St. Laurent Complains Of Journal Editorial; Paper Stands Ground

OTTAWA — (P) — An editorial in the Ottawa Journal commenting on Prime Minister St. Laurent's offer of a public post to Hon. George Drew, retired Progressive Conservative leader, has been sharply criticized by Mr. St. Laurent.

In a letter to the newspaper published Wednesday, Mr. St. Laurent described the editorial as "very unfair." He said it was "based on a statement of facts which is quite inaccurate."

However, The Journal, in an editorial published with the letter, replied that its previous editorial was valid, and "based upon facts."

The first editorial, published Monday, criticized Mr. St. Laurent for statements he made to reporters last Thursday.

It said the prime minister had said he had called Mr. Drew, in a Toronto hospital, and had spoken to him about continuing in the public service "in the Senate or some other suitable position."

The editorial said a Journal news report said Mr. St. Laurent had been asked whether he had the Senate in mind and that he had replied: "Yes, the Senate or some other positions."

The Journal editorial also said the prime minister had said the Senate was "not a particularly strenuous form of service" and that Mr. Drew's party could stand some strengthening in the upper chamber. It added that Mr. St. Laurent's statement presents "a disconcerting precedent," and that this was "that the prime minister seems to be discussing publicly an offer of a senatorship before the offer has been accepted or even adequately considered."

Mr. St. Laurent's letter to the newspaper said he spoke twice to reporters last Thursday about his telephone conversation with Mr. Drew — at an interview at the railway station and later at a press conference.

Mr. St. Laurent's letter said that, at the press conference, reporters piled him with questions and even wanted to know what he had been thinking about.

"I answered, perhaps a bit sharply, that I was responsible to the public for what I did as a result of my thinking but only to my own conscience for the thinking itself until it became translated into facts and that I did not propose to allow them to substitute themselves for my conscience."

"Your paper reported both these instances and those reports formed no basis for the assertion that I have been discussing publicly an offer of a senatorship to Mr. Drew."

Court Backs Montreal On Pinballs

MONTREAL — (P) — Pacific (Pax) Plante, acting director of Montreal police, says a Supreme Court of Canada decision Tuesday sounded the death knell for the city's multi-million dollar pinball machine industry.

A court ruling upheld, in effect, the contention of the City of Montreal that pinball machines are in fact gaming machines even when there is no payoff.

The case stemmed from a Montreal by-law making it illegal to play the machines as well as to keep them.

The pinball issue gained prominence in Montreal after Pierre DesMarais, chairman of the Montreal executive committee, reported he was approached "with a bribe offer to lay off the pinballs."

NOME, Alaska. — (P) — An Alaska Airlines plane crashed after running into radio aerial wires while flying low during a snow storm Tuesday night and all five persons aboard were killed. Searchers found the wreckage late Wednesday near Cape Nome, 15 miles south of here. It had crashed into wires holding aerials of a former Alaska communications system facility.

BANGKOK, Thailand. — (Reuters) — A royal pardon will be granted to 3,000 prisoners throughout Thailand Oct. 22 to mark the entry into the Buddhist priesthood of King Phumiphon Aduldet, the Thai government announced Wednesday. The pardon will not extend to prisoners sentenced for opium offences or corruption, the announcement added.

Yanks-Dodgers Rained Out

The second game of the World Series between New York Yankees and Brooklyn Dodgers was postponed today because of light rain and threatening weather. The announcement came late this morning from the office of baseball Commissioner Ford Frick.

World News In Brief

BOSTON. — (P) — The 125-year-old Boston Post ceased publication today "until further notice" because of continued operating losses.

At its end, the daily morning circulation was 225,000 and the Sunday circulation about 260,000. Announcement of the suspension—the third time the paper had discontinued operations in three months—was made by three trustees appointed by a federal court under the Bankruptcy Act.

HONG KONG. — (Reuters) — The Communist New China news agency reported that the "Red" Dean of Canterbury, Dr. Hewlett Johnson, arrived Wednesday in Ulan Bator, Mongolia, on the first leg of his return to England after a six-week tour of China.

EVANSVILLE, Ind. — (P) — A time capsule sealed into the cornerstone of a new library at Evansville College Wednesday included a recording of rock 'n' roll singing of Elvis Presley. The capsule is scheduled to be open in 2206.

PARIS. — (P) — France's new twin-engine commercial jet, the Caravelle, Wednesday flew from Paris to Nice—nearly 600 miles—in one hour 15 minutes and returned in an hour and 20. The plane is called prototype No. 1. A second model is intended to make a flight to North America next February.

INDIANAPOLIS. — (P) — Eli Lilly and Company said Wednesday 520,650 doses of Salk polio vaccine were sent out in several air shipments to Oslo, Norway. The 2½ tons of vaccine was largest overseas shipment yet made by Lilly.

TOKYO. — (Reuters) — A meeting of the Conservative party broke up in uproar Wednesday when 80 members objected to the forthcoming Moscow visit of Prime Minister Ichiro Hatoyama. Angry members rushed party Secretary-General Nobusuke Kishi, who tried to explain that the Japanese cabinet is in favor of the visit at which Hatoyama will reopen talks on a peace treaty with Russia. Hatoyama is due to leave for Moscow Saturday.

Living Costs Show Decline

OTTAWA — (P) — Living costs declined slightly in August from their record high level of July, forced down by lower food prices of harvest time.

The bureau of statistics today reported its consumer price index, based on 1949 prices equaling 100, reached a mark of 119 for August, down one-tenth of a point from the July level of 119.1 which it had reached following three consecutive monthly increases.

Dag Battles To Avert UN Suez Split

UNITED NATIONS, N. Y. (P) — Secretary-General Dag Hammarskjöld of the United Nations is reported using his full influence to avert a showdown fight in the security council which might shut the door to further UN peace efforts in the Suez dispute.

Informed quarters say this is the main theme in the series of private talks Hammarskjöld is having with high-ranking diplomats assembling here for the Suez debate beginning in the security council Friday.

The secretary-general was understood today to have found substantial support, but Britain and France said they were determined to push their demands for UN endorsement of the plan for international control of the canal approved by the London conference in mid-August.

Hammarskjöld and his supporters are said to fear that the possibility of future UN helplessness might be eliminated if this plan is rejected either by a Soviet veto or through failure to get the necessary seven votes in the 11-member council.

four men buried in the collapsed ruins of a four-storey office building designed to withstand the shock of an A-bomb blast.

Weary volunteers used bulldozers, cranes and bare hands throughout the night to move twisted wreckage of the Consumers Power Corporation building where six battered bodies already had been found.

Another 15 workmen were injured when the partially-completed concrete structure crumbled Wednesday with a roar like an exploding bomb.

"It all happened so fast I didn't get to see very much," said Russell Taylor, 64-year-old carpenter who was inside the building. "There was a cloud of dust and it was over in about three seconds. Shortly afterward I could hear the screams of the men who were trapped."

A tense moment came late Wednesday night when noisy generators and rescue machinery were shut off for 10 minutes while a dozen workers went far down into the debris to listen for moans or sounds that would indicate life.

But all was silent, and the men returned wearily to dig some more. During the 10 minutes of silence, Rev. Francis Desmond, pastor of a Jackson Roman Catholic church, led the huge crowd of onlookers in the Lord's Prayer.

Relatives of missing men stayed at the scene through the long night under the glare of flood-

lights and strings of bulbs.

One wing of the building, designed to keep power flowing to Michigan industry in the event of enemy attack, caved inward in the afternoon as it pulled down by an invisible force.

Its four heavy floors crumbled one by one and telescoped into the basement. Screaming work-

ers were carried down amid tons of concrete to be buried in a huge pile of twisted wreckage. About 40 electricians, carpenters and construction men were working on the floor that gave way. Several were able to leap to sections that remained standing, but more than a score were trapped.

Doctors and nurses gave pain-killing drugs and first aid as battered victims were dragged clear to waiting ambulances. Clergymen gave comfort and the last rites of the church. All the city's ambulances were called to the scene three miles north of Jackson and about 70 miles west of Detroit. Police were quickly joined by civil defence workers and Red Cross personnel. Governor G. Mennen Williams ordered all nearby national guard forces to stand by for duty.

The more than 100 workmen, engaged in the overall project, had returned from lunch less than half an hour earlier when the east wing of the 200-by-400 foot building gave way. Concrete was being poured for the fourth floor when the collapse came.

Last week at a press conference, the four-foot-four Pereira, who weighs 82 pounds, became a newspaper reporter.

Wednesday, at Idlewild Airport, the flash bulbs again irritated him. He growled and rushed at the photographers, kicking at them until they gave ground.

Three fires in Maine Wednesday night killed two children, destroyed a famous old summer hotel and wiped out a large poultry farm with a combined loss estimate of at least \$335,000.

Richard Ware, 8, and his sister, Theresa, 5, were asphyxiated when fire, apparently touched off by a kitchen oil-burner explosion, swept their second-floor apartment here.

Their parents, Mr. and Mrs. Rudolph Ware Jr., whose bedroom was separated from the children's by the kitchen, broke a window and dropped 20 feet to safety. Both were taken to hospital with cuts and burns.

At Belgrade, Me., a blaze which apparently started in a first-floor bedroom levelled the 100-room Belgrade Hotel which had closed for the season Sept. 8. James Acheson, president of the hotel's operating company, said a "conservative" loss estimate would be \$200,000.

At Dover-Foxcroft, Me., fire which apparently flared from an oil pump in a barn destroyed 40,000 chickens, two barns and a two-storey house, leaving Mr. and Mrs. Alden Worcester and their three children homeless.

Ground Level Test In South Australia Proves Successful

SYDNEY, Australia. — (P) — Britain exploded an atomic weapon at ground level today at the Maralinga proving ground in south Australia. It was the second explosion in the fourth British series of test blasts.

"The firing went off satisfactorily," Australia's Supply Minister Howard Beale announced. "The cloud behavior was as forecast, and meets the requirements of the Australian safety committee."

Earlier reports said the ground-level explosion was intended to test the effect of shock waves on underground shelters and water, sewage and gas pipes.

No reporters saw today's blast. It was watched by members of Australia's Parliament, led by the supply minister.

In a statement, Beale said the test was Britain's first ground burst.

"The test was mounted by British, Australian and Canadian scientists and servicemen, and among those who saw the firing were a group of members of Parliament and a number of in-doctrines from the armed forces of the United Kingdom and Australia."

The first explosion of the current series, from a tower on Sept. 27, wrecked everything within a two-mile radius and rattled windows 200 miles away. Canadian soldiers took part in that test too.

Two more firings are planned at Maralinga, another from a tower and an "operational weapon of a service type" to be dropped from a bomber.

Sir William Penney, British scientist in charge of the test, has said the explosive power of the weapons is equivalent to a few thousand tons of TNT — in contrast to the million-ton-or-more strength of the blasts reported set off by the United States and Russia.

It is generally believed that the weapons Britain is testing are designed to become war-heads for guided missiles.

Israel Train Is Attacked From Border

JERUSALEM — (P) — Israeli officials said the crowded Haifa-Jerusalem passenger train was attacked Wednesday night by rifle and machine-gun fire from across the Jordan border. The train engineer was the only casualty.

The wounded man, hit in the leg by a ricocheting bullet, put on full speed and piloted the train for another six miles, until it reached Lydda.

The incident occurred in the Israeli coastal plain about 35 miles south of Haifa. Persons aboard gave this account:

Two rifle bullets first hit the train and machine-gun bursts followed, "all from the Jordan side of the border." The train conductor raced through the coaches, ordering the passengers to throw themselves on the floor. There was no panic.

Security forces aboard the train returned the fire.

"When the danger was over the passengers got up again and began to sing," witnesses reported.

Cypriot Guerrillas Object Of Search

NICOSIA, Cyprus. — (P) — Some 3,000 British paratroopers and infantrymen were combing the Kyrenia Mountain range near the north Cyprus coast today in a hunt for Greek Cypriot guerrilla leaders headed by EOKA chief-tain George Grivas.

The vast search, expected to continue for at least a week, covers 200 square miles. It is the first large-scale operation against extremist mountain gangs in three months.

In Nicosia, the rigid day-and-night house curfew imposed by British authorities on the Greek quarter of the capital entered its sixth day. Greek Cypriots, allowed out of their homes for two hours at mid-day to buy food, called a boycott of food shops and emergency food stalls as a protest against the ban.

The boycott got under way Wednesday and was followed by a telegram of protest to Governor Sir John Harding against the curfew from the Greek mayor of Nicosia, Theodoros Dervis.

The curfew was clamped on the Greek quarter within the walled inner city last Friday after EOKA gunmen killed a British

Tito And Moscow Locked

BELGRADE. — (AP) — Yugoslavia's President Tito is reported to have failed to convince his Russian hosts at Yalta that they should not soft-pedal their de-Stalinization program.

Informed sources say the Soviet-Yugoslav talks in the Crimea have reached an impasse over Tito's reported insistence that the lessening of Moscow's controls continue as a condition for reviving Belgrade's ties with Yugoslavia's satellite neighbors.

These informants say Tito's campaign for independence of the satellite Communist parties from the Kremlin's direction has run into opposition from the Soviet party chief, Nikita Khrushchev, himself.

Khrushchev is reported to have cooled on the so-called liberal policy introduced following the Moscow Communist party congress last February and Tito's visit to the Soviet Union in June.

The report is based on growing belief that Khrushchev's power in the Kremlin has waned, and that he has been forced to swing toward the viewpoint of former foreign minister V. M. Molotov and other old-time Stalinists in the Soviet hierarchy. Molotov, Deputy Premier Lazar Kaganovich and other old guard members are said to feel Khrushchev's softer policy went too far and weakened the Soviet position in eastern Europe.

The "bread and freedom" riots that wracked the Polish city of Poznan in June are said to have aroused Kremlin fears that a relaxing of the reins might inspire similar violence in other satellites.

With the Yalta talks in their seventh day Wednesday, Tito was reported standing fast by his insistence on 1. Full independence for the satellite Communist parties; 2. Equal rights for all Communist parties, and 3. Nonadherence to any "socialist camp" which might resemble a bloc.

Few diplomats believe the talks will settle any of the major differences between Moscow and Belgrade.

Russian Company Captivates British Ballet Enthusiasts

LONDON — (Reuters) — The opening night of the Bolshoi Theatre ballet season at Covent Garden — the first ever given by the 200-year-old company outside Russia — ended in a tremendous demonstration of Anglo-Soviet friendship.

Two weeks of bickering over the case of the Russian dancer, Nina Ponomareva, who has been charged with stealing five hats from a London ladies' wear store, were wiped out by the wild reception given to the company's production Wednesday night of Prokofiev's Romeo and Juliet.

Wave after wave of applause in a scene seldom witnessed at Covent Garden greeted the end of a 3½-hour performance starring the legendary ballerina Galina Ulanova.

The shy, 47-year-old dancer was surrounded by huge baskets of flowers after many curtain calls from a captivated audience.

Her Romeo, the handsome Yuri Zhdanov, also won long personal ovations.

The curtain finally rose over the whole company massed on the stage with their director, Mikhail Chulaki, greeting the thunder of applause by clapping back according to Russian custom.

Covent Garden's general administrator David Webster then stopped the applause to make a speech — a rare event at the theatre.

Referring to the co-operation between the Russian company and the Covent Garden staff which enabled the season to start on schedule, Webster declared: "It is from groups working together that international friendship can come." He also thanked "that miracle that is Ulanova."

Replying through an interpreter, Chulaki said: "Friendship between the people of our countries strengthen and mutual un-

derstanding increase."

The impact of Ulanova's performance was remarkable for the unanimity of opinion among the critics.

The Times says the performance was a translation almost of Shakespeare's very words into sheer poetry, and that the occasion yielded all that was expected of it.

The Daily Herald declares: "The Bolshoi ballet beats the world in the vitality of its movement, the splendor of its scenes, the sweep of its imagination. She (Ulanova) is more than a dancer who seems to move on invisible wings. She is a great tragic actress, as the climax proved."

Arnold Haskell, director of the Sadler's Wells Ballet School, writes in The Daily Mail: "It is Ulanova, like Pavlova before her, who performs the theatrical miracle of bringing deep emotional quality to inferior material."

Windsor Home And School Holds Opening Meeting In New School

WINDSOR—The Home and School Association held its first fall meeting in the new school building, with the president, M. Planidin, in the chair, and 23 members present.

Officers are: A. C. Booth, immediate past president; C. E. Allan, first vice-president and program chairman; D. McCourt, treasurer; Miss M. Reed, second vice-president; Mrs. J. Watson, magazine convener; Mrs. R. Wheeler, chairman social committee; Mrs. C. E. Allan, membership committee chairman; Mrs. H. Holt, secretary.

Business included a vote of thanks to Mrs. R. Wheeler and her committee for the excellent manner in which they catered for the formal opening of the new Windsor-Brompton Consolidated School. Letters of thanks were read from students who enjoyed the educational tour to Montreal, and for books presented to them on graduating, both of which are sponsored jointly by the Women's Institute and the Home and School Association.

One hundred dollars were voted to buy books for the school library and \$15 to each teacher to purchase needed incidentals.

Miss Reed, principal, introduced the new teachers, Miss M. MacKenzie, Mrs. E. Turner and Miss Marion Duncan.

Refreshments were served by the social committee.

ST. GEORGE'S GUILD—The first meeting of the fall season of St. George's Guild was held at the home of the president, Mrs. C. Allan. In the absence of the secretary, Mrs. F. Robinson, Mrs. T. Sundborg read the minutes and Mrs. H. Finley gave a short financial statement covering the past six months.

Mrs. D. Chapman, who is now living in the rectory, was welcomed as a new member. Plans were discussed for the fall rum-

mage sale, and Mrs. Allan served refreshments.

BRIDAL SHOWER—Miss Muriel Bellemore was entertained prior to her marriage, at the home of Mrs. F. Robinson, with the Misses Shirley, Edwina and May Robinson, and Yvette Bellemore as hostesses.

The 30 friends present engaged in guessing games and quizzes, one particularly amusing one being to assemble a puzzle depicting what a bride takes on her wedding trip.

Miss Bellemore was given a corsage and was later presented with a fine array of miscellaneous articles many of them for the kitchen, along with warm wishes for a happy future. Miss Bellemore thanked her friends for thinking of her in such a wonderful way. Refreshments were served by the hostesses.

MEN'S CLUB MEETS—The Anglican Men's Club met at the home of Mr. Lawrence Wheeler. Officers are: Ron Robinson, president; Lyle Robinson, vice-president, and Harry Perkins, secretary.

Letters of thanks were read from people who had received flowers, and a gift was purchased for a member who has taken up residence elsewhere.

It was decided to buy new silverware for the church hall. The sewing convener, Mrs. M. Planidin, distributed material to be made up for the fall sale, and plans were made for the dinner for district Rebekahs, who are celebrating their 50th anniversary. The hostesses served refreshments.

FISH AND GAME CLUB—About 50 members of the Watapika Fish and Game Club met at the Seventh Range for a hunters' shoot, in which marksmen shoot at what is called a running deer target.

This is the first time such an event has been arranged in this area and much enthusiasm was shown by the participants.

Earle Blair carried off top honors by shooting a perfect score. Other winners were Paul Ledger and Mike Skena, of Sherbrooke, Paul Piau, A. Began and Dennis and R. Kendall, of Windsor.

Plan Substantial Expansion Of Shopping Centre Project

Departmental Store Likely Tenants For North Ward Project

A large department store likely will be established in the new shopping centre to be built on the Montreal Road, it was learned today.

The department store would be a major unit of a much larger centre than the one originally planned for the site that lies between Lomas and Farwell sts. Construction of the centre has been delayed while negotiations with this and other businesses continue. Identity of the department store was not divulged.

Construction, which had been expected to start this year, now won't get underway until next spring.

Original plans for the centre, to be built by Maxwell Cummings and Sons, of Montreal, called for a 19-store three-section building, with 140,000 square feet and a 1,500-car parking lot. Now, however, the builders anticipate between 25 and 30 business units with square feet totalling some 200,000.

The Montreal firm has built several shopping centres, notably a \$4,000,000 centre in Montreal and others in St. Laurent and near Albany, N. Y. The Sherbrooke centre had been estimated at \$1,750,000, but it was believed that the price tag on the expanded centre would be considerably higher, particularly if negotiations with the unnamed department store company are completed satisfactorily.

Magog Aldermen Play Hosts To Retail Grocers

MAGOG.—(Special)—Mayor Maurice Theroux and the Magog aldermen played hosts to the Magog Retail and Service Association and the Magog independent grocers at a cocktail party at the Chateau du Lac Hotel yesterday. Mr. Theroux welcomed the guests, while Roger Boudreau, secretary-treasurer for the city, acted as master of ceremonies.

Arthur Mayrand, president of the Province of Quebec Food Retailers' Association, extended an invitation to the independent grocers of Magog to attend the Association's convention in Montreal Oct. 22-28. He said October had been named Independent Grocers' Month, and the province-wide promotion was receiving an unusual amount of publicity. He urged every food retailer to take advantage of the opportunity to promote his own business during this period.

Roland Dion, president of the Magog Retail and Service Association addressed the gathering, reminding them that promotions were of prime importance and that Magog stood to benefit from such events as Independent Grocers' Month.

Benoit Turgeon, past president of the Magog Chamber of Commerce thanked the city officials for their hospitality.

Real Trouble

Broken Water Main Cuts Service At Lennoxville

A broken water main serving homes in the upper level of Lennoxville yesterday morning left many residents without water until 2:30 this morning.

The break, according to Mayor Lee Watson, was caused primarily Saturday night when a Queen Street fire hydrant was damaged in a minor traffic mishap. When pressure was restored yesterday, following replacement of the hydrant, the sudden flow of water forced open a joint in the secondary supply pipe.

While those in the lower section of town who receive water from the primary source at Johnville were not affected by the broken main, upper level residents, receiving water from the southern source past the Herring farm, were soon cut off.

Once the accident was discovered, there was difficulty in finding the break, since it occurred near the river and was not immediately revealed.

Mayor Watson explained that repairs were again hindered when they ran into difficulty finding a construction crew and equipment available to complete the work. The situation was eventually rectified by the Couillard Construction Company of Coaticook.

Mayor Watson said he realized the inconvenience caused by yesterday's break, but explained that it pointed out the need for increased water storage capacity.

"We now have one reservoir with 500,000-gallon capacity, but a project has been approved by Council and plans are now completed for construction of a second reservoir to contain 1,000,000 gallons.

"Once that is constructed, should a pipe break anywhere, there will be enough water for household use and fire protection to last 24 hours and residents will not be forced to experience a repetition of the unfortunate situation."

Magog Council To Study Sale Of Power Plant

MAGOG.—(Special)—Ald. Jean Losier is expected to raise the question of the sale of the Magog electrical system at tonight's Council meeting.

There has been considerable debate on the issue which saw the Council sharply divided. The previous administration, headed by Mayor Ovide Bergeron was opposed to the sale, while several of the city officials and many local businessmen and citizens favored disposing of the municipally-owned system to the Southern Canada Power Company.

World Series Mania

The World Series mania is with us again.

This is in general the "silly season" of the year, particularly in sports, where big-time promotion has resulted in the weirdest kind of overlapping of the seasons. Baseball is ending, football is in full swing and hockey is about to begin.

The biggest and best promotion of them all — the World Series — began yesterday and commerce and industry in two countries will grind to a halt for from four to seven days, depending on the relative ability of two baseball teams and the whims of the weatherman.

This is probably not to be deplored, for it provides a bit of a breather between the joys of summer holidays and the heaviness of winter. But the mass hysteria of Canadians over a sports event in a "foreign" country is

indeed of annual interest.

These are days when little secretaries have that "I wonder if the boss will miss me between noon and 3.00 o'clock" look. And usually her concern isn't justified because the boss is out watching the game, too.

These are days when radios blare in barber-shops and shoe-shine parlors; when dirty-faced youngsters crowd around the windows of television stores, elbowing their way to front-line positions ahead of adult passers-by; when school children ruefully complain that the games shouldn't be starting so early.

Altogether, it's a happy, carefree time, this "silly season." If it seems a bit artificial, then it is equally harmless — a kind of long-distance mardis gras that makes living just a bit more fun, that breaks for a few moments the dullness of routine.

Not Surprising

In the light of results in other provincial elections held elsewhere in Canada earlier this year, the return of the Smallwood Liberal Government in Newfoundland with an increased majority need occasion little surprise. The result could be expected — not because it was a Liberal administration but because it happened to be the government in power at the time when Newfoundland was enjoying a period of its greatest prosperity.

Undoubtedly much of the credit for this economic well-being has been given to Mr. Smallwood and his associates — and perhaps with reason. The Premier led the campaign for confederation with Canada which appears to have brought many advantages to the people of Newfoundland and results of recent elections indicate that much of the opposition to the union which appeared at the time of Newfoundland's entry into the Dominion has evaporated. At least, any question of secession has vanished as an open campaign issue.

There can be no challenging the fact that the Smallwood administration has done much for the economic advancement of the island province. In its efforts to advance the interests of the people, it has made some mistakes but it is significant that the Opposition failed to put these forward as major campaign issues. Perhaps they realized that the people were more appreciative of the improvements in their position than they were critical of such slips as the government may have made.

The Conservatives were at a decided disadvantage from the beginning of the campaign. They could advance no constructive policy of their own and to criticize the policies of the administration would be attacking, by inference, the material well-being of the people. It had to confine its campaigning to the Saint John's city area where anti-Confederation sentiment is still strong — a fact that weakened it elsewhere.

Vacations At Home

(St. Thomas Times-Journal)

Once in a while it behooves the man in the family to spend his annual vacation at home instead of heading away to distant spots in search of relaxation.

The period at home gives the menfolk an opportunity to do the odd jobs around the place that they have been intending to do all year, but perhaps more important still holidays at home allow the men to see exactly what comprises the daily life of their spouses.

Most men, however conversant they may feel they are with life in their own homes, really have little idea of the

daily program. After a few days around the house, men begin to realize just how much work their wives pack into the average day, work which often continues on well into the evening hours.

The interminable round of dishwashing, laundering, ironing, and general house cleaning chores, to say nothing about the immediate task of looking after the children, are sufficient to make any man eager to return to work.

After a couple of weeks at home, the menfolk begin to realize that housework is not quite the soft, simple job they imagined. The men discover,

after a few days, that the only visitor to the home during the lengthy days are the milk and bread deliverers, and however genial these men might be they rarely have the time to pass more than a few words of greeting.

The husbands find out too that the only form of diversion from the tedium of housework is the radio, but on turning the dials of the receiver they will learn that the majority of programs contain either the ghastly wailings of would-be singers, or other programs designed, apparently, for people with a mental age of 12. Why housewives should be classed as a section of the population incapable of absorbing programs of a more educational, uplifting and interesting nature is beyond comprehension.

Homes cannot be kept trim and smart, and children cannot be kept well fed and clothed by housewives who spend their days curled up in front of the television set and anyone who has this conception of the average day in the life of a housewife could not be further from the truth.

Holidays at home are fun, after one recovers from the shock of seeing the seemingly never ending work of one's spouse, but when all is said and done, it is somewhat of a pleasant change to get back to the desk at the office or the bench at the plant far removed from it all, and to return each evening to a spick and span household and a wife who is a veritable trojan.

USEFUL WARNING?

THE DIFENBAKER NAME

(St. Thomas Times)

A prominent Canadian's remark that if John Diefenbaker could only change his name to Baker, he would have a good chance to gain the Conservative leadership and do well in a general election, has brought a timely and convincing reply from W. L. Clark of the Windsor Star. Writes Mr. Clark: Well, what's wrong with Diefenbaker?

John Diefenbaker was born in Grey County, Ontario, in 1895. His father grew up in the Horning's Mills district, which is near Orangeville. Our own father knew John's father well as a boy in Horning's Mills.

Mr. Diefenbaker Sr., was always a good Canadian. In Ontario and later in Saskatoon, he was always a citizen of good repute.

John's mother was a direct descendant of the Selkirk settlers and she was a Bannerman. John, himself, enlisted in the 196th Universities Battalion in World War I and went to England with that unit. He was invalided home to Canada in 1917.

If the Conservatives are looking for a Canadian-born citizen who has served his country well, and who is the son of a Canadian, who was a fine citizen, they can find John Diefenbaker fills the bill.

We write this because so many who know so little say so much about the Diefenbaker name.

NO MONOPOLY ON BRAINS

(From the Milwaukee Journal)

A delegation of eminent United States physicians has been visiting medical institutions in Russia recently in what is the first formal contact between doctors of the two countries in years.

One of the Americans is Dr. Howard Rusk of New York City, foremost expert in physical medicine and rehabilitation. Another is Dr. Paul Dudley White, the president's heart consultant.

Writing in the New York Times, Dr. Rusk tells about visiting a unique laboratory that has 600 monkeys for experimentation. Russian scientists there have been able to cause permanent high blood pressure in the animals by subjecting them to frustration, irritation and other stress humans encounter.

Dr. Rusk also tells of seeing an excellent neurosurgery institute and a well equipped centre for heart surgery. Although the Americans had time for only a quick look, they were impressed with some of what they saw.

Dr. Rusk's report illustrates again the folly of believing that the United States has a monopoly on scientific and medical accomplishments. If and when exchange of scientific information between countries becomes practical, we are likely to benefit, too.

READING AT MEALS

(Cape Breton Post.)

Somebody reads while he eats because he is alone, and the act of reading makes the meal more leisurely. It is because he has no moments for independent reading while on the job that he reads when partaking of beans, and a slice of pumpkin pie. The book or magazine takes the place of companionship whilst the lone person eats. That way he gets two orders of beans — beans from the pot for his tummy and beans of thoughts in books he reads as food for the mind.

Bygone Days

THIRTY YEARS AGO
From the Record files of Monday, Oct. 4, 1926.

Lord Willington, Governor-General of Canada, and Lady Willington, who arrived in Quebec yesterday from England, paid an informal visit to Sherbrooke and vicinity today.

Officers elected at the annual meeting of the Granby branch of the Bible Society were: N. A. Clouston, Ven. Archdeacon Longhurst, Rev. H. W. Burnett, Rev. D. N. C. Curn, J. G. Fuller, M. A. Vitte, W. A. Mountain, C. H. Bradford, C. F. Wilson, W. W. D. Brock, and F. E. Herner.

Following the recent series of assassination attempts against the Royal Family and Premier Mussolini, the Italian Government is planning to re-institute capital punishment.

Reports from China are that Chinese soldiers are carrying out a campaign of murder and pillage in many sections.

TEN YEARS AGO
From the Record files of Friday, Oct. 4, 1946.

Government and Airline officials were expected to begin an investigation into Newfoundland's second air tragedy within a month as the cause of the worst disaster in the history of American commercial aviation remained unexplained.

A last minute delegation of members of the Proprietors League of Sherbrooke waited upon city council in committee meeting shortly before last night's adjourned meeting reopened and were successful in obtaining a provision of \$40,000 which will be added to the project to widen King St. west. This brings the by-law total to \$650,000.

Owing to the epidemic of polio which prevented many schools from opening on Sept. 3, the Provincial Association of Protestant Teachers has decided to curtail its annual convention.

WEAK 2 BID HELPS FOES

West's weak opening bid of two diamonds was an attempt to make the bidding difficult for the opponents. There is much to be said for the weak two-bid, but it should be based on a six-card suit and high cards that come very close to a minimum opening bid.

In this case, West did not have a proper hand for the weak two-bid. If he had passed, the opponents would have reached a normal game contract, and no bones would have been broken. As it was, West drove the opponents into a difficult slam contract, which South proceeded to make by careful play.

South won the first trick with the ace of diamonds and drew three rounds of trumps, noting that East had a natural trump trick.

Suspecting the club situation, South led the queen to dummy's ace and returned the jack of clubs through East. East covered with the king and South ruffed.

The rest was easy. South ruffed the four spades, discarding a diamond, cashed the ten of clubs to discard another diamond, and

At this point, East and South each held a diamond and a trump. If East ruffed, South could discard the losing diamond. If East discarded, South could ruff and thus make the first 12 tricks. Either way, South was sure to make his slam contract.

ART OF FORGETTING

[Port Arthur News-Chronicle]
Somebody once said forgetfulness is the handmaiden of convenience. A bit of checking seems to prove the case, too. For example, a man might forget to post an income tax statement but never a Valentine to his heart interest. How many people who forget to pay their bills ever forget to pick up their pay cheques? Proving the case in the rural sense, too, is Sam, the hired man. He might forget to feed the horse but never himself.

THANKSGIVING DAY

"Seed time and harvest" since the world began. "Rain on the just and unjust" — God's great plan — Was set in action for the good of man.

Still should the heart rejoice that it is so; Still should we give thanks for the seeds that grow. For the blessed and familiar things we know.

Surely we should never be too sad, Remembering the blessings we have had; Surely we should be grateful, should be glad!

Let us give thanks and grateful praise To Him who leads us on through pleasant ways Toward the peace beyond these darkened days.

AUTUMN IN THE COUNTRY

Rolling hills and verdant valleys, where the cattle love to stray, Little brooks that dance and gurgle As they wind along their way. Trees all decked in autumn splendor Robes of crimson, gold and brown. As I stand beneath their branches Breezes blow them gently down. Where a winding road gleams whitely And a harvest moon shines bright, Bathing all the towns and hamlets In a weird and ghostly light. Thro' a haze the mountains standing Guard like sentinels of old. All the beauty of the autumn fills our hearts with peace untold. You may have the roar and rattle Of the city's busy life, Give me autumn in the country Far away from noise and strife.

Great Success

Over Hundred Attend Cookshire Community Auction

By GERALD McDUFF
COOKSHIRE — (Special) —
"They're almost new, folks. And worth a dollar's wear. They're brand new, folks. And I have a dollar, a dollar, a dollar, a dollar, a dollar. Will you hold it? Now I have a dollar'n quarter, a dollar'n quarter, a dollar'n half. Sold for a dollar'n quarter." So auctioneer Art Bennett banged his gavel and handed down two crystal candlesticks for \$1.25.

These were just two of the many items sold at a community auction, sponsored by the St. Margaret's Guild of St. Peter's Church, Cookshire, and held at the Cookshire Fair grounds last night.

At a community auction, everyone donates an item that is to be sold for the benefit of some worthwhile cause. In this case all the proceeds were for the support of the church.

But they say that behind every successful venture there is a woman. The success of the auction was assured before it started, since there were not one but twelve women of the Guild working on the project.

This was the first time in Cookshire that an auction of this kind was tried.

Mrs. Colin Standish, president of the Guild, said "We had heard about it in other places. The first place that did it was Grace Anglican Church in Sutton."

"And then we started to phone and phone and phone. This began around September 1st."

New projects are often touch-and-go, causing the people who organize them no amount of worry. As Mrs. Standish put it, "I was terrified for weeks. I thought nobody would come."

But looking around the hall where more than 100 were assembled she added "The response has been very good."

A special taxi service was organized by the Guild to bring people from the church to the fair grounds. Although some came from as far as three miles from town, most of the bidders were from Cookshire itself.

Up for sale were articles of all sizes, shapes and descriptions. There were bundles of paperback novels, ice skates (slightly used), crockery, brass bedsteads and a late model battery radio, sold for \$3.25.

The ladies, of course, could not pass by a bargain and they certainly were the most active bidders. Dainty dishware, cosmetics, mops etc. were quickly grabbed.

Men, on the other hand, seemed to reserve their bidding until they spotted some item they needed, perhaps a pair of hip boots, a lawn mower or even a second hand grease gun.

And the youngsters had their heyday too, as they badgered their parents to buy them a sled or a pair of skis. For the teenager, a typewriter was up on sale for \$10. That was quickly bought after a few bids were placed.

The best buys of the evening were genuine mahogany silver chests and a hand-made plaid patch quilt that auctioned for \$2.50. Of course there were "white elephants" too. For instance a series of window weights sold for twenty five cents while a huge painting of the old

Real Bargain — The genuine hand-painting of the old Pope's Farm in Cookshire is offered for sale by Art Bennett during the community auction of the St. Margaret's Guild held at the Cookshire Fair grounds last night. The painting, an 1883 work, sold for \$2.50. Also shown holding the picture is Gerry Wintle of Sherbrooke. (Record photo by Gerry Lemay)

A note of thanks was extended by the Guild to Canon W. C. Dunn of St. Peter's for opening the auction, to H. C. Barter and A. W. Standish who helped to arrange the project.

ASBESTOS—

The Evening Auxiliary of the Asbestos United Church held its regular monthly meeting at the home of Mrs. Robert McCammon on Greenshields avenue. The meeting was conducted by the president, Mrs. Edith Boyd and reports were heard from various committees. Plans were made to hold another fashion show and tea in November. Plans to be finalized at a later meeting. At the tea hour, refreshments were served by the hostess.

Mr. Edward B. McKenna, who is leaving Asbestos shortly to take up a position at Mashaba, Southern Rhodesia, was guest of honor at a reporter's meeting of the Entre Nous Staff held in the Commercial Club on Blvd St. Luc. On behalf of his many friends, Mr. Posson presented Mr. McKenna with a purse of money and the best wishes of the staff on the occasion of his marriage to Miss Beverly Morrill and his promotion with Canadian Johns Manville.

Miss Beverly Morrill was the recipient of a beautiful gift of China in the Spode Buttercup pattern from the girls of the Canadian Johns Manville office. Miss Morrill was taken completely by surprise and was presented with a bridal bouquet of flowers by Miss Dorothy MacGonigal, who also presented the gift wrapped as a four storey wedding cake to the bride-to-be. Over 30 friends gathered to fete this popular young lady. Refreshments were served by the hostesses, Miss Solange McKeown, Miss Lillian MacGonigal, Miss Margaret Foy and Miss Dorothy MacGonigal.

Mr. S. Urali has been confined to his home on Greenshields Avenue with a severe cold.

Mrs. Margaret Lockwood was in Danville helping her daughter, Mrs. G. Horan, who was ill and then returned home to have to be confined to her home on King street for a similar complaint.

Miss Dorothy and Lillian MacGonigal, Chasse Street have returned to their home after a holiday spent in New York City. While there they visited many sites of interest including the Hayden Planetarium, Miss Florence Findlay who had been a guest at Milford, Conn., returned with them from New York.

Miss Marjorie Eamer, of the Iroquois Club, was a guest at the home of her parents, Mr. and Mrs. D. Eamer on Grand Blvd, Montreal.

Mr. and Mrs. J. Renald Proulx were guests of relatives in New York and also saw Mrs. Proulx's brother off to a year of study in the University of Texas.

Mrs. J. E. Morrison motored to Quebec City on a visit.

Miss Solange McKeown has returned from a holiday trip around the Gaspé Peninsula.

Miss Josephine Legendre, of St. Jean Baptiste St., has returned to her home after a holiday in Montreal visiting her sister and friends.

News has been received from Mr. E. C. MacGonigal in Scotland that he sailed from Glasgow aboard the M. V. Lithuania on Oct. 2nd.

Adopting A Grandmother Is A Rewarding Project

By RUTH MILLETT

Would you like to "adopt" a grandmother?

The idea isn't mine. I read an account of how it was done in one community in a bulletin, "Adding Years to Life," which is put out by the Institute of Gerontology at the State University of Iowa.

In a report of the Golden Age Club in Ames, Iowa, one project listed was an "Adopt a Grandparent" program.

The Ames Club worked it through the town's Girl Scouts and Campfire Girls. The young members were urged to get acquainted with, visit, and help brighten the days of some older woman of the community who had no family of her own—or none close by.

Why wouldn't the idea work even better if the middle-aged women of a community with homes of their own and their busy years behind them decided to "adopt" a grandmother as a means of personal service?

The effectiveness of the idea is that it need not be organized at all. Each individual woman could find her own lonely, older woman and bring a little happiness into her life.

Where could you find a grandmother to adopt?

Perhaps an elderly woman living alone in your own neighborhood would be the one. Maybe it would be an old person in a nursing home. Perhaps it would be the mother of a friend, left

alone because both the husband and wife with whom she lives work every day.

Every community has its share of older women who have been pushed aside by life. They are lonely and their lives could be considerably brightened by the attention of a younger, more active person.

Think what even a daily telephone call would mean to some women. An occasional invitation to dinner, to the movies, or for a drive in the country would mean even more.

We women who are active have so much to share. There should be something left over for those without families or whose families are far away or disinterested.

We women could do a lot individually for the lonely older women of our communities if we were willing to "adopt a grandmother." And such an experience would undoubtedly be an invigorating one for us.

I Never Tire... of marvelling at the beauty of our budgie, Sir Isaac. His turquoise breast that graduates from blue to greens, and then into the yellow and grey of his wings and head is so exquisite! And he's thriving, thank you, on the BROCK'S NATURAL FEEDING DIET—so full of gaiety and comic little tricks that he keeps us in constant chuckles. If you haven't got one of these lovely little birds—do give your family the delight they bring into a home. It's wonderful for children to have a Budgie to love and tend; and endless amusement for older folk, too. Budgies are really enchanting! And Brock's Natural Feeding Diet keeps them that way.

The First And The Best!... Thousands of happy babies and their mothers testify to the benefits of FARMER'S WIFE Formula Milk. Ask your doctor which of the three types of formula is the right one for your darling—perhaps Partly Skimmed Milk (Blue Label) created originally at the request of pediatricians for a high-protein, low-fat concentrated formula. Or perhaps he should have Farmer's Wife Whole Milk (Red Label) or Skimmed Milk (Yellow Label)... all Vitamin D increased and vacuum packed in the most modern type of milk container.

Manners MAKE FRIENDS

It is never a good idea to borrow another person's car. Even when a friend offers to lend you his automobile the safest thing is to say, "No, thank you." Car ownership carries heavy responsibilities—and so an automobile should never be lent or borrowed.

Just think of the possible consequences!

Mount Orford To See Skiing Improvements

MAGOG—Mount Orford skiers will be able to make use of a snow-cat this winter, the gift of the Provincial Government.

The announcement was made by officials of the Magog-Mount Orford Ski Club this week who said that the tractor-type vehicle, constructed with large tracks, allowing it to travel on top of the snow, would be used to pack trails, and transport racers to starting points. Equipped to carry 12 passengers, it will also serve for emergency use in the event of accidents.

A club official also stated that a completely new telephone system would be set up on the ski trails, eliminating the short wave system previously used. The unit will consist of five phones, the main one to be located at the Three Creeks ski camp. One will be placed half way up Mount Orford at Twin Rocks, a third at the summit and another at the top of Mount Geroux. A fifth will probably be located at the head of the ski tow.

Sal Maglie And "Old Pros" Upset Highly Favored Yankees In Opener

Sal Maglie, Cleveland's Castoff, Costs Dodgers Only \$1,000 But Today You Couldn't Buy Him For \$100,000

By WILL GRIMSLEY

BROOKLYN — (AP) — Sal Maglie, 39-year-old castoff, pitched the Dodgers to a 6-3 victory over the Yankees in the opener of the National League pennant series Wednesday night. Maglie, who was released by the Yankees in 1955, pitched a complete game, allowing only one run, three hits and one walk. He struck out seven batters.

Maglie, a native of Niagara Falls, N.Y., who in his early days had played for Welland, Ont., in the Niagara District Senior League, had started his career in 1938 with Buffalo, had gone to the Giants in 1943 for \$3,200, later jumped to the Mexican League and then played for Drummondville in the Quebec Provincial League before returning to the Giants in 1950.

After a brilliant career with New York — particularly as the nemesis of the Dodgers, whom he beat 23 times — he was discarded in mid-1955 as an expensive luxury. Waived out of the National League, he was bought by Cleveland just to spite the Yankees.

With Cleveland, he was a costly luxury, too, earning \$28,000 to sit on the bench. From July 31, 1955, he didn't win a game for the Indians while losing two.

Early in May Hank Greenberg, general manager of the Indians, called Walter O'Malley, president of the Dodgers, "This Maglie is no use to us, but he might help you," Greenberg said.

So waivers were asked again on Maglie so he would end up in

Dodgers' Dressing Room

By TED SMITS

BROOKLYN — (AP) — When the chips were down in the dramatic opening game of the 1956 world series, Sal Maglie, the aged cast-off, asked to be left on the mound—and went on to vindicate manager Walt Alston's confidence in him.

It was the top of the fifth. The score was 6-3. Hank Bauer led off with a single to center. After Enos Slaughter fled out, Mickey Mantle drew a walk. That brought up Yogi Berra with only one out and two on. A homer would tie it up.

Out to the mound went Alston.

"Maybe I'm not as sharp as I might be, but let me pitch to Berra," Maglie told him.

Berra promptly fled out to Sandy Amoros, as did Bill Skowron.

That was the turning point of the game.

"He wasn't real loose," said Alston afterwards. "He didn't get loose until about the sixth. I thought a bit about taking him out, but he felt he could do it and he did."

"When I went out there I wanted to find out how he was feeling. I knew he wasn't feeling too good. I asked him all the usual things. He wanted to stay in."

After the inning, Maglie's arm was massaged while he sat on the bench, and he seemed to grow stronger towards the end of the game.

"I lucked it out," was the way the big, 39-year-old righthander, who had been let go both by the New York Giants and Cleveland Indians, described it.

This was his first world series victory. He tried twice before as a Giant and lost once.

Maglie, who in the early 1940s pitched semi-pro ball in Ontario's Niagara District League and in Quebec, was the centre of all the jubilation in the Dodger dressing room, although Jackie Robinson and Gil Hodges, their home run hitters, came in for plenty of back slapping.

Alston was subdued and unsmiling as he puffed on a cigarette in his little office.

"We'll go tomorrow with Don Newcombe," he said. "After that I can't say. We will need to play this series the way we played it down the stretch in the National League — making the pitching choices from day to day."

WORLD SERIES FIGURES

BROOKLYN — (AP) — Figuring the world series:

They don't call Enos Slaughter the "old pro" for nothing. His three hits Wednesday boosted Slaughter's world series batting average to .327 with 16 safeties in 49 trips. The 40-year-old Yankee outfielder played in 12 series games with St. Louis Cards in 1942 and 1946.

Incidental data about today's starting pitchers: Don Newcombe of the Dodgers gave up 33 home runs in 268 innings during the regular season. He walked 46, struck out 137 and completed 18 of his 36 starts.

The Yankees' Don Larsen yielded 20 homers in 180 frames, walked 96, fanned 103 and went the distance six times in 20 starting assignments.

What's your inning in the office pool today? The third was high Wednesday. All-time series statistics; however, show that the fourth inning is the most productive with 280 runs followed by the first with 264 runs and the seventh with 263.

The victory boosted the Dodgers' series record to 18-32 in games. The Yankees have won 74 games and lost only 40.

The four home runs, evenly divided between the Yankees and Brooks, made it 175 home runs for American League teams in World Series play compared with 107 for National League clubs.

Dodger shortstop Peeewe Reese has put on of his gloves away for his trophy room. One of the secret service men guarding President Eisenhower borrowed it to be ready in case any stray balls flew in the direction of the president. When Reese got it back it was inscribed by the wishing Peeewe luck on his post-series trip to Japan.

Reese, who is the methuselah of the Dodgers with six world series under his belt, feels a little strange. This is the first time he has not played against Phil Rizzuto. "It doesn't seem like the series without him," said Pee Wee seriously.

Double Pays \$260.75 For Top Price Of Night; Miss Grattan Directly Only Double Winner On Program

The Combination of Mighty Bars and Nancy's Highness formed the top pay-off duo last night at the local track when the sum of \$260.75 was collected for the daily double. Paquet's Mighty Bars also set the high for a win and investment.

The Drummondville horse paid his backers the sum of \$62.90 for a win bet while the boys collected \$114.90 for a place bet and \$7.10 for show investment. The rest of the prices for the evening ran fairly high.

Commencing this Saturday the executive has moved the races to the afternoon with the post time slated for 2:30. On Sunday they will be at 2:00 as usual.

The first quinella in the third paid \$34.60 when Casey's Pat Kuno and Gordon Cass' Danny Dole finished 1-2. In the fifth the backers of Miss Grattan Directly and My Cash picked up \$50.10 while in the ninth Wicomico Direct and Alpine Hanover formed the winning combination.

Kerby Farrell Next Manager Of Cleveland

NEW YORK — (AP) — Kerby Farrell, manager of Indianapolis Indians of the American Association, will be the next manager of Cleveland Indians, the Associated Press learned Wednesday night.

An official of the American League club said Farrell will be named Al Lopez's successor during the world series or shortly after Lopez resigned last week.

Farrell this year guided the Indians to the Association playoff championship and the little world series title, in which they defeated Rochester of the International League in four straight games.

"We're trying to bring in more youth and dispose of older players," said Tom Ivan, Black Hawk general manager and coach.

Al Stanley Sold To Boston Bruins

CHICAGO — (AP) — Allan Stanley, Chicago Black Hawk defenseman, was sold Wednesday to Boston Bruins.

The sale of Stanley, 30, who has spent two years with the Hawks, follows by 10 days the sale of 32-year-old Lee Fogolin, also a defenseman.

"We're trying to bring in more youth and dispose of older players," said Tom Ivan, Black Hawk general manager and coach.

Yanks' Dressing Room

By DON WEISS

BROOKLYN — (AP) — A Yankee scouting report that backfired helped considerably in Sal Maglie's opening victory over the American League champions and Maglie alternately chuckled and grinned as he told about it.

Newspaper men had pointed out to Brooklyn's cinderella man that not a Yankee batter swung at his first pitch in the first three innings and 21 hitters in all had let the first offering go by. With only a couple of exceptions, the pitch was called strike.

"Let me tell you a secret," said Sal.

"A friend of mine, a ball player—and I'm not going to tell you who he is—told me that Jim Turner, the Yankee coach, scouted me in a recent game against Pittsburgh. He made a note that the Pirates had swung at my first pitch on 14 occasions without getting a hit."

"I figured," said Maglie as the grin widened, "they would be taking the first one and I decided to get it over the plate. I guess I figured right."

Despite Maglie's advance knowledge of the Yanks' strategy, manager Walt Alston disclosed that Sal came within one pitch of being replaced during the fifth inning.

"Sal never got real loose," Alston said, "and I would have been forced to go to my bullpen if Yogi Berra had walked in the fifth."

The Yanks, themselves, had nothing but praise for Maglie.

"That fellow was just the better pitcher, that's all," said manager Casey Stengel. "Our fellow (Whitey Ford) wasn't very hot, but that's no excuse. We had left him in a lot of trouble but he—how many? Nine?—on base. There's your answer."

Aggressive Billy Martin, who instigated the game's only interruptions when he asked the umpire regularly to inspect the ball when Maglie was pitching, said he started it because he saw a spot on the ball while he was batting in the second inning.

Asked if he thought Maglie was tampering with the ball, Martin replied quickly: "I'm not accusing him of anything. It might have been dirt—it might have been anything, but I wasn't taking any chances."

"That's not what beat us—it was his sinker and our failure to hit."

Rangers Send Three To Reds

NEW YORK — (AP) — New York Rangers of the National Hockey League Wednesday optioned goalie Johnny Bower and three other players to their Providence farm team in the American Hockey League. Bower, netminder for Rangers two seasons ago, was voted the most valuable player in the AHL last season.

The others shipped down are defencemen Ivan Irwin and forwards Aldo Gulinio and Jim Bartlett. The outdowntoed parer the Ranger roster to 18 men, the league limit.

Two-Year-Old Pacer Travels Mile In 2:00

LEXINGTON, Ky. — (AP) — Earle Avery of St. Stephen, N.B., guided Maxine's Dream to a paced time trial mile in 2:00 in a featured race here Wednesday. This was the seventh time in his two-year-old has done the mile in 2:00 or faster.

Featured race of the day, the \$13,700 Tattersalls pace for two-year-old fillies, was won by Quick Pick, driven by John Simpson.

Hodges' Third-Inning Homer Payoff Blow; Yanks Still Rated 6-To-5 To Cop Series; Newcombe-Larsen Today

By JOE REICHLER

BROOKLYN — (AP) — Brooklyn's Don Newcombe and New York's Don Larsen, a pair of non-winning world series righthanders, face each other in the second game today as the underdog Dodgers seek to make it two in a row over the Yankees at Ebbets Field.

Although beaten 6-3 in Wednesday's opener by the incredible Sal Maglie, the Yankees still remained 6-to-5 favorites to win the series although for today's game it was 11-to-10 take your pick.

Baseball's biggest winner this year (27-7), the 30-year-old Newcombe has started three series games and lost them all, two in 1949 and one in 1953. All were to the Yankees.

Larsen 11-5, who lost his only world series appearance — last year — was the hottest Yankee pitcher during September, pitching low-hit games in his last four starts.

Neither manager planned any lineup changes, but Brooklyn's Walter Alston said he would elevate Sandy Amoros, his left-handed hitting left fielder, from eighth to either sixth or seventh in the batting order.

Alston, pleased with the way Gil Hodges has been hitting in recent weeks, said the first baseman would continue in fifth spot with Carl Furillo batting either ahead or behind Amoros. It was Hodges' three-run homer in the third inning that provided Maglie with the margin of victory after Jackie Robinson had got the Brooks started with a home run off loser Whitey Ford the previous inning.

Furillo also distinguished himself with a run-making double in the second to tie the score after the Yankees had staked Ford to a 2-0 lead in the opening inning on Enos Slaughter's single followed by Mickey Mantle's terrific shot over the right field screen.

Roy Campanella and Amoros collaborated to provide Dodgers with their final run. Roy greeted righthander Johnny Kucks, second of three relief pitchers, with a long double and crossed the plate on Amoros's line single to centre.

There were heroes galore for the Dodgers but the biggest one of all was Maglie, the 39-year-old mound master with the old head and the young arm. He capped his sensational comeback before 34,479 cheering spectators, including President Eisenhower, with an amazingly courageous performance to complete one of the greatest triple-deckers in the annals of baseball.

In his most recent three starts, Maglie the magnificent pitched, in order, the first no-hitter of his career, hurled the Dodgers into first place a day before the season ended, and now his first world series victory after two previous failures as a member of the New York Giants. The

Maglie may have a chance to do that, too. The former Niagara Falls, N.Y., Dodger nemesis, although admittedly tired and "all knotted up" around the region of his right shoulder, said he thought he could pitch again Sunday, in the fifth game of the series, and added jokingly: "If it goes that far."

Alston, who has called on Maglie to pitch with only three days' rest in his last four starts, declined to go so far as to name Sal's next assignment. "We'll have to see how he feels," he said.

Only three Yankees swung at Maglie's first pitch. One of them, Billy Martin, hit it for a home run, in the fourth inning, to account for the final New York run. Sal did not permit another Yankee runner to reach third base although the Yankees threatened in every inning thereafter, leaving six of their nine stranded runners on base in the last five innings.

He fanned 10 batters, topping his season high, and in the ninth he drew a final measure of revenge on Mantle. With Enos Slaughter on first with his single Maglie induced Mantle to slam into a game-ending double play.

Sal was within one pitch of being removed in the fifth. With two Yankees on base and only one out, he got Yogi Berra to swing at an outside 3-2 pitch and drew a harmless fly to Amoros. Bill Skowron followed suit to end the threat.

Alston, who had contemplated taking Maglie out as Berra stepped up to the plate, but decided against it after talking it over with Sal, admitted Clem Labine would have replaced the veteran had the Yankee catcher drawn that fourth ball.

Maglie acknowledged he was "sluggish" at that point but a fast rubdown plus the appliance of some "hot stuff" by club trainer Harold Doc Wendler during the Dodgers' half of the fifth, apparently restored life to the Barber's arm.

Harvey Knox And Stepson, Ronnie, Reach Terms With Calgary Stamps

CALGARY — (AP) — Ronnie Knox, glamour boy of the football park, Wednesday inked a contract with his second Canadian team this season.

The former UCLA quarterback who angrily left the Hamilton Tiger-Cats last week agreed Tuesday to join the last-place Calgary Stampede of the Western Interprovincial Football Union. Details of the contract were not released.

"We didn't release contract details of any of the other players and we plan to continue this practice," said Calgary General Manager Bob Masterson. "However, we figure we got a pretty good deal."

Masterson waxed enthusiastic about Knox's ability.

"He's a great defensive player, but coach Otis Douglas has been working him mainly on offense. In the workout Tuesday his fellow players commented on how quickly he assimilated everything."

Douglas plans to dress Knox for the Saturday contest with B. C. Lions at Vancouver and for Monday's game here against the powerful Edmonton Eskimos.

The six-foot-one-inch, 200-

pound star had an extra practice session Tuesday afternoon and will continue the workouts in addition to the regular team workouts until Saturday.

Although the club declined to divulge details of the contract, it is understood the money part of the deal was completed before Knox left the east. The main obstacle was a reported insistence by the Stampede of some guarantee Knox would be available for the 1957 season.

It is believed the Stampede have obtained an option which they will be able to exercise before the end of the present season.

This step would enable the club to decide, Knox's future status without having to sign him to a no-cut contract for the remainder of this season and next.

Masterson stressed the 21-year-old player's stepfather "has nothing to do with the coaching or management of the team. Like any other player's father, he will be perfectly free to make any comments he wishes about the club."

Knox, a great crowd-puller during his brief career in eastern Canada, split with the Tiger-Cats following a reported demand by Harvey that coach Jim Trimble make him first-string quarterback and play him at least 30 minutes in each game.

Slow Reflexes Forces Carl Olson To Hang Up Gloves On Eve Of Tilt With Walker; Doctors Order Move

PORTLAND, Ore. (AP) — Carl Bobo Olson is hanging up his gloves.

Retirement of the former middleweight boxing champion was announced by his manager, Sid Flaherty, on the eve of his scheduled 10-round main event bout with Sammy Walker here tonight.

"His reflexes are too slow and he hasn't felt like his old self," Flaherty said of the once tireless — punching, durable Olson, who is 28.

The manager said he would try to establish Olson in business in their home city, San Francisco.

Flaherty said the decision was made after consultation with Portland physicians.

"We dislike very much," he said, "to call off the Walker bout on such short notice, but I would never permit a fighter of mine to enter the ring unless he was absolutely sound."

"Bobo hasn't been feeling too well and we agreed, after consulting with medical men, that it would be best for him to retire."

The bout with Walker, Springfield, Mass., veteran, was to have been Olson's springboard for a campaign to gain the light heavyweight championships. Olson had difficulty in making the 160-pound middleweight limit partly for his knockouts by Sugar Ray Robinson in his last two fights. He weighed about 170 after training Tuesday.

Olson won the title in 1953 and when he battered out a decision over Randy Turpin of England. He defended his championship successfully three times and won seven other fights before challenging light heavyweight champ Archie Moore in June, 1955. Moore knocked out Olson in the third round and Bobo has been on the downgrade since.

Valcourt Posts Win In Darts

RICHMOND — Paul Belair's crew eked out a close 21-19 verdict over Ray Lampron's Dart crew Tuesday night in a game played at Valcourt. This was Valcourt's first victory in three starts and they now occupy second place with RDC. Each has won one game while Trenholm and Legion hold top spot with two wins each.

Trenholm will meet Legion Friday night in the new club at Melbourne and this will be a battle for sole possession of first place in the darts league standings. The other scheduled game has Brunswick Rovers meeting RDC at the Dart Club in the St. Jacob's Hotel.

Valcourt took a 7-1 lead in the first round with the second tied 4-4. Trenholm took over for the next two rounds, winning them 5-3 and 6-2 but the Belair boys fought back to take the decision winning the round 5-3. R. Malouin and A. Bernier teamed together for a four-round effort to help their club win. Three other teams won three rounds — Guelph Huk with Charles Abercrombie, P. Jeanson - R. Robichaud and the L. Bissonnette - S. Richer duo.

Trenholm also had a four-round winner with Mrs. Effie Lampron and Bert Lockwood doing the trick. They had the same number of three-round winners with J. P. Langlois and Ross Davidson; Fred Mastine and Russ Stevens; Harvey Brook and Len Knowles.

Lampron will now be looking for a win over last year's champs, Legion, who went through the season without a loss. The reinforced Trenholm club will try to break the Legion's win streak this Friday night.

Douglas Walkington Gives Aims Of Home And School At Rock Island

ROCK ISLAND — Douglas Walkington, of Montreal, president of the Quebec Federation of Home and School Association, was the guest speaker at the general meeting of the Border Communities Association held at the Sunnyside school auditorium.

Mr. Walkington spoke on "What is Home and School?" He pointed out that the methods of teaching our children to-day has changed considerably since our days of school. They are better trained for the life they will lead. Emotions play a large part in the life of a child, physical environment of home and school is very important and here is the responsibility of co-operation between the parent and teacher.

He continued to say that the Association was founded because of the great need for better understanding between the parents and teachers. The main objective to promote welfare of children and youth, the school cannot do its best job unless they have the support of the community.

Mr. Walkington emphasized the desperate need for good qualified teachers and urged all parents to encourage their children to take up the teaching profession.

A new committee, Social Wel-

fare, is in the process of being set up by the Quebec Federation, for the benefit of the children, resulting in a survey across the Province of the appalling number of children who need help through broken homes and for other reasons.

"Listen to your Montreal or Sherbrooke radio station to the Home and School broadcasts and you will receive a greater understanding of the work of the Association," said the speaker.

The speaker was introduced by George Morrison, program convenor and thanked by Ronald Gibson, of the Sunnyside school teaching staff.

The business meeting was presided over by the president, Slayton Perkins and Rev. E. G. Tennenon led in prayer.

Mr. Perkins thanked Mrs. McClary, Sunnyside Principal, for her interest in printing the meeting notices and seeing that they were sent by the students to the parents.

Reports of the secretary and treasurer were given, the latter showing a balance of \$193.39. Mrs. Roger Pelleron, correspondence secretary, reported she had written a letter to the Rock Island Town Council asking for their consideration in taking steps to assist in the safety meas-
