Highway Accident At Shawville

Four persons escaped serious injury in a two-car crash in Shawville Saturday afternoon during the height of the sleet storm.

Edward and W. H. Kenney of Toronto, M. C. Pooke and Miss Sheila McGee, both of Ottawa, suffered only minor injuries and light shock when their car proceeding west on the highway was in collision with a second automobile occupied by Earl and Lawrence Thomas of Bristol.

Police said the Thomas car came out of Sheppard's Garage on the main highway at Shawville and due to poor visibility collided with the second car overturning it on the highway.

The four passengers of the Kenney car were treated by Dr. Frank Cowley of Shawville for minor injuries while the occupants of the second car were not hurt.

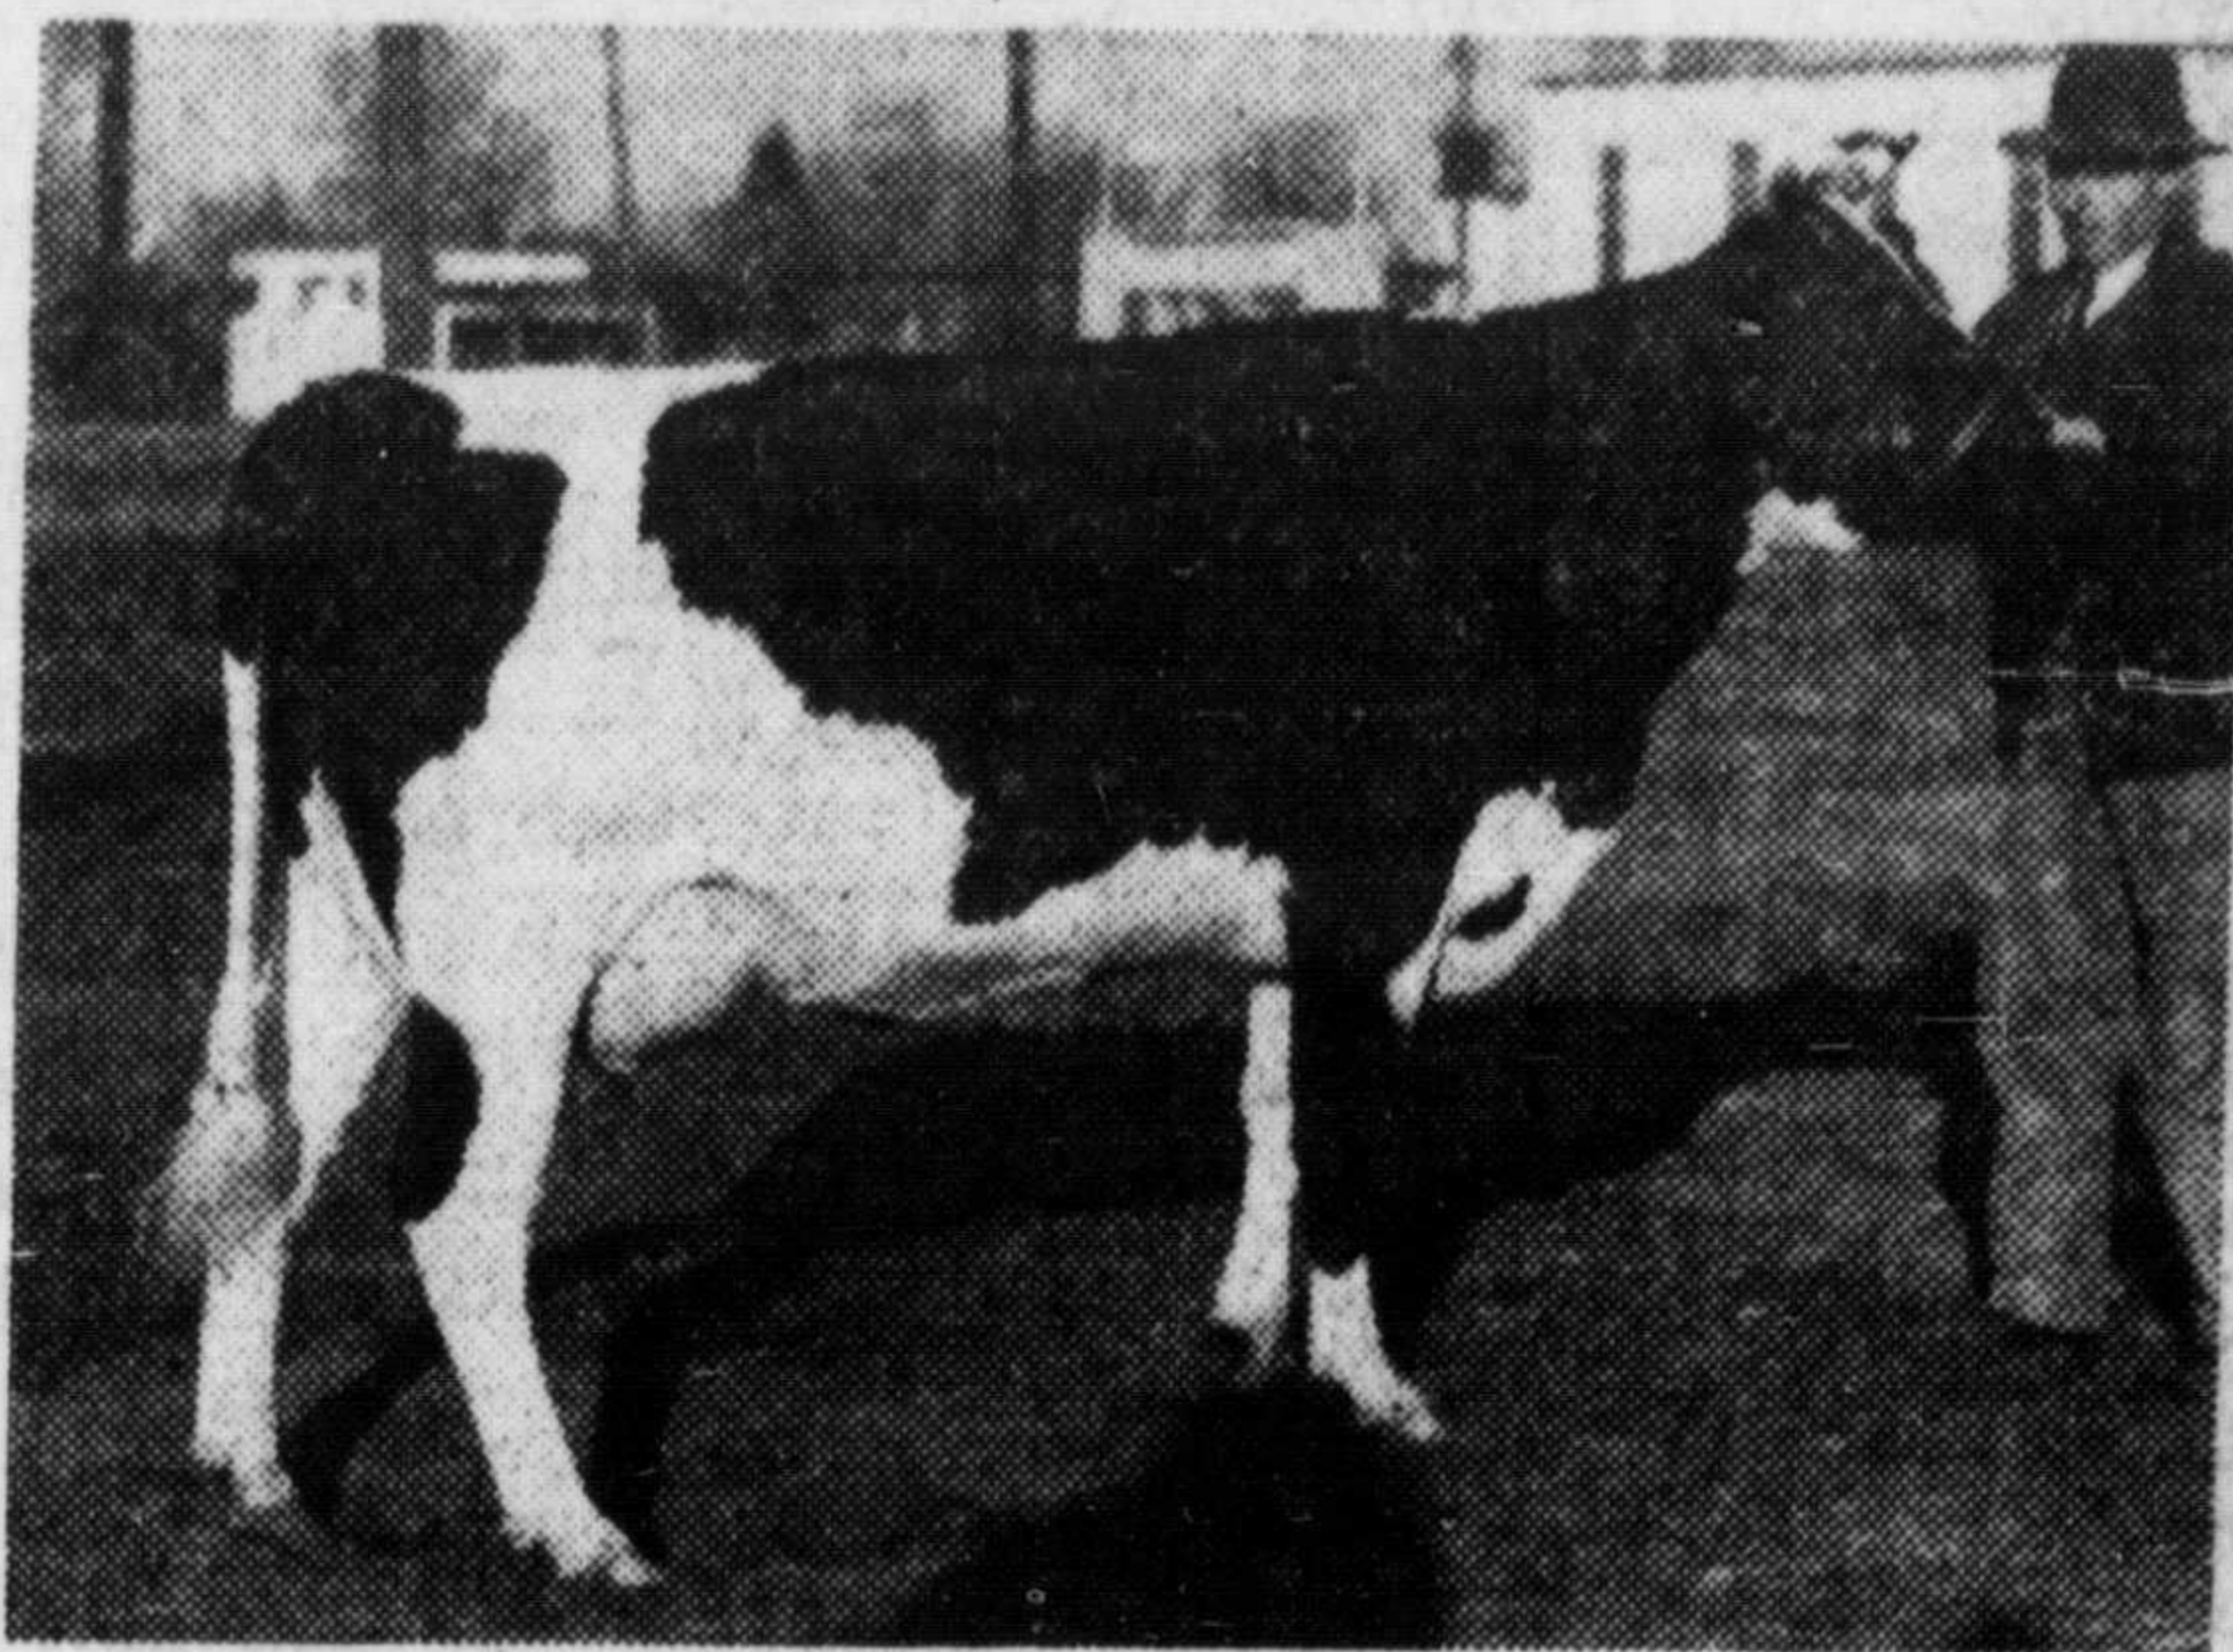

Dr. S.E. McDowell Honored By Queen

McDowell, Shawville, Quebec, well known throughout this county as a leader politically, educationally and in the medical field, has recently received a Coronation Medal from Queen Elizabeth. These medals have been distributed to various Canadian citizens upon the recommendation of organizations across the country. Dr. McDowell does not know what organization recommended him for this honor, but it could have been one or many or even several together. The Medal is the size of a silver dollar, inscribed "Queen Elizabeth II Crowned 2nd June 1953" with a picture of the Queen on the other side and hung on a red, white and blue ribbon and silver clasp. A scroll accompanied the medal which reads "Buckingham Palace, by command of Her Majesty The Queen, the accompanying Medal is forwarded to Dr. S. E. McDowell to be worn in commemoration of her Majesty's Coronation. . ."

Pontiac Farm Forums Report On "The Ag. Rep. And The Farmer"

By Keith Russell

The members of the Pontiac County Farm Forums reporting on the November 2 topic, "The Agriculture Representative and the Farmer", say that their Agronomist has been of great help with their co-operatives—particularly the Fire Insurance Co-op. He has also given assistance with soil analysis and obtaining rebates on purchases of lime and breeding stock, and bulldozer work. Besides this, he has given advice on many various phases of farming and has assisted with the various farm organizations in the county.

Two of the fourteen groups which reported find that they have not been using his services enough. At least four groups want more personal contact with the Agronomist for help with such things as soil management, crop production and advice on better livestock. By inviting him to attend their Forum meetings, they hope to be able to establish a better contact with him and to enlist his help with some of their problems.

(Editor's Note: Since the motto of Farm Forum is "Study, Discussion, Action", The Equity proposes to help this recent discussion produce direct action

RCAF Jet Crashes

Wing Commander C. E. Nickerson, squadron commander of 145 Fighter Squadron and his radar navigator were killed in a crash close to the Ottawa River just west of Portage du Fort, Tuesday night at about eight o'clock. Many local residents converged on the scene of the crash where little could be seen of the aircraft except fragments scattered over several acres of bush. Small fires were burning wherever bits of the flaming craft landed and a crater about ten feet across and four feet deep was dug by the aircraft, or a part of it, on crashing into the river bank.

People living nearby have given the daily newspapers conflicting reports of one flyer having jumped out of the jet having exploded in the air and of the plane having dived aflame and exploded on the ground. The cause of the crash is not known and will not be known until RCAF investigations are completed.

by inviting the Pontiac Agronomist to conduct a weekly column in this newspaper.)

Six Carloads Of Pontiac Stock To Toronto Winter Fair

Six carloads of stock from Pontiac County are headed for the Toronto Royal Winter Fair this year, making the largest entry from this county ever to go. Arthur Dagg and S. W. MacKechnie are taking Ayrshires, Melvin Young and Leonard Horner will be there with prize Jerseys and Arthur Kilgour is entering his fine Holsteins. In the horse shows will be Belgians belonging to Liberman and Campbell, Claude Young's Cydesdales and Larry Hynes' Standard Bred. Also going to Toronto from Pontiac is Orville Smart who will be showing grain and potatoes and Carl Dale with nine entries in the poultry classes. Altogether Pontiac is making a very good showing at Toronto this year and it is possibly the best from any county in Quebec.

Message About Savings Bonds

The public generally realizes that the increased rate of 3 3/4% payable half yearly on the new Canada Savings Bonds now on sale is attractive and there is increased enthusiasm over previous years for this type of investment which ranks as the soundest in Canada.

Bonds can be purchased on the installment easy payment plan which earns as you pay.

As in other years they carry an undertaking by the Government to redeem them to the holder at their full face value without less at any time plus interest to the end of the previous calendar month.

Interest on new purchases commences November 1st, but you have up to November 17 in which to place your order without addition of accrued interest. A gain of 2 weeks interest.

There is an advantage in some instances in exchanging savings bonds of earlier issues for the new issue and in some cases switching of 3% Victory bonds for Canada Savings. This applies particularly to 1954 maturity of Victory Bonds which are now at a premium just under 1%.

The Bank of Montreal, Shawville shall be glad to give anyone interested full particulars and take care of his or her needs.

G. A. McDougall

High School For Its Own Sake

A letter has just been received from Dr. S. E. McDowell taking us slightly to task for an editorial we published during the summer about education. Our editorial criticized the local high school for a seeming overemphasis upon preparing students for university entrance, when actually the majority of them never will go to university. Dr. McDowell, who is a member of the Protestant Committee of Quebec and therefore has the strongest voice educationally for this area, makes a very good point when he writes as follows:

"You leave the impression that if we do not go to university all our education is wasted as if we had taken a course in professional hockey and did not play hockey afterwards. We use our high school training in every day life, whether we are in the home, on the farm or in the store, and whether we go to university or not it is necessary to have completed high school training to enter the nursing profession, the teaching profession, the agriculture college or work in the local bank.

"True, it would add greatly to our scope of education if we had agriculture, manual training, household science and commerce taught in our school, but I suppose our County Central School Board, so far, has not found the money to engage such trained teachers. In the meantime I would propose an active Home and School Association which would create a better understanding and enable us to cooperate more fully with the teaching staff, and would probably bring better results at examination time."

"This & That"

Perhaps the most embarrassing thing that a newspaper can do is to report someone to be dead and then see them on the street the next day. Leslie Russett who was reported as a casualty of the second world war in last week's Equity came into our office in a very live condition to let us in on the fact that he managed to survive the war and it was his brother Earl who was killed. Is our face ever red?

They packed their gear and got into their hunting togs, loaded their guns and away they went to the Club at Lake Dumont. Off they went on an expedition with visions of venison and giant antlers to grace their office when the holiday was over. There was Keith Hodgins, Fred Horner, Red Dale, Golden McDowell, Mickey Hodgins, Dougal McCredie, Gordon Paul and seven fellows from Ottawa. And then of course there was Clare Jacques. He went too, and he took his gun. The weather was poor for hunting and the deer weren't sociable, but the twenty hunters were, so all in all the week's holiday was successful in spite of the fact that neither Keith, Fred, Bill, Red, Rolly, Ray, Clarence, Alec, Golden, Mickey, Dougal nor Gordon shot any game. And what about Clare? Oh yes, he shot a bear.

The office hours of The Equity are nine to five and when calls are made at other times it can easily happen that information will be mislaid. That's just what happened last week, when somebody called to ask us to have the Singer Sewing Machine man call at her home. She called outside of office hours—perhaps it was during the noon lunch hour—and somehow her name and address got lost. Whoever it was can get the Singer man to call by placing another call.

Radio Time

Radio listeners differ as much in taste as do magazine readers. Some set the dial to CBC and leave it there through the week content with everything the government station has to offer. In this district there aren't too many who do this, though, because of poor reception. Then there are those who shop around from station to station to get what they consider to be the most worthwhile program at any given time. But the majority of listeners in the Ottawa Valley, and certainly in Pontiac County, seem to keep the dial at 560 most of the time. This is probably because at CFRA we get good reception in this area, or it might be that after the seven o'clock news everyone is too busy to turn the dial. Leaving it at 560 has its value though, especially evenings, and most especially Sunday evenings. For mystery fans there's a mystery story each night of the week: Boston Blackie on Monday, Mystery is My Hobby on Tuesday, Agatha Christie Hour of Mystery on Wednesday, Lives of Harry Lime on Thursday and Bold Venture on Friday. For sports enthusiasts there's the Hockey Broadcasts Sunday afternoon and play-by-play description of the home games of the Ottawa Senators on Saturdays. For those who find comics funny there are Dennis Day, Red Skelton and Roy Ward Dickson and for music lovers there is the splendid hour and a half of the world's greatest music on Symphony Hall Sunday night at 8.30. But no discussion of CFRA would be complete without at least a passing mention of the quarter past noon program seven days a week by Frank Ryan. Weekdays it's Farmer's Notebook, (rare is the farm family which doesn't tune it on Frank during dinner) and on Sunday it's Valley Notebook and worth hustling home from church to listen to.

An Urgent Message To Everyone Who Went To The Scene Of The Plane Crash

Some of the facts are in all the daily papers and come to us over the radio every hour but the important facts as far as our immediate area is concerned are these. Two men were killed in the explosion of a CF100 Jet plane. As there were no survivors of the crash there is only one way of discovering what caused the accident. This way is to examine carefully every scrap of the remains of the plane which were scattered over the riverside bush near Portage. Unfortunately, local souvenir hunters got there before the RCAF authorities were able to protect these bits and pieces of the jet and its valuable instruments. People all over this district are now the proud possessors of little gadgets and scraps of metal which will never do them any good except to collect dust, and perhaps bolster their pride in some twisted way. But here's a thing they can do to be honestly proud of. Bring back those pieces—those broken instruments—those seemingly useless scraps and parts of engines, so the RCAF can study them and thus arrive at a possible cause for the dreadful thing that happened. Nobody who saw what was left of those two Air Force officers would like to feel that they were responsible for that same thing happening to other men in other CF100 jet planes but that is exactly the case. Everyone who holds even the smallest scrap of evidence of that crash is hindering the officials in their effort to find the cause of the crash and so prevent it ever happening again.

How to go about the returning of these souvenirs? Here is our offer. Bring them into The Equity office. You will not be detained and no questions

will be asked. We will protect your identity from authorities. All we want is to pile as much evidence of the accident as we can into the back of The Equity station wagon and drive it down to RCAF headquarters so they can carry on their investigations into the crash. If you are feeling a bit sheepish about having stolen government property (which is just what you have done if you have any part of that aircraft in your possession) you might prefer to wrap the part in paper and leave it as a package addressed to "The Equity" at the Post Office.

We hope you will understand that this is a matter of life and death and perhaps the most important thing you may ever have an opportunity to do in your lifetime is the returning of the one small scrap of metal which gives the authorities the clue to the whole calamity. There is an alternative and it is rather dreadful. Everyone who has taken parts of the plane and its equipment has been seen by somebody else and by turning everybody into an informer the police could eventually get everything back. But what a grim picture. Right now we know for certain where a number of valuable articles are but it would be better for you to return them yourself than to have a charge laid against you.

There's little else to say except that whatever you have you mustn't feel it is too insignificant to matter. Every scrap is important—and of course of especial importance are such things as cameras and other instruments. Do your part to get these things into The Equity office so we can return them and give Pontiac County a clean name.

Onslow Home and School Association

The October meeting of the Onslow Home and School Association was held in the school on Wednesday, October 25, at 8 p.m. with the president, Mrs. A. C. Shennet, presiding. The minutes of the last meeting were read by the secretary, Mrs. H. Burke. Mrs. J. A. Steele, Miss May Allwright and Mr. Charlie Mohr were appointed delegates to attend the Regional Meeting of the Home and School in the Hull High School on Monday, October 26, when plans were to be made for the formation of a Regional Council.

Mrs. Allan Poole, Program convener, presided over a panel discussion on "Education in the School of Today", contrasting the present day school system with those of the older methods. The panel felt that in adopting the new too much of the old had been discarded. The fundamentals are being neglected and as a result students are graduating from High School without an adequate knowledge of written English. It was agreed that the present Course of Study is not meeting the needs of the rural communities. Rev. Frank Lewler, Mr. R. Overton, Miss May Allwright, Mrs. G. Graham, Mrs. C. Mohr and Mrs. H. Steele, led the discussion.

The Question Box provided interesting material for a discussion between parents and the teachers. Refreshments were served at the end of the meeting.

I intend going to school while I am there and it would be greatly appreciated if this paper would continue to be sent to me while I am in Europe.

The Price Of Freedom

by Rev. Cyril Watson

The late Franklin D. Roosevelt once said, "The price of freedom is eternal vigilance". Today as we remember all those who have died in the war ending November 11, 1918 let us remember these words.

It is easy on an occasion such as this to wave flags and repeat all the trite sayings which have filled the speeches of politicians and small town officials. It is far more difficult to say the things that should be said, that people need to hear in this year of Our Lord, 1953. Where lies the greatest threat to our freedom?

I maintain that despite the real threats to our freedom which threaten from outside our national borders, our greatest dangers are found at home. The only lasting freedom consists in obedience to truth and justice. We must have just laws in order to remain free. The absence of law is not freedom but anarchy. There is in our-day-to-day community life an alarming disregard and disrespect for law. Every motorist knows that he has broken the law time and time again. Thousands upon thousands of our citizens evade the payment of income tax by false statements. Probably a majority of the population has smuggled items across the border from the U.S.A. without a twinge of their conscience. These are only a few of the common everyday examples of disobedience to the law. We try to save our conscience by saying to ourselves that the law is wrong or that others are breaking it far oftener or for greater gains than we have. This is no excuse. If a law is wrong, correct it. You do not make it right by ignoring it. The individual must abide by the law if we are to advance to a greater measure of freedom. At the same time where laws are unjust he must strive for their repeal. It was terribly unjust and unfair that thousands of our finest youth should be forced to die to preserve freedom while others were piling up vast fortunes because of these sacrifices. This was true in both Great Wars and in the Korean conflict as well. We should do well to turn our vigilance upon this matter to insure that never again shall men grow rich through the death of their fellow citizens upon the field of battle. Eliminate this possibility and you will have eliminated one of the incentives to war.

Andrew S. Pirie

Andrew S. Pirie, a pioneer settler from Aberdeen Scotland to the Township of Clarendon, died at his home at Murrell's on Sunday evening, November 1. In mid-September he fell and fractured his leg; and from this injury he failed to rally. He was in his 87th year.

While in Scotland he was married to the former Jennie Cruickshanks. At the age of 22, he and his wife and two children came to Canada. After a short stay at Huntingdon, Que., the family moved to Quyon for a period of five years, at which time they came to Clarendon, where they have since resided. His wife predeceased him in 1936 and also two of his sons, William and George.

Surviving are three sons, John of Ottawa, Edwin of Maryland

and Wesley of Radford; four daughters, Mrs. George Helmer (Nellie) of South Porcupine; Mrs. Clarence Cameron (Mina) of Campbell's Bay; Mrs. Gordon Stewart (Florence) of Murrell's and Mrs. Robert Bennett (Edith) at home. He also leaves 37 grandchildren and 60 great grandchildren.

In former years he was a member of Stark's Corners United Church.

The funeral was held from his late residence to Lower Leitchfield United Church, where the service was conducted by Rev. J. Renshaw. Interment was in the nearby parish cemetery. Many beautiful floral tributes were received.

Pallbearers were his six grandchildren Cecil Helmer, Ken Pirie, Loyd Stewart, Bill Pirie, Lyall Cameron and Versel Pirie.

Did You Ever Wonder What They Look Like ?

You hear them through your radios every day but have you ever wondered what they would look like if you could see them perform. Well, here's a peek into the studios for all the curious.

Here's Norman DePoe, editor of CBC News Roundup. He calls on 250 reporters located in all parts of the globe to keep listeners posted on world and local happenings. He is shown listening to tape recorded reports that come from points far and wide, selecting those that give an accurate account of topics in the news.

This is a rehearsal of the Little Symphony Orchestra of Montreal with conductor Roland Leduc holding the baton. Before coming to the Little Symphony, Mr. Leduc was first cellist with Les Concerts Symphoniques de Montreal and is today considered one of Canada's foremost conductors.

This is Producer Andrew Allan and composer-conductor Lucio Agostini talking things over for a broadcast of Stage 54.

Another Orchestra, this time it's CBC Symphony shown at rehearsal. This picture is taken from the viewpoint of the tall bass fiddler in the back.

Harry Pryce. . .

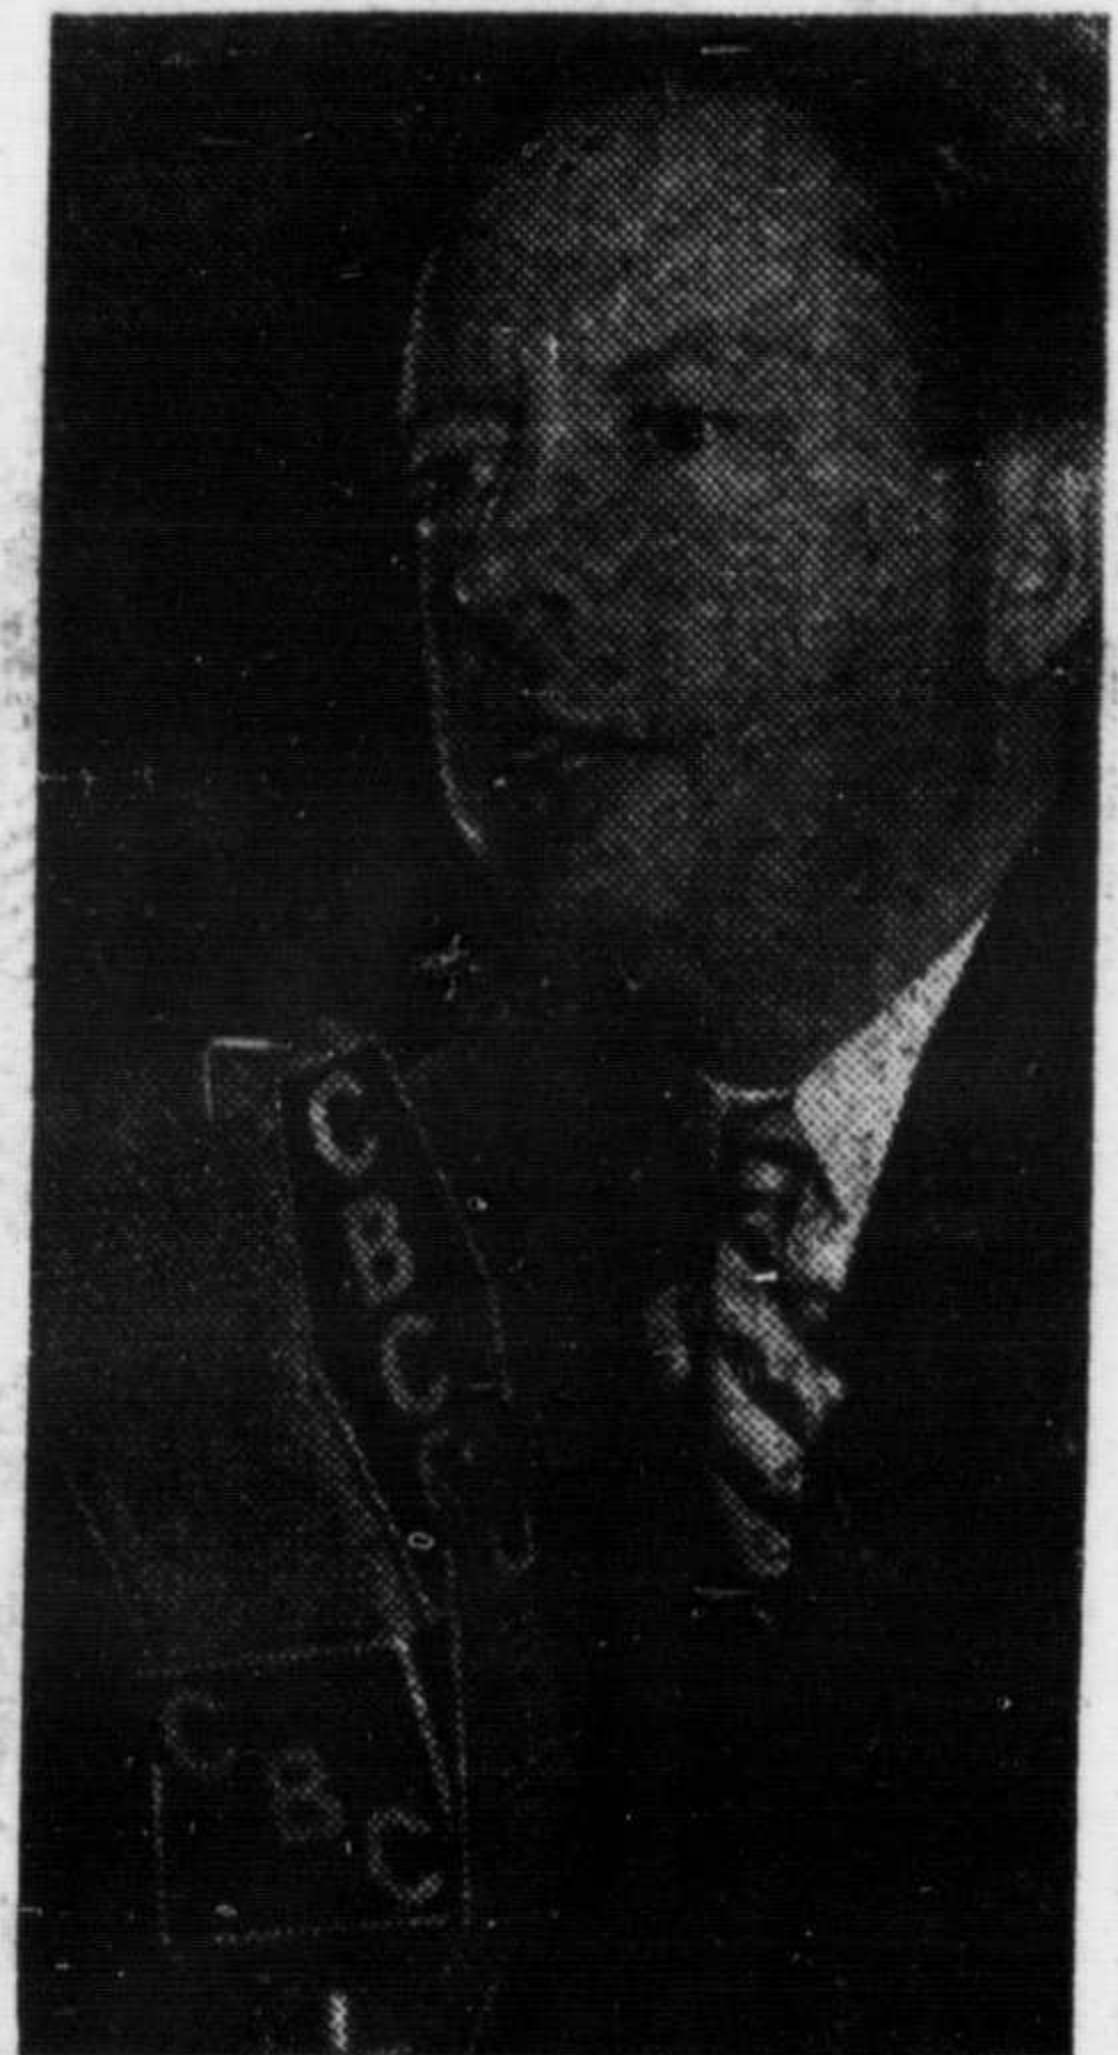

Andrew Cowan. . .

The caption of this picture is "Suffer in silence—Holiday Inn".

And Joy Lafleur. Want to know more about her? Tall, glamorous, sophisticated, perhaps the most cosmopolitan actress in Canada. Born in Montreal—trained for dramatics in Germany and France—made her debut in juvenile roles in French films. In Chicago in 1947 she played a leading role with Eddie Dowling. Also appeared in a Hollywood film 'Whispering City'. In Canada she has been heard in radio on CBC Wednesday Night and on Stage 54.

Foster Hewitt. . .

The story of showbusiness, from days over fifty years ago to the present, and covering the wacky days of Mississippi showboats, vaudeville, the Jazz Age, burlesque and the name dance bands, is told in the CBC series, "Mr. Showbusiness" on Trans-Canada network every week. The programs are based on the personal experiences of that fabulous showman, Jack Arthur, who does the narration. With him is Howard Cable and his orchestra, and a host of top singers and actors. Arthur now produces the Canadian National Exhibition's extravagant grand-

stand show each year, attended by over 20,000 persons at each performance; a terrific task which serves as a fitting climax to a great man's long career.

The lady in the picture? Oh yes, that's Janet Macrae, dancer on the CNE set.

Radford Hosp. Aux.

The Radford Hospital Auxiliary met in the penthouse of the hospital on October 28.

Mrs. Hubert Hamilton was in charge of the meeting which was opened by singing the National Anthem. Mrs. Hamilton then read Psalm 145. This was followed by prayer by Mrs. Arthur Horner.

Norway Bay...

Mrs. M. E. Bailey
Mr. and Mrs. H. H. Walsh who have been in Ottawa for the past two weeks are in their cottage for a few days on Wharf road.

Mr. and Mrs. Basil Findlay and son are in for the weekend.

The Sunday school convention which was held in the Memorial Presbyterian Church, Bristol, was really a worthwhile gathering. Representatives were there from all over and all denominations were represented, which really shows us how true the word of God is, they shall come from the East and the West, from the North and the South. The reports were most encouraging. Rev. Mr. Krause was the leader and kept everyone to the minute, with speedy response from all. Mrs. Hines was a capable secretary. The discussion groups, led by Rev. Mr. Lester, Rev. Mr. Stewart and Rev. Marion Gilmer, were interesting and this work should be conducted oftener, as it broadens the mind and items spoken of at those discussions give food for thought.

The singing led by Rev. Renshaw, was very much enjoyed, with the wonderful repast—served by the ladies—where ample justice was done by all. Mr. D. Fulford gave the welcome and had the worship period, with Mrs. W. J. Murray and Mrs. M. Stewart rendering a lovely solo. Rev. Mr. Burkholder of Toronto spoke at different times and showed how this work is carried on.

Mr. Athol Dale, responded to the greetings from Mr. Fulford. Mr. Dale is to carry on as leader for the coming year. We know he will ably fill also among the leaders of the gathering. Mr. and that office. Rev. Dr. Fokes and Rev. Heslop were Mrs. Fieldhouse rendered the solos for the evening gathering.

Mr. and Mrs. Peyton are spending their honeymoon at the F. W. Whitman cottage. Mrs. Peyton is a daughter of Mr. and Mrs. Whitman of Montreal. She has been in Pennington in Baffin Land for the past three years as a nurse in the hospital there, under the supervision of the Anglican Mission. Mr. Peyton is with the Hudson Bay Co. They are on furlough until next summer. All those who remember Mrs. Peyton will wish both herself and husband a long and happy life and will always be glad to have them back among us from time to time.

Mrs. William Graham spent Thursday with Mr. and Mrs. Howard Walsh at their cottage.

Mr. and Mrs. Fred Graham were host and hostesses on Thursday evening, November 5, to an informal gathering of friends to say aurevoir to Mr. and Mrs. Erwin Laughren, who are leaving this week to make their home in Ottawa, where Mr. Laughren has a position. There was a double presentation—a gift from the St. Andrew's W. A. of a beautiful sandwich tray and the gift from the neighbors of a parlor lamp and money. We all wish Mr. and Mrs. Laughren success and happiness in their new home. It is only 7½ years since they took over the general store and business from Mr. H. I. Smith. They will be missed, but we wish their successor every success.

Mr. and Mrs. J. N. McCredie, Mr. P. D. McCredie and Mr. Keith Helle, spent Sunday in Ottawa as guests of Mr. and Mrs. Don Wylie and Jim.

Mrs. Bill Hooker and son Brian of Huntington, Quebec, spent the past week with Mr. and Mrs. Melvin Stewart. This Sunday was Mrs. J. L. Davis (Clair) birthday. A family gathering was held at the parental home, where Mr. Bill Hooker joined the family with Mr. and Mrs. Davis from Ottawa, Mr. and Mrs. A. Elliott and daughter, Mr. and Mrs. Douglas Fulford and daughter Susan, with Phyllis and Robert Stewart was a very pleasing family gathering, as it has been some time since the family enjoyed a day all together in this manner.

We have to record the passing of Mrs. Russell McLaughlin of Ottawa who, after a long illness, passed away on November 9th. Mrs. McLaughlin was the former Edna Graham, eldest daughter of Mrs. William Graham and the late William Graham. Born in Bristol, she took her public schooling at Elmside No. 9, and her High schooling in Arraprior, where she met her late husband, Mr. Russell McLaughlin, who predeceased her some four years ago, also their eldest son Billy, who paid the sacrifice in the world war II, was a severe sorrow to both Mr. and Mrs. McLaughlin. Mrs. McLaughlin spent many summers on the Bay in their cottages on Wharf road. One son, Neil, survives and one grandchild, as well as her mother, Mrs. W. Graham and two sisters, Mrs. Dave McCredie and Mrs. J. A. McCredie of Ottawa.

Visitors with Mr. and Mrs. W. J. Murray over the weekend were Mr. Stewart Murray, Mr. Chester Angus, Mr. Keith Casselman of Ottawa and Mr. and Mrs. Norval Wilson and family of Shawville.

Some of the summer folk spending Sunday on the Bay were, Mr. and Mrs. Cliff Alexander, Mr. Robert Galbraith and Mr. A. D. Stewart.

Farm Forum met at the Ardley Elliott's on Monday evening of this week, when they discussed "Partners All", the role of the wife in farm life. They came up with the opinion that the farm women of Pontiac, generally speaking, are shrinking violets and would not dream of usurping the role of the dominant male, by advice on "farming techniques" or the "farm business". But they also concluded that the petticoat boss is an abomination in farming, yet she well deserves the name of partner when it comes to sharing the work. Chairman was Mrs. E. C. Mackay.

FENCE POSTS

For years Canadian farmers have been limited to three or four species of native trees for their fence post supply. Willow tamarack and cedar—naturally more resistant to the attack of wood-rotting fungi—have the old standbys. The source of supply for these, however, is dwindling fast and many farmers have resorted to fast-decaying posts made of poplar, spruce, pine and balsam, and hardwoods like birch or maple.

The lives of both long and short-lived fence posts can be increased by three to 10 times by use of recently-developed chemical fence post preservatives like chromated-zinc chloride or copper naphthenate, according to C-I-L chemists. They say that a poplar fence post which would normally last no more than four years, could be serviceable for a quarter of a century if treated properly with either of these chemicals.

There are several inexpensive methods of applying wood preservatives to fence posts. When using chromated-zinc chloride, the end diffusion or "barrel" method has been found to be a simple treatment for green, unpeeled fence posts. For best results posts should be treated as soon as possible after cutting. Treatment consists of setting the butt end of the posts in an approximately 10 per cent chromated-zinc chloride solution until 75 percent of the solution has been absorbed. The posts should then be reversed so the remainder of the solution can be consumed by the top end. Before the posts are placed in the ground they should stand for at least four weeks with the top ends down to allow the preservative to mix with the moisture of the wood. The bark is usually stripped from the posts before they are placed in the ground. Three-fourths of a pound of dry chemical is sufficient for one cubic foot of wood.

A more efficient method with the same preservative—the hot-and-cold-bath process—consists of soaking the wood in hot preservative in an open tank for several hours, then quickly submerging it in cold preservative for several more hours.

This may be accomplished by transferring the wood at the proper time from a hot tank to a cold one or by draining the hot preservative from a single tank and quickly filling it with cold preservative. The same result can be achieved, although more slowly, by shutting off the heat at the proper time and allowing the wood and hot preservative to cool together. Good results are reported with most species of wood whether it be green or dry when treated by the hot and cold process.

In this process, the heat causes the air in the wood to expand and some to be forced out. When cooling takes place, air in the wood contracts and creates a partial vacuum which forces the liquid into the wood by atmospheric pressure. The thoroughness of this treatment nearly approaches that of the pressure system used by many commercial firms.

When treating with copper naphthenate, posts should be completely peeled and air dried during summer months then soaked in the preservative solution from a few to 48 hours, depending on the absorbency of the wood. Copper naphthenate may also be painted or sprayed on but obviously this cannot give fence posts as long a life as a good soaking in the chemical.

Ladysmith...

Mrs. W. Yach

On Sunday a joint service of Ladysmith and Schwartz parishioners was held at St. John's, Ladysmith with Rev. H. Schmieder officiating. An anthem "Break Thou the Bread of Life", was sung by the choir. Following the service a brief meeting was held concerning a call to be sent to the Rev. R. Pfeiffer of Denbeigh as their pastor for a period of time. This was agreed upon and a call will be sent.

Mr. Edward Thomas, Ladysmith, who has been convalescing from a heart attack was able to worship in his church last Sunday for the first time in two years. May God fully restore his health again is the wish of his congregation.

We are happy to announce the achievement of a Ladysmith "Farm Forum". Our first meeting was held at the home of Mr. and Mrs. Gordon Webb, with 6 members present.

Following the meeting a social hour was enjoyed by all. Dainty refreshments were served by Mrs. Webb, assisted by Mrs. Sid Sheppard. Our next Farm Forum will be held at the home of Mr. and Mrs. Harold Schock. Anyone interested please feel welcome to join. After all it is "Prosperous Agriculture" that makes for a "Prosperous Canada."

Mr. and Mrs. John Burke and family with Mrs. Herman Schroeder and Mrs. Gustave Burke spent Thursday in Ottawa visiting with Mr. and Mrs. Charles Hubert also Mr. and Mrs. Henry Hubert, returning via Wakefield and Wolfe Lake, Que.

Sunday night dinner guests at the home of the Pasch and Schroeder's were: Rev. H. Schmieder and Mrs. Schmieder of Eganville, Mr. and Mrs. Fred Schroeder and daughters Patsy, Caroline and Marilyn of Arnprior.

Mr. and Mrs. Toussand Toner entertained a group of friends and neighbors on the happy occasion of their birthdays which fall but a few days apart. Mrs. Toner wore a royal blue dress trimmed with white daisies. The evening was spent in chatting and dancing. Mrs. Charles Plager favored the crowd with a few selections on the accordion. Two beautifully decorated birthday cakes centered the refreshment table which were served by the hostess.

Our first real snow fall of the season may seem a bit nasty to some people, however, not so to our huntsmen. Clarence Pasch and his two uncles set out on a little hunting expedition one crisp morning which resulted in a heaping platter of thick juicy venison steak for dinner.

Mr. and Mrs. Harold Schock and kiddies spent Saturday and Sunday with friends in Ottawa.

That Electricity Bill

Electricity is a unique commodity in that it is always ready for use at the flick of a switch, and yet a customer only pays for the exact amount used, whether large or small.

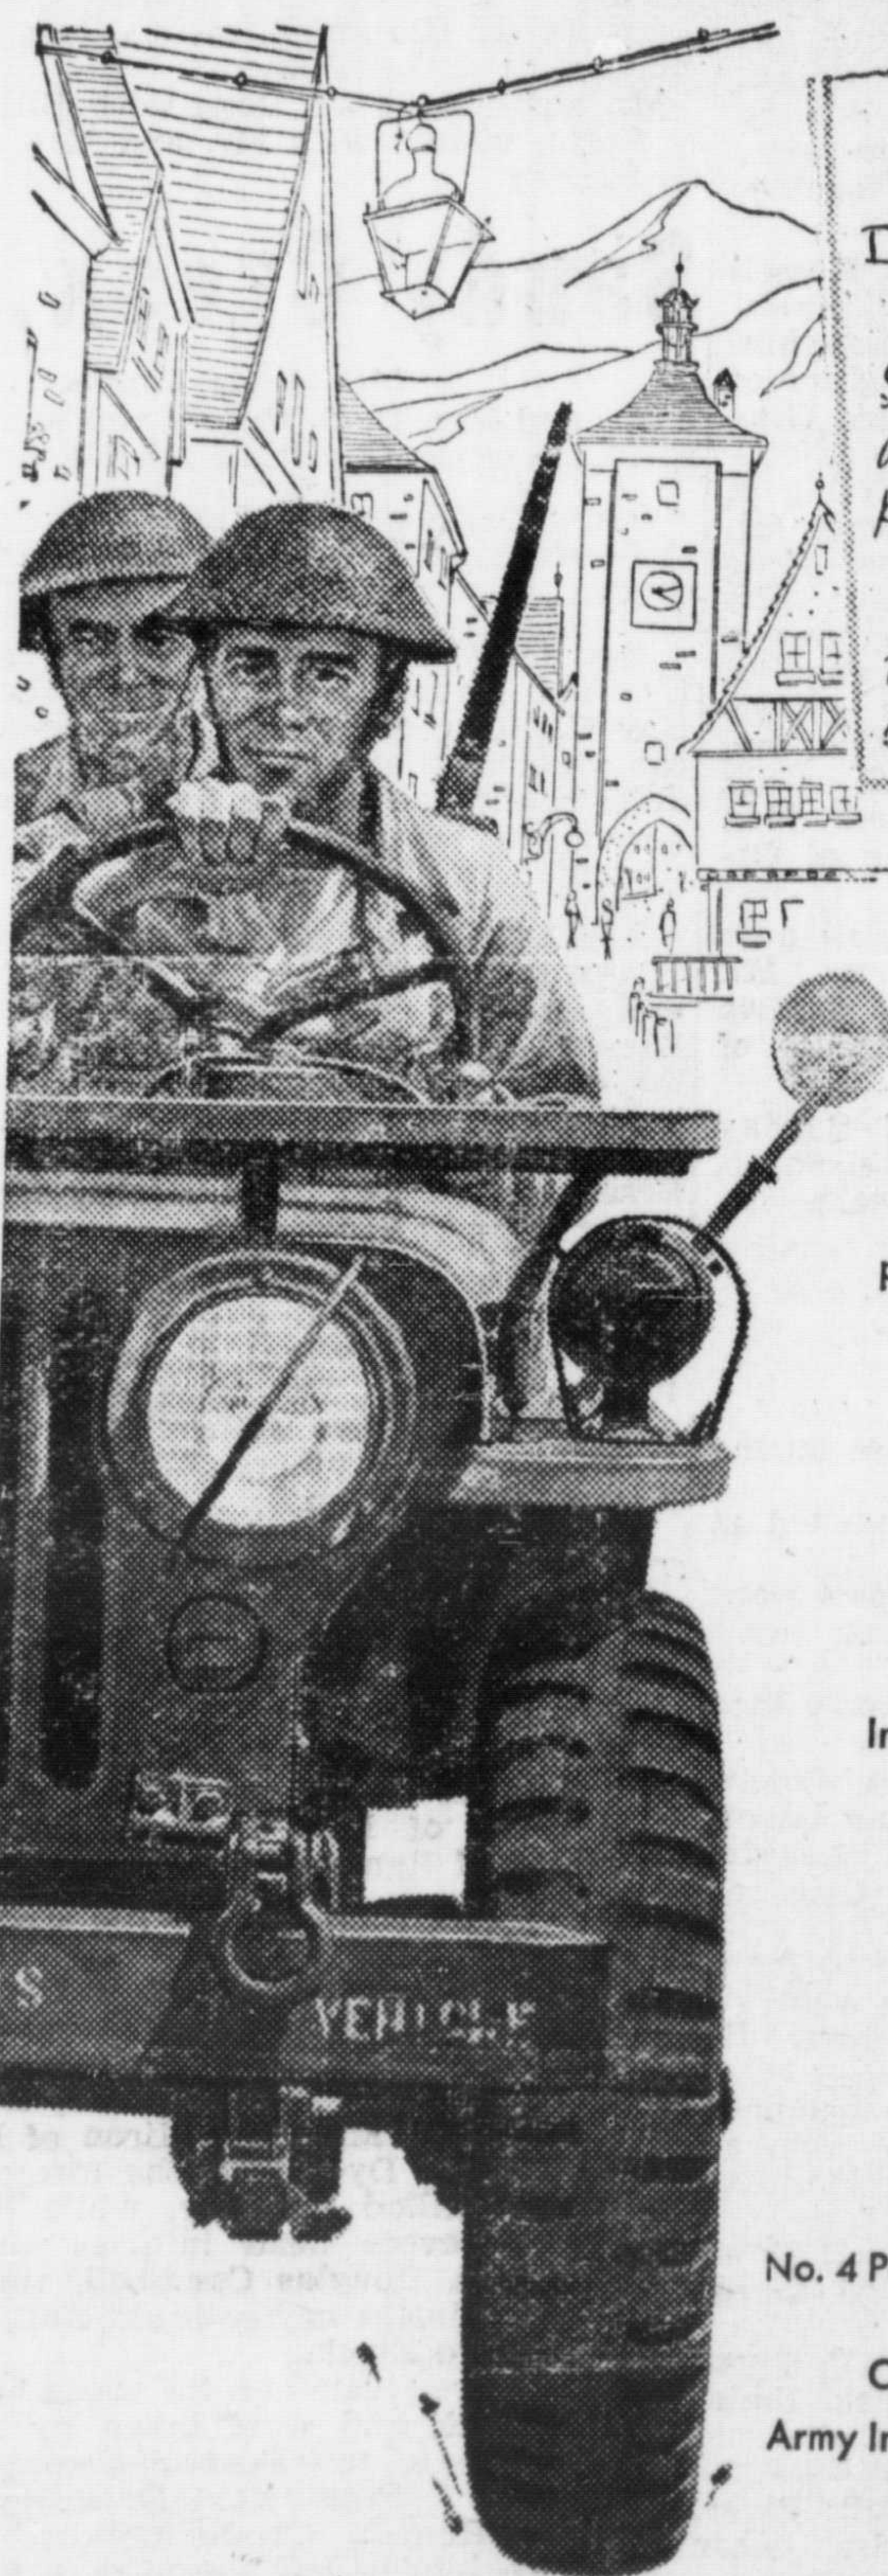

Furthermore, except for the small minimum required for summer customers, electricity is usually paid for after it is used. In other words, it is bought on credit.

One thing that is exactly the same in the purchase of electricity and in the purchase of anything else on credit is that the power company must be paid for the service it provides or else, inevitably, it has to go out of business.

Under the regulations of the Provincial Electricity Board, an electricity bill is required to be paid within 15 days from the date it is sent to the customer. As well, if it is not paid within a short period of grace following the 15 days, the power company is authorized to disconnect the service.

No power company likes to cut off the service of late paying customers, but the fact remains that every power company, like every other company or individual, must be paid for its product or it can no longer exist.

Fort Coulonge...

Rev. Dr. C. Younger-Lewis

Mr. Norman Kenny of Ottawa paid a weekend visit to his parents, Mr. and Mrs. W. H. Kenny.

Mr. Thomas Neville of Ottawa, spent the weekend in Fort Coulonge.

The monthly meeting of the Women's Institute was held in the residence of Mrs. W. Sharp. Mrs. Ira Whalen acted as president in the unavoidable absence of Mrs. B. Doerf, who is in Chicago, having been called home by the death of her father. Mrs. Richard Kenny was the secretary. The Roll Call was answered by a poem recited by each of the members. The guest speaker was Dr. H.R. Rabb, who gave an inspiring and informative address on how Tuberculosis has been fought and partly resisted in the Province; and the death rate in Canada from this disease has been reduced by 50%. He also stressed the fact that a strong Committee had been set up in the County of Pontiac for the sale of Christmas Seals and he made a strong appeal for the support of all the people of Pontiac in this cause. Mrs. William Laugh the district nurse also spoke. The acting president conducted a contest which was much enjoyed by the members and guests. Refreshments were served by Mrs. W. Sharp and Mrs. William Laugh. The next meeting will be held at the home of Mrs. H. Proudfoot.

Be kind to your neighbors is a good maxim and we have some very fine neighbors to the south of us, who pay us a visit. Mr. E. Peterson and Mr. Alexander from Keopert, N.J., U.S.A., were visitors of Mr. and Mrs. Ben Hansen. Like all visitors they desired a souvenir, so they went out to our wonderful woodlands, and perceiving two buck deer, they tried their marksmanship and the result was that the two monarchs of the forest fell and the two gentlemen are able to take back two heads with nine point horns and they are proud. Being human, they will boast, and of course Fort Coulonge will see some new faces next fall.

Mr. and Mrs. Simon Corriveau and children were welcome visitors of Mrs. Guy Ladouceur on Sunday.

PRODUCE MORE ECONOMICAL GAINS

You won't have the "weighty" problem of getting your Hogs off to market in short order if you balance your grain with SHUR-GAIN Hog Concentrate.

Certainly grain alone will get your hogs to market but not as economically as it can and should be done. That is where SHUR-GAIN Hog Concentrate enters the picture, to balance your grain and put economy in your hog feeding program.

SHUR-GAIN fed Hogs score high on these 3 points:

- (1) Reach market weight sooner. (2 or 3 months ahead of straight grain fed hogs.)
- (2) Require less total feed (650 lbs. or less each of SHUR-GAIN balanced Hog Feed compared to about 1,100 lbs. each of straight grain.)
- (3) Obtain better grades when marketed. (Earn more premiums.)

If you haven't already done so, try your next litter on the SHUR-GAIN program—and prove to yourself that SHUR-GAIN Hog Feeds have greater dollar earning capacity.

In Memoriam

Hodgins—In fond and loving memory of a dear aunt, Olive Hodgins, who died November 9, 1950.

You left us a beautiful memory And heartaches too great to be told.

To those who loved you and lost you,

Your memory will never grow old.

—Margaret, Audrey and Golden.

Tubman—In sad and loving memory of a dear husband and father, Henry M. Tubman, who passed away November 16, 1952.

Today recalls the memory of a loved one gone to rest

And those who think of him today are those who loved him best

The flowers we lay upon his grave may wither and decay But the love for him who lies beneath will never fade away. — Wife and family. x

Watson—In loving memory of our dear daughter and sister, who died October 31, 1951.

The world may change from year to year,

And friends from day to day. But never will the one we love From memory pass away.

—Mom, dad, sister and brothers. x

Carson—In loving memory of a dear mother, Mrs. Crawford Carson, who passed away November 5, 1950.

We do not need a special day, To bring you to our mind, For the days we do not think of you

Are very hard to find.

If all this world were ours to give We'd give it, yes, and more, To see the face of Mother dear Come smiling through the door.
