MacDONALD PLEADS FOR THOUGHTS OF PEACE

British Premier

Yesterday Taken Up With Decorative Formalities of Arrival of Ramsay MacDonald and Daughter—Washington Welcome Dignified—Premier Emphasized Friendship and Understanding Among Nations in Discussing Problems of Day—Spoke Bitterly of War.

(By Ken Clark, C.P. Correspondent)

WASHINGTON, Oct. 5.—This afternoon begins the conversations between Premier Ramsay MacDonald and President Hoover.

Yesterday was filled with the decorative formalities of arrival of the British Prime Minister with his daughter, Ishbel, and their party. The Washington welcome was a dignified affair, which must have been gratifying to the visiting Britons after the tumultuous reception in New York.

After the troops and bands were gone, Mr. MacDonald gathered to him at the British embassy scores of newspaper men to whom he entrusted the expression of his gratitude for the cordial greeting of the United States people, and to whom he intimated what were his plans and hopes for his visit.

To make misunderstanding impossible. Friendship and understanding among the nations—these were the matters which he said might be emphasized. Trouble in the world today, he said, came through misunderstanding. The main purpose of his visit was to make it impossible that misunderstanding should further complicate disagreements which were bound to arise between nations.

The Prime Minister made it plain his visit portended no alliance. The United States was blessed beyond words, for that in her position she required nothing in the nature of an alliance.

Mr. MacDonald, his ruddy face a little weary, spoke gravely, leaning forward and looking intently at his audience, who for their part hung on his every word.

Pleaded For Peace. With a tinge of bitterness he spoke of war. The nations had experienced war. He pleaded for thoughts of peace, saying there was nothing more inimical to peace than preparation for war. Here he mentioned the Briand-Kellogg peace pact, asking that it be given a chance to become effective.

Spoke On Disarmament. After he had finished speaking, a number of questions were asked, to which he replied that the naval disarmament agreement between the United States and Great Britain might be settled within a few minutes were other nations of the world not concerned. The invitations for the disarmament conference would be issued shortly, calling the meeting for the third week in January in London.

With respect to the forthcoming momentous conversations with the United States President, the Prime Minister said for his part these would deal in a general way with the large, wide, high, deep problem of international world peace. May Begin This Afternoon. The discussion may begin this afternoon when Mr. MacDonald and Miss MacDonald go to the White House at 2:30 o'clock to be the guests of the President and Mrs. Hoover until Tuesday. It is the purpose of the President to take his visitors to the camp on the Rapidan river in Virginia, where, in the quiet of the woods, they may have friendly and unhurried conversation.

LONDON NEWSPAPERS WERE
IMPRESSED BY RECEPTION
TO PREMIER MacDONALD

(Canadian Press Despatch) LONDON, Oct. 5.—Long detailed despatches from New York and Washington describing the welcome to Prime Minister Ramsay MacDonald were given the fullest prominence on the front pages of the London newspapers. These journals were manifestly impressed by the genuine warmth and heartiness of the American reception to Mr. MacDonald.

"Unique even for New York," "Magnificent," "Tremendous," these were typical phrases employed to

Today the Daily Record publishes the first of its pen and ink sketches of prominent men of the Eastern Townships.

The first sketch is that of Mayor J. S. Tetreault and one will be run daily until the series is completed.

These sketches are the work of Mr. Robert G. Bell, well-known New York artist.

WEALTHY OIL MAN ORDERED
TO COMPLETE PRISON TERM

WASHINGTON, D.C., Oct. 5.—Harry F. Sinclair was again denied his freedom before the natural expiration, November 22 of his six months' sentence for jury shadowing. Justice Siddons of the District of Columbia supreme court ruled against the wealthy oil man's appeal for release.

Sinclair was committed to jail May 6, charged with refusing to answer questions of a Senate committee. Allowing five days off of each month for good behavior he will be freed before Thanksgiving Day, November 28.

Many Factors Caused
Outburst Of Selling
On Stock Exchanges

Prices of Nearly All Classes of Stocks Pressed to Lower Levels During Past Week Under the Heaviest Liquidation Since Break in Prices at End of March.

(Canadian Press Despatch) TORONTO, Ont., Oct. 5.—Under the heaviest liquidations since the break in prices at the end of March, prices of nearly all classes of stocks were pressed to still lower levels on Canadian stock exchanges this week.

Until the close of trading on Wednesday, the Canadian list followed a gradually downward trend in which certain selected stocks succeeded in making headway against the main movement, but the latter half of the week witnessed a very different situation to that of the first three days. General selling, almost without regard to the merit of individual issues, made its appearance yesterday at Toronto and Montreal, following a similar, although less pronounced tendency on Thursday. Brazilian Traction, International Nickel, leading oil stocks, investment issues of recognized worth, trading favorites and the speculative shares, all followed the downward course of a market which gained momentum as the week progressed.

Effect of Higher London Bank Rate. Many factors influenced the widespread selling movement, but the chief causes of liquidation appear to be the less favorable situation in the international money market, a gradual increase in forced liquidation of weakened margin accounts, nervousness over the tremendous expansion and, most important of all, the drastic decline of the last five days on the New York stock exchange.

Developments outside the Canadian stock market were almost entirely conducive to lower security prices. The effects of the higher London bank rate was still evident and announcements of tremendous increases in New York stock exchange member loans in September, coupled with the Federal Reserve loan for the week presented a most unencouraging picture of the credit situation. In addition, the steady depreciation in stock prices undermined margin accounts to such an extent that forced selling added its weight to the general volume of liquidation. The result was a further broad decline yesterday, which left many of the Canadian leaders at their lowest levels of the week.

Stocks Passing Into Strong Hands. On the other hand, the liquidation of weak accounts undoubtedly marked the passing of stocks into comparatively strong hands, and the fact that most Canadian broker-dealer houses have long advised their clients of the necessity of maintaining margins at a high rate, preventing

STRESEMANN'S
FUNERAL WILL
BE MODEST ONE

Is to Be Buried in Small Cemetery in Berlin—Only Relatives and Close Friends to Attend Interment—Public Loyalty to His Memory Has Perhaps Hastened Success of His Work.

(Associated Press Despatch) BERLIN, Oct. 5.—Thousands of Germans are expected to file past the body of Dr. Gustav Stresemann, former Foreign Minister, tomorrow morning when the body is placed on a catafalque outside the Reichstag before its interment. Later in the day it will be taken through the streets of Berlin to the small modest cemetery where Dr. Stresemann wished to be buried. Only relatives, a few friends, government officials and co-workers of the foreign office will be there to witness interment and sing a few of the songs, mostly hymns, which the statesman loved.

The body of the Foreign Minister was laid out in state late yesterday in his official residence adjoining the foreign office, with a police guard on duty day and night, in the garden outside the building. The bier was draped with flowers.

At his office in the foreign ministry, his vacant chair was covered with white flowers. Dr. Julius Curtius has been appointed foreign minister, ad interim, by President Von Hindenburg. He has held the portfolio of minister of Economics.

Some observers even feel his death has hastened the success of his long struggle for the international re-establishment of Germany. Public loyalty to his memory seems for the time being at least to have united many wavering elements to the government of Chancellor Mueller.

PILOT OF SOUTHERN CROSS
ON VISIT TO CALIFORNIA

Capt. Kingsford-Smith Planning Flights from England to Australia and to New York—Denies California-Japan Trip.

(Associated Press Despatch) OAKLAND, CALIF., Oct. 5.—Captain Kingsford-Smith, pilot of the "Southern Cross," first plane to fly from San Francisco to Australia, returned here yesterday to visit his brother R. H. K. Smith. The flier revealed he is planning to take off from England to Australia in the next few weeks on a flight in which he hopes to set a new record of ten days. He also is planning a trans-Atlantic flight next spring from England to New York, and then on to San Francisco. Captain Smith denied he planned a flight from here to Japan.

Miss Ishbel MacDonald Returned
Washington's Welcome In Manner
That Won Affectionate Regard

British Prime Minister's Daughter Manifestly Enjoyed Cheering of Government Workers, Uniformed Soldiery and White-Spatted Diplomats Out in Honor of Her and Her Father.

(By Marguerite Young, Associated Press Staff Writer.) WASHINGTON, D.C., Oct. 5.—Modestly dressed in black and smiling so her cheeks and bright eyes glowed, Ishbel MacDonald returned the first welcome of the nation's capital yesterday in a manner that won affectionate regard.

From the moment Secretary of State Stimson helped her from the train that brought her and her father from New York until she graciously bowed to Mrs. Stimson under the British embassy portico, the British Prime Minister's daughter emanated friendliness. She manifestly enjoyed the cheering of government workers, the clattering ensigns, the uniformed soldiery and white-spatted diplomats out in honor of her and her father.

Preceding the Prime Minister, she walked along the station platform with an athletic stride to meet Mrs. Stimson and Lady Isabella Howard, the British Ambassador's wife. Eager to Start For White House. Sturdy and enthusiastic, Ishbel shook hands with Mrs. Stimson and Lady Isabella, waiting quietly until the other officials had completed their greetings. She walked with Mrs. Stimson and Under Secretary of State Cotton to the

PROMINENT MEN
OF THE
EASTERN TOWNSHIPS

MAYOR J. S. TETREAULT

The name of Joseph Sylvini Tetreault, mayor of the City of Sherbrooke, is one which has been prominently connected with the municipal life of Sherbrooke for the past fifteen years. During that time Mayor Tetreault has been connected with many different municipal activities, and was held many positions of importance in the interest of his fellow-citizens.

Having first entered the municipal council as west ward representative in 1915, Mr. Tetreault has rendered valuable service to his city, and has given unsparingly of his time and ability to the advancement and progress of Sherbrooke. Apart from his duties as representative of the west ward, Mr. Tetreault also carried out the exacting duties of chairman of the finance committee for a period of five years, during which time Sherbrooke enjoyed great financial prosperity.

Realizing and fully appreciating the valuable services which he had rendered, the citizens of Sherbrooke were happy at the opportunity of bestowing upon him the greatest honor which the municipality has to offer, and in 1928 he was elected by acclamation Chief Magistrate of the city, being the forty-fifth mayor of the metropolis of the Eastern Townships.

Mayor Tetreault, who is the son of Napoleon and Omebeline (Durocher) Tetreault, was born on February the ninth, 1877, at Ste Madeleine, Quebec, and received his early education at St. Hyacinthe College. In September, 1900, Mr. Tetreault came to Sherbrooke and began practicing his profession here, having graduated with the degree of Bachelor of Arts from Laval University, Montreal, and also having qualified as a notary public, in which profession he is still actively engaged.

During his business career in Sherbrooke Mr. Tetreault has been connected with a number of local organizations. Apart from the time devoted to municipal government, he has also been a prominent figure in local military circles, having been one of the organizers of the Fifty-Fourth Regiment, Carabiniers de Sherbrooke, in which he served as major for several years. He is also a director of the Eastern Townships Agricultural Association, director, since 1908, of the Union of St. Joseph Society, with head office in Ottawa, Ontario, and since 1917 has been general president of this Society. In recognition of the services which he has rendered in this connection he was created, by His Holiness the Pope, a Knight Commander of the Order of the Holy Sepulchre. He is also a member of the Sherbrooke Board of Trade. In religion he is a Roman Catholic and in politics a Conservative.

He was married on September 4, 1906, to Miss Lena Caron, of Sherbrooke, and they have three daughters, Rejane, Marielle and Adrienne.

Mayor Tetreault's business address is 66 Wellington Street North and his home 208 Short Street.

Extraordinary Precautions Taken
To Prevent Trouble In Jerusalem

(Associated Press Despatch) JERUSALEM, Oct. 5.—(Jewish Telegraphic Agency)—Eight hours before Jews held services last evening at the western wall of the temple, commonly known as the Wailing Wall, ushers in the Jewish New Year 5690, the British authorities took extraordinary precautions to prevent any recurrence of disturbances.

It was disorders on August 15 in the precincts of the Wailing Wall which led to the Arab attacks and blood shed.

A formidable military force moved into the bazaar to reinforce the police squads on guard there. Infantry, machine gun units, bomb, tank and aeroplanes were sent to the scene, where the Moslems were about to gather for their Sabbath prayers in the mosque of Omar and the Jews, later in the afternoon, for their Rosh Hashanah

Improvements In Medical
Immigration Examination
Explained By Dr. J. D. Page

Chief of Federal Immigration Medical Service Told Fall Meeting of Eastern Townships Associated Boards of Trade and Eastern Townships Immigration Society of Problems Encountered and How They Were Solved.

(Article III E.T. Boards of Trade)

YER'S CLIFF, Oct. 5.—The work carried out by the Federal Medical Service in connection with the examination of immigrants was explained by a former medical man of the Eastern Townships, Dr. J. D. Page, of Ottawa, who is at present chief of the Immigration Medical Service, in an address given at the fall meeting of the Eastern Townships Associated Boards of Trade and Eastern Townships Immigration Society at Ayer's Cliff.

"I will restrict my remarks in the main to the evolution of the methods of medical inspection of immigrants since the present Immigration Act came into force in 1903," said Dr. Page, at the opening of his address.

"While," he continued, "this Act gives full power to the immigration authorities, assisted by medical officers, to exclude from this country people who by reason of abnormalities in their physical and mental makeup, might, sooner or later, become a charge upon the community, many years elapsed before the proper machinery to carry out the medical inspection of immigrants to meet the requirements of the Act could be instituted.

Changes Made. "Meanwhile, from the time the present Immigration Act became law until the advent of the Federal Department of National Health in 1919, two main factors which retarded the progress of the medical inspection of immigrants were (1) the custom of appointing part-time medical officers who retained their private practices and who did not receive compensation from the Government commensurate with their responsibilities, and (2) the unfavorable conditions under which the medical inspection had to be carried out, that is to say, regardless of whether 500 or 5,000 immigrants arrived at the ocean port on one day, all of them had to be delivered to the railways the same day. It will be at once apparent that under such conditions it did not much matter whether there were competent men in the service or otherwise, for in any event a good medical officer could not do justice either to himself or to the service which he represented when he had no control over the length of time his knowledge and experience dictated was necessary to perform a proper medical examination.

Difficulties Met With. "After this frank acknowledgment of such an abortive immigration medical service, you will at once realize that it became apparent to those charged with the responsibility of administering the Immigration Act that in order to give prospective immigrants a medical examination that would meet the needs of the country, the places of such examination must be removed as nearly as possible to the sources of our immigration. Failing that, we would have to build a second Ellis Island somewhere in this country where people could be detained for the time necessary to be examined in such a manner as would meet the situation. Thoughtful-minded people will appreciate that the stressing of a better system of medical inspection of immigrants was necessary not only in the economic interests of Canada, but for the no less important reason that it is in the interests of the immigrants themselves, in order to obviate the hardship of rejection and deportation after reaching our shores—in many cases with no home to which to return when sent back to their native land.

Action Taken After War. "The first radical step in remodeling our obsolete methods was taken immediately after the war, initiated by the new Federal Department of Health of Canada, when it was agreed between the representatives of the various British Dominions who met in London and the British Government, to make compulsory the medical inspection of all those immigrants who received financial assistance either from the British or Dominion Government, or both. This new system was brought into operation by means of one or two medical officers from each Dominion being located in London, whose business it was to supervise and

Says Britain Desires Agreement Which Will Put End to "Ridiculous and Unnatural Processes of Weighing Warships and Measuring Cannon."

CHICAGO, Oct. 5.—Desire for a naval agreement which will put an end, once and for all, to what is termed, "all the ridiculous and unnatural processes of weighing warships and measuring cannon," was expressed in an address last night by Right Hon. Winston Churchill, former British chancellor of the Exchequer.

Speaking at a commercial club dinner in his honor, the British statesman said there was a very deep desire in Great Britain for "such a naval agreement with the United States as shall put the whole question of naval strength outside the regions of controversy and leave it in the background altogether for many years, and, if possible, for many generations to come."

TERRITORY MAY
BE RESTORED

Unofficial Report Published in Several German Newspapers Says British Government Contemplates Restoring Part of Former German East Africa.

BERLIN, Oct. 5.—Several German newspapers yesterday printed reports that the British Government contemplated restoring to Germany the southern section of the former German East Africa. Official circles said that they knew nothing to confirm the report.

German East Africa, now known as Tanganyika Territory is administered by Britain under Mandates approved by the League of Nations. The Prince of Wales and the Duke of Gloucester were on a hunting expedition in the territory last year when they were summoned home by the illness of King George V.

Besides East Africa, Germany lost, as the result of the war, its colonies of southwest Africa, the Cameroons and Togoland.

RICHMOND

First Day of Chautauqua Well Appreciated

The opening day of the Swarthmore Chautauqua, although somewhat dampened by rain which held throughout the entire day, was a tremendous success from a presentation standpoint. Leake's Novelty Marimba Trio, three charming young ladies, gave a musical programme both afternoon and evening, which was beyond reproach. They ran the gamut from jazz to classical offerings, both vocal and instrumental, using numerous musical instruments with equal ease, and each number was received with hearty applause.

In the afternoon, Miss Van Buskirk, superintendent of the entire programme for the few days, had the kiddies with her from the start in the Junior Chautauqua, which follows each afternoon performance. Her charming personality was also felt by the audience at both afternoon and evening presentations.

Mr. Smith Dameron in his presentation of "The Potter and the Clay," was both entertaining and instructive, and demonstrated what skilled hands could do with a simple piece of machinery towards turning out beautiful pieces of pottery.

The Women's Missionary Society of Centenary Church, Stanstead, held a busy session Wednesday.

day, October 2nd, at the home of Mrs. John McIntosh, when Mrs. Sarah Hill was made a life member of the Women's Missionary Society of the United Church of Canada. The presentation was made by Mrs. John McIntosh in a few brief remarks, who also pinned on the handsome gold piece that accompanied the certificate. Mrs. Hill responded, thanking the ladies of the society for the honor conferred upon her. The meeting was conducted by Mrs. Ross and Mrs. Cairns. "Home Missions in Canada" was the topic considered; interesting articles upon the progress of the work of the W.M.S. were given. A thank offering of twenty-five dollars, given by one of the members, was reported by the treasurer. At the close of a most interesting meeting, Mrs. McIntosh and Miss McIntosh served afternoon tea and a social hour was enjoyed.

Dr. and Mrs. H. Mick, of Ottawa, were in Stanstead on Sunday and Monday, calling upon old friends. Dr. Mick was pastor of Centenary Church for six years, where he had a very successful pastorate, and where he has many warm friends.

GOOD IN EVERY WAY

Eaby's Own Tablets Banish Babyhood and Childhood Ailments.

A medicine that all mothers praise — one good in every way — one that will quickly banish the minor ills of babyhood and childhood is the medicine to keep in the medicine chest; to always have on hand in case of emergency. Such a medicine is Eaby's Own Tablets — they are helpful at all times. They are a mild but thorough laxative which by regulating the bowels and stomach, banish colds and simple fevers; correct constipation and indigestion; relieve colic and diarrhoea and make the cutting of teeth easy.

Thousands of mothers use no other medicine for their little ones. Among them is Mrs. J. H. Bromley, Westmeath, Ont., who writes: — "I have four children and whenever any of them are ill I always use Eaby's Own Tablets and have found them good in every way. I would not be without the Tablets and would also like your little booklet 'Care of the Baby in Health and Sickness.'"

Eaby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Baby Has Rash.

Question—Mother writes: "For the last four or five weeks my baby, five months old, has been breaking out in a rash. It seems to come on during the night. The doctor does not seem to know what it is. His diet is one pint of water each day, with a little sugar in it."

Answer—I don't blame your baby for having a rash if you dilute his milk so much and put sugar into it also. Give him four ounces of pure Hosteen cow's milk every four hours, and do not dilute the milk or put anything in it. Just before each feeding give him a teaspoonful or two of pure orange juice.

QUESTIONS AND ANSWERS

Non-Catarrh-Producing Foods.

Question—Mrs. J. H. Writes: "Please name the foods that are non-catarrh-producing. I have a cat in the head all winter. I may be, that is, the fats and oils, also cure this trouble?"

Answer—You can use all of the non-starchy vegetables and fruits without producing any excessive catarrh mucus, if of the foods high in caloric value, as the starches, sugars and proteins may be said to be catarrh-producing if used in large quantities. The hydrocarbons have chronic catarrh. If so, can diet contribute their share in adding to the toxins which irritate the mucous membranes and produce catarrh.

The best diet for a cat is one free from starches, sugars and fats, but with a small amount of protein and plenty of non-starchy vegetables.

Sulphur and Molasses.

Question—A. D. asks: "Is the old-fashioned remedy composed of sulphur and molasses good for the blood? If so, how often and how much should be taken?"

Answer—The sulphur and molasses treatment is no doubt effective in removing some intestinal toxemias, but a fruit fast is far

ST. VITUS DANCE

A Disease of the Nerves Which Must be Treated Through the Blood.

St. Vitus dance is a disease of the nerves brought on by a morbid condition of the blood. It is a common disease with children, but sometimes attacks adults. The treatment of this trouble to be successful is through the blood, because rich, red blood is the life food of the nerves. In this way Dr. Williams' Pink Pills have proved beneficial in even the most severe forms of this trouble, because they enrich the blood supply, thus carrying the necessary food to the nerves. In proof of the value of Dr. Williams' Pink Pills in cases of this kind we have the statement of Mrs. William Stead, Warton, Ont., who says: "My eldest girl at the age of nine years suffered from an attack of whooping cough which left her very weak, and finally developed into a severe attack of St. Vitus dance. She was under a doctor's care, but with no beneficial results. We also tried other treatment, but with no better results. To make matters worse, she was taken down with measles. Again the doctor was called in, as she became so weak, and her limbs so tremble that we had to take her about in a little hand wagon. I thought a change of air and scene might help her, so we sent her by boat to Port McNicoll, a distance of about a hundred miles. She seemed to improve while there, but as soon as she came home her strength was gone again. I took her to another doctor, but with no better results. I was distracted to see how helpless she was becoming, so decided to give Dr. Williams' Pink Pills, a trial. I got six boxes, and they did what neither doctors nor other remedies had even started to do. They built her up completely. The St. Vitus dance disappeared, she has no sign of weakness and can run and play with the other girls, a thing she could not even try to do for about eighteen months. She walks to and from school, a distance of about a mile, which, of course, is proof of her present good health. I have much to praise Dr. Williams' Pink Pills for, and always recommend them in all cases of weakness."

You can get these pills from any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Soft, wavy hair!

The modern sculptured bobs do wonders to bring out your personality. But like other present-day modes of arranging the hair, they call attention to it. That's why it's so important nowadays to keep your hair soft, lustrous, abundant. The easiest and quickest way to give new lustre and color to hair, which has begun to look dull and lifeless, is with Danderine. And it makes the hair softer, easier to arrange; holds it in place.

Here's all you do. Each time you use your brush just put a little Danderine on it. It removes the oily film from your hair; brings out its natural color; gives it more gloss than brilliantine. Waves "set" with it stay in longer.

Danderine dissolves the crust of dandruff; puts the scalp in the pink of condition. It stops falling hair. A small bottle is enough to show its merit. Start on it tonight.

Children's Cozy Corner

Uncle Jim's Letter

Dear Corner Children:

How is study and play going at school now? It is dark so much earlier now that the "summer time" is over and we are on "standard time." The leaves are falling in Sherbrooke and in some places the lawns are entirely covered with the gay autumn carpet. I saw a squirrel searching for kernels among the leaves. He would rush up into the tree branches, and down again, as busy as could be. I suppose he was storing some of them away for winter use. It will not be long before snow will cover the leaves and nuts and other kinds of food.

As the days become colder we must remember our health rules, and today we have the beginning of a health alphabet, which will be helpful to all of us—old and young.

After you have finished your home work in school lessons, you might try a memory test. Take your slate, or paper and pencil, and write down the names of as many things you can remember having seen in a grocery store. If three or four are trying it, you could have a contest by making up lists in a certain number of minutes, then checking them up to see who has the most correct names of articles.

Another time you could try a list of things seen in a hardware store, or a toy shop. There are many games that are amusing and at the same time are instructive and helpful in training the mind.

I saw, in a grocery window, a turnip that was shaped like a bear's paw—four turnips grown together; it did look funny!

I think the mailman must be hiding the corner letters—or perhaps he is storing them away for winter, as the squirrels are doing with the nuts.

Best wishes from
UNCLE JIM.

SNOW

Mother knows such funny reasons Why God makes the snow— To comfort us for changing seasons, To help spring-flowers grow, To wrap the earth up comfy-cosy With snow-flakes warm above it To rub my cheeks all approposy— But I think God's like Santa Claus, I think he sends the snow because We little children love it!

THE HEALTH ALPHABET
Here is an alphabet that every one should read and remember. We will have a few letters each corner day:

A is for Air
That we breathe day and night.
It must always be fresh
To make us feel right.

B is for Bathing
Each day in a tub.
Followed at once
By a brisk body-rub.

C is for Cough
And its Cousin, the sneeze.
Cover them both
With your handkerchief, please.

D is for Danger
Whenever you choose
To drink from a cup
That other folks use.

E is for Eyes—
Have good light when you read,
And print not too fine,
Or glasses you'll need.

F is for Fingernails.

Mrs. Charles Powers is spending a few weeks at Bolton Springs.

Mrs. Evelyn McLeary, of West Bolton, has been a guest of Mrs. Arthur Proper, for a few days.

Mr. and Mrs. Linus Draper left town on Monday, for Windsor, Vt., where it is understood that they will pass the winter, during which time they will stay with Mr. and Mrs. Earl Scott.

Mr. Ray Eastman and Mr. Jack Shepard, who have been on a three weeks' trip, have returned home. Their journey took them to Utah, and they were at Salt Lake City for several days.

A pleasant surprise was given Mr. and Mrs. Alie Rabitor recently when many of their neighbors and friends gathered at their home, to celebrate with them the twenty-fifth anniversary of their marriage. About thirty-five were present, among those from out of town being Mr. and Mrs. James Little and Mr. and Mrs. Milton Spicer, of Richmond, Vt.

A pleasant time was had. Mr. and Mrs. Rabitor were presented with a purse and with several pieces of silver ware. Refreshments were served.

SPRAINS AND BRUISES
To Relieve Pain Quickly
Rub in Absorbine Jr.

Do not wait for stiffness and lameness to set in—rub in Absorbine, Jr., immediately. It will quickly relieve the pain and ache and reduce the inflammation. Being a powerful anti-septic and germicide as well as a cooling, soothing liniment, Absorbine, Jr., heals quickly and shortens the period of recovery. Keep it handy at all times for cuts, wounds, bruises, sprains, burns and aches. It is not greasy and does not stain. At your druggists—\$1.25 per bottle. Hospital size, 2.50.

**TEXTS OF SERMONS TOMOR-
ROW AT PLYMOUTH
CHURCH**

The services at Plymouth United
Church on Sunday will be conduct-
ed by the minister, Rev. Dr. El-
lery Read. At the morning service
the subject of the sermon will be
"Taking Hold of God," and of the
evening service Dr. Read
will give the third of the short
period of sermons on "Fools," the sub-
ject being "The Atheistic Fool."

The choral service for the day will
include, at the morning service,
Stainer's anthem, "O Bountiful
Jesu," and at the evening service
Van Lohr's anthem, "Be Thou O
God." Miss Alice Wilson will be the
soloist. She will sing "Ye
that Dwell" (Hosmer).

The church school will meet at
10.45 o'clock in the morning for the
beginners' and primary depart-
ments and at 12.15 o'clock in all
others.

**SERVICES AT ST. ANDREW'S
CHURCH TOMORROW**

At the morning service in St.
Andrew's Presbyterian Church to-
morrow the minister, Rev. Joseph
Corder, B.D., will take as the text
of his sermon, "Supreme Question."

During the service the church choir
will render the anthem, "Oh, That I
Had Wings Like a Dove," (Smicton).
Miss Della Wilkie will be the
soloist. At 10.45 a.m. the children's
church will be held and at 2.30 p.m.
the Sunday school and minister's
class for young men will have their
after-Rally Day gathering. At 7
o'clock in the evening there will be
a popular service for everybody.

The address by the minister will be
on "Supreme Answers of a Supreme
Question," and the church choir
will sing "Sweet Is the Light of
Sabbath Eve." The solo part will
be taken by Miss H. Robinson.

**SERVICES TOMORROW AT
TRINITY CHURCH
WILL BE TAKEN BY MIN-
ISTER**

Both services in Trinity United
Church will be conducted by the
minister, Rev. Dr. Lennon, on Sun-
day. His morning theme will be
"Thinking with Jesus about God."

The choir will render the anthem,
"I am He that Liveth," of which
Simper is the composer, and Mrs.
Armstrong will sing the solo, "When
I Behold."

In the evening the subject of the
sermon is to be "The Gospel." The
music of the evening service will in-
clude the anthem, "God is a Spirit,"
(Bennett), and a selection by the
mixed quartette.

The Sunday School and the Trin-
ity Brotherhood will meet as usual
in Wesley Hall at 2.30 p.m.

**FUNERAL OF MR. WILLIAM
ELMER ATTO**

There entered into rest on Fri-
day, September 27th, an old resi-
dent in the person of Mr. William
Elmer Atto, after a short illness of
about a week. Born in Lennoxville
in January, 1845, the second son
of the late Robert and Mary Ann
Wiggett Atto, he is the last of a
family of nine children.

In April, 1881, he married Annie
Smith, daughter of the late John
Smith, of Sherbrooke.

He is survived by two daughters,
Mrs. Harold Smith, of Calgary, and
Mrs. J. E. Mills, of this city, with
whom he lived and by whom he
was tenderly cared for during his
last years and illness. Two grand-
children also survive him, children
of his eldest daughter, Mrs. W.
Bennett, (Florence), who passed
away thirteen years ago.

Mr. Atto was a man of retired
nature, who dearly loved his home,
where he will be greatly missed.
His entire life was spent in Len-
noxville and Sherbrooke, where he
had many lifelong friends.

The funeral was held Monday,
September 30th, from his late home
to St. Peter's Church, Rev. Mr.
Humphries officiating. Interment
was in Elmwood Cemetery. The
bearers were five nephews, Messrs.
John, Fred, Roy, Rupert and Lynn
Atto, and E. Stocks, nephew by
marriage.

The chief mourners were Messrs.
Harold Smith and J. E. Mills, sons-
in-law; James C. Smith, brother-
in-law; R. Jellison, G. Dunsmore, L.
Weston and T. Lothrop, nephews by
marriage. The floral offerings were
beautiful and numerous.

These from out-of-town attend-
ing were Mr. and Mrs. S. R. Jelli-
son, of Bethlehem, N.H.; Mr. John
and Miss L. Atto, of Bishop's
Crossing; Mr. and Mrs. L. Weston,
of Valley Junction; Mrs. C. O. Miller
and Mr. E. Miller, of Birchton;
Mr. and Mrs. Statton, of Bulwer,
and Mr. R. Rolfe, of Bishop's Cross-
ing.

**MAJOR POMEROY
SAYS HOUDE IS
ONE TO DECIDE**

**Leader of Quebec Opposition to
Speak at East Angus Tomor-
row Night—Alleged Irregu-
larities in Voters' Lists to Be
Discussed.**

"Whether the Conservative party
will attempt to contest the recent
bye-election in Compton County on
the grounds of alleged irregulari-
ties in the voters' list will depend
on the decision given by Mayor
Houde, of Montreal, leader of the
Quebec Opposition," said Major A.
L. Pomeroy, of Compton, standard
bearer of the Conservative party in
the election, when reached by tele-
phone this morning.

Kon. A. R. McMaster, Provincial
Treasurer, and Liberal choice, was
elected representative of the riding
in the Quebec House on Monday
last by a majority of 217 votes. The
alleged irregularity were said to
have been made during the election
in the villages of Compton and St.
Isidore where, it is claimed, the
Federal lists were used in polling the
electors instead of the provincial
lists. It is also rumored that other
sections of the district utilized ob-
solete lists instead of those used in
the 1927 elections.

Major Pomeroy would make no
definite statement when asked whether
or not he would be the Con-
servative candidate if another elec-
tion is ordered, replying to this
question by jokingly remarking,
"You'll have to wait and see."

Mayor Houde will visit East An-
gus tomorrow (Sunday) night, to
address a meeting at the Royal
Theatre and personally thank the
people of that district for support-
ing the Conservative party so
strongly in the bye-election.

WILL NOT PROTEST ELECTION
MONTREAL, Oct. 5.—"The Con-
servatives have no intention of pro-
testing the Compton election, and I
have heard nothing except what I
have read in the newspapers about
the use of the Federal lists in cer-
tain polling divisions," said Mayor
Houde this morning.

"The Conservatives are quite
satisfied with the turnover at Com-
pton. To change a majority of 1200
into one of 217 with only a week of
campaigning and with the full
strength of the provincial Liberal
party and their rich resources
against them is an achievement of
which the party is very proud. There
will be other bye-elections if the
rumors now appearing in the news-
papers are true, and I expect that
we shall not only lower further
majorities, but will turn defeats into
victories. The tide has turned de-
finitely in our favor and the Lib-
erals admit among themselves that
they see the handwriting on the
wall."

PRECIOUS PURLS

The patient took a breath before
he replied. "Fine, doctor, fine; but

SUSPECTS ARE HELD BY POLICE AT SWEETSBURG

High Constable of District of Bedford Received Word This Morning to Hold Charlie Moore and John Lawson Until Arrival of Officer from Parry Sound, Ont., Where They Are Wanted for Theft.

(Special to the Record) SWEETSBURG, Oct. 5.—Two men, giving their names as Charlie Moore, of Lansdowne, Ont., and John Lawson, of Vancouver, B.C., are at present lodged in the local jail here awaiting the arrival of officers from Parry Sound, Ont., where they are wanted by the police in connection with a robbery at the Little Jewelry Store there on September 24th.

The present predicament of the two men, the police claim, is the result of an attempted burglary at the Ouellette store at Farnham, on Wednesday evening last.

Moore and Lawson were seen in the act of breaking into the Ouellette store by the constable on duty on Wednesday night. They were taken in charge by the officer and held until the arrival of High Constable A. St. Martin and Deputy Sheriff C. B. Jameson, of Sweetsburg, who arrested the men and brought them to this place, where they were lodged in the local jail.

While searching the subjects Mr. St. Martin found about \$200 worth of jewelry on their persons, some of which contained the name of a Parry Sound jeweler. A wire was at once sent to the chief of police at Parry Sound notifying him of the fact. This morning an answer was received to the effect that the Little Jewelry Store of that city had been broken into on the night of September 24th on about \$700 worth of jewelry stolen. The local officials were asked to hold Lawson and Moore until the arrival of an officer, who left immediately for this place on receipt of the telegram.

In the meanwhile High Constable St. Martin is investigating other robberies in the district in order to ascertain, if possible, whether the two men in question were involved.

Lawson and Moore will appear on Tuesday next before Judge J. H. Lemay in the Magistrate's Court here to answer to the charge of shop-breaking.

BIG DRIVE FOR ONTARIO VOTES HAS COMMENCED

With But Two Weeks Remaining Before Nomination Day, Activity Continues to Centre Around Choice of Candidates.

TORONTO, Ont., Oct. 5.—With but two weeks remaining before nomination day, activity in the Ontario provincial election campaign continues to centre around the choice of candidates. Today found a total of 150 candidates in the field divided as follows: Conservatives 83, Liberals 52, Progressives 11, Independents 2, Labor 1 and Communist 1.

The coming week will see the launching of a powerful drive by Conservative leaders, with Premier Ferguson more actively engaged after a short rest. The Premier will speak at Midland in East Simcoe today. Monday he will deliver his first speech of the campaign in his own riding of Greenville, when he addresses the nomination convention at Spencerville, which will formally endorse his candidature. Other engagements will take him to various parts of the province during the week.

DEVELOPMENT OF NORTH COUNTRY

Hon. Charles McRae, Minister of Mines, continued his tour of Northern Ontario yesterday. He has been outlining government plans for the development of the north country, and announced before a Sudbury audience that plans had been made for the sinking of two shafts into the body of lignite coal discovered in the James Bay district. Thorough tests of the coal will be made to determine its commercial possibilities.

Another cabinet minister, Hon. W. H. Price, denied at Peterborough that there was any government interference with the administration of the Liquor Control Act. He replied to charges levelled in connection with the brief case.

LEADERS ARE BUSY

The English Language School League of Ontario entered the campaign with a manifesto stressing its aim as abolition of bilingualism in Ontario schools. It demanded the passage of an act making English the only language used in schools as a medium of instruction. Liberal and Progressive party leaders are busy planning extended speaking tours. It was announced that W. E. N. Sinclair, Liberal leader, would attend a great Liberal rally at Oshawa, October 16th.

FINE SURPLUS IS REPORTED AT CITY HALL

City's Gross Surplus from First of Year Until End of August \$251,430.20—Total Revenue for Same Period Given as \$786,792.43.

At the end of August the City of Sherbrooke had a gross surplus of \$251,430.20, as compared with a surplus of \$234,416.96 at the end of the same period in 1928, according to a report issued at the City Hall this morning by the city treasurer, Mr. Leonard Prefontaine.

The report further shows that the total revenue from the first of the year until the end of August amounted to \$786,792.43, while the total expenses totalled \$535,362.23. The revenue and expenses for the same period last year were \$734,446.86 and \$500,029.43, respectively. The following items make up the total revenue for the eight months period this year ending August 31: Electricity, \$111,750.80; gas, \$55,764.83; water, \$69,903.05, and taxes, \$350,367.75.

BYE-ELECTION EXPECTED IN HUNTINGDON

Death of Andrew Philips, Veteran Liberal M.L.A. for Huntingdon, Creates Vacancy—Provincial Treasurer Paid First Visit to Montreal Government Offices Yesterday — Mayor Houde at East Angus Tomorrow.

(Associated Press Despatch) MONTREAL, Oct. 5.—Still another bye-election looms up on the pre-Christmas horizon because of the death at Ottawa of Andrew Philips, veteran Liberal M.L.A. for Huntingdon. Mr. Philips had been ailing for some time, and even prior to that time was not in good health, but his sudden death at Ottawa following an accident, came as a sharp shock to the host of his friends in Montreal, for, while they recognized that his health was bad, it was hoped that he would be spared for some few years more.

Since it is the evident purpose of the Government to have the whole province represented at the forthcoming session of the Legislature, which will doubtless open early in January, according to custom, it may be expected that there will be a bye-election in Huntingdon county, which, with the bye-elections already scheduled will mean considerable political activity between now and the end of the year.

Depending much upon the results of these bye-elections lies the realignment of the cabinet. If the bye-elections go the way the Government expects—and the Government appears quite confident of results—there may be some changes within a short time, since the appointment of members of the legislature to the Ministry does not involve bye-elections, the law having been changed in that respect some three years ago.

Hon. A. R. McMaster, the newly-selected provincial treasurer, paid his first visit to the local Government offices at the new court house yesterday, and was duly photographed by press photographers. Mr. McMaster was greeted by some of his friends, though it was not generally known that he would make his first appearance yesterday. It is expected that within a short time Mr. McMaster's friends will organize a dinner in his honor, and the only problem is where it shall be held. The idea is that there should be some demonstration in Compton county, and it will probably be there that the first dinner will take place, though in the near future there will be a banquet at the Reform Club here for the new Minister. Plans to that effect have been tentatively made.

Camille Houde, leader of the Conservative party, will speak at East Angus tomorrow evening. East Angus is the centre which switched from an overwhelming Liberal vote to a Conservative majority of about 100, the turn-over being approximately 400, this factor accounting for the reduction in the Liberal majority that had been expected. Mr. Houde will be accompanied by A. L. Pomeroy, the Conservative candidate, J. O. Renaud, M.L.A. for Laval, Alme Guertin, M.L.A. for Hull, Armand Crepeau, M.L.A. for Sherbrooke, and other Conservative deputies.

GROUND AIDED BY HEAVY RAIN OF PAST WEEK

Precipitation 1.21 Inches in Three Days, Records at Experimental Farm Show.

A rainfall during the past three days totalling nearly an inch and a quarter has proved a great boon to farmers in this vicinity. Fall plowing, which has been held up for several days due to the parched condition of the ground, will be made possible.

Bushes and shrubs, which were beginning to show the effects of the long dry spell, will be greatly improved and put in better condition to withstand the coming winter. Records from the Experimental Farm, Lennoxville, show that the downfall started shortly before noon on Wednesday and kept up practically continuously until last evening, the total precipitation being 1.21 inches during this period. Three-tenths of an inch fell on Thursday, about half an inch Thursday and approximately four-tenths yesterday.

While this is considered an unusually heavy fall, the dry ground absorbed practically all of it and could stand still more moisture to advantage.

SOME CONCERN BEING SHOWN RE FORD PLAN

Suggestion that Henry Ford Might Establish Factories in Europe Caused Discussion Among Representatives of European Industrialists at Session of Governing Body of International Labor Office.

GENEVA, Oct. 5.—Some concern was manifest yesterday among representatives of European industrialists at the session of the governing body of the International Labor Office at a suggestion that Henry Ford might establish factories in Europe.

There was under discussion a report by director Albert Thomas that a committee acting for the body had accepted the offer by Edward Filene, Boston merchant, of \$25,000 to finance an inquiry into wage scales in European factories and the standards of living of workers. It was proposed that the information obtained be placed at the disposal of the Ford Motor Company to enable it to fix wages in factories established or about to be established in Europe.

Lambert Ribot, French industrialist, without directly attacking the proposal criticized the committee for accepting it. He spoke of a possibility that building European factories by Americans might lead to "racial dumping" in Europe with "unfortunate consequences for existing European factory employees."

Dr. Walter Riddell, Canadian spokesman, led the supporters of the proposal. He declared the body should have accepted the original request from Mr. Ford for information on European industrial conditions, despite the plea that there was then no money available to conduct the necessary investigations. He found nothing irregular in the fact that a large employer of labor wanted to find out what was the equivalent in Europe of the wage he was paying in Detroit.

He admitted that the request of the automobile manufacturer "had a practical turn, he wanted to establish factories here and wanted to use the information as a basis for fixing wages."

Final decision on the matter was carried over until today.

ISLAND BROOK

Miss Frazer spent the week-end at her home in Melbourne.

Miss Estella Primerman, of the High School staff of St. John's, spent the week-end with Mr. and Mrs. Thos. Burns.

Mrs. H. N. Stevenson, of Lennoxville, and her grandson, Mr. Clayton Willard, were calling on Mr. and Mrs. R. H. Burns, on Sunday.

Miss Phyllis Todd was home from Sherbrooke for the week-end.

Mrs. Wm. Burns spent a few days in East Angus recently. Her sister, Mrs. Robert Westgate and little Alice Hughes, returned home to spend a few days with Mrs. Burns.

Social and Personal

Miss Ruth Loomis and Mr. Edward Loomis, Queen Street, are spending the week-end in Montreal.

Lieut.-Colonel J. H. Blue yesterday received the congratulations of his many friends on the occasion of his birthday.

Miss Annie Elkins, who has spent the past few weeks in Sherbrooke, her former home, left this morning for Quebec, where she is now residing with her sister, Mrs. R. J. Fothergill.

Mrs. Sarah Halligan has returned to the city after accompanying her sister, Mrs. William Coyle, who had been a patient in the Sherbrooke Hospital for some time, to her home in Lorne, Que.

Mr. and Mrs. Maurice Smith and infant daughter, have returned to their home in Outremont, after spending several weeks guests of Mr. and Mrs. J. M. Smith, of Montreal, and Mrs. J. M. Smith, of Lorne, Que.

Mr. Gerard McManamy of Notre Dame University, Notre Dame, Ind., is spending the week-end with friends at Bloomington, Ind., attending the first rugby game between Notre Dame and the University of Indiana.

The Misses Twose left today for Montreal to attend the annual meeting of the Dominion board of the Women's Auxiliary M. S. C. C., which will be in session all next week. During their stay in Montreal the Misses Twose will be guests of relatives at the Ritz Carlton.

Mr. and Mrs. William C. Cottingham returned to Montreal on the "Majestic" after a six months' trip to England and the continent. Mrs. Cottingham was the guest of her parents, Mr. and Mrs. E. W. Gilman, Victoria street, prior to her departure abroad.

Members of the C. G. I. T. of Plymouth United Church held their regular meeting last evening in the Church Hall with a good attendance of members and Miss Jean Evans, president, in the chair. The evening was spent in discussing business in connection with the organization.

The dance at the Sherbrooke Country Club, last evening, the last of the series of five dances planned early in the season by the house committee, was a delightful closing for the social activities of the Club this summer. Autumn flowers decorated the room of the clubhouse, and Pearson's Midnight Serenades again furnished the music for dancing. Many dinner parties took place prior to the dance, and a number of out-of-town guests were present. Among those who entertained at dinner were Mr. and Mrs. D. J. Salls, Mr. and Mrs. A. Wood, Mr. and Mrs. C. P. Buckland, Dr. and Mrs. Gordon, and Miss Mary White and Mr. L. McGannon.

The officers of the V. O. N. take pleasure in announcing that Miss Allen, V.O.N., reported for duty in Sherbrooke on Thursday and the staff of three nurses is now complete. The V. O. N. work has increased that a third nurse was necessary in order to carry on, and Miss Allen comes in answer to the request, sent some time ago, for another nurse for Sherbrooke. Miss Allen has had two years experience in Toronto and for the past year has been taking a public health course at McGill University, and has also just finished a course with the Child Welfare Association of Montreal. The officers of the V. O. N. branch here now feel that they are in a better position to cope with the increasing work and the responsibility it entails.

MARRIAGES

STONE-STENNING
AYER'S CLIFF, Oct. 5.—The marriage of Adelaide, only daughter of Dr. and Mrs. W. A. Stenning, of Sherbrooke, to Mr. Herbert Paul Stone, son of Mr. and Mrs. F. H. Stone, of Waterloo, took place quietly on Saturday afternoon, September 28th, at four o'clock at the Church of St. George, Ayer's Cliff, with Rev. W. W. Smith officiating.

The church decorations were carried out with autumn leaves and flowers. The bride, who was unstained, was given in marriage by her father, Dr. W. A. Stenning, and wore a gown of exquisite blue tulle, with a small veil, and a bouquet of pink butterfly roses and ferns, tied with chiffon. Mr. Harold Allen, of Coaticook, acted as best man. The ushers were Messrs. Sydney Lovell, of Coaticook, and W. H. Armistage, of Sherbrooke. The wedding music was played by Miss Muriel McHarg, cousin of the bride.

Mrs. Stenning, mother of the bride, wore a gown of black satin with black hat. Mrs. Stone, mother of the groom, was gowned in brown chiffon velvet and brown hat. Both ladies wore corsage bouquets of deep red roses.

Some forty guests, including friends and relatives from Montreal, Sherbrooke, Coaticook and Montpelier, attended the reception following the ceremony held at the home to be occupied by Mr. Stone and his bride upon their return from the honeymoon. The dining room decorations were yellow roses, baby mums and lilies-of-the-valley, effectively used in the adjoining rooms.

After a ten day motor trip Mr. and Mrs. Stone will be at home to their friends in the home known formerly as the Evelyn Ayer property on Main street.

Miss Gladys Van of Montreal, formerly of Sherbrooke, is the guest of friends in Lennoxville.

Mr. Emmett McManamy, law student at McGill University, Montreal, is home for the week-end.

Sir John Herbert Parsons, of London, England, is the guest of Dr. and Mrs. Fred T. Tooke, at their summer home at Pointe Claire.

His Lordship Mr. Justice C. D. White has returned from Montreal, where he rendered judgment yesterday in the Bank of Montreal case.

Mrs. E. A. Chadsey and son Robert, of Lacolle, and Master Ronald Killick, who have been the guests of Mrs. T. Flaherty, Fulton Avenue, returned to their home today.

Mrs. D. O. Carter and Miss Edna Beerworth, Melbourne Street, left yesterday by motor for Ottawa, where they will be the guests of Mrs. Carter's mother, Mrs. C. McMorro, for the week-end.

Mr. John Codere, son of Mr. and Mrs. L. E. Codere, King street west, who has been a patient in the St. Vincent de Paul Hospital for the past ten weeks, has improved very much and has returned to his home.

COLONIZATION MATTERS TAKEN UP BY RAILWAY

Officials of C.N.R. and C.P.R. Discuss Question With Secretary of E. T. Immigration Society — Important Announcement to Be Made.

A big impetus to the already excellent work carried out by the Eastern Townships Immigration Society is expected during the coming year as the result of a meeting held by officials of the Canadian National Railway and Canadian Pacific Railway with Mr. R. W. S. Nutbrown, secretary of the Society. The immigration of farm labor was discussed at some length and another phase of this work was discussed in connection with colonization. Although the arrangements made are not as yet being given out to the public, it is expected that important announcements will be made by the president, Mr. B. N. Robinson, of Coaticook, when a final agreement has been reached with the railway officials.

the people that know the joyful noise." The only thing that militates against this theory is that the noise of the Sho'ar seems to be anything but joyful; but of course tastes differ. The Sho'ar is one of the oldest musical instruments known to the world and its form has not varied throughout the ages. In shape it is like a tobacco-pipe with a straight stem.

Like all the Jewish festivals, Rosh ha-Shanah is marked by the presence of delicacies eaten at table. Medieval Rabbis suggested that the food eaten on this day should be new, easily digested and tasty. This would be an omen of a good luck for the year. Cal's head and the heads of other animals were eaten that the eater might be "headed" and not backward in the enterprises of the year. Grapes, pomegranates and other fruit and the inevitable honey that the Hebrews use on all high occasions, are brought into service. The bread is dipped in the honey with a prayer for a "good and sweet year."

Y.M.C.A. DIRECTORS TO DISCUSS RESIGNATION
The board of directors of the Sherbrooke Y.M.C.A. will, among other matters, discuss the resignation of the general secretary, Mr. W. P. McVie, at the regular monthly meeting of the board, which is to be held in the Y.M.C.A. on Tuesday next at eight o'clock.

CLASSES IN MACKINNON MEMORIAL GYM
Ladies and girls wishing to join classes in swimming, rhythmic, gymnastics work, basketball and badminton are asked to register with Miss Anglin at the Y.W.C.A., Moore street, on Monday, Wednesday or Thursday afternoons between four and six o'clock or on Monday or Wednesday evenings between seven and 8.30 o'clock.

SEEKING INFORMATION OF ALEXANDER J. MACLEAN
A letter was received this morning by the chief of police asking information of one Alexander J. MacLean, about forty years of age. MacLean was born in Prince Edward Island, but was brought up at Gillis Cove, N.S. He was the son of John MacLean and Mary A. Gillis.

Chester J. O'Brien, attorney, of Boston, Mass., who seeks the information, says a substantial sum of money is due the man under an inheritance, but that all rights will lapse if he is not found within two months. Any information as to the man would be welcomed by the police.

SEVERAL ARRESTS LAST NIGHT
Joseph Durand, of this city, arrested last evening on a charge of drunkenness, had his deposit of three dollars confiscated on his failure to appear before the recorder this morning. Louis Beauvillage, of Amesbury, Mass., forfeited his deposit of five dollars on a similar charge.

Joseph Petric, of Berlin, N.H., found guilty of being drunk and disorderly, was fined the sum of five dollars and costs.

Augustine St. Armand, of this city, was sentenced to pay a fine of fifty dollars and costs or spend the next six months in jail on a charge of vagrancy.

Elias Compagnon and Rene Belanger, of Lake Megantic, were fined five dollars and costs on charges of vagrancy, and were given instructions to return to Megantic immediately.

JEWISH NEW YEAR USHERED IN LAST EVENING
The Jewish New Year, Rosh ha-Shanah, opened last evening at six o'clock and local Jewish citizens observed the festival in the customary manner. The Jewish calendar now begins the year 5790, for they began counting 3,760 years and three months before the Christian era.

New Year's festival is not specifically mentioned in the Old Testament, but reference is supposed to be made to it by Moses when he speaks of a "day of blowing." Ever since the exile the Jew has looked upon the "day of blowing" as being his New Year day.

It is essentially a religious ceremony. In the days of the Temple the whole spiritual efforts of the people was to cleanse the sanctuary, the priesthood and the people from the guilt of the past year and to renew and maintain favorable relations with Jehovah. Abstinence from work and attendance at the sanctuary, where elaborate sacrifices were offered, were obligatory on everyone and everyone was expected to "afflict his soul." The main feature of the celebration, however, was the sounding of the Sho'ar, or ram's horn.

Why the Sho'ar should be particularly associated with the day, it is now impossible to determine. Some say that it is sounded to emphasize the truth that "blessed is

Well-Known Resident of Eastern Townships Died Last Night Following Brief Illness—Was Former Resident of This City.

COATICOOK, Oct. 5.—Mr. Richard Hambly, a well known resident of this place, died at his home here last night following a brief illness with pneumonia.

The deceased, who was sixty-four years of age, had been a resident of the Eastern Townships for some thirty-five years, coming from England when a young man to carry out his trade of granite cutting. He first established at Capelton, then in Sherbrooke, where he was in partnership for some time with Mr. T. C. Thompson. On leaving Sherbrooke thirty years ago he came to this place, where he established a business which has become one of the best known in the Eastern Townships.

Final arrangements have not as yet been made regarding the funeral. Information, however, may be obtained by phoning Coaticook No. 170.

Entries may be received up until morning of the match, but it would help the secretary if those intending to enter would send their entry in previous to that date.

LOCAL REBEKAH LODGE TO ENTERTAIN DISTRICT MEETING
Myrtle Rebekah Lodge met on Wednesday evening, when final arrangements were made to entertain the district meeting on October 16th. It was decided that, instead of having the usual exchange table, a mystery table would take its place, with a uniform price not exceeding twenty-five cents.

As there were not sufficient members present to put on the installation drill, which was to have taken place at this meeting, it was decided to meet for this purpose on Monday evening.

Prices And Details Of Sherbrooke Market

The cold rain falling for the greater part of yesterday caused trading to be rather quiet at the Lansdowne yesterday, fewer farmers than usual coming to the market, while a considerable drop was noticed in the numbers of buyers. Several slight price changes were noticed.

Butter was slightly easier, selling a cent a pound off, compared with a week ago, dairy butter bringing thirty-eight to forty cents, while creamery brought forty-one to forty-five cents a pound. Eggs continued their upward course, being quoted at fifty-three to fifty-eight cents a dozen against fifty to fifty-five cents a dozen a week ago.

In the vegetable section, corn was scarce and considerably higher in price, twenty-five to forty cents a dozen cars being asked, as compared with twenty to thirty cents the previous week. New potatoes dropped five cents a bushel to eighty-five to ninety-five cents.

Lemons continued scarce, a small quantity being offered early in the day at last week's prices of seventy to eighty cents a dozen. These were soon sold out, without any additional being placed on the counters. Pears were present in abundance at a considerable reduction, bringing thirty-five to forty-five cents a dozen, instead of fifty cents asked the previous Friday. Black currants had disappeared, their season being over.

With the exception of liver, which was on sale at ten cents each, regardless of size, the prices in the provision section were firm. Yesterday's prices in detail were:

THE DAIRY MARKET
Butter, best creamery 41c-45c
Butter, best dairy 38c-40c
Eggs, per dozen 53c-58c
Cheese 30c
Kraft Cheese 45c
Pimento cheese, per lb. 60c
Brookfield 40c
Rockfort 60c-65c

COUNTRY AND DAIRY

PRODUCE PRICES

CHEESE—Local cheese exporters yesterday reported that the edge was off the cheese market, probably caused by the publication of the stocks earlier in the week, which were heavy. Owing to the absence of business the market has been gradually sagging. Prices yesterday were nominally quoted around 20c per lb. for No. 1 Ontario cheese, and from 19 1/2c to 19 3/4c per lb. for No. 1 Quebec cheese but little or no business was passing.

BUTTER—The butter market was quoted unchanged at 38 3/4c to 39c per lb. for Eastern Townships No. 1 pasteurized in a wholesale way. To the retail trade solids are 41c per lb. and prints are 42c per lb.

EGGS—The egg market was steady. In wholesale carlot way Ontario fresh eggs were 50c per dozen for extras 41-42c for firsts, and 50-51c per dozen for seconds, while British Columbia fresh eggs were 46c for extras, 41c for firsts, and 40c for pullets, f.o.b. Vancouver. To the retail trade prices are steady as follows:

Fresh extras 55c per doz.
Fresh firsts 48c per doz.
Fresh seconds 38c per doz.
Storage extras 43c per doz.
Storage firsts 43c per doz.
Storage seconds 33c per doz.
POTATOES—Potatoes are unchanged, being \$1.10 to \$1.25 per 90 lbs. in bulk for Quebec potatoes, the lower price being for the immature stock.

POULTRY—Unchanges prices were quoted on poultry, live stock selling at 19c to 22c per lb. for spring chickens, with fowl at 18c to 22c per lb. Dressed lines are selling to the retail trade as follows:

Squab broilers, 40c to 48c per lb.; selected broilers, 40c to 45c per lb.; selected chickens, 38c to 45c per lb.; milked chickens, 47c to 48c per lb.; selected fowls, 30c per lb.; selected turkeys, 50c per lb.; selected ducks, 32c per lb.; domestic ducklings, 34c per lb.; green ducklings, 36c per lb. These prices are for "Standard" poultry. For "A" quality, prices are from 2c to 4c per lb. less.

Many Factors Caused Outburst

(Continued from Page One)
ed much necessary action that would otherwise have entered the market. It was also pointed out that Canadian shares have not experienced the same degree of appreciation as many New York stocks, with the result that the readjustment process in Canada is proving less severe than the corresponding movement in the United States.

Nevertheless, the action of the Brazilian Traction, International Nickel, the power issues at Montreal, and other stocks at Toronto reflected the general uneasiness of traders and nowhere was the week's price trend more than in the decline of Brazilian Traction from 72 a week ago to 64 yesterday. Under active trading the transaction stock moved steadily downward, and despite the support of investment buying, dropped 3 1/2 points in yesterday's trading alone. At Montreal Brazilian was also active, but buying interest was lacking to the same degree as in Toronto.

Nickel dropped 27 a Share. International Nickel co-leader in part of sales with Brazilian, recorded a net decline of almost 87 a share for the week, closing on the Toronto stock exchange yesterday.

THE VEGETABLE MARKET

Asparagus, bunch 20c
Beets, per measure 10c
Brussels Sprouts, 2 qts. 25c
Cabbage, each 5c to 10c

FURTHER PLANS COMPLETED FOR PROPOSED BANK

BADEN-BADEN, Germany, Oct. 5.—The organizing committee of the Bank for International Settlements yesterday afternoon decided to clear the deck for concrete action by instructing its secretary, Walter Lichtenstein, of Chicago, between now and Monday to collate the drafts for statutes of the proposed bank, submitted by the various delegates.

He will arrange these diverging proposals in parallel columns, so that the delegates may see just how, if at all, the points are in issue, the draft statutes were presented yesterday by the chairman of the various delegations.

The committee also appointed a sub-committee to draft the trust agreement provided for in article seven, annex one, of the reparations plan to govern relations between bank and the creditor powers. Adjournment was then taken to 10.30 a.m. on Monday.

DISCUSSION WAS OPENED

(Continued from page 1)
describe the honors the people of the United States had showered on the visitors from Great Britain.

The manner in which the reports were displayed and the sympathetic notes introducing them, indicated clearly the appreciation here of the reception, but there was little editorial comment.

Noteworthy, however, was an editorial in the Conservative Post, which is sometimes an outspoken critic of the United States. "It would be impossible to ignore and difficult to exaggerate the historic significance of the reception," the paper said. "In the art of popular demonstrations the Americans have long schooled the world, and they could have devised no setting more memorable, more hearty than this welcome."

"It must be immensely gratifying to men and women of all parties in this country to have such resounding evidence of the good will which in the United States as well as in Britain, is behind the occasion of the visit of Mr. MacDonald. Such a revelation creates a new situation, which may be confirmed but cannot be bettered by any treaty."

Radio transmission of the reception was most successful, and the rebroadcasts were equally so. Many thousands of British were thus enabled to listen to the speeches to and by their spokesman, and to hear the cheers which greeted him.

FURTHER FORCED SELLING TOOK PLACE

MONTREAL, Oct. 5.—The Montreal Financial Service today says: As was to be expected, further forced selling took place at the opening of the local market yesterday and a large number of stocks reacted to new low levels. However, the buying on the decline was of an excellent character and when liquidation had mostly run its course around the noon hour, an appreciable rally ensued, with the majority of stocks recovering considerably from their early lows.

In a decline such as has taken place in the past few days, the good stocks go down with the bad ones. In fact, the average trader disposes of his good stocks to cover on the ones whose merits are questionable.

Although most authorities in New York continue to advise a cautious attitude toward the market, there are some who are of the belief that the time has arrived to make selected purchases of representative stocks.

Moody's declared the continued high rate of activity in industry, with excellent earning power in prospect for the leading corporations, makes us believe that the present technical recession in the market offers investors an opportunity to acquire selected stocks for long pull investment. It is possible that some irregularity in the general list of stocks will continue, but we do believe that certain stocks have reached a point where constitute rather attractive investment purchases."

This can also be applied to the Canadian lists as a number of the meritorious stocks have reached levels that are distinctly attractive from a long range viewpoint.

Stocks that are favored to be the ones to recover most rapidly as soon as conditions permit, are the ones that enjoy good market sponsorship, and in this category can be included, amongst others the following: Brazilian Traction, International Nickel, Montreal Power, Shawinigan, Dominion Bridge, Power Corporation, Massey-Harris, National Breweries and Canadian Car, etc.

One of the factors that is mit gating against a rapid recovery locally is that the majority of traders are expecting a secondary reaction and as a result are staying on the sidelines until such time as stocks received another decline.

In New York prices were carried down to a level yesterday that offered no profit to those who sold short during the past week and the bear took advantage of the opportunity to cover and created a sufficient demand for stocks not only adequate to take care of liquidation but also to bring about a slight improvement in prices.

LOWER PRICES WILL BE SEEN

NEW YORK, Oct. 5.—The New York Mirror today says: Now that the stock market has a drastic decline the powers are determined on a thorough house-cleaning. In view of this attitude lower prices will be seen again today. This also means the postponement of any rally until the beginning of next week.

There is more of feeling now to attribute the decline of the stock exchange to the English failure of last month although at the time this was made light of in New York financial circles.

The very best opinion regarding the stock at this time is that one should continue to stand aloof until the selling has dried up. Some insurance company an investment trust buying was seen in the market on Friday but no concerted effort except to stem the selling except in isolated instances.

Support buying was reported in United Corporation, United Gas and Improvement, these are Morgan stocks.

One of the expected outcomes of the current movement is likely to be a return to the buying of bonds.

Fixed income rather than widely fluctuating small yield stocks will be sought.

One group of stocks which will come into the limelight over the period of the next five years is the so-called chemical group.

Several companies, such as Standard Oil of New Jersey, are widely interested in chemicals and are beginning to show excellent results from this line of endeavor although nominally listed as established in another line.

Among the stocks best linked in this conviction are Allied Chemical, Union Carbide, American Cyanamid, Eastman Kodak, U. S. Industrial Alcohol, Vanadium Steel and Indian Refining.

By prods of well processes, are being made into the market merchandise.

TRADING FORECAST AND FACTORS

A less active market is in progress for today with the list as a whole making little progress in either direction.

OPINIONS OF BROKERS

Prince and Whitley—We are especially inclined to recommend the purchase of stocks which show a yield of better than five per cent, and would not feel any uneasiness about them, should further unsettlement develop.

E. F. Hutton and Co.—Despite the severity of the losses, it looked as though the selling was still of the sort that does not have a great deal of effect on loans.

SEMI-PANICKY SITUATION

NEW YORK, Oct. 5.—The New York Advisory Service today says: There has been a psychological determining of confidence, heighten-

STOCKS RALLY THIS MORNING AT MONTREAL

Major Stocks Showed Considerable Improvement at Opening of Market—Montreal Power Up 4 1/4 Points.

(Canadian Press Despatch)
MONTREAL, Oct. 5.—Stocks on the Montreal exchange at the opening today staged a rally which was in direct contrast with yesterday's trading, when prices of almost every issue sought lower levels.

Montreal Power led today's upward movement, opening 2 1/2 points higher at 162 1/2 and advancing to 164 for a net gain of 4 1/4 points.

Canadian Brewing gained 2 1/2 at 12 1/2. Shawinigan went up 2 at 90. National Breweries gained 1 at 137 and Brazilian 1 at 66. Nickel was fractionally stronger. Most of the other issues gained fractionally.

A SPECTACULAR UPTURN IN PRICES TOOK PLACE TODAY

(Associated Press Despatch)
NEW YORK, Oct. 5.—A spectacular upturn in prices took place at the opening of today's stock market. Commercial Solvents, which dropped 10 points yesterday and seventy the day before, jumped two points on the first sale. American and Foreign Power, Westinghouse Electric, Atchison, American Waterworks and A. M. Byers showed initial gains of 5 to 6 1/2 points. International Nickel opened with a block of 10,000 shares at 52 1/2, up 3 1/2. United States Steel common opened with a block of 5,000 shares at 214, up 4, and Montgomery-Ward with a block of 5,000 shares at 110, up 5.

MARKET COMMENT

New York World will say today: It is clear that buyers, actual and potential are paying far less attention to brokers' loans, credit or business trends for investment and will be drawn upon for accumulation of worthy issues at bargain prices.

Wall Street Journal will say today: Trading yesterday was largely devoted to the adjustment of marginal accounts impaired by the recent convulsive declines in the main body of stocks. Commission houses sent out the biggest number of margin calls after Thursday's close that had been found necessary this year and forced liquidation came into the market.

Opinion of Wall Street Journal
Wall Street Journal will say today: Commonwealth Southern in key position. Rubber prices remain stable. Union Carbide asks to list new stock. Progress steady for Gillett Company.

ed by persistent raiding of the market. The lack of rally power in the standard bearers, U. S. Steel and other pivotal stocks, has naturally created a semi-panicky situation (ha has been most favorable for the pursuit of bearish operations.

Nevertheless, and in spite of the fact that the rally, which was in progress today, succumbed to the fresh selling onslaught in the afternoon trading, bringing many stocks down to new lows. It is our firm opinion that the general list has been driven down to a zone where the stoutest type of resistance will be encountered.

There has been no really determined stand made against repeated professional raidings, which have impaired equities destroyed confidence and have generally tended to demoralize the market structure.

We believe the time has arrived when firm action will be taken. Those stocks which have been the most depressed are the ones that should enjoy the briskest recovery viz., U. S. Steel, B. S. American Rolling Mills, American Car, Repu. Iron and Steel, Johns-Manville, Anaconda, Dupont, United Aircraft, Westinghouse, Columbia Carbon, American Tel. and Tel. C. rated Gas, Marmac, Monty-Ward, American Smelter, Chrysler, American Foreign Power, N. Y. Central, Atchison, Union Pacific, Pennsylvania, Erie, Allegheny, Union Carbide, Air Reduction.

When the gloom is so heavy that it can be literally cut with a knife, and when the bears are covering widely with gas, an abrupt turning of the table is high.

EMPIRE LEADS ENTIRE WORLD IN MINERALS

Surplus in Twenty-One of Twenty-Eight Leading Articles—No Nation, However, Is Self-Sufficient.

(Canadian Press Despatch)
VANCOUVER, Oct. 5.—The British Empire, with exportable surpluses in twenty-one of the twenty-eight leading minerals, holds the dominant position in the mineral world, Dr. Charles Cammell, Ottawa, Deputy Minister of Mines, said in

addressing the Canadian Club here yesterday. The United States, the greatest producer and great consumer, was self-sufficient in only eleven of the twenty-eight. The fact that no country was self-sufficient in minerals was a factor in creating international exchange.

The United States, Dr. Cammell said, was Canada's leading mineral customer and also the leading furnisher of outside capital invested in Canadian mining, \$200,000,000 was American, and less than \$100,000,000 British. The speaker saw no occasion for alarm in this, however. The Canadian mineral industry, Dr. Cammell said, would help to extend commercial intercourse and international dependence among the nations on which close understanding and relations would be developed.

Total Business Placed at \$626,164,064 in Quarterly Report Made Public at Ottawa—Considerable Increase Over Previous Year.

(Canadian Press Despatch)

OTTAWA, Oct. 5.—Canada's total trade for the first quarter of the current fiscal year amounted to \$626,164,064, an increase from \$592,647,659 for the corresponding period last year. This is shown in the quarterly report issued by the Department of Trade and Commerce.

For the three months imports into Canada exceeded exports by \$43,999,622. Imports totalled \$335,081,843 as compared with \$291,082,221 in exports.

In comparison with the figures for the first three months of the previous fiscal year, the quarterly imports into Canada increased by over \$32,000,000, while exports rose slightly over \$1,000,000. The comparative figures follow:

1928, 1st quarter—Imports, \$392,776,481; 1929, \$395,018,843.

1928, 1st quarter—Exports, \$289,871,178; 1929, \$291,082,221.

CUBS SNATCHED GAME FROM REDS IN TENTH FRAME

Regular Major League Schedule Will Be Brought to End This Week-End—Hornbys Boosted His Batting Average Yesterday.

NEW YORK, Oct. 5.—After five days in hiding for most of the big league clubs, the entire enrollment of both circuits will return to action today to begin the final week-end programme which brings the 1929 campaigns to their respective conclusions, logical or otherwise.

The Cubs snatched another from the Reds, this one by 6 to 3, in ten innings and the White Sox edged the Tigers by 14 to 6 in the only two contests decided yesterday.

Three other games were scheduled yesterday. The Giant-Phillie fray at Baker Bowl was washed permanently from the schedule, as the teams already were down for two games this afternoon, and the Brown-Indian tilt in St. Louis was postponed because of rain. It will be part of a double-header tomorrow.

The Cardinal-Pirate argument at Forbes Field was delayed until this afternoon to make a bargain counter-attraction for clients of the Dreyfus Dragons.

Still Have Chance to Finish Second. John McGraw retained his chance to finish second, even though his game with the Phillies went into the discard. As a matter of fact this slender possibility was strengthened a bit by the cancellation. Before the game was called off, the Giants were confronted with the task of winning four, while the Pirates were losing three. The clan McGraw now has only three contests to win, but, of course, the Pirates must lose all their three to help the Polo Grounders.

A sweep for the Giants and three reverses for the Pirates would leave the clubs in one of those "virtual ties" with the Bucs in games, but McGraw would gain an edge in percentage through having won one fewer and lost one fewer than his Pittsburgh rivals. The Giants will play only 151 games, but the Pirates will go through 153.

The Cub victory yesterday went to the credit of Charlie Root, who relieved Bob Osborne when the Reds tied the score in the eighth.

Hornbys Got Two Hits. It was Root's nineteenth triumph. Eppa Rixey went the route for the Red Legs, but became wild in the tenth just before Stephenson and Tilson reached him for singles.

Rogers Hornbys got two hits in two official times, at bat, lifting his average two points to .381. He still could nose out Babe Herman for second place, but neither he nor Herman could seriously threaten O'Doul and his mark of .396.

Dutch Henry, the Giant refugee, saved from the minors by Charles Comiskey, officiated against the Tigers for the White Sox. He assisted after he gained a good lead.

FOOTBALL

MAGOG CLUB'S ANSWER

To the Editor, Sherbrooke Daily Record, Sherbrooke, Que.
Sir:

A letter signed "Football Fan," Sherbrooke, was published in your issue of September 28th, and we would feel obliged if you will allow us space in your valuable paper to answer it.

It is quite evident "Football Fan" is of the opinion that the article complained of was published by the Magog Club. For his benefit and also for others who may believe back stair methods are practised by the officials of this club, we might say that it was published without our knowledge or sanction.

Nobody knows better, or appreciates more than we, the work being done for football in the Eastern Townships by Mr. J. Corfield and Mr. H. L. Pettas, and we take this opportunity of publicly congratulating them for the manner in which they have carried out their duties, despite conditions that are far from ideal.

As a club we have certain little grievances, but have no intention of airing them in the press. Suffice to say they are not of a personal nature and will be voiced in the proper spirit, at the proper time and place, which is the annual general meeting of the league. Thanking you, sir, we are,

Yours truly,
E. Whalley, Secretary;
F. Bradley, president;
Geo. Kinnon, vice-president.
Magog Football Club.

ASBESTOS TO PLAY EXHIBITION GAME
The officials of the Asbestos Football Club have completed arrangements to play two exhibition games. Tomorrow (Sunday) they will play the Wabasso Cottons team of Three Rivers, while on October 13 they will meet the 57th Battery (Quebec) aggregation.

SEIZURES INDICATE NEW RUM ROW NEAR NEW YORK

NEW YORK, Oct. 5.—Capture yesterday of the New Jersey coast of a sea-going dory, laden with 500 cases of rye whiskey indicated to coastguardsmen the presence of a new "rum row" outside of New York harbor. Yesterday's seizure and the capture last Tuesday of a British schooner, loaded with 1,000 cases of liquor, coupled with a recent rapid slump in whiskey prices in the New York area, caused redoubled vigilance on the part of special agents and customs men.

The new rum fleet was believed to have replaced the group of liquor smugglers which dry agents had thought a thing of the past.

Four men were seized with the contraband yesterday, after a coast-guard cutter fired three shots across the dory's bows. Prohibition officials said the cargo was worth \$25,000.

The boat and liquor were taken to a coast-guard pier at Staten Island. The men were to be arraigned before a United States commissioner in Brooklyn.

WORLD SERIES ARRANGEMENTS NOW COMPLETE

Cubs Have Two Games Before Ending Season's Schedule—Extra Accommodation Provided at Wrigley Field.

(Associated Press Despatch) CHICAGO, Oct. 5.—There was virtually nothing to worry about at Wrigley Field today until Tuesday at 1:30 p.m., when worrying will start in earnest.

Neither Joe McCarthy, on the threshold of his first world's series as manager of the Chicago Cubs, nor Connie Mack, to whom world's series are old stories, has viewed with alarm the approaching test. Each has indicated confidence in his ball club and respect for his adversary.

The Cubs had the matter of finishing their National League schedule still to consider, a game today at Cincinnati and the season's final at Wrigley Field tomorrow against the Pittsburgh Pirates.

The playing field where the first two games of the October classic will be played, the stadium seating capacity of about 60,000 has been augmented by construction of extra bleachers that rise above the sidewalk outside the park. The cost of constructing these seats is said to have been greater than any possible return they may make.

They represent an effort on the part of William Wrigley, Jr., owner of the Cubs, to provide as many fans as possible with seats for the games.

Each team, barring accidents, between now and game time, will have available the same strength that enabled them to win the championship of their respective leagues.

MANY FEATURES AT AIR PAGEANT AT ST. HUBERT

Three Single-Seater Airplanes of U. S. Army Arrived Yesterday, While Tomorrow Afternoon Forty Planes, Participating in 1929 National Air Tour and Reliability Test, Will Arrive—First Canadian Air Pageant Will Be Formally Opened This Afternoon.

(Canadian Press Despatch) MONTREAL, Que., Oct. 5.—Three single-seater aeroplanes of the first pursuit squadron, United States Army, arrived yesterday from Selfridge Field, Michigan, to participate in the first Canadian air pageant to be held at St. Hubert airport today and Sunday. The three pilots, Lieutenants Moore, Putts and Sellen, made the flight without difficulty, though driving rainstorm, stopping at Toronto for lunch.

Col. J. L. Ralston, minister of national defence, Camillien Houde, Mayor of Montreal, and Alderman Leon Trepanier, leader of the city council will officiate at the opening of the pageant this afternoon. A programme of aerobatics and races will be contested by leading Canadian and American fliers for prizes totalling \$2,000.

Sunday afternoon the feature of the pageant will be the arrival of some forty aeroplanes participating in the 1929 national air tour and reliability test, which leave Detroit today for a circle around a dozen Canadian and American cities.

STUDY SCHEME TO DETERMINE RUBBER PRICES

President of Seiberling Rubber Company on His Return from Europe Tells of Plan Now Under Way for Stabilization of Crude Rubber Prices on an International Scale.

(Associated Press Despatch) NEW YORK, Oct. 5.—Formulation of a plan for stabilization of crude rubber prices on an international scale was announced yesterday by F. A. Seiberling, president of the Seiberling Rubber Company, on his return from Europe on the liner Berengaria.

The plan was unanimously approved by twenty-five leading members of the Rubber Growers' Association at a recent conference in London, Mr. Seiberling said.

"Our interest as American manufacturers is to secure and adequate supply of crude rubber at a reasonable price," Mr. Seiberling said. "In the past, a monstrous situation has obtained. In one year prices fluctuated from twelve cents to \$1.20 a pound. This instability of prices has cost American manufacturers \$300,000,000 a year.

"The conference in London had an international aspect and there is every reason to believe that its results will be far-reaching and beneficial to the rubber industry."

BANK HAS RIGHT TO CONTRIBUTE TO HOSPITALS

Important Judgment Rendered in Montreal Yesterday by Mr. Justice White.

(Canadian Press Despatch) MONTREAL, Oct. 5.—In contributing \$200,000 to the Mount-Hospital campaign of 1927, the directors of the Bank of Montreal acted with their powers as set forth by the Bank Act, it was decided by Mr. Justice C. D. White, of Sherbrooke, in court here yesterday, in dismissing an action in which the donation was challenged by John Hamilton, Boswell's Limited and the Jeffrey Hale Hospital of Quebec City.

Without establishing the general principle that corporations were empowered under the law to make contributions to charitable objects, His Lordship found that in the present instance the subscription property fell within the clause of the Bank Act, which empowers the banks to "carry on the business of banking generally."

The decision was considered here to be of a far-reaching importance in settling the right of banks to contribute to charitable institutions where it can be shown that the donation may reasonably be expected to prove beneficial to the bank from a strictly business point of view.

An analysis of the Federal Bank Act and of the jurisprudence bearing on the case was contained in the judgment rendered yesterday. After reviewing the facts of the case and the events leading up to the campaign of 1927, Mr. Justice White recalled that at that time the hospital concerned had an overdraft of nearly \$2,000,000 at the Bank of Montreal. It was thereupon decided by the directors to support the campaign to the extent of a subscription of \$200,000.

Main Question. The main and virtually the only question raised by the litigation, commented His Lordship, was whether or not the subscription could be considered as falling within the scope of that clause of the Bank Act which empowered the directors to "carry on the business of banking generally."

Many witnesses were called by the

defendants, including leading bankers, auditors and advertising experts, all of whom were unanimously of the opinion that the expenditure had been justified either because of the good will involved or through publicity gained by the bank. Particularly in view of the practical impossibility of collecting the large overdraft by reason of the fact that the hospitals could not be made the objects of seizures through legal process, the opinion was expressed that the contribution comprised "good business" on the part of the bank.

In general, His Lordship declared, there is no rule laid down either in the Bank Act or in jurisprudence as

to exactly what matters were comprised within the category of "the business of banking generally." It was therefore necessary to consider the circumstances in each individual case in order to determine whether the banks acted within their powers.

LIBBYTOWN

The harvest thanksgiving service in the Anglican Church, at Way's Mills, will be Sunday afternoon, at half past two.

Mr. Wright Glidden, Jr., and family have moved into Mrs. Della Van-cour's house. Several years ago, Mr. Glidden's father lived in this neighborhood on the farm now owned by Mr. J. B. Roy and his mother's home before marriage, was where Mr. Fred Brown now lives.

Mr. and Mrs. Morton Walker have been recent guests at the Glidden home.
