'Bonjour Tristesse' For Men

Another Fashion Jolt From House Of Dior

PARIS — (CP) — The House of Dior handed another jolt to the fashion world today.

Dresses displayed at the spring and summer show erased bust, waist and hips. Knees were covered, but barely.

But after being shapeless all day Dior's women are supposed to get curvy, vampish bosoms, high, small waists and sometimes even hip curves for the evening.

Designer Yves Saint-Laurent calls it all "the silhouette of tomorrow." But there are echoes of yesterday, particularly of the trapeze line on which the young dressmaker swung daintily high on his debut two years ago.

The sack, tent and chemise are all there today, with a difference.

R.M.C. Professor

Ticks Off Defence Officials

OTTAWA (CP) — Dr. Richard A. Preston, professor of history at Royal Military College, Kingston, Ont., has ticked off Canadian defence department officials and officials who, he says, oppose public discussion of defence policy.

"The promotion of intelligent public discussion is imperative; anything less would be a travesty, as well as a betrayal of democracy," Dr. Preston writes in the RCAF Staff College Journal.

Dr. Preston does not name any officers or officials to whom he is referring.

It is known, however, that the members of the chiefs of staff committee have declined to talk with reporters or give public speeches for more than a year.

CRITICIZED BY PRESS

They are understood to have taken this attitude after press criticism in November, 1958, of Air Marshal Roy Slemmon for saying publicly that the RCAF needed a new jet interceptor. Air Marshal Slemmon was then and still is deputy chief of North American Air Defence Command.

The chiefs of staff are Gen. Charles Foulkes, chairman; Vice-Admiral Harry DeWolf, chief of naval staff; Lt.-Gen. F. S. Clark, chief of the army general staff; Air Marshal Hugh Campbell, chief of air staff; and Dr. A. H. Zimmerman, chairman of the defence research board.

Dr. Preston says in an article entitled "The Discussion and Formulation of National Security Policy" that "the initiation of national security policy appears to rest largely with the chiefs of staff committee."

He adds, however, that the chiefs are concerned with military affairs only while other aspects of national security, such as civil defence and the economic implications of defence policy, are the concern of the cabinet and its defence committee. National security was the responsibility of the cabinet.

Education At All Levels

Sweeping Changes In Method Of Grants

QUEBEC — (CP) — The Quebec government has announced details of sweeping changes it proposes to make in the method of providing financial assistance to education at all levels in the province.

House Debate

Wouldn't Recognize Red China

OTTAWA (CP) — Divergent views on diplomatic recognition of Communist China have been set forth during the Commons throne speech debate.

Margaret Aitken (PC — York-Humber) said Tuesday it would lose Canada friends among democratic Far East nations and would not increase Canadian-Chinese trade.

Frank Howard (CCF — Skeena) agreed on the trade question but said that Canada should recognize the state in the interests of world peace.

Earlier, Trade Minister Churchill said Canada's trade deficit would be serious if it continued too long. Recent foreign investment in Canada had enabled a more rapid economic expansion than would have been possible through use of Canadian capital only.

"RUTHLESS AGGRESSOR"

Miss Aitken referred to a trip to Far Eastern countries she took last year and described the Chinese Communist government as "a ruthless aggressor government" holding "an absolute stranglehold on the people."

"If recognition would do these people any good I would certainly be all for it; but it would not do so."

Canadian recognition of such a government would be unfair to such nations as Japan — striving against communism.

"China has used every trick short of war to impose communism upon Japan."

"... We of the Western world must realize and appreciate the stupendous efforts that countries like Japan are making to withstand the pressures from Communist countries in that part of the world."

At the university level the government proposes to make additional grants starting with the next school term. The annual amount in additional aid is to be figured on a basis of \$1.75 per capita of population in the province. For the coming term the total will be about \$8,750,000. This would be in addition to \$11,146,000 in regular grants.

The government also has provided that \$25,000,000 in accumulated federal grants refused by Quebec universities in past years because of provincial disapproval and kept in trust by the National Conference of Canadian Universities would go into a special sinking fund set up to help finance university capital investment programs.

HELP MEET FUTURE COSTS The money—provided an arrangement can be worked out with the federal government for its transfer to the Quebec government—would thus be used to help universities meet future expansion and construction costs.

The additional Quebec government aid to universities is to be financed from the revenue of an additional tax on corporation income effective retroactively to Jan. 1, 1960 which will increase the present corporation income levy to 10 from nine per cent. Decision to increase the tax was announced last week.

Secondary education institutions are to receive increased aid on an entirely new basis. The proposed legislation sets out a formula under which classical colleges—which constitute the bulk of secondary institutions in Quebec—will receive grants made up of a basic \$2,000 for each grade and additional payments ranging from \$50 to \$150 for each student enrolled.

DATE BACK TO JULY

These new payments are to be applied retroactively to July 1959. Increase in financial assistance runs to a little under \$1,000,000 a year.

During the next fiscal term colleges which maintain courses equivalent to university courses will collect a share of the additional grants to universities—about \$2,700,000.

ANGRY FRENCH SETTLERS mass around a street barricade in downtown Algiers ready for battle against President Charles de Gaulle's self-determination policy for the country. A flag, already bloodied in fighting that occurred Jan. 24, flies over the barricade. Security forces watched the buildup but did not interfere.

Still Defy Army

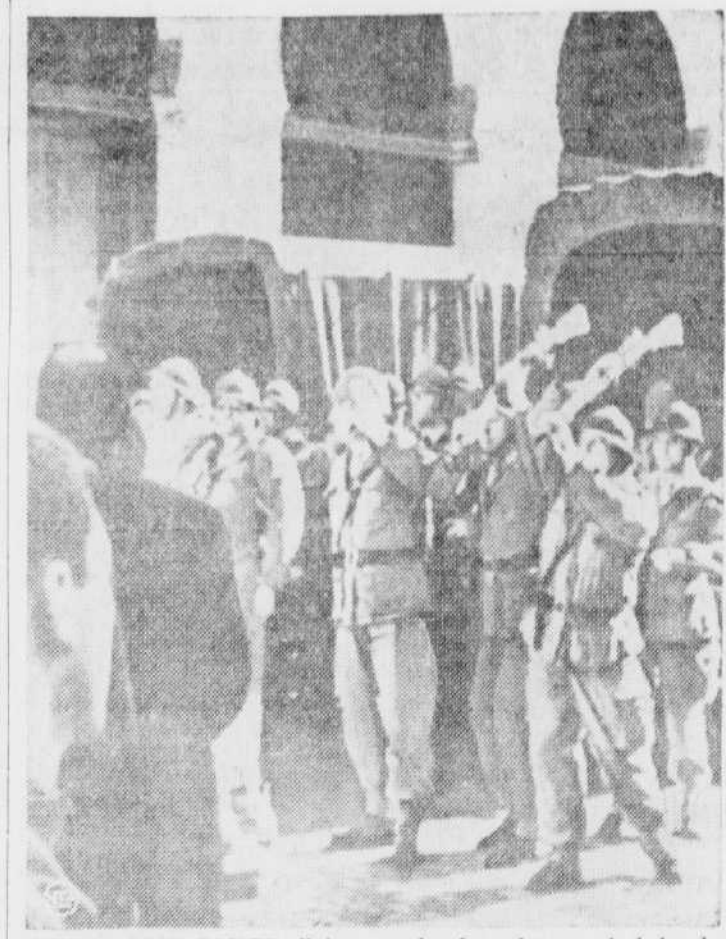

ALGIERS (censored) (AP) — This embattled city today strengthened its conviction that Sunday's bloody uprising is not doomed to failure.

As grey dawn broke over Algiers, insurgents demanding proclamation of Algeria as part of France forever still manned the barricades in the heart of the city. At this stage it was obvious that it was not a rising of a handful of right-wing desperadoes but a popular insurrection backed by most of Algeria's settlers, a number of army officers and some pro-French Moslems.

LISTEN TO APPEALS

Thousands of men and women—including several hundred Moslems—gathered Tuesday outside the barricades of the university stronghold and listened to insurgent appeals.

Reports from the insurgent camp said they had enough food

Report de Gaulle To Dictate

PARIS (AP)—The threat of a further break between inflamed Algeria and Charles de Gaulle's Paris government grew hourly today.

As the deadlock went into its fourth day, rumors spread that the president might evince constitutional provisions that would give him dictatorial powers if he feels France's integrity is menaced.

Reports also persisted that Premier Michel Debre would resign as a result of the crisis in which 25 persons died and about 150 were injured in a battle last Sunday pitting Frenchmen against Frenchmen. Debre's aides denied the report.

There was no sign of a solution to the situation which posed the gravest threat to de Gaulle since the Algerian uprising of May, 1958, doomed the Fourth French Republic and vaulted him to power.

DEMAND REMAIN FRENCH

The barricaded insurgents—fearful that de Gaulle's moderate self-determination policy will lead to eventual independence for Algeria—demand that the largely Moslem land remain French.

From his palace, de Gaulle reaffirmed his policy and called on the insurgents to lay down their arms.

Debre conferred hurriedly this morning with Jacques Chabandelmas, president of the National Assembly, on the tense situation. They continued discussions begun Tuesday night when both met de Gaulle. There was no announcement on what decision they made, if any.

As the deadlock persisted, unrest in other Algerian cities was growing. Demonstrations were held Tuesday in Bone, Constantine, Oran and other cities in sympathy with the Algiers insurgents.

ARMY MORALE SHAKEN

So far the army apparently has remained loyal to de Gaulle, but its morale has been shaken by the prospect of having to fire upon Frenchmen.

There were unconfirmed reports that troop commanders in Algiers had promised not to fire on the insurgents.

De Gaulle was said this morning to be unwilling to take on dictatorial powers for fear of magnifying the crisis.

It was his insistence on the right of the Algerian people—including 1,000,000 European settlers—to self-determination that

Four Murdered On Estate

NORTH BRUNSWICK, N. J. (AP) — A murderer invaded a wealthy doctor's country estate Tuesday, bound and killed four victims, then drove away in the red-and-black taxi that had brought him.

He left behind the trussed bodies of the doctor's invalid wife, two women servants and the cab's driver. All had been shot nearly through the left temple.

Police issued an alarm today for a bespectacled man about 35 who was seen driving off in the taxi. The cab was found early today not far from the scene of the murders.

The three women were Mrs. Edith Clarke, in her 60s, wife of Dr. Francis Clarke; a maid, Mrs. Cora "Thaddies," 29; and Miss Dorothy Moore, Mrs. Clarke's elderly housekeeper and companion.

Their bodies were found side by side on a narrow bed in Mrs. Clarke's room. They had been tied hand and feet with belts, ties and strips of cloth.

The cab driver, Morris Michael, 38, of Newark, was in another bedroom on the second floor, his body covered by a sheet.

They were found by Mrs. Clarke's daughter, Mrs. Cornelia Chapin, 26, who had left the home

Few Clues, No Motive Seek Driver Of Taxi

earlier in the day on a shopping trip with her daughter, Nancy, 32.

The only clues were the mysterious passenger in the cab and a handful of .32-calibre shells scattered over the carpeted floors.

The motive?

"I wish I knew," said county prosecutor Warren T. Wilentz.

A few closets had been ransacked but nothing of value was missing. Clarke was not known to keep valuable gems or cash in the house. The women had not been sexually molested and showed no signs of struggle, according to an autopsy report.

Clarke, head surgeon at St. Peter's Hospital, in nearby Brunswick, N.J., told Wilentz there were some people unfriendly to him, but the prosecutor said, "There were no exceptional leads."

Clarke, Mrs. Chapin and her daughter spent Tuesday night in the big house, which hours before had been ringed by cars of police,

the press and the curious.

The Clarke home 33 miles south-east of New York City is a large, 2½-story colonial house framed by fir trees, an orchard and a red barn. It is only a few miles from the scene of the Hall-Mills murder, one of the most sensational crimes of the 1920s.

Wilentz said that at about 9 a.m. Tuesday Mrs. Chapin, daughter-in-law of Selden Chapin, former United States ambassador to The Netherlands, left home to go shopping.

Shortly before noon the Clarke's gardener, 65-year-old Daniel Pioranski, noticed a cab pull into the driveway, with the driver and one passenger inside.

At about the same time some one from inside the home used the phone. Wilentz did not say to whom the phone call was made.

Some 20 minutes after the cab arrived, Pioranski said a lone man walked from the house and drove off in it.

At 1:15 p.m. Mrs. Chapin re-

turned. She found the three women in Mrs. Clarke's bedroom. She ran outside to tell Pioranski, then called police on the downstairs phone—the only one of four in the house that hadn't been ripped off.

Clarke was operating at St. Peter's when police tried to contact him. His colleagues let him finish before telling him "something was wrong at home."

Mrs. Chapin had been here visiting for the last 10 days. Her husband, Frederick, is second secretary at the U.S. Embassy in Managua, Nicaragua.

Ask For Fence To Cut Down On Whistling

DORCHESTER, N.B. (CP) The local Canadian Legion branch is asking the county council to erect a fence around the county jail property here.

A complaining letter said that the inmates, during their "exercise" period when weather favors the pastime, sit on the jail lawn and whistle at girls passing by. The problem was referred to a council committee.

Ontario Dismisses Retirement Benefits
TORONTO (CP)—The Civil Service Association of Ontario said Monday the Ontario government is dismissing all "casual" workers more than 70 years old without any retirement benefits. The association, bargaining agent for the province's 25,000 public servants, said it will seek a meeting with the cabinet to protest the firings.

Show Business

By BOB THOMAS

HOLLYWOOD (AP)—How to be a movie producer in one easy lesson:

1. Get an idea.
 This is the word from Charles Bloch, who was Hollywood manager of a photo syndicate until a few months ago. He's still at his old job, but he has also produced a movie for Allied Artists called *The Hypnotic Eye*.

According to the reviews, the film is no great contribution to the cinema art, but it falls neatly into that important industry category: The exploitation picture. *Lake Hecules*, *House on Haunted Hill*, *The Tangler*, it might make a bundle via heavy selling.

WORK OF NOVICE
 The interesting thing about the film is that it was dreamed up and produced by a complete tyro to the movie business. It's the sort of thing that can happen today.

"Five or 10 years ago a new-

comer could never have broken into the picture industry," said Bloch. "To be a producer, you either had to work your way up through the ranks or else be a relative of the studio head. The big studios would have no truck with independent operators."

"But when an industry is in trouble, as movies are today, there is ample opportunity for an outsider to come in with new ideas."

Bloch's idea came right out of left field. A year ago, one of his photographers, Billy Whitfield, gaged that he had a notion for the ultimate in gimmicks: The audience would face a blank screen and be hypnotized into believing that they were witnessing the best movie they'd ever seen.

HYPONOTIC APPROACH
 "I just laughed at him at first," said Bloch, "but after a while, I started thinking that there would be a good gimmick there."

Actual hypnosis seemed too dangerous, but he and Whitfield whipped up a script dealing with hypnotic suggestion. In the film, Jacques Bergerac plays a professional hypnotist who is doing his work on a theatre audience. He asks that the house lights be turned on, they light up the actual movie theatre. He then puts the audience through some suggestion tests, including one involving a balloon, which each patron gets at the door.

Eleven Colleges To Participate In I.V.D.L. Drama Festival

Performances Start Friday At Bishop's

The hectic four-day meeting of eleven universities at the Inter-Varsity Drama League Festival starts tomorrow with the arrival of the drama group from Memorial University of Newfoundland. Three others are expected late Thursday afternoon, in time to rehearse that evening. The remainder will arrive on Friday, with every possible minute devoted to rehearsal and performance time.

The first performance will take place on Friday afternoon at 2:30. This will be followed in the evening at 7:30 with the presentation of four productions. The last plays will be staged on Saturday afternoon at 2:30.

The festival will be climaxed on Saturday evening with a banquet at the New Sherbrooke Hotel, at which time the adjudicator, Rupert Caplan, will give his remarks on the plays, and present the awards. The London Free Press Trophy will be presented to the best production staged at the festival; the Jackson Trophy will go to the producers and cast of the best Canadian play presented; and awards will also be given to the best actress and actor.

The annual conference of the League will be held at the university on Sunday morning following the festival.

On Friday afternoon at 2:30, Marianopolis College from Montreal will present "White Queen, Red Queen" by T. B. Morris, a period play set in the sixteenth century.

This will be followed by Carleton University's production of "Cassandra Singing" by David Madden. "The Last of My Solid Gold Watches" by Tennessee Williams and presented by Loyola College of Montreal will close the first performance.

Friday evening at 7:30, the program will be made up of four plays. McMaster University of Hamilton will present "Miss Julie" by August Strindberg; Memorial University from St. John's Newfoundland, will follow with Chekov's "The Boor"; "Twenty-Seven Wagons Full of Cotton" another play by Tennessee Williams will be produced by

Rupert Caplan To Adjudicate Drama Festival

In procuring the services of Rupert Caplan for this year's festival, the universities can congratulate themselves in having as their adjudicator not only the senior producer of radio and television in Canada, but a man widely known for his contribution to theatre in North America.

It would be virtually impossible to list all the plays Rupert Caplan has produced on the stage, but they would run well into the hundreds. In radio, he has covered just about every facet.

Here are some of his achievements:

Co-founder and director of the Montreal Repertory Theatre—four years.

Director Ottawa Little Theatre—seven seasons.

Director and leading actor Montreal Community Players.

Guest director and leading actor, Toronto, Hart House.

Member of the original Acting Company, Provincetown Playhouse, New York, under Eugene O'Neill.

Occasional appearances with the New York Theatre Guild.

Director of English productions for Le Theatre du Nouveau Monde for the past six years.

Receiver of eight first awards from Ohio State University, and three second awards—all for his distinguished contribution to radio.

Visiting lecturer at Queen's University, McGill, and other groups throughout Canada.

Festival Committee Faced With Puzzling Problems

The productions to be staged for the Inter-Varsity Drama League Festival, which begins on Friday at Bishop's University, have posed some interesting and, at times, puzzling problems for the festival committee. Most of these problems have been solved by the various groups working on the plays, others will have to be thought out when the university representatives arrive.

Due to the limited financial resources of each of the university theatrical groups, coming from as far away as St. John's, Newfoundland and Hamilton, Ontario, the Bishop's committee has been asked to supply many of the properties for the plays.

These properties include anything from an ornate, old-fashioned brass bed to a pot-bellied stove or from a pump organ and grand piano to a set of duelling pistols.

As the Bishop's Memorial Gymnasium has been taken over for the festival, another crew is working to transform the auditorium into an acceptable theatre.

The biggest problem encountered here has been that of the huge windows, which line each side wall of the building. Because there are so many plays being presented in the short, two day period, it has been necessary to schedule two afternoon performances. These windows allow a great deal of light to penetrate and make the use of ef-

'Estrie' For Townships Is Rapped By Six Of Eight District Mayors

By PAT BOUGIE
(Record Staff Reporter)

Should the French term "Cantons de l'Est" be changed to "Estrie"?

Of eight Townships mayors interviewed by the Record six believe that the term "Cantons de l'Est" meaning Eastern Townships should remain as it is.

Of the two other mayors, one was in favor of changing the term "Cantons de l'Est" to "Estrie" while the other, although in favor decided that the word has been introduced too soon.

When asked his opinion on the subject, Sherbrooke mayor Arm and Nadeau, declined to comment on grounds that he did not want to get "involved."

The word "Estrie" which translates to "Eastria" in English means absolutely nothing, according to the mayors.

Windsor Mills said that the term "Cantons de l'Est" should remain as is.

"This part of the country was always known as Cantons de l'Est and should stay that way," he said.

"Estrie" is a nice French name, but so is "Cantons de l'Est". There is no advantage whatever in changing the name," he added.

"If they change the name, American tourists will not know where the place is located," Mr. Bolduc said.

MINORITY GROUP

Mayor of Cookshire, Bruno Turcotte, told The Record that a minority group in his area is trying to implant the word 'Estrie' upon the citizens.

"Why change the name? Big business establishments when they are sold seldom change their names. It is not to their advantage. The same applies here," he said.

Mayor Ernest Gilbey, of Lennoxville said that because of the great historical value of the term "Cantons de l'Est" the term should not be changed.

"Many towns have lost their id-

entity because their names were changed. The same could apply here. It is not sound thinking," he said.

"The people today want to retain the historical value of their country, so why change the name of where they are living," he said.

Mayor C. W. Armstrong, of Richmond was against changing the name to "Estrie" because it would be "confusing."

Conspiracy Trial

Prosecution Winner In Charge Debate

The first day of the trial of Gregoire Lacasse, 33, of Sherbrooke, charged with conspiracy to commit thefts throughout the Eastern Townships, ended yesterday before Mr. Justice William Mitchell in Superior court following a long legal debate as to whether the charge against the defendant was valid.

The second and closing day of the jury trial has been scheduled for today.

The legal discussion began when defence attorney P. E. Brazeau, Q.C., objected to the charge, stating that Lacasse should have been charged with conspiracy to steal something.

"What did he steal. No one knows," the defence attorney explained.

Crown Prosecutor Roland Dugre told the court that conspiracy was a criminal offence. "The essential part of the charge is not what he stole or what he could have stolen but the agreement or intention to commit a

crime," Mr. Dugre said.

Justice Mitchell upheld the Crown's argument.

Crown witnesses, Eugene St. Pierre and Guy Royer both of Sherbrooke told the court that on March 1, 1958 they met Lacasse at the Windsor Hotel in Sherbrooke.

They testified that they had a beer with him and that he drove them to East Angus.

They said they borrowed his car but did not tell him what they wanted it for.

"We had it planned that we wanted his car to commit thefts, but we did not let him know of our intentions," they each testified.

"We did not conspire at any time with Lacasse to commit thefts. The agreement was between the two of us," the men testified.

At present, Royer and St. Pierre are serving jail terms for the thefts they committed.

Claim False — Bachand

Ex-city-treasurer, Pierre Bachand said through his lawyers yesterday that a story which appeared in the January 21 edition of the La Tribune reporting that Mr. Bachand had presented a demand to council for payment of \$25,000 for overtime, was false, absolutely contrary to the truth and libellous.

In a lawyer's letter dated Monday Jan. 25, the French-language newspaper was asked to print a retraction of the statement or else leave themselves open to a \$20,000 damage suit.

The lawyer's letter stated that damages to Mr. Bachand's reputation by the printing of the story, are valued at that amount.

Mr. Bachand was president of Wiggitt Electric Ltd., on Marquette Street and was instrumental in bringing the first electricity to the City of Sherbrooke. He also assisted in the installation of the first dynamo here in the 1880's.

He is survived by two sons, Roy, of Sherbrooke, and Kenneth of Montreal, two granddaughters, Gloria, Mrs. Gary Needham, of Watford, Ont., and Corinne, Mrs. Stewart Collett, of Vancouver, B.C.

Mr. Wiggitt was predeceased in 1958 by his wife, the former Gertrude May Heath.

Remains are resting at the Johnston's Funeral Chapel, 530 Prospect st., from where the funeral will leave on Friday, Jan. 29, for services at 2:30 p.m. in St. Peter's Church, Rev. Guy Marston officiating. Interment will be in St. Peter's Church Cemetery.

Residents are asked to leave porch lights on, starting at 7 p.m., to welcome the canvassers and to give them generous support.

Magog Lions Club Celebrates Twentieth Year Of Activity

MAGOG — (Special) — The

Magog Lions Club celebrated its 20th Anniversary last evening.

When four charter members, still with the group received long service plaques from Canadian Executive Secretary of Lions International, W. Dalton Higgs.

The Magog Lions Club is the oldest club of this international organization in the Eastern Townships.

In offering his congratulations to the Magog Club, Mr. Higgs noted that the group has earned over \$30,000 in their twenty years, and had spent most of this amount in providing assistance to community citizens, particularly the blind.

Mr. Higgs outlined the work being done throughout the world by Lions International, and made special reference to the field of providing assistance to the blind.

Another important task of Canadian Lions Clubs, in the shipment of powdered milk to needy countries in cooperation with CARE.

To date, 3,500,000 pounds of milk have been shipped abroad. Of this 750,000 came from the Eastern Townships.

Another notable project, presently being conducted by Canadian Lions, is the collection of discarded eye glasses, which will be sent to impoverished countries, for distribution to persons in need of glasses. A quarter of the one million pair objective

has already been reached.

The 343 Lions Club in district "A" had a reserve of over \$900,000 last year, Mr. Higgs said.

They collected over 2 million, and spent more than 1½ million in community assistance. Still, there is more to do. He asked that every Lion make a special effort to do even a better job for his club in the coming year.

Some one hundred Lions, from Actonville, Coaticook, Granby, Knowlton, Lake Megantic, Montreal, St. Lambert, Sherbrooke, Toronto, and the host club of Magog rallied at the Cabana Lodge here last evening.

Of this enthusiastic group, eleven were men who founded the Magog Lions Club twenty years ago. Of these, four are still with the club; Dr. Carol S. Harris, Wm. H. McKenna, A. E. Swoger and John Cunningham. These Lions were each awarded a handsome bronze plaque, honoring them for their devotion to the Lions movement.

The others were: Rouville

Beaudry, Philias St. Jean, Rodolph Etnier, Donat Martin, Dr. Gabriel Lacombe, Francis Patch and Larry Parent.

Dr. Roger Charpentier, Magog president, welcomed the guests and visitors, and turned the meeting over to Roger Lemieux, who acted as master of ceremonies.

The evening's entertainment included skits by four of the clubs, and a raffle.

J. S. Moynan, past president of the Magog group, thanked the guest speaker, who was introduced by Tris Coffin of Montreal, a member of the Lions International Board of Directors.

At the head table were: Mr. Higgs; Mr. Coffin; President Charpentier; F. W. Shields of Montreal, International Counselor; Zone Chairman Dr. Ovila Noel of Sherbrooke; District 19 Governor Don Gamble of Granby; Cabinet Secretary-Treasurer Larry Sheagreen of St. Lambert; and chairman of Zone 19A, Red Melanson of Actonville.

Contrary To Opinion

TB Still A Problem, Still Big Crippler

Rotarians Are Warned

Contrary to much popular opinion, tuberculosis is still a dangerous disease and still a problem, Dr. Laselle Laberge, director of the St. Francis Sanatorium, told members of the Sherbrooke Rotary Club last night.

Those who think otherwise are interfering with the fight against this disease, he added. They are considering only the mortality statistics.

Antibiotics have been a great help in combating TB and considerably lessened the number of deaths from it. But the cases have not decreased in the same proportion.

The doctor said that there are 4,000 active cases found every year. In Sherbrooke alone, last year, there were 110 cases admitted to the Sanatorium, in various stages of the disease.

But how long have these patients been sick and spreading contagion, he asked.

Some 40% of those known to have TB are treated at home or receive no treatment at all. Dr. Laberge pointed out. Since most patients don't take precautions to protect those around them there is always danger of mass

contagion.

The disease is easily spread, he warned, giving examples of how it could be transmitted from waitresses, bar tenders, cooks and even those working along side you.

The doctor said that 30,000 examinations were made this past year in the Townships but this was not enough. He urged periodic check-ups in order to find the disease in its early stages.

He showed a number of X-rays of cases in various stages of the disease to illustrate his points.

The doctor was introduced by Dr. Gordon Loomis and thanked by Bert Lyon.

Head table guests included President Lyman Tomkins, Dr. Laberge, Howard Moffatt, Fred Pattison, Dr. Loomis, Bert Lyon, Howard Peterson, Jean Pankert and Dick Dixon.

Bill Lavallee was a guest at the meeting.

ing to Eastern Townships mayors against the change.

The word "Estrie" was introduced 12 years ago. Originator of the word is Msgr. Maurice O'Bready, of Sherbrooke.

Although the word only has a small group of supporters, the Quebec Government is already studying the name to decide whether or not it should be put on road maps of the province.

MAYORS' COMMENT

Mayor Horace Boivin of Granby had the following to say about the proposed change.

"The name 'Cantons de l'Est' (Eastern Townships) should remain as is," he said. "It has history."

"This affair is just like a family name. One does not change one's family name unless one has a valid reason. Those wishing the name 'Cantons de l'Est' changed to that of 'Estrie' have no valid reason," Mr. Boivin said.

When asked what he thought about the provincial government attempting to have "Estrie" replace "Cantons de l'Est" on road maps, Mr. Boivin said that if this ever took place he would send an official protest to the provincial government.

MAKES NO SENSE

Mayor Maurice Theroux, of Magog, said that the word "Estrie"

made no sense whatever.

"If this part of the province is not to be called 'Cantons de l'Est' it should be replaced by a more concise expression. But not the word 'Estrie'," Mr. Theroux said.

"Probably the term, South-East Townships would be a better appellation," he said. "The word 'Estrie' means absolutely nothing."

Famous Paris Troupe In Moliere Play Here

Sherbrooke area theatergoers are in for a real treat next Tuesday.

The treat will be Moliere's Le Misanthrope, to be presented at the St. Charles Borromeo auditorium for one night only, Feb. 2.

The five act comedy will be under the production of the Vieux-Comblou troupe, of Paris.

The leading role will be played by Jacques Dumesnil, a star of the French theater.

Dumesnil, Parisian by birth, left the Conservatory of Dramatic Art with two first prizes for tragedy and comedy.

He is the president of the Syndicate of French actors and was made a Chevalier of the Legion d'Honneur.

Before coming to Sherbrooke, Dumesnil performed in the leading role of Le Misanthrope for 18 months. He is now on a world tour playing the same part.

From Canada, where he made his North American debut, Dumesnil will play from coast to coast in the United States, under the official patronage of the French Government, and will be supported by a brilliant cast.

The leading female role will be played by Madeleine Delavare, a talented young French actress. According to critics who have

seen the play in Montreal recently, Le Misanthrope is "a treat for the eyes and a feast for the ears."

The five-act play was written by Moliere in 1666 and is considered the best comedy of this great French playwright.

From 1680 until 1952, Le Misanthrope was presented on stages throughout the world more than 1,530 times.

the population of the Eastern Townships," Mayor Bertrand Vermette, of Danville, said.

"I think that 'Estrie' is a good French word, short, and easy to say," he added.

"I am in favor of 'Cantons de l'Est' on the provincial road maps be removed and replaced by the word 'Estrie'," he said.

Mayor Leger Cameron, of Coaticook believed that the word "Estrie" was more French than "Cantons de l'Est."

Mr. Cameron said that he is in favor of the change, but that steps to have the name replace the present day appellation were premature.

Year Of Christian Progress Reported In All Departments

WATERVILLE — A splendid year of progress was reported at the United Church annual parish meeting. Increases were the order of the day in practically all departments; the sector plan had been remarkably successful; the average church attendance had increased steadily during the year, and much optimism was evident in attempting to assess the future.

The meeting was conducted and opened with prayer by the pastor, Rev. A. G. MacLeod, and a moment's silence was observed in memory of those who had passed on during the year.

Under the head of religious Baby Band and Mission Band, indicated remarkably successful years for both bands with the former having an enrollment of 17 and the latter of 30.

Mr. Wilfred Crowley, reported for the Sunday School stating that attendance had been unusually good, and new equipment had been purchased. Activities had been varied and entered into with enthusiasm and prospects for the future were especially bright. Mr. MacLeod reported something new each second week he had been holding meetings in the Church Hall with a teenagers' group numbering from 8 to 18. The group was not bound by Church lines - all were welcome and were attending. The meeting heartily approved of this endeavor.

The Women's affiliation of the Church had just completed its first year. It is made up of the former Women's Association and Women's Missionary Society and is one of the first United Churches groups to be brought together into one organization. Mrs. Fulcher, secretary, reported a total of 48 members. H. S. Ball, treasurer, reported a year of unprecedented success with approximately \$2,300 being raised. Mrs. Elton Parkison was the president of the group.

The trustees, H. S. Ball, S. A. Hopper, and Eric Swanson, had added a new furnace and effected other improvements in the property.

The Sunshine Group, headed by Mrs. Myrtle Burnell, who have community friendship as their ideal, had had a banner year. The report was presented by Mrs. Fulcher in Mrs. Burnell's unavoidable absence through illness. It showed, among many projects, that 127 calls had been made, 143 lunches had been sent out, and much varied good had been accomplished.

The Stewards had Stan. Reed as their president, which Lloyd Spafford, treasurer, reported that over \$5,600 had been raised by subscription and various projects and had been raised by subscription and various projects and had been spent in the running of the church. Mr. Spafford also reported \$738.01 to have been raised by the maintenance and missionary department.

The Session report was submitted by Mr. MacLeod, who stated that Good Friday and Christmas Eve services had been introduced during the year with excellent attendance. Church attendance had steadily increased until now an average attendance of about 100 has been reached with 80 to 85 observing the quarterly communion services. Calling districts had been assigned to elders. The 54th wedding anniversary of Mr. and Mrs. James Hutchison had been observed. For the first time in many years, no one from the Woodside family could be at the annual meeting, and they were greatly missed.

Mrs. Charles Smith, newly elected president of the Women's Affiliation, on behalf of that organization, presented to Miss Harriett Woodsie, in absentia, a beautiful book to commemorate 30 years of service as secretary of the Women's Missionary Society.

The resignation of Eric Swanson as trustee was accepted with regret and E. N. Fidler Jr. elected in his place.

Among other items of business the following might be mentioned: Henceforth contributors' names with amounts given will be omitted from the annual report. Five new stewards were named: Barter, Scherping, A. S. Blier, for three years terms; Davison and Clayton Bernard for 1 year terms; press secretary for the church, Mrs. Benjamin Smith, appointed. Each Church family will continue to receive the "United Church Observer".

Congregational support to the Sunday School and Christian education library committee was approved in principle.

The secretary was instructed to write letters of congratulation to Mr. and Mrs. James Hutchison on the occasion of their 54th Wedding Anniversary; to Abram Foote now enjoying abundant health in his 93rd year; and to Mrs. Myrtle Burnell, the Woodside family, and to Mr. and Mrs. Fred Bell letter regretting that ill-health prevented them from being present at the annual meeting.

The Women's Affiliation will have two members on the Board of Stewards.

The following motions of thanks were made and enthusiastically adopted: Wilfred Crowley to the organist Mrs. Burton, and the choir for splendid music given and service supplied. Sam. Hopper and Oscar Johnston to Sexton George Emery for efficient performance of his many exacting duties, A. S. Blier to the ladies for the varied, efficient and indispensable roles played. Hal. Robinson to all chairmen and members of committees and all other workers, who had so splendidly contributed their energies in making 1959 within the Church so successful, and by H. S. Ball to Mr. and Mrs. MacLeod and family for their stimulating and devoted guidance, their unfailing attention to any and all of their duties, their initiative and resourcefulness, and their example of living in the community.

Pulp And Paper

Russian Competition Not Serious Until 1975

MONTREAL (CP)—The Canadian Pulp and Paper Association needn't fear any serious competition from Russia until at least 1975, a panel of pulp and paper experts said Tuesday night.

The equipment and manufacturing processes of the Russian industry are 20 to 25 years behind that of Canada, the nine-man panel reported.

The group, sponsored by the Canadian Pulp and Paper Association, visited Russia last Oct. 10-31. In a 5,000-mile tour they saw mills in Moscow, Leningrad, Kaza, Gorki, Kiev and Lvov.

Despite its present condition the Russian industry appeared to be on the verge of rapid expansion, they said.

The Russians plan to double their pulp and paper output and quadruple their paperboard production in the next five years, said Jack Limerick, chairman of the panel and research director of Bathurst Power and Paper Company.

"Although the industry will grow to several times its present size by 1975, we believe local requirements will prevent Russian mills from competing on world markets," he said.

Present pulp and paper output in Russia is less than half of Canada's.

In the U.S.S.R. paper consumption per capita is 30 pounds, compared to 300 pounds in Canada and 400 in the United States.

F. A. Price, technical editor of the Pulp and Paper Magazine of Canada, said grocery store customers in Moscow seldom get their goods in bags.

"Housewives usually bring a newspaper along to wrap their bread in," he said.

Lack of government support seems to have slowed the industry more than anything else.

"Expansion of the industry will not be retarded by lack of research facilities or personnel," said Dr. J. L. Keays, superintendent of research and development at MacMillan, Bloedel and Powell River Company Limited.

He said pulp and paper research in Russia "is considerably ahead of applied technology."

Low government grants to the industry are reflected in design and engineering in mills, said P. A. Harakas, chief engineer of the Ontario Paper Company Limited and the Quebec North Shore Paper Company.

He said most mill equipment was of pre-war European or North American design.

and supplies to hold out for weeks, certain of continuing demonstrations of sympathy on the part of the European population of Algiers and other Algerian cities.

No one believed that blood would be shed again in Algiers. The whole city was convinced that "Algeria is French" uprising has by now become a political problem and a challenge to the French government's Algerian policy.

OPPOSE POLICY Last Sept. 16, President de Gaulle promised self-determination for Algeria's Moslem population after a return to peace. The European settlers oppose self-determination claiming it gives hope to Moslem nationalists rebelling against France and prevents the Moslem masses from taking an immediate political stand.

French censors have authorized dispatches saying that the insurgents have won the first round. Most observers here agreed that a continuation of the resistance in the heart of Algiers, economic paralysis and the spreading support for the rising are ominous signs.

Tuesday thousands of grim men and women followed funeral corteges of territorial guards (militiamen) killed during the Sunday clash between insurgents and the gendarmes.

Dense crowds stood along the sidewalks as coffins draped with giant tricolors went through the streets. Troop convoys were stopped and soldiers presented arms.

It was a spectacle which brought tears to the eyes even of tough French paratroopers, veterans of numerous campaigns.

REPORT Continued from page 1

ters and 9,000,000 North Africans — to choose their own future that led to Sunday's bloody uprising.

Debre, who returned from Algiers Tuesday after a quick pre-dawn conference with leaders there, warned that "all can be lost" if order is not soon restored to the turbulent North African territory.

WANTS FREE ELECTIONS He reaffirmed de Gaulle's determination to restore order and push the program for free elections.

"There is no other issue in the crisis which is splitting Algeria," said Debre. "All can be lost if order is not re-established and maintained."

Debre conferred late into Tuesday night with other government leaders on the crisis. His Hotel Matignon headquarters remained silent on what was said.

It was reported this morning that the deputy mayor of Oran, where a general strike has paralyzed all business, had sent a message to de Gaulle asking him to relax his stand and declare Algeria French.

Communications with embattled Algiers continued to be sporadic. Cables were held up for hours and attempts to telephone the city were useless.

Test Rocket Fired

WASHINGTON (AP) — A four-stage Javelin rocket carrying Canadian instrumentation was shot nearly 600 miles high Tuesday in a further test of a new rocket engine that will be employed as part of still another new rocket for deep missions into space. The rocket, weighing 7,000 pounds, including a 48-pound instrumented payload, roared off a pad at Wallops Island, Va., on a 714-mile trip.

Scientist Dies

MONTREAL (CP)—Word was received here Tuesday of the death in Birmingham, England, of Frank Eugene Lathe, who became one of Canada's outstanding scientists. He died Jan. 16 in his 78th year. Native of Lacolle, Que., Mr. Lathe at various times was employed by several mining and metallurgical companies and in 1930 he was appointed director of the division of research in information of the National Research Council, Ottawa.

Billy Graham

Continues Crusade

ACCRA, Ghana (AP) — Evangelist Billy Graham left Tuesday for Kumasi to continue his African crusade amid press criticism of his silence on France's proposed atomic tests in the Sahara.

After an attack by Accra newspapers Monday only 5,000 persons turned out Monday night for Graham's second evangelistic meeting here. More than 14,000 had poured into Accra Stadium to hear him the night before.

Graham said when he arrived that he would not comment publicly on the tests because of political connotations.

WARREN M. DERBY, OF WINNIPEG, MAN.

SUTTON — News of the sudden passing of Warren Milford Derby, in Winnipeg, Man., on Jan. 4, 1960, came as a shock to his many relatives and friends.

Mr. Derby was born at Sutton on Aug. 31, 1914, the third son of the late Charles and Alice Derby. His early years were spent on the home farm but he tired of farming and at the outbreak of World War II joined the Royal Montreal Regiment and went overseas in 1939.

After spending four years overseas, Warren returned to Canada, but, possessed of a keen desire to see more of the world joined the Merchant Navy as a steward. He was later promoted to chief steward and spent several years at sea visiting many different countries.

On returning from the Navy Mr. Derby settled first in Montreal, going later to Toronto, Ont., and from there to northern Manitoba, acting as inspector Dominion Caterers through northern Manitoba and northern Saskatchewan a year ago he returned to Winnipeg, where he was living at the time of his death.

Mr. Derby is survived by his widow, the former Mary Wilson; a son and daughter-in-law, Charles and Sheila, of Knowlton; a son, Alfred of Sutton; a daughter, Roslin, of Sutton; seven brothers and sisters, Edwin, of Sutton, Bernice, Mrs. Arthur Lampman, Dunham, Mildred, Mrs. Mildred Derby, Montreal, Evelyn, Mrs. Charles Shufelt, Sweetsburg, Muriel, Mrs. George Newman, Knowlton, Eva, Mrs. Linwood Yates, Dunham, a sister, Cecile, of Sutton; four brothers-in-law, Arthur Lampman, Charles Shufelt, George Newman and Linwood Yates; a sister-in-law, Mrs. Edwin Derby, and many

The Doctor Says

'ZONOSSES' ARE DISEASES ANIMALS TRANSMIT TO MAN
The household pet is pretty much standard equipment in most homes.

Considering the close contact between domestic animals and members of the family, there is amazingly little interchange of infectious disease in either direction.

Fido and tabby appear completely immune to the common afflictions of childhood, and only rarely is it possible to demonstrate an instance in which a household pet acted as a disease-carrier to its human companion. A recent report renewed my interest in zoonoses, the name given to infectious diseases transmitted by animals to man.

An 11-month-old baby suffered a serious attack of infantile diarrhea as a direct result of contact with an apparently healthy pet dog.

In the words of Khurshid A. Mian, who made this interesting and important observation: "On questioning the parents (who did not harbor the organism), it was found that the baby used to play in the living room on the carpet with the dog. The carpet was contaminated by the dog and the infection was carried by a hand-to-mouth pattern."

Here are some other zoonoses whose recognition by you may prove extremely valuable: Rabies or hydrophobia, transmitted by the dog, cat or bat bite, or by saliva drooled into an open wound.

Cat scratch fever in which fever, glandular enlargements and a body rash follow a few weeks after the appearance of a blister or pimple at the site of a cat scratch.

Parrot fever (or ornithosis) in which the victim suffers a pneumonia-like illness after handling a sick parrot, canary, pigeon, turkey or almost any other bird.

Rabbit fever (or tularemia) that begins as a sore usually on the finger of a person who's skinned or handled the body of an infected bunny, beaver, muskrat, sheep,

deer or pheasant. Later manifestations of tularemia include fever, glandular swellings and disturbances of lungs and intestines.

Toxoplasmosis, a particularly cruel disease only recently recognized. Caused by an organism that lives in the bodies of cats, dogs, pigeons, pigs and hares, toxoplasmosis is transmitted through the blood of the healthy pregnant woman to the unborn child.

The unfortunate baby comes into the world with all sorts of deformities, mostly involving the brain and other nervous tissues and the eyes. About the only

bright spot in the toxoplasmosis picture, at the moment, is the assurance that future pregnancies will not be affected.

I hope you'll forgive me for giving you this rather terrifying report. It's written in the hope that it may help to preserve the health of someone, somewhere.

Get Those Hooks Away From Children's Sight

A man who reads this column wants me to write "a piece about mothers who turn their children against their fathers."

I'll be glad to oblige because I think a lot of women do try to get more than their share of their children's love—at the expense of the father.

Some wives who are openly critical of their husbands deliberately try to turn the children against their fathers.

Others just get into the bad habit of building themselves up by subtly tearing Papa down.

A mother does that whenever—She says: "All right you can do thus-and-so if you won't let your father know. He would throw a fit."

She doesn't want to say "No" to the child herself and says,

"You'll have to ask your father," instead of saying "Your Dad and I will have to talk it over and decide."

She slips the child extra money warning him not to tell his father who is made to seem stingy when he is only trying to teach the child to get along on a certain amount of money each week.

She makes such remarks as, "I understand, but I don't think your father would."

She buys the daughter more expensive clothes than she knows is sensible and warns her not to tell Daddy how much a dress costs when she shows it to him. Again making it seem that Daddy doesn't want her to have the things she wants but Mama does.

She protests in front of a child when Papa puts his foot down, instead of standing by him.

She and her husband have a disagreement and she makes sure that the children feel sorry for her and resent their father's attitude.

Lowly Pelts Get New Rating In Paris High-Style Garments

By PEGGY MASSIN

PARIS (Reuters) — Youthful and inexpensive furs are getting priority rating in the Paris fashion scene.

Simple pelts like hair seal, Italian lamb, mole, rabbit, skunk, squirrel, raccoon and fox have come into the winter spotlight in high - styled garments with low price tags.

Couturiers and leading fur salons suddenly have awakened to the fact that most women cannot afford mink. Until recently, if a Frenchwoman could not spend at least the equivalent of \$2,000 on a fur coat, she usually did not own one. Today, a whole new school of thought has come to the fore, led by the list of inexpensive furs, or precious pelts used sparingly in "little furbelow" scarves and neckpieces.

French rabbit, long known as a popular export item, emerges from its humble role as a lining. It has been dyed every shade of the rainbow from red, white, or blue to brilliant jonquil yellow, and well styled in bloused jackets or comfortable, wrap-around trench coats.

DYED TIGER Rabbits are followed in the fashion scene by the entire cat family. From the lowly "alley" species to cheetah, tiger, jaguar and snow leopard, Pierre Balmain uses Chinese panther and leopard skin freely for trimming. Givenchy gives tiger skins a black rinse so that the natural markings appear only in shadowy outline. He uses this effective new idea in linings, or features giant circular leopards of black dipped tiger, with a matching toque hat.

Leading fur specialists like Revillon and Max are featuring new departments catering to a young and budget-conscious clientele. A typical model from Revillon's "twenty-year-old" collection is a short, boxy jacket made of

MOOSE MEAT JEAN COTE, Alta. (CP)—Veronica Ross, a Baptist missionary in this northern Alberta hamlet, says moose meat is a staple food for the residents. Drinking water is made by melting ice.

Valentine Dance Spinsters' Turn To Treat

The romantic atmosphere of cupid and hearts will again be the setting for the annual Spinsters' Spree sponsored by the Aldershot Chapter, I.O.D.E., to be held February 13 at the William Street Armoury.

For the past 20 years, tradition has given this one night of the year to the men. Girls invite their favorite boy friend and purchase the tickets to the dance as well as the amusing corsages for their escorts. Miss Florence Clark will be in charge of corsages.

This being leap year, an excellent opportunity is afforded the predatory female by this approaching social highlight of the year.

Mrs. H. Hillard is general convener of the dance. Committee conveners are as follows:

Mrs. A. Ellwood, decorations; Mrs. J. Davey and Mrs. L. Gings, publicity; Mrs. C. Abdallah, refreshment booth; Mrs. N. Mun-Kitrick, checkroom; Mrs. S. Barnes to receive at the door; Mrs. J. Goodson, photographers; and Mrs. D. Davis, floor convener.

Mrs. Russell Wheeler at LO 9-1104 is accepting reservations for the dance.

The Aldershot Chapter depends on the proceeds of the dance for funds for its educational and welfare projects in the city. The support of the public is needed to make this dance the success that it usually is.

blue-black hair seal, beautifully worked to play up the white flanks on each side.

Andre Sauzaie features both Mongolian and Indian lambskins in a range of winter sports jackets with knitted trimmings.

Outstanding this winter is the popularity of snow-white furs. Today, almost any pelt can be successfully bleached, and the choice of white furs includes everything from beaver, rabbit and lamb to long-haired skins like fox and lynx.

Officers Named At Trinity W. A. Annual Meeting

The annual meeting of Trinity Woman's Association was held recently in the ladies' parlor of Trinity Church. The meeting, chaired by the president, Mrs. R. S. Bauman, was opened with a devotional period conducted by Mrs. W. E. Hodge.

The annual reports of the various departments of the Association which were read and approved, showed an active and gratifying year.

HOW YOUR LIVER BILE HELPS BREAK DOWN FATS IN THE DIGESTIVE TRACT

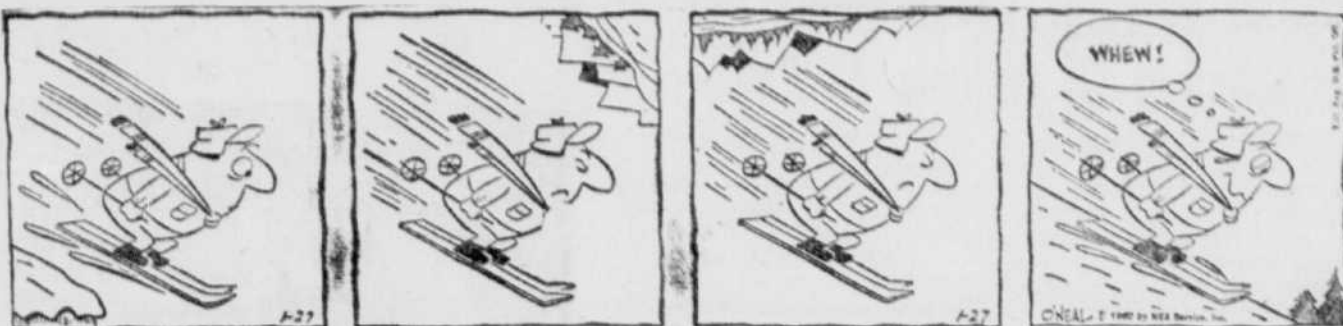

Laboratory tests have now proved that liver bile emulsifies fats... actually breaks them down. It is an established fact that when liver bile is added to fatty solids, the fats are broken down and form a smooth, easy-flowing mix.

In your digestive tract, liver bile helps break down fats the same way. Many of the foods you eat reach the digestive tract as undigested fatty solids. Your golden liver bile helps break down these fats... for easier and more complete digestion.

Carter's Little Liver Pills' exclusive formula of vegetable ingredients relieves irregularity gently and effectively. At the same time, it actually improves the flow of liver bile needed to break down fats in your digestive tract.

So when you feel sluggish, head-achy, nervous and need a laxative, take Carter's Little Liver Pills.

Remember, Carter's not only relieves irregularity, but actually improves the flow of liver bile. Get Carter's Little Liver Pills today!

Mansonville Intermediate School New Modern Addition Is Completed

SCHOOL STARTED IN 1952; NEW ADDITION IS ON THE LEFT

At the beginning of this month, the Mansonville Intermediate School took in a new class in its recently completed extension.

It was Grade Four, which had been using space in the church nearby.

The wing, built last year,

has two new classrooms and a primary playroom.

It makes a handsome and much-needed addition to this fine, new school.

Construction on the school began in August, 1952.

The old building was bursting at the seams, as rural schools were closed and pupils were transported by bus into Mansonville. For a year and a half before the new school was completed one class had to use the basement of the United Church next door.

However, on Feb. 2, 1953, the building was ready for ap-

proximately 200 pupils. It contains a large gymnasium

with stage, six classrooms, a comfortably furnished staff room, a well-equipped kitchen with gas range, a library and a principal's office. At first there were five teachers, so one classroom was darkened to be used as a projection room. Two years later a sixth teacher was added to the staff.

The official opening of the school took place on September 25, 1953. The opening address was given by Dr. W. P. Percival, Director of Protestant Education, at that time. During the program, greetings were tendered by representatives from the Government of the Province of Quebec, Protestant Committee of the Council of Education, Protestant Central School Board of the County of Brome, Protestant Association of Protestant School Boards, Provincial Association of Protestant Teachers, and the Fisher Trustees.

Various gifts to the school on its opening were:

A refrigerator for the kitchen from the Fisher Trustees; A projector from the Mansonville Community Club.

Shrubs, cedar trees, a cedar hedge and flowers were set

out by the first principal, Mr. J. G. MacGibbon.

Ladies in the community made the drapes for the office and staffroom and curtains for the stage.

Past principals of the school have been: J. G. MacGibbon, Mrs. M. Hill, W. R. Langley.

The present staff is:

Grade One, Mrs. Letitia Willard; Grade Two, Mrs. Erma Perkins; Grade Three, Mrs. Maud Clark; Grade Four, Mrs. Roberto George; Grade Five, Mrs. Pauline Tibbitts; Grades Six and Seven, Miss Alice Jones; Grades Eight and Nine, V. E. Patterson, principal.

WEST SUTTON —

Mr. and Mrs. Joe Marco, Mr. Lawrence Marco, Mr. P. Gilbert, and Mrs. Hazel Gilbert attended the funeral of Mrs. Levi Plopf, nee Maude Gilbert, whose death occurred at the St. Albans Hospital, in Vermont.

St. Paul's Church Guild, Knowlton, Looks Back On Year's Activities

KNOWLTON — The annual meeting of the Parochial Guild of St. Paul's church took place in the Guild room of the church with Mrs. Clarence Stone as hostess. Rural Dean Rev. T. E. R. Nurse opened the meeting with prayer. Mrs. Nurse, the president, was in the chair.

The minutes were read by the secretary, Mrs. F. M. Bowen, and in the absence of the treasurer, Mrs. Adele Whitman, the financial statement was presented by Mrs. L. H. Pibus. Mrs. Nurse expressed the regrets of all at the illness of Mrs. Whitman, and Mrs. S. C. Robison.

Several letters of thanks were read from those who had been

remembered with cards, gifts or flowers at Christmas time.

Mrs. Nurse thanked members for the co-operation she had received and for the fellowship. She said that gifts sent to shut-ins often mean so much and they feel they are not forgotten, and she asked the members to retain their interest during the coming year.

Mr. Nurse took the chair for the annual meeting, and on behalf of the church wardens thanked the Guild for its help and for the wonderful way the rectory is look after.

A moment's silence was observed in memory of Mrs. Madge Turner, Miss Ethel Brown and Mrs. Wm. Venables.

Mrs. Pibus read the treasurer's annual report which showed total receipts at \$1,381 with a balance at Jan. 1st of \$482.

The secretary in her annual report mentioned that many improvements had been made at the rectory. Several rooms had been redecorated. Monies were voted to the Verdun Protestant Hospital, the Red Cross and the Nesbitt Residence. The altar vases and cross in the church had been lacquered.

Mrs. Nina Barnes reported for the fancywork table, and Miss Violet Barton reported on the dolls table. The report for the miscellaneous table was read by Mrs. S. C. Robison, for Mrs. Nurse, Mrs. Thomas Boyd gave the wool table report and Mrs. Gertrude Partridge reported for the food table. All were satisfactory.

Miss Josie Godue, chairman of the nominating committee, presented the slate of officers, who were elected as follows: President, Mrs. T. E. R. Nurse, 1st vice-president, Mrs. Thomas Boyd; 2nd vice-president, Mrs. S. C. Robison; secretary, Mrs. F. M. Bowen; and treasurer, Mrs. Adele Whitman.

Sunnyside High School News

Grades IV and V were visited by two teachers from Newport West High School. Miss Maloney visited Miss Douglass in Grade IV and observed methods of teaching and the pupils' books and Miss Carpenter spent the morning with Miss Wood and Mrs. Soutiere in the Grade V rooms. The visiting teachers were interested in the subjects taught and the methods of teaching used in Quebec schools.

CLASS PARTY

January 16th, at Sunnyside brought a lively and fun-filled night. At 7:30 Grade IX B opened the doors wide to the pupils and friends of the senior grades.

During the first hour the gym was set up for many games: darts, bean bags, horseshoes, and other games of skill. At 8:30 the floor was cleared for dancing to the music of records for the remainder of the evening. In one of the classrooms, those who did not care to dance played 500 or other card games.

Prizes were awarded for high scores in the games and for several novelty dances. Prize winners were Bryan Perrault, Olive Doyle, Mary Millet, Ronnie Ticehurst, Sefton Osborne, and Heather Leslie.

Grade IX B are contributing the proceeds to the Athletic Association.

SENIOR BOYS' BASKETBALL

The Senior Basketball team competed against Lennoxville High in our own gym in an outstanding game which ended in favor of Sunnyside 37 to 25.

Top scorers for Sunnyside were Jamie Edgar, 15 points, Larry Keely, 10 points, and Doug Wing and George Cooke, 6 points each.

Both Senior Girls' and Boys' teams played basketball in Drummondville. The boys played a fast, hard game but lost to Drummondville by a score of 36 to 34. Scorers were Jamie Edgar, George Cooke, Richard Wing, and Larry Kelly.

The boys were hosts to Magog's senior team. The game was close with a nearly matched score most of the way. Because the score was tied at the end of the fourth quarter, an

additional three minutes, perhaps the most exciting three minutes so far in the school year, were played. Sunnyside managed to secure and hold the lead to win with the score standing at 33 to 30. The spectators, including parents, joined the team in the excited jubilation at this climactic conclusion to the game. Sunnyside's scorers were Jamie Edgar with 12 points, and Tom Tyson, Larry Keely, George Cooke, and Richard Smith with four points each.

SENIOR HOCKEY

The hockey team played its first exhibition game against Stanstead College. The game was a fast match with the final score 7 to 3 in favor of Sunnyside. The scorers were Richard Wing, who got four goals, and George Cooke, Douglas Wing, and Raymond Moss who added to the score one goal each.

The hockey team competed in two other games, when Richard was defeated 7 to 0. The scorers were Doug Wing with three goals and Raymond Moss, Richard Wing, George Cooke, and Tommy Hill with one each. As this was the first league game of the season, excitement ran high among the players and spectators and all were proud of the team and especially of goal keeper, Andy Rever, who made several fine saves.

The second game was played against a Bishop's College School with Sunnyside winning 10 to 1. The top scorer was George Cooke with four goals. The following each got one goal, Raymond Moss, Tom Hill, Bryan Perrault, Dwight Watson, Doug Wing and Albert Beasle.

SENIOR GIRLS' BASKETBALL

The Senior Girls' team from Lennoxville arrived at Sunnyside to play an exciting basketball league game. The game was a close one from the beginning with anxious players on both teams fighting for the lead. Our first line, Diane Farley, Edith Davis, and Bronni Patterson, scored 12 points each and N. Knapp and G. Cameron led the Lennoxville team with 14 points apiece. The final score turned in

favor of Sunnyside 36-29.

The next morning two very sleepy teams left Sunnyside at 7:30 to play in Drummondville. The girls' game proceeded quickly and evenly and at the end of the first half it was tied at 11 all. After much consultation with the coaches, we went back on the floor ready to go. This time our forwards, Diane Farley and Edith Davis, managed another 18 points while Drummondville scored 12 and the game ended 29-23 for Sunnyside. After the game a lunch was served by the Drummondville girls during which time the teams of the two schools got acquainted with each other. We left at 2 o'clock and arrived safely in Stanstead at 5 p.m. tired and happy.

The yells and cheers of the Sunnyside and Magog teams rose to high pitch when the Magog teams played Sunnyside. The Senior Girls' game, played first, started off with two baskets in

quick succession from each team and the rest of the game was exciting. After the second quarter, Magog seemed to slacken their pace and Sunnyside pulled ahead. The forwards, Bronni Patterson, Diane Farley and Edith Davis, scored the most points and were ably supported by the teamwork of the guards. The final score stood at 55-29.

Two Roosevelt Raceway Officials Off To Moscow

NEW YORK (AP)—Two Roosevelt Raceway officials will fly to Moscow today in an effort to assure a Russian entry for the second \$50,000 International trotting championship at the Long Island track Aug. 20.

Al Valentine, executive vice-president of the raceway, and publicity director Nick Grande hope to compete in a race at Montecatini, Italy, early in August. That event will qualify six European horses for the International.

The U.S. entry in the International will be decided in the \$50,000 American championship. Canada's champion will complete the eight-horse field.

The championship series will be completed here with the \$35,000 Challenge Cup at Roosevelt Aug. 27 for the four top horses of the International, and a \$15,000 consolation race for the other four.

Is Hockey's Greatest Leftwinger, Ted Lindsay, Nearing End Of NHL Career? Still Playing Great Hockey

When Gordie Howe recently took over the National Hockey League all-time scoring record from Maurice (Rocket) Richard, it suddenly became clear how close to the end of his career the Rocket, often called hockey's greatest right wing, really was.

In Chicago they're wondering how close hockey's greatest left wing is to the end of his career.

Robert Blake Theodore Lindsay, 34, has been playing hard, inspirational hockey for Chicago Black Hawks but getting nowhere. He has five goals and 13 assists in 46 games.

After 47 games last year, he had 13 goals and 18 assists. Only 24 scorers led him and by the end of the season, when he had 22 goals and 36 assists, only 11 were ahead.

You have to count down 58 names this season to find Lindsay.

Even the durable 38-year-old Rocket, who has played only 26 games, is farther ahead with eight goals and 11 assists. Richard, of course, has the advantage of playing for the first-place, high-scoring Montreal Canadiens. Hawks are fourth.

It appears young Bobby Hull has taken the Hawks' reins, but though they'll argue for years about whether Richard or Howe is the better right wing, until Hull has been around the NHL for a while.

Tonight, Chicago plays at Toronto and Montreal is at New York.

Pete Rozelle, General Manager Of Los Angeles Named Commissioner Of NFL After Seven Days Of Fighting

MIAMI BEACH, Fla. (AP)—Pete Rozelle, 33-year-old general manager of Los Angeles Rams, is the National Football League's new commissioner.

His selection as a compromise candidate to succeed the late Bert Bell came unexpectedly Tuesday night and cleared the decks for debate today on league expansion.

Rozelle, a native of South Gate, Calif., was elected to the \$50,000-a-year job by club owners who had fought bitterly for seven days and through 23 ballots. He was given a three-year contract. He said he plans to keep the league staff intact, including Austin H. Gensel, a retiring commissioner since Bell's death last Oct. 11.

Gensel was re-elected league treasurer. He was given a \$5,000-a-year salary increase to a reported \$15,000 and a \$10,000 bonus for his work as acting commissioner.

Rozelle's first problem concerns the important issue of expansion.

"Expansion is a must for the National Football League," he said. "The growth of the league under Bert Bell has made professional football the top spectator sport in our country. There are many population areas that should have pro football."

However, Rozelle did not say when the league should expand. He said the time and place would have to be determined by club owners. Minneapolis-St. Paul and Dallas have been promised franchises this year. Miami, Fla., and St. Louis are possibilities in 1961.

Rozelle was elected when the 12 owners were unable to agree on Marshall Leach of San Francisco, Gensel and Don Kellett, general manager of Baltimore Colts.

Bell installed Rozelle in the \$30,000-a-year post as general manager at Los Angeles in 1957. At the time the Rams' partners were feuding. Rozelle, who had served as public relations director of the club, managed to keep things peaceful.

Asked about his attitude toward the new American Football League, Rozelle said: "I feel as Bell did, that there is a place for two leagues. We'll co-operate with them. We ask only one thing—honoring of each other's contracts."

The Toronto Granites started on their way to the Olympic hockey title by defeating Sweden 22-0 at Chamonix, Switzerland, 36 years ago today. The Canadians then were easy winners over Great Britain and Switzerland, and in the final they beat the United States by 6-1.

Royals Win 5-1 Over Lions To Gain On Leaders

Montreal Royals are again threatening Sudbury Wolves' leadership in the Eastern Professional Hockey League.

If past performance has anything to do with it, however, the Wolves will probably sweep their next couple of games and move out of sniping range.

The Royals are within two points of Sudbury by virtue of a 5-1 win Tuesday night over the third-place Trois-Rivieres Lions, who with 46 points are six behind Montreal.

Kingston Frontenacs also improved their position with a 6-4 victory over the fourth-place Sault Ste. Marie Thunderbirds. The win moved them into a fifth-place tie with Hull-Ottawa Canadiens and left the two clubs one point behind the Soo. The Thunderbirds trail the Lions by one point.

MOSEDELL LEADS WAY

Montreal's victory was paced by veteran Ken Mosedale, who got two goals. Kelly Burnett, Jacques Deslauriers and Tom Thurlby scored the others. Dave Balon scored Lions' only goal.

Another veteran led the Kingston attack—winger Skip Teal—with his 19th and 20th goals as singles were picked up by Cal Gardner, Glen Cressman, Orval Tessier and Gerry Oulette.

The Soo scorers were Matt Ravlich, Jim Farrell, Milan Marcetta and Gary Blaine.

Kingston gets a chance to move out of last place tonight when it visits Sudbury. Frontenacs have won three of their last four games with the Wolves.

Locals Come Up With Top Performance To Hold Fast-Stepping Canucks In Check; Move Into Tie For Second

The Beavers came up with one of their best performances of the season last night to turn back the Canadians of Victoriaville 3-0 in a wide-open duel. In the other tilt the Rockets of Drummondville came up with their usual strong attack to smother the Vics of Granby 7-4 before 1,279 fans.

The win for Sherbrooke allowed the Dube men to move into a two-way tie with the Canucks for second spot in the standing over the Pepee squad holds two games in hand over the locals. A small crowd of 635 fans watched the Beavers come up with a terrific two-way performance.

The Beavers took over right from the start and applied the pressure on the Canadians. Renald Hamel, in the nets, saw and handled more rubber than he has for a long time. The locals drove a total of 18 shots at the agile net-minder in the first frame and it was only his great play which kept the Canucks in the game.

Time after time Hamel was called upon to extend himself in turning aside the dangerous threats of Bob Bedard, Ray St. Cyr, Real Rousseau, Frankie Reid and Gilles Dube. The Beavers just had the Canucks bottled up and they kept the attack going full blast.

Finally after nine minutes of play Marcel Benoit rifled a hard shot from just inside the blue line which deflected off of Hamel's arm to drop into the net. The second goal came when the Canadians had two men in the cooler and Real Rousseau was the scorer just before the end of the frame.

In the middle frame it was a duplicate of the first as the Beavers were buzzing all around Hamel. It was Andy Pratte's first shutout but he didn't have too much work in posting it. Hamel had a total of 40 shots compared to 14 for Pratte.

Rock Island Jets Knock Over Strong Cookshire Squad 6-4 While Windsor Paper Makers Down Richmond 6-3

Rock Island Jets came through with a 6-4 win over Cookshire to end their losing ways last night at the Border Arena. In the other tilt Windsor Paper Makers topped the Richmond Braves 6-3 in regular fixtures of the St. Francis Valley Hockey League.

The Jets, with only ten men in uniform, came up with a strong two-way game to topple the aggressive Cookshire club. It was the Jets' first win in their last eleven starts and the first setback for the visitors in their last six outings.

R. Gilbert came up with a hat-trick to lead the Jets in their victory while A. Parent, J. Beaudette and P. Ellis got the others. For the visitors B. Morin notched two while M. Hotte and G. St. Laurent tallied the others.

Houston Buffs' Price Still Too High, Says Bill Shea; Montreal Not Ready Yet, Says Clay Bryant

NEW YORK (AP)—The latest asking price of \$262,500 for a Continental League group to buy out Houston Buffs of the American Association was branded last night as "still too much" by the new league's founder, Bill Shea.

Informed that directors of the Buffs had cut their original demand of \$492,500 by nearly half, Shea said:

"At least they're becoming more reasonable. Although the figure is still much too high for a triple-A franchise, it isn't nearly as ridiculous as the \$500,000 they demanded before."

"They paid \$100,000 for the club and that's what we'll give them—even though it isn't worth it. We won't be blackjacked into paying exorbitant indemnities."

Meanwhile, a new problem arose in Continental plans for location of a franchise in Montreal should the Houston attempt fail.

Another problem, Bryant said, is the Continental's search for enough major league players.

Bob LeBel, Former CAHA President, Feels Blair-Bauer Combination Is Key To Olympic Hockey Success

MONTREAL (CP)—Bob LeBel, immediate past president of the Canadian Amateur Hockey Association, feels that compatibility between Wren Blair and Bobby Bauer could be the key to Canada's success in hockey at the winter Olympics.

Blair was recently appointed by the CAHA as adviser to the reinforced Kitchener-Waterloo Dutchmen, Canada's entry in the Olympics at Squaw Valley, Calif., next month. Bauer became coach following the resignation of Bill Durnan.

In his two-year term as CAHA president, LeBel was in close touch with amateur hockey at world level—at Stockholm in 1958 when Whitby Dunlops won the world title and at Prague last year when Bellevue McFarlands repeated for Canada.

"While his duties haven't been clearly defined, it is generally accepted that the volatile Blair will assume an active and quite vociferous role, both in committee-

room discussions that may arise and during progress of the games," LeBel said in an interview.

SPURS BY SHOUTING

"If he sits on the players' bench he'll likely be the loudest boller guy in the U.S. Rockies. His incessant screaming at the players to give that extra try was figured by many observers as an integral factor in the Whitby triumph in 1958."

Blair managed the Dunlops that year.

"Now it all depends on how Bobby Bauer feels about this," said LeBel. "If he accepts Blair in good part and doesn't figure that this outspoken fellow is interfering with direction of the team, then our chances should be excellent."

"Blair screams and hollers from the first face-off. He's an inspirational leader. And in amateur hockey, especially in these world contests, this seems of the utmost importance."

The Boomer Quits Hospital After Bout With Flu

MONTREAL (CP) — Montreal Canadiens announced Tuesday that Bernie (Boom Boom) Geoffrion, victim of intestinal flu, has been released from hospital and has returned to his home.

He was reported considerably improved but there was no indication yet when he will resume playing hockey. Canadiens are on the road, playing in New York today and in Detroit Thursday before returning home for a Saturday game against Chicago Black Hawks.

Geoffrion was stricken just before last Saturday's game here against Detroit Red Wings. He was ordered home by the club doctor. He entered hospital early Monday when his temperature rose to 103.

Dow Invitation Trophy Will Be At Stake Sunday At Thetford Mines, Top Provincial Skiers To Compete

The Alpine Combine for the Dow Invitation Trophy will be held for the third consecutive year, Jan. 31, on the slopes of Mount Adstock at Thetford Mines.

Since 1956, the trophy has been awarded annually to the club which can produce the three top skiers. The Thetford Ski Club has won the honour for three years in a row now, and is preparing to defend their role as champions. However, stiff competition has been promised from clubs in Quebec City, Montreal, Victoriaville, Sherbrooke and Mount Orford.

Victorious in their class last year were such people as Paul Beaulieu, Thetford Mines, Denis Turcotte, Thetford Mines, and Pierre Demers, Quebec City. Jean Lessard of Sherbrooke, winner of Class "A", won't compete this year because of his selection to the Olympic team.

Many well-known skiers from throughout the province are registered for the event. Francois Jobin, winner of the Dow trophy Monday at Quebec and Roland Beaulieu, Quebec City; Roy Bennett and C. Whittier, Mount Orford; the Lessard brothers of Sherbrooke; Louise, Jacqueline, Jean and Guy Thibault, Victoriaville; Renaud Argoin, Claude Leblond, Regent Turgeon, Marcel Fecteau, John Penhale, Lina and Francine Argoin, and other contestants from Thetford Mines.

This competition is one of the most important of the season in the province and constitutes an excellent prologue to the Junior Canadian Championships which is being sponsored by the Thetford Mines Ski Club, and will be held at Mount Adstock on the 26, 27, and 28th of February.

Some particulars of the program are as follows: Sunday, January 31, at 10:30 A.M., on the mile-long "Ace" trail, with a drop of 1300 feet. Record for the "Ace" trail is held by Denis Perreault of Quebec City, with a time of 1 min. 29 sec. It will be open for practice from 9:00 A.M. Thursday, Jan. 28, until 9:30 a.m. Sunday, Jan. 31.

The same day at 1:45 on the

"Blue" slalom trail, the trail-blazer will be Gerard Cercuel, French-speaking instructor for the Thetford Mines Ski Club. Each club competing for the Dow trophy must register before the competition. Four skiers are eligible for each team, two seniors and two juniors, however clubs may enter more than one team. The times of the three fastest skiers from a team will determine the winner of the Dow trophy. Also permitted to enter as teams are groups of four juniors of three seniors and one junior.

All entries must be in by 6:00 p.m. Thursday, Jan. 28. Drawing for starting times will be held that evening at 8:00 at the Ski Club Chalet. Written entries should be addressed to Lionel Bourgault, 235 Roy St., Thetford Mines. Home telephone 5-6478, Office Fe. 5-9157 or after 7 p.m. Club Chalet tel. no. Fe. 5-9495.

Prizes donated by Maurice Legendre, Dow representative, will be presented Sunday following a buffet supper at the Club Chalet on Mitchell Street.

Dave Sims To Try For Mark In 100-Yards

WASHINGTON (AP) — Duke's Dave Sims returns to his favorite boards tonight for his Olympic year sprint debut at the Evening Star games.

The six-foot-two-inch redhead is one of three world record holders in the field of 400 which resumes the East's indoor track season at the District of Columbia National Guard Armory.

Sims set the world 100-yard indoor mark of 9.5 seconds when he first dashed into prominence at the Star games in 1956. He also has established indoor bests of 7.8 for the 80 and 7.0 for the 70 in the Star's sprint series, but only the 100 is recognized for world record purposes.

British Consols Playdowns To Be Held This Weekend, Berths In Provincial Playoffs At Stake, Nine Clubs In

The annual playdowns of the British Consols in the Eastern Townships, district one and two, will be held here this weekend. Nine clubs will compete in the battle for berths in the Provincial Playdowns at Quebec, Feb. 10-13.

In section one, Sherbrooke, Windsor, Laurier of Victoriaville, Drummondville, Celanese and Danville will fight it out in a round-robin affair while in the other section four clubs will clash, Thetford, Richmond, Lennoxville and Beebe.

The first matches are slated Friday afternoon in Lennoxville when Sherbrooke will meet Windsor and the Laurier Club will take on Drummondville Celanese. In the evening at 7:30 four games are on tap, Thetford and Lennoxville clash while Sherbrooke and Laurier will meet; both these games are in Sherbrooke. At Lennoxville Celanese and Danville meets with Richmond and Beebe clashing.

On Saturday morning Windsor will take on Laurier while Lennoxville and Beebe meet in Sherbrooke while at Lennoxville it will be Thetford versus Richmond and Sherbrooke meeting Danville. The round is slated for 9:00.

In the afternoon at 2:30 all three games are slated for Sherbrooke ice. Thetford meets Beebe, Windsor and Celanese clash while Laurier and Danville will compete the round. In the evening at 7:30 the final three matches will bring together Windsor and Danville, Lennoxville and Richmond with the other match seeing Sherbrooke taking on Celanese.

Nelson Lothrop, officer in charge of the playdowns, states all matches are twelve-ends and after the round-robin has been completed, special matches will be arranged Sunday to break any deadlock.

But it could be hung up on the selection of the eighth city, although Lamar Hunt of Dallas, Tex., president of the league, said he figured they would wind up their meeting Tuesday and that city selected would be by unanimous vote.

The league has three \$25,000 deposit cheques on file—Atlanta, Oakland and the other Oakland group.

Cities already in the league are Dallas, Houston, New York, Buffalo, Boston, Denver and Los Angeles.

Ted Williams Only Part-Time Player And Jackie Jensen Gone, Who Will Play Outfield For Boston Red Sox?

BOSTON (AP)—Jackie Jensen, who often has threatened to do it, quit baseball Tuesday, turning down an estimated \$40,000 a year so he can be at home with his family.

The blond outfielder's decision shocked Bucky Harris, Red Sox general manager. It disrupted the outfield plans of Billy Jurges, field leader of the Boston American League club.

Jensen announced his apparently irrevocable decision less than 24 hours after Ted Williams signed to play another year with the Sox.

Both events occurred suddenly. Williams visited Harris secretly early Monday morning and signed his contract. He departed quietly, in sharp contrast to the customary big production of other years on Williams' contract signing.

And a few hours later Jurges, talking with writers, told of his plans to play Jensen in right field again, explaining he believed Jensen would return.

Jensen's loss will be felt keenly. Over the last half dozen seasons he has driven in more runs, 667, than any other big league ball player.

He was the American League's most valuable player in 1956. His decision came 43 days before his 33rd birthday.

Jensen explained: "Mostly, I want to spend some time with the family. And I also have some business ventures that I want to start a little closer to."

HOLE IN OUTFIELD?

Asked if he thought his departure would leave a hole in the Sox outfield Jensen expressed hope that wouldn't occur and added "there's an old saying that you can always be replaced."

Jurges expressed similar, if wistful, thoughts.

"It's tough, when you lose a guy like that you'll get hurt," said Jurges. "But you can't figure like that. There's always somebody to take your place. We have some good kids coming up and I can do some platooning."

Among his newcomers he mentioned Lu Clinton who had a good year with Minneapolis as the Red Sox farm won the American Association playoffs and the little world series from Havana.

Jurges also has three outfielders who have been yearning for a chance to play regularly. The fleet Gene Stephens is expected to get the first crack at centre field.

THE OTHER PAIR

Gary Geiger, who came here in a swap with Cleveland for Jimmy Piersall, and Marty Keough are the other two.

Then there is Williams who isn't expected to play every game, and the veteran Bobby Thomson obtained in a trade with Chicago Cubs. Both these veterans can hit the long one.

And Jurges hopes that Ron Jackson, given a chance at either first or the outfield, also will hit the long ball.

Willie Mays Signs Contract For \$85,000

SAN FRANCISCO (AP)—Willie Mays went through the motions Tuesday of signing a San Francisco Giant contract for a reputed \$85,000. It could make him the highest paid player in baseball this season.

Actually Willie and the Giants came to terms a week ago and the Giants' publicity staff conceded the actual contract signing would come later Tuesday.
