

LOVELL'S

CANADIAN DOMINION DIRECTORY

For 1870-71.

ABBREVIATIONS USED IN THE ALPHABETICAL DIRECTORIES OF CITIES, TOWNS, &C.:—*ab* above; *av* avenue; *bds* boards; *bet* between; *ch* church; *cor* corner; *G. T. R.* Grand Trunk Railway; *G. W. R.* Great Western Railway; *h* house; *J. P.* Justice of the Peace; *n* near; *opp* opposite; *r* rear; *R.* catholic Roman catholic; *sq* square; *wid* widow.

The names in CAPITALS are those of Advertisers and Subscribers.

In Cities and Towns, where *av*, *lane*, or *sq* does not follow the residence, street is to be understood; for example, Lovell John, 23 *St.* Nicholas, means 23 St. Nicholas street.

Owing to the non-receipt of proofs, or returns from Agents, a few places are omitted in their alphabetical order, but they will be found at the end of each Province. As many places are known by more than one name, and as great pains have been taken to ascertain and give these a reference to the GENERAL INDEX is specially recommended. This will prevent the least delay in finding any place in the work.

ARNPRIOR—A large and prosperous incorporated village on the Madawaska river, near its confluence with the Ottawa, township of McNab, county of Renfrew. Arnprior was laid out 16 years ago by Daniel McLachlin, Esq., the first house being erected in the following year. Now, both in trade and population, it rivals any village in the province; and as the agencies are still at work which have contributed most materially to its prosperity, the brightest hopes may be entertained of its future. The Madawaska affords excellent water power here, and several grist, saw, and woollen mills are erected on its course. 40,000 pieces of timber pass annually through this village for Quebec. The steamers plying between Ottawa and the head of navigation call daily, and the Brockville and Ottawa railway has a station at this place. Montreal Telegraph Co. has an office here. Distant from Sand Point 6 miles, from Ottawa 40 miles, fare \$1.50; from Perth 53 miles, fare \$1.60; from Brockville 70 miles, fare \$2.10; from Montreal 166 miles. Mail daily. Population about 1500.

BELLEVILLE—An incorporated town
on the Bay of Quinté, township of Thur-
low, west riding county of Hastings.
It is the county town, and is beautifully
situated; its streets are wide, well laid
out, and lit with gas, and it has a number
of handsome public buildings, private
residences, and stores. Front street is the
business street of the town. On Pinnacle
street there is the court house and gaol,
Bank of Montreal, Merchants Bank of
Canada, Masonic Music hall, market and
armory. On Church street, the Gas
works, Grammar school, Shire hall, St
Thomas, St Michael's, St Andrew's, Wes-
leyan and Episcopal methodist churches,
and the English, Scotch and Catholic
cemeteries. On John street, the Presby-
terian church and Masonic lodge. On
George street, the skating rink, gymna-
sium, and curling rink. On Hotel street,
the Congregational church. On Bridge street,
the Montreal Telegraph Co. and Domi-
nion Telegraph Co.'s offices, post office,
custom house, and Ontario hall. On
Moira street, Christ church. On Front
street, the Town hall, police station,
and Workmen's Temperance hall,
and at the head of West Front street,
above the railway track, is Albert
college, an institution under the control
of the Episcopal methodists. This college
was opened in 1857, and has since been
in most successful operation. Its course
of instruction comprises all the branches
of common school, grammar school, and
collegiate training. The ladies department
of this institution has been named the
Alexandra college. There are also six
common schools, two infant schools,
Roman catholic, and a Grammar school,
in the town. About a mile west of the
town is the institute for the deaf and
dumb, a handsome building, lately
erected, and opened on Thursday, the 20th
October, 1870. The manufacturing inter-
ests of Belleville are most extensive. The
River Moira, which passes through the
town, furnishes very fair water privi-
leges. On its banks are erected several
large manufactories, among others two
woollen factories, three grist mills, four
sash, door and blind factories, a cheese
box factory, a chair and cabinet factory,
and several saw mills. Some of the latter
have from 90 to 100 saws, employ 150 to
200 men, and are capable of manufactur-
ing about 100,000 feet of lumber every
twenty-four hours. The lumber trade
has been the chief cause of Belleville's
prosperity. Besides the above the town
boasts of other manufactures of various
kinds, such as four extensive foundries, a
pottery, a soap and candle factory, two
breweries, two distilleries, and the
sewing machine manufactory of Mr.
James Barrett. Ship building is also
carried on. Two daily and three weekly
newspapers are issued in Belleville. The
Grand Trunk railway, which passes the
back of the town, has a fine station, and
two locomotive shops; over 100 men are
employed by the Company here. During
season of navigation, steamers leave here
daily for Kingston, tri-weekly for Oswego,
U. S., and weekly for Montreal. There
is a daily steam ferry between Belleville
and the county of Prince Edward, and
daily stages to the Madoc gold district.
Distant from Picton 35 miles, fare \$1;
from Madoc 26 miles, fare \$1; from Kings-
ton 48 miles, fare by boat \$1.25; by rail.

\$1.60; from Toronto 113 miles, fare \$3.75; from Montreal 220 miles, fare by boat \$5; by rail \$6.15. Mail twice a day. Population about 10,000. The population in 1836 was about 1500, in 1861, according to census returns, 6,227.

BOWMANVILLE—An incorporated town, bounded on the south by Lake Ontario, township of Darlington, west riding of the county of Durham. The first village lots were laid out in 1832, when there were but two or three houses in Bowmanville. In 1850, the population being just over 1000, the place was incorporated as a village. Since that period it has increased and prospered rapidly in a manner unequalled even in Canada; and it owes much of its present importance to the hon. J. Simpson, formerly of the firm of Bowman & Co. The town has excellent water power within and around it, as well as a capital wharf, and a first rate harbor on Lake Ontario, 2½ miles distant, known as Port Darlington. The Bowmanville Furniture Co. carry on a large business, and there are two foundries and a hoop skirt factory also doing a good trade. Bowmanville contains the head office of the Ontario bank, a mechanic's institute and library, and a customs' office. The Township of Darlington, and the west riding of the County of Durham agricultural societies hold their annual meetings here. Bowmanville is a port of entry. The daily line of steamers between Hamilton and Montreal call regularly at this place; it is a station of the Grand Trunk railway. Montreal Telegraph Co. and Canadian Express Co. have offices here. Distant from Port Hope 21 miles, from Cobourg 28 miles, from Toronto 42 miles, from Montreal 231 miles. Mail daily. Population about 3,000.

BRANTFORD—An incorporated town in the township of Brantford, county of Brant, admirably situated on a high ridge skirting the north bank of Grand river. It is the chief town of the county and derives its name from Brant, the celebrated Indian chief. In 1830 the Indians surrendered the town plot to the Government, and since then it has rapidly increased in population and prosperity. It is the most important station on the Buffalo and Goderich section of the Grand Trunk railway, and is celebrated for its flour, grain, steam engines, stoneware, lumber, stoves, agricultural implements, &c., &c. Few places possess better public buildings. The court house, registry, and county offices, are neat stone buildings, erected at a cost of \$40,000. The market is a substantial and solid edifice. The churches, ten in number, are unequalled for beauty of design and neatness of finish. There is a Widows' home, and a Girls' Orphan home,—the former kept up by the charitably disposed, and managed by the Ladies Aid society, and the latter, (which was erected by Mr. I. Cockshutt at a cost of \$4,000), by Mr. Thomas S. Shenaton, the registrar of the county. There are now thirty-four orphan girls in this institution taught and supported by the liberality of this gentleman. The manufacturing establishments are numerous and extensive. In the Brantford engine works about 125 men are employed in the manufacturing of engines and mill machinery. The Victoria foundry employs over 100 men. The stoves, farming implements, &c., turned out of this establishment are in great favor in Ontario. At the Grand Trunk repairing shop and car works over 200 men find constant employment. Brantford is well lighted with gas, and will soon have good water supply, water works being now in course of construction. It enjoys direct communication with Lake Ontario and with New York city by railways or canals. Montreal Telegraph Co. has an office here. Distant from Paris, the junction of the Grand Trunk and Great Western railways, 7 miles, from Hamilton 25 miles, from Niagara Suspension Bridge 60 miles, from Stratford 40 miles, from Toronto 75 miles, from Buffalo 75 miles, from Montreal 487 miles. Stages run daily to Simcoe, 25 miles, fare \$1; to Waterford, 17 miles, fare 75c.; and to Burford, Norwichville, Scotland, and Oakland. Mail daily. Population about 9000.

BROCKVILLE—A flourishing town on the bank of the River St Lawrence, at the foot of the Lake of a Thousand Islands, township of Elizabethtown, county of Leeds. It is a port of entry, and the chief town of the counties of Leeds and Grenville, which are united for municipal and judicial purposes. The streets for the most part are laid out at right angles, spacious, clean and adorned with numerous fine buildings, both public and private; the hotels are excellent, and the greater part of the town is supplied with gas. It is a pleasant resting place for travellers, a delightful resort for tourists, and a desirable home for permanent residents. Brockville boasts of several important branches of industry, prominent amongst which are the Novelty Works of James Smart, Esq., affording employment to 180 hands in the manufacture of hardware and stoves. Messrs. Smart & Steacy manufacture hardware, labor-saving machines, and a variety of useful articles; Messrs. Allan, Turner & Co. manufacture whitelead, Messrs. Hall & Childs, buck and kid mitts and gloves, Messrs. Tilly & Briggs, sashes and blinds, W. McCullough, Esq., snaths, grain cradles, &c., and "The Brockville Chemical and Super-Phosphate Co.," sulphuric acid and superphosphate of lime. This latter establishment deserves particular notice, as it is one of only three in the Dominion for the manufacture of the former article, and the only one for the latter. The materials for both are found within short distances of the town. Brockville, with the township of Eliza-

bethtown, sends one member to the House of Commons and one to the local legislature. Montreal Telegraph Co. has an office here. All the steamers plying between Montreal, Kingston, Toronto and Hamilton stop here, and one of the Northern Transportation Co.'s propellers leaves daily for Chicago and intermediate ports. A steam ferry boat plies every half hour during the summer between this place and Moristown, a village in the State of New York. The Grand Trunk railway passes through the northern part of the town, and has a large station and locomotive engine building; and the Brockville and Ottawa railway, from the shore of the St. Lawrence, through the town to Sand Point, on the Ottawa, has here its southern terminus. The opening of the Canada Central railway, from Carleton Place to Ottawa, has given Brockville direct communication with the capital. Distant from Prescott junction 13 miles, from Perth 40 miles, from Kingston 47 miles, from Cornwall 53 miles, from Ottawa 65 miles, from Montreal 125 miles. Mail daily. Population about 6500.

BRONTE—A rising and picturesque vil-
lage in the township of Trafalgar, county
of Halton. It is on the shore of Lake On-
tario, at the mouth of Twelve Mile Creek.
A gravel road connects Bronte and Mil-
ton. Here is a fine harbor capable of re-
ceiving vessels of 300 tons. No country
probably possesses greater commercial fa-
cilities. Bronte is a station of the Great
Western railway. Distant from Milton,
the county town, 12 miles, fare 50c.; from
Toronto 26 miles. Mail daily. Popula-
tion about 550.

BRUCE MINES—A village on the location of the Bruce, Wellington and Huron Copper Bay mines, which are the property of the West Canada Mining Company Limited, situated on Lake Huron, opposite the lower end of the Island of St. Joseph. By a comparison of the export returns of the mines for 1856 which were embodied in the Canada Directory, and those for 1869 included in the present work, it will be found that the working of the mines has progressed very favourably. The imports for 1869, including both free and dutiable goods, amounted to \$15,970, while the exports for the same time, besides considerable quantities of pickled fish, were 2,989 tons of copper ore, valued at \$162,470. 21 British and 1 American, and 9 British sailing vessels arrived and cleared at the port during the same period. During navigation two mail steamers plying between Collingwood and Fort William, and 1 between Parry Sound and Sault Ste Marie, touching at intermediate ports, call here regularly. In winter the mail is bi-monthly. It may be of interest to add that according to existing regulations British steamers and sailing vessels have coasting license and are not required to report unless having bonded or dutiable goods to land. Distant from Manetocahanning 150 miles, from Sault Ste Marie 85 miles, from Toronto 381 miles. Population about 1250.

CARLETON PLACE—A flourishing village on the Mississippi river, township of Beckwith, county of Lanark. This village was founded by the late Mr. Morphy. There is a good business in country produce. A considerable quantity of cloth has been manufactured for a number of years past. Excellent water power affords every facility for the immense lumbering business carried on here. One firm employs upwards of 300 men, and owns mills which can manufacture 130,000 feet of lumber every 24 hours. There is also a very fine steam saw mill, which manufactures 100,000 feet daily, and a shingle factory which turns out 50,000 shingles in the same time. A large woollen factory is in course of construction, which will no doubt contribute materially to the prosperity of the place. Montreal Telegraph Co. has an office here. A steamer plies between this place and Ennisville, up the river, and canals are about to be dug, which will give it water communication with Lanark on the Clyde, and Playfairville on the Mississippi. It is a station of the Brockville and Ottawa railway and of the Canada Central railway, which connects it with Ottawa. Distance from Almonte 6 miles, from Ennisville 9 miles, from Lanark 18 miles, from Perth, the county town, 20 miles, from Playfairville 27 miles, from Ottawa 25 miles. Mail daily. Population about 1500.

CHATHAM—The county town of Kent, on the river Thames, at the junction of the four townships of Dover, Chatham, Harwich and Raleigh. It has a separate municipality. The river runs into Lake St. Clair about 13 miles from the town, and when the dredging of the bar is complete, will be navigable thus far for vessels drawing from 8 to 10 feet of water. A number of sailing craft and some steamers are continually passing. Owing to the fine agricultural country round, this is one of the largest markets in Canada, the business in grain alone amounting to as much as \$500,000 per annum. There is also a large traffic in pork, and in all other country produce. Wood in all shapes forms a staple commodity here, a large trade being done in lumber, square timber, railroad ties, staves, and especially cord wood. There has been much tobacco grown in the neighborhood, 1000 hogsheads having been shipped in a year. There are large foundries, machine shops, woollen mills, pot and pearl asheries, soap and candle and other factories in the town. There is a fine station of the Great Western railway here, and an office of the Montreal Telegraph Co. Distant from Windsor by rail 46 miles, fare \$1.50, by water 60 miles, fare 75c.; from London 60 miles, fare \$1.95; from Hamilton 148 miles, fare \$4.40; from Toronto 176 miles, fare \$5.40. Mail daily. Population about 6,000.
