GREEKS WILL NOT DISARM REFUGEES ON HER SOIL

**KING CONSTANTINE IS SAID TO HAVE GIVEN
THIS ASSURANCE TO LORD KITCHENER ON
OCCASION OF HIS VISIT.**

Saloniki, Nov. 22, via Paris, Nov. 23.—In view of the complications in the relations of Greece and the Entente powers, Denys Cochin, Minister without portfolio in the French cabinet, abandoned his proposed trip to the front and left yesterday on board a Greek cruiser for Athens.

From a person who is in a position to be fully informed on the situation, The Associated Press learns that King Constantine assured Earl Kitchener, the British Secretary of War, that he had never considered disarming or internment Entente Allied troops who might take refuge on Greek soil, though a number of Austrians, including several officers, are now interned in Greece.

Respecting the friction that has arisen between Greece and Great Britain and the "coercive measures" which the British insist in no sense constitute a blockade, it was stated the King regards this situation the result of a misunderstanding and easily remediable.

Greece is ready to assure the Entente Allies that her only purpose of maintaining troops in Macedonia is the legitimate necessity of self-preservation, especially in the event the Allies decide to abandon their Balkan expedition, leaving Greek Macedonia at the mercy of the victorious Bulgarians with their army already in the field.

As the statements of the French and British respecting a serious continuation of the Balkan campaign leave Greece in doubt on this point, it was said, there is no present possibility either of the demobilization or withdrawal of the Greek troops from Saloniki. But the moment the Allied forces operating in the field assume proportions sufficient to guarantee a serious prosecution of the Balkan campaign, rendering Greece's own defense in Macedonia superfluous, the King will not refuse to consider demobilization, or at least the withdrawal of the Greek troops from Saloniki if their presence is regarded as embarrassing to the movements of the Allies. It is likely that a solution of the Greco-British differences will be reached along these lines, it was said.

FRENCH BUSINESS MEN FETED IN NEW YORK.

New York, Nov. 23.—The French Trade Commission, which has come to the United States to promote the interest of the industries of France after the war, was given a luncheon here today by the American Manufacturers' Association.

Maurice Damour, secretary of the French Deputies' Commission of Appropriation, said that nothing can divide the United States and France in their social and business relations. "France today thinks of tomorrow," he said, "and her first thought goes to you. France is short of machinery and other manufactured articles and, of course, will be more so as the war continues. Horses at the present time are sadly needed." Over two hundred persons were present at the luncheon, including the heads of some of the largest manufacturing concerns in the country.

THIRD DIVISION OF CANADIANS FOR THE FRONT

**DOMINION WILL SOON HAVE
EIGHTY THOUSAND MEN IN
FIRING LINE.**

Ottawa, Nov. 23.—It is intimated that a third Canadian division is being tendered to Great Britain by the Canadian government, rumors to that effect which were cabled from England last week being confirmed. This will not entail the organization and enlistment of 25,000 more men as they are already enrolled and overseas. The nucleus of the new division is comprised by the corps troops an organization of ten thousand men over and above the first and second divisions now at the front and commanded by Major-Gen. Mercer and Major-General Turner, V.C., C.B. The balance of the division will be selected from the troops at the training depots in England, who number about 60,000. In addition there are 35,000 men under arms in Canada, while the daily reports indicate now rapidly new regiments are being volunteered. The reinforcement requirements of approximately eighty thousand men on the firing line will be large, but the present authorization is for a quarter of a million and there will be no let up in the recruiting until that total shall have been attained.

BRITAIN TO HAVE FOUR MILLION MEN BY THE SPRING.

Paris, Nov. 23.—2.25 p.m.—Earl Kitchener, the British Secretary of War, in conversation with Greek officials in his recent visit to Athens, is reported to have declared that England will have by next March, four million soldiers under arms, and will be in a position to arm and provision six million Russians, and that consequently it would show great stupidity to think the war could end otherwise than in complete defeat for Germany. This information is contained in an Athens despatch to the Lord Kitchener admitted that the declaration of war found the Entente powers insufficiently prepared for so long a campaign, but said that the Allies had known how to utilize the time that has since elapsed to complete their military preparations.

PROGRESS OF AUSTRO-GERMANS AND BULGARIANS IN SERBIA IS SLOWED UP BY OBSTACLES

Victory Of Serbians Holds Bulgars Back From Monastir—Britain Withdraws Special Trade Privileges Which Greece Has Enjoyed Since The Beginning Of The War—Nothing Of Importance Occurs On The Other Fronts

London, Nov. 23.—Instead of declaring a general blockade of the Greek ports, the Allies have, according to a statement issued by the British Foreign Office today, withdrawn, or threatened to withdraw, the special privileges which Greek commerce has enjoyed since the outbreak of the war.

What these special privileges are is not specifically stated, but, as an example, Greece has been allowed to draw her supplies of coal from Welsh collieries. To do this, Greek merchants required special permits, as the export of coal from the British Isles is allowed only under a special license.

There are many other commodities, the export of which is permitted only to certain countries. Invariably, when orders have been issued against the export of such commodities, Greece has been among the countries excepted. Now, unless she concedes the demands made by the Allies for assurances for the safety of their troops in the Balkans, Greece will be struck off the list of countries which have these privileges.

While this less vigorous attitude on the part of the Allied governments has caused some dissatisfaction in quarters where strong measures are advocated, it has eased the situation, and the belief is now prevalent that Greece, having been impressed by Lord Kitchener's visit and the threat of her commerce, will concede the demands.

Of the fighting in the Balkans the reports are more confusing than ever. The German accounts still claim progress for the Austro-German and Bulgarian troops and recount the capture of thousands of prisoners and many guns from the Serbians. But from the towns mentioned their advance appears very slow. It may be, as reported from Italian sources, that the campaign is waiting on a change in the disposition of the armies, so that the Germans may be the first to enter Monastir. This would avoid the trouble likely to arise through Greek objection to Bulgarian occupation of the city which is so near their border.

Despatches from Athens, however, state that the delay is due to the fact that the Serbians have defeated the Bulgarians who were advancing on the town and that they have re-occupied their front on the Velez-Prilep line. Perhaps the real reason for the slowness of the invaders progress arises from difficulties of transport.

Nothing of importance has occurred on the other fronts. The Austro-Germans, according to Russian reports, attempted an offensive in Galicia and actually moved some advance guards across the Stripa, but since then no news has been received, the Germans apparently not considering the operation worthy of mention in their official report.

In the west the artillery is still active, and the arrival of clear, cold weather may make possible an offensive movement by one side or the other. The Germans are reported to have brought large reinforcements to Flanders, but whether for offensive or defensive purposes time alone will tell.

OFFICIAL

FRENCH STATEMENT.

Paris, Nov. 23.—10:35 p.m.—The following official communication was issued by the French War Office tonight:

"The day was calm on the whole front, the fog retarding the artillery action. Our batteries quickly silenced the enemy artillery which attempted to destroy our trenches in the region of Rocklincourt, our positions between the Aisne and the Argonne, as well as in the region of Le Pretre wood.

"Several mines were exploded, without infantry action, in the Argonne, the north of Houyet and in the Malancourt wood. "The Belgian official communication reads: 'There has been slight activity by the enemy artillery. Some projectiles were thrown on our advance positions and against several points along the front. Our artillery dispersed numerous groups of enemy pioneers, and shelled the adverse positions.'

"Army of the east: After the engagements of Nov. 19 and 20 on the left bank of the Cerna, the day of Nov. 21 passed without fighting in that region, as also in the sector of Strumitsa."

"GERMANY BEATEN ON WESTERN FRONT"

**SO SAYS MR. JOHN REDMOND
AFTER HIS VISIT TO THE
TRENCHES.**

London, Nov. 23.—"So far as the western front is concerned Germany is beaten," said John Redmond, leader of the Irish Nationalist party, just returned from a visit to the army in France, addressing a recruiting meeting today.

"Every day, every hour she is getting weaker. For every shell she throws at us, we throw five.

"There are no pessimists among our men fighting there. From the commander-in-chief down through all the ranks of the army there is a feeling of absolute confidence as to the result of the war."

Mr. Redmond visited the Belgian lines and saw King Albert.

"I told him," said the Irish leader, "that Ireland was determined to stand by the independence of Belgium at any cost. Come weal or woe Ireland would have no place that does not bring about the rehabilitation of Belgium."

Mr. Redmond concluded with a message from the Irish troops at the front to their fellow countrymen.

"They ask me to say they feel that every man of them in this war is fighting not merely for liberty and right, but for the prosperity of their beloved Ireland as well. They ask Ireland to stand by them."

"I say to the Irish people that they will be disgraced forever in history if they fail to send out reserves to replenish the gaps that may arise in the Irish ranks."

EAT LESS AND TAKE SALTS FOR KIDNEYS

TAKE A GLASS OF SALTS IF
YOUR BACK HURTS OR
BLADDER BOTHERS.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate of soda, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

BRITISH EMPIRE'S

WEALTH IS VAST.
London, Nov. 23.—At a rough estimate the capital wealth of the British Empire is £26,000,000,000 (\$130,000,000,000) sterling, and its yearly income £48,000,000,000 (\$240,000,000,000). Reginald McKenna, Chancellor of the Exchequer, told an inquirer in the House of Commons today.

poles, which so greatly disarranged the stem. But even this was overcome and sufficient lantern light produced for the playing of the matches.

The visitors were royally entertained by both the Victoria and Quebec Curling Clubs—our visitors being loud in their praise of the successful handling of these matches by the Joint Committee of the Quebec and Victoria Clubs, as also the genial hospitality they received at the hands of both clubs. A pleasant incident was the presentation of the individual prizes to the winning rink of the Jubilee Trophy—Champion's Rink—which event took place on the Curlers Night at the Chateau Frontenac.

One fact of importance was clearly established during these matches, in that Quebec is the ideal place to play off bonspiels, in not being affected as in other cities by climatic changes.

The Senator Cup.

Fifteen rinks were entered in this match: Quebec 2, Heather 2, Three Rivers 2, St. Andrew's 2, Thistle 2, Montreal 2, Montreal West 1.

Winners—1st Round.

Quebec No. 3—W. Lambton, skip. Thistle No. 2—W. S. Weldon, skip. Heather No. 4—H. G. Perry, skip. Heather No. 2—D. W. Ross, skip. Three Rivers No. 1—H. Drysdale, skip. Thistle No. 1—H. G. Wills, skip. Victoria No. 1—W. S. Champion, skip. Victoria No. 2—H. S. Thomson, skip.

2nd Round.

Heather No. 2—D. W. Ross, skip. Thistle No. 2—W. S. Weldon, skip. Thistle No. 1—H. G. Wills, skip. Victoria No. 2—H. S. Thomson, skip.

Semi-Finals.

Heather No. 2—D. W. Ross, skip. Thistle No. 1—H. G. Wills, skip.

The Final.

Heather No. 2—19. Thistle No. 1—13. Heather wins by 6 shots. Heather No. 2 Rink—E. H. Hodgson, R. Cunningham, R. Thomson, D. W. Ross—skip.

The final of this match proved to be a splendidly contested game, being neck and neck to the 16th end, when D. W. Ross, by a splendid shot, scored an end of 6, not yet sufficient to win but which he increased in the next two ends.

Mr. Ross is to be congratulated upon his splendid sportsmanship, playing his rink in both the Senator and Chateau matches, and qualifying in both for the finals, being defeated in the final of the Chateau Frontenac by 1 shot only.

The Chateau Frontenac.

Fifteen rinks were entered in this match: Quebec 2, Thistle 2, St. Andrew's 2, Montreal 2, Heather 2, Three Rivers 2, Victoria 2, Montreal West 1.

Winners—1st Round.

Quebec No. 1—F. S. Stocking, skip. Thistle No. 1—H. G. Wills, skip. Heather No. 1—W. E. Findlay, skip. Three Rivers No. 2—J. Balcer, skip. Three Rivers No. 1—H. Drysdale, skip. Victoria No. 4—W. A. Home, skip. Heather No. 2—D. W. Ross, skip. Montreal No. 2 as Bye.

2nd Round.

Heather No. 1—W. E. Findlay, skip. Quebec No. 1—F. S. Stocking, skip. Heather No. 2—D. W. Ross, skip. Three Rivers No. 2—J. Balcer, skip.

Semi-Finals.

Quebec No. 1—F. S. Stocking, skip. Heather No. 2—D. W. Ross, skip.

The Final.

Quebec No. 1—12. Heather No. 2—11. Quebec No. 1 wins by 1 shot. Quebec Rink No. 1—A. Veasey, E. B. Rattray, J. G. Bruneau, F. S. Stocking—skip.

The final of this match will be long remembered as one of the finest and most keenly contested in the curling annals of Canada. Eighteen ends were played and only 23 shots scored. So close was the score that it was anybody's game until the last stone was played.

The Quebec Club are to be congratulated upon their splendid victory in winning the magnificent Chateau trophy in its initial match and shall hold the prize until played for the coming season.

As in the case of the Senator Cup winners, the players of the winning rink were presented with handsome individual prizes.

The Pell Cup.

This Local Cup is, as in the past, the most keenly contested match of the season to be played for between the Victoria and Quebec Curling Clubs, and must be won three years in succession to become the property of the winners. This feat is a hard one to negotiate, the cup changing hands almost every year, and rarely won by a club two years in succession. The Victorias won the Cup in 1914 in a sensational match on Quebec ice. This year, however, we lost the Cup to Quebec, who defeated us on our own ice, winning out with a fine margin.

Victoria—15

Quebec—25

Quebec wins by 10 shots.

The Match Committee.

Your Directors, with the desire to secure the best advice and give the greatest satisfaction in the competitions and matches, selected a Match Committee of three members, Messrs. W. C. J. Hall, A. R. M. Boulton, Arch. Laurie, and President and Hon. Secretary being members pro tem of this committee.

To the committee were entrusted the drafting of rules governing the Rossell Trophy, the Chateau Frontenac and Senator Cups, as well as the rules of playing all club matches and competitions.

At the suggestion of this committee and in order to give greater satisfaction to all concerned, "notwithstanding that we are the trustees of these open prizes," two members of the Quebec Curling Club, F. S. Stocking and W. Lambton, were added to the committee for open competitions.

The work of the Club Match Committee and Joint Committee entailed considerable work, but has given general satisfaction. These committees are to be congratulated upon their efficient work and good results therefrom.

Rink Keepers.

Our rink keepers, Hogan and Peterson gave entire satisfaction to your directors and members, as well as, supplied us with such ice as is acknowledged to be the best in Canada.

Repairs.

The club quarters and especially the rink require considerable repairs your directors have however considered it advisable to delay work of an extensive nature until such time as the club may consider the necessity of enlarging the rink so as to have three ices; and this improvement it is not thought wise to urge until passably another year.

Score Boards.

The thanks of the club are due to our esteemed member Mr. E. T. Nesbitt who so generously donated to the club the splendid score boards which now adorn our rink.

Deceased Members.

It is with profound regret that your directors have to record the decease of three of our respected members, Messrs. John M. Holt, Lt. Col. E. G. Scott, and Lieutenant R. S. Sterling.

The Overseas Club.

Your directors are pleased to announce that at the request of the Promoters of the overseas club, they at once consented to grant to them the free use of the club rooms, for the entertainment of Soldiers invalided home, by way of Quebec and during their stay in our city. Every member of the club will approve of the decision taken by the directors in the name of the club which was greatly appreciated by the promoters, and every invalided Soldier as well.

What Dr. Chase is Doing for Our Soldier Boys

At Home and Abroad---To Every Soldier a Full Sixty-cent Box of Dr. Chase's Ointment Free---Greatly Appreciated by the Boys.

Realizing that ointment is one of the prime necessities to the soldier, both in training and at the front, it was early decided to supply all Canadian recruits free of charge.

That this offer was appreciated by the military authorities is best evidenced by some of the replies received from Headquarters, as well as from individual camps.

Brigadier-Gen. Sir Sam Hughes wrote:—"This is indeed a most useful and acceptable donation, and for which please accept my most sincere thanks."

Lieut.-Col. Murphy, in charge of Valcartier Camp, wrote:—"I would be very glad to receive donation of Dr. Chase's Ointment, and feel sure it would be acceptable."

One Major reports:—"The Ointment arrived on the day the Battery completed 24 miles route march on foot, and I can assure you the Ointment was very beneficial, and much appreciated by those with sore feet."

For the 31st Regiment, Owen Sound, Q.M. Sergt. Miller writes:—"I have been directed by Col. Chisholm to tender to you our hearty thanks for your splendid gift of Dr. Chase's Ointment to the members of the Overseas Contingent. I can assure you it was appreciated by the men, and if the quantity had been doubled we would have had a hard time to save a box. The men swear by it."

From Niagara Camp Q.M. Sergt. O. M. Stevenson writes for the 37th Battalion:—"The Ointment has been distributed among the boys of our company, and is highly appreciated by them. I assure you that they will find it very useful both here and at the front."

Further distributions of Dr. Chase's Ointment will be made to the recruits assembling for training at the various towns and cities throughout the country. Officers in charge are requested to advise us how many boxes they can use, allowing one for each man. In a score of ways this Ointment is useful to the soldier, and it is our desire that every man shall be supplied free of charge. Address Edmanson, Bates & Co., Ltd., Toronto.

PREMIER GOUIN ATTENDS
MEETING BOARD OF TRADE

SIR LOMER COMPLIMENTS MR. J. H. GIGNAC—INTERESTING ADDRESS BY MR. GONTHIER—IMPORTANT MOTIONS SUBMITTED.

One of the most representative and largely attended meetings of the Quebec Board of Trade was held yesterday afternoon. The presence of Sir Lomer Gouin, Premier of the Province, lent added interest to the meeting. He was prevailed upon by Mr. Joseph Picard, the President to address a few words following the interesting lecture on Accountability as applied to the compilation of statistics which was delivered by Mr. George Gonthier, L.L.C., of Montreal.

Sir Lomer expressed the pleasure it gave him in attending this, the first meeting of the Quebec Board of Trade which he has ever been present at. He regretted that he had not been present for the presentation of the gold medal to the J. H. Gignac firm, but did not leave the opportunity pass without extending his hearty congratulations to Mr. Gignac, for the success of the firm in winning this much valued trophy from the Quebec Provincial Exhibition. The Premier also touched on what the Gignac firm has done towards the development of the Province.

The Premier also offered his felicitations to Mr. Gonthier, for his able address and at the same time complimented the Quebec and Montreal Boards of Trade upon the enterprising spirit shown in having their members enlightened on such an important subject. He related some of his personal views on statistics in general gathered while touring in Europe. In conclusion Sir Lomer again complimented the Board in the straight business-like manner in which matters pertaining to the city's welfare and advancement in general were dealt with.

Business Transacted.

About an hour was taken up with the ordinary business. During that time important matters were considered besides the awarding of the gold medal to the J. H. Gignac Co., by President Picard. In his remarks Mr. Picard referred to the artistic display of various kinds of wood by the firm at the last Provincial Exhibition and it was his most happy lot to present the medal to the winners.

In his reply, Mr. J. H. Gignac, President of the J. H. Gignac Co., on behalf of the company thanked the President and members for the honor conferred in awarding the medal of honor and merit. He said that industry was but in its infancy in the Province of Quebec and referred to the assistance lent by the Provincial Government in developing the lumber trade. When he mentioned that he had been a member of the Board of Trade for the past 25 years there was tumultuous outburst of applause and also at the conclusion of his short address of acknowledgment.

Motions Submitted.

It was proposed by Mr. E. T. Nesbitt, seconded by Mr. J. G. Scott and resolved that clause 34 of the by-laws be amended by adding the following paragraph:

"A member of the Council must attend at least one-third of Council meetings, regular as well as special, during the year to be eligible the following year."

The reason for this amendment, Mr. Nesbitt explained, was to have the members attend in larger numbers than heretofore. In the past it has often fallen to a small number of the Council to transact business which should be dealt with by a larger representation.

Mr. Ed. Tanguay laid the following motion on the table, his second being Mr. J. H. Gignac:

The Canadian Government Railways under the control, for freight rates, of the Railway Commission of Canada.

Proposed by Mr. Ed. Tanguay, seconded by Mr. J. H. Gignac, and resolved: That as it would be desirable that the same supervision of freight rates, as now govern all other railways in Canada, should also apply to the Intercolonial and other railways, under Government control, the Council of the Quebec Board of Trade be requested to petition the Honorable the Minister of Railways to introduce legislation at next session of Parliament, by which the Intercolonial and all other railways operated by the Government shall, as regards their tariffs, be under the control of the Railway Commission in the same way as all other railways in Canada.

With the object of having the Quebec Board of Trade impress upon the Quebec Legislature the necessity of reinserting in the City Charter the by-law compelling outside

TORONTO SOLDIER
AIDED ENEMYALLEGED TO HAVE ASSISTED
PAROLED ENEMY SUBJECT
TO ESCAPE.

Toronto, Nov. 23—Private William Irwin, of the Overseas forces, who enlisted on Nov. 17, was arrested last night and was today charged with assisting Fritz Baumhard, a paroled enemy subject, to leave the country last August. Two brothers, Michael and Stephen Stoney, the former operating a ferry at Niagara previous to the breaking up of the camp, and later a fellow employee of Baumhard in the Park and Blackwell factory here, were taken into custody yesterday charged with aiding and abetting. Baumhard after crossing the boundary was arrested in Buffalo and turned over to the Canadian authorities as an undesirable. A letter from him to a Toronto friend gave the clue. It is alleged that on arrangements by the Stoney brothers, Irwin ferried Baumhard across the Niagara river, receiving five dollars for his services.

tion relative to import and export trade of Great Britain, France, Belgium and other countries have been gathered by Mr. Gonthier while travelling in Europe.

In 1913 before the war he gave the value of the exports from Great Britain as \$3,089,458,920. The imports for the same year from Great Britain reached, according to the figures given yesterday, \$3,741,175,729. The figures for France for 1913 are: Imports, \$2,144,818,200. Exports \$1,852,030,200. The speaker in order to show the wonderful development of Canada stated that in 1900 the value of the products were placed at \$481,553. In 1910 the figures were \$1,165,975.

The speaker gave many other interesting facts before concluding his address which was in every sense very instructive. Mr. Gonthier has occupied the post of First President of Institute of Accountants and Auditors of the Province of Quebec and is a past Vice-President of the Chamber de Commerce, Montreal.

At the conclusion of the address the Chairman, in a suitable manner thanked the speaker for his kindness in addressing the meeting and the gathering also gave expression of the sentiments expressed by Mr. Picard.

Following were among those attending: Mr. Joseph Picard, president; Mr. J. G. Scott, vice-president; Mr. T. LeVasseur, secretary; Messrs. M. E. Maloney, C. J. Dube, J. H. Gignac, J. G. Scott, S. Plamondon, L. H. Gaudry, E. Giroux, F. S. Stocking, Geo. Morisset, Eug. Trudel, M. J. Hackett, J. T. Lachance, E. G. Tanguay, J. A. LaRue, G. J. Tessier, Fiz, Turcotte, Robert Stewart, R. E. Duggan, Louis B. Lavie, J. A. Vachon, J. J. Boyce, Jos. Sampson, C. J. Lockwell, Jos. A. Collier, Arthur D. Scott and A. Frechette.

Among the new members admitted are: A. R. Decary, J. T. Lachance, S. J. Myrand, Michael J. Haaran, Allan Boswell, Alexandre Bailey, W. Q. Stobo, Elzeir Cote.

TORONTO PATRIOTIC FUND.

Toronto, Nov. 23—At the first annual meeting of the Toronto and York County Patriotic Fund Association, held today, Sir William Mulock, laid before the meeting a detailed report of the work done. In all the subscriptions amounted to \$1,009,037.58, of which, however, \$361,773.49 was yet uncollected. The \$647,264.09 collected, with \$8,202.18 of bank interests on deposits, made the total amount handled \$655,466.27. The balance of the fund on Sept. 30 last was \$168,478.04. Over fourteen thousand families are dependent upon the fund; 1,421 cases of sickness have been dealt with. The total number of soldiers' families who were now being aided by the fund was 5,427.

The officers were unanimously re-elected.

Mr. J. G. Scott, Vice-President, did not look at the venture in quite the same light as the complaining member. He expressed himself as of the opinion that if the vessels are built and navigate through Hudson Bay in the summer they will be able to operate in the Gulf of St. Lawrence in winter.

Interesting Address.

The address by Mr. Gonthier, the well-known statistician was listened to with great interest by the large number present. Much of his information

WINSTON CHURCHILL

IN THE TRENCHES

London, Nov. 24—2.35 a.m.—Correspondents with the British headquarters in France in their despatches announce that Winston Spencer Churchill, former Chancellor of the Duchy of Lancaster in the British cabinet, already is on duty in the trenches. He is attached to the Grenadier Guards.

An Impractical Suggestion.

"Why don't you tell your troubles to a policeman?"

"I don't dare," replied the gloomy person. "He'd probably arrest me."

GERMAN-AMERICANS SHOWED
CONTEMPT FOR U.S. LAWS

ALLEGED CONSPIRACY CASE AGAINST HAMBURG-AMERICAN LINE BRINGS OUT SOME INTERESTING EVIDENCE OF GERMAN DUPLICITY.

New York, Nov. 23—In the alleged conspiracy to deceive and defraud the United States by sending neutral relief ships with coal and other supplies to German men-of-war in the Atlantic and Pacific at the beginning of the war, Captain K. Boy-Ed, German naval attaché, with headquarters at the German Embassy in Washington, played a leading role, according to witnesses who testified in the Federal Court here today.

One of these witnesses swore that Captain Boy-Ed personally directed the expenditure of approximately \$750,000 which, unsolicited and unexpected, had been deposited to the witnesses credit in a New York banking house early in September, 1914. Of this money, the witness testified, \$350,000 was telegraphed to the Nevada National Bank at San Francisco in one lump sum \$213,000 was paid, in several amounts, to the North German Lloyd Steamship Line here; about \$75,000 to the Hamburg-American Line here and by cable money in order in Hamburg, and some of the remainder was still on hand. All these disbursements, this witness asserted, were made by order of Captain Boy-Ed.

This witness, Gustave B. Kulenkampf, a German importer and exporter with offices here, and others testified in the trial of Dr. Karl Buehn, Adolph Hachmeister, George Kotter and Joseph Poppinghaus, all officials of the Hamburg-American Line, who are charged with conspiracy in having directed the loading and dispatching of sixteen vessels to the relief of half a dozen or more German warships isolated from supplies in the Atlantic and Pacific.

Roger B. Wood, assistant United States District Attorney, said that the government would show that the defendants trade rough-shod over the laws and treaties of the United States as contemptuously as if these laws and treaties had been mere scraps of paper.

William Rand, counsel for the defendants, offered to concede certain charges of the government, involving 12 steamers and admitted that Dr. Buehn and his associates had sent out the vessels as charged to meet German warships in the Atlantic and deliver their supplies. Mr. Rand said that in so doing his clients were acting upon legitimate orders which came to them by cable from the home Office of the company in Hamburg. But the government lawyers spurned the concession and sought to prove their case out of the mouths of witnesses.

"The defense is not willing to admit the facts. It is trying to smother them," was Mr. Wood's retort to Mr. Rand's offer.

"Quite the contrary," replied Mr. Rand smilingly. "We are willing to admit that \$750,000 has been sent as the government is trying so hard to prove. Why we are willing to go

much further than that—we will admit that \$2,000,000 of German money was spent in chartering and supplying vessels for relief of German warships."

Kulenkampf's story was that he had been summoned to the Hamburg American Line offices here on Aug. 5th, 1914, and there met Dr. Buehn, and others. They asked him to clear two American steamers, the Lorenzo and the Berwind, loaded with coal, with all possible speed—last afternoon. "They told me," he said, "that they didn't want the Hamburg-American Line to appear in the transaction." He decided that he would accommodate them. Accordingly he went to the customs house and did so and the vessels sailed without delay.

It developed from stories by succeeding witnesses that Captain Edward Falkenberg of the Berwind had likewise sworn to a manifest, giving the shipment aboard the vessel as coal, and that a supplemental manifest was not made till the next day to cover cases of provisions and oils which a gang of scoundrels had been loading on the Berwind all day and night. For swearing falsely to the manifest, it developed, Captain Falkenberg was fined \$500 by the port authorities here last December.

Both the Lorenzo and the Berwind witnesses testified, sailed with super cargoes placed aboard by the Hamburg-American Line. The super cargoes, the government charges, carried sealed instructions to be opened after sailing in the case of all sixteen ships on which the charges are based and, it is charged, in some cases these instructions were opened and the super cargo assumed command before the steamer had passed out beyond the three mile limit over which the United States exercises jurisdiction.

SIX-DAY BICYCLE RACE.

Chicago, Nov. 23—The ten leading teams in the six-day bicycle race at the end of the 97th hour tonight had covered 1,841 miles and six laps, 21 miles slower than the record. The Young-Kopsky team was two laps and the Oht-Madonna combination four laps behind the leaders.

LONDON DENIES RUMOR.

London, Nov. 23—Recently published despatches to the effect that in the fighting in Mesopotamia, a British monitor had been sunk in the Tigris river, were denied officially here today.

STREET CAR SYSTEM.

This office is continually in receipt of complaints about the Street Railway system and it seems high time for the City Council to insist that the Railway carry out its part of the contract faithfully, especially as regards a regular service.

Another objection is that conductors do not always stop to take on passengers when they should, though it is generally remarked that they will usually stop at every corner when the car is filled to overflowing.

We believe that conductors are supposed to call out the names of the streets at every corner. If this is the rule, why is it more honored in the breach than the observance?

The City officials should have a constant inspection of the system, not an occasional one when the spirit moves them.

THE REMOUNT CAMP.

We understand that the Society For the Prevention of Cruelty to Animals is about to take an action against the officials at the French Remount Camp on the ground that the treatment of the horses there is far from satisfactory and that these horses are suffering unnecessary hardship and exposure.

The Society is to be congratulated on its energy in this matter, for some of the accounts which we have received indicate that conditions at the camp are scandalous and do not reflect any credit on this city. These poor, dumb animals have no very pleasant future ahead of them anyhow. The least we can do is to see that they are well looked after here, and subject to no needless inhumanity.

Accommodation for them at the Remount Camp is evidently quite inadequate and unsuitable and the wastage during the past month has been very high. If this can be stopped, every lover of animals in Quebec will be more than glad.

COSTLY FOR TEUTONS.

The Rotterdam Courant states that the acknowledged losses of the Prussian army in action up to the 20th of October total 2,081,078. The losses of the Bavarian, Saxon and Wurtemberg troops and of the Imperial German navy are not included in this total, nor are those of the Germans serving with the Turkish army. The Courant states that the total losses of the Germanic armies have been five million men. If this is approximately correct, not less than a million and a half of Germans and Austrians have been killed in action or have died of wounds, for the ratio of those who are killed outright or die of wounds is found to be almost one in three of all casualties.

The time of testing approaches. Mr. Hilaire Belloc, discussing the attempt to link up Constantinople with the Central Empires, says: "It is the last effort of the Austria-Germans to create a diversion before their effectiveness begin to fail. That they can keep these at full strength six weeks more is doubtful. That they can keep them two months more is improbable; that they can keep them three months more is mathematically impossible."

The Balkan campaign may be an apparent success for the Germanic arms, but in reality it will prove as costly a failure as the campaign on the Yser, the capture of Warsaw, or the battles along the Dvina. It inevitably means the loss of tens of thousands of men by Serbian bullets, whose lives should be safeguarded for the defence of Germany and Austria against the coming attacks of France, Britain and Russia. Mr. Belloc has been very careful in his computations as to the relative strength of the Germanic armies and those of the Allies at any given period. He has demonstrated over and over again that up to early autumn of the present year the Germanic effectives were fully equal in strength to those of the Allies. Now he declares that Germany and Austria can no longer add to their strength in the field, and that very soon the total number available will begin to lessen. How quickly the wastage will destroy the Germanic armies becomes evident from the report that the Prussian losses from October 11 to October 20 were 57,424. The war has become a struggle in which the exhaustion of one or the other of the groups of combatants will be followed by collapse. The Allies have still enormous reserves of men. That means victory. It would mean victory were the Germanic armies winning victories every day, so long as their losses prove to be as great as those of the armies defeated by them.

The Mail and Empire suggests the revival of the three-cent stamp. It is a good idea and would save both time and labor.

The busiest spot in the Dominion Capital just now is said to be the Opposition headquarters. That is evidently their idea of keeping the truce.

At the rate things are going in Greece the Grecians will be fighting with each other before they make up their minds to fight with any of their neighbors.

The Franco-British declaration of a commercial blockade of Greece is a purely preventive and justifiable measure, Greece, although a small power, is nevertheless a considerable mercantile one. She owns about 800 sailing vessels and 500 steamers, with a total tonnage of 1,000,000. The Greeks do a considerable carrying trade in the eastern Mediterranean and Black Sea, and the war has been the opportunity of great earnings. The total trade of Greece with Great Britain, in a normal year, is about \$13,000,000, with Russia about \$2,500,000, with France about \$5,000,000 with Italy about 4,600,000. Her trade with Germany is only about half of that with Great Britain, and even her trade with Austria, her nearest great neighbor, is much less than with Great Britain alone.

PRESS COMMENT.

The latest monthly statement of Canada's trade, just issued by Hon. J. D. Reid, Minister of Customs, shows that Canada exported last month nearly eighty million dollars' worth of goods. This is about double the value of goods exported during October, 1914. The huge increase is particularly gratifying, as evidence of the country's general business activity, because it is not due to any particular movement of manufactured goods, such as war munitions, but to a notable increase in practically all lines of trade. Exports of agricultural products, for instance, increased in value from \$17,900,000 for October, 1914, to \$39,833,000 for the past October, which is a very creditable and promising manifestation in view of the present difficulties as to transportation. Indeed, this evidence that the crop is being marketed satisfactorily is the feature of the report. The export of animals and their products increased by \$4,000,000; manufactured goods by \$5,700,000; minerals by \$1,500,000, and so on all along the line. The trade for October also helped still further to pile up a greater favorable trade balance imports being doubled by exports. The statement shows that Canadian trade for the past seven months was \$709,000,000, as compared with \$640,000,000 for the corresponding seven months last year. During this time, the exports of agriculture overtopped by no less than \$25,000,000 the exports of this kind up to the end of October, 1914. Total exports bettered imports by \$83,000,000. Official reports such as this one ought to go far towards convincing the Canadian people that the country is experiencing a notable business revival. It will be noted that specialized war munitions do not figure relatively high in the figures, as might have been expected, the trade expansion resting on the permanent basis of normal business activities. The record crop of this year is the dominant factor in the prosperous condition indicated, and the business stimulus expected from the trade in war munitions, recently organized upon an impressive scale, has yet to reach its maximum. Canada goes into the winter with every promise of better living conditions for the people in general than have been experienced for many years.—Montreal News.

The German Socialist paper "Forward"—we may as well use the English word—is discussing the situation of the German people with remarkable frankness. "Wherever," it says, "we plunge beneath the flag-waving music, and hand-celebrating triumphs of arms this note of misery is apparent, the misery of war. Elsewhere we read:

"The short, successful war, the spoils of victory, the wealth of Belgium, huge indemnities, annexation of colonies, trade which would make everyone prosperous and contented and bring back the armies in triumph and splendor—that was the reward promised and the dream dreamed.

"Today the reality is growing daily farther from that intoxicating vision; in the sight of enormous and increasing losses in the field, starving women, the miseries of another winter in sight, with increasing privation, and no alternative but ruin, whether victorious or defeated, at the end."

There is a tendency to discredit these stories of the hardships of the German people. They have been used in a foolish way—as if we had

only to wait and see Germany collapse from internal weakness. Yet there is some truth in them; and the lesson we have to learn is that Germany is straining every nerve and using every ounce of its resources and that we must do the same—or at least use a larger proportion of our resources. Germany is starving its population to death in order to maintain its armies on foreign soil. We do not need to go that far. Great Britain has felt the pressure far less than Germany, and we in Canada have not felt it at all. Times are actually better than they were a year ago. That means that we have a vast fund of unused resources to throw into the struggle. And it will be worth while to use them. It will shorten the struggle, and it will enable us to live in peace and security. It will also discourage future Kaisers from starving their own people to death for the pleasure of smashing the peaceful homes of their neighbors.—Toronto Star.

BIG INCORPORATION.

New York, Nov. 23.—The incorporation of the American International Corporation, with a capital of \$50,000,000, at Albany, was formally announced here today. The new corporation plans to develop American trade in Europe and South America, it is stated. Another feature of the business will be the furthering of foreign loans and investment enterprises.

The president will be Charles A. Stone, head of the firm of Stone & Webster, Boston. R. P. Tinsley, treasurer of the Standard Oil Company, of New York, will be secretary-treasurer.

Paris, Nov. 23.—A despatch to the Havas News Agency from Madrid, says that at the request of King Alphonse the sentence of death passed upon Anna Benazet, by a German court martial at Liege, late in October, on her conviction with others, of having collected information useful to the French government, for which it was intended has been commuted to imprisonment for life.

**Various Forms
Of Headache**

"It is necessary in order to treat headaches properly to understand the causes which produce the affection," says Dr. J. W. Ray of Brockton, Ala. Continuing, he says: "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose Anti-kamnia Tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and rest in the most severe cases of headache, neuralgia and particularly the headaches of women."

When we have a patient subject to regular attacks of such headache, we should caution him to keep his bowels regular, for which he feels the least sign of an "oncoming attack," he should take two A-K Tablets. Such patients should always be instructed to carry a few Anti-kamnia Tablets, so as to have them ready for instant use. These tablets are prompt in action, and can be depended on to produce relief in a very few minutes. Ask for A-K Tablets. Anti-kamnia Tablets can be obtained at all drug stores.

IN AND ABOUT TOWN

LICENSE FEE ON TRAVELLING SHOWS

TAX CANNOT BE IMPOSED ON VOCAL AND MUSICAL ARTISTS.

An important judgment was rendered in the Court of Sessions yesterday by Judge Langelier, in which the complaint of the Provincial Collector of Revenue against the Auditorium Theatre was dismissed.

It was the intention of the plaintiff to make a test case of the matter and to have the courts interpret the legislation passed at the last session of the Provincial Legislature imposing a license of \$20 a day on travelling shows, such as trained animals, minstrels, etc.

To establish whether or not this law was applicable to troupes or artists appearing in concert the complaint was made in connection with the recent concert at the Auditorium by the famous Cherniavski brothers.

The Court refused to consider artists in the same category as "trained animals," wandering minstrels, or Punch and Judy shows and dismissed the complaint against Mr. J. H. Paquet, Manager of the Auditorium Theatre with costs against the Government.

RED CROSS SOCIETY.

We have again to thank the Dominion Arsenal, for a large quantity of work done by the wives and families of the employees. Each month, material is taken from the Red Cross workers and returned "made up."

ORGAN RECITAL.

Mr. H. Gordon Perry will give an organ recital in Chalmers Church, Friday Evening, at 8.15 o'clock from the works of English and Belgian composers. He will be assisted by Miss Jean Porteous, Contralto, late of St. Cathbert's Church, Edinburgh, Scotland.

LATE MADAME ANCTIL.

A venerable and respected Quebec lady has passed away in the person of Mrs. Anctil, widow of the late Jean Laughlin Anctil in his lifetime, Notary Public and Post Office Inspector.

The late Mrs. Anctil had reached the age of 87 years and is survived by one daughter, Miss Celina Caron and two sons, Messrs. Edward Caron, now of New York, and J. Emile Caron, of the firm of J. B. Laliberte, this city, who will have the sympathy of many friends in their bereavement.

DEATH OF

MRS. M. G. FRENETTE

The death occurred at her home in Limoilou yesterday of Mrs. Frenette (nee Marie Genevieve Gauthier) wife of the late Ant. Frenette. The late Mrs. Frenette, who had reached the venerable age of 79 years and 6 months, was known among a wide circle of friends both in Quebec and Portneuf where she had lived for many years. Among the immediate relatives who are left to mourn their loss are Mr. O. Groleau, of this city, J. Groleau, Montreal, M. Falardeau, of Lake Lintin, Mich., Mrs. Michaud, of Lake Lintin, Mich., Savard, St. Hyacinthe, and Mrs. L. Hamel, of Portneuf. The funeral will be held Thursday morning.

FUNERAL OF MRS.

LAWRENCE LAWSON.

The remains of the late Mrs. Lawrence Lawson were conveyed to their resting place in St. Patrick's Cemetery and the obsequies were attended by a large number of mourning relatives and friends.

The pall-bearers were: Messrs. M. Kenny, John Humphrey, John Mayes, Wm. Quinn, Michael Huck and Ed. O'Connor, while the chief mourners were the husband of the deceased, Mr. Lawrence Lawson, her son, Mr. William Lawson and her brother, Mr. James Kane.

At St. Patrick's Church Revd. Father Healey sang the requiem service, assisted by Revd. Fathers McCandish and Mehan as deacon and sub-deacon.

Revd. Father Mohan recited the prayers at the grave.

The opening of the Sensational Sales of Fine Objects of Art, at Knights of Columbus Hall, 73 Grande Allee, will take place today (Wednesday) at 2.30 o'clock sharp and at 8.00 o'clock this evening.

Do not miss it. The greatest collection ever seen in Quebec. N.B. 2 sales daily till Saturday.

WONDERFUL EXHIBITION OF FINE OBJECTS OF ART.

T. thousands of visitors viewed the extraordinary collection of French Art objects at the Columbus Hall, Grande Allee yesterday. They were amply repaid for their trouble, as the exhibition is without doubt the most extensive ever seen in Quebec. The entire collection will be sold at an unreserved public auction this week, commencing today, Wednesday, at 2.30 o'clock and continue every afternoon and evening at 2.30 and 8.00 o'clock.

BACK AFTER ABSENCE OF HALF CENTURY

MR. DENNIS DUGGAN FINDS GREAT CHANGE SINCE HE LEFT.

Mr. Dennis Duggan, who has been away from Quebec for practically half a century, is now on a visit to Quebec and is staying with his brother.

Mr. Duggan, who was born at Cote Portneuf, near Port Rouge, some eighty years ago—though no one would believe it—was a culler here before he left and served his time in the mines on both sides of the river, in the palm days of the lumbering industry. He recalls the time when he saw a fleet of several hundred sailing ships in the harbor at once.

After leaving Quebec, Mr. Duggan went to Kent county, Ontario, and was married at Wallaceburg. Later he went to the States, and is now residing in Detroit, Mich. In spite of his long residence across the border he is still a true Canadian at heart and his sympathies as regards the war are manifest.

In his day he was an active politician and also represented Wallaceburg on the Council for ten consecutive years.

Speaking of his return to Quebec, Mr. Duggan says the changes here have been wonderful and it makes him quite homesick to observe the disappearance of the old familiar faces and the old landmarks.

KHAKI CLUB CONCERT.

The usual weekly concert of the Quebec Khaki Club proved a great success this week and reflects great credit on the organization. Although most of the convalescent soldiers had gone away, the attendance was large, the Pioneer Battalion being present in force and its members contributing some good numbers.

Mrs. Goodday and Miss Williams did much to assure the success of the event and the selections which they gave were much appreciated by all present.

Refreshments were served and altogether the entertainment proved most enjoyable.

GRENADE GUARDS.

In spite of the fact that the recruiting agents of the Grenadier Guards who were sent down here to enlist men did not want any French Canadians, it is well to note that they were glad to enroll a number of them through the medium of the 8th Royal Rifles, the following men from that regiment now serving under General McEwen in the 87th: Riflemen—T. Dubuc, A. Tondreau, Lefoure, W. Lapointe, A. Thurm, G. Doucet, Lamontagne, G. Senecal, C. Labonte, L. Chartrand.

LEGAL INTELLIGENCE.

Judgments Rendered and Writs Issued.

Judgments by the Prothonotary: The Island Cold Storage Company, Ltd., vs. Picher. Judgment against defendant for \$230.04, interest and costs.

P. T. Legare, Ltd., vs. Landry. Defendant is condemned to pay plaintiff \$205.50, interest and costs.

Judgment by Hon. Justice Malouin:

Laperriere and vir, vs. Laperriere and Laperriere and al, mis en cause. Plaintiff claimed the annulment of a deed of gift dated the 17th of August, 1890, by Mrs. Victoire Drolet in favor of Jos. Laperriere, her son, the defendant in the present case. She alleged that it was stipulated in the deed of gift that her mother was to be kept by defendant, who should attend to all her needs and that these conditions and others mentioned in the declaration were not fulfilled and that in consequence the deed of gift was null and void. Defendant admitted the deed in question, but denied the other allegations of the plaintiff's declaration. The learned judge dismissed the action with costs.

The defendant in the case of Laperriere vs. Sanchagrin, through his attorneys, Messrs. Belleau, Bailargeon and Belleau, has inscribed his case before the Court of Review, of the judgment rendered against him on the 6th day of November instant.

Writs of summonses issued from the Prothonotary's office: J. Henri Edmond Plamondon, vs. Philippe Lachance, Quebec, \$100.

Ferdinand Nicole vs. Edward Libert and E. Lalonde, Quebec, \$224.40 damages.

P. T. Legare, Ltd., vs. A. Billette, Valleyfield, \$360.10, cheque.

Charles Alphonse Parent, vs. Alphonse Laplante, Chateau Richer, \$113.38, account.

Georges Tanguay, Ltée., vs. Mrs. Amelia Aubin, and Hubert Houde, Herbertville Station, \$116.30, promissory note.

La Banque Hochelaga vs. Weller Levesque, and Mrs. Widow Noel Levesque, Charlesbourg, \$573, promissory note.

Adelphie Lemay vs. Adelard Beaudet, Deschambault, \$172.96, account.

Andre Hatch vs. Aubele Picard, Quebec, \$335, saisie gagerie.

Alfred Gagne, vs. Robert Laycraft, Glumary, Megantic, \$175, promissory note.

COUNCIL WANTS TO BORROW \$400,000

ROAD COMMITTEE RECOMMENDS SUMS TO BE SECURED FOR IMPROVEMENTS.

The question of borrowing money for the requirements of the City was discussed by the members of the Road committee last night from about half past eight o'clock last night until nearly one o'clock this morning when it was finally decided, after various amendments and subamendments had been defeated, to recommend to the Committee on Charter Amendments that authorization be sought at the next session of the Quebec Legislature to contract the following loans:

\$100,000 for Limoilou Ward.
\$100,000 for Belvedere Ward.
\$100,000 for the City.
\$50,000 for Equipment.
\$50,000 for Permanent Sidewalks.

At the opening of the meeting a delegation from Montcalm Ward waited on the Committee asking that a wooden stairway be erected on the east side of Claire Fontaine Hill. The Committee decided to grant the request.

Mr. W. S. Dettlor, Manager of the Chateau Frontenac, asked permission, to erect a slide on Dufferin Terrace this winter, and his request was granted.

A recommendation was made to the Finance Committee to increase the salaries of the carpenters, electricians and blacksmiths of the Road Department, despite the fact that Mayor Drouin protested that this was not the time to propose increases.

Various questions came up for discussion and among others were the prolongation of O'Connell, and Lockwell streets, the construction of a hill from the Hay Market at the Palais to Upper Town, the repairing of Sandy Hill, etc. But no definite action was taken.

Towards the close of the meeting Ald. Frank Dinan, who had been patiently listening to the discussion, told the other members of the Committee that all one could hear was money for Belvedere and Limoilou Wards, while Chalmers ward had nothing in the line of improvements. He intimated that some of the Aldermen must be interested in Belvedere and Limoilou.

A Smooth, Hairless Skin for Every Woman

(The Modern Beauty).

With the aid of a plain delatone paste it is an easy matter to rid the skin of unsightly hairy growths. The paste is made by mixing some water with powdered delatone. This is applied to the hairs not wanted and after 2 or 3 minutes rubbed off and the skin washed, when every trace of hair will have vanished. When you go to your druggist for delatone, be sure you get the genuine article.

Peeling the Skin is Better Than Bleaching

Ever since the discovery that mercurized wax would absorb and remove a discolored complexion, its use by ladies as a substitute for bleaching creams has grown rapidly. A perfect complexion can be maintained indefinitely if this remarkable substance is used. Its beneficial cleansing, clearing and preservative action is quickly apparent, and ladies who have been paying high prices for "special bleach" from beauty specialists, soon recognize that mercurized wax outranks them all. It has become so popular that it can be obtained at all drug stores, who have it in original one-ounce packages. The favorite way of using is to apply it, like cold cream, before retiring, washing it off in the morning.

The saxolite lotion for wrinkles and the facial contour has also become extremely popular. One ounce powdered saxolite is dissolved in one-half pint witch hazel, bathing the face in this has a splendid effect in erasing wrinkles and improving contour.

By-Law No. 29.

By-Law to Amend By-Law No. 192 of the 22nd, December, 1895.

(Drawn up in the French language.)

At a meeting of the Municipal Council of the City of Quebec, held on the 19th day of November one thousand nine hundred and fifteen, (1915), the following by-law was read for the first time.

It is ordained and enacted by the Municipal Council of the City of Quebec, and the said Council doth hereby ordain and enact as follows, to wit:

Paragraph 31 of by-law No. 192, passed on the 22nd of December 1895 is replaced by the following:

"31.—Nobility shall attempt to give nor will voluntarily give deliberately any false alarm, and whoever shall infringe the dispositions of the present paragraph shall incur, for each offence, upon condemnation before the Recorder's Court of the City of Quebec, a fine not exceeding one hundred dollars, or six months imprisonment in default of payment of the fine and costs, or six months imprisonment without the option of a fine, to the discretion of the Recorder."

31A.—Nobility shall cry out, without cause, to the guard or to the police, or a similar cry, nor shall use a bell ringer or shall make use of any bell or other reverberant instrument, nor shall use any means, nor shall make any noise or gesture or other thing of a nature to assemble or attract the passers by or others in a street; but nothing contained in said paragraph shall apply to religious ceremonies, military or others not forbidden by law.

Paragraph 32 of said by-law is replaced by the following:

"32.—Whoever shall contravene to any of the preceding dispositions to which it is not previously alluded to, shall incur, for each offence, upon conviction before the Recorder's Court of this City, a fine not exceeding forty dollars, which shall be levied in the manner prescribed by law, and in default of payment, shall be imprisoned for a space of time not exceeding two months, at hard labour to the discretion of the said Court."

Public Notice.

Is hereby given that, in conformity to law, the above by-law will be read a second time, for adoption, on Friday next, the 26th day of November instant, 1915.

SOLDIER JONES TO FIGHT AGAIN WESTERN PLAYERS FOR CANADIENS

WILL MEET BARNEY DEVINE AT CANADIAN CLUB, NOV. THE 29TH.

George Belanger, manager and promoter of the Victoria Athletic Club, announces that "Soldier" Jones will fight Barney Devine on the 29th inst., in the Canadian Athletic Club's Hall, 338 St. Joseph street.

Jones is in splendid condition again and Frankie Conley, who is looking after him, down at Leon Belanger's club, thinks that the big fellow is a real fighter.

Besides this bout, "Spike" Sullivan will meet Bernard Edmonds, the colored light-heavyweight, Joe Surprenant will box Patsy Dillon, of Detroit, and Soldier Loisel will be seen in action against Geo. Parent.

The bill is a good one, and a big crowd is sure to attend.

RING GOSSIP.

Boston, Nov. 23.—Ted (Kid) Lewis, the English boxer, knocked out Jim Duffy, of Lockport, N.Y., in one minute tonight.

The New York State boxer was floored eight times before Referee Powers waved him from the ring, declaring Lewis the winner.

The first knockdown came within ten seconds of the start. Knockdown followed knockdown, almost with the same regularity that Lewis pushed forward his powerful left fist, pushing the other man to the floor for six to eight seconds each time. After seven falls, he was sent sprawling against the ropes, this time by a right-hand blow, Lewis holding his left at his side. The referee stopped the fighting after the boxers had been in the ring a little more than a minute.

Lewis is said to be a welter-weight now, though his manager claims he is a lightweight. If he can make 135 pounds and still retain sufficient strength, he seems the logical opponent of Freddie Welch for the title.

We are sorry to note that Billy Kramer's association with Johnny Schiff, he of "newspaper fame," has caused him to develop some of his literary talents. The following despatch appeared in the Montreal Gazette:

"Quebec, November 22.—Before one of the largest crowds that has ever witnessed boxing in a local ring, Billy Burns, New York, shaded Alf. Lynch, a local fighter, in a ten round bout. In another bout, Billy Kramer, who came here from Montreal, earned the decision over Billy Hayes, of St. Louis, in four rounds. Kramer had the best of Hayes at all times and in the fourth round, after Hayes had been knocked down on several occasions, his seconds threw up the sponge signifying that he had been beaten."

Kramer may not have sent this stuff, but whoever did, didn't even know Burns' nick-name, which is "Pinkey," and not Dicky. As to giving Burns the shade, the only shade Burns had was Lynch's shadow, which always kept him in the dark. Not once, during the whole fight did Alf have his back against the ropes, though "Pinkey" knows how the cord feels.

As to the bout with Hayes. So far as we are concerned, Hayes was outclassed by Kramer, but the referee gave Hayes the fight on a foul, and Kramer cannot claim a win, no matter how he figures it.

A certain Mr. Benson, who was in Kramer's corner was a bit annoying. The ringside fans are not fools, as Mr. Benson evidently imagines. He kept continually shouting out: "Kramer is only letting him go, why Billy can finish him any time, but he wants to let the bout go on awhile."

And Mr. Kramer meanwhile was simply lambasting Hayes around, hitting him high, low, before and behind. In future, Mr. Benson, kindly save your voice.

Tom Flanagan says in the Toronto Telegram:

"The professional hockey magnates are congratulating themselves on getting piles of advertising in this war between the Coast and the N.H.A. They have about run the limit in this, and a reaction is setting in. Already the question is getting asked why so many of these paid young men are not in khaki."

Not bad for the former manager of Jack Johnson, eh?

The City League clubs will likely be allotted dates as soon as the N.H.A. decides definitely as to their schedule.

McVEY OUTFOUGHT SAM LANGFORD.

New York, Nov. 23.—Sam McVey, of California, outfoought Sam Langford, of Boston, here tonight in a ten round bout. The California was the aggressor in eight of the ten rounds, Langford gaining only the fourth and sixth.

The annual meeting of St. Patrick's Hockey Club will be held in St. Patrick's Literary Institute rooms, 113 St. Ann street, at 8.15 o'clock, this evening.

It is expected that a large attendance of members will be on hand, as the Club intends to make a strong bid to follow the example of the baseball club and cop the City League championship.

Yale had twenty coaches preparing for the Harvard game but the Crimson had the players, and look what they did to Tom Shevlin's hopes, 41 to 0. It will take the Dark Blue forty-one years to get over that blow. If Yale had have had one hundred coaches what would Harvard have won by?

Brownie Baker, who played with the Wanderers last season, graduating from amateur ranks, has notified the club management that he will not accept the terms offered him. Baker was one of the Wanderer club's stars in the early part of the season, but did not show to as great advantage towards the end of the winter.

The Vancouver papers hand out some swell "wrist-watch" stuff. Listen to this from the pink-tea town out West, where lacrosse players are assassinated, etc.:

"The Vancouver Sun says: The Pacific's have as little use for the physical rough stuff on the ice which is outside of the playing rings as they have for contract jumping. They figure they are paying big salaries to their men to keep in physical condition to serve up the best hockey in the world to the public, and they don't propose to subject the players to the danger of serious bodily injury at the hands of their fellows. That's what kept McGiffen out of consideration when the Easterners were approached. "Minnie" holds the reputation of being the real "bad man" of the N.H.A., and is said to have established his clear right to that title by his actions on the ice. It is too bad, too, because McGiffen is a good hockey player when he devotes his talents to hockey, and is possessed of a personality which fairly radiates sunshine when in his civilian mind. When he laces on his skates, however, and takes up his stick, there is a complete mental metamorphosis in his character. The only color he can see in the atmosphere is a lurid red, and besides the physical danger to his opponents, there is also the disadvantage of his team playing under a handicap by reason of his absence from the ice under penalty. That's all right back in the East, where substitutes are allowed for penalized players, but it wouldn't do out here where a penalty is not a personal matter so much as a weakening of team force."

Willie Hoppe won.

New York, Nov. 23.—Willie Hoppe, of New York, had no trouble tonight defending his title as balking billiard champion against Welker Cochran, the young Iowa, in the deciding contest of the 18.2 handicap billiard tournament. Cochran was defeated by 500 to 218, his handicap being 200 points.

Cochran's showing was somewhat of a disappointment as he had been able to defeat all the other billiard stars in the tournament. Hoppe made victory sure in the second inning when he ran up 308 points without stopping for the record high run of the tournament. Hoppe's average was 55.5-9. Cochran's high run was 9 and his average 22-8.

In the afternoon contest George Sutton defeated Koji Yamada, 400 to 252.

The final standing was: Hoppe, Cochran, Sutton, Slosson, Yamada and Mayer.

Hoppe won all his five games and Mayer lost his five.

JOFFRE FAVORS EFFORT BY WAY OF BALKANS

DESPATCH FROM PARIS SUGGESTS THAT POSITION IN THE WEST IS ONE OF STALEMATE—CLEAVAGE IN NEAR EAST LIKELY.

New York, Nov. 24.—A Paris despatch to the Morning Tribune says:

General Joffre's recent visit to London changed the entire British plan of campaign in the Near East. He insisted on the practical abandonment of the Dardanelles expedition, and also on Great Britain's sending not only the Gallipoli forces to Serbia, but every other man who could possibly be spared.

Even before General Joffre went to London the British had withdrawn practically three quarters of their troops from Gallipoli and were transporting them to France. The remaining fourth were to hold the positions won so far as they were able.

All agreed that any further attempts to pierce the Turkish positions would be sheer madness. It was never intended that Sir Charles C. Monro should make any more attacks. He was merely to be sent to command the retreat.

General Joffre spared no pains in vigorously forcing his views on the British cabinet and the General Staff. He told them plainly that the battle of Loos had had no practical value whatever. In his opinion the results attained were in no way commensurate with the expenditure of life and munitions. According to Joffre, the position on the west was stalemate and hope of any real success was next to impossible. The only hope was to make a great effort by way of the Balkans.

Opposition to these views was exceedingly strong at first, but Joffre battered down all obstacles and ultimately was allowed a free hand. Consequently, the British troops on the way from Gallipoli were diverted to Saloniki, where they are now being landed.

Moreover, 80,000 men from England were immediately under orders for Serbia, while all the men available from France will also be transhipped as soon as possible. It is more than likely that the great war will be decided in the Balkans after all.

The one factor that decided the British cabinet on the point was the belief of the Foreign Office in London that Germany would never be able to form any alliance between the Balkan powers.

The view was strongly held that Turkey would never allow Bulgaria to fight on her territory, and vice versa, although individually each was ready to aid Germany. On this account it was confidently believed that a cleavage between the Turks and Bulgars might eventually be maneuvered.

Most military authorities believe that the Balkan campaign will not be long but at the same time they fully expect it to be the most sanguinary of the entire war.

NOTED HORSE DIES.

"Judge," aged 37, Hung Up Thirty-Five Ribbons.

Brockton, Mass., Nov. 23.—"Judge," a famous harness horse, died yesterday at the stable of Henry A. Baker, his owner, in Rockland, at the age of 37 years. Some years ago "Judge" was known on every county fair track in New England, and in one season hung up thirty-five ribbons as a result of his work. Of late years the old horse had taken part in some of the matinee races of the Old Colony Driving Club.

The horse's owner is 70 years old, and always drove the horse in races himself.

NO FIRE, BUT LOTS OF SMOKE AT ALLEYS.

1st Citizen: Say, Bill, was there a fire at the Quebec alleys tonight?

2nd Citizen: No, why?

1st Citizen: Well, I saw a lot of smoke coming out of the windows.

2nd Citizen: Oh! You should have been there. The Senator bowlers beat the Daily Telegraph, but we should worry. They passed around samples of that good old Senator tobacco to players and spectators, and the smoke you saw came from our pipes.

1st Citizen: Just my luck. I was at a church meeting.

RELEASE OFFICER.

Lieut. Goschen Allowed Liberty From Solitary Confinement.

Berlin, via London, Nov. 23, 10.42 p.m.—Out of consideration for his father, Sir William Edward Goschen, former British Ambassador to Germany, the government has authorized the release of Lieut. Gerard Goschen, who was wounded and captured in the early stage of the war in France.

Lieut. Goschen was among the British officers who after they had apparently recovered from wounds were selected to undergo solitary confinement in Germany in retaliation for the treatment of officers and crews of German submarines by the British.

Lieut. Goschen and the other officers were visited in the early summer by representatives of the American Embassy, and later it was announced that Lieut. Goschen, whose health had suffered severely, would probably be transferred to a sanatorium.

FREAK OF THE TIDE.

Curious Phenomenon That Occurs in the River Trent.

"Ware aegir! Ware aegir!" The river Trent has been flowing out to the sea for hours, leaving long stretches of brown mud glittering in the light of the setting sun. It is a calm summer evening, and we sit waiting and listening on one of the old wharves of Gainsborough, Lincolnshire. The cry is taken up by every boatman, who shouts it again upstream—a strange eerie warning.

Several small boats are now pushing off into midstream to avoid the mass of churning water which breaks on the foreshore. A group of children add to the tumult with a shrill cry of "Wild teger! Wild aegir!" which they consider a much better rendering than "Ware aegir!"

By craning forward we can see it now, rounding a bend of the river by the shipyard. The first wave is big and smooth, stretching right across the river, with a swirl of angry water at each side; next follow five or six big rollers, which roar and foam along, leaving masses of broken water in their wake. These are called the "whelps."

Presently we shall see the force of these "whelps" when they reach those big, unwieldy, square nosed barges— which, by the way, are called "keels." There is one such swinging at anchor in midstream just opposite to us. For the last half hour the old keelman has been lolling about the deck smoking his clay and looking idly at the water.

Now he is alert all at once, and knocking the ashes out of his pipe, he gives a turn at the windlass to tighten the anchor chain. After a glance along the deck to see that all is secure, he looks back up the river. He is calculating where the aegir will carry him to.

There is another barge higher up the river, and as yet nobody has stirred on board. The old man has noticed it, for he shouts, "Ware aegir, Stoney, my lad!" and a young fellow jumps up the hatch and runs to the tiller.

The distant swish has increased to a roar now, and a feeling of intense excitement grips us as we see a small boat rise up on the first wave and disappear for a moment in the hollow. Up again she rises, right into the froth of the "whelps." Another moment and she is through into calmer water.

See! The billow dashes like a monster tidal wave against a wharf and splashes high up into the air with a roar and smother of white foam. Now it has reached the "keel." With a groan and rattle of chain she rises to the wave and is carried along with it, but not very far, for the anchor holds fast and she swings slowly round.

The keel is broadside on now, and the creamy "whelps" dash right over her deck as she rolls in the trough of waves, but as quickly as it takes to tell she swings stem on to the current, which is now rushing upstream with tremendous force, and will continue to do so for two hours or more until high water, when the water lazily returns toward the sea.

The aegirs are not all as big as this one; some are a mere swell about a foot high. The best time to see them is in the spring and autumn, when the equinoctial tides are big on the coast. Just below Gainsborough the aegir is seen at its best, as it rushes along some of the longest reaches of the Trent.

This curious tidal phenomenon only occurs on one or two other rivers in Great Britain, the Severn being one of them where it is known as the "bore." Those who have seen it, however, say that it does not equal the aegir in any way—Wide World Magazine.

MANAGING EDITOR OF GLOBE RESIGNS.

Toronto, Nov. 23.—The Globe tomorrow will announce the resignation of Dr. J. A. MacDonald as managing editor and the appointment of Mr. Stewart Lyon to take his place. Mr. Lyon has been with the Globe for 27 years.

AT THE THEATRES

PRESIDENT LINCOLN

Signs the Call for Volunteers, the Beginning of the Civil War as Shown in "The Birth of a Nation."

A DEVELOPMENT NO ONE WOULD HAVE BELIEVED POSSIBLE.

"Birth of a Nation" is a Regular Theatrical Attraction That was Played in Larger Cities at \$2.00.

A development no one would have believed possible a few years ago will be seen in the Auditorium of D. W. Griffith's "The Birth of a Nation" as a regular theatrical attraction playing to absolute capacity at a \$2 scale. "The Birth of a Nation" is indeed more than a film, for nearly 100 persons are employed in the mechanical effects and the music during the unrolling of its 12,000 feet of celluloid; yet not a word is spoken from the stage during the two hours and three quarters performance. Mr. Griffith's photo entertainment combines a pictorial survey of Civil War history and of Ku Klux days with a love story based on Thomas Dixon's "The Clansman." The battle scenes, engaging thousands of combatants drilled with well-known Griffith realism, are particularly effective. After seeing it, some optimists are rash enough to predict that the historical novels of the future will be told in pictures rather than in sentences. Certainly the "indoor" drama cannot henceforth hope to cope with the photoplay, so far as spectacular features are concerned.

"Birth of a Nation" will be shown all next week. Tickets are now on sale at 25, 50, 75c. and \$1.00 for evening performances; 25, 50 and 75c. for matinees.

ADVENTURES OF RUFUS WALLINGFORD AT THE OLYMPIA.

First Episode of the Great Serial of Comedies Presented With Other Features Today and Tomorrow.

"The Adventures of Rufus Wallingford" are booked for the Olympia today and tomorrow. This is the greatest news picture lovers could get and they will show their appreciation of the work done by the management to procure the best picture by crowding the house at every performance. In this series of comedies, the Pathe Exchange is showing pictures that very few theatres in the country can afford to show on account of the high cost of the films and the construction of every serial is a marvel in itself.

See one serial of "Rufus Wallingford's Adventures" and you will want to see them all for they are the funniest things presented and there is a plot to every one of them.

The Olympia has got other features on the bill for these two days and the News has illustrations everybody will like to see.

MISCHA ELMAN PLAYS HERE ON DECEMBER 7TH

Greatest Violin Recital Presented Here in Many Years. Elman is Termed the "Emperor of Violinists."

When the Russian Violin Genius Mischa Elman makes his first appearance in Quebec on Tuesday evening, December 7th next, our people will be given the chance to attend the greatest violin recital ever held in this city, with the exception perhaps of that of Ysaye, whom the critics place on the same par as Elman. Elman is considered one of the modern mysteries. On his first American tour, after years of unprecedented success in Europe, he made a tremendous sensation. Never before had a great violinist created such an impression and he was unanimously held by all the press as the most wonderful violinist of the day, being even called by a New York paper the "Emperor of Violinists," which title spread very quickly throughout America.

The incomparable art and great reputation of Elman have placed him at the head of the great virtuosos of the violin and he now commands a salary surpassed by no other. It may be safely stated without fear of being contradicted that Elman is the most expensive instrumentalist, with-

out any exception, that has been brought to Quebec not only this season but for many years past. Notwithstanding this, the management has arranged a reasonable scale of prices which is even lower than the one in Montreal, and at these prices only a crowded to the door house could make the receipts adequate to the expenses. In bringing Elman to Quebec Mr. Gauvin's only desire is to please local music lovers by presenting them at low prices the greatest, most popular and most sensational violinist in America today.

Seats will be on sale Monday at Lindsay's.

RECORD CROWDS TO SEE FRANCIS X. BUSHMAN

Today Will be Last Opportunity to See This Metro Feature at Victoria.

Today will be the last opportunity to see "The Second In Command" a Metro masterpiece at the Victoria Theatre featuring Francis X. Bushman, the most popular of screen artists, supported by Margaret Snow. This is a wonderful production and has many thrilling scenes, including a battle scene which is very well carried out. A pretty love story is interwoven throughout, with a happy ending.

Record crowds have attended all performances since Monday

VICTORIA CURLING CLUB'S ANNUAL

LAST SEASON WAS A MOST SUCCESSFUL ONE—OFFICERS ELECTED.

The annual meeting of the Victoria Curling Club was held at the Chateau Frontenac last evening, a large attendance of members being present. The meeting was most enthusiastic and prospects for the coming season were discussed and officers elected as follows:

President: A. W. Boswell.
Vice-President: John Laird.
Hon. Secretary: Geo. Van Felson.
Treasurer: C. V. Norris.
Directors: W. A. Home, F. O. Judge, E. L. Garneau, and J. K. Boswell.

Ice Committee: W. S. Champion.
Match committee: W. C. J. Hall, A. R. M. Boulton and Arch. Laurie.
Entertaining committee: C. V. Norris, H. E. Huestis, F. O. Judge and A. J. Gorrie.

Chaplain: The Very Rev. Dean Shreve.

The Hon. Secretary's report, which is a most complete and accurate resume of last season's work follows:

The directors herewith present for the season, their report as follows:—The rink opened for play on the 12th day of December, 1914, and the last match was played on the 31st day of March, 1915.

The total membership of the Club was 149, divided as follows:—

Playing Members 98
Non-playing Members 22
On Active Service, O.S. 21
Non-Resident 4
Honorary 4
Deceased 3

Being an increase of five members over the previous season.

As per resolution, adopted unanimously at the Annual General Meeting of November 16, 1914. All members of this club serving on Overseas Expeditionary Forces, are retained on the membership list as in good standing until their return to Canada or termination of the war.

Notwithstanding this provision the Honorary Treasurers' Report will show the finances of the club to be satisfactory, and this with decreased revenues, but increased expense for entertaining, due to the many matches for Trophies and Inter-club.

The club competitions resulted as follows:—

Club Gold Medal won by S. T. Green.
Club Bowl won by A. S. Cook.
Senior Singles, won by Geo. van Felson.
Junior Singles, won by Dr. A. R. Hubbard.
Mixed Doubles, won by F. J. Home and C. V. Norris.

The club matches resulted as follows:—

President vs. Vice-President.

Sixteen rinks participated in this match resulting in a win for the Presidents' Rinks by 75 to 67, a lead of 8 shots.

Each of the losing rinks paid \$200 and the winning rinks \$100 each, the total sum of \$24,000 was handed over to the Belgian Aid Fund, this in lieu of the supper that usually closes this event.

The Boswell Shield.

This splendid trophy was played

for by rinks of four players selected from the members of this club. The shield is the gift of President A. W. Boswell, as a challenge shield, was played for the first year in the past season, and in the history of this club no trophy has ever created more interest in curling.

The first match was played on Dec. 19th, 1914, the defenders being W. C. J. Hall's rink, holders of the Pell Cup of 1914, the match was won by W. S. Champion's rink, who successfully defended the shield against the rinks of H. S. Thomson, W. A. Home, A. H. Cook and A. W. Colley. Then losing to W. C. J. Hall's rink, who in turn defeated the rinks of S. T. Green, Murray Kennedy (by default), J. B. Peters and John Laird (by default); losing to H. S. Thomson. This latter rink defeating the rinks of A. J. Gorrie and W. A. Home, then losing to W. S. Champion's rink, who successfully defended the shield against Dudley Gilmour's rink in the last match of the season for this trophy.

Fifteen matches were scheduled of which thirteen were played and two won by default.

W. S. Champion rink playing and winning 7
W. C. J. Hall's rink playing and winning 3
H. S. Thomson's rink playing and winning 3
W. S. Champion's rink are in consequence the defenders of the Boswell Shield for the opening of the coming season.

The St. Patrick's Day.

This annual event, Ireland vs. The World was played with the usual enthusiasm resulting in a victory for the World by the small margin of 4 shots.

Eight rinks took part in this match which was followed by a light supper, 30 members attending.

A pleasing incident was the presentation to the Club of a silk flag of Erin the gift of Mr. Frank Carroll.

Many friendly matches were played between rinks of four members. The closing of the season being played with Granites on March 31st, 1915, between the rinks of H. S. Thomson and E. L. Garneau, and was won by E. L. Garneau, by 7 shots.

Inter-Club Matches.

An unusually busy season of play was caused by the many scheduled matches and furthermore the trophies that have to be played for in this city; besides the new system of playing the preliminaries for the Jubilee and Governor-General's, which have

to be played for in the different centres of the R.C.C.C. this system being directly due to the efforts of this club and sister clubs of Quebec centre as per resolution adopted at the R.C.C.C. Branch meeting of 1914.

The Royal Victoria Jubilee Trophy.

In the preliminary round of a bonspiel between Victoria and Quebec Curling Clubs, the result was as follows:—

Scrip certificates payable to bearer will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds with coupons attached, payable to bearer or registered as to principal, or for fully registered bonds without coupons.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch of any chartered bank in Canada.

Holders of fully registered bonds without coupons will have the right to convert into bonds with coupons, payable to bearer or registered, without payment of any fee, and holders of bonds with coupons will have the right to convert, without fee, into fully registered bonds without coupons at any time on application in writing to the Minister of Finance.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

The loan will be repaid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary or Victoria.

The books of the loan will be kept at the Department of Finance, Ottawa.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications which bear their stamp.

Subscription Lists will close on or before 30th November, 1915.

Finance Department, Ottawa, 22nd November, 1915.

tre and met with the same keen competition as last year. We regret that again Shawinigan had to default. Victoria once more wins the Bye in the draw:

Three Rivers, 23; Quebec, 34; won by Quebec, 1 shot.

Victoria, 17; Quebec, 30; won by Quebec, 13 shots.

This cup is played for annually by the clubs of Quebec Centre, and has to be won with a majority of wins in 10 years by a club to become their property, Victoria and Quebec now have each a win to the credit, the latter now are the defenders.

The District Medal.

The first end for this medal was played in Montreal on Heather Ice, was played with Granites owing to soft ice, which was against the chances of our Rinks. We, however, won out on our own ice in the return match, but not by a large enough margin to win the medal.

At Montreal Heather Ice.

Victorias', 23; Heather, 39; Heather's won by 16 shots.

At Quebec Victoria Ice.

Victoria, 31; Heather, 21; Victoria wins by 10 shots.

Heather winning out on the total by 6 shots. The clubs royalty entertained each other after each of these matches.

Sherbrooke vs. Quebec.

A pleasant event in the annals of this club was the visit of the Sherbrooke curlers in a friendly match.

Sherbrooke, 10; Victoria, 26; Victoria wins by 16 shots.

A return match was to be played in Sherbrooke but had to be called off due to soft ice but the welcome was not less hearty and on both occasions, the clubs did their utmost in the entertaining of their guests, besides cementing the friendship of the sister club's, and assuring their competition in the next trophy matches.

The Chateau Frontenac and Senator Trophies.

As a result of these valuable trophies being presented for competition by the clubs of the R. C. C. C. Branch, to be played for in this city, the most interesting curling bonspiel in the history of this city took place on Victoria and Quebec Club Ice.

Both trophies are pronounced to be amongst the finest ever offered for curling competitions, and the clubs of this centre have every reason to be grateful to the manager of the Chateau Frontenac, Mr. Fred. McMahon, and Mr. L. Samsonoff, manager of the B. Houde Co., for the

great encouragement they have given to the game of curling not only in Quebec centre but to all the clubs of the R. C. C. C. Branch.

Notwithstanding the soft weather and rain accompanied by the memorable wind storm of February last, not one match had to be delayed, the whole schedule lasting four days, being played to a finish, save and except the lack of electric light, due to the damage to wires and falling of

Brain-Fag and Exhaustion

Tired, Nerve-jaded Folk Find New Strength and Living Energy in Dr. Cassell's Tablets

There is nothing in medicine more certain than the strength-giving power of Dr. Cassell's Tablets. Everything they contain makes for strength and vital power—strength for nerves and muscles, richness for the blood, living energy for the whole system. In every part of the world the incomparable efficacy of this great British remedy has been proved beyond any shadow of doubt. Dr. Cassell's Tablets can and do bring health and vigour to the weak—often when every other means has failed. They brace up and reinvigorate all the bodily organs, restore their natural action, and build up new health and fitness for the worn-out man or woman. They are equally suitable for children, even for infants.

Sir John Campbell, Bart., C.B., formerly Major-General in the Royal Artillery, said:—"I have pleasure in stating that I have derived great benefit from Dr. Cassell's Tablets, and have found them remarkably effective in restoring the nerve energy and physical vigour which advancing years naturally impair. They suit me admirably and I have every confidence in recommending them as a safe and reliable bodily restorative."

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, and Anti-Spasmotic, and of great Therapeutic value in all derangements of the Nerve and Functional Systems in old or young. They are the recognised modern home remedy for Nervous Breakdown, Nerve and Spinal Paralysis, Infantile Paralysis, Rickets, St. Vitus' Dance, Anemia, Sleeplessness, Kidney Disease, Dyspepsia, Stomach Catarrh, Brain Fag, Headache, Palpitation, Wasting Diseases, Vital Exhaustion, Loss of Flesh, and Premature Decay. Specially valuable for Nursing Mothers and during the Critical Periods of Life.

Druggists and Dealers throughout Canada sell Dr. Cassell's Tablets. If not procurable in your city send to the sole agents, Harold F. Ritchie & Co., Ltd., 10, McCaul Street, Toronto; one tube, 50 cents, 6 tubes for the price of five. War Tax Extra, 2 cents per tube.

TIMBER REGULATIONS.
GOVERNING Timber on Dominion Lands in Manitoba, Saskatchewan, Alberta and the North-west Territories, the Railway Belt in the Province of British Columbia, and the Three and a-half Million Acres located by the Government of the Dominion in the Peace River District in British Columbia.

Licenses.
A license to cut timber on a tract not exceeding Twenty-five square miles in extent may be acquired only at public auction. A rental of \$5 per square mile per annum, is charged on all timber berths excepting those situated west of Yale, in the Province of British Columbia, on which the rental is at the rate of 5 cents per acre. In addition to rental, dues are charged on the timber cut at the rates set out in section 20. of the Regulations.

Timber Permits and Dues.
Permits may be gained in the Provinces of Manitoba, Saskatchewan and Alberta, to cut over a definite described tract of land, not exceeding one square mile in extent, on payment of dues at the rate of 20 cents per thousand feet, B.M., and subject to payment of rental at the rate of \$100 per square mile per annum.

Timber for Homesteaders.
Any occupant of a homestead quarter-section having no timber of his own suitable for the purpose may, provided he has not previously been granted free advance of timber, obtain a free permit to cut the quantity of building and fencing timber set out in section 51 of the Regulations.

Synopsis of Canadian North-west Land Regulations.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency, for the district. Entry by proxy may be made at any Dominion Land Agency (but not Sub-Agency, on certain conditions).

Duties: Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead, on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3 per acre.

Duties: Six months residence in each of three years, cultivate 50 acres and erect a house worth \$300. The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

SHIPPING NEWS

VESSELS TIEING UP FOR THE WINTER

MANY STEAMERS HAVE ALREADY GONE INTO BASIN FOR SEASON.

As navigation on the St. Lawrence is practically over for the season a large number of vessels, including many of the hotels in the Government service, have gone into their winter quarters until the spring.

Among the steamers in the Louise and inner basins are the Princess, Cartier, Orleans, Frontenac, St. Croix, Etoile and the Guide. Among the other vessels which are due to spend the winter in the Louise Basin are: St. Gregoire, Captain Zenon Castonguay of Sandy Bay; the Labelly, Capt. Moise Cheneil, of Mechins; the Effe, Capt. Ernest Hoppell, of Matane; the Marie-Reine, Capt. Arthur Boucher, of St. Lawrence; the Daisy, Capt. Jos. Blais, of Levis; the Hilda Blackman, Capt. Alfred Mercier, Labrador; the O. C. Capt. Oesime Caron, of St. Siméon.

The Gaspeien and Percepsion, of the Gaspe Steamship Co., have yet to make their last trip of the season. The Cascapedia and Laurantion, of the Canada Steamship Lines leave today on their last voyage of the season which will occupy about eight days. The S. S. Saguenay leaves port this evening for Tadoussac where she will winter.

Yesterday morning the Government steamer Montcalm left for Rimouski to change buoys. She will probably go as far as Fanie Point before returning to this port. Of all the Government steamers which have been navigating about Quebec and environment, the Rouville will be the only one which will be absent this winter. She will leave in a few days for Halifax for the winter season.

SHIPPING NOTES.

S. S. Poliki left the basin yesterday for the coast for a cargo of deals and then sail for England.

S. S. Stigstad passed out yesterday. The S. S. Stormont finished discharging coal in the inner basin yesterday and left for Montreal.

S. S. Batisca passed out yesterday.

The S. S. Inca and Impeyrol left outwards yesterday.

Allan Line "Corinthian" docked at London at midnight Monday.

NEW SHIPS FOR COAL TRADE

The Pocahontas Navigation Company, Inc., has begun the construction of a fleet of general cargo freight steamships, which will make an important addition to the American merchant marine. The steamship Joany was launched on November 10, the steamship Virginia on October 23, and the steamship Blyl on December 12. Each vessel is 5,450 gross tons. They are being built by the New York Shipbuilding Company, at Camden, N. J.

Charles S. Thorne, president of the Pocahontas Navigation Company, Inc., whose offices are at 1 Broadway, New York, gave the following details of the purposes of the company and the relations of the Navigation company with the Pocahontas Consolidated Collieries Company, Inc. and the Pocahontas Fuel Company, of which companies Mr. Thorne is vice president. He said:

"The Pocahontas Navigation Company, Inc., is a company associated with the Pocahontas Consolidated Collieries Company, Inc., and the Pocahontas Fuel Company, of which Isaac T. Mann is president, and in pursuance of the progressive policies of Mr. Mann's companies, the vessels of the Pocahontas Navigation Company, Inc. have primarily been constructed to facilitate the ocean transportation of coal from the Lambert Point piers of the Norfolk & Western Railway at Norfolk, Va., sold and produced by these companies, and to facilitate the extension of the markets for American coal, along the Atlantic and Pacific coasts and in foreign countries."

and Pacific coasts and in foreign countries.

"The Pocahontas Navigation Company, Inc., will work in conjunction with the Pocahontas Fuel Company, which has recently acquired by purchase the Garfield & Proctor Coal Wharf, New Bedford, Mass., the capacity of which is being increased by the addition of modern machinery for the quick discharge of cargoes of coal from steamships, and for the quick handling and increased storage of coal on this wharf. The Pocahontas Fuel Company is also erecting a modern coal handling and storage plant at Portland, Me. These wharves with the distributing wharf at the Bowenville Coal Company at Fall River, Mass., and the distributing wharf at Everett of the New England Coal & Coke Company, which handle coal for the Pocahontas Fuel Company in these districts, it is contemplated, will, with the other individual businesses of the Pocahontas Fuel Company in New England, keep this fleet of vessels fully occupied after April 1, 1916, until which time the company has other arrangements for the ocean transportation of its coal.

"The steamships Virginia and her sister ship have all been equipped with discharging masts, winches and tackle and proper hospital facilities to permit of their being placed in the export business, and it is possible that until the spring of 1916 they will be engaged by the Pocahontas Navigation Company, Inc. under the American flag in the transportation of coal to the Mediterranean and South American ports, where the Pocahontas Fuel Company has many contracts and is shipping large quantities of coal, or for such other export business as may be acceptable, the vessels being adapted for the shipment of grain or general cargo, and will be available to apply on this class of export business, for which there is now such an urgent demand, until the spring of 1916, when the vessels will be required in the transportation of the company's coal to New England."

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

SAVE YOUR HAIR! DOUBLE ITS BEAUTY IN JUST A FEW MOMENTS.

25-Cent "Danderine" Makes Hair Thick, Glossy, Wavy and Beautiful.

Within ten minutes after an application of Danderine you can find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy, and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

FIGHTING IN THE GARDEN OF EDEN

WONDERS OF GREAT BRIT-
ISH ARMY ADVANCE ON
BAGDAD.

(By Lovat Fraser, in the Daily Mail.)

We learned recently the surprising news that a mixed British and Indian force was within one hundred miles of Bagdad. Should our troops reach their goal, they will have performed one of the most dramatic exploits in the history of war. They will have marched over 400 miles from the Persian Gulf, throughout the lands of Adam and of Noah, to seize the place which even the Turks still call "the glorious city." Unless the Allies take Jerusalem, there could be no more striking episode in the conflict beyond Europe.

The operations which have thus developed began modestly enough last November with a joint naval and military advance from the head of the Persian Gulf up the Shatt-al-Arab, the river formed by the confluence of the Tigris and Euphrates. After one important action the expedition reached Bussorah, sixty miles from the sea, and perhaps the oldest seaport in all Asia.

From the quays of Bussorah daring Arab navigators sailed many centuries ago and sacked Canton, in the days when Arabia held the secret of the sea. It was the port whence Sinbad the Sailor, whose chronicles are plainly the exaggerated record of many genuine voyages, roved the Eastern seas. Nelson himself has left on record that he visited Bussorah as a lad, in the "Sea Horse." Yet though the East India Company had warehouses there, never before has the port flown a European flag.

The British chased the Turks fifty miles farther up the river to Kurna. One column went up the River Kurna into Persian territory to save the Admiralty oil-pipe line. Another has recently pushed its way for a hundred miles through the swamps and lagoons formed by the old channel of the Euphrates, and defeated a large Turkish force at Naisiriyeh. A third column has steadily advanced up the Tigris, and is now at Kut-el-Amara, only 100 miles from Bagdad by land though 200 by the winding course of the river. Long before it reached Kut the expedition was well past the worst obstacles—the shallows and rapids—on the Tigris. Though the river is at present at its lowest, there should be good water, all the way to Bagdad, if we are relying on water transport, which is not clear.

An Endless Flat.

The region in which our troops are now operating is of extraordinary interest, although the immense alluvial plain between the Tigris and the Euphrates contains not a single hill and hardly a tree. It is an endless flat, yellow expanse of the silt of countless ages, the richest soil in the world, the granary of early civilizations, where wheat grew wild when man first found himself. Somewhere in this area lies the traditional site of the Garden of Eden. The Arabs place it at Kurna, where our troops have been encamped since January; but Sir William Willcocks pins his faith to Hit, a place far above Babylon, on the River Euphrates.

There are very few corners of the world where the British Army has not marched and fought before, but this is one of them. For a parallel to the European invasion of Chaldea we have to go back to the days of Alexander the Great. The British force is traversing land over which, if we are to accept the inviting theories of Sir William Willcocks, the ark of Noah must have floated. It has passed by the sites of cities where dwelt the Sumerians, that wonderful race whose very existence was unsuspected by scholars until recent years. It is today within a two hours' run "by armored motor-car" of the enormous series of mounds which are all that is left of mighty city of Babylon. It should soon be

Festival of St. Cecile.

It is good to note from these columns of 30 years ago that the hurly burly of the Riel agitation and party politics were for the nonce forgotten by those who attended the festival of St. Cecile, which was celebrated with great éclat on Sunday last in the Church of St. Jean Baptiste, St. John street. A number of the most prominent representative clergy of the Roman Catholic Church in this city assisted at the service, and amongst the distinguished invited guests present were His Honor the Lieutenant-Governor, Prime Minister Ross, Messrs. Wurtelle, Taiton, Lynch, Blanchet, Paquet, Garneau, Langelier, Sheyn, Judge Routhier, Recorder Dery, Chevalier Martineau, &c.

No Party Politics There.

Among the above named gentlemen were those of strong and differing political thought and party affiliation but on this sacred occasion all were united in paying homage to a Saint who suffered martyrdom for her Christian faith, under the reign of Alexander Severus about the year A.D. 230.

As some readers of this column may not be acquainted with the facts concerning this Saint it may be of some interest to them to learn something of St. Cecile, we beg to quote the following:—

St. Cecile (Cecily) was a native of Rome, of a good family, and educated in the principles and perfect practice of the Catholic religion. In her youth she by vow consecrated her virginity to God, yet was compelled by her parents to marry a nobleman named Valerian. Him she consecrated to the faith, and soon after joined to the same her brother Tiburtius. Valerian and Tiburtius suffered martyrdom, being beheaded for the faith. St. Cecile finished her glorious triumph some

A HUNDRED YEARS

Ministerial Change in France.

Letters from Paris say: The recent ministerial change may be said to form the greatest epoch in the reign of Louis XVIII. Parties have measured their strength, and the Angoulemes are victorious. Although Fauchet and Talleyrand may be sincere in their support of Louis, yet they were considered men whose policies could not be confided in. It was known the Bonapartists looked upon them as their chiefs so far as regarded shielding them from punishment. It is well known they both had been terrorizers and intriguers and altogether unreliable advisers. History says of Talleyrand: "That he was shamelessly corrupt, immoral, selfish and mendacious, but he was amazingly clever, infinitely dexterous, and an admirable judge of men, and in his tortuous diplomacy he generally sought his country's advantage as well as his own."

Fouche Was Bloodthirsty.

He hailed the revolution with delight, he voted for the execution of Louis, he rivalled his associates Collet d'Herbois and Couthon in bloodthirstiness. He made terms with the Bourbons when he foresaw Napoleon's downfall. He was altogether unscrupulous, politic, and sagacious; he made an admirable head of the police and helped to save France from anarchy. Although in 1794 he was expelled from the convention as a terrorist, yet in 1799 he was appointed Minister of Police, from which post he was dismissed several times. These are the calibre of the men Louis XVIII had had as advisers. It will be a good day for France when they leave the scene.

days after them. Thus through the ages since A.D. 230, the 22nd of November is sacred to the memory of St. Cecile.

If Subject To Colds

Here Is Good Advice

Don't load your stomach with cough syrups. Send healing medication through the nostrils—send it into the passages that are subject to colds and Catarrh. Easy to do this with Catarrhazone, which cures a cold in ten minutes. Even to the lungs goes the healing vapor of Catarrhazone, all through the bronchial tubes, nostrils and air passages—everywhere a trace of disease remains will Catarrhazone follow. You'll not have colds, nor will you suffer from sniffles, bronchitis or throat trouble if Catarrhazone is used. Get it today but beware of dangerous substitutes meant to deceive you for genuine Catarrhazone. All dealers sell Catarrhazone, large size, two months treatment, costs \$1.00; small size, 50c; sample size 25c.

GRANDMA USED SAGE TEA TO DARKEN HAIR

SHE MIXED SULPHUR WITH IT TO RESTORE COLOR, GLOSS, THICKNESS.

Common garden sage brewed into a
heavy tea with sulphur and alcohol
added, will turn gray, streaked and
faded hair beautifully black and luxu-
riant, remove every bit of dandruff,
stop scalp itching and falling hair.
Just a few applications will prove a
revelation if your hair is fading, gray
or dry, scraggly and thin. Mixing the
Sage Tea and Sulphur recipe at
home, though, is troublesome. An
easier way is to get the ready-to-use
tonic, costing about 20 cents a large
bottle at drug stores, known as
"Wyeth's Sage and Sulphur Com-
pound," thus avoiding a lot of fuss.
While wispy, gray, faded hair is
not sinful, we all desire to retain our
youthful appearance and attractive-
ness. By darkening your hair with
Wyeth's Sage and Sulphur, no one
can tell, because it does so naturally,
so evenly. You just dampen a sponge
or soft brush with it and draw this
through your hair, taking one small
strand at a time; by morning all gray
hairs have disappeared, and, after an-
other application or two, your hair
becomes beautifully dark, glossy,
soft and luxuriant.
