be hard to beat from now on as he is by no means a worker and his best trail for his race yesterday was a mile in 1.49.

Many Surprises During Afternoon.

There were many surprises during the afternoon as horses which figured at long shots tin-canned home in front under good rides. There was not one of the well-played choices with the exception of Rockville to live up to expectations. The track was at least two seconds faster than on opening day, and the events were run much closer to the records. The infield is now in better condition than it has been for many seasons. The rain did good by softening it up and making better at the take off and the landing. The attendance on the second day should be a big increase over opening day, the stands were better filled, while the members enclosure was well filled. The local public are growing from year to year a greater interest in the Sport of Kings, and it is now one of the sights at Blue Bonnets to watch the patrons visit the paddock to see the nominees saddled and if sent to the post.

Byrne Carries Off Riding Honors.

Jockey George Byrne, who has been riding up at Blue Bonnets since the meeting at Hamilton, is surely riding in good form. He won three races yesterday, was second once and third on the other occasion. This boy was the leading rider at Hamilton and bids fair to carry off the honors at Blue Bonnets this fall. He put up clever exhibitions on all three winners. The ride of Phil. Goldstein on Guy Fisher was a first-class performance. He was hustling the old campaigner along and when he found Byrne and McCahey riding one another into the ground on Busy and Naushon he waited and saved his mount until the finish then came along and won by a head under a hard drive. There has been a keen competition among the riders this summer, and it is being kept up at Blue Bonnets.

Some Turf Gossip.

T. Gilman, who lost Billy Vanderer in a selling race some weeks ago, bought him back yesterday at Blue Bonnets and the horse will now run under his colors. This horse was sent there to J. J. Hyland to look after for the meeting.

There were but few withdrawals yesterday afternoon and the fields to go to the post were all record in size. This is due to the number of horses now housed at Blue Bonnets. There are more there than there has been at any of the Canadian tracks this summer. The handicaps have filled especially well and those to follow give promise of even better fields. They furnish as good contests as the stakes

The books for the fall meeting at Laurel will be here for distribution on Saturday. The book for the first week of the meeting furnishes races for all classes of horses and is sure to meet with favor at the hands of the horsemen generally.

Simcoe made his first public appearance of this season under the colors of J. E. Seagram yesterday. He ran a good race for the first time out and his trainer Barry Littlefield was well pleased with the performance. This colt has beaten some crackerjacks in his time and seems to be at his best.

The handicap to be run to-morrow at a mile and a quarter has attracted a good field; the weights were allotted last night giving Sir John Johnson the top weight. This horse can run as well under weight as with a light impost and his recent victory shows him to be at himself again. He is conceding a lot of weight to the others but should be able to do it. The following are the weights allotted by J. J. Burke.

Sir John Johnson, 126.
Star Charter, 110.
Busy, 106.
Clic Edge, 104.
Aylmer, 98.
Bob R, 96.
Aldrian, 93.
Taboo, 90.
Owanux, 89.

Aldrian was one ofthe gamest three-years-old which was raced in the south last winter. He has taken on a lot of weight during the summer and will improve even from now on. He will likely start in the handicap on Wednesday.

Guy Fisher blocked soon after the start when Goldstein attempted to go through on inside; closed with a rush last furlong and got up in final stride. Naushon, under restraint first half, hung on with good courage in final drive. Busy a keen contender all the way. The early pace was slow and race resolved itself into a sprint through the home stretch.

FIFTH RACE, about 2 miles, purse $500, for maiden 3-year-olds and up, steeplechase. Start good. Won cantering. Place easily. Went 4.32 at 2. Winner, b.g., by Wickham—Diana's Daughter. Trained by A. Bulcroft. Value to winner, $420. Time, 4.17 1-5.

HIS EXCELLENCY THE GOVERNOR-GENERAL

Will Attend the Races on Wednesday Afternoon too Witness the Running of Handicap.

His Excellency the Governor General of Canada will attend the racing at Blue Bonnets on Wednesday afternoon. This will be his last official visit to such an affair, as his term of office has expired and he leaves shortly for England. Earl Grey has always shown a keen interest in the thoroughbred and its welfare in Canada. He has evinced a great interest in racing and has done a lot for the furtherance of it in this country. His visit will be received as welcome news to all.

STAKE ENTRIES FOR LAUREL.

Many stake entres have been forwarded from Blue Bonnets to the new racing plant at Laurel, Maryland. The meeting there opens on October second and will run until October 31. This will give twenty-six racing days and in that time ten stakes are down for decision. Three hundred stalls are already completed and two hundred more will be ready by September 15. This will house all of the horses which will race at Laurel. The dates for the meeting have been recognized by the Jockey Club and there will be no trouble between the plants at Laurel and Pimlico, they both being in the best of terms. There is to be twenty thousand dollars given away in the ten stakes while there will be no purse less than five hundred dollars. Three thousand chairs have already been placed in the grand stand which will have a seating capacity of four thousand. The buildings have all been completed and ready for occupation.

RESULTS OF THE RACES YESTERDAY AT DUFFERIN PARK

Love Watches, An Odds-on-Favorite, Won the Feature Event.

Special to The Montreal Star.

Toronto, September 12.—W. C. Capps' Love Watch, an odd-on favorite won the feature event, Burns and Sheppard Repository Purse at Dufferin Park. White hustled him to the front right after the break and set his pace and won in a rather easy manner. Donovan closed fast rounding the far turn and was an easy second over Mapleton, who closed with a rush in the stretch.

Jockey Robertson, who had the mount on Sandivar in the seventh race put up a wierd ride. The horse was full of running and could have ran over the favorite Abrasin at any stage and won by a safer margin than wht he did.

Tommy Ryn, manager of the Olympic Club, made his debut as an owner He won the sixth race with Barrete, the good thing of the afternono. The speculators had a bad day but three favorites coming down in front. The first race fell to the lot of an outsider, Punky, the fourth race saw Altorpe installed a favorite and a heavy play went in on ihm. He was unable to make the sharp turns and could not regain the ground he lost. W. C. Capps, who ran Love Watch blinkerless with out permission was fined twenty-five by the judges.

A HOCKEY RINK FOR NOTRE DAME DE GRACE.

On Tuesday, 12th inst., at 8 p.m., in the home of Mr. J. Lyal, 106 Prud'homme avenue, will be held a meeting of the male residents old and young, of Notre Dame de Grace, to formulate plans for maintaining a hockey club and skating rink in the district this coming winter.

The idea of building a good rink has been in the air for some time. More or less successful rinks have been run by the young men in past winters; but this fall the residents aim at establishing a regular, well appointed, hockey rink which will wave them the necessity of going down town for their sport.

Influential backing is behind the movement, and it is expected that Tuesday's meeting will be a packed one.

Tabo is in the handicap with light weight up and will run a different race than in her last start. This mare was never a good weight carrier and this gives her a good chance.

Grand Trunk Pacific Inspection by Railroad Commission.

Last month, the Railway Sommission headed by Judge Mabee, chairman, visited Prince Rupert, and made a trip over the hundred miles of the Grand Trunk Pacific east of Prince Rupert, which is now in operation. General Superintendent Mehan was the recipient of many compliments as to the physical conditions of the new road-bed. Judge Mabee said in an interview with a reporter of the Evening Empire, in Prince Rupert, "I saw a splendid piece of road-bed. It is a fine road all the way from this point to Mile 102. A better piece of road cannot be found among many of the roads of older Ontario. On our return trip we ran over 35 miles an hour over some portions of the line, and the going was remarkably steady for a new road. When the Government accepted the road, there was an order limiting the speed of trains to 12 miles an hour, but after having seen the road, we are going to make an order permitting the speed of trains to be increased to 35 miles an hour."

This is in a line with the entire construction of the Grand Trunk Pacific Railway, which is being built as a permanent road from the start.

THE "LARGE" AND THE "SMALL" OF IT

The "value" to the smoker is "large"—the "profit" to the dealer is "small."

The dealer is willing to pay more for Davis' **"PERFECTION"** than for any other 10c Cigar, because **"PERFECTION"** costs more to produce.

"PERFECTION" IS BETTER

and that is why it costs more.

It is a blend of the world's choicest tobaccos, and is manufactured by a firm whose Cigars have been famous for more than fifty years. We say **"PERFECTION"** is better than the rest. One trial will prove the assertion.

Look at this Grate Bar!

The reasons for its saving of fuel and simplicity of operation are surely worth a minute of your time.

THAT'S the King grate bar. And in every sense it's a *great* bar. For, no other grate unites the simplicity, convenience and ease of operation with the same substantial fuel economy. Not a bolt or split pin anywhere to require cold-chisel-and-hammer treatment. Working independently of each other, it takes but a moment and a pair of hands to remove or replace them. In *shaking* or *dumping*, the operation can be so regulated that clinkers or large coal cannot clog the grates or partially burnt or fresh coal drop below. The fire in the boiler is dumped by simply *reversing* the shaker.

KING BOILER & RADIATORS

Another point of special interest is: The shaker, instead of being a separate part of the grate, is joined to and forms a complete part with the grate. No need for fumbling in the dark when you want to use it; no need to remove it when through to avoid stumbling over it. It's always in position, but never in the way. The connecting rod of the King being placed at the side, instead of the centre, allows the draft to be completely and evenly distributed over the whole grate surface, causing perfect combustion and the abstraction of every unit of heat energy from the fuel.

—this mark on an egg is a guarantee that it is "Fancy-New-Laid".

What do you think of the idea of trade-marked eggs?

It means that the eggs have to be pretty good, doesn't it?

For if they weren't, we wouldn't dare to trade-mark them—we wouldn't dare to imperil our reputation; the reputation of Gunn, Langlois & Co., Limited, has for nearly 40 years been more than good, and we intend to keep it so.

Now, just stop and think what it means when we guarantee an egg, by putting our name (UNNS) on it.

We were the first firm in Canada to successfully conduct a campaign to raise the standard of Canadian eggs.

Therefore, to protect our reputation, we ourselves have to know that these eggs are absolutely fresh—have to know that they come from the hen to us, almost the very moment after they have been laid.

And we do know it.

We are putting our reputation back of (UNNS) Fancy-New-Laid-Eggs.

These eggs are more than strictly fresh — they are Fancy-New-Laid-Eggs every one of them, and go from the nest to your table almost as quickly as you could carry them there yourself.

All first-class grocers sell (UNNS) Fancy-New-Laid-Eggs. Look for the name on the carton and the word (UNNS) on each egg.

MAJOR GRIESBACH IMPARTS VIGOR TO EDMONTON FIGHT

Says Corrupt Ballot Boxes Were Sent to the Outlying Districts.

MAKES A VIGOROUS ATTACK ON MR. OLIVER

Minister Should Explain the Source of Suddenly Acquired Wealth.

Special to The Montreal Star.

Edmonton, Alb., September 12.—Alleging that thirty of the 215 ballot boxes required in the Edmonton constituencies were so made as to permit of corrupt practices in the handling of the vote; that thirty boxes were sent to the outlying constituencies where the Conservative party could not afford to send scrutineers to watch the handling of the boxes after the vote was made, Major Griesbach, the Conservative candidate, opened his campaign in the city last night with a vehement attack on Frank Oliver and his methods of conducting his campaign.

To illustrate the methods which was being used in mailing the boxes, Major Griesbach exhibited one upon the stage and showed how the wire forming the rim of the boxes was so exposed as to be easily drawn out. Access to the box was then merely a matter of lifting back the cover after which operation the wire could be replaced and the box show no sign of mutilation.

"The boxes are the same as were used in the last days of the Ross government in Ontario," said Major Griesbach.

During the early part of his address Major Griesbach confined himself to the question of Reciprocity, rehearsing the arguments which have been given to the public time and again in opposition to the pact.

He then made an attack upon Mr. Oliver, giving an account of his operations in connection with the Manitoba and Southeastern Railway Company and certain land transactions connected with them and the depositing of $50,000 in the Imperial bank at Edmonton.

"Mr. Oliver did not have a chance to explain these charges from the public platform until his meeting last week. I waited until he had his chance before taking them up. He made no explanation.

Major Griesbach then stated that Mr. Oliver's failure to explain justified him in making the fight one of men and not of measures.

In the course of his speech Major Griesbach said:

"By reason of an improper grant to the Manitoba Southeastern Railway, the company profited to the extent of $3,000,000. Simultaneously Frank Oliver deposited in the Imperial Bank here the sum of $50,000. One year later he deposited an additional $19,000. This does not require proof. It has not been denied. The people who gain by this transaction are the railway company, the people who lose, the tax payers of Canada. The man who is responsible for it is Frank Oliver. No honest man would be ashamed to reveal the source of his suddenly acquired wealth. If a public man mixes public business with his private affairs we are entitled to know, and we are entitled to the fullest information in a matter which is of direct public concern. If the source of his wealth is going to be made public after the assembly of parliament, why not now? You can not conclentiously support a man who lies under aspersions of the gravest character, a man, who, if he is innocent, could at once clear himself of all suspicions. Oliver could prosecute McGillicuddy, if he would. Why does he not do it?"

"Oliver forgot in his attack upon the Americans and Great Waterways scheme last week that ten years ago he obtained a charter for a railway to Fort Murray, and that it was upon that charter that the whole great waterways scheme was built. I know, and you know, that he replaced one government by another in this province, that he replaced one premier by another, that he brought down judges from the bench to make a new government. He described a railway policy for which he promised to do something at least for the great undeveloped country to the north of this city and to-day this province is in a worse tangle financially than any other province of the Dominion. The man who is to blame is the present Minister of the Interior and one other."

Mr. White at Berlin.

Special to The Montreal Star.

Berlin, Ont. September 12.—An audience of four thousand people listened to an excellent address by Mr. W. T. White, president of the Canada Trust Company, of Toronto, here last evening. He was given an attentive hearing and was frequently interrupted by applause. He said reciprocity could be divided into three parts. It was a great business question, a great economical one, and a great national one, and it was to be regretted that the fate of any Government should be at stake when such a momentous question was being decided.

However, the present election would decide the national and political destiny of Canada. The rejection of reciprocity in 1866 resulted in the Confederation of Canada, and the speaker asserted that it was Providence alone that saved us at that time. Some people say that Sir Wilfrid Laurier wears the coat of Sir John Macdonald, but, said the speaker, don't you think if Sir John had lived he would not in twenty years have outgrown that coat? But it was a question of living for the living and not for the dead, and as the twentieth century belongs to Canada we must be up and doing.

"Mr. King has developed into a political genius. He has discovered how the farmer will get a higher price for his products and the consumer will pay less, but this story was to believed as much as Dr. Cook having found the North Pole. Reciprocity spells commercial union and we must avoid that end."

DOCTOR STEDMAN'S Worm Powders

For Children and Adults

Worms in the intestines are not only an inconvenience and a nuisance, but in very many cases lead to serious danger. In children, convulsive fits may be induced by their presence, and in adults, distressing indisposition. All the different kinds of worms are acted on by this preparation, the tapeworm, the round worm and the thread-worm. A few doses will never fail to dislodge the enemy and in most cases prevent its reappearance.

Prepared by the proprietor of Dr. Stedman's Teething Powders, 125 New North road, London, England.

NOISY WESTMOUNT.

Clanging Engine Bells Disturb the Citizens.

At last night's meeting of the Westmount Council, Mr. W. Godbee Brown protested against the clanging of C.P.R. engine bells at night. He declared that if he had house rent free, he would not elect to stay on Western avenue in another summer if the engines could not pass without the incessant ringing.

Ald. McBride stated that a meeting with Mr. David McNicoll vice-president of the C.P.R., had been arranged, and it was anticipated that it would result in the abatement of the smoke nuisance, and he hoped that the noise of the bells would also be stopped.

The request of the Arena Company for a reduction of the assessment on their premises on St. Catherine street and Wood avenue was granted, and the original figure of $112,000 was cut down to $93,104.

Don't "Nag" a Man Because He Drinks

It Only Makes His Nerves Demand More Liquor.

It is quite easy for a milk-and-water man who will never create a craving in the world to behave well; but it isn't easy for the nervous, irritable, energetic, ambitious man who wants to do things. His brain is always working—he is out in the world meeting people—he is trying to keep right in the centre of the pace that leads to success.

But he generally overdoes it. There is just one pitfall in the path that the very impetus of his energy carries him into: just one deadly enemy of success that his nervous ambition makes him an easy victim for—that is drink. And with drink, success, business, achievement and judgment receive a death blow.

Alcohol weakens the brain and the body—thereby physically and mentally unfitting the drinker for good business and unless he can stop drinking it, the end is failure.

Come to the Gatlin Institute. Three Days you can go back to your business and to success with no more craving or desire for liquor than if you had never tasted it. It will remove from your mind and body, it will make the kind of a business man of you that you would be if it were not for liquor. There are no hypodermic injections or other disagreeable features, and you will be treated under a legal contract to cure in Three Days—if you are not satisfied with the cure and with the treatment the full fee paid will be refunded when you are leaving the Institute. Seven thousand cases have been treated at the Gatlin Institute in the past ten years with failure to cure in no case. The Gatlin is now recognized as a national treatment for liquor drinking.

Come To-day, and in three days you will be free. It is for you to say. Write or call and you felt before your nervous system began to demand liquor. If you cannot come to the Institute, send for the Gatlin Home Treatment.

Call or write for full particulars. Institute located at 148 St. Hubert St., Montreal, (Cor. Dorchester). Telephone, Bell 1914. Toronto Institute, 423 Jarvis St., Toronto.

MILITANT PASTOR FROM LONDON TO VISIT MONTREAL

Rev. Silvester Horne is "Unpenitent Radical" and Home Ruler.

REV. SILVESTER HORNE.

Rev. Silvester Horne, of London, a militant Congregationalist, who has been described as the "Rupert of Nonconformity," is soon to visit Montreal and will speak here at a public meeting.

Mr. Horne describes himself as an "Impenitent Radical," and an "advocate of modern Puritanism." He is Liberal member in the Imperial House of Commons, sitting for Ipswich and is minister of Whitfield's Church, Tottenham Court Road.

Mr. Horne had been in Toronto and secured a glimpse of the political activities and for that reason will make a flying trip to Montreal to obtain an impression of matters here. He is now visiting various United States cities.

He will be here at an excellent time, having arranged to be in the metropolis on September 20 and 21. On Wednesday night, September 20 he will address a public meeting in Emmanuel Church. He comes here under the auspices of the Congregational Club of which Mr. Charles Gurd is president.

Mr. Horne has strong sympathies with the labor movement in Great Britain, is in favor of Home Rule for Ireland and advocates Woman Suffrage.

REALTY REVIEW

VOL. I. MONTREAL, TUESDAY, SEPT. 12, 1911. No. 224

THE SPORT OF KINGS

Horse racing will never be a thing of the past as long as there are a couple of horses able to crawl. What makes it so fascinating is, of course, the great elements of chance there is in it.

Everybody likes to take a chance once in a while, but when it comes to taking chances with what you can't afford to lose, then you are treading on dangerous ground. When you want to invest your money for your own and your family's welfare, don't take chances with it. Invest in real estate in the City of Montreal.

A SNOW WHITE CLOTHES LINE

Mrs. Bell was a charming little woman with a cheerful, fascinating smile. You felt the better for her happy presence, and she went about her household duties with a song on her lips and a glad smile in her eye.

Wash day made no difference to her cheerfulness. Her clothes line, strung with fleecy-white garments, fairly glistened and was the envy of her neighbors. One day her next door neighbor was so much taken with the dazzling white appearance of her linen that she asked her however she got them so white. "Look at mine; they are yellow in comparison with yours." "Why," answered Mrs. Bell, "Sunlight Soap does it. I never wash with anything else. I just soak the clothes in lukewarm water, soap them well over with Sunlight, roll them up and allow to stand for about half an hour. Then I rub lightly, rinse them in clean water and hang them up on the line. It's the purity of the soap that does the work. My washing is done by eleven o'clock. For next wash day you buy Sunlight, and I'll show you how." And she did!

The woman who uses Sunlight Soap regularly to do her washing has the satisfaction of having her linens and other fabrics made snowy white with the greatest economy in work, time and money. She knows that the purity of Sunlight saves the life of the clothes and does not injure them in the least. Sunlight purifies and cleanses everything it touches.

Use Sunlight Soap This Way

If you follow directions, you do not need to boil your laundry when you use Sunlight Soap. Soak and soap the clothes well, roll them up tight and immerse them in lukewarm water for half an hour; then rinse in clear, fresh, tepid water. You do not need to do any back-breaking rubbing.

THE GENERAL SYNOD TAKES UP QUESTION NE TEMERE DECREE

Hon. S. H. Blake Moves Appointment of Committee to Draw Up Memorial.

Special to The Montreal Star.

London, Ont., September 12.—The hottest discussion since the General Synod opened is now in progress over the Ne Temere decree. The withdrawal of the report on holy orders brought the matter unexpectedly before the House. For the elimination of discussion and a more thorough investigation than it could be given in the House, Hon. S. H. Blake, Toronto, moved that a committee of both the Upper and Lower Houses be appointed to conduct an investigation and that the Government be memorialized to appoint the Court of Exchequer a court to deal with matters touching the validity of the marriage law.

There was much opposition to the resolution, an adjournment being taken before the debate was concluded.

Chancellor Davidson, Montreal, and Mr. James Jones, K.C., Toronto, were leaders of the Opposition.

The first resolution of Hon. Mr. Blake, provided that the Upper House concurring, a committee be appointed from both Houses to confer with members of similar committees of other religious denominations and that the whole question be dealt with by these committees, who would be empowered to recommend legislation that would remedy existing evils.

The liberty of the people and the sanctity of the holy marriage law is being assailed by an audacious class, something that in this land of civil and religious liberty we will not permit, "said the mover, in placing his first resolution before the House.

"These matters are of vital importance. What we want is a Dominion law, a uniform law, supreme in marriage. A law that no other power in the Dominion, ecclesiastical or secular, can assail, and one that no aspersions can be cast upon, directly or indirectly that persons married contrary to dictates of any church are living in concubinity and that lawful issue of such union is illegitimate."

Mr. Charles Jenkings, of Petrolea, was the seconder.

Chancellor Davidson, Montreal, expressed his gratification as a delegate from Quebec, that the matter was being brought before the Synod. He was, however, opposed to passing any such resolution as a memorial to the Government or enacting legislation to amend the marriage law of the Dominion. By the action of the Privy Council declaring the canons of the Council of Trent void in Canada, effective steps had been taken against the promulgation of those canons in Quebec. The canons of that Council were not enforced, nor did they exist in that province. Any action of the Synod in asking for legislation would have the effect of giving away the position of the Church of England.

Hon. H. S. Blake hotly asserted that the decrees of Tamstri in 1902, and Ne Temere in 1907, had caused the canons of the Council of Trent to be indirectly operative in Quebec.

Mr. James Jones, K.C., Toronto, opposed the sending of the matter to a joint committee. He contended that the decree of Ne Temere was ecclesiastical, and not one that affected the civil laws of the Dominion.

The Ne Temere decree is no part of the Quebec law, he asserted, neither does it affect the civil laws of that province. Further than this he claimed British North American act had left to the provinces the matter of their marriage laws.

The Synod, during the afternoon, passed the recommendation of the Committee on the adaptation of the Book of Common Prayer.

AUSTRALIA SEEKS RENEWAL OF MAIL SERVICE TO CANADA

Premier Fisher States Negotiations Now Proceeding—Business World Anxious.

Special Cable to The Montreal Star.

Melbourne, September 12.—Negotiations have been resumed, Hon. Mr. Fisher states for the re-esttablishment of the mail service between Canada and Australia, which was allowed to drop by the withdrayal of the subsidy paid the Union Steamship Company, of New Zealand. It has been found that the trade interests of the Commonwealth have suffered very considerably by the diversion of the steamers to New Zealand, and the Australian business men have not ceased their efforts to induce the Government to revert to the old order of things.

Premier Fisher states that he is hopeful that the negotiations at present proceeding will be crowned with success.

DR. MAWSON'S FIND OF GREAT VALUE

Australian Scientist Has Quarter Ton Uranium Oxide Ready to Ship.

MOUNT ETNA IS IN VIOLENT ERUPTION; PEASANTS FLEEING

Whole Region Roundabout Covered With Pall of Ashes—New Craters Opened.

Catania, Sicily, September 12. — The eruption of Mount Etna has become more intense. The showers of ashes and cinders are heavier, and the rumbling of earth shocks at short intervals is heard for miles. The shocks are growing in violence and panic prevails.

The fear of the people is augmented by the great heat and the suffocating atmosphere. All the country roundabout is covered with ashes and seems under an immense funeral pall.

It is reported that three new craters have opened, but, so far as it has been impossibel to ascertain whether they are emitting lava, because of their altitude and the thick smoke that lies over them.

The people of the villages on the slopes of Mount Etna have abandoned their homes. Some of the houses have been damaged and hundreds of men, women and children who are without shelter go about from place to place carrying pictures of the Saints crying and imploring mercy.

At Giarre sixteen miles from Catania the patients were carried out of the hospital by nurses, who feared that the building would collapse.

A new fissure has opened above Linguaglossa which lies at the foot of Mount Etna, and brilliant flashes illuminate the thick column of smoke. Lava is now descending and threatens the villages. It has reached to the edge of the woods. It is estimated that in all fourteen new fissures have opened and they are emitting smoke, ashes and lava. Even the streets of Catania are covered with ashes.

FREE EVENING CLASSES.

Arts and Manufactures Course to Begin in October.

The opening of the free drawing and trade classes under the auspices of the Council of Arts and Manufactures, will take place on the second Monday in October, in the Monument National building. The following classes are being organized, which are free to the public. Solfeggio, painting, modelling, freehand drawing, lithography, sign painting and lettering, boot and shoe pattern-making, carpenter work, stair building, architectural drawing, mechanical drawing, dress cutting, sewing and millinery. Meeting in St. James.

A meeting of the English-speaking electors of St. James division will be held at Mr. Asselin's Central Committee room, 268 St. Andre street (near St. Catherine street) on Wednesday evening at 8.30 o'clock. Mr. Asselin, Mr. Cahan, Mr. Stanley Bagg, Mr. John Boyd, and others will address the meeting. The seating capacity of the hall is between four and five hundred. As a Nationalist, Mr. Asselin says he is particularly anxious to meet the English-speaking voters for the sake of discussing the incendiary appeals being made by the reciprocity press.

Death of Mr. S. W. Ladd.

Mr. Sherman W. Ladd died at the Royal Victoria Hospital, after a very brief illness.

Deceased was in charge of the building operations of the United Shoe Machinery Company's new plant at Maisonneuve.

Interment took place at Winchester, Mass.

JOINT MEETING AT STE. ANNE DE BEAUPRE LIVELY

Mr. Marechal Attacks Naval Policy and Answers Attacks on Mr. R. Forget.

Special to the Montreal Star.

St. Anne de Beaupre, Que., September 12.—At the assemblee contradictoire here on Sunday, the principal speakers were Mr. L. T. O. Marechal and Mr. Rodolphe Forget, for the Opposition and Mr. George Parent and Hon. L. A. Taschereau, for the Liberals.

Mr. Marechal was the first speaker and declared against the Government's naval policy, saying that either we should have a navy in reality or none at all, and certainly not a "tin-pot" navy such as the one now in existence. There was, he said, no use in squandering public money on such an establishment as that the government now lauded.

Mr. Marechal then took up several personal attacks made upon Mr. Forget during the present campaign.

He declared that in 1908, when the Montmorency cotton mills were on the verge of failure, Mr. Forget stepped in and placed them on a sound basis. Mr. Forget was a man who kept his promises, he declared, whether as member for Montmorency or not.

Mr. George Parent, who followed, declared that Sir Wilfrid Laurier was the greatest statesman in the world and the Liberal Government the greatest and best Canada had ever had. He declared that reciprocity would make the farmers of Montmorency millionaires in a few years, and that they would all become wealthy.

He stated that though Mr. Forget was running there, he did not intend to sit for that constituency, but would resign if elected, in favor of Mr. T. Chase Casgrain. Mr. Parent said that as the Government had spent $150,000 in the country, they and their candidate should receive some consideration.

Mr. Forget was the next to speak, and stated that he was only running because numerous influential delegations had asked him to do so. He declared that whether elected or not, he would do as much for Montmorency as though he were their member. He felt confident that he would be returned on Seeptember 21, and would have great pleasure in protecting their rights and privileges.

He replied to the attack made upon him as head of the merger by declaring that the Parent-Taschereau firm were the merger attorneys in Quebec.

Hon. L. A. Taschereau then addressed the meeting. He claimed that the record of the Government was of the best, and that it should be returned on its merits. He declared he was certain the Liberals would be sent back to power on September 21.

CHRISTIAN ENDEAVOR.

Founder Addresses a Rally in Montreal.

Rev. Dr. F. E. Clark, of Boston, the founder of the Young People's Christian Endeavor, was the principal speaker at a crowded rally of the local members held in Erskine Presbyterian Church last night.

Dr. Clark said it was the largest Endeavor gathering he had seen in Montreal since the convention of 1893. The recent increase campaign that had been waged had resulted in the addition of a million members. Now they wanted an efficiency campaign, for the deepening of their spiritual life.

A good deal of fun had been poked at the society in the past. It had been represented as a courting society, "but," added the speaker, "I would rather find a wife in a young people's prayer meeting than in a ball room."

There was a tendency to separate the sexes to-day, so that he sometimes feared the return of the screen that used to part the sexes in church. He was glad to say that men numbered 40 per cent. of the society, and he believed that when the peace pact of the world came to be signed, the C. E. Society would have something to do with it.

Mr. Robert H. Ross, vice-president of the Montreal C. E. Union, presided over the gathering, which was also addressed by Mr. Karl Lehmann, the international field secretary, who is here on a three weeks' campaign.

Earlier in the evening a banquet was tendered Dr. Clark by the Montreal Christian Endeavor Union. Mr. Leroux, president of the Quebec Province Union acted as host, and was supported by Revs. Dr. Johnston and J. G. Potter; Messrs. A. A. Ayer, Lighthall, Grafton and Baker.

To-day Dr. Clark is celebrating the 60th anniversary of his birth at Ayimer, Que., where he was born.

No Cause of Fire.

No cause could be found for the outbreak of fire which damaged the shoe-last factory of J. F. Goyer, 950 Rivard street, which occurred last Friday, when an enquiry was held before Fire Commissioner Ritchie yesterday afternoon. Mr. Goyer stated that the factory had been closed for over a month, and that he was no longer connected with it.

Hochelaga County Fair.

The annual exhibition of the Agricultural Society of Hochelaga County will take place at Bout de l'Ile, near the Bureau Hotel, on Wednesday, 27th inst.

Entries should be made, at least, five days before the above date, at the office of Mr. R. Dumouchel, the secretary-treasurer, 13 St. James St.

Many Pupils Register.

Registration of students for the fourth session of the evening classes of the Montreal Technical Institute commenced last night, when 250 pupils were enrolled. This is an increase of 50 per cent. over the first day's enrolment last year.

Western Hospital Visitors.

The visiting governors to the Western Hospital for the week are Messrs. T. Bienvenue, J. Godfrey Bird, Dr. A. T. Bazin, Mr. R. Bickerdike.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

MINERAL WEALTH GOES TO STATES TO BE REFINED

Mr. Watson Griffin Explains Effect of 'Pact on Nickel Industry.

When speaking at Sudbury, Sir Wilfrid Laurier referred to the fact that Canadian nickel is allowed free entrance to the United States, and expressed the opinion that all Canadian products should enjoy the same advantage. "There, in a nutshell," said the Premier, "you have the whole policy on which the Canadian people are asked to pronounce two weeks from to-day."

Mr. Watson Griffin, of Montreal, who is well acquainted with the nickel question, remarked to a representative of the Star to-day that "Sir Wilfrid Laurier could not have given a better illustration to show the meaning of his reciprocity policy. The nickel is mined in the vicinity of Sudbury, converted into matte by a cheap process and exported to New Jersey to be refined. An immense amount of capital was invested in the plant in New Jersey, and a large number of skilled workmen are employed there. At the time the great Canadian nickel discoveries were made many Canadians believed that our Government should insist upon the nickel being refined in Canada, and if that policy had been carried out the great work would be at some point in Canada where the ore and fuel could be cheaply assembled.

"As it is, the rough cheap work is done in Canada, while the costly process of refining, in which highly paid skilled labor is employed, is done in the United States. The Americans would like to see the same policy applied to all Canada's natural products and Sir Wilfrid Laurier says: 'that is reciprocity in a nutshell.'"

Mr. Griffin was asked what effect the imposition by the United States Government of a 25 per cent. duty on nickel would have upon the Canadian nickel industry?

"The Americans," he replied, "would have to get their nickel from Canada just the same and pay the duty in addition, for they have no nickel deposits of economic value in the United States, although some small pockets of nickel have been found. In fact, Canada is the only country in the world where large deposits of nickel have been discovered, excepting New Caledonia, an island in the Pacific Ocean. The nickel of New Caledonia is of inferior quality, it costs more to refine it and its distance from the market of the world considerably increases the cost.

"The United States is not as yet as destitute of timber as it is of nickel, but the forest wealth of the country is rapidly disappearing. The proprietors of the big newspapers of the United States are getting very anxious about the exhaustion of the supplies of pulp wood. They require enormous quantities of paper and the mills of the United States must have free access to Canadian forests or they must be moved to Canada. This is the true secret of the assistance which Mr. Hearst and other American newspaper proprietors are giving to the advocates of Reciprocity in Canada. They want pulp wood to be dealt with in the same way as nickel.

"Soon after the Liberals came into power at Ottawa, a resolution was introduced in the House of Commons authorizing the government to put an export duty on crude nickel and pulp wood. It received the support of both Conservative and Liberal members and passed through both Houses, but the Government never put it into effect. I have often wondered why!"

Mr. Griffin emphasizes the importance of "carefully noting that Sir Wilfrid Laurier says that if the Canadian people vote for Reciprocity on September 21, it means that his nickel policy is to be applied to all the natural resources of Canada. "What does this mean?" asked Mr. Griffin. "It means," he said, "that Canadian timber is to be shipped in the rough to American mills and American factories; that Canadian iron ore is to be smelted in American blast furnaces; that Canadian fish and Canadian meats are to be cured and packed in the big packing houses of the United States; that Canadian fruits and vegetables are to be canned by Americans; that Canadian wheat is to be ground in American mills. It means, in short, that Canadians are to do the least remunerative part of the work and allow the Americans to make the big profits. It means ruin and stagnation for our towns and cities, loss of traffic for our railways and steamships, and no advantage to our miners, lumbermen, farmers and fishermen."

Refused to Grant Bail.

In the case of Ovila Lambert, accused of incendiarism in the burning of Peloquin's Hotel at Ahuntsic, Mr. K. Laflamme K.C., again renewed his application for bail before Mr. Justice Trenholme of the King's Bench. Mr. Charles Gaudet, K.C., for the private prosecution, opposed the motion.

Mr. J. C. Walsh, K.C., Crown Prosecutor appeared for the Crown. His Lordship refused the application.

AN INTERESTING SUITE OF ROOMS AT MORGAN'S

The suite of rooms furnished in varying styles, and with furniture of different periods, which are now open to inspection at Messrs. H. Morgan and Co.'s emporium, are exciting the interest and admiration of visitors.

The general color-schems of the rooms is outlined in white, and they are furnished with Oriental rugs throughout. In each room, the fixtures harmonize with the period in accordance with which the room is furnished, as also do the china, bric-a-brac and pictures.

The entrance to the suite is by a Tudor porch, adjoining which is a conservatory, semi-classical in style and with ivy growing on its walls. These lead into a room furnished in old colonial style, the dominant color being white, relieved with blue. Next is a Georgian parlor, with old English furniture and pictures by old masters on the walls, a picture over the mantelpiece, instead of a mirror, and ornaments of Sheffield plate. A bedroom furnished in colonial style, and a pink and white boudoir follow, and adjoin a salon with green and gold furniture, of Louis XVI. style, and a drawing room furnished in the style of Louis XV., gold and white in color relieved by a touch of cream. A bedroom furnished with solid mahogany, white enamelled is a novelty, as is a ladies' room with Japanese cloth and valuable water colors on the walls, and fitted with Thonet furniture. There are also a nursery, liberally supplied with all the latest toys, and the living room of an old English cottage, appropriately furnished.

HON. CLIFFORD SIFTON PUTS ISSUE CLEARLY BEFORE ELECTORS OF AYLMER AND HIS STAND IS STRONGLY ENDORSED

Question Canadians Have to Decide, He Says, is This: "Is Canada Able to Stand Alone and Independent of United States, or Shall We Haul Down the Flag and Put Ourselves in a Position of Dependency Upon Our Neighbors?"—He Tells Stock-Breeders They Stand to Lose Under the Agreement—Explains Why He Left the Liberal Party.

pecial Staff Correspondence.

Aylmer, Ont., September 12. — n audience of eight hundred eople filled the Aylmer Town Hall o its utmost capacity last night, and ave a striking demonstration of ap-roval to the denunciation of the pact y the Hon. Clifford Sifton, who has eturned to the western part of the rovince of Ontario and added one ore triumph to those he achieved in eighboring ridings three weeks ago. East Elgin, in which Aylmer is the rincipal town, is a rich, thickly set-led farming and dairying country. Ir. David Marshall, president of the ominion Canners' Association, re-resented the constituency in the last arliament, having been first elected t a bye-election in 1906 and re-elect-d in 1908. He is the Conservative andidate again, and is therefore set-ing something of a record in winning wo contests and fighting a third within five years.

Dr. F. H. Miller, a dentist of Aylmer, Ir. Marshall's opponent, is running s a straight reciprocity candidate, nd until last night's meeting it was laimed by the Liberals that opinions ere equally divided in the riding pon this question, but Mr. Sifton's rguments, as he developed them in clear cut, vigorous and sincere anner, were so convincing that Lib-ral claims were entirely out of court nd the large audence, which was re-resentative of the whole electorate, t the meeting manifestly and de-rminedly opposed to the reciprocity act.

Upwards of one hundred prominent ectors sat in support of Mr. Sifton nd Mr. Marshall on the platform, hich was hung with mottoes de-aring for "A United Empire," "Mr. arshall is the man for East Elgin." nd "What we have, we hold."

MR. SIFTON DEFINES ISSUE BEFORE CANADA.

The reception accorded to Mr. Sif-n after he was introduced by Mr. H. Backus, the chairman, was ex-edingly cordial.

"The issue has been defined in vari-us ways," he said, "as I have gone hrough the country during this cam-aign, heard speeches made, listened discussions going on, and read the ported remarks of those who have oken on both sides of this subject, nd it has gradually settled down on my mind that the pre-eminent sue is really one between people ho are so mentally constituted that ey cannot believe that Canada can rosper in any capacity other than as dependency or satellite of the Unit-States. They are people who sup-rt this proposed agreement. On the her hand, there are people who are nbued with the belief, as I am, that is country can stand alone and work t her own national destiny and does t require to depend upon any na-on for favors. That is the issue. Is nada able to stand alone and inde-endent of the United States, or shall e haul down the flag and put our-lves into the position of dependency on our neighbor. (Cries of "Never!" nd cheers.)

PACT AIMED AT OUR WHEAT TRAFFIC.

"Mr. James J. Hill has had more to with the bringing forward of this eaty than any living man. I met him me years ago at his place in St. ul. I was then a member of the overnment, and he got me to devise address with a view of drawing me t on reciprocity. I did not compro-ise myself in any way, but the next y my speech was written in the nerican newspapers in the spirit in hich Mr. Hill wished me to speak—aughter)—that was, in favor of re-procity. But all that I had said was at if any reciprocity proposals were be made, we would examnie them refully, and if we could surely ob-in any benefits therefrom, we might ter into a treaty. I was no further mmitted than that.

"On another occasion, at the ban-et of the Chamber of Commerce, e same subject was broached, and I d them that Canada would prefer to main independent. Mr. James J. Hill, wever, delivered an address in fa-r of reciprocity, speaking from a pewritten manuscript showing that s advocacy had been prepared and meditated.

"The intention of this treaty, I tell u, is to divert the wheat traffic of nada through the United States. mes J. Hill has got branch lines lit right up to the border, and al-dy one line running over the bor-r through my own town of Bran-n; and as soon as the treaty had en ratified all these lines will march ross our border like a hostile army d within two or three years a hun-ed million bushels of wheat which ght to pass over Canadian lines of nsportation from the west will go rough the United States.

Figure out just what the hauling of e hundred million bushels of wheat ans to a country. Why, it means the prosperity of a whole country, and here we are deliberately making arrangements—in fact, we are hunting for an arrangement that this traffic may be taken from our own country, from the channels we have constructed at enormous sacrifice and cost, and giving it to our stronger competitors. (Cheers.)

"I say seriously that outside of a lunatic asylum I have never heard of a proposal that was absolutely so ridiculous. (Renewed cheers.) And this is on the eve, as it were, of the completion of the Transcontinental Railway."

Mr. Sifton reminded the meeting of the statement of Sir Wilfrid Laurier in Parliament, supported by Mr. Fielding, that the purpose and aim of this railway was specifically to prevent a diversion of traffic into the States.

"Therefore," he proceeded, "under the reciprocity pact the Government is incontinently abandoning its policy and the policy which has brought this country to its present state of prosperity. Do you want to know now why I abandoned the Liberal party?" asked Mr. Sifton, with fervor, and the audience cheered loudly in approval of the course he had taken.

"We are within about a week of deciding this question," he went on, "and I ask you to give an answer that will show we are determined that the Dominion shall remain independent and that we shall not be drawn from the course marked out for us or dragged into commercial dependency upon the United States." (Cheers.)

NO TRADE ADVANTAGE IN THE AGREEMENT.

Mr. Sifton said he had conscientiously read every published speech of everybody who had advocated the adoption of the reciprocity agreement, and honestly he had not found in any of the addresses any shadow of a suggestion that could seriously be regarded as a reason for these extraordinary proposals. As a matter of fact, many of the submitted reasons were obviously ridiculous and preposterous, and he really did not believe those who had negotiated this treaty on behalf of the Canadian Government knew anything about the subject.

Mr. Sifton went on to examine the economic conditions of the Dominion, and to show to what extent Canada had developed a good home market. Not only had we developed a profitable home market, he said, but the British market was also free and open to us. Here, as well as a home, admirable scope was offered to Canada for profitable trade, and he argued that there was little trade advantage to be gained with the United States under the present agreement.

"If," Mr. Sifton continued, "the United States gives us access to her markets freely and permanently, so that the arrangement could not be subject to change such as we stand to have under this arrangement, we might possibly get some advantage on the sale of fifteen per cent. of our products. We would get this advantage if we had to give nothing in return. But that is not the proposition. The proposition is that if we get the freedom of the United States markets, not only does the United States get the freedom of Canadian markets, but they are opened to Australia, New Zealand and the twelve-favored-nations. These countries will become competitors with us for the eighty-five per cent. of our own products which we sell in our own markets. These countries are able to compete with us now in our markets. One would think in the circumstances that the Government would raise and protect the farmer.

"I don't say the Government ought to do this, but I ask: What possible grounds are there for the contention that the Canadian farmer is going to benefit by taking off the existing duty and letting the whole world capture his home market?"

STOCK RAISERS STAND TO LOSE.

Mr. Sifton showed how the Canadian sheep raiser and horse dealer stood to lose their trade if the agreement came into force, so unfair would be the competition; and he also demonstrated, by the arguments of his former speeches, that the removal of protection on manufactured goods must inevitably follow in the wake of this pact.

In discussing the effect of the proposals on the pulpwood industry, he characterized the arrangements with the United States as bordering on a conspiracy to force the Provincial Governments of Quebec, Ontario and Nova Scotia to take off the restrictions they had wisely imposed for the protection of their own natural resources.

Mr. Marshall, in the course of an address, said he had studied the reciprocity pact, not as a Conservative but as a Canadian, and the only conclusion from the patriotic standpoint was that it was the most "unfair deal that had ever been submitted to any people." If it were submitted to the people entirely free from politics, surely there would not be one thousand people who would vote for it.

AMERICAN BOODLE FOR RECIPROCITY TRACED TO BANK IN ST. JOHN, N.B.

(Continued from Page 3.)

ence rose and cheered him again and again. He was accompanied by Mr. Powell who is opposing Hon. Wm. Pugsley in the city of St. John and by Dr Daniel, the Conservative candidate in St. John county.

That the Paradise which the Americans are offering Canada through Reciprocity was the opium-eaters' paradise, that if Canadians accepted reciprocity, they would play the simple goose to the American Fox, and that Messrs. Fielding and Paterson had fallen before the blandishments of the charming people they had met in Washington, were among the vigorous declarations which Sir William made during his attack upon the proposed agreement.

"Let us no longer crawl, now that we have got into trousers," he said during the course of his speech. "Let us take care that in making a bed to lie in, we are not making a bed to die in," was another of his characteristic remarks.

The great feature of the meeting, however, was the charge which Mr. Fisher made concerning the use of American money in the Reciprocity campaign in St. John, and Mr. Powell's declaration, later in the evening, that these charges fitted in exactly with the fact that James J. Hill, had paid every dollar of the expenses of the Grain Growers' delegation to Ottawa, which had been the first step in this Reciprocity Agreement.

SIR WILLIAM SPEAKS FROM MOTIVE OF DUTY.

On being introduced to the audience, Sir Willian Van Horne said that while he was not in politics and was not a public speaker, he had felt it his duty to come to St. John and tell the people that this country was in danger of making a great mistake, the greatest in its history.

First of all, he said, that he wished to answer certain questions which had been addressed to him by the St. John Telegraph. One question was concerning some agent of the C. P. R. in Seattle, who, it was claimed, had said that reciprocity would increase the value of Canadian lands by 100 per cent.

"I do not know of any C. P. R. agent, who has made this statement," said Sir William, "but if this statement ever reached the ears of the C. P. R. directors it would certainly shock them to know that any declaration of the kind had been made by one of their agents.

"Moreover," continued Sir William, "the St. John Telegraph has accused Sir William Van Horne of being a millionaire. If I am a millionaire I can only pledge that my millions are all more or less invested in Canadian enterprises." (Applause.)

The speaker then dealt with the effects which reciprocity would have upon the port of St. John in particular. He quoted Mr. Henry Whitney, the first prominent American to point how the United States would benefit by reciprocity. Mr. Whitney had declared that New York, Boston and Portland were the national outlet for the trade of Eastern Canada. Mr. Whitney had even gone so far as to ask what Canadian coming from abroad would not prefer landing at New York or Boston, rather than St. John or Halifax, and he had added that all the elevators for the handling of Canadian grain should be located on the American side of the line. These views were the views of all prominent Americans as was proved by President Taft's repeated statements on the subject.

A DAMAIGNG BLOW TO CANADA'S SHIPPING.

"Reciprocity," said Sir William, "will be a damaging blow to the magnificent merchant marine which we have built up in Canada in the last twenty-five years, the increase in the tonnage of which has been no less than 600 per cent. These figures mean a great deal to the port of St. John."

Much had been said on behalf of the Liberals about the wharves which had been built at St. John, and the dredging which had been done. "But," said Sir William, "the building of the wharves and the dredging of harbors does not make trade. You know that the C. P. R. has been providing its own facilities in St John. It had to build its own elevators and provide its own wharves and this was supplemented by the city of St. John by the expenditure of no less than a million and a quarter, without a dollar from the Government. St. John is further from Montreal than Boston. It costs us more to handle freight to St. John than to Boston; but, notwithstanding that, the C. P. R. has never deviated a hair's breadth from its policy.

"I am opposed to reciprocity because it will destroy our fiscal independence. "I am opposed to it because it is the underlying idea of our American neighbors to bring about an estrangement between Canada and the Empire (Applause.).

"I am opposed to it because it will be a long step in the direction of annexation."

"I am opposed to it because it will undermine the foundations of our industries and trade which have been laid so successfully.

"I am opposed because it will be a most damaging blow to the Canadian railway system and the merchant marine.

"I am opposed to it because our trade is three times as great per capita as that of the United States and reciprocity would surely bring us down to a common level. (Applause.)

"I am opposed to it because we do not need it. (Cheers.)

"I am opposed to it for a great many other reasons, and I am unable to see a single unalloyed advantage that can come from it. There may be here and there temporary advantages to individuals or localities, but these temporary advantages cannot compensate for the danger incurred and which is sure to follow."

DOESN'T BELIEVE LAURIER'S HEART IS IN IT.

"I refuse to believe that Sir Wilfrid Laurier is a willing partner to this monstrous agreement," Sir William continued. "It is absolutely contrary to all his utterances of the last ten years—utterances which, I believe, came from his heart. I think we see evidences of his lack of heart in the speeches which he is making throughout the country." (Applause.)

Referring to Hon. Mr. Pugsley, Sir William said, "I appreciate Mr. Pugsley's friendship very highly, so highly that I wish to prevent him from going to Ottawa." (Loud cheers.)

Speeches by Dr. Daniel, candidate in St. John county; Mr Powell, candidate in the city of St. John, and by Hon. Mr. Fleming of the New Brunswick cabinet, brought the meeting to a close.

Dr. Daniel declared that anybody who voted for reciprocity would know that he was voting to carry away business from the city of St. John.

Hon. Mr. Fleming gave a vigorous denial to the claim that he had during a private conversation declared that it would be suicidal for New Brunswick to refuse reciprocity.

"My answer is that there is no word of truth in that statement," he declared.

WHAT RECIPROCITY REALLY MEANS FOR CANADA..

To the Editor of the Montreal Star:

Sir,—Permit me to congratulate you on your splendid (and it is to be hoped successful) campaign against Laurier, Hearst & Co. Reciprocity is the thin edge of the wedge to sever us from British connection and foist upon us Yankee institutions. As the Premier says, "Canada will fall as ripe fruit from the parent tree"—to be devoured by the rapacious Yankee.

Reciprocity will mean the break-up of Canada, for naturally reciprocity in natural products will mean later reciprocity in manufactured goods; then, how long will it be before the Yankee farmers of the Canadian west demand to be taken into the Union? As for the United States abiding by a peace treaty with Great Britain, is it seriously believed that the States would adhere to anything when it paid them better to disregard it? The anti-British feeling over the border is very real; our American cousins (Poles, Greeks, Germans Scandinavians, etc.) feel the glow of patriotic ire wherever they see the Union Jack. I have never yet seen the British flag displayed in the States when it has not been hissed.

The hysterical Yankee, with his yelping at the lion and his maudlin flag-kissing, is the last on earth we should desire to ally ourselves with. We have no desire to see our splendid legal system superseded by mob law, administered by a brutal and corrupt constabulary, and finding vent in burnings, lynchings, etc.

Canada is an integral part of the great British conferation. It is free to work out its glorious destiny, two races working to the one end. But in the event of Yankee domination, the French-speaking population of Canada would be finally eliminated as far as language and customs go, as is the French-speaking population of Louisiana.

Canada has received far more from Britain than it has returned. We owe everything to British prestige and British capital. True, the Canadian troops aided the Motherland in the South African war, but that was in spite of the Government. To maintain, as Sir Wilfrid Laurier does, that Canada can be neutral in the event of Great Britain being at war, is, with all due deference, palpitating piffle, as Canada would be the prize, or one of the prizes, for which an enemy would strive, and nothing short of a declaration of independence and total severance from the Empire would place this country out of the range of conflict. The reliance upon the Monroe Doctrine is absurd. An European power, victorious over Britain, could afford to laugh at the wretched, undisciplined, small and inefficient Yankee army. At the best, the States would step in to protect American interests, and if this was permitted by Europe, what should we gain? Yankee graft for British probity. Canada, wake up!

R. L. HYAM,

SIR WILFRID IS AMONG HIS OLD FRIENDS AGAIN

Talks Intimately to Electors of Victoriaville About the Present Campaign.

CONFIDENT HE WILL SECURE THE VICTORY

Repeats His Stock Arguments on Reciprocity, But Does Not Answer Criticisms.

Special Staff Correspondence.

Victoriaville, Que., September 12. — The constituency of Drummond-Arthabasca, in which the Liberal candidate went down to defeat at the by-election in November last, received a visit from Sir Wilfrid Laurier, yesterday afternoon.

The Premier had an attentive hearing from a crowd of about 5,000 people gathered in the open air at Victoriaville. The present Liberal candidate is Mr. O. V. Brouillard, while the recent member, Mr. Arthur Gilbert, who is again contesting the constituency, has the support of the Nationalist party.

Mr. Brouillard was introduced by Mr. Gaudet, Mayor of Victoriaville, as a man who knew "all the miseries of the working men and the agricultural classes," and he himself indorsed the description, adding, in excuse of a rather short speech, that he was a man of deeds and not of words.

Both in his speech and in the speeches that followed, Mr. Gilbert was spoken of in derogatory terms, but it was noticeable that none of the denunciations of Mr. Gilbert got much indorsement from the audience. That gentleman is stated to be conducting a very active campaign in the constituency, and a hint of this was given in the fact that leaflets were distributed among the crowd, asking for an attentive hearing for Sir Wilfrid Laurier, and stating that as the electors ought to hear both sides of the question, Mr. Bourassa would be along in a day or two to reply to the speech that the Premier was going to deliver.

The Premier, being within a few miles of his country home at Arthabaska, addressed himself in very familiar terms to his audience. Leaning over the rail of the platform, and looking intently down into the faces of the crowd, he declared that he recognized many old friends. He told them that he had been called four times to the capital of the British Empire to represent Canada at the Imperial Conference, but although he had moved among the great ones of the earth he had never felt ashamed of the fact that he came of the same stock as the people he saw before him. It gave him, he declared, as much pleasure to shake hands with his old friends in Drummond-Arthabaska as to shake hands with Royalty, even the Royalty of England itself.

Passing to a discussion of the two candidates before the electors, he said that Mr. Gilbert called himself a Liberal, but in doing so he paid a great compliment to himself; in fact, to put it mildly, he was boasting.

Certainly the Liberal candidate did not recognize him as one of them, and he warned the audience that to vote for Mr. Gilbert was to vote against reciprocity. The Premier then proceeded to deliver the same speech which he had delivered throughout his campaign in favor of reciprocity.

PREMIER'S ARGUMENTS FOR THE AGREEMENT.

The speech, the arguments in which are now familiar to the public, is made up of the following points:

(1)—An expression of pleasure at seeing some Conservatives present because the policy he was advocating wash a policy for which he declared, Conservatives had been striving for years.

(2)—A brief history of the reciprocity negotiations, ending with his own expression, made after repeated rebuffs, that there would be no more pilgrimages to Washington.

(3)—An explanation that these rebuffs were experienced because at that time Canala was only a geographical expression. That Canada was only discovered as a new star in the western firmament when the Laurier Government came into power fifteen years agofi and that now, so great had the country's prestige become under the Laurier regime, that a Canadian finding himself in London, Berlin, Paris, or Rome, had only to say: "I am a Canadian," and every hat was lifted to him and every door opened.

(4)—The assertion that when at length, there came a pilgrimage from Washington to Ottawa in search of reciprocity, instead of a pilgrimage from Ottawa to Washington, it would have been a crime against civilization to have repulsed the American overtures.

(5)—The frank admission that the Americans wanted reciprocity in manufactures as well as in natural products.

(6)—The statement that when an agreement covering natural products was concluded, it was fought by the trusts and capitalists of the United States, and that it was the same class which was now opposing it in Canada, this being "the cause of the people against the cause of the trusts."

(7)—A description of the method by which the opposition had prevented the ratification of the agreement by the Canadian Parliament and the declaration that he would have his revenge both in this world and the next for the "mountains of words idly and uselessly spoken by the Opposition."

(8)—The announcement that he had dragged the Opposition squawking and squeaking before the people, who were their judges, followed by the question: "Will you my fellow countrymen, have reciprocity or not?"

(9)—The declaration that if the Government were sustained, reciprocity should come into force within three months.

(10) The claim that no government in the world had ever had such a compliment paid to it as was paid by the Opposition to the present government in saying: "The country is doing well under your administration. You have done splendidly. Don't do any more; leave well alone."

(11) A few illustrations of the tax on Canadian farm products when carried over the border, and the claim that although, even after paying this tax, they might do well, they would be doing better if, for instance, they put into their pockets $1 a ton on hay instead of paying that amount to a gentleman in blue uniform and brass buttons at the border.

(12) A renunciation of what he calls "The unholy alliance of Bourassa, anti-Imperialist, and Borden, Imperialist," the sole object of which is to overthrow Laurier.

(13) The declaration that the Navy will neither mean conscription nor extra taxes.

(14) An apology for the creation of the navy as being necessary for the protection of Canada's coasts and commerce, now that Canada has assumed all the rights and responsibilities of a nation and makes her own treaties.

(15) The announcement that he was still sound in foot and eye and in better health than at any other period in his life, and the confident prediction that he would once more lead the Liberal forces to victory.

It had been expected that after consultation with the party leaders in Montreal as to the way in which the fight was going in Quebec, the Premier would have varied his speech and have answered some of the arguments now being put forward by the Opposition.

He did not amplify his remarks, however, in regard to any details. He appeared well rested after his Sunday in Montreal, and delivered his speech with much animation, being rewarded at times with warm applause.

The Hon. C. R. Devlin, Provincial Minister of Colonization, and Mr. C. E. Perrault, the defeated candidate at the last election, briefly addressed the meeting.

SIR WILFRID SAYS PROVIDENCE IS ON SIDE OF LIBERALS.

Special Staff Correspondence.

Richmond, Que., September 12.—Sir Wilfrid Laurier, who spoke at Victoriaville yesterday, stopped on the way and addressed large crowds at the stations of St. Hyacinthe and Richmond. At the former place, after a few words of regret at the death of Mr. Beauparlant, the late member, he adjured the electors to support the new candidate, Mr. L. J. Gauthier.

He understood, he said, that there was some objection to Mr. Gauthier on the ground that he was not a local man, but he said Mr. Gauthier belonged to the Province of Quebec, and was a man of national reputation. The Premier reiterated his belief that he would be returned to power.

"At the battle of Montreal," he said, "Napoleon's generals asked him why he took such chances, and he replied, "The bullet that kills me has not yet been moulded."

"I, too, can say," said the Premier, "that the bullet which will bring me down has not yet been fashioned." Mr. Bourassa, he declared, must be ashamed of the campaign he was making in Quebec. It was a campaign of hypocrisy, hatred, and of disloyalty to Mr. Bourassa's own convictions.

"It has been charged," added the Premier, "that Mr. Bourassa is having his organ, Le Devoir, circulated in Quebec with the funds of the Anti-Reciprocity League. That has been stated more than once. It has not been denied, and I believe it to be true."

At Richmond, the Premier said, the opponents of the Laurier Government were fond of saying it was not the Government, but Providence which had made the country prosperous.

"I am willing to admit that Providence is with us," he remarked, "but that is all the more reason why you should vote for us.

AN EXPERT OPINION.

PROFESSOR S. MORLEY WICKETT—who will hardly be accused of being a politician—has issued a pamphlet dealing with "Canadian trade with Great Britain and the United States," in which he discusses the situation with the detached calm of a college man. In relation to the railway problem, he has the following to say:—

"Thus to keep the Dominion contentedly united is one of the great reasons why plans are being carefully studied for improving the canals to the head of the Great Lakes, for building a railway from Hudson's Bay to Winnipeg (to make effective the Hudson's Bay route to England), for local waterways in the great prairie country, and for supporting fresh railway connections between the Pacific and the interior. That there is no time for delay is evident from the fact that while in 1890 there were three United States railway lines crossing the boundary west of Lake Superior, to-day lines cross at over a dozen points. Many United States stub lines, moreover, run up to the border, and with little additional cost could be extended to tap any given locality. As railway men know, local lines of this class are subject to much lower costs of transportation than the main lines of a great system. And if, in order to secure return cargoes, United States railway and other interests should find it necessary to secure control of a certain number of newspapers and inaugurate in this way or otherwise a campaign for tariff modifications, the situation might become more than interesting. So often the real moving force behind political campaigns is hidden. It is such conditions and possibilities that make the tariff problem of Canada so overwhelmingly important."

This is an outsider's view of the matter; and it coincides precisely with the contention of the opponents of Reciprocity. Thus he sees the supreme importance of keeping "the Dominion contentedly united." Strung along the American border—as we are—it is not difficult to break us up into sections; and to convince those who care nothing for nationality, that their real interests lie with the American section adjoining them. But we have been spending hundreds of millions to bind our separated sections together; and the adoption of Reciprocity—with its north and south pull—will tend to tear them apart.

The ease with which American railways will tap our Western trade and render of little value the great railway "bridges" which cover the gap between Manitoba and Ontario, is apparent enough to this skilled student. The "stub lines" can work more cheaply than our trunk lines, he tells us; and they will get the traffic. His paper was written before the present situation developed; but it will be seen how accurately he predicted the course of the campaign. "If," he said, "in order to secure return cargoes, United States railway and other interests should find it necessary to secure control of a certain number of newspapers and inaugurate in this way or otherwise a campaign for tariff reductions, the situation might become more than interesting." Is that not exactly what has happened? These American interests secured the support of the American newspapers by offering them "cheap paper" from Canadian forests—they captured President Taft and the "statesman" class by talking of "the parting of the ways"—they secured support in Canada by means we do not yet understand—and "the situation" has become "more than interesting."

If our people are wise, however, they will continue in the old path which sought to "keep the Dominion contentedly united" and to build up here a great and permanent

ANNEXATION "PROBABLE."

THE Cincinnati Enquirer printed an article a little time ago in which it declared that the "union of Canada and the United States is not either an impossible nor improbable event of the future." Several Canadian papers entered vigorous protest against this cool and impudent assumption that Canada was to be absorbed in the American Union; and the result is that the Enquirer—perhaps after an admonition from someone who remembers that Canada is about to vote on Reciprocity—retracts part of its offensive statement. That is, it retracts the word "probable." But it adds:

"It is easily deducible, however, that if the annexation fetich is made the issue of the campaign in Canada, as it appears to be now, and the people of the vast Dominion, by their votes, uphold the Laurier regime, annexation to the United States is not the nightmare in the minds of the people it is being held to be."

The meaning of this is that, if Reciprocity carries in Canada after it has been made clear that it is Annexation in disguise, then the "Enquirer" will infer that "Annexation to the United States is not the nightmare in the minds of our people" that has been pretended. It will, doubtless, then restore the word "probable" to its statement of the case; and begin to work to make its prophesy come true. In fact, most American papers are likely to do this. They want cheap paper. Access to our forests is the only way to get it. Reciprocity does not give this access—it only opens the way. Annexation, however, would give it to them and make it permanent.

THE WAR SITUATION.

THE reply of the French government to Germany's latest proposal, while written in conciliatory terms, is understood to be a definite and positive refusal of Germany's conditions. While apparently shelving the question of French political control in Morocco, the latest German proposals are considered to have made such extravagant demands in the way of economic privileges as to pave the way for further international disputes at any favorable opportunity. One of the chief hopes of peace is in the present financial embarrassment at Berlin. Meanwhile Germany has its own domestic troubles; the Pan-German conventions clamoring for the Kaiser to yield nothing to France, the Socialists demanding peace at any price, the financiers begging for government assurances that will restore the tranquillity of the market.

HARD TO PLEASE SOME PEOPLE.

THERE is no satisfying some people. There is a story of a convict who was enjoying the first instalment of his forty lashes. As the first stroke was laid on, he howled, "Not so high up." At the second, he bawled "Not so low down." "Oh," said the obliging warder, disgustedly, "there is no pleasing you anyhow; you'll have to take it just as it comes." That is just how it is with the Reciprocity organs. If the opponents of Reciprocity happen to mention the Oliver Slush Fund, our esteemed contemporary lifts up its voice and weeps and [illegible]: "Don't talk about the Slush Fund, talk about Reciprocity." If they talk about Reciprocity, the Witness wails, "All you can talk about is Reciprocity, which threatens your personal interests. We want the verdict of the country on Reciprocity, providing it is in favor of the treaty. If you are not in favor of the treaty, you say, [illegible] government's glorious record." "All right," talk about the Quebec bridge steal?" "Oh, don't [illegible] about the Bridge steal; that is an old story. Besides [illegible] deal as big as that is high finance." "May we mention [illegible]'s house painting?" "Certainly not, that is too small; besides, he has been whitewashed."

THE COST OF A WAR SCARE.

NEITHER Carnegie nor Nobel ever dreamt of such a power for peace as the object lesson afforded by the Berlin panic. The Kaiser's government by its diplomatic bluff has carried consternation, not to the enemy, but to its own people. Its threats of war have raised a spectre which will not down at its protestations of peace.

To restore tranquillity in the Berlin market, the German banks, including the Imperial German Bank, may have to borrow in Paris or London, or both. Before declaring war, the War Lord must sit down and count the cost of war. With panic in the air Germany can afford neither peace nor war. The fact that the scare has not reached the London or Paris markets is significant. It takes two at least to make a quarrel. The indications are that when Germany is at war both France and England will be in the field. (There may be some doubt about Canada). Yet Paris field. Yet Paris calmly remarks "I am ready," and London, without excitement repeats the Duke of Wellington's motto, "I'm here."

The New York American's Montreal correspondent puts the Champ de Mars crowd of Saturday night at 1,000 minus 200 Americans. According to the same veracious person, the meeting marked the end of the anti-annexation cry in this country. Also, he says, reciprocity is coming all along the line, but the Boston American's Quebec correspondent thinks that the chances for the defeat of the Government are very likely. The Toronto Globe, one of Mr. Hearst's "honest and earnest friends," says that there were less than 700 people on the Champ de Mars. The Quebec American man sees it through the big end of the glass, the Montreal man through the small end. The Globe has probably been "imposed" on—not for the first time. Well, we'll all see in a few days.

WILL VOTE BORDEN

Mr. John Dick, Cobourg, Ont., places Country Before Party.

Cobourg, Ont., September 12—Mr. John Dick, head of John Dick, Limited, manufacturers of tweeds and worsteds, life-long Reformer, who has works not only at Cobourg, but also at Toronto, Seaforth and Streetsville, has written to Mr. C. A. Murray, Conservative candidate in West Northumberland, declaring he will break with the Liberal party on the issue of reciprocity. Mr. Dick says in part:—

"I am a Liberal and a Reformer, and I hope to be so always; but when the interests of the country as a whole, and of my own factories, are threatened with sacrifice by a proposed measure of the Liberal Government, I have no choice but to vote against them."

Mr. Dick then goes on to point out the effects of reciprocity on the two trades, in which he says he has some claim to be an expert, the linen trade and the woollen trade. Thirty years ago, he says, flax fibre, the raw material of the linen manufacturer, was grown in and prepared in the Waterloo district in Ontario, and exported to the United States in considerable quantities. The Americans wanted that trade for their own farmers and manufacturers, and they took it by putting on a higher duty. The scutching and preparing industry, as a result, was removed to New York State and lost to Canada, while the farmers lost the advantage of growing flax fibre. "I do not see flax fibre in this reciprocity free list," adds Mr. Dick.

Wool, according to Mr. Dick, is in the same case. Wool, he says, is a crop which it would be profitable for nearly every farmer to grow, as the sheep feed largely on waste grasses on the roadside and in fence corners.

"Why," asks Mr. Dick, "are these two items not on the reciprocal free list? Evidently because the Americans want them for themselves, and they were too smart for our representatives.

These are just specimens of the way in which this pact will work out entirely to the benefit of the United States and mostly to the disadvantage of Canada. They only give us what is of no use to themselves and of little or no benefit to us.

"Reciprocity in manufactures is the logical sequence to reciprocity in natural products."

Mr. James Jardine, Hespeler, Ont., places Country Before Party.

Hespeler, Ont., September 12—Mr. James Jardine, managing partner of A. B. Jardine and Company, Hespeler, well known throughout Canada as makers of taps, dies and blacksmiths', machinists', and boiler-makers' tools, etc., who has been a Liberal in politics all his life, and who never cast other than a Liberal vote, telegraphs as follows:

"Dillon, Montana, September 11—A. B. Jardine and Company, Hespeler, Ont.:—I am opposed to the reciprocity pact, am satisfied it would not be continued by the United States unless it should prove more beneficial to the States than to Canada. Canada formerly experienced a shock to business caused by the abrogation of a reciprocity treaty with the States, and as our country is prosperous and growing rapidly, I see nothing we can gain by the proposed arrangement. I am adverse to taking a step which would endanger our national interest.

Mr. S. Sisley, Rossland, B.C., places Country Before Party.

Rossland, B.C., September 12—"I am not a Liberal, I am not a Conservative, but I am a patriotic Canadian," said S. Sisley, a prominent Liberal of this district, in addressing a meeting here in the interests of A. S. Goodeve, anti-reciprocity candidate in Kootenay.

Mr. Sisley added that he was not at the meeting because he had turned from his party, but because he had turned from an ordinary Canadian citizen to an enthusiastic Canadian citizen. "The pact," he said was an agreement framed up by the Taft and Laurier Governments to hand over the Dominion's natural resources to the United States. Some of the reasons given by the Liberals for supporting reciprocity were amusing and ridiculous, and were the pact not an important question of vital interest to this country, they would be laughable."

Mr. John Wheatley, Charlottetown, P.E.I., places Country Before Party.

Charlottetown, P.E.I., September 12.—Mr. John Wheatley, hitherto a strong Liberal and former Liberal candidate for the Provincial Legislature, will "Vote Borden" at the ensuing elections because he believes Reciprocity will be harmful to Canada. At a meeting at Wheatley River, Mr. Wheatley was one of the principal speakers. He said he took the platform as an independent elector not having been asked to speak by the candidates of either side. Backing up his every statement with facts and figures, he showed how the agreement would adversely affect the interests of the farmers of this Province and how United States competition would surely lower their prices.

Ottawa, September 12.—James McLaughlin, a contractor and a former ward chairman of the Ottawa Liberal Association, yesterday took out membership in the Conservative Association and announced himself as opposed to the Government on reciprocity.

MR JAMES CARRUTHERS, Grain Merchant, Montreal, who has been a life-long Liberal, but who has come out openly against the Reciprocity pact, branding it as mischievous and dangerous.

MR. GEO. A. MACE, of Messrs. Geo. A. Mace & Co., paper box manufacturers, Montreal, who has never voted against the Liberal party, or any of its policies up to the present time, who will support the anti-reciprocity candidates in the present fight against the pact, saying: "I was born under the old flag and I want to die under it."

MR. J. B. PICKEN, Stock Broker and Banker, Montreal, who will cast his first Conservative vote on September 21, after a lifetime of Liberal affiliations, "I am a Canadian," says Mr. Picken, "and I intend to vote Canadian."

Ex-MAYOR GEDDES, St. Thomas, Ont., who, although a life-long Liberal and a descendant of William Lyon Mackenzie, will vote against the Taft-Fielding deal, and says that the country should unite in the repudiation of the iniquitous agreement.

MR. W. L. EDMONDS, Toronto, who ran as a Liberal candidate several years ago in [illegible] Toronto, is against Reciprocity and will cast his first vote against his party because of that issue.

MR. A. G. COLE, President of the National Manufacturing Co., Ottawa, who says: "I was born a Liberal; and I am a Liberal still; but I have to break with my party on the Reciprocity issue."

MR. J. K. CARROLL, Kingston, Ont., who has always voted Liberal, but who will not stand for Reciprocity. "Just put me down as a Liberal, who places his country before his party," he says.

DR. T. F. CHAMBERLAIN, Morrisburg, a life-long Liberal, who has stumped the country in behalf of the Liberal cause for years, but who cannot swallow the Reciprocity pill and is supporting the anti-Reciprocity candidate, Mr. Duncan McMartin, in Glengarry.

MR. A. M. CAMPBELL, Dominionville, Ont., who, although a consistent Liberal, has broken with his party on the Reciprocity issue, and places country before party in the coming elections.

REV. J. B. FREEMAN, a prominent clergyman of Winnipeg, who refuses to stand on the Reciprocity plank of the Liberal platform, although he has been a stalwart of the party for years, who says that the best thinking men of the Dominion are against the Taft-Fielding pact.

MR. JOHN GRAY, of the firm of Gray and Wighton, contractors, Montreal, an old-time Liberal, who says that if the Canadian electors endorse the secret pact of Messrs. Taft and Fielding, the British connection will be destroyed.

MR. GEO. A. ROBINSON, of Messrs. Hall and Robinson, Montreal, who has never before voted against the Liberal party, but who will not stand for Reciprocity, which, in his opinion, would have a disastrous effect upon the city and the entire country.

MR. JOHN DICK, head of John Dick, Limited, manufacturers of tweeds and worsteds, Cobourg, Ont., who has been a Liberal all his life, and says that he is one still, but will support anti-Reciprocity candidates in the coming elections, believing that the pact made by Messrs. Fielding and Taft, would work disaster to the industries of the country.

MR. JAMES JARDINE, of Messrs. A. B. Jardine & Co., Hespeler, Ont., a Liberal always, who cannot stand with his old associates on the Reciprocity issue, and who says its adoption by Canada would endanger our national ideals.

MR. P. W. A. BURKET, Insurance Broker, Montreal, a Liberal of long standing, who cannot follow his party in its Reciprocity path, believing the Taft-Fielding pact to be inimical to the best interests of the Dominion, both nationally and commercially.

MR. ARCHIBALD McGOUN, Montreal, who after a lifetime of Liberal associations will vote against his party on the Reciprocity issue and who believes the Washington-made agreement menaces the best interests of the Dominion.

MR. GILBERT JOHNSTON, Mechanical Superintendent of the Richelieu & Ontario Navigation Co., Montreal, who has voted Liberal for over thirty years, but who cannot remain in the ranks of a party that advocates Reciprocity at this time.

MR. F. BULL, president of Williams Piano Company, Limited, Oshawa, Ont., who has always been a strong Liberal, will work and vote against the Government on account of being absolutely opposed to the Reciprocity pact.

Gaspe Nominations First.

Gaspe, Que., September 12. — The Hon. R. Lemieux (Liberal), and Dr. G. P. Gauthier (Opposition), have been officially nominated here. Polling takes place on September 26, by present arrangements.

SHERLOCK HOLMES FINDS THE CAMPAIGN FUND.

Engaged by The Globe, Great Detective Unearths Diabolical Plot.

Special to the Globe.

New York, September 12.—Sherlock Holmes, who has been retained at great expense to unearth the source of the vile campaign fund to defeat Reciprocity, tracked the diabolical plot to its lair today.

With his ear glued to the keyhole, Sherlock swallowed a morphine tablet weighing a pound and a quarter, and heard the following:

J. P. Morgan—"I will give $29,450,000."
J. D. Rockefeller—"I'll give $29,460,000."
George Gould—"I'll give $29,470,000."
W. K. Vanderbilt—"I'll give $29,480,000."
J. P. Morgan—"Put me down for $30,000,000."
J. D. Rockefeller—"I'll make it $31,780,000."

Sherlock could stand the strain no longer. He departed to tell Watson that he knew where the money came from.

Special to the Montreal Star.

FROM THE STAR FILES THIRTY YEARS AGO TODAY

The late Sir George Bourinot.

"The London Times, in a review of Mr. Bourinot's "Intellectual Development of the Canadian People," speaks very favorably of the work, and concludes by saying that altogether, intellectual culture in Canada is in a hopeful position." — From The Montreal Star, September 11th, 1851.

THIRTY years ago, knowing the Government who had the reins of power, and their exceedingly insular proclivities, it must have been gratifying to the late Sir George that "The Thunderer," the paper which prided itself on being the chief exponent of British thought should concede such a meed of approbation on a work of which Canadians felt justly proud. There are few men who have done more to make Canada respected in the Empire than the late Knight by his pen, which not only recorded history, but in no small measure directed law and thought. The decorum of our Houses of Parliament can be largely traced to the efforts of himself and the late [illegible]. Todd."

Fastest Time On Record—The Allan Royal mail steamship Parisian, Captain James Wylie, from Liverpool, via Derry, the 2nd instant, arrived in port at 8.30 p.m. on the 10th, with 161 cabin, 47 intermediate and 396 steerage passengers, making the fastest time on record, beating the Sardinian's best time by 3 hours and 35 minutes. The English mail is being distributed in Montreal." — From The Montreal Star, September 11th, 1851.

THE vast improvement during three decades can be understood by those who look over the present record of the C.P.R. ships, the Allans, the Dominion, or the Canadian Northern, and to think of the fliers from the other side that reach New York, for the most part carrying the British ensign.

"At the handicap matches of the Montreal Tennis Club yesterday, Mr. Winslow played Mr. A. Patterson, giving him fifteen, and won by two straight sets. Mr. H. Joseph played with Mr. H. L. MacDougall, giving him half-thirty. This match brought some pretty play, and Mr. Joseph took two straight sets. Winners' competition: Mrs. Geddes played even with Miss Georgie Miller, and the latter won by two sets to one. Miss Wheeler played Mrs. Clouston, giving her half fifteen. This was a very closely contested game, and Mrs. Clouston won by two sets to one." — From The Montreal Star, September 11, 1851.

IT would be very interesting, if it were possible, to get at least some of these athletes of thirty years ago, to once more compete, and by doing so show some of the poor creatures of to-day, who struggle from one street car to another, or preferably use the telephone.

Pioneer Lake Navigator is Dead.

Detroit, Mich., September 12. — Captain George Edward Merritt, one of the pioneer navigators of the Great Lakes, died at his home here to-day, after an illness of three years. He was born in Cleveland in 1843 and sailed the Lakes for over a half century.

No Compromise.

To the Editor of The Montreal Star:

Sir,—I find in the press the following dispatch from Ottawa, dated September 11th:—

"Hon. S. N. Parent denies the story current to the effect that he had promised to use his influence to have Conservatives elected in Montmagny and Quebec West if his son were given the seat in Montmorency by acclamation."

Mr. Parent is probably right in his denial as made, but this is not the proposition which was submitted to me. I was asked whether, if the Liberals allowed Mr. Forget to be elected in Charlevoix, and Mr. Lesperance in Montmorency, we would allow your Mr. Parent to be elected in Montmorency. I replied: "Decidedly not—we will lick you in all three."

International Assets, Limited

OFFER FOR SALE BY TENDER.

A valuable property, situate on William street, in rear of the Grand Trunk Offices, suitable for the erection of a factory, warehouse or office building, measuring 91 feet 5 inches in width along William street, 75 feet 9 inches in width in the rear and 117 feet 6 inches on the south west side and 111 feet on the north east side, more or less, consisting of portions of lots known as Cadastral numbers 1753 and 1754 of the Official Plan and Book of Reference of St. Ann's Ward, in the City of Montreal.

CONDITIONS.

1.—All tenders must be in sealed envelopes addressed to International Assets, Limited, and filed on or before the 1st day of October, 1911, at the office of the Company's Solicitors, Messrs. McGibbon, Casgrain, Mitchell & Casgrain, Room 40, Canada Life Building, Montreal; such tenders must name the Notary who is to prepare the Deed of Sale, and be accompanied by a certified cheque for 10 per cent. of the amount of the tender, payable to the order of International Assets, Limited, the balance of the purchase price to be paid within thirty days upon the execution of the Deed of Sale.

2.—Notification of the acceptance of any tender will be made by registered letter mailed to the accepted tenderer at the address given in such tender on or before the 7th day of October, 1911, and the deposits made by other tenderers will be promptly returned.

3.—In the event of the tenderer failing to complete the purchase within thirty days from the 1st day of October, 1911, the deposit of 10 per cent. will be forfeited.

4.—The property will be delivered free and clear of all liens, mortgages and encumbrances, and the Deed of Sale will be in the form customary in the Province of Quebec, containing all the usual covenants and clauses.

5.—The vendor reserved the right not to accept the highest or any tender.

Tenderers can take communication of the title deeds of the said property at the office of Messrs. McGibbon, Casgrain, Mitchell & Casgrain, Canada Life Building, Montreal, and in the event of any tender being accepted, the title deeds will be delivered to the Notary named in the tender for examination and the preparation of the Deed of Sale at the time such tender is accepted.

Dated at Montreal this 1st day of September, 1911. 216 2

THE GREATEST BOOM IN SUB-DIVIDING FARMS IS ABOUT TO TAKE PLACE AT THE HEALTHIEST OF ALL SUBURBS OF MONTREAL—WHY?

Because of the very pure, cool and healthy breeze that is constantly blowing from the big St. Lawrence River Bay over the farms situated between St. Lambert and the village of Laprairie, fronting on the shore of the very beautiful St. Lawrence River Bay.

Because of the intended tramway line to run on the best provincial road, the King Edward Road, now in course of construction across above farms, which are high and dry. Also the wonderful view over the big bay to the Mount Royal, the Nun's Island and the Rapids, as well as the fact of being within 30 minutes from the centre of the City, make it the very best place for residential purposes in every respect, especially for parents, who have the upgrowth of their children very much at heart.

We can sell such farms at the present low prices immediately. In order to avoid paying higher prices, apply quickly for particulars.

What Star Readers Say:

"The Star's circulation is increasing faster now than at any other period of its history, because:

"1. It is fighting hard against reciprocity with the United States, which it sees is the first step the United States is taking towards annexation.

"2. Everybody knows it is non-partisan, and that any movement tending towards the welfare of Canada, whether brought forward by Government or Opposition, is assured of its support.

"3. It is always the first to denounce anything which would impede the progress of the Dominion.

"4. That it takes the first place as an advertising medium is almost a 'truism,' and,

"5. It gets all the news all the time."

Expressing surprise that the Grand Jury should have completed their work in such a short time, Mr. Justice Trenholme congratulated the members and discharged them.

True bills were found against the following: Alp. Picard, Henry and Moses Gold, Abraham and Morris Kline, receiving stolen property; Elie Delorme, Wm. Robert, Samuel Spires, Anatole Roberge and Abel Guilbeault, theft; Richard Johnston, housebreaking; Arthur Archambeault, shop breaking; Guiseppe Priotti, Nicolas Patris, Joseph Vaillancourt, Harry Lusher, attempted murder; Raoul Auclair, aggravated assault.

Arthur Peachey will have to stand trial for the death of Emile Lisotte. In a low voice, scarcely above a murmur, he pleaded not guilty to the charge.

He looks very ill and his head is still turbaned in bandages.

In the case of Robert Sansso, accused of attempted murder, and Geo. Bratski and Gregori de Bratski, on charges of abduction, the jury returned "no bill."

Sam Spires, Henry and Moses Gold elected to change their option and go before Judge Choquet, in Special Sessions.

Three bench warrants were issued for accused who failed to respond to their names. Elie Delorme, Alphonse Raso and Arthur Archambeault, accused of theft, stabbing and theft respectively. Bail was confiscated.

Giuseppe Angelo, alias Jimmy Bruno, is charged with having inflicted seven razor cuts on Mrs. Marie Lepere. Bruno has been acting queerly since his confinement, and Mr. J. C. Walsh, K.C., who will look after the interests of the Crown in the present term, asked that a commission be appointed to ascertain whether or not the man is sane. Doctors Villeneuve, Devlin and DeGrosbois will examine Bruno and will report to the Court.

STEEL INDUSTRY HURT, DECLARES MR. ASSELIN

Tells of Harm Done by American Oil Interests in Canada.

The audience that cheered Mr. Ollivar Asselin last night, at the open air meeting, held at the corner of Roy and Mentana streets, was exceedingly large for a street corner meeting, and more so, for the locality. Never before had a meeting in that part of the city attracted over two or three hundred people. At one time, there were over a thousand people present.

The speakers were Messrs. L. P. Delonchamp, manager of Le Devoir; Omer Heroux, chief editor of Le Devoir; Olivar Asselin, the candidate, and Dr. Nolin. Dr. Desy acted as chairman.

Mr. Delonchamp attacked both reciprocity and the naval bill, claiming that both were uncalled for, and were great errors on the part of the Government. Reciprocity had been brought forward by Sir Wilfrid Laurier as an attraction that would keep the navy veiled from the public opinion. All that was behind Laurier's naval scheme was to recruit men for the Imperial navy. It was paying a tribute of flesh which was opposed by the country.

Mr. Omer Heroux declared that his intimate and deep acquaintance with Mr. Asselin was cause of his presence at the meeting. "I am not in the habit of going on the hustings, but I did not want to lose the opportunity of giving my friend this public token of my sympathy, and tell you a few of the things I know about him."

Mr. Asselin was given loud and long cheers, when he appeared on the platform, which, by the way, was an empty packing case. The bad condition of his throat proved great odds against the speaker, but he spoke for over an hour. He criticized Sir Wilfrid Laurier, the navy, the pact, and the general administration of the Liberal Government.

The dangers of reciprocity he exposed by many examples, the most striking being the remembrance of the American Oil trust dealings in Canada. He remembered when the Canadian oil companies, having sunk wells in Ontario, were selling oil at 15 cents a gallon. The Americans came and sold at 14½ cents a gallon, and quickly controlled the market. Having starved the Canadian companies, they bought them out, and now they had raised the price of oil, not from 14½ cents to 15, but to 25 cents a gallon.

Mr. Asselin blamed as very unwise the position in which the Canadian steel industry had been placed, as it would have to compete unexpectedly with the American trusts. After having spent some nine or ten millions in bounties to that industry, the Government was throwing it in the mouth of the dragon. The pulp industry would also fall into the hands of the Americans.

Dr. Nolin closed the meeting.

To Talk of Irish Mission.

Rev. Randall Phillips will lecture in the Dominion Square Methodist Church, to-morrow evening at 8 o'clock on his open-air mision work in Ireland. The lecture will be illustrated by stereoptican views.

Mr. James Russell Soley, formerly United States Assistant Secretary of The Navy, is dead at Roosevelt Hospital of pneumonia. His age was 61

A PORTABLE GAS.

Although we are rapidly passing from the "Gas" to the "Electricity" age for lighting, yet how very many houses and even villages are there that have not even entered the "Gas" age, for to provide either of these illuminants a plant is required beyond even the financial capability of a small community much less a single householder, so that the paraffin lamp is still to be found in use considerably.

Now there are many objections to this lamp. It requires a great deal of attention and attending to a lamp is nasty work, and yet if not performed unpleasant odor and bad light are the results over and above the question of danger.

It is welcome news then that Messrs. H. Dutton and Co., of 7 Fisher street, Southampton Row, London, have solved the difficulty with their "Carmien Portable Gas," which is cheaper than paraffin and perfectly safe. Carmien Gas is simply petrol heated into a gaseous state.

A tank is placed on the roof or in any other convenient position. A tube no thicker than a knitting needle conveys the petrol anywhere and everywhere desired to the burner, and in the burner (which is the patent and key to the whole system) the petrol is changed into gas, which gives a light by an incandescent mantle of 70 c.p., one gallon of petrol providing this for 80 hours.

This is far cheaper than paraffin and there is no machinery required. An intelligent man can fix up the whole system himself, the thin tube being almost invisible, a small gimlet hole carrying it through a wall.

The system has been adopted by Local Government Boards for Hospitals and other buildings, as well as for street lighting, and the testimonials Messrs. Dutton have received endorse the good opinion we have of "Carmien Portable Gas."

SYMPATHY WITH PRESIDENT.

Monk Club Passes Resolution on Death of Mrs. Monk.

At a meeting of the English speaking members of the Conservative Club of Lachine held at their rooms on September 11th, Mr. C. A. Smith in the chair, the following resolution was passed:

"That the members of this club have learned with profound regret of the death of Mrs. E. D. Monk, and they wish to place on record their heartfelt sorrow for the irreparable loss that our leader and present member has sustained and wish to assure him and his family of our deep and fullest sympathy in his bereavement."

Special Notice.

Sir Wilfrid Laurier says the Old Cock is sure to win once more; Mr. Borden says he will be surprised at the wonderful turnover that is to take place. All guess work, of course, but there is no guess work about the fact that we have purchased a carload of exhibition pianos at the Toronto Fair, which will arrive early this week.

It will cost you nothing to come in and see them before making your selection. Prices and terms will be the lowest in the city—no agents and small general expenses enable us to sell cheap.

When passing, take a look in at our window and see the beautiful display of Vose & Sons pianos, manufactured in Boston, consisting of Grand, Upright and Player Pianos. Very special inducements to cash or short date purchasers. Gervais & Whiteside, 588 St. Catherine St. West.

Fire heat is never uniform; electricity can be *exactly* measured and regulated.

That's why the electric tempering of the Carbo-Magnetic Razor Blade is *absolutely uniform.*

The edge of a razor is a series of fine but irregular teeth. Dull razors are those on which the teeth have broken off or turned; broken off on the brittle razors, turned on soft ones.

Because of the added toughness of our recarbonized steel, coupled with the flintlike hardness of our process of electric tempering, the teeth on the Carbo-Magnetic are so tough that they will neither break nor bend; hence our guarantee, with common-sense use.

Reciprocity Losing Ground--Failure in Wall Street--The Copper Stocks

SOME MORE LOW RECORDS BUT NO GENERAL DECLINE

The Wall Street list held only fairly well to-day.

Fears of war and talk of dividend reductions keep the public from the market, and while, up to noon, there was no general break, several stocks made new low marks. One was Pennsylvania, which sold at 119½. This is the lowest it has been since the panic year of 1907, when it broke to 103¾. In 1909 it sold at high as 2814.

C. C. C. & St. L. fairly well around 221¼ to 222.

Cement pfd. sold at 81½, Quebec at 126, and Woods at 147.

BUYERS AND SELLERS.

Rio sellers—Edgar & Co., Repath & Co., Fairbanks Bros.

In Wall Street

A wire said: "Further nervousness was shown in the uncertain fluctuations of prices during the morning. After opening with general gains, the market developed a heavy tone. Foreign selling was less of a factor than yesterday, pressure coming chiefly from local traders. Some of the heaviest selling bore the appearance of forced liquidation, the source of which was still obscured.

"The weakness of the market became more acute on announcement of the failure of a Stock Exchange firm and many stocks sold within a small fraction of their low prices of yesterday morning. Missouri Pacific went down 1¼ to 26¾, the lowest level reached for several years. Bonds were firm."

SIR DONALD MANN ON WINNIPEG DEAL

Special to The Montreal Star.

Toronto, September 12.—Sir Donald Mann, who has just returned from a trip as far west as Victoria, British Columbia, says there is no truth in the report of negotiations now under way whereby an interchange of traffic between the Canadian Northern Railway and the Minneapolis & St. Louis Railway may be arranged.

Regarding the Winnipeg Electric, Sir Donald said that there was nothing new, the affair now being in the hands of the municipality and the company, who are preparing an agreement embodying the position of both sides.

Special to The Montreal Star.

Ilunkirk, N. Y., September 12.—It was announced yesterday by Mr. Swoyer, of the Brooks plant of the American Locomotive Company, that the engines scheduled for the back orders having been completed, the plant will be closed for an indefinite period.

The plant employs 4,200 men.

And This

The Canadian Locomotive Co. has more than sufficient cash in the treasury to pay for the proposed extensions to the plant. It is planned to enlarge the plant sufficiently to double the company's output. The company has orders in hand sufficient to tax their capacity for about a year.—Aemilius Jarvis & Co.

OPINIONS ON THE MARKET.

Charles Head.—We see no indication of marked improvement in the near future, and would go slow in purchases.

Laidlaw & Co.—The best that can be expected for the fall is a fair business throughout the country, while the dependency of a presidential election will tend to act as a further check upon enterprise.

Shearson, Hammill & Co.—The probable reduction of dividends during the coming year deters a good many investors from buying. They are keeping their money in the banks and waiting. A rally may come at any time, but conditions are unchanged.

VAN SCHAICK & CO. OF WALL STREET, FAILED TO-DAY

Special to The Montreal Star.

Wall Street, September 12—Van Schaick & Co. of Wall street, failed to-day.

The firm was formed in 1907, and was composed of John B. Van Schaick, who was the head member, and Iverly Chardall.

A representative of the firm said the failure was due mainly to over-extension of credit and the failure of customers to make good on marginal accounts.

It was said the liabilities would be under $1,000,000 and that the outstanding loans of about $1,500,000 were all secured.

The assets of the firm are not William H. Jackson, who was shot by Paul Kendall, was the brother of the firm at the time of his death.

Holly $10.75

Hollinger sold up to $10.75 to-day and West Dome recovered from 98c to $1.07.

RECIPROCITY IS A BLOW TO CANADA'S COAL INDUSTRY

Mr. A. B. Willmott, writing non-politically in the Mining Journal upon the effect of Reciprocity on our various industries, says of coal:

"Coal is produced in Canada in the provinces of Nova Scotia, Saskatchewan, Alberta and British Columbia. The Nova Scotian coal is marketed in the Maritime Provinces, and the St. Lawrence Valley, as far west as Montreal. Ontario and Manitoba procure their steam coal from Pennsylvania. Saskatchewan has supplies of lignite for domestic purposes and procures its steam coal from Alberta. Alberta and British Columbia have their own supplies of excellent steam coal.

"Owing to the American duty of 45c. a long ton, Nova Scotia coal is shut out of the New England market, which it could otherwise supply. This coal is largely shipped by the St. Lawrence as far as Montreal, which it begins to meet Pennsylvania coal. The reduction of the Canadian import duty from 45c to 45c a short ton will undoubtedly make the competition for the Nova Scotia miners in the St. Lawrence Valley much more difficult. Their market will practically be restricted to the terms of the part of competing advantage in the New England market, being given them, as the American duty remains unchanged."

France Took Money from London Market

London, September 12.—The supply of money was shorter to-day, owing to the withdrawal of French funds from the local market.

Trading on the Stock Exchange were busy with the settlement in which the carry over rates for American shares were quoted at 3¾ per cent.

A fair amount of business was done for the new account, and the tone was good.

Home Rails were exceptions to the general trend, and declined.

American securities advanced under the lead of Canadian Pacific.

Star's Figures on Salmon Pack For the Year

Special to The Montreal Star.

Vancouver, B.C., September 12.—The packs of all kinds of salmon in British Columbia this season will not fall far short of 750,000 cases. It is estimated that the total pack of sockeyes on the Fraser river and in the north approximates 540,000 cases. The pack of springs, cohohoes and cohoes will, it is expected, more than equal the output of sockeyes.

The total of all kinds of salmon packed this season, it is said, equal the pack of 1910, when the output was 762,391 cases.

As compared with last year, there is a falling off of 201,000 cases in the sockeye pack, 102,000 cases in the cohoe pack, 56,000 cases, of which 133,000 were put up on the Fraser river.

This year the estimated pack of sockeyes on the Fraser is 60,000 cases, or less than half last year.

Allowing a pack of 750,000 cases of all kinds of salmon for the year 1911, the output this year will be in excess of that of 1907, the year in the four cycle period of salmon runs which corresponds with the present season. In 1907 the total of all kinds of salmon packed was 647,459 cases, which gives a balance of 200,000 cases in favor of this year.

Another Vein Cut On Gould Property.

A letter from the consulting engineer of the Gould Consolidated Mines at Cobalt, states that the new shaft is down 88 feet.

Another vein has been cut, making three in all in the shaft.

Above showing silver were made at the beginning of operations this summer, and since last month native silver has appeared in the wall rock. The engineer says the ground is looking good and the manager is enthusiastic.

GRANBY MEETING.

The annual meeting of the Granby Consolidated Mining, Smelting and Power Co. will be held in New York, Oct. 3.

ANOTHER.

Mr. J. B. Picken, the veteran Banker and Broker, of St. James street, will vote against reciprocity.

He is a Liberal.

TOPICS OF THE STREET

In Hock.

Mr. Rudyard Kipling, in his letter to The Star, speaks of Canada pawning her soul.

If Reciprocity comes in and the Yankees get their hooks on the country, Canada may also find it necessary to pawn her overcoat.

Mr. Greenshields.

Hon. Mr. Fisher hints that Mr. J. N. Greenshields is annoyed with the Liberals because the Government has so far refused to grant a license to La Banque Internationale.

He has a right to be annoyed.

Never was Canada more in need of greater banking accommodation than it is at present, and everybody seems to know it but the Government, which apparently only issues licenses to select organizations like the Farmers Bank.

Admit It

Gentle reader, look at this circular letter:

RECIPROCITY EDITION

THE MANITOBA GRAIN CODE.

To the Milling and Grain Trade:

As our 1907 Manitoba Grain Code (the 4th edition) is sold out, we have decided to issue what we call the Reciprocity Edition, as in case of Reciprocity not being carried by the present Government, there is no doubt an enlarged trade will be carried on in grain between Canada and the United States, from the fact that the American will reduce their duties on grain, which now amount to double the duties charged by Canada on wheat, barley, oats and potatoes.

Here is an admission that if we kill Reciprocity, we can get the Yankee market for nothing.

American View.

A Wall Street broker in Montreal today said:

"I see you people up here are pretty warm over Reciprocity. Quite right. As an American, I like to see Reciprocity, as it will do us good. If I was a Canadian, however, I'd be d——d if I'd vote for it."

Higher Here.

Workmen in our big industries, such as cement and steel, are getting 25 per cent. higher wages than the men in the States.

Ask the presidents of our large industries if this is not so.

The Only One.

The American Locomotive Co. owns a number of plants. They are all at standstill but one, and that is the plant the company operates in Canada.

Rumors were again current to-day that dividend on Lehigh Valley would be cut.

"NIP" RESULTS IN AUGUST.

During August the Nipissing Mining Co. mined 445,000 ozs. of ore, as the estimated value of $224,555, and shipped ore of an estimated value of $161,980. During the month the prospectors completed 8,112 feet of trenching.

G. T. R. AND C. P. R. GAINS.

Last week C.P.R. showed earnings of $2,280,000, an increase of $272,000. G.T.R. showed $1,023,652, a gain of $64,158.

BIG DOME "MELON," $1,000,000 NEW STOCK AT $10.00

The first "melon" to be cut by a Porcupine mining company is announced. It will be donated by the Dome Mines Company, better known on the "Street" as the "Big Dome," and will take the form of a distribution of a new stock issue, which will be given out at par to the shareholders.

The present capitalization of the Dome Mines is $2,500,000, divided into 250,000 shares of $10 each, and this is to be increased to $3,500,000 by the issuing of $1,000,000 new stock of $10 a share.

This will be apportioned to the stockholders in the ratio of two shares of new stock to every five held. The exact date of the cutting of the "melon" is not yet announced.

The bonds accruing from the sale of the new stock will be put into the development fund, and in all probability will be used in the erection of a new plant, the company in addition to its common stock issue, also has a bond issue outstanding, amounting to $500,000.

A block of ten shares of Dome stock sold on the Standard Stock Exchange, Toronto yesterday afternoon at $9.75 a share, or four times its par value.

The market valuation of the mine, based on the present stock issue and including the outstanding bonds thus would be $10,000,000.

Looking Ahead

(John Muir & Co.)

The market is discounting a whole lot that will never take place.

11 STOCKS UNDER LEVEL REACHED IN BIG PANIC OF 1907

It is interesting in reviewing the present low prices of copper shares to compare with the panic quotations of 1907, when copper dropped perpendicularly from 26 cents in July to 11¾ cents in October.

While four years have elapsed since the fall of 1907, a comparison of recent low quotations of the "old time" copper shares with the low quotations made in 1907 shows that out of 24 stocks 11 recently sold lower than in 1907. The figures follow:

ROLLED OATS ADVANCED.

Rolled oats prices were marked up 30c a barrel to-day, owing to the continued strength in the market for oats.

Rolled oats, per barrel, $5.25; per bag, $2.50; cornmeal, per barrel, $3.10 to $3.20.

FLOUR BIDS ARE HIGHER.

Cable bids on winter wheat flour, 90 per cents were 3d per sack higher to-day at 24s 3d, but even at this figure dealers state it is hard to buy any quantity from Ontario millers. A good local and country trade is recorded.

Sales to noon were 266,000 shares.

Havana Electric last week showed an increase of $8,649.

EARNINGS LAWSON CONCERN ARE UP

According to advices received, the indications are that the current reason will be the most profitable experienced by the Yukon Gold Co. since it began operations in 1908.

So far this season the gross production is estimated at $1,852,000, which is approximately $422,000 in excess of the gross production in the corresponding period of 1910. In 1908 the company's profits amounted to about $500,000, and in 1909 the profits were $750,000. Last year the net profits were nearly double those of 1909, the total being $1,450,000. At the current rate of earnings the net profits this year are expected to show a substantial increase over those of last season's.

Berlin-Paris

Paris, September 12.—The Bourse opened firm to-day, and continued so until the last hour, when prices declined a fraction. The closing was steady.

Berlin, September 12. — Prices opened rather weak on the Bourse to-day. The market strengthened later, and closed steady.

CHATS ON CHANGE

The North-West Grain Dealers' Association has issued the following estimates of the three Prairie Provinces:

Wheat, 9,800,000 acres at 18 bushels per acre, 176,400,000 bushels; oats, 4,500,000 acres at 40 bushels per acre, 182,250,000 bushels; barley, 1,125,000 acres at 30½ bushels per acre, 34,313,000; flax, 638,000 acres at 11.7 bushels per acre, 7,465,000 bushels.

The above estimate is more conservative than that of the Bankers' Report up to Aug. 3rd, which estimated the wheat crop of the three provinces at 182,585,000 bushels; oats, 196,000,000 bushels; barley, 40,519,264 bushels. This report also estimated an increase of 2,240,795 acres in acreage, or land under cultivation, compared with 1910.

Cheese shipments from the Port of Montreal for last week totalled 72,000 boxes, compared with 65,640 a year ago, and since May 1st, 1,115,850, compared with 1,141,650 a year ago.

Exports of butter from Montreal last week totalled 5,000 packages, compared with 2,450 a year ago. Since May 1st the shipments totalled 88,420 packages, against 25,065 a year ago.

The following gentlemen were introduced on change: Messrs. Wm. Johnson, of Leeds; Eng., by G. D. Warrington; Gains Middleton, of Moose Jaw, by Lt. Murphy.

HAY PRICES STRONG.

Hay prices are strong under a fair demand. No. 1 is $15; No. 2, extra good, $12 to $13; No. 2 ordinary, $10 to $10.50; No. 3, $8 to $9.50; clover mixed, $8.50 to $9.

CHEESE OVER 14 CENTS.

The cheese market is strong in sympathy with the higher prices in the country. Finest westerns are selling at 14 to 14¼c and easterns at 13½ to 13¾c. Receipts to-day were 27,200 boxes.

BRAN IN BIG DEMAND.

Millfeed is in good demand, especially bran and shorts, and prices rule firm.

Manitoba bran, $22; Manitoba shorts, $24; Manitoba middlings, $31 to $32; mixed moullie, $26 to $29.

ACTIVE TRADE IN EGGS.

The demand for eggs is active at firm prices.

Selected stock, round lots, 24c; single cases, 25c; No. 1 stock, round lots, 20c; single cases, 22c; straight receipts, round lots, 19c; single cases, 19½c.

Receipts to-day were 666 cases.

BUTTER MARKET FIRM.

The local butter market is firm, with choices in creamery demand at 26 to 26¼c and undergrades at 25½c to 25¾c.

Receipts to-day were 1042 packages.

WHEAT CLOSED STEADY.

Winnipeg wheat closed at 99¾c for October, 97⅝c for December, and 91.02½ for May.

SERIOUS DAMAGE TO WHEAT CROPS BY THE LATE FROST

Winnipeg wheat prices opened at last night's closing figures and sagged a little, but towards the middle of the session became slightly stronger. Liverpool opened 3-4d lower and closed 3-4 to 7-8d. off with cables from 1 1-2 to 2c out of line.

James Carruthers and Co. received the following wires from their Winnipeg office:—

Pilot Mound, Man.—Grain is all cut and threshing started; grades will be No. 2 and 3 northern, average 18 to 20 bush.

Watson, Sask.—Crops badly frozen, wheat probably grade 4 and lower, oats badly damaged, especially late crops.

Southey, Sask.—Cutting almost finished and threshing started, will be general in a week, there is some rust and frost, will grade from 1 to feed, most of grain cut before last frost.

Glenaven, Sask.—No wheat will grade above 4 or 5, and biggest part will be feed, yield average, 16 bush., no oats cut. About 25 per cent. of wheat cut.

Goodeve, Sask.—About 40 per cent. of grain cut and mostly cut on green side, threshing starts about 25, grade will be from 4 down, and it is likely that some of oats and flax will not be cut at all, a very large percentage likely to be feed wheat.

Semans, Sask.—Cutting well advanced, threshing starts September 15th; frost recently will damage wheat. Oats will be badly frozen, also flax, about 90 per cent. wheat, 75 per cent. oats and 25 per cent. flax cut before frost, grades will be No. 3 northern and lower.

Moosomin.—Considerable damage from frost and rust, cutting nearly finished; threshing starts about 15th; estimate yield about 18 bush. grade No. 2 northern and lower.

Tako, Sask.—Wheat cutting started September 4th, about one-fourth cut before frost, 20th to October 1st grade 4 to feed. Oats about all cut and fair quality.

Keilher, Sask.—Half grain is cut, threshing starts about end of month. Frost will damage; wheat will grade No. 2 and down.

Muscow, Sask.—About 80 per cent. Cars in sight, 230.

Chicago, September 12.—Wheat was irregular. Some strength was shown early, but the selling of long grain by Shearson-Hammill, through A. I. Valentine was the signal for general selling. On the break commission houses let in the buying, and part of the weakness was regained. The market refused to show any marked signs of strength.

The news from Winnipeg was mainly of a bearish character. Exporters were said to favor the selling side of the market, as the bids from "the other side" were out of line, and too low for consideration. The receipts there were large. The cars at Minneapolis and Duluth jointly were 749, or 185 in excess of one year ago.

All the wheat markets of Europe were lower—5-8 to 7-8d at Liverpool, 3-4c at Buda Pest, 3-4 to 1 1-2c at Paris, 1c at Berlin, and 1 1-4c at Antwerp. The weakness abroad was on the increase in the amount of wheat offered. Russian ports' weakness in Berlin, favorable crop advices from Argentina, and speculative realizing.

Wheat and oats cut; threshing commenced in places.

Waldron, Sask.—Wheat mostly cut; grade from No. 3 northern down; threshing will commence about 20th. Oats very small percentage cut, will be mostly frosted.

Grenfell—Eighty per cent. all grains cut; threshing general in two weeks; grades 30 per cent. feed.

Quinton, Sask.—About 75 per cent. wheat; 25 per cent. oats cut; badly frosted; threshing in ten days.

Bangor wires prospects of fair yield, 90 per cent. cut, weather improving. Recent frost and rust cutting nearly finished; threshing starts about 15th; estimate yield about 18 bush., grade No. 2 northern and lower.

Tako, Sask.—Wheat cutting started September 4th, about one-fourth cut before frost, 20th to October 1st grade 4 to feed. Oats about all cut and fair quality.

MUCH ACTIVITY SEEN IN CITY CONSTITUENCIES

Mr. Villeneuve Has Inaugurated Strong Campaign Throughout Maisonneuve.

The political campaign in Maisonneuve is assuming strenuous proportions and the fight between Mr. Eugene W. Villeneuve, the anti-reciprocity candidate in the division, and Mr. Alphonse Verville, the Liberal-Labor candidate is likely to prove one of the most interesting of the campaign.

Last evening Mr. Villeneuve had called a meeting to take place in his committee room at the corner of Bourbonnierre and Ontario streets, but the gathering proved altogether too great to be accommodated in the limited space and the meeting was turned into an open air assembly, at which over a thousand electors of the big East End constituency were present.

Three meetings will be held in the division to-night; one for the English electors, in the Town Hall of St. Louis at the corner of Laurier and St. Lawrence streets, at which the principal speakers will be: Messrs. Villeneuve, C. H. Cahan, K.C. H. B. Ames, Campbell Lane, K.C., Fitz-James E. Browne, John Boyd, and Alderman Fraser, of Maisonneuve. The second meeting will be held in Laurier ward, in the College Hall, at the corner of St. Lawrence and St. Zotique streets, where a number of speakers, including the Opposition candidate, accompanied by a number of other speakers, will address the French-speaking voters of the riding; while the third is an organization meeting of Liberals, who are working in behalf of Mr. Villeneuve and against the reciprocity issue of the Government platform.

Mr. Villeneuve has established no less than 25 committee rooms, in the constituency, the voters of which, according to the lists used in the coming elections, number 37,600.

In St. Antoine and St. Lawrence divisions, Mr. H. B. Ames and Mr. G. F. Johnston are holding a meeting tonight in Auditorium Hall, 17 Berthelet street, against the reciprocity pact. Among the speakers of the evening will be Lt. Col. J. Pennington Macpherson, the author of the Life and Times of Sir John A. Macdonald, who is expected to cast much light on the stand of the great Canadian in the reciprocity issue of years ago. Others who will address the meeting are: Messrs. D. H. Friedman. J. H. Sherrard, R. J. Yonge, and Lt.-Col. C. A. Smart.

To-morrow night Mr. Ames will hold a meeting for the English-speaking electors of St. Antoine, in Nault's Hall, Guy street, and on Friday evening for the French-speaking electors of the division.

Liberal activity in the city, so far as meetings are concerned, is no less noticeable. To-morrow night, in the Monument National, Hon. Rodolphe Lemieux and other speakers will address a gathering in behalf of the candidature of Mr. Robt. Bickerdike, the reciprocity candidate in St. Lawrence.

Mr. Oliver Asselin, and Mr. J. A. Masse, the Opposition candidates in St. James' and St. Mary's respectively, will hold a joint meeting in St. Jean Baptiste Market Hall to-night at eight o'clock. To-morrow night the two candidates will again hold a joint meeting.

CIVIC OFFICIAL FACES GRAVE CHARGE.

Board of Control Has Ordered a Report From Board of Health Department.

The Board of Control sat behind closed doors to-day and discussed a complaint, made in writing by a citizen, that an official connected with the health department, had not been attending to his duties at the City Hall for a long time past. The complainant said he could never find this official in his office to transact business, and that the official had been guilty of negligence in other ways.

It was decided by the Board to get a report, from the head of the health department, as to the conduct of the official under him against whom the complaint is made.

HARBOR PROPERTY TAX TO BRING $200,000.

Commissioners Will Fight City Impost, However.

From a report completed at the City Hall it is shown that next year the city expects to get $200,000 in taxes from the Harbor Commissioners. Up to the present the city has not been paid any real estate taxation by the harbor authorites, owing to the fact that every inch of the harbor has been on the "exempted" list.

The Harbor Commissioners have informed the city that as the harbor is Government property that the city has no right to tax it. Controller Wanklyn says that the protest is not a good one, and that it will never be maintained before the courts.

Conservatism in Investments.

Ever since it was established in 1873, it has been the endeavor of this house to be, if anything, ultra-conservative in all investments. Before buying any bonds or securities, it has endeavored, after investigation, to select the ones that would come nearest affording absolute safety, and at the same time give a fair return on the investment.

In afterwards selling these bonds or securities to the public, we have always placed at the disposal of the buyer all data and information we may have secured in making our investigation.

The services of our Statistical Department are always at the disposal of our clients, whether buying or selling.

Open Letter to Sir Fred Borden

Must Go Against Minister for First Time, Declares R. E. Harris, to do His Duty.

Halifax, N.S., September 12.—Mr. R. E. Harris, merchant, of Wolfville, has sent a letter to Sir Frederick Borden, of which the following is a copy.

Wolfville, August 22nd, 1911.

"Sir Fred Borden, Canning:

"Dear Sir Frederick:—In the face of the campaign now on, I feel that I should write you a line telling you, first, that I am very sorry you are in this fight with the vital question that is before the people of Canada to-day, and one which I, for one, am very much opposed to, and although I have stood by you since 1888, never voting against you, yet this time I must stand by what I believe to be the duty of Canadians, and cast my vote, and any that I can influence, to protect what I believe to be the best interests of Canada to-day, and vote against the question before the people in the present campaign. Canada belongs to Canadians, and we have a country too valuable to give away at the present time to the Americans.

"Yours very truly,
"(Signed) R. E. HARRIS."

MR. R. G. WATSON DIES.

Mr. Robert Goodwin Watson, 29 years of age, died in Kingston yesterday of appendicitis. The deceased had only been ill three days, and his sudden and unexpected demise was a shock to his friends and acquaintances. Mr. Watson, was also well known in Winnipeg, where he had been in the real estate businesses for some time. He is survived by a widow and one child.

He is also survived by his father, Mr. R. G. Watson, three brothers and two sisters. His sisters are: Mrs. H. M. Redpath, of England, and Mrs. J. W. Allan, of Montreal. His brothers are Mr. J. C. Watson and Mr. Hugh Watson, of this city. The funeral will take place at 2.30 p.m., to-morrow from 63 West Sherbrooke street to Mount Royal Cemetery.

Out-of-town subscriptions must bear postmark not later than 3 p.m., September 12th, 1911, in order to be considered. Payment in full must accompany subscriptions.

Very truly yours, J. THOMAS REINHARDT.

The right is reserved to reject any subscription.

THE PRESENT OFFERING

In the six months or more which have elapsed since Porcupine Central and Porcupine Northern were publicly floated, remarkable developments have been of almost daily occurrence in Porcupine, and valuations have been established which six months ago were hopes rather than realizations. Nevertheless to-day Porcupine Southern Mining Company is being brought out along the same conservative lines as its predecessors.

Through Porcupine Southern Mines, Ltd., an Ontario Corporation, it virtually owns fourteen claims (560 acres), and has under option two additional claims (80 acres) favorably located in the centre of active operations.

These claims have the further advantage of being so scattered that important developments can occur hardly anywhere in the heart of Porcupine without benefiting one or another of them.

The following letter speaks for itself:

No. 42 Broadway,
New York City,
Sept. 7, 1911.

Mr. J. Thomas Reinhardt,
No. 38 Broad Street,
New York City.

Dear Sir: The Porcupine Southern Mining Company has been organized under the laws of Delaware, with a capital stock of 1,000,000 shares of a par value of $1.00 (full paid and non-assessable). This Company owns practically all the stock of the Porcupine Southern Mines, Limited, a corporation formed under the laws of Ontario, which owns fourteen claims, and has under option two claims, all located in the Townships of Tisdale and Whitney, Porcupine Mining Division, Ontario, Canada. These claims are specifically described as follows:

Held Under Option—No. 13,174, S.E. ¼ S. ½ Lot 1, Concession 4; No. 13,848, N.W. ¼ S. ½ Lot 1, Concession 2.

Owned Outright—No. 13,173, N.E. ¼ S. ½ Lot 1, Concession 4; No. 13,849, S.W. ¼, S. ½ Lot 1, Concession 2; No. 13,825, N.W. ¼ S. ½ Lot 1, Concession 6; No. 12,797, S.W. ¼ S. ½ Lot 3, Concession 3; No. 13,913, N. E. ¼ S. ½ Lot 8, Concession 5; No. 13,914, S.W. ¼ S. ½ Lot 8, Concession 5; No. 13,918, N.W. ¼ S. ½ Lot 8, Concession 5; No. 13,917, S.W. ¼ N. ½ Lot 8, Concession 5; No. 13,252, N.E. ¼ S. ¼ Lot 8, Concession 5; No. 13,281, S.E. ¼ N. ½ Lot 9, Concession 5; No. 13,620, N.E. ¼ S. ¼ Lot 12, Concession 1; No. 13,619, S.W. ¼ S. ¼ Lot 12, Concession 2. The foregoing fourteen claims are located in Tisdale Township. No 14,128, S.W ¼ N. ¼ Lot 10, Concession 6; No. 14,129, S.E ¼ N. ½ Lot 10, Concession 6. The last two are located in Whitney Town-ship.

The above claims are undeveloped.

600,000 shares of this stock have been put in the treasury of the Company. Your Syndicate has underwritten 150,000 shares of this treasury stock at 60 cents per share, less underwriters' commission of 5 per cent.

The Company proposes to begin active operations immediately.

The Company will make application to list this stock on the New York Curb, the Toronto Standard Stock Exchange and the Boston Curb.

The distinguishing features of the Porcupine Southern Mining Company are:

Low Capitalization
Large Holdings
Favorable Location of Properties
Wide Distribution of Properties in Proven Area,
Conservative Financing

The Board of Directors of this Company are the same as of the Porcupine Central and Porcupine Northern Mining Companies.

Yours very truly,
(Signed) JOHN C HICKS,
President, Porcupine Southern Mining Company.

STATUTORY INFORMATION

The holder of three of the Company's shares may hold the office of Director. The Directors are John Charles Hicks, Hotel Bretton Hall, New York City, Financier; Warren N. Akers, Wilmington, Delaware, Secretary; Vincent K. Smith, 20 Broad Street, New York, Councillor-at-Law; F. I. Hundley, 20 Broad Street, New York, Law Clerk, and E. E. Carpenter, 20 Broad Street, New York, Capitalist; each of whom is the holder of three shares. The minimum subscription on which the Directors may proceed to allotment of the shares of the Company now offered is 50,000 shares.

Of the total capital stock of the Company, which is one million shares of one dollar each, 999,975 shares have been issued as fully paid and non-assessable, to the Development Company, of Porcupine, Limited, of 928 Traders Bank Building, Toronto, in consideration of the sale and transfer by the said Development Company of Porcupine, Limited, to this Company of all the capital stock of the Porcupine Southern Mines, Limited, less five shares thereof, or 39,995 of the shares of the said Porcupine Southern Mines, Limited, which are fully paid and non-assessable, and of said 999,975 shares, this Company has subsequently aquired 600,000, of which 600,000 shares the 150,000 shares now being offered are a part. The Company is authorized to pay a brokerage or commission of five per cent. on the proceeds of all sales of shares. The estimated amount of preliminary expenses of the Company is $500.

The dates of and parties to every material contract affecting the Company are as follows:

1 Between the Development Company of Porcupine, Limited, and this Company, dated August 1, 1911.

2. Between the Development Company, of Porcupine, Limited, and the Porcupine Southern Mines, Limited, dated August 1, 1911.

3. Between John C. Hicks, President, and J. Thomas Reinhardt, Broker, for the sale of shares of this Company, dated September 1, 1911. Copies of all these may be seen at the office of Johnston, McKay, Dods and Grant, Traders Bank Building, Toronto, during business hours of any judicial day.

The only Director of the Company interested in the properties proposed to be acquired by the Company is John Charles Hicks, who is interested to the extent of one-quarter interest in a syndicate which will receive from the Development Company of Porcupine, Limited, 399,975 of the shares which the last mentioned Company receives from this Company, part of the 399,975 shares hereinbefore mentioned.

Dated at New York, in the State of New York, one of the United States of America, this 9th day of September, 1911.

Filed in the office of the Provincial Secretary of the Province of Ontario this 11th day of September, 1911.

Further Particulars on Request

The Previous Offerings.--The Results of the Previous Offerings

In the latter part of December I offered 200,000 shares of underwritten treasury stock of Porcupine Central Mining Company for public subscrip ion at 40 cents per share. In the latter part of May I offered 150,000 shares of underwritten treasury stock of Porcupine Northern Mining Company for public subscription at 50 cents per share. To-day Porcupine Central and Porcupine Northern are listed in three markets—the New York Curb, the Toronto Standard Stock Exchange and the Boston Curb, the former now ruling around $1.00 per share, and the latter around 76 cents. Porcupine Central was the first Porcupine Company to list its stock on the New York Curb.

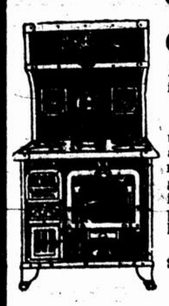
FOR COLDEST WINTER or HOTTEST SUMMER



All the varying extreme climatic conditions existing in Montreal are provided for perfectly in Kerr's "Regal" Kitchen Ranges.

In the winter months a continuous fire can be maintained, night and day, and sufficient heat radiated to comfortably heat an ordinary flat, and furnish abundance of hot water. In summer, as "Regal" flues are all insulated, and every unit of heat is conveyed directly to the oven, the "Regal" oven is perfect for cooking with a fire insufficient to overheat the kitchen.

See the Grate that made the "Regal" famous.

PAVING REPORTS WERE HELD UP BY ALDERMEN

Wanted Asphalt But Controllers Declined to Agree to the Change.

It was decided by a majority of the City Council yesterday afternoon to block paving reports from the Board of Control, to the amount of a quarter of a million, because the controllers would not consent to put down asphalt in a number of streets.

The end of a contracted discussion was that the report of the controllers failed to carry, but another meeting will be held on Wednesday, when it is expected the difficulty will be straightened out, and that a majority of the aldermen will get into line and cast the necessary votes so the paving works can be gone ahead with. If the controllers failed to have their report adopted the aldermen also failed in various motions they made to have it amended so that asphalt would have to be ordered.

Controller Wanklyn said there was no reason the Board of Control should consent to pay more for asphalt now than in the spring; this was a matter of principle that the controllers could not abandon. He held it would be most unfair to the public if the aldermen prevented the paving of many streets in granite and other material simply because of the annoyance they felt over the absence of asphalt.

Ald. Gauvin held that apart from asphalt various streets were to be paved in material that the aldermen did not like. He moved that the report of the controllers be sent back for further consideration.

Controller Lachapelle intimated that the controllers would not be largely influenced by the many views that were held by aldermen as to the kind of pavement that ought to be selected.

Ald. Emard said: "Those who are seeking to block the report and delay all these works at this season of the year are assuming a serious responsibility."

After a lengthy discussion and several votes, on motion of Ald. Carter it was decided that Council should meet again on Wednesday afternoon and take up the discussion again.

Merger of Interests of Two Leading Pianos Houses at Montreal.

It is announced that The Nordheimer Company, of Toronto, and The Lindsay Company, of Montreal, have merged their interests for the Districts of Montreal, Ottawa and Quebec, and that The Lindsay Company will hereafter have the exclusive representation of the different agencies controlled by both Houses, including the Steinway, Nordheimer and Aeolian Companies' Pianos.

The far-reaching importance of this arrangement will be of general interest and indicates the prevailing tendency of business concentration whereby the duplicating of plants for the marketing of goods is avoided.

The high business standard so long enjoyed by the pioneer house of The Nordheimer Company is well known throughout the Dominion and elsewhere, and in now transferring their interests to the enterprising and successful firm of The Lindsay Company it will mean an exceptionally attractive combination of piano representation under one roof, the advantages of which the purchasing public will readily recognize.

Dress Goods

Goodwins Limited

OPENING OF GOODWINS' FALL DRESS GOODS AND LADIES' SUITINGS DEPT. TO-MORROW

TOGETHER WITH A SPECIAL SALE OF .95 to $1.25 DRESS FABRICS at Per Yard .59

This Autumn Display Will Include *Diagonal Cheviot, Heavy Bedford Cord, Diagonal Armures, Camel's Hairline Stripes, Striped Serge and All Wool Beige,*

IN OUR Black Dress Goods Section *Black Cashmere, Black Permos, Black Poplin, Black Serges, Black Satin Cloth, Black Resilda, Black Bedford, Black Cashmere de Soie, Black Cingalie, Black Voiles, and Black Marquisette.*

To-morrow we will have our Dress Goods Opening. Goodwins' will show what is justly considered one of the largest shipments of Ladies' Suiting and Fall Dress Goods ever made by a retail store in Canada. There will be displayed the light shimmering fabrics made for evening wear, the gorgeous and attractive designs planned for the making of resplendent gowns. We will show the firmly woven tweeds, serges and broadcloths from which are designed the smartest ladies' tailor-made garments of to-day. We will exhibit the warm and cozy coarser cloths, suitable for the rigors of a Canadian climate, and we will be delighted to have your approval of the special section we have set aside for our carefully chosen Black Dress Goods.

The studied care of the Dress Goods manufacturer was never more pointedly shown than at Goodwins' this Autumn, and the recently ended tour of the manager of the Dress Goods Department through England, Scotland and France, has been amply justified by the presentation of to-morrow's display. Throughout the department prices will be found reasonable in the extreme. Goods of the latest design and weave will demonstrate the Dress Goods novelties of the moment. The Autumn of 1911 will whisper her latest dress ideas to you here.

By way of forcible introduction to our Dress Goods patrons, we will sell 54-inch Diagonal Cheviot; 44-inch Heavy Bedford Cords; 45-inch Diagonal Armure; 42-inch Camel's Hairline Stripe; 48-inch Colored All Wool Beige, and 48-inch Stripe Serge, which should be sold at .95 to $1.25 a yard. To-morrow, at 59c a yard. It will be an introduction worthy of this Opening advantage.

It will be a sale of Dress Goods of the highest quality at the lowest prices that this store has ever offered.

WEDNESDAY IN THE MILLINERY DEPARTMENTS

50 Feather HATS $10.50.

A little story attaches itself to Wednesday's offering. The importer when in Paris bought these hats to sell at $15 to $25. They arrived too late for his opening to the trade, and as his output was limited in these high grade goods, we are able to offer them to you at $10.50 each, right in the beginning of the season. You know that feather hats for early Fall are the most fashionable headwear, and as they come in beautiful shadings of brown, green and blue, as well as black, one hour's selling should exhaust this most unique purchase.

Naturally they are mostly toques, but those made to sell at $25.00 have feather mounts and are quite dressy.

A HAT for the School Girl Or the Business Girl, at .69.

480 Hats for Sale on Wednesday on the Main Floor, Millinery Department

They are all felt—this season's blocks. Some sailors, some mushrooms. Colors, black, navy, brown, red, green and tan. Suitable for girls from 10 to 16 years.

They were made to sell at $1.00, but the quantity of our purchase makes this special price possible.. .69

We would advise you to be here at 8 o'clock, as the quantity in some colors is limited.

Embroidered Nets and Silk Insertions.

SELLING AT A PRICE TO PLEASE YOU

Embroidered Nets of the quality we speak of do not usually sell for .25 and .40 per yard. The prices you would expect to pay without any grumbling would be .45 and .50, and .75 and .85. The silk insertions we have marked for .25 and .55 to-morrow, according to width. Ordinarily these prices would be from $1 to $1.25. Both nets and insertions were manufactured by the same firm, and are the remaining parts of a large stock. We bought them at a low enough price to let our customers have a big share in the money saving of the purchase.

EMBROIDERED NETS, made of fine quality net, and very nicely embroidered. Much in demand now for yokes, blouses and dresses. There are nine patterns to select from. We have them in white, ivory, butter and Paris. They are divided into two lots. Reg. prices .45 and .50, for, per yard.. .25

Regular prices .75 and .85, for, per yard.. .40

HEAVY ARTIFICIAL SILK INSERTIONS—We are showing in this lot 900 yards of magnificent artificial silk insertions, most of them are in heavy raised patterns and beautifully embroidered. Eleven new designs to choose from. We have them in white, ivory and black. They are divided in two lots:

2¾ and 3 inches. Regular price .50 and .60, for.. .25

6 and 7 inches. Regular price $1 and $1.25, for.. .55
