WORLD POWERS UNITED IN DEMAND FOR REMOVING LEAGUE SANCTIONS

Netherlands Foreign Minister Suggests Transformation of League Covenant into An Agreement of a Purely Consultative Type — Believed League's Real Hope of Achieving World Peace Lies in Promoting Conciliation Rather than Arranging Combination Against Aggressor — Effort to Secure "League Universality" Urged.

Geneva, July 2.—Representatives of Australia, Denmark, Holland, Switzerland and Uruguay today advocated before the League of Nations' Assembly that sanctions against Italy be lifted.

Dr. A. D. C. de Graeff, Netherlands Foreign Minister, advocated the elimination of all sanctions from the League's peace machinery and suggested transformation of the Covenant into an agreement of a purely consultative type.

Failure of the League's efforts to halt wars in which a great power was involved, said Danish Foreign Minister Peter Munch, suggested the League's real hope of achieving world peace lay in promoting conciliation between powers rather than arranging future combinations against an aggressor.

Efforts to revive world trade to "end a state of commercial war" would contribute to such political conciliation, he declared.

Munch asserted continuance of sanctions against Italy by some states would be a "pointless demonstration" since the great powers have already decided to shun the war penalties. He expressed opposition, however, to recognition of Italy's annexation of Ethiopia.

Dr. M. Giuseppe Motta, of Switzerland, urging the abandonment of sanctions, declared no effort should be neglected to achieve League universality.

"If this universality is impossible," he said, "then we must seek new forms of collaboration with the great states outside the League if the League would hope to achieve its ideals."

Assembly circles mentioned July 10th as the date on which the lifting of sanctions would be effected.

League Council members prepared for a secret evening session at which the Danzig question will be discussed. The situation in the Free City has been aggravated recently by clashes between Nazis and opposition groups, and a recent press attack against the League administration by Albert Forster, head of the Danzig Nazis.

DANZIG SENDS SPECIAL DELEGATE TO GATHERING

Free City of Danzig, July 2.—The Danzig Government surprised by a League of Nations tendency to discuss affairs in the Free State, today dispatched Dr. Arthur Karl Greiser, president of the Nazi-controlled Senate, to Geneva.

SOUTH AFRICANS ALONE OPPOSE SANCTIONS END

Geneva, July 2.—The League of Nations has passed a false sense of security which must be remedied or the international body "will inevitably be destroyed," Stanley M. Bruce of Australia told the Assembly today.

"The hope of millions of men and women has been extinguished," the Australian High Commissioner in London declared. "We must rekindle that hope."

Bruce, first of fifteen listed speakers, today asserted effective sanctions against Italy would need military action, to which no one, he said, wanted to resort.

He expressed "acute anxiety" over the present European political situation.

Agreeing that sanctions have failed and should be lifted, Alberto Guani of Uruguay told the delegates the League system should be adapted to international realities.

He pledged Uruguay's co-operation with the "work for justice and peace to which all of the peoples on the American continent are devoted."

He referred in his speech to the insistence of Argentina that American nations should hold to the doctrine of non-recognition of territories acquired by force.

League circles conceded generally the war penalties will disappear. Italy will remain in Fascist-asserted control of Ethiopia, but the League will refuse to recognize Italy's annexation of Ethiopia.

Swiss authorities expelled eight Italian newspapermen who shouted at Emperor Haile Selassie of Ethiopia Monday.

After spending a night in jail, the Italians were instructed last night to leave the Canton by midnight. They motored to Coppet, caught a train and began their journey back to Italy.

Charges of "creating a scandal" in the League Assembly meeting were reported quashed in view of the expulsion order. The newspapermen were accompanied by the Italian minister at Bern and several friends. Officials predicted their League press cards would be cancelled.

Fresh expressions of hope for the League's future—pointed toward an Assembly session in September when the Covenant may be revised—were advanced yesterday.

United action, said Maxim Litvinoff, Russian Foreign Commissioner, constituted a "tremendous step forward" in the application of sanctions despite their lack of success.

British Foreign Secretary Anthony Eden promised full co-operation in "rebuilding a league of authority" if the problem of reorganization should come before the Assembly this fall.

Only one voice—that of Charles To Water of the Union of South Africa—was raised against cancellation of the war penalties. Canada, through High Commissioner Massey, expressed its opinion sanctions should be dropped.

REICHSTAG WILL CONVENE EITHER SUNDAY OR MONDAY

Meeting Will Come Several Weeks in Advance of Prospective Conference of Locarno Powers at Brussels.

Paris, July 2.—Adolf Hitler will call the German Reichstag into session either Sunday or Monday for a declaration of political importance, the newspaper L'Oeuvre reported today.

The meeting would come several weeks in advance of a prospective conference of Locarno powers at Brussels about July 20th, Genevieve Taboulin, French commentator, declared.

Germany is ready to attend the Locarno session, she predicted, if invited to sit in on the discussion of Hitler's reoccupation of the Rhineland.

France would probably attach conditions to any German invitation, she forecasted, including a demand for an answer to the British questionnaire for additional details of the Reichsfuehrer's suggestions for European security.

GIANT GERMAN AIRSHIP SETS A NEW RECORD

Hindenburg Used St. Lawrence Route by Quebec and Montreal in Cutting Eight Hours and Thirty-Four Minutes Off Time for Westward Passage.

Lakehurst, N.J., July 2.—Traveling over the Canadian route by Quebec and Montreal for the first time, the German dirigible Hindenburg grounded at 5:20 a.m., E.D.T., today, completing its fourth commercial flight from Germany in record-breaking time.

The ship made the run from her home port, Frankfurt-on-Main, to Lakehurst in fifty-two hours and fifty minutes, cutting eight hours and thirty-four minutes from her previous record, Lieut. George Watson, of the naval air station, announced.

Bad weather on her regular southern route was said to be the reason for the sudden decision to travel by the St. Lawrence and then cut southward into New York State after circling Montreal.

The giant dirigible first touched Canadian soil at 3:05 p.m. yesterday when the Shelter Bay signal station reported an "unknown airship" passing overhead, but it was first identified by the Signal Service at Father Point at 6:20 p.m. The air liner passed over Quebec at 8 p.m. and then southward to the end of Montreal Island at 10:10 p.m.

FRENCH HOTELS PROMISED AID BY GOVERNMENT

Nearly Half of French Hotels in Financial Difficulties, Owners Claim in Resisting Labor Demands for Higher Wages and Shorter Week.

Paris, July 2.—French hotels, nearly half of which officials said are in financial difficulties, drew a Government promise of "consideration" of their problems today.

Roger Salengro, Minister of the Interior, gave the offer of aid after 450 Riviera hostellers re-opened their doors. Their owners closed them early this week after employees demanded higher wages and shorter hours.

Between thirty-five and forty per cent. of all French hotels are in financial difficulties, Salengro asserted.

The Riviera operators and workers agreed to arbitrate their dispute in conferences.

In the political sector, radical-Socialists declared opposition to any attempt to form a revolutionary Communist Government in France.

The party will never "tolerate the erection by force of a regime which France has not desired," Edouard Daladier, party president, told a meeting of the executive committee.

Earlier Daladier, as Minister of National Defence, described the eastern frontier defences as "sufficient to insure the security of the border," but began plans for a detailed study of positions on the Franco-Swiss boundary.

The Senate army committee, before which Daladier appeared, approved the survey, to be carried out by military experts.

Fresh outbreaks of the "folded arms" strike kept the labor movement alive despite new settlements resulting from government arbitration.

The entire city of Toulon was plunged into darkness last night when electric plant workers cut off the current in protest against delay in granting their demands for more pay and shorter hours.

Members of the Opera Comique Company in Paris, who started an occupation walkout yesterday, settled down backstage after a dance of celebration.

DROUGHT MENACE CAUSES SOARING PRICES ON WORLD WHEAT MARKETS

Wheat Prices Skyrocketed Around One Dollar a Bushel Level for First Time Since March on Chicago Board of Trade Today—Official Reports Said Huge Canadian Wheat Crop at Danger Line, with Rain Needed Badly in Many Sections of Prairie Provinces.

Chicago, July 2.—Wheat prices skyrocketed about the \$1 a bushel level for the first time since March on the Board of Trade today as excited traders rushed buying orders into the futures pits at the opening hour.

Fear that drought which already has reduced the domestic spring wheat crop far below normal, also might diminish Canadian production gripped traders in all world markets. Chicago wheat jumped four cents a bushel as soon as the market opened with September selling about \$1 and December about \$1.01.

The Winnipeg market, which was closed yesterday for Dominion Day, leaped the three cents limit permitted for one day. Minneapolis September wheat sold about \$1.12, up about two cents. Liverpool prices were up more than two cents.

Official reports said the huge Canadian wheat crop was at the danger line, with rain needed badly in many sections of the Prairie Provinces. Drought has hurt United States spring wheat so much that many traders fear this country would continue on an important basis through the coming season. Inasmuch as the Canadian surplus was the chief reliance of importing countries, traders said the welfare of wheat in Canada was of extreme importance as a price factor here.

WORLD WHEAT SUPPLY IS LOWEST IN NINE YEARS

Washington, July 2.—The world wheat supply was estimated by the United States Bureau of Agricultural Economics at 388,000,000 bushels—the smallest in nine years.

This surplus as of July 1 in Argentina, Australia, Canada and the United States, the principal exporting nations, compared with 532,000,000 bushels a year ago, 741,000,000 in 1934 and 789,000,000—an all time peak—in the summer of 1933.

The Bureau added the world carry-over also would be the smallest in nine years—a total of 635,000,000 bushels as of July 1 compared with 856,000,000 a year ago and 1,109,000,000 two years ago.

The United States carry-over was reported at 125,000,000 bushels, the smallest since July 1, 1928. This compared with 152,000,000 in 1935, 256,000,000 in 1934 and 393,000,000 as of July 1, 1935 which was an all-time high.

U.S. NATIONAL RECEIPTS HALF EXPENDITURES

Despite Deficit of Over Four Billion Dollars in Past Year, Secretary of Treasury Morgenthau Is Optimistic as to Future.

Washington, July 2.—The "stockholders" of the United States had before them today a report by Secretary of the Treasury Morgenthau saying that while expenditures during the past twelve months were more than double receipts, the fiscal picture has improved.

The Treasury secretary, in a broadcast report last night of federal finances for the year ended the 30th of June, placed receipts at \$4,116,000,000 and expenditures, exclusive of debt retirement, at \$3,500,000,000, leaving the year's net deficit at \$4,384,000,000.

At the same time he declared the United States "may derive real encouragement and satisfaction" from a report of a rise in national income, a decline in federal revenue, and a continuance of business improvement.

Against the public debt, which he fixed at \$33,750,000,000, the Cabinet member listed recoverable assets of \$8,700,000,000.

Asserting the Government must estimate receipts and expenses six months in advance of the fiscal year's opening, he disclosed they were subject to "unforeseen and extraordinary events." Among these he included a revenue loss of nearly a half billion dollars as a result of the Supreme Court's invalidation of the Agricultural Adjustment Act and pre-payment of the soldiers' bonus at a cost of \$1,700,000,000.

"The actual receipts coming into the Treasury during the year aggregated \$4,116,000,000," said Morgenthau. "This is \$136,000,000 more than came in during the fiscal year 1935, notwithstanding the loss of \$444,000,000 through the elimination of processing taxes. But revenue from other sources increased \$716,000,000, a gain of twenty-three per cent. due in large part to improvement in business and agricultural conditions."

Income tax collections of about \$1,500,000,000, an increase of thirty per cent. over 1935, and miscellaneous internal revenue collections of about \$2,000,000,000, an increase of twenty per cent., were reported, along with a twelve per cent. rise in customs collections.

A FIRECRACKER INDIRECTLY RIPPED MAN'S PANTS

Kew-Forest, Wash., July 2.—Indirectly, though it was, "Walt Knowles" giant firecrackers ripped the pants of a man two blocks away.

Soon after he fired them a man raced up and shouted, "Look what you did to my pants." Knowles assured him that it was in fact when the crackers were fired.

"I was going down a street, two blocks away," the irate man said, "when your firecrackers exploded. A dog I was passing jumped at me. Look what he did."

He went back to work after industrial workers and employers in the Seine Department reached an accord.

FAKE LIQUOR STAMP RING IS SMASHED IN NEW YORK

Ten Men Arrested by Secret Service Agents on Charges of Counterfeiting United States and Canadian Liquor Stamps.

New York, July 2.—Ten men arrested late Tuesday night by Secret Service agents on charges of counterfeiting United States and Canadian liquor stamps were held in jail by United States Commissioner Garrett W. Cotter today, pending action by the grand jury.

Captain William H. Houghton, head of the Secret Service in New York, said that with the arrest of the ten, men have been completely smashed a nationwide organization for supplying counterfeit revenues and strip stamps, as well as false labels, lugs and caps and bootleg bottles.

Captain Houghton said a picked half dozen of his men worked among the counterfeiters and bootleggers for more than three months to collect the evidence and make purchases that will help in the prosecution of the ten men.

MINER RESCUED AFTER DAY IN CAVED-IN MINE

Man Entombed for Twenty-Two Hours Asked Only for Air when Released—Physicians Say He Suffered Little from Experience.

Shamokin, Pa., July 2.—Rescuers brought Enoch Kuklinski, Jr., to the surface today after almost twenty-two hours entombment in a thirty-foot deep coal hole. Physicians said he suffered no serious injuries.

"Air, air, give me air," the thirty-five-year-old miner gasped through a towel over his face.

Swathed in blankets like a mummy, he was strapped to plank and hoisted up the make-shift coal hole at the end of a chain slowly wound on a hand-turned windlass.

Kuklinski's sixty-year-old father, who escaped being trapped only because he was working nearer the shaft when the gangway roof caved in yesterday, reached out to embrace his son, but the rescue crew hurried him on a stretcher to an ambulance.

The machine had been parked on a nearby bank of refuse coal in readiness for the rescue.

J. P. MORGAN CONVALESCING

Glen Cove, N.Y., July 2.—J. P. Morgan's physicians mapped a weight reduction regime today for the portly financier who was reported convalescing from an attack of neuritis on his Long Island estate.

BALDWIN GIVES OWN POSITION ON ARMAMENTS

British Prime Minister Denies that Warnings Issued by Associates as Far Back as 1934 on German Air Rearmament Were Disregarded.

London, July 2.—Prime Minister Baldwin denied today that he had disregarded warnings of advisers in 1934 about the rate by which German air armament had been speeded up.

"There is no foundation for that suggestion," he declared in the House of Commons, following his return to London from an extended week-end holiday at his country house, Chequers.

"In saying that we were misled, I certainly intended no reflection on any department or individual. If such reflection gained credence, I am glad to correct it."

Mr. Baldwin was cheered when he appeared on the floor, and he flushed with pleasure at the loud ovation. The Prime Minister's reply was in answer to a question by Thomas Johnston, Labor.

Mr. Baldwin continued that despite the difficulty of obtaining information "about a country in which no estimates of defence expenditures are published," the British Government was satisfied the present information on German air rearmament was reliable "so far as can be accurately be obtained."

Johnston, before he questioned the Prime Minister, said "We are all glad on personal grounds to see the Prime Minister in his place once again."

President of the British Columbia Conservative Association, was named party leader at the convention which ended on Tuesday night, after hearing Rt. Hon. R. B. Bennett call for Close Attention of Public Affairs.

NEW PUBLIC WORKS PROGRAMME TO LOWER UNEMPLOYMENT OUTLINED

Agreements Between Dominion Government and Provinces Provide for Expenditure of \$30,000,000 on Extensive Programme of Works to Be Financed on Fifty-Fifty Basis—Is Additional to \$40,000,000 Scheme Previously Approved—Federal Grant-in-Aid Reduced 10 Per Cent.

Ottawa, July 2.—Canada today was embarked on Government-sponsored works projects costing more than \$70,000,000, at least \$35,000,000 worth of which is covered by Dominion appropriations and the remainder by the provinces. At the same time a ten per cent. reduction was effected in federal grants-in-aid to the provinces for direct relief for July, August and September.

Hon. Norman Rogers, Minister of Labor, announced last night the administration had effected agreements with the provinces for expenditure on a fifty-fifty basis of \$30,000,000 on relief works, with mandatory clauses in the agreements that at least half the men employed on the works must be from relief rolls.

This programme topped \$40,000,000 worth of exclusively federal projects provided for in estimates last parliamentary session. Chief among the new works will be highway construction designed to improve transportation facilities into proved mining areas and to afford better access by tourists to Canada and its national parks.

The Minister announced the new programme on the day the last of the unemployment relief camps were scheduled to be closed, but had no statement regarding the camps which once held 28,000 men paid twenty cents a day, board and lodging for the work they did, largely on airport and emergency landing field construction connected with the trans-Canada airway. He said he might have a statement today.

Reduction in direct-relief grants had been made, he said, because of the "improvement in general employment and in anticipation of the reduction of relief rolls through the joint works programme."

Mr. Rogers pointed especially to a clause in the agreements under the provinces saying grants-in-aid hereafter will be subject to quarterly review, and said it was expected before the next revision occurs in September the "National Employment Commission will have carried out a re-estimation of the situation in relief and that any new readjustment of the form and amount of relief will be based on an analysis of the actual relief situation in each of the provinces."

He explained so far the Government had made horizontal increases of reductions in direct-relief grants based on grants effective when it came into office last fall. The result was changes might be made that failed to meet adequately difficulties of some provinces where the employment problem had become worse but most situations in which others where it had improved materially.

The ten per cent. reduction is the second cut since last March in direct relief grants. The Government announced a fifteen per cent. cut on April 1.

However, the Minister recalled, grants were increased seventy-five per cent. last December so that, despite the two cuts this summer, amounts allotted the provinces for direct relief are still considerably higher than a year ago.

The Minister said he probably will approve before next session a site for a new national park in Nova Scotia and New Brunswick last session.

The Mines Department has made arrangements for the construction of new roads into mining areas and the Government will pay two-thirds the cost of construction.

Mr. Rogers recalled also a policy announced in the budget of relieving from income tax for three years new machinery, into production during the next four years.

Of the \$35,000,000 the Dominion will spend under the new programme about \$12,000,000 was provided originally in estimates this year. The rest was a revote of money unexpended on projects last year.

NEW FISHING TECHNIQUE
Lakeland, Fla., July 2.—Twelve-year-old Elinor Wilson evolved a new fishing technique, but it's not recommended for use on sharks.

While Elinor was in swimming a three-pound bass started nibbling on the bright metal buckle on her bathing suit. She grabbed the fish by its fins and waded to shore with her prize.

too, remarked on the bonds between the sister provinces and said: "It is our hope that the two provinces may be bound even closer together by the ties of the common struggle to get out of the morass of economic distress into which we have fallen."

AN ALLIANCE BETWEEN TWO WESTERN PROVINCES URGED
Vancouver, July 2.—The formation of a "western maritime rights" group, which could make a united effort to obtain from the Dominion Government what it considered due to British Columbia and Alberta, is urged by Mayor G. G. McGeer.

Speaking at Vancouver's Golden Jubilee celebrations, Mayor McGeer said he regarded British Columbia and Alberta as a geographic unit and therefore they should work more closely to obtain what were considered the rights of the two most westerly provinces from the Dominion.

While he did not want secession of the two provinces, he did believe they could make their demands more effective by combined effort.

Premier Aberhart, of Alberta, declared:

THE WEATHER

SHOWERS OR THUNDERSTORMS

Showers or thunderstorms have occurred over northwestern Ontario, and a few very light scattered showers in the Western Provinces, while in other parts of the Dominion the weather has been fair. A shallow trough of low pressure extends from the Upper Lake region southwestward to Texas, while pressure is relatively high over Quebec northward over Ungava to Hudson Bay, also over the Western Provinces. Temperatures have been below normal in nearly all parts of the Dominion.

Forecast: Easterly to southerly winds; mostly cloudy tonight and Friday with showers or thunderstorms.

Temperatures yesterday: Maximum, 68; minimum, 45. Same day last year: Maximum, 72; minimum, 58.

STUDY SCHEME FOR REDUCING DROUGHT LOSS

Construction of Dams to Check Run-Off and Preserve Moisture Planned as Fears Mount that United States Weather May Be Permanently Changing.

Chicago, July 2.—Water conservation projects to stem the inroads of drought were pushed today while farmers considered the possibility that climatic changes might transform the United States into an arid nation.

Workers' Progress Administration in Minnesota, Montana, Wyoming, and the Dakotas—states most adversely affected by the drought that blanketed the principal agricultural sections of the nation—planned construction of dams to check run-off, conserve moisture and raise the water table.

The Works Progress organization's chief, Harry Hopkins, disclosed that more than half the work relief outlined for those states would be devoted to conservation undertakings. Employment of more than 25,000 distressed farmers was ordered.

Secretary of Agriculture Wallace pointed to the possible loss of fertility. Starting a personal inspection trip through the sun-seared prairies of the midwest at suburban Evanston yesterday, he cited the protracted dry spells of 1934 and 1936 and the "freakish" weather of the past seven years as threatening indications of a shift in climate. "The great migrations of history to some extent were caused by soil depletion, to some extent by changes of climate," he said. "If the weather of the United States really is changing, it is essential that we study it as a great national problem."

He estimated 500,000,000 acres had been destroyed by water erosion and 150,000,000 more "seriously damaged" by "our carelessness."

UNEMPLOYED IN NORTH BAY FACING TRYING SITUATION

Relief Recipients See Store of Donated Foodstuffs Quickly Diminishing as Deadlock Continues Between City Council and Provincial Government.

North Bay, Ont., July 2.—Nearly two thousand relief recipients here saw their store of donated foodstuffs quickly diminishing today as the deadlock continued between the City Council and the Provincial Government as to responsibility for North Bay's relief.

When the Council announced on Tuesday no more relief would be issued, because the city's finances would not permit it, a hasty canvass brought donations of food from North Bay citizens sufficient to last through today.

Fuel and lighting are assured for the remainder of the month. Hon. David A. Croft, Ontario Minister of Welfare, reiterated his contention North Bay was well able to look after relief with the assistance it received from the province and Dominion.

"Municipalities must learn that they have a direct responsibility to those on relief," he said, "and we are doing all in our power to assist them in their problems."

POPE LAUNCHES DRIVE AGAINST IMMORAL FILMS

Orders Establishment of Review Offices Under Supervision of Bishops, Who Would Inform Laymen What Pictures They May See.

Vatican City, July 2.—Pope Pius XI today in an encyclical launched an attack upon "immorality" in motion pictures with an order for establishment of a permanent national reviewing office for movies in every country.

The order was issued in an encyclical letter entitled "Vigilant Care" addressed directly to the archbishops and bishops of the Roman Catholic Church in the United States.

The encyclical was addressed to the American bishops hierarchy because they took the lead in movie censorship. It invited the bishops of the whole world to follow their example.

The Pope also ordered the bishops throughout the world to obtain from the faithful annually renewed promises to abstain from witnessing bad films.

His Holiness ordered the establishment of motion picture review offices under the supervision of the bishops and said these officers would inform laymen what pictures they may or may not see.

The Pope ordered that a permanent national reviewing office be set up in each country and suggested it be entrusted to the headquarters of the Catholic Action organization and dependent on the bishops.

He urged the exchange of information between the offices in all countries to "achieve a unit outlet in the judgments and communications appearing in the Catholic press of the world."

He said he realized standards varied from one country and another and this would have to be taken into consideration.

The Holy Father urged that bishops appeal to the Catholics connected with motion picture production, saying the influence of these Catholics "has not always been in accordance with their faith and ideals."

The Pope declared: "People who, in time of repose, give themselves diversions which violate decency, honor or morality and to recreations which, especially to the young, constitute occasions of sin, are in grave danger of losing their greatness and even national power."

Declaring the cinema exercised a growing influence, for good or evil, Pope Pius also denounced the type of entertainment known as "variety" or, in North America as "burlesque," which, he declared, was having an especially evil influence upon youth.

A promise made by United States film producers in 1930 to produce no more pictures which cast discredit on natural or human laws was not executed, forcing the American bishops to intervene and form their "league of decency" to conduct the struggle for "moral" films, the encyclical charged.

MYSTERIOUS LADY GODIVA RIDES IN ONTARIO PARADE

Essex Townspeople Much Disturbed by Unknown Naked Woman Who Has Taken Part in Dominion Day Parade for Second Year in Succession.

Essex, Ont., July 2.—Veiled in mystery, but nothing else, a naked woman rode a roan horse for the second successive year at the head of the Dominion Day parade here yesterday, and the residents are all of a dither. Nobody knows who she is.

As the parade got under way in this town sixteen miles southeast of Windsor, a girl who wore a blind wig and was otherwise costumed as the historic Lady Godiva, appeared suddenly from a side street and rode her roan horse in behind the band. She proceeded through the town, then vanished before the parade reached the point where it was scheduled to end.

Committeemen who arranged for the annual caltump—a noisy parade—disclaim any knowledge of the daring young girl. None of the citizens who gazed at her with popping eyes and open mouths recognized—if they saw—her visage.

PROTEST EXPECTED OVER DUTIES ON GERMAN GOODS

Unofficial German Delegation to Advance Arguments Against Action of United States in Increasing Duties on Certain German Goods.

Washington, July 2.—The United States department today expected an unofficial German delegation to arrive here to protest imposition of higher duties against certain German goods.

Informal arrangements were for the delegation to confer with Assistant Treasurer Secretary Taylor. It was the treasury that decreed the imports, known as counter-vailing duties.

The delegation, consisting of Dr. Rudolph Brinkmann, a director of the Reichsbank and advisor to the Nazi Government on tariff matters; Dr. Emil Bier and Dr. Ludwig Imhoff, landed at New York a few days ago.

Treasury officials said they would be glad to hear German arguments, but expressed informally the view that unless there was proof there were no subsidies the decree will stand.

READY TO BUILD SISTER VESSEL TO QUEEN MARY

Preparations Under Way on Clydebank Today for Construction of Bigger and Faster Companion Ship

Glasgow, July 2.—Preparations for constructing a bigger and faster companion to the S.S. Queen Mary were begun tentatively today on the Clydebank.

In shipping circles it was said the liner, if constructed, would probably be christened the King George V.

An official order for the construction still is awaited. It was suggested the projected liner would have a tonnage of about 85,000 as compared to the 80,775 of the Queen Mary.

Carpenters already are clearing the slipway which cradled the Queen Mary and divers will be sent down during the next few days to inspect the riverbed for silt deposits.

An official of the John Brown Company, which built the Queen Mary for Cunard-White Star line, said: "We are almost certain to be given a tender, although we have not received any official confirmation of the order."

The company had expected to receive an order for a battleship, but it was understood the Admiralty work would be spread instead to other shipbuilders in North England to leave the John Brown Company free for the liner.

Cunard-White Star officials have been inspecting models of the proposed liner while experts have produced altered and refined engine designs.

A Brown official said, "The new ship will be larger than the Queen Mary and faster."

It was understood that present plans call for a longer ship with greater passenger accommodations.

The ship, it was said, would probably be placed in commission in 1938.

EXTEND PERIOD OF NAVIGATION TO CHURCHILL

Minimum Insurance Rates to Become Effective Five Days Earlier and Remain Three Days Later than in Previous Years on Hudson's Bay Route.

Ottawa, July 2.—Navigation through Hudson Strait to Manitoba's port of Churchill will open five days earlier this season for insured vessels and ships departing late in the autumn will have three more days in which they may avoid insurance surcharges. In addition, insurance rates on ships using the route are reduced.

Announcement of the changes was made yesterday by R. K. Smith, Deputy Minister of Marine. Simultaneously a similar announcement was made in London.

Insurance rates of ship carrying gyro compasses have been reduced from 22s. 6d. per \$100 of insured value to 17s. 6d. a cut in Canadian money of roughly \$1.25 on \$500 insurance.

The season for navigation of vessels carrying minimum insurance will open on August 5th instead of August 10th, and, although the season will close at the previous date of October 15th, the surcharge for late departure will be enforced for five days, October 11th to 15th instead of eight days, October 8th to 15th.

SISTER AIMEE PEN-PICTURED BY CANADIAN

Citizen of Cookeville, Ont., Was Impressed with What He Saw when He Attended Meeting of Canadian-Born Evangelist in Los Angeles.

Port Credit, Ont., July 2.—The "News" gives a pen-picture of Aimee Semple MacPherson, the Canadian-born evangelist, written by Stanley Patchett of Cookeville, Ont. He went to hear her at the Angelus Temple in Los Angeles.

"We got in about seven p.m., the building was rapidly filling, much resembling a modern theatre in layout, two balconies and orchestra, seating 5,300 people.

"Where the upper boxes would be, there are sixteen stained glass windows, illustrating Bible stories, electrically lighted from behind.

Below these windows on either side where lower boxes would be, are tiers of seats where the choir of eighty-five voices, dressed in white satin gowns, with vivid scarlet sashes, are seated, the ladies having the hair bound with silvery, shimmering bands. They sure look like a million dollars.

In the centre is an open stage with modern foot-lights and lots of potted plants and palms, centre microphone and two on each side. In front of this Kimbale, a three manual pipe organ, which produces the notes of a full orchestra, forty instruments, and in front of this an orchestra and band of thirty-five pieces, dressed in plum-colored uniforms, with orange sashes.

An orchestral concert occupied about half an hour, and it was lively music too, such as El Capitan march. Then a little fellow dressed in a page's cream-colored costume with plumed hat, made his appearance with a red silk banner on which the words "Silent Prayer" were inscribed. The choir had made their dramatic entrance before this to a lively march strain.

"After a few minutes' pinfall silence, the whole of the auditorium lights gradually dimmed, and down a long specially-built ramp in front of one side of the choir, and in full view of 5,300 people, in a white spotlight, to the handclapping and cheers of the crowd, came 'Sister Aimee', gowned in long sweeping white satin, with a scarlet cape, and bowing to her audience with smiles and gestures.

"My guess is that nowhere else on this continent would you find so much temperament of all varieties as you get in Hollywood, and this clever lady plays with all the emotional glamor of her make-up with music, color and scenic devices to hold spellbound those who come under her wand. After just enough warming up with song, came selections by eight girls in cream gowns, on eight marimbas, and boys, could they play! and were brought back for an encore.

"When the sermon started, Aimee would state what Bible character was supposed to be saying to God and the radio operator would flash electric sparks like those from an oxygen welding outfit accompa-

nied with Morse signals. All through the sermon the entire auditorium was in pitch darkness with an amber and sometimes a white spot on 'Sister,' and behind her the curtains would part showing the second stage set to show the various characters in their respective settings in full costume and scenic effects. These were often punctuated with loud 'Amen's' or applause according to the feelings of the eager audience.

"The performance at the beginning got off to a rather bad start. The first character was 'Elijah' and near the end of the scene, a cut out painted cloud with Elijah had been let down from the ceiling (in the darkness) above the open stage. This was to represent the cloud taking off with Elijah, but somehow the stage hand off stage who was doing the hoisting and the spotlight operator did not connect with the result that Elijah went up in the air with the spotlight two jumps behind and 'Sister Aimee' shouting 'put it up higher, put it up higher' and the congregation roaring. I'd hate to be in the spotlight boy's shoes from the 'Pastor's' ending tone of voice, when she finished with 'Oh, well, he got to heaven anyway.'"

A DELIGHTFUL AND BENEFICIAL BEVERAGE

For those who have never tried porter as a beverage, there is a pleasure in store, since its delightful taste and thirst-quenching properties have established its popularity on a firm foundation.

BOSWELL CREAM PORTER has been known for years as a drink that is different for, being a product of Canada's oldest Brewery, long experience in the brewing business stands behind its excellence and makes it the finest Porter obtainable.

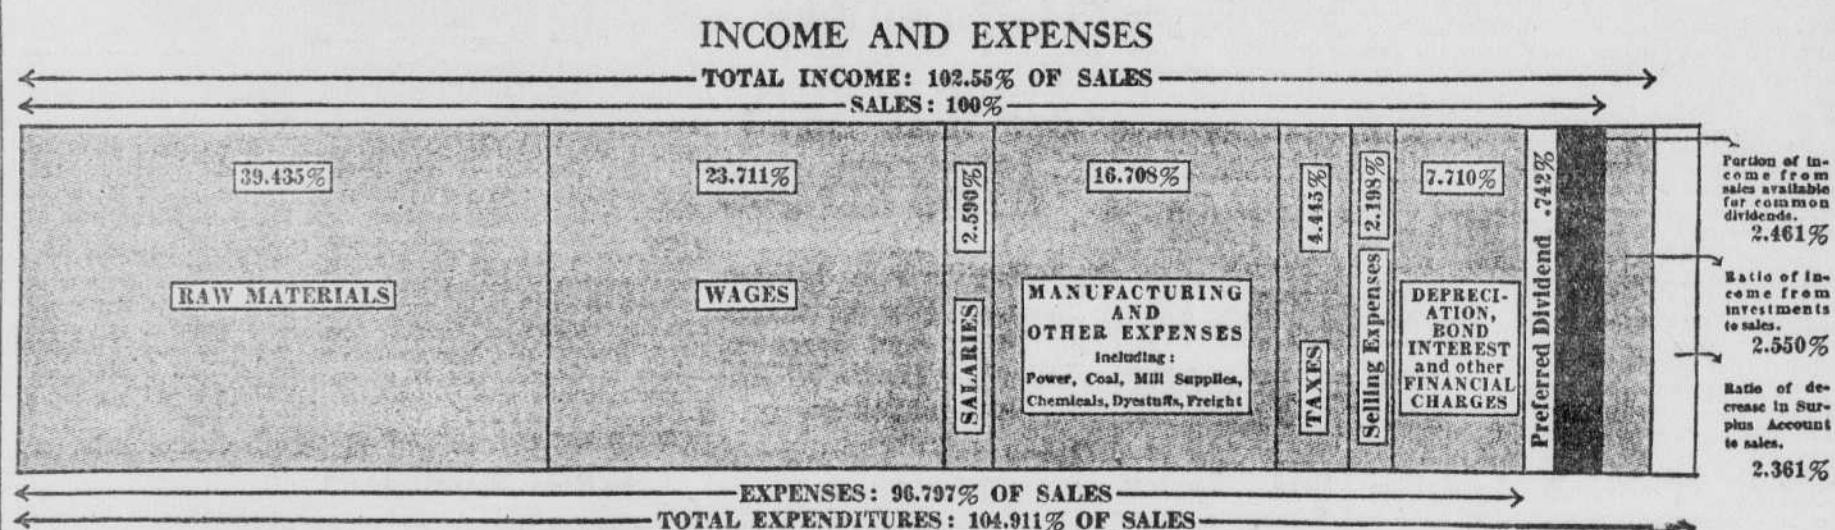

REBELS IN MEXICO SURRENDERED

Durango, Mexico, July 2.—Rebel leader Francisco Garcia and twenty-three of his men closed their fight against the Government today.

The little band, long active in Durango state, entered the town of Canatlan yesterday, surrendered guns, ammunition and horses and received safe conduct home.

HIGHLIGHTS OF ANNUAL REPORT

Extracts from the Directors' Report to the Shareholders

Your Company has a net worth of \$25,709,022.74 invested in the business of manufacturing cotton and rayon textiles in Canada, and has expended during the last seven years in direct wages and salaries to its employees a total of \$33,369,247.32. The workers in the mills received 86.26% of this sum in the form of wages; the remaining 13.74% represents all salaries to executive, administrative, clerical, and selling staff.

TAXES

This year, before paying one cent in dividends to those who have a stake in the Company through their shareholdings, a total amount of \$819,541.60 must be either paid out or set aside to meet the many and varied forms of taxation which exact tribute from manufacturers. ... We paid ... Excise Tax on our raw material, Sales Tax on work done and supplies bought, Property and Business Tax to various municipalities; Provincial Taxes; Income Tax to the Federal Government.

PROFIT AND LOSS ACCOUNT

After providing for Depreciation, the mills show a Gross Profit of \$1,142,038.59 on Operations. From this figure must be deducted \$500,805.93 comprising Bond Interest, Income Tax provision and other charges leaving an amount of \$641,232.66 Net Profit from Operations, to which can be added \$466,978.43 return from Investment Account and other income, giving \$1,108,211.09 available for dividends. Dividends of seven per cent on the Preferred Stock, requiring \$135,842.00, and \$3.00 per share on the Common Stock, calling for \$1,350,000.00, have been paid during the year; and the amount of dividends paid but not earned, namely, \$377,630.91, has come out of Surplus Account.

EMPLOYMENT

During the past twelve months and more, we have, to a considerable extent, been successful in maintaining sales, production, and employment, through a policy of taking business even at subcost prices in certain instances. The substantial wage earnings of our employees have been a stabilizing factor in several communities, and, in such places, there has been little or no relief problem confronting the local authorities. In Magog, P.Q., for example, a town of some 8,000 souls, where our Cotton Mill and Print Works have been giving employment to approximately 1,300 people, the civic resources have not been subjected to undue demands, and the municipal finances are in a very healthy condition.

TARIFFS

The levels of value at which Cotton and Rayon Textiles can now enter Canada from the United Kingdom, the United States, and Japan, under tariff arrangements concluded in recent months, have brought matters to the point where it may be impossible to pursue our previous policy, having due regard to the ultimate welfare of all concerned. The loss involved in producing goods on our former scale, a large proportion of which may now only be sold at prices below the cost of production, is more than even our own Sound Balance Sheet position can be expected to stand without danger of grave impairment in a com-

paratively short time. We are, therefore, forced to consider proper steps to conserve the position of the Company until the situation facing us changes. These may entail considerable curtailment of manufacturing operations at our various plants throughout the Province of Quebec.

PURCHASES

Turning to a more cheerful subject, namely, the contribution to the commercial life of the Dominion which the Company is making in the ordinary way of business, the following figures taken from the past year's records may be interesting.

Purchases of supplies, apart from raw cotton, and not including duty or taxes, amounted to over \$3,000,000.00, of which 76% was expended in Canada. There are over five hundred other Canadian firms supplying us which articles required for the everyday operation and maintenance of our mills.

In addition to the above, purchases of Chemicals, Starch, and Dyesstuffs, totalling over \$1,000,000.00, of which \$322,117.08 was purchased in Canada, and the balance imported from nine different countries, the chief of which were Great Britain, U.S.A. Germany and Switzerland. The regular Excise and Customs duties applying on such importations were, of course, either paid directly by us to the Government or were included in the price charged us by the direct importers. It is, perhaps, not generally realized that the Cotton Textile Industry is one of the main consumers of Starch made from New Brunswick and P.E.I. potatoes, and, in years of serious over-production, has stood that branch of Agriculture in good stead.

Our Freight and Express Bills were in excess of \$1,000,000.00, the great part of which was earned by Canadian transportation services.

REDUCED MARGINS

Comparing the fiscal year ended March 31st, 1936, with 1935, your Company has operated on an 8% lower margin between raw material and sale values than prevailed six years ago. Unfortunately, we have not been able to achieve a corresponding reduction in manufacturing costs, with the result that profit on Manufacturing Operations has been reduced to a level where it no longer represents a fair return on the effort expended or the risk involved. It is evident that such a condition cannot continue indefinitely and must be corrected one way or another.

ROYAL COMMISSION

It would not be proper at this juncture to refer to the evidence concerning our Company being given before the Royal Commission now investigating the Textile industry. However, we can feel that the Dominion Textile Company, Limited, has always recognized its responsibility towards its employees, its shareholders, and its customers, and we need have no fear that any negligence in these three capacities of trust will be found. Our plants and records have been thrown open to the Commission, and we believe that fair and unprejudiced examination of them will bear out this statement.

Is Valor To Have Recognition?

What has become of the Canadian holders of that distinguished military honor, the Victoria Cross? This question is prompted by a press despatch from Ottawa stating that only one Canadian V. C. will attend the unveiling by His Majesty King Edward VIII of the Canadian memorial at Vimy Ridge on July 26th next.

"The Canadian Government should arrange for every living winner of the V. C. to be at Vimy Ridge if there is anything in valor and if valor is to have recognition," says the Toronto Daily Star, editorially, which continues:

"In so far as practical life is concerned, the V. C. is but a ribbon to wear on a coat. But when the Dominion sends its war-survivors to a great celebration it would seem fitting that all the living Canadian winners of the V. C. should be there, whether they can personally afford to go or not.

"One has often heard front-liners say that certain soldiers deserved the V. C. but did not get it. One does not know of any case in which the V. C. was awarded to any Canadian when those who were there felt he should have not received it. No doubt many soldiers earned by their reckless courage this honor without getting it, owing to the circumstances and to events that intervened, but the record stands good, the men who were awarded this highest of distinctions are seen to have deserved it. Canada should see that all those who are capable of going should not be absent from this great event."

Munitions Issue Side-Track.

Not very many months ago there was considerable excitement in the United States over the evidence produced at the Senate munitions investigation. The charges were many and startling. Therefore, it is a trifle strange that the platforms of the two major parties had so little to say about the subject.

The investigating committee brought to the attention of the general public the fact that the things which are done by and for the munitions manufacturers can be of the highest importance to the ordinary citizen. There was, at one time, a good deal of talk about strong government action to regulate this trade in the United States into something like an approach to civilized behavior. Some even suggested that the business should be nationalized.

But all that excitement seems to have died down, and the two major parties—Republicans and Democrats—apparently found that they had singularly little to recommend to their followers in regard to munitions. The folks across the border were furnished with startling disclosures, they got all excited over them, and then proceeded to forget them.

You would think that the munitions trade would have provided the two major United States parties with one of their principal talking points. Somehow it didn't, and a first-rate "issue" is apparently lying around fairly begging someone to pick it up and go to town with it.

Electric Power And Recovery.

There are few directions in which public policy at present is working so clearly to the detriment of business recovery as in the electric power industry, states the Guaranty Trust Company of New York, in the current issue of The Guaranty Survey, its monthly review of business and financial conditions in the United States and abroad, which has just been published.

"A reversal of this policy in several vital respects would release a constructive force of tremendous magnitude in the struggle to restore prosperity," The Survey continues.

"The situation confronting the industry as a result of government competition and interference has once more been brought to public attention by the suit recently instituted by nineteen operating utility companies in the Tennessee Valley area to enjoin the Tennessee Valley Authority from further operation.

"If a resumption of capital expenditures in the electric power industry should occur, it would, in turn, constitute an important factor in the revival of the durable goods industries and in the demand for labor. The copper industry, the electrical equipment industry, and the various building material industries would experience a marked increase in the demand for their products; and employment in

these industries, as well as in the building trades, would be stimulated.

"The outlook for this expansion depends in no small measure on the outcome of suits now pending against the Tennessee Valley Authority and the Public Utility Holding Company Act, and on the future course of governmental policy toward the industry. The competition and regulation undertaken by the Government in these acts and in the Securities Act of 1933 have already had an adverse effect on the industry and threaten to have much more serious effects in the future unless these policies are changed.

"The industry is particularly susceptible to influences of this kind because of the conditions under which it operates. Electric utilities, on the average, require at least five dollars of investment in plant for each dollar of annual gross revenue, or about seven times as much as the average manufacturing enterprise; consequently, they are exceptionally dependent on conditions in the market for investment capital. This dependence is increased by the fact that electric rates are regulated with a view to limiting earnings to an amount just sufficient to attract new capital into the industry, with the result that the great bulk of new construction expenditures must be financed by means of security issues, rather than by the reinvestment of earnings withheld from stockholders. The power industry stands out in sharp contrast in this respect to manufacturing industries in general. It is estimated that about three-fourths of the total construction expenditures of electric utilities in the eight-year period 1923-30 were financed by new security issues and only one-fourth by reinvestment of earnings, whereas in the automobile industry, for example, about four-fifths of the total investment is estimated to consist of reinvested earnings."

The same argument holds good in any country.

Editor's Note-Book.

We are now quite firmly convinced that we are going to have a hot, dry, cold, wet summer.

Experts claim that green quiets the nerves. If they mean the "long green" we are quite in agreement with them.

Residents in residence at their lakeshore summer cottages find it hard to understand how mosquitoes get along without sleep.

What Editors Say

"WHAT A CITY TO SACK!"

Some ruthless blunderer of tomorrow, contemplating the map of London, might well exclaim: "What a city to bomb!" This close-packed metropolis, not only the seat of Government but the citadel of Great Britain's trade; set in a part of the island conveniently near the Continent; with the Thames, for a thousand years our faithful servant, but now an unwitting betrayer, guiding the enemy to the Nation's vitals—what a gigantic bull's-eye London displays! It is timely, therefore, that the Government have requested the great utility companies in the Capital to busy themselves with plans against the worst. Electricity, gas, water—these services must be secured throughout the Metropolitan area, or one well delivered raid might give London the aspect of an ant hill kicked by a man's boot.

NEW HOMES.

One British family in every three now lives in a new house built since the armistice. Three million such homes have been erected in England and Wales. The process has been slower in Scotland, but presumably something like a quarter of a million homes have been built there. Housing conditions in North Britain, and particularly in Glasgow, still constitute a grave social problem. The number of one-room apartments occupied by a whole family is estimated in the thousands, though there are perhaps only one-fourth as many as before the war.

Lloyd George's promise to make England a land fit for heroes to live in has not come entirely true on the economic side. But in the matter of civilized housing Great Britain has moved swiftly, irrespective of the political party in power.

MANY ATTENDED CENTENNIAL OF HATLEY CHURCH

Large Number of Visitors Joined with Congregation to Enjoy Delightful Two-Day Celebration which Marked One Hundredth Anniversary of Hatley United Church.

Hatley, July 2.—This tiny Stanstead County village, the scene of an event-to-be-remembered two-day celebration last week when the one hundredth anniversary of the founding of the Hatley United Church was observed. The well-balanced programme was inaugurated Sunday morning, June 21, with church services and was concluded Monday evening when a historical sketch featured the closing ceremonies.

At first it was believed that the church was erected in 1835, but a review of ancient documents disclosed that, although services had been held for several years in the cabins of the settlers, the building itself was not constructed until 1836. Money was very scarce at that time and interested pioneers contributed lumber and work instead of financial assistance, only a few who were a little better situated financially making cash donations.

During the pastorate of Rev. W. Johnston a committee was appointed and plans discussed for a celebration in 1935. When it was learned, however, that the centennial was a year later arrangements were dropped temporarily and resumed under the able direction of Rev. W. A. Edwards. With the untiring help of his committee arrangements were soon completed and invitations forwarded to everyone in Canada and the United States who were known to have ever had a connection with this church or whose parents had ever been attendants. The results were most gratifying.

The objective of the committee, besides making the celebration a pleasant gathering of old friends and former neighbors, was to obtain funds to erect a memorial window in honor of the pioneers who had worked so faithfully and under such difficult conditions to erect a House of God and to pay the debt incurred several years ago. Many who were unable to be present at the celebration added their contributions to those received from the many who participated in the re-union.

The church was tastefully trimmed with ferns, cut flowers and potted plants, while the two new memorial windows were draped with flags.

Those who assisted at the Sunday morning service were privileged to hear the inspiring sermon preached by Rev. Bruce Hunter, D.D., of St. James Church, Montreal, who had been heard by the majority of the large congregation on many occasions over the radio. Appropriate hymns were rendered together with an anthem by the choir and a duet by Mr. and Mrs. Delbert Vaughan. The congregation was also honored by the presence of a former pastor, Rev. Ernest Taylor, of Knowlton. Fifty-three years ago Rev. Mr. Taylor and his bride came to Hatley and remained for three years. Ever a welcome guest in Hatley, Rev. Mr. Taylor has visited here many times during the intervening years.

In the afternoon a memorial service for the pioneers was held in the cemetery, the graves being decorated with flowers. At this service Rev. Mr. Taylor spoke of the first settlers and their work, while a small orchestra from Ayer's Cliff accompanied the choir with the hymn "For All the Saints who from Their Labors Rest." Later the gathering returned to the church where Rev. Mr. Taylor continued his address, his remarks revealing the remarkable memory and vigor of this outstanding clergyman who was able to recall so many names and dates of years ago.

An Ayer's Cliff quartette, Messrs. P. A. Johnston, Malcolm Johnston, Leland and Wayland Mosher, sang highly appreciated numbers in the afternoon and evening, while Mrs. J. P. Woodman and Mrs. Elsie Smith were called upon to unveil the memorial windows. Mrs. Woodman unveiled the window dedicated to the pioneers and representing Jesus knocking at the door, and Mrs. Smith unveiled the memorial to the Parker family which depicted Jesus as the Good Shepherd.

The church was again filled to capacity for the evening service at which Rev. Mr. Hunter was again heard. Special music was rendered by the choir and Miss Florence Bishop contributed a delightful solo. A large gathering of friends attended the social hour on the church lawn Monday afternoon. The centre of attraction was a huge birthday cake made by the members of the Women's Association and which was beautifully decorated and lettered with appropriate texts by Mrs. Rose Thompson, of Ayer's Cliff. A bountiful supper was served in the vestry by the Women's Association, the tables being in charge of Mrs. George Macdonald, assisted by Mrs. Arnold Wheeler, Mrs. Howard Ayer, Mrs. Hugh McClary and the Misses Annie Young, Margaret Moulton, Lillian and Marion Foote. The reception committee included Mrs. Edwards, Mrs. J. Woodman, Mrs. Ayer and Mrs. P. C. Young, while helping in the kitchen were other members of the Association.

At the evening service, attended by a large congregation, addresses were delivered by Rev. E. Taylor, Rev. W. Johnston and Rev. H. Bursay, former pastors, while the music comprised hymns, an anthem by the choir and solos by Mr. and Mrs. Delbert Vaughan and by Miss Florence Bishop, who had been of valuable assistance in training the choir which was augmented by Mrs. Freeman Sutton, Mr. and Mrs. Bernard

ANARCHIST IS BURIED IN QUIET FRENCH CEMETERY

Police Charged with Attempting to Suppress Information on Death of Sixty-Six Year Old Head of "First Anarchist Commune Soviet of America."

Nice, France, July 2. — Emma Goldman, long-time associate of anarchist Alexander Berkman, was reported settling today the affairs of her friends, who died of what police said was a self-inflicted bullet wound.

Miss Goldman came here after Berkman's death on Sunday, her friends said, and arranged simple funeral services at a small cemetery outside Nice. The anarchist was buried there yesterday.

Police were charged by Berkman's neighbors of attempting to suppress information on the death of the sixty-six year old head of the "First Anarchist Commune Soviet of America," he had been living in a small apartment, the neighbors said, working on translations.

Berkman's identity was confused at first, officials declared, since his passport listed him as "Berkmann-Ghimid." Berkman was reported to have undergone an operation four months ago and to have told associates later he was suffering from uremia.

TO SUPPLY ESKIMOS WITH CHECKER BOARDS

Stratford, Ont., June 2. — The Eskimos and coast people of Labrador may be able to spend their long evenings with checker tournaments. A group of Sunday School boys here have volunteered to make checker boards from orange crate ends which will be sent to the Grenfell mission in Labrador.

Holmes, Mr. Gledhill and Mr. McKinnon, friends from Way's Mills.

Mr. J. F. Woodman contributed a historical review of the church which proved of much interest to the audience. Among other facts Mr. Woodman referred to Rev. Edmund Botterell as the first established minister. Rev. Botterell coming to Hatley immediately after his ordination in 1838. Prior to this time Rev. Mr. Pope, Mr. Squire and Jason Lee, of Stanstead, had regular appointments here.

The grounds now surrounding the church were taken from the farm occupied by Irving Haines, at one time known as the Patrick Maloney farm. The principal promoters of the building were Jethro Bacheider, Mr. Pratt, Mrs. Mary Poole and Hazan Hazleton, each contributing liberally towards the construction fund. These four public-spirited citizens were ably supported by Joseph Ives, George Kennedy, James Thornton, William Gordon, Calvin Woodman, Japhet LeBaron, Hiram Davis, Arthur Norton and J. W. Boynton, while the names of Putney, Blenden and Young appear among the early Methodists.

Later the circuit was supplied in succession by Rev. J. B. Forsythe, grandfather of Mr. J. F. Woodman; Rev. W. Ross, Rev. John Tompkins, Rev. W. H. Rousen, Rev. J. W. Clippsham, Rev. Francis Hunt, Rev. E. M. Taylor, Rev. Simon Cruikshank, Rev. Isaac Wheatley, Rev. F. A. Reed, Rev. Robert Smith, Rev. James O'Hara, Rev. Herman Osbourne, Rev. George Williams, Rev. A. O. Watts, Rev. A. J. Belton, Rev. W. T. Keough, Rev. J. I. Hughes, Rev. Gordon Goudie, Rev. Fred Williams, Rev. A. F. Shorten, Rev. A. E. Hopper, Rev. John Hodgson, Rev. D. MacFarlane, Rev. A. W. Seaton, Rev. W. Johnston and Rev. W. A. Edwards, the present pastor.

Many of those who attended the anniversary reminisced on others who had provided an example and inspiration to many of the present generation. Among the names recalled in this category were Mr. and Mrs. Levi Parker, Mrs. S. W. Putney, Mr. G. Boyes, Mrs. Richard Emery, Mrs. H. Davis and many others who, by their faithful toil and service, helped to keep the spiritual light of the church brightly burning.

YOUNG MAN MET INSTANT DEATH IN CAR MISHAP

Verdict of Accidental Death Returned This Morning in Connection with Accident that Claimed Life of Felicien Doyon, Native of St. Adolphe de Duds-well.

Felicien Doyon, twenty-seven years old, of St. Adolphe de Duds-well, killed in an automobile mishap on the Ascot Road four miles from here late last evening, met his death in an accidental manner, a jury under Coroner Leonidas Bachand decided this morning. The inquest was held at No. 1 police station on Marquette street.

Doyon, a member of the 7th-11th Hussars now in camp at Bishopton, was instantly killed when the open roadster he was driving collided with a truck at 11:20 o'clock last evening. Accompanied by Dominique Gosselin, Doyon had spent the afternoon in Sherbrooke visiting friends and was on his way to the military camp when the accident occurred. Gosselin escaped with minor injuries to his face.

The truck involved in the collision was operated by Constant Benoit, of Weedon, and owned by the Pelouquin Express Company, of Weedon. It was transferring a load of calves from Weedon to Montreal.

Doyon, a native of St. Adolphe de Duds-well, celebrated his twenty-seventh birthday a few days ago and had secured leave of absence from his company at Asbestos to join the Hussars camp, where he was doing his first year's training. He is survived by his father and mother, of St. Adolphe de Duds-well, two brothers and three sisters.

NEW PASTORATE IS ASSUMED BY REV. MR. DOXSEE

Successor to Rev. Dr. Read as Pastor of Plymouth United Church Arrived in Sherbrooke Yesterday.

Rev. F. A. C. Doxsee, B.A., who is succeeding Rev. Dr. G. Ellery Read as pastor of Plymouth Church, arrived in Sherbrooke yesterday noon and with Mrs. Doxsee has taken up residence at "The Parsonage," Melbourne street.

Rev. Mr. Doxsee, who comes to Sherbrooke from Dolbeau, Quebec, was born in Belleville, Ont., on the 28th of February, 1904, the son of the late Rev. Prof. E. R. Doxsee and of Mrs. Doxsee, of Regina, Sask. He received his early education in the public schools and at Regina College. In 1923 he entered the University of Toronto, from which he graduated in 1927, having specialized in philosophy, English and history.

Upon his graduation he was awarded the Kylie Scholarship at the University of Oxford, from which he graduated in 1929. Returning to Canada, he taught in Regina College for a year, after which he became housemaster of a senior residence at Albert College, and teacher of English and history from 1930 to 1932.

Subsequently he entered the United Theological College, Montreal, from which he graduated in 1934. During the time spent in theological studies he was assistant in the American Presbyterian Church, Montreal, his work being especially associated with the young people.

Upon his ordination he was appointed to the charge of the United Church at Dolbeau and River-Belle-Quebec, while in Saskatchewan Mr. Doxsee was engaged in work with the Y.M.C.A., and also spent some time in mission work.

In 1923 Mr. Doxsee married Miss Erma Berry, of London, Ont. Mrs. Doxsee, after graduating from the University of Western Ontario, in 1927, was engaged as French specialist in Northfield Seminary, the well-known school for girls in East Northfield, Mass., where she remained until the time of her marriage. During the time Mrs. Doxsee spent in Montreal she was closely identified with the Montreal Family Welfare Association.

Rev. Mr. Doxsee comes to Sherbrooke to assume charge of one of the largest Protestant churches of the city and to carry on the work of one of the most beloved and popular clergymen who has ever labored in this city.

Under the pastorate of Rev. Mr. Doxsee, with Rev. Dr. Ellery Read serving as pastor emeritus, the future of Plymouth Church seems to be assured.

ST. PETER'S SUNDAY SCHOOL HAD ENJOYABLE PICNIC Upwards of one hundred Anglican children from St. Peter's Sunday School, enjoyed Dominion Day to their heart's content picnicking at the Y's Men's Camp on the shores of Little Lake Magog.

Rev. Cecil King, curate of St. Peter's Church, was in charge of the sports programme, and Ted Austin, superintendent of the Sunday School, distributed the prizes and supervised the general arrangements for this popular annual event. In addition to the usual sports and lakeside amusements, firecrackers played an important part in the children's happy celebration of Dominion Day.

ST. PAUL'S SCHOOL PICNIC A PRONOUNCED SUCCESS. A jolly group of youngsters wended their way yesterday to Little Lake, where the annual Sunday School picnic of St. Paul's Church was held under ideal conditions.

A varied programme of sports was indulged in with keen interest and enthusiasm. A number of novel games had also been arranged in which young and old alike competed. The peanut scramble afforded much amusement and drew a large number of entrants.

Another pleasing feature of the outing was the exploring of lunch baskets, which were found to contain everything that could be desired for a tempting and refreshing lunch. Ice cream and lemonade were supplied by the Sunday School. Early in the evening a tired but happy crowd bid adieu to the familiar sport on the lake shore and wended their way homeward.

CITY FATHERS AUTHORIZE TEMPORARY LOAN OF \$100,000. The City Fathers, at a special Council session on Tuesday afternoon, authorized a temporary loan of \$100,000 to pay the amounts due the School Boards. This loan will be refunded by the sale of municipal bonds to be placed on the market about July 20.

The meeting, lasted but a few minutes. The only other matter to come before the aldermen was the adoption of a Finance Committee report, which contained the following clause:

"Whereas the city treasurer has reported that snow removal during the early part of 1936 has cost considerably more than the budget estimates and that a sum of \$10,000 will be necessary to cover the excess expenditure;

"Whereas it will be necessary for the Road Department to lay more calcium chloride in the streets than estimated in the budget and that an amount of \$400 should be set aside for this extra expenditure;

"That the above mentioned amounts be taken from the five per cent. reserve established in the 1935 budget and credited to Road Department appropriations for the purposes above mentioned."

Thirty out of every 100,000 people in the United States are killed by automobiles each year.

NEW MINISTER IS GREETED BY LARGE PARADE

Demonstration Staged in Honor of Hon. Cesaire Gervais on His Return from Receiving Appointment to Godbout Cabinet.

A large number of Sherbrooke citizens turned out to welcome home Hon. Cesaire Gervais, newly appointed Minister of Public Works and Mines in the Godbout Cabinet, when he returned on Tuesday evening from the swearing-in ceremony at Quebec. On his arrival at Bromptonville the new minister was met by a cavalcade of more than one hundred automobiles, headed by a band, and the big parade accompanied him to the strains of martial music and the blowing of horns to Sherbrooke.

After a brief parade through the streets of Sherbrooke, the party converged on Dufresne Park in the West Ward. There about two thousand and persons waited for the arrival of the guest of honor, whose coming was the signal for loud and lengthy applause. At Dufresne park, the whole affair took on the distinct aspects of a political meeting, with Mr. Gervais as the principal speaker.

The new Liberal Government headed by Adolphe Godbout has a programme of social and agricultural reforms that would satisfy the entire populace of the province, Mr. Gervais declared. Furthermore, the Godbout Government represents a party and is a new administration that refuses to accept any responsibilities for the evils of the Government of any previous day.

He also declared that the probe commenced at the Public Accounts Committee would be pressed by a Royal Commission, and that any guilty irregularities would be punished regardless of the place or position they held in the public or commercial life of the province.

Speaking from the personal point of view, he said he had only accepted the invitation to enter the new Government after he had learned the programme of the "New Liberal" party, and he proposed to exert his entire influence to see that the real Liberal party was successful at the coming elections.

Congratulations were extended to Mr. Gervais on his appointment by Mayor Emile Rioux, and short addresses were delivered by a number of other Liberal stalwarts from Sherbrooke and vicinity.

NEWS RECORDS SEVERAL DEATHS

The following deaths were recorded in today's press despatches to the Record:

LENNOXVILLE

SCOUTS OFF TO CAMP The First Lennoxville B.P. Scouts, numbering about forty boys and staff, left yesterday afternoon for their summer camp, which this year is being held in Maine. Arriving at Portland, Me., they will be met by the Sea Scouts there, and, after staying in Portland overnight, will be taken by either the Sea Scouts' cruiser or their own sailing sloop "Rex" to Casco Bay, Long Island.

The island itself is about seven miles out to sea. At one end are cottages, a store, etc., while at the other end, where the boys will camp, is a long stretch of meadow and ideal camping ground, with a cove. A large launch passes by and stops at the island every day to pick up passengers, although the boys will use their own sailing sloop, "The Rex," which will be under the guidance of C. Howard Aikman, instructor in seamanship, who has had a long connection with Sea Scouting. Swimming and bathing will be under the strict supervision of E. J. Prinn, life guard and sports supervisor, while Fred Cooper will act as medical officer and factor. The whole camp will, of course, be under the direction of the Lennoxville Scoutmaster, Colin Cuttall.

The system of training will be that laid out by the Chief Scout, Lord Baden Powell, and the patrol system will be closely followed. It has been proven to be a powerful agent in the development of individual character and initiative. Emphasis will be laid on "Sea Scout" training.

General Notes Several executives of the Sherbrooke County Women's Institute from Lennoxville, Ascot and Milby attended the tea given by Mrs. Andrea Robinson at her home, "Rockmount," Sherbrooke, at which time they were privileged to meet Miss Charlotte Whitton, C.B.E., who represents Child Welfare for Canada at the Geneva Conference. Those attending included Mrs. G. G. McCurdy, Mrs. A. E. Abercrombie and Mrs. R. E. Mosher, Lennoxville; Mrs. F. S. Browne, Mrs. W. Pearson and Mrs. R. W. Richardson, Ascot; and Mrs. E. A. Orr, Milby.

Mrs. Henry Downs, Jr., and Mrs. Gladys Johnston, of Bury, have returned from a motor trip to East Orange, N.J. They were accompanied home by Mrs. Downs' sister, Mrs. M. Jordan, and her young son, Donald, who will be the guests of Mr. and Mrs. Downs for some time.

Messrs. Garth Mosher and Alden Parker are camping at Bacon's Bay, Lake Massawippi, with Mr. and Mrs. Elmer McLaughlin.

The Lennoxville Golf Club was buzzing with activity yesterday afternoon when about forty players took part in a mixed two-ball foursome, Miss Margaret Kirby and J. P. L. Stewart carried off the premier honors. Miss D. E. Giroux and Erton Manes were the runners-up.

Mrs. R. C. McFadden and Larry Brooks finished third and Mrs. G. Vogan and T. P. Delaney earned the consolation prizes. At the close of the games a delicious salad tea was served in the club house by Miss Barbara Fletcher and Miss M. T. Armitage.

PIANO RECITAL GIVEN BY MISS WALLACE'S PUPILS
The Misses Hazel Peirce, Dorothy Johnson and Lorna Lowe took part in the piano recital given by Miss Eleanor Wallace's pupils at her home on Court street. The programme comprised selections from the works of Bach, Chopin, Beethoven, Handel, Schubert and James Rogers, several excerpts from better-known operas being rendered as duets.

Lupin, larkspur, iris and roses were used to decorate the dining room and living room while Miss Wallace was presented with a lovely corsage of roses by her pupils.

At the close of the recital delicious refreshments were served by the hostess, Mrs. Wallace, assisted by Mrs. Bertha Morgan, Miss Donna Morgan, Mrs. Freeman Sutton and Mrs. James Wallace.

MASONS HOLD LARGELY ATTENDED MEETING.
On Saturday afternoon, Masons from all over the Townships, and from Montreal, Three Rivers and Shawinigan Falls congregated for the special meeting of Ashlar Lodge No. 31 A.F. and A.M. when St. Andrew's Lodge of Montreal exemplified the Third Degree.

The celebration commenced with a banquet in the Guild Hall given by Ashlar Lodge in honor of St. Andrew's Lodge at which several Grand Lodge officers were present including the Grand Master of Quebec M.W. Bro. J. D. McFadyen, of Stanstead, and M.W. Bro. W. W. Williamson, grand secretary, of Montreal.

The banquet was under the direction of King Edward Chapter No. 1 O.E.S., who are to be heartily congratulated on the successful staging of a splendid supper, nicely served with appropriate decorations on tables and in hall.

W. Bro. L. A. Baskerville proposed the toast to the King, W. Bro. Lesley Pomeroy, Master of Ashlar Lodge, who presided, welcomed the guests and thanked them from coming out in such large numbers to the lodge honor. The toast to the Grand Lodge was ably presented by Rt. Wor. Bro. H. B. Lovell and responded to by the Grand Master.

Our Visitors were proposed by Wor. Bro. D. B. Hopkins, Mayor of Coatcook, and the responses were given by Wor. Bro. Graham, of St. Andrew's Lodge of Montreal. One hundred and thirty-five masons sat down at the banquet and then left for the Lodge Rooms where additional brethren joined them making a total of about two hundred who were present to see the fine work put on by St. Andrew's Lodge in exemplifying the Third Degree. Rt. Wor. Bro. J. S. Martyn, District Deputy Grand Master, was received and paid his official visit on same evening.

The following morning the brethren held a parade to St. Stephen's Church for Divine Service. At 10:30 the procession left the Lodge Rooms led by pipers and drummers of the Black Watch Regiment of Montreal and proceeded along Main, Child, Wellington, Cutting and Pleasant streets to the church being escorted by a detachment of Knights Templars from Sherbrooke.

Service in church opened with the singing of "Holy, Holy, Holy, Lord God Almighty," the choir entering the church from the rear and proceeding along the center aisle led by the Processional Cross. The Junior Choir sang the anthem "Light of All the World." The rector, Rev. A. E. Legge, preached an eloquent sermon, his subject being "The Temple" and in welcoming the masonic order the rector spoke of the close ties existing between St. Stephen's Church and Ashlar Lodge. Members of Ashlar lodge with the then Grand Master of Quebec and other distin-

guished brethren laid the foundation stone of the present structure which was erected in 1908. Just before the offertory, Mr. Sydney Meade Jr. sang "Open the Gates of the Temple."

Following the service the procession reformed and again led by the pipers and drummers followed along the same streets back to the lodge rooms.

A Masonic banquet was held at the Thornbury hotel after the church service at which many of the visiting brethren were present.

The whole function was perhaps the most largely attended of any masonic gathering in Coatcook. The committee who had the arrangements in hand worked hard to perfect them and they had their reward in witnessing a most successful and pleasant gathering.

SOCIETY HELD CELEBRATION
St. Jean Baptiste Society celebrated its 50th anniversary last week. Special masses were celebrated in the morning in St. Edmond's Church where the congregations of St. John, the Evangelist Church and of St. Mark's Church, North Coatcook, joined the members of St. Edmond's parish.

Following the church service a monster parade was staged in which were included many tastefully decorated automobiles. Taking part in the parade were the St. Jean Baptiste Society, the St. John the Evangelist Society, the Knights of Columbus, the Zouaves, the Junior Cadets and the Society of St. Joseph.

Acting as parade marshal was Sgt. Napoleon Belisle, who was dressed in the uniform he wore at the coronation of his late Majesty, King George V, and wore the silver medal presented to him personally by the late King. Still in fine condition, Sgt. Belisle's uniform presented a unique appearance, while the beautiful mount he rode attracted much attention from the hundreds of spectators.

Hundreds assembled in the afternoon at St. Jean Baptiste Park, Court street, where several interesting addresses were delivered.

On the eve of the celebration huge bonfires illuminated the entire town. The fires were lit on the old Cannon Hill, near the Canadian National Railways gravel pits, and on the high spot near the home of John Vitalis Davignon, Sr., McKee Hill road.

Mr. C. Wayne Hall, M.A., left for his home in Lennoxville on Thursday and Mrs. Pearl A. Carson with Miss Beatrice Denison have returned to their homes in Richmond and Denison's Mills respectively.

Mr. and Mrs. Harry Spinks, who were week-end guests of Mr. and Mrs. George Cunningham, have returned to their home in Magog.

Friends of Mr. Adjuir Vaillancourt will sincerely regret to learn of her serious illness at the home of her son, Mr. Emile Vaillancourt, and Mrs. Vaillancourt, Dr. M. Verreault is in attendance.

Mr. and Mrs. Arthur Gosselin and little son, of Sherbrooke, were guests of the former's parents, Mr. and Mrs. A. Gosselin, last week.

Mr. Romuald Dumont, secretary-treasurer, is enjoying a two weeks' vacation from his duties at the Town Hall.

Several tenders have been received for the construction of the new tower and town clock to be built as an addition to the post office at the corner of Main and Cutting streets.

Mrs. Reginald Mayhew and sons, of Dixville, were visitors a couple of days last week at the home of Mr. and Mrs. A. Stanley Hurd.

Messrs. Jean-Ives Dandaneault, of St. Charles Seminary, Sherbrooke, Eugene Allard, Hoyt Croteau and Maurice Trudeau, of the Victoria College, are spending their holidays at their respective homes.

The Coatcook firemen were called out the beginning of last week for a blaze at Mr. A. T. Roy's residence, Cutting street. The fire was soon extinguished after causing only slight damage.

Mrs. Arthur Filard, of Berlin, N.H., has been a visitor of her mother, Mrs. Mary Lancaster, Dixville road.

The many friends of Mrs. William Clowery, Jr., will be very glad to know that she has improved in health sufficiently to return to her home on Ottawa street.

Messrs. S. A. Meade and C. W. Baldwin were guests at King's Hall, Compton, on Friday.

Mr. Ernest Lancieux, of Washington, D.C., is spending his holidays with his mother, Mrs. Mary Lancieux.

Mr. John G. Andrews returned recently from a trip to Colebrook, N.H.

Mr. and Mrs. A. Dallaire and family have moved into Mr. Simard's house, J. B. Gendreau street.

The sad death of Mrs. Joseph Caron, North Coatcook, occurred Monday morning, June 22, after an illness of only one day. The deceased was a very highly esteemed citizen and was dearly beloved by not only her immediate family but by all her relatives, friends and associates. The funeral service was held at St. Mark's Church on Wednesday morning, Rev. Abbe J. P. Michaud officiating. Interment was in the family lot in St. Edmond's Cemetery.

Mr. and Mrs. A. Desjarlais and son, of Rouyn, returned to town and were guests of Mrs. Desjarlais' brother, Mr. Henry Tougas, and Mrs. Tougas, Dixville road.

Mr. John Andrews has completed the moving of a barn at the rear of Mr. J. P. A. Dupuis' residence, Main street.

BARN AT MILAN WAS DESTROYED BY FIRE DEMON

Property of Mrs. John K. MacLeod Razed to Ground—General Notes and Personal from Milan and District.

Milan, July 2.—The barn on Mrs. John K. MacLeod's farm on the Dell Road was razed to the ground by fire. It appears that her son, Mr. Kenny MacLeod, was repairing something in the barn and had to have the lantern for light. He went to the house for nails, and on his return found the lantern had either tipped over or exploded, the flames catching in some straw which was nearby.

Neighbors were quickly on the scene, but the fire had gained such headway that the building could not be saved.

General Notes.
Miss Letitia Halley, of Mansonville, was a recent guest of friends in town.

LADIES' AID AT BIRCHTON GAVE FINE BANQUET

Splendid Entertainment Followed Highly Successful Event Sponsored by Birchton Ladies' Aid—Young People's Organizations Met.

Birchton, July 2.—An unusual supper and entertainment was put on by the Ladies' Aid in the hall under the convenship of Mrs. F. A. Hodge, taking the form of an old-fashioned evening, which was enjoyed by all. The supper menu was quite in keeping and a very interesting programme was rendered as follows: opening duet, "Hello Everybody," Jean Taylor and Audrey Hodgeman; recitation, "Grandma's Buttery," Edythe Seveigny; duet, "Just a Kerosene Lamp," Mrs. L. Seveigny and Mr. Henry Jones; recitation, "Where Grandma Milled the Cows," Lomer Hodge; recitation, "Mother's Fool," Irene Coates; duet, "Grandma's Old Arm Chair," Mrs. L. Seveigny and Mr. H. Jones; remarks by Rev. Mr. Pike and Rev. Mr. Bunt; impersonations, "The Old Family Album," characters, Emily and Betsy, sisters, May Harbison and Lorna Rash; grand-daughter, Mrs. Fred Hodge; Maisie, singer, Gertrude Grapes; Etta, postmistress, Mrs. L. Seveigny; Nora, teacher, Violet McComb; Bonnie, pupil, Bertie Harbison; Katie, seamstress, Beatrice Walsh; Jennie, organist, Mrs. Stanley Taylor; Percy, who recites, Milton Kirby; Julia, uses hair restorer, Mrs. L. Desruisseaux; Scouts, Master Howard Picard and Master Paul Taylor.

An amusing knitting contest was held during the course of the evening and the prizes were awarded to Mrs. H. A. Gallup and Mrs. Earl Parker, of Bulwer.

Many who attended wore old-fashioned costumes, which lent an attractive background to the programme. First prize was won by Mrs. C. A. Simons and second prize by Miss C. Mackenzie.

MISSIONS FEATURE MEETING
The weekly Y.P.S. meeting was held in the hall on Friday, June 12. Rev. L. O. Bunt took charge of this missionary meeting, which opened in the usual manner by all singing the Y.P.S. opening song and a hymn. Miss Elizabeth Bunt read the Scripture lesson and Master Howard Picard gave an explanation of the lesson. Mr. Bunt led in prayer and all joined in singing another hymn.

Miss Beatrice Walsh read an interesting article on how the missionary work was opened up in India.

At the close of the worship service, Mrs. Seveigny took the chair for the business meeting and Miss Jean Taylor, assistant secretary, read the minutes of the last meeting and took the minutes of this meeting.

Arrangements were discussed and planned for the "Amateur Hour."

An enjoyable social hour was spent in singing and playing games. The evening's activities were brought to a close by repeating the mizpah benediction.

Y.P.S. MEETING HELD
The citizenship committee, whose convener is Mrs. Herman Rogers, was in charge of the Y.P.S. meeting held in the hall on June 19th.

After the opening song and hymn were sung, Miss Ruth Grapes read the Scripture lesson and Mr. Wilfred Grapes led the group in prayer.

The topic for this evening was "Christian Marriage," and Mrs. Rogers gave a reading which showed the problems our youth of today have to face.

A poem, "We Have Each Other," was given by Gertrude Grapes. All joined in singing another hymn.

At the business meeting which followed, the young people accepted the invitation of the executive of the Quebec-Sherbrooke Presbytery Young People's Union to attend the picnic to be held at Cedar Lodge on Lake Memphrémagog on July 1st.

After the adjournment of the business meeting, Rev. Mr. Bunt provided games for a short time.

Must lower interest rates mean LOWER INCOMES?

Here Is a Modern Plan for Making Up the Deficiency

A few years ago your estate was, perhaps, adequate to care for your dependents—sufficient to provide an income for yourself after retirement. Is that true today? At present low interest rates what yearly income would your estate earn?

A quick and certain means of building up your estate is afforded by an Imperial Income Protection policy. In case of your death the full value of the policy will be immediately available for your dependents; and in case you live capital will be accumulated to provide an income for yourself after you retire from business life.

Such a policy will guarantee to you, for example, (a) \$50 or more a month for life, beginning when you are sixty, (b) \$5,000 or more in cash for your dependents if you die before age sixty, and (c) absolute safety for your investment regardless of the ups and downs of business.

There is no necessity for worrying about low interest rates. Get information about how an Imperial Life policy will endow your estate with ample income-earning power.

ANNIVERSARY OBSERVED BY MAGOG PARISH

Magog Was En Fete Yesterday as the Parish of St. Patrick Celebrated Its Golden Jubilee in Impressive Manner.

Magog, July 2.—This town was en fete yesterday as the Parish of St. Patrick celebrated its golden jubilee in an impressive manner. Streets and buildings, particularly St. Patrick's Church and St. Patrick's School, were gaily decorated with flags and bunting, and thousands from Magog and various Eastern Townships points took part in the festivities. It was a grand and gala occasion, and Magog made the most of it. The day's activities had their solemn features, and ended at ten o'clock last night in a spectacular display of fireworks.

A pontifical mass, sung by His Excellency Mgr. Andrea Cassulo, Apostolic Delegate to Canada and Newfoundland, inaugurated the day's programme. Rev. Father Napoleon Pepin, of St. Charles Seminary, Sherbrooke, preached an inspiring sermon, in which he referred to the history of St. Patrick's Parish and the late Rev. Canon F. X. Brassard, parish priest for many years. Later in the day a memorial to Canon Brassard was unveiled. Father Pepin, referring in touching terms to the deceased priest, emphasized the splendid characteristics which had been his, particularly his ever-readiness to help the destitute and the weak.

Following the mass, a private luncheon was held at the parsonage, and in the afternoon Rt. Rev. A. O. Gagnon, Lord Bishop of Sherbrooke, blessed four large bells purchased from Alsace and only recently installed in the church. On this occasion, a few words were spoken by Rev. Father Louis Bouchier, curate of Notre Dame Church in Montreal.

The unveiling of the monument to the memory of Canon Brassard at the cemetery was an impressive

Social and Personal

Miss Olga Reid is a guest of Miss Lois Wiggett at Lyster Lake.

Mr. and Mrs. W. Capel, of Three Rivers, were Dominion Day guests of the latter's sister, Mrs. H. S. C. Moffatt, and Mr. Moffatt, Newton street.

Miss Eleanor Wood, of Harrisburg, Penn., is a guest for a few days of her aunt, Mrs. Arthur M. Edwards, and Mr. Edwards, Dufferin avenue.

Mr. and Mrs. Vincent Whiting, of Akron, Ohio, are guests of the latter's sister, Mrs. Arthur M. Edwards, and Mr. Edwards, Dufferin avenue.

Miss Noreen Dunsmore, Portland avenue, is leaving on Monday for Ste. Anne de Bellevue to attend the summer school for teachers at Macdonald College.

Mrs. T. C. Hurn and her daughter, Miss Gwen, sailed today on the Duchess of York from Montreal. They plan to spend four months visiting relatives in England and North Wales.

Miss Charlotte E. Whitton, O.B.E., J.A., of Ottawa, who has been a guest for several days of Mrs. A. Gordon Paton Robinson, "Rockmount," left last evening for her home in Renfrew, Ont.

Miss Irene D. Gilkerson, of Long Branch, N. B., spent the past week in Sherbrooke, visiting her aunt, Mrs. W. B. McCaw, and Mr. McCaw, "Le Petit Chateau," Quebec street.

Mr. and Mrs. Henry Baker and their two little daughters have arrived from Winnipeg, and have taken up residence at Mrs. O. R. Webster's summer home in North Hatley.

Mrs. W. S. Lynn and Mrs. George Parkin, who have been guests for two weeks of Mrs. C. T. Wearne, Belvidere, returned yesterday to their respective homes in Sherbrooke.

The many friends of Mrs. A. O. Robb, who has been a patient in the Sherbrooke Hospital for several weeks, will be pleased to hear that she expects to be able to return to her home on Queen street early next week.

Mrs. O. R. Webster and her children, Miss Patty and Master Leonard, left by motor yesterday en route for Boston. Miss Patty Webster will stop off at New Found Camp in Harrison, where she will spend several weeks.

Mr. and Mrs. N. E. Walley and the Misses Charlotte and Norah Walley, Vimy street, returned last night from Portland, Me., whither they motored several days ago, accompanied by Miss Brenda Walley, who is remaining on to spend some time with friends at the sea side.

The tea and reception given in honor of Miss Charlotte E. Whitton, O.B.E., M.A., of Ottawa, by the Imperial Order of the Daughters of the Empire at "Rockmount," which was the courtesy of its gracious chateau, Mrs. Andrea Paton Robinson, was placed at their disposal for Tuesday afternoon, was an outstanding event in the social and philanthropic life of Sherbrooke. The name "Charlotte Whitton" is a household word in the homes of social welfare workers. Not only throughout the Dominion, but beyond the seas, her outstanding ability is recognized and appreciated by all who have the welfare of mankind at heart.

That the women of Sherbrooke fully appreciated the privilege afforded them was clearly evinced by the large and representative attendance at the reception given by the I.O.D.E. for officers or executive members of every women's organization in Sherbrooke. Mrs. W. E. Loomis, Municipal Regent, the I. O. D. E., and Miss Martine Rioux, daughter of the Mayor of Sherbrooke, received with Mrs. Andrea Paton Robinson and Miss Whitton. Owing to the uncertain weather the reception was held indoors, the guests afterwards assembling on the broad verandah, where seats had been arranged for them, to hear Miss Whitton's address.

The guest speaker was introduced by Mrs. W. E. Loomis, who extended a gracious welcome to the distinguished visitor on behalf of the women's organizations of Sherbrooke, whom she said were proud and happy at having Miss Whitton as their guest and delighted to have the opportunity of hearing such an experienced social service worker and noted I. O. D. E. Canadian woman speak on a subject so near and dear to their hearts.

Miss Whitton is a convincing speaker, and at the conclusion of her brilliant and interesting address, Mrs. Louis Codere, on behalf of the women's organizations of Sherbrooke, gracefully extended their thanks, first speaking in English and afterwards in French. Mrs. A. L. Vallee ably seconded the motion. Tea was served in the dining room and small tables were placed in the living rooms and library, affording ample accommodation for the many guests. Mrs. Malcolm Mitchell, Regent of the Sir John Sherbrooke Chapter, and Mrs. Fred Cathcart, Vice-Regent of the 53rd Regiment Chapter, presided at the beautifully appointed tea table, which was lovely with flowers from the "Rockmount" gardens. All arrangements were carried out under the supervision of the convener, Mrs. S. H. Gallinger. Miss Edith Martens and Miss May Mitchell, the former being in charge of the afternoon tea. Assisting were Mrs. F. C. Churchill, Mrs. M. W. McNulty, Mrs. Pauline Gustafson, Mrs. T. Wyatt, Mrs. F. A. Cutter, Miss May Mitchell, Mrs. R. M. Loughhead, Mrs. W. E. Baker, Mrs. A. W. Reid and Mrs. Matthew Graham.

Mr. W. J. Gilkerson, of Boston, is a guest at the Magog House.

Mrs. McClintock, of Knowlton, is visiting her daughter, Miss Margaret Mason, Portland avenue.

Mr. and Mrs. A. W. Reid, Fulton avenue, have returned from a short motor trip to Old Orchard Beach.

Mr. F. H. Leech, Queen street, has returned from the New England States, where he spent the past two weeks.

Mr. and Mrs. R. H. Hibbard, of Cowansville, are sailing from Montreal on Saturday for a cruise up the Saguenay River.

Mr. William White returned to Montreal this morning, after spending a few days a guest of Mr. P. M. Robins, Quebec street.

Miss Della Ingraham left yesterday for Montreal, where she will spend a short time prior to leaving on a holiday trip.

Mr. and Mrs. Earle Peabody and their children, Miss Barbara and Master Gordon, are leaving on Sunday morning for Fitch Bay to spend a holiday at the lakeside.

Miss Gladys Harrison, of Springfield, Mass., arrived here this morning, and will be a guest for some time of Mr. and Mrs. A. L. Vallee, King street west.

Miss Dorothy Barnes, Perry street, and her party of friends, have returned from Old Orchard Beach and the White Mountains, where they spent the week-end.

Mr. and Mrs. Gordon MacLeay and son, Gordon, of Boston, Mass., spent a few days with the former's mother, Mrs. D. MacLeay, York Apartments.

Mrs. C. T. Wearne entertained delightfully at her home in Belvidere in honor of Miss A. K. Wright, of Montreal, who has been visiting her mother, Mrs. A. E. Ellis, and her house guests, Mrs. W. S. Lynn and Mrs. George Parkin, of Sherbrooke, who have all returned to their respective homes. Among the guests coming in at the tea hour, were Mrs. W. Ellis, Mrs. A. E. Cilles and Miss Margaret Cilles.

Miss Evelyn Symons, a popular young bride-to-be, was the guest of honor at a delightful surprise "shower" at her home on Wolfe street. During the pleasant social gathering, Master Carroll Hodge presented the bride-elect with a beautiful green and gold blanket. Later the acting hostesses, Mrs. George Milford and Mrs. Anson Rowe, served delicious refreshments.

Mr. and Mrs. Gordon McElrea entertained the members of the Brompton Road Women's Institute on Dominion Day, for their annual basket luncheon picnic. There was an unusually large attendance and the day opened with the delectable basket lunch, served at tables arranged in the shade of the beautiful trees in Mr. McElrea's grounds. During the afternoon, races, under the supervision of Miss Verna Hatch, assisted by Mrs. L. Clark, proved a most popular and exhilarating pastime. The prizes for the several events were donated by the St. Francis Young People's Club, the W. I. Miss Muriel Ross and Miss Verna Hatch.

Mrs. Douglas Ross, convener of the ways and means committee, assisted by Mrs. W. Lavalley and Miss E. Bailey, was in charge of the ice cream and soft drinks, which were in great demand, especially between races.

During a brief business session, Miss Idell McLeod was named delegate to the quarterly meeting, at the MacKinnon Memorial in August. On behalf of the W. I. Mrs. Clark, the president, extended a hearty vote of thanks to Mr. and Mrs. McElrea, whose hospitality all had so much enjoyed.

POLICE COURT FINES SET NEW FIVE-YEAR MARK

Recorder's Court Collections in June Largest for Any Single Month in Past Five Years, Statistics Issued by Chief Camrind This Morning Indicated.

Fines collected in the local Police Court during the month of June amounted to the largest figure for any single month in the past five years, according to statistics issued by Chief of Police H. O. Camrind this morning. They totaled \$414, a substantial increase over the previous month. Other collections, \$92 for rent, \$97.50 for scales, \$6.80 for the police account and \$19 for the poor account, brought the total amount collected up to \$627.50.

During the month the policemen arrested 227 calls and made fifty-six arrests, fourteen more arrests than in May. Violation of municipal by-laws accounted for twenty-five arrests, vagrancy for fourteen, drunkenness for thirteen and theft and common assault for ten each. Of the people who appeared in court, thirty-seven paid the fines, and eleven were sent to jail for being unable to pay the fines imposed. Four were allowed off on suspended sentences, and four cases were referred to the Magistrate's Court. There were sixty-eight cases of protection, six cases of exposed persons, and seventeen cases of business places found unlocked after closing hours. Fifty-five lights were noted defective and the existence of six dangerous places reported to the proper authorities.

URGED BETTER WELFARE WORK ORGANIZATION

Miss Charlotte E. Whitton, Executive Director of Canadian Welfare Council and Canadian Representative for Welfare Work at Geneva, Guest Speaker at Rotary Club.

Canada requires the same well-balanced development of its social service system that has characterized its educational system, declared Miss Charlotte E. Whitton, C.B.E., M.A., executive director of the Canadian Welfare Council, Ottawa, and Canadian representative for welfare work at Geneva, speaking at the local Rotary Club dinner at the New Sherbrooke House on Tuesday night.

The problem of unemployment and idleness that this country faces today is not a temporary one and cannot be dealt with as such, stated Miss Whitton, who suggested that a form of "clearing house" be established for the handling of all relief and welfare work. "We must have your co-operation in solving this great problem that confronts us. The matter calls for your understanding and partnership, so that there may be recovery and national well-being," declared the speaker.

In the past ten years, Miss Whitton said, there has taken place a change in the whole social life and structure of Great Britain. Twenty-five per cent. of England's population has been transferred from slums and like places to better and more advantageous and healthy surroundings. During the past year Sweden witnessed a sixty per cent. pick-up in its industrial activity. This, the speaker said, was due to the disturbance in Germany and the anti-semitic movement there, which has resulted in countries where the Jewish influence is strong buying their raw materials from Sweden instead of Germany.

"In Germany," she said, "the unemployment problem has been partly solved by the transfer of a large number to the manufacture of armaments."

Russia in the past ten years has been accomplishing what Canada and other countries accomplished from 1900 until the time of the war—developed industry.

All these countries, Miss Whitton said, were facing a disorganized world market. They regard the situation as permanent, and are making the necessary readjustments. Canada must do the same thing. Production in Canada might pick up, but that fact did not necessarily mean that employment would increase accordingly. As an example, the speaker said, production in this country had picked up ten per cent. but employment only three per cent. "We did not organize ourselves into this situation, but we must organize ourselves out of it. Canadians should not gamble with the future. We should take stock of our resources, national and local, and the decentralization of industry should be encouraged. I think it is better that the foundation of Canada be laid upon thousands of piers scattered throughout the country, than upon a few large ones."

"We must also sit about an international table and see what other countries have that we have not, and what we have that they have not, and return to a sensible international attitude."

Miss Whitton declared that social workers and societies had been dragged into the "muck of politics." "We must be taken out of the come and go of the political arena, otherwise we will break the morale of the people, as well as your pocket-book."

The speaker said that only thirty-seven to thirty-eight per cent. of Canada's population are wage earners of one kind or another. That is to say that every person earning is responsible for two others who are not.

Miss Whitton was introduced by Rotarian Don Kueley and thanked by Rotarian Dave Salls. Tuesday evening was "Ladies' Night" at the local Rotary Club, and a large number of guests listened to Miss Whitton's address. Vice-president Rosaire Samson presided in the absence of president Karl Barrett.

BIRTHS, MARRIAGES, DEATHS

BIRTHS

SHEPHERD—On June 30th, 1936, at the Sherbrooke Hospital, to Mr. and Mrs. George B. Shepherd, (nee Doris Marchant), a son.

DEATHS

GAUTREY—Entered into rest at her home in St. Elie d'Orford, on June 30th, 1936, Hannah Alice Barton, beloved wife of James Gautrey, aged 68 years. Funeral Friday, July 3rd. Prayers at her late residence, at 1:45 p.m., thence to St. Peter's Church for 3 o'clock. Rev. O. Berry officiating, assisted by Rev. W. H. Cheverton. Interment in Elmwood Cemetery. Sherbrooke Undertaking Parlors 289.

MARRIAGES

MASON—MOSES

Sutton Junction, July 2.—A very pretty wedding was solemnized in St. Aidan's Church on May 30th, when Miss May Elinor Moses became the bride of Mr. David Mason, of Iron Hill. The bride, given in marriage by her mother, Mrs. Arthur Todd, was gown in white silk crepe made on princess style and wearing a tulle veil, forming a train, and carried a bouquet of pink roses and honeysuckle. The bridesmaid, Miss King, of St. Lambert, was dressed in mauve figured crepe with white hat and gloves and carried roses and honeysuckle. Mr. William Mason was best man, while Arthur Todd and Cecil Mason were ushers.

The church was decorated with spring flowers. A reception followed at the home of the bride, and after a delightful lunch the happy couple left by motor for Quebec City, the bride travelling in a blue ensemble with white hat and accessories to match. On their return, they were tendered a reception at Iron Hill, where they will reside.

Miss Rosa Todd, sister of the bride, played the wedding music, and while the register was being signed, sang "Oh Perfect Love."

BLODGETT—CHARLWOOD

A very pretty wedding took place quietly on Wednesday afternoon, June 17th, at St. George's Church, Lennoxville, when Mrs. Martha Charlwood, of Lennoxville, became the bride of Ernest Blodgett, of Durham, Ont., son of Mr. and Mrs. Allison Blodgett, of Lennoxville, Rev. I. N. Kerr, officiating. The bride, who was given in marriage by her son, Oswald Charlwood, was becomingly attired in a dress of violet sheer crepe with navy blue accessories, her corsage being lily-of-the-valley and tulle roses. The matron-of-honor, Mrs. Walter Blodgett, sister of the bride, wore a navy blue silk voile, with accessories to match, and a corsage of yellow roses. The groom was supported by his brother, Mr. Walter Blodgett. The attendants were Miss Alice McBain and Messrs. Oswald Charlwood and Stewart Grose.

Following the ceremony, dinner was served at the home of the groom's brother and sister-in-law, Mr. and Mrs. Walter Blodgett, Lennoxville. The house was beautifully decorated in yellow and white, the bride's table being centered with a large wedding cake, vases of yellow and white roses and tall yellow tapers in silver candlesticks.

Later in the evening about sixty guests were entertained and a delicious lunch was served at midnight, when the tea table, which was presided over by Mrs. Walter Brown and Mrs. T. Billings, was most attractive with its lace tablecloth and four vases of yellow and white roses.

Directly after lunch, the bride and groom left by motor for Quebec City, the bride wearing a luggard tan suit with baby fox fur and brown accessories.

Mr. and Mrs. Blodgett were the recipients of many beautiful gifts. They will reside in Durham, Ont.

REXFORD—HAMILTON

Newport, Vt., July 2. — A very quiet but pretty wedding took place at the parsonage of Our Lady of the Sea, Newport, Vt., on Saturday, June 27th, at nine a.m., when Edith Florence, daughter of Mr. and Mrs. B. O. Hamilton, of Beebe Plain, Vt., became the bride of Charles Albert Rexford, son of the late Mr. and Mrs. Herbert Rexford, of Ayer's Cliff, Que. Rev. Father Lachance officiated.

The bride looked very charming in a gown of pale pink embroidered mouslin-de-soie, floor length, large picture hat, pink patent leather sandals, and pink gloves. She carried an arm bouquet of pale pink snapdragons and maiden-hair fern.

Her only attendant, Miss Helen Hamilton, her sister, was beautifully gowned in a dress of aqua blue embroidered batiste, floor length, large hat, white patent leather sandals and white gloves. She wore a corsage of pastel shaded sweet peas.

Mr. Gerard Boisvert, of Rock Island, Que., acted as best man.

After the ceremony the bridal

couple returned to the home of the bride's parents, where a wedding breakfast was served. Only members of the immediate families were present.

The bride's table was covered with a lace cloth, the three-tier wedding cake, banded with roses and maiden-hair fern, adorned the centre of the table.

After the wedding breakfast, the happy couple left amid a shower of confetti and rice for a trip to Lake Champlain and other points.

For travelling, the bride wore a costume of strawberry rose silk boucle, white flannel coat, hat, gloves, shoes and bag to match.

The out-of-town guests were Mr. and Mrs. R. J. Hamilton, Claremont, N.H.; Mr. and Mrs. Homer Brainerd, Mr. Gard Boisvert, of Rock Island; Mr. and Mrs. A. Rexford, Mrs. R. Blanchard, of Derby, Vt.; Mr. and Mrs. W. Rexford, Mr. and Mrs. E. Tyler, Mr. and Mrs. C. Tyler, Miss Ivy Rexford, all of Ayer's Cliff, Que.

The wedding gifts were both numerous and beautiful, consisting of silver, china, money, glass, linen and furniture.

Upon their return, Mr. and Mrs. Rexford will make their home in Asbestos, Que.

THERIAULT—LEMIRE

The marriage of Eva, daughter of Mr. and Mrs. A. Lemire, of Stoke Centre, to Mr. Albert Theriault, son of Mr. J. Theriault and the late Mrs. Theriault, of Montreal, was solemnized in St. Philip's Church on Saturday, June 27th, Rev. Father Dube officiating.

The bride, given in marriage by her father, wore a turquoise blue taffeta gown fashioned on Russian lines, a matching hat and sandals, and carried roses and lily-of-the-valley.

After the reception, which was held at the home of the bride's parents, the bride and groom left for a motor trip through New York state. For travelling, the bride chose a two-piece redingote suit of rough crepe, with white accessories. Upon their return from their wedding trip, Mr. and Mrs. Albert Theriault will take up residence in Asbestos.

CALL'S MILLS

Mrs. J. G. Edwards, Mrs. H. A. Buckle and Mrs. Cleland Soles attended the St. John's Guild meeting at the home of Mrs. Libby, Brome. Mr. J. F. Aitken and Mr. J. E. Ladd attended the funeral of Mr. W. O. Hawley in Sutton on Thursday, June 25th.

The Misses Lily and Irene Buckle, Ruth Murdoch and Mr. Bert Evens, of Verdun, spent the week-end at "Glen Cottage."

Mrs. Wilson, Sr., is spending a few weeks at East Hill with her granddaughter, Mrs. Warren Derby.

Master Douglas Ladd is visiting his grandparents, Mr. and Mrs. Forrest Frizzle, near Knowlton.

DEATHS REPORTED

FUNERAL OF MR. PORTER HUNT, DERBY LINE.

Derby Line, July 2.—The funeral of Mr. Porter Hunt, of Derby Line, was held at his home on Casswell avenue Sunday afternoon, June 21st, and was attended by a large number of sorrowing relatives and friends. The service was conducted by Rev. H. A. Carson, pastor of South United Church, assisted by Rev. Harvey Butterfield, of Philadelphia, Pa. Speaking in appreciation of the departed, Mr. Carson referred to him as a sportsman in the true sense of the term, a young man possessing marked histrionic ability, who freely contributed his dramatic talent to aid any worthwhile local endeavor. He was kind to his family, a good father and in the activities of the church his influence, particularly among boys, had always been helpful. As a federal officer he was a faithful servant of the public.

The late Mr. Hunt was one of the best known and most popular young men of the community. He was born at North Troy, Vt., January 15, 1897, the eldest son of Jerry Allan and Julia Ferry Hunt. In the fall of 1901, the family came to Derby Line to live. Mr. Hunt having acquired a store here.

Brought up in this community, the late Porter Hunt was a general favorite. Four years ago he was appointed postmaster at Derby Line, and always discharged the duties of that office with unfailing courtesy, fairness and consideration for all his patrons, and had also taken a great interest in the welfare of the American Legion.

The casket was draped with the Stars and Stripes, while quantities of flowers wreaths, sprays, baskets and cut flowers were banked around the room.

Some one hundred Masons marched from the house to the Derby Line Cemetery, where the impressive Masonic burial service was conducted by officers of Golden Rule Lodge No. 5.

The bearers were Messrs. Harley Ames, George Cowley, C. R. Corby, Max Ferrill and Alfred and Carrol Aldrich. Mr. Hunt is survived by his widow and three sons; his father, Mr. Jerry Hunt, and brother, Mr. Milton L. Hunt, besides other relatives.

FUNERAL OF MR. DONALD J. MACLEOD, MILAN.

Milan, July 2.—Funeral service for Donald J. MacLeod, who passed away at his home, Monday, June 15, was held from 10 to 11 a.m. Wednesday, June 17th, his pastor, Rev. Malcolm Gillies, officiating. The service was opened by the singing of a psalm in Gaelic, after which Mr. Gillies read the Scripture lesson in Gaelic, followed by a Gaelic prayer by Rev. Norman MacDonald, of Pictouville, Ont. Rev. Malcolm MacLeod, of Cape Breton, an old neighbor and friend of the deceased, read a chapter in the English language, followed by an English prayer. The choir sang the 23rd Psalm, and "Nearer My God to Thee." Rev. Mr. Gillies preached the funeral service and closed the service with prayer.

Mr. MacLeod, who was in his eighty-fourth year, had not been very well the past few years. However, he was out and around until stricken suddenly the third week in May.

Mr. MacLeod was of a quiet but very friendly and cheerful disposition and had made many friends since coming here from Whitton in 1920. He was a regular attendant in the place of worship

while health and strength permitted.

He leaves to mourn his loss his aged life companion, two daughters and two sons, three grandchildren and many more distant relatives, to whom the sympathy of all is extended.

Burial was in Sand Hill Cemetery.

FLANDERS

Callers at the home of Mr. and Mrs. C. J. Nourse included Mr. and Mrs. V. R. Beattie and son, Arnold, and Mrs. Stevenson, of Lennoxville, and Mrs. Goodenough, of St. Johnsbury, Vt., and Mr. Henry Nourse, of Coaticook.

TRIBUTE PAID TO RECTOR AT MAPLE GROVE

Presentation Made by Parishioners of Lower Ireland and Maple Grove to Rev. H. W. Parry Prior to Severing Connection with Church.

Maple Grove, July 2.—On Thursday evening, June 25th, the congregation of Christ Church, Lower Ireland, assembled at the rectory, taking the rector, Rev. H. W. Parry, and Mrs. Parry completely by surprise. The first part of the evening was spent in playing games and in social intercourse. The spacious rooms were filled to overflowing with over seventy-five guests, who took entire charge of the proceedings and provided lunch, which everyone did full justice to. Then in the name of the wardens and congregation of Christ Church, Lower Ireland, Mrs. E. Johnson read the following address:

"To Rev. and Mrs. H. W. Parry, 'Maple Grove, Que.'

"Dear Mr. and Mrs. Parry,

"We are very sorry that you are about to depart from our midst, as the ten years you have spent with us have been very pleasant ones. However, we know that our loss will be others' gain, and you can rest assured that our best wishes will follow you wherever you may go.

"Will you please accept this little gift as a token of the esteem in which you are held by our parishioners, and we trust that the spending of the same will afford you as much pleasure as the giving has given to us.

"Church Wardens and Parishioners, 'Christ Church, Lower Ireland.'

"Mr. George T. Little, people's warden, handed to Rev. H. W. Parry a list of the names of all the parishioners which accompanied a very generous purse.

In thanking the wardens and parishioners of Christ Church, the rector said that ten years spent in the parish of Ireland had been amongst the happiest of his life. Working together with his dear wife, with 'God First' as his motto, the pleasure of ministering to his people and serving their interests had brought joys which would ever linger in their memory and be a source of strength and encouragement in the days which were to come. It was a consolation to both his wife and himself, he said, that they would be able to remain until the end of the summer, and the coming weeks would be filled with joy in the Master's service, and the constant call to 'carry on,' as usual.

On behalf of Mrs. Parry and himself, he thanked all his parishioners for their most generous presentation, and for the kind feeling which prompted it, and for coming over in full force from Lower Ireland to give them both a surprise and an opportunity to feel the love which they had thus expressed, and which was most sincerely reciprocated.

LADIES' GUILD MEETING HELD

The Ladies' Guild of Holy Trinity Church, met at the home of Mrs. Albert Nourse on Friday with fourteen members present. The president, Mrs. H. W. Parry, opened the meeting with prayer for the parish in union. The secretary-treasurer, Mrs. Jasper Dinning, read the minutes of the last meeting, and presented the financial report, which showed a balance on hand of nearly five hundred dollars. About twenty visitors and twenty children enjoyed the supper, attractively set in the dining room and delightfully served by the members, who provided the good things to eat and drink. The proceeds amounted to twenty-six dollars.

General Notes.

At a meeting of the W.A. of Holy Trinity Church it was decided to hold a box social at the home of Mrs. Norman Porter in August.

Visitors at the rectory during the past week were Mr. and Mrs. Arnold Munkittrich, and daughter, Gwyneth, of Shawinigan Falls; Rev. and Mrs. William C. Dunn and five children, of St. Felix de Kingsey; Mr. and Mrs. Arthur Wood and family, Walter, Margaret and Philip, and Miss Beatrice Johnson, R.N., of Thetford Mines; Mr. Irvine Cross, of Bennett, and Mr. Wilfred Fauquet, of Plessisville.

On Saturday evening Mr. Benny G. Gill and Mr. Jones Kimball called at the rectory, and on behalf of the congregation of Holy Trinity Church, Maple Grove, presented Mrs. Parry with a generous gift in recognition of her constant and acceptable services as organist of the church and of her unfailing interest in all the activities of the parish, including the Sunday School, flowers for the altar, Ladies' Guild and the W.A. In a few words of appreciation, Mrs. Parry voiced the joy which this work had given her, and thanked all those who had expressed their feelings in so kindly a remembrance.

MYSTIC

Mrs. D. Whelan, of Verdun, was a recent guest of her sister, Mrs. Gordon McKee.

Mr. and Mrs. M. E. Bockus, of Enosburg, Vt., spent a week-end at the home here.

Mr. and Mrs. Loftus Smith, of Abernethy, were Sunday guests at Mr. K. Smith's.

Mrs. Richard Smith entertained at a miscellaneous shower in honor of Miss Grace Guthrie, whose marriage takes place shortly. The many lovely gifts were presented to the bride-to-be in a gaily decorated basket. Miss Guthrie thanked her friends after which dainty refreshments were served by the hostess, assisted by her mother, Mrs. G. Proctor, Mrs. Albert Proctor and Mrs. Harry Black.

DOMINION DAY IS CELEBRATED AT COATICOOK

Well-Balanced Programme of Sports and Other Entertainment Held Yesterday as Coaticook Citizens Joined in Festivities that Marked Canada's 69th Birthday.

Coaticook, July 2.—A well-balanced programme of sports and other entertainment was run off here yesterday in celebration of Dominion Day. The majority of business establishments were closed and citizens generally joined in the festivities that marked Canada's sixty-ninth birthday.

Horse races at Meadow Park featured the afternoon's activities. These were carried out under the supervision of Dr. Alec J. Cromwell, and the three events, the free-for-all, the 2:19 and the 2:28, met with the approval and appreciation of the large number of horses racing fans on hand to witness them. Jean Stratton, owned by Dr. Charles Taylor, of Coaticook, carried off the laurels in the free-for-all, with Guy C. Tiltonson's "Buntie" winning the 2:19 and his "Calumet Denmark" the 2:28.

An interesting baseball game and one mile bicycle race were also held in the afternoon. The Coaticook nine defeated West Stewartstown, N.H., by the score of five to four in a well played fixture. The mile bicycle race was won by Leon Villancourt, with Gustave Pelletier placing second and Charles Pelletier third.

A tug-of-war competition between Coaticook and St. Hermenegilde Village was won by the visitors, who were captained by Maurice Bouchard. Henry Lavoie was captain of the Coaticook crew.

T. E. Gorceaux was in charge of the sports and his contribution to the day's activities was highly appreciated.

Over a hundred couples attended the dance held in the Armory here last evening which proved an enjoyable climax to a day of celebration.

The results of the races held in the afternoon were as follows:

Free-for-all, \$150 purse.	
Jean Stratton, Dr. Charles Taylor, Coaticook	1 1 1

BASEBALL

EASY VICTORIES SCORED BY GRANBY AND LACHINE.

Granby and Lachine celebrated Dominion Day by registering one-sided triumphs over Sherbrooke and Notre Dame, respectively. The Granby squad, recovering from its recent slump, downed Sherbrooke by a count of twelve to five. Rolfe Flynn's nine-hit pitching, while Lachine defeated Notre Dame to the tune of eight to two as Veach recorded his seventh victory of the season. In the other fixture yesterday the Black Panthers consolidated their hold on the last playoff berth by blanking Drummondville by six to nothing.

Two costly errors by Asselin were responsible for six of Granby's runs in the Sherbrooke third baseman, working two wild throws with the bases loaded each time. The defeat proved costly to the Sherbrooke boys, Stan, Stuka suffering two split fingers.

Veach let Notre Dame down with six safeties, while Lachine concentrated most of the ten blows they got off "Ace" Lee in the sixth inning to send four runners across the plate. The Notre Dame squad was weakened by the absence of a number of regulars.

Cox scattered Drummondville's nine hits effectively and his mates, paced by Simpson and Ryan, staged a four-run rally in the sixth stanza to sew up the verdict.

The details of these three games follow:

R. H. E.

Sherbrooke	200	000	000	—	2	9	4
Granby	350	025	025	—	12	16	3
Batteries:	Charonnet, Harris and Stuka, Poulin; Flynn and Corrigan.						
Notre Dame	001	001	000	—	2	5	0
Lachine	001	024	013	—	8	10	1
Batteries:	Lee and Tivnan; Veach and Smith.						
Panthers	100	104	000	—	6	11	2
Drummondville	000	009	000	—	0	9	1
Batteries:	Cox and Williams; Turcotte and Landry.						

The league standing to date is:

W.	L.	P.C.	
Sorel	10	2	.833
Lachine	10	4	.714
Black Panthers	10	5	.666
Drummondville	7	6	.538

AMERICAN GIRL AGAIN REACHES ENGLISH FINAL

Helen Jacobs Gained All-England Tennis Final for Third Straight Year Today and Will Meet Frau Sperling for Title—Perry and Von Cramm Rest for Men's Final.

Wimbledon, July 2.—Helen Jacobs, of Berkeley, Calif., is today one victory away from a title she has never held although winner of the United States championship four years in a row. The California miss this morning gained the final round of the all-England tennis championship with a 6-4, 6-2 triumph over Jadwiga Jadzewska, of Poland.

The American girl's opponent in the final to be played on Saturday will be Frau Hilda Krahwinkel Sperling, of Germany and Denmark. Frau Sperling conquered Mme. Simone Mathieu, the veteran Frenchwoman, in today's other semi-final encounter.

For Miss Jacobs victory atoned for two previous defeats suffered at the hands of the plump Polish star and marked the third straight year and the fifth time since 1929 that she reached the final in this tournament. Frau Sperling was an unsuccessful finalist five years ago. Last year Miss Jacobs lost to Mrs. Helen Wills Moody, of California, and in 1934 was defeated by Dorothy Round, of Great Britain.

Meanwhile, the men's single finalists, Fred Perry of Great Britain, and Baron Gottfried von Cramm, of Germany, rested for their clash tomorrow. Perry blasted his way into the final yesterday, calling on all his resources to register a 6-7, 6-4, 6-3, 6-4 triumph over Don Budge, of California, while the German ace of Great Britain, to the tune of 6-3, 6-2, 6-3.

In last year's final, Perry beat von Cramm by scores of 6-2 6-4, 6-4 and bookmakers favor him to repeat this year at odds of three to two. A capacity crowd, estimated at 18,000, watched the two thrilling semifinals which provided some of the best tennis ever seen at Wimbledon. Perry had his countrymen on edge by losing four straight games to Budge after he apparently had the first set "in the bag," the last American hope winning at 7-5 after being behind at 3-5.

In the second set, however, Perry had all his shots working, collecting the first three games with the loss of only two points. He covered the court at lightning speed and pounce on Budge's short drop shots, stowed them away for attack.

Perry continued to attack vigorously in the third set, holding his own service and straining every nerve to break that of the American. He forced Budge to 9-7 in the fourth game on the latter's service.

In the eighth game he broke through after a terrific onslaught at the net. After that it was routine to cannonball his way through the ninth game and take the set.

Budge broke Perry's service at the beginning of the fourth set, to lead 4-2, his backhand working famously, but the Briton returned the compliment and managed to square the match at four all. Perry broke through again in the ninth game to lead 5-4, and in the tenth and final game treated the crowd to a display of his best acrobatics, dashing to the net on every point and leaving Budge flat-footed with baffling volleys.

Austin and von Cramm gave a superb display of stylish tennis. A feature of the match was the length of the rallies, the first set lasting forty-five minutes. Austin appeared to have it well in hand when he led 5-3, but von Cramm stepped up the pace and pulled out at 8-6.

In the second set the Baron's superior speed and accuracy began to tell on Austin and he had little difficulty in winning. Austin took the third at 6-2, as the Baron appeared to rest, but the German put on a magnificent spurt in the fourth to take set and match, Austin being clearly outclassed.

FOUR FAVORITES ADVANCED TO QUEBEC SENIOR FINAL

Montreal, July 2.—Three French-Canadians and a Toronto player will match racquet strokes today in the semi-final round of the men's singles division in the Province of Quebec Lawn Tennis Association's senior tournament.

Marcel Rainville, seeded first, will be opposed by another Montrealer, H. P. Enard, while Ross Wilson, of Toronto, the third seeded player, will take the court against Roland Longtin, of Montreal.

Except for Rainville, the group had hard sledding, reaching the semi-finals yesterday. The top-seeded entrant took a straight set win from Grant McLean, of Toronto, by scores of 6-4, 6-4, but the other matches went to three sets.

Wilson downed Bernard Faubert, of Montreal, to the tune of 6-0, 6-4, 6-4. Longtin sent out J. W. O'Hara, of Ottawa, by 6-2, 5-7, 6-1, and Enard also had trouble defeating George Leclerc, of Ottawa, in a 6-3, 3-6, 7-5 match.

Enard and Longtin, Wilson and McLean, Rainville and J. McDougall, of Montreal, got through the third round of men's doubles. So did O'Hara, paired with Gordie McNeil, of Montreal.

Leclerc and Mrs. H. L. Beer, of Ottawa, easily negotiated the first two mixed doubles rounds. Miss C. Walsh, of Toronto, with J. Reitman, of Montreal, also took their first two matches.

TWO CANADIANS ELIMINATED IN ROYAL REGATTA

Canada's Bid for Diamond Sculls Trophy Shattered by Defeat of Johnny Coulson, of Toronto, and Noel de Mille, of Vancouver, in First Heats at Henley Today.

Henley-On-Thames, England, July 2.—Canada's bid for the Diamond Sculls Trophy, symbolic of the world's amateur sculling championship, was ended in short order today at the Royal Henley regatta. Johnny Coulson, of the Toronto Argonauts, was defeated in his first heat by T. H. Tyler, of the Thames Rowing Club, while Noel de Mille, of the Vancouver Rowing Club, lost to H. L. Warren, of Cambridge.

Coulson was the victim of a freak accident. The right swivel on his shell broke clean just after the heat started. The young Argonaut sculler fell into the water and was picked up by the umpire's launch while Tyler finished the course alone. Coulson said that he was amazed at the extraordinary accident, explaining that he had had the boat only three weeks.

Tyler's time over the Henley course, one mile and 550 yards, was ten minutes and thirty-three seconds, while Warren covered the distance in 9:41 and finished two and a half lengths ahead of the Vancouver contender.

The present holder of the Diamond Sculls, E. Ruffi, of Switzerland, won his first heat yesterday, defeating E. C. Branco, of Brazil, in nine minutes and thirty seconds. Before eliminating Coulson, Tyler had taken the measure of M. O. Palmer, of Cambridge, yesterday, in nine minutes and twenty-eight seconds, while Warren had rowed to an easy triumph over the American, R. W. Bates, in ten minutes flat.

The downfall of one of the three trophy holders appearing in preliminary heats marked the opening of the Royal Regatta yesterday. The London Rowing Club, holder of the Thames Challenge Cup for eight, fell before a boatload from the Tabor Academy of Massachusetts as a crowd of 10,000 looked on. The Americans won the heat by three lengths in seven minutes and forty seconds.

FEAR MONTREAL MAY RETALIATE OVER RATE CUT

Transportation Interests Fear General Unsettling May Follow Granting of Special Privileges to Port of Albany.

Washington, July 2.—A suggestion that Montreal might institute "reprisals" should the Albany, N. Y., port rate request be approved by the United States Interstate Commerce Commission was added today to the bulky record of the case.

Paul Windels, counsel for New York City, suggested there might be reprisals. He was anxious, he said, about this possibility because Canadian interests were very sensitive to United States freight rate charges and Montreal might seek the same advantages proposed for Albany. Montreal, he added, was a greater competitor of the port of New York than Albany.

Windels was one of representatives of eastern shipping centres and of railroads presenting views to the Commission.

Based on Albany's demand for a change in the present United States freight rates and recognition and treatment as a port, the Commission has brought into the North Atlantic port family but vigorously opposed what they called the "craving up" and "gerry-mandering" of the Central Freight Association territory. Their spokesmen used these terms so frequently it was commented upon by Commissioner Aitchison, who said the Commission had permitted division of territory in the past. "The adoption of the examiners' report can lead only to consequences which it is the business of this Commission to avoid and prevent," Windels said. "It will open a Pandora's box of trouble."

Entirely aside from the injustice to every port and every investor in the facilities of every port based on the existence of the existing principles of rate making, what possible advantage can it be to anyone to start a port war, particularly now when every effort should be made to restore confidence, which is the only possible basis of national recovery.

DEATH TOLL IN MEXICAN RIOT IS THIRTEEN

Governor of Yucatan State Resigns Following Criticism of Manner in which He Handled Demonstration of Striking Bus Drivers.

Merida, Yucatan, July 2.—Federal troops took control of Merida today after police, guarding the palace of Governor Fernando Lopez Cardenas, killed thirteen striking bus drivers during a labor demonstration.

Fifty-one other strikers were wounded in the rain of machine gun bullets poured into the crowd outside the palace. Lopez Cardenas, blamed by labor leaders for the demonstration, resigned the governorship and the Legislature named Florencio Paloma Palomo Valencia acting chief executive.

The demonstration started yesterday with a mass meeting after the striking bus drivers, with taxicab drivers, blocked traffic in downtown Merida.

They marched to the palace in protest against non-enforcement of labor contracts which were drawn in May with the assistance of the Governor.

Before the palace, the crowd began a demonstration during which several small bombs exploded. Municipal Council Secretary Vicente Lugo was wounded. Then police opened fire with machine guns.

As the disturbance spread, General Pablo, military zone commandant, called troops who disarmed the police and established guard posts throughout the city. The slayings, General Pablo declared, resulted from "absolute lack of discipline and control of the police."

Governor Lopez Cardenas, at the time of his resignation, declared the demonstrators had been "used as an instrument of capital against labor and the public authority."

INQUIRY ORDERED INTO KILLINGS

Mexico City, July 2.—An official investigation into the killing of thirteen strikers at Merida, Yucatan, was ordered today by President Lazaro Cardenas. The President ordered Augustin Arroyo, Under-Secretary of the Interior, to fly to Merida to conduct the inquiry.

Leaders of two labor groups called emergency sessions of their executive councils to discuss the disturbance in Yucatan. The councils of the Confederation of Workers of Mexico and the General Confederation of Workers were reported considering general strikes in Yucatan and Campeche, the neighboring state, in protest against the deaths.

Employees of mines at El Oro, in Mexico state, telegraphed the Government they were planning a march on the capital after the shafts were closed down yesterday.

Officials urged the miners to stay at home, promising a full investigation of the mine closure.

Friday evening on the church grounds, considering the weather. The sum of \$54.25 was realized.

Miss Pauline Teel, of Montreal, is visiting her uncle and aunt, Mr. and Mrs. W. J. McClintock, for an indefinite time.

Miss Dora Kathman spent last week in Farnham as the guest of her sister, Mrs. Boright.

Mr. and Mrs. Rupert Hall and two children, of Farnham, were dinner guests of Mr. and Mrs. Tom Hall on Sunday.

Mrs. Finnie and her two grandchildren, of Montreal, are stopping at Mr. Robert Hill's home.

Miss Menard, teacher of the Roman Catholic School, closed her school on June 22. A large gathering of parents and friends attended the closing. Prizes were given to the successful pupils. The school was nicely decorated with flowers.

WIFE OF EXPLORER KEEPS KEEN EDGE FOR ROMANCE

Lady Suzanne Wilkins Intends to Accompany Explorer-Husband on Submarine Trip to Antarctic Regions Next Year.

New York, July 2.—For keeping an edge on romance—and for keeping romance on edge—Lady Suzanne Wilkins recommends the life of an explorer's wife.

The slender, tawny-haired wife of Sir Hubert Wilkins, the explorer, said so today in these words, "I've been married seven years, and have spent only three months of it with my husband. But I'm very much in love with him. He's an extraordinary man."

While pretty Lady Wilkins discussed life in her all-white apartment off Park avenue, Sir Hubert was off in mid-Atlantic on his exploration motor-ship, bound for Norway.

"I am resigned now to the fact that he is going to explore for at least ten more years, so I'm going to resume my career as an actress and singer."

Lady Wilkins, who was born in Australia, was an actress on Broadway when Sir Hubert met and married her soon after he was knighted. "The ideal life would be to settle down with my husband on a rambling farm, and have twelve children; and the next best thing—to go to the Antarctic with him by submarine."

So—since Sir Hubert isn't doing to settle down—she will do "the next best thing" next year. She will be cook on Sir Hubert's Antarctic-bound submarine.

"It will be mainly a business of opening tin cans," said Lady Wilkins, "but I'll do that with style. I also shall sing on the way and tell funny stories."

TAJ AKBAR DEFEATED OMAHA AT NEWMARKET TODAY

Newmarket England, July 2.—The Aga Khan's Taj Akbar today defeated William Woodward's Omaha by a neck in the Prince of Wales Stakes. James A. deRothschild's Esquemeling ran third, five lengths back.

Six ran in the one and a half mile race.

Omaha was odds-on favorite at eight to eleven. Taj Akbar was quoted at four to one and Esquemeling at nine to one.
