

ATTEMPT MADE ON LIFE OF ITALIAN PRINCE  
Nothing Has Been Heard Of Trans-Atlantic Aviator

Assassin Tried  
To Take Life Of  
Prince Humbert

Assassin Fired Shot at Prince Humbert, Wreath on Tomb of Belgian Unknown Soldier—Quick Work of One of Italian Embassy Party, Who Knocked Down Assassin's Arm, Seized Him, Believed to Have Saved Prince's Life.

(Associated Press Despatch) RUSSELLS, Oct. 24.—Crown Prince Humbert of Italy, affianced husband of Princess Marie Jose, narrowly escaped death today at the hands of an assassin, who fired a shot at the Royal suite as the Prince was placing a wreath on the tomb of the Belgian unknown soldier.

Quick work of one of the Italian embassy party, who knocked down the assassin's arm, seized the gun and overpowered him, was believed to have saved the Prince's life.

The assassin, who only escaped lynching through the protection of the police, later told the authorities that he was an Italian named Enrico Drosia, and said that he had intended to fire in the air as a protest.

Prince One Of Calmest Of Those Present.

The young Prince, whose engagement to the Belgian Princess was formally announced today, was one of the calmest of those present. He continued the wreath-placing ceremony while hands played Italian anthems, and later returned to the Italian embassy where he is staying.

Despite the stringent precautions taken by the police to prevent any unpleasant incident at the ceremony, Drosia succeeded in making his way to a point near the Prince's car and fired the shot when he was about fifteen yards away.

Assassin Was Overpowered.

As he prepared to fire a second shot his hand was knocked down and he was overpowered. The police succeeded in protecting him from the infuriated crowd and took him to headquarters for questioning. An investigation was proceeding this afternoon, and it was thought probable a statement would be issued later.

Tried To Lynch Assassin.

The shot was fired at the Prince at 9:45 a.m., just as he arrived at the tomb. The Prince seemed not to notice it. The would-be assassin was arrested immediately and nearly lynched.

The crowd was infuriated and rushed the police and gendarmes who had the greatest difficulty in keeping their prisoner. The Prince and other dignitaries at the tomb pretended not to notice the incident.

The Prince had just been welcomed to the tomb by Count de Brocqueville, Minister of National Defense, and was shaking hands with other notables when the attack was made. Just as the man fired the shot, a motor cyclist who had preceded the Prince to the tomb, threw himself forward and knocked his hand down deflecting the shot, which went into the ground. The crowd did not appear at first to realize what was happening, the motor cyclist's engine having barely ceased popping when the shot rang out.

It was believed the Italian gendarme near access to the tomb in the guise of a former combatant, but this has not been confirmed.

POPE PIUS REJOICED THAT PRINCE WAS NOT INJURED

(Associated Press Despatch) ROME, Oct. 24.—Italians were horror stricken today at news from Brussels, that Crown Prince Humbert had been fired upon today while participating in a ceremony at the tomb of the Belgian unknown soldier. The news was communicated to King Victor Emmanuel and Queen Elena at the Palace at San Rocco.

Their Majesties echoed the national sentiment of relief that he escaped unhurt. The attempt was attributed here to resentment of anti-Fascists in Brussels against the condemnation and execution recently at Pola of Vladimir Gortan, Jug-Slavian "terrorist", who fired on a line of voters last election day.

ACTIVITIES IN  
RICHELIEU ARE  
MORE PEACEFUL

Outstanding Event of Yesterday Was a Meeting at St. Louis de Bonsecours, Where Mayor Houde Addressed Gathering of Farmers.

(Canadian Press Despatch) SOREL, Que., Oct. 24.—The bye-election campaign in Richelieu yesterday continued along the placid course it has followed since the stormy scenes of Monday last, when it was launched with the nomination of two Liberals and a Conservative to contest the seat made vacant by the resignation of J. B. T. Lafreniere, who now heads the Provincial Farm Loans Commission.

The outstanding event of yesterday was a meeting in St. Louis de Bonsecours, where Mayor Camille Houde, of Montreal, provincial Conservative leader, addressed a meeting of farmers in the parish hall. There was also a meeting of Liberal workers in the same village.

Mayor Houde criticized the methods of the Taschereau Government in its handling of the provincial resources.

Numerous small meetings were held yesterday throughout the constituency with the two Liberal candidates, Alderman Turcotte, of Sorel, and Ulric Girouard, Mayor of St. Urs, and the Conservative candidate, Horace Lariviere, of Sorel, busy among the voters.

PULP AND PAPER EXPORTS  
FOR MONTH SHOW DECLINE

Valuation for September Total Placed at \$15,584,529, as Compared With \$17,449,227 for Previous Month.

(Canadian Press Despatch) MONTREAL, Que., Oct. 24.—The total value of pulp and paper exports from Canada in the month of September suffered a drop from the previous month, although the present level is still above that of the corresponding period of last year, it is shown by a survey of the figures for the past month.

Valuation of pulp and paper exports for September total \$15,584,529, as compared with \$17,449,227 in August, of this year, and \$14,759,782, in September, 1928.

"TIGER" RECOVERING FROM HIS SEVERE HEART ATTACK

Physicians Consider Heart Attack of Former Premier Clemenceau Happily Ended—Is as Intractable as Ever.

(Associated Press Despatch) PARIS, Oct. 24.—Former Premier Clemenceau, in the opinion of his physicians, has completely recovered from the heart attack which for the past two days caused anxiety.

"consider the heart attack as happily ended," said Dr. Laubry last evening after a visit to the former Premier.

The physician said that the eighty-eight year old "Tiger" was as intractable as ever, "we advise him to take a rest but he won't quit work on that hook of his. That famous book 'My Memoirs' may play a trick on him in the end."

THE WEATHER

MOSTLY CLOUDY, WITH SHOWERS

The disturbance which was over Michigan yesterday is dispersing over the Lake region, while high pressure covers the western half of the United States. The weather has been unsettled with showers from Ontario to the Maritime Provinces and fair and moderately warm in the West.

Forecast: Moderate winds, mostly cloudy today and Friday, with scattered showers.

Northern New England: Rain tonight and Friday; not much change in temperature. Moderate to fresh southwest winds.

WELL KNOWN MEN  
OF THE  
EASTERN TOWNSHIPS

(By W. C. Skinner)

MR. L. N. AUDET

Mr. Louis N. Audet, one of the most prominent architects of Sherbrooke and well-known in the province as a specialist in religious, educational and residence buildings, has been a resident of Sherbrooke since 1902. He was born at Lambton, Quebec, on August 14, 1881, the son of Napoleon Audet and Elmina (Devault) Audet, of Lambton.

Educated at the Levis College, Mr. Audet began work here as a draughtsman with the late Mr. Joseph Verret in 1902. From 1903 to 1907 he was draughtsman with Mr. J. W. Gregoire, of Sherbrooke; from 1907 to 1910 he was in partnership with Mr. Gregoire, and in 1910 opened his own office.

From 1913 to 1915 was a member of the firm of Audet and Charbonneau, Montreal. Since 1915 he practised alone here. Mr. Audet has prepared plans for many of the finest and largest buildings in Sherbrooke and in the Eastern Townships, including St. Michael's Cathedral, the Bishop's Palace, St. Patrick's Church, Mont Notre Dame Convent, Normal School, Redemptorist Fathers' Monastery, Motherhouse for the Sisters of the Holy Family and the Daughters of the Sacred Heart, the Mackinnon Memorial Building, and Roman Catholic churches at East Angus, Asbestos, Drummondville and Lake Megantic.

He was also the architect for St. Roch Church, at Quebec, the new Levis College, the new Seminary at Three Rivers, The Basilica at Ste. Anne de Beaupre in collaboration with Messrs. Roisin, Paris and Daoust, Montreal; the new Church of St. Alphonse, Montreal; church, rectory, school and hospital at Campbellton, N.B., and the academy at Chatham, N.B.

Mr. Audet is a member of The Province of Quebec Association of Architects and of the Royal Architectural Institute of Canada. He was joint vice-president of the citizens' committee in charge of the erection of the design for the new monument. He is an active member of the Sherbrooke Board of Trade, of which he is a director. He is a member of the Sherbrooke Country Club, the Knights of Columbus, St. Denis Club and Old Colony Club, Montreal. He is a Conservative in politics and a Roman Catholic in religion. Mr. Audet's chief recreations are motoring and the collection of rare books on architecture and art.

On August 12, 1907, he was married to Miss Jeannette Gadois, daughter of Alfred Gadois, of Sherbrooke, and they have one son Jean-Paul, and three daughters, Aline, Jacqueline and Suzanne.

Mr. Audet's office is at 32 Wellington Street North, and his residence is at 205 Quebec street, Sherbrooke.

Carnegie Foundation Completes A  
Survey Of University Athletics

Report Concerns Itself Chiefly With What Is Characterized as "the Deepest Shadow" that Darkens American College and School Athletics, Namely, the Widespread Practice of Recruiting and Subsidizing Athletics.

NEW YORK, Oct. 24.—The Carnegie Foundation for the advancement of teaching yesterday made public the elaborate results of its searchings, and in some respects sensational investigation into college athletics, particularly football, in the United States and Canada.

The Foundation report, which may become famous as "bulletin no. 23" in its revelations and effects, runs the gamut of methods, practices and conditions, but focuses principally upon what the investigators characterize as "the deepest shadow" that darkens American college and school athletics, "the widespread practice of recruiting and subsidizing athletics."

The inquiry consumed more than three and a half years, entailing personal visits to a hundred and thirty American and Canadian colleges, universities and schools, and involving the co-operation of more than two thousand persons.

An interesting feature of the report disclosed that in only twenty-eight of the institutions studied

Fire Caused  
Much Damage  
In Hollywood

One Killed in Fire Which Destroyed Laboratory of Consolidated Film Industries Early This Morning—Damage Estimated at \$50,000,000—Fifty Persons Forced to Make Hurried Exit—Valuable Films Were in Building.

(Associated Press Despatch) HOLLYWOOD, Calif., Oct. 24.—An explosion and fire destroyed the laboratory of the Consolidated Film Industries here early today, causing a loss estimated as high as \$50,000,000. Fifty persons in the building fled to safety during the interval between four detonations which wrecked the place. One man was killed.

During the confusion immediately after the blast it was believed several persons were trapped in the structure. However, C. M. Lockwood, a film company executive, who had been working in the place, said all of the fifty persons known by him to have been in the building at the time had been accounted for, including the one dead.

Master Films Destroyed

The laboratory was being used by about seventy-five per cent of the motion picture producers. Losses included the master films of several new screen productions.

The only death was that of Albert Lund, who was found unconscious near a film polishing machine after firemen had quenched the blaze. He died while being taken to a hospital.

Among the master films known to have been in the building were "Hell's Angels," valued at \$60,000; the "Faming of the Shire," value not given; "Trespassers," an all-talking production, and "Rio Rita," a talking-singing film. That the first estimates of the loss might be considerably reduced, was indicated when employees of the laboratory and firemen reported that much of the film had been stored in bottles and possibly was undamaged.

Closing of several fire-doors in the building also may have saved some of the productions.

Two Negroes Arrested

(Associated Press Despatch) LOUISVILLE, Ky., Oct. 24.—Two negroes living in Jeffersonville, Ind., were arrested late last night after a large sedan had been removed from the railroad tracks just before President Hoover's train passed.

The negroes confessed to detectives that they placed the sedan on the tracks in a plot to obtain money from the railroad company for damages.

RUSSIAN AVIATORS WILL BE  
CONTENT IF THEY CAN  
ARRIVE AT CHICAGO TONIGHT

(Additional Special on Page 9.) NORTH PLATTE, Neb., Oct. 24.—Half their cross-country journey over, the four Russian round-the-world fliers said they would be content to make Chicago by tonight. Their tri-motored plane, "Land of the Soviets," rode through some rough weather to reach here from Salt Lake City yesterday. The fliers expect to remain in Chicago over the weekend.

President Hoover Outlines Plans  
For Developments Which Will Far  
Exceed Panama Canal Undertaking

Plans Provide for Development of Lakes and Rivers into Gigantic Arterial Waterway—Will Call for Expenditure of \$20,000,000 a Year—Carrying Forward of All These Tasks Is Not a Dream of Visionaries, But March of a Nation, U. S. Chief Executive Maintains.

(Associated Press Despatch) LOUISVILLE, Ky., Oct. 24.—The development of the rivers and lakes of America into a gigantic arterial waterway, embracing a task three or four times the magnitude of the Panama Canal undertaking, was pledged by President Hoover here last night, as one of the great objectives of his administration. Millions of persons from coast to coast listened as the President spoke over the radio from the Louisville Memorial Auditorium and heard him outline one of the most ambitious internal improvement programmes the country has ever envisaged.

Expenditure of \$20,000,000 a Year Explaining his purposes in considerable detail, Mr. Hoover said his programme would call at the most for additional expenditures of \$20,000,000 a year, and asserted this would be equal to the cost of half a battleship.

That project, Mr. Hoover asserted, was but the beginning of "still unfinished tasks in improvement of the great waterways up to the standard we have established upon the Ohio."

Not a Dream of Visionaries

Under ten salient headings, President Hoover detailed as still to come in the development of this country's waterways, the improvement of the entire Mississippi and her tributaries; projection of the Great Lakes-St. Lawrence waterway as soon as an agreement is reached by the United States and Canada; the completion of one of the great objectives of his administration, the development of harbors to accommodate the big ocean-going vessels and expand the volume of American commerce.

"To carry forward all these great tasks," Mr. Hoover said, "is not a dream of the visionaries, it is the march of the nation."

Report that Message Had Been Received from Ship that Piece of Airplane Wreckage Had Been Discovered Was Officially Denied Today.

(Canadian Press Despatch) T. JOHN'S, Nfld., Oct. 24.—The report from Harbor Grace that the SS Kyle had picked up a message regarding Urban F. Diteman's plane, was stated by the railway management to be without foundation. The management has had no message from the Kyle, which is at present on the northern coast. It is believed the rumor originated from the SS Scythia's message last night that no sign of the plane had been seen. This message was in code, and the report spread that Diteman had been found.

FOUR STEAMERS  
WENT AGROUND  
DURING STORM

Forty-Eight Hour Storm Played Havoc With Lake Shipping.

(By Canadian Press) TORONTO, Oct. 24.—Four steamers aground; one tug missing; a car ferry fifteen hours overdue; and the six-man crew of a barge rescued after being adrift for nearly twenty-four hours. That is the toll of the storm king who, during the past forty-eight hours, has wrecked his will on land and water.

What the sum total of the damage caused by the gale will be cannot be estimated. It will be in the millions of dollars, without doubt. Once again heroism of the silent sailors of the lakes shines forth, in many cases the true story will never be heard—in others it has already become known.

One of the outstanding episodes of the lakes was the rescue, early yesterday of twelve men and a woman, from the steamer N. J. Nessen, which ran aground off Leamington, Ont., Tuesday night. All night rescuers had waited on the shore, unable to assist the crew of the stranded vessel. There was no lifesaving equipment at Leamington. Early yesterday a lifeboat was obtained at Point Pelee, ten miles away, brought to Leamington, manned by a heroic crew, and after a terrific battle managed to bring the crew of the Nessen safely to shore. Meanwhile, the ship still hard and fast aground, is reported to be breaking up in the heavy sea.

REPORTED THAT WRECKAGE  
OF PLANE WAS DISCOVERED

(Canadian Press Despatch) HARBOR GRACE, Nfld., Oct. 24.—A radio message from "operator Horlick" of the SS Kyle today advised that he had picked up a marconi message from the SS Scythia that another ship, name unknown, had discovered a piece of aeroplane wreckage at 2 p.m., yesterday.

The little plane in which Urban F. Diteman essayed to cross the Atlantic from Harbor Grace to London had a black fuselage, and its wings were painted orange.

CABLEGRAM IN LONDON IS  
AWAITING URBAN DITEMAN

(Associated Press Despatch) LONDON, Oct. 24.—An unclaimed private cablegram for Urban F. Diteman, Jr., today was lying on a desk in the London bureau of the Associated Press and seemed likely to become a reminder of another trans-Atlantic air tragedy.

Diteman left Newfoundland Tuesday in a small aeroplane with the hope of reaching England yesterday.

The cablegram was sent soon after he left and lay here awaiting his arrival all day. Every few minutes there reached the same desk messages from all parts of the British Isles and ships at sea reporting that nothing had been heard of the aviator since he left Newfoundland. Today there was grave doubt that Diteman would ever read his message, for he was long overdue.

HOFMEYER IS ELECTED TO  
SOUTH AFRICAN ASSEMBLY

Hon. Oswald Piow, Minister of Justice, Also Elected—Standing in House Unchanged.

(Canadian Press Despatch) CAPETOWN, S.A., Oct. 24.—Hon. J. H. Hofmeyer, former administrator of the Transvaal, was elected to the House of Assembly in the bye-election yesterday in Johannesburg North.

In the second bye-election held yesterday Hon. Oswald Piow, Minister of Justice, was elected to represent Gezina. He polled 1,391 voters to 653 for his South African Party opponent.

The standing in the House of Assembly was unchanged as a result of the voting.

BOROUGH SEATS  
BEING CLAIMED  
BY LABOR PARTY

In November Approximately Five Hundred County and Municipal Boroughs Throughout England and Wales Will Elect One-Third of Membership of Their Councils

LONDON, Oct. 24.—Labor is now battling for the borough. On November first approximately five hundred county and municipal boroughs throughout England and Wales will elect one-third of the membership of their councils. Twenty-two of the borough councils already have labor majorities. Labor is out to extend its municipal councils. "First a Labor Government," so runs the slogan "Now a Labor Council."

In Bradford, Nottingham, Newcastle and Leicester the Labor Party expects to capture the municipal machine. In Cardiff, where Liberals and Conservatives have reached an agreement for a "straight anti-socialist fight," Labor needs only two more members in the council to secure control.

In Liverpool where they have been firmly entrenched for generations, Conservatives are said to be regarding the prospect with anxiety. Last year Labor gained eleven seats on the Liverpool city council. In Salford, Coventry, and Dudley Labor is expecting net gains.

Immigration From British Isles  
And United States Is Increasing

Figures Issued by Department of Immigration Show that in Five Months from April to August British Immigration Reached a Total of 47,235 as Against 40,442 in Same Months in 1928—Migrants from United States Increased from 15,968 to 18,187.

(Canadian Press Despatch) OTTAWA, Oct. 24.—Immigration from the British Isles and United States is on the increase, according to Department of Immigration figures, while from other countries there is a reduction. In the five months from April 1 to August 31, British immigration reached a total of 47,235 as against 40,442 in the same months in 1928. Migrants from the United States increased from 15,968 to 18,187 in the same comparison, while incom-

ers from other countries were down to 43,815 from 55,840. Total immigration for the period under review was 109,237, which is a decrease of three per cent from the same months last year.

Added to the above total are 15,107 Canadians who have returned to Canada from United States, adding to reside here permanently.

In August alone there was a substantial reduction in immigration, the figure being 15,022 as against 25,340 in August, 1928.

### SAWYERVILLE

At a meeting of the Sawyerville School Commission held on Monday, October 14th, the chairman gave a report of proceedings at the recent meeting of the Provincial Association of Protestant School Boards held at Magog. Several bills were authorized, largely cost of material for the school fence, recently put across the property, which very much improves the appearance of the property. A grant of twenty-five dollars was authorized, if necessary, towards equipment for the teaching of physics for grade XI. Mr. Clifford Waldron sent in his resignation as a member of the Board, due to his planning on being in Ontario for the winter. On motion this was accepted, and Mr. Sam Elliott was appointed to replace Mr. Waldron. Mr. Waldron has proved an active member while on the Board.

Miss May Ashford, graduate nurse of the Sherbrooke Hospital, is visiting her sister, Mrs. (Rev.) L. Merrill Wilson, here, for a few weeks. Miss Ashford recently wrote her R.N. examinations at Sherbrooke.

The new sewer being constructed in the village should look after the sanitary requirements of the village in that section, for years to come.

The concrete work in the basement of the United Church has been brought to a completion, largely by volunteer labor under the direction of Mr. Lewis Farnsworth. It is expected that the changes and repairs in the church will make for more efficient work. Under the direction of Mr. Ed. Evans, the church property is being redevalued and the roads in connection graded.

Watch and wait for grand opening sale at S. A. Vineberg's, opposite Bank of Montreal, Sawyerville.

### WINDSOR

The October meeting of the Women's Association of the United Church was held in the parlors of the church. There was a large attendance of members, and several visitors were also present. In the absence of the president, Mrs. A. W. Sykes occupied the chair and conducted the business. Plans were discussed.

## BRITAIN'S OLDEST PEER ATTAINS POPULARITY AS THE TYPICAL JOHN BULL

LONDON, Oct. 24.—While a lot of men and women have to struggle a lot to have their names written in the book of fame, the Earl of Coventry has gotten there, so far as England is concerned, merely by living a long time.

He has been a peer longer than any man in English history.

He is the oldest peer in the House of Lords.

He is the oldest member of the Privy Council.

He is the oldest member of the Jockey Club.

Not so long ago he celebrated his 81st birthday and when one of his grandchildren asked him how it felt to be a nonagenarian, he replied succinctly:

"It's lovely!"

An Earl 86 Years

He succeeded to the peerage in 1843, when he was only 5 years old.

He has, therefore, held the Earldom for 86 years and four months.

Before that record the longest a peerage had been held was by the fifth Viscount Cullen, who died in 1802 after having held his title 86 years and 61 days.

Lord Coventry, like a good many peers, is descended from a former Lord Mayor of London. The founder of the line was a certain John Coventry who got rich as a mercer and became Lord Mayor back in 1416.

He was one of the executors of the estate of another Lord Mayor, famed in song and story—that Dick Whittington who came up to London with his cat, sought his fortune, and found it.

The Coventrys rose rapidly in the social scale and by 1825 Thomas Coventry became Lord and Keeper of the Great Seal and was made a Baron.

Popular With Countrymen

The present Lord Coventry is and has been everything that appeals to the English. He looks like a typical John Bull. He has been a Tory, but with a paternal interest in his tenant farmers. He

For 86 years he has been the Earl of Coventry.

rode to hounds until he was more than 80. He kept a racing stable and won the Grand National back in 1888. He has attended over 66 Ascot race meetings and has seen 67 Derby runs, although he never led in a winner from his own stables. The jolly, sporting, ruddy-faced lord of the manor never raised the rents of his tenants when others did so and never sold an acre of his lands during the war when speculative prices made selling a very profitable thing. When he celebrated his 83rd birthday, he received an unusual gift from his tenants. They voluntarily made up a purse containing one-tenth of their annual rents.

Getting Skinnier Every Day

Something Must Be Done and Done Right Now—Quick.

Tens of thousands of thin, run-down men—yes, and women too—are getting discouraged—are giving up all hope of ever being able to take on flesh and look healthy and strong.

All such people can stop worrying and start to smile and enjoy life right now for McCo's Cod Liver Extract Tablets are putting flesh on the bones of thin people in all parts of the world every day.

One woman, tired, weak and discouraged, gained 15 pounds in five weeks and now feels fine.

And this shows what faith the makers have in McCo's for they say, if any thin person don't gain at least five pounds in thirty days your money will be refunded—and only 60 cents for 60 tablets—Economy Size—\$1.00. Ask for them at Casagno's Drug Store, or any drug store.

### PAIN IN THE LARGEST NERVE

The sciatic nerve, which is the largest nerve in the body, is the largest nerve in the body. When pain occurs in this nerve it is usually called sciatica or sciatic rheumatism. This is really a form of neuralgia of the sciatic nerve. It may occur with those of a rheumatic tendency, those having pelvic tumors, or in case of either a nerve injury, nerve inflammation, and in certain spinal diseases.

Sciatica is usually characterized by sharp stabbing pains or a burning pain about the hip region. These pains are usually very severe.

One form of sciatica is caused by an inflammation of the nerve caused through a deposit of rheumatic poisons. The pain may start in the back of the sacrum and extend down the leg in both the front and back.

This form of sciatica is easily cured through a dietetic treatment which will eliminate the rheumatic poisons.

Another form of sciatica may be from any pressure in the pelvis, such as from a packed rectum due to constipation. The pressure may also come during the latter months of pregnancy, or be due to the growth of pelvic tumors.

If the tumor presses toward the right side of the abdomen, the pain may shoot down into the right leg, and in the case of certain kinds of cystic tumors where the tumor charges its position from one side of the pelvis to the other, the pain may change from one leg to the other, according to whether the tumor is pressing to the right or to the left.

Another form of sciatica is caused from a malposition of the lower lumbar vertebrae or the sacro-lumbar bones of the pelvis. Such faulty positions often cause a pressure on branches of the sciatic nerve and the pain will continue until proper treatment is given to adjust the bones to their normal positions.

One form of sciatica is caused from either tuberculosis of these same spinal or pelvic bones or from a localized case of rheumatoid arthritis of these joints. Sometimes the hip joint may also be affected with arthritis or tuberculosis and the inflammation from this one joint may affect the sciatic nerve in such a way as to cause sciatica.

A careful diagnosis is usually necessary in order to arrive at a correct conclusion concerning the exact causes of any specific case of sciatica. One of the simplest tests for the patient to use at home is to try a fast for about a week to see how much effect this will have. If there is not a decided change within a week on an orange juice fast, the

patient may rest assured that there is either an inflammatory condition of the pelvic bones—that these bones or those of the lower spine are out of position—or that there is some definite pelvic pressure, possibly caused from constipation or a tumor formation.

A careful diagnosis will always disclose the real cause or causes, and this, of course, suggests the proper procedure to follow in bringing about a cure.

QUESTIONS AND ANSWERS

Attacks of Numbness

Question—Mrs. G. writes: "On three occasions during the past year I have been awakened from sleep with a numbness creeping over me. Have tried to call for help but could not move my lips, neither could I raise my hand or any part of my body for what seems like a minute. I would appreciate if you would inform me of the cause, and if there is danger of paralysis. I am thirty years old and weigh 130 pounds."

Answer—The numb attacks you have at night are probably caused from nervousness and would be classified under the name of hysteria. There is no reason for suspecting you are subject to paralysis because of this, but you certainly should have a good diagnosis made, and study how to remove the cause of your nervousness.

Wholewheat Muffins

Question—Mother asks: "Will you kindly print again your recipe for wholewheat muffins?"

Answer—To a well beaten egg add one cup of sweet milk. Then stir in one cupful of genuine wholewheat flour and beat until smooth. Next add a half cupful of the wholewheat flour into which has been thoroughly mixed one level teaspoonful of baking powder. Bake in muffin tins in a moderately hot oven until brown. The quantity makes six medium or eight small muffins.

Loop in Colon

Question—M. K. B. asks: "Can a loop in the colon be cured by dieting?" What would you advise?"

Answer—A loop in the colon can be corrected through proper manipulative treatment, supplement in some cases by certain electrical treatments. If these treatments are not taken we cannot expect diet to produce a cure, although one with a kinked or looped colon will certainly be in better health on a well-balanced diet than when eating haphazardly.

### AND NEVER TIRED!

Thanks Kruschen for Amazing Vitality

What a wonderful record! No wonder her friends are amazed at her vitality. And no wonder she is grateful to Kruschen which makes such energy and activity possible.

"My age is 61 years, so you will see I am not a young woman. I am out all day exposed to all weather, and have been now for 15 years. I am up every morning at 6 o'clock, and standing all day, only sitting down for breakfast, dinner, tea, until 8 o'clock at night. People often say to me 'How tired you must be.' They cannot understand when I say 'No—I don't get tired.' Then I am often asked how I feel so well and never get rheumatism, and am always fit for work. I tell them it must be the 'little daily dose' of Kruschen Salts taken every morning, in my first cup of tea. For ten years I have taken the daily dose of Kruschen Salts and have kept well in health—never had a doctor since I started to take them. I never have a headache or indigestion. People often tell me I am a marvel to stand as I do."

There you have a typical case of the thousands we hear about every month, where regular perseverance with "the little daily dose" has given even elderly men and women all the energy and vitality and good health of a two-year-old. The reason is clear. The six salts in Kruschen keep the system regular and punctual in its most important daily duty. They make constipation impossible. They arouse natural proper activity in liver and kidneys. They ensure a clear blood-stream—free from all impurities—strong in resistance to disease—carrying health and vigour to the whole body and brain.

Kruschen Salts is obtainable at all Drug Stores at 45c and 75c per bottle, and is manufactured by Dr. Griffiths Hughes, Ltd., Manchester, Eng. (Established 1870). Importers: McGillivray Bros., Ltd., Toronto.

AFTER 8 WEEKS ON VIROL

## PROOF of the Unique Powers of VIROL

Only nine years ago, Marjorie McKenna was suffering from the most serious form of wasting. Today, thanks to Virol, she is, at the age of sixteen, a healthy, well-grown girl showing no trace of the tremendous strain thrown upon her constitution during her terrible illness.

Read this Remarkable Evidence

At 7 years 5 months (Feb. 25th, 1918), Marjorie McKenna was admitted to Rosedale Hospital, Dumfries, in a state of extreme emaciation and exhaustion. (Photo 1.) She had no special treatment except Virol, which was given her three times daily.

(Photo 2.) Virol not only restored her to health then, as the Matron of the Hospital certifies, but to-day her doctor is able to write: "I have examined Marjorie McKenna and find that she is in perfect health."

No other food has the same reconstructive power as Virol.

Successful Chicken Pie Supper Held—Ladies' Circle Met—General Notes and Personalities of Interest.

WEST BOLTON, Oct. 24.—The chicken-pie supper in the Brill United Church on Wednesday evening, October 16th, was a great success. Over two hundred people sat down to the tables. The ladies were indefatigable in their efforts to cater to the large crowd, many coming long distances. Enosburg Falls, Cowansville, Waterloo, Knowlton, Brome, South Stukely, Foster and many other points were represented. The proceeds were \$72.50.

Ladies' Circle Met.

Owing to the very inclement weather, Thursday afternoon, the Ladies' Circle at Mrs. Sydney Taylor's was not as largely attended as usual. Owing to the absence of all officers and the pastor, the ex-president, Mrs. L. L. Mizener, occupied the chair, opening the meeting with the Lord's prayer in unison. She also took the secretary-treasurer's place, reading the minutes of the last meeting. At the close, the hostesses, Mrs. V. J. Allen and Mrs. B. R. Mizener served lunch. The next meeting will be at the home of Mrs. A. B. Inglis on Thursday afternoon, October 31st.

## Your Children Need Nourishing Hot Breakfasts

...give them Quick Quaker Oats  
for morning vim

Cooks in 2½ to 5 minutes

Children need hot, satisfying breakfasts. Healthy, growing bodies demand extra nourishment... rich in brain and tissue-building elements.

So we urge mothers to give their children the hot Quaker Oats breakfast, recommended by doctors, teachers and health experts every-

where. Quaker Oats contains more protein, the growth and stamina element, than any other cereal... abundant in carbohydrates, the energy element... minerals for bone and teeth... natural roughage for easy digestion and regular elimination. All in correct balance, for the oat is the best balanced cereal that grows. Quaker Oats gives children vim and energy that "stands by" them during the four morning hours in which, teachers say, 70% of the day's most important school-work is done.

So good to eat, too! Warm, savory Quaker Oats has the delicious, nutlike flavour children never tire of. It awakens slumbering appetites... satisfies and sustains.

From every three bushels of the finest Canadian oats we can buy, only one is good enough to make Quaker Oats. That's why Quaker Oats is so good to eat. Wrapped and sealed in family-size packages and 10 cent size. Packages contain coupons with which you can get fine silverware and other valuable articles.

### A Delightful Surprise!

A surprise for mother in every Quick Quaker package marked "China-ware". Each contains a piece of attractively patterned China. As pretty as you could buy. Beautifully coloured... distinctively shaped and bordered.

## EYES of TODAY

SEVENTY people out of every one hundred have defective eyesight. And this is not because eyes are being made "poorer" than they were in grandfather's day either.

Our present mode of living, with confining work, insufficient exercise and too many hours spent with artificial lights, throws a load on the eyes which they were never intended to carry. As a result more and more people need the comforting help of glasses for eyes which have been overworked.

Do not put off giving your eyes the attention they deserve. It is more than likely they need it NOW.

## 'LES CLOCHES DE CORNEVILLE' IS AGAIN ENJOYED

Cathedral Choir Repeated Popular French Opera Which Was Given Here With Such Success Some Time Ago.

"Les Cloches de Corneville" (The Chimes of Normandy), which was presented here with such great success some time ago by the Cathedral choir, was repeated again last evening in His Majesty's Theatre, and it was quite clear from the manner in which last evening's performance was received that the play had lost none of its power to attract interest.

Messrs E. Sylvestre, W. Legare, A. Bruneau, E. Langlois, Eugene St. Pierre and E. Rheault appeared in the same roles as they did a year ago and once again carried out their parts in masterly fashion. Mr. Sylvestre, who has appeared in many local productions, always sure to please his audience, took the part of Gaspard, while Mr. Legare appeared as Le Marquis.

Mr. P. Person, who has appeared with great success in several local performances, but who is, comparatively speaking, a recent "find", was included in the cast this year, taking the role of Grenetieux, while Mr. L. Boisvert as Le Tabellion was also a new member in the cast.

With the exception of Miss O. Binette, who carries out the charming role of Germaine in a delightful manner, new members appeared in the feminine portion of the cast. Mrs. J. D. Vachon was very pleasing in the part of Serpolette, while the other ladies taking part, each doing very good work in their respective roles, were Misses F. Comtois as Manette, L. Doyon in the role of Jeanne, G. Brien as Gertrude, T. Comtois as Suzanne, G. Genest as Catherine, and Y. Beaulen in the role of Marquise.

The large chorus again did year delighted the audience, while the orchestra, under the direction of Professor Oscar Cartier, who has on many previous occasions rendered valuable service to local productions, was again very pleasing and a valuable help to the production as a whole.

The business arrangements for the production were in the capable hands of Mr. J. A. Choquette.

"Les Cloches de Corneville" is the work of Jean-Robert Planquette, (1850-1903), who was born and died in France. The scene of the play takes place in Corneville, a village of Normandy, in the seventeenth century.

"Les Cloches de Corneville" will be repeated again this evening.

### FUNERAL OF MRS. ALFRED WARD

One of the oldest and most respected residents of Lennoxville, Mrs. Alfred Ward, was laid to rest yesterday afternoon. The funeral service was held in St. George's Church, following family prayers in the home of the deceased on Main Street, Rev. A. Jones, rector of the church, officiating, assisted by Ven. Archdeacon R. W. E. Wright. The hymns, "On the Resurrection Morn" and "Forever With The Lord", were sung by the choir, and the service closed with the Nunc Dimittis. Interment took place in Malvern Cemetery.

The bearers were Messrs. Alfred Ward, D. H. Christie, Amos Forbes,

## GIVES \$2,500 TO ENDOWMENT FUND OF Y. W.

Montreal Firm's Donation to Endowment Fund of MacKinnon Memorial Building Brings Total in Sight to \$75,000—\$25,000 More Needed—Building to Be Opened November 20.

The officers of the Young Women's Christian Association endowment fund for the MacKinnon Memorial Building have announced the receipt of a promise of \$2,500, which has been made by a well known Montreal firm with branch offices in this city. This money is to be paid in equal annual payments of \$500, the first payment of which has been received and brings the grand total in sight at the present time to approximately \$75,000, so that only \$25,000 remains to be obtained in order that the endowment fund objective may be reached.

Work on the construction of the MacKinnon Memorial building is being rapidly completed, so that the official opening may take place on November 20th.

The building, which is four storeys high, is built in the colonial style of architecture, and will rank among the foremost of its kind in Canada.

In the basement is situated the heating plant, coal bins and filter pump for the swimming pool, which is situated on the first floor. The pool is forty-five feet long by twenty feet wide, the depth ranging from three feet six inches at one end to nine feet at the other. Dressing rooms, toilets, clinic room and bowling alleys are also to be found on this floor.

The main entrance which is on Montreal street is situated on the second storey. Opening off the main entrance hall are offices, physical director's room, lounge room, serving pantry and gymnasium. The gymnasium measures 39 1/2 by 78 feet, at one end of which there is a stage so that the room may be used to hold amateur recitals and concerts.

Class rooms are found on the third storey, with chapel and kitchen. A projection booth for moving pictures is also situated on this storey in such a manner as to project motion pictures on a screen in the gymnasium.

In the top storey the janitor's quarters are situated, there being three good-sized rooms for this purpose, as well as an up-to-date bathroom.

G. B. Little, W. G. Macdougall and Howard Visser.

Mrs. Ward leaves to mourn her loss her husband, Mr. Alfred Ward, one son, Mr. R. G. Ward, manager of the Lennoxville branch of the Royal Bank of Canada; and three daughters, Mrs. H. A. Short, Port Stanley, Ont.; Mrs. E. G. Henry, Lennoxville; and Mrs. Elyseas A. Vaudry, Thetford Mines.

Among those that followed the bier as mourners were the three sons-in-law, Dr. E. G. Henry, Lennoxville, Mr. H. A. Short, Port Stanley, Ont., and Mr. U. A. Vaudry, manager of the West End Branch of the Canadian Bank of Commerce, Thetford Mines; Mr. William Johnston, Miss Jessie Amable, Mrs. Agnes Visser, Mr. and Mrs. Arthur Johnston, Mr. and Mrs. J. Westgate, Miss Pearl Johnston, Messrs. Alfred and Harry Ward, Mrs. Dinning, Miss Sylvia Ward, Mr. Willard Christie, Mr. Stanley Briggs, Mrs. Mary Christie, Mrs. Fanny Bennett, Mrs. George Briggs, four grandsons, Messrs. Turfitt, Douglas and Donald Henry and Stewart Vaudry, and one granddaughter, Miss Marguerite Vaudry, were also present. A profusion of flowers testified to the regret and sympathy of friends and neighbors, of whom there was a very large attendance from Thetford Mines, Sherbrooke and Lennoxville.

The casket was of imported African mahogany bronze, and was covered with a blanket of flowers composed of lilies, chrysanthemums, shaded from purple to pale lavender, and roses. Within the casket itself was a corsage from

the family of small roses, lilies and smilax.

The late Mrs. Ward was born in Clapham, Que., and spent the early years of her life there. She came with her family to reside on a farm near Lennoxville, thirty-eight years ago and after a few years moved into Lennoxville, where she spent the remainder of her life. She was a devoted mother and home-maker, and will be greatly missed in the home she has left.

GENERAL NOTES

Mr. Harry E. Webster has returned from St. Johnsbury, Vt., where he was called by the illness and death of his brother, the late Mr. George Webster. Mrs. Webster, Misses Grace and Nadeen and Master Burrill Webster returned home a few days previously.

SEVERAL APPEAR BEFORE RECORDER

Six persons appeared before the Recorder this morning charged with keeping dogs without having the necessary licenses. On pleading guilty, they were ordered to procure the permits and pay the sum of three dollars, the costs of issuing the summons.

Two motorists were fined the usual three dollars and costs for leaving their car parked near hydrants.

Three summons were issued this morning against taxi-drivers for having exceeded the speed limit on the city streets yesterday. These summons are returnable on Saturday morning.

## LITTLE CHANGE EXPECTED IN COAL PRICES

Local Firms Are Optimistic of Future Prospects—Plenty of Coal Being Received Here and Orders Being Filled as Quickly as Possible.

Indications at present are that there will be little if any change in the price of coal this winter as compared with a year ago, while local citizens are assured that they will have no difficulty in securing their winter's supply of coal.

In an interview with Mr. G. W. Murphy, of the J. S. Mitchell Company, and Mr. L. R. Langis, of the Codere firm, the Record was informed that coal is being received in Sherbrooke regularly and every effort is being made to keep up with the orders and make deliveries as soon as possible.

There was a little difficulty during the recent cold spell in delivering coal, and some persons do not doubt conceived the idea that coal might be rather scarce. It was explained, however, that instead of putting in their orders in the spring or early summer many local citizens waited until only a short time ago, and the cold spell greatly increased the demand for coal. The result was that all orders could not be filled immediately, and some citizens had to patiently wait for a short time.

Quotations on American anthracite range from \$16.00 to \$16.50 per ton, while \$17.75 is the prevailing price on the Welsh and Scotch coal. Most distributors allow a discount of twenty-five cents a ton for payment of the coal within thirty days. An extra charge is made by all dealers when coal has to be delivered in bags. These prices prevail on all less than carload lots, a lower price being naturally granted to persons or corporations buying their supplies by the carload.

## FEATURES FOR RADIO FANS

### RADIO RECEIVING CONDITIONS

So far as Sherbrooke was concerned, radio receiving conditions here last night were rather varied. Until about seven-thirty o'clock the reception was fair. From seven-thirty until about ten o'clock it was real bad, even local stations. There was an improvement after ten o'clock, when conditions were fairly good.

### USEFUL BOOKLET ISSUED BY POST OFFICE DEPARTMENT

Officials of the Post Office Department have issued a very little booklet entitled "Postal Information 1929". In this book may be found numerous helpful points regarding the sending of letters, parcels and money orders, as well as details concerning the correct manner of addressing ordinary mail, air mail and commercial papers.

The book is clearly written, easily understood, and is one which should be kept near at hand for ready references.

### HIGH SCHOOL DRAMATICS

High school dramatics have been endorsed by psychiatrists as a means of correcting personality defects and saving youngsters from tendencies that would have ended in mental misery, perhaps neuroticism. The therapeutic value of high school dramatics are presented by Kenneth MacGowan in an interesting article in the latest issue of Harper's magazine.

"Teachers who see beyond good speech and good literature are stressing the necessity of casting parts to improve the students instead of casting students to improve the parts. They are not so much interested in giving good performance as in correcting and readjusting personalities. Mere repetition of a certain kind of part would be bad unless as one educator says, 'our boys and girls were repeating themselves in molds heroic, beautiful strong and true.... For a girl always to repeat the silly flapper or the shrewish mother, or a boy constantly to succeed himself as butler or young cook, promotes mental stagnation. The theorists and practitioners in this field of dramatic therapeutics go beyond even this. They study the child and try to cast him in parts which will correct defects in his personality.'"

Mr. MacGowan explains that the acting of plays is more than an interesting diversion which can improve literary and aesthetic taste, but ample, healthful and effective outlets.

"The dull and sullen youngster who is cast for a prince is thus forced into a new field of expression. The self-constrained and bashful girl must be shown what it means to play a vivacious heroine. At a conference of the Drama Teachers Association of California I heard example after example of how such 'casting against type' had broadened personality and even saved many a youngster from tendencies that would have ended in mental misery, perhaps neuroticism", he states.

### AUTOMOBILE ACCIDENTS ON INCREASE

Automobile accidents are on the increase. A statement just issued by the American Automobile Association emphasizes the fact that motor fatalities this year exceed twenty-seven thousand, thus establishing a new high mark. The same statement declares that the trend of motor fatalities in ratio to car registrations was decidedly down from 1917 to 1928, but this year has turned suddenly upward.

The automobile today is better equipped for safety than any car in history; greater attention is being paid to traffic control; highways have been improved; and police forces to deal with motorists who insist in refusing to obey traffic laws have been greatly increased. But the gigantic toll of death from motor accidents continues to grow. What is the reason?

Mr. Hill, manager of the Worcester Safety Council, claims that the direct cause of nine out of every ten automobile accidents is speed. Doubtless many will not agree with this declaration, but Mr. Hill has been studying traffic conditions for several years, first as police chief and more recently as safety campaigner, and it will take a surprising set of facts and figures to show that he is in error, for it is a well known fact that slowly moving cars rarely crash into anything.

Of course, it is pointed out, speed is a relative thing. A rate of speed which would endanger nobody on a broad, straight, uncrowded stretch of road would be a menace to both motorists and pedestrians at a complicated and congested intersection. It might be supposed that drivers would properly adjust their speed to conditions, and the great majority can be depended to do that, but a number of them fail to do it. The result is that the death toll is not being decreased despite the extensive propaganda pointing out the need of care.

Motorists, including the careful drivers, do not like the idea of general and sweeping restrictions. But can the speed evil be checked without further limiting to some degree the liberties of all drivers?

### A CLINIC IN LEADERSHIP

(By Glenn Frank)

Donald A. Laird, director of the Psychological Laboratory of Colgate University, has conducted a significant research in the things that matter most, less, and least in the making of strong executive leadership.

I cannot here describe the painstaking procedure by which Mr. Laird and his colleagues collected their data, checked off the traits that seem not to be decisive factors in great leadership, and graded in a scale of relative importance the traits that seem to make for strong executive leadership.

But, just for their thought-provoking quality, and despite the risk of a misreading of Mr. Laird's meaning here and there, I want today to list some of the things Mr. Laird found not to be pre-requisites of leadership, and tomorrow to list some of the things he found vital to leadership.

Apparently a man may have many undesir-

able qualities and habits and still be a strong executive leader. Here, for instance, are some of the things that may, in the light of Mr. Laird's research, be said of the strong executive leader: He may have a dazzling or a dull personality. He may be given either to bragging or to modesty.

He may be either gossipy or tight-mouthed. He may be either vulgar or refined in his humor.

He may be either argumentative or conciliatory.

He may be obstinate or the soul of sweet reasonableness.

He may have a pleasing or a rasping voice. He may have either an explosive or an exemplary temper.

He may be either patient or impatient. He may be either sarcastic or exquisitely considerate.

He may or may not know the home conditions of his workers and the troubles that vex them.

He may or may not be the sort of man to whom workers will come for confidential advice.

He may or may not set a good example for his subordinates by working hard himself.

He may or may not give full credit to others for their accomplishments.

He may be dignified or undignified. He may or may not be able to appreciate a joke on himself.

He may do all the talking himself or he may be a good listener.

He may make others feel at ease when they come to his office or he may keep them on pins and needles.

He may dissipate or he may be a model of saintly self-control.

Certainly not the copybook picture of the leader! But Mr. Laird was not trying to preach a sermon on desirable moral and social qualities and habits. He was simply analyzing the personalities and practices of a representative group of executive leaders, and the facts seemed to say these things. It may well be that a man is a strong executive leader in spite of this or that unlovely quality or habit, but it is only by the ruthless elimination of those qualities and habits that seem not to be positive pre-requisites for leadership that the scientist can run to earth the things that are essential.—Cpt. 1929.

### PRESS COMMENT

#### EFFECT OF THE MACHINE.

(Moose Jaw Times)

The latest harvester combine being used near Lethbridge, Alberta, cuts a swath of thirty-four feet and turns one hundred acres of standing grain into three thousand bushels of wheat in one day. This is a good illustration of one reason for the unemployed problem. The combine is a labor-saving machine, but with all the labor-saving machinery in the world people are becoming a charge upon the commonwealth because the commonwealth has not the work for them to do. Obviously the moral is not to smash the labor-saving machine, but rather to evolve a better distribution of work and of the wealth produced by the labor-saving machine.

## LOCAL B. OF T. HELD MEETING LAST EVENING

**Financial Condition Reviewed—  
Formation of Young Men's  
Section Proposed—Question  
of Obstructions in River Taken  
Up—Sherbrooke Logical Co-  
operative Centre for Govern-  
ment.**

Questions of importance to the city were taken up last evening at a general meeting of the Sherbrooke Board of Trade held in the City Hall. The gathering was presided over by Mr. A. C. Skinner, vice-president, in the absence of the president, Mr. Florian Fortin.

The financial condition of the Board of Trade was discussed at some length, and it was decided to ask the City Council to vote the Board a subsidy. The matter was left in the hands of the finance committee, who will report at the next meeting. In this connection a number of publicity items, subject to the approval of the city, were touched upon.

Some time was taken up in a discussion of the industrial situation in the city at the present time and the securing of prospective industries.

The formation of a young men's section of the Board of Trade was proposed by the secretary, Mr. Theo. Monty, who pointed out the excellent work being done by these sections in different towns and cities of the west. The matter, receiving the favorable opinion of those present, a special committee, consisting of Messrs. D. J. Salls, Leopold Chevalier and J. E. Carron, was appointed to sponsor the movement. It was decided that the committee would hold a meeting early in the coming month for the purpose of organization.

Mr. A. M. Sangster proposed that the government authorities be approached regarding the different obstructions in the river which contribute towards floods when the water is at a high level. Following discussion it was decided to carry out Mr. Sangster's proposition and ask the government for a report on the matter.

That Sherbrooke is the logical centre for the Provincial Government co-operative movement insofar as maple products are concerned was the statement made by Mr. A. E. Bernard, whose proposal that the Department of Agriculture be approached in connection with the formation of a co-operative centre here met with the unanimous approval of the members.

The convention of the Union of Municipalities of the Province of Quebec, which is to be held in the city early next month, was taken up, and the members were asked to put their cars at the disposal of the delegates at 1.45 o'clock Wednesday afternoon, November 6, in order to convey the delegates to the station when they will visit the city power plant at Westbury, and at 4.30 o'clock in the same afternoon in order to convey the members back from the station. The Board of Trade members were asked to meet the delegates at the New Sherbrooke House.

## IT IS REPORTED GERMANY AND ITALY MAY APPOINT MINISTERS TO DOMINION

OTTAWA, Ont., Oct. 24.—Cable despatches received here which forecast that Italy would ultimately follow the example of the United States, France and Japan by appointing a minister to Canada has caused considerable interest in government circles. Some time ago there was a similar report with respect to Germany. The department of external affairs would make no comment with regard to either report. However, there is a general impression that Canada's diplomatic services abroad will be extended. Germany and Italy appear as likely countries with which Canada would next exchange ministers.

## Social and Personal

Miss Margaret Ferrier, of Westmont, spent the week-end the guest of Miss Flossie Leslie, Walton Avenue, and during her stay, Miss Ferrier attended the Smith-Reid wedding.

The hostesses for the Sherbrooke Regiment Badminton Club tea on Saturday afternoon will be Mrs. F. A. Baldwin, Mrs. J. W. Hammond, Mrs. O. R. Webster, Mrs. E. G. Graves and Miss Mary White.

The members of the Union Sewing Circle met at the home of Mrs. S. Cutter, King Street West, last evening, with a good attendance of members, who spent the evening in sewing. Refreshments were served by the hostess, assisted by Mrs. E. Grimes. The next meeting will be held at the home of Mrs. Horace Martin, King Street West.

The Dolly tea given in the Church Hall by the Ladies' Guild of St. Paul's Mission, yesterday afternoon, was a great success. The numerous guests were received by the president, Mrs. F. G. Payne. The tea table was attractively decorated with pink everlastings and white roses, and the small tables were covered with white cloths and set with white ware. Tea was poured by Mrs. R. Edgecombe, and members of the Guild assisted in serving.

Mrs. C. F. Ross entertained last evening at her home on High Street, in honor of Miss Ethel Willard, whose marriage takes place shortly. Bridge was played at two tables, the prizes being won by Miss Nina Major, Miss Frances Williams and Mrs. Harold McConnell, who won the consolation. During the evening the bride-to-be was given a miscellaneous shower of many very lovely gifts. Delicious refreshments were served, the supper table being attractively arranged with yellow "mums", pink streamers and a wedding bell all carrying out the color scheme of pink and yellow. The hostess was assisted by Miss Muriel Ross and Miss Helen Turner.

Mrs. J. H. Blue and Miss Gladys Hale entertained at luncheon yesterday at the former's residence, on Elizabeth Street, in honor of Miss Margaret Fuller. In addition to the guest of honor, the guests included Miss Kathleen Stewart-Patterson, of Toronto, Ont., Mrs. M. W. McNulty, Miss Margaret McKindsey, Mrs. F. Pattison, Mrs. J. W. Hammond, Mrs. J. O. Asselin, Mrs. W. E. Baker, Miss Mary White and Miss Monica Morris. Pink roses were used in decorating. After luncheon, bridge was played at three tables, the prizes being won by Mrs. M. W. McNulty, Mrs. J. W. Hammond and Miss Mary White, with a special prize for the bride-to-be. At the tea hour, Miss Eleanor Aitken, Miss Madeline Ryder and Miss Katherine Martin, joined the party, and tea was poured by Mrs. S. R. Fuller, Jr.

A very successful Halloween party was held last evening in St. Andrew's Church Hall, under the auspices of the C.G.I.T., to which all members had been invited. About forty-eight were present and the gathering opened with a peanut hunt. Many of the guests were in costume and fairies, gnomes and clowns mingled with the crowd and added greatly to the enjoyment of the party. Games for boys and girls were followed by Miss Noreen Dunmore, led by the grand march and judging of costumes. The prizes for the best girl's costume was won by Miss Blanche Wilkie and the best boy's costume was won by Mr. Frederick Palmer. In the supper room, which was gay with all kinds of Halloween decorations, Mrs. Sawyer was in charge of the refreshments, assisted by Miss Ruth Leslie and Miss Helen Robertson. After refreshments an apple biting contest took place, causing much merriment and contributing to the success of a very jolly evening's entertainment.

Miss Mary White was hostess at a delightful dinner party last evening at her home on Victoria Street, in honor of Miss Margaret Fuller, who is being much feted prior to her marriage. Covers were laid for eight, and the beautifully appointed table was centered with pink roses and pink tapers. The guests were Miss Margaret Fuller, Mrs. W. E. Patton, Mrs. M. W. McNulty, Miss Kathleen Stewart-Patterson, Miss Eleanor Aitken, Miss Madeline Ryder and Miss Katherine Martin.

Mrs. G. S. Thomson presided at the regular meeting of St. Peter's Guild held yesterday afternoon in the Church Hall with an unusually large attendance of members. Plans were made and committees formed for a Halloween salad tea to be held next Wednesday, October 30th. At the tea hour Mrs. Richard Smith and Mrs. Walter Byham were the hostesses, and the tea table where Mrs. F. J. McKenna poured tea was centered with yellow flowers. Miss Joyce Smith and Miss Doris Gardner assisted in serving.

Mrs. R. A. Standish was pleasantly surprised on Sunday, October 20th, when her four sons, four daughters and sixteen grandchildren assembled at 11 Orchard Terrace, Rougemont, Que., to celebrate the occasion of her birthday. Those present were, Mr. Edgar Standish, Rougemont, Mr. and Mrs. Howard Standish, Magog, Que., Mr. and Mrs. A. Jolley, West Shefford, Que., Mr. and Mrs. Ernest Standish, Farnham, Que., Mrs. Jas. Sutherland, St. Albans, Vt., Mr. and Mrs. Clifford Standish, Sherbrooke, Que., Mr. and Mrs. Angus Standish, Cookshire and Mr. and Mrs. Stanley Standish, Cornwall, Ont., with their families.

Fourteen members of the A. Y. P. A. of St. Paul's Mission met in the Church Hall last evening. The meeting was opened in the usual manner and routine business was carried out. Plans were completed for the social evening to be held at the home of Mrs. Robinson, Cambridge Street, on Saturday, October 26th. It was decided that the members of St. Paul's A.Y.P.A. would go to St. Elie next Wednesday, October 30th, to help at the installation of the officers for the new branch recently organized there. Rev. W. H. Cheverton was officially appointed patron of St. Paul's branch of the A.Y.P.A. At the conclusion of the meeting, refreshments were served by Mrs. Doust and Mrs. Staniford. The next meeting will take place in the Church Hall on November 6th.

The Ladies' Aid Society of St. Andrew's Church met yesterday afternoon in the Church Hall with a good attendance of members. It was announced that the date for the rummage sale had been changed to November 15th, with Mrs. Lewis Dunsmore in charge. Conveners were chosen for the tea, food and fancy work sale to be held on November 15th. A beautiful patch work quilt was exhibited to the members, the quilt being the work and gift of a former member of the Aid, Mrs. Hollis Martin, who now resides in Vermont. After the business meeting a delicious tea was served by the hostesses, Mrs. John Imrie and Mrs. John Fraser. The tea table over which Mrs. Hilton Ross presided, was very prettily centered with tall red candles and snowball sprays. Mrs. Oscar Stenson and Mrs. H. Fowles assisted in serving.

## BOY SCOUT NEWS

The fall meeting of the Eastern Townships Scout Officers' Association will be held in the Second Sherbrooke Troop Headquarters, on Saturday afternoon, October 26.

**FIFTH PACK MEETING**  
A meeting of the 5th Pack Wolf Cubs is to be held in St. Peter's Church Hall tomorrow evening, at seven p.m. Akela wants to see every Cub out in uniform.

The Scouts of the 5th Pack will also meet tomorrow evening at the same time.

## GOING-UP CEREMONY LAST NIGHT

A special feature of the 8th Sherbrooke Pack last night was a going-up ceremony, when Sixes Charles Willis, having reached scouting age, was sent up from the Pack to the Scouts. Akela was in charge of the Cub portion of the ceremony and D.S.M. Trussler took charge of the Scout portion. Another interesting item was a council fire session which was led by Mr. Trussler and proved very popular with the boys.

**TO HOLD HALLOWEEN PARTY**  
Instead of their regular meeting, the 2nd Cub Pack will hold a Halloween party next Monday evening, October 28th. The party will begin at the regular meeting time, seven o'clock. Costumes and partners optional.

## MAN KILLED IN WOODS

A. Lapierre, a lumberman in the employ of Mr. J. Vandandaigne, of Charlevoix, was instantly killed yesterday afternoon while working in the bush, near Bellefleur, twenty miles from Charlevoix. The man and several companions were cutting down trees, when one fell upon him, pinning him underneath it. His fellow workers rushed to his assistance, but when they had released him they found him dead.

Notary Bachand, district coroner, left this morning for the scene of the accident and will hold an inquest this afternoon.

## McMASTER WILL MEET ELECTORS NEXT SATURDAY

**Provincial Treasurer to Tour  
Compton County—Will Spend  
Morning in Cookshire.**

Hon. A. R. McMaster, Provincial Treasurer, will be in Compton County on Saturday next, according to information given out by Hon. Jacob Nicol, M. L. C., this morning, and will visit the different towns in the county during the day.

On Saturday morning Hon. Mr. McMaster will be at Osgood House, Cookshire, where he will meet the electors of Compton County until 1.30 o'clock, at which time he will commence a tour of the county which will take him through all the towns and villages in the riding. The Provincial Treasurer hopes that he may meet the mayors and officials of the sections he visits.

## PINT OF MILK MORE COSTLY FOR DEALERS

**Pint Bottles Are Sold to House-  
wives at a Loss of 1.56 Cents  
Each—Opinion Expressed  
that Time Is Coming When  
Action Will Be Taken to Dis-  
continue Pints or to Obtain  
Price Which Will Be More in  
Proportion to What It Costs to  
Handle Them.**

(Canadian Press Despatch)

TORONTO, Ont., Oct. 24.—The smug housewife has the workaday girl to thank for her ability to get a pint of milk, it was revealed today by R. M. Wiggins, of Chicago, speaker at the convention of the International Association of Milk Dealers, which opened here today. The delivery costs on a pint bottle of milk would be prohibitive unless the stenographer, the factory girl and the man on the construction job drank up some of the losses along with the pints they buy where the time in delivering is negligible.

and hence inexpensive, Mr. Wiggins said.

Pint bottles of milk are sold to housewives at a loss of 1.56 cents each according to his figures. The statistics furnished the convention went on to show that the pint is altogether a thorn in the milk man's side which he cannot easily extract. "In actual handling operation a man moves a quart as easily as a pint," said Mr. Wiggins. "For all practical purposes, the milk delivery man expends the same amount of time and energy delivering a pint as he does a quart. The pint container costs less than one double its size, but lasts only half as long, so that bottle losses on the smaller size amount to a fourth of a cent apiece as compared to fifteen hundredths of a cent for quarts. Altogether it seems to me that sooner or later there will be action taken to discontinue pints or else to obtain a price which will be more in proportion to what it costs to handle them."

BRUSSELS, Belgium, Oct. 24.—Miners throughout Belgium were on strike today as a demonstration for higher pensions and paid vacations. Coal stocks representing barely three weeks' output had been further reduced by a five-day strike of 15,000 miners in the Borinage district last week and the colliery owners said they intended suing all strikers for breaking their contracts in stopping work for twenty-four hours.

## BAPTIST WORLD ALLIANCE IS EXPLAINED BY PASTOR

**Rev. Dr. John MacNeill States  
that Alliance Is for Purpose of  
Thrashing Out Problems Con-  
fronting Church.**

(Canadian Press Despatch)

OTTAWA, Oct. 24.—"The Baptist World Alliance is the greatest venture we have ever made in democracy," declared Rev. John MacNeill, pastor of Walmer Road Church, Toronto, and president of the Alliance, in an address last night in the Baptist convention of Ontario and Quebec, which concludes a seven-day meeting today.

Rev. Dr. MacNeill asserted the Alliance had taken a great place in Baptist world life, and there were many misconceptions about what the alliance is and what it is not.

"The Baptist World Alliance is not a legislative or administrative body," he said. "It attempts to serve as a forum to thrash out the problems confronting the Baptist Churches. Canadian Baptists are better informed than others on what the Alliance stands for. The dark cloud hanging over the Baptist denomination today is the one of persecution in Russia. Apparently the Soviet government has a set policy to root out all forms of religion."

### BISHOP'S LEAD IN FIGHT FOR RUGBY TITLE

Purple and White Squad Disposed of McGill Team Yesterday to Tune of 24 to 5—Need Only One More Victory to Clinch Championship.

(Special to the Record)  
MONTREAL, Oct. 24.—Bishop's University representatives continued their winning streak yesterday afternoon when they defeated the McGill University team in Montreal by the overwhelming score of 24 to 5 in a scheduled Intermediate Intercollegiate Rugby League fixture. The purple and white squad displayed their superiority at all times, and the outcome of the game was never really in doubt after the opening quarter. The high light of the game was Hobbs' spectacular run from his own thirty yard line through the whole opposing team to score a touchdown. Skelton and Johnston also showed some pretty broken field running to make big

gains for their side. For McGill, Nichol was outstanding, being very effective on line plunges.

By virtue of this decisive win Bishop's moved into the leading position in the League, having three victories to their credit and no reverses. The final game in this division will be played at the Loyola College gridiron on Saturday, October 26th, when the Loyola Intermediates will be at home to the present league leaders. A victory for Bishop's will give them the Quebec division championship and the right to meet R.M.C. while a victory for Loyola would create a deadlock for first place.

Prominent figures among the spectators at the game yesterday were Messrs. F. E. Meredith, K.C., of Bishop's College and McGill University, respectively, both of whom congratulated M. Medine, acting manager of Bishop's team, and F. X. Montague, their coach, on the fine showing thus far in the series. The game was a real battle, with the purple and white team leading in their hunt for a championship. It was an unlucky day for "Moose" Bannan, former Loyola star, who acted as referee. An injury received during the second quarter forced him to retire at half-time. He was replaced by Smith, who had been acting as umpire, and Smith in turn was replaced by Urquhart.

Bishop's Forged to Front  
McGill secured the kick-off and

Hobbs ran the ball back to his own 35 yard line before being downed. The first quarter was featured by a kicking duel in which Bishop's gradually forced their way into McGill territory, the Lamoxville scoring twice, only to lose the ball on attempted outside kicks. During this quarter Parkinson did some good bucking until he was injured. Brett took his place. An end run brought Bishop's to McGill's 10 yard line, and Skelton took the ball the remaining distance on a fake kick for the first tally, which Fuller failed to convert. The quarter ended with the score 5 to 0 for Bishop's.

A Pretty Flying Tackle  
Blindly made one of the nicest flying tackles of the game to down Nichol on his own thirty yard line early in the second quarter, and shortly after Wood blocked a kick and Brett carried the ball over for a touch. Play was then kept in Bishop's territory for some time, and finally Robertson went around the short end for McGill's lone tally. Skelton and Johnston made long gains for the purple and white, and the next tally came from a rouge on an attempted outside kick. Johnston picked up a fumble at the McGill 30 yard line, and Hobbs booted another rouge just as the whistle sounded. Score at half time was 12 to 5 in favor of Bishop's College.

Hobbs' Fine Dash  
The Bishop's boys returned with renewed vigor in the third period and Parkinson took his regular place on the line. After an exchange of kicks Hobbs received the ball at his own 30 yard line and ran 80 yards through the McGill tacklers to score Bishop's third touch. Later in the same quarter Fuller's attempt at a field goal went for nought, making the score at the end of the third stanza Bishop's 18, McGill 5. Line plunges by Denison and Stockwell, and snarkling runs by Johnston and Skelton brought the ball to McGill's ten yard line in the fourth period, but Bishop's failed to buck across in the regular When Greenblatt, the McGill kicker, was hurried, Fuller grabbed a loose ball to go over for a touch. Another rouge from Hobbs' boot ended the scoring, the final whistle leaving the purple and white leading by the score of 24 to 5.

The teams lined up as follows:  
Bishop's  
Johnston fly wing Johnson  
Fuller half Nichol  
Skelton half Taylor  
Hobbs full back Greenblatt

### HOCKEY CLUBS HELD MEETINGS LAST EVENING

Irish Canadians and Canadiens Intend Entering Eastern Townships League This Winter.

Plans are being drawn up for the coming hockey season, two meetings of the supporters of intermediate clubs being held last evening.

The Irish-Canadians, who did not operate last year, held their annual meeting in the Chateau Frontenac and decided to make an entry this season into the Eastern Township League. The officers for the year were as follows: honorary president, Mr. Florian Fortin; honorary vice-president, Mr. J. A. Cameron; president, Mr. M. T. Stenson; vice-president, Mr. Laureat Belanger; secretary, Mr. Laurent Savage, and manager, Mr. Aime Biror. Messrs. Stenson and Biror were named league delegates.

The Canadian Club supporters gathered in the Premier Building and reached a decision to remain in the league. After a short general discussion, the meeting was adjourned until five o'clock this afternoon, when some very important matters will come up for settlement.

NEW YORK TEAMS ON WAY TO TRAINING CAMPS

NEW YORK, Oct. 24.—Players of the Rangers and Americans, New York's entries in the National Hockey League, were trekking today toward their respective training camps, the former to Springfield and the latter to New Haven, while installation of new machinery was being carried out at Madison Square Garden in preparation for the opening game of the season.

This machinery is calculated to materially improve the ice surface in the huge arena and eliminate the soft condition of the skating area which in past season had slowed up the game.

It was reported that waivers would be asked on a number of the New York American players before the regular schedule starts.

Lionel Conacher, who has succeeded Tommy Gorman in the managerial role, has declined, however, to divulge the names of the men he plans to release.

While the Rangers will start their training campaign with a roster of about forty regulars and rookies, Conacher to date has asked only twelve players to report at New Haven. This number includes Winter, Reese, Simpson, Burch, Hymes, Connor, Sheppard, McVey, Broadbent, Dye Billy Boyd and a newcomer named Patterson, who came via the waiver route from the Boston Bruins.

A report was in circulation that Jimmy Gardner, at present coach of the Providence Red Birds, would be named as official coach of the Americans.

### ATHLETICS ARE PREPARING FOR RETURN MATCH

Westward Scheduled to Meet Sherbrooke on Local Gridiron on Saturday—St. Lambert and Sherbrooke High School Teams Will Provide "Curtain Raiser."

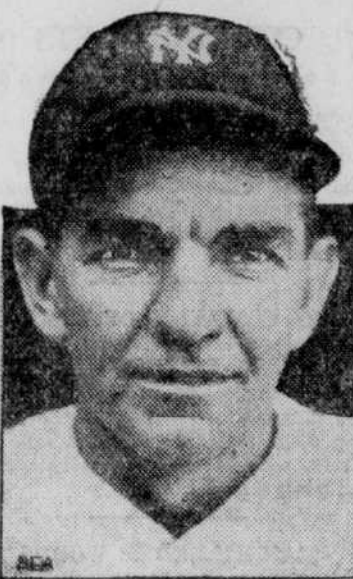

Coach Bill Bridges put the members of the Sherbrooke Athletics through a stiff drill yesterday afternoon in preparation for their Province of Quebec Rugby Union match against Westward here on Saturday. Westward grabbed off the honors in the encounter last Saturday, but the locals hope to turn the tables in their second meeting.

As a curtain raiser to the Intermediate game, St. Lambert High School will meet the Sherbrooke High. Here, again, an interesting game is expected, as the South Shore boys are determined to avenge the defeat administered to them at home some weeks ago.

The two games will be played at the Ball Park with the Inter-school match scheduled to start at 1.30 p.m., and the second game at three o'clock.

### HUGGIN'S CHOICE

In keeping with the desire of the late Miller Huggins, Colonel Jake Ruppert, owner of the New York Yankees, named Bob Shawkey to pilot the Yanks in the 1930 season. Shawkey was a star pitcher under Huggins and from 1919 to 1924 was one of the American League's leading right-handed moundsmen. Long before his death Huggins confined in Colonel Ruppert his preference for either Art Fletcher or Shawkey to succeed him. Fletcher preferred to remain with the Yanks in his present capacity, that of coach.

### SHAWKEY DISCUSSES PLAN FOR REBUILDING NEW YORK INFIELD

(Associated Press Despatch)  
NEW YORK, Oct. 24.—Immediately after signing a one year contract as manager of the Yankees, yesterday, Bob Shawkey gave voice to his plans for rebuilding the infield and the pitching staff of the team. Since Shawkey plans to try Tony Lazzeri at third base, not only the left but also the right side of the inner defense is involved in the rebuilding plans.

"Jimmy Reese, the Oakland second baseman," said Shawkey, "is my present choice to start at that position. I am satisfied with Koenig at short and intend to see whether Lazzeri's arm has sufficiently mended to permit him to make the long throw from third."

"The pitching staff is more of a problem. Work along that line will be slower and more difficult. We have several deals in mind and some apparently in the making, but, of course, none of these can be discussed at this time."

Shawkey was silent regarding the plans of the club to obtain Bubble Hargrave, catcher and manager of the St. Paul Club in the American Association. He admitted that Hargrave would be useful to the Yankees, and that a move was under way to obtain his services. Bob declined to say that Benny Bengough would depart from New York. He said the disabled catcher was now undergoing treatment for his arm.

### SPORTING NOTES

AMERICAN CUP TRIAL RACES  
NEW YORK, Oct. 24.—The right to defend the America Cup against a yacht to be constructed by Sir Thomas Lipton, noted British sportsman, will be decided off Newport with four boats fighting it out in a series of races from August 20 to August 30 in 1930.

The formal announcement of the dates for the trial races was made by the New York Yacht Club through its secretary, George Cormack. The boats will be under observation July 7th to 19th before competing in the trial races.

The first race for the cup will be held September 13th, but unlike former conditions, the victor will be decided in four out of seven races. Previously it was three out of five.

## INTER-TRIBAL WARFARE GIVES SOME ANXIETY

Lumbwas and Massai Tribes Threatened With War Following Incidents in Territories of These Tribes But for Timely Action of Single European Police Officer.

(Associated Press Despatch)  
Nairobi, Kenya Colony, Oct. 24.—(Canadian Press Cable via Reuters). Increasing among the young men of fighting age in the frontier tribes, the Lumbwas and Massai, is causing great anxiety to the small community of whites in this British section of East Africa. Inter-tribal warfare was threatened following incidents in the territory of these tribes, but was averted by the timely efforts of a single European police officer.

Sir Edward Grigg, Governor of Kenya Colony, spent the week-end in the affected districts conducting an inquiry, and as result told the Legislative Council recently that he had received a number of reports concerning the growing tendency to lawlessness on the part of young Lumbwas warriors, which was bound to have a disturbing effect on the other tribes.

The position is complicated by the fact that various farms allocated to

white settlers before the world war, with object of establishing a buffer area between the traditionally antagonistic Massai and Lumbwas tribes, do not now exist, Sir Edward pointed out. They were now occupied largely by Lumbwas tribesmen.

Sir Edward added he had been informed the younger warriors had been gathering without the permission of their chiefs or elders and the results were plainly apparent in increasing numbers of cattle thefts, burglaries and other disorders. Attacks had been made on tribesmen suspected of being informers.

A general antagonistic attitude towards white settlers was not expected, Sir Edward continued, but there was a danger of clashes on lonely farms and this was causing anxiety. In order to prevent the outbreak of further crimes extra policemen have been drafted for the Lumbwas territory.

## "RICHEST PEOPLE IN WORLD" FACING POVERTY AS OSAGE OIL WELLS FAIL

### Income of Wealthy Oklahoma Indians Falls From \$13,000 a Year to \$35 a Week in Brief Time — Reckless Spenders have Squandered Huge Sums.

PAWHUSKA, Okla., Oct. 24.—The golden flood of wealth that the rich Oklahoma oil fields, through an inexplicable oversight on the part of the Great White Father, turned into the laps of the Osage Indian tribesmen a decade or more ago, is subsiding to a mere trickle.

The Osages, for a time the richest people in the world, per capita, are sliding back into the poverty from which they emerged some 15 years ago and the 2279 "head rights" on the rolls, each good a few years ago for an annual income of more than \$13,000, are today worth just \$35 a week.

Thus comes to an end one of the queerest, most ironic dramas of the history of a tribe of American Indians who in the past 15 years have received \$575,000,000 in oil royalties.

The oil, found most unexpectedly beneath the barren hill country of this part of Oklahoma, made the Osages rich. It brought them to things that go with riches—luxury, soft living, comfort, not to mention decay, tragedy and bloodshed.

### Wells Now Playing Out

Now the oil is petering out. The Osages, for the most part, apparently will be worse off than they were before. Some of them have saved their money—but many, many more have fallen into habits of idleness and face an extremely dismal future.

The strange story of the Osage nation began in the early days of the 20th century. The Osages had been a docile, unwarlike tribe, migrating to Oklahoma from the eastern part of the country a century and more ago; and when Oklahoma began to fill up with white men, it became necessary to find a place for the Osages.

The red man has never been dealt with any too generously by the white man, and the case of the Osages was no exception. The rocky hill country in this part of the state was given them, chiefly because it was considered the least valuable land in Oklahoma.

But it turned out to be about the richest of all.

### Sudden Leap to Wealth

In 1917 came the oil boom. The Osages' tribal property was found to cover one of the richest oil fields in the southwest. Each member of the tribe had a "head right," or proportionate share, in all tribal funds; and in a short time the

Above, left, is Fred Lookout, present chief of the Osage tribe and owner of one of the finest cattle ranches in Oklahoma, who has repeatedly warned his band to economize. How his advice has been ignored can be judged by the expensive suburban home of an Indian near Arkansas City, Kan., below. At right, Joe Mills, an Osage full-blood, is enjoying his golf. The inset shows Dorothy Simpkins of Hardy, Okla., a beautiful daughter of the Osage and a second cousin of Vice President Curtis.

Osages were drawing average yearly incomes of \$12,000 apiece.

Nor was that all. "Head rights" were inheritable. In the course of time some Indians came into possession of 10 or more "head rights." Indians with incomes of \$50,000 and \$100,000 a year were not uncommon. Many intermarried with the neighboring Kaws, of which tribe Vice President Curtis is a member.

Pawhuska quickly became a boom town. It grew to 15,000 population and sported the finest stores and shops of any city of its size in the land. High-grade automobile salesrooms, piano stores and furnishing houses were opened. The Osage spent his money freely—like a child playing with toys—and everybody had a grand time.

Inevitable, many and many an Indian was fleeced mercilessly. Also, many an Indian squandered his money with unbelievable foolishness, even though he were fortunate enough to steer clear of unscrupulous whites.

There were Indians who bought a new auto every month or so, driving it until it got smashed—and then gaily buying another. Big mansions were built, white servants were hired, fine furniture was bought.

### Few Invested Wisely

A few Indians invested their money wisely. A few set themselves up as stock raisers with their new wealth, or went into business. But not many. Most of them acted precisely as might be expected of a people, one generation removed from barbarism, given almost unlimited funds in a modern world. The government is holding several million dollars for some of them until such time as they shall be adjudged "competent" to receive it.

Now the great wells are playing out. The "head rights," until recently good for \$10,000 and more a year, are now paying just \$35 a week; and there is every indication that they will shrink still farther.

Pawhuska business men have seen the handwriting on the wall. One dealer in musical instruments, disposing of his stock preparatory to leaving, remarked that when times were good he sold as many as 50 high-grade player pianos a month—to Indians. Things are different now, and he is going away. Others are following suit.

### Chief Bacon Rind's Warning

Bacon Rind, the picturesque former chief of the tribe, explains that he repeatedly warned the Osages to save their money, but that they refused to listen to him. Fred Lookout, the present chief, has had the same experience.

"For 10 years," Bacon Rind says, "I have been warning my people that some day the oil and the easy money would go. I have urged them to go back to their own lands, to become farmers and cattle and horse raisers, as I and my sons are doing. Now the oil has gone and they cannot blame me. I have spoken."

### Reckless Spenders

There are many stories like that. One boy, who has enjoyed the income from 10 "head rights"—which means that for years he drew more than \$100,000 a year—is today in debt \$100,000. Another came into \$47,000 on his 21st birthday, bought a new auto each week, smashing them all, and finally was forbidden by a court order to operate an auto any more.

There were exceptions, of course. One young man, holding five "head rights," has invested his money and is said to be worth half a million. Another owns a fine home, several autos and an airplane, is an official in a big amusement corporation and has made other investments. Another is a prominent lawyer in Pawhuska. But such men are not common.

Of the 2279 Osages who are

### The Osage Incomes, Year by Year

J. George Wright, veteran Osage agent, gives the following figures on "head right" incomes:

|      |        |
|------|--------|
| 1915 | \$ 272 |
| 1916 | 284    |
| 1917 | 2,719  |
| 1918 | 3,732  |
| 1919 | 3,930  |
| 1920 | 8,090  |
| 1921 | 8,800  |
| 1922 | 7,700  |
| 1923 | 12,400 |
| 1924 | 11,400 |
| 1925 | 13,600 |
| 1926 | 9,600  |

Last year it was between \$4000 and \$5000 and if the schedule of \$35 a week is adhered to it will be \$1820 for 1929.

"Such white linen! how do you do it?" she exclaimed

## Yet my wash is never scrubbed or boiled

[How my secret amazed her!]

I COULD have laughed aloud to see how puzzled she was. I guess she never saw such gleaming, snowy linens.

"Is this cloth new?" she demanded.

"New?" I laughed. "I've had it ever since I was married."

"But my linens are dingy, yellow—I can't understand it. Some of my tablecloths are threadbare from scrubbing, yet they never look as white as this."

A glow of pleasure surged through me. I knew I was a good housekeeper. I wouldn't think of permitting my wash to be scrubbed... why, that's so old-fashioned!

"My linens never touch a washboard," I said—enjoying her amazement.

"Then how does your laundress get them so much whiter than mine?"

"I have her use Rinso—you know, the

granulated soap. It soaks out dirt. It gets clothes so white, scrubbing and boiling aren't necessary. That saves clothes."

"You mean to say a mere soap can make such a difference?"

"No other soap is like Rinso! Its suds are the richest, creamiest you ever saw. One cupful of this granulated soap goes farther than two cupfuls of those light-weight, puffed-up soaps."

"I must get some Rinso tomorrow!"

**Safe—for tub or washer**

Rinso suds are safe. The makers of 86 leading washing machines recommend this famous granulated soap. Great for tub washing, too.

## GOULD NOTES AND JOTTINGS OF INTEREST

Newspapers and Personals from  
Gould and Vicinity—Ladies'  
Organizations Met.

GOULD, Que., Oct. 24.—Rev. Donald Morrison, of Howick, was a guest of Mr. and Mrs. J. A. Matheson at "The Manse," last week. He had charge of the special services in connection with the communion at Chalmers' Church.

Mr. Hatcher, of Sherbrooke, preached in Chalmers' Church, on Sabbath last and was a guest with his son, Gordon, of Mr. and Mrs. Matheson at "The Manse."

The W.M.S. was held at the home of the president, Mrs. J. A. Matheson, on Thursday. In spite of inclement weather, there was a large attendance. The president was in the chair and a large amount of business was transacted, after hearing the various reports. A letter was received asking for supplies, especially quilts. The Oriel president, Mrs. John MacCaskill, donated a very pretty piece of quilt cover, Mrs. A. A. MacAulay and Mrs. MacInnes donated the lining and cotton and this quilt will be quilted at the next meeting on November 7th, at Mrs. K. N. Maciver's home. A section of W.M.S. meeting is to be held at Chalmers' Church on Saturday, November 2nd, at which Mrs. John Matheson, the president of the W.M.S., is expected to be present. Members from the Megantic, Scottstown, Gould Station and Milan societies are expected to be present. After the business was finished, the members listened to a most interesting address from Rev. M. Ford, of Cookshire, on the work of the United Church in northern Quebec. Mr. Ford gave the ladies a full description of the country in that part of Quebec and also had three books of pictures of that wonderful country and the immense water power and dams, new cities. A vote of thanks was tendered Mr. Ford for this splendid address. Mrs. Matheson served refreshments, assisted by the Misses Anna Maciver and Edith Wood.

The friends of Mrs. Stanley MacDonald gathered at the home of her parents, Mr. and Mrs. John MacDonald, at Fisher Hill, where she has made her home for the past few months, to wish her "God speed," prosperity and happiness on the eve of her departure for her new home in northern Quebec, where her husband has been for some time and where he has a home ready for his wife and three children. Mrs. MacDonald was completely taken by surprise but received her many guests with a cordial hospitality. She was assisted in receiving and entertaining about sixty guests by her father and mother. The guest of honor was presented with a well filled purse and the best wishes of all her friends. The presentation was made by Mr. R. L. Maciver. Refreshments were served. Those who assisted in serving were Messrs. Norman MacInnes, George MacDonald and Jack Weir and Mrs. N. MacInnes, Mrs. Alex Morrison, Mrs. MacArthur, Mrs. Weir and Mrs. A. A. MacAulay. After singing "Auld Lang Syne" and "For She's a Jolly good fellow" the guests dispersed.

## UNITED CHURCH Y. P. S. MEETING AT WATERVILLE

Musical Evening Featured Regular Session—Newsy Notes and Personals from Vicinity of Waterville.

WATERVILLE, Que., Oct. —The regular weekly meeting of the United Church Young People's Society, took place on Saturday evening, in the Church parlors, arranged for the occasion as a home parlor. Some thirty members attended and enjoyed a special treat as it was a musical evening. The different items presented were as follows: piano solo, "The Lost Chord," by Ruth Gerard; Notes on Schubert, by Rev. Victor Rose, following which Schubert's "Unfinished Symphony" was played on the Victrola. Stuart Blier's violin solo was much enjoyed. Mr. Albert Blier sang and played a song of his own composition. The fact that it was the first public appearance, made it all the more interesting. As an encore, Mr. Blier gave another of his original songs. Rev. Mr. Rose then told several interesting incidents relating to the political career of Paderewski. Padewski's "Moonlight Sonata" and "Minuet" were later played on the Victrola. Mr. Blier gave accounts of the circumstances under which the different selections were written and also the condition which prompted them.

Mrs. Parkes, the president, was in the chair for the business meeting, at which several items were discussed. Mr. Eric Hutchison will be the leader of the Mohawk side, while Miss Gladys Fish will be in charge of the Iroquois. Mr. Hutchison outlined the nature of the things from which points could be gained. The losing tribe will give a banquet to the winners.

Meetings are to be held every Saturday night at eight o'clock. New members will be gladly welcomed. The meeting on Saturday night will be of a devotional nature.

General Notes  
Miss Bernice Parsons, of Cowansville, was a recent guest of her parents, Mr. and Mrs. A. G. Parsons.

Mr. Carl Gustafson, of McGill University, spent the week-end at the home of his parents, Mr. and Mrs. H. L. Cleveland, in Sherbrooke.

Mrs. H. S. Bally, Mrs. Victor Rose, the Misses Lillian Moir, Edith Smith, Iris Blier, Eleanor Smith and Constance Libbey were in Ayer's Cliff, on Saturday, to attend the Missionary Rally service at Beulah United Church.

Mr. Wm. Butcher, of Bellewood, Ont., has been visiting at the home of Mrs. Jane Parkinson and family.

## MANSONVILLE COUPLES HELD ANNIVERSARY

Celebration Held on Occasion of  
Double Wedding Anniversary  
of Mansonville Couples.

MANSONVILLE, Que., Oct. 24.—The home of Mr. and Mrs. A. B. Bailey was the scene of a happy event on Saturday evening, October twelfth, the occasion being the celebration of the twenty-fifth anniversary of the double wedding of Mr. and Mrs. A. B. Bailey and Mr. and Mrs. A. I. White.

During the afternoon, the two couples, who had planned a little celebration of their own, took a motor trip to Sherbrooke, where they called upon one of their children, Miss Catherine Bailey, bringing her and a friend, Miss Evelyn Combs, home with them for the week-end. Upon their return home, they proceeded to the home of the bride's sister, Mrs. R. F. Cowan, where the brides and grooms had been invited for tea. Mrs. Cowan met them at the door and congratulated them while the strains of Lohengrin's Wedding March played on the piano by Miss Lucile Aiken, of Richmond, Vt., niece of the brides, issued from the dining room where Mr. and Mrs. C. Aiken, of Richmond, were also waiting to receive them. The attraction of the tea table proved to be a large wedding cake which was duly admired by the two brides of a quarter century.

About eight p.m., Mr. and Mrs. George Traver arrived and Mr. Traver asked Mr. and Mrs. Bailey to walk across the street to their home, as he wished to speak to them. They went, but once out of doors the brightly illuminated windows of their home let out the secret so the entire party hurried over to be met by over fifty relatives and friends who had been invited to spend the evening. During their absence the house had been beautifully decorated for the occasion with autumn leaves, which had formed part of the original decoration twenty-five years before, and silver paper garlands, with big 25s upon the doors, and with a big wedding cake decorated with two brides and two grooms upon the buffet. Both wedding cakes having been made by Mrs. Mary Aiken, mother of the brides.

Games and dancing were indulged in for a time, after which refreshments were served. Mrs. Bailey cutting the first piece of wedding cake. At the end of the refreshments the bridal party was conducted to a seat of honor whereupon Rev. C. Huxtable in a fitting speech presented two purses to the brides with many kind wishes for their continued happiness and prosperity. Mr. Bailey and Mr. White making each a reply. Mr. C. J. Oliver, M.L.A.; Dr. H. E. Gillanders, and Mr. R. F. Cowan also contributed to the enjoyment of the evening, with appropriate remarks.

Dutiable Imports Amounting to \$886,816 Entered Vermont Customs District During Month of September, Which Is a Decrease of \$10,000 as Compared With Same Month Last Year.

ST. ALBANS, Vt., Oct. 24.—Dutiable imports amounting to \$886,816 in aggregate value entered the Vermont Customs district during the month of September, and yielded

customs duties amounting to \$181,759.73, according to the monthly statement issued by Collector Harry C. Whitehill. These figures represent a decrease of approximately \$10,000, as compared with collections for the corresponding month a year ago.

Reports of collections from the various ports in the district show that Newport collected \$76,178.83 during the month. St. Albans came next with \$52,325, and Island Pond third with \$24,524.62. Richmond collected \$13,233.27; Alburg, \$3,619.50; North Troy, \$3,045.14; Derby Line, \$2,695.54; and Beecher Falls, \$2,007.18.

Milk and cream continued to head the list of commodities in production of revenue, although shipments for September showed a considerable decrease as compared with receipts for the preceding month.

Total receipts during September amounted to 153,910 gallons of milk, valued at \$30,040, and 183,235 gallons of cream, valued at \$278,565, while during August, 171,602 gal-

lons of milk, valued at \$32,294, and 229,151 gallons of cream, valued at \$353,475, were received. Customs duties collected on these two products during September amounted to \$60,742.15.

A large increase in importations of fresh and prepared meats brought these products to second place on the list. Over one million pounds of meat of various kinds, valued at \$180,926, entered the district during the month, and provided duties aggregating \$33,589.33. This is nearly \$6,000 more than was collected on such merchandise during August. Shipments of bran and other mill feeds also showed a substantial increase, receipts for the month amounting to 3,547 tons, valued at \$89,712, on which \$13,085.32 were collected.

There was, on the other hand, a sharp decline in importation of maple sugar. Shipments of this Canadian product dropped from over one and a half million pounds in August to a little more than 500,000 pounds during September.

Duties collected from this source amounted to \$21,174.96 for the month as compared with \$69,799 collected from the same source in August.

Receipts of beef cattle remained about the same as for the preceding month, as did shipments of hay and straw. Four hundred and eleven head of cattle (beef), aggregating 39,299 pounds in weight, and paying \$5,614, in duties, were entered during the month, while shipments of hay and straw amounted to 1,133 tons, paying \$3,413 in duties.

With the harvesting of the new crop, shipments of turnips were resumed in considerable volume, nearly 700,000 pounds of this vegetable having been received during September, practically all of which came from the Province of Ontario.

Duties from miscellaneous imports during September amounted to \$44,139.73.

## WHERE 10 ACRES SANK 100 FEET IN TEAS OIL FIELD

Here's a bird's-eye view of where 10 acres of land in the Sour Lake, Texas, oil field sank without warning burying derricks, tool sheds and other structures in a crater 100 feet deep. The queer prank of nature caused some nearby flowing wells to stop producing, while others increased their output. The power house at right, was wrecked a short time after this picture was taken.

## DEATHS REPORTED

JOYCE PATRICIA LASONDE, MELBOURNE

MELBOURNE, Oct. 24. — On Saturday, October 19th, at nine a.m., there passed away at the home of her parents, in Melbourne, Joyce Patricia, only daughter of Mr. and Mrs. Wm. Lasonde, at the age of four years and eight months. Death, which came as a great shock to her parents and friends, was caused by catarrhal laryngitis, the child having been ill only a short time.

The funeral was held on Sunday, October 20th, at two p.m., from her father's residence to St. Bibiane's Church, in Richmond, interment being made in the Roman Catholic Cemetery.

Out of town relatives and friends who attended the funeral were the following: Mr. Joseph Lowell, of Rock Island, grandfather; Mr. and Mrs. John Lowell, of Barre, Vt., uncle and aunt; Mr. and Mrs. Ed. Rock, of St. Albans, Vt.; Mr. Robert Lowell, of Rock Island, and Miss Hannah Kingston, of Montreal.

MR. ARTHUR HADDON, MANSONVILLE, QUE. Oct. 24.—The death of Mr. Arthur Haddon occurred on October 1st, in the Royal Victoria Hospital, Montreal, whence he had been removed more than a week previously due to injuries received when the automobile in which he was driving overturned and was completely wrecked near Mansonville.

The late Mr. Haddon was born in England on December 25th, 1882, and where at the early age of fifteen he entered the Royal Navy in which he served for fifteen years. On June 5th, 1918, he came to Canada but in 1915 he once more enlisted in the defence of his country, this time joining the 87th Battalion Canadian Grenadier Guards, where he remained until the close of the Great War, receiving during the time two medals, one silver and one bronze, for bravery as well as being the recipient of a personal letter from King George, thanking him for his services. He also held the enviable record of having served his country under three reigns, Queen Victoria, King Edward and King George.

In manner, he was a quiet and pleasant man, who made many friends and he was devoted to his home and young family whom he was doing his best to educate.

The funeral service was held on Thursday, October 3rd, in St. Paul's Church, Mansonville, and was conducted by Rev. A. E. Rollet, six of his friends, Messrs. Rob. Jersey, Albert Dix, Guy and Gerald George, and Winston and Lawrence White acting as bearers. He was buried in the Mansonville Protestant Cemetery.

He leaves to mourn his loss, his wife, Adelaide Perrin, and six children, Arthur J. Harry, Adelaide, Norman, Hazel and Albert, of whom only the two eldest are self-supporting. Besides these, he also leaves an aged mother eighty years old, two sisters and one brother in England and a sister, Mrs. Herbert Jones, in Hamilton, Ont., as well as numerous nephews and nieces. His eldest son, Corp. A. J. Haddon, R.C.

Those from a distance who attended the funeral were Mrs. M. Dougherty and Mrs. A. Adams, of Coaticook, Mr. and Mrs. Clare Adams, of North Hatley, Mr. and Mrs. Norman Heming, Mrs. J. Butler and Mr. Gerald Butler, of Sand Hill, Lennoxville, Mr. John Dougherty, of Newport, Vt., and Mrs. Ray Brown, of Vale Perkins.

The friends and neighbors wish to express their deepest sympathy to the family in their sad bereavement.

MR. M. S. CHIDLOW, HUSSAR, ALTA.

HUSSAR, Alta., Oct. 24.—The funeral of Mr. Malcolm Stewart Chidlow, aged twenty-four, son of Mr. and Mrs. Malcolm Chidlow, of Calgary, took place on Saturday afternoon, October 12th, Rev. W. H. Morgan officiating.

The late Mr. Chidlow was born at Farnham, Que., but lived most of his life in Calgary, where he was educated and received his normal school training. He taught school at Makepeace, Westok and Smoky River.

He leaves his widow, nee Lucia May Carter, his father, mother and three brothers, David, Clark and Jack.

The floral tributes were many and beautiful.

MR. GEORGE H. SWEETLAND, CONCORD, N.H.

CONCORD, N.H., Oct. 24.—The death occurred on Wednesday, October 9th, of Mr. G. H. Sweetland at the age of sixty-one years. The remains were brought to Upper Melbourne for burial, the bearers being Messrs. J. W. Smith, J. E. Mairs, S. S. Carr, E. Smith, L. Quarts and Geo. L. Aubrey, all relatives of deceased.

Interment took place at Ebenezer Cemetery. There were many floral tributes.

The late Mr. G. H. Sweetland was in the employ of the Boston and Maine Railroad for forty-one years, and his death came as a great shock to his many friends. Survivors are a widow, Martha Smith Sweetland; one sister, Mrs. J. E. Colby, of Penacook, N.H.; and one brother, Mr.

FRANCIS LAROCHE acted as manager. The bearers were Messrs. Martial Major, Joseph Charost, G. Gaudreau, Benj. Foucault, Omer Mireux and Joseph Devost, neighbors and friends of long standing.

The members of St. Baptiste Society, also the pupils of the Brother's College and Sisters of the Presentation of Mary Convent, attended.

Beautiful floral tributes and spiritual offerings covered the casket.

Among those from out-of-town to attend the funeral were Mr. and Mrs. J. T. Lecours, Colebrook, N.H.; Mr. Thomas Finnerly, Gorham, N.H.; Miss Agnes Bosidreau, Mechanic Falls, Me.; Mr. George Boudreau, Rumford, Me.; Mr. and Mrs. Jos. Hebert, Arcton, N.B.; Rev. Evelyne Ovia, Richmond, Que.; Miss Catherine Ducharme, of Montreal; Mr. Louis Sidelau, St. George de Brauce; Mr. George Clark, Rock Island; Messrs. ## BIG REINDEER DRIVE WILL BE STARTED SOON

Plans Under Way for Transfer of Three Thousand Head of Reindeer from Alaska to Mackenzie River.

(By Canadian Press) OTTAWA, Oct. 24.—The big drive which will see 3,000 head of reindeer transferred from the west coast of Alaska to the eastern delta of the Mackenzie River will begin this week, or as soon as the winter freeze-up comes, according to reports received by the Northwest Territories branch of the Department of the Interior.

This is the most ambitious programme, involving the migration of domesticated animals, ever undertaken in that northern region, and preparations for it have been in progress for several months. The reindeer have been purchased by the Canadian Government from the Lomen Brothers Corporation of New York, the object being to replenish the food supplies of the wards of the Canadian people in the far north—the Eskimos. Also the raising and herding of reindeer may result in the establishment of an industry among those primitive peoples which will be a more reliable source of sustenance than the present hazardous and uncertain pursuits of hunting and fishing.

The movement will be under the direct charge of Andrew Bahr, a Laplander, and employee of Lomen Brothers. Mr. Bahr is one of the original herders who brought reindeer from Lapland to Alaska when the United States Government introduced these animals into that territory many years ago. With him will be three other Laplanders and six of the best Eskimo herders of the Lomen Corporation. A caravan of 53 reindeer teams will accompany the expedition carrying equipment and stores.

The herd will start on their long trek from Elephant Point, in the valley of the Bucklands river, which flows into the Behring Sea. The route to be followed traverses a wide semi-circle, north and east, keeping clear of the Alaskan timber line and through a number of mountain passes. Airplane reconnaissance have been undertaken to determine the various stages of the journey.

By next spring it is expected the migration will have reached Colville river in Alaska, where the herd will rest for a couple of months during the fawning season. Moving eastwards, the herd will be driven across the Alaskan boundary through the winter of 1930-31, and will finally reach their destination northeast of the Mackenzie delta some time in the spring of 1931.

## ARTHUR PLANTE IS FOUND TO BE PROPERLY EXCLUDED FROM U.S. BY AUTHORITIES

Canadian Found to Be Occupying House Which Extends Across International Line Near Malone, N.Y.—Has Been Put Out of Living Quarters on U. S. Side.

(By Kenneth Clark, Canadian Press Staff Correspondent)

WASHINGTON, Oct. 24.—The case of Arthur Plante has been investigated by the Department of Immigration, and Commissioner General Harry Hull finds the Canadian inhabiting a house which extends across the international line near Malone, N. Y., is properly excluded from the United States.

Plante was excluded last July because he was not in possession of an immigration visa.

A statement issued by the commissioner general yesterday says Plante was notified of his right to appeal, but never made appeal and commends immigration officers at Malone for their handling of the case.

Plante was recently represented as occupying the inside of his woodshed on the Canadian side with paper in order to make it habitable for the winter, since he had been put out of his living quarters and general store on the American side.

## SETTLERS FROM GREAT BRITAIN TO BE SOUGHT

Right Hon. James Henry Scullin, New Prime Minister in Australia's Labor Government, Says Wanted, Their Absorption While British Settlers Are Must Depend on Expansion of Primary and Secondary Industries of Australia.

(Associated Press Despatch) CANBERRA, Australia, Oct. 24.—The new Labor Government of Australia wishes to develop the Commonwealth with settlers from Great Britain, but their absorption must depend on the expansion of the primary and secondary industries of Australia, declared Rt. Hon. James Scullin, new Prime Minister, in a talking motion picture which has been made specially for showings in Britain. If absorption of the new comers was not balanced with Australia's expansion hardships and difficulties must ensue, he warns. He expresses confidence that progress of lasting benefit to the Empire could be made when he had an opportunity to discuss the matter with Premier Ramsay MacDonald.

Prime Minister Scullin also warns British manufacturers not to expect low duties on goods which are already being made in Australia, but British goods not duplicating Australian products could expect a full preference. He appeals to the British people not to believe Australia is a land of perpetual strikes, but to realize the Commonwealth needs Great Britain's co-operation.

## DANISH FINANCIER FOUND SHOT FOLLOWING FAILURE OF BANK—TOOK OWN LIFE

Full-banked Closed Doors and Suspended Payments After Heavy Loss Through Engagements With Two Commercial Firms.

(Associated Press Despatch) COPENHAGEN, Oct. 24.—Harold Plum, financier and promoter, was found shot this morning at about the same time the Folkebanken, with whom one of his firm had done business, failed to open its doors. Police said he shot himself.

The Folkebanken closed its doors and suspended payments after loss of several million kroner through engagements with two commercial firms—one of which was said to be the Crown Butte Company with which Plum was connected.

Announcement of the suspension was made after a long session of the directors last evening at which representatives of other Danish banks were present. It was charged the two defaulting firms engaged in bad bookkeeping and fraudulent practice. Plum died during the morning.

## C.N.R. PRESIDENT CLAIMS BRITISH MANUFACTURERS NOT RISING TO OCCASION

Efforts of Right Hon. Thomas to Stimulate Purchase of British Goods by Canada Being Hampered by Failure of British Business Men to Co-operate.

(Associated Press Despatch) LONDON, Oct. 24.—The Daily Herald devotes two columns on its front page to an interview by its special correspondent at Montreal with Sir Henry Thornton, president of the Canadian National Railways. In an accompanying editorial the newspaper says: "Sir Henry Thornton warns us that efforts by Right Hon. Thomas to stimulate the purchase of British goods by Canada are being hampered and in some measures frustrated by the failure of British business men to rise to the occasion."

Sir Henry is quoted as saying that when the Canadian National Railways, as a result of Mr. Thomas' visit to Canada, set about placing more orders in England they found the British steel industry had no proper sales organization in Canada and British manufacturers would not adapt themselves to the needs of their customers.

## FOUR AVIATORS REPORTED SAFE LAST EVENING

Party Had Gone Out in Search for W. Cannon and Leonie Lizotte.

(By Canadian Press) ST. FELICIEN, Que., Oct. 24.—Four of the aviators missing in the search for W. Cannon and Leonie Lizotte, who have not been heard from since they left here for Chibougamau, October 8th, were reported safe last night—Henri Belanger, Captain Smith, Captain Dean and George Low. Low flying a Price Brothers plane, returned to Roberval yesterday afternoon from Chibougamau to bring the news that the search plane flown by Captain Smith, with Henri Belanger, Mechanic Lymburner and a man named Simpson, was safe at Chibougamau waiting better weather before returning. But there was no news of the missing Cannon and Lizotte, and Lieutenant Bonnard, the Royal Air Force, who set out nearly two weeks ago in search of the first two and never returned.

Captain Dean accompanied Pilot Low back to Roberval, and George Lizotte, brother of the missing Curtiss-Reid pilot, was also in Low's plane.

The missing men had left St. Felicien last Sunday, and spent the night at Lake Nicoba, reaching Chibougamau Monday. They reported very unfavorably flying weather, but had made the return flight without accident.

Preparations are under way here for an elaborate search by land and air as soon as conditions are suitable. Dominion and provincial governments are lending their aid and resources, and skilled woodsmen are being recruited to aid the aerial force that will take off as soon as the weather is favorable. The course over which the three airmen have disappeared is a 150-mile stretch northwest of here, and is practically uninhabited. It was felt, however, that neither the freight plane of Captain Smith, nor the search plane flown by Lieut. Bonnard, had travelled far over the course before being forced down. The two former were well equipped to spend weeks in the forest.

## SOUTH AFRICAN WOULD CREATE NEW KINGDOMS

Reos, Former Minister of Justice in South Africa, Suggests that British Dominions Solve Difficulties Arising Out of Constitutional Position by Becoming Kingdoms With Members of Royal Household as Sovereigns.

(Associated Press Despatch) CAPE TOWN, S.A. Oct. 24.—Tielman Reos, former Minister of Justice, retiring from public life today, made the suggestion that the British Dominions should solve all difficulties arising out of their constitutional position by becoming kingdoms with members of the Royal House as sovereigns.

The suggestion was contained in an interview with correspondent Rand of the Daily Mail. He said that although there had been no development of the constitutional question beyond the declaration of the Imperial Conference he believed difficulties would arise which could be solved by creation of a kingdom out of the South African Union, under a sovereign from the Royal House of England.

## JAP BIOLOGIST CLAIMS HE CAN MAKE CHILD TO ORDER

Infant's Growth May Be Retarded or Increased Through Use of Ultra Violet Rays and Stimulation or Diminution of Glandular Activity.

(Associated Press Despatch) NEW YORK, Oct. 24.—Dr. Ysaburo Noguchi, Japanese biologist, returned today from Brazil with the announcement that after an extensive study of radical characteristics he can practically build an infant to order.

Through the use of ultra violet rays and stimulation or diminution of glandular activity, he said, an infant's growth may be retarded or increased and its stature, breadth of shoulders and other physical characteristics may be fixed.

Dr. Noguchi, who has studied jungle inhabitants under a grant from the Japanese government, claims that by electrical nutrition and glandular control he could change an Indian into a negro or a Japanese into a Caucasian. Racial characteristics, he said, are the result of a combination of glandular secretions and physical environment.

## FINE BUYER'S MARKET

NEW YORK, Oct. 24.—The Wall Street Mirror says today: Further selling will be seen at the start of business today but more of a concerted effort will be made to halt the decline. The uncovering of numerous air pockets in the market Wednesday touched off so many loss orders in all classes of stocks that the scale buying made little impression on prices. The financial district was so bearish or thoroughly frightened at the close of business Wednesday, that all sorts of prophecies were being put forth. On such occasions in the past, and there have been many, the market has been a purchase. Whereas everything was going to 500 only a few weeks ago, now the croakers can only see the country going into bankruptcy.

Now is the time to buy stocks. They may go lower but very few people have been known to catch the bottom eighth. Furthermore, the selling campaign can be overdone, just as easily as can bull movements. A lot of stocks are cheap. They have been thoroughly liquidated and while they may not start forward immediately the patient buyer will be liberally rewarded.

Several groups can be considered in a favorable light, first of all the equipments. These stocks have not had a bull movement since 1926. The railroads need new equipment and must soon begin to place their orders.

The water has been thoroughly squeezed out of the airplane group. The oils are ready for a bull movement. The rails are in a buying zone. The rails have an investment rating and that is the thing to look for from now on. In addition numerous specialties will have individual advances.

## TRADING FORECASTS

An irregular trading market is expected today, with specialties continuing under liquidation, but the leading stocks showing good resistance to selling.

## CONSERVATIVES TO DEBATE UNEMPLOYMENT SITUATION

Will Ask for Time in House to Discuss Results of Journey of Right Hon. J. H. Thomas to Canada.

(By George Hambleton, Canadian Press Staff Correspondent) LONDON, Oct. 24.—The Conservative "shadow cabinet" yesterday decided that when parliament meets again next Tuesday, the party will ask for time in the House to debate the unemployment situation. They will involve discussion of the journey of Right Hon. J. H. Thomas, Lord Privy Seal, to Canada, made in the interests of increased trade between the Dominion and Great Britain.

## TOTAL AUTO PRODUCTION FOR SEPTEMBER DROPPED

September Figures at 13,817 Cars, Showing Recession of Three Per Cent. from Total of 14,214 Cars Produced in August.

(Canadian Press Despatch) OTTAWA, Ont., Oct. 24.—September production of automobiles in Canada showed a slight gain in the output of trucks and open passenger cars, but these gains were not sufficient to offset the drop in the output of closed cars and chassis so that for the fifth month in succession, the total production of automobiles was less than in the next preceding month. September figures at 13,817 cars, showed a recession of three per cent from the total of 14,214 cars produced in August, and were thirty-five per cent less than the 21,193 cars made in September 1928.

## PRICES TODAY ARE DOWNWARD AT MONTREAL

Losses at Opening of Exchange Ranged from Fractions to Point or More—Brazilian and Dominion Bridge Only Issues that Advanced.

(Canadian Press Despatch) MONTREAL, Oct. 24.—Continuing yesterday's downward trend, prices at the opening of the Montreal Stock Exchange today were lower. Losses ranged from fractions to a point or more.

Brazilian and Dominion Bridge were the only issues that advanced, Brazilian gaining 1/2 at 62, while Dominion Bridge was up 1/2 at 91. The largest loss was Consolidated Smelting, off 20 points at 340.

Losses of two points were suffered by Steel of Canada, Montreal Power and Sherwin-Williams at 51, 158 and 48, respectively. Massey-Harris lost 1 1/2 at 48. Bell Telephone at 161, Famous Players at 52, McGill-Frontenac at 31, Power Corporation at 104 and Quebec Power at 77 all lost a point. General Steel Wars was down 1/2 at 28. Losses of 1/2 were suffered by Canada Car new at 25 1/2, Canada Gypsum at 25, B. C. Power at 45 and Shawinigan at 90 1/2. International Nickel lost 1/2 at 47, while B. C. Packers lost 1/4 at 13.

## NEW YORK PRESS MARKET COMMENT

Furnished by McManamy & Walsh.

New York World—It goes without saying that additional strong buying can be expected at or near present prices, and that the more cautious investment and speculative demand will make itself felt at the first evidence of a return to sanity on the part of the public.

Wall Street Journal will say today: Coast utilities merger nears. Best year for Atlantic Refining. Kreuger and Toll rights voted. Tie-up in grain hits Soo hard. No oil cut likely in Oklahoma and Texas.

Steel situation much improved. Car loadings show decline. Pennsylvania Railway assured record surplus.

## ENTERTAINMENT AT STANBRIDGE; GENERAL NOTES

### School Concert and Prize Giving Great Success—Ladies' Or- ganizations Met — General Notes and Personals.

STANBRIDGE EAST, Que., Oct. 24.—On Wednesday evening, October 16th, the Stanbridge East Model School held their opening entertainment in Memorial Hall to a large and very appreciative audience. The entertainment was under the direction of the three teachers, Mrs. Roy Fortin, Miss Phillips and Miss Maude Fortin. Mrs. Fortin presided at the piano during the musical production. Rev. Mr. Carlton acted as chairman. The programme was as follows: Opening chorus by the school, "The Maple Leaf"; chairman's address; dialogue by ten little juniors; recitation by Francis Brown; song by four boys, "Cock-a-doodle-do"; recitation by Saxe Cornell; dialogue, "Train to Farnham"; recitation by George Chandler; song by three little girls, "Swinging"; recitation by Cedric Kemp; drill by twelve girls in Red Cross uniforms and flags; motion song by the elementary pupils; recitation by Charles Montle; recitation by Carl Chandler. A very interesting and inspiring address by Mrs. Ruth B. Shaw, supervisor of the Junior Red Cross of Quebec. Mrs. Shaw also presented the Edith Cavell group of Stanbridge East with the honor certificate for being members of the Junior Red Cross for five consecutive years. There are 900 schools of Juniors in Quebec, and only seventy-five are eligible to receive this certificate. A collection was then taken for the Junior Red Cross, which amounted to \$25.59, including proceeds from the home-made candy which was sold during the evening.

Next was a quartette, "The Tack," by Andrew Yates, Cecil Hodge, Harold Hodge and Clifford Vaughan, with Mrs. Hodge at the piano; recitation by Catherine and Donald Gardner; recitation by Edson Johnson; dialogue, "Advertising for a Servant"; weird song by eight shorts.

The prizes were awarded as follows: The Theodora Moore scholarship of \$10 in gold was won by Paige Knight; \$5 by the Sadler Belling Co. for highest average in grades VIII and IX; by Paige Knight; Mrs. E. C. Knight's prize for endeavor in each room was won by Isobel Marshall, Alice Bullard and Philip Moore. Mr. McCaw, of Bedford, gave a prize for spelling in grades IV-VI, won by Clair Gardner; Women's Institute prize for general proficiency in grades III-IV, by Thelma Tree; Mr. Hibbard's prize in geography, grades VI-IX, Paige Knight; Mr. T. H. Bowden's prize for highest average in grades III-IV, by Thelma Tree; Mrs. A. Covell's prize in deportment, grades I-IX, won by Thelma Tree; Blinn and Tree prize in spelling in grades I-III, by Thelma Tree; Hodge and Boomhower highest marks in French, grades VI-IX, Paige Knight; school board year's work in arithmetic, VI-IX, won by Paige Knight; prize for attendance in each room won by Ruth Vesey, Andrew Yates and Delbert Boomhower; \$5 in gold by Mr. and Mrs. G. G. Bullard for penmanship, grades I-X, won by Janette Bullard; Mr. A. McCaw for English, in grades VII-IX, by Paige Knight; Mrs. H. A. Lach's prize for history in grades VII-IX, Carl Tree; Mr. Stevenson's prize in history, V-VI, won by Andrew Yates; Rev. Mr. Carlton's prize in scripture, grades II-III-IV, won by Charles Montle; Rev. Mr. Nesbitt's prize in scripture, V-VI-VII, won by Andrew Yates.

The National Anthem brought a very pleasant evening to a close. Much credit is due the teachers for their successful endeavor in providing such an excellent programme.

**Willing Workers Met**  
The regular meeting of the Willing Workers was held at the home of Mrs. Clarence Boffin on Tuesday afternoon, October 15th, with a good attendance of members and friends. Owing to the absence of the president through illness, the business was laid over for a special meeting, when arrangements will be made for the annual chicken pie supper. A social afternoon was spent until about 4:30, when refreshments were served by Mrs. Boffin, assisted by her mother, Mrs. Macdonald.

**Ladies' Aid Meeting Held**  
The regular meeting of the Ladies' Aid was held at the home of Mrs. Geo. Fortin on Wednesday afternoon, October 16th, with a very good attendance. Arrangements were made to give a baked bean supper in the lecture rooms of the United Church on the second Wednesday of every month throughout the winter. Refreshments were served about five o'clock by Mrs. Fortin, assisted by Mrs. Frank Johnson and Mrs. Frank Corey.

**General Notes**  
Mrs. Ruth B. Shaw, of Montreal, was a guest of Mr. and Mrs. Roy Fortin during her stay in town. The next regular meeting of the Women's Auxiliary will be held at the home of Miss Corey, the "Stone House," Thursday afternoon, October 31st, when a quilt will be quilted and tea served.

The members of the Unity Club of the United Church have started practicing for a drama, "Her Honor the Mayor." The members are being assisted by Messrs. Royce Smith, Roy Fortin and B. Alton Richard. Mr. J. H. Bowden, of the Canadian Bank of Commerce, has been notified that he is to be transferred to Huntingdon. The many friends of Mr. and Mrs. Bowden are very sorry to learn of their coming departure.

Mr. P. E. Richard and son, Lyall, and Miss Irene Corey, of Knowlton,

spent the past week-end at the Rhicard home here.

Mr. and Mrs. H. M. Carter have returned home after a pleasant week spent in Montreal visiting their two sons.

Mr. and Mrs. George Kidd, of Phillipsburg, were recent visitors at the home of the former's parents, Mr. and Mrs. R. Kidd.

Mr. and Mrs. Harry Beatty and two daughters, of Montreal, were week-end guests at the home of Mrs. Harvey Beatty.

Mr. Chas. Magnuson motored here from Boston, Mass., on Friday of last week. Mrs. Magnuson returned home with him on Sunday, after spending the summer here with her mother, Mrs. Harriet Hunt, and brother, Mr. A. W. Fuller. Mrs. Smith, of Saulton, is spending the winter with Mrs. Hunt.

Rev. Mr. Carlton and daughter, Frances, of Dunham, were recent guests at the home of Mr. and Mrs. George Fortin.

Mrs. Percy Richard and son, Billy, spent Tuesday and Wednesday of last week in Granby, guests of the former's sister, Mrs. H. H. Collins, and family.

Mrs. Emma Fortin and Mrs. J. J. Moore left here on Friday of last week and spent several days in Sheldon Springs, Vt., guests of Mr. and Mrs. Ernest Fortin, also in Barre, Vt., guests of Mr. and Mrs. John Brown.

About 84 couples attended the dance in Memorial Hall on Friday night. At intermission the lunch was in charge of Mrs. E. C. Knight and Mrs. H. A. Baker, assisted by other members of the Women's Institute.

Miss Amy Monahan is spending a few days at the home of Mrs. Wm. Johnson, of Montreal, was a guest on Thursday of last week of Mr. and Mrs. G. A. Fortin.

### NORTH HATLEY

Mrs. Bond Little entertained the Baptist Sewing Circle on Tuesday afternoon in the basement of the church. Plans for the winter's sewing were made and the distributing of the same among the members. The next meeting will be entertained by Mrs. Scott Kezar on Thursday, October 31st.

The Young People's Society of the Baptist Church met in the basement on Tuesday evening.

In a recent article it was stated that fifty dollars was given by the Improvement Society for the improvement of the grounds around the Baptist Church, whereas it should have read thirty-five, which was used for levelling the ground and the buying of shrubs. The other improvements were made by the Baptist Society.

Mr. Carl Reed, Miss Marion Reed, Mrs. A. Burns and Miss Bice spent Sunday in Magog.

Miss Cora Sim spent the week-end in Cowansville.

Mr. Edward Greenshields, of Montreal, is spending a few days at Connaught Inn.

Miss J. Spier and two friends, of Montreal, were guests of Dr. and Mrs. J. R. Spier, of Sunday.

Mr. and Mrs. H. Pearson and son, Albert, have returned from a motor trip to Quebec and Montmorency.
