

## GERMAN ONSLAUGHT REACHES HIGH TIDE IN THE EAST

### Great Fortresses of Warsaw and Ivangorod Captured, and Fall of Riga is Imminent. Much Solitude is Expressed For Army of Grand Duke, as Invaders Are Endeavouring to Envelop Retreating Forces. Russian Forces Are Fighting Their Way Backward to Russia Proper, and Inflicting Heavy Blows Where Possible.

London, Aug. 6.—(Special)—With the great Russian forces of Warsaw and Ivangorod captured, and the fall of Riga, the capital of the Baltic provinces, imminent, the Austro-German onslaught has reached its high tide in the east, and the next step will be the German Emperor's triumphant entry into the Polish capital. That event is likely soon to be followed by the pronouncement of a united and semi-autonomous Poland, embracing not only the territory wrested from the Russians, but the Austrian crown land of Galicia.

### EVACUATION OF IVANGOROD ANNOUNCED.

Vienna, Aug. 6, via London.—(Special)—The occupation of Ivangorod yesterday by Austro-German forces is announced in an official telegram from the front.

The evacuation of Ivangorod apparently was admitted last night by Petrograd in an official statement, which said: "In the Ivangorod district the Russians have crossed to the right bank of the Vistula, blowing up the bridges behind them."

London, Aug. 6.—(Special)—"The Russian War Office has set aside \$25,000,000 to help pay the cost of the removal of the Warsaw mills and factories to the interior of the Empire," says the Petrograd correspondent of the Times. "The Warsaw retreat is less the direct outcome of the engagements on the Blonio line and in the Novo Georgievsk region of Ostrolenka and the mouth of the Skwa. The enemy threatened to cut our rear communications and deprive us of the opportunity of regrouping while by their offensive in the Lomza district, which is beginning to overshadow even the Vistula front in strategic importance, the Germans are striving to effect a deep envelopment of our forces on the Vistula River."

Paris, Aug. 6.—(Special)—An official report given out by the French War Office reads as follows: "At the Dardanelles since the beginning of August there has been no striking development to report, the activity being confined to intermittent artillery duels and much movement on the part of aviators. "The Government has decided to replace General H. G. E. Gouraud, commander of the French expeditionary force at the Dardanelles, by General Sarrail, who has been named commander-in-chief of the army of the Orient."

Paris, August 6.—(Special)—The French War Office this afternoon gave out the following statement on the progress of hostilities in France: "In the Artois district there were during almost all last night a series of engagements with hand grenades around Souchez. In front of Neuville St. Vaast a German attack was easily and quickly checked. "In the Argonne the fighting with bombs and other explosives, supported by artillery actions, took on greater intensity during the night, particularly in the neighborhood of Hill No. 213. "In the region of Fontaine aux Charnes and in the direction of St. Hubert, to the west of Hill No. 231, the Germans endeavored to move out from their trenches, but they were at once checked by our fire. "On the heights of the Meuse, at Bois Haut, the enemy delivered two attacks, each of which was without success. Our assailants were driven back with hand grenades and by the fire of our infantry. "In Lorraine the Germans during last night bombarded the Village of Embermenil as well as our positions around Reillon. "Two German aviators have thrown down on the Village of Fraize, in the Valley of the River Mourthe, a total of ten bombs, killing two women and one soldier. "In the Vosges the night passed quietly."

London, Aug. 6.—The Germans are in possession of Warsaw, capital of Poland, and the third largest city in the Russian Empire. Bavarian troops entered the city yesterday morning, having taken successfully the Blonio lines and the outer and inner fortresses of the town itself, the Russians only fighting rearward actions to allow their main army to make good its escape. While the Bavarians, commanded by Prince Leopold, has fallen the honor of taking over Warsaw in the name of the German Emperor and his consort, who are expected to make a state entry within a few days, the real fighting is being done by the troops fighting under Field-Marshal von Eyndenberg, along the Narow River to the northeast, to the Austro-Germans, who crossed the Vistula to the south of the city, and to the armies of the Austrian Archduke Joseph Ferdinand and the German Field-Marshal von Mackensen, which are advancing northward between the

Warsaw and the Bug rivers. The Russians are fighting desperately and stubbornly to check the progress of these four armies and have had several successes, inflicting heavy losses on their pursuers; but they are being steadily pressed back, which made the longer occupation of the Warsaw Polish salient a hazardous undertaking. Even now, although the steadiness of the Russian troops and their fierce counter-attacks have gained much valuable time for them, it is problematical whether the whole Russian army will succeed in reaching the new positions chosen for it, or whether, if it should get there, it will not find these positions turned by the Austrians, who have crossed the Bug southeast of Cholm, and the Germans under Generals von Scholz and von Gallwitz, who have crossed the Narow.

## WARSAW IS DENIED

From refugees who left Warsaw some days ago and have arrived at Moscow, it has been learned that Warsaw even at that early date had been denuded of virtually everything that might be useful to the Teutons. Factories have been stripped of their

## VIEWS SITUATION WITH ANXIETY

### But Lloyd George Says He Sees a Ray of Hope on Eastern Horizon

ENEMY IS SHATTERING THE RUSTY BARS THAT FETTERED THE SOUL OF RUSSIA

London, August 6.—Speaking to 10,000 Welshmen at Bangor yesterday afternoon before he had heard of the fall of Warsaw, David Lloyd George, the minister of munitions, referred to the situation in the east in these terms: "I view it with anxiety, but not with dread. I can see a ray of hope in the dark horizon—the regeneration of the great people of Russia. Our enemies do not understand what they are doing in the east. Their mighty cannon are shattering the rusty bars that fettered the soul of Russia. "Look at Warsaw. What is happening behind that? The Russian people are shaking themselves free from stifling debris, their mighty limbs preparing with new spirits and new hope for a new land. "Austria and Prussia are doing today for Russia what their military ancestors did for France. They are hammering a sword that will destroy them."

### ITALY AND TURKEY CLOSE TO WAR

#### Tension Acute Over Procrastination of Porte's Reply to Tripoli Affair

Rome, August 6.—The tension between Italy and Turkey is declared here to be becoming daily more acute. Italy is said to have asked for categorical explanations concerning Turkey's alleged refusal to withdraw her troops from the Cyrenaica district in Tripoli, and Turkey is pursuing what is described as her usual policy of procrastination. In official circles here the feeling is held that hostilities on the part of Italy may commence at any moment, as Italy's last note to Turkey was almost of the character of an ultimatum. Two hundred and fifty thousand men in the provinces of Bari, Foggia and Lecce are said to be prepared to sail from Brindisi on short notice.

## GOVERNMENT OF POLAND

### Germany to Issue Proclamation Declaring Country a Semi-Autonomous State

Rotterdam, Aug. 6, via London.—(Special)—Emperor William, the Courant says, will return to Berlin Sunday to preside over an important Cabinet conference at which the heads of all German States and the Austrian Archdukes will be present. Proposals will be considered for issuing a proclamation declaring Poland a semi-autonomous state and placing it, together with Galicia, under joint rule of Germans, Austrians and Poles. These plans will be submitted to the Reichstag August 17, the Courant asserts.

## BELGIAN MINERS GO ON STRIKE

### Clash With German Soldiers in Mons District of Belgium

DISORDERS ARE ALSO REPORTED FROM CHARLEROI OVER HIGH COST OF FOOD.

Havre, Aug. 6.—(Special)—Miners in the Mons district of Belgium have gone on strike. According to reports received here, groups of miners collided with German soldiers and a serious riot followed, during which two Germans and seven miners were killed. Disorders are also reported from Charleroi, the disturbances there resulted from the high cost of food the stores having been pillaged. German troops are said to have charged a crowd of civilians which had congregated, killing ten and wounding forty. Four battalions of the Landsturm have been sent to Mons and two to Charleroi.

## East Angus Will Give Machine Gun to 5th C. M. R.

East Angus is out for a machine gun to be presented to the Fifth Mounted Rifles, and the amount \$1,000, will be in the treasury by Saturday, said a prominent citizen, in sending in the first list of contributions to the Record this morning. The response has been a most generous one, and all classes of the community went into their pockets for a contribution. The Russians employed at East Angus clubbed together and each gave one dollar. The adjoining town of Cookshire wanted to join in the subscription list, but the East Angus people replied that they were big enough to take care of themselves, and would see that the amount required was subscribed without any outside assistance.

## Megantic County Will Give Two Machine Guns

Inverness, August 6.—(Special)—On the invitation of the Inverness Patriotic Society, representatives of the County of Megantic met at the Court House, Inverness, on Wednesday afternoon to consider the suggestion that the County should contribute two machine guns, one by private contributions, and the other as a county. It was decided to ask the County Council at the next meeting to vote enough to pay for one gun, while existing organizations are to be asked to assist in raising enough to purchase the other. While the various centres will be expected to help on with the work, the Rev. Mr. Howe, of Inverness, was elected secretary-treasurer for the special machine gun fund. In order to facilitate the acknowledging of amounts received, it was decided to acknowledge all contributions through the Sherbrooke Daily Record. That there may be as little delay as possible in forwarding the guns, an appeal was made that all contributions should be sent in promptly. The first list of contributions should appear next week. In connection with this fund the entertainment committee was respectfully requested to make arrangements for an entertainment to be held on or about the 16th inst., notice of which will be given later.

## BRITISH TAKE UP GERMAN TRADE

### English Steamships Will Call at Ports of Conquered German Southwest Africa

London, Aug. 6.—(Special)—Two lines of English steamships are preparing to have their vessels call at the ports of the conquered German territory in German Southwest Africa. Heretofore the British steamship lines have not been allowed to call at the ports of Swakopmund and Luderitz Bay, although German ships were allowed free access to the British ports on the African coast. It is expected that direct railway communication between the port of Swakopmund and Rhodesia will be established shortly.

## SWEDEN CANNOT SPARE DOCTORS

### Austrians Told That They May be Required Any Day For Own Army

Copenhagen, Aug. 6.—(Special)—A despatch received here from Malmo, Sweden, says that Dr. Bauer, head physician of the Malmo Hospital, has denied an urgent request from the Austrian Government for six doctors and forty-eight nurses, to be sent to Munkacs, Hungary. Dr. Bauer in replying is declared to have said: "I regret that I cannot spare a single doctor or nurse, as our country may now need them almost any day for our own army."

## DEMANDS PEACE IN MEXICO

### North and South America Give Mexican Leaders a Last Opportunity

Washington, August 6.—Armed factions in Mexico are to be given one more opportunity to say whether they are ready to make an honest effort among themselves to compose their differences. A message expressing the concerted demand of North and South America that there shall be peace and restoration of constitution government addressed to all the Mexican political and military leaders, probably will be despatched within a few days as one of the first results of a conference at the State Department yesterday, in which the six ranking diplomats of the Pan-American Legation Corps participated with Secretary of State Lansing at the invitation of President Wilson.

## FIVE PERSONS WERE DROWNED

### Automobile Skidded When Crossing Bridge and Went Into Lake

ALL THE VICTIMS BELONGED TO TORONTO AND WERE AT A MUSKOKA HOTEL.

Port Sydney, Muskoka, Ont., August 6.—Five persons, guests of the Clyffe House, were drowned at 3 o'clock yesterday afternoon when the car in which they were returning from an excursion in company with four other carloads of visitors, skidded on the bridge spanning Long Lake, and, breaking through the railing, plunged into the lake. The dead are: Henry R. Alley, 65 years, head librarian of the Ontario Education Department, 16 Foxbar road, Toronto. Fred Alley, 6 years, son of above. Miss E. M. Lawson, about 30 years, Toronto, sister-in-law of Dr. J. W. E. McCullough. Angus Lawson, 12 years, nephew of above. Beverly Swabey, 10 years, son of Mr. Charles Swabey, Toronto, barrister, 61 Admiral road. Harold Swabey and Douglas Lawson, boys, also occupants of the car, succeeded in tearing open the curtains which proved a death trap to the others, and reaching the shore. John Clark, chauffeur, also escaped. A party was at once organized to recover the bodies, and Albert Bell, of Huntsville, a returned invalid soldier, dived several times. The first body recovered was that of Angus Lawson, and at first it was thought life was not yet extinct, but all attempts at resuscitation failed. An inquest was opened and adjourned.

## DR. J. B. COMEAU, FARNHAM, DEAD

### Passed Away in Montreal Hospital This Forenoon Following An Operation

WAS A CANDIDATE TWICE FOR PARLIAMENTARY HONORS IN MISSISSQUOI

Farnham, August 6.—(Special)—Word was received here this forenoon that Dr. Comeau had passed away in the Hotel Dieu Hospital, Montreal this morning. He underwent an

operation some days ago. He leaves a widow and thirteen children. Dr. J. B. Comeau was born at River David, County of Yamaska. He graduated as a physician and surgeon at McGill University, and after practicing in his native place, came to live at Farnham about twenty years ago. He has always taken a keen interest in public affairs, and whilst mayor of Farnham was instrumental in building the steel bridge and the water works. When Mr. McCorkill was appointed legislative councillor Dr. Comeau was candidate against Dr. Cotton to fill the vacancy in Missisquoi in a bye-election, but was defeated by a majority of 13, reducing the former one by about 400. At the general election in 1908 he was again unsuccessful against Mr. Meigs, who was elected by a majority of 26. Dr. Comeau was well known throughout the county and was looked upon as the strongest candidate the party could have chosen.

## METZ AGAIN REMANDED

### Prisoner Decline to Waive Re-Reading of Evidence

ACCUSED REPUDIATED ATTORNEY ACTING FOR HIM IN MR. RIOUX'S ABSENCE

James Metz, one of three men accused in the Capeton murder case, and who was remanded on Wednesday when he insisted on the re-reading of the depositions, was brought up again before Judge Mulvena this morning. Accused was now represented by Mr. Belanger, as Mr. Rioux, who has been defending accused, is away on his holidays. Mr. Belanger stated he had been instructed by Mr. Rioux on behalf of the accused to waive the re-reading of the evidence. In answer to a question put by the Court through the interpreter as to whether he had instructed Mr. Rioux to waive the re-reading of the evidence, Metz said he wanted to wait for Mr. Rioux's return. Mr. Nicol complained that these matters had not been arranged previous to the opening of the Court this morning. The case was then adjourned for an hour while the interpreter had an interview with accused to explain and discuss the matter. On returning to the Court Metz still persisted in waiting for his advocate. Mr. Nicol informed Mr. Belanger that he should have settled the matter with Mr. Rioux and the accused. Mr. Belanger replied it was settled. The Court observed that the accused had the right to insist on the evidence being re-read and had availed himself of it. As he now refused to withdraw it the case was adjourned until Monday morning.

## GERMAN LIBERALS AT VARIANCE

### Wing of Party Opposed to Chancellor's Attitude as to Annexation of Territory

Berlin, via London, August 6.—(Special)—A sharp conflict is in progress within the leading circles of the National Liberal Party, owing to the action of a wing of the party in conducting a private and public campaign against Dr. Theobald von Bethmann Hollweg, the Imperial Chancellor. The campaign centers around the supposed attitude of the Chancellor on the question of annexation of territory and the final settlement of the war, his assailants assuming that he is not ready to go to the lengths in this direction which they and their backers consider proper and justified.

On a blistering hot day, when the whole body is relaxed with heat, half a wineglass of Montserrat Lime Juice, a little sugar and broken ice in a glass of water, makes a summer drink that will linger in the memory. Good wine cannot be made from wild grapes, neither can a wholesome palatable juice be pressed from wild Limes. Montserrat Lime Juice is made from cultivated Limes, and the juice is wholesome, refreshing and palatable. All leading druggists and grocers have Montserrat.

WINDSOR AND BROMPTON GIFTS

Those Received By Pte. Knapp Broke All Records in the Princess Pats REGIMENT WAS IN TRENCHES FOR SEVEN DAYS WITHOUT ANY CASUALTY.

Private Wm. Knapp, of the Princess Pats, sends the following letters to his sister, Miss Fannie A. Knapp, Brompton, in which he acknowledges safe receipt of the parcels sent from Windsor and Brompton.

"July 9.—We had a very quiet Dominion Day in the trenches; I expected a little excitement, but it didn't come off. We do long spells in the trenches here, but it is easy. This is one of the places where they had the unofficial truce Xmas Day, and it has been quiet ever since. We were in seven days once and did not have a casualty, something unheard of in our regiment before. The people here are very brave and good to us. Of course all have sons, husbands or fathers at the war. They seem of an altogether different temperament from the people in Flanders. There even the best expected to be paid for even the slightest thing. Then the undying smile and cheer of the French makes it pleasant. I must close and sleep a little more, as I always stay awake most of the nights, being No. 2 on the gun, sort of second in command."

"July 20.—The two big boxes from Windsor and Brompton arrived the other day and were something to write home about. They broke all records in the P. P.'s. All the machine gun sections and a lot of the others benefited thereby, and it is not all gone yet. We were moving the day they came, so I had to divide up a lot to carry it, but all the more got a taste that way. The toothpicks came in handy, as my teeth are getting pretty bad. I expect a pass to England some time in the week by and by, and hope to get some work done on them then."

"By the time you get this I shall have been gone from home nearly a year. It seems an age to look back, yet the months pass very quickly. 'The grain here seems very good. They are cutting peas near here now. They must have been put in very early. We have had very little good hay weather. 'This is our third day back from the lines. I don't know how long we will be in reserve, but rather expect two weeks. We have had it comparatively easy for two months, but some regiments have been here seven months and had it far easier, so we are getting no more than coming to us. I do wish something would happen to hurry things up a little, but there don't seem much chance for anything but a long drawn out affair. Still we must hope for the best. I think 'Les Boches' are getting their fill, on this front anyway. If we can just put one over them in the Dardanelles, too."

"Don't send me socks or anything like that. By giving them to the societies you do the same thing. I had some from B. C. 'Al Williams is getting on o.k., but was nearly two months in bed, shrapnel always being poison more or less.' He sent me a fine parcel from England last week."

Arrivals and departures: Mr. and Mrs. H. B. Lovell and family accompanied by Mrs. Kilburn, left on Wednesday by auto for a trip to Fitchburg and Boston. Mr. and Mrs. F. Cleveland and Mr. E. O. U. S. REPLY TO AUSTRIA

WILL NOT PLACE AN EMBARGO ON WAR EXPORTS TO THE ALLIES. Washington, Aug. 6.—The American reply to Austria-Hungary's recent diplomatic note suggesting an embargo on war exports to the Allies, on the ground that the traffic has grown in proportions which violate American neutrality, has practically been finished by the State Department and will be despatched to Vienna within the next few days. The note reiterates the position of the United States, as it was expressed on a previous occasion to Count Von Bernstorff, the German ambassador, that "the placing of an embargo on the trade in arms at this time would be a direct violation of the neutrality of the United States."

Mrs. Jackson of Chicago, have been visiting relatives in town. Mr. G. G. Fish is sending \$25 to the Gazette Tobacco Fund, making a total of about \$100 that he has collected and sent from the people of Ayer's Cliff. Major A. L. Pomeroy and family have rented Mrs. Sanderson's cottage for the rest of the summer. Mrs. Fish received a cable message from her husband, Captain Leonard Fish with the 5th O.M.R. stationed at Shorncliffe, stating that accommodations can be secured for her and Mrs. B. Morrill if they wish to cross. They have already begun making arrangements and will probably sail about the middle of the month.

TO IMPROVE TELEPHONE SERVICE IN MEGANTIC CO.

Inverness, Aug. 6.—(Special)—The regular meeting of the directors of the Megantic People's Telephone Co. was held at St. Ferdinand instead of at Inverness, on Saturday, when the most important question affecting the public was that of improving the night and Sunday service, when it was resolved "That the night and Sunday charge be ten cents for each central through which the connection is made, and that the centrals receive ten cents for each such call, and in consideration of the increase in compensation the centrals be asked to respond promptly to all calls at all hours." As far as the subscriber is concerned, the charge remains the same, when but one central is called, and those who have to call through two centrals after hours will be willing to pay the extra charge, so that both may be paid for the sake of prompt service. CROPS GOOD IN QUEBEC PROVINCE

LENNOXVILLE AND KNOWLTON REPORT THE GRAIN CROP EXCELLENT.

Ottawa, August 6.—A special press bulletin just issued by the Census and Statistics Office gives the reports on the condition of field crops in Eastern Canada at the end of July. With regard to Quebec the report says "Excellent reports on the condition of the grain crops have been received from Shawville, Lennoxville, Knowlton, Ste. Anne de la Pocatiere and Baie St. Paul, but at Cap Rouge drought has prevailed, and if the warmer weather continues without precipitation, the grain, it is feared, will ripen prematurely, with diminished yield. The hay crop was poor at Shawville and Ste. Anne de la Pocatiere, but a good average at Lennoxville, Knowlton and Cap Rouge. At Baie St. Paul the crop was small but the quality good. Corn is reported as backward but fairly good."

DEFENDS MUNITIONS SALES TO THE ALLIES

Santiago, Chile, Aug. 6.—El Mercurio the most important newspaper in Chile, yesterday defended the sale of war munitions to the Allies by the United States manufacturers in a vigorous editorial. Should Germany win, said El Mercurio, the American continent would be at the mercy of the country which would be able to produce the greatest supplies of war munitions. The viewpoint of the United States newspaper, El Mercurio said, must appeal to the South American republics.

The funeral of the late Brother Francois (born John Speyers), Redemptorist, took place yesterday morning at the chapel of the Monastery, Beckett Road, with great solemnity. The funeral mass was chanted by the Rev. Father Leclerc, superior, assisted by the Rev. Fathers Leo and Beauchamp as deacon and sub-deacon. All the brothers were present and a number of members of the congregation, also the Rev. H.A. Simard, Rector of the Cathedral, and Rev. Henry Beaudry, of the Bishop's Palace, with the clergy. After the service the remains were taken to St. Michael's cemetery, East Sherbrooke, for interment.

Mrs. Gilbert Prideaux, formerly Miss Dora Bradford, of Sherbrooke, who, with Mr. Prideaux (also a former resident of this city) is now at Hedley, B.C., where the latter is in charge of the Nickel-Plate Mine, writes that the war feeling is very strong in that section of the country, and that much is being done, men and money both being furnished. Recently one thousand dollars was collected at the mine, in forty-eight hours, from sixty men, for the purchase of a machine gun. Mr. Gilbert Prideaux being one of the foremost contributors, while in the town of Hedley, \$2,000 was raised for the purchase of two machine guns. At a recent dance and entertainment for one of the young men going to the front, he was presented with a purse of \$121, and at the same time \$740 was collected in less than five minutes for the Red Cross Fund. It may well be seen that from east to west, and in the remotest corners, Canadians are waking up to their responsibilities, and the necessity of doing their share.

Mr. C. H. Phillips from Woonsocket, R.I., is spending a week's vacation in the city, and is the guest of his sister on Drummond Road.

MARRIAGES HEPBURN-LAWRENCE. An interesting and pretty wedding was solemnized at St. Peter's Church yesterday at two o'clock, when Miss Helen Elizabeth Lawrence, eldest daughter of Mr. Henry D. Lawrence, K.C., and Mrs. Lawrence, was married to the Rev. Channell G. Hepburn, M.A., recently returned from British Columbia, son of the Rev. James Hepburn, for many years Rector of Richmond, and now of Stanstead, and Mrs. Hepburn. The wedding was quiet, only the members of the two families, relatives and a few intimate friends being present, but there were many spectators. The church was beautifully decorated with flowers, huge bunches of sweet peas being arranged on the ends of the choir seats and massed with other flowers and foliage at the base of the rood screen and on the high altar, while crimson dahlias were relieved against the carved oak of the pulpit, and knots of white daisies marked the seats for the guests. The bride looked very sweet and dainty in a handsome tailored costume of battleship grey and white lace waist. The hat of beige straw had touches of pink, and she carried a lovely bouquet of lilies of the valley and roses. She was attended by her sister, Miss Kate Wardner Lawrence, who wore a becoming frock of pale pink voile trimmed with real lace, and a pink hat to correspond, lined with white and with garniture of pink roses. Her bouquet was of pink sweet peas. The best man was Mr. Harold Hepburn, of Montreal, brother of the groom, and the ushers were Mr. W. R. McLaughlin, of New York; Rev. Cecil Stevens, M.A., of Coaticook; Rev. William Hooper, M.A., of St. Paul's School, Concord, N. H., and Mr. Harry S. Lawrence, brother of the bride. The ceremony was performed by the Rev. Mr. Hepburn, father of the groom, assisted by the Rev. W. H. Moorhead, M.A., Curate of St. Peter's, and the bride was given away by her father, Mr. H. D. Lawrence. Miss Olive Spearing presided at the organ in the absence of the organist through illness, and rendered the bridal music from Lohengrin, as the wedding party entered the church, playing softly during the service and changing to the joyous strains of Mendelssohn's wedding March. The choir was present and chanted the psalm in the wedding office, and also sang the hymn, "O Perfect Love," very effectively. At the close of the ceremony the bride and groom left by the 3.20 P.M. train for Montreal, whence the latter expects to sail immediately for England, having been appointed chaplain of a regiment of the Canadian overseas forces. They were accompanied to the station by a large number of friends, and were literally showered with flowers and overwhelmed with good wishes and congratulations. Among the guests present were the Rev. James and Mrs. Hepburn, Mr. W. V. Hepburn, Stanstead; Mr. Harold Hepburn, Montreal; Mrs. T. J. Tuck, Mr. and Mrs. Noel E. Brooks, Mrs. Sidney Bayles (Montreal), Mr. and Mrs. Malcolm Mitchell and daughters Mr. and Mrs. W. H. Abbott (Lennoxville), Mr. and Mrs. J. M. Jenckes, Misses Eleanor and Charlotte Jenckes, Mr. and Mrs. Arthur Brooks (St. Johnsbury), Mrs. Walter Tomlinson, Mrs. H. M. Tomlinson, Miss Marlon Tomlinson, Mrs. Lucke, Mrs. Frank Willis, Mr. Valentine Molina (Lennoxville), Mrs. J. Somers Alkens, Miss Mary Aikens (Winnipeg), Miss Colby (Stanstead), Mrs. C. D.

FRONTIERS VS. SHERBROOKE

Herbert Will Probably Pitch Again For Locals on Saturday Afternoon

HOME TEAM HAS BEEN PRACTICING HARD-MUCH INTEREST IN GAME

Baseball fans are showing a good deal of interest in the approaching game between Frontiers and Sherbrooke. It is the Frontier's first visit this year but it is well known that they are a fast ball team and will draw on Newport for this game.

It is expected that Kennison brothers will oppose the locals. The last time these pitchers met Sherbrooke the local batsmen were unable to solve their delivery and they are anxious to have another try.

Big Hebert will likely be on the mound. Followers of the game will be glad of the opportunity to see him work the entire nine innings as they believe he has the class. After last Saturday's performance in the ninth inning when he drove the ball into left field for the circuit, winning the game, he has become quite popular. Mackay, also, is in fine form.

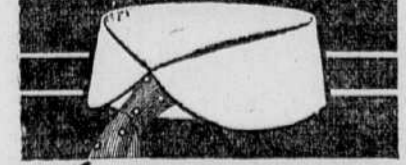

BASEBALL AT SUTTON. Sutton, August 6. (Special)-Montgomery, Vt., plays baseball here on Saturday against the Sutton team at the new Sutton baseball grounds. The game promises to be a rattling good one, as the Green Mountain boys are hard to beat.

score of 6 to 0. In spite of the one-sided score the game was interesting, the shooting of the Boy Scouts being particularly poor. The Victorias worked together like a team of veterans.

GERMAN SPY DISGUISED AS NUN WAS DISCOVERED AT SEA ON BOARD A CANADIAN TRANSPORT.

New York, August 6.-How a German spy, disguised as a nun, was discovered at sea aboard a Canadian transport, after he had occupied a stateroom with an unsuspecting young English girl was told in a letter received here yesterday by friends of Lorne Cameron, son of Sir Douglas Cameron, former Governor of Manitoba. "We were taking a young English girl home," said the letter, "and the boat was crowded. The only accommodation the girl could obtain was half the state-room of a sweet faced nun. "The third night out, our friend woke up and saw the nun crouched before a small mirror, shaving. He turned out to be a young German spy."

URGE POPE TO LEAVE ROME

Basel, August 6.-German and Austrian journals continue to urge the necessity of the Pope's quitting Rome. PAST AND PRESENT.

Having tried numerous jobs in the commercial world, and having, in addition, exhausted the patience of his long-suffering relatives, Clarence persuaded his father that the one occupation in life for which he was suited was farming. Clarence had a hazy idea that he could loaf very gracefully with a straw hat in his mouth, and accordingly was sent down to a farm to learn the business. He arrived at supper time, and was enchanted with the scenery, but still more with the supper itself, and went to bed firmly convinced that he had found congenial work at last. But he did not feel quite so sure of it when he found himself being rudely shaken by the farmer at a horribrly early hour the next morning. It was still quite dark. Seeing that he was awake, the farmer left him to get up. Clarence turned over for another forty winks. When at last he got out to the fields he felt rather gummy. "Nice morning!" he said briskly to the farmer, trying to look as if he believed it. But the farmer was not to be propitiated that way. "It was!" he growled.-Answers.

## ENLISTING FOR 57TH REGIMENT

Twenty-Six More Recruits Have Joined Corps Through the 54th Regiment

EXPECTED THAT RECRUITING WILL START UP AGAIN WITH VIGOR AND ENTHUSIASM.

Colonel Emile Rioux sent to Valcartier this week twenty-six more recruits for overseas service. These recruits were enlisted for the 57th Regiment which is training at Valcartier. With this last lot of recruits, the 54th Regiment through Colonel Rioux, has enrolled over four hundred men and officers for overseas service. This number is important when it is considered that the 54th Regiment is a newly organized military corps, having been in existence only five years.

Col. Rioux states that recruiting is still going on at the 54th Armory, and any one desiring to join the overseas forces can be enlisted at the Armory, Belvidere street, any time during the day or night. The medical officer is in attendance every day and at the disposition of any prospective recruit.

It is hoped that now that the hay crop has been gathered that recruiting will start again with vigor and enthusiasm.

## KNOCKED DOWN BY STREET CAR

Joseph Blouin Met With Accident Last Night on Lennoxville Road

NOW AT ST. VINCENT DE PAUL HOSPITAL—INJURIES NOT SERIOUS.

Joseph Blouin, of Sherbrooke, was knocked down by a street car on the Lennoxville road last night about 9.30. It is supposed that the man was walking along the car track at the time. Dr. Winder, who was called, had him removed to the St. Vincent de Paul Hospital in Lord's Ambulance.

Blouin sustained bruises on the body and his face was scratched, but his injuries are not serious. His condition this morning is satisfactory.

## GERMAN ONSLAUGHT REACHES HIGH TIDE

(Continued from page 1) machinery and all war stores moved into the interior of Russia and the government of the city left to the Polish population.

The Russians also are preparing to evacuate Riga, the port on the gulf of that name in the north. The arrival of the Germans ten miles south of that city already has been the cause of the civilian population departing.

## FIGHTING FIERCE IN FECHT VALLEY

Paris, Aug. 6.—(Official Report).—The following official communication was issued by the War Office last night: "There has been moderate activity on the western part of the front. In the Argonne the struggle with bombs and petards, as well as the cannonading, continue, but with less activity on the part of the enemy."

"A violent bombardment has occurred in the forest of Apremont. In the Vosges very sanguinary engagements have been fought on the heights which dominate the Fecht to the north, particularly at the Col-de-Schtrazmannel, where the enemy after having taken one of our blockhouses was driven out by an immediate counter-attack. Our fire inflicted on the Germans very heavy losses. "One of our aeroplanes was forced by motor trouble to make a landing near Meulin-Sous-Teuvent, in our line, a short distance from the lines of the enemy. After the machine reached the earth it took fire, but the aviators were saved."

## ITALIANS CAPTURE MILES OF TRENCHES FROM AUSTRIANS

Geneva, via Paris, August 6. — A despatch to the Tribune from Ljubljana says:

"Shells from the Italian artillery set fire to two trains on the Borgo-Setico Railroad while they were on their way to Rovereto. The first train was filled with troops, of whom five hundred were burned to death. The second was carrying ammunition and eight cars of it exploded. "At Polazzo eight attacks by the Italians were repulsed, but the ninth attack resulted in the capture of several miles of newly constructed trenches. "The Italians have brought up more heavy guns against Gorizia, the systematic bombardment of which has begun. The Austrians are replying feebly."

## SITUATION AT DARDANELLES GOOD FOR ALLIES

London, August 6.—The situation in the Dardanelles on the front held by the Australian troops is excellent although there has been continuous heavy fighting involving serious casualties on both sides, according to the British press representative on the Gallipoli Peninsula. Those who have already heard Hon. Mr. Blondin speak are most enthusiastic at the Association having secured his services and promise a rare treat to those enjoying a good speaker, Mr. White, the English speaker, is well known by many Sherbrookers, and his address is looked forward to eagerly. The Harmony Band Concert given during the afternoon will be a great attraction. Altogether the rally should be a most enthusiastic one and it is hoped everyone will turn out and make it so. We hear there are some fine fellows from Magog and the surrounding district enlisting for the 57th this week. Let us show these men—that what we cannot do ourselves we are proud that they from the Townships can do for us, and give them a big rousing meeting to remember next Sunday afternoon.

## TURKEY AND GERMANY NEAR BREAK, REPORT

Rome, Aug. 6.—Reliable advices from Turkey indicate that anarchy is rife in Constantinople, that Turkey and Germany are near the parting, and that Turkey will do its utmost to prevent a break with Italy.

To meet the Rome government's demand for the protection of its subjects, it is said that Turkey will permit all Italians in Asia Minor to return to their own country via Vourla on the Gulf of Smyrna.

German and Turkish military leaders are reported to have become so seriously divided that Enver Pasha, the Ottoman Minister of War, has demanded the recall of General Liman von Sanders, defender of the Dardanelles, to Berlin. At a recent dinner given by Enver Pasha only Turkish notables were invited.

## RELEASED ON SERIOUS CHARGE

Chas. Payette Accused of Setting Fire to His House Discharged Through Irregularity

POTTON MAN CONVICTED ON SEVERAL CHARGES UNDER LICENSE ACT AND FINED \$125 AND COSTS.

Sweetsburg, Aug. 6.—(Special)—Judge Mulvena held a term of the Criminal Court here yesterday.

In the case of the King vs. Charles Payette, of Ely, committed for trial on a charge of having set fire to his buildings and who had asked for a speedy trial, defendant moved through his counsel, J. O. Belanger, to have the proceedings at the preliminary hearing quashed on a number of technical grounds.

"The Court held that one of the grounds raised was fatal, that the only witness examined at the preliminary hearing was his wife and that under the Canada Evidence Act, although the wife was a competent witness for the defence, her evidence could not be used against her husband, and that there was no legal evidence to support the commitment, which together with the indictment based thereon was quashed and the accused discharged.

## CHOSE SPEEDY TRIAL.

## SOLD LIQUOR WITHOUT A LICENSE.

C. D. Griggs, Collector of Revenue, vs. Sylvestre O'Blake, for selling liquor without a license at the line house in Potton, and whose trial had been continued until yesterday to secure the presence of the principal witness for whom a bench warrant had been issued, it appeared from the bailiff's return that the defaulting witness had crossed the line and could not be found. Further evidence was secured and the accused was condemned to pay a fine of \$50 and costs, and in default three months in jail for having sold liquor on June 30th and July 1st.

Another complaint was laid against the same party for having sold liquor without a license on July 3rd at the line house in question. Accused was convicted on evidence and condemned to pay a fine of \$75 and costs, or spend another three months in jail.

## WILL OF LATE C. H. KATHAN FILED FOR PROBATE.

Rock Island, Aug. 6.—The will of the late C. H. Kathan was proved at Sherbrooke last week. It was a very concise document. Mr. W. Clark Hopkins and Mr. H. M. Hovey were made the executors. The instrument was drawn by Mr. Kathan in long-hand and executed May 15th, 1915. After providing for his sister, Mrs. Hunt, and cousin, Miss Lucy Kathan, of Coaticook, and legacies for his brothers, sisters, nephews and nieces, the remainder was given to his partner, Mr. Hopkins. By the terms of the will the estate passes, without appraisal by commissioners, to the chief legatee. The amount of the estate has been variously estimated, but even Mr. Hopkins could not tell at the present time. The execution of Mr. Kathan's wishes as expressed in the will, is the limit of public interest.

## HOME BROKEN INTO AT ASCOT CORNER

Ascot Corner, August 6.—(Special).—The home of Mr. Norman Coates was broken into and \$12.00 in money stolen on Tuesday, while Mr. Coates family were all away from home. The same day a man called at the home of Mr. Coates before they had left and made several inquiries. No doubt the thief saw his chance when he knew the family were all leaving and returned to the house later. The description of the man was: Fair complexion, wore a white straw hat and light brown suit, and carried a grip. The same day he called at some of the neighbors asking for a drink of water but did not seem very thirsty. All he seemed to want was information. It would be well for all to be on the lookout for such scoundrels.

## SUDDEN DEATH OF MRS. GEO. STOKES, BURY.

## VILLAGE OF SPELIA, SUPPOSED TO BE A SUPPLY STATION, SHELLED AND DESTROYED

Paris, August 6.—One armored cruiser, two cruisers, torpedo boats, dredgers and an aeroplane ship of the French fleet demonstrated August 3 and 4 off Sighadjik and Scala Nova, on the coast of Anatolia. August 3 Sighadjik was bombarded and the customs house and part of the fortifications destroyed.

On the day following the armored cruiser bombarded the fortifications of the Turkish quarter of Scala Nova and a fortified point to the west of that town, while the other vessels of the squadron shelled and destroyed the village of Spelia, supposed to be a supply depot for submarines of France's antagonists.

The foregoing information is contained in a statement given out yesterday by the French Ministry of Marine.

There are three deferred elections in the northern part of the province. All the party leaders closed the campaign in their own constituencies.
