NEW CITY COUNCIL WILL BE SWORN IN MONDAY

MUNICIPAL ASSOCIATION HOLDS ANNUAL MEETING; W. G. HANSON PRESIDENT

Other Officers Elected at Assembly in Victoria Hall on Tuesday — Approval of Municipal Candidates by Nominating Committee is Ratified — Members of New City Council Address Gathering

The annual general meeting of the Westmount Municipal Association, attended by over two hundred persons, was held in Victoria Hall Tuesday evening when the election of officers for the ensuing year took place; reports of activities during the past term read; and addresses made by members of the new City Council.

W. Gordon Hanson was elected president of the organization, succeeding R. Brock Thomson, while C. V. Heward is vice-president, J. Cornell Binnie, honorary secretary-treasurer, and W. W. Williamson auditor, the last two having been returned to office.

Members of the association ratified the action of the nominating committee in approving the municipal candidates elected on Monday by acclamation. While some criticism was voiced regarding the fact that the general meeting was held after the association had recorded its approval of the candidates an explanation by the retiring president was accepted as satisfactory.

COL. GEAR PAID FINAL TRIBUTE ON WEDNESDAY

Funeral of Noted Resident Held in St. George's Church — Was Trust Company Head

A large gathering of friends, relatives and business associates paid final tribute to the late Col. William Inkerman Gear, president of the Crown Trust Company and prominent steamship man, at the funeral service held in St. George's Church on Wednesday.

Col. Gear died at his residence, 5219 Cedar avenue, on Monday following an illness of two weeks. He was 81 years of age.

In the steamship business since 1874, Col. Gear owned his own steamship agency, William I. Gear and Company, Inc., at the time of his death. He was also well known in military circles.

The Church of England service was conducted by Ven. Archdeacon A. P. Gower-Rees, rector of St. George's. Interment was in Mount Royal Cemetery.

The chief mourners were the widow; one son, William W. Gear; two daughters, Mrs. John McEntyre and Miss Kathleen Beatrice Gear; three grandchildren, John Gear McEntyre, Peter Michael McEntyre and William Heron Gear; a sister, Mrs. F. Stuart Foster; and two nephews, Stuart and William Foster; John McEntyre, son-in-law; Mrs. W. W. Gear, daughter-in-law; Dr. and Mrs. J. J. Griffith and Mr. and Mrs. John Faulhaber, cousins.

Acting as honorary pallbearers were: W. W. Gear, Gear McEntyre, Peter McEntyre, Irving P. Rexford, Dr. J. J. Griffith, Arthur B. Wood, A. York Wilks, John Faulhaber, H. C. MacDougall, A. O. Dawson, John R. Lamb and L. G. Gillett.

Representing the Crown Trust Company, of which Col. Gear was president were: Arthur H. Campbell, A. O. Dawson, Arthur Leman, J. A. Mann, K.C., W. P. O'Brien, Edward C. Pratt, Irving P. Rexford, James G. Ross, John W. Ross, Arthur B. Wood, W. Hesper Jackson, James G. McKay, William F. Brass, James H. Hobbs, George W. Rowell, Arthur J. Jenkins, Albert Grimstead and John Irvine.

School Pupils To Present Concert

Pupils of Argyle Junior High School will present a concert in the gymnasium of the school next Friday evening at eight o'clock. The program will consist of songs, recitations and a play entitled, "Mr. Squeer's School."

The play will be under the direction of Miss F. Cousins with John Bradley in charge of the lighting. Those taking part in the play are Fred Swales, Wynna Jacobs, Jane Bishop, James Kennedy, Ian Williams, Noel Brooks, Catherine Lamb, Elwood Petford and Kingsley Walsh.

NO GUEST SPEAKER AT ROTARY MEETING

There was no guest speaker at the regular weekly luncheon meeting of the Westmount Rotary Club in Victoria Hall on Wednesday, the session being confined to matters concerning Rotary business.

In tribute to the late Mayor John Jenkins a period of one minute silence was observed and a resolution expressing condolences to his family adopted.

The president, John Colton, was in the chair.

DRIVERS FAIL TO AGREE IN CAR ACCIDENT

Both Motorists Claim to be In Right — Licence Trouble Also Causes Dispute

Differences of opinion between the drivers of the vehicles involved featured a collision of two automobiles at the intersection of Victoria and Western avenues at 8.30 o'clock Sunday night.

Jerry Legault, 2639 Holt street, Rosemount, told police that as he was crossing Victoria avenue on Western on a "green" traffic light his car was struck by one operated by Ralph Belkin, 254 Sherbrooke west, going south on Victoria.

Belkin, however, held a different view. He had the "green" light and Legault the "red", he asserted.

Up until this point the tension could probably have been eased with little trouble. The police investigating, however, asked Legault to produce his licence. Legault claimed he had handed it to Belkin and had "got it back."

This, as far as Belkin was concerned, was a lot of nonsense. He couldn't recall having seen it.

Police then searched the street in the vicinity of the accident but no licence was to be found. Neither was it forthcoming from either Legault or Belkin.

Finally Legault was brought to the station and charged with driving without a licence. On payment of \$14.20 bail he was permitted to leave.

Group Will Hold Dance On Friday

A gay evening, with the Tropical background of the South, will be enjoyed by all attending the Dance in St. Matthias' Parish Hall, on Friday, January 20th, under the guidance of the Girls' W. A.

Dancing on the "Cruise" will be to the rhythmic music of Blake Sewell and his spirited Knights of Knote, from 9 p.m. to 1 a.m. Clothes for the trip are informal.

FLYERS APPOINTED

W. D. Strenger has been appointed Pilot Officer and G. R. McGregor Flying Officer of the Westmount No. 115 R.C.A.F. Fighter Squadron, it was announced this week by Flight-Lieut. Briesse.

Business Association To Hold Meeting Jan. 23

A general meeting of the Business Association of Westmount will be held in Victoria Hall on Monday evening, Jan. 23, it was announced yesterday by the president, W. Boyd Robson.

The meeting will be featured by the nomination of officers for the coming term. The executive board is composed of president, three vice-presidents, corresponding secretary, recording secretary, treasurer, and committee chairman.

Heads of the association are currently giving considerable thought to the proposed executive slate and a meeting for this purpose is too be held tonight and a second board meeting is scheduled for Monday.

Reports of the activities of the association and the work undertaken by the various committees will be read at the meeting on Jan. 23 and the financial standing of the organization will be shown.

The principal item on the agenda is to be a talk on the aims and purposes of organization among businessmen in which proven benefits to be derived from the formation of movements similar to the Business Association of Westmount will be demonstrated.

DINNER AT 240 MILES PER HOUR

Frobisher, Imperial Airways' New Continental Express gives to Great Britain one of the fastest commercial airliners in the world. She recently broke the London-Paris record with a capital-to-capital flying time of 53 minutes. She has four "bullet-stream-lined" engines, the hull is of all-wood construction; carries 22 passengers. Named after Sir Martin Frobisher, one of Drake's Armada admirals. She was delivered to Imperial Airways in time to help carry 400 tons of Christmas mails to Africa, India, Malaya, Hong Kong and Australia.

TALK ON CHINA HEARD BY BOYS AT 'Y' BRANCH

K. Z. Low Believes Country Will Emerge Victorious In War With Japan

K. Z. Low, metropolitan secretary of the Y.M.C.A., in Shanghai, China, addressed about 40 members of Westmount junior hockey clubs at a supper-meeting in the district "Y" branch last week-end.

Mr. Low dwelt at length on the crucial situation now being faced by his country but expressed confidence that it would emerge victorious in the end.

During its undeclared war with Japan the interior of China had made progress that would not have been achieved in 15 years of peace, he declared. This was due to the fact that some hundred million border-dwellers had moved to the interior of the country to escape Japanese advances.

MANY ATTEND FUNERAL OF LATE MAYOR JENKINS

Over 1,000 Persons Paid Tribute to City's Chief Magistrate at St. Matthias Church on Monday — Service Officiated at by Rev. Gilbert Oliver, Rector, Rt. Rev. John C. Farthing, and Rt. Rev. Lennox Williams

Over a thousand local residents and notable personages from all parts of the Island of Montreal assembled at St. Matthias Church at 2.30 o'clock on Monday afternoon to pay final tribute to the late Mayor John Jenkins, for the past three council terms Chief Magistrate of the City of Westmount. Only about 700 persons were able to gain admission to the crowded church, the rest remaining outside while the service was conducted.

Mayor Jenkins died suddenly at his residence, 666 Belmont avenue, early Saturday morning. He was 63 years of age.

At the public service at St. Matthias Church, which followed a private one at his home, the Church of England service was conducted by Rev. Gilbert Oliver, rector, Rt. Rev. John C. Farthing, Bishop of Montreal, read the lesson; and Rt. Rev. Lennox Williams, formerly Bishop of Quebec, was also present in the sanctuary. Interment was in Mount Royal cemetery.

The cortege was preceded by a guard of honor composed of units from the Westmount, Montreal, Outremount, and Verdun police forces.

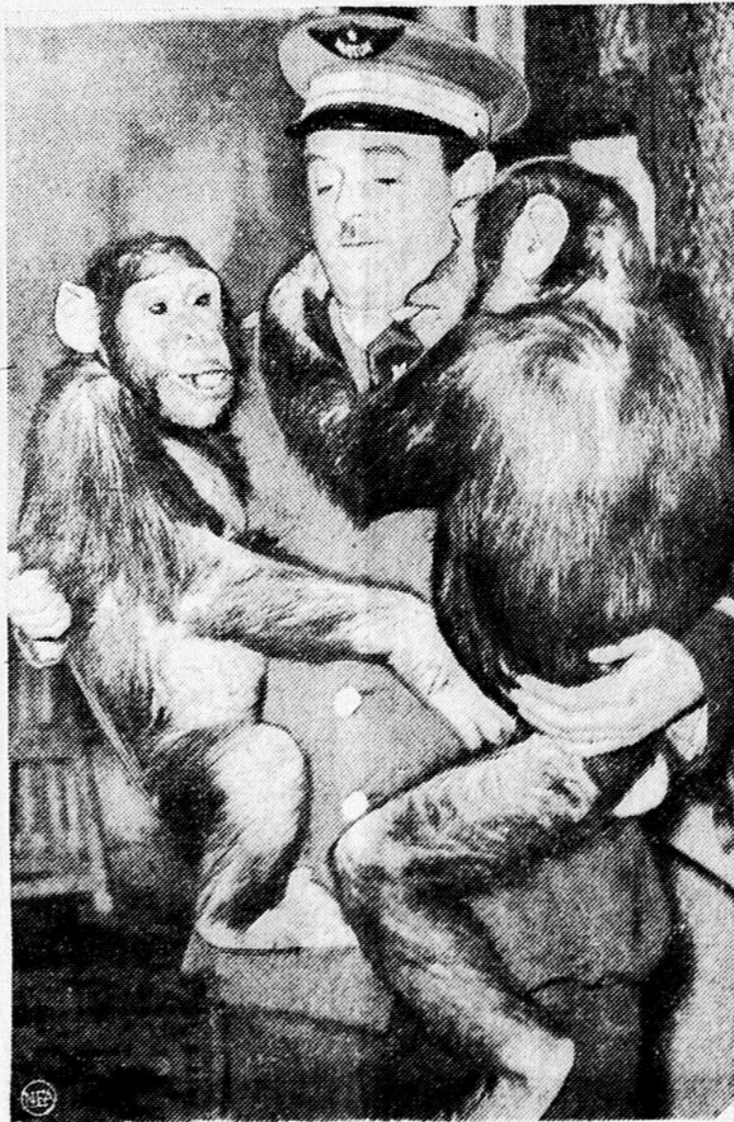

The chief mourners were a son, John W. Jenkins, four brothers, George H. Jenkins, Arthur J. Jenkins, Alfred H. Jenkins and Thomas Jenkins; five brothers-in-law, Henry Clark, H. A. Clark, E. J. Clark, A. J. Riddell and E. S. Russell; two sons-in-law, W. M. Scott, Jr., of Bryn Mawr, Pa., and C. P. Sturdee, of Toronto.

The honorary pallbearers were: Aldermen C. K. McLeod, George S. Currie, W. B. Scott, B. Panet-Raymond, and Douglas Lorimer; former mayors George Hogg and W. D. Lighthall; Arthur F. Bell, secretary-treasurer, and former Alderman J. Colin Kemp.

Also representing the Westmount City Council were Mayor-elect Walter A. Merrill, K.C., Ald. I. P. Rexford, C. W. Houston, P. E. Jarman, Chief William Gough and P. Delgado. Members of the Westmount police and other metropolitan forces preceded the cortege to the church.

CEREMONY IS BEING HELD AT INAUGURAL MEETING; ELECTED BY ACCLAMATION

Mayor-elect Walter A. Merrill and Ald. I. P. Rexford, on Council for First Time, Will be Welcomed — Westmount Protestant School Board Also Returned by Acclamation

The newly-elected City Council will officially take over its duties on Monday night when a swearing-in ceremony is to be conducted in the City Hall. The municipal governing body was elected by acclamation at nominations held from 12 to 2 p.m. last Monday.

The new Council is composed of Mayor-elect Walter A. Merrill, K.C., and Alderman-elect Douglas Lorimer, seat one, W. B. Scott, seat two, C. K. McLeod, seat three, I. P. Rexford, seat four, and B. Panet-Raymond, seat five. All aldermen, with the exception of Mr. Rexford who replaces retiring Ald. Currie, were members of the old Council.

Also re-elected by acclamation on Monday were Lieut.-Col. F. M. McRobie and W. A. Eden, to the Westmount Protestant School Board; and Charles M. McKergow as trustee of the Westmount Public Library.

The nominations were presided over by Arthur F. Bell, city secretary-treasurer, as returning officer, and C. W. Houston, assistant secretary-treasurer, as deputy returning officer.

The old council held its second to last session on Monday night presided over by Pro-Mayor C. K. McLeod. It lasted only long enough to observe a one minute silence to the memory of the late Mayor John Jenkins, and to pass a resolution of sympathy to his family.

FOSSILS CLUB WILL PRESENT ANNUAL REVUE

Fourteenth Successive Production to Take Place in Victoria Hall

The Fossils Club of Westmount will produce their annual "Fossils Frolics" in Victoria Hall on Friday and Saturday, March 17th and 18th. This will be the fourteenth successive production to be presented by the Club, and the Revue is again to be directed by Leonard "Red" Martin, who was mainly responsible for last year's successful show.

Although the programme will follow principally along the hereditary lines of all Fossils Shows, Mr. Martin plans to introduce a few novel diversions which it is hoped will make the Frolics the most outstanding Revue to date. Many old friends will be found in the line-up of performers, who include Bob Goodier, Art. Prevost, Cam Grant, Charlie Wilson, Will Eagle and Charlie Moore.

Some of the more recent additions to the Fossils repertory group in the persons of Art. Mann, Hugh Kemp, Mel and Jack Hearnes and George Downes, will make an appearance, including John Rice, who starred in the 1938 Revue.

R. C. A. F. Radio Station Went On Air This Week

Under construction for some time now the short wave receiving and transmitting radio station of the Westmount No. 115 R.C.A.F. Fighter Squadron was in operation this week under the control of Corporal W. G. Yeo.

The station has a power of 200 watts and is capable of sending and receiving either voice or code messages within a radius of approximately 500 miles. It has the same power as the majority of the wireless units operated by Trans-Canada Airlines.

For the time being it will be used mainly for instruction purposes and for the sending and receiving of messages to and from the Trenton, Ont., base of the R.C.A.F. As soon as the squadron's four training planes are equipped with radios ground-to-plane broadcasts will be made and orders will be relayed to pilots by radio. The sets to be installed in the ships will have a power of only 100 watts but due to the fact that less interference is experienced in the air they will have a range almost as great as the set at headquarters.

Eight members of the ground crew of the unit will be given instruction in the operation of the station and will be taught the Morse Code. This course is already underway and those selected as radio operators should be fairly well versed in the subject by the time the planes are equipped with sets.

CONSTRUCTION OF NEW HANGAR IS COMMENCED

Westmount R. C. A. F. Squadron Will Have New Quarters at St. Hubert Airport

Actual construction work on the new hangar of the Westmount No. 115 Fighter Squadron of the R.C.A.F. and the No. 118 Bomber Squadron was commenced at St. Hubert Airport this week, it was announced by Flight-Lieut. Briesse. The building is expected to be completed by spring.

In the meantime the unit has temporarily lost use of two of its four training planes which have been flown to the R.C.A.F. base at Trenton, Ont., for winter storage due to insufficient hangar space at St. Hubert.

This will greatly curtail flying instruction during the winter months and will necessitate a change in training schedules. The planes had to be removed from the Montreal airport in order to permit increased activities on the part of Trans-Canada Airlines. It was for this purpose that the hangar originally used by the No. 115 and No. 118 units was taken from them and erection of a new one commenced.

For the past six or eight weeks the planes of 11 squadrons have been housed in the main hangar but the space they occupied has been taken over for the servicing of commercial machines.

Lamp Standard Is Smashed By Truck

A lamp standard opposite 349 Victoria avenue was smashed shortly after 10 o'clock Saturday night when an ice-truck driven by W. Dupuis, of 2029 Melrose avenue, skidded into it.

Dupuis told police that just as he was starting his truck from the curb to proceed in a northerly direction the vehicle ran over a large piece of ice, skidded off it, and struck the lamp post. No damage was caused the truck.

WESTMOUNT, FRIDAY, JANUARY 13, 1939

DEATH OF EX-MAYOR JENKINS

Residents of Westmount learned with regret of the death of ex-Mayor John Jenkins. The late Mr. Jenkins was an unusually fine type of citizen, and his passing will be mourned far beyond the boundaries of the municipality he served so well. A man of rigid high principles, esteemed in the business world, Mr. Jenkins' motive in entering municipal politics was one of unselfish service to the locality in which he lived. The standard of our municipal politics would be greatly improved were more men of his type to present themselves for election.

THE LATE LADY BOULTON

Word has just been received locally to the effect that Lady Boulton, widow of Sir Harold Boulton, Bart., famous composer and author of "Over the Sea to Skye," "Songs of the Devon," etc., died suddenly at Oban, and was buried on the tiny island of Inchkeneth in the Atlantic, three miles west of Mull. It was her own wish to be buried in this lonely spot. Her remains were taken from Oban to Mull on the mailboat Lochinvar, and by road from Salen to Gribun and thence by motor launch to Inchkeneth. The Rev. Alexander Macrae, Church of Scotland minister at Salen, officiated at the grave in the ancient island cemetery where noted island chieftains are buried. Lady Boulton, whose maiden name was Margaret Cunningham Lyon, was a famous operatic-singer, well known locally and met Sir Harold at Montreal (where he had considerable business interests) fourteen years ago.

WAR ON CANCER

Can you visualize a gathering of 12,000 people? Think of it as a hockey "gate." Then think of this fact: Nearly 12,000 Canadians (11,961 to be exact) died from cancer in 1937. Last year, one out of every nine deaths

in Canada was caused by cancer. What will be the toll this year? Next year? It can be lessened if people will fear cancer less and acquaint themselves with its preliminary signs; if people can be taught that early diagnosis and early adequate treatment may mean the difference between life and death. Cancer, in a great many cases, can be cured if treated early. Throughout the Dominion, the Canadian Society for the Control of Cancer has launched an educational campaign to reduce cancer mortality. It is an organized, co-ordinated, national effort on the part of lay citizens and the medical profession. We suggest that you join that society. It will cost you one dollar a year. By doing so you will be doing something to protect yourself and your kin. Moreover, you will be assisting in a practical fight against the disease which kills about a thousand Canadians a month. If you would like more information, write to the Canadian Society for the Control of Cancer, 43 St. George Street, Toronto, or to the headquarters of its provincial branch in Vancouver, Calgary, Regina, Winnipeg, Montreal, Saint John, Halifax or Charlottetown.—Maclean's.

As stated in these columns before the holiday season, fatalities are not inevitable, even on such joyous occasions as New Year's Eve. They can be avoided. Persons in charge of automobiles apparently listened to the advice of authorities and to the dictates of their own reason and made a mental vow to drive safely. This year's record is something to try to duplicate next year. In the meantime, it would be a good idea for all drivers to exercise similar caution throughout 1939.

TRAFFIC SAFETY RECORD

It is with a feeling of pride and relief that motorists can look back upon New Year's Eve. The fact that there was not one fatal traffic accident in all of Canada is a fine record in these modern days. It shows what can be done by the exercise of care and common sense. Driving conditions in most parts of Canada were not good, snow and ice making streets and highways dangerous. This makes the clean slate all the more remarkable.

It came in not to badly hereabouts, but over in poor old Europe the New Year dawned like a German U-boat's periscope.

The Examiner's Hidden Titles Contest

The Westmount Examiner's Hidden Titles Contest is run with the kind co-operation of Mr. Godel, manager of the Westmount Theatre. Each week twelve passes are given to the six lucky winners who comply with the following requirements: Simply find the two "ads." in the current issue of The Westmount Examiner in which the names of the two feature pictures being shown at the Westmount Theatre during the first half of the coming week are hidden. Submit all answers to The Contest Editor, The Westmount Examiner, 2191 Hampton Avenue, using the special coupon provided in each issue for the purpose.

Contestants must be over 16 years of age. Residents of Westmount, only, are eligible. All answers must be in the office not later than Wednesday, and the names of the winners will be published in Friday's issue. A convenient coupon will be found elsewhere in the paper. The winners are drawn from among those who submit the correct answers as, unfortunately, it would be impossible to give passes to everyone submitting the right answers. The winners of last week's contest are as follows and their passes will be received in today's mail: Miss G. A. G. Massy, 331 Clarke Ave., Apt. 36; Mrs. G. F. Livermore, 126 Irvine Ave.; Eileen Walsh, 92 Somerville Ave.; J. L. Nelson, 414 Victoria Ave.; Miss L. Moore, 456 Grosvenor Ave.; Victoria Tuyl, 380 Clarke Ave.

THE FORUM

In Which Subjects of General Interest Are Discussed

Conducted by HOWARD S. ROSS, K.C.

For the last generation, the great city of Sydney, Australia, in raising its local revenue, has exempted from taxation all capital invested in homes, business blocks and factories, while at the same time taxing into the public treasury a correspondingly greater proportion of ground rent, thus decreasing the selling price of land, and making sites more available for improvement and difficult to exploit in a speculative way.

Alderman Firth of the city, speaking recently in New York said: "Population has moved out, with no overcrowding in the suburbs where land had formerly been held for a rise. The vacant areas have been peopled and the houses have spread themselves out, because the inhabitants have not been held in by a ring fence of monopoly prices for land. The growing population has got land cheaper than it otherwise would; and this has ensured liberal space for each house."

The effect of the abolition of taxation on buildings, and the raising of all taxation from land values, has enabled our city to occupy an area about the same as the city of London, which has practically six times our population. Any suggestion to go back to the old system of taxing buildings would not even be calmly discussed in this city. Public opinion is overwhelmingly in favor of the present system."

The stranglehold of speculation has been relaxed also in many parts of New Zealand, where taxes have been shifted from productive capital to ground values, with consequent new growth of workmen's homes and agricultural small holdings.

The Sydney system has been used for a generation in the thriving city of New Westminster, British Columbia, described as follows by the mayor in an article published in the American City (March 1935): "It now has the largest invested capital, per person, of any city in the Dominion of Canada, and this capital investment is not in inflated speculative land value but rather in factories, machinery, stores and goods. Population and industry have boomed, but land speculation has been buried."

The new name for this tax is capital-relief-tax or "capretax." Capital and labor alike have been oppressed for centuries by land tenure growing out of aristocratic conquest of the Middle Ages, and our fiscal methods are inherited from the aristocrats of Europe, who sought by manipulation of the fiscal power, to protect their ground rents from taxation. That the land system in all the so-called civilized countries is like a silent, unseen blockade against the welfare of people of every nation, is now being emphasized by Mr. Francis I. DuPont of the munitions family in a series of private letters addressed to 'Fellow Georgists.'

Speaking of unpleasantry, our own North American F.D.R. got a lot of local cheers this week as he dove into the sea of war, or was it the Sea of Japan? It's all right, and it helped to kick Justice Black and the K.K.K. off Page One. But I'm trying to figure out what kind of big type some of the down-south editors'd use if they thought the Yanks said west to thought China healthy for the Chinese, and later found out it was all to keep China fit for dividends of oil and ciggy magnates!—Ashley W. Cooper in Montreal Gazette.

The Rambler

By FREDERICK P. FAILES

Two or three days after Christmas a terrific storm raged about the little Northern Ontario town where we were fortunate enough to again spend the festive season. A fierce wind, accompanied by snow and hail, swirled about the house and beat a tattoo against the window panes. Suddenly, above the symphony of the storm, we heard a steady drone. Unmistakably the sound of an airplane engine right above. Amazed, we went out on the front porch in an effort to see the plane. The storm was raging so fiercely that we could not see more than ten feet ahead, but there above was the plane, invisible from our position but raising its voice above that of, and as if to challenge the elements. We assumed, and later we verified, that it was a machine of Trans-Canada Airways on its regular run, right on schedule with His Majesty's mails.

Officials will tell you that Trans-Canada Airways is still in the experimental stage, and being subjected to the most rigid of tests. By mid-summer of this year the service must be as nearly perfect as Canadian aviation brains can make it. During the winter months, and over the most hazardous territory these tests are going on. Trans-Canada Airways is being pushed to the limit. There is no doubt but that the post-Christmas flight, referred to above, was about as severe a test as could be made.

Our guess is that the machine was not up there by accident, but a Canadian pilot doing his part to perfect Canada's latest air venture. We even learned the pilot's name, but prefer not to publish it but rather allow him to stand as the unnamed symbol of Canadian pilots.

A few weeks ago we had occasion to visit a downtown Montreal office. Our official business finished, and a few minutes to spare, we participated in a little unofficial chatting with the office staff. On top of a filing cabinet, and serving at that moment as a combined prop for a ledger and a hat rack, stood a trophy. It looked liked like quite a trophy, so we drew closer to inspect more thoroughly. It was the McKee Trophy "to be awarded annually for meritorious service in the advancement of aviation in Canada."

There have been many famous names engraved on that trophy since it was first awarded in 1927, and we are offering ten-to-one odds right now that before many years passed further plates will carry the names of one or more of our present Trans-Canada pilots.

We cracked a smile as we finished. I will neither kill nor help kill. When it seems expedient to you, as it soon must, to make an example by punishment of those who will not obey your laws and who appeal to others not to obey them, I offer myself for that service to my country.—Frank Stephens.

Clarkie has passed along. He died at the controls of his machine in the remoteness of the Quebec bush while doing "a job of work"—his favorite phrase. There are thousands of prospectors and miners up north who will voice with us the opinion that the name of Wilson Clarke—or just plain, "Clarkie"—should be on that trophy. Perhaps it is still not too late to do so posthumously.

A great, state wide fiesta will lead up to the opening of the 1939 California World's Fair February 18.

BOYS' BRIGADE TO COMMENCE NEW STUDIES

Members of First Westmount Company Will Take Up Course to Earn Fireman's Badge

Members of the First Westmount Company of the F. Y. S. Brigade of over two years standing are to be given an opportunity to earn their Fireman's Badge, it was announced this week. Arrangements are being made by the Captain for this course to be started immediately so that the badges may be awarded during this session. Last year a number of boys undertook the work and will be awarded their badges shortly.

The First Sunday in February has been set aside by the Brigade as their annual "Peace Sunday," when companies throughout the world write in prayers for world peace and the establishment of Christ's Kingdom upon earth. Every Company Bible Class will deal with this subject as well as conduct, during the week, a series of study groups on "The League of Nations and its function." A Brigade certificate is awarded to boys who enter into this study group and complete the necessary requirements. The First Company will have a number of boys taking part.

The Company's essay on "How does alcohol affect the human body" will close tonight and the prize winners will be announced the following week. Winning essays will be forwarded to Brigade Headquarters to compete for additional awards.

Last week the following boys received their official membership badges: Thomas Hannah and Derek Ramsay. A Brigade Diary was awarded to Harold Fairhead for having so ably constructed a stretcher for the First Aid Class. This work deserves credit and is much appreciated by the Captain and officers.

SPEEDBOAT RECORD

Guido Cattaneo, Italian motorboat pilot, made a new world record for the mile for 800-kilogram boats on Lake Maggiore, averaging about 95 miles an hour. Previous record was 82 m.p.h.

MAKING PLANS FOR C.C.F. EVENT

Fourth Annual Old Time Party Will be Held at Victoria Hall

The Fourth Annual Old Time Party, under the auspices of the Mount Royal Constituency Organization of the C.C.F., is being held this year in the Victoria Hall, Westmount on February 2nd. By holding this party in a more central location than has been done in the past, it is expected that it will be more popular than ever.

An excellent variety program is being planned to start the evening off, after which there will be dancing for all those who include in that pastime, which includes almost everybody whether jitterbugs or just fox-trotters.

The Mount Royal Constituency Organization of the C.C.F., which was formerly known as the Notre Dame de Grace C.C.F. Club, is now part of the Montreal Central C.C.F. Association. Therefore it is believed that with this Association interested in its success, the Old-Time Party this year, and the years to follow, should be bigger and better than ever.

Plaids Effectively Used on All Clothes

Plaids are scattered lavishly over the whole winter sports scene. Lelong uses them effectively in an evening ensemble. Its floor-length coat has a lumber-jacket top of bright red plaid with a buttoned double-breasted closing and a black wool skirt. The dress, of the same, has a bodice plaided in an openwork design. It fastens down the front on heavy gold square clasps and chains. A long plaid wool scarf may be worn with either coat or dress.

P. C. Leslie, T. C. Fleming, W. Bruce Taylor, Hugh Walkem, Rev. W. Orr Mulligan, Dr. A. R. M. McLean, C. H. McFarlane, Mr. and Mrs. E. C. Common, Dr. C. F. Crutchlow, Dr. A. D. Campbell, Guy Tombs, George A. Campbell, K.C., W. R. Bulloch, M.L.A., Gordon Hyde, K.C., J. V. R. Porteous, Dr. Wesley Bourne, George S. Layton, O. Mowatt, Capt. H. Marquette, C. J. WINDSOR MAY FLY TO MOTHER, LEAVING DUCHESS IN A HUFF

The Duchess of Windsor, left above, is reported to be greatly angered because the Duke plans to leave her at home when he makes a quick airplane visit to England soon to see his ailing mother, the Dowager Queen. Photo at right above is one of the last taken of Edward and his mother together. He was still King and she was helping with Armistice Day services at the Cenotaph in London.

Calvary Church To Hold Young People's Service

On Sunday night in Calvary Church, the minister, the Rev. T. W. Jones, will preach on the theme "The Art of Finer Living."

The entire service including the sermon will be specially intended for young people and an endeavor will be made to answer questions which young people are asking concerning the difference which Jesus Christ makes to life. Young people of the church will assist in the service.

At the morning worship Dr. Jones will continue the series of Bible Study services, the theme of the sermon being "Gloom and Joy in the Christian Church." The Junior Choir under the direction of Mrs. W. S. Walker and Miss V. Jamieson will lead the choral worship at this service. The guest preacher at 7.30 p.m. will be the Rev. Denzil G. Ridout, P.R.G.S. of Toronto, who will deliver an address on the Romance of Missionary Enterprise in Newfoundland and the Labrador.

'Momentito, Senor' Marks Lima In A Lighter Mood

"Momentito, Senor." It means, "Wait a very little minute." It also may mean to wait until manana. And it may mean to wait after tomorrow until pasad mañana, the day after tomorrow.

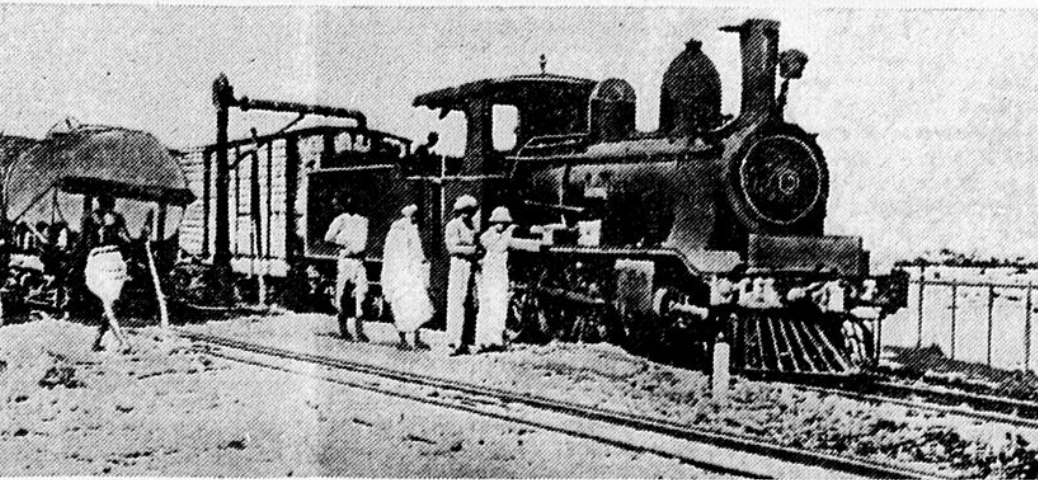

For all that, "Momentito" is one of the pleasantest expressions in any language. It rings, bell-like, in the trill of Spanish voices. But it does not always mean that the telephone bell will ring at the other end of that important call. Visitors to Lima for the Eighth Pan American Conference come to like "Momentito" after it has done the important work of unrelaxing them from their notions of hurry and efficiency.

"What we need is some efficiency experts," lamented the young Peruvian secretary as he struggled with arrangements for an unexpectedly large force of foreign correspondents.

Yet with enough reservations to placate the efficient ones who have not yet succumbed to the dulcet tones of "Momentito," visitors sooner or later come to admire the splendid first Pan American Conference.

Take the question of adding two stories to the Gran Hotel Bolivar. It has been done. The towels are so new they won't dry any but the most blotter-like epidermis. The clangor of beds in process of installation greeted late arrivals spots.

Tasmania's Fruit Export Season Best in Some Years

Much of the prosperity of Tasmania depends on the fruit industry and the season which has just ended was the best for some years. There was a good demand in the United Kingdom and prices reached a high level. Packing and grading showed a great improvement on former years; the fruit was superior in appearance and condition and there was less bruising than formerly.

A total of 42 different varieties of apples was shipped, the most popular being Sturmers, followed by Cleos, Jonathans, Scarlet, Scarlet Pearmain, and Cox's Orange Pippins in that order.

Pear shippers also did well and as much as 28 shillings and sixpence a case was obtained on the London market. Of the 27 varieties shipped, Beurre Bosc was the most popular, followed by Comice, Marceau, and Winter Cole.

But Let's Have Fewer of Them

When a press association story on the Texas Century-Century football game referred to "shoddy fumbling in tight spots," the college publicity service broadcast an indignant denial to all Texas dailies and wire services. "There was nothing shoddy about T. C. U's fumbles," Coach Dutch Meyer was quoted as saying. "They were all first-class A-number-One fumbles."—Editor & Publisher.

Boys in Virginia To Run Own State

Further plans for the opening of the "Boys' State" at Blacksburg, Va., where all of the phases of operating a government will be in charge of 250 boys from the junior classes of Virginia preparatory and high schools, was announced by Wilmer L. O'Flaherty, of Richmond, national executive committee member of the American Legion.

The Boys' State Encampment, as it is known officially, will be operated for one week and will become a part of the National Youth Program of the American Legion, inaugurated by the Department of Illinois several years ago. Mr. O'Flaherty said after his return from Indianapolis, where he attended a National Executive Committee meeting.

Stamp Club Plans Meeting Tonight

A talk on stamps and a stamp competition will feature the meeting this evening of the Westmount Stamp Club at the Westmount Athletic Grounds. An auction and a period of exchanging are also to be held.

Members and others who intend to have a display at the stamp exhibition taking place on March 3rd and 4th should reserve their frames at the meeting tonight.

TROOP TO HOLD THIRD ANNUAL ENTERTAINMENT

St. Matthias Scouts to Take Part in Varied Program in Church Hall Tonight

Scorning the bogey of "Friday 13th" the St. Matthias' Scout Troop are producing their Third Annual Entertainment at the Parish Hall, this evening, at 8.00 p.m.

The feature of the evening will be the performance of the modern mystery comedy: "The Uppin Arms Affair". It is a play full of climaxes and surprises, and the actors include John Inglis as Glader, a detective; Kenneth Brown as Gelby, a bellhop; David Parsons as Destinn, the hotel manager; Philip Lyster as Garrick Conlin, the handsome actor and Alan Brown as Laura, the attractive heroine. Rehearsals have been underway throughout the Christmas vacation and the actors show much promise.

Other items include some of the stunts from the various camp fire programs held last summer at Camp and now revealed to parents for the first time; comic songs interpreted by Herbert Wofnor; and musical selections by various members of the Troop.

These entertainments have been very well received by parents and friends in the past, and have reached a standard. This year's performances shows every promise of exceeding the success of the two previous years.

Totalitarian "Pants" On British Troops

A Liberal National Member of Parliament, Mr. Edgar Louis Granville, would like to have the defenders of Britain's shores wear "totalitarian" pants. Britain's territorial forces, which man coastal and anti-aircraft defenses, wear tight khaki breeches with wrap leggings. In Europe's totalitarian countries, the men usually wear pants cut like slacks, tucked into heavy leather boots.

Mr. Granville filed notice today of intention to ask War Secretary Leslie Hore-Belisha in the House of Commons if he were aware "that the cut and texture of the trousers of the territorial army compare unfavorably in appearance and comfort with the lower garments worn by troops in totalitarian countries and will you take steps to rectify this?"

Rev. R. Bruce Hallett To Be Guest Preacher

WESTMOUNT BAPTIST CHURCH

On Sunday morning at Westmount Baptist Church, Rev. J. A. Johnston will preach on "What It Means to be 'In Christ'." To be "In Christ" does not make men less efficient but more so it vitalizes them, not only morally and spiritually but even physically and mentally. It gives them a nerve, a creativeness, an exhilaration which no other experience in the world can impart. It keeps up life to a new pitch of zest, gladness and power," the minister states.

On Sunday evening Mr. Johnson continues the True or False series of addresses, the subject will be: "A Back-slidden Christian is still a Christian—True or False?" What is the status of the so-called "Back-slidden"? Did the Prodigal cease to be a son when he set out

for the Far country? Is there any difference between an Ap. late and a Back-slidden? There is no question as to the interest or the practical nature of these questions.

The mid-week Spring of Inspiration takes place Wednesday evening at eight o'clock.

THE WAY TO A MAN'S HEART

Dishes So Tasty Life Seems Just A Can Of Cherries

Yes, life may be more than just a can of cherries. But a Dutch cherry cake will make it seem pretty complete for the time being. Better add cherry slaw to your list of minor distractions, too.

Cherry Slaw
(Serves 4 to 6)
One and one-half cups shredded cabbage, 1 cup finely sliced celery, 1 large green pepper, cut in julienne strips, 1 No. One can red cherries, light mayonnaise, crisp lettuce leaves.

Cut cherries in half, removing pits, combine ingredients. Serve chilled in crisp lettuce cups as a luncheon, not a dinner, salad.

Dutch Cherry Cake
(10 to 12 servings)
This is a large recipe, making enough for serving hot at dinner and cold for tomorrow's luncheon.

One-quarter cup shortening melted, 2 cups (No. Two can) sour red cherries drained, 1 1/2 cups sifted flour, 1/4 teaspoon salt, 3 teaspoons baking powder, 1/4 cup sugar, 2 eggs separated, 1/2 cup milk, 1 teaspoon vanilla or almond extract.

Sift flour, measure, add baking powder, salt, 1/2 cup sugar and sift together three times. Beat egg yolks and combine with milk, melted shortening and the extracts. Add liquids to flour all at once and beat until smooth. Fold in the cherries, then the stiffly beaten egg whites to which the remaining sugar was added.

Bake in well greased pan (7 by 11 x 1 1/2 in.) or in individual baking dishes or muffin pans. Use a moderate oven (350 deg. F.) for 50

minutes or until done. Serve either hot or cold with hot cherry sauce, or top with whipped cream and garnish with individual cherries.

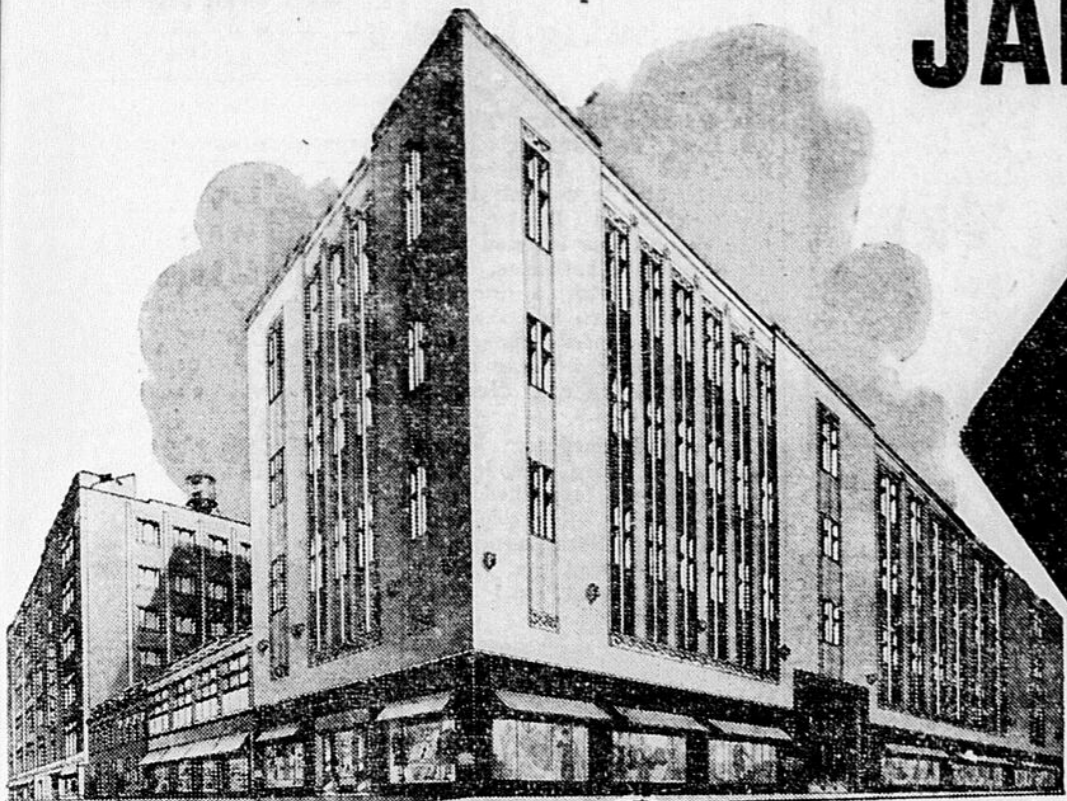

Hot Cherry Sauce
(10 to 12 servings)
One and one-half tablespoons cornstarch, 1/4 cup sugar, 1/4 cup cold water, 1 cup liquid from cherries, 1

tablespoon shortening, 1/2 teaspoon almond extract, 1 cup cherries.
Bring liquid from cherries to a boil. Combine cornstarch, sugar and cold water and add to the hot cherry juice. Stir constantly until sauce boils. Remove from heat and add shortening, extract and cherries. Serve hot sauce on either hot or cold Dutch cherry cake.

"Four's A Crowd" Year's Most Laugh-Packed Hit

Errol Flynn loves Olivia de Havilland, who has a yen for Patricia Knowles, who is that well-known way about Rosalind Russell who goes for Errol—but big!

That the title is an apt one becomes more and more apparent as the amours of the handsome young quartet get more and more involved. Then in steps Walter Connolly—grandpa to Olivia, and an ill-tempered captain of industry with an all-absorbing interest in his miniature railroad—to further complicate a not altogether simple situation.

Flynn is a high-pressure public relations counsel, whom Knowles hires as editor of his paper, at

the urgent behest of Miss Russell, a sob sister who has something more than the interests of the newspaper at heart. Flynn's brainstrom for building circulation is a series of articles denouncing Connolly. Then, playing both ends against the middle with gay insouciance, Errol proceeds to sell himself to Connolly as a press agent and a grandson-in-law, and to become engaged to Rosalind. That the final scene has the four romantics in a marrying mood and Connolly in a state of apoplexy is all we're going to tell you about the swell surprise finish.

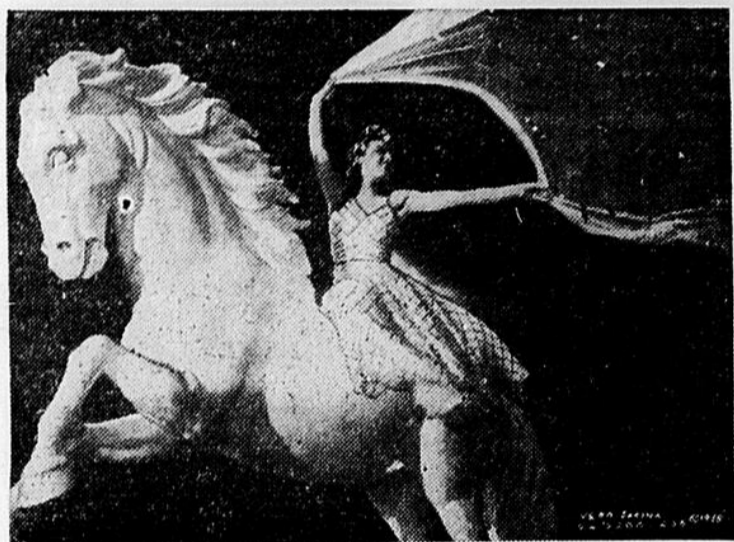

Flynn, Miss deHavilland and Knowles, who so recently covered themselves with glory in the Technicolor production "The Adventures of Robin Hood" prove to be just as effortlessly at home in ultra-modern comedy.

Wig Expert Had To Count Hairs On Stars' Head

At least one man in the world knows how many individual hairs there are in the human head.

He is Jack Dawn, Hollywood make-up expert, who not only counted 'em but as a result ordered 750,000 hairs for the 5,000 wigs used in "Marie Antoinette" which is now playing at the Snowdon United Theatre.

"There are approximately 150,000 hairs in the average head," smiled Dawn. "If you don't believe me, count them yourself." With his order, Dawn has rejuvenated art.

"There are only a relatively few people, mainly women," said Dawn, "who can make the type of white wigs we used in the picture. The secret of their trade has been handed down from mother to daughter for generations.

"To make a wig, the 150,000 hairs must be knotted singly into a lace net. An expert can complete a wig in 48 hours."

Norma Shearer, who creates the title role in "Marie Antoinette," has extremely fine hair, according to Dawn, and has 170,000 or more hairs in her head. "I didn't count them," Dawn said, "and that is merely an estimate."

M.R.T. To Produce "Trivial Comedy" By Oscar Wilde

With interest of theatre-lovers aroused again in Oscar Wilde through Robert Morley's outstanding play dealing with the life of the playwright running currently in New York, the M.R.T. feels that the time is ripe for the often-suggested production of "Importance of Being Earnest."

One of the brightest and best of Wilde's plays, this "trivial comedy," set in the days of 1895, is not only entertaining in its wit and sparkling life but also in a portrayal of gaiety and manners of a period which is fast becoming "historic."

In the M.R.T. production, Jack Ralph, winner of the award for the best male performance in last year's Regional Drama Festival, will play the role of Jack Worthing, the inventor of Ernest, and Cecil West that of the irrepressible Algernon Moncrieff, the apostle of "Bunburyism." Marcelle Butler, will be seen as Hon. Gwendolyn Fairfax; and Gillian Hessey-White will appear as Cecily Cardie, the young and pretty, but by no means simple, country maiden. Cecily Hessey-White will play the part of Lady Bracknell and Hilda Mulvaney Gray that of the redoubtable Miss Prism.

Four tunes have just been written by Burke and Monaco for Bing Crosby's forthcoming production, "East Side of Heaven." There's the title song also, "Be-ware," "Count to Ten" and "Sing a Song of Sunbeams." The latter comes closest to being a romantic title, and it turns out to be the theme song for a taxicab company.

'Garden of Moon' Introduces Five New Swing Tunes

Five new songs, each of them regarded as a sure-fire hit are introduced in "Garden of the Moon," the new Warner Bros. musical which is now playing at the York United Theatre, with John Payne as its featured vocalist. Payne, the handsome, dark-haired youth with a caressing voice who stepped into the role originally intended for Dick Powell, shares the acting honors with Pat O'Brien and Margaret Lindsay.

Probably destined for biggest success is a lilting melody sung by Payne which is entitled "Confidentially." His other solo numbers, also infectious tunes with toe-ticking rhythms, are "Love is Where You Find It" and "Garden of the Moon."

The two other songs are of the many people they will undoubtedly be the most enjoyable features of the production. They are entitled "The Girl Friend of the Whirling Dervish" and "The Lady on the Two-Cent Stamp."

All five of the songs were written by a trio of songsmiths who, individually and collectively, have many other hits to their credit.

Walter Aspell As Tic Toc Guest

An extra treat was provided for patrons of the Tic Toc Cabaret on Sunday evening, with the appearance there of twelve-year-old Walter Aspell, recently returned from Hollywood, as guest artist with Jean Sablon and Nan Blackstone, appearing with an excellent floor show.

Young Walter will be remembered as winner of the recent United Theatres Talent Quest, first prize of which was a trip to New York and Hollywood, where he was tested for screen work by movie directors.

Introduced by Billy Viner, the younger scored quite a hit in Sidney Tapley's showplace with his rendition of "Hurry Home" and other numbers, to say nothing of some sprightly chatter with the inimitable m.c. We predict a bright future for young Aspell.

Daffy Ritz Bros. At The Races In New Screen Hit

Damon has those Ritzes on the Runyon! In other, and more sober, words, this means that the daffy Ritz Brothers are starred in Damon Runyon's "Straight, Place and Show," which is now playing at the Seville United Theatre, until Sunday.

The film shows the Ritzes off (as usual) to the races, where they buy horses, sell horses, rent horses, steal horses—in fact they are a little hoarse themselves before the story reaches its 149th, and final, climax of laughter.

Based on a play by Damon Runyon and Irving Caesar, the comic story is spiced by a romantic triangle between Richard Arlen, Ethel Merman and Phyllis Brooks.

The Ritzes play a tie of down-and-out pony track operators thrust into big-time racing when Richard Arlen bestows a thoroughbred on them. In characteristic fashion they build the story up to a series of hilarious high spots topped by their having to race so that their own entry can win.

Too Busy Being Funny to Become A "Matinee Idle"

When Cesar Romero came to Hollywood for the first time to the superfluity of tall, dark and handsome men gave rise to the all-too-true witticism, "matinee idle."

However well he fitted the description, the gag never applied to Cesar. After a few essays as a "heavy" or a Latin lover, the suave player was given a sophisticated comedy role in "Happy Landings," recent Sonja Henie hit, and found his screen forte.

It was Romero's beautifully done portrayal of Khoda Khan in Shiraz Temple's "Wee Willie Winkie" that induced Darryl F. Zanuck to place him under contract.

With customary acumen Zanuck tried his new player in varied roles until he "clicked."

Cesar is seen as the playboy son of a Fifth Avenue fashion merchant in Sonja Henie's newest triumph, "My Lucky Star," now playing at the Monkland United Theatre. Replete with smart comedy situations, the role is a featured one with Joan Davis and Buddy Ebsen. Richard Greene is starred with Sonja Henie in the film.

Y.M.H.A. PLAYERS TO PRESENT 'BIRTHRIGHT'

Richard Maibaum's powerful play, "Birthright," depicting the plight of non-Aryans under the Nazi regime, will be presented by the Little Theatre of the 'Y' this Saturday, Sunday and Monday at the Y.M.H.A.

The proceeds from this play will be devoted exclusively to the assistance of refugees from Germany. It is pointed out that this week more than one hundred men and women, boys and girls escaping from Germany, spent their time in Montreal on their way to Australia.

The cast includes Allan T. Cohen, Irving Mendel, Reuben Al-

PERSONALITIES

Murray McEachern, local lad who once tooted a trombone for George Sims at the Venetian Village, is currently starring on trombone, trumpet, saxophone, clarinet and tuba with Glen Gray's Casa Loma crew in Manhattan. Christopher Ellis limped to the studio for his eleventh-hour newscast Sunday eve, landed in bed with a painful knee Monday, and listened to Gordon Young air the news in his place this week. Ellis has missed less than twenty radio dates in his several years of broadcasting. Maxwell-Lyte, whose delightful interpretations of folk songs thrilled an audience of boiled shirts: a low-backed gown Wednesday at Victoria Hall, m's her Canadian radio debut next week at a time as yet unannounced. Ivor Francis, the 21-year-old lad who handles the morning newscasts through C.F.C.F., is remembered locally as the star of the famous West Hill production of "Romeo and Juliet," which created a sensation here several years ago. Billy Bissett, whose music won favour locally when he was maestro at the Windsor Hotel in 1935, broadcasts to Canada from London via Daventry January 18 on Transmissions 2, 4, and 6.

FINALE

Plans are being discussed locally for coverage of the approaching visit of King George and Queen Elizabeth. Networks throughout the world will be linked with CBC for a score of broadcasts during Their Majesties' Canadian sojourn next summer.

Wonder what has happened to those old airline favourites, Johnny Marvin, Dick Fiddler, Alfred Saxe, Charlie Chappell and Raymond "Cuckoo" Knight? Hina-Matsuri, Japan's classic Festival of the Dolls, will be staged on Treasure Island by the San Francisco Japanese colony March 3.

Plans for construction of a CBC building in Montreal, as revealed this week by gazettes across the country, were hinted in this space several months back. However, despite present press comments, it is doubtful that any action will be taken for some time to come. CBC's ban on Father Lanphier for radio electioneering in Toronto has attracted front page attention throughout America. Hollywood's News-Citizen bannered the story, and several journals have approved the move editorially. Annual reports of CBC activity released this week, reveal that over \$2,253,000 rolled into Corporation coffers during the past year. Of this

LOCAL SPORTS CHAMPS HEARD OVER RADIO

Lawrence Fuller and Alex Riddle, Youthful Skiers, Are Interviewed

Four top sports champions — two of them from Westmount — were featured on the "Voice of Youth" radio program through CBM Tuesday evening when ski news was blended with views on fencing.

The two Westmount youths to face the microphone were Lawrence Fuller and Alex Riddle. Both are 16. Fuller last Saturday won the C.A. championship with two jumps of 98 feet. Riddle was champion last year. Saturday he jumped 137 feet and 150 feet, but fell after each jump.

Asked what he thought about when up in the air, Riddle replied that he merely concentrated on leaning forward enough to prevent his being thrown backward on landing.

Fuller, who has been risking his neck on ski jumps for only a few years, revealed that this was only his second season on the big jump. Fuller said that four of his pals at Westmount High now use the big jump.

The boys discussed at some length the special heavier skis used for jumping purposes.

The other two speakers on the program were Rhoda Martin and Peggy Beal, two of Canada's foremost women fencers. Miss Martin is instructress in fencing at Sir George Williams College. She was runner-up in the women's finals for the Dominion Championship last year.

Miss Martin recalled her championship tussle with Miss Hughes Hallett here last year. She hinted that the championships would probably be held in Winnipeg this year.

Miss Beal, who is the daughter of a Y.M.C.A. secretary who served for twelve years in India. Miss Beal was born in India, but learned all her fencing in this city.

Some sort of a record was set in the National Hockey League during Christmas week-end of 1938 and New Year's week-end of 1938-39. Games are usually played on Tuesdays, Thursdays, Saturdays, and Sundays. But both these holiday week-ends saw games on four straight successive nights.

Wizards and Grads Leaders In House Basketball Group

Addition of another team in the junior division of the Westmount "Y" house basketball league was necessary last Saturday afternoon. Seven teams are now entered and will provide a full program of basketball from 1 until 2:30 each Saturday.

Two intermediate teams, the Wizards and Junior Grads continue to vie for supremacy, the Grads winning in the last game on Saturday.

The Yot-Mots, a team of previous years made their first appearance last Saturday in a practice game with the Royals and the Meteors will play future games in the Senior boy's time, from 3 to 4 o'clock.

Thirsty Ship Is The Queen Mary

The Queen Mary is a very thirsty ship. When it takes a drink it consumes 1,400,000 gallons. If there were many liners of its size the people of Southampton, Eng., might go short of water, which is one of the reasons why the Town Council has decided to draw for its supplies on the River Itchen which was immortalized by Isaac Walton, the "Compleat Angler."

At present Southampton's water supply comes from the chalk hills of Hampshire through 600 miles of mains, but 700 years ago it trickled through wooden conduits laid down by Franciscan friars. The friars' waterworks, said to be the earliest in the country apart from those in London, served Southampton, until the beginning of the nineteenth century.

Student Meeting Discusses Peace

Out of a model world conference staged by university students comes the proposal to set up a "truly universal society of nations" which can iron out the troubles of the world. The conference was held at the University of Chicago in Chicago recently, but the students participating came from eight Middle Western universities and colleges and posed as delegates from 20 nations.

Arriving entirely prepared on just the stand their own nation would have to take on questions of economic readjustments, trade barriers, currency stabilization, colonies, boundaries and minorities, arms limitations, and the organization of some kind of peace machinery to pull the world out of its present chaos, the students attempted to assume the necessary stand of the nation they represented.

Friends of England's Lakeland Unite to Keep Scenic Sites

During the last 20 years several stretches of mountain land in the Lake district of Westmoreland and Cumberland have been donated to, or acquired by, the National Trust. A movement is on foot to unify these tracts of country into a National Park. To this end an Association has been formed under the title of "Friends of the Lake District."

One of the chief aims of the Association is the control of building planning. There are at present seven separate planning authorities in Lakeland, having no common standard and in no way bound to consult each other. With mountain climbing, hiking, and holiday-making in Lakeland becoming more popular year by year, the eyes of the builder have also been turned in that direction. Planning schemes which are already in hand do not treat as a unit what, it is hoped, may in the future be a national park.

Another problem before parts of Lakeland is that of afforestation. The Forestry Commission can exercise compulsory purchase when and where it pleases. But after a long campaign, it has agreed not to plant in 300 of the 700 square miles of the essential Lake district. But outside this the only control to which the Commission need submit is that of the Treasury.

Underground Cables Preferred
Yet another menace to hitherto unspoilt beauty is that of the electricity pylons carrying the 33,000-volt cables. Here the lovers of Lakeland are up against the Central Electricity Board. They ask that the pylons be kept outside the Lake district, and that the lower power cables carrying the current from them to villages inside be run underground instead of being carried on heavy wooden poles. One supply company has already done this.

Lakeland already has been heavily drawn on to supply industrial Lancashire with its water needs. In the 1880's Manchester took Thirlmere and 10,000 acres; and in 1919 further parliamentary powers were given for the purchase of Haweswater with 24,000 acres of watersheds, but, thanks to the Commons and Footpaths Preservation Society, a clause in the Bill insured to the public full rights of "air, exercise and recreation."

Settled Policy Sought
Friends of Lakeland advocate a National Park Commission which would have authority not to "develop" but to "preserve." The question of roads, too, could then be dealt with under a settled policy. Motoring highways, it is said, may attract the tourist, but they do not add to the beauty of the country.

Access to the fells, to which there has always been a generous tradition of freedom, could be watched over by a Park Commission. Daleheads, lake shores, and fell sides could be protected from the builder. One good mark can be scored up to Lakeland; so far it is free from the blatant advertisements which disfigure so many of the roads in England. But if Lakeland were turned into a National Park, it could be protected and preserved as a whole instead of piecemeal as hitherto.

Annual Cross Country Ski Race on Saturday

The annual "Mount Royal Cross Country Race" will be held on Saturday, over a course of about seven miles.

The race is open to Class A, B, and C men competitors, at least twenty years old as at January 1st, and in possession of a zone card. There will be adequate prizes.

November Airline Business Better

The 18 airlines in the United States carried 103,507 revenue passengers during November, an increase of more than 50 per cent over November, 1937.

The Civil Aeronautics Authority reported the airlines flew a total of 5,776,499 plane miles and 41,408,829 passenger miles, and carried 685,389 pounds of express. In November, 1937, the airlines carried 68,681 revenue passengers.

Violation of Treaty On Whales is Charged

Charging violation of an international treaty banning the killing of undersized and nursing whales, the Federal Government in New York held 1,000 tons of whale oil seized from the whaling vessel Frango.

Assistant U. S. Attorney M. C. Cary filed a \$150,000 libel against the cargo. Mr. Cary said the Government acted after Lieut. T. R. Midtlying, a coast guard officer stationed on the Frango, reported that, despite his protests, the crew of 117 had slain 27 nursing cow whales and 31 undersized whales less than 35 feet long off western Australia last summer.

British To Survey Pacific Islands

The British cruiser Leander has landed engineering and surveying parties on Hull and Christmas Islands, it was learned here recently.

The small South Pacific Islands have assumed significance in recent years with the development of trans-Pacific aviation. The islands would form potential important links in any development of an air route between Western Canada, Australia, and New Zealand.

'Y' TO TEACH BASKETBALL

The Westmount Y.M.C.A. has decided to change the House League Basketball on Saturday afternoon from a league competitive affair, composed entirely of league games, to a "Basketball school" at which time older basketball players will act as coaches for the various teams present. More emphasis will be placed on the fundamentals of the game, making sure the boys understand these fundamental principles.

It is the hope that next year a coaching school can be organized for both basketball and swimming to train the various leaders in those aspects of the sport which will better qualify them as leaders.

Amateur Sports Taxation In Province Held High

Representatives from every amateur sports group gathered Monday night, at the Queen's Hotel to attend the meeting called together to take up with W. R. Bulloch, member of Westmount in the Provincial Parliament, various matters in conjunction with Mr. Bulloch's right for relief of Provincial amusement taxation charged on amateur sports in this Province.

One of the big features of the meeting was the comparison shown between Ontario and Quebec. In Ontario amateur athletics were absolutely free of taxation. In Quebec the taxation amounted to twenty per cent of the gross gate, it was stated.

A small lacrosse, baseball club or other club, it was pointed out, in Quebec would take in probably eight hundred dollars for the season. Taxes would amount to nearly two hundred dollars. The club would probably operate at a loss and the Provincial government would have made two hundred dollars on an amateur sports venture, where everyone had given their services free.

It was also pointed out at the meeting that Montreal was looking forward to the British Empire Games in 1942 and it was held unlikely that the officials would send the Empire games into a Province where amateur sports were taxed to such a high extent.

Mr. Bulloch, one of Montreal's leading amateur sportsmen, spoke, as did a representative of each sports group present. Mr. Bulloch is taking the matter up at the next session which opens on Jan. 18th.

The following resolution was passed unanimously: "Whereas the burden of taxation of amateur sport in the Province of Quebec has seriously affected its

promotion and aggravated the financial problem of the different organization;

And whereas the taxation takes out of the revenue received monies which would usefully be used for the promotion of sports among those who are unable to do anything towards the expense, particularly among the juveniles and youths.

And whereas the taxation prevents many organizations from charging small admission fees which could be used in furthering such sports.

Be it resolved, that the fully accredited delegates of the organizations respectfully appeal to the government of the Province of Quebec for this relief and respectfully appeal to the government of the Province of Quebec for this relief and respectfully suggest that the prohibitive taxation be abolished which in many cases is so burdensome that many organizations have been unable to function."

The following delegates attended the meeting: Norman Gillespie, Dennis White, Art La-Pierre, W. Phillips, C. Goat, Sylvia Mireault, G. Bonner, J. Knight, O. Mireault, G. S. McKeller, A. Lapointe, Bill Roper, Art Durocher, R. W. Spicer, R. Leighton, Richard Brayley, H. Brosseau, R. Prioulet, and J. Legault. Norman Gillespie was in the chair.

Many Are Entered In Golden Gloves

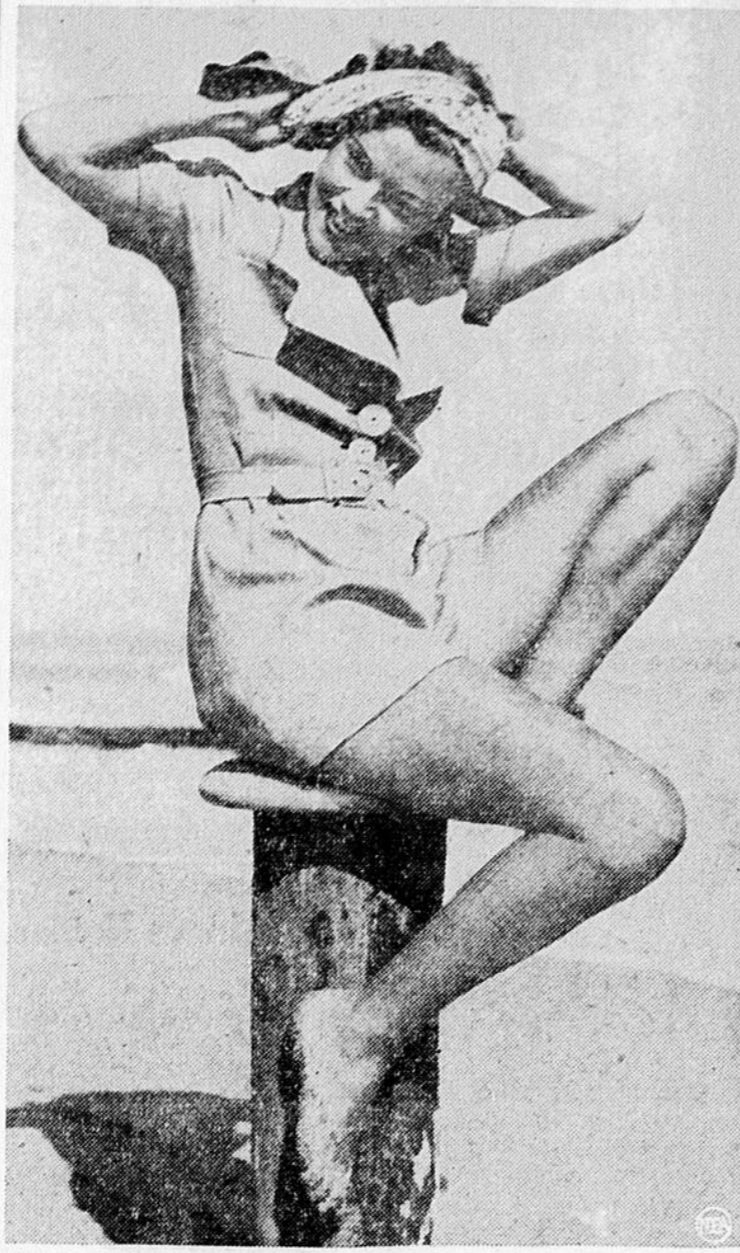

In the 1938 Golden Gloves the starters list amounted to six hundred and forty two which made the tournament the biggest that was ever held in the British Empire. The 1939 Golden Gloves will outdo the 1938 if the number of early entries is any criterion. Entries from every nook and corner in both novice and open classes have been received at the Golden Glove headquarters. Entries for the Island of Montreal close on Wednesday Feb. 15th and for all points outside of the Island of Montreal entries close on March 25th.

The reason of the early closing date for the island of Montreal is on account of the great number of amateur boxers residing on the Island who are anxious to try their luck in the 39 Gloves and to start the eliminations on or about Feb. 20th. Golden Glove officials decided on this date for Island residents as the training facilities are much more accessible than in the outlying districts.

Charlie McCarthy who is working with W. C. Fields in "You Can't Cheat an Honest Man," was found the other morning with a black eye. When questioned Charlie said, "I have suspicion as to the guilty party, and I will deal with him in my own way. By the way, did you ever see a nose turn from red to black?"

Reunion with Deanna Durbin. The entire production crew, property men, script clerks and cast which launched Deanna Durbin in her first film, "Three Smart Girls" will be with her again to start the first scene in "Three Smart Girls Grow Up." Deanna was thirteen years old when she began "Three Smart Girls." She has now just passed her sixteenth birthday.

DUEL PERSONALITY

Annabella, French film charmer, seems able to relax pleasantly at Miami, Fla., after the nervous strain of having a duel fought over her during her recent visit to Rio de Janeiro.

Canada and Pan America: Does London Point Way?

"Why is Canada not a member of the Pan American Union?" is a question increasingly heard and never convincingly answered in the Dominion.

With the opening of the eighth Conference in Lima, Canada appears to many more conspicuous by its absence than ever. With private and business associations with the United States strengthened by new trade agreements; with the "natural" flow of trade continuing north and south and ever-increasing toward the far south; with the declared ideals and objectives of the Conference largely similar to the Dominion's, and with the undeclared war of the totalitarian states upon responsible government in the Western Hemisphere, why, asks the layman, is Canada not accepting the vacant chair proffered by President Roosevelt?

Premier Mackenzie King is the fitting one to answer that question, if he would. But when ap-

proached on the subject he confined himself to explaining that there is no provision in the Constitution of the Pan American Union for any but Republics and that Canada has no precedent for sending an observer to the conferences.

It is suspected, however, that the real reason for aloofness lies to the east, not the south—that Prime Minister Neville Chamberlain, not President Roosevelt, is molding Canada's foreign policy in the Americas. If it is true, as often whispered, that the British Prime Minister is pursuing a policy of placation where Reichsführer Hitler is concerned and that the whole British Empire is treating lightly so as not to embarrass its spokesman, then Mr. King's attitude is understandable.

If you plan to make stuffing for meat, buy the bread a few days ahead of the time you will need it. Fresh bread makes a soggy stuffing.

The SNAPSHOT GUILD A NEW CAMERA YEAR

Progressing—moving upward into the light—this striking picture could well symbolize the serious camera hobbyist today.

How much did you learn about picture-taking in the past year? How much will you learn in the New Year we are now entering?

This is a splendid time to take stock of yourself, examine your camera progress, make plans for the future. Could the figure on the staircase above symbolize you? Are you standing still—or are you moving upward into the light, reading more about picture-taking, studying your pictures, taking more, and constantly trying to improve?

Much of value is being written these days about taking better pictures. Simple, practical handbooks about photography are readily available. Photo magazines contain much useful information. Manufacturers of cameras and film offer dozens of free pamphlets—not advertising, but practical instruction booklets. Every camera hobbyist should avail himself of these aids, for wider knowledge helps one make better pictures.

Is it your habit to study light and shadow—not just when taking a picture, but in everything you see? Light and shadow are the substances of which photographs are made. Observe them, compare their variations in morning and evening, on sunny and hazy days—and you will learn much about finding pictures that please the eye.

What do you know of color filters—the little devices which, slipped over a camera lens, account for many of the striking "effect" pictures one sees today? Have you studied the simple rules of composition that help you arrange pictures so much more pleasingly? Inexpensive, elementary books on how to make good pictures explain all these things in a manner that any picture-lover can understand.

Why not make the new year a period of study as well as of picture-taking? Broad knowledge is not needed to get pictures, but it helps obtain pictures that are better, more pleasing, more satisfying. And today such knowledge is so easy to acquire!
