HOUSE AROUSED BY BOURASSA'S SPEECH

Member From Labelle, By Injudicious Remarks, Exposes Himself to Attack on Grounds of Disloyalty.

(Staff Correspondence of The Herald.) Ottawa, June 8.—Next to the appropriateness of the patriotic resolution in which the Parliament of Canada yesterday incorporated its congratulations to Her Majesty upon the happy close of the South African war, stands the inappropriateness of the speech of Mr. Henri Bourassa.

The resolution was intended as a handshake to Victoria from the people of Canada. The member for Labelle wanted everyone to observe that Canada's hand was given.

Mr. Bourassa, M. P., is brave and self-confident. He appears to be young and impetuous. It is a pity that he has not the right of a member to express his views.

The member for Labelle is neither a coward nor a traitor. It is not necessary to assume that he is a traitor.

ADDRESS TO HER MAJESTY

With But One Dissenting Voice the Commons Places Itself on Record as Rejoicing in Outcome of the War.

Ottawa, June 8.—(Special.)—With only one dissenting voice, that of Mr. Bourassa, the House of Commons yesterday adopted a patriotic address to Her Majesty on the successful termination of the war in South Africa.

THE ADDRESS.

Sir Wilfrid rose a few minutes after the House met and after the following address had been adopted and forwarded to Her Majesty: "Most Gracious Sovereign, "We, your Majesty's dutiful and loyal subjects, the Senate and House of Commons of Canada in Parliament assembled, desire to offer to you, our Majesty, the most fervent congratulations on the approaching termination of the war in South Africa as signifying in the fall of Pretoria, which has attended the British arms.

THE CONTRARY VIEW.

Mr. Henri Bourassa (Labelle) regretted that he did not agree with all the sentiments expressed by the Premier and Sir Charles Tupper. He knew what he was going to say was not according to the feeling of the House, but since the war began he had made up his mind that he would not say anything which would give the impression that he was not in sympathy with the war.

the Premier had well expressed it, the abolition of South Africa under British rule, so that there would be three great kindred nations—the Dominion of Canada, the Commonwealth of Australia, and the Dominion of Great Britain—to be at an early date consolidated under the same wise and happy institutions that have made Canada and Australia the countries which have never known a day of trouble or a day of sorrow.

being pitted against an army of peasants, but he forgot that while the latter were fighting at home the English had to fight far from home, transport supplies long distances, and depend on one thin thread of communication. The campaign planned by the British was a military achievement, and it was otherwise all men would have reason to regret it.

THE WAR WAS JUST.

Sir Wilfrid Laurier asked the House to preserve calmness and remember that this was a free country. The member for Labelle and himself differed from each other most directly, and whatever the opinions of Mr. Bourassa, he believed in his heart that England never fought in a more just war than this.

SCHOOL QUESTION AGAIN.

Mr. Casgrain asked whether, when the Premier introduced the bill on May 30, "Had I had notice I could have brought numerous resolutions of other members of the House expressing in plain English the protest not only of a fair proportion of French-Canadians, but he believed, of a large number of Canadians of all races.

FENIAN RAID MEDALS.

Mr. Douglas (Montreal), asked: "Whether the widows of colonels, majors, officers of every grade, and the children of the soldiers who were killed in the Fenian raid, to protect the country during the Fenian raid, are also to receive the medal of honor awarded to those who were sent to the front, and who served during the Fenian raid?"

IRON ORE OF CANADA

Natural Riches of the Dominion Still Unknown. REPORTED BY THE SURVEY.

Enormous Districts Known to contain Iron Remain to be Exploited.

Ottawa, June 9. (Special.)—Great as has been the impetus given to the exploitation of the iron ore deposits of Canada during the past two years, we have yet to discover the extent of our resources in this regard.

The extraordinary activity manifested in the extraction of iron ore in the northern portion of Minnesota, adjacent to that district of Ontario situated to the southwest of Thunder Bay, appears to render it immediately desirable that the part of the province referred to should be subjected to a careful geological examination and properly mapped.

Apparently there will be a usefulness for the smelters which are being built in the Upper Lake district as well as for those down by the sea.

YUKON GOLD PRODUCTION.

Speaking of the gold production of the Yukon the report says:— "The gold production of the district can't be given approximately, but the following figures are probably nearly correct:—

Table with 2 columns: Year, Gold Production (value).

"It is unlikely that the rapid increase in production of the gold mines will be continued, as serious inroads have already been made on the rich portions of Eldorado and Bonanza (Crecks), and to a less extent on Hunker and Dominion Creeks, but the amounts remaining, with the long stretches of medium and low grade gravel still untouched on all the creeks, ensure a high production for a number of years."

Accidents are liable to happen at any time. Griffiths' Menthol Liniment takes out all the fire and pain from the burn or scald in an instant and leaves no disagreeable scars. It immediately produces that cooling sensation, a virtue possessed only by this remedy. Use it for burns, scalds, bruises, headache, sprains, stings or bites of insects, sunburn, etc. Griffiths' Menthol Liniment is the key to quick relief. A bottle should be kept handy in every home. It is a medicine chest in itself. All druggists, 25 and 75 cents. For sale by B. E. McGee, 2123 Notre Dame Street, Montreal.

TO TALK OVER TROUBLES.

The Road Committee at the investigation of Chairman Martineau, decided yesterday to adopt a conciliatory mood in the matter of dealing with the Montreal Street Railway, and a conference will be arranged between the two with a view to arriving at a satisfactory compromise without delay.

General Manager Wanklyn, in a couple of letters laid before the committee, complained that the resolutions passed upon which their operations were to be based, were too exacting to be workable. This was especially applicable to the two-minute service on St. Denis Boulevard, and on Delorimier Avenue, and the early date (July 1) on which the new time schedule was to come into operation.

Chairman Martineau said he was willing to meet the Railway Company half way in the matter of the St. Denis Boulevard, provided they carried out the rest of the schedule. The time limit objection could be met in a reasonable manner if the company pursued with due diligence the improvement of their general services.

TO PAY MR. MURPHY'S DEBTS.

The License Commissioners yesterday granted a liquor license to Mr. John Grose, manager and lessee of the Montreal Hotel. This was done on the condition he assume the payment of Mr. Frank Murphy's debts at the rate of 25 cents on the dollar. Mr. Grose proposed that his lease of Her Majesty's was for ten years. At the time he had taken the management he had not been aware that Mr. Murphy was former manager, was so heavily in debt. Mr. Grose said he had paid \$8,000 for the lease. He believed he had a right to keep it, as Mr. and Mrs. Murphy were in the habit of paying rent, insurance and taxes. Finally it was suggested that Mr. Grose pay 25 cents on the dollar to the creditors of the former managers. Mr. Grose, through his counsel, agreed, and subsequently the license was given.

A VALUABLE FIND.

GASOLINE NOT ON THE LIST.

City By-laws Do Not Cover Storage and Prosecution of Firm Is Dropped.

The officials of the Fire Department recently discovered a tank containing some 500 gallons of gasoline on the premises of Messrs. Gadsby & Co., importers, St. Catherine Street, and it was decided to prosecute the firm for storing an explosive oil in quantity exceeding five barrels. A letter, however, was received by the Fire Committee yesterday asking for permission to retain the tank on the premises. Upon reference to the by-law dealing with explosives it was discovered that gasoline was not included in the list of prohibitive articles, therefore the committee ordered the proposed prosecution to be abandoned; but at the same time decided to send the details of the matter to the City Council in order that they may deal with it as they may best think fit.

OLD BARRELS CAUSE LEAKAGE.

The Fire Committee yesterday examined Captain Marin, of No. 6 station, with view to ascertaining something more satisfactory than had previously been elicited to account for the alleged leakage of a barrel of coal oil from the company's factory that had been previously reported. He explained that the tank in which the oil had been stored was leaky and old, and that the waste had been unavoidable. He indignantly repudiated the suggestion that the oil had been taken away by the men under his command for private domestic purposes. The committee accepted the explanation and resolved to buy several new tanks for the future storage of coal oil.

CRAIG STREET IMPROVEMENT.

Sicily Asphalt Company Gets a Contract to Pave a Section of the Thoroughfare.

The Sicily Asphalt Company was awarded the contract for the paving of Craig Street from Bleury to Alexander Street, at yesterday's sitting of the Roads Committee. There were only three tenders received, being the successful company for asphalt and stone blocks, at \$2.33 and \$3 cents per square yard respectively; the Northern Paving Co. at \$2.45 and \$3.15 respectively; and the Canada Asphalt Company, at \$2.50 and \$7.5 cents respectively. Thus the lowest tender was accepted, and it was resolved that the work should be proceeded with at once.

CITY'S BILL AGAINST LACROIX.

At yesterday's meeting of the Fire Committee City Controller Dufresne, in compliance with the request of the committee, presented a statement showing that the absenting ex-building inspector Lacroix owed the city \$110. Owing to this gentleman's absence from Montreal no decision was arrived at as to the matter and the statement was laid on the table.

BASEBALL GAMES

Of all sad words, 'Fly me or you, the saddest are these: 'It rained again.'

HE rains descended and the floods came just at the wrong time yesterday, and when four o'clock struck up the grounds were all for nothing but the manufacture of mud pies.

Into the crowd would have taken the team for a stroll of moments here on a visit. The impression would have been recovered a minute later, however, for without any warning the club vocalists, 'Sly,' 'Henry,' 'Leah,' 'McCarthy,' 'Felix,' and 'Moran,' struck up a few barber shop chorals that could be heard all over the station.

INTO THE BOX.

The team 'I' is sitting on the bench and they'll strike up a chord and keep time with him as they walk.

WITH BRABANT'S HORSE.

A Brockville Boy Describes Night Attacks of Boers. Brockville, June 8.—(Special.)—Horace Robinson, son of Mr. Amos Robinson, of the St. Lawrence Hall, who is with Brabant's Horse in the Transvaal, writes from Johannesburg under date of April 28, says: 'The force left Afton on Sunday, April 1. We were five days on the road when we finally reached here. Our force of 1,600 was surrounded by 10,000 Boers. They made two night attacks upon our camp and killed several of our men. We were forced to surrender on the second day from sunrise until dark. Our casualties were 181: fatalities, 32 men, and we lost the Boer's arms, and we were given twenty-four hours to surrender, promising to shoot all when they captured us. The Boers were very kind in the occupation of the camp, I have escaped so far without a scratch and never felt better.'

President Thwaites Describes Decade of Popularity of Libraries.

SIR MELBOURNE TAIT SPEAKS. That the librarians of America, who are now and have been, have cultivated the arts and graces of the past, and that success was proved at the Windsor Hall Convention, a splendid affair of a charming series of addresses which constituted a most interesting and profitable treat of the world's history.

TEN YEARS OF PROGRESS. The principal address was that of the president, Mr. Ruben Thwaites, who in an interesting and scholarly manner brought under review the decade of the past ten years. The audience, which was very large, listened with the most attentive interest to the address.

Social and Personal.

Coming and Going. Mr. Alfred Piddington is at the Chateau, Quebec. Mr. and Mrs. A. Masson have returned from a visit to the West.

Purely Personal. Mr. Robert Sinclair, a son of Mr. Alexander Sinclair, and his family will pass the summer at Kamouraska.

On Wednesday evening the marriage took place in St. Luke's Church of Mr. George St. John, a well-known and successful business man, and Miss Edith Boyd.

On Wednesday afternoon at the residence of the bride's mother, Mrs. S. J. Boyd, Miss Edith Boyd was married to Mr. George St. John.

On Wednesday afternoon the marriage took place at the residence of the bride's father, Mr. J. J. Boyd, of Montreal.

Summer Weddings.

In addition to the particulars of Miss Claudia's wedding, which was given yesterday's Herald, the church and altar were both lavishly decorated with blossoms.

AN ENGLISH FLOWER GIRL.

Miss Edith Webster is an English girl who has established a reputation for the sale of flowers in London. She undertakes the decoration of rooms, keeping them always filled with flowers.

RED CROSS FOR ANIMALS.

In England under the auspices of the Church Society for the Promotion of Kindness to Animals it has been suggested that the great powers should enter into an international agreement for the protection of those who after a battle attend to the wounded animals.

NOTES OF FASHION.

A Y-shaped neck, filled in with transparent lace is a pretty accompaniment for the white cotton fringes will be used on blue gowns.

MISS AMELIA KUSSNER.

Among the best known living miniature painters is Miss Amelia Kussner, an American artist who has spent many years in New York and London, and the Prince of Wales and Imperial families of Russia.

A BOOM IN WHEAT

Excitement in the Pit and All Kinds of Bullish Talk—Advance in Manitoba Wheat, With Active Trade.

Wheat was on the boom in Chicago again today. Bartlett, Frazier & Co.'s messages to Mr. H. J. Coon said: 'The situation looks stronger than ever, and 80 cents will soon be reached...

Manitoba wheat today was active and higher. It opened yesterday at 69 1/2 cents about 10:30 a.m. and then advanced to 71 1/2 cents...

July wheat in Chicago opened at an advance of 7/8 over last night at 70 7/8. It jumped quickly to 71 1/4, went back to 70 3/4, and then up to 71 1/8.

Logan, of Chicago, wired to Mr. C. D. Monk: 'Believe in wheat reactions in order on such an advance always, but conditions warrant much higher prices, and may go much higher.'

Logan wired: 'Argentine shipments 1,507,000. Weather northwest and west clear and cool. Crop reports generally good. Speculative interest materially broadened and market yesterday was very active.'

Logan wired Mr. C. D. Monk: 'Dull supply situation has been fed on success for two years in securities, cotton, and lately in provisions and corn, and while all textiles and metals have enjoyed their advance...

BOERS HAD REMOVED ALL THEIR BIG GUNS

British Officers Refuse to be Removed to New Quarters and Take Their Commandant Prisoner.

London, June 8.—Telegrams from the British side are exceedingly scanty. Two brief ones received from Pretoria say that Mrs. Kruger is still occupying the presidency, and that a number of engines and cars have been secured. The British, under Major Delisle, captured a machine gun, and caused the Boers heavy loss, the British casualties being slight. Boer officials removed £300,000 in gold from the national bank June 4, but did not touch the cash holdings of the other banks.

Some of the Boers are surrendering voluntarily, and the townspeople of Pretoria are described as showing considerable enthusiasm over the British arrival. Mr. Prevost Battersby, in a despatch to the Morning Post, from Pretoria, dated June 5, says:

"The Boers pledged themselves to the British officers not to take the British prisoners away if these officers would control them and prevent an outbreak. Nevertheless, they began their removal. After 900 had been taken, British shells struck a train that was loading, and the Boers desisted and retired."

OFFICERS REFUSE TO LEAVE.
The British officers at Daaspoort refused to leave their quarters and made the Boer commandant a prisoner, releasing the latter at midnight on condition that he would cancel the order for the removal of the prisoners. The Pretoria forts were found without guns. All the artillery had been gotten away.

Another despatch says: "Sixteen hundred British prisoners were removed. After the Government had taken away most of the stores, the burghers were given a free hand to help themselves. All the British found was a few hundred bags of coffee and sugar."

EXECUTIVE OFFICES IN A RAILWAY CAR

Kruger Explains That the Capital of the Transvaal is Where He Himself is and is Not Yet Captured.

London, June 8.—The executive offices of the Transvaal Government are in a railway car, which is shunted on a switch at Machador Station. President Kruger caused the interior of the coach to be reconstructed some time ago, with a view to contingencies that have now arrived. A correspondent of the Daily Express, who went from Lorenzo Marques to see President Kruger, was received yesterday. The President sat smoking a long pipe. He looked worried, but his bearing was quiet and determined. He did not make the least objection to being interviewed. The correspondent was equipped for the interview by cables from London.

"Yes," said President Kruger, "it is quite true that the British have occupied Pretoria. This, however, does not end the war. The burghers are fully determined to fight to the last. They will never surrender so long as 500 armed men remain in the country. I feel deeply encouraged by the fine work Steyn and Dewet are doing in the Free State."

"WHAT IS A CAPITAL?"
The correspondent suggested that the war was over, inasmuch as the capital had been taken.
"The capital!" exclaimed Mr. Kruger with energy. "What is a capital? It does not consist of any particular collection of bricks and mortar. The capital of the republic, the seat of government, is here in this car. There is no magic about any special site. Our country is invaded, it is true, but it is not conquered. The Government is still effective."
Referring to the reasons why he left Pretoria, Mr. Kruger said:
"It was not foolish enough to be taken prisoner. I provided this means of locomotion precisely for the same reason as our burghers supply themselves with horses when they take the field. It is necessary that I should be able to move quickly from place to place. This, in all, by and by this car will take me back to Pretoria. For the present, it enables me to keep away from Pretoria, where I could be of no service, and where I should only play into the hands of the enemy."

"WAS IS NOT YET OVER."
State Secretary Holtz remarked: "You may depend upon it that the war is not yet over. Guerrilla warfare will continue over an enormous area. We intend to fight to the last. We shall not leave our Lydenburg, where we can hold out for many months."
The correspondent who secured the interview telegraphed it direct from Machador Station yesterday, when the wires were working as usual to Lorenzo Marques. The Daily Express, in commenting upon the interview, refers to the "unhappily defunct" of the chief of the Transvaalians.

CAPT. HARRISON VERY ILL.
Transport Officer of Mounted Rifles in Wynburg Hospital.
St. John, N.B., June 8.—(Special.)—Captain Harrison, reported dangerously ill with enteric fever at Wynburg Hospital, is Captain Charles F. Harrison, of this city, transport officer, who went to South Africa on the Milwaukee with the Mounted Infantry. Captain Harrison is an officer in the 8th Cavalry, and a well-known citizen. He was through the North-West Rebellion as a private in the Toronto Volunteers. His wife, a daughter of the late Hon. James J. Fellows, of London, Eng., has private advices of his illness. Mrs. Harrison, besides her husband, has a son, a brother, and several other relatives in South Africa as members of the Canadian and English regiments.

RECEIVER REPORTS FRAUD.
Affairs of Klondike and Columbia Gold Fields Company Investigated.
Toronto, June 8.—(Special.)—The Globe's London correspondent says: "The report of the official receiver on the statement of affairs of the Klondike and Columbia Gold Fields Company in bankruptcy has just been issued. This is one of a group of Canadian ventures frequently mentioned in my cables and letters presented by one J. Morris Calton and having certain prominent Canadians as local directors. The receiver states among other things that the directors acted in bad faith in the interests of the promoter and not of the company, and he proposes to report their conduct to the court as fraudulent. He also proposes to report that the total sum of \$11,

395 has been paid by the company to Calton and that there has been fraud in connection with the promotion and formation of the company and in the conduct of its affairs. The present estimated value of the company's assets is nil.

ONTARIO MEDICAL MEN.
Toronto, June 8.—The Ontario Medical Association, after adjournment last night, appointed a special committee to forward the project of inter-provincial legislation, and to consider the measure brought up by Dr. Rodick, of Montreal, looking to a system of Dominion registration. The association will hold its session next year in Toronto. These officers were elected:—President, Dr. A. McKinnon, Quebec; first vice-president, Dr. R. A. Pyne, Toronto; second vice-president, Dr. W. H. Jeffs, Havelock; third vice-president, Dr. S. Fraser, Stratford; fourth vice-president, Dr. R. S. Walkerton; general secretary, Dr. Harold Peterson, Toronto; assistant, Dr. G. Elliott, Toronto; treasurer, Dr. Carveth, Toronto.

ISSUE IS EXPANSION.
London, June 8.—The Times this morning in an editorial review of the American presidential situation, the candidates and issues, expresses the opinion that the Boer issue is not likely to be one on which the election will turn.
"The real issue," says the Times, "is expansion, and the forthcoming election will decide whether the country is to remain within continental limits, or to see transoceanic expansion. In the judgment of the Times, the presidential term and mode of election are a weakness in the United States constitution."

As in Other Instances, the Amount Necessary to Do "Business" Was \$50 a Head.

At the afternoon hearing of the Tessier case, before Judge Desnoyers yesterday, Messrs. Dufresne and Justine Pelletier, comptroller and assistant comptroller, gave evidence as to the non-entry in the city books of amounts paid to Mr. Tessier by statute-keepers as bonuses for transfers.
Joseph Blouin testified to having paid Mr. Tessier fifty dollars for a transfer.
"John Delorme had paid a similar sum," said another witness.
The case was adjourned until Saturday morning.

MUST BECOME STATES.
London, June 8.—The Liberal leader in the House of Commons, Sir Henry Campbell-Bannerman, speaking at a meeting yesterday on the attitude of the Opposition toward the South African question, said it was for the government to expand the war to deal with what he called "the members of the opposition, the addressers of the Quakers, the two conquered republics, must in some form, become states of the British Empire and while the South African affairs still demanded intense watchful interest."

WHOLESALE ADVICE
For People Whose Stomachs are Weak and Digestion Poor.

Dr. Harlandson, whose opinion in diseases is worthy of attention, says when a man or woman comes to me complaining of indigestion, loss of appetite, sour stomach, belching, sour watery rising, headaches, sleeplessness, lack of ambition and a general run-down nervous condition I advise them to take after each meal one or two of Stuart's Dyspepsia Tablets, allowing the tablet to dissolve in the mouth, and thus mingle with the food eaten. The result is that the food is speedily digested before it has time to sour and ferment. These tablets will digest the food anyway whether the stomach wants to or not, because they contain harmless digestive principles, vegetable essences, pepsin and Golden Seal which supply just what the weak stomach lacks.
I have advised the tablets with great success, both in curing indigestion and to build up the tissues, increasing flesh, thin, nervous patients, whose real trouble was dyspepsia, and as soon as the stomach was put to rights, they did not know what sickness was.
A fifty cent package of Stuart's Dyspepsia Tablets can be bought at any drug store, and as they are not a secret patent medicine, they can be used as often as needed with full assurance that they contain nothing harmful. In the slightest debilities or on the contrary, anyone whose stomach is at all deranged will find great benefit from the use of Stuart's Dyspepsia Tablets. They will cure any form of stomach weakness or diseases except cancer of the stomach.

MISSIONARY WORK

Discussed by the Congregationalists in Many Phases.
OFFICERS ARE ELECTED.
Rev. Hugh Pedley Gives a Stirring Address on the Position of the Church in the Great West.

The subject of missions, home and foreign, engrossed the attention of the Congregational Union yesterday afternoon and evening.
The sermon was devoted to the annual meeting of the Canadian Congregational Foreign Missionary Society. Mrs. Mundie, president of the Women's Board of Missions, occupied the chair. In the secretary's report, presented by Rev. E. M. Hill, the necessity for more men in the field was urgently pressed. Very little interest is being evinced in the Young People's Societies.
The treasurer's report showed that the receipts during the past year were more than double those of any previous year. The receipts for 1899-1900, \$6,083.85, as against \$2,846.37 for 1898-1899. This included legacies to the amount of \$2,336.58. The balance on hand had been increased though the expenses this year were especially large.
The following officers for 1900-01 were elected: President, Rev. T. B. Hyde; vice-president, Mrs. Mundie; secretary, Rev. E. M. Hill, M.A.; treasurer, Rev. W. T. Leach, M.A.; directors, Rev. W. H. Warringer, D.D.; Rev. D. S. Hamilton, M.A.; Rev. Hugh Pedley, B.A.; Rev. W. H. Watson, Rev. W. S. Pritchard, B.A.; Rev. J. Elbery, Rev. H. E. Heeney, E. W. Robertson, Hy. Vang, Mrs. J. H. H. Leach, B.C.L.; C. T. Williams, Mrs. D. Macallum, Mrs. A. Jenkins, Mrs. Wm. Kerr, Mrs. J. D. Nasmith, Miss F. Rawlings, H. W. Barker, H. J. Ross and E. E. Dougal.
The Home Missionary Society had its meetings in the evening. Proceedings were opened with a prayer by Rev. Thomas Hogg.
The chairman in his introductory remarks said that few of the churches had failed to receive some assistance from the Canadian Congregational Missionary Society some time during their history. Its work had always been successful, but at no time were the opportunities for expansion so great. The great west as yet remained comparatively unimproved. Canada had never so conspicuously benefited by the people of other countries than ever before emigrants were pouring into the North West. It yet remained for the church to do its work there.
Rev. Hugh Pedley, honorary superintendent of the North-West, who as the chairman pointed out, had held the fort for the denomination for fifteen years—the Queen's times longer than General White held the fort in Ladysmith—was the first speaker. There were a number of very significant events in the history of Canada—the coming of Jacques Cartier in 1534, the passing of Canada from French to English rule in 1866 and lastly, the acquiring of the great west, which, in 1870, became an integral portion of the Confederation. It was about to speak. He wanted to give them a bird's-eye view of the extent. Beginning at North Bay the country could be divided into three sections. The first section would reach from North Bay to Rat Portage, and at first it looked as though Ontario had not been made the richer by acquiring the West. Experience, however, had taught one to be very cautious about pronouncing any portion of the earth's surface worthless. No one could tell what possibilities in wealth of forest and mineral might there be developed. The second section would extend from Rat Portage to Calgary—an immense area. In parts it is 300 or 400 miles in width, where the climate is most salubrious. It had been jokingly said that this country, 900 miles long and 400 miles in width, had two seasons—July and winter. But the fact was that there were two months of hot summer
