Rain Coats, Rubbers and Umbrellas

THIS is the season of the year that you can get good use out of a Rubber or Waterproof Coat. It is also good to take care of the feet by keeping them dry when you can get a new pair of Rubbers for so little money. Umbrellas are always handy--sometimes too handy--and to-day you can get a very good looking Umbrella for 50c.

See our Umbrellas at 50c each.
Better Lines at 75c each.

And a very neat Umbrella, Congo handle, steel rod, hollow rib frame, with good wearing cover, for $1.00 each. But do not forget that we have an extra large stock of good Umbrellas, with silk and wool covers, imported direct from the best British makers. They are neat, strong and durable. They are a little expensive at the start, but the cheapest Umbrellas in the end, besides the pleasure and security you feel in carrying one. They do not give out, break and fail to go up or down just when you want them. Prices, $1.75, $2.00, $2.25, $2.50, $3.00, $3.50, $4.00 and $5.00.

Rubber and Waterproof Finished Tweed Coats

See our Leader in Black Twill, double texture, sewed seams, 28 inch Detachable Cape, Waterproof Coat, at . . $3.75 all sizes.

The best value in the trade and cannot be beat, as we buy all our Coats direct from the makers. They are as cheap as wholesale houses can sell them.

Black Dull Finish Rubber Coats, Men's and Boys', at . . $1.75 each

Our Special Black Mackintosh Coat, with detachable Cape . . $3.75

Double Texture Fine Quality, with 28 in. Cape, fancy check linings $5.00

English Box Coats, whole back, velvet collars, to clear at . . $6.50

Exceptional value in Black Paramatta Waterproofs, with Cape . $6.50

Single and Double Breasted Box Coats, light colors . . $7.50 to $9.50

Navy Blue, with red lining, finest Imported Waterproofs . . $10.00 and $11.50

THE WARCLOUD DARKENS

Britain's Chancellor of the Exchequer Again Warns France That Britain Will Stand Firm Regarding Fashoda.

FRANCE MAKES READY FOR WAR.

The Strong Language in England Has Its Answer in Rapid Mobilizing of French Army and Navy.

LONDON, October 20.—Once again has the world, and especially the Government at France, been warned that Great Britain will brook no interference in her settlement of the Soudan question. The publication of the Blue book containing all the correspondence upon the subject and embodying Lord Salisbury's firm insistance upon the sole right of Egypt, through Great Britain, to the territory wrested from the Khedive by the Mahdi, was in itself an unusual act and proof of the strong feeling in the United Kingdom upon the subject. But its publication has been followed by even more unusual incidents. The speeches of Lord Rosebery and Mr. Asquith last week, conveying the support of the Liberal party to Lord Salisbury in support of Britain's rights, have been followed by a remarkable speech by Sir Michael Hicks-Beach, the Chancellor of the Exchequer, who has spoken out in the plainest language used by any British Minister towards a foreign nation since the Crimean war.

Speaking at North Shields last evening, Sir Michael, after announcing that the Government had opened negotiations with the Powers with a view to securing to the subjects of the various Powers the "right of developing the respective spheres in which each country is especially interested," said he wished cordially to acknowledge the desire evidenced in the speeches of Lord Rosebery and Mr. Herbert Asquith, to help the Government in the Fashoda matter, "a matter which might develop to the utmost gravity."

Then the Chancellor of the Exchequer proceeded to use the following very strong language:

PLAIN WARNING TO FRANCE.

"It is impossible for France to maintain that she has political rights at Fashoda. She has naturally and properly asked for time to receive Major Marchand's report; but until the contrary is proved I decline to believe that France will refuse to withdraw. If she refuses, the matter will assume an aspect as grave as is possible between two great nations.

"The Government is animated by the friendliest spirit towards France, and does not wish to inflict humiliation. What we desire is fair treatment. Our work in Egypt is not completed. Africa is big enough for us both — for France in the west and ourselves in the east. Surely we ought to be able to agree to respect one another's rights and claims.

"I hope, trust and believe the question is capable of a friendly solution; but this country has put her foot down. If, unhappily, another view should be taken by France, the Queen's ministers know what their duty demands.

"It would be a great calamity if, after peace for upwards of eighty years, our friendly relations should be disturbed and we should be launched in a great war; but there are greater evils than war, and we shall not shrink from anything that is coming, knowing that we are supported by a united people."

BRITAIN MUCH IMPRESSED.

Sir Michael's speech has deeply impressed England and the utmost concern is felt as to how France will receive it. The idea has been prevalent that the French have not realized how seriously England felt on the Fashoda question, which has been coupled with a desire that France would not force England to an armed support of Lord Salisbury's stand.

Some of the more conservative organs, notably the Times, practically ignores the French naval and military movements at Brest and Toulon, and decline to perceive any war cloud.

The Daily Chronicle remarks, "Sir Michael Hicks-Beach has been at it again. He is a dangerous man. He has honesty without tact."

Other papers hint that the plain speaking of the Chancellor at a time when a crisis is approaching is an indiscretion.

FRANCE MOBILIZING.

No Doubt Now That Naval Preparations For War are in Progress.

PARIS, October 20.—Le Temps, commenting upon the sensational stories of naval mobilization, says: "While the political situation necessarily induced unusual vigilance and activity, it must not be forgotten that the present naval movements are principally an inauguration of the reforms planned by M. Lockroy, when he was appointed Minister of Marine, and which he desires to have completed prior to January 1 next—reforms whereby the squadrons and ports will always be ready and clear for action, and fully equipped within a few days."

After enumerating the proposed future strength of the various squadrons intended for coast defence, Le Temps concludes as follows "Ashore, our military works are quite ready; and certainly the best disposition is being made of the means at the disposal of the navy, even if before the date mentioned the hoped-for solution, agreeable to both countries, should be found for the Fashoda question."

SECRET EXPERIMENTS.

The alleged war preparations of France are the absorbing subject of discussion here at present. According to the French papers, there were important naval experiments at Toulon yesterday evening. A flotilla of torpedo boats was detailed to make an endeavour to force the entrance of the harbour, and the whole garrison was called to arms and the forts and batteries were manned, ready for instant action. The result of the experiments has not been made public.

Vice-Admiral Barrera presided yesterday at a secret council of war, at Brest, in which the chiefs of the maritime forces took part. Confidential orders were subsequently issued to the garrison.

L'Aurore asserts that five classes of the naval reserves around Brest have been ordered to hold themselves in readiness for active service.

AS HEARD IN LONDON.

LONDON, October 20.—Most of the morning papers elaborate some of the exciting descriptions of the belligerent preparations of France.

The Paris correspondent of the Daily Mail says: "In Toulon and Brest every nerve is strained to get ready for war which may break out on short notice. The Paris press is growing more and more determined to back up extreme measures, even a resort to arms. The French have been excessively piqued by the threatening tone of the English papers which is a more likely casus belli than the mere question of Fashoda.

"Consequently, the outlook here is grave. There are reports of troops hurrying from Paris to Brest and Toulon. The artillery in the batteries and at the various ports have been confidentially instructed for any emergency and the cannon at all the forts and the batteries are kept ready for action at any moment. To-day there was a prolonged war council at Brest of the chiefs of the various services and M. Lockroy is hastily returning to Toulon on account of the gravity of the situation."

NEAR THE STRAINING POINT.

The Paris correspondent of the Standard says: "If England keeps on saying that Marchand must go, France will reply that Marchand will stay, and if he be removed forcibly there can be little doubt as to what the consequence will be."

On the other hand, the Paris correspondent of the Daily Graphic says: "I have good reason for stating that Count Muravieff (the Russian Foreign Minister) has discouraged French resistance in the matter of Fashoda."

Most of the papers, however, refuse to accept the explanation that French activity is merely in pursuance of Mr. Lockoy's scheme. Several exhort the Government to answer the preparations of France by mobilizing the British fleet.

MILITANT SCOTCH DIVINES.

LONDON, October 20.—Considerable attention is attracted here by reason of leading articles in the morning papers to the proceedings of the Dundee Presbytery to the Established Church of Scotland relative to the Czar's disarmament rescript. At a recent meeting of English Congregationalists the consideration of the same subject was postponed to permit a number of prominent divines to applaud Lord Salisbury's determined policy with reference to Fashoda. It was left for the Scottish clergymen, however, to go even further and to declare, as did the Rev. Wallace Mason, that instead of reducing her armament Great Britain should adopt the plan of conscription to provide sufficient recruits for the army. The motion commending the spirit and end of the rescript was finally negatived by a vote of 17 to 7.

TWO MILLIONS FROM DAWSON.

SEATTLE, Washington, October 20.—The steamer Roanoke arrived yesterday from St. Michaels with about 500 passengers and gold dust estimated at two million dollars. Of this the Canadian Bank of Commerce has $900,000, and the Bank of British North America $750,000.

The richest individual on board is said to be R. Langlois, of Tacoma, Washington, who is credited with $100,000.

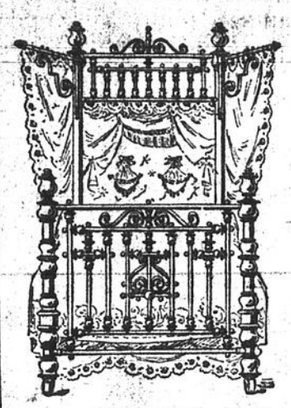

The Roanoke left St. Michael's October 8. The steamers Portland, Protection and Caroune were in port. They expected to leave in a few days. All sailing vessels had left St. Michael's and St. Michael's was soon to be deserted for the winter.

PORT TOWNSEND, Wash., October 20.—According to a report received from persons arriving from Dawson on the steam schooner Dirigo, smallpox has developed in the capital of the Klondike. J. C. McCloud, of Seattle, who left Dawson September 23, says that on the night he left it was reported that there were three cases of smallpox in town. The patients were quietly removed to a temporary pest house. The police had inaugurated a thorough search and were taking sanitary measures to prevent a spread of contagion. A party of Mounted Police were met at Fort Selkirk on their way to Dawson, where they will be stationed for the winter.

Hygienic Ventilated Shoes

THIS Shoe has been in stock for sale by us since 1896—but has proved a very slow seller, notwithstanding the many advantages claimed for it, such as Relief for Neuralgia, Weak Eyes, Throat Troubles, Catarrh, Rheumatism, Damp Feet, Stinging Corns, or Aching Bunions. You can wear rubbers and have perfect ventilation. The air enters two inches above the heel, and passes down a tube and enters a channel formed between the inner and outer sole, which is perforated directly under the foot, the weight of the body going from one foot to the other produces a circulation of air, thus keeping the feet dry. Every pair guaranteed to have cork soles, they were manufactured to sell at $5.00 per pair, and are good value at that price, they are made

Best Wax Calf Leather, Best Patent English Enamel Leather, and in the Ox Blood Coloured Calf Leather.

We have only 15 pairs now in stock, sizes 5, 6, 7, 8 and 9, to be cleared out at $2.50 per pair.

This is a genuine bargain, as we will have no more of these goods, and they are extra good value, without taking the advantages of being ventilated into consideration.

Call early and get a pair at

THE MOHEGAN'S LOSS.

Theory That the Disaster Was Caused by Magnetic Variations.

LONDON, October 20.—The newspapers, in their reference to the loss of the Mohegan, recall a story to the effect that peculiar and variable magnetic conditions exist near the Manacles, which are liable to disturb ships' compasses.

The wreck of the steamer Palmyra in that vicinity on March 14, 1885, in similar circumstances, is mentioned.

Messrs. A. C. L. Smith, W. J. Bloomingdale, Richard Kelly, Surgeon Trevor, and Misses Katherine Noble and Maud Rodebusch, and Mrs. Compton Swift, survivors of the Mohegan, have arrived in London. They accompanied Mr. A. S. Williams, the London manager of the Atlantic Transport Company, as his guests.

The company gave each passenger £5 before leaving Falmouth.

ANTICOSTI ISLAND.

M. Menier Now Wishes to Buy the Beach Lots and Shore Rights.

(Special to the Star.)

QUEBEC, October 20.—It is understood that Mr. Menier has offered the Quebec Government $100,000 for all the beach lots and other shore rights of Anticosti. Through his counsel, Mr. George Gibson, he has also entered an action in the Superior Court at Murray Bay to evict the Fox Bay settlers and to be authorized to demolish their houses and remove them from the island. The contestation of this action has been placed in the hands of Mr. W. H. Davidson, advocate, and a fund is being formed to enable them to obtain a fair trial of their case.

Hood's Sarsaparilla keeps the blood pure and the whole system in perfect order.

LORD ABERDEEN AT WHITBY.

WHITBY, Ont., October 20.—The Governor-General and Countess of Aberdeen accompanied by Lady Marjorie Gordon, visited Ontario Ladies College yesterday afternoon. The party were photographed with the students massed in front of the college, and then under the direction of Mayor Rutledge drove to the Town Hall, where the school children of the town and students of the Collegiate Institute, besides a great crowd of citizens had gathered. Addresses from the Town Council, and county of Ontario were presented. His Excellency made a happy reply. At the Collegiate gymnasium an address from the Board of Education was also presented to Lord Aberdeen. In the evening, Their Excellencies partook of high tea at the Ontario Ladies' College. The vice-regal party left for Ottawa by special train.

THE FOOTBALL FIELD.

MONTREAL'S CAPTAIN.

Mr. Herb Molson has been chosen captain of Montreal first XV. and will act during Hartland Macdougall's illness.

KICKS.

The programme for Montreal practices next week is: Tuesday night, Wednesday afternoon, Thursday night, and Friday afternoon.

Tom Clancy is now manager and captain of the Ottawa University football team. Mr. James O'Reilly, who has occupied the position since the opening of the season, requested Clancy to take charge. Mr. O'Reilly worked faithfully in the interest of the team and his efforts have been appreciated by the players.

Alf. Tobin, the well-known wing, who has so far this season played with McGill, arrived in Kingston Monday and registered at Queen's Medical College yesterday. Tobin will be an acquisition to Queen's wing line.

The faculty of Northwestern academy, Chicago, may bar football in the future as a result of the broken leg that fell to the lot of Capt. Hanson of the academy team in the game against Armour institute last Saturday.

President Ed. Barley, of the Canadian Rugby Union, says that as the three unions —Ontario, Quebec and inter-Collegiate are affiliated with the Canadian Rugby Union, two matches will likely have to be played for the Canadian championship. Mr. Bayley declares the C. R. U. should settle the status of all football players, and have its own amateur definition.

Pat Murphy may be played at quarter by Ottawa College team. He is putting up a great game in practice.

Nolan, of Ottawa, who played with the Toronto lacrosse team, will likely take Strathy's place at full back for Osgoode Hall. Strathy was injured in Saturday's game.

LAWN TENNIS.

LATHAM BEATS PETTIT.

BRIGHTON, Eng., October 20.—Latham, of Manchester, won the tennis championship, defeating Pettit, of Boston, Mass. Latham won three sets to love, thus winning the championship. In seven sets to love. Latham won the first set by 6—2, the second by 6—5, and the third by 6—2.

The galleries overlooking the court were crowded with spectators, who enthusiastically cheered the victory of Latham. The British player quite outclassed his opponent.

The softness of the wool in **CORTICELLI SKIRT PROTECTOR** prevents chafing of the finest shoes, the open porous weave allows it to dry quickly when wet.

It is steam shrunk and, therefore, cannot draw or pucker the edges of a skirt. Its elasticity gives it a self-cleaning action that precludes the possibility of dirt remaining to soil or stain the most delicate dress.

If a dealer wants to sell you something "just as good," it is more than there is a larger profit on the substitute.

Every fourth yard of genuine Corticelli Skirt Protector, stamped thus . Corticelli

M.A.A.A. race, 440 yards—

Nicholson, Bruce, Ford, Maillet, McLea, McLeod, Van Horne, Whyte, Percy, Cowen, Mitchell, Ward, Trenholme, Austen, McMillan, Molson.

Faculty team race—

The first nine of these events will be competed on the McGill Campus in the morning. Except the hundred and two-twenty yard runs, the trial heats of which will be run off in the morning, and the finals in the afternon on the Montreal Grounds, along with the remaining events on the programme.

In the evening the students will attend the Academy of Music in a body, where the scenes usual to McGill's annual theatre night will be enacted.

"AWFUL" RUSSIAN.

His Name is Isador and He Wants to Wrestle.

NEW YORK, October 20.—"Isador," the awful Russian strangler—awful because he has never been thrown on the wrestling mat—yesterday made it known through the medium of an interpreter that his chief aim in life is to meet Hali Adeli, the new "Terrible Turk," under whatever conditions that much heralded champion may impose. In public or privately, governed by any rule whatsoever, the Russian will wrestle this new bidder for glory and American ducats.

This Russian has always made a business of wrestling, and the best exponents of the art in Europe and Asia have fallen victime to his prowess. Russia and Turkey have all furnished individuals who have gone down under the strength and skill of "Isador."

The Turk's defeat, it is said, was defeated in Constantinople by "Isador," who thus won for himself the championship of the "Southern Dominion," and when Yousouf came to this country "Isador" followed and did much to get on another match, but Yousouf went away and got himself forward without giving his conqueror another opportunity of putting his shoulders to the mat.

The pride of Canada is to make the best goods in the world.

COWAN'S Cocoa and Chocolate

are superior to all others.

Chocolate Cream Bars
Chocolate Ginger
and **Chocolate Wafers**

Are most delicious Confections,

SOLD BY GROCERS AND CONFECTIONERS.

241 n ty4

"Isador" is a native of St. Petersburg and is thirty-four years old. He stands 6 feet 2 1-2 inches without shoes, and his wrestling weight is 280 pounds. His backers are anxious to arrange a meeting, and will post money to bind a match at any time convenient to the managers of Hali Adeli.

HE THREW WYLIE.

Roeber Got the Best of the Local Man.

The bout between Roeber and Wylie, the local athletic intructor, resulted in a win for Roeber, who threw Wylie after 10 minutes, 45 seconds. Martin Muldoon acted as referee. He showed a thorough knowledge of the game. Roeber secured his fall on a half Nelson. Wylie claimed it was a strangle hold and protested, but the referee decided that it was a fair fall. Wylie challenged Roeber at mixed wrestling for a side bet. Roeber did not want mixed wrestling, but eventually consented to give him a match, catch-as-catch-can for $25 a side and if Wylie threw him he would add a purse of $50. The audience wanted the match right off. Wylie was willing; Roeber was not, and it was agreed on for Saturday night. Catch-as-catch-can is Wylie's favourite style, and he will likely give the Dutchman some troublesome moments.

To-night Caspar Muller, who won Roeber's money on Tuesday, will be in the game. He is so confident that Roeber cannot throw him in fifteen minutes, as was proven, that he has agreed to let the bout go for twenty minutes.

COLLEGE SPORTS.

The students of St. Mary's College will give a "field day" on the 26th of October. Those who wish to ente rthe open event (220 yards) must give in their names before Monday next to Mr. A. M. Kent, secretary, St. Mary's College.

The tournament will take place on the M.A.A.A grounds, commencing at two o'clock p.m.

GAMES POSTPONED.

On account of the bad weather yesterday, the Westmount School games were postponed until Monday next, on the M.A.A.A. grounds.

O.A.A.C. OFFICERS.

OTTAWA, October 20. — The directors of the O.A.A.C. elected officers, with the following result : President, F. Colson; vice-president, H. Morrison; auditor, W. D. Cuthbertson; secretary-treasuer, P. B. Taylor. The chairman of the different committees: On building and property, P. Hennigan ; gymnasium, A. A. Pinard; boxing, S. Rosenthal; billiards, Alex. Graham; bowling, R. M. Courtney; entertainment, G. P. Murphy; field sports, A. N. Payne.

THE BASEBALL DIAMOND.

CAPTAIN HUGH DUFFY,
of the team that won the National League Championship.

EASTERN LEAGUE NEWS.

BUFFALO, N.Y., October 20.—President Powers, of the Eastern Ball League, came to Buffalo and held an informal conference with Messrs. Franklin, of Buffalo; O'Neill, of Montreal; and Kuntzsch, of Syracuse, regarding the outlook for next season. While nothing definite was decided upon, it was the unanimous opinion of those present at the conference that the league would have to be reorganized and that Wilkesbarre and Ottawa should be dropped. After talking matters over for some hours it was determined to hold a regular meeting of the league in New York city about the first week in November and take definite action then.

FALLING HAIR RESTORED

Soon after I was taken ill my hair commenced to fall, so that each day more came out than I thought I had in my head. I was turning gray rapidly. Finally I became afraid to have it combed, but the nurse said that wouldn't do, and used vaseline to keep it in, then used beef's marrow, then quinine tonic, and finally (CUTICURA ointment), which helped it immediately. The nurse said she rubbed up a fine white dust from the scalp where she could see nothing before commencing, and the scalp looked healthier and more natural every day. Now I haven't as many gray hairs as when I commenced using CUTICURA, and I have a crop of fine brown hair all over my head about an inch and a half in length. I only lose a few hairs when combing every day, and always more gray than brown. My nurse is delighted because the new hairs are brown. I never had very luxuriant hair, even in my youth. It is as thick as any head today as it ever was, and CUTICURA did it. MRS. J. M. LAWSON, March 5, 1895. 302 Hamilton St., Albany, N. Y.

LUXURIANT LUSTROUS HAIR

with a clean, wholesome scalp, free from irritating and scaly eruptions, is produced by warm shampoos with CUTICURA SOAP, followed by light dressings with CUTICURA, purest of emollient skin cures, the most effective skin purifiers and beautifiers in the world. They clear the scalp and hair of crusts, scales, and dandruff, destroy microscopic insects that feed on the hair, soothe irritated, itching surfaces, stimulate the hair follicles, and supply the roots with energy and nourishment.

Sold throughout the world. Potter Drug and Chem. Corp., Sole Props., Boston. "How to Produce Luxuriant Hair," mailed free.

SPOILED THE PATH.

Major-General Hutton and His Staff Are in Trouble in Toronto Now.

VERY INDIGNANT WHEELMEN.

Resent the General's Riding Over the New and Expensive Cinder-path.

TAYLOR GETS HOMESICK.

Wants to Re-enter the Ranks of the League of American Wheelmen Flyers.

(Special to the Star.)

TORONTO, October 20.

ALMLY on Saturday last Major-General Hutton and his staff rode out to the rifle ranges. The Lake Shore road being in the condition of a pulsed field, the party took to the cinder path, which runs alongside the shore road for the use of bicyclists, and which was built by the inhabitants of Long Branch and the C. W. A. The path, as a result, is now in an unrideable shape for cyclists. At a meeting last night of the Toronto District Council it was moved and carried that Chairman Ryckman, of the Rights and Privileges Committee of the C. W. A., be requested to notify the proper authorities that Major-General Hutton and staff would be proceeded against for damages.

WANTS TO GET BACK.

"Major" Taylor is Anxious to Rejoin the L. A. W.

BALTIMORE, October 20. — Chairman Albert Mott, of the L.A.W. Racing Board, has received a letter from Mr. Herbert W. Foltz, the Indianapolis member of the board, interceding for "Major" Taylor, and asking what would be the mildest conditions upon which the rider could be forgiven. Mr. Foltz wrote by request of the negro rider, and said that Taylor hoped the league's fine of $150 might perhaps be reduced.

Chairman Mot wired Mr. Foltz that the $150 fine would never be less, and might in future be more.

From the tone of Mr. Foltz's letter it seems that Taylor is determined to get back into L.A.W. ranks. Mr. Mott, in explaining why Taylor joined the "Insurgents," said:

"Major Taylor rode a certain chainless wheel, whose makers desired him to win the championship on their wheel. When the fastest wheelmen broke away from the league Taylor thought it an empty honour to win the championship from the slow men left. So he desired to defeat these men, he joined the outlaws in order to compete with them. Now he wants to get back partly because he sees the failure of the rebellion, and partly because he wishes to go to Europe, and knows he cannot ride on the big tracks there unless he is in good standing in this country."

THE AQUATIC WORLD.

ABOUT DEFENDER.

Mr. Iselin at Bristol to Talk Over Plans.

BRISTOL, R. I., October 20.—C. Oliver Iselin, manager of the Defender and of the syndicate that is to build the new cup defender for the races of 1899 against Sir Thomas Lipton's Shamrock, was a visitor here and spent about five hours at the Herreshoffs' works.

During the visit here Mr. Iselin spent much time at Capt. Nat's residence, the office and in the shops, where the new boat is to be set up. He also examined the ways that are being laid and upon which the Defender will be hauled out.

Mr. Iselin will make frequent trips to Bristol from Potowomut to the Herreshoffs for several days in the stream launch. By coming and going that way he escapes the overhauling he might expect from newspaper men at the station if he came by train. As it was, little opportunity could eb had to talk with Mr. Iselin. The yellow pine timbers for the cradles arrived, and the steel cable for the capstan came here a few days ago.

It is known that the visit of Mr. Iselin was to talk over the plans for the new boat and also to discuss the overhauling of Defender. In regard to the latter, all that will be done is not decided upon, nor cannot be until Defender is hauled out on the ways.

The piece of aluminum taken from the counter of Defender a few days ago and sent here to the Herreshoffs to be tested, has been found to possess almost as much strength as when it was put on.

MURPHY WON.

FORT WILLIAM, Ont., October 20. — Dan Murphy, of Winnipeg, and Harry Macdonald, of Ottawa, rowed a three mile race for $200 a side on the Kaministiquia here yesterday. Murphy won by three boat lengths. Time 20.40.

LYNCH BROTHERS ACCEPT.

HALIFAX, N. S., October 20.—The Lynch brothers have accepted the challenge for a double scull race from Bubear and Barry, of England, for $2,500 a side, the race to take place at Halifax.

MISCELLANEOUS SPORTS.

COULD NOT GET A MATCH.

(Special to the Star.)

VICTORIA, October 20.—"Denver" Ed. Smith, the well-known pugilist returned yesterday from Dawson City having been unable to get on a fight in the Klondike.

WALLACE COMING.

NEW YORK, October 20.—Dave Wallace, the 126 pound champion of Great Britain, has finally decided to visit this country and accept some of the challenges which have been hurled at him by the American boxers. His manager has notified Charley Horan of his intention to come to this country and arrange a match with Joe Bernstein, the contest to take place the latter part of next month. The English champion says he will agree to 126 pounds, if necessary, to come to terms, but will insist upon a side bet of not less than $2,500 and must be guaranteed his expenses if the match is arranged. Horan has not yet accepted the offer, but says he will consider it.

The Pill That Will

Dr. J. C. Ayer's Pills will prevent and cure Biliousness.

"For years I have thoroughly tested Ayer's Pills, both as a preventive and cure for biliousness. They are the best medicine for the purpose and do all that is claimed for them." J. E. KOLB, Shawnee, Ark.

Cure... Biliousness

HUNTING THE DUCKS.

The Weather is Just Right and This is a Very Good Season.

REWARDS OF EARLY RISING.

Some of the Joys Experienced in Getting Up at Three a. m. for a Day's Sport.

SUCCESS OF THE HUNTER.

What was Done in One Morning's Outing--Some Good Bags Taken by the Hunters.

THIS is fine weather for ducks." Is the greeting one hears every day.

It is also a good year for ducks and some big bags have been made by our local sportsmen.

A cormorant, one of two seen, was shot last week near Victoria Bridge. Apropos of the present season, one often hears of rain keeping people away from church, but the duck-shooter having once made up his mind to shoot on a certain day is seldom deterred by bad forecasts of the weather prophet. He knows that ducks don't fly much in rain or snow, but he hopes for the interval of fine weather and the frosty mornings when he is sure of sport,—and does he not deserve a good day occasionally, when you think that about 3 a.m. is the time he turns out of bed and that after having found the night long, for having no alarm clock with him he has looked at his watch by match light several times during the night.

A cup of hot coffee and a light breakfast at about 3.30, and he is soon ready to start for the morning's shooting. The boat has just been filled with nice dry straw. The basket of decoys and a bag with a few live ducks trained to quack well and lure the black ducks within shot. Then a favourite spaniel settles himself comfortably in the bottom of the boat just as eager for the fun as his master, who in his long boots and warm clothes, seats himself in the stern; well provided with cartridges, tobacco, etc. Then a good shove off the muddy shore and the guide takes his place at the oars, and with the stars still shining overhead they leave for the blind talking as they go about the rising wind. It is going to blow from the north, straight up the river. They determine not to stay at the "blind" so exposed to the wind, but go under a bed of high rushes where the water is fairly calm and the shooter's back is shielded from the cold wind and where the rushes serve as a natural hide; always to be preferred to an artificial one. The wooden decoys are out off the point, a good flock of them "blue bills" and "whistlers," with some "red-heads." The live lures are quacking, and as day is dawning the guns are held in readiness. Soon an answering quack is heard from some blacks as they swim towards the decoys. "Keep down," and "keep still." "No not yet! wait till they swim clear of the decoys." "Now's your time, if you can see them. Let them have it." Bang! bang! two hurrahs followed by two louder bangs from the guide's gun loaded with 5 drms of black powder. What's the result of all this disturbing row at the cock crowing hour? Three ducks down, two dead and one wounded, quick give him a mange or he will get away. Bang! and a miss, another crack and three birds are theirs.

Then pipes are refilled, the health of the dead birds interestingly enquired into, and all is ready for the next visitor in the shape of a green winged teal, whose cry is so well known to sportsmen. Bang! bang! a she passes like lightning and is gone from their sight in about the same time. A clean miss. Well, never mind, they killed every time the birds would soon disappear. What's this coming up with the wind? Geese? No; white winged scoters; fine birds; so well supplied with feathers that they look immense. Their bodies, however, are small. Four charges of No. 3 await them. They are coming straight for the decoys. Now's your time. Again the four barrells roar out, and oh, "what a fall was there." Eight of the big black fellows rolled over. Then what a fusillade followed before seven of them were safe in the boat. I expect some of your readers have had a little experience with wounded "gourd" ducks, and will understand that our friends were most fortunate in picking up so many. I can hear someone say: Well; they are not worth anything, and are only "give-away ducks." Never was a greater mistake made. Only learn the proper way to cook these birds and you will soon say there is no better eating duck. Well, the morning passes pleasantly enough after this with our shooters. A visit to Kilmarnock now and then; a little pleasant chat about old times, as the smoke blows away from their pipes, interspersed with an occasional "here they come," followed with an occasional banging and bringing in of more birds, and then the morning flight is over. Well, it does not take long for these experienced sportsmen to take in their decoys. Very soon they are back at their "cabin," on which the ducks, twenty-five in number, are soon seen hanging in the cool. Inside a good breakfast is steaming on the table and after a little "coup d'appetit," as our French friends say, our healthy early risers fall to as men will do under such circumstances. Their dog is not forgotten, for they will require his services presently, when they go to look for snipe. What a delicious smoke they seem to be having after breakfast. Is it not a "pipe of peace?" Well, the sun is getting up, and so, having fairly rested, the belts are filled with lighter cartridges, and off they follow their dog to a favourite snipe ground. Alas! no birds are found. Where are they? It's not too early in the season. Well, it's always so with these birds. Never two seasons alike. A little disappointed they try one place after another and then as rain is now falling uncomfortably fast, the shelter of the "cabin" is again sought, and for that day the door is closed, and all discomforts shut outside. Let us hope the morrow's sun will rise upon a brighter landscape.

HOCKEY.

THE CAPITALS.

Will Apply for Admission to Senior Ranks.

OTTAWA, October 20.—The Capital hockey team will apply for admission to the senior series at the next meeting of the hockey association. The Capitals last year applied, but as the rules state that a club to be admitted into the senior ranks must first win the intermediate championship, they were debarred. The Capitals won the intermediate championship last year, but they must still obtain a vote of the delegates to be admitted.

THE ABERDEEN'S.

OTTAWA, October 20.—The Aberdeen Hockey Club will not amalgamate with the Ottawas. The majority of the executive and of the players, while perfectly willing to help the Ottawas, do not wish their club to be broken up, and have decide to remain as they are. Of course some of their players will no doubt figure on the Ottawas, but the team will retain its name and again make an effort to hand the Junior championship.

POND'S EXTRACT;

not any other kind of an extract, but

Pond's, and Only Pond's.

Relieves all Pain.

Pond's Extract Ointment first soothes, and then permanently cures itching or bleeding piles, however severe. It is a specific in all skin diseases, and gives quick relief in burns and bruises. Testimonials from all classes prove its efficacy. Price 50 cents; trial size 25 cents. All druggists, or sent by mail. Put up only by POND'S EXTRACT CO., 76 Fifth Av., N. Y. City. There isn't anything "just as good."

ON TRACK AND TURF.

AT COLUMBUS.

The Trotters and Pacers Open the Fall Meet.

COLUMBUS, Ohio, October 20. — The autumn meeting of the Columbus Driving Association opened yesterday. The weather was clear and cold and the track heavy. It proved to be a bad day for the talent, as rank outsiders won both of the races that were finished. Harry Cozzens was the first choice in the 2.13 pace, and Harry Omer second, but Tdgar H., after apparently laying up two heats, outfooted both of them. A remarkable feature of this race was that five different horses took the first five heats, and seven were required to decide the race. Sherman Clay was the choice in the 2.07 pace, and he was still sold as a favourite after Indiana and Arlington had each won a heat. Sherman Clay then won the third and fourth heats, but in the fifth Arlington pulled so far away from the field that he jogged the last eighth. With only heat winners in the race, Sherman Clay made a game effort, but was out-footed by Arlington.

Only one heat in the 2.08 trot was finished, Pilot Boy winning it in a driving finish from Captain Jack. Pilatus finished third and William Penn fourth. The time was 2.11¼. Summaries:

2.13 pace, purse $700:

THE NEW CITY CHARTER.

The Clauses Providing for a Reference of Contracts to the Electors Discussed.

CLUSE INTRODUCED PROVIDING FOR THE CLOSING AND DEMOLITION OF UNSANITARY BUILDINGS.

The Charter Amendment Committee held another long sitting last night, Aldermar Beaudoleil in the chair. Aldermen Ames an McBride were the only other member present, but there were also present Messrs Ecer and Archambault, City Attorney; M David, City Clerk; Messrs. Atwat. Cliquet and Weir, members of the Revisir Bird and Dr. Laberge, City Medical Heath Ocer.

The committee proceeded with the discusion of the reserved sub-sections of section II., Chapter Six.

It was decided to amalgamate sub-sections (16) and (17), which regulate the placing of poles and wires.

It was decided to strike out sub-section (25) regarding the drainage of vacant land, because that was fully provided for in the preceding sub-section.

Sub-sections 43, 44 and 45, regarding morgues, etc., were referred to the revisers to draft.

It was decided to strike out of sub-section (1) the provision of power to measure gas.

Sub-section (82) regarding the removal of snow from sidewalks was struck out as fully covered by sub-section 107.

PUBLIC VACCINATION

Some discussion took place on sub-section 91 and especially that part of it regarding vaccination. It was finally decided to suspend the sub-section and the one following regarding vital statistics, in order to allow Dr. Laberge revising them along with the legal revisers. It was understood that these clauses would be made more stringent.

It was decided to change subsection 90 materially. As submitted it read as follows:

Ninety-ninth — To prohibit the teasing of wool, hair, and other like articles, and the collection of rags.

It was decided to make the clause read: "To regulate, license or prohibit," etc.

Sub-section 113 was suspended to allow a comparison with the new building by-law.

Sub-section 120, as submitted, read as follows:

Hundred-and-twentieth—To create and establish, out of the general fund of the city a superannuation fund for the officers and employes of the corporation, upon such conditions, and stipulations as the council may determine.

Exception was taken to the wording of this sub-section, as it made the city responsible for the whole maintenance of the superannuation fund. It was thought that the employes should contribute something, and the revisers were asked to redraft the sub-section in that sense.

The revisers were asked to break up the concluding sub-section into a number of sub-sections. As originally drafted it read

Hundred-and-twenty-first— To establish and maintain public baths, libraries, reading rooms, museums for historical, literary, artistic or scientific purposes, and night schools.

On motion of Ald. Ames it was decided to add to Section 2, two additional sub-sections, as follows:

DEMOLITION OF BUILDINGS.

(a) To provide for the closing and demolition of buildings in the city no longer fit for habitation, and to recover the cost from the proprietor.

(b) To take once every three years a census of the population, for the purpose of ascertaining the social, economical and sanitary conditions of the inhabitants thereof.

Section 3, of Chapter VI., was submitted as follows:

3. No by-law purporting to be enacted in virtue of this charter, shall be valid unless the same be read at a regular meeting of the council, together with a notice of motion for the adoption of the same, at least thirty days before the adoption of such by-law; nor unless the said by-law shall receive the affirmative vote of at least two-thirds of the members of the council nor shall any by-law be valid or binding until the same after approval by the council as aforesaid shall have been signed by the mayor and the city clerk and sealed with the corporate seal of the city, nor until the same shall have been published twice consecutively in two newspapers, printed in the French language and two newspapers printed in the English language, in the city of Montreal.

MAJORITY FOR BY-LAWS.

It was decided, on motion of Ald. Ames, to amend the section by striking out the word "regular," by substituting "eight" days for "thirty," by replacing the words "at least two-thirds of the members of the Council," by the words "a majority of the entire Council," and by striking out the words "nor until the same" to the end.

Ald. Ames held that the publication of the by-laws would be a great and needless expense. The papers in the ordinary way of news would report the principal clauses of by-laws.

It was decided to strike section 4, which reads as follows:

4. Any such by-law approved and adopted by the Council and signed and published in accordance with the foregoing provisions shall come into full force and effect after the expiration of fifteen days from the date of the last publication thereof, unless the said by-law shall mention some other date for its coming into force.

The next section read as follows:

5. The City Clerk shall have the custody of the by-laws of the city, and shall carefully preserve them in a register kept for that purpose.

RECORDS OF LEGISLATION.

On motion of Ald. Ames it was decided to add the following:

"And he shall annually issue a report containing all the by-laws as enacted, repealed, or amended during the year, and also all the resolutions of Council having the force of law."

The following section, as submitted, read as follows:

6. A copy of any by-law duly enacted and published, according to the terms of the foregoing sections shall be received as evidence in any court of justice in the province, provided that the same be signed and certified with the corporate seal of the city, by the City Clerk, without any proof being necessary of the validity of the corporate seal, or the signature of the said clerk; saving the rights of any party attacking the said by-law to proceed against the same by improbation.

After the words "and published" had been struck out, the section was passed.

The next section as submitted read as follows:

ANNULLING BY-LAWS.

7. Any municipal elector, in his own name, may, by petition presented to the Superior Court, of which at least ten days' notice must be given to the city, by service of the same, and a notice stating when it is proposed to present the same to the Court for adjudication, demand the annulment of any by-law on the ground of its illegality. Such petition must specify the reasons upon which the conclusions are based, but the right to demand the annulment of any by-law shall be prescribed by three months from the coming into force of the said by-law; and after the expiration of the delay of three months, every such by-law shall be considered valid and binding for all purposes whatsoever, provided the subject matter thereof shall be within the powers of the city.

It was decided to strike the last clause beginning "And after the expiration," and to add sections 145 and 146 of the old charter.

The three sections next in succession were passed as they stood as follows:

8. A copy of every by-law made under this charter shall be transmitted without delay to the Lieutenant-Governor in Council, who may within three months from the receipt of such copy, disallow the by-law, and such disallowance shall be announced in the official Gazette.

9. The by-laws of the said council shall have full force and effect as public laws in the city, and as such shall be judicially observed and enforced by all judges and courts, whether specially pleaded or not.

10. The Council may impose by any of the by-laws which may be enacted in accordance with the powers granted to it by this charter, for each and every infraction of the by-laws above mentioned, either a fine with or without costs or imprisonment; and if a fine with or without costs, may provide for imprisonment.

In default of immediate payment of such fine and costs; but except in where it is otherwise provided in this charter, such fine or imprisonment, shall be in the discretion fo the Recorder's Court; and save where otherwise expressly provided in this charter, such fine shall not exceed forty dollars, and such imprisonment shall not be for a longer period than two calendar months; and where such imprisonment is ordered in default of payment of the fine it shall cease on such payment; and where the infraction of any by-law is continuous, such infraction of any by-law shall constitute a separate offence. The costs above mentioned shall in all cases include costs incident to the execution of any judgment.

SUBMISSION TO THE ELECTORATE.

After some discussions it was decided to reserve the following two clauses until a larger committee was present:

11. Any by-law or resolution making or authorizing or purporting to make or authorize any contract or agreement for the sale, transfer or conveyance to any person, firm syndicate or corporation, of an public franchises, rights, or privileges, for the heating or lighting of the city, any part there of or place therein, by gas, electricity, or other agency, or for the use in any manner of the streets, lanes, squares or highways of the city, for railway, traction, conduit, telegraphic, telephonic, motor, or any other purpose, or for the placing therein of poles, wires, tracks, conduits, or any kind of apparatus; or for the renewal at any time of any presently existing contract or agreement between the city and any person, persons, company, or corporation whatever, shall not become operative or have any force or effect, until and unless the same shall have been submitted in accordance with the provisions of chapter to public vote by ballot to the proprietors of immoveable property, whose names are entered upon the voters' lists in force, and until and unless any such by-law or resolution is approved by a majority of such proprietors.

12. Any by-law or resolution which under the provisions of this charter requires to be submitted to the electors for approval or otherwise, shall, if not more than six months shall intervene between the passing of such by-law or resolution by the council, and the date of the next following general election for mayor or aldermen, be submitted to the electors at the same time as the said general election shall take place, and the returning officer may utilize as far as he shall find the same to be practicable, the officials and procedure employed in and about any such general election.

LESSONS FROM THE PLEBISCITE.

Ald. Ames wanted the sections struck as he doubted their utility. The prohibition plebiscite showed that the general electorate would not avail themselves of the privilege to express their views, and he thought that the city's interests would be well enough safeguarded by the two-thirds of the Council vote required for contracts and by-laws. The trouble was that these two clauses made it compulsory to submit three years' contracts for approval to the electorate. The city was about to let contracts for lighting two buildings. The contract altogether would not exceed $3,000 a year, but it would cost some $20,000 to submit the contract to the vote.

Messrs. Atwater and Wier and Ald. McBride thought the clauses would be a great safeguard.

Alderman McBride said he believed that if the present gas and electric light contracts had been submitted to the vote, a large proportion of the ratepayers would have voted.

Ald. Beaudoleil:—"Yes, and two-thirds would have voted for the contracts."

Ald. McBride:—"It is not very likely they would have done that."

Alderman Ames thought that it might be advisable to restrict the Council to the power of giving contracts for three years, instead of for thirty as at present.

It having been decided to reserve the two sections, the next, and last one of the chapter, was submitted as follows:

AN OPTIONAL CLAUSE.

13. The council may, at any general election for mayor and alderman held under the provisions of this charter, submit to the electors whose names are duly entered on the voters' lists in force, or to the real estate owners only on such lists, any matter or question affecting the interests of the city upon which the council may deem it desirable to ascertain the opinion of the electors generally or of the real estate owners as the case may be; but the council shall not pass any by-law or resolution in virtue of any opinion of the electors or real estate owners so ascertained, that shall not be subject in all respects to the provisions of this charter governing the acts of the council.

As this was merely an optional provision, Alderman Ames thought it might be as well to let this section stand as it was, and the committee finally decided to pass it.

The committee then adjourned.

FAILED TO TURN UP.

There was to have been a meeting in the Council Chamber of the Board of Trade on Tuesday afternoon, in the interests of the Montreal, Ottawa and Georgian Bay Canal scheme, but somehow of other it did not pan out. Mr. McLeod Stewart made the request for the council chamber, some days ago, and the privilege was accorded. He wished to address the members of the Board of Trade upon his favourite topic. He also wished to make the same a secret session, by excluding the members of the press. Why the session was to be held in secret is not apparent, as everyone was invited to attend, whether Mr. Stewart had the pleasure of his acquaintance or not.

All was prepared for the Ottawa gentleman's reception in the council chamber. In fact the meeting was all that could be desired with the exception of the fact that Mr. Stewart failed to put in an appearance.

AN EMPLOYMENT CASE.

Before Recorder de Montigny yesterday, Mr. Friedman, clothier, was fined $10 or one month for having enticed a Miss Bienvenu to leave the employment of Mr. Cohen, where she was receiving $3.25 per week, and come and work for him at $4. She accepted the offer, and Mr. Freidman, and left her work at Mr. Cohen's factory before the end of the week.

Liquor and Drug Habits

The Dixon Cure removes all craze for Liquor in three days, and effects complete cure in three weeks. It is taken privately; does not interfere with business and leaves no bad after effects. Indorsed by testimony and physicians. Correspondence confidential. Dixon Cure Co., 361 Spadina Avenue, Toronto.

The Journey of Womanhood.

When a young girl develops the first evidences of womanhood, it is as if she were starting alone upon a strange journey beset with rough and dangerous places. A wise and loving mother will not allow any false delicacy to prevent her from giving her daughter the plainest information and advice at this critical stage of her existence.

Young girls suffer a vast amount of unnecessary pain and misery for lack of frank and confidential instruction about their own physical selves.

The special weaknesses and diseases incident to woman's organic development are completely and permanently remedied by the "Favorite Prescription" prepared by Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y.

More than 90,000 cases of obstinate female difficulties have been absolutely cured by this wonderful "Prescription." It heals, strengthens and completely rejuvenates the tissues and nerve-centers of the feminine organism. It is the only medicine devised for this special purpose by a regularly graduated experienced physician. It is the one authorized preparation which may be positively relied upon to *cure*.

Mothers and daughters may consult Dr. Pierce by letter without charge and in the most absolute confidence. Their letters will be answered not by any mere nurse, but by an educated skilled physician. Dr. Pierce's Medical Adviser will be sent free if 21 one-cent stamps are inclosed to defray the cost of customs and mailing *only*.

Miss Edith Cain, of Clinton, Allegheny Co., Pa., writes: "I take pleasure in expressing my faith in your 'Favorite Prescription.' After two years of suffering I began taking Dr. Pierce's medicine and now I am entirely cured. I had been troubled with female weakness for some time and also with a troublesome drain on the system, but now I am happy and well. I will cheerfully recommend Dr. Pierce's Favorite Prescription to all invalid ladies."

Drunkenness Cured.

It is Now Within the Reach of Every Woman to Save the Drunkard.

A TRIAL PACKAGE OF A MARVELOUS HOME REMEDY MAILED FREE TO ALL WHO WRITE FOR IT.

Can be Given in Tea, Coffee or Food Thus Absolutely and Secretly Curing the Patient in a Short Time Without His Knowledge.

MRS. JOHN M. HATTON.

There is a cure for drunkenness that has shed a radiance into thousands of hitherto desolate firesides. It does its work so silently and surely that while the devoted wife, sister or daughter looks on, the drunkard is reclaimed even against his will and without his knowledge or co-operation. The discoverer of this grand remedy, Dr. Haines, will send a sample of the remedy free to all who will write for it. Enough of the remedy is mailed free to show how it is used in tea, coffee or food and that it will cure the dreaded habit quietly and permanently.

Mrs. John M. Hatton, a lady residing in Lebanon, O., used the remedy as described above and her experience told in her own words, will quite likely interest all women deeply. Mrs. Hatton says: "Yes, I used Golden Specific without my husband's knowledge and completely cured him.

He was a hard drinker, a good man when sober, but for years I lived in fear and dread, shame and despair, poverty and disgrace. How shall I tell other women about it. Is it not a wonderful thing that a woman can take matters in her own hands and stamp out this dreadful curse to the home. I am glad you are going to publish my experience for then I know it will reach hundreds of other poor souls and they will cure their husbands just as I cured mine. I am so grateful for the marvellous changes that have come into my life that I just feel like I would do anything to let every wife and mother know what a blessing Golden Specific is. I honestly believe it will cure any drunkard no matter how far down he may have fallen. Faithfully yours,

Mrs. John M. Hatton, P. O. Box 101, Lebanon, O.

Hundreds of others are reported, even the worst cases where the habit seems to have blotted out the last remaining spark of self respect.

Tears and prayers are of no use. Pleading, pledges, loss of social or business position are unavailing to stem the tide of absolute depravity. This famous remedy, Golden Specific, discovered by Dr. Haines, has reunited thousands of scattered families, it has saved thousands of men to social and business prominence and public respect; has guided many a young man into the right road to fortune; has saved the father, the brother, the son and in many cases the wife will thank you too. Such a Godsend to the fireside should be known to every one. Dr. Haines is not a philanthropist in his own estimation, and yet he is one of the greatest benefactors to the family we know of. Upon application to Dr. J. W. Haines, 561 Glenn Building, Cincinnati, O., he will mail a free trial package of the remedy to you, securely sealed, in a plain wrapper, also full directions how to use it, books, testimonials from hundreds who have been cured, and everything needed to aid you in saving those near and dear to you from a life of degradation and ultimate poverty and disgrace.

Send for a free trial to-day. It will brighten the rest of your life.

THE CENTRAL VERMONT.

Grand Trunk Officials Pleased With the Proposed Re-organization.

The bill which has been introduced in the Legislature of Vermont for the incorporation of the Central Vermont Railway gives much satisfaction to the officials of the Grand Trunk Railway which is largely interested financially in the road. Messrs. C. M. Hays, general manager, and Charles Percy, treasurer of the Grand Trunk, are among the gentlemen provided for on the board of directors of the re-organized company.

It can be stated that a majority of the stock is given the Grand Trunk, which road in return guarantees the interest on $12,000,000 first mortgage 4 per cent. 21-year gold bonds. These bonds are to be exchanged with holders of the present first and second mortgage and American Trust and Loan company's certificates at par value which will give these bond holders, Smith & Tate, Dr. Webb, and others a satisfactory amount of bonds of the road under reorganization. Unpaid interest on these bonds from February 1 to October 1 will be paid in cash and bond holders will receive capital stock to pay interest due on these bonds before that date.

The company formed under this bill stands ready to buy the road as soon as the court decrees it shall be sold and take the road and operate it. A meeting has been called of the bondholders, October 26, in Boston to vote on the acceptance or rejection of the plan of reorganization.

EXCITEMENT ON A CAR.

Passenger Who Refused to Pay Made Things Lively.

Considerable excitement was caused yesterday afternoon, on board car No. 556, Windsor and St. Lawrence while passing the Grand Trunk Railway Station. A man of about forty-five years of age, having declined to pay his fare, although admitting that he had money, the conductor tried to put him off his car, while being dragged along towards the door the economical passenger laid hands on everybody and everything that gave promise of a grip. He curled his feet around the limbs of both ladies and gentlemen. The ladies screamed vigourously, and tried to beat him off with their umbrellas, while the frightened children in the car wailed loudly. On the platform his feet dangled about the faces of the passengers standing there. He was finally, however, dropped on the street.

OBLAT FATHERS' RETREAT.

The annual retreat of the Oblat Fathers is in progress at the Oblat residence, on Visitation street. Twenty-five members of the order are following it. Rev. Father Jodoin, the Provincial Superior of the Order is the preacher. The retreat will end on Tuesday next.

Old Age Creeps Upon Us Quickly

The young man of to-day is the old man of to-morrow. In these days of busy progressiveness old age seems to creep more quickly upon us than it used to. The wear and tear of business life, to-day, seems to leave more ageing marks. Quick lunches and irregular meals tell on the system. The organs of digestion refuse to work as they should, and from this springs many trying ills. Regulate your system, and make your digestive organs healthful by the constant use of

Abbey's Effervescent Salt.

It rids your system of indigestion, and the many ills that bring the lines of age and pain to the face.

J. A. S. Brunelle, M.D., C.M., Montreal, Professor of Surgery, Laval University Medical Faculty; Surgeon to the Hotel Dieu, etc., says: "I have found it particularly beneficial in the treatment of derangements of the first and of the digestive organs, and I consider that the regular use of a preparation of this nature has a decided tendency to prolong life. I often swear to its by hospital practice."

THE FRASER INSTITUTE.

Twentieth Annual Report for the Year Ending June 30.

The twentieth annual report of the Fraser Institute, covering the year ending June 30, 1898, has been issued.

The attendance at the library has increased 6,700 over the previous year. During the twelve months Mr. R. B. Angus resigned the presidency, much to the regret of the board, and Mr. William McLennan was elected in his place.

Additions to the library during the last six years have been made by the governors from the capital of a bequest by the Rev. Frederick Frothingham, this has now been supplemented, and a permanent provision made for a regular yearly addition in the handsome fund of $30,000 bequeathed by the late John H. R. Molson, as long a governor, and a most liberal contributor to the support of this institute. This fund is to be invested, and the revenues applied only to the purchase of books.

During the past year the library has been increased by donations amounting to 244 volumes, and the purchase of 911 volumes, of which 421 are French and 490 English. This large addition to the French section has been carefully selected, and is fully warranted by the increasing interest of readers.

The revenues during the past year have not quite reached the sums required for the maintenance of the institute. This deficit has been partly met by handsome donations by some of the governors.

The total receipts during the year amounted to $76,166.45, including the donation of $30,000 from the late Mr. J. H. R. Molson, a cash balance of $1,057.68, a special reserve fund of $8,050.52, and the balance on the capital account of $36,403.45.

The current annual expenses amounted to $10,170.62, and the library accounts were $1,726.21.

The total amount of donations to date are $97,664.68, of which sum the late Mr. Molson gave upwards of $50,000.

The running expenses of the building are $4,035.15, and of this sum $3,232 is taken up with salaries.

Old Age Creeps Upon Us Quickly

THE PARADISE OF THE PACIFIC.

A folder guide to the Hawaiian Islands, "The Paradise of the Pacific," has been issued by the Canadian Pacific Railway and the Canadian-Australian Steamship Line. It is a new addition to C. P. R. literature, and the opening paragraph remarks: "The recent acquisition of the Hawaiian Islands by the United States has opened to the pleasure and health-seeking tourist a delightful semi-tropical country of virgin beauty and unrivalled attractiveness, a new resort to Americans and Europeans, in which the resources of modern civilization contribute materially to an easy and pleasurable exploration. The climatic conditions render this lovely midocean group of islands a charming resort at all seasons of the year, but especially during our winter months it offers an incomparable retreat for the delicately constituted."

DECORATIVE PAINTING CLASS.

The Council of Arts and Manufactures has decided to open the old-fashioned painting class next week. This class will be held in the Monument National building. The course will be composed of two divisions, lectures and practice, and will be under the direction of Prof. Edward Moloche. Those desirous to join this class are requested to give their names at the Monument National building, between 7.30 and 8.30 p.m.

TO BE SOLD AT PUBLIC AUCTION

FRIDAY AFTERNOON, Oct. 21st, AT 3 O'CLOCK

E. O'BRIEN, Auctioneer. 243 5

DEPARTMENT OF CANALS.

QUEBEC CANALS.

Chambly, St. Ours, Lachine, Beauharnois, St. Anne, Carillon and Grenville Canals.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Supplies," will be received by the undersigned until noon on the 22nd day of October, 1898, for the supply of timber, Lumber, Cart and Waggon Iron, Hardware, Tools, Oils, Cement, Coal, etc., etc., required on the abovenamed canals during the fiscal year 1898-99, and up to 1st January, 1900.

No tender received after the above-mentioned date will be considered.

Forms can be obtained at the office of the Superintending Engineer, Montreal, or from the Canal Superintendents, on the 23rd instant.

The Department does not bind itself to accept the lowest or any of the tenders.

By order,

ERNEST MARCEAU, Superintending Engineer.

Superintending Engineer's Office, 1709 Notre Dame street, Montreal, 238 11

DEPARTMENT OF PUBLIC WORKS.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Drill Hall, Kingston, Ont.," will be received until Friday, Oct. 28, 1898, for the erection of a Drill Hall at Kingston, Ont.

Plans and specifications can be seen and form of tender and all necessary information obtained at this Department and at the office of Mr. Arthur Ellis, Architect, Kingston.

Persons are notified that tenders will not be considered unless made on the printed form supplied and signed with their actual signatures.

Each tender must be accompanied by an accepted bank cheque, payable to the Honourable the Minister of Public Works, equal to ten per cent. of amount of the tender, which will be forfeited if the party decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

E. F. E. ROY, Secretary.

Department of Public Works, Ottawa, Oct. 2rd, 1898.

Newspapers inserting this advertisement without authority from the Department will not be paid for it. 238 3t

The Question is Often Asked,

How do you account for the ascendency of

DEWAR'S WHISKY

The answer is simple enough, viz.: Because there is none equal to it for intrinsic merits—*Softness, elegance* and *unity of flavour* combined with *fullness of body* and the *fragrance that only fine old malt whisky imparts.*

Star Branch Office.

"STAR" ADVERTISEMENTS.

Advertisements of all kinds for the "Star" may be left at the "Star" Branch Office, corner St. Catherine and Peel streets, where a rapid service insures the immediate delivery of all advertisements at the Head Office. It frequently happens that advertisers cannot secure insertion in the "Star," owing to the crush. It is worthy of note that advertisements tyled at the "Star" Branch have a better chance of obtaining insertion, than those that come from the west end of the city to the Head Office.

EXPRESSING PRIVATE PACKAGES.

All express packages may be left with the Express Companies in the "Star" Branch Office, where the rates are the same as at the down town offices, and a speedy despatch may be had.

TELEGRAPHING PRIVATE MESSAGES.

All private telegraphic messages, where quick delivery is desired, may be tyled with the Telegraph Companies in the "Star" Branch Office. The rates are the same as at the Head Offices, and the service equipped with rapid transit. This business is growing to large proportions.

MILK INSPECTION.

They have a system of milk inspection in Michigan for sanitary purposes, which is merely an application of publicity. They turn the light on the sources of their milk supply and let the milk users govern themselves accordingly. The reports of the Inspectors are simply published with the name and address of each milkman's place examined, and each gets the benefit or damage from the advertising thus given him that he deserves. Two or three of the reports will illustrate the manner in which this is done:

At Ionia.

A. M. Welch.—Cows in very good condition; stables exceptionally clean; ventilation good; sanitary conditions excellent; uses spring water; drainage good. Cows are cleaned twice a day; walls and ceilings of stables whitewashed twice each year; has clean, well-ventilated cooling room, and all modern appliances for handling milk in a neat and systematic way.

W. D. Place.—Cows clean; stables low, with clean floors but dusty ceilings; ventilation poor; sanitary conditions poor; uses creek water.

H. Jackson.—Cows part clean and part dirty; stables unclean; drainage poor; stables exposed to open scaffolding; ventilation fair; sanitary conditions poor; uses creek water. Manure is allowed to accumulate near barn.

This, while not very decisive, is much better than no inspection at all. It is a little like publishing a list of medical graduates in a city, but taking no steps to forbid men without degrees to practise. A milk yard found in an unsanitary condition should be forbidden to send out milk for sale until it has been properly cleansed. Still Montreal is hardly in a position to criticize even this mild inspection. A published report of the condition of all the cow stables from which we fill our milk pitchers, would be a decided advantage to our people.

It is clear, however, that we are generally awaking to the necessity of action in the matter. The emphatic medical testimony as to the danger we constantly run so long as we have no thorough inspection of the sources of the city's milk supply, cannot fail to create a strong public feeling that something should be done, and that quickly. It is an unprofitable proceeding—and an injurious one—to buy watered milk; but it is ten times worse to take into our homes diseased milk. It is better to be cheated than to be poisoned: and we had far better pay for inspection of the cow stables, the milk cans, the clothes and habits of the milkers and the methods of handling the milk than to prevent dilution with possibly clean water. Of course there should be no toleration of the practice of calling in the pump to the aid of the cow; but we should see to it that the people are supplied with pure milk, minus dirt and disease, as well as plus the proper amount of nourishing ingredients.

BANKING ON PARTY LOYALTY.

That there is discontent among Liberals with the Laurier Government, is so patent a fact that one can appeal to the Liberal press itself for proof. Hardly a day goes by that a Liberal journal does not come to the exchange table with a strong and resentful complaint against this Administration, which is Liberal in name, partially Liberal in composition, though well-nigh the antithesis of Liberal professions in practice. Now, when a party journal feels it necessary to attack its own party in print the case has become, indeed, a desperate one. There must have been a great deal of prior grumbling, as well as widespread and palpably open dissatisfaction. It is usual to exhaust most other avenues of communication with the straying party leaders before putting into print a complaint which, while it is certain to reach their eyes, will inevitably become a part of the "scrap-book" ammunition of the enemy.

Yet there is hardly a section of the country which does not furnish a Liberal journal driven to reluctant, but vigorous, speech against this Liberal Government. The closer friends of the party, however, are not as disturbed by this circumstance as might be expected. They are buoyed up by a beautiful confidence that, though these various sections of disgusted Liberals may be whirled by the unexpected "right about facings" of their leaders into a passion of outspoken contempt and anger at their betrayal, they will, nevertheless, vote right when election day comes. And a man's vote is all that a politician cares a rap about.

Right here is the fulcrum of the power possessed by the corrupt partisan. He is seldom foolish enough to imagine that a majority of the people like to be governed corruptly, or dishonestly, or extravagantly. But he knows that a section may be bought body and soul by a corrupt "deal;" and he is confident that the rest of his ordinary supporters will be ready when it comes to the test to condone his conduct through loyalty to the party. They may grumble; they may even attack him in the press; but who will they vote for if not for him? He counts this purblind, dog-like fidelity to a party name among his most valuable assets; and is perpetually experimenting to see how far he can go away from the real wishes of his supporters without breaking the connection that binds them to him. Sometimes he goes too far, but that is not often, for unless his "pals" turn against him, it is difficult to strain party loyalty to the breaking point.

Without this malign force in our politics, persistent and open political corruption would be impossible. Left to themselves, the voters do not like to be overtaxed or run uselessly into debt. An extravagant Administration would be certain of overthrow at the polls if it could depend only on the votes of those who have benefitted by its extravagance. But it invariably reckons upon such votes plus the great army of ballot-casters who simply desire to be told which candidate bears the party label they are accustomed to patronize. A plebiscite on extravagance now would result in a tremendous majority against it. Still it is perhaps just as well for the politicians to remember as a warning and for the taxpayer who sees with painful clearness what extravagance means to him to recall for a comfort, that this stupid class of automatic voters is decreasing wonderfully of late. Fewer and fewer hats come off every year to a party badge on a flag pole or on a "yellow dog" candidate for that matter; and the set of politicians who calculate upon this canine—this asinine—loyalty driving men to vote for them who have been filling the ears of the country with their criticisms, may meet with severe disappointment. It will not do to take it for granted that every Liberal who supported the Ottawa platform and has since felt it a duty to publicly accuse his leaders of abandoning that platform, will swallow himself on polling day.

THE FALLON CONTRACT.

The majority of the Water Committee betrayed their real opinion of the astounding Fallon contract when they voted to terminate it at the end of the present year, although Superintendent Laforest had intended it to run until the middle of February, 1900. If the contract was a good one, why terminate it so soon?—If a bad one, why let the officials escape who are to blame for it?

That it is a contract difficult to speak of within bounds, the bare facts of the case already before the public show. Mr. Fallon was and is an employe of the Water Department. He contracted with the Superintendent of his department to furnish the city with the use of four horses at a rental of $45 a week, the horses and paraphernalia to become the property of the city at the end of the contract term. A little figuring will show that Mr. Fallon was to get considerably over five thousand dollars for four horses and harness, etc., and their keep for a little over two years. Comment upon such an agreement will be superfluous.

More than that, as the City Attorneys pointed out in their report on the affair, no city official can himself make a contract "entailing expenses in money or binding the city's responsibility." The Water Committee, in recommending that the balance of the contract after the close of this year be cancelled, recognized this fact. Otherwise they must have gone on paying the $45 a week until the beginning of next century. Surely in the face of this fact, the Committee ought to have had something to say as to the conduct of two of its employes entering into such an arrangement which has already been a whole year in operation!

And, apparently, if Alds. Clearihue, Gagnon and Laporte had had their way, the committee would not only have said something emphatic but done something vigourous. But Alds. Jacques, Prenoveau and Dupre were of the opinion that the contract was the best that could have been made under the circumstances; although they were willing that this best possible contract be lost to the city at the end of the present present year.

Still it will be noticed that thus the Committee stood three to three. But Ald. Kinsella was in the chair. His was the casting vote. St. Ann's had elected him to save the city's money and keep down the taxes. So he, too, voted that a contract under which the city bought four horses, with harness, etc., plus their "keep" for a little over two years, for over five thousand three hundred dollars, was the best possible arrangement, under the circumstances. What does St. Ann's think of it? Have any St. Ann's voters horses that they would like to sell at that figure? If so, it is hoped that they will apply to Ald. Kinsella in his private capacity, for that is his official estimate of the worth of horses—at least, when some one else has to pay for them. As it is, unfortunately, the people of St. Ann's will have to hire the horses at that figure, not sell them, which is quite a different story.

By the way, it would be interesting to know what those imperative "circumstances" were which made the Fallon contract the best that could then be made. "Circumstances" of that kind should be avoided in future. Like Mr. Fallon's horses and Ald. Kinsella, they are too costly for this poor city to afford.

Children Cry for
CASTORIA.

ENQUETE CONCLUDED

In the Alleged Case of Stock Gambling Against Messrs. Gosselin, Fortier & Lamontagne.

THE INSIDE OF THE BUSINESS.

Mr. St. Jean's Endeavours to Find Out About it from Mr. Mark Wright.

HE TRAVELLED FOR THE FIRM

Denied that Mr. Gosselin is Connected with Tarr & Company.

Taking of evidence in the alleged stock gambling case against Messrs. Fortier, Gosselin and Lamontagne has at last been finished and Magistrate Lafontaine has taken it on delibere. He will study the facts as elicited and decide whether there is enough evidence against the accused to require them to stand their trial in a higher Court.

The case has now been going on for upwards of three weeks and the appearances until the last moment were that another three weeks would not see an end of it.

At the conclusion Mr. St. Jean brought the case to an abrupt termination by declaring his case closed. One new witness was examined and a former witness recalled by the magistrate for additional evidence.

Mr. N. E. Labbe was again placed on the stand and Mr. St. Jean questioned him in relation to the transactions which he had with Mr. Morin, the complainant. Mr. Labbe answered he had received from him $100 as margins on one transaction and the night after $300. On the latter deal he had kept the margin open for him as Mr. Morin was going away. Stocks went down from 157 7-8 to 153 7-8 and his margin was wiped out. He then telegraphed to Mr. Morin to send him more funds as he had to meet some accounts. He asked for $600 more. Mr. Morin replied that he could not forward the money and Mr. Labbe did not press the request. When it went down again he was unable to get any money and was obliged to sell Mr. Morin out.

"Did any one ask you to close Mr. Morin's account? asked Mr. St. Jean.

"No, certainly no one did, they had no business to."

"Who gave you your orders to close that account when you did so as to force Mr. Morin out?"

"Positively no one."

"You could not undertake the deal yourself?"

"I went down to Tarr and Company and arranged it with them."

"Who did you speak to there, was it Mr. Gosselin?"

"I spoke to Mr. Boschene and to Mr. Gosselin."

"Were you not told to hand over your transaction to Mr. Gosselin?"

"No, sir."

"Does Mr. Gosselin visit your place very often and do you visit the place of Mr. Gosselin very often?"

"Only when I am there on business."

"To whom do you speak? As a matter of fact do you not do all your business with Mr. Gosselin."

"No, sir."

"Is it not known with you that Mr. Gosselin transacts all the business of Tarr & Company?"

"I do not know."

Mr. Greenshields then asked the witness if the orders spoken of were not placed the same as any other orders taken with a legitimate stockbroker, and Mr. Labbe answered that it was.

"And if Mr. Gosselin is the accredited agent of the United States Stock and Grain Company, would he not be interested to see that no loss came to Tarr & Company?"

"Certainly."

"When Mr. Morin was short with you you had to close, having no money to meet your obligations. You would even obliged him if you could?"

"Yes; I would not have closed unless absolutely necessary."

"In all offices brokers have to put up money to hold their margins. If they do not the stocks are sold?"

"Yes, we can not afford to run risks for others at our expense."

"This $200 from Mr. Gosselin you borrowed because you were short in your bank account?"

"That is the only reason. I happened to meet him on the street."

"And you wired to Mr. Gosselin to send his deficit to you to place with Tarr & Company."

"I did."

Mr. Lafontaine—"Is that the only time you were furnished with funds from Mr. Gosselin?"

"No, that is, yes, from Mr. Gosselin himself. Other loans I had were from the firm of Tarr & Compny, but that is an outside matter."

Mr. Mark Wright was then examined. He stated he was a traveller for Tarr & Company.

Mr. St. Jean—"From where?"

"From Montreal to any other point."

"Do you know what kind of a business Tarr & Company are doing?"

Mr. Greenshields objected, but the witness answered: "Yes; stock brokers."

"Do they buy stocks for themselves, or on commission?"

"Commission; and they do their business over their own wires."

"Is Mr. Gosselin connected with Tarr & Co.?"

"No."

"Is Mr. Labbe?"

"No."

"When you get orders, to whom do you transmit?"

"I do not know," answered the witness.

"So you do not know either the outside or the inside of the business?"

The Magistrate objected to this style of question, and Mr. St. Jean continued by asking if the witness was paid only by Tarr & Company?"

He was.

Mr. Lafontaine—"You are not engaged by Mr. Gosselin?"

"No."

"Do you receive orders from Mr. Gosselin?"

"No."

"When you put the wire in to Mr. Labbe's office, were you not requested by Mr. Gosselin?"

"No; it is my business to put wires wherever I can get trade for the firm."

The Magistrate then recalled Mr. Boschene to the stand.

"If you have profits, with whom do you share them?"

"With Mr. Tarr and myself."

"And your salaries; how do you share them?"

"There are no salaries; after the expenses the profits are divided between us; Mr. Gosselin gets none of it."

"And you swear positively," added Mr. St. Jean, "that the books seized belong to you personally?"

"Yes; they are mine."

This brought the court again to the point taken up at the last sitting, and Mr. Greenshields made a motion to have them returned at once. After argument, Mr. St. Jean acquiesced, and as the court decided that they had all the statements necessary from them, High Constable Bissonette was instructed to hand them over to Mr. Boschene.

Mr. Greenshields then demanded the release of the accused, but the Magistrate held that the case was not absolutely concluded, and he would take the request under consideration.

Mr. Greenshields asked an adjournment for two or three days to enable him to go to Ottawa on urgent business.

THE HOUSE OF INDUSTRY.

Half Yearly Meeting of the Governors Held Yesterday.

PROTEST AGAINST PAYMENT OF TAX ON BEQUESTS.

The Governors of the Protestant House of Industry and Refuge held their half yearly meeting in the board rooms, Dorchester st., yesterday afternoon. The president, Mr. Charles Alexander, occupied the chair. There were present the following gentlemen: Mr. A. F. Gault, vice-president; Mr. James Wilson, treasurer; Col. Burland, hon. sec.; Hon. J. K. Ward, Rev. Edward McManus, Rev. James Patterson, Mr. John Patterson, Mr. James Moore, Mr. Walter Livermore and Mr. Daniel Wilson.

Hon. J. K. Ward's motion reducing the qualifications of life governors from $400 to $100 was finally passed. This motion provides that its application shall be retroactive, to the extent, that any person having subscribed not less than $100 at one time, shall be constituted a life governor. The necessary steps will be taken to have the charter altered, and legislation introduced at the next session of Parliament.

Hon. Mr. Ward also thought that bequests made to charitable institutions should be free from the Government tax. He was supported in this contention by Mr. Daniel Wilson and other members of the board.

A committee was appointed, composed of Mr. Chas. Alexander, Mr. A. F. Gault and Hon. J. K. Ward, to ascertain the views of other city institutions. It was intended, thereby, to secure united action in bringing the matter to the attention of the Government.

The ladies' visiting committee of the board of management, and the members of the poor relief committee were thanked by the governors for their assistance in carrying out the schemes of the institution. The Protestant clergymen of the city, including Rev. Mr. McManus and Rev. Mr. Patterson city missionaries, were thanked for their hearty co-operation in the work.

The Treasurer's report showed a total revenue for the half year, of $10,821.42, and an outlay of $14,689.99, showing an overdrawn balance of $3,868.37. This was caused principally by extra outlay upon a new stable building.

The President, in alluding to the overdraft, expressed his confidence that the necessary funds would be forthcoming to carry on the work.

The board of management reported that the average number of inmates in the country house, during the past six months, was 134. The highest number during the period was 141; the lowest 124. The number at present in the house was 140.

There were at present, 26 inmates in the George Moore Memorial Home. During the half year, the greatest number entertained was 41, and the lowest 26. The average number was 34.

In the Night Refuge, on Dorchester street, there were 13,037 lodgings recorded during the half year. There were also 818 lodgings recorded to women, making a grand total of 13,855 refugees. This was 1,238 in advance of the number lodged at the corresponding period of last year.

No less than 36,856 quarts of soup and extra meals were provided during the past year. During the half year, 18 deaths, mostly of aged persons, were recorded. Seven of these occurred in the country house; six in the Moore Home; two in the night refuge, and three in the hospital. They recorded with sorrow the death of a former governor of the institution, the late Gilman Cheney.

The following bequests were acknowledged. The amounts are less the 10 per cent. Government tax. $500 from the estate of the late Mrs. Elizabeth Hodson and $2000 from the estate of the late W. J. Withall.

ADVISED TO ORGANIZE.

Mr. L. O. Taillon's Advice to St. Mary's Division Electors.

The Conservative electors of St Mary's Division, met at Gareau Hall, Maisonneuve, last night, to discuss plans for the approaching elections. The chair was occupied by Mr. J. Deslauriers, and among those present were Mr. L. O. Taillon, Messrs. H. J. Jeannotte, V. Martineau, Dr. Laviolette, J. Lauzon, R. Monty, and and Mr. M. Dupont.

Mr. L. O. Taillon, in addressing the meeting, said the time for organization had arrived, in preparation for the coming campaign. The electors should now make a stand themselves and indicate determinedly the position to be followed by their representatives in the Legislature. This was especially the case in the school and tariff questions, which were critical points in the present political situation. He claimed the tariff at present protected neither the producer nor the consumer. Short addresses followed from the other members.

THE GERMAN CHURCH.

Ladies' Aid Society Working to Bring Germans Together.

The Ladies' Aid Society of the German Lutheran Church is organizing for the purpose of bringing Montreal Germans into closer touch with each other. Last night the first of a series of concerts to be held for this purpose took place, and was well attended notwithstanding the inclemency of the weather. The evening was spent in true German fashion in singing songs and playing games. During the festivities refreshments were served by Mrs. Streeter and the members of the Aid Society. The Lutheran church will celebrate its fortieth anniversary as well as the anniversary of the Lutheran Reformation, on the 31st of this month. The dual services will be conducted by Pastor Christiansen, of Arnprior, and will be of very great interest to all the Protestant Germans of the city.

LACHINE DRAINAGE SYSTEM.

A meeting of the citizens of the town of Lachine took place Tuesday evening in the Lachine Town Hall, presided over by Mayor Descarries. The object of the meeting was to discuss the establishing of a drainage system in the town. The difficulties to be overcome and the benefits which the town would derive, were all discussed, and the meeting ended by a proposition of Mr. Philips, seconded by Hon. Arthur Roy and L. A. Boyer, to ask the council to establish a drainage system in the town of Lachine, the proposition being adopted without opposition.

Near McGill Street.

M'GILL'S BIG DAY.

Programme of Sports for To-morrow and Theatre at Night.

To-morrow is McGill field sports day. A large programme of sports has been arranged for the forenoon at the McGill campus, and in the afternoon at the M. A.A.A. grounds. The boys are training hard and there is keen competition between the various faculties for the annual inter-faculty trophy. This trophy has ever since its institution, been carried off by the Medical Faculty, but there will be a hard struggle this year between medicine and science. Admission to the grounds can only be obtained by presentation of the tickets issued by the McGill U. A.A.A. Society, which may be obtained from any of the students free.

In the evening the annual theatre night will be celebrated. The students will form a parade at the college gates at half-past six sharp, and from there march down to the Academy. The order of parade will be decided by the order of rank obtained by the faculties during the day. The faculty obtaining the trophy will be designated "A," the faculties winning second and third honours will be designated "B" and "C," respectively. The order of march will then be as follows:

Band.
Students of fourth years, A, B and C.
Faculty of law.
Students of third years, C, B and A.
Students of second years, A, B and C.
Students of first year, C, B and A.

Considerable time and money have been spent in decorating the theatre, procuring suitable banners, glee club practice and other things, and every effort put forth to ensure success. Judging by the numbers of tickets sold and the enthusiasm shown, there will be a large turn-out. The glee club will enliven the programme at the theatre by numerous songs, in a couple of which some of the actors will sing the song while the glee club joins in the chorus.

LETELLIER CLUB.

Is Not Satisfied With Mr. Mercier's Candidature in Beauharnois.

Those who journeyed to the Letellier Club last night, anticipated a riotous meeting were greatly disappointed, as the Dumont Hall never had within its walls a quieter crowd than the one it held last night. After routine business had been transacted, a motion of regret as to Mr. Wilfrid Mercier's candidature for the coming by-election in Beauharnois, was proposed by Mr. L. A. W. Proulx.

Mr. Jules Dufresen stated that Mr. Wilfrid Mercier had been chosen by La Patrie, and not by a Liberal convention. They all knew delegates never represented the opinion of the party's majority. Mr. E. O'Leary said that Mr. Wilfrid Mercier was a man, who, like Mr. Tarte, had in former days, worked against the late respected Honore Mercier.

It was moved in amendment by Mr. Denigre, that the club regretted the choice of the Beauharnois convention, and suggested as a candidate, Mr. L. A. W. Proulx, one of their most distinguished members.

Mr. Lamert, who had left the chair to take part in the debate, thought it was too early yet to give an opinion on that question, and suggested a postponement until Premier Marchand's stand was made public.

After some objections and approval of the two motions, Mr. Denigre moved that the club had learned with pleasure, the candidature of Mr. Mercier in Beauharnois, and would do its utmost to support him. Nobody seconded that motion.

WORKMEN'S CONSERVATIVE CLUB.

A large meeting of the Workingmen's Conservative Club will take place to-morrow evening in the Cadsas Hall, the corner of St. Catherine street and Bleury ontreve.

Among those who will speak at the meeting are: Hons L. O. Taillon and P. E. Blondin, Messrs. J. Marlenas, D. D. Patteau, F. G. Bisaillon, A. Plante, M. Marechal and T. Cardinal. In a few weeks the club will hold some joint meetings, to which some young Liberal speakers will be invited.

Falling Leaves

and withered flowers tell of the coming of winter, but we expect new leaves and new flowers in the spring, because in the trees and plants there is still LIFE at the ROOTS.

Your HAIR is falling out? It gets dry, harsh, brittle, dull of colour, the ends split. The life is going out of the roots. It wants feeding. WASHING and SCRUBBING would not sustain life in your body—hunger needs food, not a bath.

BAKER'S DANDRUFF SHAMPOO SOAP

supplies the roots with new life, arouses the hair to a healthy activity—dandruff disappears and the hair becomes soft, thick and glossy.

It gives the skin also a chance to BREATHE off the epidermis and waste matter secreted in the pores.

Made by a NEW COLD process which retains the healing properties of the ingredients.

Your youthful beauty returns and no one can guess your, perhaps, advanced age.

That Springy Centresole.

Waterproof.
Collapsible.
Resilient.

Keeps moisture from soaking in through the leather outsole on rainy days.

Evaporates it outward through air pump action, when perspiration develops it from within.

Gives vim and bounce to the foot-step through its resilience.

Makes the shoe lighter by replacing leather, or cardboard filling, with air space and elasticity.

Adds life to the shoe by distributing wear over twice the area of sole through its flattening when borne upon.

Costs you not a farthing more than others charge for ordinary shoes of same leather.

"Box" Calfskin, Vici Kid and Willow Calf, with best Oak soles ... .
.....$5.00 per pair.

THE NEW GOLD COMMISSIONER.

VANCOUVER, B. C., October 20.—Edmond C. Senkler, the new Yukon gold commissioner, arrived on Wednesday from Nelson and will leave on Friday for the Yukon on the Danube.

REDUCED TO A SHADOW.

A Fredericton Lady Tells of Her Sickness and Suffering and of Her Restoration to Health by Milburn's Heart and Nerve Pills.

Messrs. T. Milburn & Co., Toronto, Ont.

Gentlemen,—A year ago last September my health became much impaired, and I suffered intensely from prostration of the nerves, neuralgic headaches and general debility. The pains would shoot up my neck and down my arms, producing numbness and a sensation as if my arms were frozen, so that I almost lost the use of them. My heart would flutter and palpitate; and sometimes I awakened up out of my sleep with a smothering feeling as though I was suffocating!

"Before taking Milburn's Heart and Nerve Pills I was almost reduced to a shadow, and felt worn out, irritable, and melancholy. To add to my sufferings, a partial paralysis set in, and though I doctored a great deal, and took many medicines, I received no benefit. However, on trying Milburn's Heart and Nerve Pills, which I got through Mr. Geo. C. Hunt, our well known druggist here, their curative powers manifested themselves almost immediately. I could feel every dose doing me good. They seemed to act upon the heart, and stimulate the circulation so that every tissue of my body received its due share of vigour and strength.

"The intense headaches with which I was so frequently afflicted have disappeared, and, instead of being weak, worn and run down, I am now in my normal healthy condition.

"I give this testimony for the benefit of those suffering from similar troubles, so that they may know there is a remedy within their reach well worthy of a trial."

(Signed) MRS. GEORGE MARTIN,
Fredericton, N.B.

"Laxa-Liver Pills cure Biliousness, Sick Headache, Constipation and Dyspepsia. They do not gripe, weaken or sicken. Price 25 cents, all druggists. 247 ntyl

WANTS TO PLAY.

Special Meeting of Quebec Rugby Union to Consider Norman Ogilvie's Application.

Notices are out for a special meeting of the Quebec Rugby Union for the purpose of considering the application of Mr. Norman Ogilvie for permission to play in the Quebec Union. Mr. Norman Ogilvie was captain of the McGill University first fifteen, but now he has completed his work at McGill and is anxious to play the game with another club.

According to the rules of the Union, a player who has played on a team in the Intercollegiate Union cannot play on another Union team. This bars Mr. Ogilvie from playing in the Quebec Union, hence he has applied to the Union for permission to play.

Mr. Ogilvie has joined the Montreal Football Club, but his application is a personal one and does not come from the Montreal club.

Arrangements have been completed for a game between Montreal and McGill, and the match will take place on Saturday afternoon on the M.A.A.A. Grounds. This match promises to be an interesting one and, doubtless, those who attend the game will see a real exciting contest.

CRAIG STREET PAVING.

The Contractors are Trying to Get Up a New Petition Asking for the Completion of the Street.

Messrs. Bellhouse, Dillon & Co. have not given up hopes of being able to get the extension of their contract through the City Council. Mr. Strubbe, of the firm, has himself undertaken to get up another petition similar to the one withdrawn on account of the forgeries found to have been perpetrated in connection with it.

MILL STREET BLOCKED.

Unless one wishes to wade through mud ankle deep Victoriatown is not accessible by way of Mill street, owing to the sidewalks being blocked by the contractors at work on the flumes of the new elevator for Mr. W. W. Ogilvie and the new rolling mills of the Peck Benny Company. The canal bank, from Black's bridge west, which is used as a thoroughfare, is also blocked by the Peck Benny Company's contractor. Mill street, it would appear, is left to take care of itself owing probably to the fact that the street is claimed by the Government as its own property, and is repaired about once in two or three years.

If you cannot get beef, mutton will answer.

You may choose between milk, water, coffee or tea. But there is no second choice for Scott's Emulsion.

It is Scott's Emulsion or nothing.

When you need the best cod-liver oil, the best hypophosphites, and the best glycerine, all combined in the best possible manner, you have only one choice.

It brings prompt results in all cases of wasting, or loss in weight.

All druggists; 50c. and $1.00.
SCOTT & BOWNE, Chemists, Toronto.

LOST!

Put Wilson's Invalids' Port on the track of a lost appetite and its speedy recovery is assured.

It tones the stomach, invigorates the system and restores to its owner that which was lost.

Wilson's Invalids' Port . . .

is a rich ruby port with Peruvian Bark in proportions prescribed by the English and French Pharmacopoeias.

'Tis an ideal appetizer.

AT ALL DRUGGISTS.

WHOLESALE AGENTS:
LAWRENCE A. WILSON & CO., MONTREAL.

MR. TARTE FETED AT SOREL.

The Provincial Headquarters of His Department Shows Its Gratitude to the Minister.

(Special Staff Correspondence.)

SOREL, Que., October 20. — The demonstration in honour of Hon. J. I. Tarte, Minister of Public Works, came off here to-day. The weather was beautiful, though the roads were somewhat broken up owing to the heavy rain of the late few days. The town was fairly decorated with flags and inscriptions, chief among which was that of "Welcome to the Hon. J. I. Tarte; Sorel grateful." This conveyed the gratitude of the Sorelites for the extensive works which the Department of Public Works is carrying on here, notably the construction of two large dredges on which work some three hundred men are employed.

The Ministerial party came down by special train placed at their disposal by Hy. Beauchemin, manager of the Montreal and Sorel Railway. Mr. Tarte was accompanied by Sir Louis Davies, Minister of Marine, and Hon. Dr. Borden, Minister of Militia, and a representative gathering of members of Parliament and other politicians, Hon. Mr. Blair, Minister of Railways and Canals, and Hon. Mr. Fisher, Minister of Agriculture, are expected down this evening for the banquet at the Brunswick Hotel, for which two hundred covers have been laid.

The party were met at the station by Mayor Paradis, Messrs. A. A. Bruneau, M. P., Chapdelaine, president of the banquet, and other leading citizens.

This afternoon an address of welcome was presented to the Ministers on the market square in the presence of a large gathering, and speches followed. The Richelieu boats in the river and the Government workshops, in which work was stopped for the afternoon, are fully decorated with bunting.

Hon. C. A. Geoffrion wired his regrets at his inability to be present. The demonstration is being participated in by residents of Richelieu, Berthier, Yamaska, St. Hyacinthe, Vercheres and Chambly.

MANITOBA SCHOOLS.

Archbishop Langevin Explains the Present Position of Catholic Education There.

OTTAWA, October 20.—Archbishop Langevin, who is in the city, states that the Catholic schools of the Province, though handicapped through want of financial assistance from the Government, are making fair progress.

"We are making no agitation" continued His Grace, "it being the wish of His Holiness the Sovereign Pontiff that the question be dealt with calmly and with as little ado as possible. We have strong hopes that the sober sense of justice of the majority will eventually assert itself, and our demands be conceded. We ask for nothing to which we are not entitled by the constitution and our demands are based on equity, justice and common sense."

His Grace laid particular stress on the fact that he wished to say nothing that would tend to aggravate the question. "If the Protestant majority can only understand that we have no desire to overrule or in any way interfere with their educational affairs, their attitude would be entirely different."

Questioned as to whether the matter would be brought up at the next session of Parliament, Mgr. Langevin stated that there was little probability of such being the case. If the Provincial Government of Manitoba continues to refuse to grant any concessions to the minority, then their only hope would be the increase of Catholic population by immigration of settlers.

A COMING MAN.

George Wyndham is England's New Under-Secretary for War.

LONDON, October 20.—Mr. Geo. Wyndham, Conservative member of Parliament for Dover, has been appointed under-secretary for war, in succession to the Right Hon. William St. John Broderick, recently appointed Under-Secretary of State for Foreign Affairs, in succession to Lord Curzon, of Kedleston, the new Viceroy of India.

Mr. Wyndham, who is in his thirty-sixth year, is now reckoned to be one of the rising young men of the Conservative party. From 1887 to 1892 he was private secretary to Mr. A. J. Balfour and has been known as that gentleman's alter ego. He is a very effective speaker and not long ago produced an admirable edition of North's Plutarch, in the Tudor classics, edited by Mr. W. E. Henley. His wife is Lady Sybil Mary Lumley, youngest sister of Lord Scarborough and widow of Earl Grosvenor. He was formerly in the Coldstream Guards and served in the Suakim campaign and at Cyprus. He has represented Dover since 1889, is a captain in the Cheshire Yeomanry and a director of the London, Chatham and Dover Railway.

THE MILLION FOR METHODISM.

(Special to the Star.)

TORONTO, October 20.—The Christian Guardian this week publishes the preliminary announcement of the twentieth century million-dollar fund committee, to which are appended the names of Rev. Dr. Carman, chairman, and Rev. John Potts, general secretary, to the latter of whom all subscriptions and communications are to be addressed. The fund is to be known as the "Twentieth Century Million Dollar Thanksgiving Fund," and is to be divided among educational institutions, missions, superannuation and supernumerary funds, and local church debts. A contributor may design the object to which he wishes his contribution to go. To gain unanimity of effort, the annual conferences of the Methodist churches are asked to take measures to complete the organization of every district circuit. Adherents of the church are asked to contribute to the fund.

THE PEACE JUBILEE.

CHICAGO, October 20. — The Peace Jubilee, Chicago's celebration of the end of the war, was brought to a close yesterday. The great parade was the crowning glory of the week's festivities. Thirty thousand participated in the parade, which took four hours to pass a given point. The weather was the only drawback. Rain fell, and the wind was cold, but this made little difference to the marchers, and spectators who were wedged into every available point of vantage.

President McKinley reviewed the parade from the grand stand erected in front of the Union League Club on Jackson street. On the stand with him were General Miles, General Shafter and General Chaffee.

After the parade had passed the police lost control of the crowd, which made a rush from both ends to the centre of the square. It was found necessary to call on the marines to help the police and they had to fix bayonets to keep the crowd in check. This had no effect and the bayonets were ordered off. All were then a seething mass of humanity. Many cries for help could be heard from men, women and children. No lives were lost.

The great national jubilee peace banquet tendered to the President and other distinguished guests by the citizens was given in the Auditorium. No similar event ever held within the big building surpassed it in brilliancy and simple elegance. Twelve hundred guests were present.

A MINING DEAL.

(Special to the Star.)

HALIFAX, October 20. — An English syndicate has secured control of the Picton and Jubilee mines at Renfrew, the Oland, Shepherd, Ferguson and Salisbury mines and Montague, and the Wilson mine at Waverley. Besides, they have secured an extensive water power and other advantages.

WHEAT IS AWAY UP.

Prices of Ontario and Manitoba Grades Advance 5c a Bushel.

AMERICAN MARKETS STRONG.

Peas are Firm at Yesterday's Advance and Corn Continues to Strengthen.

The grain markets throughout the entire country appear to be in a panicky condition just now. Private advices from millers in western Ontario state that they are paying 70c a bushel to-day for winter wheat.

This advice was not fully verified on the Board of Trade this morning, but there can be no doubt that to obtain spot goods, a very high price must be paid. At 70c, winter wheat would be 5c a bushel over yesterday's price.

The only quotation given on the Board of Trade this morning on No. 1 hard Manitoba spot wheat, at Fort William, was 77c, this being just 5c over yesterday's price. It is reported that transactions took place at 75c at Fort William early in the day. No quotations were given on No. 1 Northern.

These prices, it is said, are altogether too high, and cannot last. They are occasioned by the temporary failure of receipts caused by bad roads and weather, and a disposition on the part of the farmer to hold for higher prices. The Chicago and other American markets are going up with a rush today, partly as a result of the war scare, and this also has had its influence in strengthening the Ontario and Manitoba markets.

The market for peas, which became so strong yesterday as to indicate the existence of a corner in the market, does not appear to have weakened in the slightest. In fact, dealers on the Board of Trade this morning freely expressed their willingness to pay 68c, which is one cent over what they offered yesterday. Other merchants, however, state that they would not pay that figure.

Corn was up ¾c this morning, and quotations were 40c a bushel afloat.

Oats alone remained steady, 29½c afloat being the quotation.

FLOUR AND FEED.

The flour market has not yet been affected by the bullish grain markets. Business is brisk, and millers have about all they can do to find supplies for the trade.

We quote: Winter wheat patents, $3.65 to $4; straight rollers, $3.45 to $3.60; in bags $1.70 to $1.75; Manitoba old patents, $4.55 to $4.60; strong bakers, $4.20 to $4.25.

Bran and shorts are oversold, and there is a demand for all goods offered.

We quote: Ontario winter wheat bran, $11.50 to $12; and shorts, $13 to $14 per ton in bulk; Manitoba bran, $11 to $11.50; shorts, $15.

The demand for meal was very good this morning and quotations were $3.60 per barrel, and $1.70 to $1.75 in bags.

HAY.

The hay market is in a fairly satisfactory condition. Demand is not very heavy, but with light stocks the market is firm.

We quote: Shipping hay, $4 to $5; good to choice, $6.50 to $7.50; No. 2, $5 to $6 per ton in car lots.

FISH AND OYSTERS.

Receipts of fish during the past week have been fully equal to the demand, except, perhaps, in pickled lines, which have hardly arrived in sufficient quantities to fill orders. Fresh trout are no longer on the market, the close season having commenced.

There has been very little change in salt fish since a week ago. British Columbia salmon are scarce, and prices stiff at $13 a barrel; Labrador are $15; No. 1 Nova Scotia herrings are quoted at $4.50 a barrel; New Brunswick, in half barrels, at $2.25 to $2.50; No. 2 mackerel, $14 to $15 per barrel and 20 lb. kits at $1.75; No. 1 green cod, $4.50 to $4.75.

In preserved fish we quote: Boneless cod, 5½c to 6c per pound; dressed or skinless cod, 4½c; dried, $4.50 per cwt., and boneless fish from 3c to 3½c.

There is a good demand for fresh fish. Dore and whitefish sell at 7c to 7½c per pound; haddock at 3½c to 4c; B. C. salmon at 14½c to 15c.

Demand for smoked fish continues fair. Quotations are: Haddies, 6½c to 7c; kippered herrings, $1.40 to $1.50 per box; smoked herrings, 10c to 12c; bloaters, $1 to $1.25.

Demand for oysters are improving. Quotations are: No. 1 hand picked Malpeeque cups, $4.50 per barrel; fair to good, $2.50 to $2.75; common stock, 50c to $1.50 per barrel.

APPLE SHIPMENTS.

Mr. Frank Hamilton, of McGill street, writes:

Confirming my advices of the 17th inst., I have now to report the receipt of the following cables: From Thomas Russell, Glasgow:

"There is no change to note in our market. The market remains good for good quality, but for inferior apples there is no demand whatever. Kings, 20s to 26s; Baldwins, 14s to 18s; Greenings arrived spotted, 12s to 15s; Snows badly spotted 8s to 12s."

From Hamilton & Pritchard, Liverpool, reporting on to-day's auctions:

"Only apples ex-Corinthian sold to-day. Snows spotted 6s 3d to 8s; Baldwins, 10s 9d to 18s 6d; Kings, 12s 9d to 20s 6d; Greenings, 8s 6d to 13s 6d; Sundries, 3s 6d to 20s."

You will remember I advised you that the Parisian, to which the above Liverpool telegram refers, landed a cargo of poor quality an daso of bad conditioned fruit.

A Guaranteed Catarrh Cure.

Japanese Catarrh Cure — use six boxes—buy them at one time — apply exactly according to directions — and if you are not cured see your druggist; he will arrange to pay you your money back. There's a positive guarantee with every box that Japanese Catarrh Cure will cure. No cure, you get your money back. Guarantee in every package. 50 cents at all druggists.

BUTTER AND CHEESE.

Dull and Uninteresting Markets for Both Commodities.

There is absolutely no life to the cheese market at present. The situation, in brief, is that all the stocks in hand were purchased above present values, and holders decline to let them go at the sacrifice selling just now would entail. For western coloured 9c is the outside quotable price, and for eastern makes all the way from 8 3-8c to 8 3-4c is quoted. Receipts were 14,873 boxes. The butter to hand was 4,008 packages. Butter is dull, as buyers appear to be waiting for a further decline, and holders are equally confident that an advance is bound to come soon. For finest fresh creamery, in boxes, 18 1-2c to 19c is still quoted, but difficult to obtain. Tub creamery is quoted from 18 3-8c to 18 5-8c. We heard of the refusal of a bid of 19c for two fancy lots of creamery. Choice dairy ranges from 14c to 15c, as to size of lot and quality, and medium dairy from 12c to 12 1-2c.

Business was quiet to-day, says the New York Journal of Commerce, possibly owing in part to the unfavourable weather. It stormed very hard during the morning. The situation on the whole, however, is not changed materially. The proportion of strictly extra creamery is not much, if any larger, and buyers are paying 22 1-2c willingly when they want the stock; in very exceptional cases that figure has been exceeded a little, but buyers are generally able to supply their wants at the figures quoted. Firsts are in fair supply and steady at 20 1-2c to 21 1-2c, while qualities from 20c downward are in considerable accumulation, having dull sale and values irregular. It is less a question of price than of finding a buyer. More interest is shown in the fanciest of the storage creamery, with sales of extras at 19 1-2c to 20c; the outside figure is still a little extreme, but is being obtained from jobbing trade for 50 to 100 tub lots.

At Woodstock, eighteen factories offered 4680 boxes of cheese, 1710 white and 2970 coloured, mostly first half of September. No sales. Salesmen and buyers far apart in their views, the one asking 9c as a rule, and the other offering 8¾c. An attempt was made to change back to the old method of selling, but without effect.

At the Campbellford cheese meeting held here yesterday, 2150 boxes of cheese were boarded, the balance of September makes. Watkins bought 650 at 8¾c; Magrath, 300 at 8¾c; Bird, 210 at 8 11-16c; balance unsold. At Picton, twelve factories boarded 1049 boxes, all coloured; 8⅝ cents highest bid; no sales. At Stirling, 1885 of September cheese were boarded. Sales: Watkins, 635; Magrath, 180; Cook, 35, All at 8¾c. Balance unsold.

COUNTRY PRODUCE.

There was quite an active demand in the egg market this morning, particularly for new laid and No. 1 candled. Exports of new laid stock are not heavy, but a large quantity of pickled are now being shipped. Receipts this morning were 1,518 cases.

We quote: New laid, 18c to 19c; P. E. I., about 13c to 14c; straight candled, 14c to 15c; No. 2 stock, 12c to 13c; culls, 9c.

Demand for honey was fair this morning, dark qualities being neglected.

We quote: White clover comb, 7c to 7 1-2c; dark, 5 1-2c to 6 1-2c; white strained, 5c to 6c; dark, 4c to 5c.

Maple products were very dull, and prices were nominal.

We quote: Maple sugar, 5 1-2 to 6c; syrup, in wood, 4 1-2c per lb.; in tins, 40c to 45c.

Business in beans is becoming more active. Prices range according to quality from 85 to 90c a bushel.

CATARRH SYMPTOMS

Given by Dr. Chase.

Too many people do not know that they have catarrh until it has already developed into deadly consumption. To impart a definite knowledge of the nature of this insidious disease, Dr. Chase gives the following symptoms of catarrh in the head and throat:

"Is the breath foul ?"
"Is the voice husky ?"
"Do you spit up slime ?"
"Do you ache all over ?"
"Do you blow out scabs ?"
"Is the nose stopped up ?"
"Do you snore at night ?"
"Does your nose bleed easily ?"
"Is there tickling in the throat ?"
"Do crusts form in the nose ?"
"Is the nose sore and tender ?"
"Do you sneeze a great deal ?"
"Is this worse toward night ?"
"Does the nose itch and burn ?"
"Is there a pain in front of head ?"
"Is there pain across the eyes ?"
"Is there pain in back of head ?"
"Is your sense of smell leaving ?"
"Do you hawk to clear the throat ?"
"Is there a dropping in the throat ?"
"Is the throat dry in the morning ?"
"Are you losing your sense of taste ?"
"Do you sleep with the mouth open ?"
"Does the nose stop up toward night ?"

IMPORTANT ENGAGEMENT.

Douglas Hall, Chomedy Street,
Tuesday Evg., 25th Oct. Inst.,
At Eight O'Clock.

Miss Jessie Alexander

With a New Repertoire of Readings and Recitations, assisted by members of Douglas Church Choir and other local talent.

Admission, 25c; Reserved Seats, 50c. Plan of Hall at Charles Alexander & Son's, 219 St. James Street; Charles Mock's, 2369 St. Catherine Street. 247 5

PROVISIONS.

The provision market showed very little change this morning. Live hogs were said to be slightly easier at Point St. Charles at $4.40 to $4.50. Other lines were unchanged, and a good trade was being done in hams and bacon.

We quote: Canadian pork, in barrels, $15.50 to $16.50; hams, 10½c to 11½c per lb.; bacon, 11½c to 12c; pure Canadian lard, in pails, 7½c to 8c; compound refined, 5c to 5½c.

The Liverpool provision market was steady this morning.

The Chicago market was considerably stronger during the morning. At noon October pork was unchanged, at $7.90; December was 10c up, at $8.10; January was 10c up, at $9.20. October lard was steady at $4.95; December was 8c up, at $5.05; January was 7c up, at $5.12.

Special Notice.

Particulars of the most important educational movement of modern times can be had free of charge by Star readers. Write for particulars to the Star's Educational Department. 247 4f

Don't forget the autumn sale of Villa lots at Bout de L'Ile, on Saturday afternoon, at 3 o'clock. 247 2

MRS. IRELAND OFFERS A REWARD.

$500 Will be Given to the Person Who Finds the Body of the Missing Trenton Doctor.

DR. IRELAND.
In the Uniform of an Army Surgeon.

$500 REWARD.

The above sum will be paid for the recovery of the body of Dr. Ireland, who was drowned in the harbour of Montreal, on Saturday last.

MRS. IRELAND,
Trenton, Ontario.

A letter received this morning from Mrs. Ireland, Trenton, Ont., authorized a Montreal friend to announce in the Star that Mrs. Ireland would give five hundred dollars reward for the body of her husband.

She expresses the hope that the offering of the reward will lead to the speedy recovery of her husband's body, which she firmly believes is at the bottom of the St. Lawrence. She says that in deciding to give the reward she did so after consultation with her uncle and the relatives of the missing man.

She also has given instructions to have the body, when found, forwarded at once to Trenton.

There is no doubt that Mrs. Ireland was a very sick woman on the day following her husband's disappearance. This statement is borne out by the testimony of the attending physician, who says that for several hours after her return to the hotel the lady was subject to attacks of violent hysteria, nine of which lasted for upwards of twenty minutes. She also appeared to suffer acutely from nervousness induced by the shock. The appearance of Mrs. Ireland on Monday, during her visit to and from the wharf, certainly confirmed the statement of the medical practitioner. She looked positively ill.

On the way to the wharf she was seized with several fainting spells, and it was thought at one time that the search would have to be abandoned. The application of smelling salts, however, had the effect of reviving her somewhat, and she was able to accompany the detective to the water's edge.

On Tuesday, when she had somewhat recovered from the shock, she was able to give a rational account of the visit of her husband and herself to the wharf last Saturday. This story differs in some details from that which she told the detectives on Sunday.

According to her latest account, she and her husband left the St. Lawrence Hall at three o'clock. They boarded a Notre Dame street car, and went as far east as the Sohmer Park. There they got off, and attempted to find their way to the Donaldson wharf, which they had been told his wife to wait for him at a grocery Sohmer Park. There they got off, until they came to a side street, and he told hi wife to wait for him at a grocery store in the vicinity. She says she went to the store, but, finding it full of men, only opened the door. She did not enter. Instead of waiting for her husband at that place, she spent the next quarter of an hour in walking up and down the street.

Growing tired at last, she thought she would try and reach the wharf. She proceeded to the end of the street and then turned west, and going down an incline, made her way through a sub-way. On emerging at the other side she saw her husband on the wharf. It was then that she waved her hand to him, and received the salutation in return which convinced her that the man she saw was indeed her husband. The next moment he tripped and disappeared from sight.

The rest of Mrs. Ireland's story agrees with the already published accounts.

Before leaving for her home in Trenton on Tuesday evening, Mrs. Ireland gave the collection of stereopticon views owned by her husband and used by him in his lecture tours to a personal friend in this city. Among the collection is the likeness of the missing doctor reproduced at the head of this article.

It has been stated that Dr. Ireland, at the time of his disappearance, was said to be hard up. This statement is contradicted by a personal friend, who says that in August last he received the sum of $3,000 from the South Africa Chartered Company.

Almost four weeks ago the missing man received a letter from Cecil Rhodes, informing him that a good opening then existed in Rhodesia for a physician, and asking him to come out and enter upon the practice of his profession there. It is thought that Dr. Ireland intended to accept the offer, and that his visit to England was preparatory to his departure for South Africa.

It is known that the missing man carried two policies of $5,000 each on his life, in the Sun Life Assurance Company. The first of these was taken out about two years and a half ago, the second in January last. These policies took the place of others which had been allowed to lapse. They did not run concurrently.

KNOWN IN VICTORIA.

(Special to the Star.)

VICTORIA, October 20.—Friends in Victoria, B.C., of Dr. Wm. Ireland, who disappeared in Montreal on Saturday last—and he has several intimate friends here—are not worrying themselves to any extent. They one and all predict that he will turn up, as he has done on numerous other occasions, after having suddenly decided on a change of residence.

Dr. Ireland, according to his Victoria friends, and a young woman, who bears his name, and claims to be his wife, is is an adventurous spirit.

In time he drifted out to the North-West Territories and took up his home at Lethbridge. He secured a certificate there and for a time enjoyed a lucrative practice. One morning, however, without even notifying his friends, the doctor left town on an early train, accompanied by the 18-year-old daughter of a McLeod hotelkeeper.

This woman is now in Victoria, goes by the name of Ireland, and claims to be the doctor's wife. Together they journeyed to Great Falls, Montana, where they took up their residence and lived as man and wife, Dr. Ireland's engaging manners winning for him a good practice.

This was in 1890. Next time his Victoria friends heard from him he was in partnership with Dr. Gray, also of Toronto, in Idaho, and from there on paying circuits. These they sold to two young men from the east, and departed for a new field in Minnesota, where Dr. Gray died suddenly.

Dr. Ireland then moved to California, and practised at Delano. He remained there for some time, and again built up a good practice, but could not stand prosperity, and recommenced wandering.

When Ben Haigh, formerly a route agent of the Times, of this city, returned from South Africa, he brought a letter from Dr. Ireland, who had, however, taken an assumed name, for a former school mate now in Victoria. The Doctor was a surgeon for Dr. Jamieson in his famous raid, and was wounded. This is vouched for by Mr. Haigh, who said that the Doctor was very highly thought of in South Africa.

The Victoria woman, who claims to be his wife, says there are two children to meet him, as she knew he had intimate friends here. She has resided here ever since.

ANOTHER VESSEL GROUNDED IN THE RIVER.

The steamship Cynthiana, from Manchester, went aground early last evening opposite Maisonneuve, but was pulled off this morning with the aid of tugs and is now safely in her usual berth.

The Cynthiana was making her way up the river when by some means not yet known—for the pilot in charge has not made his report to the Harbour Board—the vessel went aground. The place where she struck is about 300 feet off what is known as the Sugar House Pier.

The tug Hercules and the tugs went at her in earnest and by 10.30 o'clock had the Cynthiana free and in her dock.

The agents here, Messrs. Furness, Withy & Co., state that there is no damage.

TRADE SALE OF RUBBERS.

Large Numbers of Buyers Were Present This Morning.

The thirty-first and largest annual sale of India rubber boots and shoes, being seconds of this year's production were sold at auction this morning at Benning & Barsalou's salesrooms, Nos. 86 and 88 St. Peter strect. There were about 300 buyers present from all parts of Canada, and it is thought that by the time the sale is brought to an end the sales will exceed anything of the sort ever held in this country. Prices averaged about the same as last year, and are therefore satisfactory. The sale will foot up to about $75,000, as against $60,000 for last year, and the quantity sold is in the neighborhood of 7,000 cases.

Among the buyers present were: Pocock Bros., London; Western Shoe Co., London; S. W. Jacobs, Cornwall; Tibbutt Bros., Three Rivers; R. Lamont & Co., Cornwall; G. Dixon, Huntingdon; Gough Bros., Peterboro; Hally Bros., Toronto; M. Fickler, St. John, N.B.; G. W. Gilmour, Waterloo; Goff and Co., Port Hope; McGee & Franklin, Chesterville; R. Taylor & Co., Halifax; A. Lussier & Co., Sorel; Demers & McGee, Laprairie; N. Fickler, Quebec; and the following all of Montreal: Jos. Marcotte & Cie., S. Carsley & Co., Clement Lafleur, T. C. O'Brien, James Perry, W. J. Watson, Ronayne Bros., A. Desmarais, J. E. Desmarais, A. Binette, Leon Julien, J. Cohen & Co., L. Roman, F. Marcoux and about 200 more.

GOT THREE MONTHS.

Raoul Beaulieu, Bank Nationale Clerk, Sentenced To-day.

Judge Desmoyers in the Court of Special Sessions this morning passed sentence on Raoul A. eBaulieu, clerk of the Montreal branch of the Bank National, who was arrested in Plattsburgh, by Detective Haynes, of the Secret Service, for fraud. The accused repeated his plea of guilt and asked for the mercy of the court. His Honour condemned him to three months' imprisonment, without hard labour.

Vezeau, caught breaking into the store of Mr. Poulios, Rachel street, pleaded guilty. The court remanded him for sentence.

PERSONALS.

A charming entertainment was given by Dr. and Mrs. William Drummond at their St. Catherine street residence last evening. This was the introduction of a few of Dr. Drummond's friends to Mrs. Waldorf Richards, of Boston. This lady has come to Montreal for the purpose to make a special study of the French-Canadian dialect with the intention of adding Dr. Drummond's now famous Habitant poems to her repertoire. Mrs. Richards charmed her audience with a varied selection ranging from the child poems of Eugene Field to the heavier work of Shakespeare. Mrs. Richards has been endowed by nature with the voice and talent for dramatic art, and with the cultivation which she has received her rendition is forceful, life-like and pleasing. Dr. Wilson, who was present, recited one of Dr. Drummond's poems in his usual excellent style, and Mr. James McCarry gave another. Mr. Burke, Mr. Jno. E. Wilkes and Mrs. Davidson sang solos, and Mrs. Vipond and Mrs. H. R. Ives rendered selections upon the piano. After the completion of the evening's programme, refreshments were served, and a most pleasant evening brought to a close.

There was a very pretty and interesting ceremony in the Taylor Presbyterian Church last evening, when Miss Gertrude Mabel, third daughter of Mr. Robert Gittus, the well known baker, was united in marriage to Mr. V. J. Roy, eldest son of Rev. J. J. Roy, rector of the Episcopal Church, at Sabrevois, Que. Rev. Mr. Reid, pastor of the church, performed the ceremony, assisted by the father of the groom. The bride, who was given away by her father, looked charming, attired in a cream coloured gown, with flower trimmings, and carrying a beautiful bouquet of bridal roses. Miss Amy Millington and Miss Almeda Roy, sister of the groom, assisted the bride, while Mr. Edgar Shove, and Mr. Ernest Roy, brother of the groom, did the honours for the groom. Notwithstanding the very disagreeable weather the church was well filled with friends of the contracting parties, there being a large number of invited guests. Messrs. Robert and George Gittus are brothers of the bride, were the ushers. After the ceremony the happy young couple drove to the residence of the bride's parents, where a reception was held. The bride was the recipient of many beautiful gifts, among them being a handsome parlour lamp and onyx table, presented by the members of Taylor Church choir, of which the bride was a leading singer.

GRAVE TIDINGS FROM MANILA.

Admiral Dewey Said to Have Had a Battle with Insurgents' Ships

News Comes to Madrid, But is Not Credited in Washington.

LONDON, October 20.—The Madrid correspondent of the Times says: "Captain Aunon, the Minister of Marine, has received a despatch from Manila announcing a naval engagement between the Americans and the rebels in consequence of Admiral Dewey forbidding the latter to fly the rebel flag from their ships. The despatch adds that there were losses on both sides, but that the Americans captured the rebels' ships.

"The scene of the engagement is not stated, but it is supposed to have been Manila Bay."

The despatch says that Admiral Dewey having forbidden the Tageles to hoist the Philippine flag upon their vessels, a series of fights ensued, resulting in loss on both sides.

NOT BELIEVED AT WASHINGTON.

WASHINGTON, October 20.—The sensational Spanish reports of a naval battle between Admiral Dewey's vessels and the insurgent navy in the Philippines is received with absolute incredulity in both Navy and War Department. If there has been any recent action Admiral Dewey, has failed to mention it, and neither General Otis nor United States Consul Wildman have regarded it as worthy of notice.

THE FILIPINOS INCAPABLE

Of Exercising Self-Government, So Says General Merritt.

LONDON, October 20.—Major-General Wesley Merritt, who has arrived here from Paris, where he has been giving the United States Peace Commissioners the benefit of his observations as commander of the American forces at Manila, in an interview described the statement attributed to Aguncillo, the agent of Aguinaldo, in an interview with a Globe correspondent at Hong Kong, previous to Agoncillo's departure for San Francisco, Washington and Paris. Aguinaldo's agent is quoted as declaring that the insurgents had a formal agreement with Rear Admiral Dewey, whereby absolute freedom was promised them in return for their assistance.

General Merritt said that from conversations which he had with Admiral Dewey he was satisfied that no arrangement had been entered into with the Philippine leaders. The General added: "If the Filipinos were allowed independence now it would result in fighting between the leaders, which would be more disastrous than any revolution which has hitherto broken out. Aguinaldo's following is slim and if there was an election to-day, I do not believe he would be president."

The trend of General Merritt's view or advice furnished to the United States Peace Commission at Paris may be gathered from the following statements which he made: While some of the Philipinos are able, I am not acquainted with any one of them who is capable of governing.

"I do not believe the insurgents will resist the Americans. But there is one certainty—they will never submit to again being ruled by the Spaniards.

"If America takes possesion of the Philippine islands it will result in a new era in the Philippines and in our own country. The islands are of immense strategic value, navally and commercially, and are easily defended.

"My study of the British colonies has greatly interested me. They ought to prove a valuable object leson to the United States. The British system is as perfect as devisable."

THE FREIGHT DIFFERENTIAL.

The Chicago Arbitrators Decide Against the Canadian Pacific.

(Special to the Star.)

CHICAGO, October 20.—The local officials of the western railways felt like holding a little jubilee of their own when they learned that the arbitrators had decided that the Candian Pacific was not entitled to a differential on freight. Some of them smiled when they saw the "minority report" of the arbitrator chosen by the Canadian Pacific, inasmuch as all his life he had professed to be an opponent of the differential idea. The Canadian Pacific arbitrator, J. W. Midgely, stood out to secure a verdict in favour of the road he represented, but his associates on the Board of Arbitrators, W. A. Day, attorney for the Inter-State Commerce Commission, and E. S. Washburn, president of the Kansas City, Fort Scott and Memphis road, stood firmly for what they believed to be right, and promptly rendered a decision against the Canadian Pacific's claim for differentials sustaining all the points made by Vice-President J. C. Stubbs of the Southern Pacific.

Both the American lines and the Canadian Pacific had agreed to abide by the decision of the arbitrators.

TO LIVE IN THE FAR EAST.

(Special to the Star.)

VANCOUVER, B. C., October 20.—Mrs. A. E. Lewis, who found her absent husband in Yokohama, has returned with him. She is going home without him, but will return to join him in the Orient, as soon as she can settle her business affairs in Montreal. Mr. and Mrs. Lewis will hereafter live in the Orient.

SALVAGE FROM THE GANGES.

(Special to the Star.)

HALIFAX, N. S., October 20.—The steamer Harlaw is expected to arrive tonight from the wreck of the steamer Ganges and will bring up 150 head of cattle and a large quantity of other freight. The remainder of the crew, twenty-six men, will also arrive by the Harlaw.

THE WEATHER FORECAST.

Thursday, 11 a. m. — Southerly and easterly winds, fair to-day; Friday, rain.

WAR TALK IN LONDON.

The Afternoon Newspapers Discuss the Anglo-French Crisis With Freedom.

THERE ARE WORSE THINGS THAN WAR.

Russia Threatens to Aid France if Necessary – Premier Brisson's Intentions Before Resigning.

(Special to the Star.

LONDON, October 20.—The speech delivered at North Shields by Sir Michael Hicks-Beach has further stimulated the discussion of the Fashoda situation. Nearly all the afternoon, newspapers contain leading articles on the subject.

The Pall Mall Gazette's article is headed "Worse things than war" and points out the advantages England would be likely to gain in case of war.

The St. James Gazette says: "There is reason for England to be calm, not because of the reports that France is arming, which we do not believe, but because we are as ready with our national defences even in our history."

The Westminster Gazette praises the Cabinet's skilful management of thet Fashoda affair and says: "Public opinion, though firm concerning the substance of the dispute, requires Lord Salisbury to do nothing to increase France's difficulties."

WHAT WILL RUSSIA DO?

BERLIN, October 20.—The St. Petersburg correspondent of the Cologne Gazette says: "Here also interest in the Nile question is rapidly increasing and Russia's conduct in this matter will conform to the expectation formed in connection with her alliance with France."

According to the correspondent, the Russian finance Minister, acting in concert with Count Muravieffi, Minster of Foreign Affairs, has attempted to raise a large loan in Paris, and a similar attempt will be made in Berlin.

PREMIER BRISSON'S INTENTIONS

PARIS, October 20.—L'Eclair says that Premier Brisson intends, when the Chambers re-assemble to agree to a discussion of the Government's internal policy and also to endeavour to secure the passage of an indemnity bill. He will then state the personal reasons which compel him to resign. President Faure will ask M. Bourgeois to assume the Premiership and continue the policy of M. Brisson, as approved by the Chamber of Deputies.

DEFENDS HIS HONOUR.

Francois de Prescense, editor of Le Temps, has sent the followig explanation of his conduct to the commission of the Legion of Honour, before which he has been summoned: "I have as much right to attack Col. Henry and his associates, as the friends of Esterhazy and Du Paty de Clam have to caluminate the honour of Picquart and myself. Mine is of such nature that it will be in no way affected by the loss of the decoration."

A NEW BRITISH CRUISER.

LONDON, October 20.—The third class cruiser, Prometheus, was successfully launched from the dock yards at Hull to-day, with all her machinery aboard.

FRENCH MASSACRED IN CHINA.

PARIS, October 20.—At the cabinet meeting to-day the Minister of Foreign Affairs, M. Delcasse, read a despatch from the French Minister at Pekin, M. Gerard, announcing that a French missionary and several Chinese Catholics have been massacred or burned to death in a chapel at Paklung, by a riotous mob. M. Gerard, is was added, immediately demanded reparation from the Chinese Government.

THE DREYFUS DOSSIER.

LONDON, October 20.—A despatch from Paris says it is definitely learned that the dossier submitted to the Court of Cassation does not include the secret diplomatic proofs of Dreyfus's guilt. It is possible, therefore, that the Court before pronouncing upon the case will order the production of these documents and make a special investigation at to their origin and authenticity.

THE POLE WAR.

Road Department Men Cut Down a Couple of Poles This Morning and Then a Truce Was Declared.

Mr. Flynn, Street Inspector, this morning, opened the attack upon the poles erected on Bonsecours Street by the Citizens' Light and Power Company. There were two wires on the poles and the Road Department men were chary about interfering with them. Their orders were, however, to demolish the poles, and they set to work, and kept the chips flying until two of the big posts had been cut through. The wires kept the poles in a perpendicular position and experts were sent for to remove the wires. Before they arrived, the Superintendent of the Company arrived upon the scene, and stated that if the Road Department would grant them time they would remove the posts themselves.

Mr. Flynn communicated by telephone with several members of the Road Committee, and they said they would have no objection to giving the company the required delay. Mr. Flynn and his men consequently withdrew, and the company's men are removing the wires from the poles preparatory to demolishing them.

ANOTHER ALLEGED OFFENCE.

This afternoon Mr. Flynn received word that poles were being erected by the company at the corner of Metcalfe and St. Catherine streets without permission, and he at once proceeded to the spot and gave orders that the erection of poles was to be suspended until the usual permission had been obtained, and he had located the places where they might be put up.

"FESTIVAL OF HOLIDAYS" OPENED.

The "Festival of Holidays," a grand bazaar in aid of the Protestant Infants' Home, was formally opened in Windsor Hall this morning, at eleven o'clock.

His Worship the Mayor was unable to be present in his absence, however, Principal Shaw made a few introductory remarks. He congratulated the committee in charge of the arrangements upon the large number present. The object was a good one and would commend itself to the citizens of Montreal.

A matinee concert then followed, to which Miss Marie Hollinshead contributed two excellent numbers. Mr. du Domaine executed a violin solo in an effective manner. He was skilfully accompanied by Miss Abbott. Enjoyable recitations were given by Mrs. Gillan, dramatic reader, of Chicago, and Mrs. Belle Rose Emslie.

After the conclusion of the entertainment, Principal Shaw declared the bazaar open.

The interior of the hall presents a beautiful appearance, the various booths having been tastefully decorated with flags, palms, spruce, etc.

A large number attended the opening ceremonies this morning.

Among those present were Lady Hingston, Lady Tait, Lady Van Horne, Mrs. W. W. Ogilvie, Mrs. McGibbon, Mrs. Jas. Johnson, Mrs. Jas. Linton, and many other distinguished visitors.

The fair will remain open to-day and to-morrow. This evening Miss Badenack will tell inquiring ones the future by palmistry. In addition to these features, this evening Miss Rubenstein will tell fortunes by cards, and to-morrow evening Miss McNaughton will essay the same difficult task. In addition to these attractions there will be an excellent programme of orchestral music by the "Impromptu Orchestra," of some 26 instruments, under the leadership of Mr. Chas. Reichling. No extra charge for the musical part of the entertainment.

The names of the several sale tables and of the ladies who preside over them are as follows:

Christmas Day, presided over by Mrs. G. D. Ross, Mrs. H. McLaren and Mrs. F. S. Brush.

New Year's Day, presided over by Mrs. W. J. Bennallack and Mrs. J. Wilson.

St. Patrick's and St. George's Days.—Mrs. Dobbin and Mrs. Stroud.

EASTER DAY.—Mrs. R. H. Alford and Mrs. J. H. Chapman.

QUEEN'S BIRTHDAY—Mrs. B. T. Davies.

DOMINION DAY—Mrs. A Ramsay.

HALLOWE'EN—Mrs. Robb, Mrs. Ewing, Mrs. M'Lennan and Mrs. Cunningham.

ST. ANDREW'S DAY—Mrs. D. W. Lockerby and Mrs. J. J. M'Gill.

LABOUR DAY—Mrs Brown and Mrs. Rubenstein.

THANKSGIVING DAY—Mrs. W. B. Matthews and Mrs. Shaw.

McGILL TEA ROOM—Mrs. Iles and Miss Roddick.

The programme by the orchestra this evening, is as follows:

March.....Festal
Overture.....Guy Mannering
Waltz.....'Till we meet again."
Duet, flute and horn, "The Voice of Love."
Largo.....Handel
Selection of sea songs.....Volti
March.....'Bride Elect."
March.....'Knights of Columbus."
Fantasia.....National Melodies.

ELECTRIC CONTACT KILLS A MAN.

A fatal accident occurred this morning at half-past ten, at the corner of Durocher and Prince Arthur streets, by which L. Paquette, aged 38, who was employed at the construction of a house there, lost his life.

Paquette's work consisted of looking after a derrick, which was there for the purpose of hoisting the stone up. He was at his work when the boom of the derrick suddenly struck an electric wire, and some way or other, Paquette received an electric shock and was instantly killed.

The Notre Dame Hospital ambulance was called, but Dr. Deschambault, of the hospital staff, pronounced that death had been instantaneous. The body was taken to the morgue, where the coroner will hold an inquest to-morrow morning.

Paquette lived at No. 580 Beaudry street, with his wife and three children. He commenced work this morning for Mr. Arthur Fournier, stone contractor, after having been out of work for a week.

The men who were employed with Paquette say that it was while he was swinging a derrick, a wire of the Citizens' Light and Power Company broke and Paquette received a shock. Another man there also received a shock, but he was well enough to walk home.

Mr. Walbank, president of the Citizens' Light and Power Company, explains the accident in this way:

The wire was 40 feet above the ground, and the derrick was swinging around at about that height. The derrick touched the wire, the insulation of which was worn off, and a current of 2000 volts came down the derrick wire rope and killed Paquette.

A SLUMP IN STOCKS.

London Leads off with a Decline in Internationals and Consols.

PACIFIC LOSE TWO POINTS.

Fairly Heavy Liquidation Resulted on the Local Board This Morning.

GRAND TRUNKS SUFFER.

Toronto Rails and Montreal Street Were Weaker --- War Eagle off.

There was a slump in the Stock markets this morning which resulted in a decline of almost 2 points in Canadian Pacific, and a decided easing off of quotations in othe lines. London led in this movement downwards, and New York opened with a decidedly weak tendency. Consols declined sharply during the day on top of a decline of 1-8 on Wednesday. At 12.30 o'clock money consols were quoted at 108 15-16 and at 4 p. m. at 108 11 1-6, a falling off of 1-4, or 3-8 in two days. Account consuls were quoted at 109 1-8 at 12.30 o'clock and 108 7-8 at 4 p.m., a decline of the same fraction. Paris rentes were also lower. There were no two opinions either in New York or Montreal that this was directly due to the strong utterance of Sir Michael Hicks-Beach on the situation in the Upper Nile. There was no mistaking the purpose that underlay his words. However, the opinion was freely expressed that such plain speaking would tend to clear up a situation which threatened to become involved in lengthy diplomatic correspondence.

Another item of importance from abroad was that the Bank of France had advanced its rate of discount from 2 to 3 per cent. This action was not entirely unexpected, as French exchange in London stood at the highest point reached since last May when Paris was compelled to share with London the burden of supplying the American gold demand.

While the delicate foreign situation had a decided influence also in weakening all international stocks, the slump in Canadian securities in London was in part at least attributed to the railway situation. The decision of the arbitration committee against the Canadian Pacific in the freight rate matter, and the belligerent attitude of the two big roads, coming on top of the complications over Fashoda, is held to have had their influence in causing such a sharp break. Grand Trunk first preferences fell away 1 3-8 points, and Canadian Pacific 1 1-2 points. Heavy liquidation took place in this stock in the local exchange, so soon as it opened. The first sale was at 80 1-4, a falling off of 3 points as compared with Tuesday's close, or about 10 points since the movement in this stock began. The selling continued around this figure until over 3,000 shares had been disposed off, the highest point touched being 80 1-2, and the lowest 80, with the close at 80 1-8. Brokers attributed the heavy liquidation to the decline in London, which induced somewhat of a scare locally.

Toronto Rails was the next active stock, about 1,000 shares being sold at a lower range. It opened at 102 1-2 and closed at 102 1-4. Montreal Street sold down from 273 3-4 to 273 at the close. This was a falling off of 2 1-2 points from the previous day's close. The earnings on Wednesday were $4,033, an increase of $418, and those of Toronto Rails on Tuesday $3,652, an increase of $911. War Eagle also sold off to 278 1-4, on sales of less than 5,000 shares. There were a number of sales of bank shares, and miscellaneous stocks. Royal Electric sold at 155.

L. J. Forget & Co.'s cable gave the prices of Canadian securities in London as follows Grand Trunk, first 64 1-8, thirds 18 1-4; Canadian Pacific, 83 1-8; Hudson Bay, 10 5-8.

The sellers of Canadian Pacific were: Riddell, Hamilton, Burnett, Turpin, Scott, Smith, Marter, Oswald, Howard, Moat, Barlow, G. Weir, Meeker, Gordon, Strathy & Co., Meredith and Davies. The buyers were: Meeker, Forget, Davies, Wilson & Gillespie, Meredith, Forget, Low, Wallace, G. Weir, Gordon Strathy & Co., Riddell, Scott, Mackenzie and Wilson.

AFTERNOON SALES.

275 Canadian Pacific at 80, 175 do. at 80 1-8, 100 Montreal Street Railway, xd, at 273 3-8, 1,500 War Eagle at 278 3-4, 2 Bank of Toronto at 242, 100 Montreal Gas at 186, 50 Montreal Street Railway at 273 3-4, 50 Toronto Street Railway at 102 3-8, 175 do. at 102 1-2, 100 do. at 102 5-8, 125 do. at 102 3-4, 50 Halifax Street Railway at 129, 5 Bank of Montreal at 246, 25 Halifax Street Railway at 128 1-8, 200 Canadian Pacific at 80 1-4, 6 Merchants' Bank at 182 1-4, 29 do. at 182.

The lifeless body of an unknown man was found on the Canadian Pacific Railway track at Lac a la Tortue to-day. A letter addressed Thomas Forsyth, 604 Washington street, Dayton, Ohio, was found in his pocket. It was dated from Stevens Point, Wis., and signed J. Forsyth.

A pretty wedding took place last Tuesday, October 18th, at St. Patrick's Church, the principals being Mr. P. J. O'Neil, and Miss Burke, youngest daughter of the late P. Burke, both of this city. The happy couple left the same day for Ottawa, where they will remain for several days. They were married by the Rev. Father Quinlivan.

U STANDING ACCOUNTS.

Another Batch of Them Passed by the Special Committee on Claims.

THERE ARE NOW ONLY A FEW LARGE ACCOUNTS REMAINING UNPAID---CITY WILL REFUSE TO PAY SOME OF THEM.

The Special Committee appointed by the City Council to investigate and report upon the outstanding accounts remaining over from 1897 is meeting regular and has reported another large batch of accounts as legitimate to the Mayor, who has ordered their settlement.

This leaves yet to be settled a few of the larger accounts, several of which the committee will recommend the council to refuse payment of. Among these large accounts are those for repairs to the Police Stations which were ordered on the private responsibility of a past chairman of the Police Committee, there being no record of orders being given either in the minutes of the Police Committee or the Council.

The last batch of accounts passed by the special committee is as follows:

FIRE DEPARTMENT.

Garth & Co., $2,365.42.

POLICE DEPARTMENT.

Boisseau frere, $1,050.40; H. Poirier, $1,471.60; O. Deguise, $125.00; A. Demers & Co., $144.00; (the two latter accounts under reserve), officers' uniforms, $346.00.

HEALTH DEPARTMENT.

G. T. Marchand and Co., $151.80; A. Depatie, $508.28; Arthur Boyer, $449.00; (the above accounts will be accepted on the condition that he reduces the price of the hay); F. Hotte, $20.29; H. Sylvester, $56.96; S. Delorme, $42.52; J. Paquette, $14.43; S. H. Ewing and Sons, $4.00; Edward Morin, $36.25; J. Lefebvre & Co., $35.08; Brochue, and St. Pierre, $46.32; Gravel, Duquette and Duhamel $32.79; Montreal Stencil Co., $2.40; Dr. P. E. Maurice, $1.50; A. Poupart, $5.75; Garth & Co., $5.73; A. P. Pigeon, $7.59; J. McDuff, $3.25; Faucher & Son, $11.01; A. Chausse, $1.32; J. Flie, $6.50; Royal Electric Co., $3.00; L. Laplume, $2.30; M. Racitot, $9.50; O. Limoges, $25.70; Wm. Mann, $250.00; H. Sylvestro & Son, $42.63; Canadian Rubber Co., $18.00; Royal Electric Co., $83.63; A. Morin, $52.00; Empire Tea Co., $6.60; M. Quintal & Son, $39.47; L. H. Hebert, $4.89; Royer Rouger Bros., $25.00; Rickner & Co., $10.94; N. Bechard, $27.45; G. F. W. Lecoeur, $32.50; H. K. Mulford & Co., $15.00; Royer Rouger & Bro., $60.00; Hodgson, Sumner & Co., $14.69; Stewart & Herbert, $32.50; Martel, Stewart & Company, $1.00; A. Delorme, $12.30; Empire Tea Co., $6.60; Gravel Bros., $2.38; D. J. E. Laberge, $13.90; D. Masson, $44.59; A. Tremblay, $84.90; Dr. J. E. Laberge, $12.85; C. A. Sharpe, $3.46; N. Bechard, $21.80; J. McSewan & Son, $20.00; J. E. W. Lecoeur, $18.68; P. Whelan, $38.50; Brochue & St. Pierre, $63.48; P. Wilson, $73.12; Labrecque & Cousineau, $38.95; A. Tremblay, $71.44; D. Masson, $85.00; Dumain & Co., $150.00; Lesasrd & Harris, $453.87; Pelletier & Brosseau, $261.00; Lamarche and Leclerc, $21.94; Dumaine & Co., $415.50; P. Nadeau, $75.00; T. Labelle & Co., $15.00; Lyman & Son, $2.50; Meldrum Bros., $4.50; Dumaine & Co., $8.00; John Dougall & Son, $10.40; Stewart & Hebert $6.50; Royal Electric Co., $138.60; Star, $11.18; F. Sauvageau, $33.35; P. Wilson, $133.59.

PARK AND FERRIES DEPT.

Hy. Gauthier, $4.50; H. Belisle, $2.70.

FINANCE DEPARTMENT.

R. Mitchell & Co., $92.98; R. Mitchell & Co., $107.36.

WHEAT JUMPS UP.

Beerbohm Says the Political Situation Had Some Influence.

BUT BROMHALL'S OPINION IS THAT THE LIVERPOOL MARKET IS OVERSOLD.

(From the Special Correspondent of the Star on the Chicago Board of Trade.)

CHICAGO, Ills., October 20. — December wheat is up to 69 1-2c and May to 69c, against closings on the regular board Tuesday of 65 3-4c and 66 7-8c respectively. The foreign news for the day was sensational, and buyers had some difficulty in accounting for it. Liverpool December wheat closed 2 1-2d up, after selling 3 1-2d higher than the previous close. Spot was up 2d, and spot corn 1 1-2d. Corn futures closed 1 7-8d up. No wheat cargoes were offered off coast, but cargoes on passage were higher. London openings were higher and excited. As for the reasons, Broomhall said the Liverpool market was oversold, and the strength was due to the covering of shorts. Beerbohm said the political situation had some influence, but consols were only a shade lower at the close. Moreover, Paris wheat did not sympathize at the opening with the tremendous advance in the English markets. As France will make the war, if there is one, this does not seem to indicate immediate hostilities. Speculation abroad is certainly more active, but that would hardly account for the sharp advance in spot wheat. It seems that we have all underestimated the urgency of the immediate need for wheat abroad. We have not fully appreciated the size and number of the invisible holes to be filled. Even the larger stocks which Broomhall is able to count up are less than half as large as the exceptionally small total of last year,

John Murphy & Co

QUICK SELLERS FOR FRIDAY AND SATURDAY.

Read Them. They Speak for Themselves.

Every Lady Who Visits Our Store on Friday and Saturday Should Make a Point to See Our Millinery Display---THE FINEST IN THE CITY.

Cloak Dept.

Come in the morning if you can spare the time. 247ty1

The Art of Keeping Warm

It's easy enough to keep warm if you have something warm to put on, both at night and day. Warm material MUST be good material, for poor material has very little warmth in it. In buying our Winter Goods we always look for three qualities particularly—warmth, fine finish, long wear. Here are a few of our "warm" lines:

Blankets. Warm—soft—well finished. Owing to a very satisfactory arrangement with the makers we are enabled to import our Blankets direct from the factory and we can thus give a finer and heavier blanket for less money than we have ever done before. Prices from $2.50 to $8.25. 14 different prices and qualities.

Comforters. Our two special lines at $2.50 and $2.75 are made up specially for us to order from our own material and filling so that we know what is in them and can confidently recommend and guarantee them. Other lines from $1.50 up

Flannelettes. Always a leading line with us—50 inch goods from 5c yard. Real English Flannelette, splendid wearing, 12c yd. Striped Flannelette, pale blue or pink, very dainty—especially suitable for children—18 and 20c yd.

Warm Hosiery Our stock is now complete, and customers who have been waiting for those heavy ribbed Children's Hose, Nos. 109 and 110, will now find all sizes in stock. Prices from 35c to 57c, according to size. A lower line runs from 19c to 45c. Special qualities in Women's Hose at 25c, 35c and 50c pr.

Underwear Made to fit the figure and keep you warm. All sizes in "Tumballa" and the celebrated line of "Imperatrice" in Vests, Drawers and Combinations. See our special line of All-Wool Swiss Vests at 49c.

Men's Wool Socks. Good quality—25c, 29c, 35c, 39c, 49c and 50c

MAIL ORDERS PROMPTLY ATTENDED TO.

Cream Materials for Opera Cloakings, Capes, etc., in Amazon cloth, Bedford Cords, Etamene, Broches, Canvas, Drap d' Paris, Bengaline, etc.

Autumn and Winter

DRESS GOODS

As the season advances the tendency towards the plainer and more serviceable fabrics becomes more pronounced especially for *Costumes and Tailor made Gowns for out door wear.* The tints and colourings are in harmony with the season, and the finish of these goods is so much improved that the tendency to Spot, Shrink, or Cockle, has been greatly lessened. We append a list of desirable lines: *Canadian Tweed, Sponged Cloth, Drap de Paris, Bengaline, Venetian Twill, Bedford Cord, Serges a large range, Ladies' Cloth, Coating Serge*, perle finish, new colourings, will neither cockle, shrink, nor spot.

Fancy Dress Patterns and Rich Robes. Checked and Fancy Dress Goods in great variety.

50 Scotch Plaids, in all the clans.
Moreen Skirtings in shot effects.
Balmoral Skirtings.

Over One Thousand Enquirers.

The Star Educational Department great Encyclopaedia Britannica offer has created widespread interest in both Canada and the United States. Already more than 1,000 coupon enquiries have been received by mail. Only 47 sets are available for distribution before the end of October. It is impossible to get the books as fast as they are ordered, so advertising is discontinued for a few weeks in order that those whose coupons have already been sent in may have first opportunity to share in the allotment. Our original intention of continuing the distribution to 500 sets must be rigidly adhered to. Any one may write the Star for particulars of the greatest educational movement of the age.

"Featherbone"

Is made from turkey quills and is not affected by climatic influences, does not dry up with age as whalebone does, nor will it break from rust as steels so frequently do.

The "Featherbone Corset" is more conducive to HEALTH, COMFORT and STYLE than any other Corset in the market.

In FLEXIBILITY it is unexcelled, unequalled in DURABILITY, and to the wearer is

We use the Morris Piano furnished by W. H. Leach, 39 Metcalfe st.

The Aeolian

Looks like an upright piano, and sounds like an orchestra.

It is, first, a 5 octave key-board organ, complete and perfect in every detail, operated like any other organ. Inside this organ is an automatic action, which is operated by simply pulling a stop. Anybody can then by this means play CORRECTLY the most difficult pieces, but the GREAT POINT is that a musician or a person of taste who cannot play herself with her fingers can render not only correctly but ARTISTICALLY the most difficult compositions of the great masters, with all the beautiful changes of tempo and delicate shadings of tone colour.

It is highly recommended by the greatest musicians as specially adapted for classic and operatic music.

You cannot form any idea of it until you hear it. Musicians and visitors always welcome.

Illustrated Catalogues free.

The AEOLIAN, as well as the AERIOL and the PIANOLA are on exhibition daily at our warerooms, and you are earnestly invited to call and see them.

RUSSIA'S ADVANCE IN CHINA CONTINUES

Muscovite Occupation of New Chwang Means Total British Abandonment of Manchuria.

THE EMPEROR SEES A PHYSICIAN.

LONDON, October 20.—A despatch from Shanghai to a London news agency says: "A Russian regiment occupied the town of New Chwang (Province of Liao-Tong), and the forts at the mouth of the River Liaou on October 15, thus securing complete possession of New Chwang. The native troops fled without making any opposition, under orders from the Empress Dowager, and Li Hung Chang.

"A British gunboat was in the river at the time. Its non-resistance is regarded as the virtual British abandonment of the whole of Manchuria to the Russians, and gives Russia an invaluable strategic position. Great Britain is certain to lose the New Chwang trade, of which it has had eighty per cent."

EMPEROR SEES A DOCTOR.

A Pekin telegram describes the visit of a European physician to the Emperor on Tuesday morning. The doctor made a minute examination of His Majesty in the presence of the Dowager Empress, Prince Chang and a number of Mandarins. Exact details as to the specific disease from which the Emperor is suffering were not obtainable. But he is weak, anaemic, and requires constant care. He is in no immediate danger, was cheerful, and showed the utmost deference to the Dowager Empress. The doctor promised to send His Majesty a prescription.

It was at the suggestion of the British Minister, Sir Claude Macdonald, that the Chinese Foreign Office requested the physician attached to the French Legation to examine the Emperor, the reason assigned for this step being that this physician was the only one attached to the legation.

The examination of the Emperor by a foreign doctor is a complete innovation. It has often been urged, but has always been refused by the Emperor himself, and the Dowager Empress has evidently taken this step for the purpose of silencing rumours as to the Emperor's condition.

PREPARING FOR TROUBLE.

The Hong Kong correspondent of the Daily Mail says The Magistrate of the Si Nan district, which includes most of the territory about to be annexed to Hong Kong, has applied to the Canton Government for troops to suppress an anticipated uprising against the British occupation. Many Hong Kongers who are willing to bear arms have been enrolled.

THE KAISER'S TOUR.

Emperor William Amazes the Staid Turks With His Pageantry.

CONSTANTINOPLE, October 20. — Emperor William furnished the staid Turks on Wednesday with one of the most interesting days in the annals of their capital in his time. The city was crowded and the sightseeing and ceremonials would have exhausted a less enterprising potentate. Wherever he went he was greeted by throngs of cheerbusts of Emperor William I. and the late ing inhabitants.

Early in the morning he proceeded to Fyout, in the State caique, propelled by fourteen black oarsmen. He made a theatrical progress around the old walls, his suite accompanying him.

In the meantime the Empress made an excursion to Mount Tchamlidja, on the Asiatic coast of the Bosphorus.

Their Majesties returned to the Yildiz Kiosk at noon and gave a reception to the foreign envoys, after which they went on an excursion to the Upper Bosphorus, dining with the Turkish Minister of Marine on board the Turkish Imperial yacht Sultanish. The marine band played during the banquet. Then Their Majesties boarded the German gunboat Loreley and returned to the Yildiz Kiosk.

The German warships were brilliantly illuminated in the evening, their outlines being traced by electric lights. It was the first display of the sort Constantinople had seen.

The exchange of souvenirs continues. Emperor William has presented the Sultan with busts of Emperor WilliamI. and the late Empress Augusta. The Order of the Black Eagle has been bestowed upon the Grand Vizier. The Sultan has decorated all the members of the Kaiser's suite.

PENNY POSTAGE.

Great Britain is Ready to Give It to the United States.

LONDON, October 20.—Enquiry made at the General Post Office here shows that the postal authorities here know nothing officially of the fact that the Third Assistant Postmaster-General of the United States, John A. Merritt, will, in his annual report this year, recommend the reduction of ocean postage between the United States and Great Britain to two cents a half ounce, which would mean a great saving to business houses on both sides of the Atlantic having a large correspondence.

The only information which has reached here was contained in cable despatches announcing these facts. The officials of the British Post Office say the matter stands as follows: When a reduction of the postage between Great Britain and her colonies was decided upon, the idea of a similar arrangement with the United States was mooted and well received by the British authorities. But, they now add, the only objection is that the United States may wish to make it a step for a similar reduction with other countries of the Postal Union for which Great Britain is not yet prepared.

"But," one of the British Postal officials remarked, "for such an arrangement with the United States as the great English-speaking nation, having the closest commercial and social relations with us, we are quite ready."

Miss Laura Williams, of Chicago, the daughter of Norman Williams, and granddaughter of the late Judge John Dean Caton, is journeying over the Atlantic on the Cunard steamship Campania to be wedded in London some time within the next two weeks to Major-General Wesley Merritt, military governor of the Philippine Islands, to whom her engagement was announced five months ago. The ceremony will be performed in London, and will be without unnecessary publicity. After the wedding takes place General Merritt will return to Paris with his bride to await the completion of the negotiations of the peace commission.

THE DREYFUS CASE.

President Faure Will Send a Message to the Chambers.

REVISION ON THE FORMER TRIAL IS NOW DEEMED CERTAIN.

PARIS, October 20.—It is believed that the Court of Cassation will take up the Dreyfus case next week, and the general impression is that the decision will be in favour of revision.

The court has obtained documents concerning Comte Esterhazy, the late Lieut.-Col. Henry and Madame Peys, and their mutual relations. It will demand all the documents bearing on the case, and call witnesses, including Col. Picquart.

M. Cavaignac, the former minister for war, is credited with the intention, when Parliament re-assembles, of calling upon the Government to take the question of Dreyfus revision out of the hands of the Court of Cassation; but it is believed that no precedent exists for such interference.

Le Soir says: "M. Faure will send a message to the Chamber of Deputies regarding the Dreyfus case, when Parliament re-assembles, and it is predicted by some that he will appeal for a reconciliation of the factions now disturbing the country's tranquility.

BRISSON MAY RESIGN.

The French Premier Broken Down by the Cares of Office.

M. HENRI BRISSON.

PARIS, October 20.—Le Matin says that the health of the Premier, M. Brisson, is such that he wishes to retire from the Cabinet and is considering with the President the choice of his successor, which may possibly be M. Bourgeois, the present Minister of Education.

CARMEN IN REAL LIFE.

A Remarkable Tragedy in Berlin Which Resembles Bizet's Masterpiece.

BRUSSELS, October 20. — "Carmen," the beautiful and dramatic little tale by Prosper Merimee, so ingeniously treated by Bizet in music, was enacted here almost to the letter in real life at one o'clock on Tuesday.

A young man named Ferdinand B., employed in a life insurance company, had neglected his business and friends during some weeks, being desperately in love with a young Spanish singer, Carmen de Salvados, of Seville, who was engaged at Olympia Bourse Music Hall. He was prepared to marry Carmen, but latterly she made him most unhappy by her unfaithfulness and overt relations with a well built actor.

Tuesday morning, just after midnight, Carmen went to a cafe with this man, and after playing cards just as in Bizet's opera, left with her favoured lover. Thereupon, maddened with jealousy, Ferdinand B., who was in ambush, rushed at her, and after a short struggle, stabbed her three times in the breast. Carmen fell on the pavement, Murmuring the same word as the Carmen of fiction, "Coward!" she died within a few minutes. Ferdinand B. was arrested.

Every one is struck with the wonderful similarity of this real drama to the fiction.

Ferdinand B.'s counsel will even probably plead that literature and music greatly influenced the murderer in committing the crime, and that, having to do with a Carmen so like the Carmen of fiction, Ferdinand B. was impelled by musical reminiscences and his own unhappiness to the same denouement as that of the book and opera.

SWEDES FOR THE NORTH-WEST.

(Special to the Star.)

TORONTO, October 20.—Alfred Akherlindn, Dominion Immigrant Officer, of Ottawa, met at the Union Station to-day a family of Swedes who are on their way from Pennsylvania, to take up their home in Alberta. These settlers are part of a group of families who are also going to the North-West, but who have gone by way of Montreal. Mr. Akherlindn and his charge will meet the rest of the party at Carleton Place, from where they will be sent on in charge of Mr. C. O. Swanson. The little group this morning, comprised about a dozen individuals, of whom nine were children ranging from four years to fifteen or sixteen, boys and girls, and a very vigorous, healthy looking family they were. Mr. Akherlindn acts as interpreter, and has this season accompanied about 4000 persons up to the North-West.

CONFERENCE OF RAILWAY PRESIDENTS.

Sir William Van Horne's Letter to Sir Charles Rivers-Wilson Defining His Position on the Troubles Between the C. P. R. and Grand Trunk.

When Sir Charles Rivers-Wilson, president of the Grand Trunk Railway, was in this country a few weeks ago on his annual tour of inspection of the system, a conference took place between that gentleman and Sir William Van Horne, president of the Canadian Pacific Railway. The subject discussed by the heads of the two great railway systems of Canada was the matters in dispute between the two roads, namely: the transcontinental passenger rate war and the North Bay route disagreement. At the time no record was kept of the discussion and Sir William desired that his attitude on the points at issue should go on record in order to avoid any misunderstanding. He directed the following communication to Sir Charles Rivers-Wilson in time to reach that gentleman before sailing from Canada:

Montreal, 1st September, 1898.

Dear Sir Rivers,

In order to guard against any possible misunderstanding I beg leave to state in writing our position concerning the questions we have recently discussed.

The two main questions between our respective companies are

First. The existing demoralization of transcontinental and local passenger rates;

Second. The further use of the Grand Trunk line between Toronto and North Bay as a means of connection between the Canadian Pacific Company's lines in Middle and Southern Ontario and its main line.

The first question is of immediate and pressing importance to the Grand Trunk, the Canadian Pacific Companies and to all of the Trunk and Transcontinental lines as well.

The second question is a domestic matter in which lines other than the Grand Trunk and Canadian Pacific are not necessarily interested.

As regards the first question, the Canadian Pacific was indisputably the party attacked and while we felt quite justified in our demand that rates and conditions ante bellum should be restored as a condition precedent to a meeting of the lines interested, looking to a new arrangement, we proposed later on that disinterested arbitrators should determine whether the rates and conditions should be restored in whole or in part or not at all as a condition precedent to such a meeting. The fairness of this was recognized by your own company which assented to it, as did all the other lines interested, save two of your Western connections—the Great Northern and the Northern Pacific. So matters stood until, quite recently, a proposition from a disinterested source was made to the lines interested, that the transcontinental passenger rates should be restored and the question of differentials to the Canadian Pacific submitted to arbitration and pending such arbitration the Canadian Pacific should be allowed one-half the differential it formerly enjoyed. We indicated our willingness to join the other lines in the restoration of rates on these conditions and we have indicated to you our willingness to agree that as between the Canadian Pacific and Grand Trunk all passenger rates should be restored at the same time to the ante bellum basis.

You have emphatically stated that the termination of the North Bay arrangement by the Grand Trunk had no connection with or relation to the transcontinental rate question. Certainly the question of the future use of your North Bay line for our traffic has no relation to the transcontinental rate matter.

Whether or not we shall make use of your North Bay line for our Ontario traffic instead of using our own longer line, as we are now doing, or instead of making a new and shorter line of our own, we cannot permit anybody to determine for us. That is not a proper subject for arbitration. We may or may not be able to agree with you for the use of your line, but there is no reason why negotiatiois concerning this matter should in any way be complicated with or delay the settlement of the passenger rate difficulty.

Yours truly,
(signed) W. C. VAN HORNE,
President.

Sir Charles Rivers-Wilson, G.C.M.G.
President Grand Trunk Railway Company.

Notes of the News.

A Chinese wrecking firm has gone to Manila to raise the sunken Spanish warships.

The new Grand Trunk grain elevator at Midland, Ont., commenced operations on Tuesday.

The schooner M. & E. Jackson is reported ashore as Buctouche, and is likely to prove a total wreck.

Lord Herschell was entertained at the Hotel Dufferin, St. John, N.B., by the citizens on Wednesday evening.

Captain Young, inspector of customs at Winnipeg, denies that any of the officials there are short in their accounts.

A schooner load of flour is to be shipped by the Quebec Government to the destitute fishermen of the Labrador coast.

W. Doyle's hardware store at Quebec was badly damaged by fire on Wednesday night owing to an explosion of gunpowder.

Mr. Wm. McInnes, of the Geological Survey, who has been doing field work in the Rainy River district, has returned to Ottawa.

The Council of Agriculture of the Province of Quebec has adopted resolutions of regret at the death of the late E. A. Barnard.

Major-General and Mrs. Hutton, when they visit Kingston, will be tendered an at-home by the officers of the 14th Battalion.

Lord and Lady Aberdeen have promised to open the new civic buildings at Toronto when they visit that city next month.

Mr. W. J. Christie, who was some time ago made Collector of Inland Revenue at Calgary, has been dismissed from the service.

Admiral Schley has been placed in command of the naval station of San Juan de Porto Rico. He will be relieved very soon, however.

Mr. A. D. Provand, M.P., of Glasgow, is again in Ottawa to ask a reconsideration of the claims of the Chignecto Ship Railway Company.

The Grand Jury at Carlinville, Illinois, on Wednesday commenced investigating the Virden riot with a view to indicting the guilty parties.

The roundhouse of the Canada Eastern Railway at Gibson, N.B., was destroyed by fire on Monday morning. Six engines were also destroyed.

John Landversiche was arrested at Hamilton, Ont., on Wednesday and taken to Dunkirt, N.Y., where he is wanted on a charge of grand larceny.

The Cabinet of Senor Carlos Walker Martinez in Chili has resigned.

The schooner Emma Marcell, from Harbour La Care, Sydney, C.B., is supposed to have been lost in the recent storm. She carried a crew of three.

John Grills, a Canadian Pacific Railway brakeman, of London, had his left leg badly smashed at Innerkip, Ont., on Wednesday night. His foot was amputated.

Baron Von Rotenham, the German Minister to Sweden, has been chosen to represent Germany at the Vatican, in succession to Baron Von Buelow, who was recalled.

The Ontario Provincial Convention of the King's Daughters and Sons was opened at Stratford, Ont., on Wednesday. Lady Tilley, the Dominion secretary, presided at the meeting.

A handsome marble bust of the late Sir William Molesworth, Secretary of State for the colonies in 1855, has been presented to the Canadian Parliament, and installed in the library at Ottawa.

The Inland Revenue Department have seized five barrels of signal oil imported at Ottawa by the Canada Atlantic Railway for their own use, on the ground that no manifest has been received.

The schooners Varuna and St. Anne were in the big storm on the river below Father Point a few days ago, and it is feared they have been lost, as no news has been heard from them.

At the athletic sports of the Royal Canadian Regiment at Halifax, on Wednesday, the top man of a pyramid formation waved in one hand the Union Jack and in the other Old Glory.

The Board of Managers of the Woman's Missionary Society of the Methodist Church, in session at Kingston, Ont., report a membership of 22,780, and collections of $37,731 during the past year.

The congregation of St. Andrew's Church, Toronto, at a meeting last night, decided not to oppose the call extended to their pastor, Rev. Mr. McCaughan, by the Third Presbyterian Church, of Chicago.

The Provincial Council of Agriculture of Quebec has elected Mr. Dupuis its president, in succession to Sir Henry Joli de Lotbiniere, and the Government has named Mr. Ouellette as secretary of the Council.

The Department of Agriculture at Ottawa has received complimentary letters from Hon. Robert Gibson, Lord Mayor of Manchester, and Mr. F. B. Girdlestone, manager of the Bristol docks, concerning shipments of Canadian produce.

Mr. B. M. Britton, M.P., of Kingston, is asking for the commutation of the sentence of seven years in the Bingston penitentiary passed upon Geo. Ciute at the Brockville Assizes a few months ago for stealing a harness worth about $2.

The schooner Brisk and the schooner Mary Hannah collided off Cranberry Head C.B., on Wednesday. The Brisk sank but the crew and one lady passenger were saved. The Mary Hannah was towed into North Sydney in a leaking condition.

The Cadets of the Royal Military College, Kingston, were addressed by Right Hon. Sir Wilfrid Laurier on Wednesday. Lord Aberdeen also addressed the Cadets. He offered to do anything he could for graduates of the college when they go to England.

From Hong Kong comes the news of a robbery of 10,000 yen ($5,000), from H.M.S. Narcissus, by bluejackets, who escaped on a Japanese steamer bound to Yokohama. The steamer was pursued and overhauled by a torpedo boat destroyer, and the men captured.

At a meeting of interested citizens at London, Ont., on Wednesday night, Major-General Hutton was instructed to convene a committee of citizens to consider means of thoroughly reorganizing the 7th Battalion, which the General has found in a deplorable condition.

Within two weeks twenty-five children, pupils in a public school at Scranton have died of what was believed to be diphtheria. Sewer gas from the sewer pipe accumulated at night, and was fanned into the class rooms through the cold air pipe during the day.

On Sunday, October 2, Samuel Fogal's team was stolen from a church shed at Oil City, Ont. He recovered it at Forest, Ont., on Wednesday. The buggy and horse were found hidden in some shrubbery, and it was evident that the robbery was the work of tramps.

The captains, hunters and others, of Victoria, B. C., engaged in the sealing business are framing a protest, to be sent to Ottawa, against the proposed sale of the schooners upon which they rely for their livelihood. They will claim compensation if the sale is decided upon.

In the South Huron election protest case a motion was made at Osgoode Hall before Judge Osler, to commit Henry Elliot, Conservative M.P., for the riding, for contempt of court, for not appearing for examination when called on. The motion was enlarged till Friday.

The machine invented by C. L. Emerson for the conversion of sawdust into commercial products, was given another test at Ottawa on Wednesday. Samples of the oil and acid produced were taken by Prof. Rattray of McGill University, who will test them at the University laboratory.

Three sisters, Bella, Jeanette and Mary Pearson, of St. Catharines, Ont., barely escaped with their lives on Tuesday night owing to an escaping coal gas. Bella awoke and, realizing the condition of affairs, ran to a neighbour's house. Restoratives brought the other girls around all right.

An Irish-American Union has been formed in New York to work for Col. Roosevelt. Patrick Egan is at the head of the union.

A hail cyclone swept over Malta on Wednesday, doing an enormous amount of damage to property, some of the hailstones weighing a quarter of a pound.

The schooner Selkirk, wheat-laden, was picked up off Alpena, Mich., in a disabled condition on Wednesday. She had three feet of water in her hold, and her rudder was gone.

General Shafter has recommended to the United States War Department that Major G. Creighton Webb, inspector-general on his staff, be raised to the rank of brevet lieut.-colonel for gallantry.

The Crown's case in the Martinville shooting case was closed at Sherbrooke on Wednesday. The defence will endeavour to show provocation for the shooting and a verdict is expected on Friday night.

The Swiss police are closely watching the house of President Ruffy, which Anarchists have threatened to burn; and he has been warned not to open any packages, as the police fear an attempt to injure him by explosives.

An employe in the bacteriological department of Prof. Nathinogel's establishment at Vienna, has died of plague. The professor recently returned from Bombay, and has been cultivating the bubonic plague bacillus for purposes of investigation.

The case of Herman Warszwaiak, the converted Hebrew, whose reinstatement was referred to the Presbyterian Synod by the eGneral Assembly, came up before the Synod at Elmira, N.Y., on Wednesday. A committee of investigation was appointed.

After an absence of three and a half years, the two journalist globe trotters, Messrs. Leroy and Papillaud, have returned to the French capital. They left Paris on January 8, 1895. On their journey they published a paper called En Route, whica supported them.

The entire coast line of Newfoundland has been swept by the recent storms, and it is feared that there has been great devastation in the northern sections and along the Labrador coast. Several reports of drowning accidents and shipping disasters have been received at St. Jonns.

The House of Bishops of the Episcopal Convention at Washington, has taken final action on the establishment of a bishop in Brazil. The church in Brazil will remain directly responsible to the authorities in the United States, until it has advanced to the point of having three bishops.

Express train No. 14, due at Brockville, Ont., from Toronto at 8.50 Wednesday night, had a narrow escape from being wrecked a short distance west of Brockville. A heavy steel rail had been placed across the track. The air brakes brought the train to a sudden standstill. The rail was bent into the shape of a V.

Judge Andrews, of Quebec, has taken under advisement a motion by Mr. Alphonse Charlebois, who is sued by the Union Bank of Canada for $150,000, asking that the proceedings in this case be suspended until the execution of judgment rendered by the Privy Council in May last, in the case of Delop vs. Charlebois.

Superintendent Fitzhugh, of the middle division of the Grand Trunk Railway, denies that any of the telegraphers are to be taken off between Toronto and Belleville, as it is impossible to do without them where there is only a single track. The new train running rules will not be put into operation until the employes are thoroughly conversant with them.

The London police have discovered in Red Lion square an establishment which supplies professional beggars with the sympathetic appliances used by them to impress the urgency of their distress upon the public. A large assortment of wooden legs and arms, asthmatic hand organs and fiddles, wigs and beards, ragged suits and dresses were found.

At the Assize Court in Hamilton, Ont., on Wednesday, Justice Ferguson dismissed the suit of Ernest Kraft against the city corporation for injury sustained by falling over a loose plank in the sidewalk. Mrs. Cummings, who sued the city for damages for injuries, caused by her dress catching in a nail in the sidewalk and throwing her down, was given $500 damages.

Edouard Rod, the novelist and contributor to the Revue des Deux-Mondes, has been engaged by the Cercle Francais de l'Universite, Harvard, to give a course of lectures on French literature under its directions before Harvard University during the coming academic year. These annual series of lectures were inaugurated last year by M. Rene Doumic, the literary critic of the Revue des Deux-Mondes. M. Paul Bourget, of the French Academy, will probably be the Cercle lecturer in the year 1900.

The Hinton Manufacturing Company, of Sherbrooke, have made application to the City Council for a reduction in the valuation of their mills, setting forth that, owing to the present condition of the woollen industry, the company had ceased to be a paying concern. With one exception, no dividend had been paid since 1890, and the prospects for the future are not bright. Tariff reductions, permitting of competition from German mills was responsible for the condition of affairs. A motion that the valuation be reduced $100,000 was lost on the Mayor's casting vote.

A GREAT JOURNALIST DEAD.

Harold Frederic, One of the Best Known Anglo-American Newspaper Men, Passes Away.

LONDON, October 20.—Harold Frederic, the well known writer and London correspondent of the New York Times, died at Henley of heart disease on Wednesday. He had been ill for some time, but recently had much improved in health. Mr. Frederic showed symptoms of heart failure early yesterday morning.

Harold Frederic was born at Utica, N. Y., on the 19th of August, 1856. He was the son of Henry Demotte Frederic, and descendant of Dutch, French and New England ancestry. He was educated in the common schools of Utica until he had reached the age of 13. He began work as a draughtsman, became a reporter in Utica in 1876, and editor of the Utica Observer in 1880, and editor of the Albany Evening Journal in 1882. In 1884 he went to Europe for the New York Times, and did correspondence work for that paper until his death. Books that he published are: Seth's Brother's Wife, 1883; In the Valley, 1339; The Lawton Girl, 1890; The Return of the O'Mahoney, 1892; The Copperhead, 1894; Marsena, 1895; Illuminations (in the United States, The Damnation of Thereon Ware), 1896; March Hares, 1896; The Emperor William II, 1890; The New Exodus, Israel in Russia, 1892.

Frederic's most important newspaper work was done in connection with the cholera in Southern France and Italy. He told the cause of that disease and described the heroism of the sisters. Subsequently he went to Russia and wrote up the persecution of the Jews, for which he was practically driven out of the country and had never been able to return. He described also the funerals of the Emperor Frederick and of President Carnot.

A SHERBROOKE JOURNALIST DEAD.

(Special to the Star.)

SHERBROOKE, October 20. — Edwin Avery, an old resident of this city, dropped dead while walking along Queen street on Wednesday. Heart failure was the cause. Deceased came to Lennoxille in 1873, and was for several years English master and bursar of Bishops College School. Later he became editor of the Sherbrooke Gazette, and for a time published the News-Letter in this city. He was born in London, Eng., in 1836.

INDUCTED AT MARTINTOWN.

(Special to the Star.)

LANCASTER, Ont., October 20. — The Presbytery of Glengarry met in the Burns Church, Martintown, on Tuesday afternoon, to give effect to a call extended to the Rev. Hugh McKellar. The meeting was presided over by the Rev. A. Graham, B.A., of Lancaster. The Presbytery having satisfied itself that there was nothing to preclude them from proceeding with the induction of Mr. McKellar, the public service was entered upon. The Rev. C. E. Gordonsmith, F.S. Sc., of Lancaster preached an eloquent and appropriate sermon; the Rev. A. Given, B.A., addressed the minister, while the Rev. D. D. McLennan, of Apple Hill, addressed the congregation.
